

[Demo] NLP Dataset for Customer Service Automation

Company Type	E-commerce Marketplaces
Inquiry Category	Privacy and data protection concerns
Inquiry Sub-Category	Data Breach Response
Description	Inquiries about the marketplace's protocol for detecting, investigating, and responding to data breaches, including notification procedures and remediation plans.
Data Size	8,092 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "E-commerce Marketplace" customer inquiry. (Purchased data will not be masked.)

_____ there any _____ place to _____ potential _____ caused by _____ data _____?

_____ to _____ after a breach?

_____ there any scheme _____ dealing with the _____ impact from _____?

_____ you have _____ to _____ the _____ from _____ data _____?

What _____ counteract the harm _____ by breach?

Should _____ be any _____ for the _____ breach attack?

Is _____ precautions _____ possible _____?

Do _____ taken _____ reduce _____ caused by _____ data compromise?

_____ ideas _____ impact _____ data hacks?

_____ way to prepare _____ information _____?

_____ are the _____ have been taken _____ data breach.

_____ you _____ in case of _____ incident?

_____ you guys _____ plan _____ with data breeches?

_____ anything _____ to _____ the _____ by the breach?

Strategies for _____ are _____?

_____ are things _____ do _____ negative _____ of a data breach.

_____ there any _____ damages _____ a breach occurs?

What is the _____ a _____ breach?

Will _____ plans _____ case of _____ breach?

Are there plans _____ prevent _____ a _____?

Is there _____ way _____ from data hacks?

_____ there _____ to deal with potential damage _____?

_____ are _____ to reduce _____ impacts _____ data losses?

_____ are the steps to mitigate _____ effects _____?

_____ protocols in _____ to fight potential _____ from _____ data _____?

_____ can _____ to _____ harm caused by the _____?

What _____ you _____ to deal _____ damage from _____ data _____?

_____ is the _____ a potential security _____?

_____ are _____ for _____ like _____ hacks and leaks?
 Do _____ plans _____ place to mitigate _____ damages caused _____ a _____?
 _____ there's _____ damage be mitigated?
 Do protective _____ damages _____ by a _____ system?
 Plans _____ avoiding _____?
 What can _____ done to avoid _____ by _____?
 _____ have a _____ to limit harm in the _____ violation?
 _____ to restrict issues if there _____.
 _____ it possible to prevent _____ breach?
 _____ the response to _____ with stolen information?
 _____ any _____ to prevent a _____ breach _____ happening?
 _____ there be _____ in _____ to handle _____ reduce _____ data security _____?
 What _____ been put in _____ to _____ from _____ data compromise?
 What measures _____ place _____ control?
 How do _____ deal _____ damage from _____ theft?
 There are any _____ ready _____ messed up _____ from _____ data _____.
 Do _____ have protocols _____ place _____ with damages _____ data _____?
 _____ the plans for _____ after a _____?
 Is there _____ in _____ mitigate _____ from a _____ breach?
 What will _____ to _____ occurrence _____?
 How do _____ potential damages _____?
 _____ for minimizing breaches' impact?
 Shouldn't _____ have plans to _____ the _____ information _____ stolen?
 _____ you have _____ to deal _____ a data breach?
 _____ that _____ be _____ to minimize _____ of _____ breaches?
 Is there anything _____ the aftermath _____ a data _____?
 _____ there any _____ potential _____?
 Do _____ have measures _____ prevent _____?
 Do _____ ways _____ limit _____ breach's harm?
 _____ steps are taken _____ data _____?
 What _____ are taken _____ data breach?
 Strategies _____ used _____ reduce impacts of data _____?
 _____ handle the _____ from a data _____?
 _____ are _____ for disasters caused _____ hacks?
 _____ can you deal _____ potential damages _____?
 _____ measures _____ harm caused by the data breach?
 Reducing the _____ losses?
 Is it possible to _____ from _____ data _____?
 _____ be taken to _____ from _____ data leak.
 Possible _____ to prevent major _____?
 There are _____ minimize _____ consequences of a _____?
 _____ do _____ do _____ the damage from a _____?
 _____ we handle _____ data hack _____?
 Damage _____ plans _____ place _____ breach?
 Is damage mitigated _____ data _____?
 _____ are _____ plans _____ handle and _____ harm caused _____ security incident?
 _____ are _____ that _____ being taken to protect _____?
 What _____ steps taken to _____ the effect _____?
 _____ plans _____ damage control _____ a breach?
 _____ our _____ is _____ by hackers, what _____ they going to _____?

There should _____ precautions _____ of the breaches.

If there is _____ have _____ that limit harm?

_____ there _____ case of a data _____?

How do you _____ with _____ from _____ violation?

_____ to _____ to limit the _____ a data breach.

How _____ address damages _____ to _____?

_____ how _____ prepare for disasters _____ hacks and leaks?

How _____ you deal _____ due _____ hacks?

_____ deal _____ data _____ damage?

What _____ plan to _____ from a data _____?

Good actions _____ after a _____?

_____ handle damage _____ hack events.

Do you _____ place _____ fight _____ from a _____ breach?

Do you _____ any plans for _____ data _____?

_____ to limit _____ in _____ of a _____ breach.

They might have _____ fix the _____ when our _____.

_____ data breach harm are _____ of?

Measures _____ limit issues _____ compromised?

_____ there _____ to prevent a _____?

_____ there _____ for the repercussions _____ data breach?

_____ do _____ from hacks?

There are _____ for dealing _____ the messed _____ the data _____.

Something _____ to _____ the _____ caused _____ the _____.

Is _____ for _____ damages due to hacks?

How do you _____ a data breach?

_____ an incident _____ stole _____ dealt with?

_____ there _____ preparation _____ data breach consequences?

_____ there _____ preventative measure _____ attacks?

There are any schemes ready _____ dealing _____ the data _____?

What is _____ plan _____ a _____ breach?

Is it possible _____ minimize _____ impact _____ event?

How are the steps _____ taken to _____?

Measures _____ limit _____ a _____ breach

_____ are measures _____ can _____ the _____ breach harm.

If there _____ data _____ do you _____ in place _____ negative impact?

_____ are you preparing _____ disasters from _____ leaks?

Will _____ minimize damage _____ there _____ data _____?

Is _____ any scheme that _____ with _____ from a _____?

_____ protective _____ in _____ to _____ damages _____ by _____ hacked system?

If _____ data _____ should there _____ for limiting issues?

Is there _____ scheme ready _____ deal _____ from the _____ breach?

_____ to handle _____ the harm caused _____ a data security _____?

_____ a breach _____ strategies _____ be used _____ address _____?

How are _____ for _____ that arise from _____ leaks?

_____ there _____ made for _____ data breach _____?

_____ steps _____ taken _____ protect against a data _____?

What _____ we _____ minimize _____ impact of a possible _____?

_____ want to minimize _____ there's a _____ breach?

Is _____ preparation for what will _____ data _____?

_____ deal with damage _____ data _____ events?

_____ there anything _____ be done _____ address _____ aftermath _____ a _____ attack?

If there _____ breach, _____ minimize damage?

_____ data _____ will you mitigate it?

_____ protocols in _____ protect against damages _____ a _____ breach?

Is _____ a _____ to _____ breeches?

_____ they _____ up with _____ plan _____ mess when our info _____?

_____ plans in _____ of a data _____?

There _____ be _____ protect against a data hack.

Is there a _____ place _____ against potential _____ by a data _____?

_____ schemes _____ to _____ the _____ up _____ from the data breach?

There _____ be plans _____ from the _____ break.

_____ tell _____ if _____ have _____ for limiting data breech _____?

_____ actions _____ of the _____ breaches?

Measures _____ if _____ breach happens.

What _____ done to counteract _____ by _____?

_____ there anything _____ counteract _____ caused by breaching?

What can _____ a _____ breach?

Plans in case _____?

_____ have been taken to _____ the _____ a _____ breach?

Is _____ a plan _____ stop _____ a data _____?

_____ are you _____ to _____ for disasters with _____ hacks _____?

Is it possible _____ with potential _____ from _____?

_____ the _____ that _____ taken _____ a data breach?

_____ plans in place _____ protect against potential damages from _____.

_____ steps _____ will be _____ to _____ the data?

_____ you _____ with possible damages _____?

Is there any _____ to _____ when _____ info has _____?

Should _____ be _____ data security _____?

Steps taken _____ consequences _____ a _____ breach.

Do _____ strategy _____ mitigate the damages caused _____ data _____?

Do _____ to limit data _____?

If _____ ever a _____ do you have _____ limit _____?

Will _____ place for breach damage _____?

Did _____ have _____ in case _____ data _____?

Can there _____ to limit _____ from _____ data _____?

_____ there any _____ ready to deal _____ the _____ up _____ of _____?

How do _____ damage from a _____ breach?

_____ you deal _____ the _____ of a data _____?

How _____ deal _____ from a data breaches?

_____ need to _____ taken to minimize _____ impact of _____?

_____ any _____ to deal _____ aftermath of a data _____?

_____ in the _____ a data _____?

Is there any plans _____ fix _____ when _____ information _____?

How _____ you _____ damage?

Will you _____ data _____ there's a _____?

_____ could be _____ minimize the _____ of _____ breach?

What steps _____ to _____ from being exposed?

How do you _____ disasters _____ data hacks _____ leaks?

Will there _____ any _____ to _____?

There are steps _____ can be _____ of a data _____.

Can _____ be done _____ stop _____ caused _____ breach?

How about plans _____ of _____?

Some _____ to avoid problems _____.

Is _____ any _____ protect _____ a data _____?

_____ ever _____ breach do you _____ in place _____ limit harm?

_____ plan _____ minimizing the impact _____ breaches?

_____ you _____ to _____ with data leaks?

_____ taken when there is a _____ breach?

_____ are _____ preparing _____ disasters that _____ because of _____ hacks _____?

Is there _____ being made _____ repercussions _____ data _____?

Do _____ have _____ data breach damages?

_____ to minimize _____ breaches?

_____ to _____ from a _____ hack event?

Which _____ are _____ minimize _____ of a _____ breach?

Do _____ procedures in _____ damage _____ a data breach?

Do _____ have measures to limit _____ a _____?

Are there _____ preparations _____ made _____ the _____ the data _____?

Do _____ have _____ plans to avoid _____ data _____?

_____ a security breach do _____ have any _____ harm?

_____ there _____ plan to _____ and reduce _____ harm from _____ incident?

_____ you prepare for disasters _____ from _____ and leaks?

_____ anything done to _____ the _____ done _____ the _____?

_____ to _____ issues _____ is a data _____?

Will _____ to _____ damage from a data _____?

How do _____ damage from _____.

_____ are some _____ taken _____ minimize _____ impact of _____ breach?

Is there _____ plan _____ the aftermath of _____ attack?

_____ be _____ about _____ incident _____ stolen information?

_____ they _____ plans _____ fix _____ our info is stolen?

_____ measures should _____ place _____ reduce _____ by a data compromise.

Are _____ being _____ for the _____ breach _____?

_____ you have any _____ from _____ data breach?

_____ to _____ the impact of _____ possible data hack?

_____ any _____ in place to deal _____ damage?

_____ for _____ the effect _____ hacks?

_____ there _____ case of a _____?

_____ it _____ to reduce impacts _____?

_____ limiting issues _____ there _____ a data breach.

What steps _____ minimize the impact of _____?

_____ in case of _____

_____ there any action steps to _____ breaches?

_____ there _____ place for against damages _____ hacked system?

_____ should be plans _____ handle and _____ harm caused _____ potential data _____.

There _____ any _____ during data break.

How _____ incident with stolen information _____?

What _____ to keep _____ data _____?

_____ be any plans to _____ data breach?

_____ contingency _____ for handling _____?

Is there _____ control _____ from _____?

_____ be plans to _____ reduce the _____ a potential data _____ incident?

Is there preparation _____ for _____?

Is _____ in _____ to deal _____ damages caused _____ a _____ system?
 _____ a way to minimize _____ data _____?

How _____ preparing _____ that occur with data _____ leaks?

Do there _____ plans to handle and _____ by data _____?

Do you have _____ in _____ to _____ breach _____?
 _____ there _____ plans in _____ damage control _____ breach?

Do you _____ in _____ to limit harm if _____?
 _____ are _____ the disasters _____ by data _____ and leaks?

What _____ counteract _____ caused by breaching?
 _____ there is a _____ do _____ have strategies to _____?

How will _____ incident _____ dealt with

I _____ being _____ for data breach repercussions.
 _____ any scheme ready _____ deal _____ the _____ breach?
 _____ there _____ plan _____ fix _____ when our _____ is taken?

Should there be strategies _____ if _____ breach _____?

How _____ you _____ for disasters _____ as _____ and _____?
 _____ to minimize consequences _____ data _____?
 _____ have _____ for cyber attacks?
 _____ for _____ issues if there is _____ security _____?
 _____ actions against the _____ breeches in _____?
 _____ there be _____ strategy _____ deal _____ data breach _____?
 _____ a strategy _____ handling data hack _____?

Can there be _____ a data breach?
 _____ there _____ that _____ be done _____ harm from the _____?
 _____ there _____ ever a security violation, _____ in place _____ harm?
 _____ limiting data breach _____?

Do you _____ protocols in _____ fight _____ damages _____ data _____?
 _____ organization _____ measures in place _____ negative impact _____ a data _____ occurs?
 _____ issues in the event of a _____?
 _____ the _____ of a data _____?
 _____ for _____ data breach _____ there?
 _____ a _____ in _____ to deal _____ a data breach?

How are you _____ with damages caused _____?

Should _____ be _____ place to protect _____ potential damages _____ a _____ breach _____?
 _____ you _____ disasters that come with data _____?

Any _____ measures for _____?
 _____ there any _____ to limit harm _____ data _____?

Do you have _____ limit _____ there _____ a security _____?

Is there anything you can _____ reduce _____ negative _____ of _____?

What _____ the _____ be _____ to _____ data breeches?

What _____ actions _____ taken to _____ of security breeches?

Is _____ plan _____ deal with _____ reduce _____ harm caused by _____ data _____?
 _____ for _____ consequences from _____?

Do _____ place _____ deal _____ potential damages from a _____ hack?

Will _____ any plans _____ from the data _____?

Do _____ a plan _____ fix _____ mess caused _____?
 _____ measures been put in place _____ harm _____ by _____ compromise?

What are the steps _____ breeches?
 _____ is stolen, what _____ going to do _____ the _____?

When _____ is stolen by hackers, are _____ planning _____?

Should _____ have _____ in _____ deal with the _____ impact _____ data _____?

There _____ to deal _____ the _____ up impact from _____ breach?

_____ the plans for minimizing _____ the breach?

_____ measures _____ place for when a _____ hacked?

Is _____ preparations being _____ the _____?

Are _____ to fix _____ mess when _____ stolen?

Is _____ protective _____ place to _____ from a _____ system?

Is _____ actions _____ of database breeches?

Is there _____ measures in place _____ damages _____ by _____?

How are _____ prepared for _____ data hacks?

How _____ you preparing _____ hacks and leaks?

_____ an _____ with stolen _____ dealt with?

Do _____ for limiting _____ breach _____?

_____ a strategy in _____ limit harm _____ there _____ a security _____?

How can major _____?

Following _____ are _____ actions planned?

_____ have plans in _____ a data _____?

_____ do _____ address _____ hacks?

Will _____ to _____ the _____ if there _____ data breach?

Is _____ any scheme that _____ of a _____ breach?

Is there a _____ to _____ a _____ leak?

If there is a data _____ place to _____ the impact?

_____ that will be taken to _____ data breach?

Do _____ procedures _____ place to combat _____ a data _____?

Do _____ have _____ to _____ with potential _____ from _____ breach?

_____ reduce impacts _____ data _____?

Is there _____ preparation for _____ aftermath of _____?

_____ there be _____ to _____ breach damages?

_____ there be _____ limit _____ harm _____ a data _____?

Do _____ steps _____ be taken to protect _____?

Do _____ have any _____ from a _____ leak?

_____ any schemes that _____ with _____ screwed _____ impact from _____ breach?

_____ wondering if _____ is _____ strategy to _____ data _____ damages.

What _____ be taken to prevent _____?

Is _____ to mitigate data _____?

What _____ be done _____ harm caused _____ the _____?

Is _____ planning on fixing _____ when _____ info _____?

Do _____ have _____ to limit _____?

_____ scheme _____ the impact _____ the data breach?

_____ the steps taken _____ the _____ a data breach?

_____ a _____ if _____ hacked?

_____ plans to prevent _____ a data breach?

_____ prepared _____ a potential _____ attack?

_____ to avoid problems _____ the _____?

_____ can _____ done _____ harm from _____ data leak?

_____ are the _____ taken _____ protect against _____?

_____ for an _____ of a _____?

_____ an _____ stolen information _____ dealt with?

_____ there be _____ to _____ data _____ damages?

Do you have _____ damages from _____ breach?
 _____ information _____ stolen, _____ they _____ to _____ about the mess?
 _____ be plans _____ prevent damage from _____ data _____?
 _____ steps _____ be taken to minimize _____ impact _____ breach?
 _____ in place _____ from a data breach event?
 Do _____ have _____ counteract _____ data breach damages?
 There _____ any _____ to _____ a data hack.
 What should _____ to _____ of a data _____?
 _____ are _____ deal with _____ impact from a data _____?
 _____ there any _____ minimizing breeches' _____?
 Is _____ scheme ready to deal with _____ impact _____ the _____?
 Do _____ have _____ plans _____ data breach _____?
 There are _____ to _____ the _____ from _____ breach
 _____ measures _____ place to _____ by a data compromise.
 How do you _____ potential damage _____ data _____?
 Any _____ the data _____?
 _____ the steps taken _____ minimize _____?
 _____ plans _____ case of _____ data _____?
 Any _____ for _____ attacks?
 _____ any precautions _____ potential _____ from the breaching?
 _____ have protocols in _____ to _____ with a _____?
 _____ you have strategies _____ addressing damages _____ a _____?
 _____ for limiting issues _____ data _____?
 _____ information _____ do _____ have a plan to _____ the mess?
 There _____ plans _____ to _____ against _____ damages _____ a data breach event.
 _____ do you address potential _____?
 Is _____ any way you _____ the _____ harm?
 Is it possible _____ limit _____ from _____?
 _____ there any _____ avoid _____ from a data _____?
 Is _____ plan _____ of a _____ hack?
 Will _____ to mitigate damage _____ data hack?
 _____ do we minimize _____ data _____?
 _____ avoiding _____ from _____ data breach?
 Plans _____ prevent _____ break _____?
 When _____ is stolen by hackers, _____ going to do _____?
 _____ in case _____ data _____?
 What can _____ to limit _____ harm _____ hack?
 Anything that can be _____ the harm _____ breach?
 _____ they _____ to _____ the mess _____ data _____ stolen?
 _____ there a plan _____ dealing with the aftermath _____?
 _____ are you _____ for disasters that happen _____ data _____?
 _____ there's ever a _____ do _____ have _____ in _____?
 _____ there any _____ against potential damage _____ the _____?
 _____ preparing _____ disasters when _____ are data hacks?
 Is _____ a plan _____ fix the _____ information _____ stolen?
 _____ to stop _____ data _____?
 _____ it possible to address _____ a _____ hack?
 Do you _____ procedures _____ in _____ of _____ data _____?
 _____ there _____ you have for _____ data _____ harm?
 There _____ measures _____ be _____ to limit _____ harm _____ a _____ breach.

_____ can _____ do _____ deal with _____ damage _____ data breach?

Do _____ have the _____ deal _____ data _____?

_____ are you preparing for _____ data hacks and _____?

_____ for information _____ wrecked?

What _____ done about the _____?

If there is _____ breach, will _____ minimize _____?

How _____ the _____ stolen information be _____?

Is there _____ to _____ the impact of _____ breeches?

_____ you _____ for a potential _____?

Is there _____ data _____ damages?

What _____ the _____ that _____ taken _____ data breach?

Is there _____ taken against potential consequences _____?

_____ you have plans _____ limit _____ there's _____ security _____?

_____ there precautionary _____ in place to reduce _____ harm _____ a _____?

Measures could _____ taken _____ limit _____ from _____ data _____.

Do _____ have _____ in place _____ a data breach?

_____ are _____ can be _____ to limit _____ a _____ breach.

What will _____ steps _____ to _____ breeches?

Is _____ any _____ to _____ with _____ up _____ from the data _____?

_____ be made _____ case of _____ data _____.

If _____ is a security _____ you _____ in place _____ the _____?

Is _____ a _____ mitigate _____ data breach occurs?

Plans _____ of _____ scandal?

_____ have any _____ avoid _____ break problems?

There may be _____ the damages caused _____ a data _____.

_____ you have _____ yourself from a data breach?

How are _____ for disasters _____ data hacks and _____?

How _____ you _____ with _____ hacks?

Is _____ any measures _____ damage _____?

_____ can _____ to prevent _____ caused by the _____?

The _____ against _____ impacts of _____?

Do _____ plans in _____ reduce the _____ caused _____ data security _____?

If _____ a _____ breach, will you _____?

Do you have _____ in _____ to _____ data _____?

Is _____ to mitigate data _____?

_____ to _____ harms post-breach.

_____ be _____ to prevent _____ from the _____ hack?

_____ you _____ for _____ potential breeches?

_____ there _____ plan for _____ a data _____ attack?

_____ have _____ in _____ deal with the negative impact _____ breach?

_____ protocols _____ in place _____ fight _____ damages from a _____?

Is there _____ strategy to _____ from _____ breach?

How are _____ because of data _____ and _____?

_____ there any _____ the _____ of a _____ attack?

_____ there _____ plan _____ handling _____ reducing _____ harm caused _____ a _____ incident?

_____ steps _____ minimize the impact of _____ breach?

_____ there _____ for _____ data _____ repercussions?

_____ case _____ a data _____.

_____ to _____ from _____ data violation?

_____ to handle data breaches?

Do you have any plans _____ data _____?

Plans _____ made in case _____ data _____.

Any _____ to _____ damages from _____ data _____?

Can protective _____ put _____ place to _____ caused by _____ system?

_____ procedures been _____ in place _____ limit _____ future breaches?

_____ you _____ for disasters involving _____ hacks _____ leaks?

Any _____ for _____?

Is _____ made _____ a _____ breach?

_____ there _____ in _____ deal with possible _____?

_____ you _____ a _____ to mitigate data _____?

_____ there anything _____ done to _____ data breach?

_____ there _____ way _____ minimize _____ repercussions of data _____?

_____ that have _____ taken _____ protect _____ a data breach?

_____ be mitigated _____ data breach?

_____ can be done to _____ the _____ of a _____?

_____ there be actions against _____ of _____?

_____ there _____ a strategy to mitigate the damages _____?

Is _____ plan to _____ the damages _____ by _____ data _____?

_____ have a plan to _____ with _____ of a _____ breach?

_____ the _____ counter data _____ damages?

Will you _____ with _____ damage _____ there's a _____?

_____ there preparation _____ breeches repercussions?

Is preparation _____ for the repercussions _____ the _____?

Is _____ a plan to _____ harm _____ by _____ incident?

_____ handling data breach damages?

In _____ of a _____ what should _____ plans?

_____ do you _____ damages _____ of _____?

Is _____ precautions _____ repercussions from a breaches?

Does _____ measures _____ cyber attacks?

If a data _____ do _____ to minimize the _____ impact?

_____ a way _____ damages after a _____?

How _____ you preparing _____ disasters involving _____ and _____?

Is there a way _____ mitigate _____ damage _____?

There _____ can be taken _____ a possible _____ breach _____.

Are there _____ measures _____ to deal with _____ by a _____?

_____ do you _____ any _____ to _____?

What _____ being taken _____ from _____ data breach?

_____ plans to _____ damages from a _____ hack.

How do _____ handle and minimize _____ of _____?

_____ a breach happens, what _____ the _____ damages?

Should there be _____ place to handle _____ reduce _____ data security _____?

_____ for _____ if there's _____ violation?

_____ can _____ impact of _____ data breach?

Do _____ have _____ deal with _____ from a _____ hack?

There _____ plans in place to mitigate damages _____ a _____.

Measures _____ limiting the _____ there is _____ data _____?

_____ to _____ harm caused by _____ data breach?

_____ you have _____ limit _____ in the _____ a security _____?

_____ data breach harm?

Do _____ plans _____ place _____ limit harm _____ ever _____ security violation?

_____ there _____ taken against possible consequences from _____ ?
 _____ there any plan _____ handling _____ reducing _____ by _____ data _____ incident?
 If _____ is a security _____ have strategies _____ yourself?
 _____ there _____ to _____ due to hacks.
 _____ are steps _____ protect _____ a data breach?
 Measures to limit _____ a data _____ ?
 _____ there _____ place to _____ and reduce the _____ by _____ security incident?
 _____ do _____ for _____ hacks and _____ ?
 How are _____ preparing _____ that _____ due _____ hacks _____ leaks?
 _____ steps _____ to minimize the _____ data breach?
 Is _____ do to limit _____ breach harm?
 _____ that are taken _____ minimize the impact of _____ ?
 _____ there anything _____ can be done _____ the _____ caused _____ the _____ ?
 _____ in case _____ a data breach.
 _____ any plan _____ prevent damages from _____ data _____ ?
 Is _____ measures _____ place to counter damages _____ a _____ ?
 Is there anything you _____ limit _____ breaches _____ ?
 Measures _____ limiting _____ in the _____ data theft.
 _____ taken _____ minimize the damage from _____ breaches?
 _____ are _____ plans for _____ impact of _____ breach?
 How _____ prepared _____ when there _____ data hacks and _____ ?
 _____ done to limit harm _____ data breach?
 How _____ you _____ impact _____ a possible data _____ ?
 Have precautions _____ reduce _____ caused by _____ compromise?
 _____ there be _____ in place _____ the _____ there _____ a data breach?
 What can _____ counteract _____ caused by breaching?
 How _____ you _____ possible _____ a hack?
 How _____ handle _____ damage from data _____ ?
 _____ you have procedures _____ protect your _____ ?
 How are you going _____ with _____ damage _____ the _____ ?
 Is there a way _____ data breach?
 _____ are any _____ handle the _____ a data breach?
 _____ a _____ in _____ to reduce the _____ caused _____ data _____ incident?
 Should _____ be plans for _____ damages from _____ ?
 Should _____ strategies in place _____ limit _____ if there _____ security _____ ?
 Is _____ measures in place _____ counteracting _____ hacked system?
 There are steps _____ can _____ to _____ of a _____ theft.
 _____ anything _____ can _____ counteract harm caused by the _____ ?
 How will an _____ be _____ ?
 Will there _____ counter the _____ caused by the _____ ?
 How _____ for disasters that can _____ hacks _____ leaks?
 Do you have _____ in _____ fight _____ from a _____ ?
 Can there be plans _____ mitigate _____ damages _____ data _____ event?
 How are you _____ deal with the _____ breach?
 _____ for minimizing _____ ?
 _____ any plan to address _____ aftermath of _____ ?
 _____ are any _____ for _____ the impact from the _____ ?
 Plans _____ the data breach?
 Is there _____ plan to _____ ?
 _____ to limit _____ from _____ ?

____ you have ____ measures ____ limiting ____ harm?
 ____ plans to ____ with ____ repercussions ____ a data ____?
 Is ____ any ____ to prevent harm ____ data ____?
 Do you ____ plans to ____ damages ____ breach?
 ____ repercussions from ____ hacks?
 ____ there ____ plan ____ with ____ breeches?
 ____ steps ____ for ____ breach prevention?
 ____ are you ____ for disasters ____ data hacks ____ leaks?
 ____ there ____ the screwed up impact from a data ____?
 ____ intended actions against the ____ breeches?
 ____ be done to ____ and minimize ____ data breaches?
 ____ steps that can be taken ____ impact of a ____.
 Is ____ scheme ____ for ____ with the ____ impact from a ____?
 ____ there ____ dealing with the aftermath of a ____?
 Do you have procedures in ____ to ____ happening?
 Is there preparation for ____?
 What ____ have ____ taken to minimize ____ impact ____?
 Ways being ____ to ____ after ____ hack.
 How ____ we address ____ breach ____?
 ____ are ____ steps ____ taken to ____ the ____ of ____ breaches?
 ____ you have ____ procedures in ____ to ____ impact ____ data breach?
 Is there ____ to ____ harm from ____ data ____?
 How ____ minimize the ____ of ____?
 Do ____ strategies ____ to limit harm ____ ever ____ security breach?
 ____ exist to ____ harm ____ by a data ____?
 ____ is any ____ damages ____ a data breach.
 Have precautions been ____ to prevent ____ by ____?
 ____ are the plans to minimize ____ hack?
 ____ following a ____ security incident?
 Is ____ plans ____ after ____ breach?
 There ____ any ____ for cyber ____?
 ____ you ____ for disasters that come with ____ and ____?
 ____ there ____ scheme ____ to ____ up impact of the ____ breach?
 ____ in place ____ against damages ____ by ____ hacked system?
 ____ a ____ information incident ____ handled?
 ____ for limiting ____ if there ____ data breach?
 ____ there ____ to ____ the ____ a data breach?
 ____ plans ____ avoid problems ____ the data break?
 How ____ damages ____ to hacks?
 Plans to ____ problems ____?
 Should ____ measures ____ limit harm from a ____?
 ____ you ____ in place ____ reduce the ____ impact of ____ data ____?
 Is there ____ from a data breach?
 ____ minimize data risks?
 ____ there ____ way ____ minimize the ____ data hacks?
 ____ you be able ____ if ____ is a data ____?
 ____ do you address ____ related ____?
 ____ breach happens, ____ the strategies to ____ damages?
 ____ plan for avoiding problems ____ data break?
 ____ you have ____ measures ____ place ____ the negative impact of ____?

Will _____ place to mitigate the _____ by _____ data breach?

What can be _____ by breach?

_____ have _____ place to protect yourself _____ there is _____ problem?

_____ there plans in _____ for _____ data _____?

_____ there preparations _____ repercussions of _____ data breach?

_____ there's _____ breach, _____ you have strategies to _____?

Post _____ security _____ are the _____ planned?

When our _____ is _____ have _____ plan _____ the mess?

_____ we have _____ of a data _____?

_____ could cause problems.

Is _____ any _____ plans _____ leaks?

_____ be _____ to counter _____ damages.

Is _____ data breach damages?

Is _____ for limiting issues if there is _____?

How _____ with data _____?

What _____ the steps _____ minimize _____ the data breeches?

What _____ be done _____ counteract _____ caused _____?

_____ you have _____ to handle _____?

_____ strategy to reduce the _____ from _____?

_____ there be _____ to handle _____ reduce _____ caused _____ a _____ event?

Should _____ be plans to minimize harm _____?

_____ strategies in place to limit _____ there is _____ security _____?

_____ there any _____ minimize harm from _____ breach?

_____ plan for _____ the _____ of _____ data hack?

Do _____ know if _____ for breeches?

What _____ the _____ taken _____ prevent _____ data _____?

_____ there be _____ in place to _____ caused _____ a data _____?

How can _____ limit _____?

If _____ security _____ do you have _____ plan to _____?

What _____ should be taken _____ data breach?

_____ there's a _____ breach will _____ able _____ mitigate _____ damage?

_____ minimizing the impact of data hacks?

Is there _____ plan for _____ with _____ a data _____?

_____ you have any plans _____ counteract _____?

_____ there be _____ measures for _____?

What _____ taken to _____ against a _____ breech?

Is _____ anything _____ harm caused by the _____?

_____ should be _____ to limit _____ harm _____ a _____?

_____ there damage _____ the breaches?

What are _____ doing _____ potential _____ from the _____ breeches?

_____ should be _____ to limit _____ from _____ data _____.

How can there be steps _____ impact _____ breach?

Do _____ handle data hack events?

Do you _____ strategies _____ place to _____ security _____?

What _____ are _____ to _____ data _____?

What is _____ strategy for _____ caused _____ hack _____?

_____ do _____ address possible _____ after _____?

How _____ from a data breach?

Damage _____ in _____ after a _____?

Is _____ in place _____ deal _____ the _____ of _____ data attack?

_____ that _____ taken to _____ the _____ impact _____ a data breach occurs.

_____ your _____ have _____ in _____ to minimize the _____ impact of a _____?

Do you have _____ plan _____ limit _____ there _____ a _____?

Any _____ to make sure _____ problems during the _____?

_____ they _____ fix the mess _____ information _____ by hackers?

Should there be _____ strategy _____ counteract _____?

Is _____ to mitigate _____ damages?

There _____ steps _____ be taken _____ breach prevention.

_____ there _____ plan to handle _____ potential _____ incident?

_____ there be _____ for a _____ breach?

_____ steps _____ be _____ to protect against damages from _____ data _____.

Do _____ any _____ to protect _____ data _____?

What _____ the plan for _____ the impact _____?

_____ you _____ the consequences _____ a data hack?

I wonder if _____ any preparation for the _____ a _____.

Do _____ have any _____ impact?

If _____ security breach, do _____ strategies _____ place _____ the damage?

_____ to counter _____ breach _____?

_____ there _____ measures for limiting issues _____ a data _____?

There _____ can be taken _____ minimize the _____ a _____ security _____.

_____ you do about _____ damage from _____ data _____?

_____ any _____ against possible repercussions _____ the breaches?

Is _____ a way _____ the damage if _____ is _____?

There are _____ can take to _____ the _____ if _____ is _____ data _____.

_____ possible for _____ limit data breach _____?

How _____ you minimize _____ impact of _____ breach _____?

Is there a _____ to _____ problems _____ is _____ data _____?

Is _____ preparation _____ for _____ data _____?

Should there be _____ to reduce _____ from _____ breach?

_____ breach _____ do _____ address damages?

_____ have any plans to _____ harm _____ data _____?

What _____ are _____ reducing _____ losses?

If _____ breach _____ how do _____?

_____ preparation _____ the repercussions from the _____ breach?

_____ do _____ the _____ of a data breach?

Is there anything _____ place to _____ of _____ attack?

_____ there be _____ in _____ to handle _____ reduce _____ data security incident?

How _____ you deal _____ the potential _____ by a _____?

How can _____ used to _____ the effects of _____?

_____ minimize the damage _____ there is a _____?

Is _____ plan to avoid _____ from _____ data _____?

Does _____ what steps _____ protect _____ a data breach?

Is _____ steps that _____ mitigate _____ of breaches?

Do _____ have _____ impacts of _____ losses?

_____ plans in place _____ mitigate _____ damages caused _____ breach event?

_____ to counteract _____ harm caused by a _____?

Do you have measures in _____ to minimize the _____?

Will _____ any _____ to prevent _____ hack?

How will _____ case _____ be _____ with?

_____ you _____ in _____ to _____ with the _____ of a _____ breach?

_____ any _____ made for _____ data breach repercussions?
 Is there a way _____ a security incident?
 _____ can you _____ damages _____ hacks.
 How _____ you _____ that involve data _____ leaks.
 How can steps be _____ to _____ data breach?
 If _____ ever _____ security _____ you have strategies _____ limit harm?
 _____ there _____ in place _____ breach _____?
 How _____ handle _____ damage from _____?
 Is _____ plan in place _____ and reduce _____ harm caused by _____?
 _____ you _____ any preparations in _____ for _____?
 _____ measures you have _____ breach harm?
 _____ are _____ plans to avoid _____ from the _____.
 _____ any _____ actions against _____ of database _____?
 Measures _____ issues _____ data is _____.
 _____ there a _____ harm from a _____ breach.
 Any plans _____ harm _____ a _____?
 _____ you have measures in place _____ data _____?
 _____ to _____ data _____ consequences.
 _____ minimize the _____ of _____ breaches?
 _____ it possible _____ they _____ plans to _____ the _____ our _____ stolen?
 The plans _____ the _____ of _____?
 _____ there _____ any _____ to avoid _____ from _____ data _____?
 Is _____ any _____ dealing with the _____ a data breach?
 _____ minimizing the _____ of _____ hacks?
 _____ do _____ address _____ from _____?
 What _____ steps _____ taken to _____?
 _____ plans to avoid _____ is a data break?
 _____ we _____ the damage _____ a data _____?

 _____ you mitigate _____ of breaches?
 There _____ any plan to _____ a data _____.
 Is _____ precautionary measures taken _____ repercussions from _____?
 Should there _____ plans _____ and _____ the harm _____ by _____ security _____?
 How do _____ an _____ stolen _____?
 _____ steps being taken to _____ the _____?
 How to deal with _____ data _____?
 Are preparations _____ made _____ repercussions of a _____?
 _____ intended _____ the effects of database breaches?
 _____ know how _____ for _____ data hacks and leaks?
 _____ to limit _____ if _____ hack?
 Have _____ measures been taken to _____ by a _____?
 There _____ plans in _____ minimize _____ by a data breach.

_____ there a plan _____ incident?

There are any _____ cyber _____?

_____ have strategies _____ limit harm _____ there is a _____?

_____ have _____ plans to _____ from _____ data breach?

Any preventative _____ to _____?

_____ you deal _____ because of hacks?

_____ can you deal _____ hacks?

There are _____ you _____ minimize _____ impact _____ a data breach _____.

_____ there a strategy to deal _____ the _____?

_____ a strategy _____ handling damage _____ hacks?

_____ you _____ to deal with _____ from the _____ breaches?

Measures for _____ a result _____ data breach?

_____ preparations have _____ made _____ the _____ breach _____?

_____ are _____ for _____ the _____ of the breaches?

If _____ is _____ data _____ do you _____ in _____ the negative impact?

Is there _____ harm from a data _____?

_____ do _____ deal with the _____ that comes _____ data _____?

What _____ plans _____ minimizing _____ impact _____?

_____ avoiding harm from _____ data _____?

Is there _____ way you _____ address _____ to _____?

_____ is _____ to deal with _____ damage _____ data _____?

Is there preventative _____ can _____ aftereffects of _____?

Is there _____ made for _____ data _____?

_____ any _____ counter data breaches?

_____ there anything _____ to prepare _____ a data _____?

_____ data _____ do _____ have any measures in _____ minimize the _____?

_____ in case of _____ data _____?

Do _____ have _____ plan to _____ a _____ breech?

_____ is any strategy to reduce _____ data _____.

Is there preparation _____ made _____ the data _____?

_____ there _____ measure _____ have _____ data breech harm?

_____ there _____ counter data breach _____.

_____ any plans _____ counteract _____ damages.

_____ a data hack, _____ you mitigate the _____?

_____ there any preparation being made _____?

_____ are any _____ for avoiding _____?

_____ there's a _____ breech, _____ you have strategies _____?

Is there _____ for _____ data _____?

Ways _____ prevent harms _____ a cyber _____?

Are _____ prepared _____ information leaks _____?

Do you have strategies _____ to _____ harm _____ is _____ problem?

How are _____ to _____ the potential _____ data breach?

_____ are _____ with _____ messed up _____ from the data breach?

_____ limiting issues if _____ data _____?

Strategies _____ the _____ of data losses _____?

Do you have procedures in _____ data _____?

_____ plans _____ case of a _____ incident?

_____ any measures in _____ will minimize the _____ impact of a _____?

What _____ be taken _____ minimize after effects _____ breeches?

_____ do _____ plan for _____ hacks and leaks?

_____ are _____ to minimize the repercussions _____.

Is there _____ to _____ damages?

Should _____ measures be _____ to reduce _____ caused _____ data _____?

_____ done _____ a possible breach?

Do you have _____ for _____ the _____ of _____?

What _____ harm caused by the breach?

What are _____ steps _____ have _____ taken _____ a data _____?

Is there _____ way _____ for _____ attack?

Do _____ any _____ to _____ break?

_____ are _____ steps that have been _____ to _____ against _____?

Do you _____ measures in _____ reduce _____ impact _____ a _____ breach?

_____ any schemes _____ dealing with the _____ impact from _____ data _____?

_____ a _____ to minimize data _____?

Measures for _____ is exposed?

Does _____ have _____ minimize _____ a data breach?

_____ case of a data _____?

What are _____ being taken _____ protect a _____?

How _____ breach prevention _____?

_____ taken to minimize _____ of data breaches?

_____ can be done to _____ the breaching?

_____ preparations being made to _____ repercussions _____ data breach?

_____ limiting _____ in _____ of a data scandal.

There _____ any _____ to prevent harm _____ a _____.

_____ steps _____ taken to protect _____ a data _____?

_____ there _____ place _____ handle and _____ harm _____ by a potential data _____ incident?

_____ can _____ done to _____ harm caused _____ breach?

_____ a _____ what are plans?

Do _____ know what _____ are _____ to protect _____ breeches?

_____ address a possible breach?

If there is _____ breach, _____ have _____ in place _____ limit _____?

Is there _____ of _____ limiting _____ breach harm?

_____ steps _____ taken to _____ data breach?

_____ you preparing _____ the _____ data hacks and _____?

Measures _____ limiting _____ data scandal.

_____ the damages from a _____ breach?

_____ there _____ measures to _____ harm from _____ hack?

Measures to _____ the data _____.

_____ there anything that _____ be _____ counteract harm caused _____?

There are _____ plans _____ minimizing _____ from a _____?

_____ it _____ that you _____ measures _____ breach harms?

_____ scheme ready to deal with _____ the data breach?

_____ you have ways of _____ a data _____?

What _____ measures _____ place for _____ control?

What can _____ done to counteract harm _____?

_____ there _____ way to minimize the repercussions _____?

Is it possible _____ possible _____ hacks?

_____ address damages _____ there's _____ breach?

Is _____ a plan _____ and _____ a data security incident?

What about the _____ the impact _____ the _____?

There _____ any plans _____ avoid _____ the _____ break.

What _____ the steps _____ the impact of _____ data breaches?
 Is there any _____ potential _____ from the _____?
 Any _____ cyberattacks?
 What about _____ minimize _____ impact of _____?
 How _____ we _____ the _____ from _____ breach?
 Do you have the _____ deal with a _____?
 What _____ actions can be _____ minimize _____ breeches?
 Is _____ dealing with the aftermath of a _____.
 _____ they _____ plan to repair the mess _____ our _____?
 Is _____ a _____ to _____ the _____ breech _____?
 _____ data hack events could _____ handled _____ a _____.
 How _____ address _____ possibility _____ damages from _____?
 Do _____ in _____ protect data?
 What _____ will be _____ there is _____ breach?
 _____ you prepared for _____?
 Measures _____ if data _____ compromised?
 _____ any _____ for dealing _____ the messed _____ of the data _____?
 Are there preparations for _____ data _____?
 Are there _____ for _____?
 What are _____ for _____ and reducing harm _____ security incident?
 _____ to _____ if _____ a data _____.
 _____ a _____ can _____ address damages?
 How _____ strategies _____ of data losses?
 _____ do _____ address _____ damages caused _____?
 _____ they _____ any _____ to _____ mess when our info _____?
 _____ there _____ consequences of the data breach?
 When our data is _____ to _____ the mess?
 If there _____ can be done _____ damages?
 Do _____ protocols in place _____ data breach?
 Plans to prevent _____ a _____?
 What _____ can be taken _____ minimize the _____ of _____?
 Will _____ care _____ the _____ there's a _____ breach?
 Plans in _____ a _____ breach.
 _____ about plans _____ minimize the _____ breaches?
 Is _____ any _____ data _____ harm?
 _____ for _____ breeches' _____?
 _____ that come _____ data hacks _____ leaks, _____ you _____?
 _____ there a plan in _____ to _____ negative _____ a data _____?
 _____ you ready to _____ data _____?
