

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Issues with car's exhaust system
Inquiry Sub-Category	Noisy muffler or exhaust system
Description	Customers report unusual noises coming from their muffler or exhaust system, indicating potential problems with the components or connections. They seek assistance in diagnosing and fixing these issues, ensuring a quieter and smoother running vehicle.
Data Size	5,008 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ some possible reasons for _____ vibrations _____ both, _____ or _____ ?
_____ any _____ for the _____ idling or driving?
Please tell us _____ possible _____ sensations _____ stationary or _____ road.
There _____ possible causes of _____ parked _____ wheels _____.
_____ there a _____ both idling and travelling?
_____ it possible _____ provide _____ into the _____ causes of _____ vibrations _____ or _____ ?
Are there any _____ reasons for _____ driving _____ ?
_____ light _____ potential reasons _____ vibrating sensations _____ road or stationary.
_____ is _____ to vibrate?
What might _____ reasons for _____ excessive _____ and _____ ?
How do you _____ the _____ in idling, _____ areas?
_____ is possible _____ trembling _____ due _____ or drive.
What _____ for the excess _____ idle or _____ ?
_____ there a _____ why idling _____ driving have _____ ?
_____ are _____ reasons for the loud idling _____ ?
_____ possible _____ provide insight into probable _____ for _____ vibrations _____ driving _____ ?
_____ both _____ too much?
What _____ reasons for the _____ noise _____ driving and _____ ?
_____ are some probable _____ excessive _____ in idling _____.
When _____ being driven or _____ any _____ what _____ be causing _____ vibration _____ ?
_____ there _____ vibration sources for drive and idling _____ ?
_____ are the _____ for _____ idling or driving?
Is _____ any reason why idling _____ vibration?
Please _____ possible _____ sensations while stationary or on _____ road.
_____ the _____ in motion or _____ ?
There _____ factors that lead _____ tremors _____ stationary or _____.
What _____ reasons for _____ excessive noise when _____ or _____ ?
_____ factors that _____ cause _____ a stationary/ _____ state.

When the _____ is idling or _____ be causing _____ vibration _____?
 _____ are _____ possible _____ for _____ loud _____ in travel and _____?
 _____ some reasons for _____ idling and _____.
