

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Assistance in understanding the tariff structure
Inquiry Sub-Category	Tariff structure breakdown
Description	Customers often inquire about the components of their electricity bill, including charges for generation, transmission, distribution, and taxes, seeking a comprehensive understanding of the tariff structure.
Data Size	5,090 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ often _____ review and _____ tariff structure, _____ in generation _____ or _____ investments?
How frequently _____ you _____ tariffs _____ or _____ investments?
In _____ to changes in generation costs or _____ investments, _____ the _____ tariff _____?
_____ often do you change _____ changes _____ costs or infrastructure investments?
_____ power generation _____ and _____ investments change, _____ to update your price _____?
_____ there periodic _____ to the _____ based on _____ generation _____ investments?
In light _____ changes _____ generation _____ infrastructure investments, how frequently _____ you _____?
_____ the _____ within _____ production _____ well as _____ towards _____ intervals do you assess _____ modify tariffs?
How _____ you monitor _____ adjust _____ tariffs _____ generation _____ or infrastructure investments?
How often _____ you _____ the _____ system to _____ generation costs and _____?
Do you _____ your tariffs often to _____ for _____ investment?
_____ you look _____ structure to be _____ of _____ to generation _____ investments?
_____ you update your tariffs _____ changes in _____ costs _____ investment in _____?
_____ you _____ into account changes _____ expenses or _____ investments _____ modifying the _____?
When do _____ to _____ your tariffs _____ to changes in generation _____?
_____ you regularly _____ your tariffs _____ account _____ costs and investment _____?
In relation to alterations _____ generation costs or _____ how _____ do you _____?
_____ changes in _____ infrastructure investments, how _____ do _____ review and update _____?
How frequently _____ within _____ framework _____ to generator expenditures _____ upgrades?
Do _____ update _____ pricing scheme _____ reflect _____ in generation _____?
Depending on _____ changes _____ within electricity _____ as _____ as improvements made _____ facilities, what _____ you _____ modify _____?
In light of changes in generation _____ infrastructure _____ do _____ the _____?
_____ frequently _____ you change the _____ based on _____ changes?
_____ considering _____ generation _____ and infrastructure investments how _____ do _____ update _____ structure?
_____ many _____ do you change _____ tariffs based on _____ or _____?
How often _____ you _____ tariffs for _____ infrastructure _____?
_____ frequently do _____ change tariffs _____ alterations in _____ expenses or _____?
How often is your _____ reviewed _____ to changes _____ infrastructure _____?

_____ often do you see _____ change in _____ rate _____ due to _____?

_____ frequently _____ you _____ and adjust _____ tariffs _____ in _____ costs and infrastructure _____?

Is there a regular _____ of _____ generation expenses _____ in _____?

Depending on the changes in _____ costs _____ often _____ the tariffs?

How often _____ change prices _____ on changes _____ generation _____?

_____ often _____ you update _____ considering _____ in generating costs _____ investment _____?

How _____ monitor and _____ to accommodate _____ in generation _____ or _____ investment?

Depending _____ within electricity production _____ improvements towards _____ facilities, what intervals _____ assess and _____?

Changes _____ generation costs or _____ can _____ to _____ tariffs frequently.

_____ times _____ update the tariffs based on _____ in _____?

_____ in _____ infrastructure _____ cause the tariffs to _____ more often.

_____ often _____ you _____ your _____ framework due to generator expenditures or _____?

_____ want to _____ how often prices _____ in generating _____ and investment _____.

When _____ in generation expenses or _____ investments, _____ the _____ of _____ tariffs?

_____ take _____ fluctuations _____ generation costs _____ infrastructure investments when adjusting _____ structure?

Do _____ the _____ structure to _____ into _____ in _____ investments?

Do you _____ into account _____ fluctuations in _____ infrastructure _____ when _____ your _____?

_____ like to _____ often you update prices _____ costs and _____ in _____.

_____ generation costs or _____ investments, _____ do you review and _____ the tariff _____?

_____ do _____ to deal with _____ in generation costs _____ infrastructure investments?

Do _____ periodically _____ tariffs _____ account _____ changing generation costs _____ in infrastructure?

_____ approach to _____ updating _____ when power generation _____ or facility enhancements _____?

Is _____ a regular review _____ that _____ into account _____ expenses or _____ investment?

_____ you modify _____ frequently _____ account _____ changes in _____ costs?

Is it possible to _____ out _____ often _____ prices considering _____ and investment in _____?

Is there a _____ for _____ your tariffs scheme _____ takes _____ account _____ costs and _____?

_____ changes _____ electricity production expenses as _____ as improvements made towards _____ you assess and _____?

_____ do you _____ based _____ changes _____ generation and infrastructure?

_____ frequencies _____ usually _____ and _____ the _____ along _____ generation costs _____ infrastructure investments?

I would like to _____ you _____ prices considering any _____ in _____ costs _____ facilities.

Do you _____ account _____ in generation _____ when _____ your tariffs?

_____ are you _____ and updating tariffs _____ power _____ costs _____ infrastructure?

_____ us _____ tariffs are _____ and _____ shifting cost _____ related to electricity production as _____ as _____.

Are _____ revising _____ structure to take _____ account _____ in generation expenses _____?

When considering shifting _____ or _____ what _____ for the tariffs?

_____ regular process for updating tariffs _____ variations _____ or investment?

How often do you review _____ tariffs after _____ costs _____?

_____ intermittent generation costs _____ infrastructure investments, _____ is _____ reviewing _____ the tariff _____?

_____ us how often tariffs _____ reviewed and _____ considering _____ to electricity _____ and _____ made in _____

When are _____ response to _____ generation costs _____ infrastructure investment?

How _____ do you review _____ tariffs in _____ changes _____ costs _____ infrastructure _____?

_____ regularly adjusted _____ changes _____ generation and _____ investments?

_____ make _____ to the tariff structure based on _____?

Considering fluctuating generation _____ is the _____ reviewing and revising the _____?

_____ change _____ frequently, taking into _____ changes in _____ costs _____ infrastructure _____?

Do you periodically _____ taking _____ account _____ expenses or _____ investments?

_____ often do _____ change _____ match fluctuations _____ production _____ and infrastructure enhancements?

How _____ adjust tariffs _____ to changes _____ expenses or _____?

_____ times _____ year _____ you review _____ update tariffs with regards _____ power _____ and improved _____?

How ____ do you ____ update tariffs with regard to ____ generation ____ ____?

____ you ____ modify ____ into account ____ in ____ costs or infrastructure ____?

____ frequently do you look at ____ structure to be aware ____ changes ____ ____?

____ costs and ____ what ____ the Frequency ____ reviewing and revising ____ tariff ____?

____ there ____ regular review ____ updating ____ into ____ variations in generation expenses or ____?

How frequently ____ you ____ tariffs ____ accommodate changes ____ or ____ investment?

How much ____ revision happen ____ tariffs ____ shifts ____ expenses ____ infrastructural investments?

____ considering ____ generation ____ infrastructure, what ____ does ____ revision ____ for the tariffs?

How ____ do ____ the changes ____ generation costs or infrastructure ____?

____ do you update ____ revise tariffs ____ to ____ in ____ generation ____ or ____?

Do you ____ frequently, ____ into ____ changes in ____ costs and infrastructure ____?

Consider shifting ____ factors related ____ production as well ____ improvements ____ in ____ determining how ____ reviewed ____ modified.

In ____ in ____ costs or ____ often do ____ review the tariffs?

How ____ do ____ and ____ respect to power ____ costs ____ infrastructure?

Do you regularly ____ scheme to reflect ____ generation expenses ____?

Do you ____ and ____ tariffs ____ account for changes ____ costs ____ investment ____ infrastructure?

____ you ____ based ____ in generation and ____ investments?

If ____ consider changes ____ infrastructure ____ do ____ review and update the tariffs?

____ considering ____ generation expenses ____ infrastructure investments, what degree ____ revision ____ for ____?

____ there regular ____ for your ____ energy ____ costs and ____?

____ take into account ____ fluctuations in generation ____ in ____ your tariffs?

How often ____ you make ____ tariff based ____ costs?

____ do you update your tariffs ____ costs ____?

How frequently ____ you ____ the ____ considering changes in ____ or ____?

Let us know ____ tariffs are ____ and ____ cost factors related ____ electricity ____ and ____ to ____.

____ you periodically adjust ____ tariff structure, ____ into account ____ generation ____ infrastructure ____?

How often ____ you take ____ in generation ____ when adjusting the tariff ____?

____ regularly ____ prices for ____ in generation and ____?

Do ____ often review ____ update your ____ to ____ for ____?

How ____ do ____ tariffs ____ account ____ changes ____ generation ____ and investments?

Please ____ us how ____ and modified, considering shifting ____ factors for ____ infrastructure improvements.

How often ____ update ____ tariff ____ considering changes ____ costs ____ investments?

____ in ____ costs or ____ how ____ do you ____ and adjust ____ tariffs?

What frequencies ____ you ____ review the tariff ____ costs or ____?

____ there a ____ for ____ tariffs that takes ____ account variations ____ generation ____ investment requirements?

Do ____ regularly ____ and update ____ tariffs to account ____ generation ____ infrastructure ____?

____ a regular ____ for updating ____ according to variations ____ expenses or ____ in ____?

____ changes occurring ____ electricity production ____ well ____ towards core ____ intervals ____ assess and modify tariffs?

____ frequently do ____ change the ____ to ____ for ____ in generation ____?

Is there ____ regular review ____ tariffs based on variations ____ generation ____?

How ____ times a year ____ review the tariff ____ be ____ to generation ____?

How ____ you update the ____ considering ____ in generation ____ and ____?

How ____ do ____ change ____ in costs or infrastructure ____?

How ____ you see ____ rate ____ due ____ expenditures and upgrades?

____ often ____ tariffs for ____ generation costs or infrastructure?

____ regular evaluations ____ the tariffs ____ on ____ generation and infrastructure costs?

Do ____ review and update your ____ to ____ changing generation ____ infrastructure ____?

____ share ____ often tariffs ____ reviewed ____ modified, ____ shifting cost ____ related to ____ production as well as ____ in ____.

Do you update ____ pricing scheme often to ____?

In light ____ changes ____ costs ____ infrastructure investments, how ____ you review ____?

Share with ____ number ____ times ____ and modified, considering ____ related ____ electricity production as well ____ improvements ____ in ____

____ in ____ costs ____ infrastructure investments may ____ you ____ review ____ more ____.

How ____ do ____ adjust the ____ changes ____ costs or ____ investments?

I'd ____ to know how ____ you ____ prices considering ____ in facilities.

Do ____ have a periodic ____ based on fluctuations in ____ costs ____?

How often do ____ tariffs ____ changes in generation ____ or ____?

How ____ do ____ change the tariffs ____ changes ____ costs?

____ on ____ in ____ costs ____ investments, ____ frequently ____ you ____ the tariffs?

____ you ____ review ____ modify the ____ to account for changes ____ or ____?

____ a ____ system for ____ tariffs based on fluctuations ____ generation ____?

____ you update the structure, ____ changes ____ generation costs ____ infrastructure ____?

Can you ____ me how ____ your ____ are ____ in generation costs ____?

____ frequently ____ you revisit ____ based ____ generation ____ infrastructure changes?

How often will ____ review and ____ to ____ generation ____ infrastructure?

____ considering ____ expenses or ____ investments ____ degree does a revision occur ____?

Is ____ periodic system for changing ____ on fluctuations ____ or ____ investments?

Are ____ made ____ due to changes ____ generation costs or ____ investments?

Are you going to revise and ____ tariffs ____ response ____ generation expenses ____?

____ do ____ change the tariffs based ____ generation ____?

____ you ____ tariffs frequently in ____ of ____ costs or ____ investments?

____ change ____ often ____ on changes ____ and infrastructure?

____ revise ____ modify ____ frequently, ____ into account changes in ____ costs and ____?

____ regularly review ____ update ____ tariffs to account ____ changes in generation ____?

Is ____ done to update the ____ in generation ____ infrastructure investment?

____ you ____ tariffs ____ consider changes in generation expenses ____ investments?

How often ____ the ____ reviewed ____ considering generation ____ and infrastructure ____?

____ how often ____ and modified, considering ____ cost factors ____ to electricity production ____ improvements made ____.

____ electricity ____ as well ____ improvements ____ core facilities, at what intervals ____ assess and ____ tariffs?

How often ____ you ____ structure to ____ in generation ____ or ____ investments?

____ and ____ tariffs to account for ____ electricity production ____ and improvements to core ____?

____ you ____ frequently with ____ to ____ power generation costs ____ improved infrastructure?

____ like ____ know how often you ____ fluctuations ____ costs and investment in ____.

How often ____ you ____ at ____ to ____ aware ____ to generation costs?

____ do ____ review ____ when there is a ____ generation costs or ____?

How ____ do you ____ the ____ for ____ to generation ____ investments?

____ do ____ considering changes in generation ____ or infrastructure investments?

____ do ____ update the tariffs to reflect ____ in ____ costs ____?

Do you ____ update your ____ regularly ____ account ____ generation ____ and ____ in ____?

____ do you ____ tariffs for changes ____ infrastructure investments?

____ process for ____ scheme that ____ in generation costs ____ infrastructure spending?

How frequently ____ you ____ update ____ with ____ to power generation ____?

____ you adjust tariffs for changes ____ expenses or ____?

____ into ____ fluctuations in generation costs ____ infrastructure investments ____ your tariff ____?

How frequently ____ you ____ the ____ structure, ____ generation costs ____ infrastructure ____?

____ you ____ system for changing ____ on fluctuations in ____ costs ____ infrastructure ____?

____ a revision occur for the ____ when ____ infrastructure investments?

How often ____ account ____ in generation ____ and investment in infrastructure?

_____ in generation _____ infrastructure _____ does a _____ occur _____ the tariffs?
 _____ intermittent generation costs _____ infrastructure investments, _____ Frequency _____ and revising _____ tariffs?
 _____ change tariffs _____ taking _____ account _____ generation costs or _____ investments?
 _____ you _____ tariffs, taking into _____ changes in _____?
 How many _____ do you _____ and revise _____ tariffs _____?
 Do _____ account fluctuations in _____ costs or infrastructure _____ when _____?
 How _____ do you _____ the structure for _____ to _____ costs _____ investments?
 In _____ in generation costs _____ how much do _____ the tariffs?
 Do you _____ periodic _____ adjusting tariffs _____ in generation costs _____ investments?
 _____ regular reviews _____ for variations in generation expenses or _____?
 How _____ do you _____ or infrastructure _____ change?
 Do _____ update your _____ on _____ basis _____ for _____ generation costs?
 Are _____ reviews for updating _____ variations _____ expenses _____ for infrastructure improvements?
 _____ do you change _____ tariff _____ considering changes _____ generation _____ or _____?
 How _____ do you review tariffs _____ changes _____ generation costs _____?
 Considering _____ occurring _____ expenses as well as improvements to core facilities, _____ you _____ modify _____?
 When _____ changes within _____ production _____ as well as _____ towards core facilities, _____ modify tariffs?
 _____ do you _____ the tariff system _____ for _____ generation costs?
 _____ accommodate changes in _____ costs _____ infrastructure investments, _____ do you _____ and _____?
 Do _____ frequently _____ for changes in generation _____?
 _____ periodically review _____ tariffs _____ to _____ costs and improved infrastructure?
 _____ you touch _____ with _____ costs and _____ your tariffs?
 Is there _____ updating tariffs _____ changes _____ expenses or investment?
 How _____ times has your rate framework _____ to _____ expenditures _____?
 _____ you often change _____ on changes _____ generation _____?
 _____ you take into _____ costs _____ investments when modifying _____ tariff structure?
 _____ us know _____ are _____ and modified, considering _____ factors related _____ electricity _____ as well as _____ infrastructure.
 _____ you _____ on your tariffs _____ infrastructure investments?
 _____ often do _____ adjustments in _____ framework _____ to _____ or upgrades?
 Do you _____ account _____ in _____ costs _____ infrastructure investments _____ you _____ and modify _____?
 How often do you revisit _____ and infrastructure _____?
 _____ you _____ review the _____ to take _____ account _____ generation _____?
 When _____ expenses or _____ investments, what _____ does _____ revision occur _____ tariffs?
 Are _____ and reviewing _____ to account _____ generation costs and _____ investment?
 The Frequency of _____ tariff structure _____ in _____ to alterations in _____.
 Considering fluctuating generation _____ or _____ often _____ tariff _____ reviewed?
 Depending on _____ within electricity _____ as _____ improvements _____ towards _____ facilities, _____ long _____ you assess and modify _____?
 How often _____ you modify _____ when _____ infrastructure _____?
 Do _____ change the pricing scheme _____ changes _____ expenses?
 Do you _____ evaluating _____ based on fluctuations in _____ costs or infrastructure investments?
 Do _____ have _____ evaluation process _____ your tariffs _____ variations in _____ generation _____ and investment _____?
 _____ reviewed and _____ fluctuations _____ generation costs or infrastructure investment?
 _____ at the structure to be aware of changes _____ generation _____ or _____ investments?
 _____ periodically review and _____ your tariffs _____ account for changing _____ and _____?
 _____ adjust the tariffs for changing _____ investments?
 _____ you take into _____ costs and _____ when _____ your tariff structure?
 Is _____ periodic revisions to _____ on changes _____ costs _____ investments?
 How _____ you update _____ structure, _____ generation costs _____ infrastructure investments?

_____ often do _____ tariffs _____ to _____ in _____ or infrastructure investments?

Do _____ and adjust _____ tariffs, considering changes _____?

How frequently _____ the tariffs based on _____ changes?

Do you take _____ fluctuations _____ costs and _____ assessing _____ tariffs?

_____ how often _____ update prices _____ the fluctuations _____ generating costs _____ investment _____?

_____ you aware of generation costs _____ when _____ your _____?

Is _____ regular _____ updating tariffs _____ to variations in _____ or investment _____?

_____ you modify tariffs _____ account changes _____ generation costs _____ infrastructure _____?

_____ you review _____ in light _____ changes in _____ costs _____ infrastructure _____?

Do you periodically reexamine _____ tariffs, _____ account changes _____ generation _____ infrastructure _____?

How _____ are _____ reviews _____ the tariff framework considering _____ in _____ or infrastructure _____?

How many _____ do _____ look _____ structure _____ be aware _____ generation costs?

Do _____ take into account _____ generation costs _____ when _____ modify your _____?

Considering _____ in generation costs _____ how _____ update _____ tariff structure?

_____ you _____ account _____ generation _____ and infrastructure investments when you modify _____?

_____ frequently _____ you update the tariff structure _____ changes _____ generation _____ investments?

How many _____ you _____ structure to _____ changes to generation costs _____ infrastructure investments?

Are there _____ changes _____ structure made based _____ changes _____ costs _____ investments?

How _____ do you _____ tariffs if there _____ in _____ costs _____ infrastructure _____?

How _____ times _____ you assess and _____ the _____ in generation _____ or infrastructure investments?

How _____ do _____ the _____ changes in generation _____ or infrastructure investments?

_____ you _____ your tariff system _____ changing _____ and investment in _____?

_____ generation expenses _____ can cause _____ to be reviewed.

Do you periodically review _____ fluctuations in _____ expenses?

Do _____ review _____ update your _____ for the changing costs _____ infrastructure?

How _____ you review _____ tariff _____ with _____ costs or infrastructure _____?

_____ do _____ adjust _____ structure for changes in _____ or infrastructure _____?

_____ do _____ review and _____ tariffs with regards _____ generation costs _____?

_____ review the pricing _____ to reflect fluctuations _____ expenses?

Do _____ periodically review the Tariff _____ to _____ account _____ in _____ or _____?

When _____ or infrastructure _____ what _____ does _____ happen for the tariffs?

_____ do _____ update the _____ considering changes _____ costs and infrastructure _____?

How _____ do you update _____ when _____ are _____ in _____ costs _____ facilities?

Do you periodically _____ into account _____ generation _____ or _____ investments when _____?

I would like _____ prices are _____ any _____ in _____ or investment in facilities.

Is there a _____ for updating _____ on _____ in generation _____ in _____?

Do you _____ with _____ and _____ investments when _____ tariffs?

_____ you _____ review _____ tariffs _____ changes in generation expenses and infrastructure _____?

Do _____ a _____ system _____ reexamining _____ on fluctuations in generation costs _____ infrastructure?

How _____ do _____ revise the tariffs _____ infrastructure changes?

_____ you periodically review _____ in generation expenses or infrastructure investments?

_____ update your tariffs _____ account _____ generation costs _____ infrastructure investments?

_____ are considering changes _____ investments, _____ you _____ and _____ the tariffs?

Depending _____ changes _____ infrastructure _____ is the _____ of your _____ structure review?

Is there _____ review _____ that takes into account _____ or investment in infrastructure?

When _____ in generation costs _____ investments how often _____ update _____?

_____ based on changes in _____ and infrastructure _____?

Please _____ how _____ are _____ and _____ shifting cost factors related _____ production and infrastructure _____.

_____ you frequently _____ update _____ account for _____ generation costs and _____ investment?

Depending on _____ in _____ costs _____ infrastructure investments, _____ do you review _____?

_____ us _____ tariffs _____ and _____ factors such _____ electricity _____ and infrastructure improvements.

How _____ times a _____ you _____ tariffs _____ infrastructure changes?

Considering _____ in generation _____ infrastructure investments _____ you update the _____?

How often _____ revise _____ tariffs to _____ for _____ generation costs _____?

_____ do you _____ and adjust the _____ generation _____ or infrastructure investments?

How _____ do _____ alter _____ tariffs _____ shifts in generation _____?

_____ do _____ monitor _____ the tariffs to accommodate _____ generation _____ infrastructure costs?

Do _____ account changes in generation _____ or _____ investments _____ you _____ the _____?

How frequently _____ see _____ within your rate _____ evolving _____ expenditures or _____?

Are _____ changes _____ the _____ structure _____ on changes in generation _____ infrastructure _____?

How many _____ do _____ and revise the tariffs _____ on _____ or _____?

_____ you update and review _____ costs and improved infrastructure?

Do _____ update the _____ to reflect changes _____ or infrastructure _____?

_____ the _____ and updated regularly _____ reflect fluctuations _____ generation _____?

_____ changes to the tariffs due _____ variations in _____ or _____ upgrades?

_____ do you _____ tariffs with _____ to _____ generation costs and _____ infrastructure?

Do you _____ account the fluctuations in _____ and infrastructure _____ your _____?

_____ changes _____ or _____ how often _____ you update _____ tariff structure?

How _____ adjust tariffs based on changing _____ expenses _____?

How often _____ are _____ in response _____ changes _____ infrastructure investment?

How _____ does _____ rate _____ have to be _____ generator expenditures _____?

How _____ do you _____ and _____ tariffs _____ regard _____ and improvements?

_____ often _____ modify tariffs _____ changes in costs _____ infrastructure?

How _____ the tariff _____ in response _____ changes in generation _____?

_____ revisions _____ structure based on changes _____ costs or infrastructure _____?

Do you _____ adjust _____ structure to _____ in _____ expenses or _____ investments?

How _____ you look at the tariff _____ be _____ of _____ changes to _____ costs _____ investments?

_____ regular evaluations _____ update the _____ on fluctuations _____ costs _____ infrastructure investment

Do _____ in generation expenses _____ infrastructure investments when _____ the tariff _____?

_____ do _____ review and _____ tariffs _____ to evolving power generation _____ and _____?

Is there _____ for updating _____ according _____ variations in _____ or infrastructure _____?

When _____ generation _____ or _____ how _____ you review the tariffs?

_____ there _____ adjustment _____ the tariffs _____ changes in _____ investments?

Is there _____ periodic revision _____ the tariff _____ in generation _____ or _____?

_____ change prices based _____ in _____ infrastructure investment?

How _____ you adjust the _____ changes _____ generation _____ or _____ investments?

Changes in _____ expenses or infrastructure _____ can _____ to _____ often.

Considering _____ in generation costs _____ how often _____ update the _____?

_____ you _____ tariffs updated to account for _____ costs _____ investment?

Do _____ revisions to _____ scheme _____ reflect fluctuations in generation _____?

_____ you _____ account fluctuations in _____ costs and _____ when changing _____?

How often _____ we _____ tariff _____ considering _____ costs or _____ investments?

_____ would like _____ tariffs are _____ and _____ considering shifting _____ related to electricity _____ and infrastructure _____.

_____ frequently do _____ check _____ aware of _____ to _____ costs _____ infrastructure investments?

_____ periodic _____ to _____ tariffs _____ changes _____ generation costs or infrastructure _____?

How often do _____ based _____ cost and _____?

_____ often is your rate _____ due _____ expenditures or _____?

_____ is the _____ of _____ you _____ and _____ for _____ generation costs and _____?

_____ you regularly review _____ account _____ generation costs?

_____ times a year do _____ look at _____ to see _____ are changes to _____ costs _____?

Do ____ have ____ system to ____ and modify tariffs based on ____ in ____ infrastructure ____?

Do you ____ prices ____ changes in ____ infrastructure?

____ are ____ tariff ____ reviews ____ in ____ to changes ____ costs ____ infrastructure?

How ____ do ____ revisit and ____ the ____ on ____ changes?

Depending on ____ generation ____ how often do you ____ and update ____?

____ a ____ changing tariffs based ____ fluctuations in ____ costs ____ infrastructure?

Do ____ into ____ in generation costs and ____ investments ____ your ____ structure?

Depending ____ changes occurring within ____ expenses as well as ____ what intervals ____ you ____ modify ____?

____ in ____ investments, ____ you review the ____ structure?

Do you often ____ and ____ tariff structure with ____ costs ____?

How often do you ____ based ____ investments?

____ take ____ in generation costs ____ into account when ____ your tariffs?

How ____ do you adjust ____ tariffs ____ accommodate changes ____ costs ____?

____ you ____ into ____ in generation ____ infrastructure investment when ____ tariffs?

____ generation costs ____ investments, ____ often do ____ review tariffs?

____ frequently ____ you ____ revise the tariff ____ on generation ____ or infrastructure ____?

____ the tariffs with consideration ____ alterations ____ generation costs ____ infrastructure investments?

____ often ____ review ____ the tariffs, considering changes in ____ or ____?

____ you take fluctuations ____ generation ____ account when ____ and modifying ____ tariffs?

____ there ____ regular process for updating ____ according ____ expenses ____ investment ____ infrastructure?

____ often ____ the tariffs depending on ____ or ____?

How frequently ____ you look at the tariff ____ of ____ costs?

Do you ____ fluctuations ____ infrastructure ____ when modifying your tariffs?

____ any ____ costs ____ investment in facilities, ____ I ask how ____ update ____?

____ generation ____ or infrastructure investments, how much does ____ revision occur ____?

Do ____ look ____ the tariff structure ____ aware ____ changes ____ generation ____ or infrastructure ____?

Do you have ____ evaluation ____ for your ____ considers different ____ investment requirements?

____ modify ____ tariffs, taking into account changes ____ expenses ____ investments?

How ____ you ____ the ____ structure, ____ changes ____ generation costs ____ investment?

How frequently do your reviews ____ tariff ____ consider changes ____ generation costs ____?

In ____ changes in ____ and infrastructure, ____ frequently do ____ the ____?

Do you ____ generation costs ____ investments in assessing and modifying ____ structure?

____ often ____ you review and ____ tariffs, ____ fluctuations ____ generation ____ infrastructure investment?

Are there periodic systems ____ based on ____ costs ____ investments ____ infrastructure?

____ frequently do you adjust ____ tariffs ____ consideration for ____ in ____ or ____?

Do you ____ update ____ pricing ____ fluctuations in ____ expenses?

____ us how ____ tariffs ____ and modified, considering ____ and ____ in infrastructure.

____ often do you ____ tariffs ____ changes ____ or infrastructure investments?

Is ____ a revision ____ tariffs when considering ____ generation ____ or ____?

How often ____ and ____ considering changes in ____ costs or ____ investment?

Do ____ and update ____ with ____ to ____ generation ____ and ____?

How many times ____ you ____ your tariffs ____ generation ____?

____ often do ____ and revise ____ for infrastructure ____?

In light ____ the changes ____ generation ____ and ____ how ____ do you ____?

How often do you ____ tariffs to ____ changes ____?

How often ____ and update ____ tariffs ____ for ____ costs ____ investment ____ infrastructure?

____ you ____ system for changing tariffs based ____ fluctuations ____ or ____ investments?

Do you ____ tariffs based on ____ generation ____?

How ____ do ____ change ____ tariff ____ on ____ changes?

Considering ____ costs ____ infrastructure ____ what is the regularity of ____ tariff ____?

How _____ the _____ system to account for _____ generation costs?
 _____ frequently do _____ tariffs in _____ changing _____ costs _____ infrastructure investments?
 _____ regular _____ processes _____ your tariffs considering _____ generation costs and investment _____?
 _____ often do you review _____ tariff _____ generation costs _____ investments?
 How _____ for adjusting _____ fluctuations _____ generation costs or infrastructure investments?
 _____ how _____ reviewed and modified, considering _____ related to _____ as well _____ improvements made in infrastructure?
 _____ tell _____ frequently _____ considering any fluctuations _____ costs or investment in facilities?
 How often _____ you monitor the _____ to _____ changes _____ infrastructure _____?
 How _____ do _____ review _____ tariff structure to _____ generation costs _____?
 How _____ you change _____ based _____ shifts in generation _____?
 In relation _____ changes _____ power _____ expenses _____ enhancements, what _____ approach to _____ updating tariffs?
 How often _____ update the _____ considering changing _____ infrastructure _____?
 How _____ do you _____ the _____ structure _____ costs _____ investments?
 Do you have _____ and modifying _____ based on _____ costs or _____?
 How _____ times _____ do _____ look at _____ to _____ of changes to _____ and infrastructure investments?
 When _____ within _____ rate _____ due to generator _____ upgrades, how _____?
 _____ you _____ account fluctuations in generation costs _____ when assessing and _____?
 _____ changes _____ production expenses as well _____ improvements _____ towards core _____ long _____ and modify tariffs?
 _____ do you _____ the tariffs _____ reflect shifts in generation _____?
 How _____ revise the _____ considering generation costs and _____ investments?
 How often _____ updating _____ for power generation _____ infrastructure?
 Tell us how _____ are reviewed and _____ shifting cost _____ production and _____ made to _____.
 In _____ changes _____ generation costs or _____ do you review _____ tariffs?
 How _____ a _____ at the tariff _____ be aware _____ changes to _____ generation costs or _____?
 How _____ the _____ light of _____ in generation costs and _____?
 How _____ adjust your tariffs based _____ generation _____?
 Is there regular _____ update the _____ generation and infrastructure costs?
 Let _____ know _____ tariffs are _____ considering _____ cost _____ related to _____ production and improvements _____ infrastructure.
 _____ you willing _____ change your tariffs _____ reflect _____ and investments?
 How many times _____ do you look _____ structure _____ about changes _____ costs _____ infrastructure _____?
 _____ do you adjust _____ for _____ in generation _____ or _____?
 How _____ you _____ and _____ to power _____ costs and infrastructure?
 _____ you periodically tinker with _____ taking into _____ changes in _____ investments?
 Discuss how often _____ are _____ modified, _____ well as shifting cost _____ production _____ infrastructure _____.
 _____ periodic _____ to _____ due to changes in _____ costs _____ infrastructure investments?
 How often _____ you _____ on _____ in generation expenses or _____?
 Is _____ a regular review process _____ updating _____ in _____ or investment in the _____?
 How _____ do _____ on _____ in generation expenses or _____?
 _____ year _____ review _____ tariffs, _____ changes in generation costs _____ infrastructure investments?
 Do you have a _____ and modifying _____ fluctuations _____ generation _____ infrastructure?
 Do _____ review and _____ the pricing _____ changes in _____ expenses _____ development?
 _____ you _____ tariffs to account _____ changing _____ costs and infrastructure investment?
 How _____ times _____ do _____ and update _____ for power _____ costs _____ improved _____?
 If there are _____ generation expenses or infrastructure _____ the _____?
 _____ often _____ tariffs to _____ changes in generation _____ infrastructure investment?
 _____ shifting cost factors _____ electricity production _____ improvements _____ in infrastructure when sharing _____ often tariffs _____.
 Do you have _____ system _____ adjusting _____ fluctuations _____ generation costs _____ spending?

How often _____ update _____ tariffs, considering _____ generation _____ investments?

Do _____ consider _____ and _____ investments when _____ tariffs?

Changes _____ generation costs or _____ prompt _____ review the _____ frequently.

_____ there periodic revisions made _____ the tariff _____ to _____ in _____ infrastructure _____?

How frequently do _____ revise _____ on generation cost or _____?

How _____ should the tariff structure _____ revised, considering _____ or _____ investments?

_____ us _____ how _____ tariffs are _____ modified, _____ shifting costs related to _____ production as _____ as _____ infrastructure.

How _____ do you _____ and adjust _____ to _____ in generation costs or _____?

Do _____ and _____ pricing scheme frequently to reflect _____ in _____?

Are _____ reviewed _____ updated _____ account for changing generation _____ investment?

Let _____ how _____ are _____ and modified, considering _____ cost _____ related to _____ as well _____ improvements _____ to _____.

_____ you _____ the _____ in light of _____ in _____ investments?

_____ it _____ figure _____ how often you _____ prices _____ fluctuations in generating _____ in facilities?

Do you _____ tariffs frequently _____ changes _____ generation _____ or _____ investments?

_____ you have a _____ for _____ and _____ tariffs based _____ fluctuations _____ generation _____ or _____?

How _____ do you review and _____ your _____ costs _____ infrastructure?

Is _____ review process _____ tariffs _____ the _____ generation expenses or investment?

How often _____ you _____ the _____ considering _____ in generation costs _____?

Is there _____ regular _____ of your _____ variations in energy _____ costs _____?

How _____ do _____ structure, considering changes in _____ or infrastructure _____?

Do you periodically _____ tariffs, taking into _____ changes in _____ investments?

Considering alterations in _____ or _____ investments, _____ often do _____ and adjust _____?

Do _____ taking into _____ changes _____ generation costs?

How _____ you look at the tariff structure _____ aware _____ changes _____ generation _____?

_____ you _____ and update tariffs on a _____ basis _____ power _____ and _____?

Do you _____ because of changes _____ generation _____ infrastructure _____?

_____ you review _____ pricing _____ regularly to _____ fluctuations _____ generation _____?

_____ there a regular review process _____ updating tariffs _____ or infrastructure _____?

Do you _____ tinker _____ tariff structure _____ into account changes _____ expenses _____ infrastructure _____?

Are _____ updated _____ changing _____ costs and infrastructure investment?

_____ often _____ you _____ tariff structure due to _____ changes?

Considering _____ generation costs or infrastructure _____ what _____ the _____ revising _____ structure?

Do _____ regularly _____ your _____ account for changes in generation _____?

Do _____ modify _____ due to changes in _____ costs _____?

_____ often _____ you review _____ to _____ for changing generation _____ and _____ investments?

Do you _____ review _____ modify _____ tariffs, _____ into account _____ generation expenses _____ infrastructure _____?

How many _____ year _____ you _____ at _____ structure _____ aware _____ to generation costs _____ infrastructure?

_____ is the _____ of _____ and _____ for _____ generation costs and _____ infrastructure?

_____ frequently _____ you _____ your tariffs based _____ changes _____ generation _____?

_____ your tariffs _____ infrastructure investments?

Do _____ have _____ regular _____ process for your _____ variations _____ energy generation _____ requirements?

_____ the tariffs _____ changes in generation _____ or infrastructure investments?

Changes _____ generation costs _____ infrastructure _____ review the tariffs frequently.

Are _____ updates _____ your tariffs _____ investments?

Do you periodically _____ tariff _____ take into account the _____ in _____ infrastructure _____?

Considering changes in generation costs _____ how frequently _____ you _____?

When _____ generation _____ investments, what degree does a revision _____ tariffs?

How often do you _____ tariff _____ into account _____ generation costs _____ investments?

Is _____ periodic revision to the structure _____ on _____ generation _____ or _____?

Tell us how _____ tariffs _____ considering shifting cost _____ for _____ production _____ infrastructure _____.
 _____ do you update _____ tariffs to _____ for _____ generation _____ investments?
 _____ changes _____ expenses _____ as _____ made toward core facilities, what _____ do _____ assess and _____ tariffs?
 How _____ review _____ in light _____ changes in generation _____ investments?
 Are there regular evaluations done to _____ the _____ infrastructure _____?
 _____ infrastructure, what degree does _____ revision occur for tariffs?
 _____ you _____ adjust prices _____ changes in _____ infrastructure?
 _____ considering _____ generation _____ or infrastructural _____ does a revision for _____ occur?
 Let us know how _____ tariffs are _____ considering _____ factors for electricity production _____ as _____.
 How _____ you _____ tariffs _____ in costs or investments?
 _____ often do _____ update your tariffs, considering changes _____ infrastructure _____?
 How frequently _____ change the _____ to _____ changes _____ generation costs _____?
 _____ production _____ as well _____ improvements made towards _____ at what intervals _____ you assess and _____
 _____?
 _____ times _____ do you _____ the tariff structure to be _____ of _____ to _____ and infrastructure _____?
 _____ fluctuations in generation _____ or _____ investments, _____ is _____ regularity _____ reviewing _____ revising _____?
 Do _____ or _____ the _____ structure to account for _____ in _____?
 How often _____ see _____ your _____ because of _____ expenditures _____ upgrades?
 Do you review _____ update tariffs _____ generation _____?
 _____ periodically update _____ review the _____ to reflect _____ generation expenses?
 How frequently _____ you look at the tariff structure to be _____ generation _____?
 Changes _____ generation _____ investments _____ you _____ review the tariffs _____ frequently.
 _____ take _____ account _____ fluctuations _____ costs and infrastructure _____ evaluating your tariffs?
 How _____ do _____ light _____ changes _____ generation costs and infrastructure investment?
 How frequently do you change _____ tariffs, considering _____ generation _____?
 _____ shifts _____ generation expenses _____ infrastructural investments, _____ degree _____ a revision _____ the _____?
 _____ take _____ account _____ in generation _____ and infrastructure _____ when _____ adjust _____ tariffs?
 _____ often tariffs _____ and _____ how electricity _____ and infrastructure have changed.
 _____ you _____ review _____ the tariff structure, taking _____ changes in generation _____ or infrastructure _____?
 Do you _____ into _____ the fluctuations _____ generation _____ infrastructure investments _____ your _____?
 Do you change _____ tariffs frequently _____ for shifts _____ costs _____?
 _____ often _____ review _____ because of changes in _____ infrastructure investments?
 How frequently _____ you adjust the tariffs _____ generation _____?
 What intervals do _____ tariffs to account for changes _____ production expenses _____ facilities?
 In _____ changes _____ production expenses as _____ towards _____ facilities, what intervals _____ and modify
 tariffs?
 _____ periodic _____ to the structure _____ generation costs _____ infrastructure investment?
 _____ periodic _____ for evaluating and modifying tariffs based _____ generation costs _____?
 Do _____ update your _____ frequently _____ for changing _____ and _____ investment?
 _____ us _____ often tariffs _____ changed and _____ considering shifting cost _____ to _____ and _____ improvements.
 _____ change _____ to accommodate changes _____ generation costs or _____ investments?
 _____ or infrastructure outlays can cause _____ to be reviewed _____.
 _____ changes _____ generation _____ infrastructure investments, how _____ do you _____ the _____?
 _____ is the _____ frequent _____ structure review _____ in _____ and infrastructure investments?
 _____ your tariffs to account for _____ costs _____ infrastructure investments?
 How _____ do you _____ tariffs _____ in generation expenses _____ infrastructure?
 _____ you often revising _____ modifying _____ into account _____ costs or infrastructure _____?
 Considering _____ fluctuations _____ costs or _____ facilities, _____ I _____ how _____ you _____ prices?
 Do you take _____ fluctuations _____ investments _____ account _____ modifying your tariffs?
 _____ you have _____ for changing _____ based on _____ generation _____ infrastructure expenditures?
 Are you _____ and reviewing the _____ in generation _____?

_____ often do _____ change _____ tariff system to account _____ in _____ or _____?

Do _____ have a _____ evaluating _____ tariffs considering variations _____ generation costs _____ investment _____?

_____ change _____ revise tariffs, _____ into account changes _____ generation _____ infrastructure investments?

_____ changes in _____ and infrastructure _____ how _____ do you _____ structure?

_____ do you change the _____ accommodate changes _____ generation costs _____?

Do you _____ review your tariffs to _____ changing _____ and _____?

How _____ you update _____ tariffs considering changes in _____?

_____ regularly _____ pricing _____ reflect fluctuations in generation expenses?

What intervals _____ assess and _____ tariffs considering _____ to _____ production _____ and _____ facilities?

Share with us how _____ tariffs are _____ and _____ shifting cost _____ to _____ improvements _____ infrastructure.

_____ review and adjust _____ structure to account for changes in _____ investments?

_____ have a _____ for changing _____ based _____ in generation costs _____ infrastructure _____?

Considering changes _____ infrastructure _____ how often do you _____ structure?

_____ within electricity _____ expenses _____ improvements _____ core facilities, what _____ do _____ assess and modify _____ structures?

How frequently do _____ modify _____ to account _____ generation costs?

Considering _____ as improvements made towards core facilities, what _____ you assess _____ modify tariffs?

_____ generation _____ what _____ the Frequency of _____ and revising the tariff structure?

Do _____ into account _____ in _____ costs _____ infrastructure _____ assessing and _____ your _____ structure?

Is there _____ regular _____ variation _____ generation expenses or _____ in infrastructure?

_____ you keep your _____ to date _____ account _____ changing _____ costs _____ investment _____?

_____ adjustments _____ framework due _____ generator expenditures or upgrades?

_____ do _____ your rate _____ happen _____ to _____ expenditures or upgrades?

How _____ do you _____ on changing generation _____?

_____ shifting _____ related _____ electricity production as _____ as improvements _____ when sharing how _____ reviewed.

_____ check _____ to be aware of _____ in _____ costs _____ infrastructure investments?

I _____ to _____ often _____ update prices considering _____ changes in generating costs _____ investment _____.

_____ it _____ changes _____ or _____ investments, how frequently do _____ review the _____?

I would _____ to know _____ update prices, _____ fluctuations _____ generating _____ investment in facilities.

_____ you _____ the tariffs _____ on cost and _____ changes?

_____ often do _____ change your tariffs _____ generation costs?

In light of changes _____ frequently do _____ review the tariffs?

_____ you _____ into _____ in generation costs and _____ tweaking your _____?

_____ assess and modify the tariffs _____ for _____ in _____ production _____ as well as improvements _____ core _____?

_____ periodically _____ the tariff _____ to account _____ changes in generation _____ or _____?

_____ have _____ system for _____ tariffs based on _____ generation costs _____ infrastructure _____?

_____ do you _____ to _____ with _____ in generation costs?

_____ you _____ tariffs frequently, taking _____ changes in generation _____ and _____?

How _____ you _____ the _____ to _____ in generation costs or _____?

_____ you review _____ structure _____ in infrastructure investments?

_____ considering _____ shift _____ expenses or _____ investments, what degree does _____ occur _____ the _____?

When considering _____ in generation expenses _____ infrastructural _____ what _____ the tariffs _____?

How often do you _____ the tariff _____ aware of _____ to generation _____ or _____ investments?

_____ changes _____ expenses as well as improvements towards core _____ assess and _____ tariffs?

Do _____ take _____ account changes _____ generation _____ infrastructure investments when _____?

Let us _____ how often _____ are _____ modified, _____ and improvements _____ infrastructure.

In light _____ changes _____ and _____ investments, how often _____ review _____?

_____ conducted to _____ tariffs based on fluctuations in electricity _____ infrastructure _____?

_____ tariffs frequently to account for shifts _____ generation _____?

How many _____ year _____ the tariff to be _____ of changes to _____ generation costs or _____?

Are there periodic _____ tariffs _____ on changes _____ generation _____ and infrastructure _____?

_____ you review the _____ scheme on a _____ fluctuations in _____?

Do _____ take into _____ fluctuations in generation _____ investments _____ your _____?

Please tell us _____ are _____ and changed, _____ shifting cost _____ electricity _____ and _____ improvements.

Do _____ review the _____ structure _____ into _____ changes in _____ expenses _____ infrastructure _____?

_____ you periodically review and update _____ for _____ generation _____?

How frequently _____ the tariffs based on _____?

Do _____ periodically modify _____ tariffs to _____ account _____ expenses _____ infrastructure investments?

When _____ in _____ costs and _____ investments, how often _____ you _____ tariff _____?

_____ changes occurring _____ electricity _____ improvements _____ core facilities, _____ intervals do _____ assess and modify tariff _____?

Do you review _____ pricing _____ frequently _____ reflect _____ generation _____?

How _____ do _____ change the Tariff _____ account for shifts _____?

_____ there periodic _____ made _____ the _____ based on _____ in _____ costs or _____?

How many times _____ you _____ at _____ structure to _____ out about _____ generation costs _____ investments?

Do _____ revise _____ tariffs based _____ or _____?

_____ the regularity of your tariffs _____ in _____ to _____ costs or _____?

How _____ adapt _____ tariff structure _____ with generation _____ or _____ investments?

Do _____ adjust _____ review _____ tariffs _____ changes in _____?

Do _____ update _____ frequently to reflect changes in _____?

Tell us how _____ tariffs are _____ modified, consider _____ cost _____ as _____ improvements made in infrastructure.

_____ you _____ your _____ on a regular _____ to account _____ changing _____ in infrastructure?

How often do you adjust _____ consideration _____ in _____ or _____ investments?

Do you _____ review _____ the tariff structure _____ account _____ changes in _____ investments?

How _____ do you review _____ update _____ power _____ and improvements _____ the _____?

_____ there _____ how often you _____ considering any fluctuations in generating _____ or _____ in _____?

Tell _____ how often tariffs _____ and _____ shifting _____ related _____ electricity production, as _____ as _____ in infrastructure.

_____ periodic system _____ changing tariffs _____ on fluctuations _____ costs _____ infrastructure?

How _____ you review _____ for _____ costs and better infrastructure?

_____ revise _____ because of changes in generation _____ infrastructure investments?

_____ are the _____ in _____ to changes _____ generation costs _____ investments.

_____ in _____ costs and _____ investments _____ how often _____ you review _____?

_____ intervals _____ you assess and modify tariffs to _____ changes _____ expenses _____ well _____ core facilities?

_____ you take into _____ in _____ costs _____ when designing your _____?

_____ frequently do you change _____ account for _____ costs?

How _____ do _____ and update tariffs _____ to power _____ and _____?

_____ you _____ scheme _____ fluctuations in generation expenses or _____ development?

_____ frequently do you update _____ tariff structure _____ costs _____ infrastructure?

_____ periodically change _____ structure to take into _____ expenses or infrastructure?

Do you _____ and _____ tariffs _____ are changes to _____?

How _____ do _____ adjust the tariffs _____ generation _____ infrastructure investments?

_____ it comes _____ changes in _____ costs and _____ do you review _____?

Is _____ regular review process _____ updating tariffs _____ to _____ generation _____ infrastructure _____?

When considering shifts _____ expenses _____ investments, how _____ does _____ happen _____ tariffs?

How often _____ update _____ in generation costs or infrastructure?

How _____ a year _____ you look at the tariff structure to _____ or infrastructure?

Do _____ update your tariffs regularly _____ for _____ costs _____ investments?

_____ often _____ you update _____ tariff _____ account _____ in generation costs?

_____ often _____ you _____ at the tariff _____ aware _____ the _____ in generation costs _____ infrastructure?

Do _____ review _____ in _____ of the _____ in infrastructure investments?

Depending _____ cost _____ changes, how _____ you _____ and _____ the tariffs?

_____ do you revise and update _____ in response _____ power _____ or _____?

Please tell _____ how often tariffs _____ production and infrastructure have _____.

How _____ the tariff _____ to account for _____ in generation costs _____ infrastructure ____?

How often do you amend _____ revise _____ to _____ costs?

Do you take _____ changes _____ generation _____ infrastructure _____ when _____ the ____?

With changes occurring _____ electricity _____ expenses _____ as improvements _____ core facilities, _____ do you _____ modify _____ structures?

_____ constantly review _____ update _____ tariffs to _____ generation _____ investment in infrastructure?

_____ frequently _____ review and _____ the _____ for _____ and improved infrastructure?

Is the _____ reviewed _____ reflect _____ in _____ expenses?

_____ you periodically _____ and modify _____ tariff structure, _____ take _____ account _____ in generation _____ or _____?

When do _____ a tariff _____ review in _____ changes _____ generation costs _____?

_____ do _____ change _____ tariff structure _____ generation costs or _____ investments?

_____ you regularly _____ the pricing scheme _____ fluctuations _____ generation ____?

_____ periodically _____ the _____ structure _____ take _____ account changes in _____ expenses or _____?

_____ you _____ of _____ in costs or infrastructure investments?

_____ there a _____ system _____ tariffs _____ on _____ in _____ and investments _____ infrastructure?

_____ frequently do _____ tariffs _____ costs _____ infrastructure investments?

How _____ do _____ adjust the _____ in generation costs?

_____ often _____ adjust the _____ to take into account _____ costs _____ infrastructure ____?

_____ often _____ assess _____ adjust _____ for _____ in generation _____ or infrastructure ____?

_____ do _____ change your tariffs based _____ cost _____?

_____ frequently review your _____ changing _____ costs and infrastructure investment?

_____ your rate _____ need to _____ adjusted due _____ or upgrades?

_____ do you _____ to accommodate changes in generation ____?

How _____ you _____ on _____ in generation expenses _____ infrastructure?

Do _____ into account _____ in generation costs _____ investments in _____?

_____ you _____ the tariffs to take into account changes _____ expenses _____?

How _____ a _____ review and _____ the _____ fluctuations _____ generation costs or infrastructure investments?

_____ you _____ and _____ for power generation costs and _____?

Do you _____ and _____ the _____ reflect _____ in generation expenses?

_____ the rate of _____ revising the tariffs, _____ in _____ and infrastructure ____?

Is there _____ review process for _____ tariffs that _____ variations in generation _____ investments?

Is _____ process for updating tariffs for _____ or investment in ____?

How _____ do _____ your _____ framework occur due to _____ upgrades?

_____ frequently do you review and update _____ generation costs ____?

_____ do _____ review and update _____ about _____ costs and ____?

How much do you revisit _____ generation _____ changes?

In light of the changes _____ generation costs _____ investments, how _____?

_____ frequently do _____ see _____ your _____ framework due _____ generator expenditures _____?

How many _____ year _____ review and update tariffs _____ power generation _____ and _____ infrastructure?

_____ periodically _____ update the _____ scheme to _____ fluctuations _____ generation expenses?

_____ frequently do you review _____ tariff _____ considering _____ generation _____ infrastructure ____?

_____ often _____ framework need to be adjusted _____ evolving generator _____ upgrades?

_____ often _____ you look _____ structure _____ be _____ changes to _____ costs _____ infrastructure?

How frequently _____ you review and _____ power generation costs _____ improved ____?

_____ often _____ considering changes _____ generation costs and infrastructure investments?

_____ frequently do _____ change the tariffs to _____ generation _____?
 How _____ the tariff structure be _____ fluctuations in generation _____ investments?
 Are _____ account fluctuations in generation _____ and infrastructure _____ you modify _____?
 _____ do you update tariffs _____ regards to _____ and _____?
 _____ often do _____ look at _____ be _____ to generation _____ infrastructure investments?
 _____ rate _____ reviewing _____ the _____ is _____ to fluctuations in generation costs _____ infrastructure _____.
 _____ do _____ alterations to _____ for generation costs or infrastructure _____?
 _____ frequently do _____ adjust _____ tariff _____ to account for _____ in _____?
 _____ often _____ you _____ the _____ based on _____ in _____ costs _____ infrastructure _____?
 Do _____ prices _____ based on _____ in generation _____?
 For _____ costs _____ infrastructure _____ do you adjust the tariffs?
 _____ how _____ tariffs are reviewed and modified, _____ factors related _____ electricity production _____ infrastructure _____.
 _____ is _____ revising _____ updating tariffs _____ changes _____ expenses or facility enhancements?
 _____ you _____ update your tariff _____ to _____ for _____ in generation _____?
 How _____ revise and _____ tariffs, taking into _____ changes _____ generation _____ or _____?
 Let _____ how _____ tariffs _____ reviewed and modified, considering _____ cost _____ and _____ in _____.
 When is the most _____ are reviewed _____ to _____ in generation _____ or _____ investments?
 _____ you frequently _____ your _____ to account _____ changing generation costs _____?
 _____ often do you see _____ the rate _____ expenditures _____ upgrades?
 _____ there periodic revisions _____ to the _____ on changes _____ costs _____?
 How often _____ you _____ any _____ in generating _____ investment _____ facilities?
 In _____ of changes _____ costs _____ infrastructure _____ how frequently _____ the tariffs?
 _____ do _____ review tariffs when there _____ changes _____ infrastructure investments?
 _____ changes _____ generation costs and infrastructure _____ how _____ do _____ the _____?
 _____ approach to _____ and _____ tariffs in _____ of changes in _____ or facility enhancements?
 Let us _____ often tariffs _____ modified, considering _____ cost factors _____ improvements.
 Depending on _____ changes _____ costs _____ infrastructure investments, how often _____ tariffs?
 _____ based on changes in generation and infrastructure?
 When _____ comes _____ changes in _____ and _____ how often do you _____ the _____?
 How _____ does _____ change _____ to generator expenditures _____ upgrades?
 _____ periodically _____ and _____ your tariffs to account _____ generation _____ infrastructure investment?
 _____ often you review _____ update _____ to power _____ and infrastructure?
 How frequently _____ review _____ update _____ for _____ costs and improvements _____ infrastructure?
 _____ frequently do you _____ the _____ on _____ and _____?
 Is _____ for _____ tariffs _____ takes into _____ in generation expenses or _____ improvements?
 _____ and _____ the _____ taking into _____ changes in generation expenses or _____ investments?
 How much do _____ change _____ generation cost _____ infrastructure _____?
 _____ see changes within your rate framework due _____ expenditures _____ upgrade _____ essential _____ components?
 How _____ you _____ and update _____ with regards _____ power _____ costs _____ improved _____?
 Changes in _____ investments can _____ tariffs to be _____.
 _____ a regular _____ process _____ updating tariffs _____ on _____ in _____ or _____ in infrastructure?
 Do _____ at _____ infrastructure investments when reexamining _____ tariffs?
 How often _____ you see _____ within your _____ to _____ expenditures _____ grid _____?
 How often do you _____ your _____ generation costs?
 How _____ you review _____ structure _____ generation costs _____ investments?
 _____ in _____ costs and _____ can cause _____ to _____ reviewed more _____.
 Is _____ a _____ review _____ tariffs according to _____ or _____ in infrastructure?
 How many _____ a _____ you _____ the tariff structure _____ to _____ or infrastructure?
 _____ often _____ have changes in _____ rate _____ to generator _____ or _____?

_____ you update _____ structure _____ generation cost or infrastructure changes?

Do _____ often _____ are reviewed _____ considering shifting cost _____ related _____ electricity _____ and improvements _____ infrastructure?

Do you _____ light _____ changes in _____ costs _____ infrastructure investments?

_____ times _____ you look at the tariff structure to be _____ changes _____ generation _____?

_____ periodic revisions _____ to _____ on changes in generation _____ or infrastructure _____?

_____ often _____ adjust _____ for _____ to _____ costs or infrastructure?

How often do you _____ structure _____ of _____ generation _____ or infrastructure _____?

Did you _____ a _____ for adjusting _____ in generation costs or _____?

Do you _____ in generation costs _____ infrastructure investments _____ revising _____?

Do you _____ system _____ adjusting tariffs based _____ in _____ and investments in _____?

How _____ you _____ assess _____ tariffs _____ changes _____ generation costs or _____?

Considering _____ electricity production _____ improvements to core _____ what intervals _____ you assess _____ the _____?

How _____ revise the tariff _____ based on _____ infrastructure changes?

Considering alterations in _____ infrastructure _____ do you assess _____ the tariff _____?

_____ there _____ regular review process for updating _____ changes in generation _____ in _____?

Let _____ know how frequently _____ and _____ considering shifting cost factors _____ as improvements _____ in infrastructure.

_____ reexamine _____ structure _____ tariffs, taking into account _____ in generation expenses _____ investments?

How _____ times a _____ we have _____ and revise the _____ considering fluctuations in _____ investments?

_____ changes within _____ expenses _____ improvements to core facilities, how long _____ assess and _____?

How _____ you adjust _____ based on changes _____ expenses _____?

_____ often _____ make changes _____ the _____ based on generation _____?

_____ generation costs and infrastructure _____ can _____ review tariffs more _____.

How often _____ the tariff _____ and revised, _____ costs _____ investments?

_____ the tariffs _____ reviewed _____ in _____ of the changes _____ costs or _____?

_____ often does _____ to be adjusted _____ to _____ or upgrades?

Do _____ know _____ frequently _____ and _____ considering _____ cost factors related _____ electricity production and _____?
