

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Auto Repair and Maintenance Shops |
| Inquiry Category | Brake pedal feels soft or spongy |
| Inquiry Sub-Category | Brake master cylinder issues |
| Description | Customers may inquire about possible problems with the brake master cylinder, which can cause a soft or spongy brake pedal. These inquiries involve inspecting the master cylinder for leaks or internal malfunctions and providing the necessary repairs or replacements. |
| Data Size | 7,046 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ check _____ in my car's _____ including the _____ cylinder?

Can you _____ a _____ and master cylinder?

_____ you check _____ car's brakes _____ cylinder?

_____ check for _____ or _____ cylinder leaks?

I need _____ my vehicle's braking system _____.

_____ know if _____ could check _____ my _____ brakes and master _____.

_____ it possible to _____ car's brakes if _____ any _____?

I _____ like _____ inspect _____ cylinder _____ my car _____ any _____ leaks.

Someone _____ master cylinder and _____ system _____ leaks.

_____ like to look at _____ for _____?

The master _____ my _____ should _____ inspected _____ potential _____.

_____ you know _____ can check _____ and _____ cylinder _____ leaks?

Is _____ if I request _____ brake system and the master cylinder?

_____ there _____ issue with _____ brakes or _____ cylinder of _____?

Is it possible _____ check _____ especially _____ master _____?
