

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Technical specifications and requirements
Inquiry Sub-Category	Connectivity and Communication
Description	Inquiries regarding the connectivity options, such as Wi-Fi, Bluetooth, or NFC, and the communication protocols used by our appliances for remote monitoring and control.
Data Size	5,043 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

What _____ measures are in place _____ Wi-Fi/Bluetooth/NFC connections?

I _____ wondering if _____ is a _____ for _____ when connected _____.

What _____ the precautions _____ transmitted _____ in _____ wireless _____?

What can be _____ to _____ sent _____?

What are the _____ protect _____ wireless connections?

What _____ to _____ via wi-fi,Bluetooth and nfo?

_____ are wireless _____

Appropriate _____ wireless _____ of _____?

Is _____ using a _____ connection?

_____ should _____ safeguard our _____ being transmitted via _____ wi-fi, _____ or _____ device.

_____ are taken to protect _____ or Near Field _____?

_____ information _____ during wireless _____?

What _____ the steps _____ to _____ sent _____ wi-fi,Bluetooth or near _____?

How _____ protect _____ information _____ is sent via _____?

How _____ we _____ our _____ being transmitted via _____ wi-fi, wireless, or _____?

Will _____ safety precautions?

How do _____ make _____ the data _____ wi-fi _____ connections?

_____ are taken to protect _____ or Near _____ communication?

_____ you _____ how _____ sure data security _____ protected when _____ and _____?

_____ do you protect the _____ via wi-fi,Bluetooth _____ Communication?

_____ protect data _____ sent _____ wi-fi,Bluetooth _____ Near- Field Communication?

_____ plan to keep data safe _____ wi-fi?

_____ should we _____ data from _____ wi-fi, wireless _____ near-field device?

_____ you make sure the _____ of your _____ is _____ wi-fi _____?

_____ practices are used _____ wi-fi _____?

_____ wireless _____ safety _____.

What security _____ in place _____?

_____ we _____ our data _____ transmitted via _____ wi-fi, wireless _____ near-field _____ network

_____ safeguard data _____ wireless networks.

How _____ wireless _____ protected?

Do you know _____ things _____ done _____ being _____ over _____ wireless network.

_____ protection _____ ensured _____ wireless channels?

_____ do _____ the data is _____ when using wi-fi and _____?

What _____ the _____ wireless transmissions?

There _____ protection mechanisms _____ wireless _____

What protections are in _____ to _____ connections?

How are _____ done to _____ being sent over a wireless _____ near _____ device?

_____ can _____ protect information _____ via wi-fi?

How _____ transmitted wireless _____?

How are _____ going _____ safe when I _____ over _____ and _____?

_____ do you _____ that the _____ is protected when _____ wi-fi?

_____ to _____ sent over a _____ network over a communication connection

Is _____ enough security for _____?

Who _____ the _____ fi, _____ or thenfc?

_____ about _____ measures _____ wireless data

How should _____ safeguard _____ from _____ wi-fi, _____ or near-field device?

_____ enough safeguard for wireless _____?

_____ is _____ security _____ when _____ wi-fi?

How do _____ sure _____ is protected _____ using _____.

Is there _____ that _____ data on _____ connections?

How do _____ security _____ a _____ network?

There are _____ when _____ data.

How _____ data from being _____ by _____ wi-fi, wireless or near-field _____?

What _____ taken _____ safeguard transmitted _____ across _____ networks?

What steps _____ taken _____ protect data _____ is _____ Field Communication _____?

Do any _____ exist _____ sent via wireless _____?

_____ precautions are _____ to _____ data _____ via _____ Near- _____ Communication?

How _____ we protect the data _____ a _____ wireless _____ network?

There _____ precautions _____ to protect data _____ Near- _____ Communications.

_____ do _____ protect _____ data _____ wi-fi?

_____ the best _____ mechanisms for _____ data?

How do _____ make _____ data _____ protected _____ wi-fi?

How can you _____ data security _____ brellas?

_____ have any security _____ wireless _____?

Is _____ protocol for wireless _____?

How _____ you make sure the data _____ using _____?

How can you _____ when _____?

What _____ wireless data?

_____ measures that _____ the _____ of user data transferred _____ technologies?

Tell _____ safety _____ wireless data.

Is _____ possible to _____ safety _____ data over _____ wireless _____?

_____ data protection _____ ensured on _____ channels?

_____ are the _____ taken _____ protect data transmitted _____ wi-fi, Bluetooth or _____?

_____ security of data over _____?

_____ there a _____ to _____ that the _____ when connecting through _____?

_____ safeguards are _____ protect transmitted _____ on _____ connections?

_____ the security of _____ over _____?

_____ do you make _____ that data security _____ brellas _____ wi-fi?

_____ is the _____ data _____ via wi-fi,Bluetooth _____ Near- _____ Communications?

_____ is _____ protected _____ wireless _____?

_____ precautions taken to protect _____ information that _____ via _____ network?

_____ do we _____ data _____ wi-fi?

_____ measures for the _____.

How _____ make _____ data is protected _____ wi-fi?

_____ some _____ of security _____ place for wireless _____?

Is _____ security _____ employed on _____?

How do _____ ensure data security when _____?

_____ adequate safeguards _____ of information.

_____ is the level of _____ for _____ over _____?

What _____ are used _____ data _____ wireless networks?

_____ measures for wireless data.

What _____ the _____ of _____ wireless _____?

Are _____ adequate _____ for _____ transfer _____?

How _____ from being sent via a wi-fi, _____ near-field _____ network.

_____ protection mechanisms for _____ data.

What _____ precautions _____ information across wireless networks?

There _____ be precautions taken _____ sensitive information _____ via _____.

_____ offer _____ features to ensure _____ my data _____ the _____ interface?

_____ are _____ for wireless _____?

What are the steps taken to protect _____ communication?

Do you _____ data security setup _____?

_____ are certain _____ transmissions _____?

_____ do _____ protect wireless _____?

_____ secure _____ my data _____ I use _____ bluetooth?

_____ you tell me _____ there _____ measures _____ for securing data _____ through _____?

_____ to protect data _____ via wi-fi,Bluetooth, _____ nfo?

How do you _____ that _____ isn't _____ using wi-fi?

There are any _____ for _____ wireless networks?

_____ there _____ for wireless transfers _____?

_____ precautions are in place to _____ transmitted _____?

How _____ you ensure _____ the data _____ protected _____ andBluetooth connections?

How _____ ensure _____ on wireless _____?

_____ should _____ data _____ being transmitted via a wireless _____?

_____ there _____ adequate security in place _____?

How _____ we protect our data _____ being _____ via a _____ communication _____

What steps is taken _____ by wi-fi,Bluetooth _____ Near _____?

What _____ to protect our _____ being _____ a wi-fi, wireless or _____ device?

_____ taken to protect data sent using _____ or _____?

How _____ my _____ when _____ wi-fi?

How do _____ from _____ sent _____ wireless _____ over _____ communication device?

Is _____ a _____ to _____ safety when _____ and bluetooth?

Any _____ information safe _____ wireless networks?

_____ to protect the _____ of _____ transferred _____ wireless technologies?

_____ things _____ to prevent data _____ over a wireless network _____ field communication connection?

_____ plan _____ make sure _____ is safe _____ wi-fi and bluetooth?

How are _____ done to keep data _____ over _____ a communication _____

_____ are _____ taken to _____ data sent via _____ Near _____.

_____ don't _____ a plan _____ data safety when connected _____ wi-fi.

What _____ we _____ to _____ data _____ connections?

What steps _____ taken to _____ data _____ wi-fi, Bluetooth _____ Communications?

_____ to protect _____ data _____ being _____ via a _____ wireless or near-field communication _____?

How _____ I _____ my data _____ safe _____ wireless _____?

_____ should _____ our _____ from being sent using a _____ or _____?

_____ may be _____ for wireless _____.

_____ precautions are _____ protect _____ via _____ bluetooth or near-field _____?

Do you know _____ to _____ data _____ is _____ while _____?

How is _____ protected _____.

Personal _____ data _____ secured over _____ connections, how?

Who _____ the most _____ to _____ transmitted _____ fi, _____ or thenFC?

Is _____ any precautions _____ transmitted _____ wireless networks?

_____ you _____ the data sent _____ wi-fi,Bluetooth _____ nfo?

_____ is taken to protect the _____ via _____.

_____ the _____ wireless connections in _____?

_____ safe _____ the _____ a _____ transfer?

What _____ are _____ protect the data _____ wi-fi,Bluetooth _____ nfo?

Is there _____ wireless transfer _____?

How do _____ security is _____ when _____ and the like?

_____ connection safety _____ implemented?

How _____ ensure data security _____ connection?

What steps are _____ protect data _____ via _____ Communication.

_____ know if _____ is security _____ it comes to _____ connections?

_____ steps _____ taken to protect data _____ Field Communications or _____?

What _____ that protect _____ data on the _____?

_____ you have any _____ features that _____ the safety of _____ data _____?

Is _____ a _____ to _____ that data is safe _____?

What _____ mechanisms that _____ wireless _____?

How _____ your _____ is protected?

What are _____ taken to _____ data _____ or _____ communications?

What safeguards are _____ to _____ wireless _____?

_____ mechanisms defends _____ data?

_____ the safeguards _____ transmitted _____ data?

_____ the _____ to _____ wireless data?

Do _____ if there _____ security setup for _____?

_____ to know if _____ is security _____ place when _____ wireless _____.

_____ steps _____ to protect _____ sent via wi-fi,Bluetooth, or _____?

_____ there _____ in place _____ it comes to wireless connections?

_____ want to know if _____ give _____ wireless _____.

_____ precautions are _____ to _____ user _____ through _____ technologies?

What _____ are _____ to _____ data sent via _____ or _____?

How _____ you _____ use wi-fi and bluetooth?

_____ protect _____ over wi-fi/Bluetooth?

_____ do you _____ data when _____ andBluetooth?

How do you _____ when using _____ wi-fi and bluetooth connection?

_____ are transmission _____ data _____?

_____ you _____ my _____ is over wi-fi?

What are _____ against transmitted data _____?

_____ steps are _____ protect data _____ is sent _____ or Near-field _____?

_____ should we _____ transmitted via _____ wi-fi, wireless or near-field _____?

_____ can _____ data from being transmitted via _____ or _____ field _____?

What are the safeguards _____ transmitted _____ on _____?

What _____ mechanisms _____ data _____

_____ there any _____ to _____ transmitted information _____ networks?

What _____ are put _____ to protect _____ data _____ wireless _____?

Do _____ offer some _____ of _____ wireless _____?

_____ you offer any security features _____ ensure _____ over _____ wireless interface?

_____ do we _____ data protection on _____?

_____ there _____ precautions _____ to protect _____ information _____ via the _____?

Something to say _____ measures _____.

What protections are in _____ data _____ connections?

How is _____ data _____?

How _____ protection on _____ ensured?

What _____ taken _____ protect _____ via wi-fi, bluetooth _____ nfo?

What _____ to protect data transmitted _____ wi-fi,Bluetooth _____ Near- _____?

How _____ we protect our _____ from _____ sent via _____ near-field _____?

_____ are _____ secured over the _____?

_____ should we protect _____ from being _____ wi-fi, _____ near-field communication _____.

_____ should we protect our data from _____ by wi-fi, _____?

_____ precautions be _____ wireless connection _____?

What _____ the _____ over wi-fi?

_____ information be protected during _____?

_____ a way _____ shield my information when _____ use _____?

_____ any _____ to _____ sure that _____ is _____ through _____ of wi-fi, _____ or near field communication?

_____ you _____ is _____ in place for wireless _____?

How _____ make _____ data _____ is protected _____ using a _____?

How should _____ our _____ from _____ transmitted via _____ wireless or _____?

Do _____ have any information _____ the security _____ wireless _____?

How _____ the data _____ wi-fi?

How do _____ make _____ over _____?

How do _____ is safeguarded _____ using wi-fi andBluetooth?

How secure is _____ when _____ wireless device?

How are _____ done _____ data from _____ over _____ network?

_____ protection _____ on wireless channels.

_____ have _____ wireless _____ been ensured?

How _____ keep my _____ when I use wi-fi?

What _____ the _____ taken to _____ sent _____ wi-fi, _____ near field _____?

_____ tell _____ if there is a _____ safety _____ connected through _____?

_____ wondering if there was security in _____.

What steps is _____ data _____ through wi-fi,Bluetooth _____?

_____ wireless _____ safety?

_____ are _____ connection safety _____?

_____ the data security _____?

How do you _____ security _____ using _____ wi-fi _____?

Is _____ a way _____ safeguard the _____ data through _____ wireless _____?

Any precautions _____ transmitted _____ in the _____?

How _____ we protect _____ data from _____ wi-fi, wireless _____ communication?

How _____ protect _____ data from being _____ wireless _____ near-field devices?

_____ is taken to _____ data _____ using _____ or Near- _____?

_____ a plan for _____ safety when _____?

There _____ taken to _____ data _____ or near-field communications.
 There are steps taken _____ protect _____ via _____ Near-field _____.
 _____ do we protect _____ wireless _____?
 _____ you do _____ is protected when using wi-fi and Bluetooth _____?
 Is _____ precautions _____ to _____ information sent _____ networks?
 There _____ for _____ transfer _____ info.
 How _____ you make _____ data security is _____ Bluetooth connections?
 What _____ security _____ for wireless transfers?
 _____ about _____ measures for _____.
 Is there adequate safeguards _____ transfer _____?
 Is _____ wireless transmissions are _____?
 What _____ are _____ place to protect _____ data _____?
 _____ precautions _____ safeguard _____ information _____ via wireless networks?
 _____ they _____ security _____ transfers?
 _____ can we _____ the _____ wi-fi, Bluetooth _____ Near-field communications?
 Do you _____ to make _____ data security is _____ and bluetooth _____?
 How _____ sure that _____ is protected _____ wi-fi and bluetooth _____?
 Can we _____ our data _____ transmitted _____ wi-fi, _____ or _____ network?
 Wireless _____ measures _____?
 What _____ against transmitted _____ data?
 _____ are taken to protect _____ bluetooth or _____ field communication?
 _____ do _____ make sure _____ security is _____ when using _____ wi-fi _____?
 Protection mechanisms _____ wireless _____.
 _____ protection mechanisms that _____ data?
 _____ Wireless _____ safeguarded?
 How _____ wireless connection safety _____?
 _____ is taken to _____ data sent _____ nfo?
 _____ in place _____ safeguard _____ data via wi-fi?
 Is _____ possible to ensure _____?
 What steps _____ taken _____ protect _____ wi-fi, Bluetooth or _____ Field _____?
 Do they have _____ of _____ for _____ wireless _____?
 How _____ are wi- _____?
 _____ are _____ protect transmitted _____ on wireless connections?
 Is there any precautions taken to _____ through _____?
 Do _____ offer any _____ to _____ safety of my _____ wireless?
 What do _____ do to _____ data _____ a _____ or near-field device?
 _____ a plan _____ when using wi-fi?
 _____ is it ensured of _____ wireless _____?
 How _____ we _____ from _____ via a wi-fi, wireless _____ network?
 _____ are _____ mechanisms that _____ wireless _____?
 How _____ sure data _____ using wi-fi and brellas?
 _____ about the data security on _____?
 How _____ data from being sent via a wi-fi, _____?
 _____ steps _____ taken to _____ user data through _____?
 Is _____ used on _____?
 _____ the _____ taken to protect _____ via wi-fi, Bluetooth or _____?
 _____ should we protect our _____ from _____ or _____ field devices?
 What _____ are taken _____ sent _____ wi-fi, Bluetooth or near _____?
 _____ protects _____ data through _____ fi, _____ then FC?
 How _____ we protect our data _____ being _____ via _____ near-field _____?

_____ a way _____ make sure _____ security _____ protected _____ wi-fi?

Is there _____ for _____ safety _____ information sent via _____ networks?

_____ does data _____ work _____?

Can _____ tell me about _____ for _____ data transfer?

_____ steps _____ taken _____ protect data _____ being _____ or _____ Field Communication?

I _____ know how _____ is _____ wireless connections.

There _____ safeguards to _____ transmitted _____ wireless _____

_____ maintained when using wi-fi?

_____ should we _____ data _____ transmitted via wireless or _____ communication _____?

_____ be done to _____ sent via _____ Field Communication?

_____ can _____ make sure _____ data _____ protected when using _____ and _____?

How do _____ ensure the _____ of _____ wi-fi _____ bluetooth?

_____ are _____ steps _____ protect _____ data sent _____ wi-fi?

What _____ measures _____ protect _____ integrity _____ user data transmitted _____ wireless _____?

Is there a _____ to protect _____ being _____ a _____ wireless _____ near-field _____?

_____ can _____ done _____ protect _____ integrity _____ transferred user data through _____?

_____ we do to _____ data sent via _____ Near- _____?

_____ are the precautions _____ via wi-fi,Bluetooth or _____ Field Communications?

_____ if _____ are measures in place _____ data that is _____ wi-fi.

_____ is _____ safeguarded?

_____ you make _____ data security _____ protected when _____ fi?

How can _____ your _____ protected when _____ wi-fi _____ bluetooth?

How _____ wireless _____?

Have adequate _____ been _____ in place _____ wireless _____?

_____ do you make _____ the _____ safe _____ use wi-fi _____?

_____ do _____ make sure _____ of _____ data is protected _____ wi-fi?

Do _____ safety precautions _____?

What are _____ steps _____ protect _____ transmitted _____ wi-fi,Bluetooth or _____?

Is there _____ transfer _____ info?

Consider safety _____ wireless _____.

_____ are _____ to _____ data sent _____ wi-fi,Bluetooth or _____ Communication?

What _____ are _____ to _____ data sent _____ wi-fi,Bluetooth _____ communications?

_____ do to make sure _____ data security _____ when _____ wi-fi?

How do _____ sure _____ data _____ protected when using a _____?

_____ do you _____ your _____ over _____?

_____ do you _____ using a wi-fi _____?

Discuss _____ for _____ data.

Is there _____ taken to _____ information _____ via wireless _____?

What _____ steps _____ to protect _____ via wi-fi and _____?

_____ about wireless _____ safety _____.

_____ security over wi-fi?

How _____ make _____ protected when using a _____ bluetooth connection?

Which steps are taken _____ protect transmitted _____ thenFC?

There _____ safeguard transmitted _____ across _____ networks.

_____ do _____ that data _____ safe when using _____?

_____ are _____ keep data from being _____ over _____ network

There _____ mechanisms for wireless _____.

How are things done _____ prevent _____ from _____ over _____ over a near _____?

Who takes the _____ to protect _____ through _____ fi, _____ or _____?

How _____ you _____ sure the security of _____ when _____?

_____ protect our data from _____ transmitted via _____ wireless _____ field communication _____?

Is there _____ way _____ transmitted _____ in _____ networks?

How is _____ the wireless _____?

_____ make _____ data security _____ protected when _____ a _____ bluetooth connection?

_____ I _____ my _____ when I transfer it over a _____?

_____ can _____ protected on _____ channels.

Safety _____ the wireless _____?

What _____ security _____ my data _____ the _____ networks?

_____ are the steps _____ protect _____ via _____ or _____ Communications?

There are _____ taken to _____ wi-fi,Bluetooth or Near Field _____.

How are things _____ to _____ data from _____ over _____.

What steps _____ taken _____ protect _____ sent _____ wi-fi, bluetooth _____?

How _____ from _____ via wi-fi, wireless or _____ field device?

_____ we _____ our data _____ sent via _____ wireless or near-field _____?

Is _____ secure over _____ wireless _____?

Can you tell me _____ things _____ data _____ sent _____ a wireless _____?

How _____ keep data security _____ wi-fi _____ bluetooth?

_____ protect our data _____ transmitted _____ a _____ wireless _____ near-field Communication _____

_____ is taken to _____ data sent via wi-fi, _____?

Is there any precautions that _____ sensitive _____ sent _____ wireless _____?

How do you make _____ that _____ safe _____ brellas?

_____ we _____ data from being sent _____ wireless or near-field _____ network?

_____ me if there _____ a plan for _____ when using _____.

What _____ is taken _____ by _____ or nfo?

What are _____ taken to _____ data sent _____ field communication?

Do _____ precautions taken to protect _____ sent _____ networks?

_____ security practices _____ connections?

Is _____ for wireless _____?

_____ we _____ our data _____ transmitted via wi-fi, wireless or _____?

_____ do _____ sure that your _____ is safe _____ wireless _____?

_____ measures are _____ transmitted data on _____ connections?

_____ do _____ data _____ while _____ wi-fi?

_____ there _____ taken to protect _____ information _____ via wireless _____?

_____ there any safety _____ for the _____ of _____ networks?

How can you _____ security _____ protected _____ wi-fi?

What _____ for transmitted _____?

_____ protection mechanisms _____ the _____?

_____ can you _____ sure data _____ is _____ wi-fi?

How _____ we _____ when _____ is _____ via a _____ near field device?

_____ do _____ do to protect data sent _____ or _____?

What _____ are _____ protect _____ sent via _____ or Near _____?

What _____ in which _____ transmissions _____ safeguarded?

What _____ taken _____ protect data that _____ transmitted _____ or _____?

What measures are put in _____ user _____ wireless _____?

_____ do _____ sure data _____ safeguarded when _____ wi-fi?

_____ for wireless _____?

How _____ data _____ using wi-fi and _____?

_____ you have any _____ that assure the safety _____ data _____ the _____?

_____ the protections for _____ wireless _____?

_____ way to protect _____ when using _____ connections?

How do you _____ security _____?

How _____ data _____ using _____ connections?

_____ are _____ security _____ wi-fi?

There _____ taken to protect _____ when _____ via wireless networks.

_____ there be _____ taken _____ safeguard sensitive _____ sent _____ wireless _____?

_____ anyone _____ precautions in place to protect _____ wireless networks?

What steps are _____ protect the data _____ is _____ or Near _____?

How do _____ data sent _____ wi-fi,Bluetooth or _____?

_____ taken to guard _____ sensitive information being _____ via _____ networks?

What _____ do to protect _____ via _____ nfo?

What _____ transmitted data _____ wireless?

What steps is taken _____ via wi-fi,Bluetooth, _____ Field _____?

_____ sufficient protections _____ wireless _____ of _____?

How should _____ our _____ being _____ wireless or near-field devices?

_____ precautions are _____ place _____ data via wi-fi?

How _____ security is protected while using _____ and _____?

_____ there security _____ on _____?

What _____ taken _____ protect data sent _____ wi-fi,Bluetooth or _____?

How are things done _____ from _____ a wireless network to a near _____?

How _____ make sure _____ data security is protected when _____?

_____ can _____ the _____ of user _____ through various wireless technologies?

_____ the steps to _____ data sent via _____ or _____?

_____ should we protect our data from _____ transmitted _____ near-field communication _____?

How _____ transfers when _____ wi-fi?

There are _____ for protecting _____ the _____ networks?

_____ security setup _____ and bluetooth?

_____ want to _____ if _____ in _____ data safety when using wi-fi.

Who takes the most _____ through wi-fi, bluetooth, _____?

How do you _____ your data _____ using wi-fi _____ connections?

What _____ we _____ protect our _____ from being transmitted _____ or _____ devices?

Do you _____ precautions _____ transmitted _____ wireless networks?

How do you make _____ that _____ when _____ wi-fi _____ protected?

What can _____ done _____ integrity of user data _____?

_____ the data that is sent _____ wi-fi,Bluetooth _____ Near- Field Communications?

What _____ you _____ that data security is _____ when using _____ and _____?

How _____ you _____ sure data security _____ protected _____ wi-fi _____?

Can we protect _____ data from _____ via _____ wireless _____ communication _____?

How _____ we _____ from _____ transmitted via _____ wireless or near-field _____?

_____ steps are _____ to protect _____ sent by _____ or _____?

_____ are steps _____ protect _____ sent via _____ or _____ Communication?

Are _____ precautions _____ the _____ connection?

_____ for wireless _____

_____ steps are taken to _____ through _____ fi, _____ or _____?

_____ precautions are taken _____ via _____ Near- Field communication?

How _____ you _____ data that _____ or nfo?

What are the steps taken _____ sent via _____ Communication?

_____ there _____ taken to protect sensitive _____ is sent _____ wireless _____?

How do you _____ sure _____ security is _____ wi-fi?

Safety precautions _____?

_____ wireless _____ safety precautions _____ implemented?

What precautions are _____ place _____ protect _____ wireless _____?
 _____ over _____ for wireless _____.

How _____ data protection _____ the _____?
 _____ do _____ make sure _____ is safe _____ using _____?
 _____ things _____ to _____ being _____ a wireless network over a communications _____?

Does _____ place for wireless _____?
 _____ steps are _____ to _____ the _____ sent via wi-fi?
 _____ do you _____ data _____ via _____ Near- Field Communications?
 _____ precautions are _____ the data _____ via wi-fi _____ nfo?

How _____ security _____ protected when _____?
 _____ you know _____ data security _____ ensured _____ fi?

I _____ if _____ a plan _____ safety _____ connected through _____.

How do _____ sure _____ security _____ while using wi-fi and _____?

Who _____ protective steps to protect _____ data through _____ bluetooth, _____?

Will _____ security in _____ wireless connections?

What are _____ wireless data?

How should we protect _____ transmitted _____ a wi-fi or _____?
 _____ you think _____ place for _____ connections?

How to _____ across wireless _____?

What is the _____ my data _____?

_____ are put _____ place for _____ transmission _____ over wi-fi?
 _____ do _____ ensure _____ of the data _____ and brellas?

There are _____ over wireless.

Are there any precautions _____ to _____ information _____ is transmitted _____?

How _____ we protect _____ data _____ via a wi-fi, _____ near field _____.

_____ should we safeguard our data _____ via _____ wi-fi, _____ or _____ device?

How should we protect _____ from being _____ a _____ near-field _____?
 _____ the protective _____ wireless data?

What are _____ protect the _____ on _____ connections?
 _____ should _____ our data from _____ transmitted via a _____?
 _____ security practices employed on _____?

How should _____ protect _____ being _____ wireless or _____ devices?

How do we protect _____ from being transmitted _____ a _____ wireless _____?

What steps _____ to protect the _____ sent via _____ Field _____?
 _____ data during wi-fi _____?
 _____ do _____ data _____ over _____ networks?
 _____ sure data _____ is protected when you use _____?

How _____ security do _____ transfers?
 _____ you _____ data over wi-fi _____?

How _____ you protect data _____ when using _____?

Is _____ to protect sensitive _____ transmitted _____ networks?

How _____ sure _____ data security _____ protected when using wi-fi _____?
 _____ can you _____ using wi-fi and bluetooth?
 _____ plan _____ make _____ the data is _____ when _____ via wi-fi?
 _____ do to _____ data _____ transmitted via a _____ wireless or near-field _____?

How should _____ the _____ we send _____ a _____ wireless _____ near-field _____?

Can they _____ for _____?

_____ there _____ to protect transmitted _____ wireless networks?
 _____ the _____ protect data transmitted via _____ networks?
 _____ Wireless connection safety _____?

_____ you make sure _____ using wi-fi and Bluetooth?

Are security _____ wi fi _____?

_____ we do to protect _____ data on _____?

_____ data security _____ wi-fi?

Is _____ a security _____?

How can you _____ your data security _____ using _____?

Will data protection on _____?

_____ do you make _____ that data security _____ wi-fi _____ brellas?

Protection _____ that defend _____?

_____ do we _____ of _____ is _____ through various wireless technologies?

When it comes to _____ connections, _____?

How can _____ made sure _____ channels?

There _____ steps taken to _____ data sent via _____.

_____ want _____ know how _____ is _____ over the _____ connection.

_____ are _____ done to keep _____ from _____ sent over _____ wireless _____ else?

How _____ you make sure _____ security _____ your _____ protected while _____?

How do _____ sent via _____ or _____ Field _____?

How should we _____ our _____ sent _____ a _____ device?

How _____ you _____ sure _____ data _____ safe _____ wi-fi andBluetooth?

_____ wireless data _____ protected?

What information is _____?

_____ should _____ safeguard _____ from _____ transmitted _____ a wi-fi, _____ or near-field communication _____

_____ do _____ make sure _____ security _____ during wi-fi?

How are _____ keep _____ sent over a _____ network over a _____ communication

_____ would like to know if my _____ links.

There are precautions _____ transmitted _____ on _____.

_____ most _____ protect transmitted data _____ fi, bluetooth, and thenFC?

_____ taken to protect the _____ via wi-fi?

What _____ taken _____ data sent _____ or wi-fi?

What _____ taken to protect data _____ or Near- _____?

How should we _____ our data _____ wi-fi,wireless or _____ device?

_____ data secure when _____?

_____ steps _____ to _____ from being _____ or near- field communications?

What _____ are _____ to safeguard _____ sent _____ or _____?

Talk about _____ precautions.

_____ there a plan to protect _____ connected _____?

_____ offer _____ security _____ to _____ safety of my data _____ wireless interface?

_____ do _____ make sure data _____ protected _____ wi-fi

_____ can _____ make _____ security _____ is protected when using wi-fi?

_____ steps are _____ to _____ sent via _____ and Near-Field _____?

_____ do you _____ security _____ a wi-fi connection?

How _____ keep our _____ being _____ via a _____ wireless _____ near-field communication _____?

There _____ steps _____ to _____ that _____ sent via wi-fi _____.

How do we _____ during _____?

_____ we protect _____ from _____ transmitted _____ a _____ wireless or _____ communication method.

_____ you protect _____ sent via _____ or _____?

_____ there any _____ information across wireless networks.

How _____ transmitted wireless _____?

_____ are taken _____ protect data sent by _____ Field _____?

What _____ are taken _____ sent via wi-fi, _____ or _____?

_____ the security _____ on wireless _____?

Can _____ be _____ on _____ channels?

_____ steps are _____ protect data _____ wi-fi, _____ or near- _____ communications?

How are some _____ _____?

_____ _____ to protect _____ sent _____ wi-fi, Bluetooth _____ Near Field Communications?

_____ _____ if there are _____ security measures in place _____ data through _____ or nfo?

_____ _____ guard our data _____ transmitted _____ wi-fi, wireless or _____ field device?

_____ _____ make _____ that your data _____ safe when using _____ bluetooth?

_____ _____ transmitted information across wireless networks?

_____ you _____ sure that _____ protected when _____ wi-fi and Bluetooth?

_____ safeguards for _____ transfer _____?

_____ do _____ sure the _____ safe while _____ wi-fi?

_____ things done _____ keep data _____ being _____ over _____ wireless network over _____?

_____ _____ secure information sent via wi-fi?

I _____ wondering if there _____ plan _____ when _____ through wi-fi.

Do you know _____ are _____ to protect sensitive _____ sent _____?

_____ data protected _____ channels?

_____ _____ sure _____ security is protected _____ using wi-fi and _____ connections?

What _____ used _____ defend wireless _____?

_____ measures to _____ the _____ over _____ wireless networks.

What _____ the _____ for the _____ data over _____?

_____ know _____ is protected when using wi-fi _____ bluetooth?

_____ are _____ taken to _____ via _____ or nfo.

_____ steps are _____ to protect data _____ wi-fi, _____?

What _____ are _____ to protect data _____ via _____ communication?

How should _____ from being transmitted via wi-fi, _____ devices?

Is _____ data _____ setup for _____?

How is _____ ensured _____ network?

_____ taken _____ protect data sent using _____ or _____?

_____ there security _____ place when _____ comes _____ connections?

How safe is my _____ I _____ and _____?

How _____ you _____ data _____ wi-fi and brellas?

How _____ protection _____ be ensured?

What steps are taken _____ data _____ wi-fi _____ communications?

How do _____ make _____ your data _____ using _____?

_____ should _____ protect _____ data from being transmitted _____ wireless, _____ device?

_____ steps is _____ to _____ sent via wi-fi, _____?

Can _____ protect our data from _____ wireless _____ device?

_____ security _____ shield data _____ via _____?

How _____ you _____ data _____ safe when using wi-fi and _____?

How should _____ our _____ from being _____ wireless or near-field _____ network?

How do you _____ security _____ protected _____ wi-fi and _____?

_____ some _____ protect _____ integrity _____ user data through wireless _____?

_____ wireless connection _____ precautions _____?

Some protection mechanisms _____.

Wireless _____ precautions _____?

_____ you tell us _____ the data security _____?

How are _____ data from being sent _____ a _____ network _____ communication _____.

What _____ safeguards against _____ of _____ wireless connections?

_____ it comes to _____ security _____ place?

_____ wireless _____ safeguarded.

There are _____ transmitted information _____ wireless _____.

What steps _____ to _____ data sent _____ wi-fi,Bluetooth, _____ Field Communications?

Do _____ to make sure that data _____ is _____ wi-fi?

Consider the _____ wireless _____.

How _____ keep data from _____ sent _____ a _____ near field _____ device?

_____ should we _____ data from being transmitted _____ wi-fi, wireless, or _____.

_____ from being sent _____ a _____ network over _____ near-field communication device?

Do they provide _____ security for _____?

_____ there _____ precautions taken _____ sensitive information _____ is _____ via _____ networks?

_____ there a _____ for data _____ connecting through _____?

_____ during wireless transmissions?

How _____ ensure _____ data security is protected _____?

_____ do _____ make sure data security is _____ wi-fi _____?

How do you _____ data that _____ wi-fi,Bluetooth _____ Near _____?

How do _____ protect data that is _____ or _____?

How can _____ data protection _____ wireless _____?

Is _____ you can do to _____ sensitive _____ sent _____?

Is _____ anything that _____ done to protect _____ wireless networks?

Are _____ security _____ place _____ connections?

_____ steps is _____ protect data _____ wi-fi,Bluetooth, or _____?

_____ do you make _____ security _____ not _____ using wi-fi?

_____ safety of wireless _____.

Discuss _____ wireless _____.

How _____ we _____ being _____ via a wi-fi, _____ or _____ network

Adequate safeguards for _____?

_____ measures _____ wireless data?

_____ precautions _____ taken _____ the integrity of _____ data through _____ technologies?

How _____ you make sure that _____ security is _____ when _____?

Is there _____ security _____ that _____ on wireless _____?

How do _____ is protected when you _____ wi-fi?

_____ taken _____ protect _____ information sent _____ the wireless networks?

What _____ are _____ to _____ wireless _____?

How _____ we protect _____ from _____ via a _____ or near-field _____?

How _____ data _____ using _____?

_____ protect our data _____ being transmitted via a _____ Communication device?

How are _____ via _____ or _____ protected?

There are steps _____ data _____ or _____ Field Communications.

_____ transmissions, _____ is information _____?

_____ do _____ sure _____ data _____ protected while using wi-fi?

_____ some _____ mechanisms _____ wireless data?

_____ from _____ transmitted _____ a wi-fi, wireless or _____ field communication network?

_____ security with _____?

_____ steps _____ protect _____ sent via wi-fi,Bluetooth _____ Near-Field Communication?

_____ steps _____ protect data _____ via _____ or Near- _____ Communications.

What _____ taken to _____ data sent via _____ or _____?

How _____ transmissions _____?

_____ do _____ protect _____ data?

_____ information in wireless transmissions?

_____ things done to _____ being sent over a _____ over a _____.

_____ way _____ make sure my _____ is safe over _____ wireless _____?

Do _____ know _____ ensure data _____ when using wi-fi _____?

How _____ you _____ data sent via wi-fi,Bluetooth _____?

How _____ sure _____ data security _____ protected using wi-fi _____ bluetooth _____?

_____ wireless _____ precautions be _____?

What _____ the _____ taken to _____ data _____ wi-fi,Bluetooth, or _____?

How _____ transmissions be _____?

_____ are _____ keep data _____ transmitted over a _____ network?

What _____ the wireless transmissions?

What are _____ to _____ data _____ via wi-fi,Bluetooth, _____ Near- Field _____?

_____ proper security in _____ using _____ connections?

I _____ to know if my info _____ via _____.

Protection _____ for _____

What are _____ data sent _____ wi-fi,Bluetooth or Near-Field _____?

_____ there _____ data _____ for wi-fi

_____ steps are _____ protect _____ via _____ or nfo.

_____ precautions are taken _____ protect _____ sent _____ and Near-field _____?

What _____ to protect _____ via _____ or Near- Field Communication?

_____ safety measures _____ wireless _____.

How can _____ make _____ wi-fi _____ is _____?

_____ are things done to keep _____ transmitted _____ a wireless _____ device?

Which _____ practices are used _____?

Who _____ most _____ protect transmitted data through _____ fi, _____ thenFC?

Is _____ protective _____ wireless data _____?

Do you know if _____ precautions _____ taken to _____ information _____?

_____ safety _____ for _____ data.

_____ steps are taken _____ the _____ via wi-fi _____ nfo?

Is _____ any way to _____ the safety _____ wireless _____?

There _____ for _____ transmission of data via _____ networks.

How _____ the wireless _____?

_____ steps _____ to protect the _____ sent _____ wi-fi,Bluetooth _____ communications?

Is _____ when using _____ links?

_____ steps are taken _____ data _____ or Near-field Communications?

_____ is _____ procedure for _____ sent via _____ or _____ communications?

What can be _____ keep _____ user data _____ various _____ technologies?

_____ protect wireless _____?

We don't _____ what safeguards _____ data _____ wireless _____.

_____ there _____ precautions _____ protect sensitive information _____ through _____ networks?

_____ plan to make sure _____ is safe _____ it _____ connected _____ wi-fi?

_____ be done _____ protect _____ integrity of _____ data _____ technology?

Is the _____ in _____ to _____ wireless connections?

Which _____ data through wi-fi?

I _____ to _____ provide _____ security for wireless transfers.

_____ adequate safeguards for wireless _____?

How do we _____ via _____ Near- Field _____?

_____ proper _____ when _____ comes to wireless _____?

What _____ taken _____ protect data sent via _____ or _____?

_____ actions are _____ to protect _____ via _____ Near-Field Communication?

There _____ taken _____ the _____ sent via _____ or Near- Field _____.

_____ are _____ data transfer _____?

_____ data _____ ensured _____ wireless _____?

How do _____ make _____ your _____ is _____ use wi-fi _____ bluetooth?

Is there _____ precautions _____ information _____ the _____ networks?

Are _____ taken _____ information transmitted via the _____ networks?

Is _____ safeguard that protects _____ on _____ connections?

Can _____ protect _____ data _____ being transmitted _____ a _____ or _____ device?

_____ we _____ our _____ from _____ a wi-fi, wireless or near-field _____ method.

How should we protect _____ data from _____ network?

_____ security in _____ for wireless _____?

_____ are the _____ packets _____?

How _____ data sent via wi-fi,Bluetooth or _____?

How do _____ data when _____ wi-fi _____?

_____ steps taken to protect the data _____ via wi-fi,Bluetooth _____.

_____ we _____ our data from _____ transmitted via _____ near-field _____ device?

_____ certain precautions _____ be taken _____ sensitive information via _____ networks.

How can _____ protect our _____ from _____ a wi-fi, _____ or _____?

Is it _____ to _____ of _____ over wireless interface?

_____ there wireless _____ safety _____?

Is _____ shielded?

_____ protects data _____ wi- _____ bluetooth?

What is _____ of information _____ is _____ via _____?

_____ taken to _____ data _____ sent _____ nfo or wi-fi?

Safety precautions for _____ networks?

How safe _____ wi-fi?

How are steps _____ to _____ sent _____ wi-fi,Bluetooth _____ communications?

What _____ to _____ transmitted _____ on wireless?

_____ do you _____ sure data _____ protected _____ using _____?

_____ you make _____ data _____ safe _____ wi-fi connections?

_____ steps are taken _____ protect _____ via _____ Near- field _____?

_____ precautions _____ taken to protect data _____ Bluetooth or _____ Communications?

_____ do _____ sure _____ data security _____ and brellas is protected?

There are _____ taken _____ information sent _____ wireless _____.

How _____ you make _____ your data _____ when using _____ and _____?

Is _____ adequate security _____ when using _____?

How are _____ communications _____?

_____ should _____ protect _____ from _____ via _____ wireless or _____ communication method?

_____ there any _____ safeguard transmitted information _____ networks?

_____ connections secured?

What _____ the _____ via _____?

There are _____ taken _____ protect _____ sent _____ wireless networks.

_____ should we _____ about the _____ being transmitted _____ wi-fi, _____ or _____ Communication _____?

_____ you _____ sure that data _____ protected _____ wi-fi and _____?

How _____ sure _____ your _____ security is _____ when _____ wi-fi and _____?

Measures _____ safeguard _____ devices?

How _____ things _____ the data _____ leaving a _____ network?

What can _____ done _____ protect _____ sent via _____ Near-field _____?

How _____ protect our _____ from being transmitted _____ wi-fi, _____ Communication _____?

How _____ we protect our _____ from _____ via _____ or _____ device?

_____ there any _____ protocols _____ transfers?

How should we _____ being transmitted _____ wi-fi or _____?

How safe _____ during _____?

How secure _____ is when _____ wi-fi _____?

_____ be adequate safeguards _____ transfers of _____?

_____ steps is _____ sent via wi-fi,Bluetooth, or _____ Field _____?

_____ do _____ keep _____ from being sent _____ a _____ a _____ device?

What steps _____ taken _____ data _____ wi-fi, _____ or Near Field _____?

There are wireless _____?

_____ the safeguards _____ wireless _____?

_____ do you protect your _____?

_____ data _____ is _____ wireless channels?

_____ security _____ when using a wireless _____?

_____ should _____ data from being transmitted via _____ communication _____?

_____ do _____ sure _____ security _____ using wi-fi and bluetooth.

_____ do you make _____ your _____ when you _____ wi-fi andBluetooth?

How secure are the _____?

Do you _____ there are _____ wi-fi?

What precautions _____ to _____ data _____ via _____ or _____ communications?

What steps _____ taken _____ protect data _____ near- _____ communication?

Measures _____ data sharing on _____?

What measures _____ to safeguard _____ through various _____?

_____ safety _____ are being _____?

_____ can be put _____ place _____ protect _____ on _____ connections?

What are the precautions _____ keep _____ from _____ sent over _____?

What _____ taken to protect data _____ wi-fi,Bluetooth _____ Field _____?

_____ to know if there are _____ in _____ for transferring data through _____ bluetooth _____ near _____.

_____ any _____ taken _____ safeguard _____ data via wi-fi?

_____ me about the security features _____?

_____ do you _____ sure the _____ of _____ protected _____ using wi-fi?

_____ you _____ how data security _____ ensured _____ devices?

What _____ the precautions used _____ on _____ connections?

_____ we protect our _____ from being _____ via _____ wireless, or _____?

Is _____ way _____ ensure the _____ data over wireless?

_____ are used _____ user data through _____ technologies?

How _____ we protect _____ being transmitted _____ wireless _____ near-field devices?

What measures _____ put _____ to _____ integrity of _____ data?

What _____ steps _____ to _____ wi-fi,Bluetooth or Near Field Communications?

_____ should _____ protect _____ being transmitted via a wi-fi, _____ device?

_____ possible to _____ transmitted via wireless networks?

_____ is the data _____ like?

Is the data _____?

_____ can _____ to protect the data _____ wireless _____?

How should we protect _____ data from _____ wireless _____ near-field _____

_____ you _____ there is security when it _____ connections?

There _____ any _____ for _____ transmitted information _____ wireless _____?

Is there _____ for _____ safety when _____ to the _____?

_____ security practices used _____?

Is there _____ protective _____ data _____?

What _____ do _____ to _____ wireless data?

_____ we protect _____ data _____ being transmitted via a wi-fi, _____ or _____?

_____ that safeguard the integrity _____ user _____ wireless technologies?

_____ of security do _____ have for _____?

There are _____ that _____ be _____ to _____ data over _____.

How _____ make _____ that _____ of your _____ is protected _____ using wi-fi _____?

Is there any _____ measures _____?

How _____ you make sure data security _____ when using _____

_____ would like to know _____ info _____ through Bluetooth/NFC _____.

Is there _____ to keep _____ data _____ when _____?

What steps _____ taken _____ protect the data that _____?

_____ wonder _____ is security in _____ when _____ wireless connections.

What _____ safety _____ for _____?

_____ should _____ protect _____ we _____ wireless or near-field communication?

_____ in _____ for these _____ of wireless connections?

_____ should _____ protect our _____ being sent _____ a _____ or _____ device?

_____ you going _____ keep my _____ safe when _____?

Is _____ taken _____ information sent via wireless _____?

Who _____ the most precautions to _____ through _____ thenfc?

How is _____ ensured _____?

How do _____ make _____ that _____ security is _____?

There are _____ need _____ taken _____ sensitive information via wireless _____.

How do _____ data is secure when _____ bluetooth?

_____ precautions implemented _____ wireless _____?

How _____ is _____ wireless channels?

How should _____ protect _____ being _____ via wi-fi, _____ or _____ communication _____?

How _____ sure the wi-fi _____?

How secure are _____ transfer?

Tell _____ about _____ wireless data.

_____ are _____ to protect _____ wi-fi _____ near- field communication

How _____ wireless _____ kept _____?

What _____ be done _____ protect _____ sent _____ wireless _____?

_____ safe are _____ connections during _____?

How do you make _____ the data _____ wi-fi?

How do you _____ when using wi-fi _____ connections?

Are there _____ taken to _____ sensitive information _____ via _____.

How do _____ sure _____ data _____ protected _____ you use _____?

_____ you maintain data _____ fi?

Is _____ sufficient _____ transfer of _____?

_____ defend _____ wireless data?

Is _____ any _____ taken to prevent sensitive _____ being _____ wireless _____?

_____ steps are taken _____ the _____ sent via _____ nfo.

How are _____ connections _____ data?

_____ do _____ the data sent via _____ Near-field _____?

Is _____ precautions _____ safeguard _____ wi-fi?

Do wireless _____ place?

How _____ make _____ data _____ using wi-fi and bluetooth connections?

_____ do _____ protect _____ data _____ via wi-fi,Bluetooth _____ Near Field _____?

What can be done _____ information sent _____ networks?

What precautions _____ in _____ on wireless connections?

What steps are _____ to _____ the data _____ through _____?

Can we _____ being transmitted _____ a _____ wireless _____ near-field device?

What steps are taken _____ via _____ near-field communication?

What are _____ steps taken _____ data sent via _____ or _____?

I would like _____ know _____ there _____ a _____ safety _____ connected _____ wi-fi.

_____ do _____ sure _____ is safe?

_____ safeguard our data _____ being sent _____ a _____ or near-field _____?

_____ actions are _____ via _____ or Near-Field Communication?

_____ the _____ mechanisms _____ defend the _____ data?

_____ any precautions to _____ transmitted _____ across _____ networks?

How _____ data _____ is _____ via wi-fi,Bluetooth or Near-Field _____?

_____ do you make sure _____?

What _____ protect transmitted _____?

How _____ you _____ sure _____ data _____ is protected _____?

What _____ we _____ to _____ wireless transmissions?

_____ data _____ during wi-fi connections?

_____ there _____ protective protocol _____ wireless _____?

How _____ we protect our data _____ via _____ or near- _____?

_____ is _____ using wi-fi?

How _____ the data _____ when using _____ and _____?

Is _____ place _____ wireless connections?

Has _____ been _____ in _____ connections?

How can _____ sure _____ data security is _____ when _____?

How _____ we make _____ data _____ on _____?

_____ security practices used on _____?

Who _____ the most precautions _____ data _____ through wi- _____ bluetooth _____?

_____ steps _____ to _____ data sent _____ or nfo

_____ you _____ security _____ wi-fi and brellas?

How _____ data transfers during _____?

What are _____ to protect _____ the wireless _____?

_____ you make _____ data _____ is protected when _____ and _____?

_____ there any _____ taken _____ protect sensitive _____ via _____ networks.

_____ do you ensure that _____ is _____ when _____ use wi-fi _____?

Measures to _____ sharing _____?

What _____ to _____ transmitted via wi-fi?

_____ taken to safeguard sensitive information _____ via _____ networks?

How _____ you going to keep _____ when _____ wi-fi/Bluetooth/NFC?

_____ a _____ for _____ when using wi-fi.

Do _____ have _____ to protect sensitive information sent _____?

What can _____ to _____ transmitted _____ the wireless _____?

Is there any _____ transmitted _____ the _____ networks?

How should _____ data from being _____ through a _____ wireless _____ device?

How _____ during wireless transmissions?

What _____ taken _____ protect data sent via _____ or near _____?

_____ do _____ sure your data _____ safe _____ wi-fi _____ brellas?

_____ can we _____ sure _____ is _____ through various wireless technologies?

_____ is the _____ ensured over _____?

What are _____ transmitted wireless _____?

What _____ are used for the _____ of _____?

_____ data protection _____ on _____ channels?

How should _____ data _____ being _____ wireless or near _____ communication methods?

How is _____ protected _____?

How _____ safe while using _____?

_____ you _____ if _____ are taken to _____ information sent via _____?
 What _____ measures _____ in place _____ via wi-fi?
 Is _____ across wireless networks?
 _____ there is _____ in place for _____ connections.
 _____ steps is _____ to _____ data sent _____?
 Is there a _____ make _____ that the data _____ when _____ a _____?
 How should _____ be protected _____ transmitted via a _____ method?
 Who _____ transmitted _____ wi-fi, _____ or _____?
 _____ measures are _____ place _____ user _____ wireless technologies?
 _____ do _____ make _____ data is safe _____ and bluetooth?
 Who _____ transmitted data _____ fi, _____ or _____?
 How do _____ make _____ data _____ is _____ wi-fi and Bluetooth
 _____ steps _____ taken _____ protect _____ via wi-fi, Bluetooth, _____ Near-Field Communication?
 _____ do you _____ data _____ when _____ wi-fi _____ brellas?
 How _____ information protected during _____?
 _____ are the _____ wireless data?
 Do you offer any security features _____ over _____ interface?
 What steps _____ to _____ the _____ via wi-fi, Bluetooth or Near _____?
 How _____ data _____ it's over a wireless _____?
 Who protects _____ data _____ wi- _____ bluetooth _____?
 What precautions are taken to _____ sent via _____?
 Is _____ data _____ wi-fi _____?
 What are _____ that protect _____ wireless technologies?
 What _____ to protect _____ sent via wi-fi, Bluetooth _____ Near-field _____?
 _____ there _____ protect _____ information _____ is sent via the wireless _____?
 What are the _____ to _____ over wireless _____?
 _____ data security _____ when _____ wi-fi?
 safety _____ for _____ connection?
 _____ best way to secure _____ sent via wi-fi?
 _____ for wireless _____ info?
 _____ should we protect _____ from _____ by _____ wireless or _____ networks?
 Know the _____ for _____.
 I _____ to know if _____ protocols exist _____.
 _____ you _____ your data when using _____ and _____?
 _____ sure _____ data is safe _____ wireless connections?
 _____ safeguards _____ to _____ the data on the _____?
 _____ you guarantee data _____ a wireless _____?
 What precautions _____ protect transmitted data _____ connections?
 _____ data _____ ensured over _____?
 What _____ the _____ that are _____ on _____?
 _____ precautions are in _____ across wireless networks?
 _____ is data _____ channels?
 How _____ security be protected when _____ and _____?
 _____ secure _____ connections during data _____?
 _____ defend _____ data?
 How _____ wireless _____ protected?
 _____ is the data _____ channels?
 _____ in place _____ it _____ to wireless connections
 How _____ data _____ being transmitted _____ wi-fi, wireless _____ near-field communication _____?
 How _____ data security is _____ when _____ use wi-fi _____?

_____ is data sent _____?
_____ done to ensure _____ protection _____?
_____ do _____ data _____ via wi-fi,Bluetooth or near- _____?
_____ can _____ be data _____ on _____?
_____ you know _____ there _____ any _____ to protect sensitive information transmitted _____?
_____ data _____ during wi-fi connections?

What steps are _____ to protect data _____ communications?
_____ are the _____ for _____?
_____ a plan _____ make sure _____ safety is protected _____ using _____?
_____ do you make _____ your _____ protected when _____ andBluetooth connections?
Who _____ most _____ steps to _____ data through _____ or thenfc?

Is there _____ way to _____ over _____?
What _____ protect data _____ wi-fi,Bluetooth or Near-field communications?
_____ there a _____ sure the _____ is safe _____ through a wi-fi _____?
_____ is _____ data security _____ over _____?
_____ should _____ done to _____ via wi-fi,Bluetooth or _____ Field _____?
What _____ taken to protect data _____ or near-field _____?
_____ are the steps _____ to _____ is sent via wi-fi?
_____ are _____ sent via _____?

Consider safety _____ for _____
_____ are the _____ taken _____ data _____ via wi-fi,Bluetooth or _____?
_____ are _____ precautions _____ protecting transmitted information across _____?
Talk about _____ measures _____ wireless _____.
_____ precautions _____ taken to _____ data _____ wi-fi,Bluetooth, _____ Near- _____ Communication?
How _____ data sent via _____ or Near-field _____?
_____ is _____ protection _____ wireless channels _____?
How do you _____ that _____ security _____ wi-fi and bluetooth?
Can _____ tell _____ if _____ is _____ plan to _____ data _____ safe _____ connected _____ wi-fi?
How _____ done _____ data from being _____ a wireless network?
How are _____ keep _____ safe _____ sent _____ a wireless network.
There are steps to _____ via _____ Near- Field _____.

_____ to protect data _____ by wi-fi,Bluetooth or _____ Communication?
What are the _____ to _____ sent _____ wi-fi,Bluetooth or _____?
What should _____ data from _____ transmitted via _____ wi-fi, _____ or near-field _____ method?
Is there _____ to _____ data is _____ when connected to _____?
What _____ are _____ to protect _____ via _____?
_____ is _____ safeguarded on _____?
How _____ keep _____ safe when using _____?
What _____ to _____ data sent via _____ or wi-fi?
_____ are _____ keep _____ from being sent over _____ wireless network _____ near- field _____
_____ there _____ of security _____ for _____ wireless connections?
_____ taken _____ protect _____ sent via wi-fi, _____ or near-field communication?
_____ transmitted _____ data safe?
_____ do _____ sure data _____ is protected _____ using wi-fi _____
How _____ the integrity _____ user data through _____ technologies?
How do we _____ the data _____ via wi-fi,Bluetooth _____?
How _____ you make _____ data _____ wi-fi and brellas?
What steps _____ taken _____ the data transmitted via _____ Near- _____?
_____ how is _____ protected?
How _____ sure the integrity _____ is safeguarded _____ various wireless _____?

_____ there a _____ safety _____ my data over your _____ interface?

_____ you make sure data _____ is _____ wi-fi _____ brellas?

How do _____ data security is _____ compromised _____ wi-fi and _____?

How _____ we protect _____ data _____ transmitted _____ or near-field device?

I _____ like to _____ if _____ is _____ to _____ data _____ when _____ through _____.

_____ should we safeguard _____ wi-fi, _____ or near-field communication method?

_____ to safeguard _____ over wi-fi.

_____ you _____ data _____ is protected when _____ wi-fi _____ connections?

_____ steps _____ taken _____ protect the _____ wi-fi,Bluetooth, or nfo?

Which _____ mechanisms defend _____?

How is the _____ wireless _____?

_____ do _____ ensure _____ data _____ on _____ channels?

_____ do you protect _____ channels?

Do _____ if _____ precautions _____ to protect _____ information _____ wireless networks?

_____ should _____ protect our _____ being transmitted via wi-fi, _____ communication

_____ you _____ the data _____ wireless channels?

_____ you do to make _____ data _____ is _____ using _____?

_____ protective mechanisms _____ data?

What _____ taken to _____ data sent _____ Field Communications?

What _____ are _____ to _____ sensitive information _____ via _____?

I would _____ how my data is secured _____.

How data _____ ensured _____ wireless _____?
