

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Notification of construction activities
Inquiry Sub-Category	Safety precautions
Description	Customers inquire about the safety measures being taken during the construction activities to ensure their well-being and the protection of surrounding properties.
Data Size	11,126 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

Will steps ____ taken to minimize ____ potential ____ hazards ____ the ____?

Will efforts ____ made ____ reduce ____?

____ you manage ____ in the ____ phase?

____ there a plan in ____ to ____ potential ____ in ____ construction ____?

____ the ____ process ____ be taken to minimize any ____?

____ sure ____ all possible safety precautions ____ be taken ____ the ____ stage?

Will ____ be ____ construction?

Are ____ minimize construction risks?

Are you ____ adopt ____ strategies ____ buildout?

Is ____ a ____ address and diminish ____ dangers during ____ phase?

____ measures?

Do ____ the ____ done safely?

What ____ might be taken ____ and ____ during ____?

____ there ____ less ____ when building ____?

____ that measures are taken to make ____ project ____?

____ actions ____ could be ____ during ____?

What can ____ make ____ less ____?

Are ____ for ____ dangers in ____?

____ precautions will be used to ____?

____ there be ____ limit ____ related ____ construction?

Is ____ you ____ to ____ construction risk?

While ____ do steps ____ minimize ____?

Will steps be ____ construction?

____ prioritized while constructing?

Have ____ for ____ while building?

____ are ____ that can be ____ to reduce ____ when ____.

____ have ____ plan ____ manage ____ construction risks?

Do ____ implemented ____ minimize ____ risks?

Will ____ put into ____ when ____.

Are _____ taken to _____ safe?

How _____ you manage _____?

Did _____ company _____ precautions during _____?

Do _____ a strategy to _____ Hazards when _____?

_____ be _____ to _____ the _____ less hazardous?

_____ there _____ being taken _____ everyone's _____ construction?

Will _____ on safety _____ constructing?

_____ building _____ will _____ be _____ carefully _____ there are _____ risks?

_____ you put _____ in _____ during _____ construction?

Do _____ any _____ for _____ unwanted _____ threats on-site?

_____ you _____ to _____ safety precautions _____?

_____ your _____ be _____ in keeping everyone _____ construction?

_____ there _____ to _____ when building?

_____ necessary to take precautions for _____?

What is _____ reduction _____ your _____ site?

_____ there _____ plan _____ mitigate _____ hazard while _____?

_____ process _____ expect significant efforts to minimize _____?

There are steps that _____ taken to _____ construction.

_____ measures may _____ construction risks.

_____ there steps _____ construction safer?

_____ any _____ can _____ procedures for _____ dangers during construction?

Safe _____ construction?

_____ you ensure _____?

Are there _____ to make _____ safer?

Will _____ efforts be made _____ during _____?

_____ plans for risk management _____?

_____ are _____ taken when _____.

Is _____ precautions _____ to reduce _____?

_____ there any _____ minimize _____ risks?

_____ there _____ make _____ work safer?

_____ must be _____ your _____ the build time?

_____ plan _____ do _____ to _____ from construction dangers?

_____ will _____ minimize the risks _____ phase?

_____ may _____ to _____ risks during _____.

There are _____ make _____ construction process _____ safe.

What _____ you _____ improve _____ construction?

How will _____ building phase?

_____ hard to make _____ construction is safe?

What are _____ taken _____ risk at _____ site?

_____ you do anything to help cut _____?

Can _____ us how to minimize _____ during _____ construction _____?

_____ you _____ do anything _____ keep _____ dangers _____ a minimum?

Do you _____ a plan _____ place _____ during _____ work?

_____ constructing, is the company taking _____ potential _____?

_____ a _____ prevent potential dangers during _____?

Is _____ any steps being considered _____ during _____?

There are _____ can _____ to _____ and dangers _____ construction.

Could you give _____ into how _____ during _____?

Do you _____ cut hazards during _____ process?

_____ expected _____ decrease any risks while _____?

Will steps be made _____ in _____?

What _____ reduction _____ being _____ at _____ construction site?

Is _____ clarified _____ building?

_____ have anything _____ works _____ reduce unwanted _____ on-site?

For _____ harm in _____ phase, _____ been made?

Do _____ prioritize safety _____?

_____ there _____ plans _____ minimize _____ of the construction _____?

Measures taken to _____?

_____ everyone _____ during _____ time?

Will _____ be used to _____ perils _____ constructing _____.

Y'all _____ and _____ risks in construction.

Do _____ want to _____ process?

_____ the _____ be in _____ during the _____?

_____ preventive _____ during construction?

How do _____ to _____ the dangers that may _____ building _____?

_____ minimize problems while _____.

Are steps _____ to _____ risks _____?

_____ plans are _____ construction?

Would _____ to _____ us insight _____ to _____ risk _____ the construction project?

Will _____ measures _____ implemented _____ lower the _____?

_____ measures _____ place during the _____?

_____ any _____ be _____ to minimize _____ risks during the _____?

_____ plan _____ changes, reduce risk _____.

Y'all _____ to _____ the risks in _____.

Will _____ team carry _____ actions to _____ safe during _____?

_____ will be _____ to _____ dangers _____ construction _____.

Do you _____ plan _____ manage construction _____?

_____ you give us _____ into _____ used to minimize _____?

Measures will _____ to minimize _____ during _____ activities

_____ risk reduction plans _____ there _____?

_____ you have plans _____ place _____ construction _____?

Will precautions _____ to _____ the construction _____ less _____?

_____ efforts _____ to reduce _____ risks?

Do _____ works to _____ unwanted problems _____ threats on-site?

Is _____ possible _____ manage _____ the building _____?

_____ want _____ prioritize _____ precautions _____ construction?

Are you _____ on _____ strategies during _____ out?

_____ steps _____ made _____ minimize _____ risks?

Is precautions in place _____?

Will measures _____ put in place to lower _____?

What can be _____ potential _____ construction activities?

What _____ be done _____ risks during construction _____?

_____ will _____ manage any _____ dangers that _____ in the _____?

_____ you _____ everything you _____ to _____ sure _____ as _____ as possible?

_____ be taken by your _____ during _____ time?

Do you make _____ that the _____?

Measures _____ put in place to lower _____ during _____.

Efforts will _____ made _____ limit _____.

Do you _____ cut the hazards during _____?

_____ process will _____ steps taken _____ minimize potential risks?

There _____ that could _____ taken to _____ building.
 Safety _____ during _____ build process.
 What _____ intend to _____ possible _____ that _____ during the building _____?
 Will there _____ taken _____ avoid potential _____ the _____ process?
 _____ to reduce the _____ risks.
 _____ be provisions _____ potential harm during the _____?
 _____ plan to make the _____ process less _____?
 _____ may _____ minimize risks while _____.
 How _____ you _____ reduce _____ during _____ building phase?
 Is there any _____ procedures _____ dangers during _____?
 _____ a plan _____ to address potential dangers _____ phase?
 What _____ taken for the sake _____ project?
 _____ there safety _____ taken _____ process?
 Safety measures _____ the _____ process.
 Is _____ way to reduce _____?
 What can be _____ risks _____?
 _____ in place to address and diminish _____ throughout the _____?
 _____ be _____ when _____ comes _____ constructing here.
 Someone _____ asking _____ is looking _____ for _____ in _____.
 _____ plan to make some _____ reduce the _____ construction.
 _____ construction _____ precautions being taken for _____?
 Are there provisions for _____ potential _____ construction _____?
 Will _____ made _____ reduce _____ risks?
 _____ be _____ to reduce risks _____ building?
 Are there _____ steps _____ make the _____?
 _____ risk precautions _____ construction?
 In the construction process, _____ precautions _____ implemented _____?
 _____ are steps _____ can _____ taken to minimize _____ during _____.
 _____ there a _____ the construction process _____ safe?
 _____ for risks or dangers _____ work?
 Do you _____ plans _____ threats or _____ on-site?
 _____ for everyone's safety _____ construction time?
 _____ have _____ be taken for everyone's _____ during _____?
 I _____ if _____ are _____ while building.
 _____ efforts _____ to decrease project _____?
 _____ for _____ in construction work?
 _____ there any _____ ensure _____ during the construction _____?
 Is it _____ guarantee procedures _____ during construction?
 _____ anything _____ lower construction risks?
 _____ there _____ precautions being _____ building?
 Will _____ make sure _____ safe _____ construction?
 _____ plan _____ the hazard of the _____ job?
 _____ you tell us _____ will reduce _____ construction work?
 Are _____ reduce construction risks?
 _____ any plan in _____ to _____ potential _____ throughout the _____ phase?
 Is there any _____ on _____ for _____ during _____?
 _____ adopt _____ strategies during the _____?
 How _____ you _____ to reduce _____ may arise _____ building process?
 _____ make _____ the construction _____ safe?
 Do _____ strategy _____ dangers in your construction?

Are safety measures done _____?

_____ possible safety _____ adopted in _____ project's development _____?

What are _____ taken _____ site?

_____ being _____ to reduce _____ risks?

What _____ will be _____ to reduce _____ during _____?

Will _____ prioritize _____ safety _____ construction?

Do you _____ a _____ minimize _____ during building _____?

_____ to _____ will be made.

What _____ be _____ risks _____ building?

Do _____ to _____ construction less _____?

How _____ you plan _____ the dangers _____ may occur during _____?

_____ there be _____ limit construction-related _____.

Is _____ place to minimize dangers during _____?

_____ be adopting risk-mitigation _____ during _____?

_____ risk in the _____ phase?

Efforts will _____ made _____ reduce _____.

_____ to take care of _____ while _____?

_____ precautions _____ taken to _____ risk on _____ site?

Steps _____ be taken to _____ hazard _____.

Will efforts _____ made _____ hazard?

_____ being taken to _____ your _____?

How _____ you _____ the _____ building phase?

_____ by _____ company _____ the build?

Do _____ anything _____ risks of construction?

_____ steps _____ taken _____ reduce construction _____?

_____ to minimize risk _____ construction?

_____ the safety measures _____ the _____?

Should _____ be taken _____ the construction _____?

Will _____ be risk _____ construction?

_____ you manage _____ risks that may come _____ during _____?

_____ it possible _____ be made _____ construction risks?

Does _____ out vigilant _____ keep everyone safe during _____?

The steps _____ made to _____ the _____ in _____.

Is there a _____ in _____ to _____ dangers _____ work?

Is _____ possible _____ steps to ensure safety _____?

_____ made _____ limit risks of _____?

What _____ to manage _____ diminish _____ dangers _____ may arise during the _____?

_____ you _____ to minimize the dangers that _____ during _____ building _____?

_____ be made _____ limit _____ risks.

Is _____ risks during construction?

_____ there any _____ you are _____ make _____ is safe?

_____ we _____ to _____ any _____ risks when _____?

_____ minimize _____ risks exist?

Will steps _____ to _____ dangers?

_____ prevention practices _____ work _____?

You _____ going to _____ about the risks _____ you _____.

_____ do anything _____ minimize _____ during _____?

_____ will _____ taken _____ reduce risks in construction _____?

Do _____ do _____ to _____ construction?

_____ kind of _____ will _____ during the construction _____?

Is _____ taken _____ your company _____ building?

Is something being done _____?

Do _____ to prioritize _____ working?

Is _____ for _____ potential harm in _____?

What measures _____ be _____ to _____ risks _____ construction _____?

_____ are _____ to reduce _____ risks.

Can you _____ safe?

Can prevention _____ reduce risky _____?

_____ construction _____ take precautions _____ dangers?

What _____ taken by _____ company during _____ build _____?

Is _____ any _____ to _____ and dangers during _____?

_____ in place _____ construction

_____ done carefully so there _____ problems _____ the _____ starts?

_____ safeguards be employed _____.

_____ there any _____ taken to _____ risks _____?

What _____ will _____ taken _____ construction _____?

Can you _____ safety _____ will be _____ in the _____ stage?

_____ plan to cut hazard during _____ process?

_____ will _____ to minimize _____ in _____ activities?

Is there _____ made _____ reducing _____ in _____ phase?

Safe _____ should _____ used _____.

_____ chance _____ you will _____ risk-mitigation strategies during this _____?

How _____ precautions _____ taken to _____ construction?

What _____ action will you _____ in _____ construction _____?

_____ it possible _____ make _____ to _____ construction _____?

_____ you _____ to _____ risks during the building _____?

_____ intend to do _____ the risks that may _____ during the _____?

_____ measures _____ taken _____ reduce _____ at your construction _____?

Do _____ an action _____ to manage _____ in _____?

_____ possible safety _____ going to _____ the project's development _____?

What _____ to reduce risks during _____ activities?

_____ steps are _____ to minimize risks _____ construction?

Do there _____ address _____ during the entire _____ phase?

_____ taken _____ mitigate risks in the construction _____?

_____ you _____ anything _____ prevent accidents _____?

What _____ to _____ the danger _____ construction?

_____ you have any _____ how to _____ construction _____?

_____ steps _____ taken for safety _____?

_____ safety be ensured _____ process?

How _____ are you about _____ while _____?

While _____ steps _____ considered to _____ risks?

_____ you _____ prioritize _____ precautions while you _____?

_____ any plans for reducing unwanted problems _____ site?

Is _____ taken for everyone's safety _____ construction _____?

There are _____ reduction _____ construction?

What _____ you doing _____ construction workers _____ during _____?

Can significant _____ to _____ during _____ construction process?

Is there anything _____ can _____ cut down _____.

Will _____ keep _____ workers _____ during _____?

_____ you _____ to do anything to _____ during _____?

_____ precautions _____ taken _____ when building?
 _____ you assure _____ that steps _____ being taken _____ risks _____ work?
 _____ process are _____ measures put in place?
 Will the construction _____ steps _____ minimize _____ risks?
 _____ there a plan _____ potential dangers _____ the _____?
 _____ the _____ to make sure _____ construction _____ safe?
 _____ y'all _____ building _____ will _____ doing _____ about the _____.
 Are _____ plans for the _____ to _____ safe?
 What _____ by _____ company during building time?
 Would _____ be _____ risk-mitigation strategies _____?
 _____ precautions to minimize _____.
 _____ risk-reduction _____ for _____.
 Do _____ want _____ make _____?
 Is _____ measures put _____ place _____ build?
 Is _____ possible for steps _____ be _____ to _____ construction?
 _____ you going _____ everything _____ to _____ danger during construction?
 Do you _____ taken by your company _____?
 Is _____ possible _____ expect measures _____ prevent _____ during the _____?
 For _____ is _____ risk _____ in _____?
 Any _____ that _____ building process should be managed.
 _____ steps that _____ be _____ to _____ risks while _____.
 Will any safety measures _____?
 _____ should _____ the building phase?
 _____ considered to _____ potential dangers _____ constructing?
 _____ the _____ be _____ place _____ construction?
 _____ to address _____ risks _____ construction?
 How _____ during _____ construction phase?
 _____ sure everyone _____ safe during _____ construction process?
 What steps are being _____ to reduce _____?
 How _____ you manage your _____ the _____?
 _____ measures _____ in place _____ build.
 _____ measures in _____ construction process?
 _____ you _____ that safety measures _____ in _____ during _____?
 _____ precautions in place _____ mitigate _____ in _____ construction process?
 _____ a _____ to minimize potential risks _____ construction _____?
 What _____ to _____ everyone safe _____ construction?
 _____ there _____ limit construction-related risks?
 _____ you plan to _____ any _____ process?
 _____ be _____ when construction _____ here.
 Do _____ steps _____ can minimize _____ building?
 Will the _____ in place to lower _____?
 Are you _____ of _____ construction _____?
 Do _____ contingency _____ to manage risks _____?
 _____ safe to _____ proactive _____ will _____ risks within the _____ work?
 _____ will you _____ that _____ during the building process?
 _____ to mitigate _____ in construction
 Is _____ being done _____ minimize _____ in construction?
 Will you _____ minimize risks _____ building _____?
 _____ have a _____ danger during the process?
 Are _____ taken _____ make _____ project _____?

_____ measures _____ expected during _____?
 Are there any procedures _____ can _____ to _____ during _____?
 _____ to _____ construction _____?
 Do _____ have _____ to _____ on construction _____?
 Will _____ make _____ measures are _____ place _____ construction?
 Is there _____ guarantee _____ possible dangers _____ activities?
 Is _____ a way _____ strategies aimed _____ reducing _____ in _____ construction _____?
 _____ there any _____ into how to _____ in _____ construction _____?
 _____ plans for _____ in construction?
 Efforts _____ limit construction-related risks _____.
 _____ you _____ anything _____ make construction safer?
 _____ reduce risk _____ your _____ site?
 Did _____ take _____ precautions _____ building?
 _____ taking steps to _____ risks of construction?
 _____ efforts _____ made to make _____ project _____ dangerous?
 Is _____ possible for steps to _____ to reduce _____?
 What _____ are _____ taken _____ safety on _____ project?
 _____ you _____ potential risks when _____?
 _____ in _____ minimize risks _____ building?
 Are _____ made _____ minimize construction _____?
 Are _____ the construction safe?
 _____ steps _____ risks in building?
 Do _____ have anything _____ reduce threats _____ problems _____?
 _____ the _____ plan _____ risks?
 Any proactive _____ being _____ to address _____ construction?
 Do _____ back on construction _____?
 _____ reduce _____ during _____ building phase?
 _____ measures to _____ taken _____.
 Do you do _____ lower _____ of _____?
 Measures should _____ taken _____ prevent _____ during _____ project.
 _____ efforts be made _____ risks?
 Will _____ be plans _____ to address _____ during the _____ phase?
 Should we _____ the process?
 _____ there _____ to _____ building _____ safe?
 _____ steps be taken _____ minimize risks _____ construction?
 Will _____ place for construction?
 _____ taken _____ reduce risk _____ construction?
 Can prevention _____ situations _____ construction?
 _____ procedures _____ possible dangers during construction _____?
 _____ precautions taken _____ construction sites?
 How _____ you _____ hazard _____ the process?
 _____ be _____ to _____ the risk _____ construction process?
 Significant efforts should _____ made _____ construction process.
 Is _____ a _____ to keep _____ safe _____?
 _____ any plans to _____ the construction process _____?
 _____ precautions put in _____ during _____ building _____?
 _____ plan for avoiding potential hazards _____ building?
 _____ should _____ taken _____ prevent danger during _____.
 What _____ are in _____ for _____?
 Is _____ place to avoid danger _____ construction?

How _____ plan to _____ that _____ during the building process?
 _____ to ensure _____ during construction?
 _____ to _____ in place during _____.
 _____ plans _____ the construction _____ to _____ risks.

What are the _____ for risk _____ at your _____?
 Will _____ team _____ vigilance to keep _____ safe _____?
 _____ there _____ in _____ to minimize risks _____ building?
 Measures _____ taken to _____ risks in _____ process.
 Will _____ do _____ to prevent _____?

How _____ want to minimize _____ may _____ during the _____ process?
 _____ any _____ being taken _____ make your project _____?
 _____ it _____ done _____ during construction?

Are you checking the _____?
 _____ be taken to protect _____ risks in _____.
 _____ measures are _____ in _____ during _____ construction _____.

Can you assure us _____ steps _____ taken _____ risks _____?
 Will precautions _____ put _____ place to protect _____ construction _____?
 _____ build, _____ will begin _____ something _____ the dangers.
 _____ into _____ during the build _____.

_____ have _____ strategy for avoiding _____ when building?
 Any _____ actions _____ during _____?

What _____ measures _____ taking _____ reduce the _____ at your construction _____?
 _____ we expect _____ construction _____ to _____?
 safety _____ during the build process

Do _____ reduction plans _____?
 _____ steps be taken to _____ the construction _____?
