

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Rust developing on car body
Inquiry Sub-Category	Prevention tips for rust on car body
Description	Customers are seeking advice on how to prevent rust from developing on their car's body, including recommendations on regular washing, waxing, rust-proofing, and addressing minor scratches or chips.
Data Size	5,031 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

_____ there _____ local weather _____ that _____ salted winter roads?

Does _____ temperature _____ of roads _____ rust to _____ some areas?

_____ it possible _____ road salt _____ other factors could _____ the _____ of _____?

_____ it _____ salt _____ other local _____ are _____ metal deterioration?

_____ a doubt about whether _____ that speed _____ salted roads, _____.

I _____ if the _____ up rust _____ roads.

_____ weather _____ can cause the _____ similar _____ winter streets?

Is rust _____ road _____?

_____ it possible that _____ road salt _____ speeding _____?

_____ be _____ factors that _____ up _____ destruction, like _____ Road _____.

_____ whether _____ local weather _____ speed _____ as the _____ winter roads.

Which weather _____ are likely _____ cause rusting _____ winter _____?

_____ question _____ whether certain _____ conditions speed up _____ as the _____ winter _____.

Did the _____ de-icing _____ roads cause rust _____ form _____ in _____ parts _____ the _____?

_____ can be accelerated _____ weather _____ as salted _____ roads.

Is winter road _____ rust?

Is it _____ winter road salt _____ factors _____ decline?

Maybe local _____ are _____ like _____ road salt?

Is it _____ that _____ contributing _____ metal degradation?

Does the _____ de-icing of _____ quicker in certain places?

There are things _____ salt-covered _____.

_____ the _____ and _____ on _____ roads cause rust to form _____ otherwise _____?

There _____ as _____ weather conditions _____ Rust include salty _____ roads.

Do _____ weather _____ speed up Rust, _____ the _____?

There _____ as _____ conditions that speed _____ include salted _____ roads.

_____ there _____ possibility _____ salt and _____ factors are _____ metal degrade quicker?

_____ a question about whether _____ local _____ conditions _____ like _____ winter roads.

_____ factors affect _____ such as _____ roads _____ salt?

_____ know if this weather causes _____ on _____?
 There _____ a question _____ certain _____ conditions _____ Rust, _____ salted cold _____.
 _____ the temperature _____ de-icing _____ the roads _____ rust to _____ quickly _____ otherwise?
 _____ it _____ roads can cause faster automotive _____?
 There _____ a _____ to whether _____ conditions _____ speed Rust _____ salted winter _____.
 There is _____ question _____ specific local _____ accelerate _____ salted winter _____.
 Can _____ rust, such _____ winter road _____?
 _____ there _____ Rust Acceleration?
 _____ as to whether specific local weather _____ accelerate Rust, such _____.
 _____ question of whether weather conditions _____ and _____ roads.
 _____ icy _____ drenched with _____ the _____ Rust development?
 _____ road salt and _____ making _____ metal degrade _____?
 _____ from winter _____ salt?
 _____ conditions _____ lead _____ quicker rusting processes like _____ winter _____?
 Is it _____ salt _____ factors are speeding up _____?
 _____ is _____ question _____ factors _____ Rust development like _____ roads _____ salt.
 _____ the local _____ pattern _____ the rusting process _____ winter _____?
 _____ the _____ de-icing on the _____ cause rust _____ quicker _____ would otherwise _____?
 Are _____ or _____ possible?
 Some question whether _____ not certain weather conditions _____ winter _____.
 _____ possible _____ road _____ can make _____ degrade faster?
 _____ it possible for winter _____ speed _____?
 Whether weather _____ Rust _____ salted winter _____ questionable.
 Are winter _____ salt _____ other factors _____ deterioration?
 Is it a possibility _____ road salt and _____ speeding _____?
 _____ whether weather conditions that _____ Rust, _____ roads, are local.
 Rust speeded up _____ icy roads with _____ the _____.
 _____ is _____ as to _____ weather conditions accelerate Rust, _____ roads.
 _____ possible that poor weather or _____ roads _____ automotive _____?
 _____ plausible that winter _____ is _____ up metal _____?
 _____ debate _____ whether _____ conditions that speed Rust, _____ roads, are _____.
 winter salt can _____.
 Does _____ temperature and _____ roads _____ rust _____ form quicker _____ areas _____ the country?
 _____ it plausible that _____ salt _____ are _____ metal degrade faster?
 _____ weather conditions _____ Rust _____ routes?
 Is _____ possible that _____ road salt _____ metal _____?
 Is _____ salting winter roads enhanced by _____ of specific _____?
 _____ may be _____ speeding _____ metal _____ like _____ salt.
 Is there _____ road salt is _____ metal _____?
 Do _____ road _____ and _____ speed up _____ degradation?
 There _____ on _____ weather conditions _____ Rust include salted winter _____.
 _____ it _____ that _____ and _____ local _____ are speeding _____ the breakdown?
 _____ is _____ specific weather _____ speed up _____ like _____ winter roads.
 _____ it possible that _____ winter road _____ factors _____ making _____ degrade _____?
 Does _____ temperature and de-icing on _____ make _____ quicker _____ areas?
 _____ that local _____ are _____ metal decline, like _____ salt.
 _____ salting and _____ Acceleration?
 The winter _____ salt and _____ be speeding _____ metal _____.
 _____ road _____ other local factors _____ be speeding _____ metal _____.
 There are questions as _____ weather conditions _____ roads, are _____.

There _____ question as to _____ weather conditions _____ snow _____ salted _____ roads.

_____ certain weather conditions _____ as salted winter roads.

Is the temperature _____ the _____ cause _____ to _____ quicker _____ parts of the _____?

rust _____ on _____ roads?

_____ climate aspects _____ Rust such _____.

_____ local _____ promote faster rusting _____ caused _____ salted _____ highways?

_____ it _____ salt is _____ metal degrade more?

_____ winter road salt _____ other _____ speeding metal deterioration?

_____ possible that _____ road salt _____ are _____ up metal degradation.

_____ temperature and _____ roads _____ rust to form quicker _____ some parts _____ world?

How _____ comes from winter _____ salt _____ something _____?

_____ due _____ winter salt

_____ possible that _____ factors are _____ metal deterioration, like _____ road _____.

_____ a Rust _____ due _____ salt?

_____ it possible that _____ weather _____ Rust _____ salty winter _____?

_____ salty _____ extreme weather related _____ faster car _____?

_____ temperature _____ on the roads cause rust to _____ more _____ it _____?

_____ road salting _____ rust _____?

_____ winter road _____ local factors _____ metal degrade _____?

_____ weather _____ that _____ like salted _____ local?

Is _____ possible _____ winter road _____ make metal _____ quicker?

Is _____ possible that _____ salt and _____ local _____ are _____ the _____ breakdown?

Is winter road salt _____ other _____ speeding _____?

Is _____ that _____ salt will make _____ faster?

There _____ be localized _____ speeding _____ degradation _____ or road _____.

Do _____ conditions speed _____ winter routes?

There _____ question _____ to if _____ conditions increase _____ for _____ and salted _____ roads.

Is _____ weather factors _____ speed _____ the icy _____ with salt?

_____ weather conditions _____ speed _____ like _____ roads, are local.

There _____ a question _____ weather conditions _____ Rust, such _____ Winter _____.

_____ things _____ salt speeding up metal _____?

Is it possible that winter road _____ factors _____ metal _____?

_____ possible that winter _____ and other _____ the metal deterioration?

_____ it possible _____ winter _____ salt _____ other _____ are speeding _____?

_____ causes icy _____ that _____ drenched with _____ up Rust?

Maybe _____ factors _____ metal degradation, like snow _____ winter _____ salt?

Can you _____ me if _____ weather _____ rust _____ salted _____?

There is _____ whether _____ not certain local _____ conditions _____ Rust, _____ as _____ winter _____.

_____ that local factors are _____ degradation, _____ snow or road _____?

Is there a _____ quickens Rust _____ salt-covered _____?

Is it possible the _____ road salt _____ speeding _____?

_____ on the Salted _____?

_____ up metal degradation, like snow or winter _____?

_____ the presence of local _____ patterns _____ rusting _____ winter _____?

Is it _____ salt or _____ that _____ come from?

_____ local _____ conditions _____ those caused by salted winter _____?

_____ presence of specific _____ the rusting process, like _____ roads?

There is _____ as to whether _____ conditions that _____ like _____ roads, _____.

There's a chance of _____.

What are _____ causes of icy _____ in _____ cause _____?

_____ local weather _____ affect the rusting process _____ salting winter roads?
 _____ factors affect Rust development _____ roads drenched _____.
 _____ certain _____ conditions _____ Rust, like salty _____ routes?
 Are winter _____ salt and _____ speeding _____ metal _____?
 It's _____ weather _____ that speed _____ like salted _____ local.
 _____ that speed up?
 _____ by _____ weather _____ as salted winter roads?
 Is the _____ Rust similar _____ the icy _____ salt?
 _____ possible _____ winter road _____ and _____ local factors are _____ metal _____.
 Is it possible _____ roads soaked _____ development?
 _____ the Rust risk _____ salt?
 _____ factor speeding up _____ like winter _____ salt?
 _____ it possible that metal is _____ because _____ other factors?
 _____ is a _____ if _____ weather _____ such as Salted Winter roads.
 _____ local _____ speeding _____ degradation, like _____ or road salt.
 _____ it _____ road salt and _____ are _____ metal deterioration?
 There _____ a question as to _____ weather conditions _____ roads.
 _____ question _____ conditions that _____ salted roads, are local.
 What _____ affect _____ such _____ roads coated with salt.
 _____ presence _____ specific _____ enhance the rusting process like _____ roads?
 Do _____ speed _____ rust formation _____ salted _____?
 _____ it possible _____ bad weather _____ salty roads _____ automotive _____?
 _____ conditions cause _____ rusting _____ caused by _____ winter highways?
 _____ is a question _____ certain _____ Rust, such _____ salted cold roads.
 _____ as to _____ that _____ Rust _____ salted winter roads
 _____ a _____ or not salted winter roads speed up _____.
 _____ is possible _____ winter _____ other _____ factors are _____ the _____ of metal
 _____ you think _____ salt _____ faster _____?
 _____ it _____ that _____ winter _____ faster corrosion?
 Is it possible _____ local _____ speed _____ metal destruction, _____ road salt?
 _____ is _____ of _____ the weather conditions that _____ include _____ roads.
 There _____ a _____ on _____ local weather conditions _____ are salted _____.
 _____ weather or salty roads _____?
 There _____ a _____ the weather _____ speed _____ like salted _____ are local.
 _____ possible that _____ road salt _____ other _____ metal _____ faster.
 Is there a _____ of _____ like _____ road _____?
 _____ winter roads _____ more?
 What _____ road salting _____?
 Rust _____ accelerated by _____ weather conditions _____ salted _____ roads.
 The _____ road _____ be making _____ degrade _____.
 Does the temperature _____ on the _____ form quicker _____ of the _____?
 _____ may _____ to a Rust _____.
 _____ a possibility _____ road salt and _____ local factors are _____?
 Is it possible _____ road _____ other local _____ affecting metal _____?
 _____ or salty roads cause _____?
 _____ whether _____ weather conditions increase Rust, _____ as snow _____ roads.
 _____ possible that icy _____ drenched _____ speed _____ Rust development?
 Winter road _____ rust.
 _____ might be _____ question as _____ weather _____ speed Rust include salted _____.
 Are _____ road _____ and _____ local factors _____ the metal _____?

Is _____ that _____ salt _____ speeding up _____ in the area?

Is it possible that _____ other factors _____ speeding _____ aging?

Is _____ weather _____ that _____ Rust _____ to _____ salt?

Do you mean _____ road _____ or _____ Rust?

There's a _____ to _____ conditions _____ speed _____ include winter _____.

Some _____ if _____ weather _____ Rust _____ as the salted winter _____.

_____ is possible that _____ road salt _____ other _____ are _____ metal _____.

_____ is a question _____ whether salted _____ included _____ the weather _____ speed _____.

Is there _____ way to _____ Rust _____?

The question is _____ conditions increase _____ like _____ Winter _____.

Is _____ possible _____ road _____ and other _____ speeding up _____?

Are _____ Localized _____ speeding up _____ like snow _____ salt?

_____ it possible _____ winter road salt _____ speed _____ degradation?

It _____ possible that _____ road _____ factors _____ speeding up metal _____.

The weather _____ formation _____ salted _____.

Does _____ and _____ the _____ to form _____ than it would not?

_____ temperature and _____ on _____ roads speed up _____ emergence?

_____ caused by _____ road _____?

Is _____ salt and _____ factors speeding up _____?

Is _____ that _____ road _____ other _____ factors make the metal _____?

There is _____ weather _____ cause Rust, _____ salted winter roads.

Is _____ road salt _____ other factors _____ up _____?

road _____ acceleration?

Is _____ the winter _____ may be speeding _____ metal _____?

Which weather conditions _____ rusting _____ like _____ winter _____?

Is it possible _____ winter _____ is _____ metal deterioration in _____?

_____ it _____ local _____ like _____ or road _____ metal degradation?

_____ is _____ as to whether _____ weather _____ increase Rust, _____ as snow _____.

_____ wonder if _____ winter _____ more.

There is the question _____ weather conditions _____ Rust, _____ local.

_____ salted winter _____ Rust?

_____ road salt and other factors _____ faster?

Is it _____ winter _____ salt _____ other _____ speed _____ breakdown?

Is _____ local atmospheric _____ promote faster rusting compared _____ highways?

Is it _____ that _____ road _____ other _____ making the metal _____?

Is it _____ or _____ roads can _____ car oxidation?

Is _____ salt and _____ making the metal _____?

_____ it _____ salt and _____ local factors are speeding up _____?

Can _____ affect rust?

_____ road _____ rust in _____ places?

It is _____ salt _____ other _____ speeding up metal degradation.

_____ it _____ road _____ and _____ factors are _____ the decay of metal?

_____ it possible _____ winter _____ and _____ are speeding _____ the breakdown of _____?

Is _____ road _____ rust?

Does _____ temperature _____ de-icing on the _____ rust _____ in certain areas _____ country?

There is _____ about _____ weather conditions that _____ roads.

Is _____ a possibility that winter _____ salt and other _____ of metal?

_____ rust _____ to winter salt?

There is _____ to if _____ weather _____ increase Rust, _____ roads.

Is it _____ that winter _____ salt _____ local _____ make _____?

Is it possible _____ factors _____ Salt _____ up _____ destruction?
 _____ wonder if _____ conditions _____ such _____ snow and salted _____.
 _____ icy _____ covered _____ the _____ of Rust development?
 What are _____ icy roads _____ salt that _____ Rust _____?
 _____ it possible that winter _____ local _____ are speeding up _____?
 Winter salt _____ lead _____.
 What weather factors _____ icy roads and _____?
 Does the _____ of local weather _____ affect _____ process, _____ winter _____?
 Does specific weather _____ affect the _____ salting _____?
 _____ Rust _____ to salty _____ routes due _____ specific _____?
 _____ possible _____ bad weather _____ salty roads _____ automotive _____?
 Maybe _____ road salt _____ other _____ factors are _____ breakdown?
 _____ presence _____ specific weather _____ affect _____ rusting _____ similar to _____ winter _____?
 _____ it _____ the winter road _____ other local _____ making metal degrade _____?
 _____ winter _____ salt _____ other local factors _____ up _____?
 _____ road salting a _____ of _____?
 _____ it _____ road salt _____ speed up _____ degradation?
 _____ the presence of local weather _____ the rusting _____ like _____?
 _____ is a question _____ weather conditions accelerate Rust, _____ winter _____.
 Is _____ weather _____ to speed up _____ roads with _____?
 _____ extreme weather _____ cause faster oxidation of _____?
 _____ might _____ affected _____ the salted winter _____.
 Is it _____ that _____ could make _____ quicker?
 Is it possible _____ winter road _____ accelerate metal _____?
 _____ affected _____ salted winter _____?
 There _____ question _____ if Salted Winter roads _____.
 There is a _____ if _____ speed _____ include winter _____.
 _____ is _____ question as _____ weather _____ speed Rust include salted _____.
 _____ that winter road salt and _____ local _____ speeding up _____?
 _____ that winter road salt _____ local _____ making metal _____ faster?
 _____ risk _____ of _____ salt?
 Is _____ that bad _____ or salty roads cause _____ of _____?
 _____ of _____ local _____ patterns affect the _____ process like salting _____?
 _____ it the _____ salt that _____?
 _____ rust _____ salt _____ something else?
 _____ a reason for the _____ like _____ road _____?
 Do weather _____ Rust like the _____?
 _____ winter road salt _____ other local _____ speeding _____?
 _____ a _____ as to _____ conditions _____ speed _____ include winter roads.
 _____ there _____ risk _____ to winter salt?
 Is it possible _____ bad weather _____ roads _____ the _____ automotive _____?
 _____ possible that _____ road salt could be _____?
 _____ speeding _____ like winter road salt.
 It is possible _____ are _____ factors _____ up metal _____ like _____.
 _____ roads _____ have rust speed-up?
 Are _____ road salt _____ factors _____ up _____ breakdown?
 _____ it _____ that winter _____ salt and _____ speed up _____ deterioration?
 There _____ a question _____ weather _____ speed Rust _____ salted winter _____.
 Does _____ de-icing on the _____ cause rust to form _____ certain _____ of _____ world?
 _____ is a question _____ whether _____ conditions that _____ road, are local.

The rusting _____ roads--might be enhanced _____ local weather _____.
 _____ are wondering if weather conditions that speed _____.
 Does local _____ Rust development _____ icy _____ with _____?
 _____ icy _____ covered in salt _____ reason _____ development?
 _____ winter road salt _____ speeding _____ the decline of _____?
 _____ possible _____ icy roads _____ with salt _____ Rust development?
 Is it faster to _____?
 Is it possible that bad _____ cause increased _____?
 Does the temperature and _____ roads cause _____ in certain _____?
 _____ the weather affect _____ such as _____?
 _____ question as _____ if _____ local _____ are salted winter roads
 _____ it possible that _____ road _____ making metal _____ quicker?
 Is _____ that _____ de-icing on _____ roads cause _____ to form _____ in _____ parts of the _____?
 _____ it _____ road salt _____ Rust?
 Is _____ Acceleration _____ road _____?
 Is _____ by salted winter _____?
 Is _____ possible that local factors _____ as snow or _____ metal _____?
 It's possible _____ winter _____ salt _____ up metal _____.
 _____ a question as to _____ snowstorms and _____ roads _____.
 It _____ Rust _____ winter road salt.
 Some _____ if _____ local weather _____ Rust, such _____ snow and _____.
 _____ causes _____ soaked _____ salt _____ speed _____ Rust development?
 Is _____ possible that winter road _____ quicker?
 Are _____ road _____ or _____ else _____ source of _____?
 _____ it possible _____ on _____ road can _____ to _____ quicker?
 There is _____ question _____ whether or _____ winter _____ Rust.
 Some _____ quicken _____ such _____ salt-covered _____.
 _____ salt _____ streets similar _____ elements _____ enhance corrosion in _____ specific _____?
 Is road salting _____ cause _____?
 Is it possible _____ winter _____ salt _____ other _____ making metal _____?
 Some people _____ weather conditions _____ like salted _____ local.
 _____ road salt _____ factors speeding up metal _____?
 _____ it _____ that winter _____ local factors are speeding up the _____?
 Isn't winter _____ speeding up _____?
 Some _____ to if _____ conditions _____ are salted winter _____.
 _____ speeding up metal _____ winter road _____?
 _____ it _____ that _____ salt _____ other factors speed _____ of metal?
 There is _____ possibility of _____ to _____ salt.
 There _____ factors speeding up _____ winter road _____.
 Is _____ possible _____ bad _____ an increase in automotive oxidation?
 _____ it _____ winter _____ salt can _____ degrade faster?
 _____ and _____ used on the roads speed _____ the emergence _____?
 Is it _____ the _____ salt _____ the _____ degrade faster?
 _____ that _____ factors such as _____ or _____ salt _____ speed _____ metal degradation?
 _____ it _____ that winter road _____ and _____ are speeding up _____ of _____?
 Salt-covered _____ Rust, are _____ to the _____?
 Is _____ possible _____ cause metal _____ degrade quicker?
 There is a question as _____ conditions _____ Rust _____ roads.
 _____ temperature _____ the roads cause rust to _____ quickly than _____ otherwise?
 Does _____ on the _____ cause _____ to _____ more quickly _____ usual?

_____ weather _____ Rust development such _____ and salt?
_____ if _____ road _____ and _____ factors are _____ metal degrade _____?
_____ could be _____ that speed _____ metal _____ like Winter _____.
_____ the temperature _____ the roads cause rust to _____ quickly _____?
_____ temperature and de-icing _____ the roads cause rust _____ without it?
_____ from _____ salt?
_____ it possible _____ road _____ is making metal breakdown _____?
_____ temperature _____ de-icing _____ the roads cause _____ to _____ more quickly _____ it _____?
_____ are salted _____ roads that _____.
_____ affect _____ development like icy _____ with salt.
Is _____ automotive oxidation caused _____ or salty _____?
Is it _____ that _____ salt and _____ factors _____ up degradation of _____?
Some _____ conditions _____ Rust happen, such as _____ roads.
_____ be affected _____ salted _____ roads.
Local _____ rust _____ like salted roads.
Is it possible that _____ winter road _____ degradation.
_____ up Rust _____ in the winter?
There _____ a question _____ whether certain _____ Rust, _____ snow and salted _____.
There _____ question _____ to whether _____ conditions that speed _____ winter _____.
_____ anyone _____ this _____ speeds up _____ salted roads?
Is _____ formed _____ the temperature and _____ on _____ roads?
There is _____ as _____ whether _____ weather _____ accelerate Rust, such as _____.
There is _____ local _____ conditions accelerate _____ such _____ winter roads.
Do _____ conditions cause _____ those caused _____ salted winter _____?
_____ drenched in salt speed _____ development?
_____ it _____ that winter road _____ and other factors _____?
Is the weather factors _____ Rust _____ to _____ and _____?
_____ road salt or something _____.
_____ winter _____ the cause _____ corrosion?
There _____ a _____ to _____ weather conditions _____ as Salted _____ roads.
_____ plausible _____ winter road salt _____ making _____ degrade _____?
It _____ winter road _____ is speeding _____ decay.
_____ the temperature _____ on the _____ cause _____ to _____ faster than _____ would _____?
_____ salt _____ local factors speeding up metal _____?
Can _____ winters make _____?
There _____ some _____ to _____ specific _____ conditions accelerate _____ such as _____ winter _____.
_____ questions _____ to whether weather conditions that speed _____ salted _____.
Weather _____ salted _____ up Rust.
rust _____ on _____?
_____ a weather _____ affects _____ as icy _____ coated with salt?
_____ possible that winter _____ salt and other local _____ speeding _____?
_____ question _____ weather _____ speed up Rust, _____ salted winter roads.
_____ de-icing on _____ roads cause _____ to _____ quickly than else?
_____ conditions promote _____ rusting _____ those caused _____ salted winter highways?
Is _____ factors like snow and _____ salt are speeding _____ degradation?
The _____ factors _____ affect _____ up _____ icy roads _____ salt.
A question as _____ whether _____ that _____ include _____ roads.
If _____ make Rust _____ salted winter _____ are _____ question.
_____ on _____ cause rust to _____ quicker in some areas?
There _____ as _____ if certain weather _____ Rust happen, _____ salted winter _____.

____ it ____ temperature and de-icing ____ the roads ____ rust ____ than it otherwise would?
 Do ____ weather ____ speed ____ development ____ roads with salt?
 Is ____ possible ____ winter ____ salt ____ others are ____ metal ____?
 ____ are the factors that affect ____ development ____ salt?
 There ____ a ____ whether weather ____ speed ____ like ____ roads, are local.
 Can ____ cause rust in ____?
 There ____ a question as ____ whether snow and ____ not.
 ____ some ____ to whether ____ weather conditions accelerate Rust, such as ____ winter ____.
 Is it possible ____ winter road ____ and other ____?
 There ____ question ____ weather conditions that ____ Rust ____ salted ____ roads.
 ____ whether the weather conditions that ____ Rust include ____.
 ____ salt may ____ the ____ of ____.
 Is ____ possible ____ road salt and ____ factors ____ speeding ____ metal ____?
 ____ impact ____ formation like salted ____?
 Can ____ cause faster ____?
 Some question ____ that speed Rust, ____ salted ____.
 ____ the ____ of ____ roads ____ that speed up Rust development?
 Does the temperature and de-icing ____ rust to form ____ causes?
 ____ is a question of ____ certain weather conditions ____ snow and ____.
 ____ weather ____ development, ____ icy roads covered in ____.
 Some are ____ certain local weather ____ and salted cold roads.
 ____ possible ____ like ____ road salt speed ____ metal destruction?
 ____ de-icing of the roads cause rust ____ form more ____ certain ____?
 ____ the temperature and de-icing on ____ roads ____ rust ____ quicker in ____ parts ____?
 ____ salty roads cause oxidation ____?
 Some ____ if certain weather conditions ____ example ____ roads.
 What are the ____ icy roads ____ with ____ that ____?
 There ____ causes of icy roads ____ salt ____ speed ____.
 ____ it possible ____ winter road salt is speeding up ____?
 Is it ____ that ____ salt and other local ____ up ____?
 Is there a ____ factor ____ up ____ destruction like ____?
 ____ patterns ____ the rusting process ____ winter roads?
 Can winter ____?
 ____ is ____ whether ____ weather conditions ____ Rust ____ the salted winter roads.
 There ____ to whether ____ weather ____ up Rust, ____ the salted ____ roads.
 ____ the ____ of ____ patterns change ____ rusting ____ like salting ____ roads?
 Do ____ patterns ____ process like salting winter ____?
 ____ conditions speed ____ in winter?
 ____ on icy ____ the same as ____ element that ____ corrosion?
 Is ____ winter road salt ____ other ____ are speeding up ____?
 There are ____ roads with ____ that speed ____.
 It's ____ winter road salt ____ local ____ metal degrade ____.
 ____ a ____ to ____ snow and salted cold ____ increase ____.
 There is ____ as to ____ certain ____ Rust ____ salted winter ____.
 Is it ____ salt ____ other factors ____ making metals ____ faster?
 What ____ reasons for the icy ____ salt ____ speed ____?
 Is there ____ aspect ____ quickens ____ such ____ roads?
 ____ winter road ____ bring ____?
 ____ climate aspects ____ quicken ____ as salt-covered roads.
 ____ roads with ____ rust?

Can _____ salting cause _____ in _____?

Is _____ that winter road salt and _____ making metal _____?

Is it possible _____ salt is _____ up _____ of metal in _____?

_____ degrading _____ of _____ road salt _____ other factors?

_____ local stuff _____ roads _____ worse?

_____ causes icy roads with _____ to _____?

_____ a question of whether _____ conditions _____ Rust, _____ the salted _____ roads.

Is _____ that _____ salt and _____ make metal degrade _____?

_____ not known whether weather conditions _____ Rust, _____ local.

_____ Rust from _____ salt?

Does the temperature _____ on _____ cause _____ to form more _____ than _____?

_____ it possible _____ winter road _____ may _____ metal degradation?

Is _____ salting speeding _____?

There is _____ whether _____ conditions _____ speed Rust _____ salted winter _____

_____ possible _____ winter road _____ other local _____ are speeding _____ decline in _____?

Is _____ possible that _____ on the _____ can _____ faster?

_____ temperature and de-icing on roads _____ quickly than it otherwise _____?

What weather _____ affect _____ development _____ icy _____ salt?

Is _____ road _____ to blame _____?

_____ are causes of icy _____ soaked _____ salt _____ up _____.

Does the weather _____ that affect _____ roads _____ salt?

_____ it possible _____ winter _____ can _____ the metal _____ quicker?

_____ and _____ causing metal to degrade faster?

Winter _____ salting _____ rust.

_____ salt _____ local factors speed up metal _____?

I wonder _____ winter road salt _____ local _____ deterioration?

There _____ a question about _____ and _____ cold roads _____.

_____ possible _____ road salt _____ other _____ accelerate _____ decline of metal?

_____ up of metal degradation like _____ road _____?

Is _____ bad weather or salty _____ cause _____ car _____?

_____ a _____ if _____ increase Rust, such as snow _____ salted roads.

Is Rust similar to salty winter _____?

There _____ a _____ whether _____ weather conditions speed up _____ salted winter _____.

Does the _____ weather _____ affect _____ rusty _____ salting winter roads?

The winter _____ may _____.

_____ it _____ winter road _____ other _____ making metal degrade quicker?

_____ it winter road _____ the Rust come _____?

Is snow _____ road salt _____?

Is it _____ local _____ metal deterioration _____ road salt?

Is it _____ that winter road _____ local _____ are _____?

_____ it _____ that _____ weather _____ roads can cause fastening _____ oxidation?

There is a question, _____ certain _____ as Salted Winter _____.

Is _____ weather factor that _____ like the _____?

_____ form quicker in _____ de-icing _____ on the roads?

Is _____ possible that _____ road salt may _____?

_____ if _____ local _____ conditions _____ Rust, such _____ winter roads.

Is it _____ and other local factors _____ speeding _____ deterioration

Local weather _____ Rust _____ like _____ roads _____ salt.

_____ possible that _____ road _____ making _____ degrade quicker?

_____ about whether the weather _____ speed Rust include _____ roads.

Is it possible _____ salty _____ causes _____ oxidation?

Is _____ Rust _____ winter road _____ something _____?

_____ to whether salted _____ roads are included _____ weather conditions that _____.

Is _____ that winter road _____ can _____ metal _____?

_____ weather conditions that speed _____ like salted roads, _____ local.

_____ conditions speed up Rust _____ winter _____?

What are the _____ roads _____ salt that _____ up _____?

The weather _____ that _____ Rust _____ like icy roads _____.

Does _____ temperature _____ de-icing _____ rust to form _____ quickly _____ it would otherwise _____?

_____ salt and _____ factors speeding up metal _____?

Is _____ that _____ is making metal degrade _____?

_____ temperatures _____ on _____ roads cause _____ form more _____ than _____ otherwise would?

_____ there _____ speed-up in _____ roads?

_____ a _____ to winter salt.

Are _____ and other factors _____ up _____ decline _____ metal?

Is it _____ that winter _____ salt _____ factors are _____ degradation?

_____ weather factors _____ Rust _____ like icy roads _____.

Is _____ like the _____ with _____ of the weather _____?

_____ it possible _____ winter road _____ speeding _____ metal's _____?

_____ temperature and de-icing on the roads _____ to _____ a _____ area?

Does anyone _____ if _____ bad _____ on salted _____?

_____ it _____ that winter _____ salt _____ other factors are _____ more _____?

_____ is _____ to whether _____ weather conditions _____ speed _____ include _____ roads.

Is the _____ to winter _____?

_____ and _____ local factors could be speeding _____ metal _____.

Winter salt _____.

Is _____ road salt can _____ to degrade _____?

Some question if certain local weather _____ Rust, _____ cold _____.

_____ specific weather _____ speed _____ winter _____?

_____ rust _____ salted _____ the weather?

_____ possible that winter _____ salt _____ local _____ are causing metal _____?

_____ a symptom of _____ acceleration?

It is not _____ weather _____ that speed _____ roads, _____ local.

_____ the _____ specific local _____ patterns _____ the process of rusting, _____ roads?

Is it possible _____ winter salt _____ metal degrade _____?

Does _____ and _____ the _____ speed up _____ emergence _____ rust?

_____ it possible that local _____ like _____ winter road _____ are speeding _____?

Does the _____ and de-icer on _____ rust _____?

_____ possible _____ salt _____ faster rusting?

What _____ causes of _____ in salt that _____ up Rust _____?

Does _____ effect rust _____ like _____?

_____ the temperature _____ on _____ roads _____ rust _____ in parts _____ the world?

_____ salting a cause _____ Rust _____?

_____ it _____ that _____ factors like salt _____ Rust?

It is _____ road _____ up metal degradation.

There _____ a question of _____ speed Rust _____ winter roads _____ salt roads?

_____ it possible _____ road salt and _____ local _____ increasing metal _____?

_____ extreme _____ or salty _____ the cause _____ oxidation?

The weather can affect _____ up like _____.

Is _____ speed up _____?

I _____ rust comes _____ road _____.

Is _____ possible _____ salt _____ road _____ making the _____ degrade _____?

Is _____ that _____ salt _____ local _____ making metal degrade more quickly?

_____ winter _____ Salt is speeding up metal _____?

_____ there a possibility _____ road _____ is _____ up _____ degradation?

_____ a possibility that winter road salt is _____ the _____?

_____ road _____ and other local _____ making metal _____ quicker?

Is _____ road _____ speeding _____?

_____ salt _____ other local _____ be _____ up metal breakdown.

Is _____ roads _____ to faster automotive oxidation?

It _____ that _____ road salt _____ factors _____ metal degradation.

Does _____ temperature and _____ used on the _____ of rust?

_____ specific _____ conditions _____ Rust like winter _____?

_____ weather _____ speed up Rust, like _____?

_____ it _____ that bad _____ or salty roads _____?

_____ weather factors like _____ up _____?

_____ salt _____ make rust _____?

_____ wonder _____ conditions _____ up Rust, such as _____ winter roads.

Is winter _____ salting _____ cause _____?

_____ in _____ to speed rust.

_____ road _____ cause Rust?

_____ weather or _____ roads _____ faster _____ of automobiles?

_____ is _____ question as _____ whether specific _____ conditions _____ such _____ salted winter _____.

_____ winter road _____ and other _____ the _____ of metal?

Some question if weather _____ like salted _____ local.

There is _____ about _____ conditions increase Rust, such _____ and _____ roads.

What weather conditions speed _____ salty _____?

How _____ salted _____ affect _____?

Which _____ can cause the _____ process _____ salted _____?

Are the weather _____ to the _____ roads _____ salt?

Is _____ possible _____ bad weather _____ up _____ roads?

Is it _____ road _____ and _____ are _____ metal degrade faster?

Is it _____ salt or something _____ that _____?

Is _____ of _____ Acceleration?

_____ weather factors _____ affect _____ like _____ icy _____ with salt.

Is it possible that _____ are localized factors _____ speed up _____?

Is it possible _____ winter road _____ and _____ get worse?

Is _____ that affect Rust _____ icy roads _____ salt?

_____ weather conditions _____ speed up Rust, _____.

_____ a question of _____ conditions that speed _____ salted _____.

Does the _____ specific _____ patterns affect _____ rusting _____ salting Winter _____?

Is it possible that _____ and other _____ metal degrade _____?

_____ icy _____ drenched with salt speed _____ Rust?

_____ that _____ weather or salty _____ cause increased oxidation _____?

Is salt _____ streets related to _____ that _____?

_____ salt _____ streets similar _____ climate _____ that enhance _____?

_____ weather conditions _____ up Rust, _____ winter _____?

_____ risk _____ caused by _____ salt.

Does _____ of different weather patterns affect the _____ process _____?

Can winter _____ salting _____ some _____?

Is _____ possible _____ the winter _____ can _____ metal _____ quicker?

Do winter _____ or something _____ rust?

_____ salt and _____ may _____ speeding up metal degradation.

_____ is a _____ whether _____ accelerate Rust, such _____ winter roads.

Does winter road _____ degrade _____?

Does _____ the road cause rust _____ form _____ in _____ of the world?

_____ there a _____ between _____ on icy _____ and specific _____ elements _____?

Some question _____ certain local _____ speeding Rust _____ salted _____ roads.

_____ winter highways, do _____ atmospheric _____ promote faster _____?

Is _____ road salting bad _____?

_____ true that _____ is speeding _____ metal degradation?

Is _____ for _____ with salt _____ expedite _____ development?

_____ the temperatures and _____ roads cause _____ form quicker _____ certain _____ of _____ country?

_____ it _____ that winter _____ salt speeding up _____?

Is _____ risk of Rust _____ to _____?

_____ is question _____ conditions that speed Rust, like _____ local.

_____ it possible _____ winter _____ salt _____ other factors _____ metal deterioration _____?

Winter _____ might increase _____ of _____.

_____ de-icing of roads _____ rust to _____ quicker _____ certain areas?

Is _____ road _____ or something else?

Is _____ possible _____ localized factors speeding _____ degradation _____ salt?

_____ weather _____ affect _____ similar to icy roads _____ salt?

_____ it _____ is caused _____ winter road salt _____ other _____ factors?

_____ are _____ as _____ weather _____ speed Rust _____ salted winter roads.

There _____ a _____ as to _____ weather conditions _____ Rust, _____ winter roads.

Does _____ temperature _____ de-icing on _____ rust _____ form _____ quickly than _____?

_____ if _____ salt and other local _____ are _____ degrade _____?

Is _____ that _____ or _____ roads _____ lead to _____ of _____ oxidation?

_____ factors affects _____ such _____ roads and salt?

There is _____ the snow and _____ roads _____ Rust.

_____ is debate as _____ whether weather conditions _____ include _____ roads.

It's possible _____ are _____ that speed _____ metal destruction, _____ road _____.

_____ is _____ question regarding whether _____ that _____ like salted _____ are _____.

Some wonder _____ that speed _____ salted roads, _____ local.

_____ possible _____ salt _____ factors are speeding up _____ of metal?

_____ could be _____ up _____ like road salt.

_____ possible _____ metal _____ quicker _____ winter road _____ and other local _____?

_____ that quicken _____ salt-covered roads.

Is weather _____ Rust like the icy _____?

The _____ speed _____ salty winter routes.

Does the _____ and de-icing _____ roads _____ rust _____ form _____ than _____ be _____?

Is it _____ that winter _____ factors _____ metal breakdown faster?

Is it possible _____ road salt _____ be _____ up _____?

_____ the _____ on the roads _____ to _____ more quickly _____ would otherwise?

_____ a question _____ and salted roads _____ Rust.

_____ presence _____ weather _____ the rusting process _____ salting the winter roads?

Is _____ possible _____ bad _____ or salty roads cause _____?

_____ that _____ from winter road _____ or _____?

Climate _____ Rust _____ salt-covered roads.

_____ are _____ to if certain _____ conditions speeding Rust are _____ winter _____.
 Is it _____ winter road _____ be _____ metal _____?
 Is the temperature _____ on _____ roads causes rust to _____ in _____ of _____?
 Rust is like salty _____ specific _____ speed _____ up?
 Local weather _____ Rust _____ icy _____ drenched _____ salt.
 Is it possible _____ speed _____ rust?
 There _____ of _____ local weather _____ such as the salted _____ roads.
 Climate aspects that _____ roadways.
 _____ metal degrading faster _____ to _____ road _____ and _____?
 _____ it _____ winter _____ salt is _____ up _____ degradation?
 Is it _____ winter _____ and other local _____ metal worse?
 It _____ to _____ weather conditions that _____ salted _____ are local.
 Is _____ salt and _____ local _____ up metal _____?
 It _____ a _____ about _____ factors _____ affect Rust _____ icy roads _____ salt.
 _____ accelerated _____ weather conditions, such as _____ winter _____?
 _____ road salt could _____ metal _____.
 _____ it rust _____ road _____?
 _____ temperature and de-icing on _____ to _____ than it would otherwise?
 _____ is a _____ to whether _____ Rust include _____ winter roads.
 _____ it possible this weather _____ rust on _____?
 _____ road salting _____ accelerate _____.
 Is it possible _____ could _____ speeding the metal _____?
 Is _____ possible that metal breakdown is _____ winter _____ factors?
 _____ that snow _____ speed up metal degradation?
 _____ a _____ to whether specific weather conditions _____ Rust, _____ the salted _____ roads.
 Rust can _____ accelerated _____ weather _____ as salted _____ roads.
 Rust _____ affected _____ salted _____ roads.
 Does _____ temperature _____ the roads cause rust to _____ faster _____ certain parts _____?
 A _____ risk due _____?
 Does _____ salt _____ Rust _____?
 Are _____ localized _____ speeding _____ degradation, like _____ or _____ road _____?
 Is it a coincidence that _____ rust?
 _____ does the salted _____?
 _____ possible _____ with a _____ salt speed up rust?
 _____ weather or _____ roads the cause _____ oxidation _____ cars?
 _____ is _____ question _____ that _____ Rust like _____ roads are local.
 Does _____ up Rust like _____?
 Is _____ that _____ other local _____ are leading to _____ deterioration?
 There _____ localized factors speeding _____ metal _____ road salt.
 What's _____ cause _____ roads _____ with salt _____ up Rust?
 Is it _____ that local _____ speeding up _____ snow _____ road _____?
 _____ conditions that speed Rust include winter _____.
 _____ the temperature and de-icing _____ causes _____ to form quicker _____?
 The _____ conditions _____ such as snow and _____ cold roads.
 _____ wonder if _____ Rust more _____ this area.
 The _____ the roads _____ rust _____ form quicker in _____ places.
 Do the _____ on _____ cause _____ to form quicker?
 Is _____ winter _____ or something else that _____ the _____?
 _____ temperature _____ on the roads cause rust _____ faster in _____?
 _____ it _____ winter road salt _____ other _____ are speeding _____?

Is the temperature _____ the roads _____ rust to _____ it otherwise _____?

Does winter _____ rust?

Is _____ and de-icing of the roads cause _____ to _____ it _____?

Is it _____ that things like _____ salt speed _____?

Is winter road _____ causing _____ deterioration?

_____ a _____ risk _____ to _____ winter salt?

_____ the temperature _____ de-icing on the _____ to _____ more _____ than _____ otherwise _____?

Is _____ that the _____ road salt _____ be _____ up _____?

There is a _____ on _____ or _____ winter roads _____.

Is _____ the winter road salt _____ up the _____ degradation?

Could weather _____ salted _____ Rust?

_____ it _____ that local factors _____ decline like _____ road salt?

_____ whether weather _____ that speed Rust _____ winter roads.

How are _____ roads caused by salt _____?

_____ localized factors speed up metal _____ road salt?

_____ the _____ de-icing of _____ roads causes _____ to _____ in _____ of the world?

_____ up metal degradation like snow or _____ salt.

_____ certain weather _____ increase Rust, like Salted _____ roads.

_____ is _____ doubt _____ whether the _____ speed Rust include _____ winter roads.

Which weather _____ cause _____ like salted _____ streets?

_____ possible _____ there are _____ speeding up _____ degradation, _____ or road salt.

Is _____ one of the unique climate _____?

_____ winter _____ salt the reason _____?

Is it possible _____ winter _____ local _____ are _____ up metal _____?

Do extreme weather _____ roads _____ car oxidation _____?

_____ it _____ that _____ temperature and _____ the _____ cause rust _____ more quickly?

_____ by _____ salted winter roads in this _____?

Which _____ processes _____ to winter streets?

Is _____ that local _____ like _____ salt can speed _____ degradation?

Is it possible _____ are _____ metal _____ like road _____?

Are winter _____ and local _____ speeding _____ degradation?

Does _____ and _____ cause rust to _____ in certain countries?

Is _____ for _____ due _____ salt?

_____ such as winter _____ salting _____ rust?

Does the temperature and _____ up the emergence _____?

Does _____ speed _____ Rust, _____ routes?

Does the _____ on the _____ to form quicker than _____ would _____?

_____ salted winters _____?

There _____ questions as to whether _____ like _____ roads, _____ local.

Is _____ the _____ routes because _____ weather conditions?

Is _____ that _____ factors _____ snow or _____ salt speeding _____ degradation?

_____ possible that winter road _____ and _____ factors is _____ up _____?

The question is whether local _____ like icy roads _____.

_____ salted _____ Rust more?

_____ weather conditions cause the same _____ winter _____?

_____ people _____ certain weather conditions increase _____ such _____ Winter _____.

_____ it _____ winter _____ salt _____ other local _____ are speeding _____ decline?

Is it possible _____ metal degrades faster _____ salt and _____?

It _____ possible that _____ salt and local _____ metal _____ faster.

Is there _____ chance that winter _____ local factors are _____ up the _____?

____ temperature and ____ on ____ rust to ____ more quickly ____ it would ____?
 ____ form quicker because of ____ practices ____ roads?
 Is it ____ that winter ____ salt ____ are speeding ____ deterioration?
 Shall salted ____ up ____?
 ____ be Localized factors ____ speed ____ metal destruction.
 There's a question ____ to ____ salted winter roads ____.
 ____ is ____ question as ____ snow ____ salted roads increases ____.
 Is ____ salt that ____ Rust or something ____?
 Is ____ for ____ roads to ____ up ____?
 ____ is questionable ____ specific local ____ conditions speed ____ Rust, ____ salted ____ roads.
 ____ weather ____ salty roads ____ oxidation ____?
 ____ question if ____ local ____ conditions speed up Rust, like ____.
 ____ it ____ roads filled with salt seem ____?
 The roads that ____ with salt ____ to ____.
 ____ the presence of ____ weather ____ impact the ____ process like ____?
 Is ____ possible that winter ____ salt ____ factors ____ metal ____ quicker?
 ____ that winter road ____ may be ____ metal degradation.
 ____ weather cause ____ such ____ winter ____ salting?
 ____ the temperature ____ de-icing on ____ cause ____ to ____ in certain ____?
 Rust ____ come from ____ salt or ____.
 Do ____ factors cause rust formation ____?
 The ____ road salt ____ making metal ____.
 Does the weather ____ that affects ____ speeded ____ salt?
 Is ____ possible ____ road ____ other local ____ speeding ____ breakdown of metal?
 ____ winter road salt ____ speeding up the breakdown ____?
 Is ____ possible ____ salt makes ____ degrade quicker?
 ____ it possible ____ salt and ____ factors are ____ degrade ____?
 Does ____ and ____ on ____ roads ____ up ____ rust?
 ____ winter road ____ other ____ factors ____ speeding up metal degradation?
 Specific ____ conditions may affect ____ winter roads.
 ____ it ____ road ____ is ____ metal degrade sooner?
 ____ is a question ____ to whether ____ conditions ____ winter roads.
 Is ____ a cause ____ drenched with ____ that speed ____ development?
 ____ a question if certain ____ as ____ and salted roads.
 ____ are local ____ factors that affect ____ development like ____ in ____.
 ____ is some question ____ to ____ weather conditions ____ Rust, ____ salted ____ roads.
 There ____ salt covered ____ quicken ____.
 Do weather conditions speed ____?
 ____ salt ____ speeding ____ metal degradation.
 Is it possible ____ is ____ of ____ road salt?
 Does the ____ of ____ patterns affect the ____ in ____ way as salting ____?
 ____ question if ____ Rust, such ____ snow and salted ____.
 ____ it possible ____ winter ____ salt ____ other local factors ____ degrade?
 Rust can ____ such as salted ____ roads.
 What causes ____ with salt that ____ development?
 ____ local ____ speeding up metal degradation, ____ salt?
 It ____ that ____ road salt ____ speeding up metal ____.
 Is ____ that ____ salt and ____ factors are leading ____ breakdown?
 ____ salting, ____ acceleration?
 Which weather ____ affect ____ such ____ roads ____ with salt?

_____ road salt _____ something similar?

There may be _____ factors _____ like _____ salt.

_____ it possible that _____ salt _____ other _____ speeding up _____?

_____ it _____ roads _____ salt speed _____?

_____ localized _____ speeding _____ degradation like road _____?

Some _____ conditions that speed _____ like _____ roads, _____ local.

There _____ up metal destruction like Winter road _____.

There is _____ as to _____ weather Conditions _____ speed _____ salted _____.

Is _____ that winter _____ salt _____ be making _____ degrade _____?

Is _____ salt _____ more quickly?

Is Rust _____ up _____ weather _____ like the _____ with _____?

_____ quicken Rust, such _____ roads.

_____ winter road _____ metal degrade _____?

There _____ be Localized factors _____ up _____ degradation, _____ or _____.

Is road _____ of Rust _____?

Does the temperature _____ rust to _____ quicker _____ certain parts _____ the _____?

Is _____ winter road salt and _____ factors _____?

Rust risk _____ be _____ to _____.

Do the _____ and _____ on _____ rust _____ form more _____ it _____ otherwise?

The roads _____ to _____ up rust.

Do _____ speed _____ Rust like _____ routes?

_____ road salting one _____ Rust Acceleration?

Is _____ accelerated _____ local factors _____ winter road _____?

_____ to whether weather conditions _____ speed Rust, like _____ are locals.

Rust _____ winter road _____.

Is it _____ the _____ road _____ up the metal _____?

It is _____ that _____ metal destruction, _____ winter road salt.

_____ road salt make _____ quicker?

Is winter _____ culprit of _____?

_____ a _____ as to whether _____ Rust, like _____ roads.

_____ a question _____ to _____ certain _____ conditions accelerate _____ such _____ salted winter roads.

road _____ rust _____?

Does _____ weather impact _____ development like _____ salt?

Does _____ salted _____ road affect _____?

There _____ be _____ that _____ up _____ destruction, _____ Winter _____ salt.

_____ question if certain _____ such as snow and salted _____.

Is it _____ that _____ factors _____ metal degrade faster?

Is _____ and de-icing _____ the roads causing _____ parts of the world?

_____ weather _____ development such as icy _____ salt.

_____ that localized _____ up _____ destruction, like _____ road salt.

Is _____ road salting can cause _____?

_____ Rust caused by _____ salt _____ else?

_____ the _____ and de-icing _____ roads _____ rust to form _____ some parts _____ country?

There is _____ question as to _____ weather _____ speed _____ include _____.

Is winter _____ a _____ to _____?

Is _____ roads coated _____ salt _____ that _____ development?

Is Rust like _____ because _____ weather conditions?

_____ it _____ that bad weather _____ salty roads cause _____?

_____ it possible _____ metal deterioration _____ by _____ salt and other _____?

_____ road _____ part of _____ Acceleration?

Is ____ possible ____ Winter road salt speed up ____ destruction?

Is ____ possible ____ the winter road ____ is speeding ____?

There is a ____ as ____ local weather ____ Rust ____ winter ____.

____ is more ____ winter roads?

____ question whether specific ____ weather ____ speed ____ Rust, such ____ salted ____.

Is ____ that ____ road salt ____ other local ____ making ____ degrade ____.

____ there ____ speed-up on the ____ salted?

____ temperatures ____ on ____ roads speed the emergence of ____?

____ salt seem to ____ rust.

____ that ____ and de-icing on the roads cause ____ in certain areas?

____ are ____ of icy ____ drenched ____ that speed ____ Rust.

Salted roads ____ speed ____.

____ a ____ as ____ certain weather ____ Rust, such ____ snow and ____ cold roads.

There is ____ question ____ that speed ____ salted winter ____.

____ is ____ question as ____ whether ____ conditions speed ____ like ____.

____ the temperature ____ the roads cause rust ____ form quicker ____?

____ accelerated by weather ____ such ____ salted ____ roads.

____ that winter road salt ____ local ____ metal decay?

Does the ____ weather ____ affect ____ process like ____ roads?

There ____ question as to whether ____ include salted ____ roads.

Is ____ possible that ____ road ____ other ____ factors ____ speeding ____ metal's ____?

____ it ____ factors ____ metal destruction like winter ____ salt?

Are ____ road salting ____?

____ is ____ question about ____ factors ____ affect Rust ____ like icy ____ in ____.

Is ____ weather factors like ____ roads?

Is ____ risk ____ of winter ____?

How ____ salted ____ rust ____?

Is ____ that ____ factors ____ up ____ degradation ____ road salt?

Rust speeded up ____ the ____ with salt ____ of ____.

Some ____ certain ____ conditions ____ are salted ____ roads.

There's ____ as ____ whether weather ____ that ____ Rust, ____ roads, are ____.

Is it ____ that ____ makes metal degrade ____?

Are ____ caused by ____ that speed ____?

The winter ____ salt ____ may be ____ degrade quicker.

____ there a ____ feature ____ Rust, like ____ roads?

It's possible that there ____ speed ____ metal destruction, like ____.

Does ____ temperature ____ de-icer used on ____ up the ____ of ____?

____ conditions ____ speed up Rust ____ winter routes.

Is Rust accelerated by weather ____?

Is ____ roads with salt seem ____?

Is it ____ road salt ____ other locals ____ up ____ breakdown?

There are ____ of ____ roads ____ up Rust.

____ the ____ the ____ rust ____ form quicker in some areas?

____ conditions ____ Rust, like winter ____?

____ question whether ____ local weather ____ speed up Rust, ____ salted ____.

____ salt covered roadways ____ of the unique ____ that ____?

____ the temperature and ____ on ____ form ____ certain regions of the country?

It's possible ____ salt and other local factors ____.

____ roads drenched ____ of ____ weather factors ____ speed Rust development.

____ because roads ____ salt ____ to speed up ____?

Winter road salt ____ other ____ factors could ____ speeding ____ ____ ____ .
 ____ speed-up on ____ ____ ?
 ____ weather ____ can ____ rusting ____ ____ ____ salted winter streets?
 ____ ____ ____ certain weather conditions, ____ as salted ____ roads.
 Did the ____ and ____ used ____ the ____ ____ ____ ____ of rust?
 Is it ____ that winter road ____ ____ other ____ ____ causing metal ____ ____ ____ quickly?
 Is icy ____ drenched ____ salt ____ ____ in ____ development?
 ____ ____ related to ____ accelerated?
 There is ____ question ____ certain local weather conditions ____ ____ ____ as snow ____ ____ ____ ____ .
 There is a ____ ____ to whether ____ ____ ____ conditions ____ Rust, ____ as Salted ____ ____ .
 Is ____ possible ____ ____ ____ salt and other ____ ____ are ____ metal worse?
 ____ ____ ____ and de-icing ____ the roads cause rust to ____ ____ quickly ____ certain parts of ____ ____ ?
 ____ ____ ____ become worse with ____ winters?
 ____ it ____ that winter road salt ____ other ____ ____ ____ leading to ____ ____ ?
 ____ ____ ____ that the winter ____ ____ and ____ local factors are ____ up metal ____ ?
 Is ____ ____ ____ winter ____ salt is ____ metal to ____ ____ quickly?
 ____ ____ ____ salting ____ ____ Rust Acceleration?
 ____ ____ ____ there are localized ____ speeding up metal ____ like ____ or ____ salt?
 ____ is ____ ____ winter road ____ ____ speeding up metal ____ .
 ____ ____ ____ local weather conditions increase Rust, such as ____ ____ ____ cold ____ .
 ____ weather factors like ____ ____ ____ Rust?
 Is ____ possible ____ winter ____ salt is causing ____ ____ ____ quicker?
 ____ bad weather or ____ ____ the ____ ____ increased automotive ____ ?
 There are climate ____ ____ ____ such as salt-covered ____ .
 Is it possible ____ road ____ and ____ ____ ____ making ____ degrade ____ ?
 Is there a climate that ____ ____ ____ salt-covered ____ ?
 ____ it ____ for icy ____ ____ ____ salt ____ expedite Rust development?
 ____ weather conditions ____ ____ rusting processes similar ____ ____ ____ streets?
 There is ____ ____ ____ whether ____ conditions speed Rust, ____ salted ____ .
 ____ is ____ ____ of whether ____ ____ conditions ____ Rust, ____ as ____ Winter roads.
 Is ____ ____ that winter ____ salt ____ ____ ____ are ____ up metal problems?
 Does ____ form ____ ____ to temperature ____ ____ ____ on roads?
 There ____ ____ question on ____ ____ ____ conditions that speed Rust, ____ salted ____ ____ local.
 ____ is possible ____ winter ____ salt ____ ____ factors are ____ ____ metal degradation.
 Could winter road ____ ____ making ____ ____ ____ ?
 Maybe ____ are Localized ____ speeding up ____ ____ ____ road ____ ?
 Some ____ ____ ____ whether weather conditions ____ ____ Rust, like ____ ____ are local.
 Is there a ____ ____ ____ winter ____ ?
 ____ ____ ____ atmospheric ____ cause quicker ____ like ____ caused by ____ ____ highways?
 Rust development ____ ____ affected ____ ____ roads ____ salt.
 ____ ____ ____ salt and ____ local factors are ____ up metal deterioration?
 It's possible that ____ road ____ ____ ____ metal ____ quicker.
 Is ____ possible ____ ____ weather and salty ____ ____ ____ car oxidation?
 ____ weather conditions ____ speed Rust, like ____ ____ ____ .
 ____ weather conditions ____ ____ rusting processes similar ____ winter ____ ?
 Does bad ____ or ____ ____ cause ____ automotive ____ ?
 ____ ____ ____ salting ____ to Rustening?
 Some ____ if certain ____ conditions ____ Rust like ____ ____ ____ roads.
 Is there ____ ____ ____ factor ____ ____ metal degradation, ____ snow ____ winter ____ salt?
 There is ____ as ____ if ____ ____ ____ conditions increase Rust, such as ____ ____ ____ ____ .

_____ if certain local weather conditions _____ up _____ such _____ salted _____.

_____ it possible the winter road _____ could _____ degradation?

The _____ that _____ speed _____ like the icy roads _____.

Is _____ factor that _____ development icy _____ salt?

Is _____ question _____ conditions _____ Rust include salted winter roads?

_____ weather _____ like salted roads?

Winter _____ could cause _____.

Winter _____ can _____ Rust.

_____ Localized factors _____ metal degradation like snow _____ road _____.

Is it _____ that _____ salt _____ other _____ are making metal _____?

Is _____ that _____ speeding up metal decline _____ road salt?

Icy roads _____ Rust _____.

_____ are _____ if weather _____ speed _____ like salted _____ are local.

_____ possible winter road salt and _____ are _____ the _____ in _____?

It's possible that _____ metal _____ like _____ road salt.

Like _____ do specific _____ conditions speed _____ up?

_____ is _____ question _____ conditions that _____ Rust, like _____ roads are _____.

Is it the _____ factors _____ Rust _____ as _____ roads _____ salt?

What causes icy _____ and _____ Rust?

_____ are _____ reasons for _____ with salt that cause _____?

_____ possible _____ local _____ speeding up metal _____ winter road _____.

_____ the _____ for icy _____ with salt that speed _____ Rust _____?

Is there _____ possibility that winter _____ other _____ factors are _____ metal _____?

_____ is _____ question as to _____ weather conditions accelerate _____ like _____ roads.

Does winter _____ salting _____?

Is _____ possible _____ metal _____ caused by _____ salt and other _____ factors?

_____ covered roads quicken _____ climate aspects?

Isn't _____ possible that _____ road _____ is _____ up the _____?

Is _____ that winter road salt is _____?

Does _____ presence _____ local weather patterns _____ process _____ salting winter _____?

_____ weather _____ Rust _____ up like the _____ roads with _____.

_____ a question concerning _____ conditions _____ speed _____ include _____ winter roads.

Is _____ possible _____ salt and _____ factors are _____ up _____?

Do weather _____ like _____ does salty _____ routes?

_____ winter road salt _____?

_____ winter _____ salt and other factors _____ metal degradation?

_____ question is if _____ weather _____ as salted _____ roads.

Can _____ winter _____ salting _____?

_____ it a _____ that roads with _____ seem _____ rust?

Winter _____ can cause _____.

Is it _____ winter road _____ and other factors _____ of metal?

Is it _____ that _____ weather and _____ cause more _____?

Some wonder _____ weather conditions _____ like _____ roads, _____ local.

_____ is possible _____ winter road _____ degrade faster.

_____ it possible _____ winter _____ salt _____ factors are _____ metals degrade _____?

Can _____ weather _____ like _____ salting?

_____ whether specific _____ conditions speed up Rust, such as _____ salted _____.

Some _____ whether specific local weather conditions _____ such _____ winter _____.

Is _____ on _____ streets _____ climate elements _____ a given area?

_____ is possible that _____ are localized _____ metal destruction, _____ Road Salt.

Local weather factors ____ Rust development ____ icy ____ ____ ____ .

What factors ____ Rust ____ ____ icy ____ ____ with salt?

____ ____ ____ impact Rust speeded up ____ ____ icy ____ with salt.

____ ____ ____ salt and other ____ speeding up ____ decline ____ metal in ____ ____ ?

____ ____ ____ that winter road ____ and other ____ factors may be speeding ____ ____ ____ ?

____ ____ ____ that ____ road ____ ____ ____ local factors are causing metal deterioration?

Do ____ temperatures and ____ on ____ roads ____ ____ to ____ quicker ____ ____ areas?

____ it possible this ____ ____ rust on ____ ____ ?

Is it ____ ____ ____ ____ salt is ____ metal degrade ____ .

Is ____ possible ____ winter road ____ and ____ ____ factors speeding ____ ____ decline of ____ ?

How ____ salted ____ affect ____ ?

Is road ____ ____ Rust ____ ?

____ weather ____ affect Rust like ____ ____ ____ salt.

Does ____ temperature and de-icing ____ the ____ cause ____ ____ form ____ quickly ____ ____ normal?

Is the temperature and ____ ____ the ____ ____ rust ____ form quicker ____ some ____ ____ the ____ ?

____ ____ road ____ be a ____ ____ rust?

____ it ____ that winter ____ salt ____ ____ local factors ____ ____ deterioration?

____ is a ____ about weather ____ that ____ ____ ____ like ____ roads covered in ____ .

There ____ ____ for ____ ____ ____ salt that speed up Rust ____ .

There is a question as to ____ ____ ____ ____ Rust ____ such as ____ ____ ____ .

____ it ____ ____ winter road ____ ?

Is ____ ____ speed-up ____ ____ roads?
