

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Conversion from gas to electric request
Inquiry Sub-Category	Appliance compatibility and replacement options
Description	Customers wanting to know the compatibility of different appliances with electric systems, or seeking recommendations for suitable electric appliances to replace their existing gas appliances. They may inquire about the performance, energy efficiency, and cost of electric alternatives.
Data Size	8,669 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ there _____ replacements for a _____ that _____ on _____ instead?

Are you _____ low-cost _____ heating _____ natural-gas system?

Is electric _____ substitute _____ than gas _____ substitute?

Is it _____ to suggest _____ electrical replacements _____ a _____?

Is it possible for _____ heaters _____ instead _____ gas?

Are there any _____ heating systems _____ electricity?

_____ replacements for _____ gas furnace _____?

Is _____ to switch from a _____ to _____ one?

_____ an _____ alternative exist if the _____ electricity _____ a _____ price?

_____ replacements _____ there for gas-fired furnaces?

Electric _____ to _____ furnaces?

Is _____ cheaper _____ with electricity?

Are _____ cheaper ways _____ from a _____ to _____?

_____ you _____ electrical _____ for _____ traditional gas-fired _____?

Is there _____ replacement for _____ gas _____ runs on _____?

Seeking _____ alternatives to _____.

Do _____ have any _____ options that _____ money on _____ bills?

There are _____ ways _____ switch _____ electric furnace.

_____ a _____ way _____ a gas furnace.

_____ a way to replace _____ old _____ one _____ electrical _____?

_____ electric furnaces _____ as an inexpensive alternative _____?

Seeking _____ options _____ are _____ than _____ gas heaters.

Is _____ to _____ with an electricity one?

_____ electric _____ can replace my gas model?

_____ you _____ where to _____ electric alternatives to _____?

Are there _____ to gas _____ electricity _____?

_____ am wondering if _____ can be used to _____.

I wonder if _____ electric _____ that are _____ gas _____.

Cheap ____ for ____ electricity?

Is there ____ way to replace ____?

Is there ____ heating option ____ is an ____ furnace?

____ be an ____ alternative ____ the ____ shifted from natural-gas to ____ price?

____ electric furnaces ____ less than ____?

Is it possible ____ replacements ____ traditional gas ____ run on ____?

____ there any electrical alternative to ____ gas ____?

____ it possible ____ replacements for ____ heaters?

Does anyone ____ of ____ economical ____ substitute ____ gas ____?

I ____ wondering ____ it ____ to ____ my ____ furnace ____ an ____ one.

____ think ____ heating ____ alternative to a gas ____?

Are ____ replacements for ____ heating systems with ____?

____ there ____ fire heating that ____ less ____ gas?

I ____ in finding ____ replacements ____ gas ____.

____ electric furnace ____ more budget-friendly ____?

Is there ____ electric ____ for ____ that ____ less?

____ there cheaper electric gizmos that ____ gas-furnace?

Is ____ possible ____ out ____ blasted gas-furnace ____ less ____ gizmos?

Is there a cheaper ____ to ____ with electrical ____?

____ it cheaper ____ furnaces ____ electricity?

Is ____ any ____ priced ____ replace my gas model?

____ there ____ affordable ____ a traditional gas ____ electricity?

____ my existing gas furnace ____ with ____?

Are there ____ gizmos ____ will ____ out ____ blasted ____?

____ to ____ gas ____ with electricity?

Do you ____ electric alternatives ____ gas ____?

____ gas heaters ____ electricity?

____ I ____ an electric ____ the ____ furnace?

____ make ____ furnaces that ____ cheaper than ____ ones?

____ anyone ____ affordable ____ replacements for ____ heaters?

____ heating be used to ____ gas furnace?

____ electric heating ____ that ____ replace a ____ gas furnace?

____ more cost-effective ____ gas furnace that runs on ____?

____ there ____ cheaper electric gizmos ____ out my blasted gas-furnace.

____ electric heating system ____ cheaper than a gas ____?

____ cost ____ replacements for ____ furnaces ____?

____ an electricity-powered ____ for gas ____.

____ affordable than gas furnaces.

____ affordable heating ____ can ____ a gas furnace?

____ wonder if ____ electric replacements for ____ furnaces.

____ energy-saving alternative exist ____ the ____ to electricity at low ____?

____ it possible to switch ____ furnace ____ one?

____ know ____ any budget-friendly alternatives ____ gas furnace?

____ electric alternatives can I choose ____ my ____?

Electricity ____ be ____ a ____ substitute ____ gas furnace.

____ electrical ____ in ____ of ____ traditional gas heater.

Is ____ use electricity ____ replace ____ furnaces?

A ____ for ____ gas ____ by ____?

Would ____ recommend ____ electricity-based ____ as ____ for ____ furnaces?

Can electricity-based ____ be ____ substitute ____ gas furnaces?

_____ for _____ furnace options that will _____ me _____ bills.
 _____ make economical electric _____ to _____ expensive _____ ones?
 Is _____ possible _____ use electricity _____ fire _____ of _____?
 Will I find _____ my existing _____ furnace?
 Do you _____ a _____ is powered by electricity?
 _____ replacements for _____ furnaces.
 Is _____ electric _____ that costs less _____ gas one?
 Is _____ substitute more _____ friendly than _____?
 _____ it _____ make electric _____ to replace _____ ones?
 _____ any cost _____ replacements for _____ traditional gas _____?
 Is it _____ heat _____ electricity instead of _____?
 _____ replacements more budget-friendly _____ gas furnace _____?
 _____ it make _____ to _____ options as _____ substitute for _____ furnaces?
 _____ electric _____ options for _____ furnace?
 Are _____ electric alternatives to _____ that are _____?
 _____ it _____ to _____ electric alternatives _____ gas _____?
 _____ for _____ to _____ from gas to electric _____.
 _____ there any inexpensive _____ to _____ gas furnace _____ electricity?
 _____ it _____ to _____ gas _____ with an _____ appliance?
 _____ an option _____ gas furnace to electric?
 _____ gas furnaces _____ be affordable.
 _____ to change _____ gas to electric _____.
 Cost-effective _____ replacements _____ a _____ gas-fired _____?
 _____ budget _____ available to _____ my gas furnace?
 _____ you _____ a gas _____ that runs on electricity?
 Is _____ electric alternatives _____ furnaces that _____ friendly?
 _____ electrical _____ the costly _____ heating systems.
 _____ there an electric-powered _____ gas _____?
 _____ make sense _____ electricity-based _____ as _____ for gas furnaces?
 _____ it possible to _____ for _____ gas furnace?
 _____ can _____ get _____ furnace options instead _____ gas?
 _____ know _____ it's possible _____ old _____ an electrical unit _____ a budget.
 _____ the old gas _____ electrical _____ on a budget?
 _____ you know _____ electric _____ to gas?
 _____ looking for cheap _____ heaters _____ replace _____ system?
 Electric-powered _____ furnaces are being _____.
 _____ make electric furnaces that are _____ ones?
 I _____ looking for _____ electrical _____ will replace _____ furnace.
 _____ are alternatives _____ gas furnace to _____ on _____.
 Can _____ replace _____ an electrical one that _____ budget-friendly?
 Is there any low-cost _____ gas to _____?
 _____ switch from _____ gas furnace to electric?
 Looking for cost _____ gas to electric _____
 Do you _____ any electric _____ options that _____ beat _____?
 Are there cheaper _____ gas furnace on _____?
 _____ it _____ to _____ electric replacements in _____ shift _____ furnaces?
 Will I _____ for my _____ furnace?
 _____ alternatives _____ a gas furnace _____?
 Looking _____ a _____ to _____ from _____ electric heat.
 _____ electric furnace _____ option _____ gas _____?

Is _____ way for _____ to shift _____ at a _____ price?

I wonder _____ are _____ gizmos _____ would _____ out _____ blasted gas-furnace?

_____ efficient ways to switch _____ to electric _____.

Is _____ find viable electric _____ in _____ affordable shift _____ furnaces?

_____ there _____ electric furnace that can replace _____ model?

_____ there any _____ electric heating _____ that _____ replace _____ traditional _____?

_____ if cheaper electric _____ can switch _____ blasted _____?

_____ looking for a cheaper alternative _____ a _____ that _____ by _____.

_____ furnace _____ will save you money on _____ bills.

_____ are _____ alternatives _____ instead of natural gas.

_____ you _____ if _____ are cheaper _____ from _____ to electricity?

Is _____ a _____ to _____ a gas _____ on _____?

Is _____ possible to _____ an inexpensive _____ to my _____ heaters _____?

How about _____ for a _____?

_____ cost-effective ways to switch _____ gas to _____.

Do _____ electricity-powered fire heating is _____ than _____?

_____ electricity-based alternatives be _____ gas _____?

What _____ alternatives can _____ use _____ my gas _____?

_____ alternatives to _____ heating systems?

Is _____ to use low-cost _____ substitute _____ gas furnaces?

Is _____ budget-friendly than gas _____?

Is _____ possible to find _____ with electric _____?

Do _____ a chance _____ carrying cost-saving _____ gas ones?

Do _____ have any electric _____ that _____ gas furnace?

_____ electric-powered _____ gas furnaces.

Seeking electrical options that are less _____.

_____ there an affordable _____ furnace _____ can _____ my current _____?

_____ options, alternatives to _____?

Is _____ way _____ affordable electric _____ replace gas ones?

Should there _____ to _____ systems?

Will I find an economical _____ furnace?

_____ you know the cheapest _____ gas _____?

_____ there is a _____ way to _____ the _____ with _____ unit?

Need electric _____ options for _____?

_____ possible _____ cheaper _____ for _____ to run on electricity?

Are _____ available for _____ electrical _____?

There _____ cheaper ways _____ switch from _____ to _____.

_____ an _____ alternative _____ a _____ furnace.

_____ electrical _____ of the traditional gas _____.

Is _____ making _____ electric furnaces _____ the _____ ones?

Can _____ be more economical _____ models?

_____ any _____ alternatives to a _____ furnace?

Will _____ electric powered _____ for _____ gas furnace?

Do you _____ any _____ a _____ furnace that _____ on _____?

_____ anyone making cheap _____ to replace _____?

Does electricity _____ alternatives _____ gas heating _____?

_____ any electrical _____ to costly _____ heating _____?

Are there _____ electric _____ replace _____ traditional gas furnace?

_____ electric replacement for _____ heating available?

What is _____ cost of _____ for _____ heaters?

_____ to find cheaper _____ replacements for _____ furnaces.

_____ to get _____ replacements for traditional gas _____?

_____ there _____ to switch from a _____ furnace _____ electricity _____ system?

_____ low-cost, _____ powered alternatives _____ furnaces.

Is there any _____ electric _____ that _____ the gas _____?

_____ to switch from _____ heat _____ a cheaper way.

_____ find _____ replacements for gas _____?

Is there a budget _____ replacing _____ old _____ one with _____?

I would _____ to _____ cost-effective electric replacements _____ gas _____.

_____ I replace _____ furnace with _____ one for _____?

_____ electrical _____ that _____ less _____ than the _____ heater.

Is it _____ to _____ electricity-based options _____ for _____ furnaces?

Do electric _____ to gas models?

Are there _____ for _____ heating systems for _____?

_____ heating _____ to a gas _____?

Is _____ possible _____ use electricity _____ gas.

_____ there a substitute for my _____ heaters _____.

Do _____ electricity-based _____ cost _____ same _____ furnaces?

Is _____ an _____ option for _____ gas _____?

Is there _____ to save energy _____ from natural-gas to _____ a _____ price?

_____ are looking _____ alternatives _____ gas _____.

Is it possible _____ fire _____ instead of _____?

_____ there an option _____ one _____ an electrical unit?

_____ I find electric-powered _____ my _____?

Seeking _____ place of a _____.

Is _____ than gas furnaces?

Is _____ for _____ to be replaced with _____?

Can electric _____ be _____ than _____?

Do you _____ any _____ replacements _____?

Is _____ any _____ cost _____ to _____ from _____ to _____?

_____ there _____ to replace the _____ gas _____ the electrical one?

Is there _____ substitute for _____ furnace?

_____ there _____ ways _____ switch _____ gas furnace to _____ electricity-run _____?

Is there cheaper options _____ switch _____?

Is it _____ to _____ gas _____ with _____?

Do you _____ any suggestions _____ replacements _____ gas-fired furnace?

Is it _____ replacements _____ gas furnaces.

There _____ electrical replacements _____ furnace.

_____ there _____ electric furnace that is _____ priced _____ can _____ model?

Do you _____ alternatives that use _____ instead _____?

Is there a _____ a _____ gas furnace _____?

_____ there an inexpensive alternative _____ my current _____ gas furnace?

_____ furnaces can be _____ gas _____.

Is there a substitute _____ furnace with _____?

_____ furnace options that _____ cheaper _____ using gas?

_____ electric alternatives replace _____?

Do electric _____ as _____ gas?

_____ cheaper _____ gas furnaces?

_____ electric options _____ to replace _____ gas _____?

Are _____ to find _____ electrical replacements _____ gas-fired _____?

Is _____ cost-efficient _____ furnaces with _____?

_____ want to _____ a _____ electric replacement _____ gas _____.

Is there _____ for _____ fireplaces?

What alternatives _____ there _____ a _____ on electricity?

_____ I _____ an _____ electric- _____ my gas furnace?

Is _____ way to switch to _____ gas _____?

I _____ wondering if I _____ gas furnace with _____.

_____ there _____ electrical alternatives _____ heating?

Are there affordable replacements for traditional _____ running _____?

Looking _____ ways to switch _____ gas _____ heat _____.

_____ for _____ electric heaters _____ replace _____ system?

Are _____ for low _____ electric _____ to replace _____ system?

Would an _____ alternative exist _____ furnace shifted from _____ prices?

_____ for economical electrical options in lieu _____.

Gas _____ can _____ replaced with _____.

You _____ if _____ a budget-friendly _____ to _____ gas one _____ an _____ unit.

_____ there a _____ replace _____ gas furnace with an _____?

I'm _____ if there's _____ can _____ my gas model.

_____ been _____ electric _____ to replace a natural-gas system?

_____ possible to _____ replace my current natural _____ furnace?

_____ you have electric heating _____ that _____ comparable _____ gas _____?

_____ ways to switch _____ a gas _____ to _____ system.

_____ alternatives _____ budget-friendly _____ gas models?

I am wondering _____ I _____ replacements _____ gas _____.

Are there cheaper _____ replacements _____ gas _____ in _____?

_____ I replace my current _____ model _____ economically _____ electric _____?

To replace _____ natural-gas system _____?

Would _____ substitute for gas-based _____ systems?

There _____ any low-cost _____ to _____ from a gas _____.

An _____ to a gas _____ on _____?

Are _____ electric heating _____ for my _____?

Are there _____ electrical _____ furnaces _____ in _____ inventory?

Is _____ any electric furnace that _____ replace _____ model?

_____ you _____ any _____ electric _____ gas.

_____ is the _____ of _____ gas furnace with _____ electric _____?

_____ it _____ from _____ gas furnace _____ electricity- run system?

_____ the furnace _____ from natural-gas to electricity at low _____?

If there's a _____ gas _____ with an electrical _____?

_____ replacements _____ a _____ fired furnace

_____ there _____ low-cost ways _____ switch _____ a _____ furnace to an _____?

Shouldn't _____ cheaper _____ that _____ out _____ blasted gas-furnace?

Would _____ if _____ shifted to _____ at low pricing?

_____ it _____ substitute _____ furnaces _____ electricity?

Can I _____ for _____ heating?

_____ for _____ gas _____ is powered by electricity?

_____ it _____ to _____ alternative to a natural-gas _____ powered _____ electricity?

_____ there any cheaper _____ run _____ gas _____ electricity?

How _____ an affordable _____ furnace using electricity?

_____ energy-saving _____ the furnace _____ electricity at a low price?

_____ there any electric _____ that are cheap enough _____ current _____?

____ it possible to run ____ heaters ____?
 ____ possible to ____ furnaces ____ cheap to replace gas ____?
 ____ any economically priced electric ____ can replace ____ model?
 Is it ____ for ____ to ____ electricity to ____ natural ____?
 An affordable substitute for a ____?
 ____ any electric furnace that can ____ one?
 Is ____ any electricity-run ____ swap out ____ measly ____ burners for ____ good ____?
 Can I ____ replacements ____ furnaces?
 Electric heating options can ____ more ____ furnace.
 ____ you ____ cheap electrical replacements ____?
 ____ low-cost, ____ alternatives ____ gas furnaces.
 Can ____ replacements be more ____ than gas ____?
 ____ electricity-based ____ costs less ____ furnaces?
 Do ____ there is ____ budget-friendly option ____ replace ____ one with an ____?
 Is ____ inexpensive ____ that uses electricity ____ replace my ____?
 Is ____ a cost effective ____ for a ____ electricity?
 ____ budget-friendly replacements ____ a ____ that ____ by electricity?
 Is there an ____ alternative ____?
 Is ____ a budget- ____ for a ____?
 ____ there ____ energy-saving alternative ____ the furnace ____ from ____ a low price?
 Do ____ serve as alternatives ____?
 ____ be cost-effective electric ____ gas ____?
 ____ be an energy-saving ____ the furnace shifted ____ electricity ____ low ____?
 ____ options be used as a ____ gas ____?
 ____ it ____ to find budget-friendly ____ that replace ____ gas ____?
 electric replacements ____?
 ____ there any ____ to ____ a gas ____ to an electricity-run ____?
 Are ____ cheaper electrical ____ gas furnaces in ____?
 ____ electric ____ a substitute ____ furnaces?
 Is ____ any ____ substitute for ____ gas ____?
 ____ affordable alternative to a ____ that runs ____ electricity?
 Do you ____ any ____ to ____ gas furnace?
 ____ possible to ____ a gas to electricity furnace ____ cheaper ____?
 ____ ways to switch ____ to electricity.
 Is there anyone ____ electric furnaces ____ gas ____?
 ____ it possible ____ find ____ if I shift ____ furnaces?
 ____ possible to ____ from a ____ to electricity-operated ____?
 ____ affordable ____ are ____ gas furnaces.
 Is ____ than gas models?
 ____ inexpensive substitute ____ gas ____ systems?
 ____ any ____ replacements for the ____ gas ____?
 Ain't there cheaper ____ gizmos ____ out my ____?
 ____ there a cheap electric heating ____ instead ____ one?
 Can I ____ my gas ____ an ____?
 ____ any electric ____ options ____ are ____ using gas.
 What low-cost options ____ I ____ from ____ gas ____ to ____?
 ____ have ____ furnace options that aren't ____ gas?
 Would an energy-saving ____ exist ____ the furnace ____ at a ____?
 Is ____ cheaper alternative that ____ electricity to replace ____?
 Electric ____ affordable ____ to gas models.

_____ you find any _____ furnace options _____ cheaper than _____ ?
 Is it possible _____ a _____ electrical one?
 Can you _____ electricity _____ as _____ substitute for _____ ?
 Do you have _____ on _____ electrical _____ a _____ fired _____ ?
 _____ it possible _____ get a _____ of using gas?
 Is _____ any _____ for gas-based _____ systems _____ electricity?
 _____ know of any _____ to _____ furnace?
 _____ you _____ any _____ furnace options that _____ cheaper than _____ _____ ?
 Is _____ any _____ replacements _____ fireplaces?
 _____ there for gas _____ systems?
 _____ way to replace _____ heaters with electrical _____ ?
 Is there _____ substitute for _____ Heater with _____ ?
 Is there _____ substitute for _____ that is _____ ?
 _____ cheaper way to switch out _____ gas-furnance?
 Can I find _____ electric _____ affordable _____ from gas _____ ?
 Can _____ electric _____ replace _____ furnaces?
 _____ does it _____ switch _____ a _____ to an electric one?
 Can _____ furnace replacements _____ more _____ gas _____ ?
 Electric options _____ furnace _____ ?
 Inexpensive electric _____ options _____ an _____ to a _____ .
 Is _____ more budget-friendly _____ one?
 Is _____ way _____ replace _____ gas model _____ electric furnaces?
 _____ about _____ a gas furnace?
 Is _____ get a _____ electric _____ option instead _____ using _____ ?
 _____ you _____ to _____ your natural-gas _____ with electric _____ ?
 _____ an affordable _____ for gas _____ ?
 There are _____ from a gas furnace _____ electric _____ .
 _____ may _____ a _____ efficient substitute _____ furnaces.
 _____ there any _____ thingamajigs _____ can _____ out _____ measly gas _____ _____ decent price?
 Is there _____ electricity-based _____ ?
 _____ affordable electric furnaces to _____ ones?
 Is _____ possible to _____ natural gas _____ an _____ option?
 Are there _____ from a _____ to an electricity-powered _____ ?
 _____ substitute for a _____ gas _____ ?
 _____ any _____ gas-based heating systems?
 Seeking economical _____ the traditional gas heaters.
 _____ be able _____ find a _____ replace _____ old gas _____ an electrical unit.
 _____ any _____ furnace _____ that can _____ the _____ bills?
 _____ curious _____ electricity _____ any _____ for _____ heating systems.
 _____ the _____ from natural-gas to electricity at _____ price, _____ there _____ alternative?
 _____ any affordable alternative to _____ gas furnace _____ ?
 _____ electric _____ replace _____ furnaces?
 Is _____ furnaces anaffordable _____ models?
 _____ there _____ electric _____ to _____ furnaces _____ are _____ friendly?
 _____ there any _____ furnace _____ the gas bills?
 Any budget-friendly _____ for _____ ?
 _____ budget-friendly than gas models?
 Is _____ heating option _____ my _____ furnace?
 _____ cost-effective electrical _____ for a _____ gas-fired _____ ?
 _____ are _____ ways to switch _____ a _____ an _____ furnace.

Is _____ affordable _____ that _____ to replace _____ natural gas _____?
 _____ any inexpensive _____ alternatives to _____ gas _____?
 _____ you have _____ alternative _____ furnaces?
 Is electric furnace substitution _____?
 Should _____ be considered for _____ furnace?
 _____ run a gas furnace _____ electricity.
 _____ about _____ alternatives to gas?
 _____ electricity cheap to _____ gas-based _____?
 _____ good for replacing _____ heating _____?
 Is _____ that _____ alternatives cost _____ than _____ furnace?
 Is there a _____ way _____ replace _____ furnace?
 Replacing the _____ gas heater _____ would _____ cheaper.
 Need _____ furnace _____ of using gas?
 If _____ replace _____ gas one with an electrical unit?
 I wonder if there _____ cheaper _____ out my _____ gas-furnace.
 _____ there anyone _____ makes _____ replace gas ones?
 Do _____ if _____ possible _____ replace _____ old gas _____ an _____ unit on a _____?
 _____ electric replacements _____ the gas _____?
 Looking for economical _____ options _____ of _____ heaters.
 _____ there any cheap electric _____?
 Would there _____ an _____ alternative _____ the _____ to electricity _____ a low _____?
 Where _____ from _____ electricity at a low price would _____ energy-saving _____?
 Is _____ an _____ for _____ heaters on electricity?
 _____ know of a substitute _____ furnace powered by _____?
 _____ electric heating options _____ my _____?
 I _____ has any replacement _____ gas heating _____.
 _____ there _____ ways _____ switch _____ a gas furnace to _____?
 _____ economical electrical _____ in place _____ traditional _____ heaters.
 _____ you know _____ electric furnace options _____ don't _____?
 _____ any _____ alternatives _____ switch from a gas furnace _____.
 _____ wonder _____ has any cheaper alternatives _____ gas-based _____.
 Is _____ a _____ to switch _____ a _____ furnace _____ electricity?
 Is _____ to switch from a _____ furnace _____ system?
 _____ you have any _____ instead of _____ gas?
 _____ heat fire with _____ rather than gas?
 _____ substitute for gas furnaces?
 _____ there _____ options to _____ a _____ to _____ furnace?
 There are _____ are less _____ than _____ gas furnace.
 _____ ways to _____ the old _____ one _____ an electrical _____?
 _____ you _____ cheaper _____ for _____ furnaces in _____ inventory?
 Did you _____ that electric _____ can _____ a _____?
 Is _____ a _____ to switch _____ gas to electricity _____?
 Seeking _____ options in _____ traditional gas _____ appliance.
 _____ easily replace _____ gas _____ with an electric _____?
 Did _____ know _____ electric furnace options _____ the _____?
 If it is _____ to _____ the old _____ one _____ an electrical _____.
 _____ there any cheap _____ options that _____ gas?
 _____ there any electricity-run _____ out _____ measly gas _____ for a better _____?
 Is there _____ to _____ furnace that uses electricity?
 Can _____ furnace substitute _____ more _____ friendly than _____?

_____ wonder _____ cheaper _____ gizmos can switch _____ my _____ .
 Can I _____ my _____ model with an _____ ?
 Looking _____ to use electric _____ of gas.
 _____ electric furnaces _____ more budget _____ gas _____ ?
 I don't know _____ electric _____ replace expensive _____ ones.
 How about electricity-powered _____ instead _____ .
 _____ furnaces with electricity _____ cheaper.
 Do you have _____ options _____ are _____ a gas _____ ?
 Is there _____ alternative _____ gas _____ runs on electricity?
 Electric _____ alternatives _____ furnaces?
 _____ you want _____ replace _____ system _____ low cost electric _____ ?
 Does _____ to find electric replacements _____ heating?
 Are you _____ to replace _____ natural-gas system?
 _____ are _____ for gas _____ systems.
 _____ furnace substitution _____ than _____ models?
 Do _____ make _____ electric furnaces _____ expensive gas _____ ?
 _____ gas _____ be replaced _____ electric _____ ?
 _____ there any _____ electrical _____ traditional _____ heaters?
 I _____ get _____ cheap electric _____ options instead of _____ .
 Are there any _____ alternatives _____ gas _____ ?
 Isn't it possible to change _____ gas-furnace _____ gizmos?
 _____ recommend _____ electricity-based options for _____ gas _____ ?
 Does anyone _____ for _____ gas furnace?
 Can I find _____ substitute _____ my _____ ?
 _____ I find _____ electric alternatives _____ gas furnace?
 _____ find inexpensive replacements _____ traditional gas _____ running _____ electricity?
 Will there _____ electric-powered _____ my _____ furnace?
 _____ alternative, powered by _____ can replace _____ natural gas _____ ?
 Is it possible _____ use _____ to _____ my _____ .
 Is there _____ priced _____ furnace _____ replace my gas _____ ?
 _____ it _____ switch from _____ furnace to electricity?
 _____ you recommend _____ electrical replacements for _____ furnace?
 Is _____ any way to _____ gas _____ electricity.
 Is there a _____ alternative _____ heater _____ models.
 _____ exist if _____ furnace _____ from gas to electricity?
 Can _____ viable electric replacements _____ I _____ gas _____ ?
 Do electricity-based alternatives have _____ furnaces?
 _____ anyone make _____ electric furnace to _____ the _____ ones?
 _____ electric _____ substitute more budget-friendly _____ .
 _____ there _____ affordable _____ for a traditional gas _____ running _____ ?
 _____ electric _____ work as an affordable replacement _____ ?
 Would an energy-saving _____ furnace _____ gas to electricity at _____ price?
 _____ any cheap electric _____ for _____ use?
 _____ ways to _____ from _____ to _____ heat economically.
 _____ to switch from gas to _____ heat
 _____ cheaper substitute _____ a gas _____ powered _____ electricity?
 Can _____ suggest cost-effective _____ for a traditional _____ ?
 Is _____ replace my current _____ furnace _____ electricity?
 _____ it possible to _____ low cost electricity-based _____ substitute _____ gas _____ ?
 _____ cheaper replacements _____ furnaces _____ electricity?

____ alternatives to gas ____ could _____.
 ____ you recommend ____ replacements ____ gas-fired furnace?
 ____ electric ____ options replace ____ gas ____?
 Is it possible ____ gas ____ with ____ ones?
 ____ cheap ____ replacements for ____ fireplaces?
 Can electric ____ the ____ for ____?
 ____ it ____ to find an ____ substitute ____ my ____ electric models?
 Are ____ switch out my blasted ____?
 ____ a better ____ to ____ gas furnaces ____ options?
 ____ for ____ to ____ gas to ____ heat.
 ____ electric heating an ____ a _____.
 ____ way ____ use electricity ____ my natural gas furnace?
 ____ for ____ furnace with ____?
 ____ electric ____ alternatives ____ gas models?

 _____ cost-effective _____ to _____ a gas _____ on electricity?
 _____ an energy-saving _____ if the furnace shifted _____ a low price?
 Is _____ any money-saving alternatives _____ use _____ of _____?
 _____ electricity-based _____ a substitute for gas furnace?
 _____ there any alternatives _____ gas furnace _____ electricity?
 Do you _____ heating options that are _____ gas _____?
 Is _____ a _____ to _____ the blasted gas-furnace?
 Are _____ cheap replacements for _____?
 _____ if electric furnaces _____ can replace my _____ gas model.
 _____ able _____ suggest cost-effective electrical replacements _____ traditional gas-fired _____?
 _____ there _____ electric-powered substitute for _____?
 Is it _____ to _____ a _____ furnace _____ electricityrun system?
 _____ electrical alternatives to _____ heating systems?
 Is there any _____ furnace _____ replace my _____?
 Are you looking _____ low-cost electric heaters _____?
 Is _____ alternatives to _____ furnace that runs _____ electricity?
 Is _____ to _____ current natural _____ with an electricity _____ one?
 How about _____ a _____ furnace, powered _____ electricity?
 I was wondering _____ electricity has any _____ for _____.
 _____ be _____ find viable _____ replacements for gas _____?
 _____ be _____ to _____ an electric-powered _____ to my _____ furnace?
 Can _____ be _____ alternatives _____ a _____ furnace _____ runs on _____?
 Are there _____ alternatives _____ using _____?
 Are _____ for _____ heating available?
 _____ anyone _____ any cheap electrical _____ for _____ heaters?
 There are _____ from a _____ to electric.
 _____ cheap to switch from _____ to _____ electricity-run system?
 What _____ an _____ alternative to _____ gas _____ on electricity?
 _____ there an _____ for a traditional gas _____ electricity?
 _____ an affordable alternative to _____ on _____ traditional gas _____?
 _____ there any _____ furnace that could _____ my _____?
 How _____ electrical _____ for _____ traditional _____ furnace?
 _____ electrical _____ in place _____ boiler.
 _____ be _____ efficient substitute _____ gas furnaces.

____ can ____ find a cheap electric ____ instead of ____ ?
 Is ____ any way to switch ____ furnace ____ electricity ____ ?
 ____ are electric ____ options that ____ save you ____ bills.
 ____ electric ____ alternatives ____ gas ____ ?
 ____ any cheap ____ gas fireplaces?
 Electricity-based alternatives ____ cost less ____ .
 ____ electricity a ____ gas heating system?
 Is there ____ alternative ____ my ____ furnace?
 Is there a cheap ____ gas one?
 ____ there ____ way ____ switch from ____ gas ____ to ____ electricity-run system?
 ____ there any ____ effective ____ replacements ____ gas ____ ?
 ____ electricity any ____ for ____ heating ____ ?
 ____ an ____ alternative ____ the furnace ____ natural-gas to electricity ____ low ____ ?
 Does ____ alternative cost less ____ gas ____ ?
 ____ electric heater options ____ gas ____ ?
 Looking ____ ways ____ from ____ to ____ heat at ____ price.
 Can electric alternatives ____ for ____ ?
 Is ____ electric ____ budget friendly than a ____ ?
 Are ____ talking about ____ fire ____ instead ____ ?
 ____ to switch ____ a ____ furnace to ____ electricity-run system?
 ____ it possible to use ____ electric alternatives ____ ?
 ____ have a ____ replacements ____ gas heating.
 ____ there a cheaper ____ the old ____ with ____ electrical unit?
 ____ viable electric replacements ____ furnace?
 ____ if electricity has any ____ to ____ systems.
 ____ alternatives ____ gas furnaces?
 ____ there ____ electricity-run thingamajigs ____ can swap out ____ gas ____ good ____ ?
 ____ there any ____ for ____ furnace ____ uses electricity?
 ____ there ____ that could replace a gas ____ ?
 ____ find an ____ replacement for ____ gas furnace?
 Is there ____ way to ____ traditional ____ instead?
 Is it ____ a gas furnace ____ one ____ electricity?
 Can ____ from ____ gas ____ an electricity-run system?
 Can electric furnaces be ____ than ____ ?
 I am wondering ____ an alternative powered ____ electricity ____ furnace.
 Is there ____ for ____ heating ____ ?
 ____ there an alternative to ____ powered ____ ?
 Can ____ recommend ____ electricity-based ____ a ____ gas furnaces?
 Do you ____ electrical ____ furnaces?
 Is ____ possible ____ find ____ replacements ____ traditional gas ____ that run ____ ?
 I'm wondering if ____ are ____ replacements for ____ .
 ____ furnaces ____ as a ____ alternative ____ gas models?
 ____ if electricity has any ____ for gas-based ____ .
 Will ____ be able ____ an electric-powered ____ for ____ furnace?
 ____ any alternative ____ furnace that uses electricity?
 ____ options a substitute ____ furnaces?
 ____ a cheaper replacement ____ gas ____ ?
 Is there any cheaper ____ to ____ burns ____ ?
 ____ electrical ____ place of ____ gas ____ appliance.
 Is ____ any ____ switch ____ a gas ____ to ____ electric one?

_____ there _____ low-cost option for changing from _____ ?

Do electric _____ as _____ gas?

_____ some _____ electric furnace options _____ of _____.

_____ electric furnaces that _____ the _____ model.
