

[Demo] NLP Dataset for Customer Service Automation

Company Type	Property Insurance Companies
Inquiry Category	Protection against theft, vandalism, or burglary
Inquiry Sub-Category	Security system requirements
Description	Customers ask about the specific security system requirements necessary to qualify for theft, vandalism, or burglary coverage, seeking information on approved systems, installation processes, and potential benefits or discounts provided by the insurance company.
Data Size	5,044 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Property Insurance Company" customer inquiry. (Purchased data will not be masked.)

____ sensor lights ____ the ____ count towards meeting ____ set forth ____ these ____?
 Can ____ meet ____ security plan ____?
 ____ the motion sensor lights around ____ fulfill ____ criteria?
 Will motion sensor ____ around the premises ____ in ____ plan?
 ____ you mean that the minimum ____ be met ____ the ____ sensor lighting ____ perimeter?
 Do ____ minimum ____ standards ____ include motion sensor ____ around the perimeter?
 ____ minimal ____ needs be met if ____ motion detection.
 ____ perimeter- ____ lights enough ____ criteria?
 Do motion ____ comply with ____?
 ____ perimeter motion ____ fulfill minimum ____?
 ____ it okay for ____ sensor lights as ____ around the ____?
 ____ you mean meeting ____ set forth by ____ plans ____ of ____ sensor lighting ____ the perimeter?
 Will motion ____ minimum security ____?
 ____ minimum-security ____ are ____ sensor ____ enough on the ____?
 Would ____ lighting fulfill ____ outlined in the ____?
 ____ motion ____ the perimeter are ____ to be ____ for meeting ____ standards.
 ____ the ____ of motion ____ lights ____ minimum ____?
 Does ____ motion sensor ____ around the perimeter ____ meeting ____?
 ____ we ____ the installation of perimeter motion ____ standards?
 Will ____ motion ____ lights ____ the security criteria for my ____?
 Can perimeter- ____ considered ____ for meeting minimum ____ criteria?
 ____ of ____ sensor lights ____ meet ____ plan ____.
 ____ having motion ____ to meet security ____?
 Do ____ sensor lights ____ requirements?
 Does having motion ____ meeting minimum ____ standards?
 Is ____ on ____ acceptable for ____ minimum security standards?
 ____ installing motion-detector lamps satisfy ____?
 Is ____ sensor lights ____ the perimeter count ____ meet the ____?

_____ motion sensor _____ at the _____ count _____ minimum-security _____?

_____ of perimeter motion _____ a _____ of _____ standards?

Do _____ motion sensor light _____?

Does _____ sensor _____ the vicinity _____ towards meeting _____ standards?

_____ lighting _____ the minimum safety _____?

_____ motion sensor lights _____ meet security standards?

Can _____ detector _____ minimum precautions?

Will the _____ sensor _____ plan _____?

_____ you _____ that _____ minimum security _____ are met with _____ addition of _____ around _____ perimeter?

_____ the plans allow _____ use of motion _____ as security _____?

Does having _____ sensor _____ the _____ count towards meeting _____

_____ sensor lights _____ perimeter be considered _____ for _____ purposes?

Does _____ make a difference _____ meeting minimum security _____?

_____ it _____ to _____ motion sensor lights around the _____ security _____?

_____ to _____ the _____ security standards, with the addition _____ motion _____?

Will _____ sensor _____ meet _____ requirements?

_____ the _____ sensor lights around _____ the _____ standards?

_____ motion sensor lights around _____ perimeter _____ minimum _____?

_____ you _____ lights around the perimeter count to _____ security _____?

Does having motion sensor _____ around the perimeter _____?

Can motion-sensing _____ security requirements?

_____ perimeter-installed _____ sensor lights compliant with _____ security _____?

Does _____ sensor _____ help meet _____?

_____ minimum security standards _____ the _____ of motion _____ the _____?

Are you talking _____ meeting _____ minimum _____ standards _____ by _____ with _____ lights _____ the perimeter?

Do you _____ by meeting the _____ standards _____ these plans, _____ motion sensor _____ the _____?

Does having a motion _____ the perimeter _____ standards?

_____ motion _____ with minimum security _____?

Do _____ count as _____ security standards?

_____ lights around the _____ count _____ these security standards?

_____ inclusion _____ lights make _____ for meeting safety _____?

_____ you mean _____ meeting _____ security standards _____ out in _____ plans with the _____ sensor _____ around _____ perimeter?

Is _____ motion sensor lights _____ the perimeter _____ security _____?

Can the motion _____ satisfy the minimum _____?

_____ the _____ sensor lights around _____ premises _____ security _____?

_____ motion sensor _____ to meet the _____ security _____?

Can the _____ lights _____ the _____ security standards?

_____ mean to meet _____ security _____ with _____ addition _____ sensor _____ at the _____?

Do you _____ meet the _____ security standards set _____ plans _____ of _____ sensor _____ around the _____?

_____ you talking _____ security standards by _____ sensor lamps around _____?

_____ lights _____ with minimum-security requirements?

Do _____ need to _____ the _____ of perimeter motion sensors _____?

Will _____ detection lighting _____ safety _____?

Is _____ exterior motion sensor _____ meeting minimum-security standards?

Do _____ sensor _____ meet the _____ security requirements?

_____ motion sensor lights _____ the _____ the _____ in _____ coverage plan?

_____ sensor lights around the perimeter _____ to _____ security _____?

_____ you _____ meet the _____ security _____ with the addition _____ sensor lamps _____ the _____?

Can motion-Sensing _____ satisfy _____?

_____ motion sensor _____ minimum _____ according _____ these plans?

_____ motion _____ lighting around _____ count towards _____ minimum-security standards?

Do you mean to meet _____ minimum _____ outlined _____ with the _____ motion sensor _____?

_____ sensor _____ should meet the _____ security guidelines.

Is _____ covered by _____ sensor lights to _____ standards?

Meeting minimum _____ lights surrounding the perimeter _____ what _____ mean?

_____ the _____ do _____ sensor lights _____ security standards?

Does the motion sensor _____ perimeter _____ the _____ standards?

_____ sensor _____ count _____ these minimum _____ standards?

_____ motion sensor _____ meet security _____?

_____ wonder _____ motion sensor _____ can _____ minimum-security standards.

_____ the _____ sensor _____ the _____ plan requirements?

_____ the _____ lights around _____ perimeter _____ with security _____?

Do _____ motion _____ lights _____ towards meeting _____ minimum _____?

Does _____ meet _____ minimum _____ standards?

_____ the _____ compatible with _____ in these plans?

Does _____ motion sensor lights around _____ perimeter _____ security?

Do the plans _____ the use of _____ as _____ the _____?

_____ the motion sensor _____ comply with _____ security _____?

_____ having _____ lights around the perimeter _____ for _____ minimum-security _____?

Can _____ lights satisfy _____?

Do you _____ the _____ security standards that there _____ a motion _____ the _____?

_____ the motion _____ lights fulfilled _____ requirements?

Is _____ possible _____ satisfy security _____ with _____?

Adding _____ guide lighting _____ align with _____ expectations of the _____.

_____ be motion sensor lights around _____ premises that _____?

Is it _____ exterior _____ sensor _____ can meet _____ standards?

Would _____ lighting _____ safety standards?

Does the _____ of _____ sensor lights _____ count _____ minimum _____ standards?

Can _____ installation of _____ perimeter _____ sensor _____ a _____ of _____ standards?

_____ lights _____ good for meeting minimum security standards?

_____ motion _____ the perimeter count toward security _____?

Will _____ be met _____ the _____ motion sensor lights?

For meeting minimum security _____ are motion sensor lights _____ perimeter _____?

Is _____ addition _____ lights _____ meet the safety _____?

_____ lights _____ meet the criteria?

_____ motion _____ lights _____ requirements?

_____ minimum security _____ to be met _____ the _____ lights surrounding the perimeter?

Is it possible _____ meet the _____ standards with _____ addition of _____ around _____?

_____ by meeting the _____ security standards _____ by _____ with motion sensorlights _____ the perimeter?

_____ you _____ minimum security _____ adding motion sensorlights?

_____ the _____ lights meet security _____?

_____ the installation _____ perimeter motion sensors _____ standards _____ plans?

_____ guidelines do perimeter motion _____?

Is the installation of _____ considered _____ meeting _____ security _____?

Will _____ requirements be _____ the installation _____ motion _____ lights?

Does _____ lights at the perimeter _____ minimum-security _____?

Is motion sensor _____ considered _____ for security _____?

Do you mean by _____ security standards _____ in the _____ of _____ sensor lighting around _____ perimeter?

Does having motion sensor _____ perimeter go _____ meeting _____?

____ it possible for perimeter lighting ____ movement ____ ____ ?
 ____ perimeter motion ____ be ____ line ____ requirements?
 Does the ____ motion ____ that ____ security standards?
 ____ motion ____ lights around the ____ count ____ security ____ ?
 Does the ____ around the perimeter ____ to ____ standards?
 To ____ security ____ in ____ insurance ____ are ____ sensor lights ____ the perimeter?
 ____ sensor lights ____ the ____ count for ____ standards?
 Can ____ lighting towards meeting the minimum ____ standards?
 ____ you talking about ____ with the motion sensor ____ ?
 Would outdoor movement-detecting lighting fulfill ____ safety ____ outlined ____ ?
 Can the ____ of perimeter ____ meeting ____ security standards?
 ____ lighting fulfill minimum safety ____ ?
 ____ motion ____ around the perimeter ____ meeting minimum ____ standards?
 Is ____ motion sensor lights up ____ ?
 ____ you ____ to meet ____ security standards ____ these plans with the addition ____ ?
 Motion sensor ____ around ____ perimeter count ____ security ____ ?
 Do ____ lights on the ____ towards ____ security ____ ?
 ____ the motion ____ lights around the perimeter ____ security ____ ?
 Is ____ motion ____ around the perimeter count ____ security ____ ?
 ____ you referring to meeting the minimum ____ standards ____ these ____ addition of ____ lighting?
 ____ motion ____ count towards ____ standards?
 Do ____ mean by meeting the ____ security standards that ____ is ____ ?
 How ____ motion sensor ____ on the perimeter ____ security ____ ?
 ____ you mean by meeting the ____ security ____ the ____ sensor ____ around the perimeter?
 Is ____ motion-detection lamps to ____ precautions?
 ____ you ____ meeting the minimum security ____ set by ____ plans, with ____ sensor ____ over ____ ?
 I want ____ know ____ on ____ perimeter are ____ to meet ____ security ____ .
 Will ____ lights around the ____ fulfill ____ requirements?
 Do ____ sensor lights ____ minimum ____ ?
 ____ motion ____ lights ____ the ____ standards?
 Will ____ security plan requirements ____ by motion ____ ?
 Do you ____ meeting the ____ security ____ set ____ these ____ with ____ addition ____ motion sensorlights around ____ ?
 ____ you ____ by meeting ____ standards set by ____ plans with ____ lights over the ____ ?
 ____ motion- detecting ____ satisfy ____ minimum ____ ?
 ____ you mean by meeting the ____ security standards ____ plans ____ the addition ____ sensor ____ the ____ ?
 Do motion ____ lights ____ the ____ meet minimum ____ ?
 ____ motion sensor lights ____ plan requirements?
 Do perimeter ____ pass ____ security ____ ?
 ____ perimeter installed ____ sensor lights ____ ?
 ____ you mean by meeting minimum security ____ there ____ lights ____ the ____ ?
 ____ motion ____ fulfill minimum security ____ ?
 Does the inclusion ____ motions sensors ____ regulations?
 Do ____ call for motion ____ lights around ____ ?
 Do ____ meet the minimum-security requirements?
 Does the ____ motion sensor ____ minimum security ____ ?
 ____ sensor ____ on the perimeter ____ considered to ____ valid ____ meeting ____ .
 Do ____ mean by meeting ____ security ____ set ____ these plans with the addition ____ around ____ ?
 By meeting ____ you ____ motion sensor ____ around the perimeter?
 Is ____ going ____ fulfill minimum-security ____ ?
 ____ lights ____ security requirements?

Is it possible to consider _____ towards _____ minimum _____?

_____ you _____ by _____ the _____ that _____ is motion _____ in the perimeter?

_____ perimeter motion _____ with _____ standards?

Can the _____ sensor lights _____ I _____ installed around the _____ minimum _____?

_____ motion sensor _____ located around _____ perimeter _____ security standards?

Do _____ mean to meet the _____ established _____ plans _____ the _____ of motion _____?

_____ motion _____ lights help _____ rules?

_____ you _____ meeting _____ minimum _____ set forth _____ plans with _____ addition of _____ sensorlights around _____ perimeter?

Do _____ minimum security standards set _____ by these _____ of motion sensor lamps?

_____ motion _____ lights around _____ perimeter _____ towards the minimum-security _____ set _____ plans?

_____ the motion sensor lights _____ fulfill the necessary security _____ plan?

_____ you _____ to meet the _____ security _____ set _____ these _____ the _____ of _____ sensorlights around the _____?

Are you _____ about _____ with the addition _____ motion sensor _____ perimeter?

Does _____ motion _____ lights _____ around the perimeter _____ security _____?

Do _____ to meet _____ security _____ you add motion sensor _____ perimeter?

_____ security _____ do the _____ sensor _____ meet?

_____ sensor _____ around _____ premises _____ certain security criteria?

Is the perimeter _____ sensor _____ minimum security _____?

_____ motion _____ lights meet _____ requirements?

_____ it _____ to meet _____ minimum _____ with the motion _____?

I _____ know _____ lights around the _____ fulfill security criteria.

_____ motion sensor _____ security _____?

_____ exterior _____ lighting counted towards _____ minimum-security _____?

Does the _____ of _____ sensor _____ the perimeter count towards _____?

_____ having motion sensor lights _____ the _____ count _____ standards?

Do _____ standards set _____ these _____ with motion sensor lights around the _____?

Can _____ sensors be _____ meeting _____ security _____ in _____ plans?

Do you mean by meeting _____ security _____ plans, _____ of motion sensor _____ the perimeter?

_____ motion sensor lights _____ enough _____ meet security standards?

Is the _____ motion _____ minimum-security _____?

Do you mean _____ the _____ security standards _____ forth by the _____ with the motion _____?

Will _____ lights _____ security requirements?

_____ sensor lights _____ the _____ considered valid for meeting _____ standards?

Does having motion _____ at the _____ security standards?

_____ mean to meet _____ standards _____ by _____ plans _____ the _____ lights around the perimeter?

_____ you _____ that _____ minimum _____ will be met with the addition _____?

_____ wonder if motion _____ lights on _____ are _____ security standards.

_____ be installed to meet _____?

_____ possible to have _____ sensor _____ around the _____ count _____ security _____?

Are _____ to _____ minimum-security criteria?

Is motion sensor _____ minimum security _____?

Will _____ sensor lights fulfill _____ mentioned _____ plans?

Will moving sensor _____ security _____?

_____ perimeter _____ sensors _____ security _____?

Do _____ motion sensor _____ the _____ requirement?

Should motion _____ lights on _____ perimeter _____ considered _____ meeting minimum _____?

Can _____ motion _____ lighting count _____ meeting _____ standards?

_____ of _____ sensors be considered _____ meet minimum-security standards?

_____ motion _____ lights around the _____ the minimum _____ standards?

_____ exterior motion _____ lighting towards _____ minimum security _____?

____ the ____ sensor ____ ____ ____ minimum security requirements?
 ____ having ____ sensor light around ____ perimeter ____ ____ minimum ____ standards?
 ____ the ____ consider ____ perimeter motion ____ ____ ?
 Meet ____ ____ security standards set ____ ____ these ____ with the ____ ____ ____ sensor lighting around the ____ ?
 Will ____ around lighting ____ ____ ____ minimal-security needs if ____ ____ motion ____ ?
 ____ you ____ about meeting ____ ____ standards by ____ ____ sensor ____ around ____ perimeter?
 With the ____ of motion ____ lighting ____ ____ ____ ____ mean ____ meet the ____ security standards?
 Meeting the ____ ____ ____ set ____ ____ these ____ with the motion ____ lights over ____ perimeter ____ what ____ mean?
 ____ motions ____ lights fulfill minimum ____ ____ ?
 Do you ____ ____ meeting the minimum ____ ____ set forth ____ ____ ____ the motion sensor lights ____ the ____ ?
 ____ motion ____ ____ meet the ____ ____ security needs?
 Will ____ motion sensor lights around ____ ____ ____ towards ____ ____ security ____ ?
 ____ perimeter-installed ____ ____ lights comply ____ ____ minimum security requirements?
 ____ you ____ ____ meet minimum security standards ____ ____ ____ motion sensor lamps around ____ ____ ?
 ____ the motion sensor ____ ____ the perimeter count ____ ____ ____ ?
 Do you ____ ____ meet minimum ____ ____ ____ you add ____ sensor ____ ____ the perimeter?
 ____ motion sensor lights ____ the ____ count ____ ____ standards?
 Is perimeter installed ____ sensor lights ____ ____ ____ requirements?
 Can motion sensor lights ____ ____ ____ minimum security ____ ?
 ____ you ____ adding motion ____ lamps ____ the perimeter to ____ ____ security ____ ?
 Do ____ ____ sensor ____ pass security ____ ?
 Do ____ ____ sensor lights ____ as ____ ____ security standards?
 ____ the ____ of motion ____ ____ fulfill ____ minimum security requirements ____ ____ ____ plans?
 Do you ____ meeting ____ minimum security ____ ____ forth ____ ____ plans with motion ____ lighting ____ the ____ ?
 ____ ____ addition of motion ____ lights ____ ____ perimeter, do ____ ____ to meet minimum ____ ____ ?
 Does ____ motion ____ lights around ____ perimeter count towards ____ ____ ____ ?
 ____ all-around lighting meet ____ ____ minimal-security ____ if ____ uses ____ detection?
 ____ you ____ about ____ the minimum security ____ ____ ____ these ____ with the ____ of ____ sensor ____ around the
 perimeter?
 ____ ____ know if exterior motion sensor ____ ____ be ____ ____ meeting ____ security ____ .
 Do ____ plans allow ____ ____ use motion ____ lights ____ ____ ____ the perimeter?
 ____ the motion ____ lights fulfill ____ ____ ____ ?
 Does motion sensor ____ ____ the ____ meet ____ ____ standards?
 ____ ____ sensor lights around the ____ ____ meet the ____ ____ ?
 ____ motion ____ ____ satisfy the ____ precautions?
 ____ ____ lamps ____ the minimum ____ ?
 ____ the motion-sense ____ satisfy ____ ____ ?
 ____ it ____ ____ motion sensor ____ can ____ counted ____ meeting minimum-security ____ ?
 Is it ____ ____ motion-detection lamps can ____ ____ ____ ?
 Can perimeter ____ ____ ____ with minimum-security ____ ?
 ____ ____ ____ motion ____ lights will meet ____ security requirements?
 ____ ____ sensor lights fit the ____ ____ ?
 Do ____ ____ allow ____ ____ use ____ motion ____ lights ____ security around ____ perimeter?
 Do motion ____ ____ ____ meet minimum-security ____ ?
 ____ ____ installation of perimeter motion ____ be considered to ____ ____ ____ ?
 How ____ meeting ____ ____ security ____ set by ____ plans ____ ____ sensor ____ surrounding the ____ ?
 Do we ____ ____ ____ around the perimeter ____ ____ meet minimum ____ standards?
 ____ ____ talking about meeting the ____ ____ standards ____ forth by ____ ____ ____ the ____ sensor lights ____ the perimeter?
 ____ you mean ____ meeting the ____ security standards ____ forth in these plans ____ ____ ____ around ____ ____ ?
 ____ motion ____ ____ meet minimum-security ____ ?

_____ with _____ meet requirements?

Would _____ detecting lighting fulfill the _____?

_____ it _____ to count exterior _____ towards _____ minimum security standards?

Do _____ sensor lights count towards meeting _____?

Is it _____ have motion _____ around _____ perimeter _____?

_____ it _____ meet minimum security _____ with _____ addition of _____ sensor _____ perimeter?

Adding _____ sensor _____ guide lighting could align _____ expectations _____ the _____.

_____ motion sensor _____ meet _____ requirements?

_____ motion sensor _____ around _____ count towards _____ minimum security _____?

Will the _____ sensor lights fulfill _____ security _____?

_____ mean _____ meet _____ standards set by the plans with _____ addition _____ motion _____ lighting _____ perimeter?

Do you mean _____ meeting these minimum _____ motion _____ surrounding _____ perimeter?

_____ of motion _____ lights _____ the perimeter count?

Will _____ sensor _____ security plan _____?

Is _____ installing _____ lamps to satisfy _____ precautions?

_____ security _____ using motion sensor lights _____ is _____ you mean?

_____ the minimum security _____ set forth _____ with _____ of _____ sensor lamps?

_____ meet _____ security standards _____ you add motion _____ lamps _____ the perimeter?

Can the _____ motion sensor lighting _____ counted _____ the _____?

Does having motion _____ lights _____ the _____ count _____ meet _____?

_____ you mean _____ minimum security _____ to be met with the _____ of _____ the _____?

Is the installation of _____ sensors _____ standards?

_____ meet the blueprint's _____ security _____ if _____ lighting _____ detection?

_____ inclusion of motion-activated lights _____ meet _____ regulations?

_____ illumination _____ plan requirements?

Meeting _____ minimum _____ standards set by these _____ motion _____ surrounding _____ perimeter?

Does the presence of _____ lights _____ minimum security _____?

Do _____ motion _____ lights comply _____ minimum _____?

_____ sensor lights meet security _____?

According _____ the _____ motion sensor lights _____ the perimeter count meet _____?

_____ having _____ lights help to meet _____?

_____ the motion sensor lights in _____ standards?

Will motion _____ satisfy _____ security _____?

Will the _____ lights around _____ meet minimum security _____?

_____ by meeting the _____ standards set by the _____ with _____ lighting around the _____?

Are _____ on the _____ valid for _____?

Has _____ of motion sensor _____ around _____ counted _____ security standards?

_____ motion _____ security levels mentioned in the _____?

_____ the installation _____ sensor _____ minimum security requirements?

Can I _____ the exterior _____ sensor _____ meeting _____?

_____ lighting meet minimum _____ standards?

Are perimeter- motion _____ lights enough _____ minimum _____?

_____ it _____ count exterior _____ lighting towards the minimum-security _____?

_____ take into account having _____ sensor lighting?

How _____ the _____ security _____ with the addition _____ lamps around _____ perimeter?

How _____ minimum _____ standards _____ by _____ with the _____ sensor lights surrounding _____ perimeter?

_____ it possible _____ have _____ lights to _____ requirements?

_____ to _____ the _____ lights are valid for meeting _____ standards.

_____ by meeting _____ security standards _____ there _____ motion _____ lights outside?

Adding motion sensors _____ fit _____ with the security _____ the _____.

_____ the motion _____ lights _____ plan's requirements?

_____ sensor _____ conform _____ security guidelines?

_____ sensor lights _____ the _____ meet security standards?

Will _____ motion sensor lights around _____ security _____ my coverage _____?

Will the blueprint's minimal-security needs _____ met _____ lighting _____?

_____ motion sensor _____ meet _____?

_____ motion _____ lights _____ the _____ count to meet security _____?

_____ mean to _____ the minimum _____ set forth _____ with _____ addition of motion _____ lights _____ the perimeter?

Will _____ lighting meet the minimal-security _____ the _____?

Is perimeter-motion _____ enough to _____ the _____?

Does _____ sensor lights around _____ meet the security _____?

Can _____ installation _____ be _____ meeting of minimum security standards?

_____ possible that I _____ count motion sensor lighting towards _____?

_____ lighting _____ minimum safety requirements?

Do _____ plans allow for _____ perimeter _____ of _____ sensor lights?

_____ allow motion _____ to be _____ as security _____ around the _____?

Do _____ sensors meet _____?

_____ lights _____ movement meet the _____?

_____ motion sensor lights _____ minimum _____?

Do you mean to meet the _____ sensor lights?

Are _____ about meeting _____ standards _____ by these plans _____ motion _____ lights over _____ perimeter?

_____ count have _____ sensor _____ to _____ minimum-security standards?

Will _____ motion _____ lights _____ security plan requirements?

Will the _____ motion _____ lights _____ the _____ requirements?

Do perimeter-installed _____ meet _____ requirements _____ the policy?

_____ lightings with _____ detection _____ the _____?

In the plans _____ sensor _____ meet _____ standards?

_____ you mean _____ meet the minimum security standards _____ by the plans, _____ sensor _____?

_____ motion _____ lights at _____ perimeter _____ meet _____ security standards?

Meet _____ minimum security _____ by _____ plans with the _____ sensor _____ perimeter?

_____ there _____ around the _____ count _____ meet minimum-security standards?

_____ sensor lights _____ within the perimeter _____ requirements?

Does _____ of _____ sensor lights _____ minimum-security _____?

Is _____ possible _____ exterior motion _____ lighting _____ meeting _____ standards?

_____ having _____ sensor lights _____ the _____ the _____ security standards?

_____ motion _____ lights _____ perimeter count towards meeting _____ security _____?

_____ mean for the _____ standards _____ be _____ with the addition _____ motion _____ around the _____?

_____ motion sensor _____ near _____ perimeter count towards _____ minimum security _____?

Does having _____ sensor _____ perimeter count _____ meeting _____ standards?

_____ having motion sensor _____ the perimeter counts _____ security _____?

_____ sensor lights near _____ perimeter count toward _____ standards?

Is there _____ lights _____ that can _____ minimum security standards?

Do _____ the _____ of _____ for security around _____ perimeter?

Do you _____ the minimum _____ that there is motion sensor _____ around _____?

To _____ outlined in _____ plan, are motion sensor _____ perimeter valid?

Does _____ motion sensor _____ meeting minimum _____ standards?

Do _____ perimeter motion _____ meet _____ standards?

_____ mean by _____ minimum security standards _____ there is motion _____ near _____?

Is it _____ to count exterior _____ lighting _____ standards.

_____ perimeter motion _____ minimum security _____?

_____ sensor _____ fulfill _____ minimum security requirements in _____ plans?
_____ are _____ sensor lights on the _____ enough?
_____ mean adding _____ to the perimeter _____ minimum security standards?
_____ sensor lights _____ security requirements?
_____ safety _____ outlined _____ insurance _____ would having outdoor _____ lighting fulfill?
_____ of motion _____ lights _____ security plan _____?
_____ motion sensor _____ around _____ perimeter _____ the _____ standards?
_____ mean to _____ minimum security standards _____ the _____ with the _____ lights over the _____?
_____ you _____ security standards with the addition _____ lamps near the _____?
Has _____ been motion sensor _____ around the perimeter _____ security _____?
Do _____ to _____ standards by having motion _____ lights around _____?
Meet _____ minimum _____ standards _____ by these plans _____ lights _____ the perimeter?
Can the _____ of _____ sensors _____ as _____ minimum security _____?
_____ motion sensor _____ fulfill the _____ security requirements _____ plans?
_____ lights around the premises fulfill _____ security _____?
_____ movement _____ lighting fulfill minimum _____?
Does _____ sensor _____ minimum _____ standards?
Will there be motion _____ perimeter _____ you meet _____ standards?
_____ sensor lights around the _____ count _____ minimum-security _____?
_____ perimeter _____ sensor _____ security guidelines?
Is it _____ the exterior _____ sensor lighting _____ standards?
_____ you _____ by meeting the _____ standards set _____ plans _____ motion _____ lights around _____ perimeter?
Does having motion sensor _____ around _____ toward meeting _____ minimum _____?
Can I _____ motion sensor lighting _____ minimum-security _____?
_____ there _____ motion-sensing lights _____ meet _____?
Meeting _____ standards set _____ these plans with _____ addition _____ sensor lighting?
_____ motion _____ lights meet _____ for the security _____?
Do motion sensor lights _____ towards meeting _____?
Does having motion _____ perimeter _____ these standards?
Meeting _____ standards with _____ over the _____ is what _____ by that?
Are _____ sensor _____ for _____ security standards?
Is _____ that lights _____ meet the criteria?
Is perimeter-installed _____ sensor _____ to _____ minimum _____ requirements?
_____ motion _____ lights fulfill security _____?
_____ I consider _____ motion sensor lighting _____ minimum _____?
Do motion _____ lights _____ the _____ count _____ meeting _____ security _____?
_____ the _____ sensor _____ installed around the property _____ minimum _____ standards?
Does _____ motion sensor _____ around _____ count for meeting the _____?
Does _____ motion sensor lights _____ on _____ perimeter _____ security _____?
Do _____ meet those minimum _____?
Are _____ enough to meet minimum security _____?
Are _____ talking _____ the _____ security standards set by _____ plans _____ motion _____ the perimeter?
Is _____ lights _____ perimeter enough for _____ requirements?
Will the motion sensor lights _____ count meet _____?
_____ perimeter-motion activated lights _____?
_____ you mean _____ meeting the minimum _____ standards _____ by _____ with _____ addition of _____ lights around _____?
Will _____ needs _____ met _____ all-around lighting _____ motion detection?
_____ there is motion _____ lights _____ the perimeter by meeting _____ minimum _____?
_____ the blueprints minimal _____ needs be _____ all _____ motion detection?
_____ motion _____ lights _____ perimeter _____ to meet minimum _____ standards?

Do motion sensor _____ perimeter _____ security requirements?
 Is _____ possible _____ perimeter-installed _____ meet minimum-security requirements?
 _____ you _____ meet _____ standards by using the motion sensor _____ perimeter?
 _____ the _____ sensor lights _____ security _____ in _____ plans?
 _____ sensor lighting _____ counted towards meeting minimum _____?
 _____ motion detector lamps _____ minimum _____ here?
 _____ sensor lights _____ minimumsecurity guidelines?
 Can _____ installation _____ motion _____ minimum-security requirements?
 _____ security _____ my insurance _____ is _____ lights on the perimeter valid?
 _____ plans _____ motion sensor lights _____ security around _____?
 _____ meet _____ security _____ with the addition of _____ lighting surrounding the _____?
 Can motion _____ lights _____ the _____?
 _____ perimeter-based _____ meet plan _____?
 Does _____ lights around _____ perimeter count _____ minimum security _____?
 Do the motion sensor _____ around the _____ minimum _____?
 Do _____ sensor _____ conform with _____?
 _____ perimeter-installed _____ sensor lights _____ with minimum-security _____?
 Can the exterior motion _____ lighting _____ counted _____ standards?
 Can the _____ meet minimum _____?
 Will _____ comply _____ security plans?
 Is _____ possible for _____ sensor lighting _____ meeting minimum security _____?
 Do motion _____ around the perimeter count meet _____ plans?
 Do _____ lights around _____ count _____ meet minimum _____?
 Is it _____ that outdoor movement- detecting _____ would _____?
 _____ allow for _____ lights as _____ around the perimeter?
 Do you mean to _____ minimum security _____ established _____ the _____ addition _____ motion sensor _____ around _____?
 _____ detector lamps be _____ to satisfy the _____?
 _____ lights satisfy _____ requirements?
 _____ the _____ around the premises _____ criteria _____ my plan?
 Does _____ sensor lights around _____ count for _____?
 Do the _____ allow _____ around the _____ through _____ sensor _____?
 Can I _____ lighting towards meeting _____ security _____?
 Do you mean that _____ sensor _____ perimeter _____ order to meet _____ standards?
 Do _____ mean _____ meeting the minimum _____ standards that there _____ within _____?
 Does _____ motion sensor _____ the _____ towards _____ standards?
 Will _____ lights meeting _____ security plan _____?
 _____ you mean _____ minimum security _____ the addition of _____ outside?
 _____ having motion _____ near the perimeter count _____?
 _____ sensor lighting be counted _____ meeting minimum-security _____?
 _____ by meeting the _____ security standards _____ plans, with motion _____ lighting around the _____?
 Do the _____ allow _____ measures around the perimeter _____ motion _____?
 Do the _____ allow _____ measures around the _____ using motion _____?
 Can _____ activated lights _____ considered enough _____ minimum _____?
 Is _____ sensor _____ to _____ minimum-security standards?
 _____ sensor lighting _____ towards meeting security standards?
 Will _____ security _____ be _____ if _____ are installed?
 "Do _____ mean _____ minimum _____ standards set _____ by _____ the addition of motion sensorlights around _____"
 _____ motion sensor lights on the _____ for _____ security _____?
 _____ about _____ minimum security _____ motion sensor lighting around the _____?

_____ installing _____ lamps _____ the minimum _____?
 Can motion _____ be installed _____ compliance _____ minimum _____?
 Is _____ going _____ fulfill the minimum security _____?
 _____ motion _____ lights _____ count _____ meeting the _____ security standards?
 Could _____ detecting _____ fulfill minimum _____?
 Do perimeter motion _____ with _____?
 With the _____ perimeter, _____ you _____ to meet the minimum _____ standards?
 Is having _____ lights _____ the perimeter _____ to _____ minimum security _____?
 _____ motion _____ lights _____ with _____ guidelines?
 I want _____ motion _____ lights _____ fulfill security _____.
 _____ there _____ motion sensor lights on _____ perimeter _____ security _____?
 _____ motion _____ lights _____ perimeter to meet security _____?
 Should motion _____ lights _____ counted as _____ standards?
 Do _____ mean _____ the minimum _____ that there _____ motion sensor _____ along _____?
 Does motion _____ lights _____ the perimeter count _____?
 Does _____ motion sensor _____ around perimeter _____ meeting _____?
 Does having _____ sensor lights _____ the perimeter _____ meet the _____ plans?
 _____ motion sensor _____ by the perimeter count _____ minimum _____?
 Would the _____ detector lighting _____ minimum _____?
 _____ motion sensor _____ meet _____ security requirements?
 Does having _____ around the _____ count toward _____ security _____?
 _____ plans _____ minimum _____ that _____ sensor lights _____ the perimeter.
 Do _____ motion _____ security standards?
 Is there motion sensor _____ the minimum _____ standards?
 _____ you _____ to meet the minimum security standards established by the _____ surrounding _____?
 _____ we consider _____ installation of perimeter _____ to meeting _____?
 Does _____ sensor lights in _____ meet _____ standards?
 Do _____ mean to _____ the minimum security standards _____ the plans _____ addition _____ the perimeter?
 Will the installation _____ motion _____ lights _____ security requirements?
 Do you _____ to meet the minimum security _____ having motion _____?
 Can _____ consider _____ installation _____ motion _____ as meeting minimum _____?
 _____ motion sensor _____ the premises fulfill _____ security _____ the coverage _____?
 _____ with _____ detection fulfill _____ measures?
 _____ you _____ meeting the _____ set _____ these plans _____ the motion sensor lights _____ the _____?
 Can _____ sensor lighting _____ minimum security standards?
 _____ motion-sensing lights be used _____ requirements?
 _____ there motion _____ the perimeter _____ to _____ minimum security?
 Is _____ to _____ sensor _____ meeting minimum security standards?
 Do you _____ the minimum _____ set by _____ with motion _____ lamps?
 Will the _____ plan _____ be met _____ of _____ sensor _____?
 _____ lamps _____ to meet the minimum precautions?
 Do you mean _____ that _____ are _____ sensor lights _____ the perimeter?
 _____ the _____ sensor lights meet _____ minimum _____ standards?
 _____ motion sensor _____ outside count _____ meeting _____ security _____?
 Does having motion sensor _____ the _____ meeting minimum _____?
 Can _____ sensor lighting toward meeting _____ standards?
 Can _____ consider _____ motion _____ be in compliance _____ security standards?
 _____ the _____ motion _____ lights _____ security requirements?
 Do the _____ of _____ sensor _____ for _____ security?
 _____ having _____ sensor _____ around the perimeter count towards _____ security standards set _____ in _____?

Do you mean ____ meet ____ security standards ____ to the ____?

I wonder ____ motion sensor lighting can ____.

____ count exterior motion ____ lighting toward ____ security ____?

Do ____ mean to ____ the ____ security standards set ____ plans ____ motion ____ the perimeter?

Do you mean ____ the ____ set ____ the ____ with motion ____ lighting ____ the perimeter?

____ blueprints' minimal-security ____ if all-around ____ uses motion detection?

"Do ____ mean by ____ security ____ by ____ of motion sensor lights around the perimeter? "

____ motion detection, will ____ meet the minimal-security ____?

Will the ____ sensor ____ security plan ____?

Adding ____ lights ____ will ____ minimum ____ standards set by these plans.

Does ____ motion ____ around ____ perimeter ____ the standards?

Do perimeter ____ sensor ____ standards?

____ the ____ set ____ plans with the addition of ____ lights?

Will ____ lights ____ requirements?

____ security ____ requirements ____ met by ____ motion sensor ____?

Does having motion ____ at ____ perimeter ____ security ____?

Does the ____ motion ____ lights meet ____?

____ is ____ sensor ____ surrounding ____ if you mean ____ the ____ security standards.

Does ____ lights meet ____ in ____?

____ sensor ____ meet ____ rules in ____?

____ you mean ____ the ____ security ____ of the plans ____ the ____ sensor ____ around the perimeter?

____ lights ____ meet safety requirements?

____ you talking about meeting the minimum ____ standards with ____ of ____?

Do you ____ security standards to ____ met ____ the ____ of ____ lamps?

Does having motion ____ around the ____ minimum security ____?

Does ____ motion ____ around the ____ meet the minimum security ____?

Are motion sensor lights on ____ for ____?

____ possible ____ install ____ sensor lights ____ minimum security requirements?

____ you ____ the minimum security ____ set ____ these plans with ____ sensor ____ over ____?

Does having ____ sensor lights ____ the ____ count ____ meeting ____?

Is it ____ to ____ sensor lighting towards ____?

____ the ____ requirements ____ satisfied ____ having ____ lights?

____ perimeter- ____ activated lights ____ meet minimum ____ criteria?

____ lights around the perimeter to meet ____?

____ lights ____ the perimeter ____ meet security standards?

Will it meet ____ minimal-security needs ____ the ____ uses ____ detection?

____ it possible motion sensor ____ meet ____?

Will the ____ from ____ motion detector ____ security ____?

I ____ if ____ sensor ____ around the ____ minimum ____ standards.

____ motion ____ lights comply ____ minimum security ____?

____ motion sensor lights meet ____?

Do you ____ the ____ security standards when using ____ sensor ____ around ____?

Do ____ motion ____ installed ____ the ____ meet minimum security ____?

Does having motion ____ lights ____ the perimeter ____ the ____ the plans?

Does the motion ____ meet the ____ standards?

____ the motion sensor ____ meet the minimum-security ____?

____ motion ____ lights been ____ around ____ perimeter ____ to ____ minimum security ____?

Is ____ to meet minimum ____ criteria?

____ motion sensor ____ I ____ the property meet minimum ____?

Is ____ perimeter motion ____ with ____ security guidelines?

____ having motion ____ to ____ security requirements?
 Do ____ to ____ set by the plans with ____ sensor ____ over the perimeter?
 ____ minimal-security needs be ____ if all-around ____ motion detection?
 ____ mean ____ minimum ____ standards set by ____ the addition of ____ sensor ____ the perimeter?
 ____ the motion ____ lights around ____ count ____ meeting ____ standards?
 Do you ____ meet ____ security standards with the addition of ____ ?
 ____ minimum-security ____ by using perimeter ____ sensors?
 Is installing motion ____ to ____ security requirements?
 ____ mean to meet ____ security ____ with the ____ of ____ sensor ____ ?
 Are ____ talking about ____ the ____ security standards ____ by ____ with ____ of motion sensor ____ ?
 ____ installing motion sensor ____ minimum ____ ?
 Do you mean to ____ minimum ____ by ____ sensor ____ ?
 How ____ motion sensor lights ____ minimum ____ ?
 Does having motion ____ lights ____ the ____ minimum security ____ ?
 Do ____ meeting the minimum security ____ set ____ by the plans ____ of ____ lighting ____ perimeter?
 Will ____ meet the blueprint's security ____ if ____ motion ____ ?
 ____ you ____ that ____ minimum security standards ____ with the addition of ____ sensor ____ around ____ ?
 My ____ plan outlines ____ so are ____ sensor lights ____ valid?
 ____ it ____ minimum ____ standards with ____ addition of ____ sensorlights around ____ perimeter?
 Will the motion ____ requirements?
 Should ____ perimeter-installed ____ the minimum security requirements?
 Does ____ have ____ motion sensor ____ minimum-security requirements?
 ____ perimeter motion ____ lights meet ____ security ____ ?
 ____ detection lighting meet ____ requirements?
 ____ you ____ to ____ standards, with the addition of ____ lighting?
 What ____ the minimum security standards ____ these ____ motion sensor lights ____ the ____ ?
 ____ you ____ minimum ____ standards with the ____ sensor lights over ____ perimeter?
 ____ installation of ____ lights meet ____ security requirements?
 ____ to ____ minimum security standards set forth in ____ plans with ____ sensor lights ____ the ____ ?
 Do ____ guidelines ____ to ____ lights?
 Is ____ motion sensor ____ up to the ____ ?
 Is having motion ____ perimeter ____ to meet ____ standards?
 Is ____ sensor lights ____ perimeter ____ meet minimum security ____ ?
 ____ motion ____ around the ____ count towards meeting security ____ ?
 ____ presence of motion sensor ____ count towards meeting ____ standards?
 Will ____ install ____ motion ____ fulfill minimum-security ____ ?
 Is ____ lights around ____ perimeter ____ security standards?
 Do ____ mean ____ is motion sensor ____ surrounding the ____ meet minimum security ____ ?
 ____ it meet minimal-security needs ____ lighting ____ motion ____ ?
 Is ____ sensor lights ____ the perimeter ____ meeting ____ security ____ ?
 ____ you ____ minimum security standards set by these ____ with the ____ lights over ____ ?
 Does having ____ sensor lights ____ the perimeter count ____ ?
 Can the ____ sensors ____ in meeting minimum security ____ ?
 ____ sensor lights ____ the perimeter ____ ?
 ____ motion sensor lights around ____ minimum security standards?
 ____ the ____ permit ____ use of motion ____ perimeter security?
 Do ____ mean to ____ security standards by ____ the perimeter?
 Do ____ motion sensor lights ____ ?
 ____ lights ____ movement ____ the requirements?
 Does ____ motion-sensitive lights ____ ?

Does having _____ the _____ count towards met _____ standards?
_____ you mean _____ the minimum _____ standards set _____ the plans _____ the perimeter?
_____ having _____ sensor _____ around the _____ meeting minimum _____ standards?
_____ the _____ the use _____ sensor lights to secure _____?
Is the _____ sensor lights _____ with _____ plan _____?
Do _____ mean _____ minimum security standards set by the plans _____ the addition _____ perimeter?
_____ motion _____ lights _____ required security _____?
Does having _____ lights _____ perimeter _____ meet _____ requirements?
_____ wonder _____ I can _____ sensor lighting _____ meeting _____ security standards.
_____ the _____ sensor lights _____ perimeter comply with minimum security _____?
Can _____ perimeter _____ movement _____ qualify?
_____ motion sensor lights _____ the plans meet _____?
Does having _____ sensor _____ around _____ really _____?
_____ meeting _____ security standards if there _____ sensor lights around _____ perimeter?
Meeting the minimum security standards _____ these _____ lights _____ the _____?
Do you _____ the minimum _____ standards set _____ by these _____ surrounding the _____?
_____ having motion sensor lights _____ perimeter _____ meet _____ standards?
_____ safety standards outlined _____ the _____ would _____ outdoor _____ detecting _____ fulfill?
Do you _____ to _____ minimum security _____ out by _____ plans _____ of motion _____ lamps?
Do motion _____ lights _____ the _____ meeting these minimum-security _____?
Is _____ to _____ lights around _____ premises to _____ security criteria?
_____ outdoor _____ lighting _____ minimum _____ requirements?
_____ the motion sensor _____ security plan _____?
_____ meeting the minimum _____ standards set _____ these plans _____ the addition _____ motion sensor _____?
Do you _____ the minimum security standards set _____ these _____ addition of _____ lamps _____ the _____?
_____ sensor lights around the _____ meet _____ security _____?
_____ perimeter _____ be considered _____ minimum-security _____?
Would outdoor movement detecting _____?
_____ if motion sensor _____ perimeter _____ valid for meeting _____ standards.
_____ sensor _____ meet security _____ requirements?
Is _____ lights around the perimeter to _____ minimum _____?
Do _____ mean meeting _____ security _____ by _____ sensor lights over the perimeter?
Wouldn't outdoor movement-detecting _____ fulfill _____?
Do _____ mean _____ minimum security _____ set _____ the _____ with motion _____ the perimeter?
Does having _____ sensor _____ around the perimeter _____?
Is _____ installation _____ motion _____ going _____ minimum security requirements?
_____ motion sensor _____ premises fulfill _____ security criteria?
Meeting _____ security standards with the _____ motion _____ the _____ is _____ you _____?
Will _____ sensor _____ around the _____ the _____ mentioned in _____ plan?
_____ motion sensor _____ in the plans _____ with _____?
_____ motion _____ considered to meet minimum security _____?
_____ motion _____ minimum security standards?
_____ rules _____ motion sensor lights _____?
_____ lamps satisfy _____ precautions?
_____ mean _____ the _____ standards _____ by these plans with motion _____ lights surrounding the _____?
Does _____ satisfy minimum precautions?
Is it possible to _____ motion _____ the perimeter count _____ the _____?
_____ meeting the minimum _____ with the addition of motion sensor _____?
_____ perimeter-installed motion sensor _____ security requirements?
_____ sensor _____ fulfill _____ security standards?

_____ wonder if the motion _____ on the _____ meeting minimum _____ standards.
 Is _____ sensor lights around _____ perimeter to meet _____ standards?
 Should _____ sensor _____ located around _____ to meet security _____?
 Do _____ motion activated _____ criteria?
 Does _____ motion sensor lights around _____ minimum _____ standards?
 _____ mean to meet the _____ standards _____ the _____ sensor _____?
 Meet the minimum security standards _____ by these plans _____ addition _____ motion _____?
 Do _____ by _____ minimum _____ standards set by _____ with the _____ lights _____ the perimeter?
 Do perimeter-installed motion _____ lights _____?
 Do _____ motion _____ lights _____ with _____?
 Does _____ lights _____ perimeter _____ toward _____ minimum security standards?
 Can _____ detection lightings fulfill _____?
 _____ lights at the _____ meet _____ standards?
 Is motion sensor _____ helpful _____ meeting _____ rules _____?
 Is _____ possible that _____ detection lamps can _____?
 Can perimeter installed _____ security requirements?
 _____ talking _____ meeting minimum _____ with the _____ of motion _____ lights _____ perimeter?
 Will _____ around _____ premises fulfill security _____ outlined _____ my _____?
 Do you _____ meet _____ minimum _____ standards set _____ these _____ with the addition _____ motion sensorlights _____?
 _____ the inclusion _____ motion-activated lights _____?
 Does _____ lights around _____ perimeter count towards _____ minimum-security _____?
 _____ referring _____ meeting _____ minimum security _____ set _____ by _____ plans with the motion _____ over the _____?
 Are you talking _____ the minimum security _____ forth by these _____ the addition _____?
 Does the _____ motion _____ lights at _____ count _____ security standards?
 Does having motion _____ lights _____ perimeter count _____ plans?
 _____ the motion _____ lights _____ around the property _____ security standards?
 Do _____ motion _____ lights around _____ perimeter count _____ meeting _____ standards?
 Does _____ movement _____ lighting fulfill _____ safety _____?
 _____ motion sensor lights meet _____?
 _____ lights help to meet _____?
 Is it _____ to meet minimum security _____ with _____ the _____?
 _____ the motion _____ lights _____ the premises _____ security _____ stated in _____ coverage _____?
 _____ motion sensor _____ around the _____ count _____ security _____?
 _____ of _____ sensor _____ count towards meeting minimum-security _____?
 Can _____ motion sensor lighting _____ minimum security _____?
 _____ you mean _____ the _____ standards by _____ lights over the perimeter?
 Does _____ motion sensor _____ really _____ towards security standards?
 _____ you _____ to meet _____ minimum security standards _____ sensor lighting _____ the _____?
 _____ you mean _____ the _____ security _____ by the plans, _____ sensor lighting around the _____?
 _____ possible to _____ the _____ sensor lighting towards _____ minimum security _____?
 _____ motion _____ lights around _____ perimeter meet minimum-security _____?
 Is _____ motion _____ lights around the _____ to _____ minimum security _____?
 Do _____ comply with security _____?
 _____ the installation _____ meeting minimum-security standards?
 Do the perimeter motion sensor _____ minimum _____?
 _____ having motion sensor _____ around _____ count _____ minimum-security _____?
 Does _____ sensor-operated _____ satisfy _____?
 Will _____ sensor _____ with _____ security _____?
 _____ installation _____ perimeter _____ considered as meeting minimum _____ standards?
 _____ perimeter motion sensor lights _____?

Meeting minimum ____ standards ____ motion ____ the ____ is what ____ mean?
 ____ the ____ authorize using motion sensor ____ around ____ perimeter?
 Do perimeter-installed ____ sensor lights ____ the ____ requirements in ____?
 Would ____ fulfilled by ____ outdoor movement- detecting ____?
 ____ if ____ sensor ____ perimeter ____ valid for ____ minimum security standards.
 Does having motion ____ lights ____ perimeter count ____?
 I would like ____ if ____ sensor lights on the ____ are ____ security ____.
 ____ movement detecting ____ fulfill minimum safety ____?
 Do ____ meet minimum-security ____ outlined ____ the plans?
 Can ____ satisfy ____ requirements?
 Do ____ sensor ____ meet safety ____?
 Does ____ use ____ motion sensor ____ around ____ perimeter ____ meeting minimum ____?
 Can exterior motion ____ meeting ____ be counted?
 Does ____ motion ____ lights around the perimeter count ____ these plans?
 Should motion sensor ____ be counted ____ meeting ____ standards?
 ____ having motion sensor ____ standards?
 Is the motion ____ towards ____ minimum-security ____?
 ____ mean to meet ____ set ____ these plans, with motion sensor ____ around the ____?
 ____ the minimum security ____ forth by these plans ____ the ____ of ____ sensor lighting ____ is ____ mean?
 Do motion ____ lights around ____ perimeter ____ standards?
 ____ lights with ____ detection ____ considered?
 ____ you ____ minimum security ____ that are ____ by these ____ with the addition ____ sensor lamps?
 ____ the installed ____ sensor lights fulfill ____?
 ____ the motion sensor lights ____ perimeter ____ standards?
 ____ having motion sensor lights ____?
 Would ____ lighting ____ safety requirements?
 ____ having motion sensor lights around ____ perimeter ____ these ____?
 Do ____ plans allow ____ motion ____ adequate security around the perimeter?
 ____ you mean ____ the minimum ____ set ____ these plans, ____ sensor lights around the ____?
 ____ mean ____ minimum ____ standards ____ in the plans ____ the motion sensor lights ____ the ____?
 ____ motion ____ lights ____ the ____ with minimum ____ standards?
 ____ sensor lights meeting minimum ____?
 ____ the addition of motion ____ the ____ mean to ____ the minimum ____?
 Is ____ lights around the perimeter ____?
 ____ the ____ lights installed ____ the minimum ____ requirements?
 Is it possible that motion ____ will ____?
 ____ the motion ____ lights ____ perimeter count towards ____ security ____?
 ____ that the ____ motion ____ lighting ____ minimum security standards?
 ____ the ____ motion sensors to ____ meeting ____ minimum security standards?
 Does ____ lights ____ security ____?
 ____ motion ____ around the ____ fulfill the ____ security criteria in ____?
 Minimum safety ____ outlined ____ insurance policy ____ lighting fulfill?
 Is ____ lights ____ required ____ levels?
 Do ____ lights meet ____ security ____.
 Do you mean ____ minimum security standards set ____ plans ____ motion sensor ____?
 Does having ____ sensor ____ at the ____ count for ____?
 Do ____ fit ____ with minimum-security ____?
 ____ sensor lights ____ perimeter ____ meeting minimum security?
 Would ____ movement-detecting ____ minimum safety ____?
 Does meeting minimum ____ having motion sensor ____ perimeter?

Can ____ motion ____ considered ____ minimum-security standards?

Is motion ____ on ____ enough for ____ security?

____ using ____ around the ____ count ____ minimum security standards?

Is the motion sensor lights ____ meet ____?

____ meet ____ blueprints minimal-security ____ if ____ uses motion detection?

Has ____ been ____ around the perimeter to meet ____?

____ you ____ to ____ the ____ security ____ by these plans with ____ motion sensor ____?

Will installing ____ lights fulfill minimum ____ these ____?

____ for the minimum security ____ be met with the ____ the perimeter?

Will perimeter ____ sensors ____ security ____?

Does ____ motion ____ lights ____ guidelines?

____ lights help meet the ____ security standards?

Will minimum-security requirements be ____ the ____ lights?

____ having ____ sensor ____ surrounding ____ perimeter ____?

____ mean by ____ there is motion sensor lights near the ____?

Do ____ mean ____ meeting the ____ security ____ set ____ by these ____ motion sensor ____ around ____?

____ motion ____ lights ____ minimum ____ standards?

Will outdoor ____ fulfill ____ requirements?

I ____ motion ____ lighting can ____ counted ____ meeting ____ standards.

____ are ____ sensor lights ____ perimeter, are they ____ for meeting ____ security ____?

Do ____ allow use of ____ adequate security around the ____?

____ perimeter motion ____ standards?

____ motion ____ lights ____ security ____?

Do ____ sensor ____ around the ____ count ____ security ____?

Will motion-sensitive ____ satisfy ____?

Do you ____ meeting the ____ standards set forth ____ these plans ____ addition of motion ____?

____ having motion ____ in the perimeter count ____ minimum ____?

____ the ____ around the perimeter ____ meet minimum-security ____?

Can ____ sensor ____ the ____ levels?

____ you ____ meeting ____ security standards, that ____ motion sensor ____ the perimeter?

Do perimeter-installed ____ minimum security ____?

Does ____ motion sensor lights ____ meeting ____ standards?

____ motion sensor lights ____ security ____?

Do ____ lights in ____ towards meeting minimum ____ standards?

____ the ____ perimeter motion ____ be ____ as meeting minimum-security ____?

Is ____ motion sensor ____ surrounding ____ perimeter ____ you ____ meeting ____ minimum ____ standards?

Do you ____ to meet the ____ security ____ lights?

Is the motion ____ lights ____ the ____ meeting security ____?

____ you mean to ____ the ____ security ____ set ____ by ____ plans ____ addition of motion ____ lighting ____ perimeter?

Can I ____ exterior ____ lighting to ____ minimum ____?

Does ____ motion ____ lights around ____ minimum standards?

____ the minimum ____ these plans with ____ addition of ____ sensor lights around ____ is ____ you ____?

Will the motion detector ____ security ____?

Does the use ____ motion ____ meet ____ standards?

____ motion- ____ lights ____ the ____ tick off ____ requirements?

____ the minimum ____ by these plans with ____ lights ____ the ____ is what ____ mean?

____ having motion sensor ____ the perimeter count as ____?

____ meeting the minimum ____ standards set ____ plans with the motion sensor ____ around ____?

Does having ____ sensor lights around ____ minimum-security standards?

____ you ____ meeting ____ minimum security standards ____ in the ____ with the ____ of ____ lighting ____ perimeter?

____ motion sensor lights ____ the premises fulfill ____ my ____?
 ____ perimeter- motion activated ____ meet ____?
 If all-around ____ will ____ the minimal security needs of ____?
 ____ you mean by ____ the ____ set by the ____ with ____ sensor lamps ____ perimeter?
 Is ____ with ____ standards ____ installing perimeter light ____ according to ____ plan?
 ____ sensor lights fulfilled ____ security ____?
 Do ____ meet ____ security standards?
 Does ____ lights around the ____ meet minimum ____?
 ____ the ____ have motion ____ lights ____ the minimum ____ standards?
 ____ the ____ sensor lights ____ perimeter be considered ____ meeting ____ standards?
 ____ you ____ to meet the minimum security ____ with ____ the ____?
 Do you mean ____ meeting minimum ____ standards ____ by ____ plans ____ the ____ surrounding ____ perimeter?
 Do you ____ meet minimum ____ when ____ add motion ____ lights to ____?
 Is there ____ surrounding the ____ if ____ meeting the minimum ____?
 ____ include ____ sensor ____ meeting minimum security standards?
 Can ____ lights ____ security requirements?
 Do ____ to ____ security standards ____ the plans ____ of motion sensor lights?
 Do ____ mean ____ meet the ____ set forth ____ these plans ____ motion sensor ____ surrounding ____?
 Does ____ lights help meet ____ minimum ____ standards?
 Will the ____ of ____ fulfill ____ requirements?
 Do ____ fulfill required ____?
 Is the ____ these plans ____ with ____ standards?
 Are ____ standards by adding motion sensor ____ around ____ perimeter?
 ____ movement detecting lighting ____ minimum safety ____?
 ____ motion- Activated lights around ____ property tick ____?
 ____ you ____ to ____ security standards set ____ with the ____ motion sensor lights?
 Are you ____ about ____ minimum ____ standards ____ addition of ____?
 Do ____ to ____ minimum security ____ lights around the perimeter?
 Is there ____ lights around ____?
 Can ____ security requirements?
 Do you ____ the minimum security standards set ____ with ____ sensor lights ____ the ____?
 Do ____ meeting the ____ security standards ____ by ____ plans, with ____ motion sensor lighting around ____?
 ____ the plans, ____ the ____ sensor ____ around ____ perimeter ____ meet minimum security ____?
 Does ____ installation ____ lamps satisfy minimum ____?
 ____ sensor lights ____ meet security criteria in ____ coverage ____?
 ____ motion-detector ____ be installed ____ the minimum ____?
 Does having ____ sensor lights ____ perimeter ____ meeting minimum-security ____?
 Do you mean by meeting the minimum ____ with ____ of motion sensor lights ____ perimeter?
 Do you ____ to meet the minimum ____ standards set ____ motion ____?
 ____ you mean to ____ the minimum security standards set forth in the ____ the ____ perimeter?
 Does having motion ____ meet the ____ standards?
 Does having ____ sensor ____ in ____ perimeter meet ____?
 ____ to ____ should there ____ sensor ____ around the perimeter ____?
 Do motion ____ count towards ____ security standards in ____?
 ____ motion sensor lights ____ count ____ security standards?
 ____ count motion ____ towards the minimum-security ____?
 ____ motion ____ lights installed ____ the ____ meet ____ minimum ____ requirements?
 Do motion ____ lights in ____ perimeter ____ towards ____?
 Can ____ motion ____ security standards?
 ____ minimum-security ____ fulfilled ____ motion sensor lights ____ installed?

Is _____ of _____ to _____ safety regulations in this _____?

_____ sensor lights around the perimeter _____ security _____?

Are you _____ about meeting _____ security standards set _____ by _____ with _____ sensor lights _____ the _____ detector lights _____ the _____ security _____?

Can _____ the _____ of perimeter _____ sensors _____ meet the minimum _____ standards _____ plans? _____ sensor lights _____ perimeter count to meet minimum _____?

Can perimeter _____ sensors be _____ minimum-security _____?

Do _____ meeting _____ security standards _____ plans, with the _____ sensor lights surrounding the _____? _____ know if motion sensor _____ perimeter are _____ meet minimum _____ standards. _____ motion sensor lights _____ the perimeter _____ towards meeting _____ minimum _____?

Will _____ lighting _____ motion detection _____ the security _____ the _____? _____ lights comply with _____ plan _____?

_____ have motion sensor _____ around _____ count?

Does _____ motion sensor lights _____ the _____ satisfy _____?

_____ to meet _____ standards by adding motion _____ around the perimeter?

Can _____ installing _____ satisfy _____ precautions?

_____ mean to _____ minimum _____ having motion sensor _____ the perimeter?

_____ the _____ of motion sensor lights _____ the _____ security _____?

_____ mean to _____ the _____ security standards _____ with motion _____ lights?

Do _____ motion sensor _____ minimum _____?

Does _____ of motion-activated lights _____ regulations?

_____ perimeter _____ work for minimum-security _____?

Do you _____ meet these _____ standards _____ addition _____ motion sensor _____?

Do _____ mean to _____ the _____ standards, _____ around the perimeter?

If _____ motion detection _____ meet the _____ needs of the _____?

_____ you _____ for the minimum security _____ to _____ met with _____ lights _____?

_____ motion sensor lights _____ valid _____ minimum security _____?

By meeting _____ security standards, do you _____ sensor _____ surrounding _____?

Will _____ sensor _____ the premises fulfill _____ criteria?

Meeting _____ minimum _____ standards _____ by _____ plans _____ addition of motion sensor lamps _____ what _____?

Do you _____ meet the _____ standards by _____ sensor _____?

_____ the motion _____ be _____ towards meeting minimum-security _____?

Do perimeter motion _____ meet _____?

_____ sensor lights around the _____ count comply _____ standards?

_____ it _____ that outdoor _____ fulfill minimum safety requirements?

_____ we _____ the installation of _____ sensors to _____ standards?

_____ detecting _____ fulfill minimum _____ requirements?

Can the _____ sensor lighting be _____ the _____?

Is _____ possible that _____ sensor lights _____ security _____?

_____ there _____ sensor lights _____ the _____ if _____ meeting _____ security standards?

_____ there motion _____ lights around the perimeter _____ standards?

_____ the addition of motion sensor _____ perimeter, do you _____ security _____?

_____ the presence _____ lights around _____ count as meeting security _____?

Is _____ lights enough to meet _____?

_____ perimeter motion sensor _____ compliance _____ guidelines?

Do _____ sensor _____ comply _____ guidelines?

Does having _____ sensor _____ around _____ count towards _____ standards?

I'm _____ motion sensor _____ on _____ are _____ for _____ minimum security standards.

Do the _____ sensor lights around _____ count _____ meeting _____ security _____?

Would outdoor _____ lighting _____ safety _____?

Will motion _____ around _____ fulfill _____ security criteria included in _____?

_____ motion _____ lights along _____ count _____ meeting security standards?

_____ mean to meeting the _____ security _____ the addition of motion sensor lights?

Do perimeter-installed motion sensor _____?

_____ having _____ lights around the perimeter _____ security _____?

_____ around _____ perimeter to _____ minimum security standards?

Do _____ to _____ the minimum _____ standards set _____ the plans with _____ sensor _____ over _____?

Is it possible _____ motion _____ the perimeter _____ standards?

Do _____ minimum security standards _____ forth by the plans with _____ lights _____ the _____?

_____ that _____ that detect movement would _____ criteria?

_____ you mean _____ meet _____ minimum security standards established _____ plans with the _____ over _____?

Do _____ the perimeter count _____ minimum security standards?

Do _____ the minimum _____ by _____ plans with _____ motion _____ around the perimeter?

Will the _____ sensor _____ the _____ security requirements?

_____ you mean by _____ standards set by the _____ motion _____ lights _____ the _____?

Can perimeter motion _____ be _____ meeting _____ standards?

Do the _____ allow _____ security _____ the _____ with _____ use _____ sensor lights?

_____ sensor lights meet _____?

_____ it _____ count _____ sensor _____ towards _____ the _____ security standards?

_____ the motion _____ lights _____ minimum security _____?

_____ you _____ minimum _____ standards set _____ by _____ plans with the _____ motion _____ lights around the perimeter?

Is the _____ by _____ sensor lights _____ valid for _____ standards?

Is there _____ sensor lights _____ counted to _____ minimum _____?

Are you _____ meeting the _____ set forth by _____ plans with the addition _____?

_____ the motion _____ lights _____ the _____ count meet _____ security _____?

_____ are _____ sensor lights on _____ for meeting minimum _____ standards?

Does having _____ sensor _____ around _____ perimeter _____ towards _____ standards.

_____ motion _____ lights _____ the premises _____ with security _____?

_____ motion sensors fit _____ security _____?

Will the motion sensor _____ the _____ fulfill _____?

_____ minimum security _____ with _____ lamps around the _____ is what you _____?

_____ mean by _____ minimum _____ standards there is _____ lights around _____ perimeter?

Will _____ lighting _____ blueprints _____ needs _____ uses motion detection?

_____ we _____ motion _____ around the perimeter count to _____ security _____?

Is _____ motion sensor _____ meet minimum _____ requirements?

Do _____ security standards with the _____ of motion _____ lights?

_____ motion sensor _____ requirements?

Can _____ installation of perimeter motion _____ be _____ minimum _____?

_____ you mean _____ the minimum _____ standards set _____ the plans _____ the _____ sensor _____ the _____?

Does _____ motion _____ meet minimum _____?

_____ the motion _____ around the _____ security criteria?

_____ having _____ sensor lights _____ a _____ towards meeting minimum-security _____?

Meeting _____ minimum _____ set forth by _____ with the _____ sensorlights?

Do you _____ to meet _____ the addition of _____ the perimeter?

_____ the _____ sensor _____ meet _____ security standards?

_____ minimum _____ standards _____ the _____ sensor _____ the perimeter _____ what you _____ that?

Do perimeter _____ meet _____?

_____ with motion _____ fulfill _____?

Does _____ motion sensor lights around the _____ security?

_____ sensor lights _____ minimum-security standards?

_____ motion _____ help meet safety _____ in _____?

Do _____ motion _____ lights meet _____ requirements?

_____ perimeter-installed _____ lights compliant with minimum _____?

_____ the _____ plan _____ be met _____ installing motion _____?

_____ installing _____ sensor lights _____ security _____?

On _____ are motion sensor _____ meeting minimum _____ standards?

Are you _____ meeting the _____ security _____ with _____ motion _____ surrounding _____ perimeter?

Are perimeter-installed _____ compliant _____ minimum-security _____?

Do _____ plans _____ for enough security _____ perimeter _____ the use of _____?

Does having motion _____ perimeter contribute _____ meeting _____ security _____?

_____ including _____ motions _____ safety regulations?

Will _____ minimal-security needs _____ met _____ detection lighting?

_____ you mean by meeting _____ minimum security _____ set _____ these plans, _____ of _____ sensorlights _____ the _____?

_____ perimeter _____ sensor lights _____ standards?

Do you _____ to achieve _____ with the _____ motion _____ lamps?

_____ standards with the addition _____ lighting around _____ perimeter?

_____ the motion _____ lights around the _____ security _____?

_____ having motion sensor lights _____ the _____ count _____ plans?

_____ movement- detecting lighting fulfill _____ standards?

Do _____ to meet the minimum security _____ the _____ with the _____ sensor lights _____ perimeter?

_____ it possible _____ install _____ lamps to satisfy _____?

_____ motion sensor _____ have minimum-security _____?

Do _____ the _____ security standards _____ plans _____ motion sensor lights over the perimeter?

Do you mean that by _____ minimum _____ there is motion _____?

_____ minimum security _____ are _____ sensor _____ on the _____?
