

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Product specifications and features request
Inquiry Sub-Category	Integration with third-party applications
Description	Customers ask if the telecommunications equipment can integrate with other software or applications they currently use, such as CRM systems or call center software.
Data Size	5,111 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Are there _____ in _____ this equipment with _____ business systems _____ on a _____ basis?
 _____ there any _____ on integration _____ gear _____ daily _____?
 There _____ whether _____ with other business _____ that we use.
 _____ combine this equipment with our _____ tools?
 Does _____ make _____ hard _____ integrate with our regular _____?
 _____ this equipment _____ any _____ in terms _____ with other business _____ on _____?
 Is _____ any restriction in _____ equipment _____ business _____?
 Do you think it _____ this equipment with _____ rest _____ daily business _____?
 Are there _____ with _____ of _____ systems we _____ on a daily _____?
 _____ any _____ to integration _____ this equipment _____ other _____ systems?
 There _____ a _____ whether _____ equipment _____ compatible _____ other _____ systems that _____ everyday.
 _____ possible to _____ equipment with other business systems _____ day to _____?
 _____ integrating gear with daily _____?
 Is there _____ limit to _____ sync of _____ our _____?
 _____ we put this _____ with _____ business _____?
 _____ the _____ limitations for integrating this equipment _____?
 Might there be problems _____ with _____ of _____ operations?
 _____ any _____ the _____ of _____ with the other systems that we _____?
 _____ we fit _____ equipment _____ our _____?
 Can _____ integrated _____ components of our day _____ day operations?
 There _____ be restrictions _____ linking _____ existing _____ software.
 _____ there _____ issues _____ incorporating this equipment _____ our _____?
 There _____ any restrictions _____ this _____ business software?
 Is _____ going _____ problems _____ with our regular business _____?
 Is _____ to _____ this _____ our current _____ systems?
 _____ is _____ question about compatibility _____ systems _____ we _____ a _____ in and day out.
 Do you _____ there _____ this equipment with _____ rest of _____ systems?
 _____ any obstacles _____ combining this _____ into _____ business _____?

_____ equipment _____ with _____ business systems?
 _____ restrictions on the use _____ this _____ in _____ systems?
 _____ any _____ the integration of _____ with business _____?
 _____ we _____ limitations in _____ equipment _____ other business systems?
 Is there any _____ gear with daily _____?
 _____ integrating this _____ with other _____ parts of our _____ operations.
 What limitations _____ for _____ our current _____ systems?
 What are _____ for _____ this _____ into our business _____?
 _____ this _____ with _____ parts _____ day-to-day operations _____ be difficult.
 There are _____ merging _____ machinery _____ everyday running of _____
 What limits exist _____ integrating _____ systems?
 Are _____ any _____ this _____ our business systems?
 Can _____ this with our _____?
 _____ we be _____ to _____ this _____ into _____ business _____?
 Can we _____ equipment _____ our _____ business _____?
 There _____ a question _____ compatibility _____ equipment _____ systems we use.
 Can this gear _____ with _____?
 _____ there _____ with _____ of the _____ with other business _____?
 Are there _____ issues with integration with _____ business systems _____?
 _____ there _____ when _____ this equipment with the daily-use _____?
 _____ any _____ that would impede the integration of this device into our _____?
 Are there _____ challenges _____ incorporating _____ equipment into _____ daily _____?
 Can _____ equipment _____ with _____ our daily systems?
 Any constraints on _____ this _____ with _____ daily business _____?
 Will _____ be boundaries _____ this _____ with other _____?
 _____ is _____ question _____ equipment _____ with other business systems _____ use.
 _____ question _____ the compatibility _____ the equipment with _____ systems.
 Issues hooking _____ into _____ systems?
 _____ you _____ of _____ might _____ the integration of _____ device into _____ operations?
 _____ be restrictions when _____ this _____ business software.
 _____ integrated gear _____ use systems?
 _____ is a _____ regarding whether _____ compatible with other _____.
 Is _____ possible _____ put this equipment in _____?
 There may be difficulties _____ merging this _____ everyday _____.
 Can we _____ this _____ our daily _____?
 _____ this equipment hamper our integration _____ our _____?
 _____ think _____ integration of _____ with the rest of _____ systems _____ be _____?
 _____ the limitations of _____ equipment _____ business systems?
 _____ there _____ on incorporating _____ equipment _____ our _____ systems?
 What _____ the limitations in integrating _____ our _____?
 Can we integrate _____ with _____ platforms?
 Will _____ integration _____ this equipment with _____ business systems _____ any _____?
 _____ constraints _____ we _____ this _____ with our _____ business systems?
 _____ equipment cause any _____ to our _____ business _____?
 Can this _____ be _____ with _____ other daily _____?
 There _____ or not _____ is _____ with other business systems that we _____.
 _____ is a _____ whether the equipment is _____ with _____.
 Will there _____ restrictions _____ how we _____ equipment with our _____?
 Any constraints that may _____ integration _____ device _____ our _____ operations?
 Problems integrating this _____ our _____?

_____ we _____ any problems hooking _____ our systems?

_____ integrate _____ with our business _____?

Can _____ with our _____ systems?

_____ is _____ question regarding _____ the _____ is compatible _____ business _____ we use _____.

_____ be restrictions when _____ this equipment to our _____?

Do you know _____ impede _____ of this device _____ our operations?

Is _____ to link this _____ systems _____ the company?

Does this _____ have issues _____ integration with _____ business _____ basis?

There _____ question if the _____ is _____ other business systems _____.

_____ might impede the integration _____ this device _____ the business _____?

Are our existing _____ to _____ this _____?

_____ integrate this equipment _____ everyday _____ tools?

Any constraints _____ impede the _____ into our existing _____ business system _____?

_____ this _____ work with our _____.

_____ you think _____ equipment can be _____ other daily _____?

_____ equipment _____ with other business systems _____ on _____ daily basis?

_____ issues with integrating this equipment with _____ systems _____?

_____ integrate _____ with our _____ daily-use-business-systems?

_____ it difficult to integrate with our _____?

There _____ any _____ in combining _____ equipment _____ our _____.

_____ possible _____ incorporate _____ into our day _____ day business _____?

_____ equipment going _____ a problem _____ with our _____ systems?

_____ be constraints integrating _____ with _____ business systems?

_____ think there _____ be any difficulties integrating _____ equipment _____ the _____ systems?

_____ is _____ question _____ the _____ is compatible _____ other business systems _____.

_____ some _____ integrating this equipment into _____ systems?

_____ link _____ our daily _____ systems?

Can we _____ equipment _____ our everyday _____?

_____ you _____ it _____ be _____ integrate this equipment with _____ systems?

_____ may be _____ integrating _____ vital components of _____ day _____ day operations.

_____ integration _____ this equipment _____ business systems have _____?

Is _____ this equipment into our _____ systems?

Can _____ with this _____ and our _____ daily-use-business-systems?

_____ of _____ with _____ daily _____ systems?

_____ any restrictions when connecting _____ equipment with the _____ use _____?

Can _____ integration of _____ cause _____ conflict _____ business tools?

_____ when incorporating this equipment into our _____?

_____ the integration _____ cause _____ with our _____ business tools?

_____ there _____ with hooking _____ into _____ systems?

Any _____ gear _____ daily use _____?

_____ we _____ this _____ with our _____?

_____ the _____ when it _____ combining this contraption _____ systems?

_____ there any _____ this equipment into _____ systems?

Can the _____ into _____ systems?

_____ there _____ issues with _____ of _____ with _____ systems that we _____?

Is this _____ to cause _____ our _____ business _____?

_____ equipment _____ any limits _____ integration with _____ systems?

There could _____ on linking up _____ to _____.

Can our _____ accommodate _____?

_____ there restrictions _____ the use _____ equipment _____ our business _____?

____ this equipment be integrated ____ vital components of ____ ?
 ____ be compatible ____ other business systems ____ use?
 Does this ____ fit ____ business ____ ?
 Will ____ issues ____ this ____ our business systems?
 ____ there issues ____ with other ____ systems ____ this ____ is connected to ____ a ____ ?
 Do ____ know if there ____ any constraints ____ impede ____ integration ____ into our ____ operations?
 ____ this ____ cause any problems ____ with our ____ ?
 Is ____ issues in ____ integration ____ business systems on a ____ ?
 ____ are the integration issues with ____ business ____ this ____ is ____ ?
 ____ a problem hooking this ____ into our ____ ?
 Is ____ to cause issues connecting with ____ business ____ ?
 Is ____ difficult ____ put this ____ our business ____ ?
 ____ this ____ make ____ difficult to integrate ____ systems?
 There is a question ____ compatible with other systems ____ .
 ____ equipment ____ synchronized ____ business systems?
 There ____ hurdles in combining ____ into our ____ .
 ____ integrating this ____ our daily ____ systems?
 ____ equipment ____ used to integrate ____ regular ____ systems?
 There is ____ to ____ or not the ____ is ____ business systems ____ use.
 ____ you ____ there are ____ issues ____ this ____ the rest ____ our ____ systems?
 ____ mesh ____ daily business systems?
 ____ equipment going ____ cause any trouble connecting ____ our ____ ?
 Are ____ any ____ may impede the ____ this device into ____ used business system ____ ?
 ____ any ____ on using ____ equipment ____ our business systems?
 Can the equipment work with ____ a ____ ?
 ____ this device can ____ linked ____ business software?
 Do ____ any ____ integrating ____ equipment ____ rest of the business ____ ?
 ____ there a limit ____ aligning this ____ with ____ ?
 ____ there be ____ equipment being connected ____ the business ____ ?
 ____ this ____ used with our regular ____ ?
 Does ____ equipment have ____ limitations when ____ comes ____ systems?
 Is ____ difficult for us ____ this ____ to ____ software?
 ____ any restrictions integrating ____ with ____ use ____ ?
 Do we ____ integrating this equipment into ____ systems?
 ____ equipment able to ____ regular ____ systems?
 Is ____ a ____ integrating this ____ with ____ vital parts ____ operations?
 Does ____ can ____ with ____ regular ____ systems?
 ____ this ____ any limitations ____ to our regular business ____ ?
 Is it possible ____ integrate this ____ critical ____ of ____ operations?
 ____ with integrating this product ____ current daily-use-business-systems?
 ____ there any issues in terms ____ integration ____ business ____ this ____ is ____ ?
 ____ there ____ the ____ being linked to ____ software?
 Is there ____ restrictions ____ incorporating ____ equipment into ____ ?
 ____ we ____ this equipment ____ our current business ____ ?
 There ____ question ____ whether the equipment is ____ with ____ .
 Integrating this ____ other vital parts of ____ operations could ____ .
 ____ the catch when it ____ this device ____ our ____ systems?
 Is it ____ to ____ equipment ____ our ____ tools?
 There is ____ equipment is compatible with ____ systems that ____ use ____ .
 Is ____ equipment ____ a problem ____ with ____ business systems?

_____ restrictions on _____ this equipment _____ business systems?

Can we integrate _____ equipment _____ our _____?

_____ possible _____ the equipment _____ integrated with our _____ systems?

Can _____ use _____ gear _____ our _____?

There _____ as to whether _____ equipment is _____ with _____ we use on a _____ basis.

There are any _____ integrating _____ equipment _____ software?

Blending this _____ other _____ systems could be _____?

_____ equipment _____ or _____ compatible with other _____ systems _____ on _____ daily basis.

_____ the _____ have limitations _____ comes _____ connecting _____ our regular business _____?

Can _____ on incorporating _____ equipment into our _____?

Can _____ any restrictions when _____ business software?

There _____ question about _____ the _____ is _____ systems we use

Is it _____ this equipment with _____ systems _____ daily basis?

Any restrictions on _____ of _____ device to _____?

What _____ the catch if _____ this _____ daily _____ systems?

There _____ this device to business software.

_____ you know _____ any _____ may _____ the integration of _____ device into the _____ system?

_____ it possible _____ can _____ this _____ our daily business _____?

_____ the _____ comes to _____ this contraption and our daily _____?

Can _____ equipment work _____ systems on _____ basis?

_____ linking _____ this device with existing business software?

_____ any difficulty _____ equipment with our _____ systems?

There is a _____ equipment _____ with other _____.

_____ are the constraints _____ integrating this _____ other _____?

_____ be connected with our _____ systems?

Will _____ any restrictions _____ connecting this equipment _____ systems?

Are _____ any _____ this _____ our business systems?

Is it _____ problem _____ into our _____?

What's the catch _____ combine _____ our _____ business systems?

Is _____ integrating this equipment with _____ business _____ on a _____?

Will there _____ restrictions _____ connecting this _____ with _____ systems?

_____ know if there _____ constraints _____ may _____ the integration _____ device into _____ operations?

_____ are any constraints on integrating _____ with our _____.

_____ limitations _____ when it _____ to _____ this _____ into _____ systems?

_____ restrictions _____ with daily systems?

_____ equipment be _____ daily with _____ systems?

_____ are _____ constraints _____ this _____ daily business systems.

Will _____ be restrictions _____ we connect _____ equipment with _____?

There _____ be _____ integrating _____ equipment with other _____ operations.

_____ the _____ of this _____ with _____ business systems have _____?

_____ there any _____ in _____ of this _____ with _____ that _____ use?

_____ constraints _____ integration _____ this equipment with _____ business systems?

_____ the _____ of this equipment _____ problems with our _____?

Is _____ any constraints on _____ integration _____ device _____ business _____?

_____ you _____ this equipment _____ be compatible with the _____ of _____?

Are there _____ constraints on _____ integration _____ this _____ business systems?

Are there _____ integration of _____ equipment into _____ systems?

_____ possible _____ this equipment _____ our existing business _____?

Blending this _____ work _____ be difficult?

There _____ a _____ the equipment's _____ business _____ we _____ a daily basis.

____ integration ____ this ____ everyday ____ systems hampered by ____ constraints?
 ____ problems Blending ____ with other systems?
 Are there ____ constraints on ____ equipment ____ business systems?
 Is it possible ____ equipment ____ integrate ____ the ____ business systems?
 There ____ difficulties merging this machinery ____ day ____ day ____ of ____.
 When connecting this ____ with our ____ use ____ there be ____?
 Is there any ____ equipment with our regular ____?
 Can ____ equipment ____ with our ____?
 ____ the ____ this equipment ____ business systems ____ limitations?
 Is ____ of this equipment with ____ business systems?
 Are there ____ issues ____ integrating ____ other ____ systems?
 What ____ for ____ into our business ____?
 Will there ____ restrictions when ____ this ____ to ____ systems?
 ____ have constraints integrating this ____ our ____ business ____?
 ____ we have constraints ____ this equipment ____ our ____?
 Are ____ in integrating this ____ with ____ of the ____ systems?
 Do we ____ ability to ____ equipment with our ____?
 ____ there ____ connecting this equipment ____ the daily-use ____ systems?
 Is this equipment ____ systems?
 Do ____ think that ____ this ____ the rest ____ the business systems ____?
 What ____ can ____ have ____ integrating this ____ systems?
 Does this equipment have ____ comes ____ business systems?
 ____ there any limitations ____ integrating ____ with ____ systems ____ use?
 Can this equipment ____ into the existing ____?
 Can ____ integrate this ____ business tools.
 There ____ question of ____ equipment ____ other ____ systems we use.
 What ____ the limitations ____ equipment ____ business systems?
 Can ____ cause any trouble ____ to ____ regular ____?
 ____ you think that ____ the ____ of our systems ____ difficult?
 ____ equipment will be compatible with the rest of ____?
 ____ we ____ aware of any constraints ____ the ____ of ____ our existing business operations?
 Integrate this ____ systems?
 Is it ____ restrictions on incorporating ____ into ____ existing business ____?
 Does incorporating ____ equipment into our ____ cause ____?
 ____ is a ____ pertaining ____ the compatibility of the ____ with ____.
 ____ it difficult to ____ the equipment into ____?
 ____ restrictions when connecting this ____ business systems.
 Do ____ will ____ this equipment to ____ with ____ business systems?
 ____ to combine this ____ with ____ business software?
 Is there a problem ____ into ____ business ____?
 There ____ a ____ the compatibility of ____ other ____ systems.
 Is it possible ____ other business ____ on a ____ basis?
 ____ are the ____ integrating equipment into ____?
 Might ____ be ____ this gear ____ other systems?
 ____ it have ____ it ____ to integrating with ____ regular ____?
 ____ we put this ____ business ____?
 Does the equipment ____ any ____ when ____ to ____ business systems?
 ____ this ____ be able ____ connected ____ business systems?
 Can the ____ with our ____?
 Integrating ____ with ____ business systems ____ be problematic.

Does _____ limitations _____ it _____ connecting with our regular business _____?

There are possibilities _____ difficulties _____ the everyday _____ businesses.

There _____ compatibility _____ this _____ and our _____ daily-use-business-systems.

Does the _____ this equipment _____ everyday _____ pose _____ constraints?

_____ know _____ constraints _____ the integration _____ this device into _____ existing daily-used business _____ operations?

Do we have _____ into our _____ systems?

_____ be restrictions _____ this equipment into _____ existing business _____.

Can our business _____ equipment?

_____ we be aware _____ constraints that _____ the integration of _____ into our _____?

Is _____ make it _____ to connect _____ our business _____?

Does _____ make _____ to connect to our _____ systems?

_____ the deal with _____ contraption with _____ daily _____?

_____ there _____ restrictions on _____ this device _____ existing _____?

Is _____ possible _____ put _____ equipment _____ business systems?

_____ do _____ incorporate _____ equipment into _____ business systems?

_____ we _____ any problems with _____ this _____ into our _____?

How can _____ equipment be _____ our _____ systems?

_____ is the _____ when _____ combine this contraption _____ our _____?

_____ the _____ of _____ cause any _____ in our _____ business _____?

Can this _____ be _____ daily-use business _____?

Can there _____ with _____ current _____?

_____ this equipment with _____ business _____?

Will _____ be _____ issues _____ this _____ into our _____?

Will _____ be any _____ on connecting _____ with _____ business _____?

_____ hard to put _____ equipment _____ current business _____?

_____ our _____ be integrated _____ equipment?

Are there _____ with _____ this _____ other systems we _____?

Is the _____ compatible _____ business _____ we _____ a _____ basis?

There is a question _____ the _____ systems _____ we _____ daily.

_____ may _____ some _____ integrating this _____ with _____ vital parts _____ day-to-day _____.

What _____ integrating this equipment into _____ existing business _____?

_____ to incorporate this _____ our everyday business _____?

_____ business systems _____ any _____ integrating _____ equipment?

Is _____ in incorporating this equipment _____ our _____?

There is _____ of if the _____ is _____ other _____ use.

There may be _____ equipment _____ our systems.

_____ use _____ our daily _____ systems?

Does _____ when it _____ integration with _____ regular business systems?

Is _____ possible _____ will _____ problems connecting to _____ regular _____ systems?

Is it _____ for this equipment _____ business _____?

_____ we _____ this equipment _____ existing business _____?

Can we integrate _____ equipment _____ daily _____?

Does _____ any limitations _____ to integrating _____ regular business systems?

Can _____ include this _____ platforms?

Do you _____ if there are _____ that might affect _____ device _____ our _____ operations?

_____ this equipment _____ integrated _____ other _____ day-to-day operations?

_____ there any _____ with our daily _____ systems?

_____ equipment _____ compatible with our _____ business _____?

_____ this equipment be _____ other _____ systems?

What _____ of integrating this _____ with _____ business systems _____ basis?

_____ compatibility issues _____ daily-use-business systems?
 Might _____ some _____ equipment with other _____ components?
 _____ this _____ of being integrated with other _____ systems?
 _____ possible constraints to integrating _____ equipment _____ systems.
 _____ about whether _____ with other systems that we use _____ business.
 Do you think _____ difficult _____ this _____ with the rest _____ systems?
 _____ issues in terms of _____ of the _____ with _____ business _____?
 Is it _____ combine the _____ other _____ systems?
 _____ this _____ into our _____ business _____ possible?
 _____ able to integrate _____ our daily systems?
 Is it possible to _____ with _____ systems on _____ daily _____?
 Is _____ equipment _____ our daily _____.
 _____ a question regarding whether _____ business systems we use.
 _____ this equipment work _____ equipment?
 _____ you believe this _____ can be integrated _____ the _____ business _____?
 _____ is a _____ the equipment _____ compatible with other business _____ use _____.
 Is this equipment _____ business _____?
 _____ know _____ constraints that may impede the integration _____ business system operations?
 _____ we add _____ to _____ business _____?
 Can _____ equipment be _____ into _____ systems?
 Can this gear _____ daily _____?
 Is connecting _____ our regular _____ softwares _____?
 _____ the limitations _____ integrating _____ equipment into our _____?
 _____ problems integrating this equipment into our _____?
 It _____ question _____ the equipment _____ with other _____ that we _____.
 _____ are _____ able to _____ this _____ our _____ business systems?
 On _____ daily _____ are _____ this _____ with other business systems?
 _____ equipment restrict _____ with _____ other _____?

 Is there _____ restriction _____ this _____ in our _____ systems?
 _____ there be any _____ connecting this _____ our _____?
 _____ you _____ can be _____ the rest of _____ used business systems?
 Can the _____ business systems?
 Is _____ this equipment with _____ by any constraints?
 _____ any restrictions _____ linking _____ to other _____ software?
 _____ is _____ question about whether _____ works with other _____ we _____.
 We _____ for integrating _____ equipment into our business _____.
 Is _____ possible for this _____ integrate _____ our _____ systems?
 _____ are _____ problems _____ equipment into _____ business systems?
 _____ might _____ some _____ this equipment _____ of our day-to-day operations.
 _____ are some _____ incorporating _____ equipment into _____ current _____ systems.
 _____ happens when _____ combine _____ contraption _____ biz systems?
 _____ you _____ it will _____ to integrate _____ the _____ of _____ business systems?
 _____ this equipment _____ fit into _____ business systems?
 Does using this _____ cause problems for _____ other _____ our _____?
 _____ there be _____ regarding _____ equipment _____ daily-use business systems?
 Is it _____ with our _____ systems?
 What limitations _____ it _____ to integrating _____ into our systems?

What _____ integrating _____ equipment into our business _____

Is there any _____ this equipment with _____?

Is _____ of _____ equipment with our _____ systems _____ by _____?

_____ there limitations to the _____ of _____ with _____ systems?

_____ constraints relating _____ equipment _____ daily _____ systems?

Will _____ any _____ this equipment _____ business software?

_____ be integrated with our _____ every day?

_____ work with our daily _____?

_____ there constraints that _____ us _____ connecting _____ our _____ business softwares?

_____ equipment able to work with _____ regular _____?

Are there _____ on incorporating _____ into our _____ systems?

_____ are the _____ to _____ equipment _____ our business _____?

_____ there any _____ that _____ the _____ of this _____ into _____ business _____?

Can _____ equipment with _____ business _____ daily?

Is this _____ able _____ work _____ business _____?

Can this _____ cause _____ connecting _____ our _____ systems?

_____ using _____ with _____ use systems?

Do _____ integration _____ equipment with our systems?

_____ device _____ our regularbusiness _____ hard?

_____ about _____ constraints _____ may impede the _____ device into _____ existing daily _____ system operations.

_____ equipment be _____ with our _____?

Can _____ equipment _____ with the _____ the daily _____?

_____ equipment may _____ may _____ compatible with _____ business systems that _____.

_____ integrating _____ equipment with _____ business systems?

Is _____ to integrate this equipment with _____ vital _____ day operations?

_____ any issues with integrating _____ equipment _____ on a daily _____?

_____ equipment make it difficult to _____ it to _____ systems _____ our _____?

_____ this _____ used _____ our _____ business systems.

Is _____ equipment going _____ cause _____ connecting _____ our _____ business _____?

Will _____ when _____ equipment _____ our daily use business _____?

_____ the equipment allow for _____ our _____ business _____?

_____ there _____ restrictions _____ daily systems?

_____ you _____ there will be _____ this _____ with _____ business systems?

What's the catch _____ combine this _____ our _____ systems?

_____ it feasible _____ integrate _____ equipment with other business _____ a _____?

Are _____ integration _____ other business systems _____ equipment _____ to daily?

_____ is _____ regarding compatibility _____ other _____ systems we use _____.

_____ possible to integrate _____ other critical components _____ our _____ operations?

_____ use this _____ conjunction _____ our _____ business systems?

_____ the _____ this equipment _____ our business systems _____ any _____?

Can _____ equipment be _____ the _____ systems?

Are there _____ this equipment with _____ software?

_____ when _____ this contraption _____ daily biz systems?

_____ are _____ limitations for integrating _____ into our _____.

What are _____ integrating this _____ our _____ systems?

Could _____ components _____ compatible _____ routine business _____?

_____ some constraints on _____ of this equipment _____ our _____ systems.

_____ this _____ compatible with our _____ everyday _____?

Is it _____ integration _____ device into _____ system operations _____ be hampered?

_____ constraints _____ might _____ device into our business system operations?

_____ there any _____ that _____ impede the integration of this _____ business _____ operations?
_____ a problem to mix _____ stuff _____ our everyday _____ machines?
Are there any _____ with daily _____ systems?
_____ combined with _____ daily business systems?
Does use _____ equipment _____ difficult _____ it to other _____ in our _____?
There may be _____ on _____ use _____ in our _____.
Any issues getting _____ business _____?
_____ you _____ of _____ that might impede the integration of _____ device _____ daily _____ system operations?
_____ constraints _____ may affect _____ integration _____ this _____ into _____ daily _____?
What _____ catch when _____ combining _____ with our _____ biz systems?
_____ is a question _____ the equipment is _____ other _____ systems _____ a day _____ day _____.
_____ be _____ boundaries for aligning _____ device with other _____?
There may be some _____ with _____ components _____ day to _____ operations.
_____ the _____ this equipment with our _____ business _____?
Is _____ any _____ integration _____ other systems?
_____ a problem integrating this equipment with _____?
Are _____ limitations to _____ equipment _____ existing business systems?
Is there _____ with the _____ equipment _____ business systems?
_____ on integrating gear _____ daily use systems?
Does _____ equipment have issues _____ with _____ business _____?
_____ might _____ restrictions _____ this equipment _____ our _____ systems.
Any limits _____ gear _____ daily use systems?
_____ this equipment to our _____ will there _____?
What _____ are in _____ to _____ this _____ our business _____?
Can we integrate _____ equipment _____?
_____ this _____ be _____ with our _____ tools?
Does this equipment impede _____?
Is _____ problem _____ this equipment _____ other systems?
_____ this _____ have _____ comes to business systems?
Is it difficult _____ this _____ with _____ on _____ daily basis?
Does having constraints affect the _____ this _____ business _____?
_____ is a question of compatibility _____ the _____ other _____.
_____ integrate _____ equipment _____ our _____ business systems?
Is _____ restrictions on _____ business systems?
_____ we _____ into _____ gear with other systems?
There _____ up _____ device to business software.
Can we integrate this _____?
_____ there be any _____ the _____ being _____ business systems?
Do you think _____ equipment can _____ with _____ rest _____ business _____?
_____ restrictions on linking _____ device to _____ software?
_____ is _____ the equipment _____ with _____ business systems we use _____ daily _____.
_____ we _____ equipment with _____ other business _____?
Do you _____ trouble hooking _____ equipment _____ our _____?
Do _____ we'll be _____ integrate _____ with the _____ the business systems?
What are _____ on _____ up _____ to _____ software?
Are we _____ integrate _____ equipment with _____ systems?
Will _____ integration _____ cause any _____ our business tools?
_____ integrating _____ with _____ use systems?
_____ integration _____ equipment _____ hampered by any constraints?
Do _____ think _____ will be _____ integrating _____ with the _____ of our _____?

_____ a _____ compatibility of equipment _____ business systems.

There is a question relating _____ equipment is _____ with _____.

Is _____ compatible with the rest _____ daily used _____?

_____ there any _____ on _____ device _____ linked to _____?

What are _____ issues _____ into _____ business systems?

Can _____ integration _____ equipment cause any _____ with our _____?

_____ question regarding whether _____ is compatible with _____ business _____ use.

What is it _____ combine _____ with our daily business _____?

Is there _____ integrating this equipment with _____?

Does this _____ in terms _____ integration _____ business _____ a daily basis?

_____ this _____ with other _____ parts _____ day-to-day operations possible?

_____ impede the integration of _____ equipment _____ our _____ systems?

_____ this equipment be _____ other _____ systems _____ use _____ a _____ basis?

There _____ a question about compatibility _____ with _____ business systems _____ we use _____.

There may _____ restrictions in incorporating _____ systems.

_____ limitations exist for integrating _____ equipment _____ our _____?

_____ challenges in _____ equipment _____ our business software?

_____ be _____ on _____ of this equipment with our _____.

_____ is a _____ as _____ equipment is compatible with other _____ systems _____ on _____ in and _____ out.

_____ you _____ the integration _____ with other business systems _____ difficult?

How _____ this _____ be _____ other _____ systems on a _____?

Do _____ of _____ might prevent the integration of this device _____?

_____ integration of this _____ our _____ systems _____ in question.

_____ this _____ used with our _____ everyday?

Do _____ know _____ any constraints _____ affect _____ this _____ our daily operations?

Is there _____ restrictions on _____ equipment _____ systems?

Can _____ with our _____ business tools?

_____ possible to integrate _____ equipment _____ our existing _____.

_____ is the catch about _____ with our _____ systems?

_____ the integration of this _____ business _____ suffer?

_____ possible _____ integrate _____ equipment with _____ business tools?

_____ is a question of _____ with _____ we use every _____.

_____ is _____ question _____ equipment _____ with other business systems _____ we use.

_____ equipment _____ problems _____ to our regular business _____?

_____ it possible _____ integrate _____ equipment with _____ rest _____ our daily-used _____?

Can _____ be used with the _____?

What do we _____ about the limitations of _____ our _____?

_____ a question _____ whether the equipment is _____ with _____ business _____.

_____ equipment _____ any _____ integrating with _____ business _____ a daily basis?

Is the _____ cause trouble _____ regular business systems?

_____ limitations on integrating gear with _____ systems?

_____ this _____ have _____ in _____ with our other systems?

Does this equipment _____ systems?

Is _____ constraints integrating _____ equipment _____ business systems?
