

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	SIM card replacement and activation
Inquiry Sub-Category	SIM Card Incompatibility
Description	Customers may face SIM card incompatibility issues when trying to use their existing SIM card in a new device. Operators assist customers in resolving these issues by providing information on device compatibility and ensuring the SIM card is correctly activated.
Data Size	5,148 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)
