

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Meter reading disputes or queries
Inquiry Sub-Category	Access to meters
Description	Customers encounter difficulties accessing their meters, often due to external factors such as locked gates or inaccessible meters. These inquiries seek assistance or alternatives to facilitate meter reading or submission.
Data Size	7,064 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What _____ providing _____ readings _____ snow obstructs accessibility?
 What _____ to get _____ readings _____ snowy conditions?
 Is there any _____ make _____ accurate _____ snow?
 Do you _____ other methods to _____ accurate _____ during _____ ?
 With _____ messing _____ what _____ options _____ be found?
 _____ the _____ for getting readings _____ winter?
 If _____ limited _____ due to _____ solutions are available _____ ?
 _____ the _____ bad, _____ options _____ available _____ get precise measurement?
 _____ make it difficult _____ measure, _____ you suggest any _____ ?
 Is there _____ other way _____ are blocked by _____ and _____ ?
 What can _____ to _____ accurately during _____ ?
 Despite _____ allow _____ readings?
 When snow _____ hard to _____ are _____ other _____ to do _____ ?
 _____ to _____ is impeded _____ Snow.
 _____ can _____ readings _____ despite _____ in?
 When _____ hampered by _____ be possible _____ ?
 _____ accurate readings despite snow?
 What can _____ accurate readings if snow _____ ?
 _____ is blocking _____ can accurate readings be _____ ?
 _____ you do _____ get readings _____ snowy _____ ?
 Where _____ you _____ alternatives for _____ precision in _____ ?
 Is _____ another way to _____ when _____ snow?
 Is there _____ to _____ accurate readings _____ accessibility?
 _____ can _____ used when snowing?
 What _____ are _____ there are snow _____ ?
 Is there _____ way to _____ cover?
 How _____ we get _____ snowy situation?
 _____ there _____ ways to get precise measurement _____ is _____ by _____ ?

____ access is difficult ____ snow, ____ be found?
 Can you suggest ____ way ____ even ____ the ____?
 In a ____ there is ____ how ____ we make ____?
 There ____ for reading in the event ____.
 ____ wondering ____ can do readings in the ____.
 What ____ be ____ give accurate ____ snow ____ accessibility?
 Is there ____ to get reliable readings ____ restricts ____?
 Can ____ suggest ____ option ____ snowy conditions?
 ____ there ____ alternative to ____ amidst thick ____ of ____?
 How ____ be ____ when there ____?
 How do ____ ensure ____?
 ____ there ____ to get ____ readings when ____ problem?
 Can ____ suggest ____ way to measure ____ even ____?
 Where can ____ alternative ____ to get ____ the ____?
 ____ you have ____ snow is in ____ way?
 When ____ obstructs accurate readings, ____.
 How ____ you ____ in snowy ____?
 ____ way to ____ readings if ____ restricts accessibility?
 What are ____ there ____ snow?
 How ____ get accurate measurements ____?
 ____ blocks ____ what options ____?
 ____ get accurate data is ____.
 How could ____ be obtained ____?
 ____ have other methods to ____ readings ____ snow?
 What ____ available ____ accurately in snow?
 ____ can you ____ accurate ____ if snow is ____ access?
 ____ other ways ____ get accurate ____ if ____ is blocking ____?
 With ____ access due to snow, ____ solutions ____?
 What ____ you do to get ____ readings ____?
 Where can I ____ get ____ amidst the ____?
 Is ____ any ____ correct results when ____?
 When access is ____ snow, ____ an ____ way to ____ measurement?
 What can ____ precise ____ when ____ is snow?
 Is ____ for accurate ____ in ____?
 Where ____ find ways to ____ snow?
 ____ options are ____ snow ____ the ____?
 What are ____ reliable readings during snowy ____?
 ____ is blocked ____ there are ____ ways ____ precise measurement.
 There are options ____ to ____ accurate ____.
 ____ solutions ____ available ____ accurate ____ snow?
 I ____ I can use ____ methods ____ get ____ during ____ days.
 ____ options ____ out there for ____ snowy conditions?
 ____ snow, how can ____ readings?
 ____ to ____ in snow?
 How ____ readings be ____ in ____?
 What ____ reliable readings ____ snowy conditions.
 Is there ____ way ____ accurate measurements in ____?
 ____ snow ____ access, how can ____?
 Which ____ options ____ appropriate ____ the ____ of snow ____?
 What if access ____ snow?

There are _____ are _____ bad white stuff?
 _____ we _____ measurements in a snowed _____ area?
 _____ difficult to _____ can you suggest something?
 _____ snow is _____ way, _____ options for _____ correct results?
 What _____ alternatives _____ readings when snow is a _____?
 _____ to _____ when _____ is snow?
 _____ can _____ find alternatives for _____ thick layers _____ snow?
 _____ a _____ where _____ are blocked by snow how _____ make _____?
 _____ can _____ get _____ in snow?
 Which alternatives allow _____ accurate _____?
 Is _____ a substitute _____ that are _____ during bad _____?
 _____ are _____ other ways _____ measure _____ snow cover?
 How do _____ conduct _____ the _____?
 Which _____ are _____ in the event _____?
 In _____ with snow, how _____ we achieve _____?
 There _____ reading options _____ the _____?
 If the _____ a _____ backup for getting accurate _____?
 _____ access _____ hindered by _____ what _____ be found?
 _____ it _____ when _____ conditions make it hard?
 _____ you ensure accuracy _____ snowy _____?
 What are _____ for _____ snow?
 _____ snow _____ it _____ to access, what other _____?
 _____ allow _____ readings despite snow _____?
 When snow impedes _____ what other _____ there for _____?
 Do _____ other ways _____ get _____ if there _____?
 Is there _____ way _____ accurate _____ accessibility issues?
 _____ is _____ snow, _____ there alternative ways _____ precise readings?
 _____ can _____ be _____ during _____ conditions?
 What _____ be _____ to _____ readings _____ blocks accessibility?
 If _____ is blocked _____ snow, _____ can _____?
 _____ a problem, _____ the best _____ get accurate readings?
 _____ options _____ the _____ blocks accuracy.
 _____ we _____ alternatives to getting precision _____ the _____ layers _____?
 With _____ due to snow obstruction, what _____?
 _____ there _____ to get _____ in areas that _____ not _____ due to _____?
 _____ snow limits _____ is there _____ to get _____ readings?
 _____ the _____ is _____ the _____ there are _____ options for _____?
 _____ is blocking _____ other ways _____ to get _____ readings?
 _____ limited access due _____ snow, _____ solutions are _____?
 _____ deal with snow _____ get _____ measurements.
 _____ can _____ readings be _____ despite _____?
 _____ other ways to _____ cover?
 _____ reading _____ snow: _____ can be _____?
 Can _____ any _____ to cope with limited access _____?
 _____ do _____ amid snow's _____?
 _____ it _____ precise measurements _____ a snowy scenario?
 _____ there _____ way to access accurate _____ snow?
 Are there alternative _____ to get reliable _____?
 If _____ blocking access, _____ other ways are _____ to _____ readings?
 How _____ accurate _____ be obtained _____?

In the ____ of accessibility, ____ methods ____ correct ____ ?
 What other ____ can we ____ accurate ____ snow?
 ____ options ____ snow?
 Is it possible ____ accurate even when ____ hard?
 If ____ blocking access what are other ____ to ____ ?
 Which other methods ____ in ____ ?
 Is there a way to ____ accurate ____ in areas ____ access ____ snowfall?
 ____ you suggest some ____ to ____ in ____ conditions?
 Do you know any ____ when the snow ____ ?
 How ____ supposed ____ get ____ accurate readings when ____ ?
 How ____ make readings ____ the ____ ?
 When ____ accessible, ____ other options ____ available to ____ precise measurements?
 Where ____ find alternatives ____ get ____ the thick ____ snow?
 Is there any ____ getting ____ snowy conditions?
 What ____ I ____ get readings ____ conditions?
 If ____ blocking ____ what other ____ can be ____ ?
 Can ____ to access accurate ____ is snow?
 What ____ methods ____ out there ____ the ____ ?
 ____ should be done when ____ ?
 ____ there ____ options amidst ____ snow?
 Is ____ way ____ obtain ____ readings during ____ ?
 What reading ____ found if there ____ blocks?
 Is ____ a solution ____ snow disrupting ____ get ____ ?
 ____ way to get ____ readings in ____ environments?
 How ____ snow ____ for accurate ____ ?
 Can ____ suggest ____ accurately, even ____ snowy conditions?
 What ____ exist ____ blocks ____ ?
 Is there ____ option ____ readings during snowy conditions?
 How do ____ precise ____ situation where ____ snowed in?
 When ____ snow ____ what ____ options are available to ____ ?
 ____ we ____ alternatives to getting precise ____ snow?
 ____ access is blocked by ____ other ____ to ____ a precise ____ ?
 ____ can you get ____ when ____ accessibility?
 When access is blocked ____ there ____ get precise?
 ____ accurate readings in snow?
 Is ____ any other way to get ____ when ____ ?
 ____ it possible to ____ limited access ____ to ____ ?
 Can ____ ways ____ get ____ in the snow?
 How ____ obtain ____ readings ____ snowy ____ ?
 When ____ by snow, ____ there ____ ?
 Is ____ any ____ to ____ readings ____ blocks accessibility?
 Is there ____ way to ____ during snow ____ issues?
 Which alternatives ____ accurate readings ____ entrances?
 Potential ____ is ____ to snow?
 How to ____ snowy season?
 ____ the ____ accuracy ____ readings, ____ options are available?
 ____ alternatives to ____ accurate readings in ____ .
 ____ there ____ to get accurate readings ____ snowy ____ ?
 ____ the presence ____ like snow is one ____ being explored.
 ____ is ____ by snow, ____ alternatives?

_____ snow blocks _____ view of accurate _____ there _____.

Is there any _____ accuracy problems due _____?

Is there _____ other _____ get readings during _____?

_____ ways to access accurate readings when _____?

_____ other ways _____ measuring _____ snow _____?

What _____ for reliable _____ snowy _____?

What _____ available _____ the snow _____ reading?

Is there any _____ way _____ get _____ readings _____?

_____ you _____ any _____ how to _____ accurately in snowy _____?

What _____ for _____ during snowy weather?

What _____ methods _____ you use _____ measurements in _____ snow?

How _____ we _____ measurement _____ a snowy _____?

_____ we find another _____ get precision amidst _____ of _____?

What _____ do _____ get reliable readings _____ weather?

_____ we _____ to _____ precise measurement _____ snow covered area?

When snow limits _____ are _____ alternate _____ to _____?

Do _____ results _____ snow is in the way?

Can _____ other methods to get _____ correct _____ snowy _____?

_____ can you do _____ get _____ during snowy _____?

How _____ we _____ measurements in _____ where paths are _____ by _____?

_____ you suggest _____ ways to _____ readings _____ conditions?

How _____ you _____ with snowy _____?

How _____ get _____ measurements _____ a situation _____ is snow?

How do _____ precise measurements _____ area?

_____ readings in snow.

Is _____ option for _____ readings during _____?

Do you _____ any _____ get _____ readings during _____?

_____ options _____ available for _____ readings during _____?

Any _____ for _____ limited _____ due to the _____?

Is _____ get accurate readings _____ that _____ access due to heavy _____?

_____ hinders accessibility and _____ accurate _____.

_____ solution for Coping _____ access _____ to snow?

There _____ options _____ the accuracy _____ readings.

Can I use _____ get _____ snowy days?

_____ is blocked _____ snow, _____ should we do?

What _____ be done _____ snow?

Can _____ suggest ways to _____ snowy _____?

_____ have _____ better _____ to read _____ that _____ blocked _____ ice and _____?

_____ alternatives enable accurate readings _____?

How do _____ in _____ situation when there _____ snow?

What other options can _____ used _____ readings when _____?

_____ done to give _____ readings despite _____?

There are ways to get _____ readings _____.

_____ reading options can be _____ snow blocks?

With snow _____ readings, _____ other _____ are _____?

_____ obstructions due _____ snow _____ alternatives give accurate _____?

_____ methods _____ available in the _____?

What do you do if _____?

_____ there _____ option for reliable _____ conditions?

Gaining _____ in the _____ one of the options _____.

_____ for _____ of the snow?
 How to _____ accurate _____ is _____.

 How _____ get _____ in _____ conditions?
 Should you _____ methods _____ get accurate _____ conditions?
 If snow is blocking _____ out there?
 _____ possible to _____ readings _____ snow blocking _____?
 _____ other _____ accuracy during _____ conditions?
 _____ any other _____ get precise readings when snow _____?
 What _____ are available _____ the _____ of _____?
 Is there _____ to get accurate _____ snowy _____?
 _____ accurate reading options in _____.
 _____ backup _____ getting accurate _____ snow is a problem?
 _____ there _____ alternative _____ getting precision _____ snow?
 There are _____ for providing accurate _____ snow _____.
 _____ snow, are _____ alternative ways to get precise _____?
 _____ other ways to _____ accurate _____ with _____?
 Can _____ some _____ method _____ get accurate _____ on snowy _____?
 If snow is _____ what _____ other ways to _____?
 How can _____ precise _____ in _____ snow _____ area?
 How _____ you _____ exact _____ snow?
 Is _____ an alternative to _____ measurements in _____?
 _____ an _____ method of ensuring accuracy _____ during _____ snow?
 _____ accurate data in the _____
 _____ do _____ get precise _____ a situation _____ there _____ snow?
 What other things _____ done _____ measure _____ in _____?
 _____ be _____ ways _____ accurate _____ if _____ is blocking access?
 _____ do we _____ measurements in a snow _____?
 Do _____ options to _____ accurately in snowy _____?
 Is _____ any _____ get correct _____ when _____ comes?
 How _____ affect _____ and _____ accurate readings?
 When snow _____ access, what other _____ for _____ precise _____?
 _____ accurate _____ in _____ presence of _____ snow is _____ of _____ explored.
 Is there a better _____ to _____ ice _____ snow?
 _____ a _____ to get _____ snow restricts access?
 What _____ a reliable _____ collection _____ conditions?
 _____ know _____ other ways _____ a precise _____ when snow _____ your _____?
 Can I _____ other _____ during _____ days?
 What else _____ to measure _____ snow cover?
 _____ the _____ a snowstorm, what _____ options _____ available?
 Access _____ snow?
 _____ are _____ measuring _____ the snow?
 _____ other _____ accuracy _____ snowy conditions?

_____ there _____ to _____ accurate measurement during snow- _____ accessibility _____?
 _____ to _____ readings in areas _____ are not accessible _____ of _____ snowfall?
 _____ to _____ precise readings during snow?
 What _____ other _____ for _____ readings if _____ is _____ access?
 _____ snow messing things _____ other options _____ we _____?
 When _____ by snow are there other _____ precise _____?
 Is _____ backup _____ accuracy _____ the _____ is _____ problem?
 _____ for _____ readings because _____ way?
 Is _____ accuracy amid _____ conditions?
 Is there a _____ for _____ accurate _____ in _____?
 _____ you do _____ accurate _____ if snow is _____ access?
 _____ data in snow?
 Solutions _____ accurate _____ be hampered _____.
 _____ options enable accurate _____ snow?
 _____ it _____ to obtain accurate _____ snow-related accessibility _____?
 Is _____ way to read accurate _____ in _____?
 _____ obstructs accessibility, what _____ available?
 When _____ hampered by snow, _____ other _____ are _____?
 Is _____ an alternative _____ reliable readings _____ is present?
 Is _____ a _____ accurate readings _____ the _____ is a _____?
 How _____ accurate _____ is hampered by _____.
 _____ do _____ get _____ done in _____ snow _____ area?
 Can you _____ other ways _____ accurate _____ during _____?
 _____ can we make _____ precision is _____ with _____ this _____?
 In the _____ what reading options are _____?
 _____ other options _____ out _____ obtaining precise readings _____ is _____?
 How do _____ measurements _____ snow covered situation?
 What methods _____ in snowy _____?
 How _____ get accurate _____ snow.
 Any solutions _____ limited _____ because of _____ obstruction?
 When snow restricts access, are there _____?
 When _____ impedes _____ be found?
 _____ there _____ other option _____ can suggest to _____ accurate _____ in _____?
 _____ situation where there is _____ do we _____ precise _____?
 _____ any other _____ accurate readings _____ the snowy season?
 Is _____ a way _____ get _____ reduces accessibility?
 _____ access _____ due _____ what happens?
 _____ times, what methods _____ data _____?
 How _____ we get _____ there _____ snow?
 Is _____ any way _____ readings when _____?
 _____ you _____ alternative methods to _____ readings during times _____?
 _____ can _____ use to measure during snow _____?
 When access _____ by the snow, _____ there _____ to _____ precise _____?
 _____ access is blocked _____ snow, _____ to _____ precise measurements.
 Is there _____ to _____ if _____ is in the _____?
 _____ precise measurements in _____ snow covered area?
 How can we get _____ blocking access?
 _____ there _____ to get _____ in _____ conditions.
 _____ it _____ accurate readings _____ that are not _____ due to heavy _____?
 When _____ impossible to reach, _____ other _____ are _____?

_____ the _____ way to _____ readings in snowy _____?
 What are _____ alternatives _____ getting precision in _____?
 _____ snow blocking access, what other _____ are available _____?
 _____ can make _____ the snow?
 What _____ can _____ to give accurate _____ in _____?
 _____ be _____ with snow?
 _____ accessibility, _____ are _____ ways to _____ reliable readings.
 _____ can _____ readings be _____ the _____?
 _____ makes it hard _____ get accurate _____ alternatives _____?
 Do you _____ any _____ for _____ precise _____ snow?
 What _____ methods _____ be used _____ snow cover?
 _____ any other _____ to _____ readings if there _____ snow.
 How _____ accurate _____ is hindered _____.
 _____ I _____ something else _____ get _____ measurements _____ days?
 _____ have any _____ to cope with _____ access _____ to _____?
 What _____ methods of accurately _____ snow _____?
 _____ we able to achieve _____ measurements _____ snowy _____?
 _____ you _____ any options for _____ results when _____?
 _____ to _____ readings _____ snow?
 _____ can _____ obtained during snowy _____?
 Is it possible _____ accurate _____ blocks access?
 _____ can we _____ to _____ precision in _____ thick _____ snow?
 What _____ the _____ for reliable _____ snowy conditions?
 What _____ blocks accurate readings?
 What _____ alternatives for _____ accurate _____ when _____ is _____?
 What _____ methods _____ used to _____ accuracy _____ conditions?
 If _____ is blocking access, what _____ be _____?
 _____ there another _____ reliable readings when _____ access?
 _____ dealing _____ limited access due _____ snow obstruction?
 Snow _____ accessab _____ alternatives?
 When access _____ by snow, _____ options _____?
 How do _____ precise _____ snow covered scenario?
 Snow disruption _____ getting _____?
 Is _____ to access _____ readings _____ snow?
 In _____ snow, _____ reading options are _____?
 _____ there _____ alternative method _____ reliable readings when there _____?
 _____ due to the snow?
 When _____ is limited _____ could _____ alternatives?
 Any _____ available to _____ with limited access _____?
 How _____ ensured _____ snowy conditions?
 Even _____ access _____ snow how can _____ readings _____ obtained?
 What _____ other methods _____ in snowy _____?
 Is _____ to get reliable _____ the snow?
 _____ else _____ to measure accurately during _____ cover?
 _____ backup for _____ when snow is a problem?
 _____ there any way _____ get _____ on snowy _____.
 What _____ you do _____ get accurate readings _____?
 In _____ of _____ the correct measurement for snow?
 _____ alternatives to getting precision _____ the thick _____?
 Any reading options _____?

Is _____ another way _____ get accurate _____ areas _____ are _____ due to _____?

_____ can accurate _____ even _____ there is snow?

_____ is in _____ way, _____ you _____ any _____ options?

What _____ other ways _____ ensure accuracy _____?

_____ can _____ readings in snowy _____?

How do _____ accuracy in _____?

_____ accurate readings in _____?

_____ snow disruptions _____ getting accurate _____?

In _____ absence _____ which methods can you _____ to _____?

_____ what options are _____ for reliable _____?

Where can _____ find _____ in the _____ snow?

What _____ options _____ available in _____ event of _____?

_____ there _____ way _____ get _____ readings when _____?

Is there _____ way _____ read _____ is snow?

What _____ be done to ensure _____ snow?

_____ options are _____ in the event of _____?

_____ snow _____ accurate _____ options are _____?

Are _____ to _____ accurate readings during _____ conditions?

_____ could be done to _____ snow blocks _____?

What is _____ way to get _____ snowy _____?

How _____ in snowing?

There are _____ so _____ alternatives enable accurate _____?

_____ there other ways to get _____ readings _____?

Is it possible _____ get correct _____ the _____ is _____?

Is _____ any _____ get accurate readings _____ conditions?

How can _____ made in _____?

_____ a scenario _____ there _____ how do we _____ measurements?

What _____ methods _____ you _____ measuring during snow _____?

_____ a situation where _____ is _____ how _____ we _____ measures?

What else _____ do _____ accurate readings _____ snow?

_____ snow _____ way, _____ any options for correct _____?

_____ available _____ provide accurate readings when _____ is _____?

There _____ precision _____ thick layers of snow.

Is _____ any other _____ to _____ accurate _____ weather?

_____ you have _____ to _____ are accurate during snowy _____?

_____ options _____ despite snow?

_____ can _____ find alternatives _____ get precise _____ layers of _____?

Is _____ way _____ access _____ when there's snow?

There are _____ for accurate readings _____ way.

What _____ options are _____ to _____ readings when snow _____?

Obtaining _____ readings in the presence of snow _____.

_____ snow _____ the _____ and alternatives _____ accurate readings.

_____ do we _____ precise measures _____ snow?

_____ problem, _____ you have _____ backup to get accurate _____?

Due _____ which alternatives _____ accurate _____?

What alternatives _____ available _____ in the _____?

What alternatives _____ available _____ provide accurate _____ access?

When access _____ by _____?

_____ a _____ to _____ readings when _____ is a problem.

_____ are _____ if the snow _____ readings?

What reading _____ in the event _____ snow _____?
 _____ there _____ for accuracy in _____?
 _____ access _____ blocked by snow, _____ better _____ to _____ measurements?
 _____ it possible to get _____ snow-related _____ issues?
 What _____ options are available _____ ensure _____ snow?
 _____ to _____ accurate _____ if there _____.
 When _____ comes, do _____ options for correct _____?
 There _____ any _____ options _____?
 How _____ get _____ hampered by the snow.
 _____ way to _____ accurate _____ during _____ accessibility issues?
 What other options _____ out there for getting _____?
 Is there a _____ to get _____ is _____?
 Is _____ a viable _____ to _____ during snow accessibility _____?
 What _____ options exist in the _____?
 _____ reading _____ amidst _____ snow?
