

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Technical issues and troubleshooting assistance
Inquiry Sub-Category	Touchscreen responsiveness
Description	Customers experience problems with the touchscreen, such as unresponsiveness, calibration issues, or ghost touches, and seek troubleshooting steps to resolve these concerns and regain full functionality.
Data Size	5,079 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

How _____ if a smartphone application is _____ technology?
 _____ figure out if there _____ change to _____ digitizer _____ app used?
 _____ are _____ supposed _____ find out _____ an _____ the phone's _____.
 Can _____ determination be _____ mobile software _____ the _____ screen?
 _____ you _____ a _____ to know whether a _____ app _____ a _____?
 _____ are questions _____ whether _____ phone's digitizer is _____ an app.
 Is _____ way _____ sure that a _____ doesn't _____ the touch sensor _____?
 Can we _____ if there _____ any change _____ the _____ using _____?
 _____ can _____ determine what effect _____ has on _____ digitizer?
 _____ to discern _____ an app is _____ phone's digitizer?
 _____ have a way _____ making _____ a mobile app _____ the _____ functions?
 There are _____ whether _____ disrupted by an app.
 _____ it be confirmed _____ using _____ particular mobile _____ touchscreens?
 How _____ make sure _____ a _____ application _____ not _____ the _____ of the _____
 _____ anyone tell _____ if _____ mobile app _____ touch _____?
 How _____ determine the _____ of an _____ phone's digitizer?
 _____ can _____ tell _____ app affects _____ phone's digitizer?
 _____ a way to _____ that a mobile _____ touch sensorfunctionality?
 _____ can we _____ if _____ is _____ the _____ digitizer?
 Can _____ out _____ is _____ to _____ device's digitizer _____ the app?
 Can we tell if _____ been an _____ Digitizer _____ the phone _____?
 Is there _____ to _____ if a _____ app negatively impacts _____?
 Is it _____ to _____ app affects _____ phone's _____?
 _____ any way _____ sure _____ a _____ app is not _____ sensor functions?
 Is _____ determine _____ using a mobile software _____ screens?
 _____ can we discern whether _____ affects the _____?
 Do you _____ digitizer _____ disturbed by _____ app?
 Do you _____ sure touch sensor functions _____ by _____ mobile app?

Can you tell _____ I _____ make _____ a _____ damaging touch sensor functions?

Is _____ better _____ know if a certain _____ impacting my _____ sensitive _____?

How _____ we _____ app _____ the phone's digitizer?

How _____ we _____ know if an _____ is _____ the _____ digitizer?

Is there _____ sure _____ mobile app _____ the _____ sensor function?

_____ you have _____ way _____ making sure _____ sensor _____ not damaged _____ a _____ app?

Is _____ way to _____ that a _____ app _____ not _____ to _____ digitizer?

_____ there _____ to _____ if an _____ effect a _____ phone's _____ based screens?

How _____ determine what _____ a app has _____ digitizer?

How _____ we _____ to determine if _____ app _____ the _____ digitizer?

Is it _____ to _____ a determination _____ using a _____?

Can an _____ of _____ of _____ application _____ a _____ a digitizer _____ made?

Do you _____ ways to check _____ a mobile _____ touch _____?

_____ tell _____ an _____ the phone's digitizer?

_____ it possible to determine _____ mobile software _____ touchscreens

_____ are _____ able to _____ if the _____ digitizer _____ by _____ app?

Do _____ what _____ way _____ see if an _____ is affecting _____ sensitive screen _____?

_____ are we _____ to know _____ the _____ the _____ digitizer?

Is _____ the phone's digitizer by _____ app?

Does _____ have a way _____ that touch _____ functions are _____ damaged _____ app?

Is _____ sure there isn't _____ from _____ phone app on the digitizer?

There _____ regarding _____ an _____ of the phone's _____ an app.

_____ make _____ impact _____ a phone app does not _____ a digitizer?

_____ there _____ to _____ sure _____ app is _____ effecting touch sensor functionality?

Is there _____ sure that _____ mobile app _____ damage _____ functions?

How _____ we tell _____ the phone's digitizer?

_____ questions if _____ interruption _____ phone's digitizer by an app.

_____ we _____ discern if an app is affecting _____?

_____ should _____ know _____ an app _____ changing _____ phone's _____?

Are we _____ whether or _____ an app affects _____?

Is _____ make sure a _____ doesn't ruin _____ touch sensor _____?

Is there _____ on a _____ by _____ app?

_____ you have any _____ making _____ that _____ affect touch sensor functions?

_____ you know _____ of app on the _____ the phone's _____ screen?

_____ be made if using _____ impairs touch screen _____?

Do you _____ a _____ of _____ sure that _____ mobile _____ is _____ touch _____?

How do _____ if an _____ is affecting _____ phone's _____?

Is there a way _____ check _____ an _____ will _____ smart phone's _____?

Can a _____ be made _____ mobile _____ a _____ screen?

Is _____ to make _____ that a _____ doesn't _____ touch sensor _____?

_____ check on _____ the _____ digitizer?

_____ do we verify _____ have on _____?

Do you _____ signs of the _____ digitizer being disrupted _____?

What _____ to _____ an app is affecting the phone's _____?

_____ way to check for _____ to _____ a smart phone's _____?

_____ someone tell _____ a _____ touch _____ functions worse?

How _____ we ensure _____ of _____ capacitive digitizer _____ not _____ a mobile _____?

Can you tell _____ you _____ the impact _____ on _____ digitizer _____?

How _____ we know if _____ the phone's _____?

Is there a _____ to _____ sure _____ a _____ app _____ damaging touch _____.

_____ you have _____ way to make sure a _____ doesn't _____ the _____?
 Do you know how _____ with _____ phone's sensitive screen?
 _____ way to _____ for _____ that will affect the touch _____ smart phone?
 _____ do we _____ out the _____ of Smartphone _____ on _____?
 Can we _____ out _____ a change to _____ with the _____ it?
 Can _____ inspect _____ impact on _____?
 Can it be _____ specific mobile software _____?
 There _____ a method _____ you _____ use to find _____ the _____ application _____ affecting _____ technology.
 _____ are _____ supposed to _____ out if an _____ affects the _____?
 How _____ we know whether _____ app _____ phone's _____?
 Do _____ know _____ way to tell if an app _____?
 _____ do _____ know if _____ the phone's digitizer?
 Is _____ know if _____ mobile software affects touchscreens?
 _____ are we _____ to know _____ the _____ capabilities are _____ by _____?
 Can we see if _____ with our _____?
 Is it _____ to _____ mobile app hurts _____ sensor _____?
 Can we find _____ if _____ change to _____ the _____ on it?
 Can you _____ me _____ the impact _____ application _____ on _____ digitizer technology?
 Do you have _____ of making _____ that a _____ not _____ functions?
 _____ we determine _____ the device's _____ changed _____ the _____?
 _____ there a way to _____ if _____ touch sensor _____?
 _____ you _____ if the _____ digitizer becomes _____ app?
 _____ help _____ the _____ of Smartphone apps on _____?
 _____ know if _____ mobile _____ hurts touch _____ function?
 How are _____ find _____ an app _____ the _____ digitizer abilities?
 Can we figure _____ there _____ change _____ the device's _____ from the _____?
 _____ you _____ digitizer is being disrupted by the _____?
 Do _____ way _____ making _____ the _____ functions _____ not _____ by a mobile app?
 _____ you _____ what _____ method to determine _____ app _____ impacting _____ phone's sensitive _____ is?
 _____ there _____ way to make _____ that the _____ does not hurt a _____?
 How are we _____ to _____ out _____ on _____ phone _____ digitizer?
 Do you have a _____ touch sensor _____ get _____ by a _____ app?
 Do you know _____ are _____ of _____ being affected _____ an _____?
 _____ use _____ mobile _____ screens, can a _____ be made?
 How _____ the effects _____ an _____ on the _____ digitizer?
 _____ a _____ to determine how _____ app _____ affect _____ screen _____ a _____ device?
 _____ are _____ see if _____ affects the phone's digitizer?
 Is _____ to verify the _____ of Smartphone _____ on _____.
 If _____ phone's _____ do we assess it?
 _____ there a way to _____ that _____ mobile app _____ not damaging _____?
 _____ there an _____ of _____ phone app _____ device's _____?
 Is _____ a _____ to _____ sure _____ of a phone app isn't _____?
 _____ confirm the _____ of Smartphone apps _____ digitizer technology
 Do _____ have a way _____ whether _____ mobile _____ hurts _____ functions?
 _____ anyone _____ way _____ if a mobile _____ hurts _____ touch sensor?
 Can we tell _____ phone app has _____?
 _____ supposed _____ find _____ if _____ the phone's digitizer capabilities?
 Is there _____ way _____ tell if _____ will _____ smart _____ screen?
 There _____ regarding _____ phone's _____ be disrupted _____ an app.
 Do you have any idea _____ is _____ my phone's sensitive _____?

_____ using _____ software impairs sensitive _____ can _____ made?
 _____ the phone _____ having an _____ the device's _____?
 How _____ out if Smartphone apps _____?
 How can we _____ if an _____ digitizer?
 _____ an assessment of the influence _____ application has on _____ a _____?
 Is _____ to make _____ that the _____ app _____ damage touch _____?
 _____ you _____ figure out _____ this _____ ruins _____ phone's touch _____?
 _____ you have a way _____ making sure that _____ mobile app?
 Is there a way _____ check _____ an _____ affect _____ phone's _____?
 _____ there a _____ to _____ that _____ mobile _____ not affecting _____ sensor functionality?
 _____ should we assess _____ effect of the _____ on _____?
 _____ if a certain app _____ affecting _____ phone's touch sensitive _____?
 _____ there _____ way _____ know if _____ app _____ touch sensor _____?
 There is _____ digitizer _____ be disrupted _____ an app.
 Can _____ a phone's Capacitive _____ interacts _____ application?
 Can we _____ out _____ there _____ change _____ device's _____ when using the _____?
 Is _____ a way to make _____ the impact _____ app doesn't _____?
 Is _____ way _____ sure that a mobile _____ doesn't affect _____?
 How can _____ make _____ the technology _____ digitizer _____ affected _____ mobile application?
 Do _____ have a _____ to _____ app _____ damage the touch sensor?
 _____ can we _____ if an app _____ with the _____?
 Is there a _____ way _____ find _____ app is _____ with _____ phone's _____ sensitive _____?
 Do you _____ way of _____ that the _____ app _____ affect _____ sensor _____?
 Do you have _____ way _____ mobile app _____ the touch _____ function?
 Is it _____ that _____ can be _____ using _____ mobile software affects _____?
 How is _____ to _____ the app _____ the phone's _____?
 Do you _____ a _____ make _____ that _____ mobile _____ affect touch sensor _____?
 _____ there be _____ of the effect of a _____ on _____ of _____?
 _____ made if using mobile software _____ touchscreens
 _____ way to tell _____ an app _____ affecting my phone's _____ screen?
 _____ should we _____ if an _____ the phone's _____?
 Can we _____ the _____ any effect on the _____?
 _____ there a _____ out if a mobile app _____ affects _____?
 _____ figure out if _____ app _____ influence _____ the _____ digitizer?
 Do you know _____ sure a _____ app doesn't damage _____?
 Some are wondering _____ digitizer _____ be disrupted _____ an _____.
 _____ test of _____ influence _____ a _____ application on a feature _____ digitizer?
 _____ there any signs _____ the _____ is malfunctioning _____ to _____?
 _____ a way to _____ sure _____ impact of a phone _____ digitizer?
 How _____ know _____ the _____ is affecting the _____?
 _____ are we _____ to find _____ if _____ has _____ on the _____ digitizer?
 _____ there _____ way to _____ sure the impact _____ the _____ app _____ not bad?
 _____ have a way to _____ a _____ app _____ the touch _____?
 _____ a _____ determine how an app _____ mobile device's _____ screen?
 Do you _____ best _____ to _____ sensitive screen is being _____ by an _____?
 Do _____ how _____ sure _____ a _____ doesn't harm touch _____ functions?
 How _____ if the app _____ the phone's _____?
 How _____ determine the _____ a _____ has _____ the _____ digitizer
 Can _____ determination be made _____ software _____ touchscreens?
 How are we able _____ affects the _____ phone's _____?

____ you ____ the ____ to determine ____ app ____ affecting my phone's sensitive ____ is?
 ____ procedure ____ verify ____ influence of Smartphone apps ____ technology?
 Do ____ know ____ phone's ____ is malfunctioning because ____ an ____?
 ____ we know ____ of Smartphone apps ____ digitizer technology?
 ____ we determine ____ influence ____ apps on ____?
 ____ we determine ____ the app causes ____ to ____ device's ____?
 How are ____ able ____ if an app is ____?
 Can ____ figure ____ there is ____ change ____ digitizer with ____ app ____ it?
 Can ____ be ____ assessment ____ influence ____ on the ____ of a digitizer?
 Do you ____ a ____ to know ____ app will hurt ____?
 How are we ____ to investigate ____ phone's digitizer?
 ____ know whether the ____ being disrupted by ____ app?
 ____ it possible to make sure that ____ mobile ____ sensor ____?
 ____ do we ____ if Smartphone ____ have an ____ on ____?
 Is there a ____ make ____ that ____ impact of ____ on ____ digitizer isn't ____?
 ____ do ____ a app ____ an effect on the phone's ____?
 ____ there ____ way to make sure ____ doesn't hurt the ____?
 ____ an app affects the ____ digitizer capabilities?
 ____ determine ____ an application interacts ____ a Capacitive ____ phone
 Can we ____ if ____ an affect ____ phone's digitizer?
 Is there ____ way ____ the ____ of an ____ a smart ____ touch ____?
 Is ____ way ____ make ____ that a mobile ____ damaging ____ sensor ____.
 ____ have ____ way to ____ sure ____ a ____ app isn't ____ with ____ touch ____?
 ____ a way ____ make ____ a ____ app doesn't ____ sensor functions?
 ____ would we know if ____ has ____ on the ____?
 ____ it ____ to determine if ____ software impairs ____ touch ____?
 ____ can ____ a ____ application ____ affect the technology of ____ digitizer?
 How ____ supposed ____ out ____ an ____ the phone's digitizer capabilities.
 ____ do we know ____ a ____ affects ____ digitizer?
 ____ a ____ sure that a ____ won't affect a digitizer?
 ____ are ____ determine if ____ phone's digitizer is ____ by ____ app?
 ____ a ____ to make sure ____ mobile app is not ____ sensor ____?
 Is there a way ____ know ____ your mobile ____?
 ____ a way to ____ sure a mobile app ____ functions?
 Is there any way ____ verify ____ apps' ____?
 Can ____ the app will ____ device's digitizer?
 ____ know ____ the app has ____ affect ____ the phone's ____?
 ____ tell ____ the impact ____ phone application ____ on its Capacitive digitizer ____?
 How ____ we able ____ determine whether an ____ affecting ____?
 Can ____ a mobile ____ hurts touch sensor ____?
 ____ you have a ____ check if ____ mobile app ____ sensor ____?
 How ____ we ____ determine if ____ app ____ affecting ____ digitizer?
 How do we ____ the ____ apps ____?
 ____ find ____ if ____ change to the ____ digitizer ____ the app?
 ____ we ____ if the device's ____ is changed by ____?
 Does ____ making ____ that a mobile app doesn't ____ touch ____ functions?
 Is ____ way ____ know ____ the app is messing ____ my phone's ____?
 Is ____ determine if ____ interacts ____ a Capacitive ____ on ____ mobile device?
 Do ____ know ____ if a ____ app hurts ____ touch sensor?
 Do you know ____ to ____ on the functions of ____ touch ____?

_____ we _____ there is _____ change to the device's digitizer _____ app?
 Is _____ a _____ to see _____ affects _____ phone's touch screen?
 Is there _____ way to check _____ to affect _____ smart _____?
 _____ there _____ better _____ to _____ out if _____ phone is affecting _____ touch sensitive screens?
 Can _____ tell _____ about _____ application will _____ the Capacitive digitizer technology?
 _____ able to decide if an _____ affects _____ digitizer?
 _____ we _____ sure Smartphone _____ are not _____ digitizers?
 _____ about _____ there _____ a disruption of the _____ by an _____.
 _____ do _____ are influencing digitizer technology?
 _____ we _____ if _____ a change _____ device's _____ the app in _____?
 Can _____ determine _____ there is _____ digitizer with the app?
 _____ we confirm _____ influence of Smartphone _____ on _____?
 How can _____ that _____ mobile application doesn't impact the _____ digitizer?
 _____ determine if an app _____ effect _____ the _____ digitizer?
 Is there _____ way _____ sure that _____ phone _____ isn't harmful _____?
 Suggestions on spotting _____ caused by an _____ my _____?
 _____ we tell _____ an app _____ the _____ digitizer?
 _____ there a way to make _____ that _____ app _____ touch _____?
 Is _____ a way _____ an _____ is affecting _____ digitizer?
 _____ you have _____ way of _____ a mobile app _____ sensor _____?
 How are we supposed _____ find _____ if _____ phone's _____?
 _____ do we _____ of Smartphone apps on _____?
 _____ can _____ make sure that _____ application _____ the technology of the _____?
 _____ have a _____ to make _____ a mobile app _____ touch sensor _____?
 How _____ make _____ that _____ application _____ the technology _____ the capacitive digitizer?
 _____ know _____ there are _____ that _____ phone's digitizer is _____ an _____?
 _____ there a way to _____ sure _____ touch sensor functions _____ not _____ when _____?
 _____ we _____ how a app affects _____ phone's _____?
 How _____ make sure the phone's digitizer is _____?
 Is _____ a _____ for _____ to find _____ application _____ affecting the digitizer?
 Is it _____ an app _____ will effect a smart phone's _____?
 How can _____ make sure _____ a mobile application doesn't have _____ the _____ of _____?
 How are we _____ if _____ app _____ the _____ digitizer?
 _____ to _____ sure _____ the mobile app doesn't _____ the touch _____?
 Is there _____ way _____ make _____ that _____ app _____ not damaging _____ sensor?
 Questions exist as _____ whether _____ could be _____ by _____.
 Do you know _____ are _____ the phone's _____ is _____ disrupted _____ an _____?
 _____ there _____ for _____ how _____ will affect _____ screen in a mobile _____?
 _____ there a way _____ sure that _____ function isn't _____ mobile app?
 Can there _____ an assessment of _____ influence _____ feature _____ a _____?
 _____ a _____ of _____ sure _____ a mobile _____ doesn't hurt _____ touch sensor _____?
 _____ there a way _____ sure _____ a _____ app _____ a _____ impact on _____ capacitive digitizer?
 _____ you give us _____ you've _____ whether the Smartphone application is _____ technology?
 So _____ tell if _____ app _____ with our _____ screen _____?
 _____ there _____ way to _____ if _____ is _____ with _____ phone's _____ sensitive screens?
 Is _____ possible to _____ a _____ if _____ mobile software affects _____?
 _____ can _____ effect _____ app _____ on the phone's digitizer?
 Can _____ determination be made _____ using _____ mobile software affects _____?
 _____ are we supposed _____ figure _____ if _____ phone's digitizer?
 _____ have a way _____ make sure _____ does _____ damage _____ touch sensor?

____ want to know ____ best way to ____ an app ____ phone's ____ sensitive ____ .
 Do you have a ____ of ____ the ____ not ____ by the mobile ____ ?
 Can ____ determination ____ made ____ software ____ certain touchscreens?
 How are ____ able to tell ____ app is ____ ?
 Do you have a ____ of ____ sure that ____ sensor function ____ by ____ app?
 How do ____ the ____ of Smartphone ____ on digitizers?
 ____ to ____ the device's digitizer has ____ by ____ phone app.
 ____ a determination if ____ impairs touch screens?
 Is it ____ to make ____ a mobile ____ not damage ____ sensor ____ ?
 Is there ____ sign ____ digitizer is disrupted ____ app?
 ____ be ____ assessment of the ____ the ____ the features ____ the digitizer?
 How ____ going to ____ if the ____ affects ____ digitizer?
 ____ should ____ phone's ____ be ____ if ____ app ____ it?
 ____ do we find ____ the ____ of Smartphone ____ digitizer ____ ?
 ____ it possible to ____ a determination if ____ mobile ____ touch ____ ?
 ____ we figure ____ if a app ____ the ____ ?
 ____ have a way to ____ sure ____ doesn't damage the ____ ?
 ____ we ____ of the app on ____ digitizer?
 How are we ____ an app ____ digitizer capabilities?
 ____ tell ____ a ____ app ____ affects touch ____ functions?
 Can we ____ if ____ app has ____ the ____ ?
 ____ we tell ____ the ____ digitizer has ____ phone app?
 How can we tell ____ digitizer is ____ an ____ ?
 ____ you ____ way of making ____ mobile ____ does not ____ the function of the ____ ?
 Do ____ know ____ make sure ____ app ____ affect touch sensor ____ ?
 ____ there a way ____ an ____ effects ____ screen in a mobile ____ ?
 ____ do we ____ influence ____ apps on digitizers?
 ____ determination ____ made if specific mobile software ____ ?
 How can ____ tell if ____ app ____ digitizer?
 Can ____ if ____ effect on the ____ comes ____ app?
 ____ way ____ measure the ____ of a smartphone ____ a digitizer?
 Do you ____ if ____ phone's digitizer ____ by an ____ ?
 Do you have a way ____ touch ____ is not ____ mobile ____ ?
 Is ____ a ____ way ____ see ____ a ____ app is affecting ____ phone's ____ ?
 ____ it ____ determine ____ the use ____ software impairs ____ touchscreens?
 How ____ we ____ to determine if an ____ the phone's ____ ?
 Is there ____ way ____ make sure ____ app doesn't damage ____ ?
 ____ you ____ phone's digitizer ____ disrupted by ____ application?
 Is ____ if a ____ app ____ affecting my phone's touch screen?
 Can we ____ about ____ of ____ phone ____ the device's ____ ?
 How can ____ the ____ affect on the phone's ____ ?
 How are ____ to ____ if an ____ of the phone?
 Is there ____ way ____ sure ____ mobile app ____ sensor functions?
 Can you ____ the Smartphone application is ____ technology?
 ____ we determine if ____ changes the device's digitizer?
 ____ are ____ a ____ of the phone's ____ an app.
 Is ____ to ____ sure ____ of a phone ____ not ____ for the digitizer?
 ____ a ____ be ____ specific mobile software ____ some touchscreens?
 How can ____ if an app ____ phone's ____ ?
 ____ do ____ an ____ might affect the phone's ____ ?

_____ about _____ be disrupted by an app

Can _____ tell if _____ app is _____ the _____ of _____?

How _____ we _____ to _____ if _____ app is _____ phone's _____.

How _____ we _____ if _____ is affecting the phone's _____?

_____ if a mobile app can _____ functions?

How _____ we _____ to determine whether _____ affects _____ phone's _____?

Is it _____ to decide if _____ mobile _____?

_____ can we tell _____ is _____ the device's digitizer?

Is _____ way _____ sure that a mobile app _____ not _____ the _____?

_____ do we _____ if the _____ an _____ on the _____?

Is _____ way _____ sure that a mobile _____ damage _____ sensor _____?

How should we _____ if an _____ changed _____?

Do you _____ a way _____ making _____ the touch _____ functions _____ are _____ damaged?

How _____ supposed _____ determine if _____ app _____ an _____ the _____ digitizer capabilities?

_____ tell _____ the impact _____ the _____ on the _____ Digitizer?

_____ there any disruption to _____ an app?

Do you _____ a way _____ a _____ app doesn't _____ touch _____ function?

How _____ we measure _____ of Smartphone _____ digitizers?

Can we _____ of _____ the phone's digitizer?

_____ possible _____ make a determination _____ using specific mobile software _____?

Is _____ a _____ way to _____ if _____ app is _____ my _____ sensitive _____?

_____ have a way _____ figure _____ if _____ app hurts _____ touch _____?

Can a _____ be _____ that using _____ mobile software _____?

_____ know if _____ app changes _____ digitizer?

Do you know _____ the phone's _____ app?

_____ we _____ if _____ changed because of _____ phone app?

_____ know _____ best _____ determine _____ an app _____ impacting my phone's _____ screen?

_____ way to _____ a _____ app is _____ affecting touch sensor functions?

Is _____ a _____ to determine _____ effect _____ touch screen _____ a mobile _____?

Can a determination be _____ does _____ touch screens?

_____ do we know _____ an _____ impacting _____ phone's digitizer?

There _____ questions about whether the _____ disrupted by _____.

Can you tell _____ application is _____ the _____?

_____ we _____ if _____ changes the phone's digitizer?

How _____ we assess _____ the app _____ effect _____ phone's _____?

_____ to _____ for _____ app _____ effect a smart _____ touch based _____ possible?

_____ you have _____ making sure _____ function is not _____ by the _____ app?

Is it _____ determine _____ mobile software _____ touch screen?

Can we _____ the _____ our _____ screen tech?

Is _____ possible _____ use _____ mobile software impairs _____ screens?

_____ it _____ if a mobile _____ impacts touch _____ functionality?

_____ know if an _____ is interfering with _____ phone's _____?

_____ we determine if _____ device's digitizer _____ app?

_____ you know _____ digitizer has been _____ by an _____?

How are we able to _____ a app _____?

_____ a way _____ if _____ app _____ the phone's digitizer?

_____ have a _____ find _____ if _____ mobile _____ the touch sensor?

_____ do we know _____ the Smartphone apps _____?

_____ you _____ to test _____ effects of _____ app on _____ functions of _____ phone's _____?

_____ we determine _____ effect a _____ on a _____?

____ you ____ if the phone's ____ being ____ an app?
 Can ____ you use specific ____ that causes ____ touchscreens to malfunction?
 ____ to ____ the impact ____ a phone app ____ not harmful to ____?
 Can the ____ of ____ be confirmed ____ sensitive touchscreens?
 Can ____ say ____ there's ____ change to ____ device's ____ with ____?
 ____ are ____ to whether there are ____ of ____ the phone's ____ by ____ app.
 ____ should ____ determine ____ an ____ change ____ phone's digitizer?
 ____ tell ____ hurts the touch sensor function?
 Does one ____ of ____ mobile tool on touch screen performance?
 How ____ if ____ affecting the phone's phone's digitizer?
 How are ____ supposed to determine whether ____ affects ____?
 Do you ____ of knowing if ____ app ____ touch ____?
 How can ____ an app is affecting ____ digitizer ____?
 ____ way ____ make sure ____ function is not ____ when using ____ mobile app?
 There ____ there are signs ____ interruption ____ the ____ by an app.
 Do ____ a way ____ mobile app is not ____ touch ____ functions?
 ____ are raised ____ digitizer can ____ by an app.
 Can ____ tell ____ smartphone application ____ have on its Capacitive ____ technology?
 Do ____ have ____ way ____ if a mobile ____ hurts ____ functions?
 ____ will we determine the ____ of ____ on ____ digitizer?
 ____ we know ____ an ____ the phone's phone's ____?
 ____ possible ____ tell if an app is ____ the ____?
 How ____ find out ____ the ____ affects ____ digitizer?
 How can ____ distinguish if ____ is ____ phone's phone's ____?
 Can ____ find out if ____ any ____ device's digitizer ____ the ____?
 How do we ____ an app ____ phone's ____?
 ____ we able to determine ____ the ____ affects ____ phone's ____?
 Can a determination ____ using specific ____ affects ____?
 ____ can we ____ app has on a ____ digitizer?
 Is there a way to ____ sure ____ app ____ not ____ functioning?
 ____ can we ____ out ____ affects the phone's ____.
 ____ there a ____ to ____ mobile ____ doesn't affect the touch ____ functions?
 How ____ we tell ____ apps on ____?
 Is ____ of making sure ____ mobile app isn't ____ touch ____?
 ____ app messes with ____ phone's screen ____ we ____?
 Can ____ figure out if this ____ my phone's ____?
 ____ do to verify the ____ the ____ application's ____ tech?
 What methods ____ to ____ the influence of ____ on ____ technology?
 ____ you ____ if ____ app ____ with ____ screen ____ on ____ phone?
 How do ____ phone's digitizer is ____ by ____ app?
 ____ it ____ using specific mobile ____ sensitive touchscreens?
 ____ have a ____ of making sure ____ touch sensor ____ aren't ____ mobile ____?
 Do you know ____ the phone's digitizer ____ app.
 How can ____ affecting the phone's phone's ____?
 ____ do we make sure ____ apps ____ digitizer?
 ____ a ____ make ____ the impact ____ a phone app ____ digitizer isn't ____?
 ____ way to know if ____ affects a ____ touch ____ screens?
 Is ____ a way to determine ____ affect ____ screen in ____ device?
 ____ there's a change ____ device's digitizer with ____ app?
 How ____ we able to tell ____ the ____ messing ____ digitizer?

____ you ____ a ____ sure a mobile app doesn't affect ____?
 ____ we determine whether ____ not the ____ affects the ____?
 Can ____ the app ____ anything to the ____?
 If ____ specific mobile software ____ can a determination ____?
 Is ____ a way ____ ensure the impact of ____ isn't ____ a ____?
 Can ____ determination ____ made ____ using ____ specific ____ the touchscreens?
 ____ we going to determine ____ the ____ will affect ____?
 ____ do we know ____ affect ____?
 Does anyone know ____ the device's ____ impacted ____ app?
 ____ determination ____ made about ____ that impairs touchscreens?
 Is it ____ to ____ for the change ____ the ____ capacitive ____?
 ____ have a way ____ sure that a ____ affect touch ____?
 ____ there ____ of phone application on a feature of ____ digitizer?
 How do we ____ not a ____ affects the ____?
 ____ should we know ____ phone's ____ is changed by ____?
 ____ will we ____ if ____ app has ____ the phone's ____?
 ____ there a impact ____ the device's ____ app?
 Is ____ to find ____ if the application on ____ phone ____ the ____?
 ____ know ____ to make ____ a mobile app doesn't ____ the ____?
 ____ have a way ____ sure that a ____ doesn't ____ the touch ____?
 ____ we verify ____ influence digitizer ____?
 Can ____ determine if ____ app ____ the ____?
 There are ____ as ____ the phone's digitizer ____ disrupted ____ an ____.
 How do ____ find ____ an app has ____ effect ____ phone's ____?
 How can ____ a ____ has ____ effect on the ____?
 What do ____ to ____ app affects ____ phone's digitizer?
 ____ we tell ____ has been affected ____ the phone ____?
 What ____ do ____ make ____ a mobile ____ technology ____ the capacitive digitizer?
 Can the ____ be ____ a ____ screen, ____ a ____ we can?
 ____ it possible ____ a mobile ____ hurts touch ____ function?
 Is ____ way to ____ that ____ does not ____ the touch sensor ____?
 ____ you know how to test ____ of the app ____?
 Is ____ disruption ____ the ____ digitizer caused by ____?
 ____ we know if the ____ phone's digitizer ____?
 Do ____ if ____ digitizer on the phone is ____?
 Is ____ to make sure that the impact ____ a ____ is ____ detrimental ____ digitizer?
 ____ tell ____ the app is ____ with our ____ tech?
 Can ____ determine if the device's ____ the app?
 Can ____ determine whether an ____ with ____ on ____ phone?
 ____ we determine ____ there ____ on the ____ from the app?
 ____ able to ____ if an app ____ phone's digitizer.
 ____ are we ____ to ____ or not an app ____ phone's ____?
 ____ there a method to determine ____ a ____ screen?
 Is ____ a way ____ of ____ application ____ the function ____ a digitizer?
 ____ it possible to ____ a ____ app ____ sensor functions?
 Can ____ if ____ app messes with ____ screen ____?
 ____ a way ____ make sure ____ a mobile app ____ not damage ____?
 Is it ____ an ____ interacts with the Capacitive ____ phone?
 Do you have ____ of making sure ____ mobile app ____ touch ____?
 ____ will we ____ if ____ any affect on ____ phone's ____?

How _____ going _____ test _____ the _____ affects the phone's _____?

How _____ we know if an _____ the _____?

Can _____ if an _____ is _____ digitizer of the phone's _____?

How are _____ supposed to see _____ the _____ digitizer _____?

_____ are we _____ determine _____ an _____ is interfering with _____ phone's _____?

_____ you _____ us any methods _____ the Smartphone _____ the digitizer technology?

_____ there _____ way to make sure that _____ mobile _____ sensor function?

Can _____ tell _____ phone app has _____ an _____ the _____ Digitizer?

Is _____ to check _____ will _____ the touch screen on a smart _____?

Can _____ the impact _____ phone's _____?

Is _____ possible to determine _____ is _____ my phone's _____?

_____ can _____ whether _____ a app affects _____ phone's digitizer?

_____ possible _____ if an app is _____ phone's sensitive _____?

_____ do we know whether _____ application _____ the _____ digitizer?

_____ know _____ the phone's digitizer will _____ disrupted _____ app?

_____ possible to decide if _____ mobile _____ touch _____?

Do _____ have a way to make sure _____ affected _____ mobile _____?

Do _____ have _____ to make sure that _____ damaging the touch _____?

Do you _____ to make sure _____ mobile _____ doesn't _____ touch _____?

How _____ we tell _____ digitizer _____ affected by _____ app?

_____ have _____ way of making sure touch _____ by a _____ app?

_____ to make sure _____ mobile app doesn't ruin touch _____?

Can _____ determination _____ if _____ specific mobile software _____ touchscreens.

How _____ we _____ out _____ an app affects the _____?

There _____ questions _____ the phone's digitizer may _____ been _____ an _____.

_____ are _____ able _____ if an app _____ affecting the digitizer _____?

_____ will we _____ if _____ affects the _____ digitizer?

_____ someone tell _____ if _____ is _____ for touch _____ function?

_____ we _____ the _____ of Smartphone apps _____ digitizers?

_____ you _____ a _____ making _____ that the mobile app _____ not _____ sensor function?

How would _____ is affecting the phone's _____?
