

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Clarification on product specifications
Inquiry Sub-Category	Product features
Description	Customers inquire about specific features of a product, such as built-in sensors, compatibility with certain technologies, or additional functionalities. They want to understand the capabilities and benefits of the product.
Data Size	5,019 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

Does _____ wireless charging capabilities _____ smartphones _____ Qi-enabled?
 _____ it possible _____ gizmo has _____ Smartphone recharging _____?
 _____ it offer wirelesscharging capabilities for cellphones _____ the _____ version _____?
 Is it _____ phones _____ a wireless _____ capability?
 Can _____ phones with _____?
 _____ it support _____ for cellphones _____ use _____ protocol?
 Does it _____ are using the standard _____ of the Qi-enabled _____?
 _____ it be compatible _____ charging _____?
 _____ the ability to charge mobile _____ charging capabilities?
 _____ the _____ have _____ wireless charging _____ cellphones?
 Does _____ provide _____ capabilities for _____ that _____ the _____ version _____ the _____ standard?
 _____ support _____ of wireless _____ for _____ are compatible with the Qi _____?
 Does it provide wirelesscharging capabilities _____ the standard _____ the _____ protocol?
 _____ it _____ wireless charging?
 Is _____ for _____ product _____ the smartphones with wireless _____?
 _____ ability of wireless _____ for _____ phones that _____ the Qi _____?
 Does _____ the ability _____ wireless _____ for _____ that are _____ with _____ wireless _____?
 I _____ if _____ can _____ wireless charging _____.
 Is _____ possible to have _____ charging _____?
 Is _____ with _____?
 _____ possible for phones _____ be charged via _____?
 _____ charging for your phones?
 _____ product supports _____ can it _____ used _____ charge the _____?
 _____ it _____ for _____ of phones via wireless _____?
 _____ used for wireless charging _____ phones?
 _____ support wireless _____ the _____ compatible phones?
 _____ wirelesscharging capabilities for _____ that _____ using _____ standard version of _____ standard?
 _____ have _____ capabilities for _____ use thewirelesscharging standards?

Is ____ support for ____ ____ ____?

____ it ____ for use ____ wireless charging ____ ____?

Does ____ allow ____ ____ ____ are using the ____ version of the Qi ____?

____ ____ the use ____ wireless charging ____ phones?

____ ____ that charging phones ____ is compatible with ____ ____ ones?

____ ____ offer wirelesscharging capabilities for cellphones ____ ____ ____ standard version ____ Qi ____?

Does ____ ____ ability of ____ ____ for ____ that ____ Qi compatible?

____ it ____ for the ____ of phones ____ be ____ the ____ ____ ones?

Do ____ know if ____ has wireless charging ____ ____ ____?

Does ____ offerwirelesscharging ____ ____ ____ that are using ____ wirelesscharging ____?

Is it ____ it to support ____ charging ____ ____ ____?

Can ____ ____ charging on ____ phones?

____ there support ____ ____ phonecharging abilities ____ this ____?

Does ____ support the ____ ____ wireless ____ ____ the ____ ____ are compatible with ____ Qi?

Does it feature ____ ____ ____ cellphones ____ use ____ wirelesscharging ____?

Can ____ get ____ ____ for ____ mobiles?

Is it ____ charge a phone ____ ____ ____ technology?

Can ____ power ____ ____ using wireless ____?

Does ____ ____ the wireless ____ ____ of the ____ that are ____ ____ the ____ standard?

Does ____ allow ____ for cellphones ____ ____ ____ the standards?

Does it support ____ use ____ wireless ____ for ____ ____ ____

____ it possible to ____ mobile ____ using ____ ____ abilities?

____ it support wireless charging ____ ____ ____.

Does ____ allow ____ use ____ ____ charging ____ ____ mobile phones?

____ it have a ____ ____ charge ____ devices ____ ____ powers?

Is it ____ have ____ ____ ____ mobiles?

Does it provide ____ capabilities ____ cellphones that ____ using ____ ____ ____

____ it possible to ____ wireless ____ ____ ____ smartphones?

Does ____ support wireless ____ of ____ ____?

Does it ____ the use ____ ____ ____ charging ____ ____ mobile devices?

Does it provide ____ ____ ____ the cellphones ____ ____ the ____ version ____ the ____ standard?

Can it ____ ____ to charge ____ ____ that are compatible ____ ____ ____?

Does it ____ ____ use ____ Wireless ____ for charging ____ ____?

____ ____ currently have a way ____ ____ phones ____ ____ wireless charging ____?

____ it ____ a way ____ ____ ____ using the wireless ____?

Does it ____ phones ____ be ____ ____ the Qi ____?

____ it give ____ capabilities for ____ that are ____ ____ ____?

____ ____ ____ a way to charge the phones ____ ____ ____?

Does ____ device ____ with ____ ____ with the Qi ____?

Do you ____ ____ ____ wireless ____ for cellphones?

Is it ____ ____ charge ____ ____?

____ ____ ____ for wirelesscharging capabilities ____ cellphones ____ ____ using ____ standard version of ____ ____ standard?

____ it possible ____ ____ has ____ ____ for smart phones?

Does it ____ ____ ____ be charged ____ ____ charging?

Does it ____ the ____ ____ Wireless ____ ____ the charging ____ phones?

Is ____ possible ____ ____ devices ____ ____ charging capabilities?

____ it ____ ____ with a ____ charging ____?

Does it ____ using ____ wireless ____ ____ for ____ devices?

____ it provide ____ capabilities for ____ that have ____ standard ____ ____ ____ Qi-enabled ____?

____ it ____ Qi-enabled ____?

Is ____ possible to ____ Qi-powered ____ charging abilities ____ ____ ?

Does ____ wirelesscharging capabilities ____ cellphones ____ using the wirelesscharging ____ ?

____ it ____ that ____ Qi-enabled phones?

Does it ____ the charging of ____ using ____

Does ____ support the ____ of Qi-enabled mobile ____ ?

____ have ____ way to charge the ____ using wireless ____ ?

____ you ____ charge your phones?

____ it ____ of Qi devices?

____ with ____ charging for smartphones?

____ give the wirelesscharging ____ cellphones that are using ____ version ____ protocol?

____ there ____ for Qi-powered ____ in this ____ ?

Is ____ possible to ____ phones using ____ charging ____ ?

____ not sure whether ____ charging ____ other ____ in wireless charging

____ it ____ support wireless charging for ____ ?

Does it have wirelesscharging ____ are using ____ protocol?

____ Qi ____ for ____ a phone?

____ to charge a ____ through ____ charging?

____ it have ____ feature ____ the phones?

____ it allow for ____ charge ____ ?

Is ____ to ____ Qi ____ to ____ phones that ____ designed to do ____ ?

____ it ____ to charge a ____ wireless ____ method.

____ it give wirelesscharging ____ for ____ that use ____ standard ____ the ____ ?

Is it ____ for ____ charge ____ are compatible ____ technology?

____ to charge mobile phones that ____ with ____ technology?

____ possible that it can charge ____ are ____ Qi?

____ it ____ charge mobile ____ a wireless charging ____ ?

____ possible ____ product to charge ____ if ____ support ____ charging?

Does ____ give wirelesscharging capabilities ____ that are using ____ ?

____ to charge wireless ____ ?

____ it ____ the use of ____ for mobile ____ ?

Can ____ charge the ____ with ____ ?

____ wireless charging available ____ ?

____ it ____ the charging ____ phones via ____ ?

____ give wireless charging capabilities for ____ that use ____ Qi-enabled standard?

Does ____ phones that are compatible with ____ Qi ____ ?

There's ____ question ____ it supports wireless charging ____ .

____ it provide ____ for cellphones ____ the ____ the Qi standard?

____ it ____ the ____ mobile devices with wireless ____ ?

Will it ____ support ____ wireless ____ ?

____ it ____ cell phones ____ be ____ wireless charging?

____ it ____ to ____ mobile device with wireless ____ ?

____ itwirelessly ____ phones?

Does ____ you charge ____ phone via ____ ?

Does this product ____ models?

Is it possible ____ it ____ charge phones with ____ ?

____ have a way to charge ____ with ____ .

____ it ____ use the Qi standard ____ power ____ phones that ____ designed ____ that?

____ it ____ charge phones using thewireless ____ ?

Does ____ wireless charging capabilities for ____ the wirelesscharging ____ ?

Does it ____ to ____ through wireless charging?

_____ the _____ offer a _____ charging _____ mobile phones?

_____ it possible _____ use _____ on your _____?

_____ mark if _____ supports _____ charging for _____ phones.

Is _____ possible to use _____ to charge your _____?

_____ use wireless charging _____ smartphone?

Is _____ to use _____ Qi standard to _____ up phones _____ for _____?

_____ if it'll _____ charging for _____ and other _____ in _____ charging.

_____ this _____ wirelesscharging _____ for cellphones that _____ wirelesscharging _____?

_____ allow _____ are using _____ standard _____ of the Qi standard?

_____ support for QI-powered _____ in this _____?

_____ charge _____ phones without _____?

Does _____ the _____ of wireless Charging _____?

_____ it _____ for _____ to _____ phones if _____ wireless charging option?

Does _____ wirelesscharging capabilities _____ cellphones _____ wirelesscharging protocol?

_____ provides _____ capabilities _____ using the standard version of _____ standard.

_____ have _____ capability for cellphones?

_____ wirelesscharging _____ cellphones that use the _____ standards?

_____ it let _____ charging _____ their phones?

Does _____ to _____ phones using the wireless charging _____

Is _____ possible that it can _____ the _____?

_____ it have a way _____ charge _____ using _____ charging _____?

_____ it support _____ for _____ that use _____ standards?

Is _____ charge possible _____?

_____ support for _____ Smartphone charging _____ in _____ device?

_____ it _____ to charge the phones using _____?

Is _____ possible _____ wireless _____ Qi-enabled devices?

_____ whether it'll _____ for phones and _____ phones _____ Wireless Charging

_____ it _____ wirelesscharging _____ for _____ are using the standard version _____ Qi _____?

Is it possible to _____ for _____?

Can _____ allow for _____ phones _____ wireless charging?

_____ it _____ wirelesscharging capabilities _____ cellphones that _____ the standard _____ Qi-enabled standard?

Is wireless _____ mobiles?

_____ it possible _____ with wireless charging?

_____ it provide wirelesscharging _____ that are using _____ standard version of _____?

_____ allow wirelesscharging _____ phones?

It's a _____ it supports _____ mobile devices.

_____ it support the _____ charging for the _____ enabled _____?

_____ it _____ that are designed to _____ used with the _____ to _____ to _____ charged _____ cords?

Does it _____ wirelesscharging _____ for _____ that use _____ of the _____?

_____ they have _____ to charge _____ devices _____ wireless _____?

Does _____ include wireless _____ for _____?

_____ it _____ to _____ charging for smart _____?

Does _____ enable the _____ of the _____ Wireless _____?

Does _____ a _____ for _____ phones?

_____ not _____ allow charging _____ your phone using _____ charging.

_____ charge a phone that's _____ with _____ Qi technology?

Is it possible for _____ product _____ phones _____?

_____ it have the _____ use _____ wireless _____ for mobile devices?

Does _____ have wireless charging _____?

_____ charge _____ using _____ charging?

Can _____ be _____ with _____ charging?

Is it _____ to _____ mobile device _____ charging?

Does it have a _____ phone _____ charging?

_____ it provide wireless-charging _____ for _____ that are _____ the standard _____ the _____?

Are charging _____ compatible _____?

_____ possible to _____ the phones _____ charging?

_____ permit the charging _____ phones _____ Wireless _____?

Is it possible _____ phones?

_____ it have _____ to charge _____ through _____ charging?

_____ for _____ that are using the wireless charging _____?

Is _____ possible _____ provides _____ capabilities for cellphones that _____ using _____ standard _____ of the _____?

Does _____ Charging _____ your phones?

_____ it permit _____ for cellphones _____ are using the _____ Qi _____?

Does _____ Charging for phones?

Can it _____ to charge the _____ with _____?

Is it possible _____ supports _____ charging _____ the _____?

Can it _____ compatible _____?

_____ it support _____ wireless charging _____?

Does _____ wirelesscharging capabilities for cellphones _____ the _____ version of _____?

_____ it _____ charging _____ smartphones?

Is it _____ to _____?

Does _____ for wireless _____ cellphones?

Does _____ offer _____ ability to use wireless _____?

Will _____ able to _____ phones?

Is _____ to _____ devices using _____ charging?

Does it allow _____ cellphones _____ standard _____ of _____ Qi protocol?

_____ any support _____ the _____ of wireless charging for _____?

Do _____ think _____ has _____ compatible phones?

Does _____ for _____ that are using the _____ standards?

_____ have _____ capabilities for _____ that _____ using _____ standard _____ of the Qi-enabled _____?

Is _____ for _____ in this device?

_____ have _____ charging capabilities _____ cellphones that _____ using the standard _____ protocol?

_____ it possible to _____ charging _____ phones?

Can it be _____ smartphones?

Is _____ to _____ the Qi standard _____ charge up a _____ that _____ designed _____?

Does it support the ability _____ wireless _____ are _____ Qi?

Are _____ to charge _____ phones _____ wireless _____?

_____ it possible _____ phonesWireless?

Does the _____ work _____ phones _____ charging?

_____ it supports wireless charging _____ Qi phones.

Is it possible to _____ devices _____ Wireless _____?

Is _____ to charge _____ using _____ Charging?

Can _____ wirelesscharging capabilities for _____ using the wirelesscharging _____?

_____ charge phones that are _____ with the Qi _____.

_____ it _____ charge phones wirelessly?

Does it _____ for _____ phones?

It's _____ certain whether _____ allow _____ charge your phone using a _____.

Is _____ possible _____ it _____ charging for _____ phones that are _____?

_____ it have a _____ charge cell phones _____?

_____ wirelesscharging _____ for cellphones that _____ the standard version of _____?

_____ clear if it will _____ charging for _____ phones in Wireless _____ for _____.

Can I _____ charging _____ mobiles?

Is _____ possible to _____ phone using _____ method?

_____ it _____ used _____ cellphones _____ are compatible _____ Qi technology?

Does it allow _____ wirelesscharging protocol _____ charge?

Is it _____ use _____ use _____ charging for mobile _____?

_____ is able to charge phones that _____ Qi _____?

_____ allow _____ wirelesscharging of _____ using _____ standard version _____ the Qi protocol?

_____ a way _____ phones _____ the wireless _____ method?

Is _____ available _____ phones?

_____ it have _____ charge _____ using the wirelesscharging _____?

_____ it _____ wirelesscharging capabilities _____ cellphones _____ wireless charging _____?

_____ it provide _____ cellphones _____ are _____ a _____ version of _____ Qi standard?

_____ it _____ phones with _____ charging _____?

Does _____ offer a _____ to use _____ charging _____?

Is charging phones _____ enabled _____?

Is it _____ to _____ mobiles with _____?

_____ it _____ phones via _____ charging?

_____ have _____ capability for cellphones _____ wirelesscharging protocol?

Does it have a _____ using their _____ method?

Is _____ possible _____ this _____ to support QI-powered _____?

_____ it allow for the Charging _____ using _____?

Is _____ available _____ mobile _____?

Is _____ possible _____ supports _____ charging for _____ smartphones?

_____ it _____ wireless _____ compatible phones?

_____ it _____ the wirelesscharging _____ for cellphones _____ use _____ standards?

Is _____ to _____ charging on _____ phones?

_____ allow the _____ via Wireless Charging?

_____ phone Qi-enabled and _____ supported?

Does _____ ability _____ phones _____ the Qi standard?

_____ the use _____ wirelesscharging for _____?

Does _____ support _____ capability _____ for the _____ that _____ Qi-enabled.

_____ there support for _____ recharging _____ gadget's capabilities _____?

Can _____ accept wireless _____?

Does _____ for _____ phones?

Does it support _____ Qi-enabled _____?

Does _____ to use wireless _____ on phones?

Is _____ to charge _____ are _____ with the _____?

_____ have a way to charge _____ the _____ charging _____?

_____ it _____ the wireless technology?

_____ for wireless _____ with smartphones?

It _____ it _____ charging for phones _____ using the _____ charging standard.

_____ support _____ charging _____ mobile devices?

Can _____ be _____ charge _____ via wireless _____?

_____ handle wireless charging _____?

_____ it _____ to support _____ on _____ phones?

_____ is _____ whether it will _____ charging _____ the wireless charging standard.

Does _____ for cellphones that _____ using the standard _____ the Qi _____?

_____ it _____ of _____ on phones?

Does _____ allow you _____ charge mobile _____ using _____?

_____ this _____ have _____ to charge _____ devices _____ wireless charging _____?
 Is it possible _____ phones _____ are _____ with the Qi standard can _____ batteries?
 If _____ supports _____ it charge the _____ wireless?
 _____ this _____ work _____ Qi _____?
 _____ not known if it will _____ for _____ other _____ Wireless Charging for _____ Devices.
 It's not _____ if it'll support _____ phones and _____ phones _____.
 _____ charge _____ using wireless charging?
 Does _____ allow phones _____ are _____ used with the _____ to _____ in the future?
 Can _____ accept wireless charging _____?
 Is it possible _____ ability _____ wireless charging _____ cellphones?
 Is it _____ supports _____ for mobile _____?
 _____ it allow _____ to _____ wireless _____ on _____?
 Is the _____ the ones that _____ with the _____ charging _____?
 Can _____ use _____ my phones _____ wireless charging?
 _____ support _____ wireless _____ the smart phones that _____ Qi compatible?
 _____ support for Qi-powered Smartphone _____ in _____?
 Does it support _____ ability _____ to _____ wireless charging _____?
 _____ there any support _____ charging _____?
 _____ wirelesscharging _____ that are using the _____ of the Qi Standard?
 Is _____ possible _____ phones _____ wireless _____?
 _____ device have a _____ for cellphones?
 _____ it _____ it charges phones that have _____?
 _____ not _____ it will _____ phones and _____ with wireless charging.
 _____ the _____ to use wireless charging on _____?
 _____ it support _____ phone _____ charging?
 It's not certain _____ support _____ for _____ wireless charging for _____ Qi standard.
 _____ Wireless _____ for phones?
 Can it _____ used _____ phones that _____ compatible _____ the new _____?
 Do _____ it _____ capabilities for _____ that use _____ standard version of _____ standard?
 _____ if _____ charging phones that have Qi capability.
 Is it _____ that _____ support wireless _____ devices?
 Does _____ offer _____ mobile phones?
 _____ it _____ for _____ designed to be used with _____ standard _____ be _____ without batteries.
 _____ it offer _____ cellphones that are _____ the standard version _____ standard.
 _____ it _____ phones _____ wireless charging?
 Does _____ for cellphones _____ use the wirelesscharging _____.
 Does it offer _____ cellphones that are using _____ standard _____ Qi-enabled _____?
 Is it _____ to _____ on Qi-enabled _____?
 Does _____ have _____ way to charge _____ using _____ charge _____?
 _____ is not _____ will _____ charging _____ your phone using _____ charging.
 _____ wireless charging _____ for cellphones that _____ the standard _____ the Qi _____?
 Is _____ possible that it supports the _____ of _____ Qi _____?
 Is wireless _____ mobiles?
 Is it _____ phones that _____ the _____ standard?
 Is _____ possible to _____ Wireless Charging capabilities?
 Is it _____ designed to be used with the Qi standard _____ without _____?
 _____ wireless _____ on certain phones?
 _____ allow _____ charging on _____?
 _____ it _____ designed to be used _____ the Qi standard _____ have their batteries _____ a _____ basis?
 _____ it support wireless _____ on _____?

Is _____ to charge _____ are compatible with a _____?
_____ allow _____ of phones _____ wireless charging?
_____ it _____ for it to _____ wireless _____ phones?
_____ wireless _____ on _____ phones?

Is _____ possible _____ use _____ charging _____ phones?
Is _____ to charge _____ that _____ with _____ wireless technology?
_____ wireless _____ for mobiles?

Does _____ support _____ of wireless charging _____ the _____ that _____ with _____ Qi _____?
Will it have _____ way _____ charge _____ using _____ capabilities?
_____ it _____ for phones _____ are designed _____ be _____ the Qi _____ be charged _____ the _____?
Does _____ offer _____ cellphones _____ use _____ protocol?
_____ it offer _____ capabilities _____ using the _____ protocol?
Does _____ wirelesscharging for _____ are using _____ wirelesscharging _____?
Can _____ charge _____ phone?
_____ it possible _____ wirelessly _____ compliant _____?
Does _____ capability of _____ charging for _____ with the Qi standard?
_____ it have _____ way to _____ wireless charging.
Does _____ the use _____ charging _____ Qi-enabled mobile phones?
_____ provide _____ capabilities _____ cellphones using _____ wireless _____ standards?

Is it _____ phones _____ are compatible with _____?
Is _____ any _____ QI-powered phone _____ in _____ gizmo?
_____ it have _____ way to _____ phones with _____?
Will _____ have _____ wireless _____ for _____?
Does it enable _____ for _____ wirelesscharging _____?
Is it _____ charge the mobiles _____?
_____ used _____ charge phones with wireless _____?
_____ it allow _____ charging _____ phones?
Does _____ offer _____ ability to _____ wireless charging _____?
Is _____ any _____ for _____ QI-powered recharging of _____?
_____ is _____ whether it will support Wireless Charging _____.
Does it _____ cellphones that are using the _____ Qi-enabled _____ to _____?
_____ it _____ for _____ charging _____ phones?
_____ wireless charging for mobile _____?

Does _____ wirelesscharging _____ cellphones that use _____ version of _____ standard?
_____ device charge with _____ that support _____ Qi _____?
Is wireless _____ phones?
Is there _____ wireless _____ with mobile _____?
Does it _____ for phones _____ be _____ using _____ wireless _____?
_____ it _____ charge _____ phones wireless?
_____ allow for _____ charging _____ the _____ usingWireless Charging?
_____ the _____ have a wireless _____ for _____ phones?
Does it _____ use _____ charging for _____ phones _____ the Qi _____?
Is _____ for it _____ wirelessly _____ phones that _____ compatible _____ the _____?
_____ it allow _____ the _____ of _____ by _____ charging?
Can _____ use _____ charging on _____?
_____ it possible _____ product to _____ devices with _____ charging?
Will _____ wireless charging _____ phones?
_____ wirelessly charge smartphones that are _____ with the _____?
Does _____ ability to wirelessly power up _____?
It is not _____ it _____ Wireless Charging _____ phones.

____ it give ____ for ____ using ____ version of the Qi standard?
 ____ give the wirelesscharging ____ for ____ standard version ____ the Qi standard?
 Does this ____ support ____ charging ____?
 ____ it ____ phones are ____ with the wirelessly ____ ones?
 ____ device let you ____ phone with ____ charging?
 Does ____ wirelesscharging for ____ that use ____?
 ____ provide wirelesscharging ____ cellphones ____ are ____ wirelesscharging standards?
 ____ it ____ charge mobile ____ using wireless ____ capability
 Can it use ____ phones?
 ____ let people ____ wireless ____ phones?
 Does ____ product ____ charge ____ with wireless charging?
 ____ a way to charge phones ____ technology?
 ____ possible for this gizmo ____ QI-powered Smartphone ____?
 Does ____ the ____ the phones to be charged ____?
 ____ give wireless ____ for ____ using ____ version of ____ Qi protocol?
 Is ____ for ____ charging of ____ to be ____ enabled ones?
 Is ____ for wireless charging ____?
 ____ possible ____ charging phones ____ with ____ enabled ones?
 ____ it provide ____ cellphones that are ____ the standard ____ Qi ____?
 Does it ____ the ____ of ____?
 ____ allow for wirelesscharging ____ cellphones that ____ the standard ____ the ____ protocol?
 Does it ____ wirelesscharging capabilities for ____ are ____ wirelesscharging ____?
 Will it ____ wireless charging ____?
 Can it ____ the charging ____ via wireless ____?
 ____ it be used to charge ____ the ____?
 ____ support for ____ with smartphones?
 Is it ____ that it ____ wireless ____ cell ____?
 ____ it possible ____ smartphones to use ____ Qi ____?
 Does ____ support ____ for ____ phones?
 Can it support ____?
 ____ not certain if it'll ____ charging for ____ wireless ____
 Does this ____ Wireless ____ of ____?
 ____ it possible that it supports ____ cellphones?
 ____ this ____ phones ____ the wireless ____ technology?
 ____ use of Wireless Charging for ____ phones?
 ____ not clear whether ____ support ____ your phone ____ charging.
 ____ it have ____ to ____ mobile devices with ____?
 Does ____ phones ____ a ____ method?
 Is there ____ wireless ____ for ____?
 Does ____ a ____ charge mobile devices ____ wireless ____?
 ____ it ____ it ____ to ____ wireless ____ on phones?
 Is ____ possible that ____ supports the ____ charging ____ Qi-enabled devices?
 Is ____ this gadget to ____ QI-powered ____ charging?
 ____ it ____ capabilities ____ cellphones that ____ the ____ charging standards?
 Is ____ use ____ charge and Qi ____ smartphones?
 Does ____ providewirelesscharging ____ are ____ version of the Qi-enabled standard?
 Does ____ Qi-enabled ____?
 Is ____ possible ____ it supports the ____ the phones that ____ Qi-enabled?
 ____ possible that ____ provides ____ capabilities for ____ use ____ version ____ the Qi standard?
 ____ allow ____ charging for ____?

Does it provide wirelesscharging _____ standards?

_____ it possible to _____ phones _____ the _____?

_____ it _____ charging _____ phones?

Do you _____ charging for mobile phones?

_____ it allow _____ charging _____ phones?

It _____ certain _____ it will _____ charging for _____ phones _____ wireless _____

Does it have a _____ charge _____ wireless charging _____?

_____ support the capability of wireless charging _____ compatible with _____?

Does _____ ability to _____ standard version of the Qi standard?

_____ there _____ for Qi-powered _____ in this device?

Is it possible _____ are _____ to be _____ with the Qi _____ be _____ being _____ in.

_____ it have _____ capability _____ charge _____ using _____ standards?

Is _____ possible _____ this device to _____ recharging?

Is _____ possible to _____ telephones _____ the _____ method?

_____ it _____ the use of _____ charging _____ Qi-enabled _____?

_____ way to _____ cell phones using the _____ charging _____?

Will it _____ charge their _____ charging?

_____ not clear _____ it _____ charging from _____ using wireless _____.

_____ technology _____ up Qi-enabled _____?

_____ support _____ ability _____ for the Qi-enabled phone?

_____ it _____ power up _____ with wireless technology?

_____ it allow _____ cellphones _____ use the _____ protocol?

_____ support _____ use of wireless charging _____ mobile _____?

Does it accept _____ charging _____ mobile phones?

_____ the use of _____ a mobile phone?

Does it _____ use of _____ charging on _____?

Is it _____ a mobile phone _____ charging?

_____ it possible _____ are _____ to be used with _____ Qi _____ to _____ to charge their _____?

Does _____ charging capabilities for cellphones _____ the wirelesscharging _____?

_____ not _____ if _____ will _____ charging for _____ other phones _____ charging

_____ smartphone wireless charging?

Can it _____ wirelesscharging _____ for cellphones that _____ using _____ the Qi _____?

_____ that _____ wirelesscharging capabilities _____ cellphones that use the _____ protocol?

_____ for cellphones that use _____ standard version of _____ protocol?

_____ have a _____ for phones _____ charged using the _____ method?

Is _____ for _____ to _____ used with _____ Qi standard to be _____ without a cord?

Is _____ that it _____ wireless _____ for your _____?

_____ support for _____ phone _____ wireless charging?

Do you _____ it supports the _____ wireless _____ mobile _____?

Are _____ devices using wireless charging capability?

Are _____ to _____ using the wireless _____ method?

_____ it possible _____ mobile devices _____ wireless _____ option?

_____ support wireless _____ on cellphones?

Does _____ offer _____ charging capabilities for _____ that _____ the standard _____ Qi _____?

Does _____ wireless charging of _____?

_____ this allow _____ to _____ wirelesscharging _____?

_____ not known if _____ support charging for _____ other _____ in _____ Modes.

_____ for the charging of _____ using _____ charging?

Does _____ charge _____ with the _____ standard?

Does _____ device _____ a _____ for phone?

Does _____ give _____ cellphones _____ the standard _____ of the Qi _____?

Does _____ ability to _____ phones with wireless _____?

_____ wireless _____ Qi-enabled phones?

Does it _____ of wireless _____ for the Qi-enabled _____?

Is it possible _____ to _____ wireless _____ phones?

Is _____ possible to use _____ charging for _____?

Does it provide _____ for _____ use _____ of _____ Qi protocol?

_____ possible that _____ can support the _____ charging for mobile _____?

Does _____ the _____ of phones in _____ Charging?

_____ it permit _____ phones?

Does it _____ a way _____ charge phones _____ the _____?

_____ it grant wirelesscharging capabilities for _____ using _____ protocol?

_____ it _____ charge _____ phone with the _____ technology?

Does _____ capabilities for cellphones _____ the protocol?

_____ it _____ to _____ with wireless charging capabilities?

Does _____ capabilities for _____ the wireless _____ protocol?

Does it support _____ of _____ charging _____ that are _____?

Does it _____ the use _____ wireless _____ on _____?

It is _____ question _____ supports wireless _____ for _____.

Does it _____ ability to _____ wireless _____ phones?

_____ this device work _____ that _____?

_____ it possible for phones _____ be _____ the _____?

_____ wireless _____ option _____ mobile devices?

Does it _____ devices?

_____ it enable _____ charging on _____?

_____ offer wirelesscharging capabilities for cellphones that are _____ a standard _____?

Does it _____ for cellphones _____ the wirelesscharging _____?

_____ it _____ wirelesscharging for _____?

_____ allow _____ that use the wirelesscharging _____ to _____ capabilities?

_____ it give wirelesscharging _____ cellphones that use _____?

_____ certain if _____ will _____ using the wireless _____ phones.

_____ it have _____ to wireless _____?

Does _____ charging _____ phones through _____ Charging?

Does it permit _____ charging of _____?

_____ it give wirelesscharging _____ that use _____ wirelesscharging _____?

Is the _____ of _____ with the _____?

It is _____ it _____ the _____ standard for phones.

Does _____ provide wirelesscharging for cellphones _____ standard _____ standard?

_____ it allow for _____ phones _____ wireless _____?

Does it _____ for _____ that _____ wirelesscharging standards?

Does the wireless _____ work _____?

Does _____ on phones?

_____ it _____ cellphones that use _____ standard version of _____ charge their _____?

Is _____ to _____ wireless charging _____ phones?

_____ a _____ charging _____ for smartphone?

It's _____ if _____ support charging your _____ using wireless _____.

_____ the use _____ wireless charging _____ mobile devices?

_____ you support _____ for _____?

_____ it _____ charging for _____?

Can wireless charging _____?

_____ capabilities _____ that use the standard _____ of _____ Qi standard.

Does _____ allow _____ using _____ phones?

_____ give _____ capabilities _____ phones _____ use the _____ standards?

_____ known _____ it _____ Charging Modes for phones.

_____ work with _____ compatible phones?

_____ it power up _____?

Does it provide _____ to _____ for _____?

Does it _____ charging phones _____?

_____ it include wirelesscharging capabilities _____ wirelesscharging standards?

Does _____ capability of _____ charging for the _____ that _____ Qi _____?

_____ possible _____ support wireless charging for phones?

_____ known _____ it'll support charging _____ and other _____ wireless charging.

Is _____ wireless charging _____ for _____?

Is it _____ to charge _____?

_____ it possible _____ the _____ devices using wireless _____?

_____ this _____ work _____ phones that _____ Qi standard?

Does _____ have _____ wireless charging on cell _____?

Is _____ possible to charge _____ wireless _____?

_____ it _____ the ability _____ wireless _____ the _____ that are compatible with _____?

_____ using wireless charging _____ Qi-enabled mobile _____?

_____ it _____ the capability of _____ charging for _____?

_____ it _____ charging _____ Qi-enabled devices?

Does it _____ way _____ charge mobile _____ wirelesscharging _____?

_____ it _____ the _____ to _____ using _____ wirelesscharging protocol?

_____ have _____ for _____ Qi-enabled phones?

_____ it possible to _____ the Qi standard _____ phones _____ built _____ it?

_____ ability to charge phones _____ the wireless _____?

_____ let you _____ using wireless charging?

Is _____ charge your smartphone _____ charging?

Does _____ have _____ charge _____ using a wireless _____?

Is there support _____ cellphones?

_____ offer wirelesscharging for cellphones _____ wireless charging standards?

_____ there _____ QI-powered _____ abilities in this gizmo?

Can _____ wireless charging on _____?

Does it _____ phones _____ technology?

_____ the phones able _____ charged _____?

_____ it _____ it _____ wirelesscharging _____ for cellphones that are _____ wirelesscharging _____?

_____ it _____ that it is _____ charging _____ with Qi _____?

Does _____ give _____ capabilities for _____ that _____ standard _____ Qi standard?

Does _____ provide a _____ to charge _____ devices using _____?

Does it _____ use _____ to _____ the phones?

_____ it possible _____ use the _____ to _____ up _____ phones?

Does it allow _____ use of _____ Charging _____?

_____ it allow for the charging _____ charging?

Does it _____ wireless _____ telephones?

Can _____ a wireless _____ source?

Is _____ to _____ a mobile with _____ charging?

_____ charge phones _____ charging?

_____ it deliver _____ capabilities for _____ are using _____ wirelesscharging _____?

Is _____ possible _____ supports _____ of wireless charging _____ phones?

_____ with the wireless _____ to charge phones?

Is _____ charge _____ smartphones.

It's not _____ if _____ phones in wireless _____ modes.

_____ it _____ the use of _____ wireless enabled _____ devices?

Is _____ the wireless charging of _____ phones?

_____ have wireless charging _____ for cellphones _____ use _____ wireless charging _____?

It _____ certain whether it _____ and _____ with the _____ charging standard.

Is it _____ this _____ support _____ charging abilities?

Does _____ have _____ way to _____ mobile _____ wireless _____ capabilities?

_____ it support _____ of _____ charging _____ for mobile phones?

Does _____ have a _____ to charge mobile _____?

_____ it allow _____ of wireless _____ for _____?

Does _____ provide _____ cellphones _____ use _____ protocol?

Does it _____ you _____ wireless _____ for _____?

Is it possible _____ phone _____ wireless charging?

_____ it grant wireless charging capabilities for _____ protocol?

Does it provide wireless _____ cellphones _____ the _____ version _____ Qi-enabled standard?

If _____ product supports Qi-enabled _____ can _____ product _____?

_____ they _____ phones with _____?

_____ it _____ compatible phones?

_____ it _____ for _____ cellphones that _____ the standard _____ the Qi standard?

Can _____ wireless charging _____?

_____ it _____ the _____ of _____ charging _____ Qi enabled _____?

It's _____ whether _____ will allow you _____ charge _____ wireless _____.

Does _____ allow _____ charging on _____ phones?

Does _____ offer _____ that are _____ a _____ version _____ the Qi _____?

Is it possible that _____ wireless _____ phones?

_____ there _____ support _____ Smartphone recharging _____ in this _____?

Is it possible _____ charge _____ wireless _____ method?

Does _____ allow _____ charging for _____ that use _____ Qi protocol?

_____ it provide wireless charging _____ for cellphones _____ standard?

_____ support _____ use of wireless _____ phones?

_____ have the _____ to _____ charging _____ the phones?

_____ have wireless charge _____?

_____ support wireless _____ for the _____ phones?

Can _____ provide _____ charging _____ compatible _____?

_____ it support the _____ of _____ Qi-enabled phones.

Does _____ allow for _____ of phones with _____?

_____ possible _____ charge _____ phones wireless?

_____ deliver wireless _____ for compatible _____?

_____ possible to charge _____ smartphones with _____?

Does it _____ charging _____ cellphones using _____ standards?

_____ wireless charging capabilities for _____ the wireless _____ protocol?

Does it _____ wireless charging _____ that _____ the _____ standards?

_____ it _____ the ability of wireless _____ the _____ are _____ wireless charging protocol?

Does it support _____ cellphones?

_____ you _____ charging for compatible _____?

_____ it give _____ for _____ that _____ wireless charging standards?

Does _____ support the ability _____ for _____ are compatible with the _____?

_____ a _____ to charge phones with wireless _____?

____ it ____ the ____ for wirelesscharging ____ ____?
 Can this ____ ____ phones without ____?
 Is ____ possible ____ has wireless ____ ____?
 Does ____ provide the wireless charging ____ cellphones that are ____ the standard ____ ____ ____?
 Does it allow using ____ ____?
 Does it accept ____ ____ for ____ ____ of the ____?
 Is ____ possible that it ____ capabilities ____ cellphones that use ____ ____?
 ____ it ____ capabilities for cellphones ____ the ____ protocol?
 Does ____ support ____ ability ____ wireless ____ for ____ ____ compatible ____ the Qi standard?
 ____ anyone ____ supports wireless ____ for smartphones?
 ____ it give wirelesscharging ____ ____ that are ____ standards?
 ____ ____ it ____ support ____ charging ____ the phones that are Qi-enabled?
 ____ provide wirelesscharging capabilities for ____ ____ wirelesscharging standards?
 Does ____ has ____ compatible phones?
 Does it ____ wirelesscharging ____ for cellphones ____ standards?
 ____ give ____ for cellphones that are using ____ standard ____ the Qi-enabled ____?
 Do you ____ is support ____ Smartphone recharging?
 Is it ____ to ____ charge ____ on ____ smartphones?
 Does ____ provide wirelesscharging capability ____ that ____ standards?
 ____ it mean ____ can use ____ charging ____ phones?
 Is ____ to charge ____ Charging?
 ____ it support ____ charging ____?
 ____ allow for wirelesscharging of ____ that ____ standard ____ of ____ standard?
 It ____ certain ____ it ____ support ____ for phones and tablets ____ the ____.
 ____ wireless charging of mobile ____?
 ____ not certain whether ____ charging for ____ tablets with wireless charging ____ Qi standard.
 It is not ____ it ____ charging for ____ using the ____ charging ____.
 Does it have ____ for ____ that ____ wirelesscharging ____?
 ____ it allow ____ the ____ charging ____?
 Is the ____ wireless iq ____?
 Does it allow the ____ of wireless ____?
 Does ____ give ____ charging ____ cellphones ____ are using ____ standards?
 ____ be ____ wireless charging ____ phones?
 ____ to Charge mobile devices ____ wireless charging ____?
 ____ known if ____ wireless charging for phones.
 Do ____ think it can ____ wireless ____?
 Does ____ support the ____ charging ____ enabled phones?
 Does ____ wireless charging ____ the phones that ____ with ____ Qi ____?
 ____ it ____ Qi-enabled phones for ____?
 ____ give ____ capabilities for cellphones ____ are using ____ version of the ____?
 Does ____ wirelesscharging capabilities ____ that use the ____ the ____ protocol.
 Does ____ for ____ Charging ____ phones?
 ____ question ____ it ____ wireless charging for cellphones.
 It's ____ if ____ will allow ____ to ____ using wireless ____.
 Does it ____ wirelesscharging ____ for ____ the ____ charging ____?
 ____ phones using wireless charging?
 ____ it ____ ability to use ____ charging ____?
 ____ it support ____ ability ____ Qi-enabled phones to ____?
 ____ it enable wirelesscharging ____ the standard version ____ the ____ standard?
 ____ support the ____ of wirelesscharging for ____?

Is it possible _____ it features _____ charging _____?

Does it _____ for _____ that are _____ the _____?

Does _____ for _____ use of wireless _____ Qi-enabled _____ phones?

Is _____ possible to _____ phones _____ charging _____?

Is _____ possible _____ phones with _____?

_____ possible _____ phones that are designed _____ the Qi standard to _____ charged _____ on _____ go.

_____ for wireless charging for _____?

_____ a way to charge phones _____ a _____ method?

_____ charging _____ for cellphones _____ the standard version _____ the Qi _____?

Do _____ have wireless charging _____?

_____ it _____ charge Qi-enabled phones?

_____ it _____ that _____ the _____ to have wirelesscharging capabilities?

Does it _____ cellphones _____ use _____ standard version of the _____?

_____ way to charge _____ phone with wireless _____?

Is _____ charge Qi-enabled _____?

Is it possible to charge _____ using _____?

_____ this device allow _____ to _____ your _____ charging?

Will it _____ you _____ mobiles _____ technology?

Is it _____ to _____ devices _____ Wireless _____ capabilities?

Does _____ have _____ charging _____ for cellphones _____ wirelesscharging standards?

_____ you _____ for mobile devices?

_____ support wireless _____ Qi-enabled phones?

Is _____ to _____ wireless charging _____ the _____ Qi compatible?

It's not clear _____ will support _____ with _____ charging.

Does _____ support the ability of wireless _____ for _____?

_____ there support for _____ charging in _____?

Is it possible for _____ smartphones _____ compatible _____ technology?

_____ to charge mobile _____ using wireless _____ capabilities?

Does _____ to use _____ charging _____?

_____ devices for charging?

Does it _____ wirelesscharging capabilities _____ using the _____ Qi-enabled standard?

Does _____ support wireless _____ for _____ that _____

_____ not _____ phones and other phones in Wireless _____ for _____ Devices.

_____ possible that the phones _____ the _____ charge _____?

_____ allow for _____ cellphones that _____ using _____ protocol?

_____ it possible to charge phones _____ charging _____?

_____ for _____ charging of the phones _____ Wireless _____?

Can it _____ wireless _____ for _____?

Is _____ to _____ mobile device _____ a wireless charging _____?

Does _____ for phones _____ be _____ using _____ charging?

_____ it let _____ phones via _____?

_____ support the practice _____ wireless charging for _____?

_____ it _____ ability to _____ cellphones using _____ version _____ Qi standard?

_____ phone have _____ capabilities that are compatible _____ standard?

Is _____ possible to _____ phones with _____?

_____ it be _____ to charge _____ with _____ charging?

Does _____ the _____ of wireless charging for _____?

_____ it allow _____ use _____ for phone charging?

Is it possible _____ phones _____ to _____ used with _____ standard can be _____ up?

Does it support _____ charging capability _____ the _____ are compatible with _____?

____ it ____ for ____ use the wirelesscharging ____?
 Does ____ possess ____ way ____ charge ____ using the ____ charging ____?
 ____ it possible that ____ phones that ____ designed ____ be used with ____ Qi ____ used ____ up?
 ____ it ____ wireless ____ for cellphones that are ____ standard ____ Qi protocol?
 ____ allow ____ the wireless ____ of ____ phones?
 ____ accept ____ phones?
 Does it ____ wirelesscharging ____ that are using the ____ Qi standards?
 ____ wirelesscharging ____ for cellphones that ____ using the ____ the Qi standard?
 Does it support ____ wireless ____ that ____ with the Qi ____?
 Does it ____ compatible phones?
 Does ____ of wireless charging ____ mobile ____?
 ____ allow for the charging ____ using ____?
 ____ it possible ____ mobiles ____ charging?
 Does ____ enable ____ use ____ wireless ____ mobile phones?
 Is it possible ____ use ____ to charge your ____?
 Does ____ give wirelesscharging ____ cellphones that are ____ wirelesscharging ____?
 ____ it allow wireless ____ in ____?
 Does ____ allow ____ standard version ____ the ____ to ____ wirelesscharging capabilities?
 Is ____ cellphones ____ wireless charging?
 Does ____ give ____ cellphones ____ use ____ standard version ____ the Qi ____?
 Does ____ have ____ for ____ that are ____ the ____?
 ____ any ____ for ____ a phone ____ wireless charging?
 It's ____ it will ____ to ____ phone with wireless charging.
 ____ this allow ____ charging for ____?
 Does ____ work with ____ wireless ____ capabilities?
 Does it have wireless ____ cellphones ____ are ____ standard ____ of ____ standard?
 ____ it give a ____ capability ____ standard version of the ____ standard?
 Is ____ support for Qi-powered phone ____?
 ____ capabilities ____ that ____ using the ____ version of the Qi protocols?
 ____ it support the ____ of ____ charging ____ Qi-enabled ____?
 Does the device have a ____ for ____?
 ____ charging the phones using wireless ____?
 ____ it support the ____ of wireless ____ the ____?
 ____ it ____ a ____ charging system?
 Is ____ wireless compatible ____ Qi ____?
 Does ____ have ____ to charge ____ the ____ technology?
 Does ____ cellphones to ____ standards?
 Does it ____ the ____ of the ____ wireless ____?
 Does it ____ you ____ to ____ the phones?
 ____ it has a way ____ charge mobile ____ wireless ____?
 ____ it ____ for QR-supported phones.
 ____ there support for ____ Smartphone recharging ____?
 ____ using wireless charging on ____?
 ____ for cellphones that use the wirelesscharging ____?
 ____ a way ____ charge ____ the wireless charging method?
 ____ it ____ for ____ to support ____ charging ____ phones?
 Does ____ way ____ charge phones using the ____ method?
 Can it power ____?
 It ____ if it ____ support charging ____ in Wireless Charging Modes.
 ____ wireless charging ____ phones?

Is it possible for _____ to _____ wireless charging?

Does it have capabilities _____ the wirelesscharging _____?

_____ for _____ wireless charging _____ mobile devices?

Does _____ the ability _____ wireless charging for _____ use _____?

Does _____ apply _____ phones?

It's _____ if _____ wireless charging _____ and tablets with the _____ standard.

_____ have _____ charging capabilities _____ devices?

_____ cellphones with _____ standard _____ of the Qi-enabled _____ have wireless _____ capabilities?

_____ possible that _____ item _____ QI-powered Smartphone _____ abilities?

_____ it _____ ability to charge phones _____ have _____?

Does _____ allow phones that are _____ Qi _____ be _____ without _____?

_____ possible _____ it to use _____ charging _____ phones?

Does _____ include wirelesscharging capabilities _____ the _____ version _____ Qi protocol?

Does it _____ wirelesscharging capability for _____ that are _____ the _____ version _____?

Does it support wireless _____?

Does _____ capabilities _____ cellphones that _____ standard version of the _____ protocol?

Is this _____ able to charge _____ using _____?

_____ it _____ to _____ the wirelesscharging _____?

Is _____ mobile _____ using wireless charging?

Is _____ to _____ recharging abilities in this _____?

Does _____ have the ability _____ for _____ are using _____ standard version of the _____?

_____ there a _____ to charge mobile _____ charging?

Does it support wireless _____ phones _____ are _____?

Does it _____ of the wireless _____ to _____ phones?

_____ it _____ the _____ of wireless charging _____ the _____ Qi-enabled?

Does _____ have _____ way _____ charge _____ using a wireless _____?

Does _____ for cellphones _____ version of the Qi-enabled standard?

_____ support wireless charging on _____ devices?

_____ you _____ wireless _____ for _____ phones?

Is _____ to _____ mobiles with _____ charging?

Does _____ have _____ way _____ to charge _____ using wireless _____?

Is there support _____ abilities in _____ gizmo?

_____ the phones _____ are designed _____ used _____ standard be _____ charged in the future?

Do you know _____ it has _____ to charge _____ devices _____?

_____ it be used to _____ compatible _____ the technology?

_____ it have _____ ability _____ wirelesscharging capabilities for _____?

_____ it _____ for the charging of _____ Charging?

_____ Charging _____ the charging of _____?

It's _____ it will _____ charging _____ and other phones _____ wireless _____.

_____ possible to charge your _____ charging?

_____ allow _____ wireless charging _____ phones that _____ to use the standard?

_____ it have _____ ability to _____ mobile _____ wireless _____?

_____ provide wirelesscharging _____ for _____ are _____ standard version _____ the Qi standard?

Is there a way _____ mobile _____ with _____?

I don't know if _____ that are designed _____ standard _____ used to charge up.

Does it _____ to _____ mobile devices _____ Charging capability?

Does _____ have a _____ for cellphones?

Does it _____ wirelesscharging _____ Qi-enabled mobile phones?

Is it possible _____ use _____ charging for _____ phones that _____ compatible _____?

_____ it charge _____ without cables?

Does it ____ a ____ charge ____ devices ____ wireless ____?

____ wireless charging ____ the phones?

Can it ____ with ____?

____ it support wireless ____ smart ____?

Is ____ support ____ charging ____ phones?

____ be able ____ charge ____ using wireless ____?

Can ____ used to wirelessly ____ phones ____ are ____ technology?

____ it allow you ____ phones using ____ charging ____?

____ not ____ if it will support ____ and other ____ in ____ Charging.

____ known whether ____ support ____ phones and other phones in wireless ____.

____ include wirelesscharging for cellphones ____ are using ____ of ____ protocol?

Does ____ cellphones use the standard ____ of ____ standard ____ up?

Does it ____ capabilities ____ phones?

____ it give wirelesscharging capabilities ____ cellphones that use ____?

____ certain if ____ support charging ____ phones ____ the wireless charging ____.

Does ____ allow for ____ your ____?

Does it offer wirelesscharging capabilities ____ version of ____ Qi protocol?

Does ____ offer the ____ to ____ wireless ____ phones?

Does it ____ charging for ____ that ____.

____ it ____ a way ____ charge phones using ____?

Is it possible for ____ to ____ compatible ____ tech?

____ wirelesscharging ____ for ____ that ____ the standard ____ the Qi standard exist?

____ it ____ the ____ charge ____ via wireless charging?

____ possible ____ it supports ____ charging ____ Qi ____ phones?

Do ____ if ____ charges ____ smartphones?

____ it ____ charging ____ phones?

____ wirelesscharging capabilities for ____ using ____ protocol?

____ there ____ to charge ____ wireless charging method?

Does it ____ that ____ the standard version ____ the Qi-enabled ____?

____ there ____ to charge ____ phone ____ charging?

____ it ____ the ____ of ____ charging for ____ phones?

Can ____ the ____ charging ____ to charge ____?

If ____ product supports Qi-enabled ____ can it ____ charge ____?

____ wirelesscharging capabilities for cellphones ____ are ____ version of the ____ protocol?

____ work with ____ that have ____?

____ charge ____ without wires?

Do ____ wireless charging ____ phones?

____ it have the ____ to ____ charging for ____?

It ____ mark ____ it supports ____ charging for ____.

____ it SUPPORT the ____ wireless ____ mobile phones?

Does it support the ____ mobile phones?

____ it ____ wirelesscharging capability ____ cellphones that ____ version of the ____ standard?

It's a question ____ if ____ with ____ that have ____.

____ allow ____ are using ____ standard ____ of ____ Qi protocol to ____ phones?

____ wirelesscharging ____ phones ____ are using the ____ of the Qi standard?

____ it ____ the ____ of ____ for mobile phones?

Is ____ a ____ mobile devices ____ wireless charging?

____ it supportwireless charging ____?

Is it possible ____ phones that ____ designed to be ____ with the Qi ____ charged ____?

____ used to charge ____?

_____ allowed _____ charging of phones?

Does _____ allow _____ the _____ of _____ phones using _____.

Does _____ support the use _____ wireless _____ phones?

Does _____ have wirelesscharging capability for cellphones _____?

_____ ability to charge phones via _____?

It's _____ certain _____ it _____ allow _____ wireless _____ for your phone.

_____ they able _____ wireless _____ phones?

Does it _____ for the _____ are _____ the wireless _____ standard?

Does _____ that are _____ be _____ the Qi standard _____ be _____ while on the _____?

_____ have a way _____ charge mobiles _____ wireless _____?

Does _____ allow people _____ charging on _____?

_____ it capable _____ charging _____?

_____ not certain whether it will support _____ for phones _____ with _____.

Is _____ possible to charge a phone _____ with _____?

Is _____ use wireless _____ for compatible _____?

Is _____ possible to _____ to _____ phones that _____ built for _____?

Is it possible _____ are _____ with _____ Qi _____ to be charged continuously?

_____ it _____ for wireless charging _____?

Is there any _____ Smartphone recharging _____ device?

_____ it _____ to _____ your phone with wireless _____?

Does _____ wireless charging _____ cellphones _____ wirelesscharging protocol?

_____ it include wirelesscharging _____ that _____ using the standard _____ of _____ standard?

_____ possible to _____ mobiles _____ charging?

_____ possible _____ can charge _____ that are _____ with _____ technology?

_____ give wirelesscharging _____ cellphones _____ are _____ the wirelesscharging protocol?

_____ it provide wirelesscharging capabilities for _____ using the _____?

_____ it support _____ of _____ charging _____ Qi-enabled devices?

_____ phones using _____ charging?

_____ it _____ for the _____ of _____ through wireless _____?

Is it possible for it _____ charge _____ devices _____?

_____ it _____ charging _____ your phones?

_____ question mark _____ if it _____ for phones.

_____ it contain wirelesscharging _____ for _____ that _____ using _____ wirelesscharging _____?

Is it _____ to _____ wireless charging?

Does it have _____ charge mobile devices _____?

_____ it enable _____ to use _____ charging _____ your _____?

Does it support wireless charging _____ the _____ that _____ Qi _____?

Does it support the _____ for _____ devices?

_____ it possible _____ use wireless _____ and _____ smartphones?

_____ not _____ if _____ support charging _____ phones in wireless charging

Does _____ charging _____ phones that are _____ with the _____ protocol?

_____ it _____ way to _____ wireless charging capability?

Is it _____ charge mobile _____ using _____?

Is it possible _____ it _____ wireless _____ for _____?

Does _____ the Qi standard _____ charged in the _____?

Is _____ possible that _____ designed to _____ used _____ the Qi _____ can _____ charged without _____?

Do _____ if it gives wirelesscharging capabilities _____ cellphones that _____ the _____ the Qi _____?

_____ it feature wirelesscharging capabilities for _____ standard version _____ the Qi _____?

Is _____ to _____ smartphones without cords?

_____ provide _____ capabilities for cellphones that _____ protocol?

____ it have ____ to ____ using wireless charging capability?
 Does ____ give ____ cellphones that ____ using the ____?
 Can ____ be ____ wireless charging ____ phones?
 ____ it ____ capabilities ____ cellphones using the wirelesscharging ____?
 Does it ____ that use the ____ of the Qi ____?
 It is ____ known ____ will ____ charging ____ and other phones ____ Wireless ____.
 ____ it have ____ capabilities ____ cellphones that ____ standards?
 Is there ____ charge ____ devices with ____ capabilities?
 Does ____ capabilities for ____ using ____ of the Qi-enabled standard?
 ____ it ____ wirelesscharging ____ phones?
 ____ is a question mark over whether ____ it ____ wireless ____.
 Is ____ possible that ____ support ____ for smart ____?
 ____ it ____ to ____ Qi-enabled ____ here?
 Is ____ possible to use ____ phones?
 ____ it be ____ charge wirelessly-enabled ____?
 Will it ____ possible to charge ____ charging?
 Does it ____ the ____ phones by ____?
 ____ have the ability ____ charge cellphones ____ standard version ____ protocol?
 Does ____ support ____ wireless charging ____ smart phones?
 ____ know if ____ wireless charging for Qi ____.
 Does ____ the ability to ____?
 ____ accept ____ are ____ to be used ____ the ____ standard?
 ____ the ability ____ charging for the ____ are Qienabled?
 ____ it provide ____ for cellphones ____ are using ____ version ____ the iq ____?
 It is ____ certain ____ it ____ support ____ Charging ____ Devices.
 Can it ____ Qi ____?
 Does ____ with phones ____ Qi?
 ____ to charge phones ____?
 ____ that it allows ____ for your phones?
 ____ question ____ can ____ support ____ on phones?
 ____ it allow ____ users ____ use ____ protocol?
 Does it support the ____ wireless charging for ____ phones ____?
 Does it ____ a way to ____ mobile ____ charging ____?
 ____ it provide ____ charging ____ phones?
 ____ it possible ____ mobile ____ wireless charging capabilities?
 Is ____ available ____ phones?
 ____ the function ____ for Qi compatible phones?
 ____ give wirelesscharging ____ for cellphones using ____ protocol?
 ____ it possible that the wireless ____ phones are ____ Qi ____?
 ____ it ____ that use the standard ____ of the Qi-enabled standard?
 Does ____ for ____ Charging on ____?
 Does it offer the ability ____ use ____?
 Can it ____ phones ____ with the ____ technology?
 Does ____ capability ____ wireless charging for thephones ____ Qi-enabled?
 Does ____ device ____ wireless charging ____ cellphones?
 ____ allow for ____ Charging of ____?
 Does ____ that are using the ____ protocol?
 ____ device support wireless ____ for ____?
 Does it allow the use ____ charge ____ that ____ designed ____ use ____?
 ____ support the ____ of ____ charging ____ the Qi-enabled ____?

_____ chance it _____ wireless charging _____ ?

_____ itsupport _____ use _____ charging _____ mobile phones?

_____ it possible to _____ phones _____ wireless _____ capability?

Does it _____ a _____ to _____ devices via _____ ?

Does _____ charge _____ with _____ wireless _____ ?

Does it allow _____ standard version of _____ Qi _____ charge _____ phones?

_____ a wireless charging for _____ ?

Does it _____ of phones with _____ charging?

_____ allow _____ for the phones?

Is it possible _____ cell _____ with _____ ?

_____ it possible to _____ charging _____ ?

It's not certain if _____ let _____ your _____ using _____ .

_____ it support the _____ of _____ charging feature for _____ ?

_____ it let you charge _____ wireless _____ ?

Is wireless _____ possible _____ ?

_____ it _____ of _____ charging for _____ enabled mobile phones?

Does _____ cellphones that use the _____ version of _____ Qi-enabled _____ ?

_____ it give _____ for cellphones _____ use _____ version _____ the Qi standard?

_____ let _____ charge _____ phone using _____ charging?

_____ phones _____ with wireless _____ and _____ ?

Does _____ for cellphones that use the _____ charging _____ ?

Are wireless charging _____ ?
