

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Troubleshooting gas-related equipment
Inquiry Sub-Category	Gas Pressure Problems
Description	Customer inquiries related to low or high gas pressure issues, including understanding the potential causes, possible consequences, and seeking assistance to resolve such problems.
Data Size	5,034 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

_____ can I prevent low _____ occurring during peak _____ such _____ winter months?

How can _____ keep low _____ problems _____ happening _____ winter?

What do _____ do _____ high _____ problems _____ occurring during winter?

Can I stop low- or _____?

Is _____ way to _____ that low or _____ problems _____ snowy months?

How _____ safeguard against _____ in _____?

_____ do you avoid _____ usage _____ the _____?

Can you stop _____ winter?

_____ a way to avoid issues _____ high pressure during _____?

Can _____ low _____ issues _____ it's really cold?

_____ to avert pressures _____ the cold _____?

What _____ I _____ to _____ low and _____ problems _____ winter?

What _____ prevent pressure problems during cold winters?

_____ anyone tell you how _____ pressure issues in _____?

_____ to _____ against _____ problems _____ the _____?

Is there _____ tips _____ avoiding _____ the cold _____?

_____ need _____ help avoiding _____ problems _____ cold.

What can I _____ pressure _____ during the winter?

How _____ the _____ problems from _____ my _____ usage?

How _____ I prevent high- _____ low-pressure _____ cold winter _____?

_____ a way to _____ or low-pressure _____ during peak _____?

Can _____ prevent high- _____ low-pressure _____ the _____ winter _____?

Is _____ to prevent high-pressure _____ peak _____?

Do _____ want _____ high pressure problems _____ winters?

_____ I stop low _____ during _____?

_____ you know how _____ keep _____ problems from _____ up _____ usage?

Low _____ high-pressure _____ can _____ during _____ winter _____ I don't prevent _____.

_____ can _____ high- _____ low-pressure problems in _____?

How can _____ high- or _____ problems _____ the _____?

_____ fail _____ prevent low and high-pressure _____ can happen _____.

How _____ avoid peak _____ in _____?

_____ to _____ pressure _____ during _____ season?

_____ drop in gas _____ during winter _____?

Is it _____ avoiding low or high _____ during _____ higher demand times _____ winter?

Is there a _____ make _____ or high-pressure troubles during _____?

_____ any _____ I _____ to mitigate low or high pressure _____?

_____ I avoid _____ during _____?

_____ you keep _____ from my winter usage?

_____ to prevent low/high pressure problems _____ usage?

_____ do I _____ to prevent low _____ high _____ happening _____ winter?

During _____ cold winter months, _____ I _____ high- or _____?

I _____ to _____ if _____ avoid pressure fluctuations _____ winter.

Can it _____ pressure _____ in winter?

_____ can _____ to prevent _____ high-pressure _____ during winter?

_____ do you keep the _____ from _____ up my _____?

Is _____ possible _____ avoid _____ fluctuations during _____ winter _____?

What steps _____ to _____ pressure problems in _____?

_____ ideas on _____ pressures _____ the cold season?

_____ usage _____ the _____ how can I _____ high- or _____?

Is it _____ troubles this winter?

_____ I _____ high _____ low pressure _____ cold winter months?

Is _____ possible _____ stop _____ issues _____ it's _____?

How _____ prevent high- or low- _____ problems _____?

Is _____ to avoid _____ pressure _____ this winter?

_____ possible to _____ low _____ high-pressure problems from happening _____?

How to _____ pressure _____ from messing _____ my _____?

Do _____ low or high pressure _____?

_____ there _____ way _____ minimize weather-related _____ pressurizing _____ winter?

How _____ pressure problems from _____ my _____ use?

How to prevent _____?

During _____ suggestions _____ avoiding pressures issues?

_____ you _____ problems from getting out _____ during the _____?

_____ there any preventative _____ I can _____ deal with low _____ in _____?

_____ a _____ stop pressures _____ dropping or _____ during the cold _____?

Can _____ steps _____ problems during winter?

Is it _____ keep pressure _____ mucking _____ my _____ use?

_____ can I _____ pressure _____ during _____ cold _____?

Is _____ make sure _____ high pressure or _____ pressure during winter?

Can _____ be a _____ prevent _____ issues _____ cold _____?

Is it possible to prevent _____?

_____ can _____ do _____ prevent problems _____ pressure _____ the _____?

_____ can I take to _____ problems in _____?

_____ high or _____ problems during the cold _____?

_____ winter, _____ I _____ low or high-pressure _____?

_____ to keep the pressure _____ from ruining _____?

How to keep pressure _____ winter usage?

_____ it possible _____ prevent _____ winter?

How _____ you _____ peak _____ freezing months?

_____ the _____ can I take to avoid _____ problems?

_____ anything _____ can _____ avoid pressure problems during cold _____.
 Is there _____ to _____ aren't low _____ high-pressure troubles _____ snowy months?
 If I _____ to prevent _____ problems in _____ winter they _____.
 If I don't _____ high-pressure problems _____ can _____ the _____.
 _____ can _____ peak usage _____ during _____?
 _____ possible _____ high pressure emergencies _____ peak usage?
 Can you _____ guidance _____ lows or highs _____ the winter?
 _____ safeguard _____ problems in the winter?
 In _____ winters, what _____ can I _____ pressure problems?
 Is _____ way to keep the _____ from _____ up _____ usage?
 How can _____ the _____ problems _____ mucking _____ winter use?

 Suggestions ____ prevent ____ in ____ gas ____ winter time?
 ____ do ____ do to ____ low ____ from happening during cold ____ ?
 Is it ____ to ____ high-pressure troubles ____ snowy ____ ?
 ____ any advice for ____ during the ____ season?
 ____ able to ____ high pressure issues during peak ____ ?
 ____ the cold ____ on how to prevent ____ ?
 How ____ low or high-pressure ____ ?
 ____ be ____ to avoid ____ issues ____ winter?
 What can I ____ to ____ pressure ____ from occurring during ____ ?
 ____ I able to ____ issues ____ winter?
 How ____ peak usage problems ____ ?
 How ____ I ____ the pressure ____ ?
 ____ have any tips for avoiding low/high ____ ?
 ____ need your help to ____ problems ____ it ____ .
 ____ of people use gas in ____ done to prevent pressure ____ ?
 ____ of natural gas pressure during ____ season?
 ____ have ____ for avoiding low/high-pressure trouble during ____ ?
 What ____ I do to prevent ____ or ____ happening during ____ ?
 Is ____ possible ____ prevent high-low ____ winter?
 How ____ I prevent ____ issues ____ ?
 ____ you stop ____ issues in ____ ?
 ____ can I ____ avoid pressure issues ____ winter?
 ____ prevent ____ problems ____ winter peaks?

_____ there a _____ pressure _____ in the winter?
 _____ I _____ low _____ high pressure _____ during _____ usage?
 _____ can _____ prevent low and highpressure _____ winter?
 Will _____ to _____ pressure fluctuations during _____?
 Can _____ tackle pressure variations during _____ winter?
 In busy winters, _____ troubles?
 _____ do you keep _____ pressure _____ muckin _____ Winter usage?
 Can you give _____ on avoiding _____ gas _____ during _____ times of _____?
 _____ you can avoid _____ pressure issues _____ the cold?
 _____ winters, what _____ can _____ take _____ avoid pressure _____?
 _____ there _____ I can do _____ high-pressure issues _____ winter?
 _____ I _____ low _____ high-pressure concerns in the _____?
 _____ can _____ to _____ low _____ from happening during winter?
 How _____ I _____ or _____ from occurring _____ a winter _____?
 Ways _____ issues during busy _____.
 If I don't _____ and _____ pressure problems _____ the winter, _____.
 _____ can do to _____ pressure problems _____ the _____ winter months?
 _____ prevent high- or low-pressure _____ when it's _____?
 Is _____ to _____ guidance _____ lows or highs _____ gas pressure _____ the _____ times of _____?
 There are ways _____ busy winters.
 How _____ I _____ or _____ when _____ peaks during the _____ winter _____?
 How _____ I _____ pressures _____?
 Is there any _____ prevent _____ the _____ season?
 Is it possible _____ prevent low _____ the winter?
 _____ avoid _____ usage trouble _____ winter?
 Can _____ prevent low _____ highpressure _____ occurring during _____?
 Is there _____ way _____ low or high-pressure _____ during snowy _____?
 Can _____ me _____ to avoid those _____ issues _____ the _____?
 _____ the _____ season, what can _____ avoid pressures?
 _____ high-low pressure troubles this _____?
 _____ I don't have pressure issues _____ winter?
 _____ I avoid pressure _____ the _____ season?
 Is _____ to avoid pressure issues during _____ months?
 What can _____ do _____ avoid pressure issues _____?
 _____ can _____ to keep low _____ high-pressure _____ from occurring in _____?
 _____ the winter _____ what _____ do to _____ issues?
 _____ it possible to _____ pressures _____ during the _____?
 _____ there _____ way to _____ issues _____ cold months.
 Is _____ to protect _____ problems during _____ winter?
 What can _____ to _____ or _____ problems _____ the cold _____ months?
 _____ winters, stop _____ or _____?
 _____ to _____ pressure issues in _____.
 Is there _____ take to mitigate _____ high-pressure concerns _____ the winter?
 There are _____ do to mitigate low _____ high-pressure concerns _____.
 _____ winter _____ can I _____ high or low-pressure _____?
 What can _____ to _____ low _____ highpressure problems _____ winter _____?
 _____ I do _____ protect _____ from _____ or _____ problems during the _____?
 How can _____ high- and _____ problems _____ the _____ winter _____?
 _____ a _____ to make _____ there _____ no _____ or high _____ during winter?
 Is there _____ way _____ prevent _____ or high-pressure _____ during _____?

How ____ we prevent low/high-pressure ____?

How ____ you ____ the ____ problems from ____ up my ____ winter?

Is ____ pressures ____ dropping or rising during the ____?

Is ____ way ____ sure there ____ or high-pressure problems ____ winter?

How ____ pressure ____ winters.

____ don't prevent ____ high-pressure problems ____ winter, they ____ occur.

____ about ____ to prevent pressures ____ during ____ cold ____?

____ can I ____ low or highpressure problems ____ the ____?

During ____ cold season, what can we ____?

How do you ____ problems from ____ my ____?

Is ____ stop ____ issues in the ____?

What can ____ high or ____ pressure problems ____ winter?

____ preventive measures can I ____ to minimize ____?

How can ____ prevent ____ winter?

____ are the things I ____ to ____ highpressure ____ during winter?

Suggestions to ____ in natural ____ pressure ____ winter ____?

____ there a ____ low ____ high pressure ____ peak usage?

____ can ____ cold winter months ____ I do not prevent ____.

____ do ____ do to ____ from occurring during winter?

Is there ____ I ____ do to ____ in ____?

____ I do to avoid ____ or ____ during ____?

____ do to ____ pressure issues during ____ cold ____ months?

As ____ done to avoid pressure changes?

Is there ____ way ____ make ____ no ____ high-pressure ____ happen ____ the ____ months?

____ way ____ stop issues with ____ during ____ seasons?

____ can ____ high ____ problems ____ during the ____ winter months?

While many ____ gas during cold ____ what can ____ to ____?

____ on how ____ avert ____ issues ____ cold season?

____ protect against pressure ____ in ____?

____ do you keep pressure ____ from ____ winter ____?

Can I stop high- or ____ winter ____?

Is there ____ way to ____ pressures ____ dropping ____ during ____ months?

____ to prevent ____ winter.

Is there any tips to ____ during ____?

____ high- ____ low-pressure problems during the cold winter ____?

Is there ____ way ____ keep ____ from ____ in ____ cold ____?

Is ____ way to make sure ____ don't happen in ____?

____ can we do ____ pressures during the ____?

____ is ____ to ____ pressure ____ during cold months?

____ a ____ prevent high ____ and ____ troubles during snowy months?

Do you ____ any ____ how to avoid ____ issues during ____ months?

____ a ____ to safeguard ____ pressure problems during ____?

Do ____ think to ____ problems in the ____?

Is ____ a ____ to keep pressures ____ rising ____ cold ____?

Can I stop ____ issues ____ cold weather?

____ there ____ to not have ____ troubles ____ snowy months?

Is it possible to ____ problems ____ during the ____?

There are ways ____ low/high-pressure troubles ____.

____ have ____ on avoiding ____ or ____ during ____ cold winter months?

Is ____ to prevent pressure ____ during the ____?

Is _____ to _____ or high-pressure issues when it's _____?

How _____ we avert _____ winters?

_____ there _____ to keep _____ and high _____ during _____ months?

How _____ I _____ pressure _____ from messing _____ winter _____?

Can _____ me how _____ that _____ issue _____ the cold?

Is it _____ stop _____ high-pressure emergencies in _____?

_____ I stop high _____ it's cold?

Can I _____ issues _____ high-low _____?

_____ can _____ to not _____ low or highpressure _____ winter?

How _____ keep pressure problems _____ bay during _____?

Can you _____ those _____ issues _____ the cold?

How _____ keep _____ or _____ problems _____ during the winter?

How can I stop _____ or _____ cold winter _____?

How to _____ usage _____ winter?

_____ for avoiding _____ issues _____ season?

_____ there _____ way _____ pressure troubles this winter?

How _____ or high-pressure problems _____ winter?

Is there a way _____ keep the _____ my _____ usage?

_____ to prevent _____ problems _____.

_____ prevent _____ during _____ cold season?

_____ I _____ high-pressure issues when it is _____?

_____ there any _____ on _____ to _____ pressures _____ the _____ season?

_____ prevent _____ or high-pressure problems from happening during _____ cold _____?

_____ need _____ pressure problems _____ it gets _____.

_____ there _____ I _____ do to _____ or high-pressure concerns _____ winter?

Can you _____ me _____ to avoid _____ or highs _____ pressure _____ times of _____?

Do you _____ any _____ on _____ to prevent _____ issues _____?

If I fail to _____ and _____ they _____ occur.

_____ on _____ to _____ issues when gas demand _____ highest _____ the winter?

Suggestions _____ prevent the _____ increase _____ natural _____ during _____?

_____ steps _____ I take _____ pressure problems _____ cold _____?

Is it _____ to _____ the cold _____ season?

_____ can _____ prevent _____ troubles _____ winter?

_____ I _____ pressure troubles _____ winter?

_____ low/high-pressure problems _____ peak usage?

What _____ to keep _____ or _____ problems _____ of winter?

_____ can _____ prevent high- _____ low-pressure _____ the winter _____?

What can _____ done _____ avoid pressures during _____?

How _____ pressure problems be prevented during _____ usage _____?

Is there _____ I _____ to _____ highpressure problems _____ winter?

How _____ you keep _____ problems _____ my _____ usage?

_____ pressure problems in the winter?

How to keep _____ bay _____ winter?

_____ I _____ high _____ low-pressure problems during _____ cold _____?

_____ do _____ prevent _____ high-pressure _____ from occurring in _____ winter?

Is _____ to stop high-pressure _____ when _____?

In _____ can you _____ issues?

Can _____ stop high _____ issues when _____ cold?

_____ there a _____ to make _____ don't happen during winter?

_____ avoid low/high-pressure troubles _____.

Is _____ halt pressure _____ in _____?

How can I make _____ high _____ problems _____ during peak _____ times?

_____ there _____ to prevent _____ problems _____ winter?

_____ can I do _____ keep high _____ from _____ during the _____?

_____ I keep high- _____ low-pressure _____ happening _____ cold _____ months?

How _____ you _____ pressure _____ from _____ my _____ use?

_____ winter months, _____ can I _____ or high-pressure problems?

During _____ can _____ prevent _____ problems?

Which _____ measures can be taken to _____?

Is _____ way to _____ low or high-pressure _____ don't happen _____?

During the _____ what _____ I _____ to _____ low or _____?

_____ you avoid peak _____ during _____?

_____ prevent high- or _____ problems _____ winter months?
