_____ previous accidents affect _____ safety, _____ resale _____ damage?

Did _____ issues with performance, safety _____ to the _____ its framework?

_____ damage from earlier _____ impairments in ongoing _____ safety, and _____

Was there a _____ effect _____ its _____ safety, _____ resellability from _____ damage _____?

_____ lead _____ issues with _____ safety or _____ because of damage to the _____ and _____?

Were _____ for ongoing issues _____ terms _____ well _____ vehicle _____ or how _____ caused by damage _____ its framework/body

Does _____ an _____ ongoing performance, safety, or _____?

Did previous incidents cause issues _____ to _____ to the _____ and bodywork?

_____ cause _____ issues with performance, _____ or resale value _____ the _____ and _____?

Is past incidents _____ and _____ because of damaged _____?

_____ incidents cause performance, _____ value issues because _____ damage to the _____?

Had bodywork _____ earlier misfortunes _____ impairments _____ ongoing performance, _____ problems as _____ serious?

_____ cause issues with _____ safety or _____ value _____ to the framework?

_____ the previous history leave lasting _____ with _____?

Did prior _____ cause issues with _____ safety, or _____ damage _____ its _____?

Is body _____ from the _____ affect performance, _____?

Prior _____ have resulted in _____ this car's performance, _____ and _____ due _____ damages suffered by _____ frame _____

_____ there a noticeable _____ resellability _____ previous damage to _____ structure?

_____ incidents _____ issues _____ performance, _____ or _____ value because of the damage _____ its _____?

Were _____ incidents responsible _____ on _____ framework/bodywork leading to _____ issues in performance, _____ and _____ value?

_____ is possible that _____ accidents could _____ to _____ to performance, safety, and _____ value due _____.

Did _____ accidents _____ impairment, resulting in _____ performance, safety, _____ resale _____ due _____ its structural integrity _____?

_____ damage _____ the _____ caused issues _____ safety, or _____ value?

Is _____ frame/body's _____ performance, safety, _____ resale?

Are _____ long-term _____ with _____ due _____ frame and _____?

Have _____ had _____ noticeable effect on _____ resale value due _____ damage.

_____ responsible _____ ongoing _____ in terms _____ how well the vehicle _____ or _____ safe _____ operates because _____ damage _____ the _____?

_____ previous years related to _____ safety _____ value?

Did _____ incidents _____ its framework/bodywork leading to ongoing issues in _____ value?

_____ incidents affect performance, _____ resale values _____ damage to _____ framework?

Did previous incidents cause issues _____ performance, safety _____ value _____ in _____?

_____ this car's _____ due to _____ damage, such as decreased performance capabilities, compromised _____ market value

Has prior _____ had a _____ impact _____ performance, _____?

_____ damage to the _____ have _____ ongoing impact _____ performance, _____ and _____?

_____ prior _____ cause significant impact resulting _____ ongoing _____ safety, or resale _____ due _____ damage to _____?

_____ damage _____ the framework and bodywork from prior _____ cause _____ safety?

Have _____ issues _____ or resale value because _____ the body?

_____ damage _____ the _____ might affect performance, _____ and _____.

_____ damage to its _____ and bodywork _____ incidents affect _____ and/or safety?

_____ resulted _____ ongoing issues _____ this _____ rating, _____ resell potential because _____ damages suffered _____ its frame /

_____ incidents _____ with _____ safety, or _____ value _____ to damage to its _____?

_____ any _____ noticeable effect on _____ safety, or resale _____ structural/body damage.

Is body _____ the _____ the performance, _____ and _____?

Has _____ an _____ on _____ performance, _____ or resale?

_____ previous _____ cause _____ issues in terms _____ vehicle performs or _____ it is _____ affecting its framework?

_____ to _____ framework from prior incidents _____ issues?

Were _____ the framework/bodywork leading _____ in performance, _____ and resale _____?

Did bodywork _____ earlier _____ impairment, _____ in ongoing _____ safety, or resale _____?

_____ lead to persistent troubles related with capability/protection/market _____?

_____ history _____ lasting _____ regarding _____ worth caused by frame/body _____?

As a _____ damage from earlier misfortunes caused substantial _____ safety, _____.

Did _____ accidents cause substantial _____ in ongoing performance, _____ resale issues?

_____ damage _____ performance, safety, _____ value?

Have incidents _____ with _____ value _____ of _____ to the body?

Did prior _____ cause any _____ with _____ or resale value _____ a _____ to _____ framework and _____?

Did _____ cause _____ safety or resale _____ because _____ the framework _____?

Did _____ incidents cause issues _____ resale value due to damage _____ and _____?

Has _____ history _____ matters _____ to frame/body issues?

Were bodywork _____ misfortunes causing significant _____ safety, or resale _____?

_____ past _____ affect performance, _____ values _____ damage to the framework?

_____ previous _____ for _____ impacts on _____ framework, leading to _____ issues _____ performance, _____ or resale _____?

_____ previous incidents _____ for _____ impacts _____ the _____ to _____ issues _____ safety and resale value?

Did bodywork _____ misfortunes _____ substantial _____ in _____ performance, _____ and resale _____?

Was bodywork damage _____ earlier _____ in _____ performance, _____ and _____ as a serious problem?

_____ impact has damage _____ frame _____ on performance, safety _____?

Was it _____ significant impact _____ its _____ resellability from _____ damage to _____?

_____ damage and previous problems _____ safety, or _____?

Does a _____ performance, _____ and _____ values?

Does _____ to _____ frame _____ detrimental impact _____ performance, safety, _____?

_____ incidents _____ to _____ with _____ or _____ due to frame _____ body damage?

Is _____ the _____ performance, _____ and resale?

Did previous incidents _____ impacts _____ leading to ongoing _____ performance, safety and resale _____?

Did previous incidents cause any issues with _____ resale value _____ to _____ bodywork?

_____ any _____ a noticeable effect, _____ ongoing issues related to _____ safety, or _____ to structural/body

Has the _____ history _____ regarding _____ issues?

Have _____ had noticeable _____ be _____ structural damage or the resale value _____ at _____.

_____ incidents _____ in _____ issues with _____ due _____ frame _____ body damage?

_____ past _____ responsible for messed _____ performance, safety, _____ value because _____?

Will past events ____ lasting ____ to ____ efficiency, ____ and ____ due ____ damage?
 ____ prior ____ lead ____ issues ____ performance ____ resale due to body ____?
 ____ incidents affect performance, safety, ____ resale values ____ of ____ framework?
 ____ the damage ____ and bodywork from ____ incidents ____ issues?
 ____ about ____ implications resulting ____ prior accidents impacting ____ safety/disposal ____ structural impairments ____
 raised.

Did past incidents ____ on performance, ____ and ____ values ____ of the ____?
 Did ____ cause any issues with ____ performance, ____ to ____ to it's framework?
 Did previous ____ any issues ____ performance, safety, ____ because of ____ to ____ or bodywork?
 ____ issues ____ performance, safety, ____ resale ____ previous accidents.

Had ____ from ____ misfortunes ____ to ____ performance, ____ or resale problems?
 ____ incidents ____ lasting issues with ____ safety, ____ resale value ____ damage to ____?
 Did previous ____ issues ____ performance, safety or ____ damage to its ____?
 ____ previous ____ might ____ to ____ related to ____ resale value ____ to structural/body ____.
 ____ result in issues with ____ safety, ____ value ____ to ____ its framework?
