

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Customization and product configuration requests
Inquiry Sub-Category	Scalability inquiries
Description	Customers interested in understanding the scalability options of the telecommunications equipment, including expansion capabilities and the ability to accommodate growing needs.
Data Size	6,807 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ add additional modules or _____ increase _____ on-demand with _____ gear?
_____ to _____ capacity instantly in this _____ device _____ add-ons?
_____ we _____ more _____ telecom gear.
Will _____ modules upgraded on _____?
Is it possible _____ components to _____ needed?
_____ possible to _____ modules?
Adding _____ parts _____ could enhance _____ gear.
Extra _____ components can be used _____ capacity of _____ gear.
Is it _____ modules to _____ capacity?
Is it possible to _____ with additional _____?
Is _____ to _____ with extra components in the _____?
_____ to add _____ parts and increase _____ capabilities?
Will it _____ possible _____ boost capacity _____ basis using supplementary _____?
_____ additional modules _____ telecom _____ here?
Is it _____ to _____ extra _____ the _____?
Is _____ possible _____ this _____ potential _____ using _____ components?
_____ expansion with _____ for higher _____ capability?
Are _____ able to _____ components _____ increase capacity?
Can we increase _____ on-demand _____?
Will it _____ boost capacity quickly with _____?
_____ possible to _____ additional components _____ amplify _____?
_____ possible _____ the capacity of our telecom _____ additional _____?
Can we _____ supplementary _____ onto _____?
_____ more _____ to add _____ capacity?
_____ more _____ enhance _____ gear?
_____ there a way _____ capacity _____ with _____ equipment?
_____ we increase capacity _____ there are _____ components _____?
_____ we add _____ modules _____ increase _____?

_____ modules to the _____ demand?

_____ we add modules _____ to _____ telecom _____ to _____ capacity?

Can _____ the capacity of this _____ by _____ more _____ components _____ demand?

_____ modules _____ components on demand can _____ capacity of _____.

_____ we be _____ to expand _____ more _____?

Is it _____ to increase _____ ability _____ added component?

Is _____ possible _____ telecom gear _____ adding more _____?

Might it _____ possible _____ add new _____ capacity?

_____ to increase _____ new modules?

Is _____ expand this gear _____ components?

Is _____ improve the _____ of this gear with _____?

_____ way to _____ increase capacity _____ supplementary units?

Will expanding with _____ better on-demand _____?

Add-on modules _____ gear can _____.

Can add-ons be _____ to increase _____?

Might _____ expand _____ add-ons?

Could _____ modules _____ integrated onto _____ to _____ capacity?

_____ it _____ supplementary modules or _____ on this telecom _____?

_____ there _____ that _____ upgrade on demand?

Could we use more _____?

Is _____ possible _____ on-demand if there are _____?

_____ it _____ additional components _____ increase capacity in _____?

Do you _____ is possible _____ increase _____ modules?

Could _____ capabilities _____ the telecom _____?

Have you _____ adding _____ modules _____ equipment's capability?

Adding extra _____ or _____ enhance the _____ of this _____ equipment.

Can we _____ capacity _____?

Can additional _____ add _____ gear?

_____ it _____ boost capacity _____ additional _____?

_____ able to _____ modules _____ components _____ increase capacity?

Adding _____ modules would _____ increase capacity _____ needed.

_____ the capacity _____ the _____ gear by _____ more components?

Is it _____ to _____ telecommunication _____ inserts?

_____ want to add more modules _____?

_____ telecom gear _____ with _____ modules?

Can _____ an option to boost _____ adding _____?

_____ possible to _____ capacity _____ more _____ or components for _____ equipment?

_____ inserts _____ gadgets can _____ potential?

_____ more capacity with _____ gear?

_____ we increase _____ on _____ with more _____ components?

Is _____ add _____ modules or components _____ telecommunication equipment?

_____ telecom gear capacity with more _____?

Will there _____ modules _____ upgrade _____?

_____ on _____ can increase capacity.

_____ it possible to add modular _____ with _____?

Do _____ think it's possible _____ up network _____ upgrades?

_____ increase capacity by using _____?

Is _____ to _____ in this gear _____ modules?

Can we _____ the _____ by _____ this gear?

Extra modules or components _____ added _____ telecom _____ increase _____.

_____ to _____ capacity of _____ gear by adding _____ or components?
 _____ telecom gear _____ adding more _____?
 _____ to telecom gear _____ capacity.
 _____ use supplementary modules _____ this _____?
 _____ to increase telecom _____ capability
 _____ it possible to add _____ in _____ to _____?
 Is _____ possible to _____ using _____?
 Could _____ the _____ more modules?
 _____ it be _____ increase _____ capacity of _____ telecom _____ needed?
 Can _____ add _____ modules _____ components as _____ increase _____ capacity _____ this telecom _____?
 _____ with _____ components allow _____ to _____ on demand?
 _____ we add more _____ capacity?
 Is adding _____ modules _____ to _____?
 _____ be _____ to _____ in this gear?
 Can we _____ modules _____ components to _____ on-demand?
 _____ supplementary modules _____?
 _____ we expand the telecom gear _____?
 Will _____ allow for _____ capability?
 _____ we _____ extra modules or components to _____ capacity _____ telecom _____?
 _____ supplementary _____ or components on this _____ increase capacity.
 Can _____ by _____ parts to the gear?
 _____ modules enhance _____ demand _____ capability?
 Is it _____ to _____ modules to _____ capacity?
 _____ can add _____ modules _____ increased _____.
 _____ extra _____ can _____ the capacity of _____ equipment.
 Can we _____ gear _____ increase _____?
 Can _____ put _____ increase capacity?
 If _____ it _____ to enhance the capacity _____ telecom _____?
 _____ enhance _____ telecom capability here?
 _____ ability of _____ gear _____ added _____ be increased.
 Is _____ way to increase _____ this telecom _____?
 _____ new modules improve _____ needed?
 _____ it _____ for equipment to _____ for capacity _____?
 Is it _____ capacity with modules or _____ equipment?
 _____ when there are _____ components in _____ hardware?
 _____ extra _____ would increase _____ equipment's _____.
 _____ a way to increase _____ modules?
 _____ extra modules _____ on-demand telecom _____?
 _____ telecom capacity with _____?
 Is _____ to _____ gear's capacity by _____ components?
 Is adding more _____ components _____ to _____ the _____ of this _____?
 Will adding _____ components _____ be _____?
 Are we _____ expand telecom gear _____ modules?
 Extra _____ telecom _____ increase capacity.
 Can _____ increase telecom _____?
 Could we _____ components _____ the telecom gear _____?
 _____ it be possible to _____ instantly _____ new _____?
 Is _____ add _____ this _____ to increase capacity?
 Can we _____ the _____ by _____?
 _____ it possible to _____ capacity whenever _____ telecom _____ has _____?

_____ component increase _____ in _____ gear?

_____ more components allow _____ to _____ more _____ capability?

_____ be used _____ capacity on-demand?

Can _____ use add-ons to _____?

We should add _____ parts _____ capacity _____ telecom _____.

_____ modules enhance on-demand _____ capability _____?

_____ it _____ to _____ with modules?

Is it _____ amplify _____ for this gear?

_____ supplementary _____ to this telecom _____?

Can _____ this telecom gear _____ added components?

_____ be possible to _____ of _____ if we needed to?

_____ increase on demand telecom _____?

Adding more _____ a way to _____ equipment's _____.

Can _____ increase _____ telecom?

Is it possible _____ by _____ add-ons?

Is _____ add more modules to increase the _____?

Is _____ to _____ using add-ons for _____ setup.

_____ add more parts _____ gear _____ jack _____ our capability?

_____ we _____ components on the _____ gear to _____ capacity?

Will attaching _____ on _____ telecom?

_____ a _____ to _____ the gear's potential _____ extra _____?

_____ supplementary add-ons _____ capacity be _____ instantly in _____?

Can we increase _____ capacity _____ with this _____?

_____ amplify _____ by adding more _____?

Is it possible to _____ of _____ additional modules or components?

Is _____ a _____ our _____ with a modular upgrade?

Is _____ to raise capability by _____ more _____ the _____?

We _____ increase telecom _____ modules.

_____ it _____ add extra modules _____?

_____ more components _____ us to _____ on _____?

_____ possible _____ add modules _____ capacity?

Could _____ put supplementary modules _____ this telecom _____?

Is _____ way _____ increase capacity on-demand _____?

_____ add add _____ to _____ capacity?

_____ additional _____ can increase the _____ of _____.

Can _____ be _____ on-demand with _____?

I _____ if _____ increase the ability of _____ gear _____ added _____.

_____ attaching more _____ on-demand _____ better?

_____ additional module integration _____ our _____ when _____?

Is it possible _____ increase capacity _____?

Adding extra _____ components _____ expand the _____ of this _____.

_____ there _____ boost capacity _____ adding components?

_____ extra modules help _____?

Is _____ possible that _____ the _____?

_____ extra modules _____ the _____ gear?

_____ could use more _____ to _____ gear _____.

Is _____ enhance capacity _____ additional _____ or components?

_____ demand can _____ used to expand _____ capability of _____ gear.

_____ it possible to add _____ telecom capacity?

Is it possible to _____ the _____ modules?

Adding _____ amplify the capacity _____ the telecom _____.

_____ we increase _____ gear _____?

Can we increase _____ if _____ in the _____ hardware?

Is _____ possible to attach _____ to _____ flexibility?

Add-on _____ on this gear _____.

_____ we add _____ to the _____?

Can additional _____ increase _____ on demand?

_____ about increasing _____ gear _____ with _____?

Can _____ be put _____ to achieve _____?

_____ adding _____ to this gear able _____ jack _____?

_____ adding additional modules _____ telecom _____?

_____ increase _____ of _____ telecommunications gear?

Can we _____ more _____ the telecom _____ to _____ capacity?

_____ we use _____ setup _____ increase capacity?

Can _____ parts be _____ capacity?

_____ it _____ increase capacity with _____ or modules?

_____ increase _____ capacity of our telecom gear with _____?

_____ on _____ gear can increase _____

Adding _____ amplify _____ capacity in telecom _____.

_____ it possible to _____ capacity of this telecom _____ with _____?

_____ could _____ increase the ability _____ with added components.

_____ is _____ that _____ module _____ could amplify _____ telecom _____.

_____ be _____ to jack up _____ by adding _____?

Increase telecom equipment's capability _____?

_____ it possible _____ with additional _____ or components?

Will it be _____ capacity with supplementary _____?

Adding extra _____ the _____ of this telecom gear.

Adding _____ could increase _____ capability.

_____ to _____ capability of this telecom gear _____ incorporating _____ modules?

_____ upgrades with _____ gear _____ sense to ramp up _____ capabilities?

_____ we _____ able _____ increase on-demand _____ if _____ expand with _____?

Would it _____ possible _____ add _____ onto the telecom _____?

_____ tell me if _____ ramp _____ our network capabilities using modular _____?

Can _____ modules to _____ capacity?

Would _____ to _____ the _____ of our telecom _____ with additional _____ or _____?

Increasing _____ equipment's _____ be done by _____ modules.

_____ increase _____ capacity _____ this _____ by _____ more modules?

Adding extra components _____ able to expand _____ gear.

Can _____ increase the _____ this equipment by adding _____?

_____ increase _____ using more modules _____?

Can we _____ more _____ components _____ increase our _____?

Is it _____ the capacity of _____ with _____ components?

_____ it _____ increase capacity on demand with additional _____?

_____ modules _____ be _____ to _____ telecom _____.

Is _____ increase capacity using _____ the _____ setup?

_____ we boost capacity _____?

Extra _____ components _____ expand the capacity of _____ telecom _____.

_____ extra modules _____ to enhance on-demand _____ here?

_____ the _____ of this telecom _____ by adding _____ components?

_____ possible _____ enhance _____ gear with more _____?

Could we expand _____?
 _____ there a way _____ capacity _____ components?
 _____ extra components could _____ of the _____ gear.
 Is _____ to increase capacity on _____?
 Will _____ this _____ be increased _____ addition of modules _____ components?
 Can we increase capacity _____?
 Will _____ capacity instantly with _____ add ons?
 Extra modules _____ components _____ demand _____ enhance _____ of this _____.
 _____ we _____ more modules to _____ the _____ of this _____?
 Can we _____ to _____ capacity?
 Is it _____ to _____ additional _____ in this _____ hardware?
 Can _____ increase the _____ this _____ by _____ or components on _____?
 Is _____ parts _____ telecom gear _____?
 _____ new modules _____ to enhance _____?
 _____ we add more modules to the _____?
 _____ add more _____ components _____ increase the capacity of _____ gear?
 Can _____ be used _____ increase capacity _____ this _____?
 Is it _____ our network capabilities _____ modular _____?
 We can add _____ for _____.
 _____ we _____ the capacity _____ the _____?
 It's possible _____ telecom _____ with _____ modules.
 _____ attaching _____ increase _____ telecom _____ here?
 Is _____ improve _____ potential using additional components?
 Would it be _____ to _____ modules _____ telecom _____?
 Will additional _____ to upgrade _____?
 _____ we increase capacity _____?
 _____ add _____ to _____ the capacity of this telecom _____?
 Is _____ telecom capacity _____ by _____?
 _____ we strengthen telecom gear _____?
 Would it _____ to _____ capacity _____ modules?
 _____ feasible to _____ instantly with new add-ons?
 _____ a way _____ add _____ modules to the _____?
 _____ with extra components allow _____ to _____?
 Can we use _____ improve _____ fly?
 Is it _____ increase _____ on demand with _____.
 _____ it _____ to add modules _____ components to our _____ gear _____?
 Adding extra _____ can expand the _____ gear.
 _____ about augmenting _____ by _____?
 _____ it _____ add additional modules _____ on-demand?
 Is it _____ more modules or components _____ demand?
 _____ we increase _____ ability _____ telecom gear _____ added _____?
 Can you increase capacity _____?
 Can _____ increase the _____ gear with more _____?
 _____ attaching _____ the on-demand telecom _____ here?
 _____ we _____ telecom _____ capacity with _____?
 _____ capacity be _____ instantly _____ this device _____ add-ons?
 Increase capacity _____ add-on _____ this _____.
 _____ modules _____ telecom capability?
 _____ add more modules with _____ equipment?
 Is _____ possible _____ include new _____ and _____ ability?

____ it possible ____ increase ____ of this ____ by attaching more ____ as ____?
 ____ additional ____ could amplify our ____ output?
 Is ____ possible ____ more components to ____ in ____?
 Is it possible ____ components to the telecom ____?
 Is it ____ the gear's ____ with additional ____?
 Can we increase the ____ of ____ added ____?
 ____ it ____ increase ____ on demand ____ more ____ in this ____?
 Is ____ new modules to enhance ____ when ____?
 Is it ____ to ____ parts and ____ ability?
 ____ make telecom ____ more ____ adding more parts?
 ____ modules to our telecom gear ____?
 Adding more components ____ capacity ____ telecom ____.
 Is it possible to ____ capacity ____ equipment?
 Is ____ any chance ____ additional ____ integration ____ amplify ____ output?
 ____ increase the ability ____ the telecom ____ components?
 ____ an ____ module ____ the ____?
 Could we integrate ____ telecom ____?
 Can we ____ this telecom ____?
 Will ____ on-demand telecom capability?
 ____ it possible to increase the ____ this ____ additional ____?
 ____ we use ____ add-ons ____ capacity?
 ____ we increase ____ by ____ demand?
 ____ we ____ modules on ____?
 Can ____ add more parts to ____ raise ____?
 Is ____ increase capacity by ____?
 ____ possible ____ more equipment to ____ capacity?
 Is ____ possible we can increase ____ supplementary ____?
 ____ a way to expand ____ capability ____ telecom ____?
 Is ____ possible ____ increase capacity ____ hardware?
 Is ____ possible ____ capacity with additional ____?
 ____ ramp up our network capabilities ____ modular ____.
 ____ with ____ gear can be ____ ramp up our ____ capabilities.
 Can there ____ telecom capacity?
 ____ to enhance capacity on-demand?
 ____ quickly with ____ modules?
 Can the ____ capacity ____ more modules?
 ____ can ____ telecom gear's capacity.
 ____ we add extra modules ____ to the ____ demand?
 Is ____ a way ____ capability ____ this telecom gear ____ adding ____ on ____?
 ____ possible to add ____ modules ____ to increase ____?
 ____ we ____ supplementary ____ onto ____ gear?
 Can ____ add-ons ____ this ____ setup to ____ capacity?
 Will there be ____ to ____?
 Can we increase the capacity of this ____?
 Could we use ____ to ____?
 Will ____ with ____ components allow ____ on-demand?
 Can we ____ modules ____ capacity?
 Adding extra ____ telecom ____ expand ____.
 I wonder ____ we could ____ modules ____ increased ____.
 Is ____ to increase our network ____ using ____ with ____ telecom ____?

____ it ____ to ____ telecom ____ capacity?
 ____ be ____ increase capability ____ adding more parts?
 ____ be raised ____ in ____ device ____ additional add-ons?
 Is ____ possible ____ gear's capabilities ____ more components?
 ____ it possible ____ add ____ modules to ____ capacity ____ this telecom ____?
 ____ or components to ____ capacity?
 ____ upgrade ____ telecom gear's ____?
 Can ____ add more ____ to meet ____?
 Can ____ capacity with supplementary ____?
 Extra ____ might ____ added ____ equipment's capability.
 ____ allow ____ more capacity?
 ____ a way to ____ gear ____ with ____ modules.
 ____ additional modules or components ____ this equipment?
 Is it ____ to improve ____ with more ____?
 ____ we ____ onto ____ telecom gear ____ increase capacity?
 ____ be ____ extra modules to our telecom ____?
 Can ____ modules ____ to the ____?
 ____ more modules ____ components to amplify the capacity ____ this ____ gear?
 ____ would it ____ possible to add ____ or components ____ gear?
 Is ____ possible ____ boost ____ capacity of ____ telecom ____ attaching more ____?
 Can the capacity ____ in ____ device ____ add-ons?
 ____ increase capacity ____ with ____ modules?
 Will ____ more ____ improve the ____?
 ____ it ____ to ____ the ____ of ____ telecom equipment?
 Is ____ for equipment to ____ upgraded for ____?
 Adding ____ can ____ the telecom gear.
 ____ add more ____ to increase ____?
 ____ like to know ____ is ____ to ramp ____ our ____ capabilities using ____.
 Can we increase ____ the ____ by ____ modules?
 Will ____ more ____ enhance ____ on-demand telecom ____?
 Can we ____ additional modules?
 Adding modules ____ possible to increase ____ in ____?
 ____ could be ____ to ____ telecom ____.
 ____ it ____ to enhance ____ gear ____ components?
 ____ increase the capacity of ____ telecom ____ with more modules ____?
 Should we ____ able ____ of our telecom ____ supplemental modules?
 ____ it possible ____ new parts ____ gear's capabilities?
 Can we add ____ capacity of ____?
 ____ it possible ____ the ____ of this telecom ____ by attaching ____?
 Adding ____ components would expand ____ of the ____.
 ____ make this telecom ____ capable?
 ____ modules ____ it ____ to increase capacity?
 ____ it possible ____ supplementary modules onto ____ gear ____ increase ____?
 ____ or components on ____ can increase ____ of ____ equipment.
 Can we ____ Modules ____?
 The ____ of ____ gear can be increased ____.
 Can ____ add ____ telecom gear's ____?
 ____ increased quickly through ____ units?
 It ____ possible ____ modules ____ enhance capacity.
 ____ it ____ increase telecom ____ capability?

Can ____ add ____ components to our telecom ____?

____ we ____ this telecom gear more ____ with ____?

Is it ____ gear ____ add-ons?

Is there ____ to enhance ____ with more ____?

____ there ____ way to boost ____ extra ____?

Can ____ supplementary ____ to ____ capacity?

Is ____ to amplify ____ additional ____?

Could we ____ the supplementary modules ____ telecom gear ____?

____ could enhance ____ gear.

____ possible to raise capacity instantly ____ supplementary ____?

Will ____ capacity ____ this equipment be ____ by ____ or components?

____ we ____ the ____ of ____ by ____ more modules?

Can extra ____ be ____ to ____ gear's ____?

____ we ____ to ____ the capacity of ____ with ____ modules?

____ it possible to increase ____ additions ____ the ____?

____ it ____ expand ____ capability ____ this ____ by using extras ____ demand?

____ to increase capacity on-the-fly using ____ setup?

Is it ____ gear with ____ to expand ____?

Adding ____ could potentially ____ gear.

Are we able ____ increase ____ capability of this ____?

Wouldn't ____ possible ____ increase ____ adding more modules?

Can we ____ more ____ to expand ____ of ____ gear?

Is ____ possible ____ increase the ____ of ____ gear?

____ you add modules ____ to increase ____?

Is ____ increase ____ on-demand ____ more modules.

Can we ____ by adding extra modules ____ components on demand?

____ you increase ____ capacity?

Is it possible to ____ telecom gear ____ attaching ____ modules?

____ possible to increase ____ on-demand ____ more ____?

____ we add-ons ____ this ____ setup ____?

____ you ____ modules to enhance ____ gear?

Will adding ____ allow us ____ on-demand?

Can we use additional ____ on ____ capacity of this ____ gear?

____ to increase capacity by ____ additional ____ or ____?

____ we ____ capacity ____ telecom equipment by ____ extras?

____ a ____ to increase capacity by ____ modules ____ components?

Is ____ to increase ____ add-ons ____ this equipment?

____ we increase the capacity ____ this telecom ____ more ____ demand?

Is ____ an option ____ boost capacity ____?

Could supplementary ____ or ____ added to ____ telecom ____?

____ supplementary modules onto ____ telecom ____?

Can ____ boost capacity with more ____ telecom ____?

____ we use ____ upgrades ____ gear ____ increase our capabilities?

____ it possible ____ use extra ____ to ____ telecommunication potential?

Is ____ possible to ____ modules ____ to amplify the ____ of ____ gear?

Can we ____ components ____ expand ____ telecom gear's ____?

____ it possible ____ increase the ____ on-demand ____ modules?

____ it possible ____ raise capacity in ____ modules?

Can ____ be ____ quickly in ____ add-ons?

____ possible to ____ capacity on-demand ____ more ____?

_____ supplementary _____ to _____ more capacity?

Is _____ possible _____ capacity with additional modules _____ equipment?

Can we _____ modules or _____ on demand?

_____ add more modules _____ equipment _____ demand?

_____ possible _____ capacity on-demand using additional _____?

Could _____ increase _____ capacity?

_____ equipment's capacity be increased by _____ of _____ or _____?

_____ there a way to _____ capacity _____?

_____ increase capacity with _____?

Is there more _____ improve _____ telecom output?

Will it be _____ to quickly boost _____?

_____ we _____ to improve _____?

_____ add more _____ or components on _____ in order to _____ of this _____?

_____ capacity be raised _____ in _____ wireless _____ supplementary _____?

_____ more modules _____ increase telecom _____.

Will _____ be _____ to _____ instantly on an _____ supplementary add-ons?

_____ gear's _____ be increased with _____?

_____ it possible to boost capability by _____ gear?

_____ boost capacity _____ components?

_____ possible _____ enhance this _____ potential with more _____?

Will the _____ extra modules _____ increase the _____ as _____?

Can we _____ capacity _____?

Is _____ possible to increase capacity _____ modules _____?

_____ we increase the capacity _____ equipment by _____?

_____ possible to _____ increase capacity?

_____ possible to increase _____ capacity of our _____ if _____?

_____ it possible to expand telecom _____ using _____?

_____ amplify capacity by _____ more _____ to telecom _____?

_____ telecom gear _____ with more _____?

Can we _____ modules on _____ of _____ gear?

_____ or components _____ increase _____ capacity _____ this telecom _____.

_____ necessary, _____ to _____ modules _____ components to the telecom gear?

Can _____ components _____ used to _____ gear's _____?

_____ possible _____ additional _____ increase our telecom output?

_____ possible _____ increase the _____ telecom capacity?

_____ it _____ to extend device _____ more add-ons?

Can we _____ on-demand with _____?

_____ possible to _____ capacity _____ add-ons?

Will _____ possible to boost _____ on _____ hoc basis with _____?

Is _____ possible to _____ to increase the _____?

_____ add more _____ to _____ the _____?

Add _____ increase _____ telecom equipment's _____.

Will _____ components increase _____ capacity _____ the telecom equipment?

Is it possible _____ capacity _____ modules _____ components _____ this _____?

_____ you increase _____ by _____?

Is it possible _____ attach _____ modules _____ enhance _____ capability _____?

_____ to the telecom _____ could _____ it's ability.

Can _____ add _____ to the _____ capacity?

Is _____ integration possible _____ amplify _____ telecom _____?

Is _____ possible to _____ the telecom gear?

_____ to increase _____ adding more parts to this _____.

_____ to _____ of the telecom gear with _____ modules?

Is _____ any _____ capacity _____ adding components?

_____ adding modules _____ in _____ gear?

_____ adding _____ allow _____ more on-demand _____?

Add _____ to _____ telecom equipment's _____.

This _____ might _____ to be increased _____ components.

Can we _____ capacity _____ telecom _____?

_____ way to enhance this gear's potential _____?

Can _____ increase _____ by attaching _____?

_____ it possible _____ capacity with extra components _____?

Could _____ ability _____ telecom gear _____ with _____ components?

Is it possible _____ network capabilities _____ modular _____ telecom gear?

Is _____ to _____ gear's _____ by _____ new parts?

_____ it _____ add more parts _____ amplify _____?

Adding more components _____ the telecom _____ capacity.

Can _____ add _____ modules _____ enhance the _____ of _____ equipment?

Extra _____ will _____ on _____ capability?

_____ there _____ way to expand _____?

Will it _____ capacity _____ with a supplementary _____?

Can _____ supplementary modules to _____?

Is _____ way _____ increase the _____ telecom gear?

_____ components in the _____ hardware _____?

Is _____ increase the capacity _____ more _____?

Is it _____ to _____ capacity _____ with modules?

_____ modules _____ demand can increase the _____ of _____ equipment.

Is _____ way to _____ modules or components to _____?

Is _____ possible to _____ supplementary _____ to _____.

_____ it possible _____ capability _____ this telecom _____ by _____ modules or _____?

Adding more _____ telecom gear's _____.

_____ more capacity for _____ gear _____ more _____?

_____ we _____ able _____ more parts to _____ capacity?

Extra _____ be _____ telecom capacity?

Is _____ possible _____ increase capacity with more components _____?

_____ may be _____ to add _____ increased capacity.

_____ possible to _____ the _____ gear with added components?

_____ possible _____ new _____ to gear's capabilities?

The capacity _____ gear _____ be expanded by _____ or _____.

_____ we increase _____ capacity _____ this _____ adding more _____ components?

_____ use additional _____ components on this _____ gear?

_____ possible _____ increase this gear's capabilities _____?

Would it _____ possible _____ add supplemental _____ the _____?

_____ extra _____ components _____ demand would _____ capacity of this _____ equipment.

_____ it possible that _____ components _____ amplify _____ needed?

_____ features would help us _____ up _____ telecom _____.

_____ add more _____ this _____ hardware?

Is it possible to add modules _____?

_____ capacity increase _____ we put _____?

_____ more _____ capacity when _____?

Could we _____ telecom gear more _____ with _____?

Is it possible _____ for increased capacity?
_____ possible to increase _____ by _____ more _____ parts?
_____ it be possible _____ components _____ this gear?
Is _____ possible _____ add modules _____ gear?
_____ supplementary modules be placed _____?
Is it _____ to _____ potential _____ extra inserts _____?
Is it feasible to _____ gear _____ more _____?
Is _____ possible to increase _____ capabilities _____ components?
Will we _____ able _____ the capability of this telecom _____ by _____?
Will there _____ on demand?
_____ modules improve on-demand telecom _____?
Is _____ possible _____ increase capacity _____ components _____ modules?
_____ modules _____ enhance capacity when _____.
_____ the capacity of _____ telecom _____?
Is more _____ integration _____ to _____ our _____?
_____ can _____ components amplify capacity?
_____ components could _____ an option _____?
_____ add _____ modules _____ increased capacity.
_____ if _____ expand the telecom gear _____ more modules.
Can we increase capacity _____?
_____ to increase telecom equipment's _____?
_____ to add _____ modules _____ capacity?
_____ to _____ capacity by _____ modules?
Would it _____ possible to _____ addition _____ new modules?
Extra _____ be able to _____ the _____ capacity.
Is it possible _____ modules onto _____ telecom gear _____?
_____ possible to ramp up _____ with the help _____ upgrades?
Is it _____ to increase the _____ gear by _____?
_____ it _____ to add additional modules or _____ telecom _____?
Could _____ use _____ increase _____ gear capacity?
_____ it _____ increase _____ ability of _____ telecom _____ with add-ons?
Can we add _____ modules _____ to _____ capacity _____ demand?
_____ modules _____ components increase capacity in _____?
Can we _____ more parts to this _____ to _____?
Will it _____ possible to instantly boost _____?
_____ feasible to increase _____ by _____?
Is _____ possible to add new _____ more _____ gear?
_____ module integration possible _____ increase _____ output?
_____ it possible to _____ the _____ additional components?
Is there a way _____ gear _____ modules?
Is _____ doable to _____ components to enhance _____?
_____ to ramp _____ network capabilities with _____ improvements?
_____ modules improve on _____ capability?
Increase telecom equipment's _____?
_____ possible _____ add additional modules or _____ to _____ telecom _____?
Is _____ a _____ capacity _____ more modules?
Can we use _____ modules or _____ this _____?
_____ to this gear _____ increase _____.
_____ the _____ equipment be _____ by the _____ of extra _____?
Adding _____ components to _____ telecom _____ can _____.

Is it possible _____ modules _____ components to _____ telecom _____?

Will _____ modules improve on _____ here?

Is it _____ increase _____ with additional component?

Can we _____ more modules?

_____ it possible to integrate _____ this _____ gear?

_____ we add supplemental _____ our telecom gear?

_____ modules onto this gear to _____?

Add _____ for increased _____?

_____ possible to increase _____ ability with added _____?

_____ we _____ more modules _____ telecom _____?

Is it possible _____ capacity _____ adding _____?

_____ extra modules on _____ capacity of this telecom _____.

_____ possible to increase _____ equipment's _____ by adding _____ requested?

Can _____ capacity to the _____?

Is _____ to _____ the capability _____ this _____ adding more modules?

_____ be used to increase _____ capacity of _____ telecom gear.

Extra components _____ help _____ capacity.

We could _____ ability of _____ gear.

With _____ could _____ expand telecom _____?

_____ extra _____ enhance _____ telecom _____?

We could _____ gear _____ more modules.

Will attaching extra _____ on-demand _____?

Is it possible _____ expand the gear's _____?

_____ more _____ the capacity?

_____ it possible _____ add _____ for _____ telecom capacity?

Is it possible _____ through supplementary units?

Is it _____ add _____ components to this _____?

_____ it possible _____ expand _____ of telecom gear with _____?

_____ use _____ components on this _____ gear to _____ capacity?

We _____ possibly _____ telecom gear _____ modules.

Extra components _____ increase _____ the _____ gear.

_____ we increase _____ by _____ more _____?

_____ think it's possible _____ network capabilities with _____ upgrades?

_____ we use modules or _____ this _____ to _____?

_____ it possible to increase on-demand _____?

Is _____ add-ons _____ the telecom _____?

_____ more _____ to _____ gear possible?

Will _____ modules increase _____ on-demand _____?

_____ it feasible _____ on an ad hoc _____ with _____?

Can _____ add modules _____ to increase _____ capacity _____ telecom _____?

Is _____ to _____ of modular upgrades _____ telecom gear?

_____ we _____ more _____ telecom gear?

Is _____ possible _____ our capabilities _____ modular upgrades?

Can _____ modules _____ components _____ to increase capacity?

_____ it possible _____ capacity _____ with this _____?

Is _____ possible to _____ capacity with _____ equipment?

Is it _____ to _____ our network _____ modular _____?

_____ add _____ modules to _____ gear?

Can _____ add _____ gear to increase capability?

_____ possible to expand the _____ with _____ components?

_____ increase capacity _____ with _____ gear?

Can adding _____ parts _____ telecom _____?

Is _____ possible to _____ quickly through supplementary _____?

Can _____ be _____ modules _____ telecom capacity?

Will _____ enhance _____ capability here?

Can additional _____ be used _____?

Is it _____ to increase _____ our telecom _____ needed?

Adding _____ modules to _____ increase _____.

_____ use supplementary _____ to increase _____?

Can _____ our telecom _____ ramp up network capabilities?

Can we _____ the capacity _____ by adding _____?

Is _____ expand capacity _____ with more _____?

Is it _____ to use _____ telecom gear?

_____ extra modules to increase telecom _____ capability _____.

Adding _____ be _____ way _____ in this gear.

Can extra modules _____ be _____ the _____ gear _____ demand?

Is it _____ to _____ gear's _____ additional components?

_____ capacity for telecom _____ be _____ more modules.

Increasing _____ with _____ modules?

_____ you able _____ ramp _____ our _____ using _____ upgrades?

_____ we expand _____ the telecom _____?

_____ possible _____ increase the _____ capabilities _____ adding _____ components?

Is _____ telecom gear's capacity _____ adding additional components?

Can _____ on-demand with _____ modules?

_____ a way to ramp up _____ telecom _____?

Should _____ install _____ to _____ capacity?

Can we _____ capacity on _____ by _____?

_____ it _____ possible to _____ ability of _____ gear?

Would _____ be possible to _____?

_____ the _____ capacity be _____ with add-ons?

Are _____ to install _____ parts _____ capacity?

Is it _____ to _____ on-demand _____ modules _____ this equipment?

Will it be possible _____ increase _____ with extra _____?

_____ we able to _____ by _____ gear parts?

_____ possible _____ increase _____ capacity _____ gear _____ adding more modules and components?

_____ telecom _____ capacity with more _____.

_____ it _____ to add _____ modules _____?

_____ be feasible to _____ instantly with _____ add-ons?

_____ to increase on-demand capability _____ extra components?

Is _____ possible to _____ components _____ gear to increase _____?

_____ it possible to _____ more _____ to _____?

Can _____ more components _____ the _____?

_____ it possible to _____ network _____ modular upgrade?

Is _____ possible _____ enhance this _____ extra components?

_____ more _____ the _____ on demand?

_____ we increase _____ for _____ telecom setup?

Is _____ to raise _____ on _____ with additional _____?

_____ you raise capacity instantly in _____ device _____?

_____ be _____ to amplify _____ telecom output with additional _____.

Can additional modules _____ components _____ used to _____ this _____?

____ capacity ____ raised ____ supplementary ____ in ____ wireless device?
 Will expanding ____ components ____ more ____ capability?
 ____ it be possible to ____ the capacity ____ with ____ or components?
 Could ____ the ____ this ____ gear ____ more components?
 Can ____ capacity as needed?
 ____ it possible ____ capacity ____ gear?
 ____ capacity by ____ modules or components?
 Adding ____ modules ____ on ____ increase the capacity ____ telecom ____.
 ____ we ____ modules to reach ____?
 Can we expand ____ with ____?
 Is it possible ____ increase ____ network ____ with ____ use ____?
 Is it possible ____ increase ____ by ____ extra ____?
 Can you enhance ____ with ____?
 Extra ____ be added ____ telecom gear to ____ capacity.
 Can additional ____ to ____ capacity ____ gear?
 ____ possible to ____ by adding more parts.
 ____ we add to the capacity ____?
 ____ enhance on-demand telecom?
 Can ____ additional modules or components on ____ capability of ____ gear?
 ____ it ____ to ____ modular ____ with ____ telecom gear?
 Is there a ____ to ____ gear?
 ____ it possible to ____ capacity ____ our telecom ____ with ____ or ____?
 Is ____ possible ____ increase ____ capability ____ this telecom gear ____ adding ____ components on ____?
 Is it possible ____ integrate ____ modules ____ gear?
 Can adding ____ capacity?
 Is ____ possible to ____ by incorporating ____?
 ____ we ____ the ____ of ____ with ____ modules or components?
 Can we ____ of ____ by adding more modules and ____?
 Is it possible to ____ more modules ____?
 ____ extra modules ____ to ____ capacity?
 ____ it possible ____ increase ____ more modules?
 ____ new modules ____ possibly increase ____.
 ____ attached ____ amplify the capacity ____ this telecom gear?
 Will ____ be able ____ capacity ____?
 ____ add ____ this gear?
 Wouldn't ____ possible ____ by adding new modules?
 ____ add ____ onto this telecom ____?
 Is it ____ to increase ____ telecom gear ____ modules ____ components?
 ____ attaching ____ modules ____ capability here?
 Add on ____ increase ____?
 Is ____ modules to increase capacity?
 ____ for ____ telecom equipment's ____?
 ____ modules ____ this ____ can ____ quickly.
 Are we ____ by adding ____ gear parts?
 ____ possible to expand ____ more components.
 ____ or ____ on this telecom gear to ____ capacity?
 Is it ____ to increase ____ more ____ for ____?
 ____ it ____ add modules ____ capacity ____ this gear?
 ____ it possible ____ capacity ____ attaching more ____ as needed?
 Is ____ increase capacity ____ modules for ____ telecommunication equipment?

_____ with more components _____ to _____ more on _____?
 _____ extra modules for _____ possible?
 _____ we increase _____ more modules?
 _____ it _____ boost _____ immediately on an _____ basis _____ add-ons?
 Is it _____ increase the _____ of the _____ added _____?
 Will _____ telecom capability?
 Is it _____ for additional _____ our telecom _____?
 Are _____ going _____ enhance _____ telecom _____?
 _____ we increase _____ capacity of _____ equipment with _____ on _____?
 _____ increase _____ capability of this _____ using more modules _____ components _____ demand?
 Will it _____ possible to _____ telecom _____ attaching more components?
 _____ more modules enhance the _____?
 Could we _____ the gear?
 _____ we increase the _____ of _____ telecom gear _____?
 Will it be _____ to _____ capacity on an _____ add-ons?
 Can _____ modules _____ capacity?
 _____ modules for _____ telecom _____ capability is a _____.
 _____ add _____ components to boost _____?
 Is it _____ the _____ telecom _____ with _____ modules.
 Could _____ gear capacity with _____?
 _____ we _____ capacity using supplementary _____?
 _____ it _____ possible _____ increase capacity _____ supplementary add-ons?
 Is it possible to _____ with more _____?
 _____ it _____ to boost capacity on _____ more _____?
 _____ capacity be _____ wireless device with add-ons?
 _____ modules _____ to your _____ gear?
 Is it _____ add _____ to _____ gear capacity.
 Can we boost _____ fly _____?
 Is it possible _____ additional modules?
 _____ we add more _____ telecom gear _____ demand?
 _____ to _____ capacity _____ our _____ gear using supplemental modules?
 Is _____ possible _____ increase the capacity _____ with _____ modules or components?
 Is it possible to increase _____ of the _____ components?
 Is it possible to _____ modules in _____ increase _____?
 _____ your _____ gear let _____ more _____?
 Will _____ more _____ allow for _____ capability?
 Will adding _____ modules _____ on-demand _____?
 Is _____ possible _____ modules upgrade _____?
 Is it possible _____ capacity with additional _____?
 Can we _____ increase capacity?
 _____ required, would it be _____ modules or components _____ telecom _____?
 _____ adding _____ components _____ us _____ more on demand?
 _____ adding _____ components _____ for _____ higher _____ capability?
 Is it _____ to _____ gear's _____ with additional _____?
 Can we _____ more _____ on demand _____ increase _____?
 _____ modules _____ increase telecom _____.
 _____ it possible to _____ on _____ more equipment?
 _____ there be _____ components that _____?
 Are we _____ to _____ the _____ by _____ more _____?
 _____ expand capacity _____ supplementary _____?

Can we _____ to _____ capacity?

_____ increase _____ when we _____ more components _____ this _____ hardware?

_____ it possible to _____ needed?

Is it possible _____ by adding modules?

_____ may _____ added _____ increase telecom _____ capabilities.

Can we _____ another module _____?

Are we able _____ network _____ modular upgrades?

Adding modules or _____ to _____ telecom _____ increase _____.

Can _____ the capacity?

Is there _____ integration _____ could enhance _____ output?

Could _____ add supplementary _____ to _____?

_____ more _____ this telecom gear?

_____ components be _____ to _____ capacity of this telecom gear?

Can more _____ or _____ added _____ this telecom _____?

Is _____ a _____ to _____ potential with extra _____?

_____ or components _____ added _____ the telecom gear to _____ its _____.

_____ we _____ more _____ or components to _____ telecom _____?

Add more modules to _____

Will _____ modules enhance on-demand _____?

Is it possible to _____ with _____?

_____ it possible to _____ needed with _____ or components?

_____ we _____ the capacity of the _____ by _____?

_____ be possible _____ increase _____ with new _____?

_____ be _____ add _____ modules and increase capacity?

Is _____ to increase capacity _____ demand _____ modules?

Is it _____ additional _____ to amplify _____ gear?

Can _____ this gear be _____ additional components?

Is there an _____ to increase _____ components _____?

_____ we add more _____ gear _____ increase _____ capability?

Can capacity _____ in this _____ with _____ ons?

_____ we add _____ modules or components _____ the _____ increase _____?

Might _____ add-ons to _____?

_____ modules increase _____?

_____ it possible to _____ improve capacity?

_____ to speed up _____ through _____ units?

_____ it possible _____ more _____ amplify our _____ output?

_____ more modules, could _____?

_____ wonder _____ it's _____ to increase _____ in this gear.

_____ there _____ to _____ the _____ of telecom gear?

Extra modules _____ be added _____ capability.

_____ we _____ the _____ this _____ gear?

_____ the _____ be _____ adding components?

Will it be _____ capacity instantly _____ an _____ supplementary add-ons?

Can _____ be _____ instantly _____ this wireless _____ with _____?

Is _____ possible to _____ additional _____ to _____ capability?

Can _____ add _____ the capacity?

Might _____ add _____ add-ons _____ the device to _____?

Can _____ or _____ be _____ to _____ of this equipment?

_____ be possible to increase _____ gear _____ adding modules?

_____ extra modules _____ telecom _____?

Is it feasible _____ the _____ additional _____ components?

Is it _____ to increase _____ modules?

_____ increase _____ capacity of the _____ gear _____ attaching more modules _____ components?

_____ more parts _____ amplify _____ of _____ equipment.

Could we _____ to _____ telecom _____ to _____ capacity?

Is _____ possible _____ more components _____ telecom gear to _____?

_____ to increase capacity _____ add on _____?

_____ it _____ to _____ additional _____ increased capacity?

_____ the _____ modules increase _____ capacity in this telecom _____?

Can we _____ the _____ added components?

Is there _____ module integration that _____ telecom _____?

_____ we _____ with more components _____ this _____?

_____ to know if _____ is possible _____ ramp up _____ network capabilities _____.

Can we increase _____ add-ons _____?

_____ more components _____ increase capacity _____ this gear?

_____ possible _____ add new _____ and _____ gear's abilities?

_____ additional _____ be used to _____ capacity _____ this _____?

Can we _____ capability of this _____ more _____?

_____ more modules _____ more capacity?

_____ additional _____ boost _____ needed?

_____ it possible to increase _____ needed _____ additional _____?

_____ possible _____ change this gear's _____ with more _____?

Adding more _____ might _____ capability.

Is _____ more _____ with your telecom gear?

_____ increase the capacity of _____ by _____ or _____ on demand?

Can _____ another _____ or _____ to _____ capacity?

_____ possible to modify _____ telecom _____ ramp up _____ capabilities?

Will _____ extra _____ increase telecom _____?

Will _____ additional modules _____ upgrade _____?

Is _____ possible _____ add new _____ and _____?

_____ it _____ to _____ our _____ with modular equipment?

_____ we boost _____ by _____ more _____?

Can _____ supplementary modules or _____ on _____ telecom _____ to _____?

_____ we boost capacity _____?

_____ be possible to _____ instantly _____ an ad _____ basis with _____?

Is _____ possible to _____ capacity _____?

Is _____ to install _____ to _____ capacity on-demand?

_____ it _____ to _____ the capacity _____ our telecom _____ if need _____?

_____ add more _____ on _____ to _____ the capacity of _____?

_____ possible for additional modules to _____ telecom _____?

Is it _____ modules _____ bolster _____ in _____ gear?

_____ it _____ for _____ components _____ be attached _____ the telecom gear?

Is it _____ increase capacity instantly _____?

_____ we _____ modules and components _____ capacity?

_____ ability of the _____ gear _____ added components?

Will _____ extra modules upgrade _____?

_____ equipment's _____ with _____ modules.

_____ modules would _____ to enhance capacity?

Do _____ have _____ to raise capability _____ more _____?

Adding extra _____ on _____ increase the _____ telecom equipment.

_____ more _____ to _____ equipment's capabilities.

_____ extra _____ can expand _____ telecom _____.

_____ we add _____ equipment _____ increase _____ demand?

Adding _____ components _____ the telecom _____.

Extra _____ on demand can _____ capability _____ this _____.

Could we _____ modules _____ the telecom _____ capacity?

Add additional modules _____ equipment's _____?

Is it _____ to improve capacity _____ this _____?

Can _____ use _____ modules _____ capacity?

Can _____ be _____ to _____ the telecom _____?

_____ there _____ to increase capacity _____ adding components _____?

Adding _____ features _____ telecom gear.

Extra _____ or components _____ can increase _____ of _____ telecom _____.

_____ it _____ additional module _____ increase _____ telecom output?

_____ we increase capacity _____?

Can we _____ more _____ or components on _____ of this _____ gear?

_____ it possible _____ more component _____ gear's capabilities?

Might add-ons be _____ capacity?

_____ it possible _____ add additional _____ equipment?

Is it possible _____ more _____ components to _____ capacity _____ this telecom _____?

_____ it possible to increase _____ capacity _____ telecom _____ with _____?

_____ we able _____ the _____ of _____ telecom gear?

Could _____ add _____ modules _____ gear to _____ capacity?

Can we _____ to _____ gear?

_____ we _____ more _____ to _____ up _____ telecom gear?

_____ a way _____ capacity by _____ components?

Would it _____ possible to _____ of our _____ gear?

Will _____ be possible _____ increase _____ quickly _____ supplementary _____?

_____ it _____ add new parts _____ increase _____ abilities?

_____ we add modules or _____ this _____ capacity?

_____ it _____ possible _____ capacity with _____ add-ons?

Is it possible _____ capabilities _____ the _____ with _____ components?

Is _____ we could _____ the _____ telecom gear?

_____ possible to _____ capacity of the gear _____ attaching _____?

_____ we add extra _____ or _____ telecom gear?

Can we _____ extra _____ components on demand _____ of this _____ gear?

Are we able _____ capacity of _____ telecom _____?

Adding added components _____ this _____ gear could _____.

_____ capacity in _____ gear _____ be _____ additional components.

Can you _____ on-demand _____ modules?

Could _____ add more _____ telecom _____?

Can _____ use extra _____ components on _____ to _____ the capability _____ gear?

Adding extra _____ could _____ capacity _____ the telecom _____.

Is _____ to increase our _____ capabilities _____ of modular _____?

_____ you _____ it _____ doable to _____ up our _____ capabilities _____ upgrades?

If required, _____ it be possible _____ of _____ telecom gear _____ modules or _____?

If _____ arises, _____ be _____ to _____ the capacity _____ telecom gear?

_____ an option _____ increase _____ by adding components?

Is it _____ to _____ additional modules?

_____ to increase capacity with additional _____?

Can we _____ modules _____ components on demand to _____ the _____ of _____ ?

_____ there _____ way _____ increase the _____ of _____ telecom _____ ?

_____ our _____ by _____ additional modules?

_____ modules or components to increase the capacity _____ telecom _____ ?

_____ more _____ would _____ to _____ the telecom gear.

_____ it possible _____ increase _____ on _____ by adding _____ ?

Adding _____ make it possible to _____ .

_____ it feasible _____ boost _____ instantly with _____ ?

_____ extra _____ telecom gear capacity.

_____ we increase _____ telecom gear?

_____ modules can be _____ telecom _____ capability.

Is _____ feasible to add _____ and _____ gear's _____ ?

Would it be possible _____ increase _____ telecom _____ with added _____ ?

_____ we _____ the ability _____ the telecom _____ added _____ ?

Can we add _____ capacity?

Is _____ to _____ the capacity of _____ telecom _____ adding _____ or components?

_____ we increase capacity _____ components _____ the _____ ?

_____ new modules could _____ possible _____ capacity.

_____ way _____ add more _____ or _____ this telecom gear?

_____ it _____ increase our network capability _____ upgrades?

_____ we _____ capability of _____ gear _____ adding more _____ or components?

_____ addition of extra modules or _____ the _____ this telecom _____ ?

Would _____ new modules _____ it _____ capacity?

Is it doable to increase _____ modules _____ ?

_____ requested, could _____ additional module _____ amplify _____ telecom _____ ?

Would it _____ of our telecom gear, _____ required?

_____ to increase gear's capabilities _____ parts?

_____ it _____ add modules _____ components _____ enhance the _____ of our _____ gear?

_____ supplementary _____ put _____ place to increase _____ ?

Can you _____ gear's capabilities _____ ?

Will _____ possible _____ increase capacity _____ this _____ by _____ modules?

_____ you _____ the telecom gear?

_____ we _____ by _____ more modules?

Add extra modules _____ telecom _____ .

Is _____ to boost the _____ the _____ gear _____ more modules or _____ ?

Is it possible _____ supplementary _____ the _____ gear?

_____ add _____ modules to _____ capacity?

Is it possible _____ add _____ modules or components _____ ?

Is _____ possible to _____ the _____ affixing _____ modules?

Would it be _____ to _____ of our _____ ?

_____ allow _____ higher on-demand capability?

_____ it possible to _____ additional components _____ equipment?

_____ it possible _____ add more modules _____ ?

Is it _____ increase _____ gear with more modules?

Is _____ to raise _____ on demand _____ modules?

Is it possible _____ capacity of our _____ modules _____ components?

Can _____ add _____ or components _____ gear?

_____ possible to _____ units to the equipment _____ flexibility?

_____ it possible _____ add extra _____ expand _____ gear's capacity?

_____ we _____ components _____ the _____ gear's capacity?

Will _____ improve on-demand telecom _____?
_____ able to increase capacity _____ with _____ modules?
_____ add-ons _____ used to _____?
_____ be _____ to increase _____ instantly _____ additional add-ons?
Will _____ extra _____ the _____ telecom _____ here?
Can we _____ expand the _____?
Adding _____ features could be _____ ramp _____ telecom gear.
_____ modules _____ increase _____ capability of _____ equipment.
_____ it _____ to _____ gear's capabilities _____ more component?
Is it _____ to _____ powers _____ incorporating _____ parts?
Will add _____ enhance _____?
Is _____ possible to _____ additional _____ this _____?
Is it _____ to enhance _____ more _____ and _____?
_____ it possible _____ telecom _____ capacity _____ extra components?
_____ increase capacity _____ demand _____ this _____?
_____ modules _____ be _____ enhance capacity.
Is _____ to _____ the _____ of this _____ more parts?
_____ on-demand capacity _____ supplementary modules?
Adding components could _____ this _____.
Can _____ using add-ons for _____?
Will _____ modules _____ on-demand _____ capability _____?
_____ we ramp up our _____ capabilities _____?
