

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network coverage and signal issues
Inquiry Sub-Category	Intermittent signal loss
Description	Customers report intermittent loss of network signal in certain areas, experiencing periods of no signal or sudden drops in signal strength, and require assistance in understanding the cause and resolving the issue to maintain consistent network connectivity.
Data Size	5,207 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Can anything ____ done about weak ____ intermittently ____ locations?

Are ____ plans to fix ____ found ____ areas?

____ are ____ weak ____ unstable ____ seen ____ certain locations.

Weak ____ unstable signals can ____ in certain ____.

____ you have remedies ____ weak ____ different places?

Is there any ____ sporadic ____?

Is ____ any way ____ fixing ____?

What ____ weak ____ networks ____ certain ____?

____ unstable signals in certain ____.

Is it ____ take steps ____ signals observed ____ at ____?

____ we expect a solution ____ signals?

____ can ____ done to ____ irregular connections ____ certain ____?

Is ____ a way to ____ signals that ____ disappearing in ____?

____ a ____ signals at certain spots?

____ any ____ to ____ sporadic issues within the ____?

There are ____ weak ____ unstable ____ experienced in certain ____.

____ are ____ unstable signals ____ locations.

Is there ____ being done to ____ popping ____ here ____ there?

Is ____ a ____ the unstable signals ____ certain ____?

Do you have ____ solution ____ unstable ____ at ____?

____ there ____ for inconsistent signals ____ sites yet?

____ deal with ____ at ____ spots?

Are ____ going to ____ found in certain ____?

Sometimes ____ experienced ____ certain locations.

Is ____ a ____ for ____?

____ there ____ for weak ____ at certain ____?

____ can be ____ to ____ patchy and ____?

____ there ____ way ____ fix ____ weak network ____ at ____ places?

Is there _____ done to fix the _____ signals _____ locations?

Is _____ possible _____ steps _____ correct fluctuations _____ signals at certain _____?

_____ we able _____ fix _____ certain sites?

Is it _____ to _____ reception _____ in _____ sites?

Can anything _____ intermittent signals in _____?

_____ have plans to fix intermittent _____ in select _____?

Is _____ inconsistent signals _____ a few sites?

_____ are _____ interruptions and _____ signals at _____ sites.

Is it _____ to take steps to _____ certain _____?

_____ are _____ weak _____ certain areas.

_____ are _____ interruptions and low-quality signals _____.

_____ there anything that _____ be _____ weak or _____ signals _____?

Is _____ to fix weak signals pooping _____ places?

_____ fix _____ weaknesses found in certain areas?

Is there anything _____ can _____ done to _____ locations?

There _____ any _____ to _____ weak _____ certain areas.

Is there any _____ address _____ concerns encountered _____ spots?

Is _____ possible _____ the weak signals _____ certain areas?

_____ any way to _____ signals _____ poop _____ in certain spots?

Do _____ remedies to improve _____ in _____ places?

Is _____ remedies _____ intermittent signal _____?

What can _____ to improve _____ in some _____?

_____ signal loss in certain _____?

Weak _____ signals can sometimes _____ within certain _____.

Is there _____ could _____ to address _____ are experienced _____ certain locations?

_____ are _____ solutions _____ can be _____ to _____ irregular _____ at _____ sites?

Are you _____ fix the _____ signals _____ out _____ spots?

_____ there any _____ signal problems?

Is _____ possible to _____ intermittent signals at _____?

_____ it possible to _____ steps _____ observed intermittently _____ places?

_____ planning _____ improve _____ stability and _____ intermittent _____ weaknesses in select _____?

_____ reception _____ can _____ in _____ sites.

Got _____ plan _____ fix _____ to a few places?

_____ any _____ of stopping _____ signal weaknesses?

_____ anything that can _____ to _____ the _____ signals?

How _____ improve _____ signals within _____?

Is _____ a _____ unreliable _____?

Is there a way to _____ that _____ specific _____?

_____ anything we can do to _____ intermittent _____ that _____?

_____ there _____ be done to _____ or unstable signals?

_____ there anything _____ done to _____ intermittent signals that _____ in _____?

Is there _____ solution _____ inconsistent signals _____?

There _____ intermittent _____ within certain _____.

Is _____ possible _____ fix weak _____ unstable _____ within _____ specific _____?

There _____ low-quality signals at limited _____.

There's a problem _____ some _____.

Is there _____ solution _____ or _____?

Is _____ to fix the _____ signals that _____ disappearing _____ areas?

Is there _____ fix _____ signal _____?

Is there _____ solution _____ patchy _____ places?

_____ there _____ possible solution _____ reception problems in _____ ?

_____ with _____ or unstable signals in some _____.

Can we hope _____ for _____ certain locations?

_____ there _____ that can _____ done to address weak _____ ?

_____ there any _____ they can _____ signals?

_____ there a _____ to _____ sporadic issues in _____.

_____ a way to fix the _____ signals that _____ vanishing _____ ?

Is _____ a _____ for _____ or inconsistent _____ some _____?

_____ or _____ be _____ intermittently within a specific _____.

Are _____ any _____ could _____ sporadic _____?

Is _____ to _____ weak _____ signals experienced intermittently _____ specific _____?

What are the _____ weak _____ areas?

It is _____ to _____ or _____ certain locations.

Weak _____ signals _____ sometimes _____ seen in _____ places.

_____ know of any _____ intermittent _____ issues?

Is there anything _____ can do _____ address _____ intermittent _____ specific _____?

_____ possible to _____ at _____ spots?

Is _____ being _____ the _____ signals popping up _____?

_____ suggested _____ signal _____ certain locations?

_____ are _____ signal _____ specific locations.

Can _____ taken _____ correct _____ signals at _____ spots?

Is there _____ possible _____ for _____ that _____ occasionally?

_____ we _____ a _____ for _____ at certain locations?

Do _____ a plan to _____ weaknesses in _____ areas?

_____ there any _____ to _____ those signals _____ weak?

_____ possible _____ steps to correct weak signals observed _____ spots?

Is _____ improve _____ inconsistent _____ weak network coverage?

_____ there _____ to _____ the crappy _____?

Is _____ a solution _____ inconsistent _____ certain sites _____?

_____ improve _____ signals in specific _____?

_____ signal trouble _____ locations?

_____ patchy _____ sometimes occur _____ sites.

_____ possible to tackle _____ some _____?

Is there _____ way _____ fix the _____ out of certain _____?

Is there any _____ to _____ that _____ up in _____ spots?

_____ signals be fixed intermittently _____?

Is _____ fix those weak _____ pooping _____ within certain _____?

Problematic signal _____ and solutions _____?

_____ are occasional _____ and _____ experienced at some _____.

_____ it _____ to _____ occasional drop-offs within _____?

_____ to fix weak _____ signals that occur intermittently within _____?

_____ is _____ in certain _____.

Can _____ unstable network _____ zones?

_____ fix signals at _____?

Is _____ any _____ fix intermittent signals _____ locations?

_____ reception problems _____ sometimes _____ found occasionally in _____.

_____ anything _____ can be _____ about _____ unstable signals being _____ intermittently?

Is _____ done about the crappy _____ up here _____?

_____ you _____ a chance to fix _____ certain _____?

_____ we _____ a solution _____ weak _____ at _____ locations?

Can there _____ resolve sporadic issues _____ designated _____?

Is _____ possible to tackle _____ at _____.

_____ there _____ to _____ those signals?

_____ there a way to _____ go _____ within certain spots?

Is there _____ to _____ signals in certain _____?

There _____ a problem _____ weak _____ signals in _____.

_____ anyone suggest _____ reception at certain areas?

Anyone _____ way _____ fix weak _____ my area?

_____ signals _____ certain locations?

_____ some _____ signal _____ specific locations.

_____ you assist _____ within certain zones?

Is there _____ way _____ weak signals?

_____ fix those _____ pooping out in _____ spots?

Is it _____ low-quality _____ at limited _____?

_____ there _____ fix intermittent _____ issues.

Is _____ a solution for _____ or inconsistent _____?

Are _____ resolutions regarding _____ instability of weak _____ defined _____?

patchy reception _____ can happen _____.

_____ to _____ signal instability?

Is _____ a _____ to _____ signals that _____ randomly?

_____ there a way _____ signals that disappear _____?

_____ a solution _____ reception issues in _____?

Is _____ any way _____ weak _____?

How _____ to _____ intermittent _____ low-quality signals at limited sites?

_____ there anything _____ be done to address the _____ locations?

Does _____ improve occasional drop-offs within _____ locations?

_____ to _____ the crummy _____ in certain spots?

_____ intermittent _____ loss _____ specific locations?

There is _____ weak reception?

There _____ poof every now _____ at certain locations.

_____ are _____ solutions available _____ irregular _____ certain sites?

_____ there any _____ bad connection _____?

Are _____ any _____ for _____?

I'm _____ if _____ is _____ way _____ weak _____ in _____ area.

_____ there _____ for _____ signal issues.

Is _____ that can be done _____ fix intermittent _____ in _____?

Is _____ any _____ weak or unstable signals experienced _____ specific _____?

_____ a _____ of counteracting periodic signal _____?

_____ signal _____ within _____ locations?

_____ to deal _____ impacting _____ locations

Is _____ a way _____ fix _____ that _____ randomly _____ certain _____?

There are _____ interruptions and low-quality _____ at _____.

_____ way to deal _____ signals _____ certain areas?

_____ are sporadic interruptions _____ low-quality _____ at _____ sites.

_____ there any _____ taken _____ occasional _____ low-quality signals?

_____ any _____ correct _____ weak signals?

There _____ intermittent signal in _____.

_____ anything be _____ weak or _____ signals _____ occasionally?

Is there a _____ to fix _____ signals _____ certain places?

Is there _____ done about _____ are _____ up here _____?

____ there ____ solution ____ signals in ____ places.
 Is it ____ to ____ weak ____ signals in ____?
 Do ____ have plans to ____ intermittent ____ certain ____?
 Any steps being taken ____ resolve ____ limited ____?
 ____ there ____ about ____ instability of weak cell ____ within ____?
 ____ way ____ fix the ____ signals?
 ____ any ____ for ____ or ____ in certain areas?
 ____ of counteracting the ____ weaknesses?
 Is ____ solution to the ____ some areas?
 Is ____ to ____ the weak ____ in certain areas?

Weak _____ sometimes experienced _____ some locations.

What _____ are available to _____ irregular _____ at _____?

Are we _____ expect a _____ signals _____ certain locations?

Is it possible _____ take _____ to correct the _____?

Is there anything happening to the _____ there?

Can _____ expect _____ for weak _____ in certain _____?

Is there _____ to _____ in certain locations?

Is _____ anything _____ you _____ those weak signals?

_____ a way _____ address irregular connections at _____?

Do you _____ remedies for _____ weak signals _____ different _____?

Are _____ address _____ signal instability?

Is there _____ that _____ be done to _____ signals _____ locations?

_____ have _____ to fix _____ in certain areas?

_____ to _____ the inconsistent _____ network coverage _____ certain places?

_____ are out _____ with _____ connections at specific sites?

patchy reception _____ can happen _____.

_____ anyone _____ any remedies _____ intermittent _____ instability?

_____ there _____ ways to resolve sporadic _____ areas?

Is _____ way to _____ signals _____?

Is _____ those _____ issues only _____ a few places?

_____ you planning _____ fix _____ weaknesses _____ in _____ areas?

Do you _____ a _____ resolve those signal issues _____ in _____?

Is there anything that can _____ in _____ locations?

Is there _____ way _____ solve _____?

_____ any _____ patchy and unreliable connections?

_____ taken to correct _____ that are intermittent _____ some _____?

Can _____ be done _____ weak _____ signals?

_____ you _____ me if there _____ any _____ for intermittent _____?

Is it _____ do _____ about weak _____ unstable _____?

_____ is present _____ some _____.

_____ plan _____ intermittent signal weaknesses _____ in certain _____?

Is _____ a way _____ weak or unstable signals _____?

_____ it _____ to take steps to _____ at certain _____?

There _____ sporadic _____ low-quality signals _____ sites.

Problematic signal _____ couple _____.

Is _____ a resolution for _____ that _____?

_____ anyone know _____ fix the weak signals pooping _____?

_____ that can _____ stop weak or unstable signals in _____?

_____ there anything _____ can do to _____ signals?

_____ any solutions _____ intermittent _____ issues?

_____ there a way _____ weak _____ in _____ areas.

_____ you address intermittent _____?

Can we hope _____ solution for _____ signals?

_____ there any way to _____ the weak _____ that _____?

_____ possible to fix the signals _____ spots?

Is _____ address intermittent signals _____ specific locations?

_____ be a way _____ resolve sporadic issues _____?

_____ any _____ to intermittent signal _____?

_____ reception _____ occasionally in certain _____.

Is _____ any _____ for _____ instability?

Is there _____ way _____ fix the _____ randomly _____ certain places?

_____ there any plan to _____ annoying _____?

_____ there a way _____ sporadic _____ in _____ areas?

_____ weak signals in certain _____.

_____ there _____ to _____ these crummy _____ popping up?

Is _____ a solution _____ reception _____ that _____?

_____ can be _____ improve _____ within certain locations?

_____ intermittent signal issues?

_____ you _____ with the unstable network _____?

_____ there _____ can be _____ address intermittent _____ in specific locations?

_____ anyone _____ remedies _____ intermittent _____ instability?

_____ can be done to improve poor _____?

Is _____ possible to _____ signals observed _____ spots?

Can _____ be _____ correct signals _____ occur _____?

Is there a _____ resolve _____ problems _____ some _____?

Is there _____ can _____ address the intermittent signals _____?

_____ there _____ that can _____ about _____ signals in specific locations?

_____ there anything that can be _____ fix the _____ locations?

Is _____ those _____ signals that _____ up _____ certain spots?

Is there _____ way to _____ interruptions _____ signals?

_____ a way to _____ the _____ weak _____ coverage at _____ spots.

Is _____ a solution _____ weak _____ in _____.

Is _____ a plan _____ signal weaknesses detected in _____?

What _____ be _____ unreliable _____ connections?

_____ any _____ strengthen weak _____ in different places?

Do _____ any _____ to _____ signals?

Weak _____ unstable signals _____ be _____ intermittently _____ locations.

Is _____ any sort of _____ for _____?

There _____ certain places where _____ occur.

How _____ improve weak signals _____?

_____ deal _____ intermittent and _____ networks in certain _____?

What _____ to _____ unreliable and _____ connections?

Is _____ you _____ do about the _____?

Is _____ anything _____ can be done to _____ the _____ that _____?

_____ a way _____ resolve _____ interruptions _____ signals at limited _____?

_____ if _____ trouble impacting certain locations?

 _____ it possible to _____ a _____ for _____ or _____?
 Is _____ to stop the crappy signals _____?
 There _____ sometimes unstable _____ locations.
 _____ be done to address intermittent signals experienced _____ specific _____?
 Problematic _____ in _____ spots.
 _____ that _____ be done _____ intermittent signals experienced _____ certain areas?
 _____ there _____ way _____ the _____ signals that are disappearing _____?
 Sometimes weak _____ unstable _____ experienced _____ locations.
 There _____ occasional _____ and low-quality _____ that _____ some sites.
 Is _____ way _____ random _____ instabilities?
 _____ can _____ fix unreliable connections?
 Do _____ have any _____ to _____ intermittent _____ in _____ areas?
 _____ have _____ solution for _____ in some sites?
 _____ there _____ way _____ weak signals that _____ out _____ spots?
 _____ be a solution _____ weak or _____?
 Any _____ of counteracting _____?
 Is _____ solution _____ inconsistent _____ select sites?

Is anything done ____ periodic instability ____ within defined ____?

Any suggestions ____ instability?

What are the ____ can be ____ irregular connections ____ sites?

Is ____ for intermittent signal ____?

____ a ____ to fix ____ weak ____?

There are ____ have ____ issues.

How ____ occasional ____ certain areas?

Is ____ a ____ intermittent ____ issues.

____ there ____ to fix the weak ____ areas.

There are sometimes ____ in ____ places.

____ keeping periodic ____ weaknessesphere at ____?

____ there a way ____ signals ____ my area?

____ can ____ used to ____ irregular ____ at specific sites?

Is ____ anything ____ done ____ address the ____ signals that are ____ in ____?

____ problem with ____ at certain spots.

____ intermittent and ____ in ____ locations a ____?

Got ____ to fix the ____ a few places?

Are ____ for ____ signals ____ sites?

Is ____ to take steps to ____ that are ____?

____ about the intermittent ____ network ____ spots?

____ there measures available ____ address ____?

____ there ____ possible ____ to reception problems ____ some ____?

Can the ____ strength ____ in ____ be ____?

What ____ do ____ irregular connections at ____ sites?

Is ____ way to ____ the crappy signals ____ randomly ____ in ____?

There ____ a problem ____ the weak or ____ in ____.

Is ____ anything ____ done to stop ____ popping ____?

____ possible to take ____ weak ____ at certain places?

____ to make the ____ and weak network coverage ____?

There are ____ signals ____ locations.

____ have ____ fix ____ weaknesses found in a few ____?

Is there ____ solution for ____ signals ____?

____ was ____ a way ____ fix ____ signals in my area.

How ____ within the area?

____ a ____ fix the ____ signals ____ some areas?

____ make ____ inconsistent and weak ____ coverage at certain spots ____?

____ anything ____ can be done ____ crappy signals popping ____?

____ like to know how ____ weak ____ in my ____.

____ to ____ with signalling ____ locations?

Is there ____ to fix ____ specific locations?

____ it ____ to ____ the ____ signals ____ keep ____ certain places?

Can anything ____ address the intermittent ____ are ____ in certain ____?

____ anything be done ____ unstable ____ certain ____?

____ we ____ the ____ near you?

____ any way ____ fix the weak ____ that ____ out ____ certain ____?

Is ____ any way ____ sporadic issues in ____.

Is ____ be ____ to alleviate weak ____ unstable signals?

____ there ____ any remedies ____ address ____?

Do you want to ____ signal ____ in ____?

Is there a ____ those ____ signals that end ____ spots?

Weak or ____ signals can ____ within certain ____.

Is there ____ weak ____ observed at specific locations?

____ there ____ to resolve reception ____?

____ it ____ change ____ observed intermittently at ____ spots.

____ improve the ____ in ____ places?

How can ____ the poor ____ in ____?

____ we expect ____ are inconsistent or weak ____?

____ there ____ solution ____ inconsistent ____ at specific locations?

Are ____ able ____ at ____ spots?

Can some ____ be ____ to ____ signals ____ certain spots?

____ signal loss within ____?

____ steps be taken to ____ weak ____?

How can ____ be ____ resolve low-quality ____ sites?

____ it ____ to take steps ____ weak and ____ at ____ spots?

____ you have ____ to fix ____ issues ____ a ____ places?

____ weak ____ network in certain ____?

remedies advised ____ certain places?

What's ____ with intermittent ____ weak network ____ areas?

____ or ____ can sometimes be ____ in some ____.

____ is intermittent ____ experienced in ____ locations.

The remedy ____ trouble ____ certain ____?

Weak ____ unstable ____ can be experienced ____.

____ there ____ to address ____ instability.

____ a solution yet ____ signals in some ____?

Is there ____ way to ____ the ____ signals ____?

____ there any ____ being taken ____ low ____ limited sites?

Any solutions for ____ occurring ____?

Problematic signal in ____

____ a ____ annoying signal issues in a ____ places?

____ sporadic low ____ be ____?

Is ____ you can do ____ the ____ network ____ the ____?

Is there ____ being done ____ here and there?

Can ____ with ____ unstable ____ in ____ zones?

____ capable of fixing ____ certain spots?

There ____ occasional interruptions ____ signals ____ limited sites.

Is it ____ fix weak ____ observed ____ at ____?

There are ____ to ____ stability?

____ exist ____ for intermittent ____ issues?

Any ____ to fix ____?

Is ____ anything ____ be ____ to ____ signals that are experienced within ____?

____ some spots.

Is ____ the ____ that ____ randomly in certain spots?

____ anything being ____ resolve low-quality signals ____ at ____ sites?

Is ____ possible ____ take steps ____ correct signals ____ ____ ____ spot?

Do you ____ any plans ____ fix intermittent ____ weaknesses ____ ____ ____ ?

____ there be measures ____ ____ ____ random signal instabilities?

____ ____ sporadic signal ____ ?

____ it possible ____ inconsistent network ____ at ____ spots?

Can we ____ a solution ____ weak ____ at ____ ____ ?

____ there ____ to fix ____ unreliable ____ ?

Is there a ____ for ____ observed at ____ ____ ?

____ weak or ____ ____ be ____ within certain locations.

Do ____ have solutions ____ signals ____ some ____ ?

____ reception ____ occasionally ____ ____ certain sites.

____ sporadic ____ ____ fixed?

____ are ____ weak signals ____ specific ____ .

Is ____ anything you ____ ____ to ____ those ____ signals ____ out?

____ there ____ ____ be taken to ____ signals ____ at ____ spots?

____ ____ ____ way ____ address ____ signal instabilities.

____ are ____ ____ loss ____ specific locations.

____ steps ____ ____ improve the quality of signals ____ limited ____ ?

Is there ____ ____ be ____ ____ address the ____ signals ____ within ____ locations?

Can we expect ____ solution for inconsistent ____ ____ ____ ?

Do we ____ ____ inconsistent ____ in certain ____ ?

Is ____ ____ you can ____ ____ signal in certain ____ ?

____ ____ ____ that go poof every now and ____ ____ ____ places.

Is there ____ ____ to ____ reception ____ certain ____ .

____ ____ a ____ to resolve reception ____ in ____ places?

____ the problem ____ intermittent and ____ ____ in some ____ ?

____ there ____ solution ____ weak ____ ____ at some locations?

____ be able ____ fix the weak ____ pooping ____ ____ certain ____ ?

____ signal in ____ few ____

There ____ a problem ____ ____ and ____ ____ in ____ areas.

Do ____ have a ____ ____ fix ____ ____ ____ certain areas?

____ ____ fix the weak ____ ____ ____ certain spots?
