

[Demo] NLP Dataset for Customer Service Automation

Company Type	Property Insurance Companies
Inquiry Category	Questions about loss prevention techniques
Inquiry Sub-Category	Fire prevention measures
Description	Customers seek information on fire-resistant materials, smoke alarms, and fire suppression systems to safeguard their property.
Data Size	6,864 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Property Insurance Company" customer inquiry. (Purchased data will not be masked.)

How often do you ____ testing ____ other ____ prevention equipment for ____ ?
Do ____ to check ____ alarms frequently?
Would you ____ smoke alarms, multi-question ____ or any apparatus ____ your ____?
How ____ intervals for smoke detectors ____ safety ____ done?
Do ____ have any suggestions ____ how ____ fire ____ equipment ____ peak ____?
What ____ be the guidelines for ____ intervals ____ maintaining ____ smoke ____?
I want ____ know ____ testing frequencies for ____ and fire ____.
____ do ____ recommend ____ people ____ their smoke alarms?
____ often should ____ and prevention ____ be ____?
____ it possible to ____ the ____ of ____ systems ____ fires?
How ____ suggest ____ fire prevention ____?
Do you advise ____ the ____?
Do ____ recommend ____ tested regularly?
How ____ test the smoke alarms and fire ____ my ____?
____ there a ____ interval for testing ____ related ____?
____ often ____ some ____ be tested?
How ____ should you ____ the ____ of ____ fire ____?
____ frequently one should ____ the reliability of their ____ alarm?
____ you recommend to test ____ prevention ____?
____ is the ____ fire safety gear?
Do ____ know ____ recommended ____ testing ____ detectors and ____ equipment?
____ detectors and related ____ protection ____ be ____ at what ____.
____ much do you ____ prevention gear?
How ____ do you ____ checking ____ smoke alarms?
Do you believe it's a ____ idea ____ lot?
____ should ____ check ____ reliability of their smoke ____?
How should ____ inspecting fire ____ be?
How frequently ____ smoke alarms ____ fire safety devices ____ they work?
____ we test ____ make sure they work?
How ____ a smoke alarm be ____ to make ____?

If _____ functions they _____ conduct tests on their _____ detection _____ .
 _____ testing frequencies are _____ optimal _____ of smoke _____ and _____ prevention _____ ?
 _____ you _____ tests _____ smoke detectors?
 _____ you _____ alarms _____ other safety precautions be _____ ?
 How _____ do you _____ of _____ prevention _____ ?
 I'm _____ should _____ my _____ alarm for optimal performance.
 _____ order _____ maximize effectiveness, _____ be the appropriate interval _____ equipment?
 Are you _____ to _____ smoke _____ ?
 Are _____ able _____ guidance _____ check our smoke alarms?
 _____ know _____ often _____ should _____ my smoke _____ for optimal performance.
 Do _____ have a suggestion _____ frequently _____ safety equipment?
 _____ there a _____ evaluating _____ detectors?
 How frequently should _____ alarm and fire _____ ?
 _____ many times _____ should I _____ my _____ and fire _____ equipment?
 _____ you have any _____ for testing _____ maintaining _____ functions _____ detectors?
 Tell me how _____ alarms _____ works best.
 _____ often do you encourage _____ to _____ smoke _____ ?
 _____ give us guidance _____ how _____ examine _____ smoke alarms?
 _____ you _____ that we _____ alarms frequently?
 Do _____ believe the fire equipment _____ be _____ ?

 _____ you recommend how often _____ my _____ ?
 If homeowners want _____ functions, what _____ tests on _____ systems.
 _____ you _____ me with the _____ I need _____ my smoke alarms and _____ fire-prevention _____ ?
 _____ often do you recommend _____ features _____ smoke _____ ?
 Can _____ to test my smoke _____ ?
 _____ you recommend _____ test my _____ smoke alarms _____ fire safety _____ ?
 _____ recommendable to test _____ frequently?
 I _____ what _____ recommended testing frequencies are _____ smoke _____ other fire _____ .
 What _____ frequencies _____ for smoke alarms _____ fire prevention _____ .
 _____ you _____ the regularity at _____ I have to _____ my _____ alarms _____ prevention equipment?
 Are you _____ testing _____ ?
 _____ often do you _____ protection _____ ?
 How frequently should _____ their _____ ?
 _____ equipment like smoke _____ what _____ an appropriate interval?
 How often _____ inspect the _____ of _____ devices?
 _____ often should one assess the _____ ?
 _____ the regularity at _____ check my smoke alarms and other _____ equipment?
 Do _____ recommend _____ we _____ smoke _____ frequently?
 Tell _____ how _____ check smoke _____ and things _____ good _____ .
 _____ to _____ the _____ gear from time _____ time _____ order to _____ efficiency?
 _____ you give _____ testing intervals for _____ and _____ fire- safety _____ ?
 How _____ done _____ check _____ alarms for _____ working ability?
 _____ you _____ smoke detector _____ ?
 _____ you suggest _____ prevention gear _____ ?
 _____ often should _____ like _____ be _____ ?
 How often _____ testing smoke _____ ?
 _____ like _____ know _____ the _____ testing smoke alarms.
 In order to _____ the _____ for testing fire prevention _____ ?
 _____ you _____ smoke alarms on a _____ ?

_____ testing _____ are recommended _____ the best performance _____ alarms?

Do you have a recommended _____ for _____?

_____ would you suggest testing smoke alarms, _____ units, _____ any _____ your house?

_____ know how much to _____.

_____ often _____ you _____ alarms, multi-question units, or any apparatus _____ stops _____ house?

How _____ should the _____ alarm _____?

_____ number _____ should _____ alarms and other _____ equipment be _____?

_____ some advice _____ frequently _____ need to _____ my smoke _____.

Do _____ suggest _____ prevention gear?

I _____ the regularity _____ which _____ need _____ test my _____ alarms and _____ fire _____ equipment.

_____ you _____ that we _____ test _____ items often?

_____ you _____ advice on _____ to look at _____ and similar equipment?

Can you _____ how much to _____ smoke _____ working _____?

Tell me the _____ which I _____ my _____ alarms _____ other _____ equipment.

_____ you _____ how _____ I _____ check my smoke _____?

Can you tell me _____ test my smoke _____ tools?

Do _____ often _____ should check _____ fire safety _____?

Do you recommend testing _____ optimum functions of smoke _____ fire _____?

If they want _____ function, what intervals _____ their _____ systems?

Is _____ possible _____ inspect _____ of functioning in _____ systems _____ detecting _____?

_____ often _____ you _____ Prevention Equipment?

_____ often _____ checking the _____ of the smoke _____?

_____ should you _____ function of your _____ device?

How _____ should I test _____ smoke alarms _____ working?

_____ there _____ specific _____ for _____ adequacy _____ functioning in _____ systems for _____ fires?

_____ to know how _____ check the _____ reliability _____ their smoke _____.

_____ it _____ to _____ safety items?

I _____ the _____ frequencies _____ testing smoke _____ other _____ safety equipment.

Can _____ tell _____ should check my _____ alarms?

Can you recommend _____ I should _____ smoke _____?

_____ testing frequencies _____ appropriate _____ smoke _____ and other _____ equipment?

_____ you suggest _____ testing of _____ and fire _____?

_____ regularly _____ smoke alarms?

_____ testing _____ recommended for _____ gear?

_____ it _____ idea _____ the effectiveness of smoke detectors _____ interval?

How _____ times _____ year _____ the _____ fire prevention stuff be _____?

How _____ fire prevention products?

How frequently should smoke _____ they work well?

Do you _____ the _____ alarms _____?

Are _____ smoke alarms frequently?

_____ that _____ smoke detectors regularly to make _____ in an emergency?

_____ should testing intervals _____ for maintaining optimum functionality _____ fire _____ tools?

_____ the recommended _____ of testing for _____ alarms and other _____?

_____ should one _____ their _____ device?

How often _____ one check the _____ of _____?

_____ testing frequencies are recommended _____?

What _____ best for _____ make sure they _____?

How _____ you _____ testing _____ alarms, multi-question units, _____ any _____ that _____?

Do you _____ a _____ interval for _____ and related _____?

What is _____ to _____ my _____ detectors and _____ tools?

Do _____ testing _____ gear often?

_____ these smoke _____ recommended _____ regularly?

How _____ should _____ recommend testing _____ and other fire _____?

Do you _____ testing _____ gear?

Do _____ recommend periodic inspections _____ alarms are working?

Can you _____ the regularity _____ which I should test _____ fire-prevention _____?

How _____ should smoke _____ be _____?

_____ you _____ a _____ idea _____ check our _____ detectors _____ make sure they work _____ an emergency?

For optimal performance, _____ often should I _____?

What should _____ frequencies _____ best performance of smoke _____?

How many _____ should _____ checked?

_____ it wise _____ smoke _____ regularly for optimal _____?

How _____ do _____ suggest that _____ smoke _____ be _____?

Do you _____ smoke _____ other _____ equipment frequently?

_____ often _____ to check their _____ prevention gear?

Is _____ to _____ safety equipment more often?

_____ frequently should _____ alarm's reliability?

How _____ smoke alarm _____ make sure _____ works well?

Is _____ possible to _____ of _____ in alarm _____ to detect _____?

Do you _____ the _____ frequencies for _____ smoke _____ fire _____ devices?

_____ should one assess _____ fire-prevention _____?
