 _____ it possible that _____ can _____ additional storage _____ swaps?
 _____ I _____ a heavy _____ of multimedia _____ I _____ more _____ from _____ internet _____ provider?
 Do _____ involved in media sharing _____ storage _____ the _____ provider?
 Do _____ internet service _____ enough storage to _____ large amounts _____?
 Is it _____ room to accommodate the _____ large multimedia content?
 _____ I get more storage _____ sharing _____ files _____ am _____ user on _____ service?
 If you _____ large _____ files can _____ storage _____ your _____?
 _____ there more _____ exchanging _____ on ISPs?
 I would _____ to _____ if the ISPs provide _____ storage _____ heavy _____ exchange large _____.
 supplemental _____ huge media _____ offered by internet _____.
 Do internet _____ provide extra _____ needs?
 Web providers may _____ handle _____ slips.
 _____ you _____ give users _____ space for multimedia content?
 Is there more _____ from _____ providers _____ exchanging _____ content?
 _____ there extra space for _____ exchanges _____ by _____ providers.
 Is it _____ ISPs give additional storage _____ for _____ multimedia content?
 Does _____ providers _____ extra space _____ file sharing _____?
 _____ internet _____ providers give _____ storage _____ users who exchange _____?
 Is there more _____ heftier _____ swaps _____ the _____ providers?
 _____ it possible for _____ to _____ additional _____ for _____?

Is _____ for me to get _____ my internet _____ provider _____ files?

Can users of _____ sharing get _____?

_____ give more space for _____ media files?

Users _____ in media sharing _____ get _____ storage _____ provider.

_____ internet _____ providers _____ to handle large _____ exchange?

_____ believe internet _____ providers _____ users more storage _____ content?

Is it possible _____ service providers to _____ space for _____ be _____?

Are _____ providers _____ provide _____ space for _____?

Is _____ service _____ giving _____ storage _____ users who _____ big _____?

_____ that internet providers have _____ storage for _____ content _____?

_____ think internet service _____ users _____ storage _____ multimedia?

_____ you _____ offer _____ storage options _____ heavy _____ frequently exchange multimedia content?

_____ the _____ Service _____ have enough _____ to _____ content?

Is _____ that Internet Service Providers _____ room _____ swaps?

Is there a _____ to allow for _____ file sizes _____?

_____ service providers have _____ space for _____ content _____?

Is it _____ the _____ provide extra _____ for heavy _____ exchange _____ content?

Can _____ users _____ more _____ the internet _____ providers?

_____ that internet _____ providers give _____ more storage for _____?

_____ providers provide supplemental storage _____ files?

Do _____ think _____ providers give _____ extra _____ for large _____?

_____ for multimedia _____ can be provided _____ the internet _____.

Is there extra room _____ media _____ by _____ service _____?

_____ that _____ providers offer more _____ for multimedia sharing?

_____ involved in _____ media sharing get _____ capacity?

_____ users of significant _____ get _____ capacity?

Do Internet Service _____ room to swap _____?

_____ internet service _____ offer _____ heavy users?

_____ to _____ internet _____ provider more space for bigger media _____?

Do _____ space _____ store media content?

Is storage _____ ISPs for _____ media?

Is _____ that internet service providers _____ users _____ storage _____ multimedia _____?

_____ service providers _____ extra storage _____ large _____ transfers?

_____ you _____ if the _____ additional _____ for heavy users _____ exchange large _____?

Is _____ to offer _____ storage for _____ files?

Is _____ more _____ available _____ users _____ large _____?

_____ you think internet _____ users extra storage to _____ multimedia _____?

Extra storage options _____ heavy _____ with _____ internet _____?

_____ you _____ internet service _____ have _____ for large users _____ multimedia?

_____ possible _____ internet _____ to _____ more _____ for file swapping?

_____ it _____ to get _____ with your _____ you share _____ files.

_____ providers have enough _____ big media exchanges?

Do _____ service providers give users _____ for _____ multimedia?

Is _____ willing _____ you extra space for _____?

Is it _____ to get more _____ sharing multimedia _____?

Do you _____ internet _____ providers _____ storage _____ users who exchange _____?

_____ internet _____ give _____ more space to _____ bulky _____ content?

Is _____ more _____ by internet _____ for _____ huge _____ files?

Do _____ think _____ service _____ offer _____ extra _____ users who _____ frequently?

_____ involved _____ large media sharing able _____ get _____ storage _____?

_____ to get _____ space from your internet _____ provider _____ files?
 Can the _____ service providers _____ more space _____?
 Can the _____ providers accommodate additional _____ heavy _____?
 Can _____ service provider _____ storage _____ transferring media?
 Can I _____ more _____ from _____ internet service provider _____ share _____ files?
 Do internet _____ extra space _____ file-sharing _____?
 _____ internet _____ providers have _____ bulky _____ content?
 _____ supplemental storage for sharing _____ files?
 Does internet providers _____ additional _____ huge _____?
 Can _____ ISPs give _____ for _____?
 _____ internet service _____ supplementary _____ to handle multimedia _____?
 _____ an _____ provider allocate excess memory for massive _____?
 Do you think _____ service providers _____ to hold _____ content?
 _____ more _____ for _____ media files?
 Are _____ storage options _____ heavy _____ frequently exchange _____ content _____ ISPs?
 Is _____ for large media exchanges _____ internet _____ providers?
 _____ service providers allow _____ bulky media content?
 Is _____ any extra space _____ providers _____?
 _____ you think _____ service _____ ability to store large _____ of multimedia _____?
 Do _____ think the _____ service providers offer enough _____ lot of _____?
 Do you _____ storage _____ their large users of multimedia?
 Is _____ possible that the internet service _____ handle large _____?
 Is it _____ ISPs offer _____ large _____ sharing?

 Do internet service _____ space _____ large media _____?
 _____ it _____ for the _____ service _____ to _____ more _____ big file _____?
 _____ internet service providers _____ to handle large _____?
 _____ it possible for ISPs _____ more _____ for heavy-netters _____ swap _____?
 If I'm a _____ of multimedia _____ I _____ additional _____ internet service _____?
 Is _____ possible to _____ more _____ for _____ to _____ files?
 _____ it _____ internet service providers increase _____ capacity for _____ users _____?
 Do you _____ internet _____ give _____ more _____ large multimedia content?
 Do _____ providers _____ large file-sharing requests?
 Do _____ think _____ providers give _____ more _____ multimedia content?
 Is internet providers _____ supplemental storage _____ files?
 _____ internet service provider give _____ to _____ big _____ transfers?
 _____ you share _____ media _____ your _____ service provider, can _____ get _____?
 Is there _____ chance _____ offer additional _____ sharing _____?
 Do _____ extra storage for large _____?
 _____ willing to give _____ for _____ large amounts of multimedia content?
 _____ internet _____ providers _____ to _____ storage for _____ who _____ multimedia?
 If _____ files with _____ can you get _____ storage?
 _____ ISPs _____ storage for multimedia _____?
 Do you think _____ providers _____ for large amounts _____ multimedia content?
 Do you _____ if the _____ provide _____ for _____ users _____ exchange _____ content?
 _____ the internet _____ provider _____ more _____ the transfer of _____ content?
 _____ there extra _____ provided by _____ to handle _____ media _____?
 _____ possible that _____ provide more storage _____ heavy _____ who _____ large multimedia _____?
 Is it _____ extend _____ storage capacities _____ through offerings from _____?
 _____ any additional storage options _____ users who _____ large _____?

Can _____ internet _____ providers give _____ space for _____ ?

_____ there any extra _____ providers give for _____ ?

Does _____ providers offer more space _____ exchanging _____ media _____ ?

_____ users get more _____ capacity _____ are _____ in _____ sharing?

_____ it possible for the ISPs _____ more _____ files to _____ ?

_____ internet _____ additional storage for _____ huge media _____ ?

_____ that the internet _____ provider _____ their _____ for _____ of multimedia?

_____ think the _____ providers _____ users more _____ for _____ content?

Is there _____ options _____ heavy _____ my internet service _____ ?

Is _____ more space _____ internet _____ multimedia sharing?

_____ there _____ to the needs of _____ sharers _____ extending _____ storage capacities?

Can _____ use _____ provider for _____ when exchanging media?

_____ there _____ storage for _____ large _____ ?

_____ think _____ providers offer adequate extra _____ large users _____ multimedia?

Did _____ storage to handle _____ multimedia _____ ?

Are _____ users _____ frequently exchange _____ multimedia content from the ISPs?

Is _____ extra storage for users _____ have _____ of _____ ?

Can _____ service providers _____ storage for _____ ?

Are you able _____ get _____ with _____ if you _____ files?

_____ more capacity _____ the _____ for exchanging _____ content?

_____ it possible _____ ISPs _____ for heavy users _____ multimedia?

_____ think _____ service _____ offer enough storage for users _____ a _____ use?

Is _____ possible that ISPs _____ for sharing _____ ?

Do _____ know _____ ISPs _____ additional _____ users who frequently _____ multimedia content?

Can ISPs _____ storage _____ swaps?

Do you think _____ service _____ give _____ storage to _____ ?

Does _____ internet _____ provider _____ extra storage to handle _____ ?

_____ the internet _____ offer storage _____ handle _____ transfers?

Does _____ internet service provider _____ more space _____ media _____ ?

Is _____ extension of _____ for _____ of _____ media?

_____ service providers _____ users _____ storage to _____ their multimedia content?

_____ it possible that _____ provider allocates _____ memory for _____ file _____ ?

Can _____ service providers provide _____ for _____ ?

Do you _____ service providers _____ users extra storage _____ content?

_____ it possible that ISPs _____ additional _____ for _____ ?

Do you _____ internet service providers give you _____ ?

If _____ files, _____ you get more storage _____ internet service?

_____ there more _____ exchanging _____ from the ISPs?

Do you _____ service _____ give _____ more _____ you exchange multimedia _____ ?

_____ provide supplemental storage for _____ files?

When _____ media can _____ receive _____ memory _____ ISPs?

_____ be _____ space for _____ multimedia sharing by _____ internet _____ .

Does _____ providers _____ sharing media files?

_____ internet service _____ offer _____ to handle _____ exchanges?

Is _____ possible _____ get extra _____ your _____ if you _____ large _____ ?

Is _____ storage _____ by the _____ to _____ multimedia _____ ?

Can users _____ more _____ capacity _____ substantial _____ ?

If you _____ media _____ your service _____ can you get _____ ?

_____ you _____ internet _____ providers offer _____ extra storage for _____ ?

Is it _____ that _____ storage options _____ heavy _____ who exchange _____ content?

_____ there extra storage _____ internet _____ share large files?

Is there extra _____ by _____ for _____ sharing?

_____ providers give extra space _____ larger _____ sharing _____?

Can users get _____ capacity _____ large _____ of _____?

_____ you think _____ give _____ users _____ storage _____ exchanging multimedia content?

Supplemental _____ huge media _____ is offered _____ providers.

Do internet _____ providers offer extra space _____?

Does _____ for larger files?

Users _____ substantial _____ sharing _____ get more _____ the internet _____ provider.

_____ it possible _____ get more _____ service _____ you share large _____ files.

_____ internet _____ extend the storage capacity for _____?

_____ users _____ large _____ sharing _____ more storage _____?

_____ it possible _____ service providers to give _____ space for _____?

_____ it possible for _____ needs _____ file sharers by _____ their data storage _____?

_____ extra _____ internet providers for _____?

_____ you _____ that internet service _____ offer _____ who use _____ lot _____ multimedia?

_____ providers give extra _____ large _____?

_____ you _____ that _____ service _____ give their _____ more _____ store large _____ of _____ content?

Is it _____ me to _____ for _____ large files on your internet _____?

Is extra _____ ISPs for _____ sharing?

Is _____ possible _____ exchange _____ data with _____ storage _____ my internet _____?

_____ internet providers _____ for large file-sharing _____?

Is internet providers _____ extra storage _____ media _____?

Is _____ for _____ media-sharing?

_____ users _____ in media _____ get more _____ capacity?

_____ believe _____ service providers give _____ more storage _____ multimedia content?

_____ have more storage _____ content?

_____ providers able _____ offer _____ storage _____ sharing _____ files?

Is there more storage _____ your _____ if _____ share _____?

If I am a heavy _____ ISPs, can I _____ large files?

_____ share large media _____ with your _____ provider can _____ get _____?

_____ think _____ service _____ give users more _____ to _____ amounts of _____ content?

_____ offer _____ space _____ large media files?

Are internet _____ for _____ content _____?

_____ internet _____ give more _____ multimedia data exchanges?

_____ internet _____ to offer supplemental _____ huge media files?

If _____ internet _____ can _____ get more storage space for _____ files?

Does _____ have enough _____ handle large media _____?

If I _____ heavy user on _____ provider, _____ I get more storage space _____?

_____ you _____ service providers give _____ additional _____ large amounts _____ content?

Is it _____ an internet _____ provider _____ allocate _____ for _____ needs?

_____ the _____ for extra storage _____ multimedia swaps?

_____ any _____ space for large multimedia _____ by ISPs?

Is _____ storage offered by _____ providers _____ huge _____ files?

_____ providers giving extra _____ for _____?

Does _____ give extra space _____ exchanging _____?

_____ believe _____ service providers have enough _____ users _____ a lot _____ multimedia?

Is it possible _____ the ISPs _____ for large _____?

_____ it _____ the _____ supply _____ for _____ transfer of large _____ content?

_____ internet service providers give _____ extra _____ for exchanging _____.

Do ____ think ____ providers give ____ storage for large ____ multimedia ____?

____ internet ____ extra space ____ file-sharing?

____ it possible for ____ to provide ____ heavy users ____ large ____?

____ the internet service providers ____ storage ____ heavy ____?

Is it ____ that ISPs ____ to ____ transfers?

____ capacity ____ be ____ for transferring bulky media.

____ there supplemental ____ offered by internet ____ for ____ files?

Supplemental storage ____ by ____ providers ____ excessive sharing of ____.

Is ____ storage offered ____ providers for ____ users?

Users ____ media ____ may ____ able to get more ____.

Do internet service providers ____ extra ____ media ____?

____ internet ____ offer ____ storage ____ media files?

Do ____ providers have extra ____ for ____?

____ offer ____ space for large file-sharing ____?

Do ____ internet service ____ offer users ____ to ____ large amounts of ____?

If ____ heavy user of ____ can ____ more ____ from the internet service ____?

____ storage ____ heavy ____ can be ____ by internet service ____.

____ Internet ____ add ____ content exchanges?

____ you ____ that internet ____ users more ____ large multimedia content?

____ providers offer extra ____ big ____ needs?

Is ____ to ____ data ____ capacities of ____ sharers ____ of the ISPs?

____ you ____ internet ____ adequate ____ storage for large users of ____?

Is ____ service ____ willing ____ give extra ____ for bulky ____?

Do you think internet ____ providers give ____ more ____ content?

Does the ____ offer extra ____ to ____ transfers?

Can ____ storage ____ internet service provider ____ big data?

Could ____ internet ____ more ____ to share multimedia?

If I ____ a heavy ____ of ____ I ____ storage from ____?

____ it possible ____ Internet service ____ to allocate ____ for large file ____?

Do ____ think internet ____ give ____ to ____ their multimedia files?

____ internet service providers ____ users extra ____ content?

____ offered ____ ISPs for heavy ____ of multimedia?

Do ____ think ____ service providers ____ extra ____ exchange ____ multimedia content?
