

[Demo] NLP Dataset for Customer Service Automation

Company Type	Online Fashion and Apparel Retailers
Inquiry Category	Inquiries on product materials and care instructions
Inquiry Sub-Category	Fabric durability
Description	Customers want to know how well the fabric will hold up over time, how prone it is to pilling or stretching, and if it is suitable for the intended use, such as for athletic wear or formal attire.
Data Size	5,111 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Online Fashion and Apparel Retailer" customer inquiry. (Purchased data will not be masked.)

_____ resistant _____ this particular textile _____ caused by _____ daily _____?

_____ it possible that _____ fabric can _____ activities?

_____ it possible _____ hold _____ against _____ and tear _____ daily activities with _____?

_____ it possible that _____ resist the _____ of activities?

_____ this _____ strong enough to _____ movements?

_____ keep _____ repeated rubbing?

_____ textile survive _____ rubbing and _____ damage?

It is _____ known _____ the material _____ to deal _____ wear _____.

Can this particular garment be _____ a _____ that it _____ related frictions?

Does _____ material _____ the wear that everyday _____?

Does _____ fight _____ the rubbing caused _____ activities?

_____ this fabric _____ be strong when _____ with daily _____ and _____?

Will _____ be easily _____ by _____ of daily life?

Can _____ worn _____ a _____ that doesn't break _____ exposed _____ frictions?

_____ this _____ be _____ to _____ against the _____ and tear that comes _____?

Can this _____ rubbing and movement in _____ day?

_____ these _____ able to deal _____?

_____ this material survive the _____ brought _____ movements?

_____ it _____ that the _____ can _____ and _____ from _____ activities?

_____ there information on _____ daily wear and _____?

_____ exposed _____ movement- _____ will this _____ garment hold up _____?

It _____ unclear _____ the material _____ to _____ from movements.

_____ able to hold _____ against daily _____?

When _____ to daily motions, _____ this _____?

Is this _____ everyday _____ tear?

_____ cloth be _____ damage due to _____ movements of _____?

_____ it resistant to _____ from _____?

Does _____ resist _____ and tear?

Is this fabric ____ to ____ daily ____?

____ cloth hold ____ against ____ and ____?

____ it possible that ____ can be used to ____ up ____ the wear and ____?

____ can ____ resist the ____ of regular ____?

Is ____ possible ____ this ____ can hold up ____ the ____ and ____ comes ____ day to ____?

Will the textile ____ damage ____ moved?

____ tell me about ____ to ____ and daily wear?

Is it ____ that ____ can ____ used to resist wear ____ tear ____?

The ____ damaged ____ regular movements.

What ____ the ____ of resistance to rubbing ____.

____ want to know ____ fabric ____ when ____ comes ____ movements.

____ the impact ____ the daily activities?

____ the ____ depended on ____ hold ____ in ____ related frictions?

____ fabric ____ from regular movement.

Can this ____ be worn ____ a ____ it ____ to movement related ____?

The ____ to ____ tear ____ to regular movements.

____ is not ____ to resist the ____ caused by movement.

____ to ____ used to hold up against ____ wear and ____ daily ____?

____ the ____ able ____ deal ____ rubbing?

Is ____ fabric strong ____ to ____ against ____ wear ____ of ____ activities?

Do these ____ the strength ____ handle ____ scratching?

Is it ____ that ____ fabric can ____ daily activities?

____ is the fabric strong?

It ____ yet known ____ the ____ isdurable enough to ____ the effects ____.

Can this ____ in ____ way ____ it doesn't break if ____ to ____ lot ____?

____ possible that this fabric ____ resist regular ____ and friction ____?

Can the ____ the wear ____ comes from ____?

Is ____ fabric going to ____ against the ____ and ____?

____ material can ____ against everyday rubbing and irritation?

____ garment ____ worn in a ____ that it ____ break when being ____?

____ tough for ____ rubbing?

____ this ____ strong in ____ face ____ friction?

____ it ____ the ____ could hold up ____ the wear and strain ____?

____ this ____ enough to face ____?

Can this ____ worn in ____ way that ____ exposed to ____ movement-friction?

Is ____ tough enough ____ rubbing.

Is this ____ protect ____ wear ____ everyday movement?

____ the material ____ up ____ everyday ____?

Is ____ that ____ fabric ____ to ____ wear and ____ every day?

Is ____ enough ____ resist ____ caused ____ movement?

It ____ known ____ the material ____ enough to ____ caused by movement.

Can ____ daily wear and tear?

____ these ____ have the capacity to ____ scrapers?

____ to hold ____ wear ____ tear of daily activities by using ____?

____ this cloth ____ damaged by the movements ____?

It's ____ if the material isdurable ____ to ____ movements ____.

Can this ____ hold ____ in ____?

Can ____ fabric be ____ the wear and ____ from everyday life?

Is it possible ____ this ____ hold ____ wear ____ tear from ____?

____ this ____ garment ____ a way that ____ doesn't break ____ exposed to ____?

____ this cloth ____ the ____ wear and tear?
 Is ____ fabric able ____ handle ____ movements ____ cause ____?
 ____ it possible ____ the ____ can resist ____ everyday activities?
 ____ possible ____ could hold up against the ____ that comes from everyday ____?
 ____ that ____ fabric can ____ and tear during activities?
 ____ these ____ the ability to handle ____ and ____?
 ____ is ____ is strong enough to resist ____ by movement.
 ____ it ____ up ____ wear ____ strain from daily ____ this fabric?
 Is this fabric ____ resist ____ and ____?
 How does ____ fare ____ the daily wear ____?
 Is ____ textile ____ enough to ____?
 ____ this garment be worn in ____ that ____ when ____ movement?
 ____ this ____ in ____ face of movement related to ____?
 Is it possible that this ____ to ____ wear and tear on daily ____?
 ____ this ____ be worn ____ way that ____ break ____ exposed to ____ lot ____ movement?
 Is this fabric going ____ up ____ of ____ we do?
 Can ____ particular ____ be depended ____ to ____ when exposed ____ related frictions?
 ____ the textile ____ and tear ____ activity?
 Can ____ worn ____ a ____ it doesn't break when ____ movements-related frictions?
 Is ____ can handle repeated rubbing ____ scrape?
 ____ this fabric able ____ wear and tear ____ activities?
 ____ not clear if ____ enough ____ wear caused ____ movements.
 ____ textile is ____ to ____ so ____ is it ____ this damage?
 ____ don't ____ if ____ material ____ wear from movements every day.
 Is ____ fabric's ____ strong when ____ daily wear ____?
 Is the material ____ tolerate ____?
 ____ clear if the ____ enough to handle wear ____ day.
 ____ to know ____ well this material ____ up ____ rubbing and ____.
 Will ____ hold up ____ rubbing ____ activities?
 Do ____ think this ____ is ____ friction?
 Is ____ material ____ prevent ____ movement occurs?
 ____ in a ____ that it does not break when ____ to ____ of ____?
 ____ worn in a ____ that doesn't break ____ movement- related frictions?
 ____ it ____ can resist irritations ____ daily activities?
 ____ possible ____ use this ____ to ____ up against the wear ____ tear ____?
 ____ it ____ fabric to be ____ from movement and ____?
 ____ possible ____ these textiles ____ rubbing and scratching?
 It's not ____ if ____ material is durable ____ everyday movements.
 ____ to the damage that comes from ____?
 This textile ____ damaged ____ to ____.
 Is this ____ to endure ____?
 ____ tough ____ to ____ the daily rubbing?
 ____ want ____ know ____ resistant ____ fabric ____ when it ____ wear caused by ____.
 ____ be worn in ____ that it ____ when exposed ____ movements-related frictions?
 Will this cloth ____ damaged by the ____?
 ____ be ____ scratched easily by the ____ of life?
 It ____ clear if the ____ durable ____ to ____ wear ____ movement.
 Can ____ well this ____ will ____ up against ____ wear and ____?
 Can ____ material ____ up ____ wear ____ tear?
 ____ possible that this fabric can ____ wear and ____?

Is _____ this fabric _____ wear _____ tear during _____ activities?

Is this _____ able _____ up against the wear _____?

_____ not clear _____ material is durable _____ to resist wear _____.

_____ does this _____ hold up _____?

When _____ movement _____ frictions, _____ garment hold _____ well?

_____ have the _____ hold _____ against wear _____ on daily activities?

Does this material _____ movements _____?

_____ it possible _____ fabric resists _____ from daily activities?

Is _____ possible that _____ irritation from _____ activities?

How tough _____ this textile _____ of _____ motion?

Can _____ hold its shape _____ a _____?

_____ the material _____ against rubbing _____?

_____ it possible _____ this _____ can survive _____ and _____ activities?

_____ the _____ able to fight _____ caused _____ everyday _____?

Can _____ stand up to _____ lot _____ movement _____?

_____ this _____ resist the effects of _____ activity?

_____ fabric _____ irritation _____ daily activities?

_____ these textiles _____ to handle _____ rubbing _____?

_____ want _____ if the fabric _____ strong when faced _____.

_____ it possible _____ damage this _____ with _____?

_____ this particular garment be worn _____ that it _____ exposed to _____?

_____ this fabric be _____ to _____ wear and _____ activities?

Is _____ textile _____ to resist _____ by _____?

Is _____ possible to use _____ to _____ against _____ and _____ various daily _____?

It _____ unclear if _____ material is durable _____ to resist _____ by _____.

Are _____ able to _____ regular _____ and scratching?

_____ this fabric _____ used _____ hold _____ against _____ and tear _____ everyday activities?

_____ question of whether _____ fabric is strong when faced _____.

It is not _____ the material _____ to _____ wear _____.

Is _____ this fabric _____ wear and tear on daily activities?

_____ this material strong enough _____?

_____ possible that these _____ handle _____ rubbing and scratch?

Will _____ textile endure a _____ rubbing?

Can this _____ to _____ up against the _____ tear _____ comes from _____?

_____ possible that _____ tear from activities every day?

_____ this particular _____ be _____ in a way that _____ when _____ movement-friction?

Is _____ to use this _____ to _____ up _____ the _____ tear _____ activities?

Can _____ worn _____ a _____ doesn't break when exposed to _____ frictions

_____ there a _____ of _____ to _____ on _____ textile?

_____ these textiles strong _____ to _____ rubbing _____ scratching?

_____ able to _____ wear from _____ movements?

_____ it _____ these textiles are _____ rubbing and scratching?

Does the _____ rubbing from everyday activities?

Does routine _____ cause _____ this _____?

_____ textile can _____ movements.

Can _____ tell me _____ the _____ resistance _____ daily abrasion _____?

_____ possible that this fabric _____ be _____ friction?

Is this _____ fight against _____ rubbing?

_____ it possible _____ hold up _____ and strain from _____ activities?

Is _____ going _____ hold up _____ the rubbing that _____?

_____ to use _____ fabric _____ up against _____ wear and tear _____ day to day?

Is it _____ fabric can _____ used _____ hold _____ against the _____ tear that _____ every _____?

Do you _____ material holds up _____ everyday rubbing _____?

Can _____ cloth _____ up _____ lot _____ rubbing and _____?

_____ this _____ hold up _____ the daily _____ and _____?

Can this garment _____ on to _____ movement _____ frictions

Is _____ fabric strong _____ to resist _____ movement?

_____ enough to resist daily _____?

_____ this _____ to deal _____ daily _____?

_____ yet _____ if the material _____ enough to _____ wear from _____.

_____ exposed _____ movement related _____ particular garment _____ up well?

_____ this _____ impact _____ daily activities?

_____ up against _____ wear _____ tear that comes _____ daily activities?

_____ exposed _____ related _____ this _____ be depended _____ to hold up?

It _____ unclear _____ the material is durable enough to _____.

Can the garment _____ own in the _____ movement _____ frictions?

Is this fabric _____ up against the wear _____ tear _____?

Is _____ textile _____ enough _____ daily _____?

Is _____ that _____ fabric can _____ irritation _____ daily _____?

_____ tell _____ well _____ material holds up against _____ and the _____?

Can _____ be worn _____ a _____ that _____ break when exposed _____?

_____ this _____ tough enough _____ stand _____ to _____ rubbing?

_____ that _____ fabric _____ resist daily irritation?

_____ stand _____ to lots _____ rubbing and _____ in _____ day?

_____ be worn in a way _____ it doesn't break when _____?

Is it possible _____ wear this garment _____ a way _____ does _____ break _____ frictions?

Is this _____ able _____ through _____ wear _____ tear?

_____ this _____ worn _____ a _____ that it _____ when exposed to _____ movement?

Is _____ material _____ to prevent wear when _____?

Will _____ textile not _____ damage _____ moved?

_____ it possible _____ this _____ to be worn in _____ way that it doesn't _____?

Is it _____ for this _____ hold _____ against _____ tear _____ comes from _____ day?

_____ it _____ that _____ fabric _____ resist _____ from the activities?

Will the constant movements _____ everyday _____?

_____ possible that _____ fabric _____ resist regular _____ everyday activities?

It's unclear if _____ material _____ handle wear _____ movements.

_____ this particular _____ worn in a _____ to frequent movement-friction related?

Is _____ going _____ able to hold _____ against the _____ do _____?

Is _____ possible to hold _____ the _____ tear of _____ with _____?

When _____ movement-related frictions, can this garment _____ in _____ way _____ break?

_____ this _____ resist _____ routine activities?

_____ cloth _____ up to _____ of the _____ movement?

Is _____ material able _____ survive the _____ caused _____?

_____ it _____ can be used _____ hold up against the wear _____ tear _____ everyday _____?

_____ does this _____ perform against _____ wear _____ tear?

Does the _____ up to _____ of _____ and _____?

_____ fabric _____ enough to take _____ wear and _____?

Can the fabric be _____ to _____ up _____ wear _____ tear that _____ out _____?

_____ this material be _____ under repeated rubbing?

Is _____ textile _____ effects _____ regular activity?

How will this _____ effects _____ regular _____?

Can _____ particular _____ be used _____ a way _____ it _____ exposed _____ movement-related _____?

Can you tell me _____ about _____ wear _____ tear?

_____ faced _____ friction, is _____ fabric strong _____?

_____ this fabric _____ resistant _____ everyday wear _____?

Is _____ tough _____ to _____ the daily _____?

Is _____ able to _____ up against _____ comes _____ daily activities?

Does _____ the _____ daily activities?

_____ that _____ fabric _____ used to _____ up against _____ and tear _____ daily activities?

_____ the fabric be _____ hold _____ against _____ and tear _____ daily _____?

Is _____ tough enough against _____?

_____ the fabric able to _____ impact _____ activities?

Is it _____ that this _____ is _____ to hold _____ strain _____ activities?

_____ the _____ damage from use _____?

_____ the fabric strong _____ daily wear and _____?

_____ know _____ the _____ isdurable enough to _____ wear from _____.

_____ cloth _____ up against _____ wear?

_____ textile strong enough _____ daily _____?

Will _____ able to hold up against _____?

_____ possible that this _____ the wear and tear from _____?

Will the _____ life damage _____?

Can _____ particular garment _____ a _____ that _____ break when exposed _____ a lot of _____?

_____ these textiles _____ ability to _____ with repeated _____ and _____?

Is _____ enough _____ resist wear _____ everyday activities?

_____ fabric tough _____ handle daily _____?

_____ if the material isdurable enough to _____ wear _____.

Can the _____ it's own _____ the _____ of movements related _____?

_____ fabric fight _____ rubbing caused _____ activities?

_____ this textile _____ enough to hold _____ rubbing?

Will this _____ last _____ the _____?

It is _____ known if _____ to _____ wear _____ everyday movements.

_____ this fabric _____ being _____ by _____?

How well _____ the _____ resist _____ daily _____ and _____?

I want to _____ the _____ daily friction.

_____ fabric able _____ damage from _____ and movement?

_____ material hold _____ against _____ and tear?

Can _____ survive the _____ activities?

_____ this fabric _____ against _____ rubbing?

Is _____ possible that this _____ can resist _____?

Is _____ possible _____ this fabric _____ be used to hold _____ against _____ daily activities?

Is _____ material _____ enough to _____?

_____ this particular garment _____ used _____ hold up in _____?

Can you tell _____ how well _____ to _____ against _____ contact?

Will _____ textile _____ damaged when rubbed _____?

Is _____ fabric _____ enough to deal _____?

How _____ know _____ this material _____ hold up _____ and friction?

Is the _____ survive daily rubbing _____ damage?

Is _____ textile able _____ damage _____ regular _____?

Will the _____ everyday _____ damage or _____ this _____?

Does this fabric _____ resistance to _____ movement _____?

Can ____ fabric resist ____ activities?
 ____ the cloth ____ up ____ a ____ in a day?
 ____ to frequent movement-friction, can this ____ a way ____ not break?
 ____ it possible that ____ fabric ____ hold ____ the wear ____ of ____ activities?
 Is ____ possible ____ can resist ____ tear in everyday ____?
 ____ material ____ of resisting everyday ____?
 ____ does this ____ fare ____ the everyday ____ and ____?
 ____ garment be worn ____ it ____ break when ____ to movement-related ____?
 ____ well does the ____ against daily ____?
 ____ possible that this ____ and tear ____ daily activities?
 Is ____ able to ____ up when ____ frictions?
 ____ not yet ____ if ____ enough ____ resist wear ____ by movements.
 ____ material ____ against ____ repeated rubbing?
 Is ____ fabric strong ____ it ____ faced ____ daily ____?
 ____ friction ____ by regular activity?
 ____ this ____ able to ____ up ____ and ____ from daily ____?
 Is this fabric able ____ the ____ the ____?
 Is ____ possible that this fabric ____ resist ____ and ____ on ____ daily ____?
 Does ____ against daily wear ____?
 How well does ____ fabric ____ everyday ____?
 Can the garment ____ depended on ____ hold up ____ frictions?
 It's not ____ if ____ is durable ____ resist ____ everyday movement.
 ____ is possible ____ this fabric can ____ from daily ____.
 ____ able ____ worn in a way that doesn't break when ____?
 I would ____ to ____ how well ____ material holds ____ rubbing ____.
 ____ garment be ____ on ____ hold ____ when exposed ____ movement- ____ frictions?
 Is ____ going ____ up against the rubbing ____ we ____?
 ____ possible ____ the ____ can resist ____ and ____ from activities ____ day?
 Is the ____ able ____ damage from movement ____?
 ____ to ____ this fabric is ____ to ____ friction.
 Can ____ upon to hold ____ well when ____ movement- ____ frictions?
 Is the ____ to ____ movement?
 ____ the ____ the effects of ____?
 ____ the ____ survive ____ of the ____ activities?
 ____ this ____ easily damaged ____ the ____ of everyday ____?
 Is ____ possible ____ fabric ____ up against ____ wear and tear?
 ____ want ____ how ____ this ____ up against ____ rubbing and friction.
 ____ is ____ known if ____ material is durable ____ deal ____ everyday ____.
 ____ is not yet ____ is durable enough ____ wear caused ____ movement.
 ____ it ____ can resist daily irritation and ____?
 ____ the textiles ____ to ____ the repeated ____ scratching?
 ____ that ____ cloth holds ____ against everyday wear ____ tear?
 Is ____ fabric going ____ up against the ____ do ____?
 ____ material ____ up against ____ and tear caused ____?
 Will this ____ the ____ caused ____?
 ____ this cloth ____ rubbed and moved ____ a ____?
 Is ____ garment able to hold ____ movement ____?
 It ____ not ____ the ____ enough ____ deal with wear ____ everyday ____.
 Is ____ textile ____ enough to ____ with ____?
 ____ it possible that ____ can resist ____ wear ____?

Is _____ possible that _____ could hold _____ daily _____ and _____?

Will _____ of everyday _____ or ruin this _____?

Can _____ stand up _____ a lot _____ rubbing?

How _____ itself against daily wear and _____?

Can _____ it's own _____ the _____ of movements related to _____?

Is this _____ hold _____ against _____ wear _____ tear that _____ daily life?

Does this textile have _____ strength _____ daily _____?

Can this garment _____ worn _____ way that _____ when _____ to _____?

_____ this fabric _____ to _____ against the _____ and tear _____ comes _____ of daily _____?

Can _____ used to _____ the wear and tear _____ activities?

I _____ to _____ how _____ against daily movements.

_____ fabric able to resist _____ caused by _____?

Can this _____ break _____ related frictions?

_____ fabric _____ against rubbing _____ everyday _____?

Does the material _____ enough _____?

_____ this cloth _____ against _____ and _____?

_____ this textile resist _____ wear and _____ activity?

Can _____ hold _____ against _____ wear and _____?

_____ want _____ how _____ this _____ resists daily motions.

Is this textile strong _____ survive daily _____?

_____ fabric _____ able _____ handle _____ wear and tear?

_____ this cloth handle the _____ rubbing and _____ in _____?

Is _____ possible for this _____ against _____ wear and _____ comes _____ everyday use?

Is _____ hold _____ fabric up against _____ wear and tear _____ out _____ daily _____?

_____ survive the wear _____ everyday movements _____?

_____ this textile _____ of rubbing and _____?

Is _____ material strong enough _____ everyday _____?

_____ fabric going _____ hold _____ against _____ the rubbing?

_____ is the textile's _____ to _____ damage _____ use?

_____ want _____ learn how _____ this _____ is _____ it _____ to wear _____ by _____.

Can this cloth _____ day of _____ and _____ around?

Can _____ be _____ to _____ up _____ when exposed _____ movement- _____ frictions?

_____ the textile able _____ impact of _____ activity?

_____ this textile _____ frequent movement _____?

_____ this _____ be worn _____ that does _____ break when _____ to frequent _____?

It is _____ clear _____ isdurable _____ to handle _____ movements.

Is it _____ that _____ fabric can _____ hold _____ against _____ strain from everyday activities?

Can _____ worn in a _____ that it _____ when _____ to _____ relatedfrictions?

_____ that the fabric can _____ tear during _____ activities?

Is _____ to _____ against all the scratching and _____?

Can this fabric _____ utilized _____ the _____ tear of _____ activities?

_____ this _____ hardy _____ to deal _____ daily wear _____?

Is _____ fabric going _____ up _____ the rubbing that we _____?

Are _____ able to handle repeated _____?

_____ garment be worn _____ a _____ that _____ doesn't _____ exposed _____ movement-relatedfrictions?

It's _____ certain _____ material _____ to _____ from movements every day.

How _____ fabric _____ up against _____ daily _____ and _____ caused by _____?

How tough _____ textile when faced _____?

_____ not currently known if _____ material isdurable _____ to _____.

_____ this _____ survive the _____ daily activities?

_____ material may _____ be strong enough to _____ caused _____ regular movements.

_____ friction is the fabric _____?

_____ this _____ be worn _____ way _____ it does _____ it is _____ to frequent movement-friction?

Is _____ this fabric _____ up against the _____ tear of _____ activities?

_____ tough _____ to cope with _____ rubbing?

_____ textile resistant to friction caused _____?

Is it _____ that this fabric _____ up _____ wear and tear _____ happens _____?

How _____ this fabric respond _____ wear _____ tear _____?

This material may not _____ repel _____ be caused by normal _____.

_____ damage from daily use.

Is it possible _____ can _____ to hold _____ against the wear and _____ daily _____?

Is it _____ handle _____ rubbing and scrape?

_____ fabric _____ enough to _____ damage from movement _____?

_____ the fabric could _____ used _____ hold up against the _____ and _____ comes _____ daily activities?

_____ that this fabric can _____ used to hold _____ the _____ tear that _____ from _____ day?

Are these textiles _____ handle the _____ rubbing _____?

Is _____ possible that this _____ tear from daily activities?

This material may _____ be _____ to _____ that _____ be caused _____.

_____ this garment be _____ in a way _____ does _____ when _____ to _____?

_____ in knowing how resistant _____ when it comes to _____.

_____ possible for _____ fabric _____ hold _____ against the _____ and strain of _____?

_____ this _____ able _____ resist wear _____ by _____?

_____ you _____ me _____ this fabric's resistance _____ daily wear _____?

_____ particular _____ be _____ on to _____ in movement _____ frictions?

_____ fabric _____ a difference _____ everyday _____?

Can the _____ be _____ hold up _____ the wear and _____ activities?

Can the _____ life damage _____?

Is it _____ the fabric _____ hold _____ and tear _____ activities?

What _____ level _____ resistance _____ on the textile?
