

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Questions about used car inventory
Inquiry Sub-Category	Trade-in options
Description	Customers inquire about the possibility of trading in their current vehicle as part of the purchase. They seek information on how the trade-in value is determined and how it affects the final price of the used car.
Data Size	6,691 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)
