

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network outages and service disruptions
Inquiry Sub-Category	Service disruptions during maintenance
Description	Customers may experience temporary service disruptions during maintenance activities, such as network upgrades or repairs.
Data Size	5,109 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

____ there ____ specific ____ window ____ for regular updates ____ users ____ experience ____ ____ problems?
____ reception ____ come from a specific ____ ____ regular ____?
Does ____ specific time ____ ____ ____ or connection issues?
I would like to know if there ____ ____ update ____ ____ ____ experience intermittent ____ issues.
____ ____ ____ is ____ specific time each day when updates can ____ with ____ ____.
____ ____ regular window for updates that ____ could ____ ____ connection.
Users ____ experience ____ issues ____ ____ ____ times.
____ ____ to ____ if ____ are any scheduled update windows during ____ ____ might ____ ____ connectivity issues.
Is ____ ____ chance of ____ issues during specific ____ ____?
Will ____ ____ occasional interruption ____ ____ during ____?
____ update time slots ____ ____ ____?
Does ____ specific ____ ____ ____ regular updates and ____ issues?
There ____ ____ problems ____ ____ ____ there are allocated periods for ____.
____ there ____ time period for ____ ____ ____ will cause network ____?
Is there a ____ ____ ____ regular ____ and ____ disruptions?
____ been wondering ____ there is a ____ time ____ ____ the updates ____ mess ____ ____ signal.
____ ____ ____ ____ in signals during updates.
There ____ ____ occasional ____ in signals ____ ____.
What is ____ ____ time ____ devoted ____ routine upgrades that ____ result ____ ____ issues ____ on user's ____?
____ there ____ updates ____ will ____ up ____ signal ____ ____ allocated slot?
____ you ____ ____ a ____ update time might ____ ____ problems?
I ____ wondering if ____ ____ a ____ time each ____ ____ ____ can mess ____ the ____.
What's ____ ____ limit ____ spotty service ____?
Has ____ been a ____ time ____ for user ____ ____?
____ signal problems may ____ caused ____ ____ ____ period ____ regular updates.
Within the ____ update ____ users may ____ ____ ____.
Users ____ ____ reception problems ____ the ____ ____.
____ wondering if there is a ____ ____ ____ day ____ updates ____ ____ affect ____ signal.
Will ____ ____ ____ ____ during update periods?
____ signal ____ are likely ____ occur, ____ you offer a ____ time ____ ____ ____?

Is there ____ chance ____ periods ____ reception due ____ scheduled ____ or ____?

Do you have ____ windows ____ updates ____ may ____ reception ____?

____ you using time ____ regular updates ____ cause ____ problems?

____ signal reception problems during ____.

____ if there ____ any scheduled ____ during which ____ may experience intermittent connection ____.

____ there be intermittent ____ problems ____ specific ____ times?

Do ____ have a specific ____ frame ____ where occasional signal ____ occur?

Users ____ face ____ during ____ times.

Do ____ know when users may ____ trouble getting ____?

____ there a ____ for ____ intermittent signal problems?

____ am curious about ____ potential periods ____ reception ____ scheduled ____.

When signal ____ are likely ____ you give ____ specific ____ for ____?

____ the time ____ my reception goes wrong?

____ be ____ for ____ that ____ potentially cause reception problems.

____ a ____ time for system ____ could cause poor ____?

____ reception sporadic ____ the ____?

____ a ____ update ____ can cause reception issues?

____ a specific time for ____ updates that cause ____?

____ are times when users may ____ due ____ updates.

Are there sporadic ____ issues ____?

There ____ be connection ____ within ____ allocated ____.

Users ____ intermittent ____ reception ____ during update ____.

____ true that ____ face reception issues ____ times?

Can ____ expect sporadic ____ issues ____?

Is ____ possible that ____ windows ____ regular ____ could ____ reception ____?

____ any ____ that ____ mess up the ____ during ____ slot?

____ wondering if there ____ specific time ____ day ____ updates ____ can mess with ____.

____ reception ____ messed up during ____ periods?

____ be a ____ system upgrades that ____ cause ____ reception.

____ we could possibly ____ connection, ____ regular ____ updates like ____ one?

____ established for regular ____ that ____ in intermittent reception ____?

I'd ____ know ____ there's ____ specific ____ each day that ____ mess ____ signal.

Is ____ set of ____ for frequent updates ____?

Is ____ a ____ for updates ____ the ____ is ____?

____ troubles ____ scheduled updates?

____ may be allocated periods ____ could ____ user reception ____.

Is ____ an assigned ____ regular updates ____ result in ____?

____ reception ____ happen ____ updates.

In ____ period, ____ problems may ____?

Does ____ make ____ have ____ regular ____ updates ____ we might face spotty ____?

Is there a specific time ____ for ____ occur?

Are ____ having ____ set update ____ cause ____ issues?

____ a ____ for ____ updates to cause network disruption.

____ time frame dedicated ____ upgrades that ____ cause connection ____ on the user's end?

Is ____ specific time window ____ reception ____ happen?

____ might be ____ signals ____ updates.

Can you give ____ a ____ for updates ____ right?

Can users plan ____ sporadic ____ issues ____ scheduled ____?

Are ____ possible ____ the allocated ____?

____ intermittent ____ signals during updates?

Within _____ update hours, users _____ experience _____.

Will _____ be intermittent connectivity _____ update _____?

_____ problems are likely _____ occur, do you _____ a _____ system _____?

_____ there a _____ where _____ can _____ signal problems?

Is _____ a _____ routine _____ that _____ interfere with reception?

Is _____ time _____ for routine updates _____ cause _____ with _____?

_____ there a _____ for _____ updates and connection _____?

Will _____ be sporadic _____ signals _____?

Do _____ have a _____ for routine updates _____ interference with _____?

_____ might experience _____ specific time _____ allocated for _____ updates.

Users _____ experience _____ scheduled update _____.

Is _____ possible to _____ on _____ expect _____ due to routine network _____?

There _____ set _____ for _____ upgrades that can cause _____.

Users _____ reception problems _____ there's a _____ time window _____ regular _____.

When there _____ potential connection _____ occurring intermittently on _____ ends, what is the _____?

What _____ allocated time _____ dedicated to routine _____ issues on user's end?

Is there a _____ for frequent _____ interruptions?

Due _____ scheduled updates, can _____ be _____ at _____ hours?

Do _____ issues during _____ update?

Do users face _____?

_____ aware _____ set update _____ that may cause _____ issues?

What _____ the time frame _____ is allotted _____?

During _____ update times _____ issues?

_____ is _____ allocated time frame for routine upgrades _____ result _____ occurring _____?

Users might _____ if there _____ a _____ time _____ for _____.

_____ been wondering if there's _____ specific time every _____ can _____ with _____.

Is time _____ for _____ may result in _____ problems?

Will users be _____ signal _____ due _____ scheduled _____?

Do _____ for regular _____ that _____ result in reception _____?

I'm curious if there's a _____ time _____ day _____ mess _____ signal.

Do _____ have _____ set update _____ might _____ issues?

_____ there a _____ timetable _____ where _____ signal _____ are likely to _____?

_____ allocated _____ updates that may cause _____ problems?

Users can _____ update periods.

_____ you have time windows for _____ updates that _____ problems?

_____ there an _____ for regular _____ may _____ disrupted?

What _____ time _____ for routine upgrades _____ intermittent connection issues?

During updating _____ occasional _____ out?

Within _____ allocated update hours, _____ experience _____.

Have you _____ time windows for _____ that _____ problems?

I've _____ there's _____ specific _____ each _____ that updates _____ mess with _____.

I _____ like to know if _____ is intermittent _____.

Should _____ signal issues stand _____?

_____ reception _____ in scheduled _____?

Occasionally _____ problems _____ likely _____ offer _____ specific time for _____ maintenance?

Does the occasional signal _____ stand _____ during _____?

Users might _____ difficulties _____ there is _____ time window allocated _____.

_____ may _____ issues occurring intermittently on _____ ends if the _____ time frame _____ dedicated _____.

Is _____ problem during updating _____?

Are _____ an update time _____ might cause _____?

_____ you have a _____ update _____ would cause occasional _____?
 _____ it _____ for _____ to _____ regular _____ when _____ spotty connection?
 I _____ to _____ if there are _____ update _____ intermittent connectivity issues.
 Is _____ an assigned time for _____ updates _____?
 _____ it possible for _____ regular updates when _____ face patchy _____?
 Do _____ time windows _____ allow for _____ updates _____ cause _____ problems?
 _____ can _____ reception _____ when they _____.
 In the _____ period, reception _____?
 _____ an _____ reception _____ the updates?
 Is there an assigned _____ and _____ disruption?
 I _____ like _____ know if _____ are any scheduled update windows during _____ encounter _____.
 Is _____ timescale for regular updates _____ connection _____?
 _____ a time when regular updates _____ intermittent _____?
 Wondering if there are _____ of _____ due _____?
 There might _____ reception _____.
 _____ are potential _____ intermittent _____ due to scheduled _____ fixes.
 What _____ time frame for _____?
 _____ would like to know _____ there are any _____ windows during _____ can encounter _____.
 _____ reception bad _____ updates?
 _____ reception problems after an _____.
 Is time windows _____ will result _____ reception problems?
 Connection _____ the _____ update hours.
 Will there _____ hours due to your _____?
 _____ experience signal _____ issues during specified _____.
 There may be intermittent _____ the designated _____.
 Is there _____ slot _____ updates that might _____ with signal _____?
 _____ a time _____ for regular _____ might _____ in _____ disruption?
 _____ established _____ windows for _____ that can result _____ reception _____?
 _____ a _____ that cause reception problems.
 _____ for regular updates and connection issues?
 I'm _____ if _____ a specific time _____ day _____ updates can _____ our _____.
 Interested _____ of intermittent _____ to scheduled _____.
 _____ regular window for updates when we _____?
 I'd like _____ any specific _____ that _____ can _____ our signal.
 _____ issues _____ be _____ specific window _____ regular updates.
 Do you _____ windows that allow _____ regular _____ intermittent _____?
 _____ users _____ scheduled update times?
 _____ is the _____ frame for _____ service _____?
 _____ times when users _____ get _____ good _____ to updates.
 _____ if there will be periods _____ because _____ scheduled _____ or _____.
 _____ update time _____ for _____?
 Have you _____ time _____ for _____ updates _____ may _____ reception _____?
 Will _____ be _____ changes _____ updates?
 _____ a set _____ period for user connection _____?
 _____ time limit for _____ result in network disruptions?
 _____ may _____ during _____ update times.
 Is there a _____ time _____ users can't get a _____ work?
 Is _____ set time _____ system upgrades _____ could _____ weak _____?
 Is there an assigned time for _____?
 _____ reception _____ happen _____ scheduled _____?

When ____ could ____ face patchy ____ is ____ for updates?
 ____ know ____ a set ____ time can ____ issues?
 Users ____ problems during update ____.
 ____ possible ____ slot for routine ____ can ____ with signal reception?
 Do ____ get ____ when ____ updated?
 We ____ signal ____ times when ____ happen.
 Have ____ a set update ____ might cause ____?
 Is ____ an assigned time period ____ regular updates ____?
 ____ time ____ allotted ____ spotty service moments.
 ____ you ____ time period for system maintenance where ____ are ____ occur?
 Do you ____ when users might ____ getting good ____?
 ____ there ____ specific time ____ users may have ____ getting ____ due to updates ____?
 Is it ____ experience ____ problems during certain ____?
 ____ there a time slot ____ updates ____ network ____?
 Due ____ updates, can ____ interruption ____ signal at ____ times?
 It's curious ____ periods ____ intermittent reception ____ updates.
 ____ may ____ reception problems if ____ a ____ time window ____ for ____.
 Do ____ is a ____ for updates when we ____ patchy ____?
 Are ____ aware that ____ may ____ reception issues?
 ____ is ____ allocated ____ frame ____ routine upgrades ____ lead to potential ____ intermittently on user's ____?
 Users ____ expect sporadic ____ scheduled updates
 ____ wondering ____ specific ____ each day for updates that ____ with our ____.
 ____ exist ____ allows regular updates and connection ____?
 ____ be disrupted ____ updates?
 ____ scheduled ____ cause ____ in ____ at certain hours?
 There may ____ set ____ for system upgrades ____ would ____.
 During scheduled ____ users ____ reception ____?
 I would ____ if there is a specific ____ day ____ can mess ____ signal.
 ____ it possible ____ reception to ____ intermittent ____ scheduled ____?
 ____ face ____ when updating?
 ____ to ____ can there ____ interruptions in ____?
 ____ time period exist for ____ updates ____ issues?
 Is ____ special window for ____ updates ____ causes ____?
 Is ____ a time frame ____ regular updates ____ disruption?
 ____ we ____ occasionally when regular ____?
 ____ long is the ____ for ____?
 ____ there ____ window for updates ____ is a ____ connection?
 ____ know if ____ specific ____ each day for updates ____ can ____ with ____?
 ____ you ____ time ____ for routine ____ that could ____ interference with ____?
 Are there ____ window ____ updates that ____ issues?
 ____ hours, occasional ____ issues ____ stand ____.
 Is there ____ regular window ____ when ____ might have ____?
 ____ reception ____ during ____ updates.
 ____ people anticipate sporadic ____ due ____ updates?
 ____ would like ____ if ____ are any scheduled update windows ____ users may ____ intermittent ____.
 Users ____ experience intermittent reception ____ if ____ a specific ____ window ____ for ____.
 ____ time ____ regular updates that will result ____ problems?
 Potential ____ issues occurring ____ user's ____ what is ____ frame ____ to ____ upgrade?
 ____ may ____ reception ____ to a ____ update time.
 I ____ to ____ are ____ scheduled update ____ during ____ may ____ intermittent communication issues.

_____ the allocated _____ routine _____ result in connection issues intermittently on the _____ end?

I would like _____ know if there _____ scheduled _____ may _____ connections.

_____ you _____ update time _____ cause reception issues.

_____ a regular window _____ updates when _____ patchy connection.

_____ there _____ time _____ regular updates that _____ cause _____ disruptions?

Is _____ slot for routine _____ could cause _____ with _____?

Do users face _____ scheduled _____?

_____ there a set _____ that will _____ reception _____?

_____ is the _____ time frame dedicated _____ upgrades that _____ connection issues _____ user's _____?

_____ a time _____ for _____ glitches?

Can _____ scheduled _____ cause _____ in _____ at certain _____?

Will _____ occasional disruption in _____ the _____?

Is there _____ designated _____ for regular _____ that might _____?

Do _____ reception _____ the _____ update times?

_____ problems may arise _____?

_____ signal issues stand out during _____?

Is there _____ updates _____ can cause _____ problems?

_____ time _____ for regular _____ that will _____ network disruptions?

What is _____ for routine _____ which can _____ issues _____ on the user's _____?

Will _____ be a time window _____ and _____?

_____ it possible for your _____ to _____ in _____ at certain _____?

Users face _____ reception _____

Have _____ time windows _____ regular updates _____ cause reception _____?

_____ there be _____ with _____ periods?

_____ may be _____ periods _____ that cause _____ issues.

_____ can _____ experienced _____ a designated update _____.

How about _____ daily _____ slot for _____?

Is there _____ window _____ updates _____ reception _____ be intermittent?

_____ issues _____ occur _____ the _____ update _____.

Do you have _____ update _____ cause reception _____?

What _____ the allocated _____ routine upgrades _____ can lead to _____ connection issues _____ end?

_____ to know if _____ are _____ scheduled update windows _____ users may _____ connection _____.

_____ users _____ problems as _____ of _____ update?

_____ your _____ an _____ in _____ at certain hours?

_____ is _____ time frame allotted _____ moments?

_____ may _____ allocated time?

_____ you _____ a _____ time frame _____ system maintenance _____ signal problems _____ happen?

_____ there _____ sporadic _____ due _____ scheduled updates?

_____ there _____ frame _____ regular updates that _____ lead _____ disruptions?

Do _____ time _____ for _____ updates that _____ problems?

_____ is the _____ time frame _____ routine upgrades _____ lead _____ connection _____ on user's _____?

_____ the allocated period, _____ possible?

Due _____ can there _____ signals _____ certain hours?

_____ had a set update _____ that might _____?

Do _____ have _____ update _____ that could _____ issues?

_____ you _____ time windows _____ updates to _____ problems?

_____ you considered _____ time _____ user connection _____?

Are there _____ updates _____ will _____ in _____ reception problems?

_____ likely to occur, do _____ have _____ specific timeframe for _____ maintenance?

Where _____ problems are likely _____ you have a _____ time _____ for _____?

Are _____ time _____ regular _____ that can _____ reception _____?

Do _____ have _____ issues during _____?

Is it possible _____ a set update _____?

_____ reception during updates?

_____ times when users can't get _____ signal _____ or maintenance _____?

Is reception _____ during _____?

_____ window allocated _____ regular _____ where reception issues _____ occur?

Potential _____ issues _____ on user's _____ is _____ allocated _____ frame dedicated _____ upgrades?

_____ reception issues _____ update _____.

Is there _____ assigned time _____ regular _____ connection disruption?

_____ update _____ for reception _____?

Is there going _____ be intermittent _____?

Will _____ be _____ occasional _____ signals during _____?

_____ users _____ in scheduled update _____?

_____ is _____ allocated time frame devoted to routine _____ that _____ result _____?

There _____ be _____ designated period for _____ that cause _____.

_____ there _____ a specific time each day _____ can affect our _____.

Is there _____ designated _____ for _____ to cause _____ signal _____?

In the _____ period, _____ problems _____?

Users might _____ reception _____ there _____ a specific time window _____.

_____ allocated _____ hours, users may _____.

_____ you _____ time windows _____ updates that _____ reception _____?

Do _____ signal reception problems during _____?

I want _____ know _____ there's _____ time _____ day _____ mess _____ our signal.

_____ a _____ during updating hours?

There may _____ a designated period _____ regular _____ signal _____.

Do you _____ time _____ cause reception problems?

Users _____ getting a _____ signal due to _____ tasks.

_____ time for regular _____ cause _____ signal problems?

_____ may experience _____ problems _____ update.

_____ have _____ time frame for _____ there will be occasional _____?

When routine upgrades _____ issues occurring _____ user's _____ is the allocated _____ frame?

_____ experience reception issues when _____ are _____ times?

_____ times, _____ users _____ reception problems?

Within _____ hours users may _____ connection _____.

Is intermittent _____ during _____?

Is _____ a specific _____ regular updates _____ reception _____?

_____ is the _____ time frame _____ upgrades that could lead _____ connection _____ on _____ ends?

_____ is _____ time window for regular _____ problems might _____.

_____ have _____ windows for _____ updates that _____ cause _____ problems?

I'm _____ if there _____ a _____ time _____ when _____ updates can mess _____.

I'd like to _____ specific time _____ day _____ updates _____ can mess _____ signal.

_____ there an assigned _____ regular _____ after _____ disruption?

Is there _____ time _____ cause intermittent signal _____?

_____ specific _____ exist _____ frequent _____ and network disruptions?

Users may _____ reception issues _____ times.

If there _____ occurring intermittently on user's ends, what is the _____ routine _____?

_____ a time frame for _____ might _____ network disruptions.

_____ a _____ time _____ exist _____ and connection problems?

Is there _____ issues during _____?

_____ time window _____ for regular _____ where _____ can experience reception _____?

_____ is possible for users _____ experience _____ within the _____.

Can _____ a _____ for _____ when my reception _____ right?

What's _____ time _____ service moments?

_____ the _____ update _____ users _____ connection glitch.

_____ there be _____ during updates?

Does reception _____ scheduled update _____?

_____ to _____ the time slot for _____ that could _____ signal reception?

_____ know _____ could _____ periods of intermittent reception _____ updates?

Do _____ experience reception issues _____ the _____?

_____ experience _____ during an update?

During _____ a specific _____?

Are _____ specific times when users _____ signal due _____ or _____?

_____ signal _____ are _____ to _____ you have _____ time frame for _____ maintenance?

_____ periodic _____ in signals _____ updates?

Is _____ something to watch _____ updating hours?

_____ frame _____ provided _____ service moments?

During update _____ intermittent _____ encountered?

_____ it possible _____ experience _____ network _____ certain upgrade _____?

Is there _____ stand out _____ updating hours?

_____ time slot for _____?

_____ you set a time for _____ reception _____?

There _____ allocated _____ updates, which _____ cause _____ issues.

_____ about reception _____ during scheduled _____ times.

Is there _____ specific _____ the updates _____ reception _____?

Is signal reception _____ specified _____?

_____ could _____ periods for updates _____ could cause _____.

Will there _____ occasional disruption in _____ signals _____?

Is _____ having limited _____ for _____ problems caused by your _____?

Is _____ any _____ update _____ during _____ may experience intermittent _____?

_____ there _____ designated period for regular updates _____ problems?

Can't y'all set _____ for _____ reception isn't _____?

_____ there _____ periods for _____ that _____ cause _____ problems?

Are _____ common during scheduled _____?

During scheduled _____ reception issues?

_____ users _____ reception _____ update period?

_____ time _____ regular updates when _____ is connection disruption?

_____ issues at scheduled _____ times?

I was wondering _____ there's _____ specific _____ each day _____ mess with _____.

Do _____ experience reception _____ at _____?

_____ a _____ of potential _____ issues occurring intermittently on _____ is _____ allocated time frame _____ to _____?

_____ a _____ each _____ when updates can _____ with our signal.

_____ be _____ specific _____ for _____ updates _____ cause reception problems.

connection disruption _____ there _____ assigned time for regular _____?

Does _____ specific time _____ allow for _____ and _____?

Is there _____ of _____ during specific _____ hours?

_____ time _____ for _____ that will _____ reception problems?

_____ could be a _____ time for _____ upgrades _____ cause _____.

_____ you know _____ time _____ for routine _____ could cause interference _____?

_____ hours _____ may experience connection glitch.

_____ been wondering if there is _____ that _____ with _____ signal.
_____ experience _____ issues on _____ times?
_____ there _____ assigned time for _____ updates _____ connection _____?
Is _____ allocated time for _____ user reception _____?
Is there allocated periods _____ cause user _____?
What _____ the _____ frame _____ upgrades resulting _____ potential connection issues occurring _____ on _____ ends
What is the allocated time _____ for routine upgrades _____ result _____ connection _____ intermittently _____?
Is there _____ period for regular _____ that _____ disruption?
Does signal reception _____ messed _____ periods?
reception issues may occur _____?
Is _____ regular updates when we _____ patchy connection?
_____ a specific _____ window for _____ updates _____ issues _____ occur?
_____ establish time windows _____ regular _____ that _____ intermittent _____ problems?
Does _____ make sense _____ have a regular _____ when _____ not have a _____?
_____ reception bad _____ scheduled _____?
_____ there _____ updates that can _____ reception issues?
Are _____ by the specific window _____ updates?
_____ might lose _____ at _____ when _____ updates _____.
_____ it _____ to _____ a time _____ user _____ issues?
_____ might _____ issues during the _____ update _____.
Is _____ time _____ for _____ updates resulting in connection _____?
_____ there _____ allocated for _____ updates _____ reception issues might _____?
_____ there _____ a specific time each day for _____ with _____ signal.
_____ you _____ for regular updates _____ will cause _____ problems?
There is a regular _____ when there could _____.
_____ a period _____ cause intermittent signal issues?
_____ a possibility _____ a _____ moment for upgrades.
reception _____ experienced during _____ times?
_____ you _____ there's a regular _____ for _____ there's _____ connection?
Is there _____ regular _____ for _____ is _____ of a patchy _____?
_____ there _____ assigned time _____ for _____ updates _____ connection disruption?
_____ a _____ for regular updates to _____ in _____ disruptions.
_____ certain time window _____ regular _____ connection issues?
_____ there _____ occurring _____ on user's ends, what _____ the _____ frame devoted to _____ upgrades?
Do _____ when updates _____ made?
Wondering _____ are periods _____ reception _____ to _____ updates or _____.
_____ stand out during updating hours?
Can _____ anticipate sporadic signal _____ scheduled _____?
Slow _____ possible during a _____?
During _____ users experience _____ issues?
_____ frame is _____ spotty _____ moments?
Is there _____ specific period _____ regular updates _____?
_____ the allotted _____ hours, _____ can _____ glitch.
_____ experience reception issues _____ update _____ are _____?
There is a designated time frame _____ updates _____.
Do you _____ specific _____ for system _____ occasional _____ problems _____ likely?
Is _____ possible _____ windows _____ updates could _____ in _____ problems?
_____ signal _____ out during the update _____?
What's the time _____ those _____ is bad?
_____ there a set _____ for system _____ reception?

_____ there a _____ for those updates _____ wrong?
 _____ wondering if _____ specific time _____ where updates can _____ signal.
 Do you _____ slot _____ updates _____ can cause _____ with reception?
 _____ period, reception problems _____ occur?
 Does a certain _____ exist for _____ and _____?
 Do _____ time _____ system _____ where occasional signal _____ are _____ to occur?
 _____ there a _____ assigned _____ frequent updates _____ network _____?
 _____ for regular _____ reception problems.
 _____ set update time that _____ reception issues?
 _____ is a _____ window _____ regular updates _____ reception _____ intermittent.
 Are you _____ time windows for regular _____ cause _____?
 _____ if there is _____ each _____ for _____ mess with our signal?
 _____ to know if there is _____ for updates _____ we _____ patchy _____.
 _____ is the allocated _____ moments?
 _____ time _____ updates _____ cause intermittent signal problems?
 _____ may be _____ designated _____ regular updates _____ cause _____ disruption.
 There may _____ a period _____ updates _____ signal _____.
 _____ an _____ time _____ updates resulting in connection _____?
 _____ it _____ set _____ timescale for _____ connection issues?
 _____ there _____ for _____ that might cause _____ issues?
 _____ time slot _____ glitches?
 Users _____ experience _____ when there is a _____ time window _____.
 _____ there _____ occasional _____ signals _____ updates?
 _____ to _____ there's a specific _____ day _____ updates _____ mess with _____ signal.
 _____ difficulties may _____ in the _____?
 _____ a specific _____ when regular updates _____ network _____?
 _____ allocated _____ frame for routine _____ which _____ to connection _____ intermittently on user's _____?
 _____ a set _____ upgrades _____ cause reception problems?
 Does _____ time exist _____ regular updates and _____?
 Is there _____ system upgrade _____ can cause weak _____?
 _____ establish time windows for regular _____ result _____ reception problems?
 _____ time for _____ improvements that can _____ poor reception?
 _____ time period _____ regular updates that _____ cause _____ disruptions.
 Do _____ might cause reception issues?
 Users might _____ reception _____.
 _____ signal _____ out _____ Updating hours?
 _____ reception problems _____ the update _____.
 Users might _____ issues during the _____.
 intermittent issues may _____ periods
 _____ you know _____ time that might _____ reception issues?
 Is there _____ for _____ updates _____ will cause _____ reception?
 Does occasional signal _____ hours?
 Are you establishing time windows for _____ problems?
 _____ the time frame _____ spotty _____ moments?
 _____ signal _____ are _____ occur, do you offer a _____ timetable _____ maintenance?
 _____ periods _____ be intermittent _____ issues?
 There _____ a specific time _____ updates where _____ may _____.
 Are _____ prepared _____ sporadic _____ issues _____ to scheduled _____?
 _____ occur during scheduled _____ times?
 _____ problems during update times?

Do you have _____ that will cause _____?

Have you established _____ windows for updates _____?

There _____ be a _____ time _____ upgrades _____ could cause _____.

_____ there a chance _____ signal _____ to _____ scheduled _____?

_____ updating hours, _____ signal _____ out?

_____ users _____ reception problems on _____?

Are _____ allocated times _____ updates that _____?

I would _____ to _____ if there _____ scheduled update _____ during _____ users _____ intermittent connection _____.

_____ reception issues during scheduled _____?

Users _____ issues _____ the scheduled update _____.

_____ there _____ set _____ updates that can _____ network disruptions?

Is there an _____ time _____ regular updates _____ connection _____?

_____ there _____ window for _____ that _____ reception issues?

_____ you have a set _____ user _____?

_____ you _____ a _____ for _____ when _____ doesn't work well?

_____ issues _____ during updating hours?

Will there _____ signals during _____?

_____ there _____ about periods of _____ reception _____ to scheduled _____?

Can _____ be interrupted signals at _____ updates?

_____ the allocated time _____ dedicated _____ upgrades that _____ cause _____ intermittently?

Is _____ interrupted _____ the _____?

_____ experience _____ during scheduled _____ times?

_____ the time frame _____ when my _____ goes wrong?

What _____ the allocated _____ routine _____ that _____ in connection issues on _____ end?

_____ users _____ reception _____ are updated?

_____ lose _____ when regular _____ happen?

_____ like _____ know if there _____ a _____ time _____ day for _____ that _____ signal.

There is _____ updates that cause intermittent _____.

_____ regular time for updates _____ is a _____ patchy connection?

Is there a designated _____ for regular _____ to _____?

What _____ the _____ to routine upgrades _____ can lead _____ connection issues on _____ end?

Due to potential connection _____ on _____ what is _____ allocated time _____ routine _____?

I've been _____ if _____ specific time _____ updates can mess _____.

Will _____ be _____ disruptions _____ the update?

Have _____ set _____ windows for _____ updates that _____ cause _____?

_____ intermittent _____ occur during updates?

What _____ time _____ for _____ service moments?

Is _____ a _____ glitches _____ specific upgrade times?

There's a designated _____ for _____ cause _____ signal _____.

_____ have _____ issues during scheduled _____?

Is _____ an assigned time period _____ connections are _____?

Does _____ specific _____ for _____ updates cause _____?

Do you _____ specific time _____ maintenance where _____ likely to occur?

_____ a _____ update _____ may cause reception issues.

_____ your _____ updates _____ signal at certain hours?

Is _____ a _____ limit for _____ updates _____ cause network _____?

Is _____ possible that time _____ regular _____ result _____ intermittent _____ problems?

Users _____ sporadic _____ in _____ during update _____.

There may _____ set time for _____ upgrades _____ reception _____.

I'd _____ know if there's _____ specific _____ each day _____ with _____ signal.

Is _____ period for _____ updates that _____ problems?
_____ there _____ in signal at certain hours due _____?
_____ face _____ reception _____ during _____.
_____ may experience _____ issues _____ times
_____ may face intermittent reception _____.
_____ there _____ occasionally disrupted _____ the _____?
What is _____ allocated _____ frame _____ routine upgrades _____ cause _____ on user's _____?
_____ is _____ for _____ service moments?
_____ be _____ during update periods
Will _____ be intermittent _____ updates?
_____ periodic signal _____ a _____ updating _____?
Have you _____ time _____ regular updates _____ cause _____ problems?
_____ certain window exist _____ and connection issues?
_____ could potentially _____ patchy connection is _____ regular window _____?
_____ allocated time frame dedicated to routine upgrades that _____ issues _____ end?
_____ may _____ a _____ for _____ that could cause poor _____.
_____ there _____ intermittent _____ during the update _____?
_____ wondering _____ any _____ time each day _____ mess with _____ signal.
There may _____ periods for _____ that _____ cause _____.
_____ to _____ there _____ update windows that _____ may encounter _____ connectivity issues.
_____ a _____ for _____ updates _____ connection issues?
Does a _____ for _____ or connection problems?
_____ scheduled updates, is _____?
Is _____ regular _____ for updates when there _____?
Will _____ be _____ disruption _____ updates?
_____ signal _____ due to _____ updates?
_____ there allocated _____ for _____ cause _____?
_____ there _____ time for regular _____ that may _____?
Is _____ a time _____ regular updates that _____ cause _____?
_____ have a _____ for _____ maintenance where _____ problems can occur?
_____ periods of _____ reception due to _____ fixes.
Do _____ get reception _____?
Did you know _____ there _____ be _____ reception due to _____?
_____ there a _____ slot for _____ updates _____ might _____ reception?
Is _____ set for regular _____ that might cause _____?
Will there _____ disruptions _____ updates?
_____ about _____ of reception _____ to scheduled updates _____.
Are there _____ you can't get _____ due _____ updates or _____?
_____ have _____ set update time _____ would _____ reception _____?
There _____ set _____ for _____ improvements _____ could _____ weak reception.
Is there _____ cause signal problems?
_____ sometimes _____ signal _____ regular updates _____.
What _____ the _____ time frame _____ which can result _____ connection issues?
_____ the _____ time frame dedicated to routine upgrades that result in _____ ends?
_____ a set time for system _____ that _____?
What is _____ for _____ can lead to _____ issues intermittently?
_____ may face _____ the designated _____ times.
Is _____ possible at _____ hours _____ your updates?
Is _____ that _____ cause intermittent signal problems?
During _____ updates _____ troubles _____?

Is _____ regular updates that might result in _____?
 _____ there _____ signals in updates?

Is _____ time period _____ regular _____ that might _____ disrupted?

Are the _____ windows _____ for regular _____ result in _____?

Is there _____ assigned _____ for _____ after connection _____ occasionally _____?
 _____ a _____ for system _____ can cause weak reception?

Is there _____ assigned time _____ updates with _____?
 _____ think there are specific times when users _____ updates?
 _____ time slot _____ reception _____?

Is _____ possible to _____ a timeframe _____ user _____?

Do _____ occasional _____ reception _____ during update _____?

What _____ the _____ for _____ my reception isn't _____?

What is _____ allocated _____ frame _____ to routine _____ connection issues _____ user's _____?

Does it _____ to _____ a _____ window for _____ when there could _____?
 _____ might _____ signal _____ issues during _____ periods.
 _____ you establish time windows _____ that _____ cause _____ problems?
 _____ troubles _____ scheduled updates.
 _____ time _____ is given _____ spotty _____?
 _____ y'all _____ a time _____ updates _____ reception isn't working _____?

There are allocated _____ updates, _____ they _____ reception _____?
 _____ the time frame for _____ updates _____ reception goes _____?

Do users _____ reception _____ times?

During update _____ will _____ be _____?
 _____ there are periods of intermittent _____ to scheduled _____?

Is _____ possible that _____ have reception _____ update _____?
 _____ be a window _____ regular _____ reception problems.

During the allocated _____ may experience _____.
 _____ specific window for _____ updates _____ issues?

Are _____ times when users _____ good _____ to updates _____ maintenance _____?

Does a particular _____ for updates _____ issues?
 _____ there _____ window _____ regular updates that cause _____?
 _____ is a _____ window _____ updates where _____ might be _____.

There _____ a regular window for _____ when _____ a _____.
 _____ experience reception _____ there is a _____ window for regular _____.

Users may _____ reception problems _____.

I would _____ to _____ there _____ scheduled update _____ might cause _____ connectivity _____.

I _____ like to _____ if _____ any scheduled _____ users _____ experience intermittent networking issues.
 _____ experience reception issues _____ update _____.
 _____ any set update times that might _____?
 _____ there _____ update time _____ for _____?
 _____ signal _____ out during _____ time?
 _____ a _____ time for system maintenance where occasional _____ occur?
 _____ intermittent _____ issues when updating.
 _____ if a set update _____ might cause _____?
 _____ occasional _____ issues stand out?
 _____ experience signal _____ in _____ update periods?
 _____ there _____ when users will have _____ getting _____ due to updates _____?
 _____ there _____ window _____ regular _____ cause reception issues?
 _____ interruption in signal _____ certain hours due _____ updates?
 I'd _____ any specific time each day when updates _____ signal.

There is _____ time _____ regular _____ to occur that _____ cause _____.

Do _____ have _____ specific time for system _____ where _____ signal _____?

Within the allocated _____ users _____ experience _____ glitch.

_____ there a set time _____ updates _____ could _____ disruptions?

There _____ be a _____ time _____ might _____ weak reception.

_____ to know _____ there is _____ specific _____ day for updates _____ mess _____ signal.

There _____ be allocated _____ for updates _____ might _____.

There _____ period _____ updates can _____ intermittent _____ problems.

In the _____ period, _____ reception _____?

Is _____ a time when _____ cause intermittent _____?

_____ to _____ are _____ scheduled update _____ during _____ may experience intermittent connection issues.

Do _____ set update time that _____ reception _____?

_____ time slot for _____ problems?

Users _____ experience reception problems _____ a _____ window _____ for _____ updates.

_____ possible that users _____ issues _____ they update?

Is it possible _____ of any scheduled _____ during which _____ may _____ intermittent _____?

_____ a regular window _____ updates when there's _____ connection?

_____ is the _____ routine upgrades that _____ cause connection issues _____ the _____ end?

What is _____ allocated _____ for _____ that could _____ connection issues _____ user's _____?

_____ there _____ of _____ reception due to scheduled _____?

_____ know _____ is a regular window for _____ we _____ spotty _____.

Is there _____ for regular _____ result in reception _____?

Do you have a _____ for _____ maintenance _____ signal _____ are likely _____?

_____ if there are _____ intermittent _____ updates or fixes?

_____ there _____ time _____ for _____ there is _____ connection disruption?

_____ the allocated time frame _____ routine _____ lead to _____ connection _____?

Is _____ during _____ updates?

Is _____ possible _____ will _____ network _____ during specific _____?

_____ you _____ of potential periods _____ reception _____ scheduled updates?

Will _____ be _____ signals _____ updates?

The _____ with _____ reception could _____ caused by the _____ routine _____.

Is there a _____ window for updates _____ a _____ connection?

There could _____ within _____ allocated update _____.

I would like _____ there are any _____ update windows _____ may face _____ connectivity _____.

Will _____ signals be _____ updates?

Is _____ specific time _____ may not _____ a _____ due to updates _____?

_____ may be _____ signal issues _____ updates.

Is _____ set _____ timeframe _____ connection issues?

reception problems _____ caused _____ a _____ window for _____.

Is _____ possible _____ set _____ for _____ my _____ doesn't work perfectly?

_____ update hours _____ may _____ connection glitch.

I'm _____ a _____ each _____ for updates that _____ mess with our _____.

_____ my reception _____ always act right, _____ a _____ updates?

Is _____ a _____ for _____ issues?

Has there _____ set _____ user connection _____?

_____ you _____ is intermittent _____ during _____ updates?

There are _____ occurring intermittently on user's _____ is the allocated _____ frame _____ routine _____?

_____ is the _____ for _____ resulting in potential connection issues _____ user's ends?

There _____ be _____ system _____ that could _____ poor reception.

_____ there a regular _____ for _____ when the _____?

_____ update times, do _____ reception _____?

Is _____ have a regular window for _____ we _____ face _____?

_____ have a specific time _____ maintenance where _____ signal _____ are _____?

Are _____ periods of _____ due _____ updates _____ fixes?

Users may encounter intermittent _____ during _____.

Is there a _____ period _____ intermittent _____?

Is there _____ intermittent reception _____ can _____ experienced?

Does the daily _____ reception _____?

Do _____ have _____ windows for _____ in reception problems?

_____ do you _____ an _____ might cause _____ issues?

Are _____ when users can't get _____ signal because of _____?

Are _____ users have _____ getting good signal _____ to _____ or _____?

_____ problems _____ their _____ during the allocated update _____.

_____ occasional signal _____ stand out _____ hours?

_____ there _____ window for _____ cause reception problems?

_____ sporadic _____ a _____ during updating _____?

_____ a regular _____ updates _____ might have a spotty _____?

_____ you _____ there is _____ specific time _____ day _____ that _____ mess with our _____?

_____ designated update times _____ users _____ issues?

_____ is a period when _____ can cause _____.

Is _____ unreliable _____ updates?

Do you have _____ windows _____ for regular _____ reception _____?

_____ you set a time _____ my reception _____ perfect?

_____ set a _____ when my reception doesn't _____ well?

Is _____ specific time _____ can't _____ good signal _____ updates or maintenance?

Are _____ that might cause reception _____?

I _____ curious _____ periods _____ due to _____ updates.

_____ there a _____ can possibly face _____ connection?

Do _____ know if _____ is a _____ time _____ regular _____ and _____?

There may be _____ designated time _____ may cause _____.

_____ you have _____ time _____ for system maintenance _____ problems will _____?

There might be _____ time for system _____ affect _____.

There might _____ a specific window _____ that _____ reception _____.

I'm wondering _____ specific _____ updates _____ mess _____ the signal.

_____ frame _____ for _____ service moments?

There is _____ frame _____ updates that _____ result _____ network _____.

I _____ wondering _____ a _____ time _____ day when updates could _____ the _____.

_____ face intermittent _____ issues _____ the _____.

_____ experience _____ within the allocated update _____.

Within the _____ update _____ there _____ problems.

Do you _____ set update time _____ cause _____?

_____ if there is a _____ upgrades _____ will cause _____ reception.

Users can _____ reception problems _____.

There _____ a designated _____ for regular _____ network disruptions.

Will _____ be intermittent _____ during _____ periods?

_____ there an assigned time _____ updates _____ connection disruptions?

_____ specific _____ for regular _____ where _____ may be intermittent?

Do you _____ set time _____?

_____ about periods _____ because of scheduled updates.

Where _____ signal problems are _____ to _____ do you _____ time _____ maintenance?

I was curious about _____ intermittent _____ due _____ updates.
 _____ the allocated _____ frame devoted _____ routine _____ resulting _____ potential connection issues occurring intermittently _____
 _____?
 _____ there a specific _____ regular updates cause _____?
 _____ possible that users _____ during updates?
 Do users _____ they're updated?
 _____ updates _____ reception intermittent?
 What _____ frame _____ allotted _____ spotty _____?
 _____ face intermittent _____ issues during _____?
 _____ it _____ that _____ face intermittent _____ issues _____ update times?
 Within _____ allocated update _____ may experience problems _____.
 _____ may _____ for updates that may _____ reception _____.
 There _____ updates _____ could cause reception problems.
 Does _____ sense _____ have a regular window _____ updates _____ patchy _____?
 _____ periodic _____ issues _____ out _____ hours?
 Do _____ have _____ when there is _____?
 Users might _____ issues _____ there's a specific time window _____.
 Are there _____ slots _____ updates _____ network disruptions?
 Is _____ an _____ period for _____ a connection disruption?
 Is _____ a _____ updates _____ cause network disruption?
 Wondering if _____ be periods of _____ to scheduled _____ fixes.
 Is _____ designated update _____?
 _____ windows for regular updates _____ cause reception problems?
 Is a _____ period _____ updates _____ intermittent signal _____?
 Users _____ intermittent _____ issues during _____.
 _____ result _____ potential connection _____ occurring _____ user's ends, what _____ the allocated time _____ for _____?
 _____ designated _____ for regular updates _____ cause network disruption?
 _____ there an assigned time for _____ connection _____?
 _____ is _____ for _____ updates that causes intermittent _____.
 _____ service _____ be possible _____ a particular time _____.
 Do you have a _____ timetable for _____ maintenance _____ are _____ occur?
 Due _____ your _____ be interrupted signal _____ certain hours?
 _____ if _____ window for updates when _____ face spotty connection.
 _____ a _____ exist _____ regular _____ and connection issues?
 _____ reception _____ be _____ by _____ specific window _____ updates?
 _____ for updates that could potentially cause reception _____.
 Users _____ if there _____ specific _____ allocated for regular updates.
 What _____ frame for routine upgrades that _____ in _____ intermittently _____ user's end?
 Is there a _____ window _____ that _____ reception _____?
 I've _____ if there's _____ specific time _____ mess _____ the signal.
 _____ the allocated time frame devoted to _____ to _____ issues?
 Is _____ an assigned timescale for _____ updates _____?
 _____ an assigned time _____ for _____ can cause connection _____?
 Does signal reception _____ disrupted _____?
 Should there be _____ time window for _____ updates _____?
 _____ wondering _____ there is a specific time _____ day _____ can mess with our _____.
 I'm curious _____ there are periods _____ intermittent reception _____.
 What is _____ for routine _____ result _____ potential _____ issues occurring intermittently?
 _____ allocated update _____ may experience _____ glitches.
 _____ scheduled _____ can there _____ intermittent _____?
 _____ there a _____ regular updates that _____ network disruptions?

_____ a set _____ regular updates that _____ cause network _____?

During _____ update _____ do users _____ reception _____?

Is _____ assigned time for regular updates _____?

I would like to _____ there are _____ scheduled update _____ that users _____.

_____ the time _____ when my reception _____ wrong?

Is _____ time window where _____ experience intermittent _____?

_____ people have a _____ cause reception issues?

_____ a _____ window for _____ when the _____ great?

Do _____ have a set _____ time _____ could _____ reception _____?

I _____ know _____ there are any scheduled _____ windows _____ which users _____ Connectivity issues.

_____ there be _____ updates?

_____ occasional _____ issues stand out?

_____ a _____ for _____ updates that may cause _____ disruptions?

_____ problems be _____ by a specific _____ updates?

Do you know if there's _____ day for _____ our signal?

_____ is _____ allocated _____ frame for _____ upgrades _____ can _____ in _____ issues occurring _____ user's ends?

_____ you have a set update _____ occasionally _____?

_____ wondering _____ there _____ any specific _____ that _____ can mess _____ our _____.

Do _____ set _____ time _____ might _____ reception issues?

Occasionally signal _____ are _____ to occur, so _____ frame for system _____?

I _____ know if there is a _____ time _____ to mess _____ our signal.

_____ slot for routine _____ be _____ interference with _____.

_____ you _____ update time _____ for reception issues?

I would _____ are _____ scheduled _____ that may _____ intermittent connection issues.

The _____ slot for routine _____ could _____ interference _____.

_____ window _____ for _____ updates and connection issues?

The intermittent signal _____ caused by _____ designated _____ updates.

Is _____ time _____ regular updates that _____ connection disruptions?

_____ there _____ in _____ due to _____ updates?

Are _____ established for _____ updates that can _____?

_____ possible _____ reception _____ during updates?

_____ want _____ know if _____ is _____ specific _____ each _____ for updates that can _____ with _____.

_____ there are any scheduled _____ which may have intermittent _____ issues.

Due _____ your scheduled _____ be interrupted at _____?

Is _____ a _____ of intermittent _____ glitch _____ specific _____?

_____ a time _____ regular updates _____ intermittent signal _____?

_____ there a _____ updates _____ cause intermittent _____ problems?

What _____ the _____ time frame _____ to routine _____ connection issues intermittently _____ user's ends?

Is there an _____ timeframe _____ regular updates _____ is _____?

_____ people have _____ issues _____ times?

_____ intermittent communication _____ to _____ during _____ periods?

Is there _____ chance _____ problems _____ specific upgrade _____?

_____ an _____ timeframe for regular _____ connection disruptions?

_____ there an assigned timeframe for _____ that _____?

_____ wondering if there's _____ day where _____ can _____ our signal.

I _____ to know _____ there _____ a specific _____ day _____ the _____ can _____ with _____ signal.

Can't you set _____ for _____ when _____ doesn't _____ expected?

_____ frame is assigned for _____?

There _____ a _____ regular updates that _____ problems.

There is a certain _____ updates _____ cause _____.

Do _____ they are updated?

Is there a specific time _____ for _____ updates where _____?

What _____ the allocated _____ to routine upgrades, _____ can _____ to intermittent _____?
_____ be _____ updates that cause user reception _____.

Is _____ regular _____ cause reception problems?

_____ wondering if there is a _____ time each day _____ mess _____.

What _____ allocated time frame _____ that result in _____ user's ends?

_____ a specific window for regular updates _____?

_____ there a _____ update time _____ might cause _____?

_____ occasional _____ problems _____ likely to _____ do you offer a _____ system _____?

_____ users _____ issues during update _____?

_____ is the _____ reception issues?

_____ exist for regular updates and _____ connection _____?

_____ it _____ for _____ be _____ certain hours due to your scheduled _____?

_____ time _____ for _____ updates that _____ cause reception problems?

Users _____ face _____ update times.

_____ could be _____ system _____ that could _____ weak reception.

_____ experience intermittent _____ reception _____ during update _____.

_____ set time windows for regular _____ may _____ issues?

_____ allocated _____ updates _____ can cause _____ reception problems?

There _____ be a window for regular _____.

Is there a _____ for _____ updates that _____ network _____?

Is _____ period _____ the _____ cause intermittent signal _____?

Does _____ issues _____ updating hours?

_____ lose signal _____ when regular _____.

_____ a _____ results in _____ issues _____ intermittently on _____ what _____ the allocated _____ frame dedicated to?

There _____ a _____ window _____ interruptions _____?

Do _____ reception problems as _____ of _____ update?

_____ the _____ frame dedicated _____ routine upgrade _____ can lead _____ intermittent connection _____?

Is _____ possible that the time _____ routine _____ cause _____ reception?

Is daily _____ for _____ problems?

Is _____ periods for _____ cause reception issues?

_____ allocated times for _____ that could _____ reception _____?

_____ the _____ issues _____ experience during _____ update times?

Is _____ a _____ when regular _____ cause _____ signal _____.

_____ is _____ spotty service moments?

_____ intermittent connectivity _____ problem _____ update _____?

Do _____ have a _____ time _____ affect reception?

Is _____ a _____ for regular _____ might result _____ network _____?

_____ a time _____ for _____ updates that _____ result in _____.

_____ occasional signal reception _____ specified _____ periods?

I _____ there are any scheduled update windows _____ cause intermittent _____.

_____ for system maintenance where occasional signal problems are _____ occur?

_____ is _____ allocated _____ frame for routine upgrades _____ intermittent _____ issues?

_____ update _____ slot for _____?

_____ for those updates when my _____ wrong?

_____ a _____ allocated _____ regular updates _____ reception problems _____ occur?

_____ the allocated _____ dedicated to routine upgrades _____ potential connection _____?

What is _____ time _____ that can cause _____ issues _____ user's end?

I _____ to _____ any scheduled _____ windows during which _____ may have _____ connections.

_____ be a designated time for regular _____ cause _____.

_____ can _____ reception issues _____ updating.

Will there be _____ signals, _____?

_____ there _____ signal disruptions _____ updates?

_____ be connectivity _____ during _____ periods?

_____ you have _____ for _____ maintenance where _____ problems are _____ to occur?

Can't _____ time for _____ when _____ not all right?

What is _____ frame devoted _____ routine _____ that _____ connection _____ intermittently on _____ end?

Are _____ specific times _____ have _____ getting _____ signal due _____ updates?

_____ when _____ updates happen?

_____ there _____ time _____ for regular updates during _____?

_____ there _____ time _____ for regular _____ in network disruption?

_____ for reception problems?

User experience _____ issues during _____?

_____ expect sporadic signal issues _____.

During scheduled updates, _____ receive _____?

Is it possible _____ to _____ regular _____ when we _____ possibly _____?

Should users anticipate _____ issues _____ updates?

There _____ allocated periods for updates _____ can _____.

Potential _____ issues occurring _____ on user's _____ caused _____ the _____ time frame _____ routine _____.

_____ it _____ users face _____ during the designated _____ times?

_____ a time _____ regular _____ where reception _____ be unreliable?

_____ you set _____ windows for regular _____ that _____ problems?

_____ reception _____ the update times?

_____ when regular updates _____ reception problems?

_____ wondering if _____ specific time each _____ for _____ that can mess _____.

_____ an _____ time frame _____ regular _____ cause connection disruptions?

There could be a _____ time _____ could _____ reception _____.

What is _____ time frame dedicated to routine _____ intermittent connection _____ user's ends?

Will there _____ signal at _____ due to your _____?

Do you have a _____ frame _____ system _____ problems _____ likely _____ occur?

_____ you have _____ update _____ that _____ cause reception _____?

_____ an assigned _____ for regular updates when _____ is _____?

There _____ be occasional _____ you _____ a set update _____.

Can _____ for regular updates _____ might cause network _____?

_____ reception _____ scheduled updates?

Is _____ a set time _____ regular _____ will result _____?

Is _____ set _____ system upgrades _____ causes weak _____?

Can interrupted signal occur _____ certain hours _____?

Do you _____ a time _____ system _____ where _____ be occasional _____?

What _____ the _____ dedicated to _____ resulting in _____ connection _____ occurring intermittently _____ user's end?

_____ could _____ allocated _____ that could cause reception _____.

What is _____ dedicated to routine upgrades that _____ result in _____?

_____ you _____ for _____ when _____ reception is messed with?

Is there a _____ time _____ updates and network _____?

Is _____ reception sporadic _____ update _____?

I've _____ if there's _____ specific _____ each _____ to _____ our signal.

I would _____ know _____ are any scheduled _____ users can _____ connectivity issues.

_____ may _____ reception issues during _____ periods.

_____ amount of _____ given for spotty _____?

____ update ____ for reception ____?
 ____ there ____ updates possibly causing ____ problems?
 Users face ____ issues ____.
 ____ about a time ____ reception ____?
 Do users ____ during ____ times?
 ____ times for ____ problems?
 ____ periods ____ updates that might ____ user ____ issues?
 Is ____ for ____ causing ____ problems?
 ____ like to know ____ there ____ any ____ update windows ____ which ____ experience ____ connectivity issues.
 Is it ____ that ____ experience reception ____ during ____?
 I ____ like to know if ____ day when ____ can mess with ____.
 ____ issues occurring ____ on user's ends, what is ____ frame ____ routine upgrades?
 Do ____ experience ____ in the ____ times?
 ____ time ____ for reception problems?
 ____ are periods ____ updates ____ could cause ____.
 ____ is a ____ regular ____ which cause reception ____.
 ____ you ____ me a ____ when ____ reception ____ work out?
 Occasionally ____ problems are ____ to ____ do you have a ____?
 ____ signal ____ a problem ____ the updating ____?
 ____ update ____ do users ____ reception ____?
 Is it possible to ____ for connection ____?
 ____ there a ____ period ____ regular ____ that can cause ____?
 ____ the ____ hours, users may ____ problems.
 ____ would like ____ if there are any ____ windows during ____ users ____ connection issues.
 ____ it ____ reception ____ the ____ updates?
 ____ a specific ____ for updates and ____?
 ____ users experience reception ____ update times?
 ____ about potential ____ of intermittent reception ____ scheduled ____ or ____.
 ____ would like ____ know if there ____ scheduled update ____ may ____ issues.
 Are ____ times when users can ____ to updates or maintenance?
 ____ specific ____ slots ____ frequent updates and ____ interruptions?
 ____ is the allocated time ____ dedicated ____ routine ____ result in ____ connection ____?
 ____ you have time windows ____ updates ____ reception ____?
 ____ there ____ window for ____ there's a ____ patchy connection?
 Is ____ specific ____ can't get ____ signal due to ____ maintenance?
 ____ there ____ timeframe ____ regular updates ____ connection disruptions?
 Is there ____ specific time ____ updates ____ reception ____?
 ____ set ____ times ____ might cause reception issues?
 Is ____ time ____ can ____ with our signal?
 Does anyone know ____ they ____ update ____ that might ____ issues?
 ____ cause interruptions in signal at ____ times?
 ____ users ____ reception ____ an update ____?
 ____ may be ____ a particular ____ for upgrades.
 During the designated ____ times, ____ users ____?
 ____ a set update ____ cause reception difficulties?
 ____ have a ____ time ____ cause reception problems?
 ____ is allotted ____ spotty service ____?
 Is there ____ regular window ____ updates ____ not have ____ connection?
 ____ want to know ____ allotted ____ service moments.
 ____ to ____ if there ____ a specific time ____ day where ____ can mess _____.

What ____ the ____ period for ____ ____ ____ reception goes bad?

____ ____ ____ problems during scheduled ____ times?

____ occasional ____ stand up during ____?

I ____ like to ____ are any scheduled ____ ____ ____ users will encounter intermittent connectivity ____.

____ wondering if there's ____ time that ____ ____ ____ our signal.

____ setting ____ for regular ____ that ____ cause reception problems?

____ hours, users ____ connection problems.

Is it ____ for ____ ____ in signal at ____ hours?

____ is ____ specific time ____ regular updates ____ cause reception ____.

Is ____ specify ____ routine updates that may cause interference ____ signal ____?

There ____ be ____ trouble ____ to ____ updates.

____ there ____ assigned time ____ regular ____ can cause connection ____?

During ____ Is reception ____?

____ there ____ time ____ regular ____ can cause ____ issues?

____ you ____ if there ____ time ____ for regular ____ connection issues?

____ set update ____ that ____ cause occasional reception ____?

____ an ____ time period for ____ updates and ____?

____ service may be ____ a particular ____ for ____.

Is ____ assigned time ____ regular updates ____ disruption?

Is it ____ time windows for ____ updates ____ can cause ____?
