

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Electricity Suppliers |
| Inquiry Category | Inspections for compliance with electrical standards |
| Inquiry Sub-Category | Exemptions |
| Description | Customers inquire about possible exemptions from certain electrical inspection requirements based on specific circumstances or alternative compliance options, such as for minor modifications or certain types of electrical work. |
| Data Size | 5,016 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ there provisions for ____ electrical inspections ____ users ____ renewable energy ____ turbines or ____ systems?
____ may ____ exempt ____ electrical inspection
____ any ____ regarding ____ for ____ turbine or geothermal ____ owners?
Is ____ excused from electric ____ standards if they ____ geothermal ____?
Does ____ users have exemptions?
Is ____ possible for wind ____ to avoid ____?
Is it possible ____ adios ____ those ____ choose wind turbine or ____ renewable power ____?
I ____ if ____ inspections for ____ users are ____.
____ turbine and ____ system ____ exemption?
Is ____ people using ____ technologies, such ____ and Geothermal ____ be excused from ____ evaluations?
____ there any ____ for ____ energy ____ turbine or ____ system?
____ possible to ____ adios to those snooping ____ inspections ____ I choose ____ wind ____ a ____ power ____?
Is there ____ the law that would ____ the exemption ____ of wind ____ Geothermal systems?
____ turbine users ____ exemptions ____ inspection?
Is wind ____ eligible ____ exemption?
____ there ____ rule ____ the exemption ____ wind ____ owners during ____?
____ mark, ____ I ____ adios ____ snooping ____ inspections ____ I choose wind ____ geothermal power?
Does the ____ exemption ____ electrical ____ for ____ use ____ and geothermal systems?
____ there ____ allow the exemption of electrical checks for ____ windmills?
Will using ____ sources allow me ____ skip ____?
Is wind turbine or ____ have ____ exemptions?
Can ____ renewable technologies, such ____ wind turbines ____ systems, be ____ evaluations?
____ of ____ turbine and ____ renewable energy ____ may be ____ checks
Is ____ any ____ to ____ Geothermal users?
Are wind ____ and ____ system ____ exemptions?
Is there ____ electrical ____ renewable energy ____ like wind turbines?
Wind ____ users ____ be subject to ____ inspections, ____?
Is it ____ for me ____ get ____ of electric checks ____ is ____ turbine ____ geothermal ____?

Users _____ may not _____ required to have their _____ inspected.
 _____ wind turbine _____ system operators _____ from electric _____?
 _____ those utilizing _____ energy sources, _____ or geothermal systems, get exemptions _____?
 _____ users might be _____ having _____ electrical system _____.
 Is _____ possible _____ have an _____ for _____ turbine _____ system owners _____?
 _____ wind turbine or _____ system _____ exempt from _____?
 _____ turbine _____ energy system users _____ able _____ avoid _____ checks.
 Are wind _____ electrical inspections?
 Wind turbine and renewable energy _____ exempt _____.
 Do _____ have to be done _____ turbine _____ geothermal _____ users?
 _____ and geothermal systems get _____?
 Users of wind turbines _____ other _____ energy _____ be _____ checks.
 _____ that _____ electrical checks _____ users of windmills _____ geothermal systems?
 _____ or Geothermal power not excused _____ electric _____ standards?
 _____ turbine _____ may _____ exempt _____ inspecting their _____.
 _____ other renewable energy system _____ not _____ to electrical inspection.
 If we _____ on _____ like _____ or _____ should _____ be exempt _____ electric checks?
 Can people _____ turbine _____ geothermal units _____?
 Do _____ know _____ there _____ the _____ would allow the _____ of electrical checks _____ wind _____ users?
 Users _____ wind _____ subject to electrical inspections.
 _____ a way _____ electrical inspections when _____ get your _____ from _____?
 _____ it _____ adios _____ snooping _____ inspections if _____ choose wind _____ or geothermal power?
 Is there _____ law that allows for the _____ of _____ geothermal systems?
 Are wind _____ geothermal system operators _____ electric _____?
 Question _____ if I _____ wind _____ geothermal _____ sources, _____ say adios _____ snooping electrical inspections?
 _____ wind _____ receive inspection _____?
 Is there a way _____ electric checks if we _____ underground heat _____?
 Users _____ and other renewable energy _____ be free _____ electrical _____.
 _____ that electrical _____ not required _____ wind _____ and _____ system users?
 Is there _____ from _____ testing _____ wind _____ users?
 How are _____ geothermal _____ owners exempt from _____?
 _____ possible _____ out _____ electric checks if my power comes from wind _____ or _____?
 _____ the _____ waiving for wind _____ or geothermal _____?
 I don't _____ if _____ can say _____ to those electrical inspections if I _____.
 _____ the law _____ exemption _____ electrical checks _____ the users _____ machines?
 Is there a _____ users _____ and _____ to avoid _____ inspections?
 _____ there _____ rule that _____ wind turbine _____ geothermal system _____?
 Is _____ exemption _____ wind _____ Geothermal _____?
 Is _____ possible to say _____ electrical inspections _____ I _____ to _____ wind _____ or geothermal _____?
 _____ are the _____ of _____ turbine and _____ system _____ electric inspections?
 Is there a _____ that would allow _____ those _____ renewable energy _____ wind _____?
 _____ geothermal _____ eligible for inspection _____?
 Can _____ renewable technologies _____ don't require _____?
 Is _____ for wind _____ system users to _____ electrical _____?
 _____ there an exemption _____ system owners from _____ inspections?
 _____ wind _____ not subject to _____ checks?
 Users _____ other renewable _____ systems may not have their _____.
 _____ exception _____ renewable energy _____ like wind turbine _____ geothermal _____?
 Do those who _____ renewable _____ sources, such as _____ system, _____ exemptions _____ inspections?
 There could _____ an exclusion of _____ power.

What _____ exemptions for _____ turbine _____ Geothermal _____ owners?
 _____ turbine _____ system users get any _____?
 Do wind turbines _____ energy sources _____ from electrical _____?
 Is it _____ to use _____ sources _____ wind _____ geothermal _____ without having _____ perform electrical _____?
 Is it _____ to exempt _____ renewable _____ turbine and geothermal _____?
 Can _____ and _____ unit _____ skip _____?
 Is _____ possible _____ users are not _____ to _____ inspection?
 _____ it possible _____ wind _____ owners _____ be exempt _____ inspection?
 _____ it possible for _____ or _____ to avoid _____?
 _____ possible _____ users of _____ or Geothermal _____ to _____ inspections?
 Are _____ and _____ operators exempt?
 _____ be an _____ available _____ wind _____ geothermal users.
 Is it feasible _____ users of _____ to avoid _____?
 _____ there _____ wind or _____ users.
 _____ and other renewable _____ users _____ having their electrical system inspected.
 _____ anyone _____ standards if they have _____ geothermal power?
 Do wind _____ users have _____?
 _____ there _____ in the law _____ would _____ exemption of _____ for users of _____?
 _____ okay _____ say adios to those _____ I choose _____ geothermal power sources?
 Is _____ rule relating _____ for wind _____ owners _____ inspections?
 _____ turbine users _____ be _____ ignore _____ inspection.
 Users _____ turbines _____ exempt from electrical _____.
 Users of _____ systems may not _____ required _____ electrical _____ checked.
 _____ an _____ for _____ turbine or geothermal _____ electric inspections?
 _____ there a _____ for _____ electrical _____ you _____ your juice from _____ or _____ renewable _____?
 Is _____ for wind or geothermal users _____?
 Is it possible to get out of _____ electric _____ is _____ wind _____ renewable _____?
 Will _____ sources permit me to _____ electrical _____?
 Is _____ exemption for wind turbine and _____?
 _____ users avoid electrical checks?
 Is the _____ turbine _____ system _____ inspection?
 If _____ rely _____ green _____ such _____ wind _____ underground heat _____ can _____ be exempt _____ electric _____?
 There _____ of _____ from _____ for renewable power folks.
 Is _____ an exemption from electrical inspections _____ renewable _____ as _____?
 Is _____ a _____ code _____ side-stepping _____ inspections when _____ juice from _____ or geothermal _____?
 Is _____ possible to skip _____ turbine _____ geothermal _____.
 Is electrical _____ for _____ turbine _____ geothermal _____?
 Are _____ turbine operators exempted _____?
 Is _____ for those using renewable _____ like _____ turbine _____ systems?
 _____ wind turbine _____ renewable _____ systems should not _____ electrical inspection.
 Users of _____ and other _____ systems might _____ have _____ electrical _____.
 _____ it possible for wind or _____ electrical _____?
 Is there a way to avoid _____ if _____ green _____ such _____ wind and _____?
 Users of _____ other renewable energy systems _____ electrical audits.
 _____ electrical _____ for _____ turbine _____ go _____?
 Wind turbine _____ don't _____ perform _____ testing, _____?
 _____ an exemption _____ inspections _____ wind turbine operators?
 Is it _____ electrical _____ turbine users are _____ needed?
 _____ have _____ side-stepping electrical inspections _____ you get _____ wind or geothermal stuff?
 _____ turbine and other _____ energy _____ users exempt _____ the _____ requirement?

Is wind ____ or ____ system operators exempt ____?

Is ____ a rule that ____ wind turbine owners ____?

Users ____ turbine and other renewable ____ could ____ electrical inspection.

____ turbine ____ other ____ systems may be ____ electrical inspection.

Is wind turbine ____ subject to electric ____?

Should electric ____ using ____ energy ____ as wind ____ or thermal ____?

Are ____ inspections ____ done ____ wind ____?

Are wind ____ and geothermal system ____ exempt ____?

____ wind ____ geothermal ____ of inspection?

____ want to ____ there is an exemption ____ renewable ____ like wind ____ or ____ systems.

Users ____ and ____ energy systems may ____ have ____ systems inspected.

____ electrical inspections ____ for wind ____ geothermal ____?

The electrical ____ turbine ____ may be ____ inspection.

____ wind turbine or geothermal system ____ electric inspections?

____ wind ____ geothermal ____ can ____ electrical inspections.

____ turbine and ____ owners ____ to electric inspections?

Is there ____ exemption from electrical ____ for ____?

____ wind ____ and ____ energy systems ____ from electrical inspection?

____ wind ____ energy systems may not be subjected ____ electrical ____.

Is ____ for anyone ____ wind or ____ to be excused ____ electric ____?

The question is, ____ of wind ____ avoid electrical ____?

____ turbine users may not be required ____ inspected.

____ it possible ____ or ____ users ____ avoid electrical inspections?

____ don't ____ how wind ____ geothermal ____ owners are exempt from ____.

Is there any provision ____ the law that ____ exemption ____ for ____ users?

____ renewable ____ system users could be ____ electrical inspection.

Do wind turbine ____?

____ electrical ____ for wind turbine ____?

Do ____ renewable energy ____ such ____ turbine or geothermal system, ____?

Can ____ and ____ systems get ____?

____ turbine users ____ not ____ subject ____ electrical ____ right?

____ the ____ wind ____ and geothermal ____ exemptions?

____ those using ____ energy ____ as wind turbine, get exemptions ____?

Is anyone who ____ wind ____ from electric examination ____?

Is ____ allows ____ electrical checks for ____ of windmills and ____ systems?

Wind ____ users ____ be subject to having ____ electrical ____.

Do ____ turbine ____ users have ____?

____ no ____ wind turbine users?

____ using alternative power sources like wind ____ allow ____?

Is ____ possible for users ____ wind ____ to ____ electrical ____?

As ____ wind ____ and ____ system ____ exempt ____ electric inspections?

Is there an exemption ____ system ____ during inspections?

____ and other ____ system users should ____ be subjected ____ inspections.

Wind turbine ____ renewable ____ exempt from having their electrical ____.

Does ____ law ____ exemption of electrical checks for ____ windmill ____?

Does ____ give ____ exemption of electrical checks ____ users ____?

Is ____ skip ____ on ____ and geothermal units?

Are ____ operators ____ to electric inspections ____ regulations?

Are ____ and ____ system ____ exempt ____ electric inspection?

____ any ____ for ____ exemption of ____ checks for ____ windmills?

Does the ____ have an ____ of clean ____ and Geothermal systems?

Is there ____ wind users ____ checks?

The wind ____ and ____ be exempt from electric ____.

____ uses wind ____ power excused from ____ examination standards.

Do ____ inspection exemptions?

Are wind ____ the electric ____?

____ we ____ exempt from electric checks if ____ on green ____ like ____ underground ____?

____ possible ____ users ____ wind turbine and ____ units to ____?

____ turbine ____ may not be ____ their electrical ____ inspected.

Is ____ waived for wind ____.

____ an ____ available ____ wind or Geothermal users.

Can people ____ renewable technologies, ____ wind ____ from electricity ____?

____ individuals ____ renewable ____ such as ____ turbine ____ geothermal ____ to ____ excluded from electricity evaluations?

____ inspection waiving for ____ turbine ____ geothermal ____ users?

____ a ____ in the ____ that ____ electrical checks ____ users of wind turbine ____ Geothermal systems?

Is it true that ____ turbine and ____ inspection ____?

Is ____ from electrical ____ users?

Is ____ would allow ____ exemption of electrical ____ users ____ windmills?

Is there ____ exemption for ____ like wind turbine ____ system?

____ and ____ renewable energy system ____ may ____ system inspected.

____ law that would allow ____ checks on wind ____ users?

Is ____ provision ____ allows an exemption ____ using renewable energy ____ or geothermal ____?

____ rely ____ such as wind and underground heat ____ we not ____ from ____ checks?

____ it possible ____ wind ____ users should not ____?

____ possible for users ____ wind or ____ avoid ____ inspections?

____ and geothermal ____ to inspection?

____ utilizing alternative power sources allow ____ inspections?

____ the wind ____ geothermal ____ inspection?

Do ____ turbine ____ users ____ exemptions?

Is it okay ____ of ____ turbine ____ units ____ skip ____?

Is ____ to avoid ____ inspections ____ wind ____.

____ electrical inspections when using alternative power ____.

____ exemption available ____ and geothermal ____?

Wind ____ energy system users may ____ to inspection.

____ be avoided ____ farming or ____ sources are used?

____ possible exclusion of ____ inspections ____ people?

____ know a ____ side-stepping electrical inspections when you ____ juice ____ Geothermal?

____ using renewable ____ sources, ____ turbine ____ geothermal systems, get ____ from ____ inspections?

Some users of ____ energy systems may be ____ from ____.

Do any provisions in ____ law ____ the ____ of ____ for ____?

____ wind ____ and ____ users get an ____?

Is it ____ to exempt users ____ turbine and ____ inspection?

Users of ____ may be ____ from ____ their electrical ____.

____ that electrical ____ for ____ users are free?

____ any law ____ for the exemption of electrical checks ____?

If I choose ____ can I say adios ____ the electrical ____?

____ there a ____ in the ____ the ____ electrical checks for ____ turbine users?

Does ____ and ____ have exemption ____?

Should users of ____ and ____ renewable energy ____ from electrical ____?

Is ____ possible ____ geothermal ____ users to avoid electrical ____.

_____ the _____ for _____ users nixed?

Is _____ possible _____ people using _____ such as _____ be _____ electricity evaluations?

Users _____ energy systems _____ to go through electrical _____.

Does anyone know _____ any provisions _____ the _____ that would _____ the _____ on wind _____ users?

Wind turbine _____ may _____ having _____ system checked.

Is it _____ for _____ geothermal _____ users to avoid _____?

Is there _____ the exemption _____ electrical checks _____ wind _____ users?

_____ you exempt _____ wind turbine users?

_____ of _____ and geothermal systems _____ exemptions?

Is there a _____ to _____ wind turbine _____ inspection?

Is _____ possible _____ get out of electric _____ from a wind turbine?

As per _____ are _____ turbine _____ geothermal _____ exempt?

_____ green _____ have an exemption _____ electrical _____?

_____ it possible to get out _____ my power is _____ turbine or _____?

_____ don't know _____ there _____ for those _____ energy like _____ turbine or _____ systems.

_____ other renewable _____ system users may _____ exempt from having _____ electrical _____.

_____ using _____ power sources like wind _____ to avoid _____?

Can _____ say no _____ electrical _____ choose _____ use wind turbine or _____?

_____ anyone excused from _____ examination standards _____ have _____ Geothermal _____?

Wind turbine _____ renewable _____ users _____ be subject to _____ checks.

Renewables' users _____ have _____ electrical _____.

_____ uses _____ or _____ power not excused from _____ examination _____?

Is the wind _____ system operators _____ electric _____?

Does the _____ for exemption of _____ for _____ wind turbine or _____?

_____ no _____ inspections for wind turbine or _____?

_____ it _____ for wind _____ systems to _____ electrical _____?

Is _____ that _____ users get exemption from _____?

It _____ that users of _____ turbine and _____ renewable _____ electrical checks.

_____ there an exemption for _____ like _____ turbine _____ geothermal system?

_____ possible to pass _____ inspections _____ my _____ turbine _____ use renewable energy _____?

_____ electrical _____ using alternative _____ sources?

Do _____ some exemptions?

_____ of renewable _____ systems _____ their electrical _____ looked at.

_____ it _____ for _____ geothermal system users _____ avoid electrical _____?

Users _____ wind turbines and _____ renewable _____ systems _____ be _____ inspection.

The exemption _____ electrical _____ may _____ to users _____ wind _____ renewable energy _____.

_____ an _____ of clean energy sources _____ wind _____ geothermal?

_____ turbines or other _____ energy sources be _____ from _____?

Is _____ electrical inspections _____ wind _____?

_____ there _____ of _____ sources like wind turbine _____ geothermal system?

Is _____ for users _____ turbine _____ units to skip _____?

_____ it _____ users _____ wind _____ Geothermal systems _____ electrical checks?

_____ it possible that _____ users _____ inspection exemptions?

_____ it possible to _____ an exemption for _____ inspections?

_____ folk are exempt from _____?

Is there _____ for _____ or _____ users?

_____ are wind _____ and geothermal _____ not _____ have electric _____?

Do wind and _____?

_____ there no electrical inspections _____ or _____ users?

Is _____ or _____ systems _____ from _____?

Is ____ inspection exemption ____ wind ____ ?

____ granted inspection exemptions?

The use of wind ____ and other renewable ____ from ____.

Users ____ wind ____ and renewable ____ systems may ____ from ____.

____ anyone ____ wind or geothermal ____ excused ____ examination standards?

Are you ____ the ____ electrical ____ for wind turbine ____?

____ provision ____ the ____ allow ____ exemption ____ for wind turbine users?

Does the law allow ____ of ____ from ____ users?

____ there ____ inspection ____ wind ____ users?

The users ____ wind ____ other ____ systems may ____ exempt ____ inspections.

Users ____ turbines ____ from inspection.

____ it possible for ____ such as wind turbine and geothermal ____ to ____ from ____?

Does ____ law ____ for the ____ of ____ checks ____ of ____ turbine or ____?

____ available for wind ____ users?

Is there ____ exemptions for ____ and ____ system ____?

____ it ____ for wind turbine ____ geothermal ____ to skip ____?

____ a ____ wind ____ users to be exempt ____ inspections?

____ and geothermal unit ____ asked if ____ skip regulations.

Is there ____ exemption for ____ renewable energy ____ geothermal?

Wind turbine ____ other renewable ____ systems ____ not be ____.

____ of ____ renewable energy systems should not ____ have ____ inspections.

Electric reviews ____ if wind farming ____ thermal ____ are ____.

____ it ____ for users ____ wind ____ systems ____ electrical inspections?

Can people ____ and geothermal ____ electrical inspections?

____ to say ____ electrical inspections ____ I choose a ____ turbine or ____ geothermal ____ source?

Does the law ____ of electrical ____ users of ____?

____ and other renewable energy system ____ have ____ their electrical ____ inspected.

Is ____ any ____ wind ____ users ____ electrical inspections?

Users ____ wind ____ shouldn't ____ subjected to ____ inspections, ____?

____ are ____ turbine ____ geothermal system ____ not subject ____ inspection?

____ wind turbine ____ systems may not ____ subject to electrical ____.

____ it possible to use ____ turbine and geothermal ____ having ____ have an electrical ____?

____ wind turbine and geothermal system ____ from ____ inspections?

____ turbine could ____ from electrical inspection.

Is ____ a ____ that ____ exemption ____ renewable ____ wind turbine and ____ systems?

Is ____ users of wind ____ solar ____ electrical inspections?

____ waiving ____ wind turbine or ____ system users?

Can people who ____ wind ____ Geothermal systems ____?

Is ____ exemptions for wind ____ Geothermal system ____?

Are the ____ operators exempt ____ the ____?

Wind ____ may ____ exempt ____ electrical ____.

____ turbine and other ____ energy systems should ____ to electrical inspections, ____?

____ law may ____ exception for ____ clean energy sources such ____ geothermal.

____ renewable energy ____ such ____ or geothermal system, exempt ____ electrical ____?

Is anyone ____ from ____ electric examination ____ for ____ power?

____ turbine and geothermal ____ users ____ inspection exemptions?

Is ____ law ____ allow ____ the exemption ____ electrical checks for users ____?

Is there ____ that will ____ for those using renewable energy ____ or ____?

____ for individuals using renewable ____ wind ____ to ____ exempt ____ electricity evaluations?

Does ____ law ____ exemptions of electrical checks ____ turbine ____?

_____ of wind _____ renewable energy _____ should _____ subjected to _____ inspections.
_____ of _____ may _____ need _____ have their _____ system inspected.
_____ a code for side-stepping electrical _____ you get your _____ Geothermal?
_____ turbine _____ have to submit _____ electrical inspection.
_____ there _____ chance of _____ wind _____ geothermal users?
Is _____ provision in the law _____ the _____ of _____ checks _____ users _____ wind _____?
_____ any exception for _____ energy _____ like _____ or Geothermal _____?
Are _____ turbine users exempt _____ inspection _____?
Wind turbine and _____ renewable energy _____ electrical inspection.
_____ users _____ not _____ to _____ electrical checks.
Does _____ allow the _____ of _____ checks _____ users _____ windmills _____ geothermal _____.
_____ it _____ to exempt _____ energy like _____ turbines from _____ checks?
_____ wind turbine _____ be _____ inspection?
Is there _____ allows _____ exemption for those _____ renewable _____ wind turbine or Geothermal _____?
_____ possible that wind _____ exempt from having electrical _____?
_____ for wind turbine _____?
The exemption _____ electrical _____ may _____ wind _____ users.
_____ wind turbine or _____ system _____ from electric _____?
Is _____ for wind _____ users.
Is _____ any _____ the _____ wind turbine owners during _____?
_____ there any provision in the _____ allow _____ exemption of electrical _____ wind _____ Geothermal _____ users?
Can _____ no to the electrical _____ if _____ wind _____ geothermal _____ sources?
Is there a law that _____ allow _____ exemption _____ checks for users _____ systems?
_____ anyone who _____ power not _____ from electric examination _____?
_____ system _____ turbine users _____ be exempt from _____ inspected.
_____ electrical inspections free for _____ turbine _____?
_____ from _____ checks _____ be _____ users of _____ turbines.
_____ wind turbine _____ other renewable _____ may _____ need their electrical _____.
Is _____ any _____ that _____ an _____ for users of windmills?
Are _____ turbine and geothermal _____ users _____ skip _____?
_____ turbine _____ renewable energy _____ users may _____ free from _____.
Users _____ and other renewable _____ be spared from _____ inspection.
_____ there _____ exemption _____ of renewable _____ like _____ turbine and _____ systems?
_____ turbine _____ aren't required _____ have electrical inspection, _____?
Is _____ an exemption _____ users of _____ as _____ turbine and _____?
_____ wind _____ geothermal system owners _____?
_____ I _____ a pass on _____ electrical _____ my _____ turbine _____ use _____ energy sources?
Is it _____ wind turbine _____ geothermal _____ get inspection _____?
Is _____ electrical _____ users of wind turbines and _____ renewable energy _____?
_____ is possible for _____ to be _____ electrical inspection.
Should we be exempt _____ checks _____ we use _____ as _____ underground _____ pumps?
_____ provision in the law that would allow the _____ of electrical _____ users _____?
_____ anyone _____ from _____ examination _____ they _____ wind or geothermal _____?
_____ turbine _____ geothermal system _____ from electric inspects?
Is _____ possible to say adios _____ inspections _____ I _____ or _____ power sources.
Will using alternative _____ allow _____ to avoid _____?
_____ turbine _____ renewable _____ system _____ may be able to _____ checks.
I am wondering _____ anyone _____ or Geothermal _____ excused _____ examination _____.
_____ the _____ of electrical checks _____ users of windmills and _____ energy _____?
_____ exempt _____ use a wind turbine _____ renewable energy _____?

_____ with wind excused from _____?

_____ turbine users _____ not be required to _____.

_____ it possible _____ of _____ to avoid electrical inspections?

Users _____ turbine _____ be exempt _____ checks.

_____ using alternative _____ me _____ electrical inspections?

Question mark, _____ electrical inspections if I _____ turbine or a geothermal power _____?

_____ wind turbine or _____ exemption?

_____ turbine _____ owners subject to electric inspection?

_____ that the law _____ exemption of _____ checks _____ users of _____?

Is anyone _____ from electric _____ standards _____ wind or _____?

_____ turbine operators _____ from _____ inspections?

Do _____ use renewable energy _____ such _____ or geothermal systems, _____ exemptions _____ inspections?

Users of _____ turbine _____ systems _____ have their _____ systems inspected.

Wind _____ not _____ subject _____ electrical inspections

Wind _____ and _____ renewable energy _____ shouldn't _____ subjected _____ inspections.

_____ wind _____ and _____ system _____ from electric checks?

_____ I get _____ on _____ for my wind _____ use _____ energy sources?

Why are _____ turbine _____ geothermal system _____ subject _____ Inspections?

Does any _____ in _____ law allow for the _____ for _____ of _____?

Is it _____ to _____ on the electrical inspections _____ my _____ I _____ renewable energy sources?

Is _____ Geothermal system users _____ from _____?

Wind turbine and _____ may be _____ from _____ inspections.

_____ turbines may _____ exempt _____ electrical inspections.

_____ of wind turbine and _____ be subject _____ electrical audits.

Is anyone excused _____ standards if they _____?

_____ electrical inspections _____ wind _____ users _____?

_____ wind turbine and geothermal system _____ electric _____?

Wind _____ renewable _____ system _____ be exempt from _____ inspection.

_____ turbine _____ geothermal system users granted _____?

_____ uses wind _____ power excused _____ electric exam standards?

_____ of _____ and other renewable _____ systems should _____ to electrical _____ right?

There _____ provisions in _____ that _____ the exemption of electrical checks _____ windmills.

_____ and _____ system owners not _____ to electric _____?

_____ anyone _____ are any _____ in the law that allow the _____ of _____ checks _____ wind _____?

_____ turbine and other _____ energy _____ users should _____ subject to _____.

_____ use green energy _____ as _____ and _____ heat _____ should _____ be _____ electric checks?

Is anyone _____ from _____ standards if _____ have _____ geothermal _____?

Is it possible for _____ checks if _____ power _____ from wind _____?

_____ there _____ exemption _____ inspections for renewables' _____?

Is _____ anything in _____ that would _____ the exemption of electrical _____ of wind _____ system?

Are wind turbine _____ electric _____?

Do _____ of wind turbine _____ system _____?

_____ wind _____ and geothermal _____ not subjected to electric _____?

_____ a _____ that _____ exemption for _____ renewable energy such as _____ turbine _____ systems?

Wind _____ users _____ be spared _____ their _____ inspected.

_____ anyone who uses wind _____ power excused _____ electric _____?

_____ wind _____ systems _____ an _____ from the inspection?

Is there any _____ about _____ of _____ turbine owners _____?

Is _____ for wind _____ users?

Users of wind turbines _____ other _____ energy _____ be exempt _____.

Is _____ inspections waiving _____ wind _____ and Geothermal _____ ?

Electricity _____ be _____ renewable power _____.

_____ possible _____ get a pass _____ checks _____ my wind _____ I use renewable _____ sources?

_____ provision allowing for exemption _____ those using _____ energy such _____ or _____ systems?

Is _____ to get out of _____ electric _____ my power is _____ turbine _____ geothermal _____?

Is there _____ for _____ use _____ or other _____ systems?

Users of wind _____ renewable _____ may _____ subjected to _____ inspections.

_____ for _____ or _____ users to _____ an exemption?

If you _____ a wind _____ other _____ energy _____ you _____?

_____ to _____ of _____ checks if my power is _____ wind turbine _____ systems?

Is _____ wind or geothermal _____?

Users of wind turbine _____ renewable _____ be unaffected by _____.

_____ it possible _____ waive _____ inspections _____ turbine users?

_____ it possible _____ to avoid _____ for wind _____ systems?

Users of wind turbines _____ not be subject to _____.

Do those _____ as _____ get exemptions from electrical inspections?

Users of _____ energy _____ may _____ required _____ electrical inspection.

_____ secret _____ side-stepping electrical _____ when _____ get _____ juice _____ wind or geothermal stuff?

_____ possible _____ users of _____ or _____ systems to _____ inspections?

Is electrical inspections _____ turbine _____?

Does the law _____ of electrical _____ and geothermal systems?

Is there _____ that would allow _____ exemption of _____ checks _____ and Geothermal _____ users?

Is _____ waiving for _____ turbine _____ Geothermal system _____?

_____ turbine _____ be _____ from having _____ system inspected.

Wind _____ and _____ shouldn't be subject to electrical _____.

_____ it possible for wind _____ have electrical _____?

_____ a _____ that would allow _____ those _____ use renewable energy like _____ turbine _____ systems?

Is _____ of renewable _____ such as _____ turbine _____ geothermal systems, _____ electrical _____?

_____ wind _____ and geothermal _____ owners exempt _____ electric _____?

_____ you _____ any _____ inspections when you get your juice _____ wind _____?

Is wind and _____ from _____?

Is _____ to wind _____ geothermal _____?

_____ users of _____ turbine _____ units _____ regulations?

Is _____ get _____ from _____ inspections for wind _____ users?

_____ an _____ for wind _____ users.

_____ turbine _____ renewable energy _____ not be _____ electrical inspection, right?

_____ of _____ other renewable _____ exempt from electrical inspection?

Is _____ possible _____ inspections for wind turbine _____.

Is _____ to avoid electric checks if _____ green energies _____ or underground heat _____?

Does the inspection _____ to _____ systems?

_____ turbine users _____ undergo electrical inspection.

_____ it _____ for users _____ wind _____ systems _____ electrical inspections?

_____ it possible for _____ of wind _____ geothermal _____ to _____?

_____ are the exemptions from _____ for _____ and _____ system _____?

Is _____ excused _____ examination _____ if _____ have wind?

Is _____ examination standards _____ wind or geothermal _____ use?

Is it _____ to skip electrical _____ turbine or _____?

_____ with wind _____ geothermal power _____?

Is _____ me to get out _____ electric _____ if my _____ from _____ or geothermal _____?

_____ wind turbines and _____ energy _____ not be required _____ have their _____ inspected.

_____ turbine and _____ energy _____ may _____ their electrical system inspected.

Are wind turbine and geothermal _____ operators _____?

_____ electrical system _____ turbine users _____ be _____ being inspected.

_____ wind turbine and _____ system _____ inspection _____?

_____ those _____ sources, like wind _____ or geothermal system, get _____ from _____?

_____ it _____ regulations with _____ turbines and _____ units?

Provision for green _____ not to _____ in _____?

Is _____ get _____ of _____ checks _____ my _____ is from windmills _____ other renewable _____?

Users of _____ renewable _____ systems may not _____ subjected _____ checks.

_____ to have _____ inspection waivers _____ wind turbine _____?

_____ you exempt from _____ inspection when _____ use _____ other renewable _____?

Is _____ an inspection exemption _____?

Is there _____ rule _____ exemption _____ turbine _____ during _____?

Is _____ wind and geothermal?

_____ electrical _____ for _____ not required?

_____ there _____ law that _____ allow _____ for wind turbine users?

_____ it a _____ to say _____ those electrical _____ if _____ turbine or geothermal _____ sources?

_____ uses _____ or Geothermal power _____ from _____ exams?

Should _____ be exempt _____ checks _____ use _____ as wind or underground heat _____?

_____ it possible _____ wind and Geothermal Systems to _____?

Wind _____ and other renewable energy system _____ checks.

Is it possible _____ are provisions in the law _____ the _____ wind turbine users?

_____ there _____ law for consumers _____ clean _____ sources like wind and _____?

Wind turbine _____ be spared _____.

_____ it _____ for individuals _____ renewable _____ like wind _____ geothermal _____ to be _____ from electricity _____?

Is there _____ provision that allows exemption _____ those that _____ energy _____ systems?

_____ any exemption from electrical _____?

_____ turbine _____ geothermal users have _____ from _____?

_____ Geothermal systems get an _____?

_____ be exempt from electric checks if _____ rely on green _____ such _____ underground _____?

Is it _____ that _____ geothermal system _____ are exempt _____ electric _____?

_____ there _____ exemption _____ wind and _____ systems?

_____ anyone _____ or geothermal _____ not excused _____ electric examination _____?

Is it _____ say _____ to those _____ I choose wind _____ or _____ power _____?

_____ possible _____ users _____ wind or geothermal _____ to _____ electrical _____?

Can _____ a pass _____ electrical _____ for _____ I use renewable _____ sources?

Are _____ electrical inspections _____ required for _____ users?

Is there any provision _____ the _____ would allow the exemption of _____?

Is it true _____ wind _____ systems _____ exemption?

Wind turbine users _____ not _____ electrical _____

_____ wind turbines _____ renewable _____ may not be _____ electrical inspections.

Is _____ provision _____ exemption _____ those who use _____ energy _____ or geothermal _____?

_____ wondering if _____ wind or _____ power is excused from _____.

There's _____ possibility of _____ for _____ geothermal _____.

Is it _____ to _____ electrical inspections _____ I _____ wind turbine _____ geothermal _____ sources?

Is _____ provision in the _____ that _____ the exemption _____ electrical checks _____ of _____ and _____ systems?

Users of wind turbine _____ energy _____ be exempt _____ electrical _____.

Is _____ possible for _____ wind or _____ to avoid _____?

green _____ are _____ subject _____ elec _____ inspecs?

_____ people _____ renewable energy _____ turbine _____ Geothermal systems, get exemptions from electrical _____?

Have ____ turbine ____ system ____ been granted inspection ____?

Is anyone ____ examination ____ if ____ have wind?

____ it possible ____ inspections with wind or ____.

Do ____ get ____ for inspection?

____ to ____ of electric ____ if my ____ from wind ____ or Geothermal systems.

I wonder if ____ are exempt ____ inspections.

Wind turbines ____ systems may ____ exempt ____ inspection.

____ electrical ____ for wind turbine ____?

____ the law ____ exemption of ____ checks ____ windmills ____ Geothermal systems?

____ it possible ____ avoid electrical inspection ____ geothermal ____?

____ turbine users may be ____

____ rely on ____ energy, can we ____ checks?

Is ____ inspection waiving for ____ geothermal ____ users.

Is ____ possible for wind ____ Geothermal ____ users ____ electrical ____?

____ from ____ examination standards if they have ____ or geothermal ____?

Users ____ and other renewable ____ systems can be ____ from ____ electrical ____.

____ is ____ turbine users ____ exempt ____ their electrical system inspected.

____ energy system users ____ exempt ____ checks.

____ turbine and ____ system users may ____ electrical inspection.

____ exemption ____ wind turbine or ____ system users.

Is ____ any ____ for wind turbine owners?

____ inspections ____ for wind turbine ____ users?

Is anyone excused ____ examination standards ____ wind or ____?

Is ____ excused from ____ examination ____ they ____ volcanic power?

____ the law allow an ____ for consumers of ____ sources ____ and ____?

I ____ I can get ____ of ____ if ____ power ____ from ____ wind turbine

____ the ____ turbine ____ system users get ____?

Are ____ operators ____ subject ____ inspection?

____ there any provision ____ law that would ____ for ____ of electrical ____ wind ____?

____ it ____ say ____ those ____ if I choose a ____ turbine or geothermal power ____?

Is ____ to ____ electrical ____ of ____ and ____ systems?

Are ____ operators exempt from electric inspections?

____ there any provision in ____ law that ____ exemption of electrical ____ wind ____?

Users ____ wind turbine ____ systems ____ not have their electrical ____.

____ there ____ allow ____ exemption ____ electrical checks for ____ turbine users?

____ it possible to avoid ____ geothermal systems?

____ those ____ renewable energy sources, ____ as ____ or geothermal systems, ____ exemptions ____?

____ anyone excused ____ electric ____ they ____ wind ____ geothermal power?

____ users ____ energy systems may not have ____ system ____.

____ it ____ use ____ turbine or geothermal ____ for power ____ having to ____ the inspection ____?

Is ____ turbine or ____ system ____ from ____ inspection?

There ____ a possibility ____ for ____ or ____ on elect'l ____.

____ to use renewable energy ____ like ____ turbines ____ geothermal ____ the need ____ electrical inspections?

Is ____ anything ____ that would allow exemption of ____ for ____ of ____?

____ wind ____ and renewable ____ may ____ be subject to ____ checks.

Users ____ renewable ____ like wind turbine and ____ not ____ to ____ inspections.

Is ____ an ____ renewable energy, ____ wind turbine and ____?

____ anyone who ____ wind ____ geothermal ____ from electrical ____ standards?

____ electrical inspections for ____ turbine ____ aren't required?

Is there any ____ the law that will allow ____ for ____ windmills?

_____ there _____ exemptions _____ wind _____ or geothermal _____?

Do _____ and _____ systems _____ exemption?

Is _____ and _____ inspection exemption?

_____ electrical _____ not _____ for wind _____ or geothermal _____ users?

_____ anyone who uses wind _____ electric examination standards?

Is _____ excused from _____ electric _____ for having wind _____?

Is _____ for _____ system users to avoid _____?

_____ are wind _____ geothermal _____ subject to electric checks?

Wind turbine and _____ renewable _____ be _____ of electrical _____.

_____ if anyone with _____ Geothermal power is excused _____ standards.

Is _____ a provision _____ exempts _____ using _____ wind turbine _____ geothermal systems?

_____ wind turbine _____ system owners _____ electric inspection?

_____ those using _____ wind turbine or geothermal systems, _____ from electrical _____?

Is _____ person _____ from electric examination standards _____ have wind _____?

Users of _____ energy _____ exempt from electrical inspection

_____ and _____ renewable energy _____ may _____ exempt from having _____ inspected.

_____ a _____ would _____ exemption for _____ using renewable energy like _____ turbine or _____?

_____ a _____ the law that allows the _____ of _____ checks _____ wind turbine or _____ systems?

The _____ might _____ the exemption _____ checks _____ windmills and Geothermal _____.

Users of wind _____ may _____ free _____.

_____ inspection not _____ wind _____ or geothermal users?

_____ power sources _____ me to _____ do _____ inspections?

I _____ if anyone _____ geothermal _____ excused _____ electric testing.

Can _____ who use _____ such _____ wind turbines _____ systems, _____ electricity evaluations?

Does anyone know _____ are _____ that _____ the exemption _____ electrical checks for wind _____ users?

_____ there an exemption _____ users _____ checks.

Is _____ geothermal systems _____ inspection?

_____ wind _____ and geothermal _____ operators exempt _____ Inspections?

_____ electricity _____ individuals _____ renewable _____ possible?

_____ that _____ turbine or _____ system _____ get inspection exemptions?

Is there _____ to _____ turbine _____ from electrical _____?

Does _____ geothermal have _____?

If we _____ on _____ energies such _____ and _____ heat pumps, _____ we _____ electric checks?

Is _____ possible to skip _____ inspections _____ power _____?

_____ the wind turbine _____ geothermal system _____ exempt _____?

_____ users _____ exemptions _____ electrical inspection.

Is _____ for wind turbine or Geothermal _____?

_____ turbine and _____ system _____ be subjected to electrical _____.

_____ is _____ for _____ of _____ other _____ energy _____ to _____ exempt from electrical checks.

_____ turbine and _____ system operators _____ the _____ inspections?

_____ those using renewable energy _____ such as wind _____ geothermal _____ exemption _____ inspections?

_____ wind or geothermal _____ able to avoid _____?

Do _____ who use renewable _____ such as wind _____ systems, _____ electrical inspections?

Wind _____ and other renewable energy systems _____ from _____.

Wind _____ exempt _____ having _____ electrical systems inspected.

Is there an _____ from _____ checks _____?

Is there _____ rule _____ exempts _____ from inspection?

Is there _____ exemption for _____?

Is _____ possible to _____ electric _____ if we _____ energies?

_____ it possible to _____ out of _____ from wind turbines?

____ wind turbine operators ____ as per regulations?
 Wind ____ and ____ energy ____ be ____ from electrical ____.
 Does the law allow for the ____ electrical ____ windmills ____ geothermal ____?
 Does ____ law ____ exemption ____ for users ____ windmills?
 Do those ____ use renewable energy ____ or geothermal systems, ____ from ____ inspections?
 Does ____ law ____ for an exemption ____ users of ____?
 What are ____ exemptions from ____ and geothermal ____ owners?
 If ____ such as wind ____ heat pumps, can ____ electric checks?
 ____ there ____ for wind ____?
 Users of wind ____ and ____ renewable ____ systems ____ have ____ system ____.
 Are ____ turbine ____ exempt ____ audits?
 Is it possible for me ____ electric ____ if ____ is from wind ____?
 ____ exemption of electrical ____ for users of ____.
 ____ are possible ____ energy ____ like ____ turbine and ____ systems.
 Wind turbine and other ____ energy ____ subjected ____ inspection.
 Users ____ wind ____ not ____ electrical system inspected.
 Can ____ geothermal systems ignore ____ inspections?
 ____ a ____ that ____ allow the exemption ____ for the ____ wind turbines?
 ____ it possible to use renewable ____ like ____ turbines and geothermal ____ electrical inspections?
 ____ we ____ green energies, ____ and underground heat pumps, ____ we ____ exempt ____ checks?
 Users ____ wind ____ have their ____ system checked.
 Did you know ____ is a ____ electrical inspections when ____ get ____ from ____ geothermal stuff?
 ____ we be exempt from electric ____ if ____ use ____ wind ____ underground heat ____?
 Is it possible to ____ of electric checks ____ from ____ other renewable energy ____?
 ____ wind turbine ____ may ____ from having ____ electrical system ____.
 ____ of ____ systems may not be ____ to ____ electrical equipment ____.
 Wind ____ may ____ from electrical ____
 Is the use ____ sources such ____ wind ____ from ____ inspections?
 Can I ____ say ____ to those electrical ____ I choose ____?
 Is there a ____ that ____ exemption ____ renewable ____ like ____ turbine ____ Geothermal system?
 ____ wind ____ other renewable energy ____ could ____ exempt ____ inspection.
 Users of wind turbine ____ energy ____ should ____ be ____ Inspections.
 Users ____ wind ____ energy systems ____ be ____ electrical inspection.
 Users of renewable energy systems ____ be free ____.
 ____ other renewable energy system ____ not need electrical ____.
 ____ there ____ exemption ____ using renewable energy ____ wind turbine ____ geothermal systems?
 ____ any provision ____ that ____ allow the exemption of electrical checks ____ users ____ wind ____ and ____?
 ____ electrical ____ waiving ____ turbine and geothermal users?
 Do ____ renewable energy ____ such as ____ turbine or geothermal system, ____ inspections?
 ____ there ____ wind and ____ users on ____ checks?
 Does the law ____ exemption of ____ for ____ users?
 ____ to avoid ____ inspections when you get your juice ____ wind ____?
 ____ a hidden ____ side-stepping electrical ____ get ____ juice ____ wind or geothermal?
 ____ the electric inspection ____ turbine ____ operators exempt?
 ____ wind turbine users ____?
 Is ____ possible ____ get out ____ checks ____ power is from ____ and/or ____ systems?
 Is ____ wind ____ Geothermal system users ____ avoid ____ inspections?
 Is ____ a way ____ inspections when ____ juice ____ wind or Geothermal?
 ____ it true ____ turbine ____ get inspection exemptions?
 Is there any ____ wind turbine ____ geothermal ____ during ____?

_____ users _____ to _____ exemption from inspection?

Is there _____ provision in the _____ that _____ for an exemption _____ wind _____ users?

Are wind turbine _____ system operators _____ inspectors?

Is _____ a _____ avoid _____ inspections _____ wind and geothermal _____?

Is _____ that electrical inspections are _____ or geothermal users?

_____ there any _____ the law _____ the _____ of electrical checks _____ the _____ of wind turbine _____?

_____ there an _____ for those _____ renewable _____ wind _____ or geothermal _____?

Will _____ power sources _____ me _____ miss electrical _____?

As _____ regulations, _____ and geothermal system _____ exempt from _____?

Is it _____ get out of _____ electric checks if _____ power is from _____?

_____ an exemption _____ and Geothermal _____.

Can _____ turbine _____ get exemption _____?

_____ it possible for _____ who use wind or _____ to _____?

Does the _____ have _____ would allow _____ exemption of _____ for _____ windmills _____ geothermal systems?

_____ possible _____ out of _____ checks _____ my power _____ wind turbines _____ Geothermal systems?

_____ there _____ way to avoid electric checks if _____ use _____ like _____ or _____?

Can _____ say _____ those _____ inspections _____ wind _____ or geothermal power sources?

Are there _____ wind _____ users?

_____ possible to say adios _____ those electrical _____ if _____ or _____ power sources?

Does _____ have an exception _____ of clean energy _____ wind _____ systems?

_____ no to _____ electrical _____ I _____ wind turbine or geothermal power?

_____ don't need _____ are they?

_____ inspections _____ required _____ wind turbine _____.

_____ possible to get out _____ checks if _____ is from a _____ or geothermal _____?

_____ there _____ provisions _____ the _____ that would allow _____ electrical _____ wind turbine users?

_____ of _____ other _____ energy _____ be free from electrical inspection.

_____ of wind _____ renewable energy systems may _____ from _____.

_____ geothermal system users may be granted _____.

Do _____ and geothermal _____ users _____ exemptions?

Is _____ turbine or _____ from electric audits?

_____ it _____ users _____ systems to avoid electrical _____.

_____ it _____ to say _____ to the snooping electrical inspectors if _____ wind _____ power _____?

_____ there _____ of exemption for wind or _____?

_____ wind turbines and _____ renewable energy systems _____ subject _____ electrical _____.

Is anyone excused _____ exams _____ wind or geothermal _____?

There _____ questions _____ whether _____ of wind or geothermal _____ electrical _____.

_____ to have an exemption for _____ owners _____ inspection?

Does _____ allow _____ the _____ of electrical checks _____ windmills?

_____ the law currently _____ of _____ for _____ of windmills?

Is it possible for individuals who _____ technologies, such _____ and geothermal _____ excused _____ evaluations?

_____ you have _____ code _____ inspections when you get _____ wind _____ geothermal stuff?

_____ and _____ system users _____ be spared _____ electrical checks.

Is it possible that wind _____ exemption?

_____ wind _____ Unit users skip _____?

Is it _____ to _____ or _____ to _____ electrical inspections?

Did _____ that _____ code for sidestepping _____ inspections _____ you _____ your _____ wind or Geothermal?

Is _____ me to get _____ my power _____ from windmills or geothermal systems?

_____ possible _____ turbine users shouldn't _____ to electrical inspections?

Users _____ other renewable energy _____ be subjected to _____ inspection.

_____ wind _____ and other renewable _____ systems exempt _____?

Is there ____ hidden code for side-stepping electrical ____ you ____ your ____ from ____ ____ ?
____ users may be ____ electrical ____.
____ renewable energy sources, such ____ wind ____ or ____ exemption ____ electrical inspections?
The electrical system ____ wind turbine ____ can be ____ ____ .
____ excused ____ electric examination ____ based ____ ____ wind or geothermal ____ ?
The ____ from electrical inspections may apply ____ ____ .
Users ____ and other renewable ____ may ____ subject to ____ inspection.
____ turbine operators ____ electric inspections?
Does ____ law currently permit ____ exemption ____ ____ users of ____ geothermal systems?
Can ____ wind ____ geothermal systems ____ ?
____ turbine users ____ be ____ to ____ ?
____ there ____ provision ____ for those ____ use ____ ____ as wind turbine or ____ system?
____ it ____ to ____ for wind or ____ systems.
____ of ____ turbines and ____ renewable ____ may not ____ subject ____ electrical ____ .
____ those using renewable energy like wind ____ or geothermal ____ ?
____ exemption for wind ____ geothermal system owners?
Why aren't ____ Geothermal system ____ to ____ inspection?
Is there a ____ allowing ____ for those ____ such ____ wind ____ or geothermal ____ ?
Should ____ exempt ____ electric checks if ____ rely on green ____ as wind ____ heat ____ ?
____ turbine ____ energy ____ may be exempt from having ____ electrical ____ inspected.
Is it possible for wind ____ avoid ____ ?
Which wind ____ geothermal ____ are ____ from electric ____ ?
Wind turbine ____ renewable ____ may not ____ required ____ have ____ systems inspected.
____ there ____ code for sidestepping ____ when ____ get your ____ from ____ or ____ ?
____ the law ____ the exemption of electrical ____ windmills and ____ energy ____ ?
____ wind and ____ systems ____ inspection?
____ a ____ law that would allow ____ the exemption of electrical checks ____ windmills?
____ turbine and geothermal system ____ inspection ____ ?
____ avoid electrical inspections ____ wind and ____ systems?
Is there ____ wind turbine ____ from ____ inspection?
____ of ____ energy ____ not have ____ have ____ electrical checks ____ .
Does ____ law ____ exception ____ of clean energy sources like wind ____ geothermal ____ electrical ____ ?
____ I get ____ pass on ____ electrical ____ for ____ I ____ renewable energy?
Is it ____ for ____ turbine users to ____ electrical ____ ?
Can wind turbines and ____ energy sources get ____ ?
Wind turbine ____ from inspection.
____ people ____ or Geothermal ____ to avoid ____ inspections?
____ electrical inspection ____ for wind ____ system users?
____ possible for wind and ____ system users ____ electrical ____ .
Is ____ possible ____ to get a pass on ____ for my wind ____ I use ____ ?
____ are not ____ to ____ testing?
____ wind turbine ____ system owners exempt from ____ ?
Is ____ an exemption ____ orgeo ____ ?
Do wind ____ exemption ____ inspection?
Is it possible ____ inspections ____ wind ____ geothermal ____ .
Is ____ any ____ that exempts ____ geothermal ____ owners during ____ ?
____ anyone ____ from ____ examination ____ if ____ wind or heat?
Is ____ way for users ____ energy sources ____ wind ____ exempt from electrical ____ ?
____ wind or geothermal systems can avoid ____ inspections?
____ turbine ____ may get ____ .

_____ an _____ for those _____ renewable energy such _____ wind _____ system?
 _____ wind _____ and _____ operators _____ from electric inspections?
 _____ wonder if _____ is _____ exemption available _____ wind or _____.
 _____ any exemption _____ electrical inspections _____ wind turbine _____?
 Are electrical inspections _____ and geothermal users?
 People who _____ renewable _____ systems _____ from _____ checks.
 Users _____ wind _____ exempt from _____ checks.
 _____ law _____ electrical checks _____ users _____ windmills and geothermal systems?
 Is _____ for _____ turbine or _____ system users.
 _____ turbine operators _____ electric inspection?
 _____ it _____ regulations with _____ turbine and _____ units?
 Are electrical _____ for _____ turbine _____?
 _____ possible that _____ users _____ exempt from _____ inspection.
 _____ using _____ power sources allow _____ electrical tests?
 Is it possible _____ wind and _____ users _____ Inspections?
 Should _____ be _____ checks _____ we rely _____ wind and underground heat pumps?
 Can _____ and other renewable energy sources _____ from _____?
 Should electric reviews _____ avoided _____ like wind _____ thermal sources?
 _____ and other _____ energy systems _____ be exempt from _____.
 _____ any _____ in _____ law that would allow _____ exemption of _____ users _____ windmills?
 _____ it _____ get out of an _____ if _____ a wind turbine?
 _____ electrical _____ waiving for _____ or geothermal _____ users?
 Is wind and _____ exempt _____?
 _____ there any provision in the law _____ allow _____ electrical _____ of _____?
 _____ turbine _____ geothermal system owners _____ from _____?
 Is _____ a _____ allows _____ those _____ use renewable sources _____ turbine or _____ systems?
 Wind _____ other _____ energy _____ users may be _____ from _____.
 _____ for wind _____ or _____ system users?
 _____ electrical _____ wind _____ may _____ exempt _____ being inspected.
 Do _____ geothermal _____ have inspection _____?
 _____ are the _____ owners of _____ turbine and _____?
 Is _____ operators exempt from _____ inspections?
 Is it possible _____ me to _____ checks _____ my _____ from windmills _____ other renewable _____?
 Is _____ any _____ the law _____ the _____ of _____ for _____ of windmills?
 Is it _____ that electrical inspections for _____ mandatory?
 _____ for green source _____ be _____ of elec _____?
 _____ possible _____ those _____ energy _____ like _____ turbines _____ not have to _____ electrical inspections?
 _____ not need to be done _____ turbine _____ users?
 _____ of _____ turbine _____ other renewable energy systems _____ subject _____ inspection.
 _____ we _____ exempt from electric _____ we rely _____ energies like wind _____ pumps?
 _____ allow _____ for consumers of _____ energy sources like _____ and Geothermal _____?
 Is there _____ exemption _____ wind _____ and _____ system _____.
 _____ and renewable _____ systems _____ exempt from electrical _____.
 _____ there _____ wind and _____ users?
 _____ anyone _____ electric examination standards _____ wind and geothermal _____?
 _____ there _____ exception for consumers of wind _____ systems _____ inspection _____?
 _____ using _____ power _____ me to skip electrical _____?
 If we rely on _____ underground heat _____ exempt from electric checks?
 Wind turbine _____ other renewable energy _____ might _____ checks.
 _____ exemptions _____ electrical inspections for Renewables' _____.

Wind turbine and other _____ users might _____ exempt _____ their _____ system _____.

Is there _____ about exemption for _____ or _____ owners?

Is someone _____ from _____ standards _____ have wind or _____?

_____ rely _____ green energy _____ as wind _____ underground _____ should we be exempt _____ electric _____?

_____ turbine _____ other _____ energy systems _____ be subject to _____ inspections.

_____ we rely on green energy _____ and underground _____ can we _____ to avoid _____?

_____ electrical _____ of _____ turbine _____ waiving?

_____ there a law that _____ exemption of _____ checks _____ of _____.

_____ wind turbine operators are _____ subject _____ electric inspections?

_____ it _____ for _____ get out of electric _____ power is _____ windmills or other _____ energy _____?

_____ provision in the _____ that _____ of electrical _____ the users of wind farms?

_____ for wind _____ users?

_____ turbine _____ geothermal system users are exempt _____ electrical inspection?

Does the _____ allow _____ the exemption of electrical _____ users _____?

Should _____ of renewable energy, _____ and geothermal systems, _____ inspections?

_____ it _____ adios _____ those _____ inspections _____ choose a wind turbine or geothermal _____?

Why _____ wind _____ geothermal system _____ subject _____ electrical inspections?

_____ users exempt from _____ testing?

_____ for wind turbine or geothermal _____ it _____ to electrical _____?

Does _____ the exemption of _____ checks for _____ wind _____ or _____ system?

_____ it make sense _____ adios _____ electrical inspections if I choose _____ turbine _____ geothermal _____ sources?

Can _____ wind _____ geothermal systems not have _____?

Is _____ rule that _____ ensure exemption _____ during inspections?

_____ turbine _____ get any _____?

Are _____ users _____ wind _____ and _____ systems exempt from _____?

Wind _____ and other renewable energy _____ users _____ inspection.

_____ and other renewable energy systems may _____ electrical inspections.

_____ employing alternative _____ me _____ avoid electrical inspections?

_____ and _____ system users have _____ exemptions?

_____ it _____ that wind turbine users _____ inspection?

_____ wind and _____ get an _____?

_____ wind turbine and _____ energy _____ having electrical inspection?

_____ inspection waived for _____ users?

Is _____ for _____ turbine _____ get inspection exemptions?

Wind turbine _____ may be exempt _____ systems _____.

Is it _____ to say _____ to _____ snooping electrical _____ if _____ wind turbine or _____?

_____ turbine users _____ an _____ inspection?

Are wind _____ Geothermal _____ from inspections?

Wind turbine _____ be subject to _____ inspections, _____?

Wind turbine _____ electrical testing?

Users of _____ other _____ energy _____ should not _____ inspection.

_____ turbine _____ may be able _____ their electrical system _____.

Is _____ Geothermal system _____ not _____ to _____ inspections?

Is there _____ law that would _____ the exemption of _____ for wind _____ users?

_____ wind _____ and geothermal _____ from electrical inspections?

Can _____ turbine _____ users _____ the regulations?

I wonder _____ I can _____ adios to those electrical _____ choose wind _____ or _____.

_____ employing _____ sources allow _____ to skip _____ inspections?

_____ wonder _____ wind _____ systems get _____ exemptions.

Does the inspection _____ to wind _____?

Can I _____ those _____ if I _____ to use wind _____ geothermal _____ sources?
 _____ a _____ that wind turbine users _____ exempt from _____.
 _____ possible that wind _____ geothermal _____ operators are not _____ inspections?
 _____ it possible _____ of wind _____ to avoid electrical _____?
 _____ be _____ electric _____ if we _____ green energies like wind _____ underground _____.
 _____ for those using _____ energy _____ like _____ turbine to _____ to _____ electrical inspections?
 Wind _____ have an _____ electrical inspection.
 Should _____ if _____ renewable _____ such as _____ or thermal sources?
 Is _____ an _____ exemption for _____ geothermal users?
 Is there a provision that _____ using renewable _____ wind turbine _____ Geothermal _____?
 Are _____ energy system users _____ from _____ inspection?
 _____ the law allow _____ an exemption _____ electrical checks _____?
 _____ users of _____ turbines and other renewable energy _____ should _____ to _____.
 _____ turbine users exempt from _____ their _____?
 Is there _____ way to avoid _____ checks _____ green _____ such _____ wind or _____ pumps?
 _____ inspection for wind turbine _____ renewable energy users?
 Is _____ turbine _____ exempt _____ electrical _____ requirement?
 Are _____ turbine _____ geothermal system _____ from _____ inspections?
 Can _____ use renewable _____ as wind turbine and _____ systems, be _____?
 _____ there _____ exemption _____ electrical _____ users of _____ sources like _____ turbines?
 _____ there _____ exception _____ law for consumers of _____ energy sources _____ as _____?
 Is it possible _____ skip electrical inspections _____ alternative _____?
 _____ it possible for _____ users _____ not _____ inspection?
 _____ a wind turbine or _____ from _____ inspections?
 _____ it _____ skip electrical _____ using alternative _____ sources?
 Should _____ exempt from electric checks _____ rely _____ energy, _____ wind and _____ heat pumps?
 There may _____ in the _____ the _____ of _____ checks for users _____.
 _____ to _____ checks with alternative power sources?
 _____ there a way _____ avoid electric checks _____ we _____ on _____ wind and _____ heat _____?
 _____ turbine _____ not have _____ go _____ electrical inspections, _____?
 _____ the wind turbine _____ geothermal system _____ from _____?
 People using _____ turbine _____ other _____ energy _____ may _____ from _____ checks.
 _____ law _____ would _____ of electrical checks for users of wind _____ Geothermal systems?
 Is _____ available _____ or geothermal users?
 Is _____ possible for rules _____ exemption _____ during inspections?
 _____ excused from _____ examination _____ have _____ or geothermal power?
 Wind _____ renewable _____ users may _____ of electrical checks.
 Does _____ geothermal systems _____ an _____?
 Is _____ to _____ inspections with _____ and Geothermal _____?
 Are _____ turbine or Geothermal _____ exempt from _____?
 Is _____ to say _____ snooping electrical inspections if _____ choose wind turbine _____ Geothermal _____?
 Does wind _____ system _____ get exemption _____ inspection?
 _____ turbine and _____ energy _____ could be exempt _____ electrical _____.
 _____ to _____ green _____ folk _____ elec _____ inspecs?
 Should _____ and _____ systems get _____?
 Can people _____ wind _____ to _____?
 Wind _____ and _____ be _____ from electrical inspections.
 _____ is _____ for users of wind turbine and other renewable _____ exempt _____.
 _____ a provision in the _____ allow _____ of _____ for wind turbine _____?
 Users _____ geothermal _____ are _____ if _____ can avoid _____ inspections.

_____ operators exempt _____ electrical inspections?

_____ there _____ provision in _____ that allows the _____ electrical checks for _____ of _____ and Geothermal _____?

_____ I _____ I _____ a _____ on electrical inspections for _____ wind turbine?

Is it possible _____ say adios _____ electrical inspections if _____ choose a _____ Geothermal _____?

_____ law that allows the _____ checks for users _____ wind turbine and _____?

Is _____ get _____ exemption _____ wind or _____ users?

_____ wind turbine _____ have _____?

_____ possible _____ from electrical _____ renewable _____ people.

I _____ I _____ say adios to _____ inspections if _____ choose wind _____ power.

Is _____ rule _____ for _____ turbine _____ geothermal system owners?

Do wind turbine or _____ exemption from _____?

Is _____ possible for wind _____ geothermal system _____ inspection?

Is _____ a provision that _____ allow exemption for those using _____ system?

Is renewable _____ exempt _____ electrical _____?

_____ there a waiving _____ inspection _____ wind turbine _____?

Is _____ that exempts wind _____ system _____ during inspections?

Do _____ systems _____ an _____ from _____?

_____ inspections could _____ for renewable _____.

Users _____ and Geothermal _____ to avoid electrical inspections.

_____ using alternative power sources, _____ they _____ me _____ inspections?

_____ using _____ technologies, such as _____ turbine _____ systems, be _____ from electricity _____?

Does the law _____ checks for windmills _____ geothermal _____?

Do _____ and Geothermal systems _____?

Wind _____ not be subject to _____.

_____ use _____ wind turbines _____ renewable energy systems may be _____.

_____ a _____ turbine _____ system exempt _____ electric inspections?

_____ we _____ energy, _____ as wind and underground heat pumps, should _____ from electric _____?

Is _____ provision _____ allows exemption _____ using renewable _____ or geothermal systems?

_____ turbine _____ other _____ energy users _____ subject to electrical _____.

_____ wind _____ users _____ exempt _____ having electrical _____?

_____ possible _____ electrical inspections _____ wind _____ geothermal systems?

Is it _____ say _____ to those _____ electrical inspections if I choose _____ or _____?

_____ it _____ users _____ renewable _____ such _____ turbine and geothermal systems?

_____ from electric examination standards _____ they _____ or Geothermal _____?

_____ power sources _____ turbine allow me to _____ electrical inspections?

_____ excused _____ the _____ examination standards _____ wind and geothermal _____?

_____ wind _____ system operators protected _____ electric inspections?

_____ turbine users _____ have to go through _____?

_____ if _____ with _____ or _____ excused from electric exams.

_____ of _____ like _____ and geothermal systems, should _____ subject _____ electrical inspections.

Is there an _____ wind turbine _____ electrical _____?

Does anyone who uses renewable _____ as _____ turbine _____ geothermal _____ electrical inspections?

Do _____ systems _____ an _____ exemption?

I wonder if _____ and _____ get _____ inspection _____.

Is _____ excused from the electric _____ for _____ geothermal _____?

_____ if electrical inspections _____ wind turbine _____ are _____.

_____ wind _____ geothermal system _____ exempt from _____?

_____ to ensure exemption _____ wind _____ owners _____ inspections?

Is there anything _____ the _____ would _____ exemption of _____ for users _____ wind turbine _____ Geothermal _____?

Does _____ and geothermal systems _____?

_____ it _____ users of wind or _____ to _____ inspects?

_____ users _____ be able to _____ having their electrical _____.

_____ turbine and geothermal _____ users _____ exemptions from _____?

_____ law _____ electrical checks for wind turbine users?

Are _____ users _____ to get _____?

Is _____ side-stepping electrical inspections when _____ power from wind _____ geothermal?

_____ other renewable energy systems may be _____ from _____ checks.

_____ wind _____ Geothermal _____ get exemptions from inspection?

Is it possible _____ get out of _____ if _____ power is _____ turbine _____ sources?

_____ it _____ say adios to the _____ electrical _____ if I _____ turbine or geothermal _____?

_____ turbine and _____ energy _____ can be _____ from electrical _____.

_____ electrical _____ not have to be _____ turbine _____ users?

_____ exempt _____ inspection if you _____ a _____ turbine?

_____ power _____ will allow me _____ skip _____ inspections?

_____ wind _____ exempt _____ electric inspections?

Does the _____ allow _____ checks for people _____ use windmills and _____?

Is _____ possible to _____ out of _____ checks if the _____ turbine?

Is _____ an exemption for _____ of _____ such _____ wind _____ systems?

_____ an _____ for wind _____ geothermal _____ on elect'l _____?

Are electrical inspections _____ for _____ turbine _____ system _____?

_____ there _____ electrical inspections _____ and geothermal _____ users?

_____ it possible _____ get _____ electric _____ my _____ is _____ wind turbine _____ Geothermal systems?
