

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Pool pump repair
Inquiry Sub-Category	Pump tripping circuit breaker
Description	Customers reach out when their pool pump repeatedly trips the circuit breaker, indicating an electrical problem that may require troubleshooting and repair by one of our skilled technicians.
Data Size	5,001 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

Why does _____ hot _____ trip _____ when _____ turn on air _____ mode/etc?

How come _____ spa's _____ trips _____ heat, pump _____ circulation are operating?

How come _____ spa _____ tripped when _____ use _____ blowers, _____ or _____ combination _____?

_____ our hot tub trips when _____ air blower is _____?

_____ our spa _____ tripped, when _____ use _____ air _____?

Do _____ know what _____ tub _____ trip _____ the air blower _____ turned on?

_____ you know why the spas _____ hot tub _____ air _____ on?

When _____ have _____ heat, pump or circulation _____ our _____ how _____ trips the _____?

_____ the _____ on air blower _____ circulate _____ why does _____ trip?

Why does _____ spa/hot tub _____ features _____ blower that cause _____?

How _____ we _____ an _____ blower, pumps, filters and a combination?

When we have _____ heat, _____ and air _____ come our _____ trips _____.

Why _____ hot tub _____ use _____ air blower, _____ pump, heat, and _____?

Can you _____ me why _____ when we _____ the _____ blower?

_____ using _____ blower, heat _____ or _____ why does _____ spa go through _____?

When _____ have air blower, _____ pump, or _____ our spa, how _____ ground _____ circuit _____?

_____ for why our spa or hot _____ trips _____ we _____ air blower?

_____ come our _____ tripped _____ use an _____ filters, or a device _____ heat?

_____ have the _____ pump, _____ air _____ how _____ our spa trips the _____?

_____ there a reason why our spa _____ air blower, heat, _____ or _____ being _____?

_____ spa is tripped _____ we use _____ pumps, filters, or _____ device?

_____ give me a _____ blower trips the GFCI?

Does _____ cause _____ blower, _____ warm air, filters, and circulation are _____?

_____ there _____ way to _____ the _____ trips when _____ blower's are _____?

How _____ that _____ tripping _____ we use the air blower?

How _____ a hot _____ during _____ of the air _____ and circulation mode?

_____ we have air blower, _____ pump _____ circulation _____ turned _____ do our _____ trips _____?

How _____ spa is tripped when _____ use an _____ blower, _____ filters _____?

Do ____ know why our hot ____ and spa ____ when ____?

We ____ takes ____ GFCI whenever ____ use the air blower.

When ____ pump and circulation mode ____ turned ____ how ____ the spa ____?

How ____ our ____ is ____ we use a ____?

____ we ____ air ____ pump, or circulation ____ spa, how come ____ generator?

How come our ____ is ____ when we ____ air blower, ____ above?

____ come our ____ we use an air ____ or other device to ____?

How ____ you ____ to ____ why ____ spa ____ hot tub ____ blower is activated?

Why ____ spa and ____ tub ____ when ____ air blower ____?

____ use ____ air blower, ____ a combination ____ how come our spa ____ tripped?

How ____ our spa goes ____ use ____ filters or a combination?

Are ____ able to tell ____ why the spa ____ a ____ blower?

____ the spa ____ when ____ the ____ pump, ____ air, filters, and circulation?

____ why the air ____ blower goes to the ____?

____ we use ____ air ____ heat ____ circulation mode, our spa ____ a ____.

How ____ the spa ____ hot ____ work when ____ use ____ mode?

____ short circuit ____ we use a blower, pump, heat, ____?

____ explain ____ the ____ or ____ tub trips when the ____ blower is ____?

How ____ when we ____ heat, ____ circulation mode turned on, ____ spa trips ____?

Why ____ the ____ or ____ its GFCI when ____ is used?

____ a ____ why the ____ spa trips when ____ air blower is ____?

Is there ____ reason ____ our spa or ____ tub ____ air ____ activated?

____ we have the air blower, ____ and ____ how come ____ spa ____ the GFCI?

____ you explain to me why our ____ or ____ when we ____ the ____?

When ____ heat, ____ and air blower ____ on, ____ the GFCI?

Why does it happen ____ we use ____ air ____ tub?

____ why ____ hot tub and ____ when their air ____ is turned ____?

____ reason ____ spa's electrical system ____ when ____ air ____ heat pump, and pump ____ used?

How come our spa ____ air ____ filters and more?

____ come our spa trips the GFCI ____ an ____ heat pump, ____ in ____.

How can ____ hot ____ tripping ____ electrical ____ when ____ using ____?

____ can a ____ keep ____ its ____ circuit ____ it uses air ____ other ____?

Why does ____ spa go through ____ GFCI ____ use the ____ pump, or ____?

When we have ____ blower, heat, pump ____ how ____ our ____ trips ____ GFCI?

____ come our spa is tripped when ____ an air ____ filters ____?

____ the air blower, heat, ____ or ____ mode ____ can you ____ us why ____ spa ____?

Is there a ____ why our ____ or spa ____ when ____ activated?

____ there a ____ trips its ____ when the air blower, heat, ____ mode ____ engaged?

____ makes the ____ circuit when ____ use the ____ pump, ____ filter, ____?

____ to ____ me why the air spas ____ GFCI?

____ come our ____ we ____ air ____ pumps, ____ a combination of these?

What ____ the ____ our hot ____ keeps tripping when ____?

____ does the hot ____ when we ____ air blower, ____ mode, ____?

____ spa ____ when we use ____ air blower, pumps, filters, ____ other device ____.

Why ____ tub ____ when ____ on ____ circulate mode ____ other devices?

How ____ our ____ is tripped ____ use a air blower, ____ other ____?

____ something cause ____ Circuit when we use ____ blower, pump, ____ air flow?

____ can a ____ or ____ keep ____ electrical ____ when using air ____ and other ____?

____ there ____ our spa ____ when ____ air ____ heat pump, ____ circulation ____ are on?

____ the ____ for ____ GFCIs to be ____ when ____ air ____ in use at the ____?

What _____ spa short circuit _____ we use the _____ heat, _____ ?
 How _____ our _____ keeps tripping _____ we _____ the air _____ ?
 How _____ a _____ or hot tub _____ tripping its electrical _____ it _____ blowers _____ other _____ ?
 Why do _____ like the air _____ so _____ cause the _____ system _____ get _____ ?
 _____ a way _____ why _____ spa or hot _____ trips _____ blower's GFCI?
 How _____ work when _____ use _____ blower, pumps, _____ a other device?
 _____ stops working _____ air blower, _____ pump and circulation mode turned _____ ?
 _____ causes a _____ circuit when we _____ blower, _____ heat, filter, _____ ?
 _____ are _____ reasons for the _____ be triggered when the _____ is used _____ ?
 _____ the air _____ circulation mode is activated, can you _____ why _____ trips _____ GFCI?
 I am curious _____ why our hot _____ tripped _____ turn _____ blower _____ the water.
 What _____ hot _____ keeps tripping when we _____ the _____ blower?
 How can _____ keep tripping its _____ it is _____ blowers and _____ ?
 _____ does our _____ the _____ blower, heat, _____ or circulation mode?
 Can you tell me _____ the _____ electrical _____ trips _____ the _____ air blower _____ on?
 _____ know why _____ spa _____ hot tub _____ when _____ air _____ is turned _____ ?
 _____ why _____ spa's electrical system trips when the _____ blower, _____ pump _____ circulation are _____ ?
 Why does it _____ we use _____ blower _____ or _____ our _____ ?
 _____ the _____ blower, _____ pump _____ circulation _____ on, how _____ the _____ the GFCI?
 _____ there _____ why the spa's _____ whenever the air blower, heat, _____ or _____ used?
 _____ does it _____ when _____ the _____ blower _____ circulate the _____ ?
 How come _____ hot tub doesn't _____ use the _____ blower, heat _____ or circulation _____ ?
 _____ causes our _____ to _____ turn _____ the air _____ heat/pump/FILTER?
 What _____ the spa's electrical _____ whenever the _____ blower, _____ or _____ are _____ ?
 Can _____ give _____ explanation as to why _____ blower _____ the spa to _____ ?
 _____ come _____ spa _____ hot tub _____ tripping _____ use _____ air _____ mode?
 How _____ our _____ when we use an air blower, _____ filters _____ something _____ ?
 Is _____ that _____ spa _____ trippin' _____ when we _____ on those _____ ?
 How come our _____ is tripped when we _____ devices to heat?
 _____ the _____ Short Circuit _____ the blower, pump, warm air, _____ ?
 Why does _____ we want to use _____ air _____ or heat _____ ?
 I am _____ as to _____ hot tub _____ tripped when we _____ blower _____ water.
 Why does _____ its GFCI _____ the air _____ heat, _____ or _____ mode _____ ?
 _____ a _____ to explain _____ spa or _____ tub _____ when the air blower _____ ?
 _____ we have heat, pump, _____ circulate _____ on, how _____ trips _____ ?
 I _____ a question as to why our _____ tub _____ tripped when we _____ or _____ .
 How _____ a _____ spa keep _____ when it uses air blowers or other _____ ?
 _____ our _____ tripped when we use an air _____ pumps, _____ a _____ these?
 How come _____ whenever _____ air blower, heat, pump and _____ operating?
 Does something _____ our _____ Circuit when we _____ pump, _____ filters or air _____ ?
 When we _____ the _____ pump, or _____ mode, _____ may go _____ GFCI.
 How _____ a hot _____ keep _____ its _____ circuit _____ it _____ and _____ pumps?
 How _____ spa _____ tripped _____ we use _____ air blower, pumps, _____ a other device _____
 _____ the _____ trip when the air _____ heat, pump, _____ activated?
 _____ come _____ goes _____ we _____ an air blower, pumps, _____ or other _____ heat?
 _____ come our spa trips _____ GFCI when we _____ the _____ air _____ or _____ ?
 _____ have the _____ and air blower _____ do _____ spa trips the _____ ?
 What _____ our _____ tub keeps tripping _____ we _____ air _____ ?
 _____ a hot _____ keep tripping _____ electrical _____ when _____ air blowers and _____ in it?
 What makes the _____ circuit when we _____ filter and circulation?

How come our _____ using _____ blower/circulation mode?
 _____ we _____ the _____ blower, _____ pump, _____ mode, _____ may _____ through a GFCI.

How come _____ spa _____ the GFCI _____ have _____ air _____ heat, _____ circulation mode _____?

How _____ hot tub or _____ tripping _____ electrical circuit if they use _____ devices?

How _____ trips _____ we have an air _____ heat, pump, or _____?

When _____ the _____ blower, _____ and Circulation mode, our _____ through _____ GFCI.

How come _____ tripped _____ an air _____ pumps, _____ or other device to _____?

_____ come _____ is tripped if we use _____ filters or thermostat _____?

How do you _____ spa or _____ tub trips when _____ air _____?

Why does _____ trip the _____ turning _____ the _____ blower/heat/pump/FILTER?

If we use _____ air _____ explain _____ us _____ the spa _____ GFCI?

_____ you _____ why _____ spa _____ tub _____ when we _____ the air _____?

How can a hot tub or _____ its _____ when _____ blowers and _____ pumps?

How _____ spa is tripped when we _____ air _____ pumps, _____ or _____.

Can _____ tell _____ our _____ when the air _____ is activated?

Is _____ a _____ explain why a spa _____ tub _____ the _____ is running?

Can _____ explain to _____ why our spa or _____ air _____ is _____?

When _____ uses air _____ why _____ tripped?

_____ operate the hot _____ and other modes, _____ does it trip?

Did something _____ our _____ Short _____ using _____ blower, _____ warm _____ air flow
 _____ a _____ the spa _____ take a GFCI _____ use the _____ blower?

_____ come our spa _____ we _____ blower, pumps, _____ or another _____?

Why _____ go _____ when _____ use the _____ blower, heat, pump, _____ Circulation modes?

_____ something _____ Spa _____ Circuit _____ blower, pump, _____ air, _____ or air flow?

_____ are _____ for the GFCIs to be triggered _____ blowers _____ a _____?

_____ there _____ reason _____ the spa takes a _____ the _____ blower.

When _____ blower, _____ pump, _____ circulation in the spa, how _____ it _____ the _____?

_____ features _____ as _____ blower, _____ pump are _____ why _____ tub system connected to _____ GFCI.

_____ hot tub keep _____ its GFCI if _____ use _____ air blower?

Can _____ us _____ the spa has _____ GFCI when we _____?

When _____ use the air _____ or Circulation _____ our spa _____ GFCI

How _____ spa _____ GFCI _____ we have air _____ heat, pump _____ mode?

_____ you _____ reasons _____ our _____ hot tub _____ when _____ blower is on?

_____ there a reason _____ our _____ or _____ tub _____ air _____ is used?

_____ air blowers operate _____ a _____ what _____ reason for _____ GFCIs _____ triggered?

_____ you explain _____ us _____ the air blower causes _____ to _____?

_____ need _____ why the spa's _____ the air blower, heat, _____ or circulation is _____.

How _____ spa _____ when we use an air _____ pumps, _____ a other _____ to _____?

_____ does our spa _____ through a _____ use _____ blower, _____ or circulation mode?

Why _____ trip _____ we use it _____ air blower, _____ mode _____ things?

_____ makes _____ circuit when we use the _____ pump, _____ filter, _____?

What makes _____ spa short circuit _____ we _____ heat, _____?

_____ have _____ blower, heat, _____ spa, how does _____ it to trip the GFCI?

_____ is _____ cause _____ our _____ when the air blower _____ is _____?

What _____ trip after we _____ the air blower?

_____ have air blower, _____ our spa, _____ come it takes _____ GFCI?

_____ come the _____ tripped when we _____ air blower, pumps, _____ a _____?

_____ we have _____ and air blower _____ how _____ our _____ the GFCI?

What is the reason _____ tub _____ tripping _____ the _____ blower/pump?

_____ makes _____ spa _____ we use the blower, _____ heat, filter _____?

Can _____ us _____ explanation _____ why _____ spa takes _____ whenever we use the _____?

_____ come _____ tripped when _____ the air blower/circulation?

_____ come our spa is tripped _____ the _____ blower/circulation _____

_____ our _____ trips the _____ fault circuit _____ when we _____ pump, and _____?

_____ causes _____ to _____ with _____ blower on?

How come our _____ tripped if we _____ air _____ filters _____ other _____?

When using _____ does _____ spa trip its _____?

_____ we experience _____ we _____ and/or pump in our spa?

How come the spa _____ when we _____ air blower, pumps, filters _____ device _____?

_____ is the _____ our _____ tub _____ when we _____ the air _____?

What causes _____ trip _____ on the _____ blower?

_____ hot tub _____ when _____ use it _____ air _____ circulate _____ and _____ modes?

When we _____ the _____ blower, heat, _____ or _____ in the spa, _____ goes _____?

_____ air _____ pump _____ circulation mode on, _____ come _____ spa trips the GFCI?

Does _____ Spa _____ Circuit when using _____ pump, warm air, _____ flow

_____ does _____ hot tub _____ tripping _____ mode is on?

_____ have the _____ or circulation in the spa, _____ come _____ the GFCI?

_____ come _____ spa tripped _____ we _____ the _____ blower?

_____ the _____ system to _____ when the _____ heat, _____ circulation are used?

When we turn on _____ or _____ pump, _____ spa or _____ trips _____.

_____ you _____ us why the spa _____ a _____ when _____ air _____?

_____ using _____ air blower, _____ does _____ spa _____ GFCI?

_____ tell us why the _____ trips when _____ air _____ is activated?

How _____ a spa keep tripping _____ circuit _____ it's using air _____?

_____ am curious _____ why _____ hot tub _____ tripped when _____ turn on _____ or circulate _____.

Why _____ the hot tub _____ when _____ blower, _____ and other modes?

What _____ short circuit _____ we use the _____ pumps, _____ and circulation?

_____ come _____ spa is _____ when _____ use air blowers, _____ filters, _____?

_____ something _____ our _____ Short _____ if we _____ the _____ warm air, _____ or air _____

What causes _____ after _____ turn _____ air blower/pump or whatever?

When we _____ air blower, _____ Circulation _____ our Spa goes _____ GFCI.

_____ spa tripping the GFCI _____ turning on the air _____?

_____ come _____ tripped when we used _____ air blower, _____ or _____?

_____ our spa is _____ use _____ blowers, _____ or filters?

Does _____ cause _____ Circuit when we _____ the _____ warm air filters, _____?

_____ circulate _____ and other devices, why does the _____ tub _____?

How come _____ is tripped when _____ in the _____?

_____ we have heat, pump, and _____ on, _____ spa _____ the GFCI?

_____ can a _____ spa keep tripping when _____ air _____?

_____ our _____ the _____ have heat, _____ and circulate mode on?

_____ does _____ tub trip when _____ on _____ blower, circulate _____ and other _____?

What _____ the _____ the hot tub tripping _____ use _____ blower?

When _____ use _____ air _____ or circulation _____ our spa _____ go _____ GFCI.

_____ a way _____ why our _____ trips its GFCI after we _____ blower in?

How come our _____ trips _____ when we _____ air _____ pump, _____ circulation _____?

_____ something wrong with _____ Spa Short _____ when we _____ pump, _____ air, _____?

When we _____ heat, _____ circulate mode, _____ come _____ spa _____ GFCI?

_____ air blower, or _____ in _____ spa, _____ come it trips the GFCI?

Why does _____ we _____ the _____ blower _____ pump in _____ spa?

How come _____ spa trips _____ ground _____ interrupter _____ we have _____ heat, _____ activated?

How ____ our spa ____ to the GFCI when ____ have heat, ____ ____ ____ ____ ?

____ are ____ ____ trips with air blower?

____ our ____ tub ____ tripping when we use the ____ ____ or ____ ?

____ come our ____ ____ tripped when ____ use an ____ ____ pumps, ____ ____ other device to ____ the ____ ?

How come ____ ____ have ____ ____ pump, ____ ____ blower on, ____ spa ____ the GFCI.

____ operate ____ hot ____ on ____ ____ circulate mode, ____ ____ devices, why does ____ trip?

How ____ the ____ tripped when ____ ____ the ____ blower/circulation ____ ?

____ ____ use air blowers, why ____ ____ GFCIs triggered?

____ ____ spa short circuit ____ ____ use ____ ____ pump, heat, filter and circulation?

____ we have ____ blower, heat ____ ____ mode turned ____ ____ spa trips ____ GFCI.

____ does ____ hot tub keep ____ ____ GFCI ____ ____ want to ____ on the ____ blower?

I am ____ why ____ hot tub is ____ if ____ on ____ blower ____ ____ the ____ .

____ there any ____ ____ why the ____ ____ hot ____ goes off ____ the ____ blower's are on?

How ____ a ____ tub or ____ keep tripping ____ ____ using air blowers ____ ____ ?

How come ____ ____ have the ____ ____ and air ____ ____ spa ____ the ____ fault circuit interrupter?

____ ____ our ____ trips ____ ____ we have the heat, ____ ____ air blower on.

____ ____ hot tub keep ____ its electrical ____ when its ____ ____ blowers ____ heat ____ ?

____ we ____ ____ blower, ____ pump, or circulation mode, ____ spa will ____ ____ GFCI.

How come our ____ ____ when we used ____ ____ blower, ____ ____ ____ combination of ____ ?

How ____ when ____ ____ blower, ____ ____ ____ circulation ____ turned on, the spa ____ the GFCI?

When we use ____ ____ tub ____ ____ blower, circulate ____ ____ other ____ why ____ it trip?

What ____ ____ ____ our ____ tub tripping ____ ____ use the air blower?

____ ____ ____ ____ GFCIs are ____ when air blowers are in a ____ ?

____ ____ a ____ ____ spa keep tripping its electrical ____ ____ using heat pumps ____ air ____ ?

How ____ the spa's ____ ____ trips when the ____ ____ heat, ____ ____ circulation ____ in ____ ?

____ does ____ spa ____ through ____ GFCI when ____ use the ____ blower, heat, ____ ____ circulation ____ ?

What is the ____ ____ it when we ____ the ____ ____ circulate the ____ ____ ?

____ are ____ triggered ____ ____ uses air blowers?

How ____ the spa's electrical system ____ ____ the ____ blower, ____ pump ____ ____ are ____ ?

Why ____ the ____ ____ when ____ use ____ air blower?

____ you ____ ____ why the hot tub ____ spas trip when ____ ____ blower ____ turned ____ ?

When ____ ____ air blower, heat pump, or ____ ____ spa, how ____ it trips ____ ?

____ it ____ ____ causes the ____ ____ trip when ____ air blower and heat are ____ ?

____ does this happen when ____ ____ the ____ ____ and ____ ____ our spa?

____ does ____ ____ go ____ ____ GFCI when we use ____ ____ heat ____ or circulation mode?

How ____ ____ we have the ____ pump, ____ air ____ ____ trips the ____ ?

____ ____ a ____ is tripped when ____ use an ____ ____ pumps, filters or ____ ?

____ ____ spa ____ ____ trip its GFCI ____ the ____ blower is activated?

Why does ____ spa ____ ____ when we ____ up the ____ ?

____ ____ hot tub trip when ____ ____ ____ circulate mode and other devices?

____ come ____ ____ tub keeps ____ its GFCI when ____ use ____ ____ blower/heat/pump/FILTER/circulation mode?

When the heat, pump, ____ air blower ____ ____ how ____ ____ spa ____ ____ GFCI?

____ the air ____ ____ pump, ____ ____ mode ____ activated can you explain why ____ ____ its GFCI?

____ ____ ____ Spa Short Circuit when using the ____ pump, ____ air, ____ and circulation.

____ ____ know ____ our ____ ____ when we put the ____ ____ in the ____ tub?

____ ____ our spas ____ ____ when we have ____ ____ pump, and ____ blower?

Why ____ it happen ____ ____ pump or air blower in ____ ?

Can ____ give us an ____ as to ____ the ____ takes ____ ____ use the ____ blower?

Why ____ our ____ trip ____ ____ when ____ air blower, ____ ____ or circulation mode ____ ____ used?

Why does the spa ____ hot ____ ____ use ____ ____ blower?

I want _____ a _____ when _____ use the air blower.
 _____ can a _____ tub _____ tripped _____ using _____ blower, heat/ _____ and circulation mode?
 Do _____ know why the spa or _____ the air _____?
 _____ does our _____ when we _____ the air _____ heat?
 When we have _____ heat, _____ and _____ turned on, what _____ spa _____?
 When _____ on our _____ tub's _____ why _____ it _____ the GFCI?
 _____ switch on _____ hot tub's _____ why _____ cause the GFCI?
 Is there _____ our spa _____ tub _____ when we use _____ air blower?
 How _____ tub keep _____ electrical _____ if it _____ using air _____?
 _____ heat, pump _____ mode _____ turned on, _____ spa trips _____ GFCI.
 _____ we have heat, pump, _____ come _____ spa _____ the GFCI?
 _____ is tripped when we use the air blower, _____ or _____ these?
 Can you _____ us why _____ trips when the _____ blower, heat, pump, _____?
 _____ does _____ trip the _____ turn on the air _____?
 How can _____ tub _____ electrical circuit _____ is using _____ blowers _____ heat pumps?
 How come our spa _____ tub _____ when _____ use _____ mode?
 _____ you know _____ spas and _____ trip when the air _____ is _____?
 _____ there a _____ our _____ to trip when _____ air blower, _____ circulation _____ are used?
 _____ causes _____ to trip after we turn _____ the _____ blower _____?
 _____ does the _____ when we use an _____?
 _____ have _____ pump, or circulation _____ spa, _____ come it trips the gfc?
 Does _____ Short _____ when you use the _____ warm _____ filters, or _____ flow?
 What makes a spa short _____ when _____ filter, _____?
 _____ does the _____ tub trip when we use _____ other devices?
 Why _____ the hot _____ it is on _____ blower, _____ other modes?
 How _____ the _____ on trips _____ the heat, pump, and _____ blower _____?
 Can you tell _____ the _____ heat, pump, _____ mode causes our _____ its GFCI?
 _____ the reason _____ our spa _____ trip _____ we _____ on _____ blower?
 _____ our _____ use a GFCI when _____ the air blower, _____ mode?
 Why _____ trip _____ GFCI _____ the air blower, heat, _____ or _____ mode _____?
 _____ goes through a GFCI _____ the _____ blower, heat, pump, or _____
 What makes _____ spa _____ GFCI _____ we turn on _____?
 How _____ our _____ tripped _____ use _____ blowers, pumps, filters or _____ of _____?
 _____ an air blower, _____ our spa trip _____?
 _____ come _____ spas _____ tripped _____ we use _____ pumps, _____ or _____ devices?
 Does something _____ our Spa _____ when we _____ warm air, _____?
 _____ can _____ tub or spa _____ tripping the electrical circuit when _____ blowers _____ pumps?
 How _____ our _____ or hot tub doesn't work _____ use _____ blower/heat _____?
 _____ use _____ heat _____ or Circulation mode, our _____ through a _____.
 I have _____ question _____ spa's _____ system trips _____ the _____ and heat, _____ and _____ are _____.
 What _____ of _____ tripping when we _____ the air _____ mode?
 _____ come _____ electrical _____ air blower and heat, pump _____ are running?
 _____ to _____ why the spa or hot tub _____ when the _____ blows?
 Why _____ the spa/hot tub system _____ GFCI _____ like _____ blower are _____?
 Why does _____ hot _____ trip when _____ use _____ circulate mode _____?
 _____ know _____ spa or hot tub trips _____ the air blower _____.
 What makes the _____ circuit when _____ blower, _____ heat _____ and circulation?
 _____ it _____ when we use the air blower _____ in _____?
 How _____ a hot _____ or _____ keep tripping its electrical _____ blowers and other _____?
 When we operate _____ blower, circulate _____ other modes, _____ does it _____?

Why does _____ tub trip _____ air _____ mode, pump, _____ and filter.
 _____ spa is tripped _____ we _____ air blowers?

How _____ our _____ be tripped _____ the air blower/circulation _____?
 _____ the _____ blower are turned on, _____ come _____ spa trips _____ GFCI?
 _____ something cause _____ Short _____ when you _____ pump, warm air, _____ air flow?
 _____ the _____ hot tub tripping when _____ use the _____ blower _____ pump?

Does something _____ Spa _____ Circuit _____ you use _____ blower, pump, _____ air, filters, _____ ?
 _____ a reason why our spa _____ the _____ heat, pump, or Circulation _____ ?
 _____ we _____ the air blower, _____ pump or _____ mode, _____ through a _____.

Can you tell us _____ spa takes _____ when _____ the _____?
 _____ spa or _____ tub is tripping _____ we _____ the air _____?

When _____ have heat, _____ on, _____ come our Spa trips _____?
 _____ air blower, heat pump and _____ turned on, how come _____ spa _____?

Why does the hot _____ trip _____ air blower, circulate mode _____?
 _____ you explain to _____ spa _____ GFCI when we _____ our air _____?
 _____ does _____ air _____ cause _____ take a GFCI?

When we have _____ air _____ and circulation _____ turned on, _____ our _____ trips _____ GFCI?
 _____ the air _____ heat, pump or circulation mode _____ used, _____ does _____ GFCI?

Can _____ explain to _____ the _____ spas blower _____ the _____?
 How come our _____ stops _____ when _____ have the _____ and _____ on, _____?
 Does _____ cause our _____ using the blower, pump, warm _____ flow
 Does _____ cause _____ Spa Short Circuit when using _____ warm _____?

When _____ air blower, _____ or _____ our _____ how come they _____ GFCI?
 _____ possible to _____ what causes the _____ to _____ when _____ air blower _____?

How _____ our hot tub _____ use _____ blower/heat/pump/circulation mode?
 When the _____ air _____ why _____ GFCIs _____ off?

When _____ as air blower, _____ and _____ are present, _____ the spa/hot _____ to a _____?
 When _____ air _____ why does our _____ trip _____?

Is there _____ to _____ why the spa trips _____ is _____?
 Can you tell _____ hot _____ trips when the air _____?
 _____ heat, _____ circulation mode are turned on, how come our _____ GFCI?
 _____ why the spa's electrical _____ when the air blower _____ pump _____ used?
 _____ come _____ spa _____ tripped by using the _____?
 _____ tripped when we _____ the air blower/circulation mode?

How _____ hot _____ or spa doesn't _____ air blower/heat/pump/filter/circulation mode?
 _____ come our _____ is _____ we use an _____ pumps, filters or _____ these?

Our _____ tripping when _____ the air blower, what is _____?
 How can _____ tub keep tripping _____ circuit _____ blowers and _____ are _____?

Why _____ hot tub trip _____ use _____ circulate and _____ modes?
 Why does _____ we use _____ or circulate the hot _____.

Why _____ happen _____ air blower and pump in _____ spa?
 _____ come our _____ is tripped _____ use air _____ filters _____ both?
 _____ can a hot _____ tripping its electrical circuit when _____ blowers?
 _____ is our _____ use the _____ blower and pump?

How _____ our spa is _____ when _____ air blower, _____ like that?
 When _____ blower, heat, pump, or circulation _____ it, _____ the GFCI?
 _____ you _____ us why the _____ work when we use _____?
 _____ something cause _____ Spa Short Circuit _____ a _____ filters, and circulation?
 _____ need to _____ why _____ when we _____ the air blower.
 _____ know the reasons why our _____ when the air _____ is _____?

Why does ____ hot ____ when ____ an ____ blower, ____ mode and other modes?

Are you able ____ explain ____ a GFCI ____ we ____ air blower?

How come ____ spa gets ____ the air ____ mode?

____ the ____ when the spa has ____ blowers?

____ does ____ spa go through a ____ when we ____ heat, ____ circulation mode

____ have ____ air blower, heat, pump or circulation ____ it ____ the GFCI?

When we ____ air blower, heat, pump and ____ trips ____ GFCI?

Can ____ me why we keep tripping ____ fault ____ when ____ spa into ____ mode?

____ come ____ tripped by ____ blower, ____ or other device to heat?

____ does ____ when we ____ the air ____ and/or pump in ____?

____ our spa ____ we ____ an ____ blower, pumps, filters, ____ both?

____ can ____ hot tub get ____ using ____ blower, ____ and circulation mode?

____ can a hot tub or spa ____ when it is ____ and ____ pumps

Is ____ why the ____ tub or ____ when the air blower ____?

____ a hot tub or ____ keep ____ circuit, ____ is ____ air blowers and ____ devices?

____ something ____ the ____ when ____ use ____ pump, warm air, ____ or air flow?

____ a ____ explain why a hot tub trips when ____ blower ____?

How come our spa ____ when we ____ pumps, ____ filters?

How ____ a hot ____ tripping ____ electrical circuit ____ using ____ blowers?

How ____ spa's electrical system trips ____ blower, heat, ____ or circulation ____?

____ heat, pump, or circulation mode is ____ can ____ tell us ____ the ____ its ____?

____ we have an air blower, ____ circulation ____ how come it Trips ____?

Do you ____ an ____ for ____ spa takes ____ we use the ____?

____ it ____ to ____ the spa ____ hot tub ____ air blower is ____?

____ our hot tub and spa ____ when the air ____ is ____?

When ____ have ____ pump, ____ air ____ on, ____ our spa trip the ____?

Can ____ explain why our spa ____ work ____ blower, ____ pump ____ circulation mode ____?

____ tub ____ when ____ use the ____ blower, ____ pump, heat, or filter?

What ____ our spa ____ circuits ____ we use ____ heat, filter, ____?

____ there a reason ____ tub and ____ the ____ blower is turned ____?

____ makes the ____ trip ____ we turn on the ____?

What ____ our ____ we ____ blowers, pumps, and filters?

____ hot tub or ____ air ____ how ____ keep tripping ____ electrical circuit?

What ____ a ____ when we use ____ pump, heat, ____?

When we use an ____ blower ____ circulate the ____ why ____?

How ____ a hot tub ____ while ____ the air ____ and circulation ____?

When ____ air ____ why does our spa ____?

____ we have the ____ air blower ____ does ____ spa ____ the GFCI?

____ hot tub is GFCI when the air ____ used?

____ come our ____ doesn't work when we ____ blower/heat/pump/FILTER/circulation ____?

____ come ____ spa tripped ____ we ____ an air blower, ____ or ____ device ____ heat?

How ____ spa is tripped when ____ use ____ air ____ pumps, ____ device to ____

How ____ the spa's ____ system trips when ____ or circulation are ____?

____ use ____ heat, ____ or circulation mode in ____ spa, so why does ____ through ____?

____ want ____ know why ____ or ____ tub ____ we use the ____ blower.

Why ____ our ____ trip ____ the ____ heat, pump, ____ mode is used?

____ trips the GFCI when ____ the heat, pump, and ____ blower ____.

____ we ____ the heat, ____ and ____ come our spa Trips ____ GFCI?

____ we use an ____ blower, circulate mode and other ____ why ____?

____ blower, heat, ____ circulation in our ____ how ____ it ____ the GFCI?

_____ come a _____ is tripped when we _____ pumps, _____ other device to _____?
 _____ causes _____ trip after _____ air blower _____ turned on?
 When _____ air blower, heat pump, or _____ the spa, _____ trips the ground fault _____?
 _____ is the _____ our _____ tripping when _____ the air _____?
 _____ our spa go wrong _____ up _____ air blower _____ heat?
 Do _____ what caused _____ hot tub _____ trip when _____ air blower _____ turned _____?
 _____ spa is _____ we use air blower, pumps, _____ other devices _____?
 _____ are GFCIs _____ when _____ blowers are being _____ the _____?
 When we _____ air _____ heat pump, _____ circulation in the _____ come _____ goes _____?
 How can _____ hot tub or _____ be tripped _____ use _____ blower, _____ and circulation _____?
 _____ causes the _____ to _____ after _____ on _____ blower/heat/ pump?
 I am _____ why our _____ goes _____ when _____ on _____ blower _____ circulate the water.
 _____ the heat, _____ and air _____ are _____ trips the _____ fault circuit interrupter?
 _____ have an _____ blower, heat _____ and _____ on, our _____ trips the _____.
 _____ we use the air _____ heat, _____ or circulation _____ why _____ the spa _____?
 _____ come _____ is _____ when we _____ an _____ blower, _____ or a combination of _____.
 Can _____ tell us why _____ blower causes _____ have a _____?
 How come our _____ tripped _____ we _____ pumps, _____ something similar?
 We turn on _____ air _____ what makes _____ GFCI?
 _____ cause _____ Spa _____ Circuit _____ blower, pump, warm air, filters and circulation?
 What causes _____ when we turn _____ the _____ blower/heat/pump/ _____?
 _____ give _____ reason as to _____ the _____ a _____ when we use _____ air blower?
 When the _____ blower, _____ pump _____ circulation mode _____ the spa _____ a GFCI?
 _____ our _____ goes down when _____ air blower, _____ filters _____ other _____?
 _____ can a hot tub or spa be tripped _____ mode?
 Why does _____ through a GFCI when _____ use _____ blower, _____ or _____ mode.
 _____ you _____ the hot _____ is _____ when _____ air blower is _____?
 _____ use the _____ tub _____ blower, _____ mode and other _____ does _____ trip?
 _____ something _____ our Spa Short _____ use _____ pump, warm air, _____ and circulation?
 When we _____ the _____ blower, _____ mode, _____ heat and _____ it trips.
 _____ does _____ spa _____ a GFCI whenever we use _____?
 _____ our spa _____ circuit _____ we use a blower, _____ filter _____?
 _____ air blower is _____ at _____ why are the _____?
 Does _____ Spa _____ using _____ warm air, filters or air flow
 _____ there a way _____ explain _____ tub _____ when the _____ blower's _____ on?
 _____ a way _____ explain why a _____ off _____ the air _____ on?
 How _____ the spa _____ tripped _____ use _____ air _____ pumps, filters or _____?
 Why does the _____ tub _____ we use _____ blower, _____ or _____ device?
 _____ come our _____ down when we _____ blowers, pumps, _____ devices?
 _____ spa has air blower, _____ pump, or _____ come _____ the _____?
 _____ something _____ our _____ Short Circuit _____ the blower, pump, _____ air, filters _____?
 _____ cause _____ Spa _____ Circuit when using blower, pump, _____ and circulation?
 _____ our spa or hot tub doesn't _____ when we _____ blower/heat/pump/filter/circulation _____?
 _____ hot _____ or spa _____ when we use _____ air _____ mode?
 What _____ our _____ tub _____ use the _____ blower?
 _____ our spa _____ hot tub trips when the _____ is used?
 _____ does _____ happen when _____ our air blower _____ our spa?
 _____ reason _____ keeps tripping after we use the air _____?
 How _____ the _____ we _____ blowers, pumps, filters _____ other devices to _____?
 What is _____ reason for our hot _____ tripping _____ we _____ pump?

Do _____ tub and spa trips _____ the air _____ turned on?
 _____ makes spa short circuits _____ use the blower, _____ filter, _____?
 Can you tell me _____ the _____ system _____ when the _____ blower, _____ circulation is _____?
 How _____ is tripped _____ we use an _____ pumps, filters, _____ devices?
 _____ our spa _____ tripped _____ air blowers, pumps, _____ other devices to _____.
 _____ need to know _____ our air _____ trips _____ if _____ on.
 How _____ hot _____ tripping _____ electrical _____ it's using air blowers and heat pumps?
 _____ air _____ and circulation mode is _____ on, _____ the GFCI.
 _____ makes _____ short _____ use the _____ pump, heat, filter and circulation?
 _____ come our _____ ground _____ circuit interrupt when _____ have _____ heat, pump _____ circulation _____ on?
 Is _____ for the _____ be triggered when air blowers _____ spa?
 _____ come it happens when we use _____ circulate _____ tub?
 When _____ use the _____ pump or circulation mode, _____ does _____ a GFCI?
 _____ does the _____ short circuit _____ the _____ heat, filter, and circulation?
 _____ the _____ pump, or circulation _____ is _____ spa trips _____ GFCI.
 How _____ is tripped _____ we _____ an air blower, _____ filters _____ these?
 How _____ a _____ tub or spa keep tripping _____ electrical _____ if _____ heat pumps?
 How come the _____ trips the _____ have _____ heat, pump _____ on?
 Why does _____ spa go _____ we _____ the air blower, _____ circulation modes?
 I _____ to why our _____ tub has _____ turn _____ the blower or _____ the _____.
 How can _____ hot _____ its _____ air blowers and other devices?
 What _____ our spa short circuit _____ use _____ blower, _____?
 _____ the reasons for the GFCIs _____ be _____ blowers _____ at the _____?
 Can you _____ what _____ spa to _____ GFCI when _____ the _____ blower?
 _____ an _____ pumps, filters, _____ how come our spa is tripped?
 How _____ our _____ or _____ not stop _____ use the air _____ mode?
 What _____ our _____ to trip _____ turn _____ air _____ or whatever?
 Why does _____ occur when _____ use _____ air _____ pump _____ the _____?
 Can _____ why _____ air _____ trips _____ ground fault interrupter?
 _____ come _____ hot _____ tripping _____ use _____ air blower/circulation mode?
 Why _____ through agfci _____ air blower, _____ pump or circulation modes?
 Why does our _____ the _____ turning on the _____?
 _____ a _____ tub _____ tripped when using _____ blower, heat _____ mode
 When _____ use the _____ blower, heat, pump _____ circulation mode _____ our _____ we _____.
 How come _____ spa is tripped _____ we use air blowers, _____ other _____?
 _____ makes our spa _____ circuit _____ we _____ the _____ pumps, _____ and _____?
 How can _____ tub tripping _____ circuit _____ it _____ using _____ and other _____?
 How come our _____ is tripped _____ an air _____ filters _____ something _____?
 Why does _____ when _____ the _____ blower, circulate mode, _____ heat and _____?
 _____ am curious as to _____ hot tub _____ tripped _____ turn on _____
 How _____ our spa is tripped _____ use _____ pumps, filters _____?
 When we _____ the heat, _____ and _____ in the spa, how _____ the _____?
 How come our _____ tripped when _____ an _____ filters _____ other device?
 Why does _____ hot _____ we _____ the air blower, _____ mode, and _____?
 Can you _____ why the _____ when _____ air blower, heat, pump, _____ mode _____?
 How _____ our _____ we _____ air _____ pumps, filters _____ other device to _____ it?
 _____ spa is tripped _____ use _____ air blower, pumps, filters _____ devices?
 How _____ a _____ keep tripping its _____ it uses _____ blowers _____ devices?
 What _____ the cause _____ the _____ electrical system _____ air _____ and hot _____ pump are _____?
 What _____ when _____ use the blowers, pumps, _____ filters?

_____ come our spa is _____ we use _____ pumps, _____ another device?
 When _____ why does _____ spa trip _____ GFCI?
 I _____ as to why _____ hot _____ turn on the _____ or _____ the water.
 Is there a _____ why the _____ hot _____ trips its _____ when _____ use _____?
 _____ does _____ or spa _____ its electrical circuit when _____ using air _____ and _____ pumps?
 I am curious as _____ why _____ hot _____ when we _____ on _____ or _____ water.
 _____ spa _____ heat, pump, and _____ mode _____ come it _____ the _____?
 How _____ is _____ when we _____ blowers, _____ filters, or all _____ the _____?
 _____ on the _____ blower, _____ the _____ to _____ the GFCI?
 _____ using _____ air blower/circulation _____ come _____ spa is _____?
 How _____ our _____ an air blower, _____ filters _____ something else?
 _____ the hot tub trip when _____ blower, _____ and _____ devices?
 When _____ air _____ heat _____ or circulation in it, how come _____ the _____?
 How _____ explain _____ the _____ or hot tub _____ when the _____ on?
 How _____ tripped when we _____ an _____ blower, pumps, filters _____ all _____ above?
 What is the _____ with _____ tripping _____ GFCI after _____ blower, heat pump.
 Do you _____ why _____ tub _____ spa go off _____ the air _____ is turned _____?
 When we operate the hot _____ air _____ pump, _____ and _____ trips.
 _____ comes _____ spa _____ when _____ use _____ air blower/circulation mode?
 How _____ our _____ have heat, _____ and air _____ on, or in?
 Why does _____ we use the _____ blower _____ circulate the _____?
 How _____ a _____ its electrical _____ it's _____ air blowers _____ heat pumps?
 _____ cause _____ Circuit when _____ pump, warm _____ and circulation are used?
 How _____ tripped when we used _____ blower, pumps, _____ or _____?
 _____ the reason our hot _____ tripping _____ we use _____ air _____?
 _____ it _____ when _____ use the air _____ and _____ our spa?
 _____ tub or _____ tripping its electrical circuit _____ it _____ air blowers _____ other devices?
 How can _____ spa _____ hot _____ tripping _____ circuit when using _____ devices?
 _____ come _____ spa and _____ work _____ we _____ the air blower/heat/pump/filter/circulation _____?
 _____ it happen _____ we use _____ blower or circulate _____ tub?
 _____ spas are tripped _____ we use air _____ or other _____ heat?
 _____ we _____ pump _____ mode in our spa, it goes through _____ GFCI.
 How _____ GFCI when _____ have the _____ pump, _____ air blower on, _____?
 When _____ uses _____ blowers, _____ is _____ that _____ are triggered?
 Is _____ reason _____ the _____ trips _____ the air _____ heat, _____ mode is engaged?
 Is _____ our _____ trips when the _____ blower, _____ and _____ modes are _____?
 Is there _____ reason why _____ GFCI _____ the air blower, heat, _____ or _____ is _____?
 I'd like to _____ our air _____ blower _____ the _____ on.
 How come _____ spa or hot _____ stop _____ we use _____ air _____?
 How come _____ electrical _____ trips _____ heat, _____ and circulation are on?
 Can you tell _____ spa trips when the _____ heat, _____ circulation mode _____?
 When _____ blower, why does our _____ GFCI?
 _____ our _____ is tripped _____ air _____ filters or other device to _____?
 When we have _____ heat, _____ and _____ turned on, _____ our spa _____ the GFCI?
 _____ using _____ blower, why does _____ trip its _____.
 What _____ reason _____ our _____ tub _____ while _____ use the _____ blower?
 _____ something _____ Spa _____ Circuit when _____ the _____ warm air, _____ and circulation?
 When we _____ heat, _____ and _____ how _____ our spa trips _____ GFCI?
 _____ want _____ know _____ the spa hot tub _____ and pumps on.
 _____ have heat, _____ circulate mode, how come _____ the GFCI?

How ____ the spa gets ____ when ____ the ____ blower/circulation ____?

____ does ____ spa go wrong ____ we ____ the ____ blower?

How come ____ we ____ heat, ____ and ____ blower ____ spas trips the ____?

Can ____ give an explanation ____ the ____ takes ____ GFCI when we ____ blower?

____ tub and spas trip when the ____ is turned on?

When we have air blower, ____ pump ____ how come ____ spa ____ the ____?

How come our spa doesn't work ____ have ____ and ____?

Can you ____ why the ____ a ____ when ____ use the ____.

How ____ is tripped ____ use air blower, ____ or ____ devices ____ heat?

____ blower, ____ pump, or ____ mode ____ can you ____ why ____ spa trips its GFCI?

When ____ the ____ pump, ____ circulation mode, ____ spa ____ through a GFCI.

Why does it happen ____ we ____ air blower or ____?

____ explain ____ why ____ takes ____ when we use the air blower?

Can you ____ me ____ the ____ blower ____ the ____?

How ____ our ____ or hot ____ working when ____ the ____ blower/circulation ____?

____ a way to ____ why the ____ blower's ____ spa or ____ trip?

Is there ____ the ____ keeps ____ its ground ____ interrupter when we ____ into filter ____?

____ something cause our Spa ____ Circuit ____ blower, pump, ____ or air ____

____ we ____ heat, ____ and circulation ____ on, how come our spa trips ____.

____ does it happen ____ use ____ and pumps ____ our spa?

I am ____ as ____ why ____ hot ____ we turn on ____ or circulate ____ water

____ the heat, pump, ____ are ____ our spa trips the ____?

____ come our spa is ____ when ____ air ____ pumps, ____ or ____ device ____ heat

____ come ____ spa ____ tripping its ____ use the air ____ mode?

Is ____ reason why ____ spa takes a ____ use the ____?

____ can ____ hot ____ or spa ____ its electrical ____ it's ____ air blowers and ____ devices?

____ tell me why our hot ____ or ____ when ____ air ____ on?

How ____ the spa is ____ we ____ air ____ filters?

____ the ____ and spa ____ when the air blower is turned ____?

How come ____ trips ____ when ____ have air ____ pump, ____ in it,?

____ come ____ is ____ when we ____ air ____ pumps, filters ____ both?

____ you know why ____ tub ____ spa circuit ____ blower is ____ on?

____ come our spa ____ when ____ air blowers, pumps, ____.

____ spa uses air blowers, ____ the ____ triggered?

Does ____ our Spa ____ blower, ____ warm air, filters, or airflow?

____ can a ____ tripped when ____ the ____ blower, heat ____ and circulation ____?

____ cause our ____ Short ____ when ____ pump, ____ air, filters or air ____?

____ have ____ circulate mode ____ why do our ____ trip the ____?

I am ____ to ____ our hot ____ is ____ the blower is ____.

____ to ____ the spa trips when ____ air blower's ____ in use?

Does ____ cause ____ Spa ____ when using a ____ filters and ____ flow?

How ____ our spa goes ____ when ____ an air ____ or a ____ these?

When we have ____ pump ____ air blower ____ spa trips the ____ fault ____ interrupter?

____ our ____ has ____ and ____ mode ____ how come it ____ the GFCI?

How come our ____ goes down ____ an ____ filters or ____ to heat?

____ way to ____ spa or ____ tub trips when ____ blowers are on?

____ we have ____ blower, heat, pump ____ circulation ____ the ____ trips the ____?

How ____ spa ____ hot tub ____ work when ____ use ____ air ____?

What makes ____ spa ____ we ____ the blower, pump, heat, ____?

When ____ blower, heaters, ____ pump ____ present, ____ the spa/hot ____ system connected to ____ GFCI?

What's the reason our ____ tub is ____ when ____ ____ ____ ____ ?
 ____ come the spa is tripped ____ we ____ an ____ pumps, filters or ____ it?
 ____ we use the air blower, ____ pump, ____ circulation ____ the spa, ____ trips ____ ?
 ____ come our ____ air blower, pumps, filters, or ____ else?
 What is the ____ of our hot ____ mode?
 ____ you know what ____ our ____ and ____ tub ____ when the ____ blower was ____ ?
 ____ the ____ our ____ tub is tripping ____ we ____ the ____ blower?
 How ____ our ____ we ____ air blowers, pumps, filters ____ both?
 ____ we ____ on our ____ tub's ____ does it turn on ____ ?
 Does ____ our Spa ____ when using the ____ filters, and circulation?
 ____ explain what causes ____ spa ____ trip when the ____ heat, ____ circulation mode is ____ ?
 Do you know ____ hot tub ____ when ____ blower is ____ on?
 ____ our spa ____ when we ____ an ____ blower, ____ filters ____ a ____ device?
 What makes ____ spa's short ____ when ____ pump, heat, ____ and circulation?
 When ____ an ____ blower, heat, ____ or ____ our spa, how come ____ the ____ ?
 How come our spa trips ____ GFCI ____ have ____ blower, ____ or circulation ____ ?
 How come ____ goes ____ when ____ use ____ air ____ pumps, ____ something else?
 What ____ our ____ Circuit when we ____ pump, heat, filter ____ ?
 ____ our ____ trips ____ ground fault ____ interrupt when ____ air blower, heat, ____ in it.
 ____ spa has air ____ or circulation, how ____ the GFCI?
 ____ you ____ why ____ hot ____ is ____ there ____ an air blower?
 ____ the hot ____ air blower, circulate mode ____ other ____ why ____ it ____ ?
 Can you ____ why ____ spa or ____ tub ____ the air blower ____ ?
 ____ our ____ go ____ a code when we use ____ air ____ pump ____ mode?
 The ____ keeps ____ we use ____ air ____ is not known.
 Can you ____ how the ____ causes ____ to ____ a ____ ?
 How ____ the spa ____ when we ____ pumps, filters or ____ to heat ____ ?
 ____ you ____ hot tub trips when ____ air blower is ____ on?
 Is there ____ Circuit when ____ the blower, ____ warm air, filters, ____ ?
 ____ there ____ reason ____ our hot ____ trips ____ the ____ is activated?
 ____ system trips whenever the ____ blower, heat, ____ and ____ is used?
 Can you explain ____ us how ____ the ____ take ____ GFCI?
 ____ our ____ when we turn on the ____ heat/pump/filter?
 How ____ a hot ____ or spa ____ tripping ____ if ____ is using air ____ devices?
 I need ____ the spa ____ a GFCI whenever ____ air ____ .
 ____ come ____ spa ____ use ____ blowers, pumps, filters or a ____ both?
 ____ we ____ the air blower ____ our spa to trip ____ ?
 How ____ trips the ____ when ____ have air blower, ____ and ____ on?
 When we operate ____ with ____ blower, ____ and other ____ does it ____ ?
 How ____ a ____ tub ____ an air ____ pump and circulation mode?
 When the spa ____ air ____ why are ____ ?
 "How come our ____ when we ____ an ____ pumps, filters or ____ "
 How ____ hot tub ____ spa keep tripping an ____ circuit ____ it's ____ air ____ pumps?
 ____ we use ____ air ____ pump, or Circulation mode, ____ spas go ____ .
 Whenever ____ air blower, heat, ____ or ____ mode is activated, can ____ why ____ its ____ ?
 How ____ is ____ when we use ____ blowers/circulation modes?
 ____ have the ____ pump, and ____ mode on, how ____ the ____ GFCI?
 What is the cause ____ tripping whenever ____ use ____ blower/pump?
 How ____ our spa ____ ground ____ circuit ____ when ____ have ____ pump, ____ mode?
 ____ have ____ and ____ mode on, ____ come our spa ____ the GFCI?

Why ____ the hot tub trip when ____ use ____ air ____ mode ____ other ____?

When ____ air ____ circulation mode turned on, ____ the ____ trip the ____?

____ we use the ____ heat pump, ____ in the spa, how ____ the ____?

How come our spa ____ the ____ interrupter ____ we have the heat, pump, ____?

How do you ____ why ____ spa or hot tub ____ the ____ is ____?

When we have ____ heat, pump, ____ air ____ trips the GFCI?

What causes ____ to trip ____ air blower, ____ on?

How ____ hot tub or ____ when ____ uses ____ blowers?

How come ____ is tripped if ____ air blowers, ____ devices?

Do ____ the reason ____ hot ____ is GFCI ____ air ____ is ____?

When the ____ blower, heat, pump, ____ circulation ____ activated, ____ explain why our ____ trips ____?

____ does our spa ____ a GFCI ____ we ____ air ____ pump or ____ mode.

How ____ tub keeps tripping ____ we use the air ____?

____ does the ____ and spa ____ when ____ turn ____ air blower?

When using ____ air ____ pump ____ does our spa ____ through a ____?

When ____ use the ____ pump, or circulation ____ does our ____ GFCI?

Can you explain why the ____ when we ____ blower?

What causes ____ to ____ the GFCI after ____ on ____ air ____?

Why does ____ go ____ a ____ when we ____ blower, ____ pump, ____ Circulation mode ____ does ____ and hot ____ trip ____ on the air blower?

How come ____ is ____ when ____ an air blower, ____ filters ____ heat ____?

____ come the spa trips ____ when we have ____ blower, ____ pump ____ circulation ____?

How ____ we use an air ____ filters or ____ of these?

How ____ spa is ____ use ____ air ____ pumps, filters or ____ combination of ____?

____ can ____ or spa keep tripping its ____ circuit when it's ____ heat pumps.

When we ____ air ____ heat pump, or ____ our ____ through ____ GFCI.

Why ____ our ____ trip ____ GFCI ____ the ____ blower, ____ pump, ____ circulation ____ activated?

Is ____ way ____ can ____ the spa or ____ tub ____ when ____ air blower's ____ on?

____ is the ____ why our ____ trips ____ air ____ pump, or ____ is activated?

Why does ____ trip while ____ on air blower, ____ and other ____?

Can ____ me why ____ spa's ____ system trips ____ the ____ heat, ____ or circulation ____ on?

____ the heat, pump, ____ circulate ____ on, how come our spa ____?

Is there a way ____ the hot ____ trips ____ air ____ on?

____ you ____ why the hot ____ trips ____ air ____ is ____ on?

When ____ have ____ and ____ mode on, ____ come ____ spa trips ____?

Is ____ way to ____ spa or ____ tub trips ____ blower's GFCI?

____ air blower, ____ pump, ____ in the spa, how ____ the spa ____ the ____?

____ have air ____ heat, pump, ____ our ____ come we trip ____ GFCI?

____ does the ____ go ____ a GFCI when ____ use ____ heat, pump, and ____?

____ spas trips when ____ air blower, ____ pump and ____ mode ____?

____ reason ____ Spa Short ____ when ____ blower, pump, warm ____ filters, and circulation?

Why ____ a hot tub ____ spa ____ its ____ when ____ is ____ blowers ____ heat pumps?

____ can a ____ spa be ____ when using the air ____ mode?

Why ____ the spa ____ air ____ heat, pump, and ____ mode ____?

I want ____ spa or ____ trips when the ____ blower ____ turned ____.

When ____ operate in ____ spa, ____ the GFCIs ____?

How come ____ tripped when ____ use the ____ blower/circulation ____?

Can ____ me ____ the spa's electrical ____ trips ____ the air ____ hot water ____ is ____?

____ air blower, ____ pump, ____ circulation ____ can ____ explain why our spa trips its ____?

____ as ____ tub is ____ when we turn on ____ blower

How come _____ or _____ tub won't stop _____ use the _____ blower/heat/pump/filter/circulation _____?

_____ does the _____ tub _____ its _____ we want _____ turn on _____ blower/heat/pump?

_____ does the hot _____ trip _____ we use the _____ mode _____ other _____?

Our spa is tripped when _____ air _____ or other _____

Is _____ the _____ tub or spa _____ when _____ blower _____ turned on?

_____ our spa is tripped when we _____ air _____ filters _____ it?

Why does _____ we _____ using air blower, _____ mode _____ other devices?

What causes _____ trip after we _____ the _____ on?

_____ our spa is tripped if _____ use _____ pumps, _____ combination _____ these?

Why does _____ heat, pump, _____ circulation _____ the spa _____ go _____ GFCI?

When _____ an _____ or _____ the hot _____ why does _____ happen?

How come our spa _____ when we _____ pumps, filters _____?

_____ does _____ when we _____ the air _____ or _____ our spa?

When _____ the heat, _____ and air blower on, _____ come _____ spa _____?

_____ come our _____ if we use air blowers, pumps, _____ combination _____?

_____ do _____ happen when we _____ the air _____ in our _____?

What makes our _____ when _____ blowers, _____ heat, filter, and circulation?

Do _____ know why _____ or hot tub trips when _____?

_____ the _____ we use an air blower, _____ mode, _____ and filter?

How _____ our _____ tripped if _____ an air blower, pumps, _____ it?

Is _____ reason _____ spa trips _____ blower, heat, _____ circulation _____ are used?

_____ the _____ blower, heat, pump, or _____ mode _____ activated, _____ explain why our spa _____?

_____ the hot _____ if we _____ air _____ pump, heat, and filter?

When we _____ blower, heat _____ or circulation _____ the spa, _____ ground fault _____ interrupter?

When _____ an _____ heat, pump _____ circulation in _____ spa, how _____ it _____ GFCI?

Do _____ why our hot _____ and _____ when our _____ is _____ on?

Why _____ it _____ our spa _____ the air _____ and pump?

How _____ our spa is tripped _____ air _____?

_____ our _____ go _____ a GFCI when we _____ or circulation mode?

_____ spa _____ tripped, when we use an _____ filters _____ a _____ of these?

_____ we _____ blower, heat, pump and _____ how come our spa _____ grid?

What _____ the _____ to _____ after we turn _____ air _____?

When we have _____ heat _____ circulation in the _____ spa _____ the GFCI?

_____ is tripped _____ we _____ air blower, _____ filters or a _____ of these?

I _____ curious as _____ our _____ is tripped whenever we turn on _____ blower _____.

How come our _____ tub _____ tripping its GFCI _____ we _____ air _____?

Do you _____ why the _____ tub and _____ when _____ is turned on?

Why do we _____ this _____ we _____ or circulate _____ tub?

How come our spa is tripped when _____ air _____ the above?

If we _____ air _____ heat, _____ or circulation _____ does our _____ go _____ a _____?

When we use _____ blower, _____ circulation mode, why _____ the spa _____?

Do you have _____ why _____ spa _____ hot _____ trips when _____ blower is _____?

_____ this happen _____ an _____ blower _____ circulate the hot tub?

_____ the heat, pump, _____ on, how do our _____ trip _____ GFCI?

When _____ pump, and air _____ how _____ trips the GFCI?

How come _____ is _____ when _____ air blowers, pumps, _____ other heat _____?

What _____ spa short circuits _____ use the _____ heat, _____ and circulation?

Is it possible _____ explain what _____ spa _____ while _____ blower _____ running?

How can _____ hot tub keep tripping its _____ blowers?

_____ we _____ blower, _____ and circulation mode turned on, what _____ our spa _____ the _____?

_____ the spa _____ tripped when _____ air blowers, _____ or _____ else?
 How come our spa _____ an air blower, pumps, filters _____ other _____?
 _____ does the _____ through a fault _____ we _____ the air _____ heat, _____ or _____?
 How can _____ hot _____ tripping _____ it uses _____ blowers and other _____?
 _____ causes our _____ when we use _____ blower?
 How _____ spa is tripped _____ air blowers, _____ or _____ to heat?
 Why _____ the _____ go through _____ when we _____ air _____ or Circulation mode?
 How _____ tub _____ spa _____ when it's _____ air blowers?
 _____ the spa _____ hot tub does not _____ use _____ air blower/heat/pump/filter/circulation _____?
 _____ not sure why our _____ tripped when we _____ on _____ or circulate the _____.
 How come the _____ when _____ used _____ air _____?
 _____ come the spa _____ tripped when _____ air _____ pumps, _____ devices?
 _____ spa keep tripping _____ electrical _____ it _____ air blowers _____ other devices?
 When _____ are using the air _____ circulation mode, _____ through a _____.
 What makes our _____ when _____ use _____ pump, _____ filter, _____?
 When we _____ blower or _____ I _____ curious as to why _____ is tripped.
 How come our _____ tripped _____ blower, _____ filters, or _____ device to heat?
 _____ can a _____ tub _____ spa keep _____ electrical circuit _____ using _____ blowers?
 How _____ spa's _____ system _____ air blower, _____ pump and circulation are _____?
 Why _____ the air _____ make _____ spa _____ its _____?
 We use the air _____ mode, _____ our _____ go through a GFCI?
 _____ come _____ spa _____ tub _____ work when _____ use the _____ mode?
 What's _____ spa tripping the _____ after _____ a air blower?
 How come our _____ when we _____ the air _____ or _____ pump?
 _____ spa _____ a GFCI when we use _____ heat, pump _____ mode.
 _____ come _____ spa _____ the _____ blower, pumps, filters or _____ in it?
 What _____ the _____ to trip _____ we turn _____ air _____ whatever?
 _____ our spa stops working when _____ use an air _____ other _____?
 _____ we _____ air _____ filters or _____ how come _____ spa is _____?
 _____ can a _____ or _____ keep tripping its _____ when _____ is using air _____ pumps?
 When _____ used _____ blower, circulate mode and _____ devices _____ does _____ trip?
 When _____ the air blower, heat, pump and circulation _____ the _____?
 _____ a reason _____ our hot tub or _____ trips _____ blower _____ turned _____?
 _____ it possible _____ what _____ the _____ to _____ when _____ air _____ is turned _____?
 _____ does the spa _____ through _____ GFCI _____ we _____ blower, heat, _____ circulation mode??
 What _____ our spa _____ circuit when _____ blower, pump, _____ filter, _____?
 _____ makes _____ short circuit _____ we _____ blowers, pumps, _____ filters?
 _____ a reason why our _____ tub _____ trips _____ the _____ blower is _____?
 Can you _____ why _____ GFCI _____ use the air blower.
 _____ does the _____ tub trip _____ we _____ blower, _____ mode, _____ other _____?
 How come _____ spa _____ normally when we use _____ air _____ mode?
 _____ you _____ me why _____ electrical system of the spa trips _____ heat, _____ and _____ used?
 _____ spas are _____ we _____ air blower, pumps, _____ or combination _____ these?
 _____ the _____ tub keep _____ its _____ every time _____ turn on the _____?
 _____ come our spa is tripped when _____ an _____ pumps, _____ equipment?
 What is _____ problem _____ our spa tripping _____ GFCI _____ turns into _____ blower, _____?
 We have the heat, _____ mode _____ but how come our _____?
 When _____ blower, heat, _____ and circulation modes are _____ on, _____ the _____ the _____?
 Does _____ cause _____ Short Circuit when using _____ warm air, filters _____?
 _____ does _____ trip its GFCI _____ air _____ heat, pump, _____ circulation mode _____?

_____ makes the _____ when we _____ using the _____ pump, _____ filter, _____?

I _____ as to _____ tub _____ tripped when _____ is on.

Why does the hot _____ we _____ blower, circulate _____ and other _____?

How _____ the _____ tripped _____ we use the _____ blower/circulation _____?

We would like to _____ spa _____ a _____ when _____ the _____ blower.

_____ using _____ air _____ heat _____ mode, why does our spa _____ a _____?

_____ can a hot _____ its _____ circuit _____ it is _____ air _____ and _____?

_____ something cause _____ Spa _____ Circuit when we use _____ pump, _____ air, filters, _____

Why do our _____ tub keep tripping _____ the _____?

When the _____ tub is _____ operated _____ air _____ and _____ does it trip?

How come the _____ we _____ blowers, _____ or other devices?

_____ can _____ hot _____ spa keep tripping _____ electrical _____ using air _____ and other devices?

_____ there _____ way _____ hot tub or _____ when _____ air blower's are on?

Please explain _____ the _____ takes a _____ when we _____ the _____.

When we have _____ blower, _____ circulation _____ spa, _____ come it _____ the _____?

_____ go through _____ use the air blower, heat, pump, or _____ modes?

_____ the spa _____ hot tub _____ when _____ on _____ pump, heat pump and _____ things?

_____ reason for the hot tub tripping when _____ air _____?

How _____ tub _____ when using the air blower, _____ pump and circulation _____?

_____ a air blower, heat, pump, _____ circulation in _____ spa, _____ it _____ the _____?

How _____ our _____ has _____ when we use _____ air _____ filters or _____ of _____?

When the air blower, _____ pump, _____ mode is _____ you _____ spa trips _____ GFCI?

Does something _____ Short Circuit _____ using _____ blower, _____ air, filters, _____?

Is _____ way to explain _____ a _____ or hot _____ off when _____ blower _____ on?

When _____ have air _____ and circulation _____ turned _____ does our _____ the _____?

When we have the heat, pump, _____ blower _____ how come _____?

_____ spa go through a _____ when _____ the air _____ pump, or circulation _____.

_____ come _____ hot tub _____ when _____ use _____ air blower?

How _____ spa is _____ when we _____ air _____ or _____ for heat?

Why does the hot _____ when we _____ air _____ other _____?

_____ does _____ tub trip when we operate it on _____ mode, _____.

How _____ a _____ or hot _____ keep _____ electrical _____ air blowers and heat pumps?

_____ we have air blower, _____ or _____ how _____ spa _____ the _____?

Can _____ me why the spa _____ tub trips _____ is activated?

How _____ hot _____ spa _____ electrical _____ if it uses air blowers?

When we have heat, _____ come our spa Trips _____?

How can _____ tub _____ tripping _____ electrical circuit if _____ is using _____ blowers _____?

_____ reason why our _____ GFCI when the air _____ heat, _____ circulation mode is _____?

_____ does the _____ trip its GFCI when the air blower, _____ pump, _____?

_____ our _____ tripped when _____ use an _____ blower, pumps, _____ or _____ device?

_____ use the air blower, _____ circulation mode _____ spa, why _____ go through _____ GFCI?

Why _____ happen _____ the air blower or _____ in our _____?

We _____ the _____ Circulation mode in our spa, so why does _____ a _____?

_____ our spa is tripped when we _____ our air _____ or _____?

How _____ our spa is _____ when we _____ blower, _____ filters, or _____?

Can _____ some _____ on _____ spa takes a _____ we _____ air blower?

How come our _____ ground _____ circuit _____ when _____ air blower, _____ or circulation?

When the _____ blowers why are the _____?

How come _____ is tripped _____ air _____ pumps, filters or _____ else?

How _____ tub _____ spa _____ when it _____ air blowers and _____ pumps?

____ can ____ spa ____ its electrical circuit ____ using air blowers?
 ____ can ____ hot ____ while ____ the air ____ heat pump and circulation mode?
 ____ causes our spa ____ we ____ on ____ air blower/ ____?
 How ____ keep tripping when it ____ blowers and ____?
 ____ you know ____ the hot tub ____ spas ____ when ____ air ____?
 ____ you ____ to me ____ air spas blower ____ the ____ it is ____?
 ____ possible to explain ____ causes ____ spa to ____ air blower, ____ on?
 ____ come our spa ____ tripped when ____ air ____ pumps, filters or ____?
 Can you ____ me ____ electrical system ____ the ____ when the ____ and ____ pump ____ used?
 Can ____ give us an explanation ____ why ____ trips ____ air ____ pump, or ____ is active?
 How come our spa ____ hot ____ tripping ____ we ____ blower/heat/pump/filter?
 ____ know ____ hot tub ____ GFCI, ____ the air ____ is on?
 How ____ the ____ electrical system ____ the ____ pump and circulation ____ running?
 ____ us ____ the ____ takes a GFCI ____ the air ____ is ____?
 How can a spa ____ circuit ____ using ____ blowers and ____ equipment?
 Is ____ a ____ the air ____ trips the ____?
 ____ air blower, ____ mode and other ____ does ____ tub trip?
 ____ possible to ____ spa to ____ when the ____ blower, heat, pump ____ used?
 ____ our hot ____ tripping when ____ use the ____?
 Why does the spa ____ through ____ use ____ air ____ heat pump, ____ mode?
 Why does the ____ or ____ tub trip ____ the ____ blower?
 ____ are the GFCIs triggered ____ air ____ used ____ a ____?
 How can ____ hot tub ____ keep ____ its ____ circuit while ____ blowers ____ heat ____?
 Why does ____ hot ____ keep ____ when we ____ blower?
 How ____ a hot ____ tripped while using the ____ and circulation ____?
 ____ happen when ____ circulate the hot tub ____ use the ____?
 When ____ spa uses air ____ GFCIs triggered?
 ____ in ____ what are the reasons for the GFCI to ____?
 When we have ____ air blower ____ the spa ____ the ground fault ____?
 ____ we use the ____ blower and/ ____ pump in the ____?
 ____ the ____ of ____ tripping when we use the ____ blower/pump?
 ____ give us ____ explanation ____ spa trips when the air ____ heat, pump, and ____ are ____?
 When ____ have an ____ pump, ____ circulation ____ the ____ come our spa ____ the GFCI?
 ____ does ____ hot ____ we operate ____ air blower or ____ mode?
 How ____ a ____ be tripped ____ using ____ air blower, ____ pump, ____?
 What is ____ reason ____ keeps tripping ____ use the air ____ pump?
 ____ is ____ problem with ____ spa tripping the ____ an air blower?
 How can a hot ____ or ____ circuit ____ uses air ____ and other ____?
 Why does ____ hot ____ trip ____ use an ____ circulate ____ other modes?
 ____ can a hot ____ spa ____ tripping ____ electrical ____ when it has air ____ heat ____ in ____?
 Does ____ have a ____ our ____ trips ____ air ____ or circulation mode is on?
 When the air ____ heat, pump, or circulation ____ is activated, ____ why ____ spa ____?
 ____ know ____ our spas and hot tub ____ air blower ____?
 How can a ____ or spa ____ tripping its circuit ____ uses ____ devices?
 Do ____ hot tub and spa ____ when the ____ on?
 ____ there ____ to ____ how ____ tub trips its GFCI when we ____ blower in?
 I ____ know why our spa ____ hot ____ we ____ the air ____.
 ____ can ____ spa keep tripping when ____ using ____ blowers and ____ devices?
 ____ air blower, ____ pump ____ circulation ____ on, how come ____ trips ____ GFCI?
 ____ trips ____ GFCI when we ____ heat, ____ and air ____ activated?

How come ____ spa is ____ when we use air ____ filters or ____ place?
 ____ causes our ____ to ____ the air blower?

How can ____ tub or ____ while ____ the air blower, heat pump ____?

How ____ spa ____ the GFCI ____ we have ____ pump, and ____ on?

Do you ____ why the hot ____ spa ____ blower is turned ____?
 ____ using ____ our spa trip its GFCI?

How ____ our spa ____ when ____ use an ____ blower, ____ or ____ other ____?
 ____ something cause the ____ Circuit ____ use ____ pump, warm ____ and circulation?

Can ____ explain ____ our spa ____ trip when the air ____ heat, ____ is used?
 ____ hot ____ keeps ____ its ____ when we use the air blower/heat/pump/filter?

Why does ____ we use the ____ or ____ the ____ tub?

When the ____ blower, ____ pump, or ____ mode is ____ why the spa trips ____.

Why does ____ a ____ when we use ____ air ____ pump, or ____?

When we ____ the ____ mode, ____ come our ____ is ____?

____ does our spa go ____ GFCI when we ____ air blower, ____ pump, ____?

Why does ____ happen when ____ blower or the ____ spa?

Do you ____ reasons why ____ hot tub and ____ after ____ air ____ turned ____?
 ____ our spa tripped when we ____ the ____?

Is ____ possible ____ spa ____ trips its ____ whenever we use ____ blower?
 ____ spa ____ circuit ____ we use the blower, pump, heat, ____?
 ____ blower, heat, ____ or ____ in our spa, how ____ Trips the GFCI?
 ____ come ____ is tripped ____ we heat it with ____ blower, pumps, ____ other ____?

When ____ the hot ____ on ____ air ____ mode, ____ heat, filters, ____ trips.
 ____ possible ____ what causes our ____ trip when the air ____ are on?
 ____ causing our ____ trip ____ the blower is turned ____?

How ____ a ____ or ____ be ____ the air blower, heat pump ____?

Our ____ GFCI when we ____ blower, heat, ____ circulation mode ____ on.

Do ____ know why ____ takes a ____ using ____ air ____?

How come our ____ tripped ____ using ____ air ____?

Why does ____ hot tub ____ it ____ air ____ mode, pump, ____ filter?
 ____ the hot tub ____ we use an ____ blower, ____ other devices?
 ____ does ____ hot tub trip when ____ air ____ mode, ____ heat, ____ filter?

What are ____ reasons for ____ GFCIs ____ when the air ____ is being ____ at ____?
 ____ have ____ air blower, ____ or circulation ____ the spa, ____ it trips ____ GFCI?
 ____ the ____ air ____ heat, ____ mode turned on, how come it trips ____?
 ____ the spa short circuit when ____ blower, ____ and circulation?
 ____ a cause for the Spa ____ use ____ blower, ____ warm air, ____ and circulation?

When we have ____ heat, pump, ____ on, ____ our ____ trips ____ GFCI?

Can ____ tell us why the ____ spa ____ take ____ GFCI?

Is ____ a way to ____ spa or hot ____ goes off ____ is on?

What ____ spa to ____ when the blowers ____?

Is there ____ to explain ____ or hot tub ____ working ____ air blower's ____ on?
 ____ are ____ when air ____ are ____ the spa?

Is there ____ our ____ to ____ when ____ air blower, ____ or circulation mode ____ used?

Why ____ triggered when air blowers are ____?

____ we ____ the ____ on ____ air blower, ____ pump, ____ filters, it trips.

Why ____ the spa ____ a ____ we use ____ air blower, ____ pump, or ____
 ____ come ____ is tripped if we ____ air ____?

How ____ a hot tub ____ be ____ air blower, heat pump ____?

When we have ____ pump, ____ air blower activated, ____ the GFCI?

_____ does it happen _____ we _____ the hot tub?
 Why do _____ tub _____ when we _____ the _____ circulate mode _____ devices?
 _____ do _____ when we _____ an _____ or circulate the _____ tub?
 _____ a reason _____ spa takes a _____ whenever _____ the air _____?
 _____ does the hot _____ trip _____ we use _____ blower, circulate _____ heat, _____?
 When air blower, _____ mode _____ on, how _____ our _____ trips _____ GFCI?
 _____ our spa is _____ an _____ pumps, filters or a _____ device
 What makes our spa _____ when we _____ blower, _____ heat, _____?
 How _____ our _____ trips the _____ have _____ pump, and air blower _____ in?
 How _____ our _____ off _____ an _____ blower, pumps, filters _____ thermostat _____ it?
 _____ reason _____ the spa trips when the _____ heat _____ mode is used?
 _____ is _____ reason for the _____ of _____ when the air blowers _____ spa?
 _____ it _____ explain why the spa or _____ tub _____ the _____ running?
 How _____ a _____ tub keep tripping _____ electrical _____ using air _____ and other _____?
 What _____ the _____ short circuit _____ we _____ blower, pump, heat, _____?
 _____ makes _____ spa short circuit when _____ use _____ pumps _____?
 _____ want _____ why _____ spa or hot tub _____ the air blower _____.
 When the _____ pump, _____ are on, _____ come our spa _____.
 What makes _____ use the _____ pumps, and heat?
 What makes our _____ short _____ use _____ pumps, _____ and circulation?
 How come _____ spa _____ tripped _____ blower/circulation mode?
 _____ why _____ hot tub and spa _____ trips _____ the air blower _____?
