

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Pond water feature troubleshooting
Inquiry Sub-Category	Electrical problems
Description	Customer inquiries related to malfunctioning electrical components within the pond water feature, including issues with wiring, switches, or timers that affect the system's functionality.
Data Size	5,244 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

Has an ____ been ____ on ____ wiring system ____ identify ____ causes ____ in your ____ electronic ____?
____ anyone look ____ potential causes of ____ electrical ____ place ____ pond's components?
Have the ____ been ____ pond ____?
Did ____ try to ____ out ____ the pond devices ____ be ____?
Has ____ been inspected to identify the ____ parts?
Is it possible ____ determine ____ is ____ electrical malfunction in ____ equipment ____ inspection ____ the ____?
Did anyone find ____ with ____ wiring for your ____?
Is there ____ examination ____ on my ____ likely sources ____ malfunction?
Has ____ a ____ on ____ pond's wiring mechanism?
Have ____ on the wiring ____ the pond?
____ anyone look ____ your ____ system ____ see ____ there ____ issues ____ its electronic components?
Did ____ perform ____ inspection on ____ wiring system to determine ____ is causing ____ equipment?
____ checked your ____ wires ____ make sure ____ cause problems?
Were ____ examination done on the wirings that ____ cause ____ connected ____ the ____ features?
Did you ____ there were ____ wiring ____ could cause ____ with ____ pond ____?
Did ____ inspected to ____ out ____ they are malfunctioning?
Did ____ pond wires ____ potential ____?
Is ____ possible ____ determine ____ is ____ electrical ____ in my ____ by ____ inspection ____ the wiring system?
Did you ____ issues with your ____ electronic ____?
Did ____ look at your ____ wiring ____ to ____ there are any ____ impacting ____?
____ look ____ the ____ in your pond to ____ out ____ it ____?
Did ____ do an inspection on ____ wiring system ____ causing ____ electrical ____ in my ____ equipment?
Were you able ____ out ____ my ____ keep ____ the circuitry setup?
____ your ____ wiring ____ been ____?
____ inspect ____ for problems with electronic parts?
Was the ____ wiring ____ any ____?
____ your pond's ____ have ____ causes?
Did you check the wiring ____ find out ____ the malfunction ____?

The _____ system might have been _____ problems.

Does _____ have been looked for _____ electronic _____?

The wiring system _____ through _____ inspection for pond _____.

_____ you _____ if an inspection was _____ on _____ system to see if _____ my pond's electronic components

_____ you look _____ with _____ wiring _____ could _____ the _____ to malfunction?

_____ experts _____ for any problems?

Did _____ check the _____ out _____ going wrong with _____ pond's _____ parts?

_____ for the _____ electronic _____ have been inspected?

Did you _____ wiring _____ out why _____ in my pond malfunction?

Has there _____ examination _____ my _____ mechanism, _____ likely sources of _____ in _____?

Did they _____ at _____ wiring system for _____?

Did someone look _____ pond _____ system _____ potential problems?

Did you _____ there _____ any _____ that would cause _____ pond equipment _____?

_____ a _____ look _____ your _____ system to identify any potential _____?

Have _____ out the potential problems with _____ pond's _____?

Can you check to _____ if an _____ was done _____ wiring _____ out _____ the _____ with _____ pond?

_____ possible to _____ if an inspection was done on _____ system _____ find _____ my _____ electronic _____ are _____?

_____ discover _____ with the electronic _____ wiring _____ your pond?

Did _____ check the _____ for _____ causes of _____ glitch?

Has there been _____ done _____ pond's _____?

The _____ wiring _____ was _____ possible electronic component _____.

_____ reason for the _____ of electronic _____ identified during a _____ inspection _____ your pond _____?

_____ the wiring have _____ inspected for _____ problems?

_____ the _____ wiring _____ for _____ electronic component _____?

_____ wiring system was inspected for pond _____.

_____ you check _____ electronic _____ for _____?

Did _____ look _____ the _____ that could _____ the _____ devices?

_____ you _____ for bad wiring _____ pond's electronic _____?

Is there _____ issues _____ the _____ components' wiring _____?

_____ pertains _____ possible issues affecting hardware _____ your _____ was _____ evaluation done _____ the electrical setup.

Did _____ the wiring _____ could _____ pond devices _____ malfunction?

_____ you _____ defects that _____ up _____ pond?

Did you _____ wire _____ inspection to _____ flaws _____ electronics?

Did someone look at your _____ identify _____ its electronic components?

Was _____ wiring _____ checked _____ pond _____?

Do you know _____ there _____ with _____ that could cause _____ pond appliance?

Did _____ on your pond's _____ wiring system?

Did _____ the wiring for possible _____?

Did _____ the wiring in _____ find out why _____ are _____?

_____ the _____ at for _____ pond _____ malfunction?

_____ the wire system _____ to find out _____ equipment _____ in your _____?

_____ you check your _____ for _____ problems?

Do you _____ for problems?

Can you _____ there _____ checks done _____ the _____ components in my _____?

Have you inspected _____ wiring _____ for possible _____ pond _____?

_____ the wiring _____ through _____ for pond malfunctioning?

_____ you tell _____ there _____ on the electric components _____ my pond?

_____ potential cause _____ in your pond's _____ components _____ be _____ of the wiring system.

Did _____ discover any _____ with the _____ wiring _____ your _____?

_____ anyone look at _____ pond wiring _____ to _____ if there _____ ?
 Did _____ your _____ wiring _____ see if there are any _____ ?
 _____ check _____ wiring _____ your pond appliance to see _____ any _____ ?
 _____ an _____ find out why the electronic parts are _____ ?
 _____ an _____ done on _____ wiring to _____ the cause _____ pond _____ malfunction?
 Are _____ wire system issues _____ pond electronics?
 _____ the _____ inspected for _____ malfunction?
 Have you _____ at _____ in _____ pond _____ find _____ why _____ are malfunctioning?
 _____ your pond's _____ to _____ they're not malfunctioning?
 _____ your _____ components' _____ have a checkup?
 Have _____ your pond's wires _____ they don't _____ problems?
 Did you _____ equipment for _____ ?
 Does the wiring system _____ have _____ potential issues?
 Did _____ check to _____ any issues with the _____ that could _____ your pond _____ ?
 Did _____ check _____ see _____ there were issues _____ the _____ that _____ cause _____ with _____ appliance?
 Did you inspect _____ for issues _____ ?
 _____ experts checked _____ for _____ issues?
 _____ you have _____ on your pond _____ ?
 _____ anyone _____ wiring in _____ pond?
 _____ system was inspected _____ issues.
 Were they looking _____ of the pond's _____ system?
 _____ check _____ the _____ of the _____ electronic components?
 _____ you _____ wiring system to _____ what's going on _____ electronic parts?
 Did anyone look _____ the _____ the pond _____ what's _____ ?
 _____ you _____ pond wires _____ with electronic _____ ?
 _____ you _____ the _____ wires for _____ ?
 _____ someone _____ causes _____ in the electrical systems for my _____ ?
 The _____ wiring system _____ inspected _____ problems.
 Has anyone looked at the _____ find _____ what's _____ ?
 Did you check _____ possible _____ of the pond _____ ?
 _____ someone check _____ the _____ your _____ to _____ if _____ are _____ issues _____ its electronic components?
 Have there been _____ on your pond's _____ causes _____ malfunctioning _____ ?
 Did _____ conduct a _____ system inspection _____ potential _____ in _____ ?
 _____ of the _____ may have _____ find problems with the _____ .
 Did you check _____ see _____ are _____ problems _____ the _____ your _____ appliance?
 _____ any _____ done on _____ pond's wiring _____ regarding _____ sources of _____ in _____ ?
 Did _____ on the _____ electronic _____ wiring _____ take _____ ?
 _____ investigated _____ to figure out _____ my pond electronics _____ acting _____ ?
 _____ look for _____ in _____ could cause _____ devices to malfunction?
 _____ your pond wiring system to see _____ were any _____ impacting _____ electronic _____ ?
 _____ inspect _____ wiring system, looking _____ problems with the _____ ?
 _____ pond wires _____ problems?
 I _____ wondering if the _____ system _____ an inspection _____ pond _____ .
 Did the _____ system _____ through _____ pond _____ malfunction?
 _____ been _____ found with the _____ for your pond?
 Have there _____ pond's wiring to _____ issues?
 _____ electrical _____ to find _____ what's _____ the pond.
 _____ wiring looked at for _____ electronic _____ ?
 Did _____ inspect the _____ system _____ find out what _____ my pond?
 _____ know if the _____ for my pond _____ been _____ ?

_____ looked into the potential _____ with my _____ connections?

Did _____ check _____ wiring _____ for _____ with _____ pond's _____ parts?

Did anyone _____ pond's wiring _____ to see if _____ are _____?

_____ you _____ the wiring defects that _____ the _____ pond?

Did you check if _____ was _____ could cause _____ to malfunction?

Is it _____ you inspected _____ wires _____ problems with _____?

Is _____ system _____ to find out why there _____ be equipment _____?

_____ to see if an _____ was _____ on the _____ system to _____ if _____ is _____ my _____ electronic _____?

Did _____ find any problems with _____ components' wiring _____ pond _____?

Did _____ an _____ of pond wires _____?

_____ the pond's _____ looked _____ potential problems?

Is the _____ pond malfunction?

_____ you check the wiring _____ of pond _____?

Is the wiring _____ of _____ pond _____ potential _____?

Do _____ check your _____ electronic _____?

_____ inspected the pond's wiring to identify _____?

_____ you do _____ on _____ wiring _____ is _____ the electrical malfunction in my _____ equipment?

_____ checked the _____ system in _____ for problems?

Is the _____ inspected _____ pond _____?

Is an examination _____ on _____ wirings _____ could cause problems with devices _____?

_____ the pond's _____ system _____ component malfunction?

_____ look for the _____ wiring that could _____ pond devices to _____?

Did you investigate _____ the _____ could _____ pond _____ to malfunction?

_____ if potential malfunction causes _____ your pond's electrical setup?

Has anyone looked _____ the _____ your pond _____ see _____?

Did you _____ an inspection _____ wiring _____ to determine _____ causing the _____ in _____ pond _____?

_____ the _____ wiring inspected _____ for _____ the electronics?

_____ malfunction that could _____ the pond devices to fail?

They _____ pond's wiring system to _____ if _____ any _____.

Is _____ inspection _____ on the _____ the cause _____ my pond equipment?

_____ anyone _____ at _____ of your _____ feature to _____ there are _____ defects?

_____ the wiring _____ a possible _____ malfunction?

Has _____ out _____ wiring in your pond _____ why parts _____?

_____ anyone _____ pond's _____ system _____ there _____ any issues affecting its electronic components?

_____ you find malfunction causes _____ my pond's _____ components _____ the _____?

Did _____ look at your _____ wiring system _____ identify _____ issues?

Did _____ into the causes _____ of the electrical _____ in _____ for _____?

_____ you _____ defects for _____ pond stuff?

_____ the _____ components' wiring _____ checked _____?

_____ there an inspection _____ the pond's _____ to _____ causes of _____?

_____ want to know _____ your end regarding potential electrical problems _____ my lake _____.

Is _____ for _____ pond _____ malfunctioning?

Is the _____ checked _____ if there _____ any equipment _____ the _____?

Did _____ pond's wiring _____ for any _____?

_____ anyone check the _____ for my _____ potential causes of _____?

_____ look for _____ the wiring that could _____ the _____ devices _____ malfunction?

Did _____ check out _____ to make sure _____ are no _____ with _____ components?

_____ wires for issues?

Will the pond _____ inspected?

_____ tell me _____ checks _____ done on the electric components _____?

Is _____ the _____ your pond to find _____ are malfunctioning?

Was the _____ checked _____ problems?

The _____ may _____ been inspected for electronic _____.

Was the pond's _____ inspected _____ failures?

_____ an _____ the pond's wiring _____ causes _____ malfunctioning components?

_____ looked at, looking for _____ behind any _____ electronics.

_____ check out the wiring _____ pond to _____ there are _____?

_____ experts check _____ wires _____ that _____ cause electronic issues?

_____ someone _____ into potential _____ of malfunction _____ the electrical _____ place _____ pond?

The _____ of _____ pond was inspected to _____ if _____ problems.

_____ you looked _____ any _____ my pond's electronic components' _____?

Did _____ the wiring _____ problems with your _____?

Did you check _____ with _____?

Did _____ the wiring system _____ malfunctioning electronic parts _____ my _____?

_____ causes of malfunction have _____ identified through _____ inspection of _____.

Did you check _____ electrical issues that _____ your _____ equipment _____?

_____ a wiring _____ inspection identified potential causes _____ malfunction _____?

Do _____ inspect pond _____ for _____?

_____ it _____ to find _____ what's _____ the malfunction _____ parts by _____ the wiring system?

Did _____ at your _____ system to _____ if there _____ any _____?

Did the pond's wiring _____ to _____ components?

Were the pond's _____ inspected _____?

I _____ an inspection was _____ on _____ determine _____ cause of _____ my pond equipment.

_____ experts checked _____ wires for _____?

Did someone _____ your _____ to _____ if _____ are any issues _____ could _____ its electronic _____?

Did _____ look at the wiring _____ your _____ see if _____ impacting _____ electronic components?

Have you inspected pond _____?

_____ you _____ wire system inspection on your _____?

Did _____ look _____ in the _____ place for my pond's components?

Did you _____ at _____ pond's _____ problems?

_____ check out _____ of _____ for _____ electrical systems _____ for my pond's _____?

_____ conduct _____ wire system _____ to discover _____ in your pond's _____?

_____ a check _____ on the pond's _____ components' _____?

Did _____ look _____ your pond's _____ make _____ there _____ issues _____ its electronic components?

_____ you check _____ defects _____ mess the _____ pond?

_____ you _____ your pond for any problems?

_____ you check _____ make sure there are _____ with the _____ your _____?

_____ system go through an _____ for pond _____?

Did _____ look into possible _____ malfunction _____ in place for _____ pond's _____?

Did the _____ components' wiring system _____ check _____?

_____ the wire _____ inspected to _____ out _____ there might _____ equipment issues _____?

_____ you _____ wiring _____ possible _____ of pond component issues?

Did _____ check the _____ wires for _____ electronic _____?

Did _____ system have a _____?

Have experts checked _____ for _____?

_____ the wiring of the _____ been _____ problems?

_____ look for _____ with Pond _____?

Did anyone look _____ of _____ the _____ systems _____ the pond?

_____ of your pond _____ been inspected to _____ of malfunction?

_____ your _____ been checked to _____ of malfunctioning _____?

_____ to find _____ why _____ wiring of _____ devices _____ be malfunctioning?

Does the wiring _____ inspected _____ electronic _____?

_____ there _____ examination done on _____ pond's wiring _____ sources of malfunction in _____?

Did the _____ system need _____ inspected _____ pond _____?

Have you looked _____ problem _____ pond's electronic _____?

Did you look _____ faults _____ pond's _____ components' _____?

_____ you _____ the _____ your pond _____ to _____ there _____ no problems?

Is it _____ pond's _____ has been inspected to _____ components?

Did _____ do an _____ the _____ in _____ pond's _____?

Is there an inspection _____ the wiring _____ potential _____ malfunction in your pond's _____?

_____ you perform _____ on the wiring _____ to _____ out _____ caused the _____ my _____ equipment?

Have _____ potential _____ causes been identified _____ the _____ pond?

Is _____ an inspection _____ the _____ determine the _____ malfunction with _____ pond _____?

_____ causes _____ malfunction been discovered through _____ system inspection _____ electronics?

_____ your pond's electronic _____ for _____?

_____ someone _____ potential _____ of malfunction in _____ systems _____ my pond?

Is an _____ of the wiring system done _____ the _____ malfunction _____ components?

Did you inspect the _____ system _____ malfunction in _____?

Have _____ inspection to figure out _____ electronic parts are _____?

Do _____ your _____ wires for _____ electrical _____?

Does your _____ wiring _____ be inspected _____ identify _____ components?

_____ you _____ the _____ wires _____ electronic _____?

_____ you _____ pond _____ trouble?

_____ you check the _____ any issues _____ cause _____ with _____ pond _____?

_____ the _____ system _____ been inspected to _____ are any _____ the pond?

_____ check to _____ sure there _____ problems with the _____ of _____ appliance?

Did you _____ wires?

_____ try to figure _____ why my pond _____ malfunctioning _____ at _____ setup?

_____ someone _____ pond's wiring system _____ if there _____ any potential _____?

The wiring _____ of the pond was inspected _____ if there _____.

_____ a thorough _____ on the _____ in regards _____ issues _____ backyard fountain?

_____ wiring system may have gone _____ inspection _____ pond _____.

Was the _____ inspected for _____ with _____?

Does your pond's _____ identify _____ of malfunctioning components?

Did _____ the _____ system to find _____ wrong with _____ parts?

Did you _____ out _____ defects _____ up the _____?

_____ electronic components' wiring _____ to be inspected.

_____ looked _____ potential problems _____ the pond's electronic _____?

_____ you look into potential _____ in _____ electronic _____?

Did anyone look into possible _____ malfunction _____ the _____ for _____?

_____ you investigate _____ pond's _____ faulty wiring?

_____ they inspect _____ pond's _____ system, _____ for any problems _____?

_____ perform an inspection _____ what's causing the malfunction in my pond equipment?

They _____ the _____ wiring _____ for issues _____ electronics.

_____ there _____ examination done _____ the _____ my _____ electronics?

_____ you look for _____ wiring _____?

_____ wonder if _____ wiring for the _____ has been _____.

_____ you _____ an _____ your _____ wiring to _____ of malfunctioning components?

Did you check _____ there _____ that could _____ with the _____ appliance?

_____ looked into potential problems _____ electronic _____ connections?

_____ inspection _____ on _____ wiring system to _____ out the _____ pond?

Have experts _____ your pond's _____ any problems _____ electronic _____?

Is _____ for _____ electronic systems _____?

Was _____ inspected for potential _____?

Has _____ a check _____ see _____ your _____ parts _____ malfunctioning?

_____ the pond electronic _____?

Did _____ conduct a _____ pond's _____ system?

_____ it possible _____ you _____ potential _____ in my pond's electronic _____?

_____ out the circuitry setup in _____ understand _____ my pond electronics _____?

Was _____ wiring _____ looked _____?

_____ you check _____ wires _____ issues?

Did anyone look at _____ wiring _____ if _____ are any issues _____ electronic _____?

_____ been checks _____ on the _____ to _____ the causes of _____?

_____ you _____ system to find _____ wrong _____ my pond's electronics?

Can _____ see if an inspection was done on _____ wiring system _____ what is _____ pond's electronic _____

_____ inspection on _____ wiring system _____ causes of _____ in your _____ electronic _____?

_____ investigate for _____ problems _____ wiring _____ could cause the _____ devices _____ malfunction?

Have _____ the wiring in your _____ to _____ it's _____?

_____ the wiring system for potential causes _____ component _____?

_____ the _____ wiring _____ for _____ electronic _____?

Is _____ for _____ pond's _____ to be inspected _____ malfunctioning components?

Did _____ your _____ wiring _____ possible _____?

Have _____ checked out the wiring _____ see what's _____?

_____ any issues _____ with the _____ wiring for your _____?

Have you _____ system in _____ pond?

Did _____ have _____ good _____ at _____ pond's _____ system to _____ issues impacting _____ components?

_____ you _____ possibility _____ the wiring _____ could cause the pond _____ to _____?

_____ electronics were looked at to _____ there _____ problems.

Did _____ do an _____ on _____?

Did _____ your pond equipment _____ because _____ electrical _____?

_____ an _____ of the wiring _____ malfunction _____ your pond's electronic components?

Was _____ pond's _____ for _____ malfunction?

_____ wiring system _____ checked _____ see _____ there _____ any problems.

Did you _____ on _____ wiring _____ to determine _____ was causing _____ in my _____ equipment?

Have you _____ potential _____ pond's electronic component's _____?

Did _____ on _____ your pond appliance?

Did you _____ the malfunction in the _____ could be _____ pond _____?

Did the wiring _____ an _____ malfunction?

Did you _____ issues could cause _____ to malfunction?

_____ the wiring system undergo _____ inspection for _____?

Is the _____ inspected for issues _____ pond _____?

Did anyone look _____ to _____ if there were _____ issues _____ its _____ components?

Has the _____ inspected _____ pond _____ malfunction?

_____ you _____ into _____ wiring _____ could have caused _____ devices _____ malfunction?

_____ check the electronic _____ for faulty _____ in _____?

Did you _____ a _____ on _____?

_____ a wire system _____ your pond's electronics?

_____ you try to _____ the cause _____ that _____ the pond devices _____ malfunction?

Did _____ out your _____ wiring system _____ there are _____ problems?

Did _____ take a _____ look _____ your pond's _____ to _____ issues?

_____ causes been found _____ the pond's _____ setup?

Did you _____ the Pond's _____ faulty _____?

Did _____ check the wiring to figure _____ is wrong _____?

_____ wiring defects that _____ up the _____?

_____ any _____ causes been _____ your _____ electrical setup?

Did _____ pond _____ for any _____?

Is _____ done _____ your pond's _____ the causes of malfunctioning _____?

_____ wiring _____ inspected _____ possible pond _____ malfunction.

Do _____ wires _____ inspected _____ possible _____ electronic malfunction?

Did you investigate _____ with the _____ could _____ pond devices to _____?

Does _____ pond's _____ have _____ inspected _____ determine _____ of _____ components?

In order to _____ is _____ malfunction _____ my _____ equipment, _____ you _____ of the wiring system?

Did _____ inspection uncover _____ malfunction in your _____ electronics?

_____ you _____ at _____ malfunction in _____ that _____ cause _____ pond devices _____ malfunction?

_____ inspect _____ for problems?

_____ the _____ have been checked _____ see _____ equipment issues in _____ pond?

Did _____ investigate _____ malfunction in _____ wiring _____ could _____ pond devices to _____?

_____ inspection _____ place on _____ wiring system?

The pond's wiring _____ was _____ there were problems _____.

The _____ system _____ checked _____ see _____ there were _____ with electronics.

The wiring system of the pond _____ to _____ had _____.

Did you investigate for the malfunction _____ the _____?

Does the _____ need _____ inspected _____ identify _____ of _____ components?

Is _____ wiring _____ for _____ problems?

Did _____ on the _____ to _____ caused the malfunction in my _____ equipment?

Did you _____ the wiring system _____ of _____ component _____?

Did _____ at _____ pond _____ see if there _____ any issues affecting its _____ components?

_____ there _____ done on the _____ system _____ the _____ electronics?

_____ your pond's wiring _____ to _____ malfunctioning components?

_____ factor that contributed to the _____ identified during a _____ inspection in _____ pond space?

Have _____ the _____ for possible _____ of pond component _____?

_____ the wiring _____ to be _____ for pond _____?

Did anyone _____ at _____ your pond _____ see _____ there were _____ problems?

_____ anyone look at _____ in _____ pond _____ see _____ malfunctioning?

_____ the wiring system of _____ pond's _____ components?

The wiring _____ of the _____ see if _____ any problems _____ it.

_____ you _____ pond _____ for electrical _____?

Have _____ checked _____ any issues?

_____ wiring system inspection _____ on _____ pond's electronics?

_____ pond's wiring inspected to see _____ of _____ components?

_____ a _____ system inspection _____ potential _____ malfunction in _____ pond's _____?

_____ it possible to _____ inspection on _____ wiring _____ to _____ of _____ malfunction in _____ pond equipment?

Does the _____ system of _____ have been _____ identify _____ potential causes _____?

Did _____ out _____ wiring of your _____ to see if _____ are _____ electronic components?

_____ you check _____ wiring _____ to see what was _____ the _____ pond's _____?

Was the _____ wiring _____ problems?

_____ someone look _____ possible causes _____ for _____ electrical systems _____ my _____?

Can you tell me _____ components _____ my pond _____?

_____ you _____ if _____ could _____ a malfunction of _____ pond _____?

_____ take _____ good _____ at your _____ if there are any issues _____ its electronic components?

Was the _____ on _____ electronic components' _____ system?
_____ your pond's _____ inspected to find _____ malfunctioning _____?
Did you _____ system for possible _____ component glitch?
_____ exist _____ issues _____ electronic _____ wiring for your pond?
_____ they check the _____ system _____ problems _____ electronics?
_____ you do an _____ on your _____?
_____ the _____ system checked for _____ your pond?
Did _____ for potential causes of malfunction in _____ for _____ pond's _____?
_____ the wiring _____ possible causes of pond _____?
_____ check on your _____ wiring _____?
Has _____ been an examination done _____ mechanisms?
_____ you check your _____ electronic _____?
_____ the _____ wiring inspected _____ electronic _____?
Is _____ to inspect _____ pond's wiring to _____ of _____?
Is _____ wiring inspected _____ any _____?
_____ a thorough evaluation _____ on the _____ setup as it relates to _____ your _____ fountain?
Have _____ potential malfunction causes identified for _____ pond's _____?
_____ they _____ behind _____ malfunction _____ the pond's electronics?
_____ you _____ pond to _____ out why parts are malfunctioning?
Problems _____ pond's _____ may have been traced _____ an inspection _____.
The wiring _____ was _____ see if _____ were _____ the _____ in the _____.
_____ someone check out _____ pond wiring _____ there _____ any issues _____ electronic components?
_____ electronic wiring inspected?
Did you _____ the _____ make sure _____ are no problems?
_____ at the wiring _____ possible _____ of pond _____ glitch?
_____ there _____ an inspection _____ your pond's _____?
An _____ on _____ system?
_____ you check _____ malfunction causes _____ components _____ the pond?
Is _____ wiring inspected _____ problems?
The _____ for reasons behind any malfunction _____ electronics.
Is it possible to determine what is _____ by _____ an _____ on the _____?
Did _____ check out _____ your _____ why parts are malfunctioning?
Did _____ look at the circuitry _____ order to _____ pond _____ malfunctioning?
_____ look _____ in the _____ electronics?
Is _____ a _____ evaluation _____ on the _____ in regards _____ possible issues _____ backyard _____?
_____ you look _____ the pond's _____ wiring?
When _____ electronic _____ wiring for _____ were there _____ issues?
Did _____ see _____ there were any wiring problems _____ pond _____?
Is _____ with the electronic components _____ pond?
_____ pond's wiring _____ was _____ electronic _____ problems.
_____ they _____ reasons behind _____ when _____ the pond's wiring system?
_____ any _____ found during _____ inspection _____ the _____ wiring _____ your pond?
_____ wiring inspected _____ component malfunctioning?
Did you check _____ issues could _____ your _____ fail?
_____ check happen on the _____ wiring system?
_____ anyone examined _____ in the _____ to _____ out _____ malfunctioning?
_____ there _____ issues found _____ the _____ components' wiring _____ your _____?
_____ a _____ system _____ reveal potential causes _____ in _____ electronics?
_____ the pond wires _____ electronics _____?
_____ there been problems _____ the electrical _____ of _____?

_____ wonder if _____ wiring _____ went _____ for _____ component malfunction.

Did you find any issues _____ for your _____?

_____ the _____ have an _____ for pond _____ malfunctioning?

Do _____ pond's _____ any issues?

Does the _____ checked _____ pond _____ problems?

Do _____ if _____ wiring _____ to identify the causes of malfunctioning _____?

_____ check on your _____ wiring _____ place?

_____ the _____ determine the _____ of malfunction _____ my _____ equipment?

Is it _____ to _____ of malfunctioning _____ by _____ pond's _____?

_____ you let me _____ there was _____ inspection _____ the electric _____ my _____?

Did _____ check out _____ to see _____ there are any _____ its _____?

Did _____ wiring system inspected?

Were _____ contributed to _____ failure of _____ identified during a _____ system _____ your pond _____?

_____ pond's wiring _____ for _____ electronic component _____?

You looked at _____ that _____ up the _____?

_____ the wiring _____ looked _____ for _____ causes _____ pond _____ glitch?

The _____ of _____ pond _____ inspected _____ see if there _____ any _____.

Is _____ pond issues?

_____ anyone _____ wiring system _____ issues in _____ pond?

_____ wiring system _____ pond have an _____ to identify _____ causes of _____?

Was _____ system _____ malfunctioning electronic components?

_____ done an inspection _____ wiring _____ the pond equipment?

_____ you _____ system for _____ causing the _____ my pond?

_____ pond wires for _____ electronic parts?

_____ you check _____ system for _____ causes of _____ glitch?

_____ the wiring _____ have a _____ for _____ malfunction?

Did someone _____ electrical systems in place for _____?

Did _____ do _____ inspection _____ the _____ to find _____ what _____ the electrical problems _____ pond equipment?

Is _____ to see _____ there are _____ problems in _____ pond?

_____ evaluation done _____ setup, _____ it pertains to possible issues affecting _____ to your backyard _____?

_____ you _____ wires for issues with _____?

Does the _____ system of _____ electronic _____ need to be _____ potential _____ malfunction?

Were _____ any _____ found during the _____ for _____ pond?

_____ into the malfunction in _____ that _____ the pond _____ malfunction?

_____ you _____ caused your pond _____ to malfunction?

Did _____ check _____ pond's _____ system _____ see _____ there were _____ issues impacting _____ components?

_____ anyone look _____ the wiring _____ your pond _____ out _____ it's _____?

Did you _____ for why _____ pond's _____ malfunctioning?

_____ if there were any issues _____ the _____ the _____ appliance?

_____ possible to find _____ causing malfunctioning in my _____ inspecting the wiring _____?

Is _____ pond's wiring system _____ component malfunction?

Did _____ with the wiring that _____ affect the _____?

_____ wiring _____ for electronic component failures?

Does _____ system of your _____ been inspected to _____ of _____?

Is _____ wire system inspected _____ out why _____ equipment _____ in your _____?

_____ check the wiring _____ why my pond's _____ not working?

Did _____ take _____ look at _____ wiring system _____?

_____ you _____ the _____ defects _____ can _____ up the _____?

Has the _____ looked _____ pond _____ problems?

Have _____ at the wiring _____ to see why _____ malfunctioning?

_____ system go _____ a _____ for pond issues?

Did you _____ malfunction causes _____ pond's electronic components?

_____ an inspection _____ your pond's _____?

_____ electronics _____ potential causes of _____ identified _____ a _____ system inspection?

Will there _____ an _____ pond's wiring mechanism?

_____ the wiring _____ have _____ to _____ potential issues with my _____?

Did someone _____ out _____ wiring system _____ your _____ to _____ are any _____ it?

Is there _____ examination _____ on _____ pond's _____ mechanism, _____ possible _____ of _____?

Is the _____ inspected _____ pond _____?

_____ the wiring system to _____ causing the malfunctioning _____ in my _____?

_____ wiring _____ to _____ if _____ are _____ in the pond's _____?

_____ you check if there _____ electrical _____ that could _____ to _____?

Did _____ check _____ find _____ what's _____ the malfunctioning _____ in my pond?

_____ pond's wiring _____ was looked _____ looking _____ problems _____.

Does anyone _____ if _____ wires _____ been looked at?

_____ check to make sure electrical issues _____ your _____ equipment _____?

Problems in _____ pond's _____ may have _____ inspection _____ the _____ system.

_____ of malfunction been identified in _____ pond's _____?

_____ wiring _____ may _____ been _____ for potential issues.

Have _____ into _____ with the pond's _____ connections?

Has there _____ examination _____ my _____ possible sources of malfunction?

_____ you inspect _____ wiring _____ causes of _____ component glitch?

_____ experts check the _____ wires _____ issues _____ cause _____ problems?

During a wire system _____ pond _____ potential factors _____ to _____ of electronic _____?

Have any _____ of malfunction _____ during a _____ system _____ of _____ pond's _____?

_____ the wiring _____ have to be _____ identify _____ causes _____ malfunctioning electronic components?

Did _____ check _____ defects that _____ the whole _____?

Did _____ look _____ the _____ of _____ to see if there _____ any _____?

Is _____ an _____ done _____ my pond's wiring _____ in _____ to _____ of _____?

Pond _____ problems with _____ parts.

_____ the _____ for _____ pond _____ problems?

_____ wiring _____ an inspection _____ the pond component _____?

Did _____ try to _____ why the _____ the pond _____ malfunctioning?

Did someone have _____ look at _____ pond's wiring _____ issues?

_____ pond's _____ been inspected?

_____ to _____ the problem _____ the _____ cause the pond _____ to malfunction?

_____ you check the wiring _____ malfunction _____ electronics?

Did you have _____ inspection _____ pond _____ system?

Did you _____ if your _____ equipment had _____?

_____ why the electrical _____ in _____ for _____ pond malfunction?

_____ you _____ the _____ issues could cause _____ to malfunction?

Was a _____ evaluation _____ the _____ setup, _____ it pertains to possible issues _____ your backyard _____?

_____ you _____ any problems _____ wiring that _____ cause _____ pond devices _____?

Does _____ wiring system of _____ electronic components _____ inspected to identify _____?

_____ there been an inspection _____ find _____ why _____ are _____?

Did your _____ components' _____ get a _____ done?

_____ into _____ causes of _____ the _____ in _____ for my pond's components?

_____ you _____ to find _____ of _____ pond _____ could be malfunctioning?

_____ the _____ looked _____ potential problems?

_____ you _____ wiring _____ of the pond for _____?

Is _____ wire system _____ to see if _____ equipment problems _____?

_____ there been tests done _____ the wiring _____?

Did you check _____ causes in the _____?

_____ pond's wiring _____ undergo an _____?

_____ anyone _____ at _____ wiring system to _____ pond electronics are _____ up?

Have potential _____ of malfunction _____ identified _____ system _____ of _____ pond's _____?

Have you _____ the _____ of _____?

_____ you _____ wiring _____ appliance to make sure _____ are no _____?

_____ pond wires for problems with _____ parts?

_____ you _____ if _____ are _____ with the _____ for _____ pond appliance?

Does _____ pond's _____ have _____ be _____ find the causes _____ components?

_____ check _____ wires for _____ problems?

Did _____ check _____ make _____ issues did _____ cause _____ pond equipment _____?

Did _____ check _____ pond's _____?

_____ you looked into _____ electronic _____ potential problems?

_____ anyone _____ the _____ in the _____ to _____ out why _____ parts are _____?

_____ the wiring in _____ pond?

_____ you check _____?

Have potential _____ found in the _____ of _____ pond?

Can _____ me if _____ the _____ system to find _____ what's going _____ with my pond's electronic _____

Do _____ your _____ problems that could cause _____ problems?

_____ at pond _____ for _____ parts?

_____ you _____ the _____ for malfunction in my pond's _____?

_____ wires go through an _____ for _____ malfunction?

Did _____ the wiring _____ find _____ causes _____ my pond's _____?

_____ your pond's electronic parts _____ why they are malfunctioning?

_____ a check on _____ of my pond's _____?

Is the _____ wiring _____ for _____ electronic _____ malfunction?

_____ the wiring system to _____ my _____ electronics are malfunctioning?

As _____ possible _____ hardware connected to your _____ fountain, _____ a _____ conducted on _____ electrical setup.

Did _____ check _____ for trouble _____?

_____ you _____ an inspection on _____ system _____ the _____ equipment?

Did someone _____ at _____ pond wiring system _____ see if _____?

Did _____ your pond's wiring _____ are any issues _____ its components?

_____ you check _____ wiring _____ that _____ the _____?

Did you _____ wiring _____ the pond _____ there are _____ issues?

_____ you _____ any _____ with the wiring _____ during inspection?

_____ check if an _____ on the _____ find out what _____ is with _____ pond's electronics?

_____ electronic components of _____ pond _____ faulty wiring?

Did the _____ system get _____ pond _____ malfunctioning?

_____ check _____ the pond _____ malfunctioned _____ of electrical _____?

Is there _____ my _____ mechanism, _____ possible sources of malfunction _____ electronics?

Do you _____ wiring _____ potential _____ of pond _____ problems?

Has _____ an inspection _____ wiring _____ identify causes of malfunctioning _____?

The pond's _____ system _____ looking _____ with electronics.

Did _____ to see _____ were _____ issues with your pond _____?

Did _____ check the _____ of the _____ to _____ there _____ no _____ the _____?

Did _____ inspect my _____ find malfunction _____?

_____ any factors _____ to _____ of electronic components _____ wire system inspection _____ pond space?

Is _____ possible malfunctioning pond electronic _____?

_____ check the wiring for _____ problems that _____ cause _____ with _____ ?
 _____ you _____ wiring _____ that _____ mess _____ the pond?
 _____ anyone _____ at the wiring _____ your _____ why the _____ parts are _____ ?
 _____ want _____ know _____ system _____ malfunction causes in _____ pond's electronic components.
 Did you _____ wires _____ problems _____ ?
 Did you have _____ at the _____ figure _____ why _____ electronics are _____ ?
 Was the _____ malfunctioning electronics?
 I want _____ was _____ inspection done on the _____ to _____ of my pond _____ malfunction.
 _____ you _____ pond _____ for problems _____ electronic _____ ?
 Did _____ at the _____ in _____ pond to _____ why _____ parts _____ malfunctioning?
 _____ check _____ wires _____ electrical issues?
 _____ pond's wiring system _____ looking for _____ behind _____ malfunctioning _____ .
 _____ contribute to _____ malfunctioning of electronic components discovered _____ a _____ system _____ in your _____ ?
 Did _____ the wiring in your _____ see _____ parts _____ malfunctioning?
 Did anyone _____ wiring _____ pond to _____ why _____ are malfunctioning?
 _____ the _____ wiring _____ inspected for _____ malfunction?
 _____ electrical issues that could _____ your pond equipment _____ ?
 _____ the wire system _____ inspected _____ why there are _____ problems _____ pond?
 Have you _____ inspection on _____ wiring system to find out _____ causing _____ malfunction _____ my _____ ?
 _____ check _____ was _____ on the wiring _____ to _____ out what _____ problem is with _____ pond's _____ components?
 Potential _____ of malfunction in _____ pond's _____ have _____ identified via _____ of the _____ .
 _____ the wiring system of _____ have _____ inspected _____ identify _____ ?
 _____ the wiring _____ inspection for pond _____ defects?
 _____ check out _____ electronic parts?
 _____ you look _____ pond's _____ connections?
 _____ pond's _____ was inspected for potential _____ component _____ .
 _____ malfunction causes _____ in the _____ electrical setup?
 Did you check the wiring _____ components?
 The wiring _____ at for _____ pond _____ problems.
 Did your pond's electronic _____ undergo _____ ?
 Was _____ system inspected for _____ ?
 Did _____ go _____ a _____ for pond malfunction?
 _____ pond's wiring inspected _____ potential _____ ?
 Did _____ your pond's _____ system _____ identify any potential _____ ?
 Have experts _____ your _____ wires for _____ issues _____ might _____ ?
 Is _____ inspected _____ the possible _____ electronic _____ ?
 _____ you look for _____ wiring _____ cause pond devices _____ malfunction?
 Does _____ pond's _____ have to _____ identify problems?
 Is anyone _____ the _____ in your _____ out _____ parts are _____ ?
 Was _____ evaluation done on the _____ it pertained _____ possible _____ hardware connected _____ your backyard _____ ?
 Does _____ pond _____ have _____ inspected _____ malfunction?
 Did _____ for any _____ with _____ pond's electronic components?
 Has _____ the wiring system _____ problems _____ pond?
 Has _____ looked _____ wiring _____ the pond to _____ it's malfunctioning?
 Has anyone checked _____ wiring system _____ pond _____ ?
 _____ Pond wires _____ issues with electronic _____ ?
 _____ you inspect _____ wires for _____ ?
 _____ someone _____ at your _____ wiring _____ to _____ were _____ impacting the electronics?
 _____ the _____ system inspected for _____ electronic _____ ?

_____ system _____ the pond was inspected _____ see if there _____ any _____.

_____ you inspect _____ problems _____ electronics?

Was the _____ examined for _____?

Is your _____ wiring being _____ of malfunctioning _____?

_____ evaluation conducted _____ electrical setup as _____ possible issues affecting hardware _____ to _____ backyard fountain?

_____ you _____ into the _____ of _____ could _____ the _____ devices to malfunction?

_____ check the _____ system _____ possible _____ of _____ component issues?

_____ possible that _____ pond's wiring has _____ inspected _____ identify _____ malfunctioning _____?

_____ you _____ the wiring system _____ possible cause _____ pond _____?

Were there _____ on _____ components' wiring system?

_____ wiring have _____ inspected to find the causes _____?

_____ your _____ electronic _____ wiring system _____ a _____ preformed?

_____ out _____ pond's wiring _____ for _____ problems with electronics?

_____ look at _____ that mess up _____ pond?

Has your _____ electronic _____ been _____ out _____ they are malfunctioning?

Did _____ inspect _____ pond component problems?

_____ check the _____ pond _____ to make sure _____ no problems?

Did _____ if _____ issues could _____ pond _____ to malfunction?

_____ they _____ pond's _____ system _____ see why electronics _____?

_____ check _____ in _____ pond to find out _____ some parts are _____?

_____ a _____ on your pond's _____ wiring system?

Did you _____ the wiring _____ my _____ not working?

_____ an exam performed _____ my pond's _____?

Did _____ check _____ wiring defects that can _____ whole _____?

_____ causes _____ malfunction _____ identified by a wiring system _____ your _____?

If _____ pond's wires have _____ issues, _____ them?

Is an _____ on the wiring system to look _____ potential _____ in _____ electronic _____?

_____ anyone looked at _____ pond to _____ out why _____ malfunctioning?

Do _____ if there _____ been _____ done on _____ wiring?

Is _____ an inspection done _____ your _____ to _____ causes _____ components?

Is _____ wire system _____ see _____ problems in your pond?

_____ an _____ of _____ wiring system _____ identify _____ causes of malfunction _____ components of your _____?

_____ to _____ what is causing _____ malfunction in _____ equipment by _____ inspection on _____ wiring system.

_____ pond's electronic parts been _____ to see _____ they _____?

Did you _____ wiring in _____?

_____ your _____ been _____ to find out _____ they _____ malfunctioning?

_____ system _____ the pond was _____ to _____ there were any _____ it.

_____ you _____ an inspection _____ pond's _____?

Has _____ electronic parts in your _____ been _____ they _____ malfunctioning?

_____ you _____ out _____ wiring in _____ find out _____ electrical parts are _____?

Did you inspect _____ wires _____ problems with _____?

The _____ wiring system _____ inspected _____ any issues _____ the electronics.

_____ wiring _____ checked _____ pond component malfunction?

_____ experts checked _____ wires _____ potential _____?

Was _____ thorough _____ done _____ regards to possible _____ affecting hardware connected to the _____?

_____ equipment problems in your pond _____ the _____ system is _____.

_____ you check the _____ wires _____?

_____ your _____ inspected?

Did you look into _____ malfunctioning _____ causing _____ pond devices _____?

Does the electronic _____ pond _____ any issues?

____ you ____ if an ____ the wiring system found any ____ my pond's ____ components?
 ____ wire ____ checked to find out ____ equipment ____ in your ____?
 Did ____ the wiring system ____ issues?
 Have ____ checks done ____ the wiring ____ the ____?
 Did ____ check ____ problems?
 Did you check ____ there ____ the ____ your pond appliance?
 ____ check out ____ pond's electronic ____ for ____?
 Has ____ for ____ been ____ at?
 Did someone ____ look at your ____ system ____ if there ____ any ____?
 ____ you check ____ pond ____ was ____ electrical issues?
 ____ the ____ system ____ out for ____ component ____?
 Did ____ perform an inspection ____ system to ____ what was ____ the ____ in my ____?
 ____ there ____ done on ____ end regarding ____ electrical ____ messing ____ my ____ equipment?
 ____ the ____ wiring have ____ inspected ____ of malfunctioning components?
 Did ____ check ____ were ____ with the wiring ____ the pond appliance?
 Did someone ____ at ____ pond's ____ system ____ are any issues ____ electronics?
 ____ experts ____ your pond's wires ____ any ____ may cause ____?
 Did ____ have a ____ look ____ system to identify any ____?
 ____ the ____ electronic components checked ____?
 Does ____ wiring system ____ pond need to ____ inspected ____ identify ____ malfunction?
 The wiring ____ your pond needs ____ inspected to ____ of ____.
 Did you ____ were any ____ the ____ could cause ____ with your ____ appliance?
 Have ____ checked the ____ and connections ____ water ____?
 ____ experts check ____ wires ____ any problems ____ may ____ electronic ____?
 Is there an ____ performed ____ pond's wiring mechanism, regarding ____?
 Is there ____ thorough ____ the ____ it relates to possible issues affecting ____ to ____ fountain?
 ____ want to ____ there has ____ an examination done ____ pond's ____.
 ____ you check out the ____ pond?
 Did you check ____ wiring for ____ cause ____ devices to ____?
 Have ____ in your pond ____ find out why they ____?
 Did ____ check the wiring of ____ to ____ if ____ problems?
 Has your ____ wiring ____ find ____ causes of ____ components?
 Were ____ system ____ for ____ component ____?
 ____ the wiring ____ the ____ been ____?
 ____ the wiring system inspected for ____ problems?
 ____ the wiring ____ for possible causes of pond ____?
 ____ the wiring system of ____ pond have ____ inspection ____ causes of ____?
 Did you look at the ____ in order ____ understand ____ malfunctioning?
 ____ wiring system checked ____ potential ____?
 ____ look at the ____ of ____ pond electronics in ____ out why ____ malfunctioning?
 ____ pond wires for any ____?
 Have experts checked ____ wires ____ your pond ____?
 ____ you perform an ____ your ____ system?
 Does the ____ electronic ____ been ____ for ____?
 ____ you ____ an inspection on ____ wiring system ____ out ____ causing ____ problems ____ pond equipment?
 Do ____ your pond's ____ issues that may ____ electronic ____?
 Did you check ____ for ____ parts?
 ____ system been checked ____ find ____ why ____ malfunctioning in your ____?
 ____ into ____ potential ____ the pond's electronic components' connections?
 Do the ____ been ____ pond electronic ____?

_____ if the pond's _____ system was _____ for _____.
 _____ you check the wiring _____ for _____ the _____ component?
 Did _____ system inspection identify _____ in _____ pond's electronic parts?
 _____ system had to be inspected _____ problems.
 _____ the pond's _____ at _____ component malfunction?
 Was _____ wiring inspected for _____ ?
 _____ you look at _____ that could be messing _____ the _____ devices?
 Did _____ inspection show potential causes _____ malfunction _____ electronics?
 Did _____ wiring system to find out why _____ ?
 _____ the _____ for _____ pond electronic _____ ?
 The wiring _____ should _____ been inspected _____ component _____.
 Did _____ wires _____ issues?
 Did _____ on your pond's wiring _____ ?
 Is _____ for _____ pond _____ defects?
 Has _____ pond's _____ been inspected to _____ why they _____ ?
 _____ you _____ with my _____ electronic components' connections?
 _____ pond's wiring _____ inspected, _____ for _____ with electronics.
 Did you check _____ components _____ problems?
 Did the _____ for pond component failures?
 Did _____ for the pond be _____ for _____ ?
 Did _____ check _____ mess up the _____ stuff?
 _____ pond electronic _____ inspected for _____ ?
 The _____ system was _____ behind any malfunction.
 _____ you _____ into the possible _____ of _____ could _____ pond devices to _____ ?
 Did _____ look at _____ electronics for _____ ?
 _____ you _____ into the _____ with my _____ components' connections?
 Did you find any _____ wiring for your _____ inspection?
 _____ someone look _____ of the _____ see if _____ were _____ impacting the electronic components?
 _____ know if the _____ wiring was inspected to _____ malfunctioning _____ ?
 _____ look at _____ wiring _____ to identify _____ issues?
 _____ was wondering if there _____ inspection _____ the wiring to _____ why my _____ .
 _____ wiring _____ of your pond inspected _____ causes _____ malfunction?
 Can _____ inspection was done on the wiring _____ out what's _____ with my pond's _____ ?
 _____ anyone _____ for problems with the electronics _____ my _____ ?
 Is a check done _____ your _____ wiring _____ ?
 Is any examination done on my _____ mechanism _____ likely _____ ?
 Is _____ pond's wiring _____ inspected for _____ electronic _____ ?
 Has _____ investigated the _____ to find _____ why _____ electronics _____ up?
 Did you check the wiring defects _____ ?
 _____ system _____ for Pond component _____ ?
 Has _____ looked at _____ system to _____ why _____ are acting up?
 Did _____ check if _____ were _____ issues _____ the wiring that _____ pond _____ ?
 Did _____ check out _____ faults in my pond's _____ ?
 _____ inspect _____ wires _____ electronic parts?
 Did _____ out the _____ ?
 Did they _____ wiring defects _____ mess _____ ?
 _____ anyone _____ on your end _____ potential electrical problems _____ with _____ lake _____ ?
 _____ pond's _____ system _____ identify potential issues that could affect _____ components?
 Did _____ do an inspection on _____ wiring _____ if _____ was _____ problem _____ pond equipment?
 Was the _____ electronic _____ system _____ ?

_____ anyone _____ the _____ the pond _____ find _____ electrical parts are _____?
 Did _____ investigate the _____ for possible _____ pond component _____?
 _____ check _____ why my pond's electronics aren't working?
 _____ have an _____ your pond's wiring _____?
 Do _____ know if _____ pond's wiring has been _____ components?
 Have you _____ at pond wires for _____?
 Can you _____ to see if _____ on _____ wiring system to _____ is happening with _____ electronic _____?
 Did _____ inspect the _____ system looking _____?
 Were the _____ inspected for _____?
 Did a check _____ on the _____?
 _____ inspection _____ the _____ system for the pond's _____?
 _____ wiring _____ pond checked?
 Was _____ pond's _____ wiring _____ checked?
 _____ you _____ the _____ your pond appliance?
 Did _____ look at _____ of your pond _____ see if _____ any issues _____?
 Did you investigate the possible _____ wiring that could _____ devices _____?
 _____ if someone looked into _____ systems in place _____ my _____.
 Did _____ check _____ electrical _____ that could _____ your _____ equipment _____?
 The wiring system might _____ inspected _____ pond _____.
 Is the _____ checked for _____?
 _____ wiring _____ to _____ what's causing the malfunction _____ my pond?
 _____ the wiring _____ for potential _____?
 Did you _____ wiring system for _____ causes of _____?
 _____ you check out _____ causes of pond component _____?
 Did _____ check for _____ wiring _____ that _____ with your _____ appliance?
 _____ been an examination _____ the pond _____ mechanism?
 _____ do _____ inspection on the _____ find out _____ was _____ problems in my pond equipment?
 Did you have your _____ components' _____?
 Does your _____ been checked _____ identify causes _____ malfunctioning _____?
 Did _____ at the _____ to figure out _____ electronics are _____?
 Did _____ look at _____ for _____?
 _____ you _____ defects for _____ pond?
 Is the wiring _____ inspected _____ problems _____ the electronics _____ the pond?
 Has _____ an exam done _____ my pond's _____?
 _____ someone _____ look at the wiring _____ your _____?
 _____ anyone look _____ the _____ your pond _____ what's malfunctioning?
 _____ the _____ in _____ pond to figure out _____ malfunctioning?
 _____ check if there are _____ with the wiring _____ your _____?
 _____ there _____ checks done _____ wiring _____ your pond?
 Did you _____ the _____ for possible _____ pond _____ glitch?
 _____ order _____ out why my _____ malfunctioning, did you have _____ look at _____ setup?
 Does _____ wiring have _____ problems with the _____ system?
 Did _____ conduct _____ wire _____ to find _____ in the _____ your pond?
 _____ a wiring system inspection _____ done on _____?
 Was _____ pond's _____ for _____ malfunction?
 Did the _____ through _____ pond component malfunction?
 I _____ was _____ on the _____ to determine _____ cause of _____ with my pond equipment.
 Did you check _____ that _____ pond?
 _____ you check _____ electronic components _____?
 _____ determine what is causing _____ in my pond _____ by _____ an _____ of _____ wiring?

____ your pond's wiring get _____ causes of _____?

____ you inspect _____ wiring _____ for potential _____ pond component _____?

Has _____ pond's _____ been inspected _____ malfunctioning parts?

Do you _____ if _____ check _____ the electric _____ in _____ pond?

____ you inspect _____ to find out what _____ causing _____ malfunctioning _____ parts _____ my _____?

Have potential _____ in _____ electrical setup of _____ pond?

I wonder if _____ was _____ inspection _____ the _____ determine _____ with my pond equipment.

Did you _____ figure out why my _____ are malfunctioning?

I _____ if _____ was an inspection done on the _____ determine _____ of _____ with _____.

____ you _____ the wiring _____ to find _____ causing _____ problems _____ my _____?

Is the wiring inspected _____?

Have _____ your pond's wires _____ may _____ problems?

Was _____ pond's wiring _____?

Is _____ an _____ to _____ out why your _____ malfunction?

Did you perform _____ your pond's electronic _____?

Did _____ look at your pond _____ see if there _____ any _____ electronic _____?

____ electrical _____ are malfunctioning _____ your pond has _____ the _____?

As _____ pertains to possible issues _____ connected _____ your _____ fountain, _____ thorough evaluation _____ on _____ electrical _____?

____ _____ know if you have performed _____ the _____ system to determine _____ is _____ electrical _____ my pond _____.

Did _____ inspection of the _____ system _____ the pond _____?

____ _____ system _____ for possible malfunction?

Is _____ the pond _____ checked?

Did _____ check the wiring _____ my pond _____ working?

Did _____ find _____ if _____ issues could _____ equipment to _____?

Did you _____ for wiring _____ that _____ the _____?

What about your pond's wiring to _____?

____ _____ pond wires _____ electronic trouble?

____ experts _____ pond's _____ make sure they _____ any issues?

____ the wiring _____ to _____ out what's _____ on in my _____?
