

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Energy efficiency programs and incentives
Inquiry Sub-Category	Energy-efficient lighting
Description	Customers want to know about incentives and programs for transitioning to energy-efficient lighting options, such as LED bulbs. They seek guidance on reducing energy usage and the associated cost savings.
Data Size	6,061 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

_____ specific _____ as LEDs, would _____ eligible for these _____ schemes promoting _____ conservation?

I _____ to know _____ would be eligible for _____ power-saving _____.

_____ illuminating devices like _____ for the _____ incentives?

_____ there _____ specific type of illumination _____ that _____ in _____ conserve _____?

Can _____ tell _____ which _____ are _____ saver benefits?

_____ of _____ allowed to participate _____ these power-conservation initiatives?

_____ there a _____ meet the criteria for participation _____ incentive initiatives?

_____ types of illuminating _____ such _____ LEDs, could _____ suitable _____ of power _____?

Is _____ LED lights eligible _____ electricity _____?

Which _____ illuminating gadgets, like _____ suitable _____ promotion of _____ conservation?

_____ me, what kinds _____ lights _____ be _____ power-saving rewards?

_____ about which _____ such as _____ incorporating Light _____ Diodes, will potentially _____ adherent is _____.

_____ kind of lighting _____ energy-saving incentives?

Which type _____ device, such _____ LEDs, _____ for the _____?

Which illuminating devices, like _____ considered _____ power _____?

I want _____ know if certain _____ like LEDs, _____.

_____ sorts of _____ are eligible for _____?

_____ the applicable _____ incentive _____ led lights?

_____ covered _____ power savings initiatives _____ perks?

_____ incentives include _____?

_____ initiatives _____ efficiency and _____ consumption, _____ equipment qualifies?

_____ certain categories of _____ sources meet _____ for participation in incentive _____ that _____ energy?

_____ particular _____ illumination tools _____ participate in _____ effort to _____ electricity.

_____ lighting _____ qualified for _____ programs?

Which _____ light _____ can participate in _____ power-conservation _____?

_____ can be considered eligible for the _____?

For _____ do _____ meet the _____ participation in _____ incentive initiatives?

_____ certain type of _____ in _____ programs?

Do the applicable _____ incentive _____ ?

Which specific types _____ light _____ in the power-conservation _____ ?

There _____ types of illumination _____ can take part _____ to _____.

What _____ lighting devices _____ qualify for _____ incentives?

Can you _____ what _____ light-emitting _____ are _____ the _____ schemes?

Which _____ of illumination tools _____ in the _____ to _____ power-savings _____ ?

_____ specific _____ are _____ for _____ electricity savings initiatives?

_____ know which type _____ light fixture can _____ initiatives?

Which _____ of _____ illumination _____ are eligible _____ program?

Can you _____ me the _____ for the energy-saving programs?

Can _____ tell _____ the _____ of light-emitting _____ covered by eco-friendly _____ ?

_____ illuminating _____ like LEDs be eligible _____ power _____ ?

_____ illuminating _____ is eligible for _____.

_____ like LEDs _____ for _____ power-saving incentives?

_____ forms of illuminating gadgets _____ suitable for _____ power _____ ?

There are _____ products _____ are covered _____ power saving _____.

_____ you tell me _____ types _____ illuminating devices qualify _____ ?

_____ kind of lights _____ power-saving _____ ?

Which kinds _____ illumination apparatuses _____ preservation plans?

Tell _____ that _____ for the power saving rewards.

Do _____ categories of lighting sources _____ the _____ participation in _____ aimed _____ energy _____ ?

_____ exact light _____ like good LEDs and _____ are _____ lively _____ ?

_____ of illuminating gadgets _____ be _____ for promotion of _____ ?

_____ are _____ that encourage the use _____ certain illuminants _____.

Which _____ gadgets, like _____ could _____ deemed suitable _____ saving?

Is there _____ products covered under _____ power _____ ?

Do some _____ involved in _____ programs?

I _____ to know if specific illuminations, like _____ for _____.

Is _____ possible that specific light _____ types _____ in _____ ?

_____ lights do _____ think _____ for the _____ reward _____ ?

There _____ incentive plans for _____ for certain _____ of _____.

Would it _____ to participate _____ electricity _____ plans if _____ used LED _____ ?

Can you tell _____ the _____ are covered by _____ schemes?

_____ want _____ know what _____ make the cut _____ plans.

_____ included in the energy-saving _____ ?

Which _____ LED lights are _____ electricity savings _____ ?

_____ to specify the types _____ emitting devices _____ covered _____ eco-friendly schemes?

Which illuminating _____ qualifies _____ initiative _____ reduce _____ ?

_____ would like _____ know if _____ specific _____ energy efficient offers.

_____ you _____ light-emitting devices covered _____ the eco-friendly schemes?

_____ there _____ illumination _____ covered by _____ power saving _____ their perks?

What _____ lighting _____ is qualified _____ energy-saving programs?

Can you _____ devices are _____ by the _____ schemes?

_____ specific _____ device _____ be _____ for _____ energy-saving incentives?

_____ form of _____ like _____ suitable for promoting power savings _____ incentives?

_____ kinds _____ lighting devices _____ for _____ energy-saving programs?

What types _____ are accepted _____ the energy-saving _____ ?

_____ forms of _____ could be used to _____ power _____ ?

Which _____ qualify for _____ incentives?

Which _____ lighting _____ eligible _____ the electricity savings _____ ?

____ types of light ____ can be ____ in ____ ____ ?
 Tell me what ____ of ____ for power-saving ____ .
 ____ certain ____ of LEDs ____ of the ____ programs?
 ____ about ____ thingies ____ those fancy ____ that save ____ ?
 Is there ____ lights that ____ under ____ power ____ schemes?
 What ____ qualify ____ these energy-saving ____ ?
 ____ sort ____ lighting devices ____ eligible ____ energy-saving ____ ?
 ____ of devices, such ____ LEDs, ____ be eligible ____ schemes?
 Which ____ technology ____ eligible ____ a power ____ ?
 Can you ____ me which ____ fixture ____ in ____ initiatives?
 Which ____ of ____ fixture can take ____ in ____ ?
 ____ you tell me which ____ suitable for ____ ?
 ____ lights like LEDs ____ incentives?
 ____ there ____ particular ____ of ____ that ____ participate ____ to conserve electricity?
 ____ lighting ____ are ____ for energy-saving ____ .
 ____ form ____ illuminating gadgets, ____ as ____ deemed suitable ____ promoting ____ savings?
 ____ light gadgets, ____ LEDs, can qualify ____ incentive plans?
 To promote efficient ____ and ____ incentives ____ kind ____ lighting setups or ____ under consideration?
 ____ lighting ____ suitable for ____ programs?
 ____ categories of ____ sources meet the ____ participation ____ initiatives designed ____ conserve ____ ?
 ____ the applicable ____ incentive ____ led lights?
 Can ____ power-saving ____ if they use ____ ?
 ____ are ____ reducing energy ____ for certain ____ lighting.
 Which types ____ light ____ can ____ in ____ initiative?
 Which ____ qualifies ____ a part ____ initiatives ____ and reducing ____ ?
 ____ solution ____ eligible for the ____ savings ____ ?
 ____ like those ____ LEDs eligible ____ power-saving reward ____ ?
 I would like to know ____ qualify ____ .
 ____ equipment would ____ the ____ incentives?
 Do you know ____ types ____ lights ____ earn ____ power?
 ____ would qualify ____ the energy saving ____ ?
 Which ____ to save electricity?
 ____ of ____ be involved in power-conservation initiatives?
 Is ____ illumination ____ covered ____ the power-saving initiatives?
 ____ of LEDs may participate ____ the ____ .
 I ____ know ____ certain ____ like ____ are ____ energy-saving offers.
 Is certain ____ of ____ involved ____ the ____ ?
 Is ____ category of lighting ____ criteria for ____ in incentive initiatives ____ conserve energy?
 ____ of ____ would be accepted under ____ benefit plans?
 Are ____ types ____ lighting ____ part of the ____ incentive programs?
 To promote ____ and ____ incentives ____ this ____ what ____ of ____ setups are ____ consideration?
 What ____ the ____ devices that qualify for ____ programs?
 ____ it comes ____ saving ____ what kind ____ lighting ____ these ____ ?
 The categories ____ illuminating ____ considered qualified ____ those ____ LEDs.
 What are the ____ reward ____ that ____ illuminating ____ those?
 Which ____ illumination ____ would ____ for the ____ to promote power-saving ____ ?
 ____ power-saving incentives apply to ____ like ____ ?
 Is ____ in the ____ saving plans by ____ led lamps?
 Can ____ me ____ types ____ illuminating ____ qualify ____ energy saving programs?
 ____ illumination apparatuses meet the criteria to ____ the ____ preservation ____ ?

What kinds _____ be eligible for the _____?

Which specific types of _____ would _____ eligible _____ these incentive _____?

_____ tell _____ types of _____ devices that qualify for _____ programs?

What lighting _____ are _____ for _____ energy _____?

_____ it _____ to _____ which _____ suitable for energy-saving benefits?

There _____ kinds of illumination tools _____ participate in efforts _____.

_____ of lighting devices are appropriate _____ energy-saving _____?

_____ kinds _____ devices _____ for energy-saving incentives?

_____ a certain _____ of _____ in these saving _____?

Is _____ category _____ luminous equipment _____ benefiting from _____ initiatives compatible _____?

_____ you know _____ types _____ would _____ for the _____ rewards?

_____ LEDs _____ included for _____?

_____ are specific kinds of illumination _____ that _____ to conserve _____.

Which _____ qualify _____ energy _____ incentives?

Is illuminating things such as _____ power-saving _____ schemes?

Do certain _____ sources _____ the _____ an _____ initiative _____ conserve energy?

_____ certain _____ of LEDs part _____ saving _____?

_____ specific types of _____ that _____ included in _____ energy _____ programs?

The use _____ certain _____ to save _____?

_____ me what kind of _____ qualify for _____.

Is there _____ particular kind _____ illumination tools _____ to conserve _____?

Is _____ possible _____ participate _____ saving _____ through the use _____ emitting devices?

Are there specific _____ of lighting technologies _____ of _____ savings _____?

_____ lighting _____ are _____ the energy-saving _____.

Is _____ a _____ illumination product, _____ that _____ covered by _____ saving _____?

_____ to know which _____ eligible for _____ offers.

Which particular illuminating _____ electricity _____ initiatives?

_____ lighting devices like _____ power-saving _____?

_____ certain lighting sources _____ for _____ in _____ incentive initiatives?

I want to know _____ of _____ are _____ savings.

_____ there _____ type of light _____ can _____ in the power-conservation _____?

Is there _____ covered by the _____ savings initiatives?

What do _____ would _____ fancy LEDs _____ power-saving reward _____?

_____ which light _____ can participate _____ the _____ initiatives?

Please provide information _____ Luminous _____ varieties, such _____ incorporating _____ Diodes, _____ receive merits _____.

Which _____ illumination _____ would _____ considered _____ program to promote _____ practices?

_____ possible for me _____ in _____ electricity saving _____ I use _____?

Which forms _____ gadgets could _____ for the promotion _____ power _____?

There _____ reducing _____ consumption for _____ of lighting products.

Is it possible _____ like LEDs to _____?

Which _____ of lighting are _____?

Which _____ illumination _____ accepted by the power _____?

_____ you know which _____ are eligible _____?

_____ you inform me _____ eligible for the _____?

Is _____ specific _____ are _____ by _____ power saving initiatives?

Which _____ solutions are _____ for _____ initiatives?

I _____ there are certain _____ that qualify _____ savings.

_____ of LEDs participate _____ programs.

_____ a _____ illumination product that _____ under the _____ conserve _____ and _____?

_____ there _____ types _____ illumination _____ can be used _____ in efforts to _____?

Do ____ approved category ____ equipment for ____ include LEDs?

Can ____ specify the ____ illuminating devices ____ be used ____ energy-saving ____?

Which ____ bulbs would be given ____?

____ of ____ devices get energy-saving ____?

____ type ____ light ____ can ____ in the ____ initiatives.

____ different ____ of ____ for this program ____ promote power-savings practices?

Which ____ of illuminating ____ like ____ could ____ promotion of power ____?

____ illuminating technology ____ eligible ____ power ____ incentive ____.

____ illuminating equipment ____ for initiatives ____ efficiency and ____?

Are there ____ technologies that are ____ of ____ saving incentive ____?

____ types ____ illuminating gadgets, like ____ be deemed ____ for ____ of ____?

____ me ____ kind of lights would ____ accepted ____ power-saving ____.

Is it ____ those fancy ____ for the power-saving reward schemes?

____ kind of ____ devices are available ____ the ____?

____ know ____ thingies are eligible for conservation ____?

There ____ tools that can participate in efforts ____ while ____.

____ want ____ there are ____ qualify for energy savings.

Which types of illumination ____ be ____ promotion ____ power-savings ____?

Tell ____ what kind of ____ eligible ____ rewards.

____ lighting ____ get ____ saving energy?

____ include the use of ____?

____ may apply to ____ lighting ____.

____ are ____ schemes that ____ specific ____ of ____ lights.

____ types ____ lights meet ____ to benefit from power ____?

____ forms of ____ could be deemed suitable for ____ power ____?

____ certain types ____ in the saving ____?

To ____ efficient ____ and offer incentives ____ end, ____ kind of ____ setup ____ consideration - ____ those with LED ____

____ devices, like ____ are ____ qualified?

Which ____ are ____ energy-saving ____?

____ light fixtures can be ____ in this ____?

Which ____ solutions are ____ for the ____ savings ____?

____ you ____ which ____ of light ____ can ____ the power-conservation ____?

What ____ of lighting ____ incentives ____ saving electricity?

____ you tell ____ types ____ emitting devices ____ covered in the eco-friendly ____?

Which types ____ illumination ____ meet ____ the incentivized ____ preservation ____?

Is ____ illumination ____ covered under the power-saving ____ perks?

Which ____ illuminating solutions ____ for ____ electricity savings ____?

Some ____ sources may meet ____ participation ____ initiatives ____ at saving ____.

Which ____ are considered qualified under the ____?

____ the approved category ____ equipment suitable for benefiting ____ of ____?

Is ____ with the criteria for ____ incentive initiatives to ____?

____ lighting sources ____ meet the ____ in ____ aimed ____ saving energy.

I ____ if using LED lights ____ make ____ eligible ____ that ____ efforts ____

____ specific types ____ as LEDs, would be ____ these incentive ____?

____ about ____ lights that would qualify ____ power-saving rewards.

____ kind of lights would ____ for ____ saving ____?

Can you ____ suited ____ energy-saving benefits?

Is there a ____ equipment ____ targeting ____ and reducing consumption?

____ you specify ____ types ____ illuminating ____ which ____ for ____ programs?

Can I ____ specific types ____ lights ____ power ____?

What ____ of lighting devices ____ the energy-saving ____?
 ____ illuminating technology ____ for ____ saving incentive?
 ____ these ____ the ____ certain illuminants ____ save power?
 ____ illuminating ____ are eligible ____ electricity ____ initiatives
 ____ illuminating devices, ____ qualify ____ the power-saving ____?
 What ____ gadgets, such as good ____ are ____ incentive ____?
 ____ specific ____ make ____ cut ____ the incentive ____?
 ____ are ____ that can ____ in ____ to conserve electricity ____ supported.
 ____ promote ____ power usage ____ incentives ____ this ____ what kind ____ lighting ____ or ____ fall ____ consideration?
 ____ power-saving ____ programs may ____ to the ____.
 ____ is eligible ____ the electricity savings initiatives?
 ____ of ____ fixture ____ participate in this ____ initiative?
 Do ____ categories of lighting ____ meet ____ participation ____ that aim to conserve ____?
 ____ it ____ brands of lighting products ____ for ____ incentive plans?
 ____ forms of illuminating ____ could be ____ power consumption reduction?
 ____ use specific types of ____ get those ____ incentives?
 What are the ____ devices that ____ for ____ energy-saving ____?
 Which types of ____ apparatuses fit ____ for the ____?
 I ____ if certain ____ eligible ____ energy saving offers.
 Do ____ categories of ____ meet the ____ for ____ incentive ____ aimed at ____?
 Which types ____ the requirements to ____ power saving ____?
 ____ fixture ____ criteria ____ benefit from power efficiency programs?
 ____ types of ____ qualify for ____?
 ____ provide ____ about ____ varieties, ____ as ____ incorporating Light Emitting Diodes, ____ receive ____ adherent.
 Some ____ LEDs may ____ in ____ saving ____.
 Which sorts ____ lighting ____ are ____ the ____ programs?
 Which ____ eligible for an electricity ____?
 Which ____ of lighting meet the ____ to benefit ____?
 Is the ____ category ____ luminous ____ for ____ for LED lights?
 I ____ know what ____ of ____ would qualify ____ the ____.
 Is LED lights ____ power-saving ____?
 ____ like ____ know ____ illuminations are eligible for ____ saving ____.
 Which ____ devices ____ eligible for ____?
 There are certain ____ products that ____ power ____ initiatives.
 Which ____ of ____ tools would ____ for this ____ to ____ power-savings ____?
 Which ____ illuminating devices such as LEDs ____ for ____ incentive ____?
 Which ____ with ____ incentives?
 Which ____ LEDs, could ____ deemed suitable for ____ promotion ____ power saving?
 ____ it ____ to ____ illuminating devices ____ in the ____?
 Which specific types ____ such as LEDs, ____ for ____ schemes?
 ____ of illuminating ____ like LEDs, could be ____ promote ____?
 ____ you ____ the types of light-emitting ____ are ____ by ____ eco-friendly ____?
 ____ you ____ which particular ____ are suited for ____?
 ____ like ____ know what ____ of ____ devices warrant ____ for saving ____.
 You want ____ illumination things are ____ incentives?
 I'd ____ specific LEDs ____ cut in their ____ plans.
 Which types of illumination ____ be eligible ____ incentive schemes?
 Which lighting devices ____ incentives?
 What kind ____ I use ____ get the ____ saving ____?
 What ____ devices would ____ for ____ saving incentives?

_____ a specific _____ of _____ technology _____ part _____ energy incentive programs?

What _____ of _____ power-saving rewards?

_____ it _____ that _____ LED lamps would _____ me _____ in _____ electricity saving _____.

The _____ incentives _____ to _____ devices.

_____ if certain illuminations, _____ qualify for energy conservation _____.

Which types of lights _____ I _____ to get _____ ?

_____ kinds _____ are eligible for _____ saving programs?

_____ are _____ types of _____ devices _____ for energy-saving _____?

_____ LEDs qualify for _____ power-saving _____?

Which form of illumination, _____ be _____ promotion of power _____?

_____ kind _____ illumination apparatuses are covered _____ plans?

Which _____ illuminating _____ for the electricity _____ initiatives?

_____ LEDs _____ for _____ incentives?

Which _____ eligible for _____ savings initiatives?

_____ involved in saving programs?

Which _____ of _____ I _____ order to get some _____ saving _____?

_____ it _____ specific illuminating _____ qualifies _____ the _____ efficiency and reducing _____?

_____ devices are _____ qualified _____ power _____?

Do _____ meet the _____ for _____ in incentive initiatives _____ to _____ energy?

I _____ like to _____ what kind of _____ for _____.

Can you _____ us the _____ of light-emitting _____ that _____ covered _____?

_____ illumination _____ eligible _____ the program to promote _____ practices?

What _____ of _____ devices can be _____ energy-saving _____?

_____ particular _____ can _____ considered _____ for the electricity savings _____?

_____ devices would _____ acceptable _____ these energy efficient _____?

Good LEDs, _____ qualify for _____ incentive _____ about _____?

Tell me what _____ would qualify for _____.

Which forms of illuminating _____ suitable for promoting power _____?

_____ you _____ which Luminous _____ varieties, such as _____ Light Emitting _____ may _____?

_____ type of illuminating _____ are _____ savings initiatives?

_____ some _____ of lighting _____ criteria for participation in incentive _____ that _____ saving _____?

_____ lighting _____ the criteria for participation _____ initiatives _____ aim _____ conserve _____.

_____ form _____ illuminating _____ LEDs, _____ used to promote _____ consumption reduction?

What _____ are accepted _____ energy-saving programs?

Which kinds of lighting _____ for the _____?

Tell _____ what _____ of lights _____ for power-saving _____.

What illuminating things, _____ those fancy _____ would _____ reward _____?

What _____ devices are _____ for _____ saving incentives?

Is there _____ specific illumination _____ the _____ efficient initiatives?

Information about which _____ varieties, _____ as _____ Emitting Diodes, will _____ merits _____ is required.

_____ types of _____ can _____ get those power _____ incentives?

Which forms _____ illuminating gadgets, _____ LEDs, _____ be deemed _____ power _____?

I want _____ if specific _____ products, _____ are covered _____ saving initiatives.

Is _____ to _____ in _____ electricity _____ plans _____ use of light _____ lamps?

Which lights can _____ saving _____?

Can you clarify which _____ benefits?

_____ types _____ lights are _____ incentives?

_____ technology is eligible _____ reduction?

There are _____ sources that meet _____ criteria _____ incentive initiatives _____ saving _____.

What types of _____ devices are _____ the _____?

_____ illuminating solutions can be _____ the _____ initiatives?

Which _____ lighting _____ is _____ for the energy-saving _____?

Which _____ technology _____ eligible _____ power _____?

Those fancy _____ power-saving reward schemes _____ they _____ illuminating.

_____ possible _____ clarify _____ bulbs are _____ for _____ benefits?

What _____ of light gadgets, _____ and _____ qualify _____ incentive plans?

Which illuminating _____ like _____ considered _____ under the _____?

_____ lighting sources meet the criteria _____ participation _____ incentive _____ energy?

There are _____ tools that can be _____ to _____ in _____ to _____.

Can I _____ LEDs _____ power-saving _____?

_____ these _____ saving _____ types of efficient lights?

_____ a specific type of lighting technology _____ forms _____ incentive _____?

Which types _____ for _____ incentives?

I _____ to _____ what _____ of lights would _____ rewards.

What _____ the _____ of illuminating _____ qualify for the _____?

What kinds _____ can I _____ to _____ power-saving _____?

_____ you tell me _____ illuminating _____ qualify for _____ energy-saving program?

Which illuminating technologies _____ incentive programs?

Are _____ products, like LEDs, covered under the _____?

Is there specific _____ are _____ the _____ savings initiatives?

_____ categories _____ illuminating _____ LEDs, _____ qualified?

_____ there a _____ product that is covered _____ saving _____ and _____?

_____ the approved _____ for benefiting _____ initiatives include the _____?

_____ certain types of LEDs that participate _____?

_____ of energy-efficient illumination _____ be eligible _____ the _____?

Which type of _____ in these power-conservation _____.

_____ of lighting sources meet the _____ participation in incentive _____ aimed _____?

_____ tell _____ of _____ types of _____ covered by the eco-friendly schemes?

_____ tell _____ which _____ of _____ devices _____ for these _____ programs?

_____ kind _____ lighting is _____ energy-saving programs?

What _____ gadgets, like _____ what not, _____ for lively _____ plans?

_____ lighting devices that are _____ the energy-saving programs?

Which _____ of _____ as _____ would be eligible _____ the _____?

Which illuminating solutions _____ be _____ initiatives?

_____ me, what _____ of _____ would _____ for _____ rewards?

What are _____ of _____ devices _____ are _____ for _____ energy-saving _____?

_____ a specific _____ product that _____ power consumption initiatives?

_____ certain types _____ LEDs _____ in _____?

_____ think _____ like those _____ qualify for power-saving reward schemes?

Some lighting _____ may meet the _____ to conserve energy.

_____ power-saving incentives if _____ illuminate LEDs?

Which _____ as LEDs, _____ be eligible for _____ schemes?

Which _____ of _____ meet the criteria _____ power saving _____.

Which _____ be _____ suitable for promotion of power _____?

_____ you _____ us the types of _____ that _____ the eco-friendly _____?

_____ about _____ fancy LEDs that are _____ they _____ the _____ reward _____?

_____ power-saving incentive programs _____ the LEDs?

Which forms _____ illuminating gadgets, _____ suitable _____ the promotion _____ reduction?

_____ to know what kinds of _____ would be _____ these _____.

Which _____ lights are eligible _____ incentive _____?

Which particular illuminating solutions _____ the _____ initiatives?

What lights _____ qualify for power-saving reward _____?

Which _____ you think meet the _____ for _____ programs?

Please provide _____ about _____ unit varieties, such as those incorporating _____ Diodes, _____ merits _____.

_____ you _____ of light-emitting _____ that are covered by the _____?

The _____ incentive programs _____ apply _____ lights.

What are the types _____ lighting _____ can _____ for _____ programs?

_____ of light-emitting devices _____ covered by the _____?

There are some lighting devices _____ qualified _____.

Which _____ gadgets, _____ LEDs, could _____ considered _____ for promotion _____ saving?

Which _____ solutions _____ deemed _____ be eligible _____ electricity savings _____?

Is _____ an _____ scheme _____ encourages _____ use of certain _____ to _____?

Which _____ are eligible _____ the _____ incentives?

Which _____ of illuminating gadgets, _____ could _____ to promote _____ efficiency?

_____ you _____ the _____ light emitting _____ that _____ by the eco-friendly schemes?

I would _____ know _____ make _____ in incentive plans.

Which types of _____ meet _____ criteria _____ programs?

Which form _____ like _____ could be considered suitable _____ savings?

_____ sources may _____ the criteria for _____ in _____ conserve energy.

_____ kinds of _____ would be considered eligible _____ promote _____?

Which kinds _____ apparatuses _____ accepted in _____ plans?

Which _____ light fixture would _____ to _____ electricity?

_____ me what _____ of _____ would be eligible _____ the _____.

_____ types _____ as LEDs, would _____ for the incentive _____?

_____ there a _____ of LEDs _____ these saving programs?

_____ types of LEDs _____ in _____ saving _____?

These _____ are for _____ types _____.

Which types _____ light fixture _____ participate _____ efforts?

To promote _____ power usage and _____ towards this _____ lighting _____ or technologies fall _____ those with LED _____.

Tell me what kind _____ lights _____ power saving _____.

_____ know which _____ LEDs make the cut _____ incentive _____.

Which particular _____ for incentives _____ save electricity?

Which types _____ lights, _____ LEDs, _____ be eligible _____ incentive _____?

_____ kind of _____ tool that can _____ in efforts to conserve _____ while _____?

_____ kinds of lighting tools _____ program to promote _____?

Let _____ know what kind of _____ warrant _____ incentives _____.

Is _____ a certain _____ of illumination _____ can participate in _____?

Do _____ of _____ get _____ in saving _____?

_____ me _____ the types of light- emitting _____ covered by _____ eco-friendly _____?

What _____ sources _____ meet the criteria _____ participation _____ incentive _____ conserve energy?

Is there _____ specific _____ product _____ is covered _____ initiatives?

_____ wonder if _____ are _____ illumination _____ that _____ under _____ power saving _____.

I _____ know if _____ illuminations, like _____ are _____ energy saving _____.

_____ possible that certain _____ lighting technologies form _____ of _____ incentive _____?

_____ it possible that _____ can _____ power saving _____?

_____ which illumination _____ are eligible for Conservation _____?

I want to know _____ illuminations, like LEDs, _____.

_____ forms of illuminating gadgets, _____ LEDs, _____ be deemed _____ power _____?

Certain types _____ are _____ in _____ saving _____.

_____ led lights _____ incentive programs?

Which _____ eligible in the program to _____ practices?

Are there _____ types of _____ are _____ efficiency incentive programs?

Is it possible _____ specific types _____ lights _____ incentives?

_____ you tell _____ the _____ of light-emitting _____ are included in _____?

Which _____ of _____ apparatuses _____ the criteria for _____ power _____?

Can you _____ me _____ types _____ devices _____ these energy-saving programs?

_____ lighting types _____ the _____ to benefit from _____?

_____ illuminating equipment _____ for _____ consumption _____?

_____ me _____ would _____ for the power-saving _____.

Which _____ of illuminating _____ like _____ could _____ used _____ saving?

Can _____ which type _____ fixture can participate in _____?

Which _____ of lighting _____ are eligible _____ incentives?

Which _____ solution is eligible _____ savings _____.

_____ of light _____ the criteria _____ from a power saving _____?

What types _____ are _____ energy saving incentives?

_____ types _____ such as _____ would be _____ for these _____?

Do you know _____ varieties, _____ as _____ Light Emitting _____ will potentially get _____?

Do you _____ what _____ of _____ devices warrant _____?

_____ it possible _____ specify _____ LEDs _____ power-saving _____?

Are LEDs _____ power-saving initiatives?

_____ those _____ LEDs _____ things, _____ qualify for power-saving reward schemes?

Do certain categories _____ lighting _____ meet the criteria for _____?

_____ LEDs are involved _____ these saving _____.

Is _____ possible _____ illuminating thingies _____ those _____ qualify _____ power-saving _____?

_____ want to know if _____ for energy savings.

_____ those fancy _____ eligible for _____ power-saving _____?

_____ for me to _____ these electricity _____ plans if _____ use _____ lamps?

_____ efficient power usage and offer _____ what type _____ specific _____ setup _____ fall under consideration

Which types _____ are _____ for _____ to promote _____ practices?

Is it possible to specify _____ of _____ devices _____ by _____?

Which _____ eligible for _____ reduction incentive _____?

_____ it _____ for specific _____ of _____ participate in _____ initiatives?

_____ it _____ particular bulbs _____ suitable for energy-saving benefits?

_____ form _____ illuminating _____ could _____ deemed _____ for the promotion _____ power _____?

Can you _____ of _____ devices that are covered _____ eco-friendly schemes?

_____ illuminating LEDs _____ the _____ incentives?

What _____ of _____ devices _____ get incentives for _____?

_____ types _____ illuminating devices, such as LEDs, _____ incentive _____?

_____ gadgets, like LEDs, could be considered _____ of power _____ through _____?

_____ want _____ know _____ illuminations _____ for energy saving offers.

_____ tell us the _____ devices _____ are covered by _____ schemes?

Which _____ for the _____ to conserve?

Which illuminating _____ qualifies _____ designed _____ consumption?

Which form of _____ LEDs, could _____ deemed suitable for _____ power _____?

Which _____ for power saving _____ programs

_____ illuminants _____ LEDs _____ to save _____?

Is it possible _____ of _____ participate in _____ initiatives?

Is _____ possible _____ to participate _____ these _____ by using _____ lamps?

_____ there _____ specific _____ is covered _____ the power _____ initiatives?

_____ efficient illumination tools are _____ to be used _____ this _____?

_____ about illumination _____ like _____ that _____ covered _____ the power _____ ?
 _____ illuminating equipment _____ initiatives _____ to reduce consumption and _____ ?
 Which forms _____ illuminating _____ considered suitable for _____ of power _____ ?
 _____ forms of _____ gadgets could _____ considered _____ for _____ savings _____ incentives?
 _____ type _____ in the power-conservation initiatives?
 _____ the _____ of luminous _____ for _____ from power- saving _____ ?
 Which _____ illuminating _____ such _____ LEDs, _____ eligible for the _____ ?
 _____ are the _____ that _____ qualify for the _____ ?
 _____ certain lighting _____ meet the criteria _____ in _____ that are _____ conserve _____ ?
 What _____ of lighting _____ warrants _____ incentives _____ save _____ ?
 _____ there _____ kinds of _____ tools _____ can _____ efforts to conserve _____ ?
 _____ lighting can qualify for _____ ?
 _____ varieties _____ efficient _____ eligible for this program?
 Can LEDs _____ power-saving _____ ?
 _____ are certain _____ tools that _____ participate _____ efforts _____ conserve electricity.
 Which _____ fixtures can be used _____ these _____ ?
 _____ the _____ devices _____ can qualify for energy-saving incentives?
 For instance, do _____ meet the _____ for participation in incentive _____ ?
 Is there certain _____ tools that _____ participate _____ efforts to _____ ?
 Do _____ know what _____ of lights will earn _____ ?
 I _____ to _____ what _____ of _____ qualify for energy _____ .
 What lighting devices would qualify _____ ?
 Is _____ some type _____ LEDs _____ participate _____ saving _____ ?
 _____ applicable _____ incentive programs _____ lights?
 _____ kinds _____ involved _____ saving programs?
 _____ devices qualify _____ the energy-saving _____ ?
 Which lighting tools _____ the _____ to promote power-savings _____ ?
 _____ power-saving incentive programs _____ to _____ .
 Which types _____ like LEDs, would _____ the _____ schemes?
 _____ it possible _____ of lights to _____ power efficient _____ ?
 To _____ power usage and offer incentives towards _____ what _____ setup or _____ consideration
 _____ types of _____ be _____ to promote power saving practices?
 _____ tools are eligible _____ the _____ promote _____ practices?
 _____ light fixture types can _____ in the _____ ?
 I'd like to _____ make _____ cut in _____ plans.
 _____ types of illuminating devices _____ eligible _____ conserve power?
 There _____ saving _____ lighting devices.
 _____ kinds of _____ are eligible _____ ?
 What _____ light gadgets, such _____ and whatnot, _____ for lively _____ ?
 Are certain _____ in saving _____ ?
 _____ energy-saving _____ are included?
 I want _____ which types of _____ fixtures _____ participate _____ initiatives.
 Is there _____ illuminating _____ that _____ for _____ efficiency _____ reducing consumption?
 What kind of _____ are eligible _____ ?
 _____ there types _____ devices which qualify _____ these _____ ?
 Is there _____ of _____ that _____ part of _____ for energy efficiency?
 Which _____ technology is _____ for _____ ?
 I want _____ know _____ LEDs _____ eligible for _____ .
 Which types _____ gadgets _____ be _____ promotion _____ power saving?
 Is _____ specific _____ product _____ is _____ the power usage _____ ?

____ kind of ____ solution is ____ the ____ savings ____?
 ____ of illuminating ____ be considered suitable for promotion ____ consumption reduction?
 ____ programs compatible with LED lights?
 Which ____ are ____ for energy-saving ____?
 ____ eligible for incentives to conserve ____?
 ____ programs for certain types of ____.
 Do ____ types ____ LEDs ____?
 Which illuminating ____ power efficiency ____.
 Tell me ____ type of ____ qualify ____ the ____ rewards.
 ____ kind of ____ meet the ____ the ____ preservation plans?
 ____ illuminating ____ eligible for ____ energy ____ initiatives?
 ____ specify which types ____ illuminating ____ for ____ energy-saving programs?
 ____ categories of ____ devices are considered ____ to ____ savings?
 Which kinds ____ illumination ____ are ____ in ____ preservation ____?
 ____ of light ____ can participate ____ power-conservation initiatives?
 ____ devices would ____ for ____ energy-saving incentives?
 What exact ____ gadgets, like good ____ qualify ____ lively ____ plans?
 There ____ certain kinds of ____ tools ____ can ____ conserve electricity.
 ____ specific ____ included in ____ incentive ____?
 ____ there ____ illumination ____ that ____ the power conservatism initiatives?
 What ____ fancy ____ things, would they ____ for power ____ reward ____?
 Is it possible ____ certain ____ types can ____ initiatives?
 What lights can ____?
 Which illuminating ____ are considered ____ under the ____?
 Are ____ types of ____ devices ____ energy-saving programs?
 Which ____ technology ____ for incentives ____ save ____?
 ____ of ____ devices ____ for energy-saving incentives.
 Which form ____ illuminating ____ as LEDs, ____ to ____ power savings?
 ____ type ____ light ____ for electricity savings ____?
 ____ Led lights fall ____ the ____?
 Is ____ of ____ suitable for benefiting ____ initiatives ____ lights?
 ____ it ____ for me ____ the ____ saving ____ the use of light emitting ____?
 Some ____ might meet ____ criteria ____ participation in ____ initiatives aimed at ____.
 ____ what ____ lights qualify for these ____ rewards.
 ____ you know ____ unit ____ such as those incorporating Light ____ could potentially ____?
 ____ lighting ____ criteria to benefit from ____ saving program?
 Some types of ____ do ____
 ____ me ____ kind ____ would ____ for ____ power-saving rewards.
 Which kinds of ____ be ____ program ____ promote power-savings practices?
 Which ____ like ____ considered qualified under ____ power ____ promotions?
 What are ____ incentives ____ include ____?
 ____ a specific ____ product that's covered ____ conserve initiatives?
 ____ LEDs ____ incentives?
 ____ lighting sources ____ eligible ____ in incentive ____ aimed at ____.
 Do ____ sources ____ criteria ____ participation in incentive initiatives ____ saving ____?
 ____ the ____ included in ____ incentives?
 Is it possible ____ to participate ____ the ____ through the ____ LED ____?
 ____ of illuminating device, such ____ LEDs, would ____ for ____ schemes?
 Which type of illuminating ____ as ____ these ____ schemes?
 ____ me ____ the ____ lights that ____ eligible for these power-saving ____.

_____ illuminating _____ like _____ be deemed suitable for _____ power reduction?
 _____ kinds of _____ devices _____?
 _____ of lights _____ eligible _____ incentives?
 Is _____ possible that certain lighting _____ meet _____ in _____ incentive _____?
 Which types of lights meet _____ to benefit _____?
 _____ it possible _____ participate in _____ saving plans by _____ emitting diodes?
 Can _____ tell me _____ of _____ that are covered by _____ eco-friendly _____?
 Can you tell _____ of _____ that _____ covered _____ eco- friendly schemes?
 Which _____ of illuminating _____ like LEDs, _____ for _____ of _____ savings?
 _____ LEDs which _____ for _____ energy-saving _____?
 Is there _____ specific _____ is covered _____ the _____ their perks?
 What kind of light _____ qualify _____?
 _____ to find out _____ illuminations, _____ qualify for _____ savings.
 Which _____ of lighting _____ are eligible _____?
 _____ led _____ fall under _____ category _____ approved _____ power-saving initiatives?
 These _____ do involve _____ of _____.
 _____ it _____ illuminating LEDs can qualify for _____?
 What specific lighting _____ for the _____ incentives?
 _____ of _____ gadgets, like LEDs, _____ be _____ for _____ of _____ savings?
 Which _____ devices, like _____ would _____ eligible for _____?
 _____ types _____ illuminating _____ such _____ be deemed suitable for promotion _____ power _____?
 To _____ usage _____ offer incentives, _____ kind _____ technologies fall under consideration?
 _____ energy saving _____ include _____?
 _____ a particular kind of illumination _____ in efforts _____ electricity _____ receiving support?
 Is it _____ to specify _____ LED _____ efficiency _____?
 Is _____ specific light _____ participate _____ these power-conservation initiatives?
 Which _____ qualify for _____ incentives?
 Can _____ qualify _____ the _____ incentives, _____ LEDs?
 The _____ power-saving _____ to LEDs.
 _____ example, _____ some _____ the _____ for _____ in incentive initiatives _____ at _____ energy?
 _____ give us _____ devices that are covered _____ these _____ schemes?
 _____ kind _____ lights _____ qualify for those _____?
 _____ LEDs participate _____ the saving _____?
 What kind _____ fixture would be _____ incentives _____?
 There are certain kinds _____ illumination _____ in _____ effort _____ save _____.
 Can they _____ for _____ incentives, _____ illuminating _____?
 Which _____ is eligible for _____ to _____?
 _____ incentives known _____ saving electricity _____ certain types _____ lighting _____.
 _____ reward _____ for illuminating thingies, but what about _____?
 Which _____ of _____ fixture can _____ involved _____ this _____?
 What _____ apparatuses meet _____ criteria for the power _____?
 _____ forms of _____ gadgets, _____ could _____ deemed _____ promotion _____ power savings through _____?
 _____ lighting devices _____ accepted _____ programs?
 What kind _____ would _____ for _____ rewards?
 _____ like to _____ what types of illuminations qualify _____ energy _____.
 Which _____ to be eligible _____ the electricity _____ initiatives?
 _____ of _____ devices are compatible _____ energy-saving programs?
 _____ types of _____ such as _____ would be eligible for _____?
 Which light gadgets, like good _____ whatnot, _____ plans?
 Which _____ considered _____ by the power _____ promotions?

____ tell ____ which Luminous Unit ____ such ____ those incorporating ____ Emitting ____ could ____ merits ____.
 ____ you tell ____ the types ____ devices ____ energy-saving programs?
 Which ____ such ____ LEDs, ____ eligible?
 ____ types of ____ gadgets, ____ LEDs, ____ be deemed ____ of ____ conservation?
 ____ qualify for power-saving ____ schemes?
 ____ types ____ light fixture are ____ to participate ____ power-conservation ____?
 What kind ____ are ____ energy-saving programs?
 What kind ____ are eligible ____ energy ____ programs?
 ____ illuminating ____ qualify ____ the power-saving ____?
 ____ find out what ____ lighting devices ____ the incentives known ____.
 What kind ____ light gadgets, ____ LEDs and ____ eligible ____ incentive ____?
 ____ are initiatives ____ efficiency ____ reducing consumption ____ which ____ qualifies?
 ____ particular ____ options are eligible for ____ electricity ____?
 ____ certain ____ sources meet ____ criteria for participation ____ initiatives designed ____?
 Which types ____ gadgets, ____ LEDs, ____ be considered ____ power saving?
 Which ____ make the ____ plans?
 The applicable ____ incentive programs ____ the ____ lights.
 Can ____ which type of light ____ in the power-conservation ____?
 Which types ____ lighting ____ criteria ____ from power ____ programs?
 ____ want ____ there are ____ illuminations that ____ eligible for energy ____.
 ____ me know which ____ LEDs make ____ the incentive ____.
 ____ of lights ____ I ____ get the power saving ____?
 Can you ____ me ____ bulbs ____ suitable for ____?
 Is there ____ type of ____ fall under ____ schemes?
 ____ state the ____ of light-emitting devices ____ are ____ by ____ schemes?
 ____ types meet ____ criteria for ____?
 Which ____ of ____ solution ____ for ____ electricity ____ initiatives?
 ____ me ____ make the ____ in the incentive plans.
 ____ it possible that using LED lamps would allow ____ to ____?
 ____ what kind of ____ would ____ the power-saving ____?
 ____ lights are eligible ____ the ____ savings ____?
 ____ specific illumination ____ covered under the ____?
 Which types ____ illumination ____ eligible to ____ the program ____ promote ____ practices?
 ____ that illuminating LEDs ____ for those power-saving ____?
 ____ are certain types ____ illumination tools ____ can be ____ efforts ____.
 Which ____ of ____ promotion of power consumption reduction?
 ____ LEDs make the ____ for ____ incentive ____?
 Which types ____ are ____ energy-saving programs?
 The ____ saving ____ have ____ of efficient lights.
 Which ____ of ____ is ____ for ____ initiatives?
 What types ____ lighting devices ____ the ____ programs?
 ____ of illuminating ____ such ____ LEDs, would ____ for the incentive ____?
 Which form ____ illuminating ____ LEDs, ____ deemed suitable?
 Is ____ possible ____ which specific ____ make the cut in ____?
 ____ some ____ of LEDs that participate ____ saving ____.
 What ____ devices are appropriate for ____?
 What ____ the ____ of lighting ____ are ____ for ____ programs?
 Which illumination ____ is ____ power ____ programs?
 Are ____ illumination ____ covered under the power-saving ____?
 What lights ____ power-saving _____.

____ me ____ kinds ____ would ____ good for ____ rewards.
 ____ certain ____ lighting ____ meet the ____ for participation ____ initiatives to save ____?
 ____ there a certain ____ of ____ participate ____ the saving ____?
 What ____ lighting devices ____ known for ____ electricity?
 ____ lighting ____ the ____ for participation ____ initiatives designed to ____ energy?
 ____ are certain ____ tools ____ in efforts to ____ electricity and ____.
 ____ bulbs, ____ are ____ for energy-saving benefits?
 ____ of ____ like LEDs, are suitable ____ power savings through ____?
 What ____ included LEDs ____ energy-saving ____?
 Which types ____ lighting ____ to benefit ____ a power ____?
 ____ type of lighting ____ is part ____ energy ____ incentive programs?
 ____ a ____ of lighting sources that ____ the criteria for ____ initiatives aimed at ____?
 I want ____ know ____ types ____ illuminations ____ for energy ____.
 ____ exact ____ that ____ for incentive ____ about savin' power?
 Which ____ devices qualify ____ energy ____?
 Which ____ for energy-saving?
 ____ illumination solutions ____ for the ____ initiatives?
 I ____ like ____ kind of lights ____ the power-saving ____.
 There are certain types ____ tools ____ be used to ____ in ____ conserve ____.
 Can ____ me the types ____ lighting devices ____ for ____ programs?
 What illuminating ____ like ____ LEDs ____ for the ____ reward ____?
 ____ kinds of lights would ____ for ____ power-saving rewards.
 Which ____ devices, ____ as LEDs, would be ____ the ____?
 Which ____ light ____ can ____ in ____ power-saving initiatives?
 What kind ____ devices warrant ____ incentives ____ electricity?
 What ____ things ____ qualify for ____ reward ____?
 Which ____ equipment ____ it ____ initiatives ____ and reducing consumption?
 Which category of ____ LEDs, ____ considered ____?
 Which illuminating ____ LEDs, ____ considered qualified ____ power ____ promotions?
 ____ types of lights ____ I ____ get ____ power ____ incentives?
 ____ incentives ____ apply to certain ____.
 ____ lighting ____ criteria for participation in incentive ____ aimed at ____.
 ____ specific ____ qualify for ____ energy-saving ____?
 ____ using led ____ allow me to participate ____ electricity ____?
 I ____ like to ____ LEDs ____ for energy ____.
 ____ you specify ____ of illuminating devices ____ are ____ for ____ programs?
 ____ illumination products, ____ LEDs, ____ by the power saving initiatives?
 Which ____ energy ____ would be ____ eligible ____ the program?
 ____ types ____ illumination tools would be eligible for ____ promote ____?
 What ____ for ____ energy-saving incentives?
 ____ you ____ the ____ of ____ that are ____ these eco-friendly schemes?
 ____ tell me which illumination thingies ____ for ____?
 ____ want ____ if LEDs qualify ____ energy-saving ____.
 What ____ of ____ power-saving rewards.
 ____ light ____ like ____ LEDs ____ for lively incentive ____ about ____ power?
 Which types ____ meet the ____ to ____ saving programs?
 What exactly ____ gadgets, like ____ and whatnot, ____ incentive ____?
 Which types of ____ eligible ____ order to ____ power-savings ____?
 ____ light fixture ____ in the power-conservation initiatives?
 Can you ____ me which ____ light fixture ____ participate in ____?

Would using ____ lamps ____ participate ____ these electricity ____ plans?
 ____ what ____ illuminations qualify for energy saving ____.

Can ____ tell ____ illumination thingies are ____ for ____?

Can ____ us ____ types of illuminating ____ qualify ____ programs?

Which illuminating devices, ____ as ____ are ____ for ____?

____ there a specific illumination ____ covered by ____ power ____?

I ____ kind ____ lighting ____ warrant the incentives ____ saving electricity.

Can ____ tell ____ what types ____ illuminating devices ____ energy-saving ____?

Which ____ for energy- saving ____?

____ are ____ types ____ efficient lights ____ power saving schemes.

____ specific ____ in ____ incentive plans?

____ need ____ specific illuminations, like LEDs, ____ eligible for ____.

____ tell ____ if specific ____ lighting products ____ for ____ incentive plans?

Which illuminating technology ____ eligible ____ conservation incentive ____?

____ a ____ illumination product that is covered ____ initiatives?

Is ____ illumination product that's ____ under ____ powersaving ____?

____ need ____ know if ____ LEDs, qualify for energy ____.

____ these ____ may ____ me ____ eligible illuminated devices?

The ____ of ____ devices that warrant the ____ unknown.

____ promote ____ and offer incentives ____ this end, what kind of ____ fall under consideration

____ types ____ light fixture ____ in the power-conservation ____?

____ me the ____ would ____ for power-saving rewards.

____ technology ____ eligible for power ____?

____ they ____ power-saving incentives if they ____ LEDs?

I would like to ____ types ____ can ____ in ____ initiatives.

____ power-saving ____ schemes for ____ thingies like ____ fancy ____.

____ get ____ power-saving rewards?

There ____ incentive plans aimed ____ energy ____ for certain ____.

Is ____ a ____ type of ____ technology ____ of ____ energy ____ incentive programs?

Which illuminating ____ as LEDs, ____ be ____ for ____ incentive ____?

To ____ power usage and offer incentives ____ this end, what ____ specific lighting ____ falls ____

What types ____ lights can ____ power saving ____?

____ types of illuminating devices ____ qualify for the ____ program?

Which ____ are included ____ the ____?

Which ____ of ____ devices, such ____ eligible ____ the incentive ____?

Is it possible ____ types ____ light fixtures ____ these power-conservation ____?

What kind ____ lighting devices ____ for ____?

Can ____ qualify ____ power-saving ____ if ____ LEDs?

I ____ if illuminating things ____ fancy ____ would ____ power-saving reward ____.

What ____ thingies like ____ LEDs ____ eligible ____ reward schemes?

Is ____ specific illumination product that's covered under ____?

Which ____ devices are ____ qualified under the ____?

I ____ to ____ specific illuminations like ____ qualify ____ saving ____.

Tell ____ of ____ for the power-saving rewards.

What lighting ____ would ____ eligible ____ incentives?

What ____ things would ____ for ____ reward ____?

____ you give me the ____ light-emitting ____ that ____ the ____ schemes?

Are ____ specific illumination ____ under ____ power ____ initiatives?

Which lighting ____ eligible ____ efficient ____?

____ are ____ for certain ____ lights.

_____ LEDs make the _____ incentive _____?

_____ there any _____ are _____ for the _____ programs?

I _____ to know if _____ illuminations _____ qualify _____ energy savings.

Is there _____ specific _____ product _____ powerConservation initiatives?

Which _____ devices are considered qualified _____ the _____?

_____ incentive programs _____ toled lights?

_____ types of _____ such _____ the _____ would _____ eligible for _____ incentive _____?

Which _____ energy _____ illumination tools _____ for _____ program?

I _____ to _____ what types _____ illuminations _____ eligible for _____ efficient _____.

Which _____ devices qualify _____ incentives?

_____ illumination apparatus _____ criteria for _____ power preservation plans?

In initiatives targeting _____ reducing _____ which _____ equipment _____?

Which lighting options _____ the _____ savings _____?

_____ possible _____ those _____ LEDs would _____ power-saving reward schemes?

_____ certain _____ lighting sources _____ the _____ participation in the incentive _____?

There _____ types _____ illumination _____ can participate _____ to conserve electricity.

Can you _____ illuminating _____ for these _____ programs?

To _____ efficient power usage _____ incentives towards _____ end, _____ of lighting _____ technologies _____ under _____?

How _____ things _____ fancy _____ qualify _____ power-saving reward schemes?

Can you _____ me _____ types _____ illuminating devices _____ eligible _____ energy-saving _____?

Can _____ for the power-saving _____ they _____ devices?

Which forms _____ gadgets _____ for promotion _____ saving?

_____ you tell me _____ light-emitting devices _____ are _____ by the eco- _____?

I _____ like to _____ there _____ that _____ energy savings offers.

Are there certain _____ LEDs that participate _____?

Can you _____ me _____ light fixture _____ in _____ initiatives?

Are there any _____ of _____ fall _____ the _____ schemes?

_____ form of illuminating _____ LEDs, could be considered suitable for _____?

Do _____ certain _____ of _____ participate _____ saving programs?

_____ types of _____ are eligible for _____ incentives?

_____ of _____ devices _____ warrant these incentives _____ saving _____?

_____ certain types _____ LEDs _____ these saving _____?

Can _____ the type of light-emitting _____ that _____ by these _____?

_____ would _____ incentives _____ save power?

_____ forms _____ illuminating gadgets, _____ LEDs, are suitable for _____ incentives?

There are _____ of _____ technologies that form part of _____.

Is _____ specific illumination product _____ covered _____ power _____ initiatives _____ perks?

Which illuminating _____ are _____ for the _____?

_____ lighting devices are _____ for the energy-saving _____?

_____ lighting solutions are _____ for _____ Electricity _____?

How _____ devices _____ LEDs?

_____ of illuminating gadgets are _____ for _____ of _____?

I would _____ to _____ which _____ in the _____ plans.

Is there specific illumination _____ under _____ power conservation _____?

I want to _____ there are specific _____ qualify _____ energy _____.

Do some _____ sources meet _____ participation _____ incentive _____ intended to _____?

_____ of illumination _____ would _____ in _____ to promote _____ practices?

_____ tell me the types of _____ that _____ in the eco-friendly _____?

_____ me _____ participate in the _____ saving plans?

_____ me _____ lights that _____ qualify for _____ power-saving rewards.

Would LED _____ me to _____ the electricity _____ plans?
 _____ illuminating technology _____ eligible for _____.

_____ illuminants like LEDs to _____ is encouraged by some _____.

_____ me which types of light fixture _____ initiatives?

The _____ programs might _____ lights.

_____ to know _____ illuminations, _____ LEDs, qualify _____ energy _____ offers.

_____ would be _____ incentives to _____ electricity?

Which _____ for _____ in consumption _____ initiatives targeting _____?

_____ are certain _____ of _____ technologies that are included _____ incentive _____.

Which lighting _____ the _____ plans?

Can _____ tell _____ bulbs are suitable _____ energy-saving _____?

Can _____ us the _____ of _____ covered by the eco-friendly _____?

_____ you _____ kind _____ lights _____ qualify for these power-saving _____?

What kinds _____ devices _____ suitable _____ the _____ programs?

I was _____ using LED lamps _____ in the electricity _____ plans?

Can you _____ me _____ for the energy-saving _____.

What _____ lighting devices _____ be used _____ the _____?

Which illuminating _____ considered _____ for the _____ savings _____?

Can _____ me _____ illuminating devices qualify _____ programs?

Which types _____ fixture _____ to _____ the power-conservation initiatives?

_____ LEDs qualify _____ power-saving reward _____?

Is there _____ specific _____ lighting _____ part of the _____ savings _____?

Which _____ qualify _____ incentives.

Is _____ a specific illumination _____ covered _____ the _____ initiatives?

_____ kinds of illumination _____ are eligible _____ the _____ promote _____ saving _____?

Can you tell _____ the types of illuminating devices _____.

_____ power-saving _____ for illuminating _____ like LEDs.

_____ what types _____ light fixture can participate _____ the power-conservation _____?

Can _____ tell _____ the _____ of illuminating devices _____ for _____ programs?

I _____ to _____ if _____ are eligible _____ savings.

_____ what kinds _____ lights would _____ power-saving rewards?

I _____ to know _____ specific _____ the _____ for _____ plans.

_____ lighting sources meet the criteria _____ in incentive initiatives _____?

Can _____ know _____ bulbs are suitable for _____?

Is _____ specific illumination product _____ under _____ saving _____ perks?

Is _____ illumination product that _____ under the power-saving _____?

There are specific types _____ lighting _____ are _____ the _____ incentive _____.

_____ certain types of _____ tools that can participate _____ save _____.

Which _____ tools are _____ promotion _____ power-savings practices?

To _____ efficient power _____ and offer incentives towards _____ end _____ lighting setups _____ fall _____

What illuminating things _____ those _____ LEDs _____ the _____ reward _____?

_____ particular _____ are _____ eligible _____ the savings initiatives?

To _____ power usage _____ toward this end, _____ kind _____ lighting _____ or technologies _____ under _____?

_____ kind of lighting _____ would _____ acceptable _____ these energy _____?

_____ of _____ like _____ could be _____ for promotion of _____ savings?

_____ there _____ types _____ technologies _____ are part _____ energy _____ incentive programs?

Tell _____ lights _____ be eligible for _____ power-saving _____.

_____ lighting _____ qualify for the _____ incentives?

_____ types _____ can _____ to get _____ incentives for power _____?

_____ are the _____ that would qualify for the _____?

_____ are _____ tools _____ can _____ efforts to save electricity.
 Is _____ illuminants _____ LEDs encouraged _____ ?
 _____ solutions _____ considered eligible for _____ electricity savings _____ ?
 _____ would _____ for specific lighting _____.
 _____ forms _____ illuminating gadgets, _____ LEDs, could _____ deemed suitable _____ power _____ ?
 _____ illuminating _____ eligible _____ reduction incentive programs.
 Are _____ types of _____ in the _____ ?
 _____ types _____ light fixture _____ be _____ in _____ power-conservation _____ ?
 Is _____ specific _____ product that _____ covered _____ the power _____ ?
 Which _____ gadgets, _____ be considered suitable for power _____ ?
 _____ kinds _____ devices _____ for energy-saving programs?
 Which _____ of illuminating gadgets could _____ the promotion _____ power _____ ?
 Can _____ power-saving incentives _____ LEDs?
 Do these incentive _____ encourage _____ use _____ ?
 Which _____ eligible _____ energy-saving programs.
 I _____ know if certain illuminations, _____ energy saving offers.
