

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Transfer of service to a new device
Inquiry Sub-Category	Device compatibility
Description	Inquiries about whether a new device is compatible with the network, its features and specifications, and if it supports the necessary technologies (e.g., 4G, VoLTE).
Data Size	5,021 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

_____ specific _____ that are known _____ be _____ with _____ features and technologies?
_____ you _____ me _____ any phones _____ do _____ support your _____ features?
Do _____ any _____ models that _____ work _____ network technology?
If _____ certain _____ they _____ with your network's features and technologies?
Which _____ issues _____ your network?
There _____ certain _____ aren't _____ with _____ on the _____.
_____ models do _____ handle _____ technologies.
_____ have compatibility _____ with the _____ your network?
Which devices aren't _____ network?
_____ it possible _____ certain _____ models due _____ them being _____ network's features _____ technologies?
_____ certain _____ models _____ other network _____?
You have specific _____ that _____ all the cool _____?
Have _____ ever wondered _____ there _____ device models _____ should avoid due to being _____ network's _____?
Does _____ include devices _____ aren't _____ the features?
Do _____ any devices that are not _____?
Some _____ models conflict _____ your _____.
_____ have _____ types that cause _____ your network _____?
_____ ever wondered _____ certain _____ models are _____ with your _____ features _____ technologies?
_____ it possible _____ certain _____ compatible _____ your network?
_____ device _____ handle the network's _____?
There _____ devices that _____ with features _____ network
_____ a _____ phone _____ that does _____ support your network _____?
Can you _____ me _____ device models are _____?
Can some _____ handle _____?
What are _____ to _____ support network _____?
Which models _____ work _____ network?
Have _____ ever _____ if you _____ models because they are _____ compatible _____ network?
_____ certain _____ work well with _____ network features and _____?

_____ device types _____ issues for your network _____?

Are there _____ devices that aren't _____ features _____ the _____?

Devices _____ the network _____.

Can you _____ certain _____ do _____ support your _____ features?

The _____ with features _____ network.

_____ device _____ clash with other features of _____?

Some device models _____ of _____ network's technologies.

Do you _____ devices that clash _____ your _____ bells _____?

Some models _____ not work _____.

_____ device _____ are _____ compatible _____ your _____ features and _____?

_____ specific _____ that won't work _____ everything you offer?

_____ may _____ handle some _____ models.

_____ a known device _____ using the _____ stuff?

_____ models _____ with _____ your network.

You have _____ models that _____ network's features.

Do _____ devices _____ support _____ features?

Some _____ do _____ network _____.

Are specific _____ with your _____?

_____ what models cannot _____ your network?

_____ not supported by _____?

Do you know _____ device models _____ work with _____ technologies?

Can you tell _____ devices that _____ incompatible _____ network's _____?

Do _____ know _____ certain _____ with _____ network's features?

_____ devices _____ not _____ your network?

Devices _____ your tech _____?

_____ certain _____ models not _____ your network's features _____?

Have you ever _____ if _____ incompatible with _____ and technology?

Do _____ want _____ avoid _____ being incompatible with your network's _____ technologies?

_____ not work on _____ network?

Do _____ know if certain _____ not compatible _____ network's _____ technologies?

Do _____ models that _____ with your _____?

Are _____ known to _____ features?

Which _____ aren't working correctly _____?

_____ would like _____ know if _____ are _____ that _____ not support _____ features.

_____ may be _____ on _____ network

Are _____ compatible with your features?

Can you _____ specific _____ models don't support _____ features?

_____ device that won't work with _____ features _____?

_____ devices that _____ incompatible with your _____?

_____ devices that are _____ compatible with your _____?

_____ me _____ models _____ not compatible with my _____?

_____ device models _____ with the _____ technologies of your network.

Do you have any _____ that _____ with _____ and _____?

_____ know which _____ are _____ all _____ stuff on your network?

_____ don't _____ on _____ network?

_____ devices _____ not _____ your network?

_____ specific devices _____ with _____ features _____ on your network?

Can _____ tell _____ device _____ that _____ with _____ features of _____ network?

_____ are certain devices that aren't _____ with the _____ technologies _____.

_____ there a _____ isn't compatible _____ features _____ your network?

____ models are not supported ____ ____ ?
 ____ wondered if there ____ devices ____ incompatible ____ your network's features ____ technologies?
 Do ____ know ____ there are certain ____ models ____ are not ____ with ____ ____ ?
 Do ____ ever ____ are ____ models ____ should ____ because they are not compatible with ____ network's features ____ ?
 Is certain ____ models incompatible with ____ ____ and ____ ?
 Is a device ____ features?
 ____ causing ____ your ____ capabilities?
 Do certain device ____ features?
 Some device ____ able ____ handle ____ .
 ____ a device model ____ your network ____ technologies?
 ____ a ____ to avoid certain ____ models due to being incompatible with ____ ____ technologies?
 Please ____ me if ____ phone ____ that don't ____ features.
 ____ there any ____ wouldn't ____ your network?
 Are there certain ____ models you ____ avoid due ____ your ____ ?
 Do ____ ever wonder ____ device ____ that are not compatible ____ network's ____ and technologies?
 Is a device ____ to be ____ features?
 Do you have ____ features?
 ____ you know ____ any ____ are not ____ your network's technology?
 ____ that ____ compatible with ____ ?
 ____ wonder ____ there are certain device ____ with your network features?
 Do ____ specific ____ that ____ your network bells ____ whistles?
 Do you ____ device models are not ____ with your ____ ?
 Which ____ not ____ in ____ network?
 ____ specific models ____ challenges for ____ ?
 Can you let me know ____ do ____ your ____ features?
 Have ____ device ____ your network?
 ____ are ____ compatible with ____ technology?
 Are there ____ devices ____ clash ____ your ____ bells ____ ?
 Do ____ know if there ____ any ____ models ____ not ____ network ____ ?
 Do ____ clash ____ in your network?
 ____ some device ____ on ____ network?
 ____ me about devices that are incompatible ____ ?
 ____ you tell me ____ the ____ are incompatible with ____ ?
 Are device ____ causing ____ for ____ ?
 There ____ devices that ____ on your ____ ?
 ____ device ____ are ____ compatible with ____ that you ____ .
 ____ devices won't ____ with ____ features ____ ?
 ____ fit ____ your network?
 ____ specific devices ____ with ____ network?
 Can you ____ there ____ certain phone models ____ don't ____ network ____ ?
 ____ with your network.
 ____ can't ____ your network.
 ____ people have ____ clash ____ the ____ bells ____ whistles of ____ ?
 ____ have ____ that do not ____ with your ____ ?
 ____ compatible with your ____ .
 Do ____ models ____ not work ____ network?
 ____ devices ____ not work ____ network?
 ____ some device ____ not ____ the ____ ?
 ____ tell ____ about devices that ____ with ____ network's features?
 Which devices ____ not working ____ ?

Do _____ won't work on your network?
_____ certain _____ that _____ can't _____ along with on _____ network?
Some _____ on your _____.
Do _____ that certain _____ with your fancy _____ equipment?
_____ won't mesh well with _____?
_____ me about _____ that do not work on _____?
Which specific _____ not _____ features on _____ network?
Can _____ tell me _____ device models _____ not _____ with your _____ and _____?
_____ incompatible device models on _____?
_____ devices aren't compatible _____?
_____ devices not _____ the network's _____?
Does anyone _____ which _____ are _____ allowed _____ your _____?
Is a _____ features _____ your network?
Is _____ model _____ your network?
_____ are _____ that aren't _____ with your _____?
There are certain _____ that may _____ incompatible with _____ features _____.
Are you _____ of _____ device _____ on _____?
What devices _____ you _____ work well with _____?
Is _____ a _____ work with _____ network features?
_____ models conflict with _____ network's _____?
_____ device types _____ issues for your network?
Is there a _____ device _____ not compatible _____ your _____?
_____ there a _____ that won't work on _____?
_____ can not _____ the network's _____.
Does the _____ with _____ network _____?
_____ have _____ that _____ mesh _____ your features?
_____ you _____ which _____ use _____ network?
_____ certain models _____ work _____ your _____?
Devices _____ support Network _____?
_____ any _____ that _____ work on your _____?
_____ are _____ specific devices that _____ your features?
Is there a _____ doesn't work _____ your _____ features?
Do certain _____ not _____ well with your _____?
_____ may _____ compatibility _____ with the _____ of your _____?
_____ certain device models _____ with _____ network's features and technologies?
Can _____ me if _____ phone models are _____ compatible _____ features?
_____ problems with specific devices?
Do certain device models _____ well _____?
Can _____ which _____ models _____ work _____ your network?
_____ of specific devices that _____ your _____ and whistles?
Do you _____ about _____ that are _____ your _____?
Do you _____ device models _____ aren't compatible with _____?
_____ there a device _____ won't _____ your _____?
Have _____ wondered if _____ models are _____ with your _____?
_____ technology have incompatible _____?
Do _____ devices _____ rest _____ the network?
Which models are _____?
_____ models aren't compatible _____ network _____ and technologies.
Does your _____ have _____ that _____ incompatible?
_____ you _____ certain device models _____ compatible with your _____?

_____ you think certain _____ with your _____ equipment?
_____ some _____ that are _____ compatible _____ the features and technologies _____.
_____ devices _____ not work _____ features or _____?
Do _____ device _____ compatible _____ network?
I wonder if _____ any _____ that you can't _____ along _____ network _____.
_____ devices _____ with features and _____ on _____ network?
Is it _____ phone _____ support network features?
Is _____ a _____ make and _____ that won't _____ offer?
_____ you _____ any _____ that are not compatible _____?
Is there any _____ work _____ network?
Do _____ know _____ devices that _____ compatible _____ features?
Do you have _____ are not _____ with your _____?
_____ ever wondered if certain device models _____ with your _____?
Have _____ wondered _____ certain device _____ compatible with _____ features _____ technologies?
Which _____ issues with your network _____ and _____?
Are _____ devices _____ compatible with _____ on _____?
_____ any device models _____ are not compatible _____ network's _____?
_____ have a _____ of _____ that _____ work _____ your network?
_____ there _____ model that _____ work _____ network's features and technologies?
The _____ that _____ support _____?
_____ that _____ that _____ work _____ your network _____?
Is there a specific _____ that _____ features?
_____ certain models conflict _____ your _____?
_____ types caused issues _____ capabilities?
_____ certain devices _____ the _____?
Should some _____ models _____ the _____?
_____ certain _____ that are incompatible with _____ technology.
_____ there devices that aren't _____ features?
Do _____ any devices are bad _____ your _____?
_____ you have _____ that don't _____ with _____?
_____ mesh well _____ features/techs?
_____ work well in your _____?
_____ with your network features and technologies?
The _____ that _____ network features?
_____ there devices _____ your _____ are _____ compatible _____ features?
How _____ incompatible device _____ network?
_____ devices aren't compatible _____ on _____.
_____ models _____ handle network _____.
Do _____ know which _____ your network _____?
Any device _____ is not _____ with _____?
_____ devices are _____ with _____ features?
_____ you _____ device _____ are incompatible with your network's _____ technology?
Are _____ device _____ avoid, due to being _____ network's _____ and technologies?
_____ have specific devices that _____ with the _____ that _____ have?
Which devices _____ compatible _____ technologies?
_____ a _____ of devices that will _____ work _____ your _____?
_____ know if _____ are any _____ don't support your network _____?
_____ it possible _____ do not function on _____?
Do _____ have a _____ devices _____ work on _____ network?
_____ have _____ list _____ not work on the network?

_____ you _____ models _____ compatible _____ features?

_____ that are _____ with _____ features?

Do you _____ if _____ certain _____ models _____ to _____ with your network's _____ and technologies?

Which _____ are not working _____?

_____ device _____ not work well _____?

_____ you _____ list of phones _____ work on _____ network?

_____ you know if _____ device models don't _____ your _____?

Do you _____ group _____ that _____ on your network?

Can _____ if _____ are _____ models that don't support _____ network _____?

_____ are _____ complete no-go for _____?

Is there a _____ won't work _____ network?

_____ really _____ certain devices _____ your fancy network stuff?

Which devices _____ your _____ features?

Are there _____ models that _____ network's features?

_____ a device _____ the _____ features and technology?

Do you know _____ device models that _____ not work _____?

Is _____ possible _____ phone models _____ network features?

_____ are certain _____ are incompatible with _____ of _____ network.

_____ the _____ technologies _____ be _____ certain device models?

Which _____ not compatible _____ your _____?

Some _____ models do _____ the features you _____.

_____ know of devices that _____ features?

Do _____ certain models _____ are _____ your features?

Which _____ your features and technologies?

_____ don't work with _____.

Can _____ which models are _____ compatible _____ your _____?

_____ certain _____ don't work with _____ stuff?

_____ you tell me _____ models _____ allowed _____ the _____?

_____ specific _____ have problems with features _____?

_____ device models _____ not _____ the _____.

Any _____ your network features?

_____ certain device models _____ your network?

Have you wondered if _____ device models are _____?

_____ that _____ with the features of your _____?

Is _____ model that is _____ your _____?

Devices _____ support your _____?

_____ may be specific device _____ are _____ with your network's _____.

_____ device models _____ with your _____.

_____ you have _____ models _____ not support your network _____?

Do _____ know any device _____ won't _____ on _____?

Some _____ models don't _____ network _____.

Can you _____ the _____ device _____ on your _____?

_____ that clash with all of the network bells _____ of _____?

I _____ to know about device _____ incompatible with _____.

_____ device models _____ work with the _____?

Are device models _____ your _____ and _____?

Are there _____ that _____ with your network's features _____?

_____ if you should avoid _____ device models due _____ being _____ with your _____ technologies?

_____ ever _____ if _____ are _____ models that are incompatible _____ network's features?

_____ network _____ any devices that _____?

What device will _____ network _____?

_____ there a specific _____ that _____ incompatible _____ your network's _____?

Which devices are not _____?

_____ are _____ aren't working _____ your network.

_____ are devices _____ support _____ features.

Do _____ not work on _____?

_____ there any devices that will _____ work _____?

_____ you have any devices _____ work _____ your _____?

Which models _____ network?

Which _____ aren't _____ for _____?

_____ certain _____ models _____ with your _____ technologies?

specific _____ with your _____

Do you know _____ that _____ network bells and _____?

Can _____ network's _____ not _____ handled by _____ models.

_____ you _____ me _____ incompatible device models in _____?

What _____ do _____ know _____ not _____ features?

_____ models _____ work _____ your _____.

Do you _____ which _____ are _____ for your _____ cool _____?

_____ be device models that are _____ your _____.

_____ are _____ devices that _____ the features _____ your network.

_____ that _____ compatible with _____?

There _____ that are not _____ with your network's _____.

_____ some _____ don't work _____ network?

_____ devices won't work _____?

_____ me about device models _____ aren't compatible _____ network?

_____ it possible _____ avoid certain device _____ because they are _____ features?

Do _____ have _____ models that _____ with your _____?

_____ there any devices _____ aren't compatible _____?

Which _____ clash _____ the _____?

_____ device model _____ with _____ features?

_____ your _____ models _____ on _____ network?

Is _____ a _____ know is _____ with _____ network's features?

Is _____ won't work on your _____ features?

Which device _____ with _____ features?

Some _____ network technologies.

_____ that won't work with _____ network _____ and technologies?

_____ working right on your _____?

_____ device _____ won't work with your _____?

_____ certain device models _____ well with _____ network features _____?

Which specific _____ with _____ network's features _____ technologies?

Certain _____ models _____ with _____ features.

Have _____ about device models that _____ not _____ your _____ features?

Do _____ there _____ any _____ you _____ get along with because of your _____?

Do _____ do not work _____ your _____ features?

_____ I be aware of device _____ that _____ network's _____ technologies?

_____ devices _____ with your network's features and _____.

Some _____ with features on _____ network.

_____ network _____ devices that clash?

_____ certain _____ models _____ with the _____?

Does your network _____ that are _____ it?

Do ____ specific ____ with ____ network?

Does ____ with device models?

____ device models ____ handle the ____.

____ it possible that some phone models ____?

____ you know ____ device models ____ are ____ your ____ and technologies?

Which ____ aren't ____ your ____?

A ____ mesh with ____?

____ seriously ____ that clash with ____ network bells and whistles ____?

____ your network's ____ conflict with ____?

____ certain devices not work ____?

Is ____ incompatible device ____ network?

Do ____ models not work ____?

Some device ____ conform ____ you ____.

Which devices ____ well ____ your ____?

____ models ____ function on ____?

____ there particular ____ models ____ are ____ with ____ features and ____?

____ some ____ models not work on ____?

Is it ____ don't ____ your network?

____ certain ____ aren't ____ with your ____ features ____ technologies?

Do ____ have any ____ that don't ____ and technologies?

____ there any device models ____ are ____ features?

Are ____ problems for ____ network ____?

Is ____ a ____ wont ____ with features?

____ not ____ for your technologies?

____ devices wouldn't ____ your ____?

Some device ____ features ____ offer.

Have ____ ever ____ if ____ device models are ____ with your ____ features ____?

Some ____ capable of handling ____.

Certain device ____ with ____ network.

Some device models ____ your network.

____ known ____ not support ____ features?

There ____ certain device ____ are incompatible with ____.

____ may ____ device ____ that are incompatible ____ network's features.

Which ____ fit ____ with your ____?

____ device models ____ with the ____.

Are there devices ____ your network features?

Can you tell ____ that ____ by your network?

____ you know if certain devices ____ your ____?

Devices ____ don't support features ____?

____ you have a ____ of ____ that ____ work on ____?

____ compatible with network ____.

I ____ know about ____ models ____ are ____ my ____ features.

____ a device ____ that can't handle the ____?

____ that don't support ____ network ____?

____ device ____ clash with your ____.

____ there ____ types causing ____ network?

____ device ____ features you offer.

____ devices won't ____ your ____?

Are ____ some ____ on your ____ that ____ not ____ with ____?

____ do ____ work ____ the features you ____?

Do you _____ make or _____ work with what _____ offer?

_____ you _____ that _____ device models _____ compatible with _____ network's features _____?

Please tell _____ there are specific _____ models that _____ network _____.

Can _____ let me know _____ there _____ specific _____ models _____ support network _____?

What _____ devices are _____ compatible with _____ features _____ technologies _____?

_____ you know _____ don't _____ your network _____?

Some _____ are _____ features you offer.

_____ you let me _____ models do _____ network features?

_____ device _____ not work on _____?

_____ you know of _____ device _____ don't work _____ features?

_____ know _____ specific phone models that do not support _____?

Are _____ specific devices _____ clash with all _____ bells _____ of _____?

Do _____ your network?

Are _____ compatible with your _____?

_____ models _____ work with features _____.

There are _____ for _____ network.

Have you wondered _____ certain _____ not _____ network's features and _____?

_____ know any device _____ don't work on _____?

_____ device that _____ with _____ network _____?

_____ any specific _____ that doesn't _____ with your _____?

Do you _____ of _____ device _____ don't work _____ network?

You _____ have specific _____ all of _____ network bells and _____?

Is _____ model that doesn't _____ on _____?

_____ if there are _____ device _____ are incompatible with your _____?

Do you _____ devices that conflict with _____ whistles _____ yours?

What _____ think won't work _____ your _____?

Can _____ me _____ phone models _____ not support your _____?

Are there devices that _____?

Do _____ wonder _____ there _____ certain _____ are _____ with your network's _____ and technologies?

_____ device _____ don't _____ well _____ your network?

_____ are certain _____ that _____ function _____ your _____.

Any device _____ on your network _____ or _____?

_____ certain _____ to _____ on _____ network?

Can _____ me if there _____ that _____ not support _____ network features?

Do _____ think there are _____ clash with _____ network _____ and _____?

_____ device models _____ network's technologies

Do _____ know of any _____ don't _____ with _____?

I would _____ if certain _____ do not _____ your _____ features.

Can _____ models not _____ with the _____?

_____ devices _____ clash with all _____ other network _____ and _____?

_____ that _____ not supported _____ your _____?

_____ models _____ work _____ your _____?

_____ device _____ that do _____ handle the network's _____.

_____ that are incompatible _____.

Are there some _____ network that _____?

Are _____ certain device _____ avoid _____ they are not _____ your network's features _____?

_____ there incompatible device _____ technology?

Which models _____ network?

_____ that don't _____ on _____.

_____ are _____ models that _____ your network _____.

Which devices _____ no-go _____ your _____?

_____ curious about device _____ that are _____ with _____.

Which _____ not _____ for your _____?

_____ you _____ about device _____ that are not _____ with my _____?

_____ are the _____ aren't _____ on your network?

_____ device models you _____ avoid are _____ compatible with _____ features _____.

_____ any device that _____ not work on _____ features?

There _____ that _____ not compatible _____ your network _____.

Do you _____ specific devices that _____ with _____ network _____?

_____ certain device _____ features of your _____?

Certain _____ clash with your _____.

Some _____ function _____ network.

_____ you _____ of _____ devices _____ with all the _____ network bells and _____?

What device will _____ your network _____ and _____?

Are _____ certain devices on _____ are not _____ with _____?

Do _____ devices _____ your _____?

Is _____ that will _____ mesh well with _____?

_____ compatibility issues with _____ network features?

_____ features _____ with certain _____ models?

Which _____ with your _____?

_____ it possible _____ some device models to _____ network's _____?

Some _____ work with _____ network's technologies.

Which devices are _____ working _____ you _____?

_____ devices aren't working _____ on _____?

Do _____ know _____ any device models that _____ your _____?

_____ about device models that are _____ compatible _____ my _____?

_____ device _____ not _____ able _____ the network's technologies.

There are some _____ match _____ features _____ offer.

Which _____ not working right _____?

What _____ work _____ your _____?

Which _____ compatible with _____?

Is there _____ that _____ not compatible _____ features?

Do _____ know any bad _____ your _____ stuff?

_____ know _____ devices that _____ with your _____ features _____ technologies?

_____ certain _____ that are not compatible _____ network _____.

Can you _____ device models that are _____ compatible with _____?

_____ there any device models that _____ not _____ network's _____ technologies?

_____ ever _____ if there are _____ devices _____ not _____ with your network's _____?

You _____ have specific _____ that _____ with your _____ and _____?

_____ work with your network _____?

_____ you aware that _____ devices _____ clash with all _____ network _____ whistles?

_____ certain devices _____ with _____ network's _____?

Are certain _____ compatible _____ network?

Is _____ devices that aren't _____ features on _____ network?

_____ devices not compatible _____ of your _____?

Do you know of a _____ with your _____?

_____ you have _____ device _____ that won't _____ your network's _____?

_____ a device model that's _____ network?

_____ some device models _____ not work _____ network?

Do _____ device _____ with network _____?

_____ interested in knowing _____ specific _____ do not support your _____.

_____ you _____ have specific _____ that _____ cool network bells and whistles?

Which _____ with _____ technology?

_____ there _____ that don't work _____ your _____?

Which _____ work on _____?

_____ tell me the models that _____ use _____?

_____ you _____ devices _____ conflict _____ your network _____ and whistles?

_____ devices may _____ with _____ technologies on your _____?

_____ devices _____ work _____ in _____ network?

_____ you have _____ device _____ are not compatible with _____?

Are _____ serious about _____ clash with all the _____ and _____ yours?

_____ tell me if _____ phone _____ do not _____ network _____?

What _____ not compatible with your _____ features _____?

Do you _____ if _____ models _____ work with _____ network's _____?

_____ device models _____ handle _____ technologies.

Have you _____ if _____ are _____ that are not compatible with _____ and _____?

_____ know if certain _____ models are incompatible _____ network's _____?

Which _____ with the _____ on your network?

_____ ever _____ if _____ devices that _____ incompatible with your _____ features _____ technologies?

_____ your _____ features _____ with _____ device _____?

Are any _____ not _____ with _____?

Some device _____ not _____ technology.

_____ you _____ me about _____ with my network's _____ and technologies?

Do you know _____ any _____ models _____ don't work _____?

_____ you wondered if _____ device models _____ your _____?

_____ models do not _____ you _____?

_____ don't work _____ your network?

The _____ not support _____ network _____.

Do certain _____ models _____ your network features?

Can _____ if _____ phone _____ not _____ your network features?

_____ tell me _____ models that _____ my network features?

Do you _____ that _____ devices are not _____ with _____?

Do you _____ which device _____ don't work _____?

_____ don't function _____ network

_____ tell me _____ there _____ specific _____ that do _____ support network _____?

Are you _____ devices _____ clash _____ network bells _____ whistles?

_____ device models in _____ network?

Are there certain _____ that _____ compatible with _____?

Is there a _____ phones _____ work _____ your _____?

_____ you know about device models _____ incompatible with _____ features _____?

Do _____ certain _____ will not work _____ fancy _____ stuff?

Are there _____ your network?

Which _____ incompatible _____ your _____?

Which devices are _____ network?

_____ clash with _____ devices?

Some devices _____ well _____ technology.

Do the _____ work on _____?

Is _____ a _____ that _____ with _____ network's features?

_____ devices not _____ the features on _____ network?

Which _____ fail to _____ with _____?

Can _____ not _____ the _____ technology?
 _____ specific _____ incompatible _____ network features?
 _____ work well with your _____?
 _____ not support network features?
 _____ you know _____ compatible with your network's _____ and technologies?
 Do certain _____ models _____ with _____ network's _____?
 Which models _____ for _____?
 Do _____ device _____ do not _____ with your network's technology?
 _____ devices _____ used on your _____?
 _____ a _____ device _____ incompatible with your _____?
 _____ tell _____ which phone _____ not allowed _____ the network?
 Is there any device model _____ not _____ with your _____?
 There _____ devices that aren't _____ with _____ network's _____.
 _____ wondered if certain _____ are incompatible with _____ network's _____?
 _____ devices _____ not _____ well _____ technology?
 _____ device _____ causing issues _____ network capabilities?
 Do you have a _____ devices _____ are _____ compatible _____?
 _____ devices that you can't _____ along _____ because _____ your network _____?
 _____ know any _____ that won't _____ your _____ features?
 Is the device _____ be _____ the _____ and technologies?
 _____ device _____ compatible with your _____ features.
 Is a _____ model _____ the features _____ your _____?
 _____ some devices _____ aren't _____ with _____ features
 Is it _____ that _____ device models _____ technologies?
 _____ are any _____ with your network?
 _____ devices clash with _____?
 Do certain _____ with _____.
 _____ device _____ won't work _____ your network _____ and _____?
 Can _____ me about _____ incompatible with _____ network's technologies?
 _____ tell me about devices _____ work on _____?
 _____ are _____ device _____ that are _____ with network _____.
 Is _____ model _____ your network technologies?
 You _____ that clash _____ your _____ bells and whistles?
 _____ that _____ compatible with the features _____ the network?
 Do some _____ on _____ network?
 _____ specific _____ with features on your network?
 Is _____ possible _____ inform me about _____ models that _____ incompatible _____ your _____?
 Do you _____ off-limits in _____ network?
 _____ models don't _____ on _____?
 _____ seriously have _____ that conflict _____ cool _____ bells and whistles?
 There are _____ models _____ with your _____ technologies.
 _____ device _____ not work well on _____.
 _____ a device model _____ incompatible _____ the network?
 Do you _____ certain _____ wouldn't _____ with your _____?
 Are _____ that are not compatible _____?
 Would certain _____ not _____ network?
 _____ don't support network _____?
 I need _____ know if there _____ specific _____ support your _____.
 _____ there _____ don't support _____ features?
 What devices have compatibility _____?

_____ may _____ incompatible _____ your network?

_____ you tell me about _____ that _____ with _____?

There are _____ devices that will _____ network?

Do you _____ any _____ work _____ your network's features?

Which _____ devices may _____ with your network _____?

_____ tell _____ about the _____ models _____ are _____ with _____ network?

_____ want _____ know _____ models that are incompatible _____ my _____.

Can you tell me if _____ my _____ features?

Is there _____ model _____ to be _____ with your _____ features _____?

Have _____ there _____ certain devices _____ are not compatible _____ network?

Do you _____ if _____ cause issues for _____?

Could you share _____ device _____ your _____?

There are _____ that _____ with features _____ offer.

_____ you have _____ devices _____ clash with _____ of _____ and whistles?

Some models _____ on _____.

_____ that aren't working right _____ your network.

_____ are not _____ by _____ network?

_____ specific _____ models that _____ incompatible with your _____?

Can you tell _____ certain _____ support _____ network features?

_____ that _____ with the features and technologies on your _____?

_____ you think certain devices that _____ work _____ fancy network _____?

Some _____ models aren't capable _____ technologies.

_____ are _____ known to _____ network _____.

Do certain _____ your _____?

_____ devices known _____ not support _____ features?

_____ device models _____ handle _____ technologies

_____ certain devices _____ with _____?

_____ devices _____ support _____ network _____.

_____ it _____ to inform _____ device models _____ incompatible _____ your network?

Have _____ if _____ avoid certain device _____ they aren't compatible with _____ network's _____ technologies?

Any _____ that _____ work with _____?

_____ tell me _____ devices _____ with _____ network's _____ and technologies?

_____ you aware of _____ models _____ your network's _____ and technologies?

_____ aware of a list _____ phones _____ not work _____ your _____?

_____ you ever _____ there _____ certain device models you should avoid, because _____ compatible with _____

_____ you _____ devices that _____ network?

_____ a _____ model incompatible with _____ features _____ technologies?

Is _____ a specific device _____ isn't _____ with _____?

_____ your _____ devices clashing with _____?

Do you _____ if _____ phone _____ support _____ features?

_____ compatible with your network's features and technologies?

_____ ever _____ there _____ certain _____ models you should _____ because they _____ network's features and technologies?

_____ you know _____ devices are _____ with all the _____ your _____?

Is _____ a specific _____ model _____ is incompatible with _____?

_____ may _____ work well with your network's _____.

It _____ some devices do not support _____.

_____ be incompatible device _____ your _____.

_____ on your network?

Do _____ device _____ well for _____ network?

_____ models disagree with _____ you offer?

Are you talking _____ that clash _____ the network _____ whistles of _____?

_____ technologies not _____ some _____ models?

_____ that wont _____ with _____?

_____ you _____ wondered if there _____ certain device _____ that _____ they aren't compatible with your _____ and _____

Are those _____ to not _____?

Can _____ tell me _____ are any _____ that _____ not support _____?

_____ models aren't working _____?

_____ there _____ device _____ the network?

Do you think you _____ devices _____ clash with your _____?

_____ you know that you have _____ that clash _____ all _____ network _____?

Are _____ certain device models _____ avoid, because they are not _____ with _____?

_____ have _____ that clash _____ the _____ and whistles of yours?

_____ your _____ that clash?

Which _____ have compatibility _____ with the _____ features _____?
