

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Requests for energy-saving tips or recommendations
Inquiry Sub-Category	Lighting options
Description	Customers ask for suggestions on energy-efficient lighting choices, such as LED bulbs, to reduce their electricity usage.
Data Size	5,703 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What are the benefits of _____ bulbs over _____ incandescent _____ of _____?

Is there _____ to _____ efficiency _____ we _____ LEDs?

Does using _____?

_____ terms _____ energy _____ are the _____ using LED bulbs?

Does _____ LEDs _____?

_____ tell _____ lights _____ more power?

_____ do _____ think _____ use _____ bulbs _____ old fashioned ones?

Does _____ use less energy _____?

_____ know _____ LED lights _____ more _____ than _____ lightbulbs?

_____ the advantage _____ get from _____ instead of _____ incandescents?

Does led bulbs _____ incandescent bulbs?

_____ there _____ to using _____ bulbs _____ of incandescent _____?

_____ by using LED lighting?

How _____ save more _____ old ones?

Is _____ bulb _____ surpasses traditional incandescent _____ terms _____ energy saving?

_____ bulbs _____ energy-saving?

How _____ lamps _____ electricity _____ costs when _____ old-fashioned incandescents?

Does changing _____ LEDs _____?

Does switch _____ result in _____?

_____ tell me the advantages _____ incandescent _____ to LEDs _____ better _____ efficiency?

Are LEDs _____ than traditional _____?

Is it _____ to LEDs _____ energy _____?

Do LED _____ in _____ of saving _____.

What is _____ advantage of _____ over _____ incandescents?

Tell _____ LEDs instead of regular bulbs.

_____ the _____ energy than the _____?

Does _____ LEDs _____ energy _____?

_____ it better to use _____ bulbs _____ ones _____ efficiency?

Will _____ cut _____ on energy _____?

_____ bulbs _____ less energy _____ traditional _____.

I _____ to know _____ bulbs _____ with _____ savings.

If we _____ traditional incandescent bulbs _____ any benefits?
 _____ wonder _____ LED _____ use less electricity _____ old _____.
 _____ economic advantages _____ using LED over incandescent _____?
 Is _____ possible _____ use _____ instead of regular _____ for _____?
 From _____ are the advantages _____ led bulbs _____ traditional ones?
 I _____ how using LED bulbs _____ in _____ of energy _____.
 _____ you tell _____ the advantages _____ from incandescent bulbs _____ LEDs?
 When it _____ overall electricity _____ do _____ to traditional lightbulbs?
 Can you _____ us _____ about _____ of using LEDs _____ of _____?
 Is _____ more effective at _____ down on electricity _____?
 Does _____ energy costs if you _____?
 _____ using _____ for _____ than regular bulbs?
 _____ there advantages to using _____ terms _____ energy?
 _____ LEDs over conventional _____ good for _____ usage?
 How do LEDs _____ more _____ than the _____?
 Is there _____ using eco-friendly LEDs instead _____?
 Is _____ a _____ using _____ bulbs _____ energy savings?
 Does LEDs _____ more _____ incandescents?
 Is _____ LEDs _____ than using traditional bulbs?
 _____ switch _____ LEDs _____ energy?
 _____ how choosing LEDs can save more _____.
 _____ top _____ by savings?
 _____ you _____ about _____ advantages of _____ from _____ bulbs to _____ devices?
 _____ bulbs save more _____ regular ones?
 _____ there a _____ highlight how _____ is more _____ efficient _____ incandescent ones?
 How much _____ save _____ replacing regular bulbs _____ emitting _____?
 _____ can _____ by replacing _____ incandescents with LEDs?
 _____ advantages to using _____ lightbulbs _____ terms of _____ usage?
 _____ how using LED _____ helps in terms of energy _____.
 _____ would _____ to know _____ LEDs can _____ more _____ than _____ lights.
 Do LEDs _____ greater _____ than _____?
 Is _____ LED bulbs _____ efficient _____ incandescent bulbs?
 Do you know _____ using _____ can _____?
 Will LEDs cut down on _____ bulbs?
 I _____ like _____ know _____ there _____ savings _____ my _____ bill with LED _____.
 Is it true _____ LED _____ over normal _____?
 Is _____ use _____ LEDs _____ energy efficient _____?
 _____ to understand how _____ LEDs _____ save _____ energy _____ traditional incandescent _____.
 What _____ LED lamps _____ electricity _____ money _____ old-fashioned incandescents?
 _____ are the _____ of LED _____ over _____?
 Do you have an idea _____ the _____ changing _____ bulbs _____?
 _____ interested in _____ advantages: LEDs _____.
 _____ advantage of _____?
 Can _____ tell me how _____ of LEDs surpasses the _____ for _____ savings?
 Can you tell me the _____ LEDs _____ of _____?
 Is _____ better _____ efficiency with LED _____?
 Can you tell me _____ LEDs _____ saving power _____?
 Does LEDs _____ more _____ lightbulbs?
 _____ have _____ question about _____ much _____ save by changing _____ LEDs.
 _____ LEDs _____ a bigger savings _____ electricity _____ lamps?

Is it _____ switch _____ greater _____ than traditional _____?

Are _____ that _____ be _____ electricity with the use of LEDs?

_____ LEDs more effective at _____ electricity _____ regular _____?

I'd _____ to _____ choosing _____ can _____ more energy than _____ do.

What do _____ think about using led bulbs _____?

There _____ energy- _____.

_____ it _____ energy by replacing _____ lightbulbs _____ LED ones?

Is _____ more _____ than _____ ones?

_____ there _____ specific benefit _____ if we switch _____ LEDs?

_____ what _____ do LED _____ perform _____ than old-fashioned _____ terms _____ saving _____ and costs?

What is _____ why LEDs _____ more efficient _____ incandescents?

_____ are some of _____ of using LEDs _____ of _____?

When _____ comes to _____ lightbulbs compare to traditional _____

_____ bulbs _____ in terms of _____ incandescent ones?

_____ the _____ to LEDs _____ costs?

How _____ bulbs _____ more _____ the old ones?

What _____ advantages of _____ eco-friendly _____ of wasteful _____?

_____ it _____ better _____ to _____ LEDs _____ energy efficiency?

_____ using LEDs _____ energy _____ a _____?

What do _____ about the _____ of _____ in _____ of _____?

There are _____ using LED lightbulbs can _____ electricity _____.

I _____ like to _____ LEDs helps _____ terms _____ savings.

_____ can the use of LEDs _____ savings _____ incandescent ones?

_____ are _____ versus incandescents.

I _____ to understand _____ choosing _____ can save energy _____.

_____ there a better _____ to conserve _____ to _____ incandescent _____ to LED?

_____ bulbs _____ energy saving _____ traditional _____ bulbs?

_____ the difference between _____ lightbulbs when _____ to _____ electricity consumption?

Is LED bulbs _____ incandescents?

_____ the advantages of LED _____ incandescent?

Are _____ lights better _____?

Is LED _____ saving energy?

What _____ do _____ save energy?

In _____ can LED lamps _____ more energy efficient _____ old _____?

There _____ to LED _____ incandescent _____.

_____ to _____ how _____ I can save if _____ LED bulbs.

Information _____ energy-saving _____ LEDs _____.

I was wondering _____ the _____ of LEDs _____.

Are _____ to using LEDs instead of _____?

Is it possible to _____ LED _____ beats traditional _____ in _____ savings?

_____ you _____ the _____ save power?

Can you tell me _____ the _____ that _____ using LEDs _____ incandescent _____?

_____ certain _____ that can be _____ to _____ electricity with _____ use of _____.

Are there advantages _____ using _____ instead _____ regular _____ power _____?

Are _____ effective in _____ down on _____ bills _____ bulbs?

_____ at _____ electricity bills than _____ bulbs?

Can you tell _____ how I _____ my _____ LEDs?

Do _____ any ways that _____ saves _____ electricity _____?

_____ possible _____ save energy with _____ switch _____ compared to _____ lightbulbs?

Is it possible _____ by _____ instead of incandescent _____?

Is _____ bulbs _____ in terms of _____?

Can you point _____ advantages _____ instead of _____ bulbs?

_____ you _____ more power than regular lightbulbs?

I _____ if _____ savings on _____ electricity bill _____ I _____ to LEDs.

Can you tell me _____ the _____ of _____ bulbs _____ LEDs _____ energy _____?

Do LEDs _____ greater savings than _____?

Will LED _____ reduce _____ use?

_____ you think _____ the _____ of LEDs _____ of _____ bulbs?

How do _____ compare to traditional _____ to _____ overall _____ use?

Can you tell _____ about _____ the switch _____ incandescent _____ to _____?

_____ the _____ better _____ saving _____ old ones?

Do _____ energy _____ conventional lightbulbs?

_____ a _____ to _____ efficiency if we _____ to LEDs?

Are _____ LEDs instead of _____ bulbs to save _____?

What _____ LED _____ and economical than incandescent _____?

_____ LEDs cut down on _____ than _____ bulbs?

_____ by LEDs more than that of _____?

_____ the LED lights more _____ than _____ ones?

_____ more _____ than traditional bulbs?

Can _____ tell _____ about _____ benefits _____ changing _____ to LEDs for _____ energy _____?

Is _____ save _____ by _____ instead of incandescent lightbulbs?

_____ you _____ more by _____ instead of _____?

How much _____ saved because _____ the _____?

There _____ ways _____ lightbulbs _____ save on _____ costs.

Is it possible that LED _____ over _____?

_____ want to know _____ advantages of using _____ of _____ bulbs _____.

If _____ bulbs to LEDs, do _____ have _____ benefits?

_____ tell _____ if there _____ any positives to _____ LED _____?

Do _____ save on _____?

I'd like _____ LEDs can save _____ than _____ traditional lights.

_____ LEDs _____ electricity bills more _____?

Can LED _____ more energy _____ ones?

_____ advantages to _____ LEDs _____ of _____ bulbs.

Does switch _____ you _____?

_____ efficiency from LED _____?

_____ want to understand how _____ can be _____ to _____ than _____.

I'm wondering if there's _____ savings on _____ if _____ to _____.

_____ would like to know _____ of _____ over regular _____.

_____ use _____ bulbs _____ of old-fashioned ones _____ questions.

Can you _____ me how _____ bulb usage _____ ones _____ terms _____ energy _____.

_____ to know if there _____ any positives _____ saving electricity _____ with _____.

How much energy _____ I _____ if _____ replace _____ LEDs?

Is _____ to LEDs more _____ than _____?

_____ some things _____ done to _____ electricity by _____ LED lighting.

Does _____ cut down _____ costs?

_____ changing _____ traditional incandescent bulbs _____ LEDs _____ any _____?

What _____ the _____ using LEDs over _____ ones?

I'd _____ to know how _____ LEDs _____ conserve _____ energy _____ incandescent _____.

Are _____ energy than _____ ones?

Is _____ to _____ LED _____ to save _____ electricity _____?

_____ possible to _____ energy if _____ to Led _____?
 _____ would like to _____ can _____ on energy.
 _____ be _____ by replacing standard incandescents _____ LEDs?
 _____ save more energy than those _____?
 Does the _____ decrease _____ costs?
 How do LED _____ to traditional ones _____ reduce _____?
 _____ there _____ to save _____ electricity costs _____ the use of _____?
 Are _____ LEDs _____ saving energy than _____ ones?
 Is there more energy _____ LEDs _____?
 Is LEDs _____ cutting electricity _____ regular bulbs?
 _____ of LEDs _____ energy saving?
 Does it _____ sense _____ switch _____ if _____ want _____ energy?
 _____ like _____ how choosing _____ can _____ more _____ traditional lightings.
 _____ you able to save more _____ use _____?
 _____ the advantages _____ bulbs compared _____ incandescent _____?
 Is _____ less energy use _____ LEDs compared _____?
 Can _____ save _____ you switch _____?
 I'd _____ know _____ LEDs _____ be more _____ traditional lights.
 How _____ bulbs _____ than _____ ones?
 Is _____ the energy-saving _____ of LEDs?
 _____ you _____ an _____ of the _____ changing _____ incandescent _____ to LEDs?
 _____ do you _____ using led _____ instead of _____ ones?
 I would like to _____ how _____ can be used _____ more _____.
 _____ bulbs save as _____ as traditional _____?
 _____ any _____ of LED _____ compared _____ incandescent?
 Is _____ to _____ bulbs for better energy efficiency?
 _____ there more energy saved _____ LEDs _____ the _____?
 _____ there _____ savings with LED _____?
 I _____ to understand _____ LEDs can save _____ to traditional _____.
 Will I be able _____ reduce my _____ lamps?
 _____ the _____ LEDs _____ any _____ over _____ regular incandescent bulbs?
 Will _____ to LED _____ reduce _____ usage?
 Can _____ us some _____ the advantages _____ changing _____ bulbs _____ LEDs?
 I'd like _____ understand _____ choosing _____ help save _____.
 _____ there _____ to _____ energy savings _____ bulbs over _____ incandescent ones?
 _____ much _____ can be made _____ to LEDs _____ standard _____?
 Is it possible _____ LEDs _____ energy _____?
 I'd like _____ bulbs can _____ with energy savings.
 Is the _____ LEDs _____ for _____ than regular _____?
 Is there _____ of LED _____ over _____?
 _____ there _____ specific _____ LED lightbulbs saves on electricity _____?
 _____ there _____ why LEDs are _____ efficient and economical _____?
 _____ it _____ using LEDs helps in _____ savings over traditional _____?
 Does _____ more savings _____ lamps?
 _____ like _____ how _____ can _____ energy than traditional lights.
 Is it possible _____ electricity _____ the use _____ lightbulbs?
 Do LEDs _____ old lamps?
 Any _____ on the _____ LEDs?
 Is there more _____ saved _____ than _____?
 _____ it possible to _____ down on _____ switch _____ LEDs?

How _____ saved _____ changing _____ LEDs instead _____ standard _____?

_____ of a savings _____ made _____ changing to LED _____?

LEDs are _____.

_____ tell me about _____ energy _____ over traditional ones?

_____ are the advantages _____ over incandescent _____?

_____ it _____ you _____ save _____ by _____ LEDs _____ of incandescents?

_____ it _____ to save _____ lot _____ using LED _____ instead _____ regular ones?

I _____ to know if _____ savings _____ electricity than _____.

Is it possible to _____ with the _____?

_____ can _____ saved by replacing _____ with _____ ones?

_____ it possible that LEDs _____ electricity _____ than _____ bulbs?

_____ led _____ to traditional _____ comes to reducing electricity use?

Can you tell me _____ using _____ LEDs?

How do LED _____ to old fashioned _____ in _____ electricity _____ money?

Is there any advantages _____ using _____ bulbs?

_____ it _____ that LED _____ more energy _____ traditional _____ bulbs?

Are _____ any _____ to _____ instead _____ regular _____ saving power?

Is there an advantage _____ using _____ incandescent _____?

_____ what ways _____ save electricity and _____ compared to _____?

_____ save more _____ than those _____ incandescents?

_____ to _____ how _____ bulbs helps in _____ of _____ savings

_____ you tell me _____ substituting with LED lighting?

Does the _____ LEDs offer _____ energy use?

_____ lights _____ less _____ than old incandescent ones.

_____ do LED _____ save more _____ old ones?

I'd like to _____ how LEDs can _____ the traditional _____.

The eco-friendly LEDs have _____ the _____.

What are _____ in which LED lamps _____ more _____ efficient _____ ones?

_____ you _____ me _____ are _____ positives in _____ with LEDs for _____?

_____ wondering _____ using LED _____ in _____ savings over incandescent ones.

Is _____ possible to _____ more by _____ incandescent lighting?

I want to know if _____ terms _____ energy _____

_____ savings can be had by _____?

Are _____ any notable _____ in _____ of _____ LEDs?

_____ want _____ know if I _____ save on my _____ switch _____ LEDs.

_____ to _____ cut down energy _____?

What are _____ advantages _____ an _____ technology _____ LEDs?

_____ are some things _____ can be _____ by substituting _____ lighting _____.

_____ much _____ can I save by _____ bulbs _____ emitting devices?

_____ the _____ traditional _____ when it comes to reducing _____ use?

In _____ what makes _____ more _____ and economical than _____?

_____ pros and cons of _____ LEDs _____ savings.

How _____ saved by changing _____ incandescents _____?

_____ it _____ energy with _____ switch _____ LED bulbs.

Do _____ use _____ electricity?

Can _____ advantages _____ using LEDs over _____ bulbs?

Can you tell me _____ of changing _____ to _____?

_____ that LED bulbs _____ advantages in terms _____ energy?

Does _____ to _____ save _____?

_____ energy-saving advantages: _____ vs _____

Is _____ a specific _____ if _____ from _____ to LEDs?

Is it _____ save more energy _____ compared to regular _____?

Does the switch _____ any _____ over the _____ incandescent _____?

_____ you _____ the energy _____ that come from _____ LEDs over _____ incandescent _____?

_____ there better _____ with _____ to the traditional _____?

What are _____ advantages of _____ traditional incandescents?

_____ benefits _____ using LEDs _____ conventional _____.

From _____ energy-saving _____ what _____ the _____ of _____ bulbs instead _____ ones?

_____ it possible _____ switch to LEDs _____ than _____ lamps?

There _____ advantages to _____.

Is there _____ that _____ of LED _____ save electricity _____?

_____ LEDs _____ energy _____ incandescents?

_____ bulbs a better _____ efficiency?

_____ it _____ save some energy by _____ regular _____ LEDs?

What _____ you _____ using _____ of old-fashioned ones?

How _____ lamps _____ incandescents _____ terms _____ saving energy and _____?

_____ claim that _____ led bulbs _____ lighting _____ energy.

_____ you _____ of _____ benefits of changing _____ incandescent bulbs _____ LEDs?

Is _____ to _____ switch to LED bulbs?

_____ use _____ emitting _____ use less energy _____ traditional bulbs?

What is the _____ LED _____ traditional _____ to _____ electricity use?

_____ we switch from _____ LEDs, are there _____ benefits?

How _____ differ _____ traditional _____ comes to reducing _____ use?

There is _____ claim _____ lighting _____ on energy.

What are the _____ advantages _____?

Is _____ LED over conventional _____ power _____?

I _____ to know how _____ with _____ savings.

_____ LEDs for _____?

_____ there _____ benefit _____ terms of _____ with _____ lighting?

Are _____ lights more _____ older _____?

Is there _____ benefit _____ terms of savings _____?

_____ it possible _____ highlight how LED bulb usage is _____ ones?

_____ you tell _____ advantages _____ switch _____ incandescent bulbs _____ light emitting _____?

_____ better for _____ older ones?

_____ lights _____ for saving _____ than _____ ones?

_____ LEDs _____ less _____ than traditional _____?

_____ led bulbs _____ more _____ than _____?

I would like _____ know how LEDs _____ more _____.

_____ advantage to using _____ in terms _____ saving _____?

Is _____ any _____ energy efficiency if _____ bulbs to LEDs?

_____ a _____ that using _____ lighting saves _____ energy

How do LED _____ compare _____ traditional ones _____ comes _____ electricity?

_____ you _____ me _____ using _____ energy?

I _____ like _____ how using LEDs can help _____ energy _____.

_____ for energy efficiency?

In terms _____ savings, what _____ using LEDs over _____ ones?

_____ LED _____ more _____ efficient than the _____ bulbs?

_____ give us _____ the _____ of _____ from incandescent bulbs to _____?

_____ LED _____ energy consumption?

_____ to know how choosing _____ energy use.

_____ efficient than _____ incandescent bulbs?
 _____ the _____ bulbs _____ energy savings?
 Did _____ LEDs over _____ lights _____ consumption?
 Can you _____ if _____ are _____ positives _____ with LED _____ for electricity?
 _____ have _____ savings compared _____ traditional _____?
 _____ give _____ an _____ of the advantages of _____ incandescent _____ LEDs?
 I want to know _____ LED bulbs _____.
 _____ it possible _____ highlight the _____ the _____ over _____ traditional incandescents?
 _____ LEDs reduce _____ amount _____ consumption?
 _____ energy _____ than old ones?
 _____ the advantage _____ using _____ LEDs instead _____ incandescents?
 Is _____ possible to outline the _____ of _____ incandescent _____?
 _____ savings _____ traditional lamps?
 Can you _____ me _____ the _____ of using _____ instead of _____?
 Is _____ any _____ to using _____ instead _____ incandescent _____?
 _____ LED bulbs _____ efficient _____ bulbs?
 _____ it _____ to explain the advantages _____ replacing _____ bulbs with _____ savings?
 _____ more _____ saved _____ than traditional incandescent bulbs?
 When it comes _____ consumption, _____ lightbulbs differ from traditional _____?
 Will _____ able _____ with the switch to LEDs?
 _____ at saving _____ compared to _____ lamps?
 How _____ energy can _____ save _____ using _____ regular ones?
 There _____ a _____ for _____ saves on energy
 _____ is _____ use _____ bulbs compared _____ use _____ standard incandescent bulbs?
 _____ switch to _____ money _____ energy _____?
 When _____ to reducing electricity _____ do _____ compare _____ traditional ones?
 _____ there _____ benefit _____ using _____ energy savings.
 If _____ traditional _____ bulbs to _____ there be _____ benefits?
 _____ much _____ saved by switched _____?
 _____ how LEDs can _____ more energy than _____ lights.
 Does the switch to _____?
 Is there any advantage _____ LED _____?
 _____ are _____ of using LED bulbs _____ incandescent _____?
 Is _____ benefit _____ for energy savings?
 _____ LEDs _____ more _____ than _____?
 _____ want _____ how choosing LEDs _____ save _____.
 _____ you _____ about _____ instead of old-fashioned bulbs?
 Does choosing _____ save _____?
 I _____ know _____ LEDs can be _____ than _____ lights.
 _____ choosing _____ over traditional _____ energy-hungry?
 _____ save _____?
 When it _____ electricity consumption, _____ lightbulbs compare _____ traditional ones?
 There are some _____ that _____ done to conserve _____ with _____ lighting.
 Can you _____ me _____ LEDs for energy savings?
 There _____ different _____ that _____ lightbulbs can _____ on _____ costs.
 How _____ using _____ in terms of _____ incandescent bulbs?
 Can _____ tell me _____ save me _____ electricity?
 Can LED _____ than traditional incandescent _____?
 _____ there _____ in _____ of _____ with _____?
 _____ are the _____ between _____ incandescents _____ LEDs in _____ electricity _____ costs?

_____ there a way _____ on _____ costs _____ LEDs?
 Let me _____ if the _____ are _____ bulbs.
 Is it _____ to _____ more _____ opting _____ LEDs _____ of _____?
 _____ possible to _____ energy with a _____ bulbs?
 Did _____ LED _____ save _____ than _____ traditional bulbs?
 _____ a benefit to using _____ energy savings?
 How _____ you _____ replacing standard incandescents with _____?
 _____ much _____ be saved by _____ with LEDs?
 Do LEDs _____ than _____ Lamps?
 Is _____ any _____ on _____ LEDs?
 _____ much is _____ the switch to _____.
 _____ the _____ better _____ saving _____ than _____ old ones?
 Does _____ save money?
 Is _____ way to _____ costs when using LED _____?
 _____ me _____ the _____ of changing from _____ bulbs to _____?
 _____ much _____ I _____ changing my bulbs to LEDs?
 _____ better for _____ saving _____ regular _____?
 _____ are _____ about _____ LEDs use _____ energy _____ traditional _____.
 _____ terms _____ savings, _____ the _____ using _____ bulbs over traditional incandescent ones?
 I _____ to understand _____ conserve more _____ than traditional _____.
 I am _____ how much energy I _____ switch _____.
 _____ use less _____ incandescents.
 _____ a _____ use LED _____ to save on _____ costs?
 _____ difference in _____ if we switch _____ LEDs?
 _____ a bigger _____ on _____ for LEDs compared _____ traditional _____?
 _____ comes to _____ electricity consumption, _____ does _____ lightbulb compare _____ ones?
 I _____ to _____ how _____ LEDs can _____ more _____ than _____.
 Can you _____ of _____ from _____ bulbs _____ LEDs?
 _____ of led bulbs greater?
 From an _____ what _____ advantages of using _____?
 _____ would like _____ how _____ bulbs _____ help _____ terms of energy _____.
 Do LED _____ save _____ the _____ incandescent bulbs?
 _____ it make _____ to _____ LED bulbs instead _____ for _____ efficiency?
 _____ LED bulbs _____?
 Can you tell _____ the _____ of switching _____?
 Do _____ save _____ electricity _____ traditional _____?
 _____ LEDs _____ you money?
 Can you _____ me _____ advantages of _____?
 Is _____ more _____ for LEDs over incandescents?
 _____ LED _____ efficient than traditional _____?
 _____ compare _____ ones when _____ comes _____ cutting electricity consumption?
 In _____ ways _____ lamps _____ and money compared _____ old-fashioned _____?
 _____ the _____ of _____ bulbs _____ of traditional incandescent _____?
 Are _____ able to _____ more _____ to _____ lighting?
 There _____ pros and _____ LEDs versus _____.
 Can you tell _____ the advantages _____ bulbs?
 There _____ in terms of saving _____ bulbs.
 _____ much does changing _____ save?
 _____ you _____ using _____ can save me money?
 _____ there _____ specific benefits for energy _____ switch to _____?

_____ better for electricity _____ bulbs?

_____ you able to save _____ up _____ LEDs?

_____ are _____ advantage of LEDs.

Is _____ any _____ over incandescent _____?

_____ any advantages to _____ use _____ LED _____?

There _____ to _____ over conventional _____ in _____ of _____ use.

How _____ you save _____ you _____ bulbs?

There are some things _____ can _____ to _____ electricity _____.

I'd like to _____ how choosing LEDs _____ more _____ traditional _____.

Will LEDs offer more _____?

_____ worth it _____ to LEDs _____ save _____ compared _____ traditional lamps?

_____ do you _____ bulbs will save you?

Are there _____ if we _____ traditional bulbs _____?

LED bulbs _____.

Is it _____ it to _____ bulbs in order _____?

_____ to cut down _____ costs _____ going to LEDs?

_____ there a _____ save on _____ with the _____ of _____?

_____ switch _____ LEDs, will there _____ benefits for _____ efficiency?

_____ do _____ about _____ efficiency if we _____ from _____ bulbs _____ LEDs?

There _____ benefits if _____ switch from traditional incandescent _____.

How about using _____ regular bulbs _____ power?

How _____ is saved _____ to _____?

_____ I _____ reduction in _____ usage if I _____ to _____?

_____ regards _____ saving energy, _____ LED bulbs have _____?

Is _____ to using _____ bulbs?

_____ any advantages _____ LEDs over conventional _____?

Does substituting _____ reduce _____?

_____ are _____ of _____ LED bulbs instead of _____ bulbs?

There are lights _____ can _____.

_____ does _____ bulbs do _____ save _____?

Can _____ about the benefits of _____ incandescent bulbs _____?

How can _____ of _____ bulbs _____ save _____?

LEDs have _____ saving energy

_____ led bulbs save _____ than old _____?

_____ reduce _____ energy use?

What _____ do LED _____ perform better than old fashioned _____ saving _____ costs?

_____ possible to highlight the energy savings _____ traditional _____?

How _____ LEDs _____ more _____ bulbs?

Is it _____ that _____ use _____ than _____ incandescent ones?

_____ are some _____ the _____ of _____ LEDs _____ traditional incandescent _____?

Is _____ advantages _____ the incandescent bulbs?

_____ possible to save energy _____ for _____ bulbs?

From _____ energy-saving _____ what _____ of using _____ over traditional incandescent _____?

_____ advantages of using _____ LEDs instead of _____ regular _____?

_____ are _____ that can _____ by replacing it with LED lighting.

Is _____ by _____ to _____ compared to regular bulbs?

Is _____ way to _____ electricity _____ the use of LED _____?

Will the _____ LEDs _____ reduce _____?

_____ LEDs reduce the _____ consumed?

_____ for _____ energy-saving advantage of _____?

I _____ to _____ any _____ substituting with _____ lighting for electricity.
 Are _____ benefits to _____ Led _____?
 Can you tell _____ save _____.
 _____ would like _____ the efficiency of LEDs _____ regular _____.
 _____ benefits _____ terms of savings _____ lighting _____.
 _____ any advantage to LED bulbs _____ of _____ energy?
 What is _____ LED _____ and traditional ones _____ it _____ reducing _____ consumption?
 _____ there _____ energy efficiency if we switch _____?
 Can _____ tell me _____ it's _____ switch _____ incandescent _____ to _____.
 _____ any _____ to _____ on electricity _____ by _____ LEDs?
 Will _____ be able to _____ energy _____ by _____?
 _____ you tell _____ about the _____ from incandescent _____ to LEDs?
 Can _____ of the advantages of _____ bulbs to LEDs?
 Isn't it _____ save more _____ LED _____ instead _____ incandescents?
 _____ want _____ how much _____ save by replacing my _____ bulbs with _____.
 _____ much _____ save by _____ regular _____ with LEDs?
 Is it _____ by using _____ of regular _____ bulbs?
 _____ how _____ LEDs _____ save energy compared _____ traditional lights.
 _____ tell us about the _____ from _____ LEDs _____ better energy use?
 What _____ about using LEDs _____ of _____ bulbs.
 _____ do LED _____ compare to _____ in _____ saving electricity _____ cutting costs?
 Does _____ save _____ than _____ bulbs?
 How does LEDs save _____?
 Is there any _____ using LED lightbulbs can _____?
 _____ possible that _____ save _____ on electricity than _____ lamps?
 _____ any notable benefit in _____ of savings _____?
 There's _____ that _____ LEDs _____ saves on energy
 How does _____ compared to the _____ bulbs?
 _____ much energy _____ I _____ by _____ my regular _____ with _____?
 Are _____ to save more _____ you _____ LED _____?
 There are _____ of LEDs _____.
 _____ top _____ by Savings?
 _____ much _____ be _____ by _____ LEDs?
 Is there _____ better _____ to _____ with LED _____?
 _____ a _____ to using LED _____ conventional _____?
 _____ use of _____ help in terms _____ savings?
 _____ benefits _____ using _____ for energy savings.
 Do LED lights _____ power _____ ones?
 _____ need info on _____ of _____.
 Can you _____ why it's better _____ switch _____ to LED?
 Is it _____ save more by _____ of _____ lights?
 _____ advantages _____ LED bulbs over _____?
 How _____ a _____ do _____ get _____ to LED bulbs?
 _____ possible to conserve electricity by substituting _____?
 How _____ compare _____ old-fashioned _____ in terms _____ electricity _____ costs?
 In saving _____ what _____ efficient than incandescents?
 Does the _____ traditional _____ to _____ have any _____?
 _____ on the energy-saving _____ of _____?
 _____ like to know how choosing _____ more energy _____ bulbs.
 Are there _____ to using LEDs over _____ in _____ usage?

_____ you _____ an overview of the advantages _____ bulbs to _____?
 How much _____ save _____ you _____ LED bulbs?
 Are _____ bulbs _____ energy _____ regular _____?
 _____ it true _____ LEDs _____ more _____ standard bulbs?
 _____ there an _____ efficiency benefit _____ we _____ from traditional _____ bulbs _____?
 _____ there _____ way _____ save on _____ with _____ LEDs?
 Is _____ that LED _____ use _____ electricity _____ old _____?
 _____ possible to _____ a lot of _____ to LED bulbs?
 _____ bulbs _____ advantages _____ of saving _____
 There _____ question _____ LEDs use less _____ than _____ bulbs.
 _____ switch _____ more savings than _____?
 _____ like _____ selecting LEDs _____ conserve more _____ traditional lights.
 Is _____ a _____ to _____ efficiency if _____ from _____ incandescent bulbs _____ LEDs?
 _____ want _____ how using LED bulbs _____ save _____.
 _____ are the benefits _____ using _____ of _____ bulbs _____ power _____?
 _____ are the _____ that LED _____ more energy efficient _____ incandescents?
 I _____ understand how choosing LEDs _____ save _____.
 _____ it comes to _____ how _____ lightbulbs _____ to traditional ones?
 What _____ there _____ we switch from traditional bulbs _____?
 I'd like _____ out _____ LEDs _____ more energy _____ lights.
 Is _____ to _____ traditional incandescent _____ to LEDs?
 _____ possible to highlight _____ savings of LED _____ usage over _____?
 Savings with LED _____?
 From an energy-saving perspective, _____ are _____ advantages _____ traditional _____ ones?
 Is _____ energy efficient _____ incandescents?
 There _____ benefits _____ lightbulbs _____ of power usage.
 I'm _____ LEDs _____ terms of energy _____ over incandescent _____.
 Is _____ specific _____ to switch from _____ to _____?
 Does _____ make _____ to switch to _____ save energy?
 Is there _____ energy _____ the LED _____?
 _____ it possible _____ bulb _____ surpasses _____ ones _____ terms _____ savings?
 Are _____ benefits to the switch _____ to _____?
 _____ an overview of the advantages of _____ LEDs _____ efficiency?
 There _____ can _____ done to conserve _____ substituting _____ LEDs.
 _____ advantage I _____ from using eco-friendly _____ instead _____ incandescents?
 _____ save _____ and reduce costs when _____ fashioned incandescents?
 How much _____ saved by _____?
 What reasons _____ for the _____ of LEDs?
 _____ are benefits _____ from traditional _____ to LEDs.
 _____ energy savings, what are the _____ using LED bulbs over _____?
 _____ know how _____ save more energy than _____ lights.
 _____ energy-saving advantages: _____ incandescents?
 _____ like _____ know if there are _____ positives _____ of _____ with _____ electricity.
 _____ can _____ LEDs _____ reduce _____ electricity bills?
 Do _____ energy _____ normal ones?
 _____ comes to reducing electricity use, _____ do LED _____ traditional _____?
 There _____ some _____ of LED _____ over _____.
 _____ a _____ that _____ LEDs for _____ energy.
 _____ benefits _____ using LEDs over _____?
 _____ you able to _____ more _____ opting _____?

What amount of _____ I save _____ replacing regular _____?
 _____ better _____ than _____ lamps?
 _____ like to _____ how _____ save _____ in _____ to traditional _____.
 _____ wondering _____ can _____ on _____ electricity bill _____ I switch _____ lights.
 Is _____ efficient _____ older ones?
 Can you tell _____ benefits _____ using LEDs _____?
 Are _____ able to save _____ switch to _____?
 _____ you tell me about the _____ savings _____.
 _____ there _____ energy used by _____ to traditional _____?
 _____ save more energy than those _____?
 _____ the benefits _____ using LED bulbs instead _____ the _____?
 _____ offer more _____ traditional lamps?
 Can _____ tell me if _____ normal bulbs?
 _____ much _____ saved if you _____ to LEDs?
 _____ switch to LEDs _____ than _____ lamps?
 _____ LEDs give more _____ on _____ traditional _____?
 _____ we use _____ instead _____ bulbs _____ saving power?
 _____ how LEDs _____ more energy than traditional lights.
 In _____ of _____ are the _____ of _____ LEDs?
 _____ claim _____ using LEDs for lights _____ on _____.
 How _____ is _____ changing to _____?
 I would _____ to _____ if LEDs use _____ than _____.
 There are _____ LED bulbs instead _____ ones.
 How much is saved _____ LED bulbs?
 Are _____ of giving bigger _____ electricity _____ lamps?
 I'm _____ if _____ can help in _____ of energy _____.
 _____ compare _____ old-fashioned _____ in terms of reducing costs and _____?
 How much _____ can I _____ regular _____ with _____ ones?
 What _____ benefits of using LED bulbs _____ traditional _____?
 Is _____ any benefits _____ switch from _____ LEDs?
 What are _____ of _____ LEDs over _____ ones in terms _____?
 Will _____ be _____ my _____ switch to LED lamps?
 _____ the _____ of LED _____?
 I _____ to _____ can _____ than traditional incandescent lights.
 Does _____ to LEDs _____ costs?
 _____ it possible to show how _____ use of _____ the _____ traditional _____ bulbs _____ terms _____ energy _____?
 _____ want _____ if _____ more power _____ normal light bulbs.
 _____ savings with _____ traditional ones.
 _____ it _____ that _____ can save _____ by opting _____?
 _____ want to _____ using led _____ can save _____.
 _____ give us an _____ the _____ from _____ bulbs to LED?
 _____ LED bulbs save _____ electricity _____?
 Will _____ be _____ to reduce my _____ with _____ switch _____ lamps?
 Will I _____ able to reduce _____ if I _____?
 _____ worthwhile to use _____ for _____ savings?
 _____ better savings _____ to _____ lamps?
 _____ it possible _____ highlight _____ more _____ efficient than traditional ones?
 _____ with LED lights than _____
 I'm curious _____ the _____ get _____ using _____ LEDs _____ wasteful ones.
 _____ you tell me about _____ savings _____ LEDs?

How _____ bulbs save _____ traditional incandescent bulbs?

From an energy-saving perspective, _____ benefits _____ using _____ over _____ ones?
_____ possible _____ save more _____ opt _____ LEDs instead of _____?

Does Switching _____ LEDs _____?

As _____ to _____ how do the LEDs _____?

Can you tell us _____ the _____ from incandescent _____ LEDs?
_____ saving can _____ by _____ to LED bulbs?

How can switch to LEDs _____?

_____ with _____ may offer greater _____.

I _____ how much energy can _____ saved _____ to _____.

Is _____ LEDs over traditional _____ wasteful?

What _____ benefit _____ using eco-friendly LEDs _____ incandescents?
_____ reasons are behind the _____?

Is _____ to _____ from _____ incandescent _____ to LEDs?

_____ using _____ conventional lightbulbs _____ efficient in terms _____ use?
_____ possible to save energy _____ the _____ to LED _____?

How _____ bulbs _____ energy _____ compared _____ original light _____?

Is there _____ benefit to _____ efficiency if _____ from _____ bulbs _____?

_____ tell us about _____ of _____ LEDs for better energy _____?

_____ there any benefits if we switch _____ to _____?

_____ using LEDs _____ efficient than _____ traditional _____?

LED lightbulbs _____ to traditional _____ when _____ reducing _____ consumption.

_____ energy _____ what are the advantages of using _____?

How do _____ to _____ when it _____ to reducing _____?

_____ are advantages _____ incandescent lamps.

How do led bulbs _____ ones _____ comes _____ reducing _____ use?

Is _____ energy _____ from LED _____?

_____ LED lights better _____ ones _____ energy?

_____ to know _____ there's any _____ my electricity _____ lights.

Does the change to _____ costs?

I'm wondering how using _____ in _____ savings _____ incandescent _____.

_____ to using LED _____ conventional lightbulbs?

Yes, do LEDs _____ energy _____?

_____ you _____ me _____ benefits _____ LEDs instead of regular _____.

Is it possible to save more _____ changing _____ bulbs.

_____ tell me _____ can use LEDs _____ cut my _____?

Do LEDs _____ to traditional lamps?

_____ LEDs more likely to cut _____ on _____ bulbs?

_____ does _____ use of _____ help in _____ of energy _____ over _____?

_____ for saving energy?

Is it possible _____ save _____ using _____ instead _____ lightbulbs?

Is _____ LED _____ more efficient _____ traditional _____?

_____ LED bulbs better _____ traditional ones?

_____ advantages _____ using _____ for power _____.

How do _____ save _____ old bulbs?

There _____ using _____ Bulbs.

Are _____ energy savings?

_____ there _____ energy-saving _____ LEDs _____ incandescents?

Do _____ savings than _____ lamps?

_____ what _____ do LED _____ save electricity and _____ old-fashioned _____?

What _____ difference _____ old-fashioned incandescents _____ LED _____ of saving electricity?
 _____ of _____ savings, _____ the _____ of using LED bulbs?

Will there _____ benefits for energy efficiency _____ switch _____?
 _____ a _____ in the _____ of energy _____ LEDs _____ incandescent?
 _____ over traditional _____ lights _____ energy consuming?

How much of _____ savings can _____ made _____?
 _____ like to know if LED _____ power than _____ light bulbs.

Is _____ LEDs _____ energy wasteful?

Is it possible _____ switch to _____ of incandescents?

Is _____ use _____ LEDs more _____ efficient than _____ use _____?

Benefits _____ using _____ energy _____?

_____ terms _____ savings, _____ are _____ advantages of _____ over traditional _____ bulbs?

I _____ to know _____ tell _____ the energy _____ of LED _____ usage.

Do _____ have _____ than regular ones?

Does _____ switch from incandescent bulbs _____ for better energy _____?

I _____ like to know _____ any savings _____ electricity _____ if _____ switch _____ LEDs.

Is choosing _____ less _____ than traditional _____?

How significant _____ the _____ of _____ bulbs _____ to _____ use _____ standard _____?

Can you _____ me _____ are better _____ power?

Are _____ able to _____ more _____ LED _____?

What do LED _____ do _____ old-fashioned incandescents _____ saving _____ costs?

Is it _____ you to _____ more _____ for LED _____?

_____ able to _____ bigger _____ on electricity _____ lamps?
 _____ of using eco-friendly _____ instead of _____?

Can you _____ me _____ changing from _____ bulbs _____ LEDs _____ better energy _____?
 _____ the _____ to LEDs _____ reduce _____?

When it comes _____ how do _____ traditional ones?

What are the advantages _____ LED bulbs, _____ traditional _____?

_____ there a _____ terms _____ savings with _____ lighting?

Can _____ tell _____ advantages of using LEDs _____ of _____?

_____ the _____ LEDs for _____ power explained?

_____ an _____ I get _____ using eco-friendly LEDs _____ of _____.

Will _____ switch _____ lamps help decrease _____ usage?
 _____ any info _____ the energy-saving advantages _____?

Does _____ switch to _____ have _____ benefits _____ energy?
 _____ possible for _____ more if _____ to LED lighting?

Is _____ energy _____ than traditional _____?

_____ there _____ savings on _____ electricity bill with _____?

Do you _____ lights save more _____ than _____?
 _____ more _____ efficient than older _____?

From an _____ perspective, what _____ the advantages _____ using _____ traditional _____?

Does _____ switch _____ LEDs help _____?

_____ it true _____ LEDs _____ energy than incandescent _____?

Do LED _____ other _____ in terms of _____ energy?
 _____ is _____ claim _____ led bulbs for _____ saves _____.

_____ with LEDs compared _____ lights?

Can _____ give _____ of the _____ from _____ bulbs to LED?

There _____ using LEDs over conventional _____.

Is _____ more energy _____ by _____?

Can _____ tell me about the _____ from incandescent _____?

What are _____ of _____ traditional incandescent ones _____ terms of _____?

Did _____ more _____ traditional bulbs?

_____ energy-saving perspective, what are _____ of using LED _____ instead _____ ones?

I _____ like _____ how choosing _____ can _____ more energy than _____.

_____ tell me _____ LEDs _____ to cut my _____ bills?

In what ways _____ lamps _____ and money _____?

_____ to switch to LED bulbs _____ energy savings?

I _____ to know _____ are any positives _____ with LED _____ for _____.

What _____ instead of _____ ones.

_____ LED _____ more _____ efficient than _____?

What is _____ advantage of _____ wasteful _____?

Can _____ an idea _____ advantages _____ changing from _____ bulbs to _____?

_____ to _____ conserves more energy than _____ lights do.

Compared _____ traditional _____ do _____ better _____?

Are there any _____ to _____ traditional _____ bulbs _____?

_____ lights better _____ saving energy _____ ones?

_____ less _____ than traditional _____ bulbs?

_____ more energy _____ than traditional _____?

_____ are _____ different from traditional _____ it _____ to reducing electricity _____?

There _____ to _____ LED _____ in terms _____ savings.

_____ much _____ saved by _____ LED _____?

I _____ like to know _____ bulbs _____ in _____ energy _____

Is there a specific benefit _____ switch _____ LEDs?

_____ specific _____ if we switch _____ bulbs to LEDs?

_____ reducing electricity _____ how _____ traditional and LED lightbulbs _____?

_____ there _____ bigger savings on electricity _____ LEDs than _____?

_____ save more _____ than the _____ ones?

_____ LEDs save more _____?

_____ do _____ about using _____ instead _____ old-fashioned ones?

Does _____ use _____ energy than incandescent bulbs?

_____ are the ways _____ led lamps are _____ energy _____ than _____?

_____ a _____ should _____ LEDs for energy savings?

Can you _____ us _____ of _____ advantages of switch from _____?

Do _____ more savings _____ than traditional _____?

_____ it _____ to _____ down on energy _____ you _____ to _____?

Is _____ an advantage I get _____ LEDs _____ wasteful _____?

_____ much more _____ I save by _____ my regular _____?

Do _____ save more _____ traditional incandescent bulbs?

I _____ know _____ of _____ can conserve more _____ than _____ lights.

How _____ do _____ save if _____ LEDs?

_____ want _____ how _____ be more _____ efficient than traditional _____ lights.

What _____ using LEDs instead _____?

How _____ LEDs _____ more energy _____?

_____ it better to _____ of traditional _____ for energy _____?

There _____ to _____ LED bulbs for _____.

_____ an _____ perspective, what are _____ advantages of using led _____ incandescent _____?

Information _____ advantages: _____ incandescents?

_____ a question _____ whether _____ save more energy _____.

_____ it comes _____ reducing overall _____ consumption, _____ does LED _____ to _____?

Do LED lights use _____ old _____?

Does _____ compared _____ traditional lamps?

_____ it possible to highlight _____ energy savings of _____ incandescent _____?

Is there _____ incandescent bulbs?

Can _____ tell _____ any _____ in terms of _____ with _____ for electricity?

_____ there _____ benefit _____ using LED bulbs for _____?

_____ you _____ about the _____ from incandescent bulbs to LEDs?

How _____ less energy _____ those _____ ones?

Are _____ energy efficiency benefits if _____ from traditional bulbs _____?

Can _____ save _____ LEDs instead _____ incandescents?

Do _____ on _____ to traditional lamps?

_____ you tell _____ how LEDs can _____ me cut _____?

_____ offer greater _____ lamps?

Does _____ make sense _____ switch to LED bulbs for _____?

Is _____ possible _____ energy with the _____ to LED _____?

Is _____ save energy _____ LEDs?

_____ there any _____ to replacing _____ incandescent _____ LEDs?

As _____ to original _____ bulbs, how _____ LEDs _____?

What do _____ think about _____ instead _____ fashioned _____?

I _____ how _____ bulbs _____ in terms _____ energy savings.

_____ the _____ LEDs use _____ than traditional incandescents?

_____ use _____ than old _____ ones?

_____ there _____ to _____ costs _____ the use of led lightbulbs?

_____ if the LED _____ save power?

_____ save energy _____ you switch to _____ bulbs?

How _____ LEDs save _____ as compared to _____?

_____ choosing LEDs over traditional _____ energy?

I'd _____ to know _____ save _____ bill if I switch _____ LEDs.

_____ do you think _____ bulbs instead _____ old-fashioned _____.

Is _____ to save _____ by moving _____ LED _____?

_____ it possible _____ replacing regular bulbs with LED _____?

_____ energy-efficient LEDs.

_____ for electricity bills to _____ LEDs than _____?

Is _____ an _____ benefit _____ using _____ incandescent lamps?

Is it possible _____ my energy _____ to _____ lamps?

Is _____ electric _____ a reduction _____ energy consumption?

_____ give _____ overview of the benefits _____ from _____ bulbs _____ LEDs?

_____ Led _____ save more _____ ones?

_____ true that _____ save more energy than _____?

I would _____ know _____ there _____ any _____ substituting with _____ for _____?

There are some _____ saves _____ on electricity.

Is LED _____ saving?

Is there _____ to using _____ traditional incandescent _____?

_____ offer _____ savings compared _____ lamps.

_____ do _____ compare to _____ ones when _____ comes _____ reducing electricity _____?

Is it _____ that LEDs _____ than _____ lamps?

_____ you tell _____ savings of the LEDs?

Is there any _____ lightbulbs _____ save on _____ costs?

How much energy _____ be _____ changing _____ to regular _____?

_____ to _____ incandescents in terms of _____ electricity?

Is it _____ to _____ savings in energy?

_____ it comes to _____ electricity _____ how _____ LED lightbulbs _____ their _____?

_____ are the _____ using LED bulbs compared to _____?

Is _____ better _____ energy _____?

_____ to using LED _____ conventional bulbs?

_____ do _____ save more _____ than _____ ones?

_____ why it's _____ good idea _____ to _____ for better energy efficiency?

_____ the benefits of _____ LED bulbs _____ of _____ incandescent _____?

Is the LED lights better _____ ones?

Can you tell me _____ the advantages _____ incandescent _____?

How do _____ to traditional _____ when it _____ cutting electricity _____?

_____ more energy _____ the old ones?

Is it possible _____ save _____ for _____ lighting?

_____ the _____ to _____ cut _____ on energy _____?

If we _____ traditional _____ bulbs _____ benefits are there?

Is _____ to _____ usage surpasses traditional _____ ones for _____ savings?

_____ the _____ of going to LEDs for better energy _____?

_____ lamps reduce my _____?

How _____ compared to original light _____?

_____ are _____ to _____ LEDs _____ terms of _____ saving.

As _____ light bulbs, _____ do LED bulbs _____?

_____ good _____ to _____ LEDs for energy savings?

Is it possible _____ LEDs _____ on energy _____?

Would LEDs cut _____ on _____ than regular _____?

Do LEDs _____ greater _____ to _____ lamps?

What _____ the advantages _____ incandescent?

_____ it possible _____ have advantages in _____ of _____?

_____ using _____ for energy efficiency _____ traditional _____?

Is _____ to _____ how _____ bulb usage _____ incandescent _____ for _____ savings?

_____ there advantages to using LEDs _____ of _____?

Does _____ bulbs save _____ than the _____ incandescent _____?

Can _____ me if LED _____.

_____ the _____ LEDs _____ any advantages _____ regular incadescent _____?

_____ a specific _____ using LED lightbulbs _____ on electricity _____?

_____ are _____ that can _____ done to _____ electricity _____ LED lighting.

Does the _____ LEDs _____ back _____ costs?

There _____ benefits _____ energy _____ if _____ switch _____ traditional _____ to _____.

_____ would _____ to know _____ much energy I _____ by changing _____.

_____ it possible that _____ to _____ cuts down _____ energy _____?

Is _____ specific energy efficiency _____ we _____ to _____?

Is there a specific benefit to _____ to LEDs?

Are you _____ more by _____ lighting?

Is it possible _____ more by _____ LEDs _____ incandescent _____?

In terms _____ what are _____ advantages _____ using LED _____?

Does _____ information _____ the _____ advantages of LEDs?

Will _____ save _____ electricity than _____ lamps?

What are _____ benefits _____ using led _____ in _____ of _____ savings

_____ tell me how changing to LEDs _____ bills?

_____ much _____ can I save _____ changing _____ LED _____?

_____ the switch _____ offer more savings _____ the _____?

Can _____ us _____ the advantages _____ incandescent bulbs _____ LEDs _____ better energy _____?

_____ are there _____ we _____ from traditional _____ to LEDs?

Is _____ advantage to using LED _____ bulbs?

I want _____ using led _____ can _____ in terms _____ energy _____.

_____ there _____ in _____ efficiency if we switch from _____ bulbs _____?

There _____ question _____ LEDs save more _____ than _____.

_____ do you _____ about _____ of LEDs versus _____?

I _____ know how choosing LEDs _____ save more _____ lights.

Can you tell _____ I _____ reduce my electricity _____?

_____ do _____ lightbulbs compare _____ ones when _____ comes _____ reducing electricity _____?

There _____ certain _____ to _____ efficiency if _____ switch _____.

Is _____ possible to save _____ with _____ instead _____ incandescents?

_____ energy than incandescent?

_____ LEDs reduce electricity bills _____?

_____ tell _____ about _____ savings of _____ LED bulbs?

_____ you tell me _____ using _____ can save _____?

I _____ to _____ bulbs helps in _____ energy savings

I'd _____ know how using _____ terms of energy _____

Do LEDs _____ greater savings _____ traditional _____?

_____ you _____ about _____ benefits of using LEDs _____ regular _____?

_____ give us an idea _____ advantages of _____ to LEDs _____ energy _____?

_____ wonder if _____ switch _____ reduce my energy _____.

_____ energy _____ to traditional bulbs?

_____ it true that _____ LEDs _____ than _____ incandescents?

_____ much _____ be saved by replacing standard _____?

I would _____ how using _____ can _____ in terms _____ saving.

What do _____ LED bulbs _____ old fashioned ones?

_____ switch _____ reduce energy costs.

Can _____ save _____ energy _____ regular _____?

Do _____ LED _____ are _____ for energy _____?

_____ LED bulbs _____ advantages over _____ incadescent _____?

_____ LED lights better at _____ than _____?

_____ the benefit I _____ eco-friendly LEDs instead _____ incandescents?

Can _____ an overview of the benefits _____ switch from _____?

_____ save money on _____ electricity bill _____ I switch _____ LEDs?

_____ there _____ LED bulbs?

_____ the _____ of _____ on electricity bills?

Did _____ LEDs _____ than the traditional _____?

Is _____ of led bulbs _____?

_____ about the advantages of _____ from incandescent _____ LEDs?

Is switching _____ more _____ than _____?

Can you tell me _____ the advantages of _____ savings?

_____ the advantages _____ changing from incandescent _____ to LED?

Is it _____ save more _____ using _____ lighting _____ incandescent _____?

_____ with LED _____ compared _____ traditional lights?

_____ LED bulbs _____ energy _____ regular _____?

From an energy-saving _____ what _____ advantages _____ bulbs?

_____ there _____ to _____ if we switch to _____?

_____ cut down on _____?

_____ to _____ selecting LEDs can save _____ energy _____ traditional _____.

_____ Led _____ energy _____ regular bulbs?

____ it ____ to save ____ with LEDs ____ to regular ____ ?
 ____ much ____ be ____ by ____ standard ____ with ____ bulbs?
 Can you tell ____ about ____ advantages ____ better energy ____ ?
 ____ LED ____ energy-saving?
 Do we ____ benefits ____ we ____ from ____ incandescent ____ to ____ ?
 What are ____ advantages of ____ over ____ ones?
 ____ there's any savings on ____ bill if I ____ LEDs.
 How ____ bulbs save ____ energy than ____ incandescent ____ ?
 ____ how choosing ____ more energy than traditional incandescent ____ .
 I would ____ how ____ can save more energy than ____ .
 There ____ benefits to ____ LED ____ over ____ .
 ____ their ____ potential, ____ are preferred over ____ .
 Do LEDs give ____ savings ____ ?
 Does ____ LEDs ____ money?
 What is ____ of me ____ eco-friendly ____ instead ____ wasteful ____ ?
 ____ bulbs ____ at ____ energy?
 ____ LEDs more ____ economical than ____ ?
 ____ tell ____ lights save more power?
 ____ would like ____ understand ____ can be more energy efficient ____ .
 ____ are ____ about ____ LED ____ energy than traditional incandescent ____ .
 From an energy-saving ____ what ____ the ____ bulbs?
 Is ____ use ____ savings beneficial?
 Why is LED ____ more ____ economical ____ ?
 Is there ____ LED bulbs ____ terms of ____ energy?
 Is ____ related to ____ efficiency if we ____ ?
 An energy-saving ____ the advantages ____ using LEDs instead of ____ ?
 ____ a reason to switch from ____ LEDs ____ better energy ____ .
 Is ____ to ____ money on my ____ bill with ____ ?
 ____ to ____ how using LED bulbs ____ use.
 ____ I ____ able ____ reduce my energy ____ with ____ switch ____ ?
 Does ____ LED bulbs ____ regular ones?
 ____ it ____ more energy by ____ regular bulbs with ____ ?
 Is ____ how the ____ LEDs ____ traditional ____ in terms ____ energy savings?
 ____ the switch ____ LEDs ____ use?
 There are ____ using LEDs ____ .
 ____ to reducing overall ____ consumption, how do LEDs ____ compare to ____ .
 What do ____ think ____ instead of ____ fashioned ones?
 ____ it ____ to save electricity by ____ ?
 Is it ____ LEDs ____ cut down on electricity ____ more ____ ?
 ____ a question ____ the ____ using ____ of regular bulbs.
 Is ____ using LEDs ____ of energy savings?
 ____ the LED bulbs save ____ the ____ ones?
 Is ____ save more money if you ____ instead ____ lamps?
 ____ it worth ____ to ____ to LEDs bulbs ____ saving?
 How ____ you ____ if ____ to LEDs bulbs?
 ____ sense ____ use LEDs instead of ____ ones for ____ ?
 How much is ____ by changing ____ standard ____ ?
 ____ there any advantages ____ LEDs ____ energy saving?
 Is there any ____ on electricity ____ use of led ____ ?
 ____ LEDs save ____ energy than ____ ?

I'd like to know ____ choosing ____ can conserve ____ energy ____.

I ____ know ____ using LEDs helps in ____ efficiency.

How ____ is saved by ____ to ____ incandescents?

____ amount of ____ save by replacing regular bulbs ____?

Is ____ led bulbs higher ____ savings?

____ do LEDs ____ traditional ones when ____ to reducing ____?

Is ____ lights ____ than old ____?

Does ____ make sense to ____ to ____ bulbs if you ____?

____ what ____ doLED lamps save ____ and ____ to ____ incandescents?

I'd ____ can be more energy efficient than traditional ____.

____ it worth it to switch ____ bulbs ____?

____ the advantages ____ using LEDs ____ old-fashioned ____ in terms ____ saving electricity ____?

Can ____ us ____ advantages of switch ____ incandescent bulbs ____?

If we switch from ____ LEDs, ____ be any ____ benefits?

____ want to ____ how ____ LEDs ____ with ____ savings.

What ____ the reason ____ bulbs are more efficient ____?

____ there any advantage ofLED ____?

What can led bulbs ____?

How do ____ lightbulbs compare to ____ comes ____ savings?
