

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Energy consumption analysis and advice
Inquiry Sub-Category	Energy-saving tips
Description	Customers seek advice on simple changes they can make in their daily routines to conserve energy and reduce utility costs. They inquire about energy-saving tips, such as adjusting thermostat settings, insulating homes, and using energy-efficient lighting.
Data Size	8,554 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Will _____ bulbs lower _____ compared _____ traditional incandescent ones?

If _____ with cost-effective _____ the _____ cut.

Does _____ traditional lightbulbs _____ result in power _____?

_____ true thatLED _____ reduce _____ more

Is _____ possible _____ use of eco-friendlyLED lights _____ costs?

_____ there _____ difference _____ cost _____ if you _____ LEDs over traditional _____?

Will _____ to _____ in _____ electricity fees?

Is _____ possible to _____ bills by installing _____?

_____ bill savings could be _____ by _____ use _____ bulbs.

What do you _____ costs ofLED bulb _____?

Is it possible to _____ my _____ if I use _____?

_____ new _____ our bill?

_____ the _____ LEDs going _____ difference in my _____ costs?

Is _____ to _____ down electric _____ the installation _____ LEDs?

Current _____ will be _____ a lot if _____.

Is _____ possible _____ down on _____ payments _____ usingLED lights?

Is _____ significant _____ in _____ reduction if one _____ LEDs over _____?

_____ possible to _____ a lot of _____ changing _____ LEDs instead of _____.

_____ bulbs have _____ energy bill _____?

_____ LED _____ have _____ better effect _____ bills?

Is _____ true _____ LEDs drops _____?

_____ much _____ the installation _____ LEDs bring down _____?

_____ I save _____ on _____ costs if _____ switch _____ LEDs?

_____ that bills will _____ lower withLED _____.

Do energy-saving _____ in _____ reduction in _____?

_____ to LEDs _____ money.

Is _____ for _____ bulbs to _____ electric bills?

Will the switch _____ LEDs _____ dramatic _____ reductions?

Is _____ to _____ your monthly electric _____ by using _____ LEDs?

Is it _____ that _____ cut _____ a lot?

Will the _____ lower electric costs?

I _____ if _____ can cut my _____ more _____ bulbs.

Is _____ drop _____ charges _____ to the _____ of _____ true?

_____ the _____ of LED bulbs _____ expenditures?

Will _____ on _____ bills if we _____ to LED _____?

_____ savings _____ it when you switch to _____ bulbs?

_____ using _____ lead _____ savings in _____ electricity _____?

Is it _____ reduce _____ when using LEDs _____ of _____?

_____ it _____ expenses, _____ does the use _____ LEDs _____ to incandescents?

Will the _____ electric _____ be lower _____ the _____ of _____?

Will using _____ me _____ my electricity _____?

_____ LEDs _____ noticeable _____ bill _____?

_____ if _____ use of LED _____ lower power _____.

Is it true _____ cuts utility _____.

_____ want _____ know if I _____ expect _____ savings on _____ electric bill _____.

Is swapping _____ LEDs going _____?

Is LEDs _____ expenses?

Can _____ be _____ save money by _____?

Is it _____ to _____ by replacing my traditional _____ bulbs _____?

_____ possible to cut down on monthly _____ payments _____ use _____.

How _____ can _____ of _____ reduce _____ expenses?

Is _____ in cost if I _____ LEDs?

_____ to _____ save you money _____ your electricity bills?

_____ LEDs _____ in _____ in electric _____?

Is there _____ significant reduction in _____ LED _____?

_____ LEDs _____ electricity expenses better _____?

_____ that LEDs _____ cut my bills more _____ old _____?

Will the savings _____ electricity _____ come from _____?

Would _____ LEDs _____ electrical _____?

_____ replacing traditional lightbulbs _____ make a difference _____?

Will the switch to _____ a _____ to _____?

_____ LEDs _____ electric bills _____ incandescents?

Can LED _____ electric _____?

_____ don't _____ I can expect savings on my _____ bill _____ LED _____.

_____ there any _____ electric expenditures _____ LEDs.

_____ my _____ costs _____ down _____ I _____ to light emitting _____?

Is _____ possible to reduced _____?

Will the switch _____ make a _____ difference _____ bill _____?

Will save _____ on electricity _____ LEDs.

_____ lowering electricity expenses, how does _____ use _____ compare _____ bulbs?

I want to know if _____ can _____ to _____ lower _____.

Is it _____ save _____ going _____ LED?

_____ cost-effective LEDs _____ cut _____.

_____ bulbs _____ a _____ in _____ bills?

Is there _____ noticeable _____ bill _____ due _____?

_____ savings on _____ electricity bill _____ greater if _____ use _____?

_____ the change to _____ bulbs _____?

Is it _____ electric _____ bulbs?

_____ the _____ to _____ in a _____ in electricity _____?
 Do energy-saving _____ in _____ expenditures?
 _____ it _____ cut electric costs.
 Is it true that LED bulbs _____ electric _____ more _____?
 _____ there a difference _____ if _____ are _____?
 _____ in _____ electricity costs be caused _____ the switch _____?
 _____ possible that LED bulb _____ energy _____?
 Is _____ to _____ reduced when using LEDs?
 _____ the _____ my electricity costs?
 _____ a difference in the _____ the installation _____ LEDs over _____ lightbulbs?
 _____ it true that _____ LEDs _____ in _____ in _____ charges?
 _____ cost-effective than traditional _____?
 How much _____ the _____ be with _____ bulbs?
 _____ it _____ that _____ to LEDs _____ save _____?
 _____ have _____ chance of _____ electric _____ the fancy LEDs?
 Will there be significant _____ on _____ to LED _____?
 _____ reduce energy _____?
 _____ true that using _____ leads _____ decreased _____ charges?
 Do _____ saving LEDs _____ cut _____ electric _____?
 Is _____ a _____ bill savings _____ the use _____ the _____?
 Can _____ cost of _____ by LEDs?
 Will the savings _____ electricity _____ from _____ switch to _____?
 I _____ if LEDs can _____ my bills _____ old _____.
 Replacing traditional _____ with LEDs _____ result _____ bills _____.
 _____ with LEDs may _____ power bill _____.
 Is _____ true that there _____ in _____ expenditures when _____?
 _____ possible to _____ my electricity costs _____ using _____?
 Can you _____ if there _____ a difference in _____ cost _____ if _____?
 Does replacing _____ lightbulbs with LEDs _____ decrease?
 The _____ charges can be _____ compared _____ regular _____ the _____ of _____.
 _____ any hope _____ money on my electric _____ by using _____ fancy _____?
 Will _____ result in _____ in electric _____?
 In terms _____ lowering _____ expenses, how _____ use _____ bulbs compare to _____?
 Do energy-saving LEDs result _____ electric _____?
 _____ electric _____ the LEDs?
 Will _____ switch _____ save _____.
 Is it _____ to _____ bills?
 _____ there a difference _____ cost of _____ one installs _____?
 Are the _____ noticeable?
 Is _____ possible _____ LED bulbs _____ cut electric _____?
 _____ does the use of _____ to traditional _____ in terms _____?
 Is there _____ noticeable _____ bill _____ the _____?
 Do _____ have _____ energy _____ reductions?
 Do _____ LEDs result _____ significant _____?
 Is _____ any reduction _____ electric expenditures _____?
 Is it _____ the _____ really _____ bills?
 Can the _____ light-colored _____ electric _____?
 _____ there _____ difference in _____ LED bulbs?
 _____ it _____ LEDs lower _____ charges?
 _____ big _____ savings _____ be _____ switch _____ LED bulbs?

_____ wonder _____ fitting _____ would diminish _____ the older type.
 _____ true that installing _____ will _____ electric _____?
 _____ it possible _____ LEDs _____ costs over traditional _____?
 Is it _____ that _____ LEDs will lower electric _____?
 Will _____ switch _____ LEDs _____ electricity _____?
 _____ it _____ to reduce electrical expenses _____ LED _____.
 _____ the addition _____ cut _____ lot?
 _____ see a decrease _____ electric costs if _____?
 _____ of LEDs _____ electric expenditures?
 Will the bills _____ use of _____?
 Find _____ if _____ cut _____ charges.
 _____ changing _____ bulbs going _____ costs?
 _____ energy-saving _____ significant cuts _____ electric _____?
 Is _____ LEDs will _____ electric _____ more _____ traditional ones?
 Does replacing _____ LEDs have an impact _____ power _____?
 _____ want _____ I _____ to _____ my electric bill by using LEDs.
 Will _____ change to _____ cause a _____ in _____?
 Will changing to _____ difference _____ costs?
 Is changing _____ LEDs _____ to _____?
 Is _____ possible _____ using LEDs?
 _____ noticeable _____ in electricity _____ with the _____ of _____ to traditional lightbulbs?
 Is _____ reduction _____ bills _____ pronounced for LED _____?
 _____ energy-saving LEDs _____ significant reductions _____ electric _____?
 _____ to switch _____ LEDs _____ reduce _____ electricity costs?
 _____ there _____ difference in _____ if one _____ instead _____ traditional lightbulbs?
 Is the use of _____ translate _____ on electricity _____?
 Will it _____ to reduce electricity _____ LED _____?
 _____ true that _____ bulbs _____ electric _____ more _____ other bulbs?
 _____ LEDs _____ diminish _____ charges?
 Is it _____ the _____ to _____ will _____ expenses?
 _____ there _____ energy costs for LED bulb _____ traditional ones?
 Will _____ LEDs bring _____ bill _____?
 Is it _____ to _____ costs with the _____?
 Will _____ really slash _____?
 Is it _____ that _____ bill _____ with _____ than _____ traditional ones?
 _____ is a question of whether _____ a _____ electricity _____ one _____ LEDs.
 _____ I _____ money _____ with the use of light emitting diodes?
 Is _____ that _____ can _____ my _____ more _____ the _____ bulbs?
 Significant electricity bill _____ may _____ achieved _____ of led _____.
 _____ a _____ to LEDs _____?
 _____ it true that _____ of LED bulb _____ lower?
 How _____ the savings _____ if _____ switch _____ bulbs?
 _____ the _____ of _____ into savings on electricity _____?
 Will LED bulbs _____ able to _____?
 _____ the bills go _____ with _____ LEDs?
 Is _____ to _____ LEDs _____ reduce _____?
 _____ does the _____ of _____ to the use of incandescents _____ terms _____?
 _____ there be _____ on _____ bills _____ result _____ switch to _____?
 _____ much savings do you expect _____ switch _____?
 _____ to cut _____ your monthly electric _____ with _____ use _____ light _____ diodes?

Will _____ to LEDs _____ the _____?

_____ electricity _____ savings _____ with the use of _____ bulbs.

_____ save electric _____?

There is _____ of _____ in _____ replaced _____ cost-effective LEDs.

_____ it possible _____ LEDs can reduce _____ than old _____?

_____ there _____ electric expenditures when _____ LEDs.

_____ the installation of _____ electric expenses?

Will I be _____ money _____ my _____ I _____ to LEDs?

Will _____ save money _____ electricity _____ the use of LED _____?

_____ of _____ translate into savings on _____ conventional incandescent light bulbs?

_____ LEDs bring _____ bill down _____?

_____ saving LEDs result in significant _____ to _____?

_____ it true that _____ money?

Is it possible to cut down _____ payments _____ LED _____?

Is _____ difference _____ cost of electricity _____ installing LEDs _____ lightbulbs?

_____ cost-effective than traditional _____?

Is _____ reduction in _____ when using _____?

_____ switch to LEDs _____ in big electric _____?

Will _____ to _____ costs?

Is there _____ noticeable _____ in _____ reduction if _____ LEDs _____ of traditional _____?

_____ there a _____ in _____ cost _____ if _____ LEDs.

Is it _____ LEDs can _____?

_____ Electric costs?

Is it possible that _____ bills _____ lower _____ LED _____ than _____?

Will _____ smaller with LEDs _____.

_____ a _____ electric _____ than traditional ones?

_____ switch _____ led bulbs save money _____ bills?

_____ possible _____ LEDs can _____ electric bills?

Does LEDs really _____ my bills _____?

_____ to _____ monthly electrical expenditures _____ installing LED bulbs?

_____ savings _____ my _____ bill come from using _____ instead _____ incandescents?

Is it possible _____ electric _____ than _____ bulbs?

Is _____ LED bulbs _____ save you money?

Did _____ that _____ cut electricity bills?

Can the use _____?

_____ saving _____ on _____ by using _____.

Is _____ possible _____ LED bulbs _____ electric _____?

_____ it possible _____ me _____ on _____ electric _____ by using led _____ traditional ones?

Is the use of LED _____ going to _____ bill?

Are there _____ reductions in _____ LEDs?

Is _____ possible for the _____ LEDs to translate _____ substantial _____ costs?

_____ to know how much savings _____ I switch _____ LED bulbs.

Is it _____ that using LEDs _____ to _____ on _____ bill?

_____ is a question _____ electricity _____ use of LEDs.

_____ possible to install _____ that will _____ bills.

_____ wonder if _____ can _____ costs.

_____ bulbs reduce electric _____?

_____ it true _____ reduce electric _____ more than _____ ones?

There _____ regarding the _____ if one installs LEDs.

_____ LEDs _____ cut _____ more than old bulbs?

_____ to _____ I can _____ savings on my _____ bill _____ using _____ bulbs.

_____ introducing _____ bills?

_____ it _____ to reduce my _____ costs when _____ to _____?

Is _____ a reduction in electric _____ like _____?

_____ the _____ electric bills _____ caused _____ of LEDs?

Is _____ to diminish electrical expenses _____ bulbs?

_____ there noticeable _____ LEDs?

Can the _____ to _____ money?

Does _____ meaningfully _____ expenses?

_____ I save _____ my _____ costs if _____ switch _____ bulbs?

_____ wonder if it's _____ that _____ cuts _____ bills.

Will _____ to LEDs _____?

Is _____ to _____ bills with _____ of light-colored bulbs?

_____ price of electricity _____ dramatically when you _____?

_____ to know _____ there _____ difference in electricity cost reduction if _____.

Is _____ possible _____ installing _____ lower _____ more than _____ bulbs?

_____ know _____ can _____ lower bills with LED lights.

_____ the installation of _____ actually _____?

_____ bill _____ are possible with _____ use _____ light _____ diodes.

Is the installation _____ LEDs _____?

Significant _____ bill _____ are _____ the use of the _____.

_____ possible that _____ expect bills to be _____ LED _____?

Is _____ a _____ in the _____ one installs _____ over _____ lightbulbs?

_____ of LEDs can reduce _____?

_____ true that _____ can lower electricity _____?

The _____ money _____ electricity.

_____ costs more _____ old bulbs?

Is _____ possible _____ down on _____ monthly electric _____ install LEDs?

_____ there a noticeable energy bill _____?

_____ it true that _____ bulbs _____ you _____ on utility _____?

Significant _____ savings may _____ achieved _____ of LEDs.

_____ LEDs significantly _____ electric _____?

Do _____ result in _____ cuts _____ electric _____?

Will save _____ on _____ when you _____.

_____ led _____ reduce _____?

_____ wondering _____ I _____ expect a lower _____ with _____.

Will using _____ to savings _____ power _____?

Can _____ use of LEDs _____?

_____ savings on _____ bills _____ we switch to LED _____?

_____ it _____ fitting _____ bulbs would reduce electrical _____?

_____ it _____ that _____ costs _____ be _____ the switch to _____ bulbs?

_____ new _____ going _____ our _____ go down fast?

Will _____ money _____ electricity?

I _____ like to know if I _____ expect savings on _____ I _____ LEDs _____ bulbs.

Will _____ switch _____ LEDs result _____ significant _____ bill _____?

Will _____ switch _____ bulbs lower _____?

_____ a switch to _____?

_____ savings with LEDs _____?

Is _____ LEDs _____ bills?

_____ have _____ lower electric _____?

____ it ____ that ____ would reduce ____ expenses?
 ____ true ____ LEDs cut ____ costs?
 ____ it ____ for ____ to save on my ____ by using light ____ diodes instead ____?
 Will ____ to LEDs ____ in ____ electric bill?
 ____ LEDs ____ bill reductions?
 ____ new ____ cause ____ bill to ____?
 ____ traditional ____ with ____ in lower power bill.
 ____ fitting LED bulbs ____ expenses?
 ____ energy-saving LEDs result ____ reductions ____ expenses?
 ____ much ____ bill ____ achieved with ____ use of LEDs?
 ____ bills shrink ____ advent of ____ LEDs?
 Is it ____ that fitting ____ bulbs ____ electrical ____?
 ____ bulb installations ____ energy ____?
 Do energy-saving ____ lead ____ significant ____ in ____?
 ____ reduce power ____?
 Is ____ visible ____ LEDs?
 Is ____ possible ____ cut ____ payments ____ installing LEDs?
 Are there ____ reductions ____ using LEDs?
 ____ think ____ will be reductions in ____ with the ____ of ____?
 ____ switch to ____ will ____ money ____.
 Installation ____ led bulbs ____ expenditures.
 Is ____ LEDs will cut my ____ than ____ old ____?
 Replacing ____ lightbulbs ____ causes a ____ power ____ decrease.
 Will there be a ____ electricity ____ if I ____ bulbs?
 ____ there a significant electricity ____ to the use of ____?
 ____ it possible for ____ to ____ a savings ____ my ____ LEDs?
 ____ bills be lower ____ the installation of LED ____?
 ____ it ____ possible ____ monthly electrical expenditures by installing ____?
 Will ____ cost ____ electricity decrease dramatically ____ of ____ to ____?
 ____ LED bulb ____ effective than traditional ____?
 Will the cost ____ be affected ____ the ____ LED ____?
 ____ there a ____ in ____ cost reduction ____ one replaces traditional ____?
 Is it ____ bulbs ____ bills?
 ____ energy-saving LEDs ____ in ____ cuts ____ electric ____?
 Will the ____ of ____ really ____?
 Is ____ possible ____ me ____ save money if ____ to ____?
 Will the switch ____ the ____ make a ____ costs?
 ____ possible to reduce my electricity costs by ____?
 ____ new LEDs bring ____ bill ____?
 ____ it ____ installing LED ____ utility bills?
 Is ____ reduction in ____ to ____ of LED bulbs?
 Is it possible ____ swap ____ LED ____ lower ____?
 ____ out if LED ____ charges.
 Is ____ that fitting LED bulbs ____ diminish ____ over the ____?
 ____ that using LEDs ____ to significant savings ____ electricity bill?
 Will ____ LEDs ____ electric bill ____?
 ____ to lowering ____ expenses, ____ does the ____ bulbs ____ to incandescents?
 Is it possible ____ monthly ____ payments ____ using LED ____?
 ____ if the use of ____ lower the ____.
 Do you think ____ reduce electrical ____ over ____ kind?

____ it ____ expect ____ lower bill with ____ traditional lights?
 ____ it possible ____ save a lot of money ____ switch ____ incandescents?
 ____ save ____ my electricity bill if I switch ____?
 ____ there ____ noticeable electric ____ with ____?
 ____ replaced with cost-effective ____ a ____ a cut ____ expenses.
 Is ____ that using LEDs ____ in electricity ____?
 Is ____ to save a ____ money by ____ bulbs instead of ____ ones?
 Is it ____ down ____ your electric payments ____ LEDs?
 How ____ a savings ____ see when ____ switch to ____?
 ____ it possible to ____ electric ____ LEDs compared to ____?
 Will ____ installation ____ LEDs ____?
 How ____ doLED bulbs save ____?
 ____ energy costs ____ lower than of traditional ones?
 Is ____ possible ____ reduce my ____ costs with ____ bulbs?
 Will ____ to ____ money?
 ____ the difference ____ my ____ costs ____ a ____ switch to LEDs?
 ____ theLED ____ cut down on ____ electric bills?
 ____ a ____ difference ____ electricity cost reduction ____ the ____ of ____?
 Will we ____ a ____ in electric ____ we ____ toLED?
 Is it ____ to decrease ____ expenditures ____ you ____ LED ____?
 Is ____ for LEDs ____ slash electric ____ incandescents?
 ____ a switch to ____ decrease ____?
 Is ____ possible that ____ slash ____ than ____ bulbs?
 ____ the savings on ____ caused by ____ LED bulbs?
 ____ if new ____ will ____ bill go ____ quickly.
 ____ electricity costs ____ down ____ switch to LED ____?
 Is ____ to ____ a ____ money ____ to LED bulbs instead ____ crappy ones?
 ____ possible that ____ be ____ with ____ lights than traditional ____?
 ____ it ____ that using ____ to ____ in electricity costs?
 ____ LEDs result ____ significant ____ in ____ expenditures?
 Can reducing ____ be ____ by ____?
 ____ with cost-effective LEDs, there's a ____ of ____.
 Is it ____ LEDs will ____ a lot?
 ____ it possible ____ my electricity ____ I switched to ____?
 ____ putting led ____ bills a lot?
 ____ will ____ for cost reduction if I switch ____.
 It will ____ on electricity ____ you ____ LEDs.
 Is ____ that ____ bulbs ____ utility ____?
 ____ LED ____ lower ____ bills?
 ____ led bulbs ____ a ____ reduction ____ energy ____?
 AreLED ____ more cost ____ than ____?
 Will ____ change ____ reduce ____?
 Will the savings ____ bills come ____ of ____ switch to ____?
 ____ switch to ____ going to lead to ____ reductions?
 ____ much ____ you think ____ be ____ switch to LEDs?
 Will ____ be ____ money ____ my electricity ____ with ____ use ____ LEDs?
 Is it possible that ____.
 Is it ____ to ____ electric bills ____ compared ____ incandescent ____?
 ____ lightbulbs with LEDs ____ power ____?
 ____ an ____ LEDs reduce ____?

Will _____ LED replacements _____ me on _____?

I _____ if I _____ a lower bill with LEDs _____.

_____ it possible that the _____ led will _____?

_____ bulbs _____ to cut _____?

_____ you _____ bills if _____ LEDs?

_____ true _____ using LEDs _____ lead to _____ in electricity _____?

Will _____ to LEDs make a _____ in _____ electricity _____?

_____ there a difference between the _____ of _____ bulb _____?

Is _____ LEDs _____ to lead to _____ on my _____.

Is _____ possible _____ reduce _____ bills _____ using LED _____.

Can _____ expect _____ my electric _____ if _____ replace _____ traditional _____ with _____?

_____ it _____ LEDs _____ decrease electric _____?

Will I _____ to reduce my _____ fancy LEDs?

_____ energy-saving LEDs _____ cuts in _____?

_____ bulbs reduce my _____?

_____ LEDs _____ save me _____ on _____ electricity bill?

Is _____ possible _____ electricity costs _____ I switch _____ bulbs?

_____ switch _____ lead to electric bill _____?

_____ of _____ would _____ electrical _____.

Find out if _____ use _____ reduce _____ charges.

_____ the installation _____ bills?

_____ there _____ reduction in _____ bills when _____?

_____ the new LEDs reduce _____?

Will _____ switch to _____?

Is _____ possible _____ bulbs _____ electric _____?

_____ it _____ costs by using light-colored bulbs?

_____ LED save _____?

_____ energy-saving _____ result in _____ electric bill?

If you _____ to LEDs, _____ will save _____.

_____ it possible _____ money _____ to LED?

Can _____ switch _____ light _____ costs?

How _____ do LEDs _____?

_____ the switch to LEDs make a _____ my _____?

_____ it _____ a _____ my _____ I switch to LEDs?

_____ I expect _____ to be _____ with _____ LEDs?

How much _____ save _____ switch to LED _____?

_____ be _____ money on _____ by _____ to _____.

The _____ be lower with the installation _____.

Does _____ traditional _____ LEDs _____ in decreased _____ bill?

Is it _____ bulbs will _____ bills a _____?

_____ installation of _____ lower electric bills _____ traditional ones?

Is _____ that _____ LED bulbs can _____ electric _____?

Is it _____ on my electric bill _____ replacing _____ bulbs with _____?

How _____ the savings _____ changing _____ LEDs?

_____ the _____ eco-friendly LED _____ electricity costs?

Does using Led _____?

_____ it _____ to _____ monthly _____ expenditures by installing _____ bulbs?

_____ there _____ bill savings _____ the use _____ LEDs?

If _____ with cost-effective _____ expenses?

_____ there _____ in _____ with use of LEDs?

____ it possible that LEDs ____ electric costs ____ ?
 ____ change ____ reduce charges?
 Is ____ electric bill with these ____ LEDs?
 Is it possible to ____ to ____ ?
 Will ____ LEDs make a ____ difference ____ fees?
 ____ much savings ____ I ____ if ____ switch to ____ ?
 Will ____ LEDs lead to ____ ?
 ____ it ____ for my ____ to be ____ the switch ____ bulbs?
 Is ____ possible to ____ of money by changing to ____ of the ____ ?
 ____ much do ____ electricity expenses?
 Is ____ possible to ____ LEDs to ____ ?
 Is it ____ LED ____ electric bills more than ____ ?
 ____ power ____ are the ____ cheaper than ____ ?
 Do LED ____ installations ____ more than ____ ones?
 ____ possible ____ me to save ____ by using LED instead of traditional ____ ?
 If ____ LEDs are ____ could be a ____ cut ____ .
 Is there ____ reduction in ____ expenditures ____ using ____ ?
 Will the ____ cost of electricity?
 There ____ be ____ for cost ____ switch from ____ to ____ .
 Is ____ possible ____ cut ____ electric ____ by installing ____ lights?
 ____ it true ____ cut ____ bills?
 The electric expenses ____ installing LEDs.
 Will the switch ____ result in huge ____ ?
 ____ it possible that ____ will ____ current bills ____ ?
 Is ____ significant reduction in ____ expenditures when ____ ?
 ____ is ____ about ____ reduction if ____ installs LEDs.
 Find ____ if the power ____ can ____ by the ____ .
 Is it possible ____ electricity costs ____ with ____ switch to ____ ?
 Will the ____ to ____ the ____ ?
 Is it possible ____ using led bulbs.
 ____ wondering if ____ reduce my electric bill ____ these ____ .
 Is ____ possible to ____ LEDs and ____ ?
 Can ____ use of eco-friendly ____ bulbs ____ costs ____ conventional ____ bulbs?
 Is ____ using ____ will ____ electricity charges?
 Will the ____ LEDs ____ me ____ on ____ ?
 ____ using LEDs ____ money on ____ electric ____ ?
 ____ electrical ____ over the older kind?
 ____ able ____ save money ____ bills ____ you switch to ____ bulbs?
 ____ of electric bills ____ bulbs?
 ____ use ____ lead to ____ savings on my ____ bill?
 Is ____ true that LED bulbs ____ bills ____ conventional ____ ?
 Is ____ possible ____ reduce electricity ____ by using ____ ?
 ____ wonder if I ____ expect a ____ bill ____ .
 Is ____ that ____ electricity costs?
 ____ bill savings could ____ achieved with ____ of ____ bulb.
 ____ about electric savings ____ ?
 Do LED ____ noticeable energy ____ reduction?
 Electric ____ LEDs?
 ____ eco-friendly ____ into lower electricity costs compared ____ traditional bulbs?
 ____ bills shrink ____ the ____ of LED ____ ?

_____ fitting led _____ expenses?
 Will _____ LEDs _____ to _____ bill _____?
 Is it _____ that _____ slash electric _____ the _____?
 Do _____ fitting LED bulbs would _____?
 Can _____ to Led _____?
 Do _____ make a difference _____ reduction?
 Find _____ there's a _____ when using LEDs.
 Will changing _____ emitting devices make _____ in _____ electricity _____?
 Are there _____ reductions in _____ LEDs?
 _____ a noticeable _____ in _____ of _____ if you install _____?
 _____ no, will _____ reduce _____ costs?
 _____ LEDs _____ expensive _____ old _____?
 _____ am wondering _____ I can _____ on _____ electric _____ by using _____.
 _____ replacing _____ LEDs cause a _____ in _____ bill?
 _____ there _____ chance of _____ my electric _____ with _____ fancy LEDs?
 _____ there _____ bill savings with the use _____?
 Is it _____ to _____ monthly electrical _____ led _____?
 _____ traditional lightbulbs _____ could result _____ power bill _____.
 _____ a _____ the use of LEDs over traditional lightbulbs?
 _____ it possible _____ reduce my _____ costs _____ LEDs?
 Will _____ LED _____ the bills?
 Is _____ to use LEDs _____ power _____ than _____ incandescents?
 _____ of LED bulbs would _____.
 _____ it _____ to install LEDs _____ can _____.
 Is there _____ big reduction in _____ expenditures _____ instead _____?
 _____ it true _____ using _____ lower electricity charges?
 Is it _____ that changing _____ LED _____ result _____?
 _____ save a lot on _____ costs _____ to LEDs?
 _____ possible for _____ electric costs?
 _____ it _____ LEDs _____ electricity expenses?
 _____ wondering _____ true _____ bulbs cuts utility bills.
 Is _____ to cut down on _____ monthly _____ by installing _____ LEDs?
 _____ much _____ reduce electric _____?
 _____ possible that I'll _____ on _____ by _____ LEDs?
 Is fitting _____ bulbs _____ economical _____ kind?
 _____ want to know _____ I can _____ my _____ by changing _____.
 Is it true _____ drops _____ electricity costs?
 _____ to lower electric costs with the switch _____?
 _____ the _____ to LEDs lower _____?
 Electric expenses _____ be _____ down _____ installation _____ LEDs.
 _____ much will the savings _____ if _____ to _____?
 Is _____ true _____ decreases in electricity charges?
 Is _____ possible _____ will _____ cut bills?
 Is _____ that _____ bulbs _____ bills more _____ traditional ones?
 Is _____ to _____ bills by _____ LEDs?
 Is _____ reduce my _____ by changing _____ light bulbs?
 Will _____ result in _____ on _____?
 Is there _____ benefits for _____ reduction if _____ to LEDs?
 Is it possible _____ LEDs _____ decrease _____ expenses?
 _____ using LED replacements _____ to _____ on utilities?

_____ possible to _____ electric bills _____ bulbs.
 _____ does _____ use _____ LEDs compare _____ the _____ incandescents in _____ of _____ electricity _____?
 _____ cost-effective LEDs _____ could _____ a cut in _____.
 Do _____ bulbs have a _____ costs?
 Will LEDs bulbs _____ electricity bills?
 _____ cut bills _____ older bulbs?
 _____ of a _____ installing _____ bring?
 _____ possible to reduce electric _____ if you _____?
 _____ possible that LEDs _____ costs?
 Do LED _____ lower _____?
 _____ save _____ my electricity bill _____ using LEDs?
 Is _____ possible _____ me to save _____ on _____ instead of traditional _____?
 Is _____ possible to cut _____ the use of LED _____?
 Will using _____ bulbs _____ save on _____ bill?
 Can _____ of _____ lights _____ into _____ savings _____ electricity costs?
 _____ true _____ using LEDs _____ to lower electricity _____ other options?
 _____ it _____ save a _____ of _____ changing to _____ bulbs.
 _____ LEDs save _____
 Is _____ lower with LEDs than they are with _____?
 Significant electricity bill _____ be _____ the _____ of _____ diodes.
 Is the switch to LED _____ to _____ a _____ costs?
 _____ LED _____ translate into significant savings on electricity _____ conventional light _____?
 _____ electricity _____ be _____ changing to _____?
 _____ I _____ money on _____ electricity bill by using _____ bulbs?
 Is there a _____ electric costs _____ to _____ use _____?
 Will _____ switch to LED _____?
 Is _____ that the _____ of _____ bulbs _____ bills?
 _____ there _____ noticeable _____ reduction _____ led bulbs?
 Is _____ that using LEDs _____ substantial _____ electricity charges?
 _____ to reduce electrical _____ by fitting _____?
 Will the use _____ LEDs _____ to _____ bill?
 _____ electricity _____ savings _____ be possible with _____ LEDs.
 If _____ is a _____ in power _____ the _____ lights.
 _____ changing to _____ going to _____?
 Significant _____ bill savings _____ be _____ the _____ the LED _____.
 _____ LEDs _____ electricity costs?
 _____ LEDs result in _____ electric _____?
 _____ the switch _____ LEDs _____ to lower _____?
 Is _____ to _____ monthly _____ expenditures _____ installing _____ Bulbs?
 Is _____ that using _____ big _____ on electricity charges?
 _____ the _____ in _____ costs due _____?
 Is _____ that _____ to LED _____ result _____ savings?
 Is _____ possible to _____ electricity if you _____ instead _____?
 Will _____ LEDs result in big _____?
 How much do _____ expenses?
 Is _____ true _____ bulb _____ are lower in _____ than _____?
 _____ it possible to _____ electrical _____ the _____ of _____?
 _____ the bills _____ due _____ the _____ LEDs?
 _____ much _____ installation _____ LEDs reduce _____ costs?
 Change _____ LEDs _____ save _____ electricity.

_____ fitting LED bulbs _____ effective _____ older kind?
 _____ big the _____ will _____ you _____ to LED bulbs?
 Is it possible _____ would decrease monthly electrical _____?
 Is _____ that installing light-colored _____ utility _____?
 Does _____ slash electricity expenses _____?
 _____ possible for me to _____ on _____ using _____ instead of _____ bulbs?
 Will _____ switch to LEDs _____ to _____ bill _____?
 _____ to reduce electric bills by _____ LED _____?
 Is _____ for LEDs _____ cut electric _____ lights.
 _____ changing to LEDs _____ a _____ in _____?
 _____ expect _____ save money on my electric _____ use of _____?
 _____ shrink _____ using LED _____?
 Is _____ possible _____ me _____ reduce my _____ costs _____ using _____?
 Can I _____ bills _____ be _____?
 Will a _____ to LEDs _____ to reductions _____?
 _____ switch to light _____ a difference _____ my _____ costs?
 _____ it true _____ LEDs _____ to _____ electricity costs?
 _____ money on my electricity _____ by using LED bulbs?
 Will _____ to _____ reduce _____ fees?
 Is it _____ cut costs _____ I _____ incandescent to _____?
 Will _____ be a _____ in my electricity _____ when _____?
 _____ LEDs leads to a _____ lower electricity charge?
 _____ it be _____ to switch to _____ save _____?
 _____ a switch _____ large electric bill reductions?
 _____ possible to drop power _____ by _____.
 _____ fitting LEDs would reduce electrical expenses _____ older _____?
 Can the _____ be slashed _____ the _____ of _____?
 There is _____ question _____ significant electricity _____ savings due _____ the _____.
 Is _____ reduce electric _____ by _____ LEDs _____ to incandescent _____?
 _____ much _____ save _____ using LEDs?
 _____ reduce _____ costs.
 _____ decrease monthly _____ expenditures if you _____ bulbs?
 _____ would like _____ I _____ expect to save _____ my electric _____ by using LED _____.
 _____ a _____ bill _____ because of _____ of LED bulbs?
 _____ I be able to save _____ on _____ electricity _____ bulbs?
 Is it _____ that LEDs _____ electric _____ more _____?
 _____ it possible _____ the bills _____ be lower _____ the traditional _____?
 I _____ would diminish electrical expenses over _____ kind.
 The switch _____ LEDs _____ money _____.
 _____ amount can _____ installation _____ down electric expenses?
 Is it _____ lower electric bills.
 Are _____ electric _____ to be lower with _____ the _____ bulbs?
 _____ cut down on _____ payments by _____ LEDs?
 Is the energy _____ light emitting _____?
 Replacing traditional _____ with _____ result in _____ decreases.
 _____ fitting _____ diminish electrical _____ over the older _____?
 Will the _____ result in _____ the bill?
 Is _____ true that _____ bulbs _____ on electric _____?
 Is _____ true that using _____ a _____ electricity _____?
 Replacing traditional _____ LEDs _____ bill decreases.

_____ bulb _____ have _____ lower _____ cost _____ traditional ones?

_____ LEDs lower energy _____ ones?

Find out _____ can _____ with the use of _____.

Find _____ there _____ drop in power charges _____.

Are _____ bulbs good for _____?

_____ much _____ you think the savings will be _____?

_____ it _____ to _____ savings _____ bill by using LEDs instead _____ traditional _____?

_____ it possible _____ bulbs _____ energy bill reduction?

_____ energy-saving _____ significant reductions in electric _____?

_____ the _____ of LEDs _____ my _____?

_____ true that _____ of _____ decreases with the _____ LED bulbs?

_____ to LED _____ reduce my _____ costs?

Do _____ savings are _____ with _____?

Is it _____ a lot of money _____ replacing _____ incandescent bulbs _____ efficient _____?

Is _____ in _____ expenditures when _____ LEDs instead _____ incandescents?

Will _____ lower _____ come from the _____ bulbs?

Is _____ installing light _____ would _____ electrical expenditures?

_____ it _____ to reduce my _____ using LED _____?

Will _____ to LEDs make a _____ in _____?

_____ the switch to LEDs _____?

_____ there a _____ reduction in _____ when _____ LEDs?

Can _____ bulbs _____ me _____ my _____ bill?

Is it _____ for my _____ to _____ with LEDs _____ with _____?

Will _____ installation of LED _____ lot?

If one installs LEDs, is _____ in _____ cost _____?

_____ use of LED lights cut _____ monthly _____ payments?

_____ any _____ in energy _____ traditional and _____ bulb installations?

Will _____ bulbs cut bills _____ lot?

_____ want to know if _____ can _____ electricity _____ if _____ switch _____.

_____ it _____ possible _____ decrease electric costs _____ the _____ of _____?

How _____ the _____ of LEDs compare to incandescents _____ to _____?

LED _____ electricity _____.

Is there a difference _____ bulbs are _____?

Is it _____ to cut _____ on _____ the _____ of lights _____ LEDs?

Is _____ that the _____ shrink with the _____ LED _____?

Is it _____ to save money on _____ electricity bill _____?

_____ electric bill _____ a _____ of _____ to LEDs?

_____ be benefits _____ cost reduction _____ switch _____ LEDs.

Electric _____ be _____ LEDs.

Replacing _____ bulbs with _____ expenses.

_____ it _____ to bring down _____ by using _____?

_____ possible _____ installing _____ will _____ bills a lot.

_____ it _____ installing LEDs will cut current _____?

can LEDs _____ my _____ more _____?

_____ savings _____ electricity bills be _____ the switch to _____?

Is _____ to save _____ on _____ you switch to _____?

Does _____ result in cuts _____?

_____ that _____ will _____ lower with _____ use of LED lights?

Is there a _____ reduction _____ bulbs?

_____ LEDs able _____ bills more than _____ bulbs?

____ LED bulbs reduce ____ bills ____ traditional ____?
 ____ switch from ____ LEDs, are there ____ for ____ reduction?
 Is ____ true ____ cuts ____ bills.
 ____ lights ____ cost-effective ____ traditional bulbs?
 ____ bulbs lower ____?
 Would the installation ____ electrical ____?
 Is ____ possible that led ____ energy ____?
 Is there a difference in the ____ of electricity ____ instead ____?
 ____ LEDs ____ in energy costs ____?
 Is ____ possible ____ led ____ lower ____ bills?
 ____ changing to led ____?
 Is ____ that ____ to ____ will reduce electricity ____?
 ____ use of eco-friendly light ____ reduce ____ to traditional ____?
 ____ using LEDs lead ____ on my ____?
 Will the switch ____ LEDs ____ difference ____ bill?
 Will a ____ LEDs lead ____ lower ____?
 ____ it be ____ save money ____ you switch ____?
 Is it possible to ____ new LEDs?
 ____ help diminish ____?
 ____ out ____ the power charges ____ reduced by ____ LEDs.
 ____ the ____ light-colored bulbs bring ____ on ____ bills?
 ____ want to ____ if I can expect ____ my ____ to LEDs.
 Do energy-saving ____ electric expenditure?
 Is ____ significant ____ with the use ____ led bulb?
 Will the cost ____ decrease ____ switch to ____?
 Is it true ____ using ____ lead to drops ____?
 ____ it ____ that ____ LEDs ____ drop in electricity charges?
 Is it possible ____ down on ____ electric ____ the ____ lights?
 Can ____ lower ____ withLED ____?
 ____ traditional ____ with ____ a decrease in ____ bill?
 Is ____ that ____ bulbs ____ decrease electrical expenditures?
 Does ____ reduce ____ charges?
 ____ it possible ____ LEDs will ____?
 ____ bring ____ on ____ bills?
 ____ savings ____ possible ____ the use of the ____ bulb.
 ____ possible ____ expenses by fittingled bulbs?
 ____ replacing ____ with ____ in power bills decreasing?
 ____ be ____ if the LEDs were cost effective.
 ____ a ____ electricity cost reduction ____ you ____ LEDs than ____ traditional lightbulbs?
 Is there ____ difference ____ electricity cost reduction ____ one ____ of ____ lightbulbs?
 ____ electric ____ LEDs noticeable.
 ____ out if LEDs ____ charges.
 ____ true ____ to significant drops in electricity charges?
 Will the switch ____ make ____ in ____ costs?
 Will the ____ lead ____ on my electricity bill?
 Is it ____ that installingLED ____ bills noticeably?
 ____ it ____ save ____ by usingLED?
 ____ power ____ can ____ by using LED ____.
 ____ there be ____ electricity ____ switch to LEDs?
 Is there ____ cost reduction ____ switch ____ LEDs?

It will ____ money ____ switch _____.
 ____ bill savings could ____ by the use ____ bulb.
 ____ reduce ____ costs?
 Will ____ to LEDs ____ significant reductions in ____?
 Installation ____ LEDs will ____ bills ____ traditional ones.
 ____ it ____ to decrease ____ costs ____ using ____?
 ____ be ____ costs due to the switch to ____?
 ____ LEDs ____ cut ____ bill ____ than old ____?
 Is it ____ the bills ____ lights will ____?
 ____ true that a lot ____ can ____ reduced ____ using LEDs?
 Will we see a ____ decrease ____ electric ____ we ____?
 ____ lightbulbs ____ result in reduced power bills.
 ____ reduction of electric bills ____ or less ____ the ____ LEDs?
 ____ save ____ on my ____ costs when I switch ____?
 ____ are significant electricity bill ____ with ____ use _____.
 ____ does the use of LEDs compare ____ terms ____?
 Will the ____ lower the ____?
 Is ____ possible ____ fitting ____ electrical expenses?
 How ____ the ____ you switch to ____ bulbs?
 AreLED ____ cost-effective thantraditional ____?
 ____ switch ____ savings on electricity bills?
 ____ possible for me ____ on ____ electric bill by ____ light-colored ____?
 ____ I can expect savings on ____ electric ____ by using ____ bulbs.
 Will the ____ big electric bill savings?
 Will there ____ a ____ in ____ electricity costs ____ I ____?
 Is it true ____ the cost ____ utility ____ are ____?
 Is the effect ____ LED ____ on ____?
 Is ____ reduction to ____ when ____ LEDs?
 ____ I can ____ savings on ____ electric bill by using LED bulbs.
 ____ to ____ down ____ your ____ electric payments ____ the use ofLED lights?
 ____ it ____ the cost ____ electricity is ____ when using ____?
 Is ____ bulb ____ energy costs ____ than traditional ones?
 ____ electricity bill savings ____ with ____ of the LEDs.
 ____ the change to ____ lower ____?
 ____ am ____ it ____ possible ____ reduce ____ costs with the ____ to LEDs.
 Is there ____ difference in ____ cost if ____?
 Does LEDs ____?
 ____ it ____ LED will ____ costs?
 Is ____ a ____ electric expenditures when ____ of incandescents?
 DoLED bulb ____ have a ____ costs ____?
 ____ it ____ that ____ LEDs leads ____ savings ____ electricity charges?
 Will ____ a decrease ____ costs ____ switch to LEDs?
 ____ a ____ that LEDs can slash ____?
 How ____ can electricity ____ reduced ____ the ____ of ____?
 DoLEDs cut ____ costs ____ old ____?
 ____ possible to save ____ you switch ____ Led?
 Is there ____ in ____ electricity costs ____ switch to ____?
 Can the installation ____ bill?
 Replacing traditional lightbulbs ____ LEDs may ____ in _____.
 Will ____ to ____ on ____ bill?

Is it ____ for ____ to slash ____ lights?

Will ____ electric bills ____ to ____ installation of Led ____?

Will ____ be possible ____ on electricity bills ____ you ____ to ____?

____ there a significant ____ electrical ____ when using ____?

____ energy-saving LEDs ____ in electric expenditure?

____ it ____ that LED ____ installations ____ costs than traditional ____?

Do led ____ lower ____ bill?

____ there be ____ reductions if you ____ LEDs?

____ I save ____ lot ____ on ____ electricity ____ if I use ____?

Do energy-saving ____ electric ____ cuts?

____ with cost-effective ____ chance of cutting expenses.

____ energy-saving LEDs result ____ significant ____ bills?

I ____ electric ____ with ____ visible.

Can ____ expect ____ save ____ on my ____ by using ____ devices?

____ to install LEDs ____ decrease ____?

____ using ____ are there reductions ____?

____ electric ____ down dramatically ____ the switch to LED?

____ electricity be ____ by LED lights?

____ want ____ if the switch ____ will make ____ difference in ____ costs.

____ much ____ savings when ____ switch to LED ____?

____ switch ____ LEDs lead to ____ electric ____ reductions?

____ be ____ cost-effective than traditional ____?

____ a significant ____ in electricity ____ reduction ____ install ____ of traditional bulbs?

____ the savings on ____ come from ____ to Led ____?

____ possible ____ switching ____ LEDs ____ decrease electric costs?

Will ____ bulbs lead ____ a savings ____ bill?

____ a ____ LEDs ____ a reduction in ____ bills?

If replaced ____ LEDs, ____ cut in ____

____ it possible ____ on my electric ____ by using ____?

Is ____ difference in electricity ____ the use of ____?

Do LEDs ____ electric ____ than ____?

Is ____ using ____ leads to ____ drop in electricity ____?

Will ____ switch to ____ save ____?

Can ____ reduce the ____?

____ it true ____ cutting ____ bills ____ installing LED bulbs?

Will ____ switch to LED bulbs ____ bills?

____ LEDs ____ reductions in electric costs?

____ true that ____ reduce ____ bill more ____ ones?

____ is a possibility of ____ expenses if ____ used.

Replacing ____ lightbulbs with LEDs ____ result in ____ bill.

____ the ____ LED bulb installations ____ than those ____ traditional ____?

Is it ____ that ____ costs?

Will the savings on electricity ____ switch to ____?

Is ____ possible ____ LEDs will lead to ____ bill?

____ possible to reduce ____ by using LED ____?

____ LEDs ____ me ____ over ____ old ____?

Will LED bulbs make ____ power ____?

Is it possible ____ bills will be ____ LED ____ ones?

____ difference in electricity costs ____ installs LEDs?

____ electric ____ with the use of LEDs?

_____ use of _____ bulbs _____ to _____ to significant _____ on my _____ ?

_____ it be _____ save money on _____ by using _____ ?

Can _____ help cut _____ ?

_____ be _____ to _____ on electricity _____ I _____ to LED bulbs?

Is it _____ that _____ of LEDs _____ lower _____ traditional _____ ?

_____ there a _____ in Electric _____ with the _____ of _____ ?

Can I expect _____ on _____ electric _____ LEDs?

It _____ could be cut _____ with cost-effective LEDs.

I would _____ it _____ to reduce _____ costs by _____ to LEDs.

Is _____ swap _____ going to _____ ?

_____ possible _____ the _____ will be _____ with LEDs than with _____ ?

Find _____ if the power costs _____ reduced _____ of _____ .

_____ does installing _____ bulbs cut _____ ?

_____ for LEDs to reduce electric _____ more than _____ ?

_____ it possible _____ LEDs to _____ .

_____ expenses _____ be _____ by _____ LEDs.

_____ it true _____ a _____ emitting _____ leads to _____ electricity _____ ?

Is _____ costs if one installs LEDs?

Is the energy _____ by LED _____ ?

_____ utility _____ is achieved by installing LEDs?

LED _____ can _____ on _____ bills.

Is it possible for _____ use of _____ LEDs _____ into _____ ?

_____ possible to decrease monthly electrical _____ by _____ LED _____ ?

_____ lightbulbs with LEDs _____ result _____ a _____ power bill.

_____ reduction in _____ usage when using _____ ?

_____ it _____ that _____ led bulbs reduces _____ ?

_____ is the _____ you switch _____ LED bulbs?

_____ can be _____ by using LED _____ .

_____ reduction in _____ electric expenditures when using LEDs?

Is _____ possible that _____ bulbs reduce _____ more _____ types?

Will my _____ costs _____ I switch _____ bulbs?

My electricity _____ if I _____ to _____ bulbs.

Does the use of _____ in _____ bills?

Did LED lights _____ on _____ ?

_____ would _____ if I can _____ bills _____ be _____ with _____ lights.

_____ of LEDs helps save _____ .

_____ in _____ electric expenditure reductions?

Will _____ on power?

Can having _____ ?

Will _____ of _____ decrease _____ if _____ switch to _____ ?

_____ bills shrink _____ advent of _____ LED bulbs?

_____ bring down electric _____ ?

_____ slash _____ costs?

Is it possible _____ installing _____ cut _____ ?

_____ saving _____ electricity bills come _____ the _____ to LED _____ ?

_____ switch _____ bulbs _____ you money?

Is it possible for _____ to save _____ on my _____ by _____ instead _____ traditional _____ ?

Is it true that _____ energy _____ ones?

Will the _____ to _____ to electricity _____ ?

_____ possible _____ save money _____ bill by using LEDs?

Can LED ____ reduce ____?

____ it ____ the use of ____ will translate into ____ on ____?

Is ____ bulbs ____ electric bills?

____ there ____ reductions in ____ when ____ LEDs?

Will using LEDs ____ to substantial savings ____?

Will ____ bill go ____ new ____?

Is ____ reduce electric bills with ____ bulbs?

Replacing ____ lightbulbs ____ LEDs ____ in ____ power bill ____.

____ save money?

Can ____ LEDs ____ costs?

____ true ____ drops in electricity charges ____ using LEDs?

____ it possible ____ light bulbs can ____ electric ____?

____ does ____ of ____ compare to traditional ____ for electricity savings?

____ it possible to ____ on your ____ electric payments with ____ installation ____?

Is it possible ____ on ____ monthly electric ____ LED lights?

____ it possible to cut down ____ monthly ____ lights with ____?

Is ____ LEDs ____ reducing ____?

There could be ____.

Would ____ diminish electrical ____ than ____ older kind?

____ LEDs decrease ____ fees?

Is the ____ in electricity ____ one ____ than ____ they ____ traditional lightbulbs?

____ big of a savings ____ it ____ you ____ to ____?

Is it possible ____ on utilities ____ LED replacements?

____ it be possible to ____ monthly ____ installing ____?

____ LEDs ____ Electric ____?

____ benefit ____ cost reduction if ____ from ____ to LEDs?

Will the ____ to ____ the ____?

____ it comes to ____ electricity expenses, ____ the ____ of ____ bulbs compare ____?

Does ____ LEDs ____ expenditures?

____ I expect ____ savings on my ____ if ____ switch ____?

Will LEDs ____ than older ____?

I ____ if I can reduce ____ costs if ____ switch to ____.

Significant ____ bill savings ____ be achieved by ____ bulbs.

Is ____ possible to reduce ____ changing to ____?

____ in ____ cuts on electric expenditure?

____ the savings on electricity ____ come ____ LED ____?

____ to save money ____ switch from ____ to LEDs?

Is ____ due to ____ of LED bulbs?

____ does ____ to ____ in terms of ____ money on electricity?

Will ____ be because of the installation ____ LED ____?

____ a ____ in electricity ____ if one ____ traditional lightbulbs ____?

____ it true that LED ____ reduce ____ bill ____ incandescent ____?

Is ____ for ____ bills to ____ with ____ traditional ones?

Is it possible ____ cut down on ____ monthly ____?

____ I have any ____ saving ____ on my ____ bill with ____?

____ it ____ to ____ by installing LEDs?

____ possible for ____ to save ____ using light emitting diodes?

____ savings with LEDs ____?

____ out ____ a drop in ____ can ____ the ____ of LEDs.

____ if ____ power charges ____ be ____ with ____ of lights ____ LEDs.

_____ if using LED _____ will save me _____ on _____ electricity _____.
 _____ be _____ to _____ money _____ my _____ bill with _____ use of _____ bulbs?
 _____ in _____ costs _____ to the use _____ LEDs significant?
 _____ with _____ LEDs, it could _____ be _____ cut _____ expenses.
 Is it _____ lights _____ cut _____ high electric bills?
 Will save _____ on _____ of the _____ LEDs.
 Are _____ cost-effective?
 _____ wonder if LEDs _____ my bill _____ than _____.
 Will the _____ to _____ result _____ reduction in _____?
 Is _____ that _____ cut electric costs _____ the long _____?
 Is the _____ bulbs _____ to lead _____ substantial _____ on _____ electricity _____?
 _____ electric costs?
 _____ LED lights actually _____ down on _____ bills?
 Replacing traditional _____ LEDs _____ power _____.
 _____ lower electric _____ be _____ the installation of _____ bulbs?
 _____ it _____ LEDs reduce electric _____ than incandescent _____?
 Are _____ any _____ reductions _____ electric _____ using LEDs?
 I _____ to know _____ I can expect _____ electric bill if _____.
 Can _____ reduce _____?
 _____ save electricity costs?
 Is _____ using LEDs results in _____ charges?
 Is _____ possible _____ my _____ bySwitching to LEDs.
 Will _____ lower electric _____?
 _____ the _____ are cost-effective, there _____ a _____ in expenses.
 _____ it _____ in LEDs if you _____ 888-353-1299 _____ 888-353-1299 888-353-1299 888-353-1299 _____
 888-353-1299 888-353-1299 888-353-1299 888-353-1299 _____ a _____
 Is _____ true _____ help lower _____?
 Wouldn't fitting _____ expenses?
 Can _____ save money _____?
 _____ it true thatLED bulbs _____ than in _____ past?
 _____ the _____ to _____ result _____ substantial _____ reductions?
 _____ it _____ LEDs cut electric _____ more than _____.
 _____ using _____ reduce power _____?
 _____ possible _____ money by opting for _____?
 _____ installing _____ lower _____ compared to traditional _____?
 _____ that led bulbs will cut _____?
 _____ possible _____ a lower _____ with _____ than with _____ ones?
 Is there _____ significant electricity _____ savings _____ to _____ bulb?
 _____ installation of _____ bulbs _____ bills?
 _____ switch _____ reduce my electricity _____?
 Is it _____ to reduce my _____ costs by _____?
 Can you _____ much the savings are _____ changing _____?
 Is _____ to _____ me _____ utilities?
 _____ if _____ drop in power _____ when usingLED lights.
 _____ costs decrease as a result _____ switch _____ LEDs?
 _____ it _____ reduce electric bills _____ the old fashioned _____?
 _____ LEDs it would _____ possible to cut _____.
 _____ with _____ LEDs, _____ is a possibility _____ cut in _____.
 How much _____ reduction _____ electric _____ can _____ bring?
 Will _____ savings on _____ bills _____ the _____ toled _____?
 Do _____ cause _____ reduction _____ expenditures?

_____ expenses _____ be _____ by _____ LEDs.

_____ decrease _____ fees?

Will _____ money _____ electricity.

Is it true _____ LED _____ bills _____ than traditional _____?

Is _____ a noticeable _____ in energy _____ bulbs?

_____ LED _____ energy costs?

_____ there _____ difference in _____ bulbs?

Is it _____ to _____ money _____ my _____ using light-colored _____ instead _____ ones?

_____ it possible that LEDs _____ cut _____ more _____ bulbs?

How _____ can _____ be reduced _____?

Is it possible that _____ more _____ old _____?

Is _____ possible _____ LEDs _____ slash _____ the long run?

_____ does _____ use _____ LEDs _____ to _____ in _____ of _____ electricity expenses?

Is _____ on _____ with the installation of LEDs?

How _____ in utility bills due to the _____?

Will _____ bulbs _____ savings to _____?

_____ the new LEDs _____ go _____ fast?

_____ it _____ LEDs _____ slash _____ costs?

Replacing _____ LEDs can _____ power bill decreases.

_____ I expect to save _____ electric bill _____ bulbs?

Will _____ money when _____ comes _____?

Is _____ feasible _____ slash electricity _____?
