

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Vehicle complaints and quality concerns
Inquiry Sub-Category	Brake System Defects
Description	Customers express concerns about brake failure, unusual noises, or reduced braking performance, which pose serious safety risks and require immediate attention.
Data Size	9,941 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

Is reduced _____ indication of _____ defect in _____ brake _____?
 _____ much _____ action; maybe _____?
 _____ a _____ in the brake system that causes _____ to _____?
 _____ power _____ because there is _____ defect _____ the _____ system?
 _____ brakes _____ out possible _____ in _____ mechanism
 _____ brake system can _____ linked to _____ braking efficacy.
 _____ that weak braking is _____ system _____.
 _____ show potential _____ with the _____?
 _____ suggest problems?

Reduced braking _____ be _____ brake _____.
 Is it possible _____ could be _____ sign _____ braking _____?
 _____ at a _____ in the system.
 Is lack of _____ at brake _____?
 _____ could mean _____ problem?
 Might the _____ point _____ due to faulty _____?
 _____ there _____ problem with _____ brakes _____ causes my _____ power _____?
 _____ drawbacks _____ from the imperfect _____?
 Can a _____ system _____ inferred _____ brakes?

Is _____ braking efficiency a _____?
 _____ weak _____ an indication of _____ wrong _____ my _____?
 _____ reduced brake _____ tell you _____ are _____?
 _____ poor braking _____ sign _____ brake _____?
 _____ poor _____ be _____ defect sign?
 _____ lousy _____ a symptom _____ any problems _____ system?
 _____ diminished brake power evidence _____ there _____?
 Is poor braking _____ to _____ flaw _____ system?
 Reducing _____ performance is _____ indication _____ a flaw _____.
 _____ is indicative _____ a _____ in _____ brakes.

Is a decrease _____ indicative _____ defects _____ the brake _____?

Does a _____ braking effectiveness _____ anything _____ the _____ system?

_____ diminished braking _____ that _____ malfunctioning?

Is _____ power bad _____ a defect in the _____.

_____ reduced braking _____ a _____ a _____ in the _____ system?

_____ the _____ stopping power related _____ _____?

A _____ drawbacks sign _____.

Reduced braking _____ mean _____ defect.

_____ weak _____ an actual problem?

The lack of braking _____ brake defects.

_____ a sign of a _____ brake system?

Does _____ mean _____ defect?

Weak _____ hint _____ a _____ problem.

_____ stopping ability due _____ flawed _____?

_____ it _____ that the _____ system has _____ flaw?

Is my stopping _____ defect in _____ system?

Is _____ braking power _____ sign _____ in the _____?

Is there a _____ between _____ power _____ defects?

Is _____ defect?

Defective _____ with _____?

_____ may indicate an _____.

_____ the _____ a result of _____?

_____ hint at a _____?

_____ brakes show _____ problem _____ my _____?

The _____ may _____ compromised _____ flawed _____

There could _____ because _____ lacking braking _____.

_____ Brakes, indicative _____ flaw?

Is _____ brakes a _____ problem with the _____?

Is it _____ that _____ be a _____?

_____ my _____ is that due to _____ in the brake _____?

_____ a decrease in _____ due _____ fault in _____ brake _____?

_____ diminished _____ suggest a _____?

Is there a decrease _____ to potential _____?

It _____ lack of braking effectiveness _____ indicative _____ defects.

_____ brake performance indicate _____?

Is _____ indicative _____ flaws?

Is _____ power _____ there is _____ problem?

Is _____ brakes _____ of _____ in the _____?

_____ the reduced _____ a _____?

_____ diminished _____ suggest that _____ are faulty brakes.

_____ a sign of _____?

Is it _____ of a _____ in the _____ system that _____?

_____ stopping _____ to a _____ with my brake _____?

_____ could _____ sign _____ the flawed _____.

Is _____ concern that _____ brakes _____ efficiently?

_____ are signs of trouble inside _____ system.

It could _____ a problem _____.

Is reduced _____ a _____ that the system _____?

_____ braking efficacy _____ potential defects _____ the _____ system.

I _____ had _____ action, _____ malfunctioning _____?

Weak _____ an _____ problem?

_____ braking _____ towards any _____ with the _____?

Weak _____ might _____ a _____.

_____ reduced brake _____ issues in the system?

Does _____ braking _____ there's _____ wrong _____ my system?

_____ brake _____ are _____ faulty?

_____ could be indicative _____ brake _____.

Poor _____ mean trouble with the _____.

Is it _____ sign the _____?

_____ want to know _____ braking means _____ faulty brake _____.

Is _____ power a sign _____ brakes _____?

Reduced _____ at problems _____ the _____.

Is it _____ that impaired breaking _____ with _____?

Is the reduced _____ out _____ the _____ mechanism?

_____ lack _____ effectiveness _____ at defects.

_____ reduced _____ performance _____ indication of _____ problem _____ brake system?

Is _____ brake system _____ when performance drops?

Does a _____ effectiveness mean _____ problem _____ brake _____?

_____ sign of _____ flawed system?

_____ brake system may have _____ are _____ efficacy.

I wonder _____ breaks are to _____ compromised _____.

Is _____ decreased _____ a _____ of _____ wrong _____ the _____?

_____ braking power telling _____ about possible defects _____?

There _____ a _____ glitch in _____.

_____ lack of braking effectiveness _____.

_____ indicate possible defects.

Is poor _____ indicative _____ within the brakes _____?

I wonder _____ braking means _____ with my _____.

_____ a _____ brake _____ cause of poor brakes?

_____ signal _____ in the _____?

_____ a defect in the _____ causes my stopping power _____?

Is _____ damaged by _____?

_____ braking is _____ a bad _____?

_____ that a _____ defect _____ brake system is related _____ decreased stopping _____.

_____ that indicative of _____ problem _____ the _____?

_____ could be a problem in the system _____.

Does poor _____ the brakes?

_____ a brake _____ defect implied _____?

_____ that the brake system _____?

Is _____ down _____ a problem _____ the brake _____?

_____ braking mean a _____ in _____?

_____ there _____ chance _____ have lousy _____?

_____ it _____ sign _____ the brakes _____ malfunctioning?

Problem with _____ signal _____ system?

Is poor _____ efficiency _____ sign _____ potential _____?

Is _____ braking _____ of brake _____?

Does reduced brake _____ system?

_____ be brake _____ of braking effectiveness is _____ clue.

_____ brakes _____ of _____ within the _____?

_____ there _____ flaw in _____ brake _____?

_____ the _____ of the _____ pointing to _____ problem?

Is _____ a _____ of _____ brake _____?

_____ in braking effectiveness _____ are _____ the brake system?

Is _____ a sign _____ a _____?

Is it possible _____ the stopping _____ be compromised _____?

_____ issues with the system _____ indicated _____ braked.

Think _____ could indicate an _____?

_____ possible _____ my brake _____ might _____ the _____ for _____ stopping power.

_____ diminished brake power _____ a _____ with the brakes?

_____ mean there's a problem _____ my _____?

Could the _____ of brake _____ indicative of _____?

_____ the _____ braking capability _____ flaw in _____ system?

Weak brakes _____ possible _____?

_____ problem _____ the brake system?

_____ there _____ hint at _____ defects of _____?

_____ brakes _____ defects?

Poor stopping abilities _____ indicative _____ brakes system.

_____ the decreased _____ power _____ to a _____?

Reduced braking _____ a flaw.

Is _____ brakes _____ sign _____ brake system _____?

Do reduced _____ about _____ system?

Does _____ brake performance _____ is wrong _____ the _____?

Is _____ braking _____ malfunctioning brakes?

_____ braking mean _____ in _____ brake system?

_____ bad _____ power a _____ of _____?

_____ performance may be an indication _____ defect.

_____ braking _____ there are problems with the _____?

Is it possible that _____ faulty brake _____ braking?

_____ it _____ decreased braking _____ a defect in _____ brake _____?

_____ system defect because _____ decreased braking?

Is weak brakes a _____?

_____ power _____ to problems in _____ brakes?

Think weak brakes _____.

_____ I need _____ be _____ about _____ braking capacity _____ an _____ with the _____?

_____ is _____ of braking effectiveness hints _____ defects.

Do faulty _____ something _____ the brake system?

_____ diminished brake _____ an _____ that the _____ faulty?

_____ a sign _____ a problem _____ the system?

Can _____ rise to _____ brake system _____?

Is _____ that _____ faulty brake _____ perchance?

_____ there _____ decrease _____ braking _____ indicative of a _____ in _____?

_____ an indication of _____ system _____?

_____ bad _____ system sign?

_____ decreased _____ power _____ of malfunctioning brakes?

Is it _____ effectiveness could hint at _____?

Is a lack _____ braking _____ of _____?

Weak _____ may _____ defects.

_____ have great _____ action; _____ brakes.

Does _____ braking _____ problem?

_____ the _____ a _____ of something?

Is ____ a ____ of brake ____ ?

Is ____ brake performance ____ problems?

____ a decrease ____ effectiveness ____ there is ____ the brake ____ ?

____ weaker brakes ____ the system?

Does ____ show ____ the system?

____ it ____ that ____ capabilities are ____ sign of ____ brakes?

____ poor braking efficiency ____ ?

____ braking point ____ the ____ system parts?

Does ____ brake ____ the system?

Is ____ a ____ in the brake ____ my ____ to suck?

____ there isn't ____ malfunctioning brakes?

____ flaw in system?

____ less ____ power a ____ of ____ problem?

____ brake ____ a ____ it's malfunctioning?

Can ____ reduced braking ____ ?

Does ____ my ____ are bad?

____ reduced ____ a problem with my ____ ?

____ stopping ____ indicate trouble with ____ system.

Is ____ braking ____ a sign that ____ is ____ ?

Is reduced brake ____ an ____ there ____ problem?

____ braking power mean ____ brake issue in ____ ?

Is ____ of ____ brake problem?

____ you tell ____ if screwed-up ____ means ____ bad ____ ?

Reduced brakes ____ be ____ in the ____ .

____ that weak ____ indicate a ____ ?

Bad brake power ____ a ____ with ____ brakes.

Is reduced ____ indicative ____ system ____ ?

____ you tell ____ messed-up braking ____ faulty system?

Is ____ problem ____ there ____ braking?

____ braking point ____ any problems ____ the ____ system?

Does ____ stopping seem ____ indicate ____ with ____ brakes?

Does poor braking point ____ with ____ ?

____ it possible ____ brake effectiveness hints ____ brake ____ ?

____ decreased braking a sign ____ ?

The ____ effectiveness ____ slowing ____ sign ____ a troubled setup.

____ could ____ an ____ problem?

____ abilities ____ trouble in the brakes system.

There ____ chance ____ ability to ____ points towards ____ brakelines.

Can poor brakes ____ a ____ ?

Is ____ possible ____ reduced braking is ____ defect?

____ there ____ defect in the ____ that leads ____ my ____ power ____ ?

Does ____ performance show ____ system ____ ?

____ indicative of brake ____ ?

Is ____ brake ____ an indication ____ with ____ system?

____ flaws in ____ system, do reduced ____ hint ____ ?

Bad ____ sign ____ a problem.

Is it a ____ in the brake ____ ?

Can reduced ____ capability show an ____ system?

____ may ____ fault ____ brake mechanism.

Is ____ decrease in ____ a sign ____ brake system ____ ?

____ reduced ____ an indication of ____ the ____?
 ____ sign the brakes are bad?
 ____ brakes ____ flaw in the brakes.
 Is ____ power signalling ____ in my car?
 The poor ____ could ____ defect.
 faulty brakes ____ stopping ____.
 Can ____ braking ____ broken brake ____?
 ____ say something ____ my brakes?
 Can an ____ defect ____ seen ____?
 Is ____ stopping ability because ____?
 The lack ____ could indicate ____ problem ____ brakes.
 ____ reduced ____ performance mean something ____ the system?
 ____ is ____ decreased ____ power ____ related to ____ defect in my ____ system.
 Reduced ____ indicative ____ a ____ in the ____ system.
 Is ____ of a ____ flaw?
 ____ brakes ____ a flaw ____ the ____.
 ____ brake power an indication ____ with ____ brakes?
 ____ lousy braking ____ to ____ with ____ brake system?
 ____ a ____ that ____ brakes are ____?
 ____ brakes ____ drawbacks ____ from ____ imperfection?
 The brake system ____ defects ____ decreased braking ____.
 ____ think weak ____ indicate ____ problem?
 ____ system deficient?
 ____ it ____ with the brake?
 ____ imply a system ____.
 ____ the ____ efficiency ____ sign of ____?
 Does anyone ____ if ____ braking means ____ brake ____?
 Could the ____ problem ____ the ____?
 ____ brakes signaling ____?
 Poor stopping ____ malfunctioning ____?
 Weak brakes ____ problem?
 Do you think it ____ brake ____?
 When braking ____ drops, is it ____ system ____?
 Does a ____ braking effectiveness suggest ____ problem ____?
 ____ may ____ in the system.
 There could ____ problem with ____ braking.
 Reducing the ____ of ____ brakes ____ an ____ of a ____.
 ____ brakes ____ mean ____ power.
 Is ____ a ____ of something ____?
 Reduced braking ____ in ____ brakes.
 ____ possible ____ there are ____ from the brakes?
 Are ____ brakes a ____ is ____ with ____ brakes?
 ____ brakes ____ issues with ____ system?
 Haven't got ____ action; ____ malfunctioning ____?
 Reduced ____ possibly ____ of ____ flaw?
 ____ braking point to any ____?
 ____ brakes may be the reason ____ power.
 Is reduced ____ due ____ the ____?
 Is ____ brakes a ____ system is ____?
 Does ____ poor ____ point to any ____ brake ____?

Could _____ with the brakes?

_____ braked indicative of _____ with the _____?

Do _____ mean _____ brake system _____?

Is _____ decreased _____ to a _____ with my brake _____?

_____ could _____ actual problem.

_____ a decrease in _____ effectiveness imply a _____?

_____ a correlation _____ poor _____ efficiency _____ brake issues?

_____ it possible that _____ skills are a _____ faulty _____?

Is _____ possible _____ braking _____ leads to brake _____?

Is _____ an _____ of _____ with _____ system?

_____ poor _____ an _____ brake problems?

Weak _____ indicative of _____?

Is _____ an _____ defect is within _____ system?

Think _____ weak _____ might _____ problem?

The _____ have _____ brake imperfection?

Do _____ mean _____ brake system _____?

_____ brake _____ point to _____ in _____ system?

Is impaired _____ a fault _____?

_____ braking _____ a _____ in the _____?

_____ braking suggest a _____ defect?

_____ brakes might _____ in _____ system.

Is it _____ there _____ a _____ in _____ system that _____ power _____?

Are _____ blame for _____ ability?

The _____ braking might mean _____.

Is _____ evidence of a _____?

_____ action; malfunctioning _____?

Does _____ braking _____ a _____?

_____ it _____ sign that something is _____ in _____?

Weak _____ might _____ of _____.

The _____ be _____ due to _____ system _____.

Is there _____ in the brake _____ my stopping power _____?

_____ reduced _____ problems _____ the system?

_____ sign _____ brake system problems?

Is _____ possible _____ means a faulty _____ system?

_____ system affected by lousy _____?

Is a brake system _____?

_____ effectiveness while slowing _____ is a _____ troubled setup.

There could _____ a _____ with _____.

_____ a _____ problem _____ by _____ braking?

Is it indicative _____ brake problem _____?

_____ power a _____ malfunctioning brakes?

Potential _____ brake system are suggested _____ decreased _____.

There _____ chance _____ less ability _____ toward defected brakelines.

Poor _____ abilities _____ suggest _____ the _____ system.

Reduced brakes _____ be _____.

_____ the _____ than _____ are _____ issues with the system?

Is diminished brake power telling _____ are _____?

Problems _____ the _____ system?

Is it _____ breaks that _____ ability is _____?

_____ is _____ a system problem.

Is it a ____ of ____ with the ____ that ____ power ____?

Is reduced ____ of flaws ____ the ____?

____ braking ____ sign ____ my ____ isn't working?

Reduced ____ may ____ an indication ____ a ____.

Do ____ brakes ____ problems ____ the ____?

____ the diminished ____ sign that the ____ bad?

Weak ____ could ____ a ____.

Can ____ braking hint ____ brake ____?

Is ____ related to flaws ____?

Is ____ an indicator ____ a problem ____ brake ____?

____ lousy braking point to ____ brake system?

It ____ that ____ breaking ____ fault ____ the brakes.

Is ____ decreased stopping power ____ possible ____ my ____ system?

The ____ suggest trouble ____ the brakes ____.

____ can be a sign ____ brake ____ defect.

____ a faulty brake ____?

Is there a decrease ____ to defects ____ brakes?

Is ____ point diminished because ____?

I don't ____ need ____ worry about the ____ suggesting ____ issue with the ____.

____ the brakes ____?

Is ____ possible ____ has an underlying defect?

Is ____ sign of ____ brakes?

____ reduced ____ a problem?

____ stopping ability ____ a flawed ____?

Can ____ confirm that ____ faulty brake system ____ means?

Is ____ a ____ of ____ problem ____ brake system?

____ are questions ____ whether poor brakes are ____.

____ reduced ____ at a problem in ____?

____ we confirm if screwed-up ____ means ____ brake ____?

____ in ____ a ____ my system is malfunctioning?

____ could ____ a ____ of possible ____.

Does poor ____ there are ____?

Is ____ issue with the ____ a result ____ lower braking ____?

____ drawbacks sign ____ brakes?

____ weakness of ____ brakes ____ something ____ wrong?

Alright...low ____ major brake ____?

____ inferior ____ abilities a ____ bad brake?

Could ____ braking ____ a ____?

Reduced brakes, indicative ____ problem ____?

Poor ____ be the result ____ a ____ in ____ system.

____ there ____ in the brake ____ that ____ stopping power ____?

____ of a flaw in ____?

Reduced braking ____ is ____ indication ____ in the ____.

____ there a ____ there ____ weak braking?

Weak ____ might ____ possible ____.

____ a ____ in ____ suggesting a problem?

____ possible ____ could be a sign ____ inferior ____ abilities?

Poor ____ indicative of problems within the ____.

____ wonder if bad ____ power ____ sign of ____ issue with ____.

____ tell ____ messed-up brakes mean a ____ brake system?

_____ brakes may _____ the brake mechanism.
 Is it _____ inferior _____ could be _____ sign _____?
 Is poor _____ to a _____ brake system?
 Is _____ indicative of _____ defects in _____ brakes?
 There is _____ of _____ in the _____.
 Can _____ braking mean _____ system _____?
 Do _____ the lower braking capacity suggesting _____ issue with _____?
 Can reduced _____ imply _____ system?
 _____ braking make a _____?
 _____ stopping _____ because of _____ brakes?
 A _____ in _____ could _____ the _____.
 _____ a _____ effectiveness _____ problems with the _____ system?
 Can _____ confirm _____ the messed-up _____ a _____ brake _____?
 Is _____ brake defect _____ of _____?
 _____ great _____ but malfunctioning brakes?
 _____ possible that lack of braking effectiveness _____ at _____?
 Does _____ brake _____ there _____ problems in _____ system?
 Does _____ brakes _____ problem?
 Does bad braking point _____ issues _____?
 _____ braking mean a _____ in _____?
 Does reduced brake _____ fault _____?
 Is _____ a _____ of _____ the brakes?
 Is _____ sign of possible _____?
 Does _____ braking mean _____ malfunctioning _____?
 Could the _____ problem?
 Does reduced _____ mean there _____?
 _____ brakes _____ be related _____ defects.
 Is the _____ braking _____ a _____ of _____?
 Is _____ defect _____ the brake _____ causes my stopping power _____?
 Do _____ weak brakes _____ real _____?
 _____ ability to _____ points _____ brakes?
 Think _____ might _____ a _____?
 _____ brakes could _____ a brake _____.
 Is _____ an issue with _____?
 Weak _____ might _____ of _____ defects.
 _____ weak brakes _____ indicate _____?
 _____ there any _____ the _____ system _____ lousy braking?
 Is _____ related to _____ brake _____?
 _____ it _____ of faulty _____ that inferior braking _____ are _____?
 Is _____ brake power _____ of _____?
 _____ braking mean _____ brakes _____ malfunctioning?
 Does _____ in _____ effectiveness _____ there are issues _____ brakes?
 _____ mean _____ there is _____ the brake system?
 Reduced _____ that _____ problem?
 faulty _____ could _____ weaker _____
 _____ decreased _____ of _____ brake defect?
 Is poor brake _____ a _____?
 _____ stopping _____ signs of trouble _____ the brakes _____.
 _____ reduced _____ a brake system _____?
 _____ wonder _____ a possible defect _____ my _____ is _____ to a _____ power.

If _____ stopping _____ because of _____ in the brake system?
 _____ braking _____ to _____ system problem.

Is _____ a sign that the brakes _____?
 _____ my stopping power _____ because _____ a flaw in _____?
 _____ power poor _____ of _____ brakes?

Does _____ braking indicate _____ malfunctioning?

Is _____ of _____ brakes?

Is it _____ screwed-up brakes _____ faulty _____?

Does _____ brake _____ you _____ there is _____ problem?
 _____ reduced stopping power _____ to _____ defect _____ my _____ system?
 _____ braking could be the _____.
 _____ performance _____ of a _____ with the brakes?

Is _____ indicative of _____ of _____ brake _____?

Reduced _____ performance _____ indication _____ possible problem _____ the brake _____.
 _____ a _____ brake _____ mean _____ are problems _____ the _____?

Is inferior _____ a _____ faulty _____?

Does the _____ braking _____ mean _____ with _____ brakes?

Is _____ brakes a _____ that my _____?
 _____ braking _____ a _____ in _____ brake system?

Is _____ a decrease in _____ suggesting a _____ in _____?

Is _____ a correlation between diminished braking _____ and _____ in _____?
 _____ might _____ out _____ the brake mechanism.
 _____ breaking _____ fault with the _____?
 _____ reduced _____ capability _____ an underlying _____?

I _____ if _____ braking _____ brake system defect.

Is _____ that _____ of braking _____ be _____ of _____ defects?

Poor stopping abilities _____ at trouble _____ entire _____.
 _____ brakes _____ be a _____ a _____.
 _____ brakes may _____ possible problems in _____ brake _____.

Can reduced _____ problem?

Reduced _____ indicative of a _____?
 faulty brakes _____ stopping _____.

Is _____ brake performance _____ a fault _____ system?

Could _____ brake _____ the brakes are malfunctioning?
 _____ there _____ decrease _____ braking power pointing _____ malfunctioning _____?
 _____ brakes _____ a sign that _____ is malfunctioning.
 _____ inferior _____ be _____ of _____ brakes?
 _____ the decrease _____ braking suggest _____ with _____ brake?

Is it possible that diminished _____ there _____ problem?
 _____ brakes could _____ indication _____ in the system.

Is _____ indicative of _____ problems when _____ down?

Does _____ toward any _____ the brake system?

Does _____ braking mean _____ is _____ my system?
 _____ effectiveness _____ sign of fault in the _____ system?
 _____ is a _____ that _____ defect _____ brake _____ is related to _____ stopping _____.
 _____ point _____ by _____ system parts?

Does _____ brakes _____ a _____?
 _____ weak _____ indicative _____ defects?

Does _____ braking _____ to a _____?
 _____ weak braking _____ something is wrong _____

Is there _____ correlation _____ braking efficacy and potential _____ the _____?

Is it _____ that _____ up brake _____ faulty one?

faulty _____ might be to blame _____ the _____.

Reduced braking _____ could _____.

_____ possible _____ there are faulty brake _____?

There _____ braking, _____ of a _____?

_____ is possible _____ of _____ effectiveness _____ a sign of brake _____.

Do you _____ brakes - signal _____ the _____?

_____ of _____ effectiveness a _____ brake defects?

Does bad braking mean _____?

Is poor brakes _____ defect in _____ system?

The brake system _____ defects that _____ suggested _____ reduced _____.

Is _____ power _____ because of _____ brakes?

_____ braking performance _____ is a problem _____ the brake _____?

_____ braking _____ there's something wrong _____ system?

Is screwed-up braking _____ brake system?

_____ poor _____ show problems?

_____ in _____ mean that the system _____ malfunctioning?

It is possible _____ the lack _____ hints _____ defects.

_____ is possibly _____ glitch _____ brakes.

_____ braking show something is wrong _____?

_____ the _____ malfunctioning and causing _____?

The _____ of a brake _____?

Reduced brakes are indicative _____ flaw _____?

Reducing _____ performance _____ brakes is an indication _____ a _____.

_____ problem in the _____?

Weak _____ possible defects.

_____ the _____ of _____ effectiveness hint at _____?

Did _____ any potential defects in the brake _____?

Is _____ problems in the _____ system?

Does a _____ in braking _____ problems with the _____?

_____ drawbacks _____ malfunctioning brakes?

Do _____ brakes hint at _____ system?

There _____ possibility of _____ in _____ brakes

_____ got great _____ action, _____ the brakes _____?

Is _____ of _____ system problems _____ performance drops?

Is a decrease _____ effectiveness _____ fault _____ the brake system?

Do _____ it is indicative _____ brake _____?

Does worse-than-usual _____ a _____?

_____ may _____ problems.

_____ my _____ power _____ because _____ is _____ the brake system?

_____ a _____ braking _____ suggest a _____?

_____ of _____ brake issue in my car?

There are _____ drawbacks _____ the imperfection _____ brakes.

Is _____ possible that _____ are a _____ of inferior _____?

_____ breaking _____ fault with the _____?

Is _____ braking abilities _____ that the brakes _____?

I wonder _____ decreased _____ related to _____ in my _____ system.

_____ diminished brake _____ bad _____?

_____ a system defect sign.

_____ a sign _____ a problem?

_____ sign of faulty _____ is inferior _____.

Can _____ suggest a flaw in the _____?

_____ poor _____ hint at _____ entire brakes system.

Is the brakes _____ of something _____?

Do _____ braking mean _____ is not _____ my _____?

Is _____ in the brake _____?

Is _____ decreased braking power and possible defects _____?

Reduced brakes _____ pointing out possible _____ brake _____.

Does _____ decrease _____ braking effectiveness _____ brake system is _____?

Is _____ braking power _____ brake _____?

Can a _____ system defect _____ by _____?

_____ decreased _____ indicate a _____ with the _____?

Reduced _____ pointing _____ possible problems _____ the _____.

_____ stopping _____ could _____ with _____ brakes.

_____ if _____ are _____ signal flaw in _____ system.

_____ think weak brakes _____ indicative of _____?

_____ are _____ it could be _____ problem.

A possible _____ from a _____.

Weak _____ mean _____ system _____.

The _____ of _____ might be indicative _____ brake _____.

Can _____ screwed-up brakes mean a faulty _____?

Is _____ sign _____ the brake system _____ malfunctioning?

Is poor braking due _____ system?

Is _____ of brake system problems _____ the _____?

Does a _____ in brakes effectiveness mean _____ with _____?

Do reduced brakes _____ any _____?

So...low _____ can _____ a major _____?

Does the lower _____ capacity _____ brakes themselves?

_____ at issues?

Is _____ braking abilities are _____ malfunctioning brakes?

Can _____ be _____ problem _____ the _____ system?

_____ something is wrong with _____ system?

_____ sign _____ a flaw in _____ brake _____?

_____ weak braking a _____ something _____?

Does _____ decrease _____ effectiveness mean _____ system is _____?

_____ it _____ indication of _____ bad _____?

Is bad _____ of _____ ones?

Is _____ brake _____ due to _____?

_____ sign of trouble in _____ system?

Can decreased _____ mean _____ brake _____?

_____ bad _____ system a _____?

Is it _____ that my brake _____?

_____ braking efficiency suggests something?

Is _____ braking a sign _____?

_____ a problem _____ brakes in the system.

_____ that there's _____ faulty _____ setup.

_____ that a _____ effectiveness is indicative of brake _____.

_____ the _____ with the system?

Is reduced brakes _____ the system?

_____ point be diminished due _____ system parts?

I wonder _____ decreased _____ power _____ to _____ malfunctioning _____ system.

_____ braking _____ a sign _____ brakes?

_____ braking performance _____ of _____ flaw _____ brake system?

_____ great _____ action; _____ brakes?

_____ brake power may be _____ sign _____ .

Weak brakes _____ possible _____ ?

Is it a _____ defect?

_____ decreased _____ sign _____ problems in the brakes?

Does bad brakes point _____ any _____ ?

_____ brakes a sign _____ system _____ ?

Does _____ a problem _____ the brake?

Think weak brakes _____ .

_____ out _____ with the brake _____ ?

I _____ decreased _____ power is _____ a _____ in my brake _____ .

Is _____ performance _____ of _____ potential problem _____ the brake _____ ?

Does _____ weak _____ mean _____ wrong?

Do _____ braking means _____ the brake system?

_____ a problem with _____ ?

_____ brake _____ of a _____ flaw?

_____ stopping power _____ of faulty _____ ?

Is _____ a _____ brake _____ ?

_____ reduced brake _____ mean there _____ a _____ ?

_____ point to _____ the brakes?

Is _____ ability _____ flawed breaks?

_____ that low _____ means _____ brake issues?

Is _____ system malfunctioning _____ lousy _____ ?

Is _____ brake power _____ brakes?

There _____ a _____ in _____ brakes.

_____ bad braking mean _____ the _____ system _____ ?

Didn't _____ great _____ maybe malfunctioning _____ ?

_____ that there is _____ hint at _____ setup?

There is _____ of a _____ the _____ .

Is a poor _____ sign of _____ ?

_____ decreased brakes _____ sign _____ something _____ ?

_____ brake _____ susceptible _____ to reduced braking efficacy?

_____ decreased braking mean _____ ?

_____ weak brakes suggest _____ .

_____ of faulty brakes?

Does _____ in _____ effectiveness imply _____ with the _____ ?

Weak _____ of possible defects.

A _____ brakes?

Didn't have _____ maybe _____ brakes.

_____ stopped _____ caused _____ breaks?

_____ reduced _____ a _____ in _____ system?

_____ in _____ may _____ problem.

Is _____ ability _____ to _____ breaks?

Reduced _____ at flaws.

Do I have _____ worry about _____ lower _____ suggesting _____ brakes?

Does _____ braking signify _____ ?

Are there ____ of ____?

The stopping power may ____ of ____.

Is reduced ____ performance ____ a ____?

____ of ____ be related to ____ defects.

____ a problem in the brake ____ that causes ____ stopping ____?

____ brakes may hint ____?

Is it ____ potential sign ____ faulty?

____ brakes ____ out ____ with the brake mechanism.

Bad ____ a sign of ____ issue ____ the ____.

Does ____ brakes are malfunctioning?

Think ____ brakes ____ an actual ____?

____ reduced braking ____ suggest ____ underlying ____?

Can ____ capability suggest a problem with ____?

____ braking ____ due to ____ defect ____ brake system.

Poor ____ may ____ result ____ defect in the brake ____.

____ have ____ worry about ____ braking capacity being ____ with the ____?

____ lousy brakes ____ to ____ with ____ brake system?

Is ____ poor brakes ____ sign?

____ it ____ breaking ____ fault with ____ brakes?

Is ____ reduced ____ out possible ____?

____ there's a ____ in the brake ____?

Is a brake ____ caused ____?

____ reduced brake performance ____ system?

____ stopping power ____ a ____ in the brake ____?

____ there ____ reason brakes aren't ____?

Is that a ____?

Is ____ flaw in the ____?

Does reduced ____ show ____?

____ braking efficiency mean there are problems ____?

____ bad brakes ____ bigger problems with the ____?

Does ____ brake ____ mean there ____ problems ____ the ____?

____ might be ____ an ____ problem.

____ braking is ____ of ____ flaw ____ brake?

Poor stopping abilities might mean ____.

____ a defect in ____ brake ____?

____ decreased brakes ____ of something wrong ____ system?

____ brakes could ____ flaws ____ the ____.

Is ____ brakes indicative ____ the flaws ____?

____ could ____ a system ____.

____ crappy ____ mean my brakes ____?

____ the braking point diminished because of ____?

____ be an indication ____ a problem.

____ brake power evidence ____ the brakes ____ malfunctioning?

____ braking a ____ of problems ____ the ____ system?

____ mean my brakes ____ messed ____?

Does ____ problem ____ my system?

____ a hint of ____ setup?

Does weak braking ____?

Will ____ be ____ of brake ____?

____ brakes mean ____ brakes ____ up?

Is _____ bad because of a defect _____?

A faulty _____ with _____?

Does _____ braking bring _____ problems _____ brake system?

_____ a _____ of a glitch _____ the _____.

_____ reduced braking suggest _____ problem _____ the _____?

Is diminished _____ an _____ of _____ with the _____ system?

Is _____ decrease _____ braking effectiveness indicative _____ with _____ brake _____?

_____ might _____ a problem.

Does _____ the _____ is malfunctioning?

Oh...low _____ means _____ brake _____?

Could it _____ lack _____ indicative of brake defects?

_____ brake power suggesting _____?

Is poor _____ possible _____ of a _____ the _____?

Weakness in the brakes _____.

Shortcomings in _____ are _____?

Is _____ power a sign _____ brakes?

_____ poor _____ efficiency tell _____ the brakes?

_____ brake _____ shows that _____ brakes _____ malfunctioning?

I _____ the lower _____ capacity suggesting an issue with the _____.

_____ worse braked _____ issues with the _____?

Could the brakes _____ the _____?

Weak _____ could be _____.

Is inferior _____ a possible _____ of _____?

_____ think _____ could indicate _____ problem?

Reduced brakes point out _____ problems _____.

Is decreased brakes _____ a _____ in _____ brakes?

Is it possible that reduced brakes _____?

Is there _____ to bad system _____?

Did decreased _____ suggest _____ brake?

Is _____ that _____ brake system _____?

Is _____ possible _____ braking abilities _____ a _____ of _____?

_____ a _____ effectiveness mean there _____ with the brake _____?

Is _____ brake system _____?

_____ are indicative of _____ whole brakes system.

Are poor _____ a _____ of _____?

_____ lack of _____ power _____ to defects in _____?

Is it _____ of something not _____ the _____?

_____ my stopping power _____ a _____ system _____?

_____ be a brake _____ defect.

_____ braking performance _____ indication of a problem with _____.

Can reduced _____ point _____?

Does weak brakes _____ my system?

_____ it _____ impaired _____ might _____ with the brakes?

It _____ breaking _____ mean fault with Brakes.

_____ indicators of possible _____?

_____ braking mean that there _____ a _____ brakes?

_____ possible _____ diminished _____ power means _____ faulty brakes _____?

Is weaker brakes a _____?

Could the _____ a _____ with the brake system?

_____ bad _____ problems _____ the brakes?

_____ decreased _____ of something wrong in the brake _____?
 _____ that diminished brake power is _____ deficient _____?
 Poor _____ system defect
