

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	DNS and IP address configuration help
Inquiry Sub-Category	DNS Propagation Delays
Description	Help with understanding and troubleshooting DNS propagation delays, which can occur when changes to DNS records take time to propagate across the Internet, leading to temporary website unavailability.
Data Size	5,057 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

_____ be done if _____ settings are not being propagated _____ or _____ than _____?

Is _____ possible _____ the _____ fresh _____ may be _____ than usual?

Suggestions on _____ resolve the _____ difficulties _____ I _____ in _____ new _____ system

How _____ respond _____ the new _____ settings don't _____?

If _____ aren't _____ propagated _____ or the _____ the _____ system _____ going _____ what?

If _____ being propagated _____ the changes in _____ Domain _____ System aren't going _____.

Asking _____ figure _____ propagation _____ the _____ domain name _____.

Is _____ I can _____ latest _____ isn't sending accurate data?

I'm having trouble with _____ updated DNS _____ what you can _____.

_____ don't know _____ there is recourse when _____ configuration _____.

_____ the domain _____ system _____ well, then what?

_____ the slower _____ my freshDNS _____ a _____ concern?

If the changes _____ aren't going _____ and if _____ isn't _____ propagated _____.

_____ should _____ if my DNS change _____?

There _____ an _____ of _____ new _____ problems with propagation.

_____ on _____ to resolve the propagation difficulties I _____ in _____ newly _____?

If the _____ of my new DNS configurations _____ a _____ concern?

Suggestions _____ how _____ the _____ of my _____ up domain nameserver?

_____ you help me _____ the _____ of _____ domain name _____.

_____ methods can _____ delays or _____ in the spread of _____ domain _____.

Shouldn't _____ be concerned _____ the propagation of _____ freshDNS configurations _____?

Any _____ on how to _____ issues _____ having in _____ name system?

_____ changes _____ DNS _____ as predicted or _____ there _____ being forwarded correctly.

_____ there aren't _____ correctly or if _____ changes _____ name _____ aren't as _____

If _____ domain name settings don't work out, _____?

Any _____ how to resolve _____ problems _____ propagation _____ newly _____ up domain _____?

_____ don't _____ there is any recourse _____ myDNS configuration _____.

_____ changes in the DNS aren't _____ expected _____ if _____ aren't being _____

_____ to _____ of propagation of my _____ set _____ nameserver?
_____ to address _____ issue _____ set up _____ system getting Problems WithPropagation?
Any suggestions _____ to resolve _____ problems with _____ newly set _____?
I'm _____ propagation issues _____ my _____ newDNS, _____ how _____ fix them?
What _____ change in my DNS _____ correctly transmitted?
What _____ do _____ the _____ in my _____ name is _____ correctly _____?
_____ new _____ settings don't _____ quickly, what _____ are _____?
_____ on _____ to _____ the _____ newly set _____ name _____ getting problems with propagation?
Should I be concerned _____ of _____ DNS configurations _____ normal
Any _____ on how to _____ the _____ problems of _____ set up _____?
_____ know _____ is recourse when _____ isn't _____ disseminated _____ or there.
_____ on _____ difficulties _____ having in my newly _____ domain name.
Any suggestions _____ to resolve the propagation _____ my _____ server?
If _____ changes in the _____ aren't _____.
Suggestions _____ how to resolve propagation issues _____?
What about theDNS _____?
Any suggestions on how _____ new domain name _____?
_____ changes in the _____ getting there _____ or if _____ aren't _____ propagating _____.
_____ having _____ in _____ set up DNS, any suggestions _____ to _____ them?
_____ my new _____ are _____ propagated _____ can be done?
I'm _____ with _____ I _____ to know _____ you are doing _____ remedy that.
I'm not _____ can do _____ about my _____ not being sent.
_____ how to resolve _____ difficulties I'm _____ new _____ name system
I'm _____ updatedDNS settings, so _____ want to _____ what _____ can _____.
Suggestions on _____ to _____ difficulties _____ my new _____ server?
I'm having propagation _____ my _____ DNS, _____ how to resolve them?
_____ suggestions on how _____ the problem _____ of the new _____?
_____ the propagation of _____ configurations is _____ should _____ be _____?
_____ should _____ do if _____ DNS update _____?
_____ on _____ solve the propagation _____ I'm _____ brand newDNS?
Suggestions _____ how _____ resolve thePropagation difficulties I'm _____ in my _____
_____ should I do _____ in my DNS _____ propagated _____?
I'm having a problem _____ updatedDNS _____ I want to _____ you are _____ it.
_____ in the domain _____ aren't getting there _____ and if there _____ transmitted _____.
Any _____ how to _____ of _____ propagation difficulties in _____ new _____ name _____?
If _____ the dns aren't going _____ if there _____ propagated correctly
What _____ happen if _____ DNS _____?
_____ having trouble _____ myDNS settings, so I _____ you _____ do _____ that.
_____ suggestions on how to _____ of propagation of _____ up _____ nameserver.
I need to _____ you can _____ my issues _____ my _____.
_____ you _____ how to _____ delayed or incorrect _____?
How _____ I act _____ settings don't work _____?
_____ having _____ with _____ settings, so I _____ you are _____ to help.

 ____ if ____ changes ____ DNS ____ well or ____ there ____ being propagated correctly?
 If ____ propagated ____ or ____ to the DNS ____ going ____ planned.
 ____ the ____ in the ____ going well, then what.
 ____ the ____ dns ____ forever, what ____?
 Asking about slow ____ of _____.
 ____ don't ____ if ____ do something when ____ latest ____ isn't working.
 If there ____ correctly ____ the changes in the ____ aren't ____ quickly ____
 ____ suggestions ____ how ____ resolve propagation difficulties ____ am ____ my ____ newDNS?
 Should I be worried ____ the ____ of ____ being ____ normal?
 ____ aren't ____ or if ____ in the ____ aren't happening ____ predicted.
 ____ if my domain name ____ slowly.
 ____ on how ____ resolve the ____ difficulties I'm ____ newly ____ up domain ____?
 If my ____ name settings ____ taking ____ than ____ what can ____?
 What ____ do now ____ the ____ setup ____ working?
 I ____ my ____ settings ____ want to know ____ you can do.
 ____ on how to get my newly set ____?

Is there anything _____ can _____ DNS configurations aren't being _____?

_____ the change _____ my _____ name _____ not _____ propagating, what _____ I _____?

I'm _____ accessing _____ updatedDNS _____ so _____ want _____ know what _____ to _____ that.

_____ accessing _____ dns settings so _____ want to _____ what _____ can _____

_____ being _____ correctly or if _____ in _____ going as planned.

I _____ to _____ if _____ help me _____ slow propagation of _____ records.

Can you help _____ with the _____ of my _____ server _____?

What should _____ change is not correct?

If _____ the _____ going well or if _____ propagated correctly, what?

_____ am having _____ accessing _____ updatedDNS settings, _____ I want to _____ you _____ doing _____ it.

_____ suggestions _____ how _____ I'm having in my new nameserver?

Is there any _____ if _____?

_____ should I do if _____ isn't propagating?

I am _____ sure _____ anything _____ my latest domain name _____ sending.

If _____ propagation of my _____ configurations _____ than _____ is I _____?

Suggestions _____ to _____ difficulties _____ in _____ newly set-up domain name system.

If _____ DNS _____ forever, what _____?

_____ to _____ incorrect propagation _____ the DNS?

_____ suggestions on how to resolve _____ I'm _____ in _____ domain name.

_____ not _____ I can do anything _____ name configuration not _____.

How _____ fix _____ the DNS

_____ the _____ name system aren't _____ as _____ or if _____ aren't _____ propagate correctly.

If my DNS _____ are _____ solutions?

Suggestions _____ how to resolve propagation difficulties _____ having _____ my _____ system.

_____ don't _____ what to _____ my DNS update _____.

_____ changes _____ system aren't getting there _____ if there aren't being _____.

Suggestions _____ difficulties _____ having _____ my newly set up domain _____ system?

_____ it a problem _____ of _____ freshDNS _____ slower than normal?

If _____ DNS _____ forever, _____ should I _____?

_____ being propagation _____ or _____ changes in the domain name _____ aren't _____ as _____.

_____ you help _____ with _____ slow propagation _____ modified _____ records?

_____ aren't _____ propagated correctly _____ changes in the DNS aren't _____ quickly.

_____ the _____ of myDNS is stuck, _____ I _____.

MyDNS _____ as expected

If the changes in _____ system _____ and there aren't being _____.

Suggestions on how _____ resolve thePropagation _____ brand newDNS

If the _____ the DNS _____ as _____.

_____ is an _____ of _____ domain name system _____ problems _____ propagation.

I don't know if _____ can _____ anything _____ latest _____ configurations _____ sent.

Any _____ on _____ to _____ the propagation difficulties I'm _____ domain name server?

_____ trouble accessing my _____ dns settings, so I want to _____ you _____

Can you _____ the slow _____ modified domain _____ records?

Suggestions on _____ to _____ difficulties I'm having _____ newly set up _____.

_____ there _____ being _____ correctly or _____ the changes _____ name system aren't _____ planned

I'm having trouble accessing _____ updatedDNS _____ so I want _____ to _____

If there aren't _____ forwarded correctly _____ if the _____ the DNS _____.

I _____ not _____ anything _____ my latest domain name _____ malfunctioning.

_____ I _____ if _____ update of myDNS is _____?

_____ there aren't _____ propagated correctly or _____ changes _____ the _____ don't get _____.

Suggestions _____ to _____ propagation _____ I'm _____ in my newly set up _____?

_____ on resolving the _____ propagation of _____ set _____ domain name _____?
 _____ suggestions _____ how to get _____ of _____ difficulties _____ brand newDNS?
 If _____ aren't _____ propagated correctly _____ changes _____ DNS _____ going well _____ what
 Suggestions on how _____ thePropagation difficulties I'm having in _____?
 Can you help _____ with _____ issues _____ slow _____ my modified _____?
 _____ a _____ that the propagation _____ is slower thannormal?
