

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Water pressure and flow issues
Inquiry Sub-Category	Fluctuating Water Pressure
Description	Customers notice inconsistent water pressure that alternates between high and low levels. This may be attributed to problems such as water main breaks, valve malfunctions, air pockets in the pipes, or excessive demand during peak usage times.
Data Size	5,193 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

____ you ____ ____ ____ wee ____ take too minimize fluctuations ____ ouur wateer ____?

____ strategies to ____ ____ pressure?

____ ____ any advice to limit ____ ____?

____ ____ the variable ____ pressure?

Can ____ provide measures to ____ ____ in ____ ____?

____ you ____ ____ ____ about stabilizing ____ water pressure?

Does ____ have ____ suggestions ____ stabilizing ____ ____?

Measures to minimize ____ ____ ____ ____ can be ____

 Is there ____ recommend ____ managing ____ flow?
 ____ measures ____ the unstable water ____ ?
 ____ anyone give ____ on how to control ____ watees?
 Can anyone ____ any ____ about ____ alterations ____ the watees?
 Should ____ recommend reducing ____ ?
 ____ point ____ ways to ____ sudden ____ in wateers?
 What ____ do ____ reduce variations in ____ ?
 ____ you ____ me how ____ our water pressure ____ ?
 ____ need any ____ ways ____ control sudden alterations in ____ .

_____ anyone provide suggestions _____ how to _____ our water?

Any suggestions _____ to _____ Water _____?

_____ anyone _____ to _____ sudden alterations _____ the water?

Is there a _____ fluctuations in the _____ supply?

_____ can _____ to _____ fluctuations in _____ water system.

_____ can _____ do _____ keep our _____ stable?

_____ with _____ water pressure _____?

What _____ be _____ to control spikes _____ water _____?

Any suggestions _____ pressure _____?

_____ to _____ water pressure levels?

Suggestions for the _____ fluctuations?

_____ recommendations on _____ pressure?

_____ need ideas _____ water _____ fluctuations.

_____ it possible for anyone _____ ways _____ control _____ alterations in _____?

_____ what to do _____ decrease water _____.

_____ suggest _____ way to _____ our water _____ fluctuations?

_____ there _____ prevent water _____ changes?

_____ for _____ adjustments?

_____ ways to control the _____?

_____ you have _____ suggestions _____ stable _____?

Is there a _____ changes in our _____?

How _____ intatilityin _____?

_____ a recommendation _____ out the _____ pressure?

_____ anyone give me any suggestions _____ how _____ the watees?

_____ a way to control sudden _____ prssuree?

_____ to lower water _____?

_____ you _____ for stabilizing _____ pressure.

Suggestions for _____?

Does anyone _____ any _____ controlling sudden alterations _____?

_____ way _____ control the sudden _____ in our water?

Can you offer _____ to _____ less _____?

_____ about _____ pressure swings?

Can you _____ for _____ pressure _____?

_____ on _____ water pressure changes.

Is _____ possible _____ reduce _____ in _____?

Any suggestions _____ to _____ the water _____ stable _____?

_____ you _____ me suggestions for _____ pressure?

_____ make water _____ variations?

Is _____ way to _____ in water _____?

_____ on how _____ water pressure changes _____?

Can anyone _____ to control sudden _____ water?

How _____ we limit _____ water _____?

Can anyone _____ methods _____ preventing sudden _____ in _____?

_____ stabilizing _____ water pressure?

Is there _____ you _____ do to _____ variations _____ water _____?

Is _____ any _____ can suggest _____ stable water _____?

Does _____ of ways _____ sudden alterations in the _____?

_____ you _____ us _____ stabilizing water _____?

Any ideas to _____ our _____?

_____ you _____ minimize _____ pressure _____?

Can _____ ways to prevent _____ in _____?

_____ you _____ anything _____ limit variable _____?

Recommendations _____ leveling _____ the _____?

_____ possible for you to minimize _____ pressure?

Can anyone give _____ on _____ sudden alterations in _____?

How _____ we reduce _____ ups and downs _____?

Is there _____ how to prevent _____ flow?

_____ regarding limiting _____ pressure _____.

Suggestions _____ decrease fluctuations _____?

_____ you have any _____ fixing the water _____?

_____ there _____ on how to _____ surge in water _____?

Is there _____ do to _____ water _____ inconsistencies?

_____ can you _____ in _____ water system?

_____ suggestions _____ to stabilization _____ pressure?

I _____ to know _____ anyone has any suggestions for _____.

There _____ any ideas _____ reducing _____?

_____ for _____ water pressure stable?

_____ are the _____ for managing _____ in water flow?

_____ on _____ decreasing water _____ inconsistencies?

_____ we _____ water pressure _____ more _____?

_____ to minimize _____ pressure changes?

Recommendations _____ how _____ level out _____?

Any suggestions _____ how to _____?

_____ suggestions on how _____ water _____?

Can you give _____ suggestions _____ water _____?

Any recommendations _____ trying _____ fix _____?

_____ there anything I can _____ prevent water _____?

Can _____ measures to _____ variations _____ pressure?

_____ to suggest ways to reduce _____ in the _____?

Reducing _____ in _____ pressure, _____?

_____ I _____ the water pressure _____?
