

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Signal and reception troubleshooting
Inquiry Sub-Category	Channel loss or blackout
Description	Customers may report the sudden loss of specific channels or complete blackout on their TV screens. This category deals with identifying the cause of the issue, which may include technical glitches, signal disruptions, or subscription limitations.
Data Size	5,937 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

Do _____ failure _____ of network _____ as previously _____ demanding immediate _____?

Is _____ possibility equipment _____ instead _____ network _____?

_____ symptoms _____ of _____ malfunction and need _____ attention?

_____ it possible equipment failure _____ not due _____ congestion _____?

Can _____ symptoms _____ equipment _____ instead _____ congestion?

Are we seeing signs of _____ not _____ but because _____ failure?

Could _____ symptoms suggest _____?

_____ it _____ that _____ the cause of _____ instead of a _____ network?

Maybe these _____ are _____ of _____ device and _____ issues?

Is _____ that _____ a sign _____ congestion as previously thought?

Is it _____ are _____ of equipment failure _____ congestion?

_____ these symptoms _____ equipment _____ than _____ congestion?

There _____ that _____ is _____ equipment failure _____ a traffic jam.

_____ symptoms a _____ of equipment failure _____ congestion?

Do _____ symptoms indicate _____ failure rather than _____?

_____ these symptoms _____ of a problem with _____ and _____ network _____?

Do _____ think these symptoms _____ of _____ rather _____ congestion?

_____ they signs _____ failure _____ not network _____?

_____ really true that _____ symptoms _____ indicating equipment _____ of network _____?

_____ symptoms _____ equipment failure, instead of network _____ attention?

Do _____ breakdown instead of congested _____?

_____ these symptoms _____ equipment failure, _____ congestion?

Is _____ the symptoms _____ hardware _____ rather _____ congested _____?

Is the possible _____ failure indicated instead _____ how _____ attention _____?

_____ it possible we are _____ signs _____ network congestion?

Are the signs _____ instead of _____ networks?

Do the _____ suggest faulty _____ instead of _____?

_____ these _____ actually _____ of equipment failure, _____ than network _____?

Is _____ sign _____ malfunction or _____ congestion?

Does _____ make equipment _____ the priority, _____ urgent _____ assumed _____ traffic _____?

_____ these _____ mean equipment _____ congestion?

The _____ hardware problems rather than _____.

Do _____ cause _____ action _____ equipment faults instead _____?

_____ the presence _____ these _____ issue rather _____ network congestion?

Not _____ troubles caused by high-demand _____ your service, _____ at _____ gear _____?

_____ the _____ show _____ issues, not _____ congestion?

_____ symptoms _____ of equipment _____ and not network _____?

Could equipment _____ more _____ congestion?

Should _____ provided _____ indicate _____ instead _____ probable network _____?

Is _____ symptoms _____ by _____ failure rather than network jam?

_____ the symptoms _____ of _____ malfunction _____ of network _____?

_____ think there's _____ the issue _____ with _____ devices _____ than _____ networks after second observation?

Is _____ possible _____ is _____ cause _____ the symptoms, so _____ our _____ response _____ required?

_____ the presence _____ that it's actually a problem with the equipment, _____ of _____ congestion _____ thought _____

_____ a _____ that the _____ is with _____ devices, rather than _____ networks?

_____ symptoms _____ equipment failure, _____ a sign _____ congestion?

Some _____ signs point _____ breakdown _____ congested networks.

_____ indications _____ towards equipment _____ congestion?

_____ it possible _____ symptoms are equipment malfunction, _____ than _____?

_____ this _____ sign _____ equipment _____ than network congestion?

_____ indicate _____ failure _____ of network _____.

Is _____ possible these _____ prompt _____ faults instead of network _____?

_____ failure instead of _____ traffic _____ in the _____ compression.

_____ symptoms show equipment _____ congestion?

Is _____ possible that _____ signify equipment _____ network congestion?

_____ there _____ of _____ here instead of just _____ congestion?

Is _____ symptom _____ of equipment _____ rather _____ congestion?

_____ of _____ symptoms _____ a _____ issue, _____ than network congestion?

Is the _____ pointing to _____ problems _____ congestion?

_____ we considered the _____ markers _____ problems _____ urgent _____ was _____ about a _____ network incorrect?

_____ the possibility equipment _____ of network congestion _____ previously _____?

_____ possible _____ is _____ from network _____ calling for immediate action?

Are _____ seeing signs _____ failure rather than _____ network _____?

Is _____ best to _____ suggested by the _____ suspected _____ congestion?

_____ any indication of _____ equipment malfunction as _____ difficulties?

Are these _____ equipment _____ than congestion?

Is it possible that _____ symptoms are _____ failure _____ congestion?

Is _____ hardware problem rather than a network problem?

Do signs _____ hardware problem _____ network _____?

Could these _____ of network congestion?

_____ these _____ show equipment _____ than _____ congestion?

_____ you think _____ chance that the problem _____ in _____ than congested _____?

Are _____ really signs of equipment _____ congestion?

Is equipment _____ network _____ the real _____ symptoms?

_____ this is an _____ failure instead _____ a _____ jam _____.

_____ these _____ indicative _____ equipment _____?

Is the possibility that _____ indicated instead of _____ congestion _____?

_____ presence of _____ that it's _____ a problem _____ equipment _____ not just network congestion _____

thought?

_____ the _____ a _____ if we consider the signs _____ hardware _____?

_____ this indicative _____ equipment _____ congestion?

_____ this signify _____ potential _____?

Should the signals indicate _____ devices _____ the _____?

Is _____ a hardware _____ instead _____ congestion, which _____ suspected?

Does _____ presence _____ these symptoms mean _____ with _____ rather than _____ problem _____ the network?

_____ this _____ suggesting _____ failure, rather _____ congestion?

Is equipment _____ more _____ network _____ we initially _____?

Do _____ show _____ rather than _____?

Do _____ issue lies with _____ devices, rather than congested networks?

Could _____ hardware _____ different from network _____ was initially _____?

Does the _____ signals indicate _____ of _____ network _____?

_____ it _____ that _____ symptoms mean equipment _____ than _____ congestion?

_____ these be _____ of _____?

_____ are indicative of _____ problem with our _____ and not _____ issues?

_____ the cause _____ these symptoms _____ equipment malfunction instead _____ network that is _____?

Maybe _____ symptoms _____ a failed _____ not network issues?

Are _____ symptoms _____ to _____ failure _____ not _____ congestion?

_____ the _____ faulty devices _____ network congestion currently being speculated _____?

Is _____ any _____ of an _____ as _____ to _____ problems?

_____ it _____ we are _____ signs _____ of just network congestion?

Are these _____ of equipment _____ rather _____ that is _____?

Is _____ for an urgent remedy because _____ of congestion?

The symptoms _____ indicative of equipment _____ not _____.

_____ there any _____ equipment _____ different to _____ calling for immediate action?

_____ provided _____ faulty devices, rather _____ probable network _____?

_____ possible _____ indications prompt action for _____ instead of _____?

_____ call for _____ the signals indicate _____ instead _____ probable _____ congestion?

_____ signs _____ of _____ breakdown?

_____ symptom _____ to equipment _____ network congestion?

Is this _____ of _____ than network jamming?

_____ of equipment _____ rather _____ network congestion?

Does it _____ immediate attention if the signals _____ faulty _____ probable _____?

Do _____ believe _____ failure is _____ reason _____ symptoms?

Do _____ indications cause urgent _____ of suspected congestion?

Are these _____ action _____ equipment _____ of network congestion?

_____ points _____ equipment _____ not _____ network congestion

_____ the _____ malfunctioning _____ of congestion _____?

_____ you _____ there's _____ issue is with malfunctioning _____ congested networks?

Can these _____ failure is _____?

Does this _____ failure should _____ action?

Is _____ failure, _____ network _____ problem?

_____ it possible _____ is an _____ failure _____ of traffic _____ in the _____?

_____ the possibility equipment _____ indicated _____ network congestion _____ how quickly _____ demanded?

Is _____ possible _____ is _____ not _____ traffic _____ in the system compression?

Do _____ equipment _____ network congestion?

_____ symptom indicative _____ hardware breakdown over network overcrowding _____?

Are these _____ equipment _____?

_____ symptoms show _____ congestion?

Does _____ call for _____ provided signals _____ faulty devices _____ network congestion?

Is evidence _____ to _____ issues, not _____?

Is equipment _____ the _____ symptoms _____ we _____ a _____ response?

Are _____ of equipment _____ sign of network congestion?

_____ it _____ cause _____ these _____ equipment _____ rather than a congested network?

Is _____ advisable to _____ suggested _____ symptoms over suspected _____ congestion?

Are _____ symptoms _____ failure, instead of network _____?

Is the possibility equipment _____ than _____ congestion, _____ suspected?

Is _____ possible _____ failure is _____ indicative of network congestion _____?

_____ the indications prompt _____ equipment _____ instead _____ network _____?

Does _____ presence _____ symptoms _____ that it's _____ a _____ with the equipment not just _____ before, thus _____

_____ to _____ not only _____ congestion.

Is it _____ equipment _____ different from _____ congestion?

_____ these symptoms signalling _____ failure _____ congestion?

_____ there _____ evidence _____ an equipment _____ as _____ to a _____?

_____ possible that we are seeing signs _____ equipment failure _____ network _____?

_____ you think there's _____ chance that _____ problem _____ with _____ devices rather _____?

_____ you think there's a chance _____ issue _____ malfunctioning _____ rather _____ networks...

_____ sign of a _____ or network issue?

_____ there _____ hardware _____ instead of _____ which was _____ suspected?

_____ mean equipment _____ or network _____ urgent attention?

Are _____ symptoms _____ equipment _____ of _____ congestion that _____ urgent attention?

_____ possible that the _____ of these _____ is _____ of congested _____ that need our _____?

Is there a possibility _____ to a _____ problem?

_____ equipment _____ be associated _____ these _____?

_____ the _____ equipment _____ rather _____ congestion as previously thought?

Do _____ think _____ that there's _____ with malfunctioning devices rather _____ networks?

Does the presence _____ it's actually a problem with the _____ rather than _____ as _____ before, _____

Could _____ symptoms _____ failure _____ of _____ congestion?

Is it possible that equipment malfunction is the _____ than _____ the _____?

Does the _____ symptoms mean that _____ problem _____ equipment rather _____ just _____ as _____ thought before ,

_____ these _____ really indicate _____ rather _____ network congestion?

There are symptoms that could _____ equipment _____.

_____ are signs that _____ equipment breakdown _____ networks.

Can _____ presence _____ indicate _____ hardware _____ of network congestion?

_____ you think _____ point _____ failure?

_____ may _____ equipment failure rather _____.

_____ equipment _____ more severe than _____ initially thought?

Do you think there's _____ chance _____ with _____ congested networks?

Do _____ think it is _____ rather than _____ traffic?

_____ these indications prompt immediate action for _____ suspected _____?

_____ if these symptoms suggest _____ failure _____ of _____?

Do _____ equipment failure is occurring instead of _____?

Is _____ that there _____ signs _____ here _____ than _____ network congestion?

_____ any _____ of _____ malfunction as _____ to _____ problems?

_____ equipment failure _____ of network congestion.

Is _____ symptoms _____ equipment _____ rather than network congestion?

_____ equipment failure, _____ congestion?

Demand for _____ is leaning towards equipment _____.

Is it _____ mean equipment _____ network congestion?
 _____ think _____ symptoms indicate equipment failure, rather _____?

Are there _____ indications _____ is more _____ than _____ network problem?
 Are _____ equipment _____ than congestion?
 _____ indications _____ equipment malfunction, rather _____?

Are _____ signs that an _____ is _____ from _____ impediment?
 Does the _____ equipment issues _____ network _____?
 Do these symptoms suggest _____ instead _____ congestion, _____ immediate _____?
 _____ these _____ prompt _____ for _____ instead of network _____?

Is it _____ that _____ potential equipment _____ of just network _____?
 Is it _____ that _____ cause of _____ symptoms _____ equipment _____ network problem?
 Do these symptoms mean _____ failure, _____ requiring immediate _____?
 Are these _____ of _____ not _____?

_____ these symptoms _____ that it's _____ a _____ with the equipment _____ just network _____ as thought before,

Do _____ provided _____ indicate faulty _____ rather _____ network _____?
 Is it _____ probable that _____ equipment malfunction _____ traffic?
 There might be a _____ with _____ and _____ issues.
 _____ these _____ show _____ more than network _____ that _____ initially _____?

Is _____ sign of equipment _____ rather _____ congested _____?
 Does these _____ failure more _____ congestion?
 Is _____ a _____ network _____ if we consider the _____ hardware problems _____ attention?
 _____ think _____ a _____ that _____ issue _____ malfunctioning devices _____ than congested networks?
 _____ is an equipment failure, _____ jam _____ the system _____?

Is it _____ we _____ signs _____ equipment failure _____ the _____ congestion?
 _____ you think _____ symptoms _____ signs _____ equipment _____ instead _____ congestion?
 _____ mean equipment _____ instead of _____?
 _____ of equipment _____ congestion?
 _____ these _____ equipment failure _____ not network _____?

Is _____ related _____ hardware problems rather _____ congested _____?
 _____ if the _____ pointing to equipment _____ not _____?
 Is _____ of _____ not network _____?

The symptoms could _____ than network _____.
 Do you think these _____ equipment _____ congestion?
 _____ of _____ symptoms suggest _____ a problem with _____ equipment, rather _____ just _____ thought before,
 thus need

Can _____ indicate _____ instead of _____?
 _____ it _____ immediate _____ if _____ signals indicate faulty devices?
 Have _____ indicated equipment _____?
 _____ if _____ point _____ equipment breakdown?

Are these _____ related _____ failure and not a _____?
 Were these _____ failure?
 _____ these symptoms _____ of equipment _____ congestion?
 Does _____ evidence show _____ issues, _____ congestion?
 _____ symptoms indicate _____ malfunction?
 _____ we _____ malfunction instead of _____?
 _____ it possible _____ the _____ is _____ indicative of network _____ suspected?

Are we _____ signs of _____ failure _____ immediate _____?
 _____ it possible that equipment _____ what causes these _____ congested _____?
 Is _____ symptom indicative _____ equipment failure, _____ network _____?
 Is _____ possible _____ is _____ issue instead of _____ congestion?

_____ of _____ failure _____ instead _____ network congestion, as _____ suspected?
 _____ these symptoms point _____ ?
 _____ evidence support _____ just network congestion?
 _____ point to equipment failure, rather than _____ ?
 _____ these symptoms _____ failure instead _____ network _____ was suspected?
 Is _____ it _____ equipment malfunction than it is _____ ?
 Could they be signs of _____ network _____ ?
 _____ for _____ may be _____ to equipment _____ of congestion.
 _____ symptoms suggest _____ instead of _____ congestion, _____ immediate attention?
 Is _____ symptoms a sign _____ instead of _____ ?
 Does these symptoms mean _____ failure _____ ?
 Are _____ over _____ congested networks now?
 _____ signs _____ than congested networks.
 Does _____ call for _____ attention if the _____ devices, instead _____ probable _____ ?
 Do you think _____ a _____ the _____ comes _____ devices rather _____ congested _____ ?
 _____ the symptoms _____ hardware _____ than congested _____ ?
 Could _____ failure, _____ network congestion, _____ the _____ of _____ ?
 _____ the provided _____ call for immediate _____ show _____ devices _____ of _____ ?
 Is _____ possible that _____ cause _____ the _____ equipment malfunction rather _____ with the _____ ?
 Is it _____ with equipment _____ slow _____ traffic?
 _____ the evidence _____ equipment _____ not _____ network _____ ?
 _____ the presence _____ these _____ mean _____ of network congestion?
 Is _____ symptoms pointing to _____ problem _____ my equipment, _____ ?
 _____ the presence of these symptoms _____ that _____ a _____ with the _____ than _____ network congestion, _____ ?
 Is the _____ issues, instead _____ network congestion?
 _____ a hardware issue _____ congestion? Immediate _____ required.
 _____ the symptoms _____ of _____ failure, _____ network congestion?
 Is _____ possibility _____ failure _____ of network congestion _____ previously suspected, _____ ?
 _____ the evidence _____ equipment problems _____ than _____ ?
 Is _____ possibility _____ failure _____ not _____ of _____ as previously suspected?
 _____ chance that _____ equipment failure rather than _____ in the system.
 _____ our assumption about _____ incorrect _____ we consider _____ symptoms _____ hardware _____ that require urgent _____ ?
 _____ possible that these symptoms _____ not _____ congestion?
 Could these symptoms _____ of _____ network congestion?
 Is _____ possible that these _____ rather than congestion?
 Do these _____ equipment failure, not _____ ?
 _____ are _____ suggesting hardware breakdown _____ .
 _____ these symptoms _____ a _____ instead of _____ congestion?
 _____ symptoms of equipment _____ than _____ that _____ initially suspected?
 _____ demand for _____ due to _____ instead of congestion?
 _____ these _____ a sign of _____ failure instead _____ issue?
 _____ it _____ that _____ equipment issues to the forefront _____ attention?
 _____ symptoms could suggest _____ failure, _____ .
 _____ an _____ of a failed _____ or network _____ ?
 Do you _____ symptoms _____ failure _____ of congestion?
 _____ signs _____ to hardware _____ problems?
 _____ symptoms _____ hardware problems, rather _____ networks?
 Is it _____ that equipment _____ network _____ ?
 Is this _____ failure _____ congestion that needs urgent _____ ?
 Maybe the symptoms mean _____ failed _____ previous _____ ?

Symptoms _____ failure, _____ congestion?

Are these symptoms _____ failure rather than _____?

Are _____ indications of _____ congestion?

_____ there _____ a equipment _____ as _____ to _____ network problem?

_____ you think there _____ chance _____ issue _____ malfunctioning _____ rather than _____ networks?

Are these symptoms _____ of _____ sign of network _____?

Are _____ equipment _____ than congestion?

Is it possible _____ we're _____ equipment _____ instead of _____ network _____?

Are _____ pointing _____ malfunction, _____ congestion?

Are _____ symptoms pointing _____ network congestion?

_____ these _____ to _____ failure rather _____ network congestion?

Could they mean _____ congestion?

Is _____ possible _____ failure _____ not _____ symptom of _____ congestion?

_____ the _____ of these _____ mean that it's _____ the _____ than just _____ congestion as thought?

_____ may be caused _____ equipment failure, _____ than _____.

_____ the _____ at equipment _____ instead of network _____?

The evidence _____ pointing _____ issues, _____ just _____ congestion.

Do _____ think it's _____ equipment malfunction _____ than _____ network _____?

_____ it possible _____ these symptoms mean equipment _____?

Could these symptoms be _____ hardware _____ than _____?

Are _____ symptoms implying _____?

Could symptoms _____ equipment failure instead _____ congestion?

Are _____ signals _____ of faulty _____ instead _____ network _____?

I wonder _____ device malfunction instead of _____ congestion.

_____ the presence of _____ a _____ issue _____ of network _____?

Is _____ incorrect to _____ that _____ is _____ sign _____ hardware _____ requiring urgent _____?

_____ signs pointing _____ a _____ problem instead _____ network _____?

_____ these symptoms suggest equipment _____ congestion?

Is it _____ true that these _____ equipment _____ congestion?

_____ this is _____ equipment _____ than a traffic jam.

Is _____ that _____ symptoms _____ pointing _____ instead of network congestion?

_____ symptoms _____ failure instead of _____ congestion?

_____ urgent _____ might _____ related _____ malfunction instead of congestion.

Are these _____ failure instead of network _____ that _____ needed?

_____ our assumption about a congested _____ incorrect if _____ the _____ of _____ urgent attention?

Do the _____ signals _____ instead _____ network congestion?

_____ evidence _____ issues not just network _____?

_____ is evidence that points to _____ not _____.

Do _____ equipment failure _____ of _____ congestion, which is _____?

_____ these _____ be a _____ problem _____ of network _____?

_____ these _____ equipment _____ than network _____?

_____ the _____ mean a _____ device _____ network issues?

Is _____ that these symptoms _____ failure, not _____?

Is _____ to _____ breakdown over network overcrowding _____?

_____ the _____ of _____ symptoms _____ a _____ with the equipment rather than just _____ congestion as _____?

Are _____ seeing _____ equipment _____ rather than _____ network _____?

What _____ these symptoms indicate _____ more than _____?

Are _____ of equipment _____ and _____ network jamming?

The symptoms seem to _____ failure, _____ congestion.

Is the evidence pointing _____ equipment _____ than _____?

_____ symptoms pointing to equipment failure _____?

Could _____ symptoms _____ of _____ failure _____ of network congestion?

Could this _____ equipment _____ network congestion?

_____ symptoms _____ sign _____ network congestion that needs immediate attention?

Is _____ equipment failure indicated instead _____ that was previously _____?

Can they _____ signs _____ equipment failure _____ network _____?

Could _____ mean that _____ malfunctioning?

_____ cause of these symptoms rather _____ network _____?

_____ indicative of _____ failures?

Is it _____ is an equipment _____ a traffic jam _____ system _____?

Do _____ believe _____ the _____ are indicative of _____ network congestion?

Are _____ really signs _____ equipment _____ of network _____?

_____ the _____ failure indicated instead _____ network _____ previous suspected?

Do _____ symptoms _____ at _____?

Does _____ signals _____ faulty devices _____ than network _____?

_____ of equipment malfunction, _____ than network jamming?

_____ these symptoms _____ indication _____ failure?

Is _____ with _____ malfunctioning and _____ slow network _____?

_____ the presence of these symptoms _____ that _____ actually _____ problem _____ equipment instead _____ just _____ congestion _____

thought _____

_____ evidence _____ equipment _____ rather than _____ congestion?

Is _____ of _____ instead _____ network congestion that is _____?

_____ they _____ equipment failure instead _____?

Does it _____ the _____ indicate faulty devices instead _____ a probable _____?

Is _____ assumption _____ network incorrect _____ signs of _____ problems needing urgent attention?

_____ more _____ it _____ equipment malfunction rather than _____ network _____?

_____ these _____ equipment failure instead of _____ congestion?

Could _____ hardware issue _____ of _____ congestion that was _____?

Do signs show _____ rather _____ network issue?

Could _____ equipment _____ instead _____ network congestion?

Is it possible that the _____ failure?

_____ it _____ symptoms are _____ failed device _____ not network _____?

_____ if these symptoms show _____ failure _____ than _____?

_____ there be _____ issue instead _____ network _____ resolution required.

There are _____ that indicate _____ instead of _____.

_____ symptoms point _____ a hardware breakdown _____ prior assumptions.

These _____ suggest equipment _____ rather _____.

Maybe _____ symptoms _____ by _____ device _____ not network issues?

Is it possible _____ are _____ hardware, _____ congested networks?

_____ attention be given to _____ and not just _____ network _____?

Do _____ symptoms _____ failure more than network congestion _____?

_____ it possible that _____ what's _____ these _____ a congested network?

Is equipment _____ cause _____ these symptoms _____ a quick _____?

_____ possible _____ equipment failure is _____ network congestion _____ initially suspected?

_____ symptoms could _____ related _____ hardware issue, instead _____ congestion.

_____ these symptoms be _____ equipment _____ or _____ congestion?

Is _____ indicative of equipment failure _____?

Is _____ possibility equipment _____ indicated instead _____ congestion _____ previously _____?

Is _____ any _____ an _____ is different _____ a network _____?

_____ believe the symptoms _____ failure?

_____ indicate _____ equipment failure?

Do the signs _____ breakdown, _____ than _____ networks?

Do _____ symptoms show _____ failure _____ than _____?

_____ pointing to _____ problems _____ of network congestion?

_____ it possible _____ equipment _____ is _____ for _____ symptoms?

_____ it possible _____ symptoms point _____ breakdown over _____ overcrowding?

These _____ look like equipment _____.

_____ symptoms indicate _____ equipment _____?

Do _____ think the symptoms _____ of _____ of _____ congestion?

_____ we _____ of _____ requiring urgent _____ was _____ assumption _____ a congested network incorrect?

Is _____ hardware problem _____ trouble?

Is _____ failure, _____ network _____ the _____?

Should _____ focus on _____ by _____ symptoms over suspected _____ congestion?

Maybe _____ related to _____ failed _____ not previous _____ issues?

Do _____ equipment failure, rather _____ network _____?

The symptoms _____ be _____ of _____ failure, _____ network _____.

Do _____ mean _____ breakdown instead _____ a _____ network?

_____ possible _____ we are _____ of equipment _____ instead of network _____?

Are we _____ failure rather than _____ problem?

Do _____ point _____ a _____ with _____ just network congestion?

The _____ equipment issues are not just _____.

Is _____ possible _____ issues _____ not _____ network congestion?

_____ these _____ indicative of equipment malfunction _____ network _____?

_____ symptoms mean _____ failed device or _____?

Are _____ pointing _____ equipment failure, _____ network _____?

_____ equipment failure, not network congestion, be _____?

Do you think _____ instead _____ network congestion?

_____ symptoms be _____ indication of _____ failure or _____?

Does _____ presence _____ these _____ it's actually _____ problem _____ the equipment, rather _____ just network _____?

The _____ may _____ equipment _____ rather than _____ congestion.

_____ this _____ equipment failure, _____ network congestion?

_____ it _____ the symptoms are _____ by faulty _____ congested networks?

_____ it _____ case _____ malfunction _____ demand _____ urgent remedy?

_____ symptoms _____ be _____ of equipment _____ not network _____.

_____ equipment _____ the _____ rather _____ congested _____?

Do these _____ failure?

_____ any indication _____ equipment malfunction as _____ to _____ limitations?

Are _____ seeing _____ of _____ instead of _____ network _____?

Are these _____ really _____ equipment _____ instead _____ congestion?

Do _____ prompt _____ for equipment _____ of network _____?

Maybe _____ related _____ a failed device _____ not _____ network _____?

_____ a _____ for immediate _____ hardware _____ not solely _____ on network congestion?

Do _____ signals _____ devices _____ network congestion _____ is speculated upon?

_____ be urgent action for equipment faults _____?

_____ the symptoms _____ related _____ equipment _____ not network _____?

_____ could mean _____ network congestion as thought _____.

Are these _____ equipment failure and _____?

_____ these _____ mean _____ failure instead _____ congestion?

_____ the _____ by the _____ be prioritized _____ suspected _____ congestion?

_____ it possible _____ of equipment _____ instead of just network congestion?

_____ the _____ really _____ failure, _____ of network congestion?

_____ these _____ actually _____ failure, _____ of network congestion?
 _____ there any _____ of _____ equipment malfunction, instead of _____?
 _____ _____ indicative _____ hardware problems instead of congested _____?
 _____ _____ instead of network congestion?
 _____ given _____ faulty devices _____ of network congestion?
 Are _____ to equipment failure, _____ than _____ jam?
 Do _____ symptoms _____ to hardware breakdown over _____ previous _____?
 _____ there demand _____ due _____ equipment malfunction?
 _____ these _____ instead of congestion?
 Is it _____ symptoms are hardware problems, _____?
 Is it _____ malfunction _____ the _____ of these symptoms, _____ need a _____?
 Do _____ believe there's a _____ issue lies _____ devices instead _____ congested _____?
 _____ a chance that the _____ with malfunctioning _____ than _____ networks?
 _____ problems _____ be the cause of _____ rather than _____.
 _____ these _____ signify equipment failure, _____ congestion?
 _____ a chance _____ this is _____ equipment _____ not _____ jam _____ system compression.
 Is _____ not possible that _____ are _____ signs _____ than _____ congestion?
 Do _____ think _____ is _____ is _____ malfunctioning devices, rather than congested _____?
 _____ this is a _____ of a _____ jam in _____ compression?
 _____ evidence show equipment issues _____ network congestion?
 Is there _____ that an equipment _____ not _____ a _____?
 The _____ imply _____ than congested networks.
 _____ indicative of _____ breakdown?
 _____ these symptoms suggest _____ failure _____ of _____ congestion?
 _____ signals indicate faulty devices _____ congestion?
 _____ these symptoms mean a problem _____ devices and _____?
 Is _____ more likely _____ equipment _____ than network _____?
 _____ failure _____ indicated instead of _____ how _____ the attention needed?
 Are _____ symptoms _____ of equipment _____ network _____?
 Is _____ possible that _____ imply hardware problems _____?
 _____ these symptoms an indication _____ equipment malfunction _____?
 _____ treat _____ malfunction suggested by these symptoms _____ suspected network _____?
 Could the _____ failure _____ congestion?
 _____ those _____ to _____ failure?
 Do these _____ suggest _____ failure, instead _____ which _____ suspected?
 Are those _____ indicative _____ equipment _____ than _____ jamming?
 _____ symptoms _____ by equipment failure, _____ network jam?
 These _____ hardware breakdown over network _____ previous assumptions.
 _____ is needed _____ to possible _____ malfunction, _____ network _____.
 _____ it possible that the cause _____ equipment malfunction instead _____ a _____ network _____ thought?
 Is there _____ for _____ attention _____ indicate _____ devices instead _____ network congestion?
 These symptoms may _____ equipment _____ of _____.
 _____ failure causing _____ symptoms, rather than _____?
 _____ pointing _____ equipment malfunction instead _____?
 _____ the symptoms suggest _____ failure, _____ of _____ for immediate _____?
 If _____ considered _____ hardware problems _____ attention, _____ our _____ about _____ congested network incorrect?
 Does _____ not just congestion?
 _____ these _____ be _____ by a hardware problem _____ of _____?
 Is it possible _____ malfunction is the cause of _____ quick response _____?
 _____ these symptoms indicative _____ equipment _____ rather than _____ needing _____?

_____ the _____ are _____ a _____ devices and _____ a network issue?
 Do you think _____ failure instead _____ congestion?
 _____ that _____ of potential _____ failure rather than merely network congestion?
 Could _____ symptoms signify equipment _____ network _____?
 _____ might be _____ with equipment malfunction _____ traffic.
 _____ it call _____ immediate _____ if the _____ devices _____ of probable _____?
 _____ these _____ related to equipment _____ not network _____.
 Is it _____ that _____ symptoms _____ failure or network _____?
 _____ these _____ hint at _____?
 Are _____ any signs _____ an _____ as _____ network problems?
 _____ chance that _____ problem lies with malfunctioning _____ not congested networks?
 Do you _____ it's possible _____ issue _____ with _____ devices _____ congested _____?
 _____ the _____ signals suggest faulty _____ of network _____?
 Is the _____ indicated _____ congestion as before?
 Do _____ think _____ signs of equipment _____ rather than _____?
 _____ the _____ suggest faulty devices instead _____ suggesting _____?
 What _____ these symptoms are _____ equipment _____ network jamming?
 _____ these signs _____ to equipment breakdown instead _____?
 _____ it signs of _____ failure _____ congestion?
 _____ it possible that _____ issue _____ with malfunctioning devices _____?
 Is _____ any indication _____ an equipment _____ different _____ network _____?
 Do _____ believe that _____ symptoms _____ to _____ failure _____ of _____?
 Do _____ equipment breakdown or congested _____?
 Is it _____ malfunction _____ opposed _____ slow network _____?
 _____ presence of _____ symptoms mean _____ issue instead _____ a network _____?
 _____ these symptoms _____ indicative _____ equipment _____ or network _____?
 _____ that we _____ signs of _____ failure _____ of just a _____ congestion?
 Is _____ not _____ we are seeing _____ potential equipment _____ than _____ congestion?
 _____ sign _____ to _____ hardware problem _____ network _____?
 Do _____ prompt action _____ equipment _____ than _____ congestion?
 Do _____ think there's a chance _____ issue _____ rather _____ congested _____?
 _____ a problem with _____ not just network congestion?
 Is _____ that _____ seeing signs _____ potential _____ failure rather _____ mere network _____?
 _____ it _____ these _____ imply _____ problems rather _____ congested networks?
 _____ signs of _____ instead of just network _____?
 Is _____ problems _____ rather than _____?
 Are _____ symptoms _____ equipment _____ than _____ congestion?
 These signs point to _____.
 Should we treat _____ equipment malfunction _____ symptoms instead of _____?
 _____ might _____ more _____ with equipment malfunction _____ slow _____.
 Are indications leaning _____ malfunction, _____?
 _____ these _____ pointing to _____ failure _____ than network _____?
 _____ these _____ for equipment faults instead of _____?
 _____ attention be given _____ occur and not solely _____ network _____?
 There is _____ this _____ equipment failure rather than _____ traffic _____ system compression.
 Is _____ equipment failure instead of network _____?
 _____ it possible that _____ these _____ equipment malfunction, instead of _____?
 _____ symptoms be _____ equipment failure?
 _____ possible that these symptoms _____ hardware problems, _____ networks?
 Do _____ symptoms imply _____ failure _____ congestion?

If _____ the _____ hardware problems _____ attention, was our assumption _____ a _____ network _____?

Does the _____ not _____ congestion?

Is _____ equipment _____ is not _____ congestion _____ previously suspected?

Are _____ indicative of equipment _____ instead _____ congestion?

Is it _____ that _____ the cause of the _____ than _____ network?

_____ it possible that the cause for these symptoms _____ of _____?

Are the symptoms _____ to equipment _____?

Is it possible that these _____ a _____ not network _____?

_____ the presence of _____ symptoms _____ it's actually a problem _____ rather _____ congestion, as thought _____ thus

There might _____ than _____ networks.

_____ possible _____ these symptoms _____ of _____ failure than network congestion?

_____ symptoms _____ equipment failure?

Is _____ possible _____ there are signs _____ equipment failure _____ merely _____ congestion?

_____ to _____ breakdown _____ than congested _____

Is _____ indicative of equipment _____?

_____ it _____ the symptoms _____ equipment failure _____ than network _____?

_____ these _____ indicative of _____ failure _____ of _____ congestion _____ needs _____ attention?

Could the _____ imply a _____ of network congestion?

Is it _____ equipment _____ cause of these _____ so _____ can _____ respond?

_____ symptoms could mean a hardware issue _____.

_____ there any _____ an equipment _____ opposed to _____ issues?

Is _____ urgent action _____ equipment faults _____ network _____?

Is _____ a need _____ immediate response _____ point _____ hardware _____ over _____ overcrowding?

Is _____ symptom _____ malfunction rather than network _____?

Do _____ prompt _____ equipment failures instead _____ congestion?

_____ the _____ by faulty hardware, instead of _____?

The _____ at equipment _____ than network congestion.

Are these symptoms a _____ of _____ attention?

Is _____ possible that _____ malfunction _____ the cause of _____ symptoms _____ we _____ respond _____?

_____ you think equipment failure is _____ to?

_____ these symptoms an _____ of _____ failure _____ not _____?

_____ these _____ indicative of equipment _____ not a _____ congestion?

_____ you _____ the _____ to _____ failure instead of network _____?

_____ the presence _____ it's actually a _____ with the equipment _____ than just _____ thought _____ thus require

Is it _____ indications _____ urgent _____ equipment _____ instead _____ network congestion?

_____ it _____ likely that _____ is _____ than slow network _____?

_____ these _____ symptoms _____ equipment failure _____ congestion?

Could _____ of these _____ a hardware issue rather _____?

Do you think _____ chance _____ the _____ malfunctioning devices and _____ networks?

Does _____ presence _____ symptoms _____ it's actually _____ problem _____ the _____ rather than _____ a problem _____ the _____?

Do we see signs _____ equipment failure _____?

Is it possible that the cause _____ equipment _____ of congested _____ need a _____ response?

_____ it consistent _____ malfunction _____ with slow _____ traffic?

_____ show _____ failure more _____ network _____?

Is it _____ equipment _____ likelier than _____ jams?

Do _____ symptoms _____ rather _____ network congestion?

Do you think there's a chance _____ issue lies _____ rather than _____ urgent _____?

Is _____ equipment failure instead _____ network _____?

_____ jamming needs _____ but are _____ indicative _____ equipment malfunction?

Is ____ possible ____ are ____ signs ____ equipment ____ instead of mere ____ ?
 ____ possible equipment ____ is not ____ sign ____ as previously suspected?
 ____ be given to hardware failures ____ network congestion ____ assumed?
 ____ that ____ symptoms are ____ failure ____ than network congestion?
 Does the ____ symptoms ____ it's ____ a ____ with the ____ rather ____ a network problem?
 Is it possible ____ equipment ____ instead of ____ congestion?
 ____ symptoms ____ indication of equipment failure, ____ of network ____ ?
 ____ the signs ____ breakdown rather than congested ____ ?
 Are the symptoms ____ equipment failure, ____ ?
 Do ____ symptoms ____ to ____ failure, ____ of ____ congestion?
 There ____ chance ____ is ____ instead ____ the traffic jam suggestion.
 Should equipment malfunction ____ than ____ network congestion?
 ____ it ____ likely ____ equipment malfunction than ____ slow ____ ?
 Are these ____ malfunction, and ____ network jamming?
 ____ indicative of a ____ malfunction?
 ____ it ____ that equipment ____ be more apparent ____ congestion?
 Is ____ symptom indicative ____ hardware ____ than congested ____ ?
 ____ some ____ that suggest ____ hardware ____ over ____ overcrowding.
 Is this ____ of ____ more than ____ congestion?
 ____ equipment failure, rather than network congestion?
 ____ point to equipment ____ rather than ____ .
 Are ____ pointing towards equipment ____ ?
 Do ____ there is ____ chance that ____ lies ____ than congested networks?
 ____ the ____ of ____ mean that it's ____ a ____ with the ____ than ____ network congestion, so ____ needs
 ____ symptoms indicative ____ failure, ____ congestion as ____ thought?
 ____ that ____ symptoms signify ____ malfunction?
 Is the ____ of network congestion, as ____ suspected?
 Does it call for immediate ____ provided ____ indicate faulty ____ network ____ ?
 ____ the ____ of more equipment ____ network congestion?
 Is ____ action ____ faults instead ____ congestion possible?
 Is it ____ these symptoms ____ to equipment ____ congestion?
 ____ we be seeing ____ equipment failure ____ just network ____ ?
 ____ these indications ____ action for equipment ____ network congestion?
 Is ____ pointing ____ failure, not ____ congestion?
 Is the ____ equipment ____ of congestion?
 Is there ____ urgent remedy ____ of equipment ____ congestion?
 ____ might be ____ problem rather ____ .
 ____ presence ____ that it's actually ____ with the equipment, rather ____ just ____ congestion ____
 previously thought?
 Do the ____ at ____ ?
 ____ this indicative of ____ malfunction, ____ network ____ ?
 Is ____ any ____ that ____ malfunction is more important ____ network ____ ?
 ____ it ____ to equipment malfunction rather ____ network ____ ?
 Could ____ be ____ a hardware ____ instead ____ congestion?
 Do you ____ the symptoms ____ to equipment ____ network ____ ?
 ____ indication that equipment failure ____ immediate ____ ?
 Does the evidence ____ just network ____ .
 Do indications ____ malfunction instead ____ ?
 ____ indicate equipment failure?
 ____ possibility ____ failure ____ the ____ network congestion as previously suspected?
 Is ____ equipment ____ as expected?

Do _____ equipment _____ network congestion?

Is it _____ is equipment malfunction _____ network traffic?

_____ there a _____ for immediate _____ if _____ see _____ of equipment _____ network congestion?

_____ be indicative of _____ rather _____ network congestion.

Are _____ a _____ of equipment _____ instead _____ requires urgent attention?

Should _____ be given _____ failures _____ of the _____ congestion?

_____ the symptoms be _____ to a hardware _____ instead _____?

_____ that equipment malfunction is the culprit _____?

_____ these _____ indicative _____ equipment _____ network congestion that _____ attention?

Are _____ indications pointing towards equipment _____?

_____ possible _____ symptoms are _____ than congested networks?

_____ it possible that these _____ rather _____ congested networks?

The equipment malfunction suggested _____ prioritized over _____ congestion.

_____ these symptoms signifying equipment _____ network _____ is needed?

_____ you think there's _____ chance _____ the issue _____ with malfunctioning devices _____ of _____ networks _____?

Is it possible that equipment _____ is _____ cause _____ symptoms _____?

_____ these _____ device _____ instead of network congestion?

Do _____ think there's _____ that _____ malfunctioning _____ instead of _____ networks, implying urgent resolution _____.

_____ you believe there's _____ chance _____ the problem is _____ than congested _____?

Do _____ symptoms suggest _____ instead of _____ was previously _____?

_____ you _____ a _____ the issue _____ with malfunctioning devices rather _____ networks _____ the _____ observation?

_____ it _____ that we are _____ signs of potential _____ merely network _____?

Do _____ believe _____ are _____ to equipment _____ network congestion?

_____ possible that these _____ are _____ malfunction instead _____ congestion?

Are _____ sign _____ equipment failure _____ network congestion?

_____ these symptoms _____ show _____ instead _____ network congestion?

Could _____ of these symptoms _____ hardware issue rather _____?

_____ suggest a problem _____ equipment, not just _____.

_____ this _____ indicative _____ equipment failure _____ than _____ congestion?

_____ the potential _____ failure indicated instead _____ previously suspected?

_____ that the symptoms suggest _____ problems _____ than _____ networks?

Does _____ hint _____ equipment _____ rather than _____ congestion?

_____ failure is _____ instead of _____ how quickly _____ the attention _____?

_____ the presence of these symptoms mean _____ it _____ actually _____ problem _____ equipment rather _____ as _____ before?

_____ equipment failure really _____ up in _____ symptoms, _____ than _____?

Is the assumption _____ a _____ network _____ of hardware problems?

Is the _____ equipment _____ indicated, _____ congestion, as _____ suspected.

_____ our assumption that a _____ network _____ incorrect _____ we consider _____ symptoms of hardware _____?

Does _____ presence of _____ that it's _____ a problem with _____ equipment rather _____ just _____ thought before, _____

_____ symptoms mean equipment failure instead _____ network _____?

Is _____ we are seeing _____ equipment _____ not merely _____ congestion?

_____ evidence _____ just network congestion.

Is it possible _____ malfunction _____ the _____ these _____ needs our _____ response?

Is _____ possibility that equipment _____ is _____ network congestion _____ suspected?

_____ these symptoms _____ of _____ malfunction, _____ network _____?

I _____ if these _____ failed device and _____ network issues.

_____ it possible _____ malfunction is _____ of _____ symptoms, instead of a _____?

The symptoms _____ breakdown over network _____ assumptions.

_____ treat the equipment malfunction _____ the symptoms _____ network congestion?
 _____ this symptom _____ of _____ network jamming?
 _____ symptoms _____ related to device malfunction _____ of _____?
 _____ it true _____ symptoms indicate _____ more than network _____?
 Do you _____ symptoms _____ related to _____ failure, _____ network _____?
 _____ the _____ of these _____ suggest that it's actually a _____ with the equipment rather _____ network _____

 Do the indications _____ for _____ faults _____ network congestion?
 The _____ be caused _____ faulty _____ than _____ networks.
 Do you think that the _____ indicative _____ rather _____ congestion?
 _____ there's a _____ issue is with _____ rather than congested networks?
 _____ the signs _____ to _____ hardware problem than _____?
 Do _____ provided _____ devices instead of network _____?
 _____ it call for _____ attention _____ the _____ signals _____ faulty _____ instead _____ probable _____?
 Is it possible _____ equipment _____ is the _____ the symptoms, _____ network?
 Does the presence _____ mean that it's _____ with _____ rather than just _____ as was previously _____
 Do _____ symptoms are _____ of _____ failure?
 _____ you _____ the _____ equipment _____ rather than congestion?
 _____ equipment failure, not a traffic _____ the _____ compression?
 _____ equipment failure rather than _____?
 Symptoms _____ failure, _____ congestion?
 _____ these _____ signs _____ failure?
 Is the possibility equipment _____ of the _____ that _____?
 Could the presence _____ these _____ hardware issues instead _____?
 Maybe _____ are caused _____ faulty _____ congested networks.
 _____ these _____ a sign _____ equipment failure instead _____ problem?
 Is equipment _____ the _____ rather _____?
 _____ equipment failure, instead _____ network congestion?
 Is _____ chance that these symptoms _____ failure _____ than _____?
 _____ symptoms show equipment _____ congestion?
 Do you think _____ point to _____ not _____ congestion?
 Are there any signs that an _____ malfunction _____ network _____?
 Is _____ indicative _____ rather than network _____?
 _____ these _____ equipment malfunction rather _____ network jamming?
 Does _____ observed symptoms point to a _____ equipment, _____ just _____?
 Do you _____ the _____ are _____ failure _____ of network _____?
 _____ the presence _____ mean _____ is actually a _____ with the equipment _____ than just a _____ the _____?
 Is _____ a symptom _____ rather than network _____?
 _____ signs are _____ to equipment _____ than _____ networks.
 Can _____ to _____ failure?
 _____ symptoms mean _____ instead _____ network congestion?
 _____ there a reason _____ malfunction as _____ to a _____?
 Do signs _____ a hardware _____ than _____?
 _____ symptoms could _____ related to _____ hardware _____ network congestion.
 _____ evidence pointing towards equipment _____?
 Is _____ possible that there are _____ of _____ failure _____ rather _____?
 _____ these _____ pointing _____ than congested networks?
 _____ symptoms indicate equipment _____ more _____ congestion?
 Is _____ possible _____ we are _____ signs _____ failure, not _____ congestion?
 _____ symptoms a sign of equipment _____ congestion?
 Is _____ urgent action _____ equipment _____ of _____ network congestion?

_____ equipment _____ instead _____ network congestion.

Does the _____ a problem _____ the equipment _____ than just network congestion as _____ thus _____ prompt?

_____ these _____ really _____ rather than network congestion?

_____ mean _____ breakdown rather than _____ networks?

_____ is evidence _____ to _____ just network congestion.

_____ it possible _____ indications prompt _____ action for equipment _____ congestion?

Do these symptoms _____ rather _____ congestion, _____ immediate attention?

Is _____ provided signals _____ indication _____ faulty _____ instead of _____?

Does the _____ of _____ symptoms imply _____ it's _____ with equipment rather than _____ congestion _____ thought _____ prompt

_____ the _____ show _____ rather than network _____?

_____ equipment failure, rather than _____ congestion.

Does _____ presence _____ these _____ suggest that it's _____ a _____ with _____ rather than _____ network _____ was _____ before, _____

_____ these symptoms really _____ of equipment _____ congestion?

Will _____ of these _____ mean _____ hardware _____ instead of _____?

Is these symptoms _____ equipment failure, _____ network _____?

Is _____ seeing _____ of equipment _____ instead _____ a network issue?

Is it possible _____ we are seeing _____ opposed to _____ congestion?

Could _____ to hardware problems _____ congested networks?

Is _____ evidence suggesting equipment issues _____?

Does _____ presence _____ these _____ that _____ a problem _____ equipment, rather than a symptom _____ network _____?

How _____ demanded _____ failure is suspected instead _____ network congestion?

It's possible that equipment _____ the cause _____ the _____ to respond _____.

_____ this proof that _____ failure _____?

Is _____ possibility equipment _____ rather _____ congestion as previously _____?

_____ it related to _____ malfunction _____ of _____ traffic?

_____ equipment failure _____ symptoms _____ suggesting?

Could the presence of these _____ instead of _____ congestion?

Are these _____ indicating _____ breakdown _____ than _____?

Is there _____ of _____ equipment _____ rather than _____ problem?

Is _____ equipment _____ instead of _____?

_____ it call _____ attention _____ provided signals indicate _____ rather _____ network congestion?

_____ the issue caused by faulty _____ traffic _____?

Are _____ symptoms pointing to _____ failure _____ than _____?

_____ of equipment failure that require immediate intervention, _____ of _____?

_____ it possible that we are _____ equipment failure _____ than _____.

_____ the _____ failure indicated instead of _____ congestion _____ how _____ is _____ attention demanded?

_____ this _____ indicative _____ a problem with our _____ not _____ to _____?

_____ signs _____ indicate _____ than congested networks.

Is it _____ equipment malfunction _____ cause of _____ need a quick _____?

Are these _____ failure, _____ just network congestion?

_____ the _____ of _____ malfunction?

_____ the _____ of these symptoms signify a hardware _____?

Are _____ hardware breakdown _____ network _____?

_____ the _____ indicate a _____ equipment?

Is _____ due _____ than network jam?

_____ evidence _____ equipment _____ instead _____ congestion?

Do you _____ symptoms _____ indicative _____ failure, instead _____ congestion?

Can _____ symptoms signal _____ network _____?

____ signs ____ hardware rather than ____ ?
 It is ____ this ____ and not ____ traffic jam.
 ____ it possible that ____ seeing ____ equipment ____ here, ____ than ____ network congestion?
 Do ____ equipment ____ rather ____ network congestion?
 ____ symptoms are caused ____ faulty hardware ____ than ____ ?
 ____ failure ____ cause of ____ instead of network ____ ?
 ____ symptoms ____ failure, ____ network congestion.
 Does ____ failure necessitates ____ action?
 ____ possible that ____ is ____ equipment failure ____ than ____ traffic ____ in ____ compression.
 ____ the ____ prompt urgent action ____ equipment ____ instead ____ network ____ ?
 Maybe this ____ equipment ____ of ____ jam ____ the system?
 Do ____ think equipment failure ____ are ____ to?
 Do the symptoms ____ to ____ problem with ____ equipment, ____ ?
 Could ____ be signs ____ equipment ____ ?
 Could the ____ related ____ issue instead ____ congestion?
 ____ it ____ that ____ is ____ failure ____ traffic jam ____ the ____ compression?
 ____ these symptoms be caused ____ hardware ____ instead of ____ ?
 ____ this symptom ____ sign of equipment ____ network ____ ?
 Are ____ symptoms indicative of ____ failure ____ network ____ ?
 Does the presence of these ____ mean ____ a ____ rather ____ just network congestion ____ thought ____ thus
 Should ____ signals show faulty ____ network congestion?
 Are ____ indicative of ____ rather than congested ____ ?
 Is ____ there are ____ here ____ than simply network congestion?
 ____ these symptoms ____ of ____ malfunction ____ opposed to ____ ?
 These ____ point to equipment ____ not ____ expected.
 Do you believe there's a ____ issue ____ with ____ devices rather ____ networks, as ____ by ____ ?
 Is equipment failure, ____ network jam, ____ ?
 It ____ symptoms are ____ problem with our ____ not ____ to network ____ .
 Do the ____ suggest equipment failure, ____ network ____ suspected?
 Does the presence ____ symptoms imply ____ problem ____ rather than just ____ thought before, thus needs
 Is it ____ signs ____ equipment failure ____ requires immediate ____ ?
 ____ the presence of ____ mean a ____ instead ____ network ____ ?
 Are ____ indicating ____ network congestion?
 Was ____ more likely that ____ was ____ malfunction ____ slow ____ ?
 Can ____ indicate ____ equipment ____ ?
 ____ these ____ equipment malfunction ____ than a ____ jamming?
 Are ____ symptoms actually a sign ____ failure ____ congestion?
 Is it ____ we are seeing ____ equipment failure, ____ network ____ ?
 Is it more ____ malfunction ____ slow network?
 ____ these ____ indicative of ____ rather ____ a ____ problem?
 ____ the symptoms indicate ____ my ____ just ____ network congestion?
 Do ____ know ____ equipment failure is ____ of ____ .
 Could the ____ indicate ____ ?
 ____ there any indication that ____ malfunction ____ impediments calling for immediate ____ ?
 Might ____ hardware ____ rather ____ congested networks?
 ____ really showing up ____ these symptoms, ____ of ____ congestion?
 Does this ____ at the forefront, requiring ____ immediate ____ unlike ____ assumed ____ ?
 Is there evidence that ____ are ____ network ____ ?
 ____ these symptoms ____ equipment ____ ?

____ possibility equipment ____ instead of ____ congestion as ____ suspected, and how ____ attention demanded?
 ____ equipment failure suggested by these ____ network ____?
 ____ to ____ breakdown, instead of congested networks?
 ____ think ____ a ____ that the issue ____ devices instead of ____ networks?
 Are these ____ equipment failure, ____ necessary?
 Do ____ think ____ chance that ____ issue ____ devices, not ____ networks?
 ____ indicative ____ equipment failure ____ than congestion?
 Are ____ equipment malfunction ____ of ____?
 ____ these ____ pointing to equipment ____ congested ____?
 ____ failure ____ apparent than network ____ initially suspected?
 ____ they ____ failure ____ than ____ congestion?
 ____ related to a ____ instead of a network ____?
 ____ symptoms imply equipment ____ instead of network ____ attention?
 Does ____ evidence ____ equipment issues not ____?
 ____ treat ____ these symptoms over suspected network congestion?
 ____ symptoms ____ equipment ____ not network ____.
 Is ____ malfunction ____ symptoms than ____ jamming?
 ____ presence ____ these ____ imply that ____ actually a ____ with ____ equipment ____ just network ____ thought
 ____ so that
 Could these ____ mean ____ rather ____ network ____?
 ____ symptoms ____ a ____ of a ____ device ____ network issues?
 Are the ____ failure?
 ____ evidence ____ equipment issues ____ congestion?
 Is it ____ that ____ malfunction ____ the ____ these ____ instead ____ congested networks as ____?
 ____ equipment failure is ____ instead of ____ congestion, how quickly ____?
 Is it possible ____ symptoms ____ caused by ____ instead of ____?
 ____ the possibility ____ indicated instead of network ____ been ____?
 ____ more likely that ____ is ____ malfunctioning than that ____ network ____?
 ____ we ____ equipment malfunction suggestions over ____ congestion?
 ____ the ____ failure indicative of ____ more ____ network ____?
 Does the ____ of these ____ mean ____ it's ____ a problem ____ than ____ network ____ as ____ before, ____ need
 ____ there ____ chance of ____ equipment malfunction as ____ issue?
 Do ____ believe ____ symptoms ____ failure, rather ____ network congestion?
 ____ signs ____ a ____ problem ____ network ____?
 ____ it ____ symptoms ____ signs ____ equipment ____ instead ____ network congestion?
 Could ____ be caused ____ failure, not ____ congestion?
 Is the symptoms indicative ____ hardware ____ instead ____?
 ____ it possible ____ failure instead ____ network congestion?
 Is ____ likely that it is ____ than ____ network traffic?
 Is this ____ sign ____ than congested networks?
 ____ indicate equipment ____ rather ____ congested networks?
 ____ the possibility ____ failure indicated instead of network ____?
 Do ____ these symptoms ____ indicative of ____ failure ____ congestion?
 ____ the symptom ____ indicative of hardware ____ than ____?
 ____ the ____ signals call ____ immediate attention ____ they ____ rather than ____ congestion?
 ____ quickly is the attention ____ equipment failure ____ instead ____ congestion?
 ____ indicate ____ failed device or ____ issues?
 ____ the ____ these symptoms ____ it's a ____ with the equipment, rather than just ____ need prompt
 ____ signs pointing ____ breakdown?
 ____ call ____ attention ____ the signals indicate faulty devices ____ probable network ____?
 The evidence points ____ not ____ network _____.

_____ for _____ response because of the symptoms _____ hardware _____ over _____ overcrowding?

_____ you _____ there's a chance _____ the problem _____ with _____ congested networks?

Do you _____ there _____ chance that the _____ malfunctioning devices rather than _____?

_____ they _____ equipment _____ rather _____ network jamming?

Is it _____ equipment _____ is _____ causing these symptoms, _____ of _____?

Do _____ for _____ instead of network congestion?

_____ gear _____ causing chaos, _____ certainly not _____ so-called congestion?

_____ the presence of _____ symptoms _____ that it's _____ with _____ equipment, _____ network congestion as thought before, _____

_____ possible _____ seeing _____ of equipment failure _____ just _____ congestion?

Do you _____ is the cause of _____?

Is it _____ we _____ seeing _____ failure rather _____ just network congestion?

Do these indications _____ for _____ fault _____ of _____ congestion?

Are these symptoms _____ of _____ failure, _____ symptom _____ network _____?

Does _____ symptoms _____ failure or _____?

Do you believe _____ of equipment failure _____ congestion?

_____ these symptoms really _____ of network congestion?

_____ failure, not _____ what we are _____?

Does _____ presence _____ these symptoms _____ that it's _____ a problem _____ equipment _____ than _____ symptom of _____?

Is _____ indication _____ equipment _____ network _____?

Are these _____ equipment malfunction rather than a _____?

Is there _____ an _____ malfunction is _____ a _____ impediment?

_____ signs suggesting _____ breakdown _____ than _____ networks.

Is the possibility _____ equipment failure _____ as suspected?

Is it _____ cause for the _____ is equipment _____ congested _____?

Are _____ symptoms indicative _____ equipment failure instead _____ network _____?

_____ symptoms _____ be _____ failure instead of network _____.

Symptoms _____ indicate _____ failure, _____ of _____?

Is _____ likely _____ equipment malfunction rather _____ slow network _____?

Do _____ think the _____ related _____ failure _____ network congestion?

Maybe these _____ a _____ previous suspicions of network _____.

_____ the provided _____ suggest _____ devices instead _____ suggesting _____?

The symptoms _____ of _____ failure instead _____ network _____.

_____ seeing equipment _____ here _____ of just _____ congestion?

Does _____ requires immediate action?

Do _____ there's a chance _____ with malfunctioning devices, rather _____ networks, and _____ an urgent

Do _____ think there's _____ chance _____ is _____ to _____ rather than _____ networks after second _____?

Is it _____ be _____ than _____ network traffic?

_____ signs show hardware _____ trouble?

_____ possible _____ failure is not _____ of network _____ previously suspected?

_____ indicative of equipment _____ rather than _____ congestion.

Do the symptoms suggest _____ is _____ just network _____?

Does _____ presence of _____ that it's _____ problem with the _____ rather _____ congestion as thought _____ therefore

_____ we seeing signs of _____ rather than just _____?

_____ symptoms mean equipment failure rather than _____ congestion _____?

_____ evidence _____ equipment problems _____ network congestion?

_____ these indications prompt _____ for _____ fault instead of _____ congestion.

The _____ equipment _____ network congestion.

_____ observed symptoms _____ to a problem with _____ not _____.

Is the equipment failure _____ instead _____ previously suspected?

_____ signs might _____ instead of congested networks.

Are _____ symptoms signs of equipment failure _____ needed?

_____ these symptoms be hardware _____ rather _____?

Is it _____ equipment _____ of _____ congestion?

_____ these symptoms _____ of _____ failure instead of _____?

Does _____ indications prompt _____ equipment faults instead _____ congestion?

Is it possible that _____ symptoms _____ network congestion?

Is equipment _____ congestion, the _____?

_____ symptoms hint _____ equipment _____?

Could _____ symptoms be a sign _____ failure _____ than _____?

Is _____ forefront, _____ our _____ attention unlike _____ network traffic congestion?

_____ think there _____ a chance that _____ with _____ and not _____ networks?

Is _____ possible _____ we are _____ signs of _____ rather _____ congestion?

Could _____ related _____ failure, not network congestion?

Is _____ the _____ these symptoms instead _____ networks?

_____ a chance the _____ with _____ rather than congested _____?

Is _____ hardware breakdown over _____ overcrowding, requiring _____ response?

If _____ the signs of hardware problems _____ urgent _____ congested network wrong?

Could the presence _____ symptoms mean _____ is _____ issue _____ network congestion?

Is _____ implied _____ symptoms instead of _____ congestion?

Symptoms _____ indicate equipment _____ congestion.

Maybe _____ symptoms _____ of a _____ our devices _____ not due _____ issues?

_____ it possible _____ malfunction _____ the _____ of these symptoms, _____ we _____ respond _____?

Maybe _____ symptoms signify _____ problem with _____ not due to _____?

Do _____ there's a _____ that _____ issue lies with _____ devices _____ congested networks, _____ urgent _____?

_____ it possible _____ we _____ signs of equipment _____ just network _____?

Does the _____ symptoms suggest that _____ actually a _____ equipment rather _____ as thought before, _____ need prompt

Is _____ possible _____ the _____ are due _____ equipment _____ rather than _____?

_____ it _____ probable _____ is _____ malfunction _____ than slow network _____?

The _____ problems, rather than _____ networks.

Are _____ symptoms _____ equipment _____ rather than _____ congestion needing _____?

Is _____ of an equipment _____ as opposed _____ problem?

Is the _____ by _____ instead of _____ networks?

Do _____ symptoms mean _____ my equipment _____ not _____ network _____?

_____ is a chance that _____ an equipment failure, _____ of _____ traffic _____ system _____.

Does _____ evidence _____ equipment _____ instead of just _____?

_____ we treat the equipment _____ over suspected _____?

It's _____ these _____ are hardware problems _____ networks.

Do _____ point _____ a problem _____ my _____ just _____ network congestion?

Is it possible _____ indicative of equipment failure, _____ congestion?

Could _____ symptoms be _____ to _____ failure, _____ congestion?

_____ the symptoms more _____ equipment _____ than network _____?

Do _____ believe these _____ equipment _____ instead _____ congestion?

_____ these symptoms signal _____ of _____ congestion?

_____ the _____ signals _____ for _____ attention _____ they indicate _____ devices _____ of _____ congestion?

Is _____ these _____ is _____ malfunction rather than a problem with _____ networks?

Are _____ symptoms indicative _____ failure instead of network _____?

Do the _____ suggest _____ instead of _____ requiring _____ attention?

Does _____ if the _____ indicate faulty _____ instead of likely network _____?

_____ possible that the symptoms are _____ failure rather than _____?

____ we ____ signs ____ equipment ____ than merely ____ congestion?
 ____ you ____ there's ____ that ____ with ____ devices rather than congested ____ implying urgent resolution?
 ____ the evidence pointing ____ equipment issues than ____ ?
 Could ____ symptoms ____ failure?
 ____ these ____ of ____ malfunction, ____ a network jam?
 The ____ be caused ____ faulty hardware, rather ____ .
 ____ these ____ are indicative ____ failure, instead of network ____ ?
 ____ case rather than ____ networks?
 Is it possible ____ equipment ____ is ____ causes ____ congested networks?
 ____ symptoms show equipment failure ____ ?
 Is ____ failure is ____ the ____ network congestion as ____ thought?
 Do you think ____ a chance that ____ issue ____ devices, ____ networks, ____ it?
 It ____ that these symptoms ____ problems ____ than ____ .
 ____ the symptoms are ____ device ____ not network issues.
 Could ____ symptoms ____ a ____ issue ____ of network ____ was initially ____ ?
 Do ____ believe ____ symptoms point ____ failure, ____ of network ____ ?
 Does ____ presence of these symptoms ____ it's actually a problem ____ the ____ just ____ congestion ____ thought ____

 Is ____ equipment failure indicated ____ how much attention is ____ ?
 Are they ____ of ____ congestion?
 ____ indications ____ equipment ____ rather ____ congestion?
 If ____ the symptoms ____ hardware ____ requiring ____ attention, was ____ congested network incorrect?
 ____ it ____ that we ____ signs ____ equipment ____ rather ____ network congestion.
 ____ prompt immediate ____ for equipment ____ instead of network ____ ?
 The ____ might ____ urgent ____ equipment faults instead ____ congestion.
 ____ be signs of ____ ?
 Do the ____ failure ____ to network ____ ?
 Is these ____ indicative ____ instead of ____ jamming?
 ____ these symptoms ____ to ____ problems, ____ than congested ____ ?
 Is ____ that these symptoms indicate equipment failure ____ ?
 ____ it ____ equipment malfunction is the cause ____ symptoms, ____ need ____ quick ____ .
 Symptoms ____ failure rather than ____ .
 ____ presence ____ symptoms ____ it's actually a problem with the equipment ____ than just ____ congestion ____
 ____ ?
