

[Demo] NLP Dataset for Customer Service Automation

| | |
|----------------------|---|
| Company Type | Electricity Suppliers |
| Inquiry Category | Renewable energy options availability |
| Inquiry Sub-Category | Green Energy Certification |
| Description | Customers seek information regarding the certification process and requirements to ensure that the electricity they are receiving is sourced from renewable energy technologies and meets recognized environmental standards. |
| Data Size | 5,299 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ can I find more ____ about your ____ requirements for sourcing ____?

____ to know ____ the ____ accredited with qualification ____ as the ____ engagement.

____ you ____ me ____ green ____ certification procedure along with specifications ____ procuring renewable ____ sources?

____ can I find more ____ about ____ certification ____ to ____ renewables?

____ can ____ about your ____ for sustainable ____ and the ____ you ____ meet to ____ renewables?

I'd ____ learn more ____ the process of ____ power, as ____ as the ____ for ____ renewable ____.

____ tell me the specifics ____ your ____ energy certification ____ source ____?

Where can I find more information ____ methodology for ____ as well ____ requirements ____ sources?

____ information on ____ accredited with qualification and the ____ engagements?

____ you give ____ information ____ the green energy ____ what it ____ get some ____ power?

____ more info on ____ energy ____ process and how to ____.

____ need ____ more ____ the ____ accredited with qualification as well ____?

Tell ____ additional ____ on how you ____ for ____ resources.

____ can ____ learn more about your certifications ____ sustainable ____ and ____ criteria ____ meet ____ source ____?

Can ____ find out more about ____ eco- ____ approval ____ for ____?

____ more information ____ your ____ renewable resource source demands.

____ me know ____ can ____ information about your ____ certification ____ and the criteria you ____ to ____.

Where can you ____ green ____ and renewables?

____ know where I ____ detailed ____ about your green energy ____ process and the ____ to source ____.

Can you ____ about ____ energy certification ____ the specifications for procuring renewable ____?

____ I find ____ guide ____ securing ____ certified clean energy ____?

How to ____ more ____ eco-friendly ____ criteria ____ sustainable resources?

Can you give me ____ the ____ procedure ____ well as the specifications for ____?

____ you ____ any information ____ your ____ energy certification and ____ renewable ____?

____ you need ____ insight into the ____ accredited ____ as well ____ engagements?

Can I ____ out ____ about ____ eco-friendly ____ process for ____?

____ tell me more ____ certifying eco-friendly ____ well as the ____ for obtaining renewable ____ sources.

Can ____ learn ____ about ____ renewable ____?

____ I get ____ information ____ renewable ____ details?

Can you show ____ how ____ a ____ energy badge ____ source ____ ____?

Is there ____ certification ____ for ____ power supplies?

Can ____ tell ____ more about ____ of certifying ____ power, as well ____ for getting ____ sources?

____ could give me more ____ on the process of certifying eco-friendly ____ and ____ for ____ renewable ____.

Do you ____ more info ____ for renewable ____?

____ more ____ on ____ green energy ____ process and requirements ____ renewable ____?

____ you ____ me ____ about ____ green energy ____ process and ____ renewable sources?

Where can ____ information ____ your methodology ____ green ____ as well as the prerequisites ____ with ____?

Where ____ I ____ insights on the ____ process ____?

____ me more ____ about your green ____ as well as the ____ for ____ resources?

Can ____ green energy cert ____ and ____ takes to get ____ renewable power?

____ you tell ____ your green ____ certification procedure ____ requirements for procuring ____ other sources?

I'm ____ more about your ____ regulations ____ green ____ certification.

Can ____ shed some light ____ the ____ energy cert process ____ it takes ____ get ____?

Do you ____ green energy ____ it takes to get renewable power?

Do you ____ more ____ green ____ certification ____ requirements for sustainable ____ supplies?

Can ____ us more ____ your ____ and renewable ____ requirements?

I was ____ if you could ____ more ____ process ____ certifying ____ power ____ as the stipulations for ____ energy

____ you ____ more information ____ the ____ energy certification ____ and the ____ renewable ____?

Where ____ your ____ process ____ green ____ and requirements for renewable energy?

____ get more information about your certifications for ____ energy and ____ must ____ order to ____ renewable ____?

Can ____ find more info ____ eco-friendly ____ and criteria ____ sustainable ____?

Is there ____ place ____ I can ____ information about how you ____ green ____ as ____ that ____ renewable generation

Could you ____ more ____ the process ____ certifying eco-friendly ____ for obtaining renewable ____ sources?

I ____ to know ____ green ____ certification and ____ source renewable ____.

____ let ____ know ____ I can ____ about your green energy ____ the ____ need ____ source renewables.

____ about ____ and ____ for procuring renewable resources can be found from additional ____.

____ give ____ further information about your green ____ procedure, ____ specifications for procuring renewable ____?

I'm interested in learning more ____ the ____ certifying eco-friendly power ____ stipulations ____ renewable ____.

____ know ____ about the process ____ certifying eco-friendly ____ well as the ____ for ____ energy.

____ get more ____ on your eco-friendly approval method and ____?

____ find information ____ your energy ____ process and ____ requirements?

Are you in ____ further insight ____ method ____ qualification ____ as ____ renewable resourcing engagements?

____ I ____ more information ____ your ____ source requirements?

I ____ to ____ an expanded guide to securing ____ source ____.

I would ____ to know more ____ process ____ eco-friendly ____ and the ____ renewable ____ sources.

Where can I find ____ methodology ____ certifying green energy ____ with ____ renewable sources?

____ learning more about the ____ energy cert process ____ what ____ to get ____ power.

Let me ____ the specific ____ your ____ energy certification process and the ____ you use ____ source ____.

____ you ____ any ____ on ____ for renewable procurement?

I need ____ more information about ____ procedure ____ resources.

How ____ telling me ____ about green power certification ____ materials?

____ more details about your green ____ certification process ____ the criteria you ____ to source ____.

____ to know more about ____ energy certification and ____?

Where do ____ on your renewable ____?

_____ can _____ me _____ process and how _____ get some renewable power?

I _____ like _____ learn more _____ the process _____ certifying eco-friendly _____ as well as _____ energy _____.

Where can _____ find _____ information on _____ energy _____ process _____ source of _____?

Is there _____ information about _____ eco-certification _____ criteria?

_____ can I get _____ details _____ certifications for _____ energy _____ the _____ must _____ to _____ renewable energy?

Can you give _____ additional _____ about your _____ energy certification _____ well _____ specifications for _____?

_____ to find information _____ eco-certification _____ and renewable _____ requirements.

_____ learn _____ methodology for certifying _____ energy as well as how to _____ renewable _____.

Can _____ give me _____ information _____ energy _____ stuff _____ need to do for _____ sources?

Where do I find _____ eco-friendly approval method _____ criteria _____?

Can I learn _____ about your _____ and _____ source _____?

Can _____ more on _____ and criteria _____ sustainable resources?

Information on green _____ and _____ to _____ energy can _____.

I am looking _____ more _____ approval _____ for _____ resources.

I _____ to know more _____ your _____ certification process _____ what _____ takes to _____.

Where's _____ info about your crazy _____ for _____?

Where _____ I find out more about the _____ for _____ energy _____ renewable _____ sources?

Can _____ out _____ your _____ approval method _____ sustainable _____ criteria?

Where _____ I find _____ expanded _____ to securing _____ source _____ clean _____.

_____ give _____ information about your _____ certification process and _____ for _____ renewable energy?

Where can _____ find _____ and renewable fuels?

I _____ further information on _____ the _____ qualification as _____ resourcing engagements.

_____ like to _____ more _____ the process of certifying _____ power as _____ the stipulations for _____.

Is _____ information _____ your _____ energy _____ renewable source requirements?

_____ want _____ out more about how _____ certify green energy _____ well _____ that meet _____ qualifications.

_____ I find information _____ you _____ energy products, as _____ suppliers _____ meet _____ generation qualifications?

_____ the specifics _____ your renewable energy regulations and _____ certification.

_____ is a _____ for further insight _____ the method _____ with _____ as _____ as the _____.

_____ the _____ cert _____ and _____ it takes to get renewable _____.

Can I _____ more _____ your eco-friendly approval method and _____?

I'm curious _____ your _____ certification _____ and _____ I can _____.

_____ green energy _____ process _____ what it takes to _____ renewable power.

Where can _____ an _____ guide _____ securing _____ source of _____ energy?

_____ find _____ information _____ securing a _____ of clean energy?

_____ we find out about _____ and _____?

_____ may I _____ to _____ a certified _____ clean energy?

_____ more about the _____ accredited with qualification _____ as _____ renewable resourcing _____.

_____ to know _____ about _____ green _____ certification _____ or _____ for _____ power supplies.

_____ find _____ more about your methodology for _____ green _____ as well _____ of acquiring renewable _____?

_____ any information about _____ certification process _____ source requirements?

I would _____ to _____ more about how _____ green energy products as _____ suppliers _____ renewable _____.

I would _____ to _____ out more about _____ eco-certification _____.

Where can _____ more information _____ certification _____ energy and _____ renewable sources?

_____ interested _____ process _____ certifying _____ power _____ stipulations for obtaining _____ energy sources.

_____ you _____ more _____ your green energy certification _____ and how _____ procure _____ resources?

_____ would _____ learn more _____ the _____ of _____ renewable source regulations and _____.

Is there a place where I _____ find _____ certify _____ energy _____ as _____ suppliers _____ renewable generation _____?

I _____ like _____ know _____ about your methodology for certifying green _____ requirements associated _____.

Are _____ any further details _____ criteria?

Tell _____ you find additional data _____ certify _____ renewable _____.

Where _____ more _____ about green _____ and renewable _____?

_____ information on both the _____ qualification as well _____ the _____ engagements.

I _____ information _____ your _____ certification _____ and _____ for renewable energy.

I want to _____ renewables _____ regulations and _____ certification.

Can _____ me where I can _____ information about _____?

_____ me how _____ can _____ on _____ you _____ for renewable _____.

Do _____ on your criteria _____ renewable procurement?

_____ would like _____ find _____ more _____ process for _____ energy and requirements _____ with _____ energy.

Can _____ information _____ your green _____ procedure, _____ with the specifications _____ procuring renewable resources?

Can you _____ me where _____ your renewable source requirements?

Can you give _____ about _____ green _____ certifications _____ requirements?

_____ me with more information about green _____?

_____ learning how _____ get the green energy badge _____ source more _____.

Can I _____ the eco-friendly _____ and criteria for sustainable _____?

_____ there _____ place that I can find _____ of information _____ certify _____ and suppliers?

_____ more information _____ you _____ for _____ resources being used.

_____ tell _____ more about the _____ of certifying eco-friendly power, _____ the _____ for _____ energy sources?

_____ was wondering if _____ could tell me more _____ of certifying _____ and _____ obtaining renewable energy _____.

Can _____ me _____ about your _____ energy certification _____ along with _____ for _____ renewable _____?

_____ can _____ find _____ regarding your _____ certification _____ and _____ source _____?

_____ there _____ to learn _____ process or _____ procurement criteria?

_____ can _____ information _____ energy certification _____ source of _____ energy?

Where can I find _____ your _____ certifying green _____ as well as _____ associated _____ sources?

_____ give _____ information _____ the _____ of _____ renewable energy regulations and _____ energy _____?

_____ you tell _____ more about _____ green _____ and the _____ to _____ renewables?

Do you _____ where _____ find information about your _____ process _____ requirements?

I would like to _____ the _____ and _____ requirements _____ renewable energy sources.

_____ facts about _____ cert and renewables?

_____ need _____ more _____ regarding _____ method accredited _____ qualification _____ well as _____ engagements?

I _____ wondering _____ you _____ give me information _____ of _____ renewable energy _____.

_____ need to know how _____ the _____ energy _____ and source _____.

_____ I _____ more _____ approval method and _____ for sustainable _____?

Can _____ tell me more about _____ the _____ to source _____ energy?

I _____ to _____ about _____ you _____ energy _____ as how suppliers meet renewable generation _____.

_____ can _____ find _____ the _____ energy certification _____ and the _____ of _____ energy?

Tell me _____ green power certification _____ along with _____ rules _____.

_____ interested in _____ the _____ of certifying _____ power as well _____ the stipulations _____ renewable _____ sources.

Can I find out _____ your _____ approval _____ for sustainable _____.

How _____ find _____ more about _____ sustainable _____ and _____ criteria you _____ meet in order _____ renewable sources?

_____ a place where _____ information _____ to _____ green _____ products, as _____ as suppliers that meet _____ generation _____?

How _____ I _____ out _____ about your _____ criteria for _____ sources?

_____ you _____ me _____ the _____ energy _____ procedure and _____ for procuring renewable resources?

_____ can I find _____ eco-friendly _____ methods and criteria _____ resources?

What more do you need _____ a _____?

What are _____ of _____ a _____ certification _____ you?

_____ me _____ I can find extra data _____ renewable resources.

_____ can _____ find out more _____ must meet _____ get certified _____ energy?

_____ I can find _____ on _____ certify for renewable resources.
 Let me know where I can _____ detailed _____ green _____ the criteria needed _____ source _____.
 _____ would like _____ learn _____ your renewable energy _____ and green energy _____.
 Can you _____ me more about _____ certification _____ sources?
 _____ tell me _____ of your green energy _____ renewable energy _____?
 _____ like _____ about your green _____ certification _____ and _____ rules for _____ materials.
 _____ I find the _____ of _____ certification process _____ what it takes to _____ renewable _____?
 _____ provide _____ additional _____ about your _____ energy _____ and _____ for procuring renewable resources?
 Where can I _____ your _____ for certifying green energy and _____ with _____ renewable _____?
 _____ to _____ more _____ the process _____ certifying eco-friendly _____ and the _____ for obtaining _____ sources.
 _____ have more information _____ the _____ criteria?
 How _____ information _____ your certifications for _____ energy _____ the criteria _____ must meet _____ order to _____ sustainable?
 _____ know more _____ your _____ criteria and _____ process?
 _____ tell us _____ about your _____ process _____ green _____?
 _____ there _____ place _____ can find _____ of _____ on how you _____ products and suppliers?
 Where _____ find _____ more _____ your methodology _____ green energy as _____ as how _____ acquire _____?
 _____ can _____ find _____ methodology _____ green energy _____ the prerequisites associated with acquiring renewable sources?
 _____ I find out more _____ for sustainable resources?
 _____ interested _____ more about your _____ regulations _____ green _____ certification.
 Please _____ me _____ about your _____ certification and _____ requirements.
 _____ provide _____ the requirements for green energy _____?
 How _____ giving _____ more information _____ green _____ certification system and _____ for _____?
 _____ you _____ more _____ your green _____ certification _____ requirements for _____ of renewable _____?
 _____ is _____ for further insight _____ the _____ accredited with _____ renewable _____ engagements.
 I _____ in-depth _____ regarding your _____ resource demands.
 _____ should _____ find _____ guide _____ securing a _____ source of clean _____?
 Can you _____ me _____ information on green _____ and _____ other _____ I _____ to _____ for _____ electricity _____?
 _____ it possible to _____ about _____ to certify green energy _____ as _____ renewable generation qualifications?
 _____ anything else _____ tell me _____ green _____ certification process or requirements _____ sustainable _____ supplies?
 I need _____ out _____ eco-certification procedure and _____ resource _____.
 I want to know more about _____ of your green _____.
 _____ you tell me _____ about your _____ of certifying _____ power _____ the _____ for _____ energy _____?
 _____ interested _____ the green _____ process and _____ I can source _____.
 _____ give me _____ information _____ process of certifying _____ power _____ well _____ stipulations _____ obtaining _____ energy sources?
 _____ find information on the _____ process and renewable _____?
 _____ do I _____ about your _____ certification process and _____?
 _____ can I _____ most up-to-date _____ on _____ for certifying green energy _____ acquiring _____?
 I _____ interested in _____ your _____ certification procedure along _____ specifications for procuring _____.
 I need to _____ green _____ certification prerequisites and renewable _____.
 _____ about your _____ energy certification _____ sources of renewable energy?
 Let me know _____ extra _____ certifying for renewable _____.
 I'm looking for _____ how you certify _____ used.
 _____ do I get more information _____ certification?
 I need _____ your _____ certification _____ and how _____ renewable energy.
 I want _____ know _____ about _____ process _____ how to source renewable _____.
 Can you _____ me _____ regarding the process _____ certifying eco-friendly power, _____ well _____ renewable sources?
 Tell _____ you find _____ about _____ certify for _____ resources.

How ____ I find out more ____ your ____ for ____ energy and ____ criteria ____ must meet ____ ____ ____ ____ source?

Is ____ a place ____ I ____ get a ____ ____ about how you certify ____ energy ____ ____ ?

Where can we ____ out ____ ____ cert and ____ ____ ?

Is there ____ ____ your ____ ____ and renewable ____ requirements?

Where ____ I ____ the information about your ____ ____ ____ what it takes to ____ ____ energy?

____ can I find out more about ____ ____ ____ process and ____ it ____ to ____ ____ ?

What do I ____ ____ about your ____ ____ energy ____ the criteria you ____ meet ____ ____ to source ____ energy?

Can ____ ____ about your ____ process ____ ____ energy and requirements associated with ____ ____ ?

Where ____ ____ ____ out about your certification ____ for ____ energy ____ ____ ____ renewable energy?

Where ____ I ____ ____ ____ to find a ____ source ____ clean energy?

Where can ____ find ____ about the methodology ____ ____ ____ and ____ requirements for ____ ____ sources?

____ ____ ____ more ____ your eco-friendly approval methods ____ criteria for ____ resources?

____ ____ to know ____ about your certifications ____ sustainable ____ ____ the ____ ____ must meet ____ order to ____ renewable ____.

I ____ looking for ____ on the specifics ____ ____ renewable energy ____ and ____ ____ ____.

____ the ____ on ____ crazy criteria ____ finding renewable ____ ____ ?

____ you tell me ____ your ____ certification process and ____ ____ ____ energy?

____ want to find an ____ guide ____ securing a ____ ____ ____ clean ____.

Can ____ ____ me ____ ____ your green energy certification process ____ ____ to ____ ____ ?

____ ____ I ____ more details ____ ____ ____ for ____ energy ____ ____ ____ you must meet in order to ____ renewable resources?

How ____ I find ____ ____ your ____ certification ____ ____ renewable source ____ ?

Give ____ ____ ____ about ____ you certify ____ renewable resources.

I ____ ____ learn ____ ____ eco-cert procedure ____ renewable ____ rules.

Where can ____ find out ____ about ____ ____ ____ green energy ____ requirements associated with ____ ____ ?

Where ____ I ____ an ____ guide to finding a certified ____ ____ ____ ?

____ you tell ____ ____ ____ get the green ____ ____ and ____ more ____ sources?

____ ____ more information about green ____ cert ____ ____ reqs?

____ you ____ us ____ about your ____ energy certifications ____ ____ for ____ renewables?

Where ____ we find ____ ____ ____ + renewables?

____ it possible to provide ____ ____ information ____ your green ____ certification ____ ____ ____ source of renewable ____ ?

____ can ____ find ____ on ____ ____ requirements?

I ____ like to know ____ about ____ ____ certify ____ ____ products and ____ that ____ ____ generation qualifications.

____ ____ ____ the ____ ____ certifying ____ ____ as well ____ the requirements for obtaining renewable energy sources.

Where ____ ____ find information ____ ____ methodology ____ ____ green energy, as well ____ ____ ____ for acquiring ____ sources?

____ ____ ____ finding more ____ about ____ ____ certify for renewable resources.

____ ____ ____ me ____ ____ ____ get a green ____ badge and ____ more renewable sources?

____ ____ ____ me more ____ the ____ for obtaining renewable ____ ____ as well ____ the process ____ certifying ____ power?

____ can ____ ____ the information about ____ energy ____ and ____ to source ____ ____ ?

Where can I ____ ____ on ____ ____ + renewable ____ ?

Any leads ____ ____ ____ award green certifications ____ ____ ?

Could you tell me more about the process of ____ ____ ____ ____ as ____ ____ ____ ____ energy sources?

____ more ____ I ____ ____ ____ green ____ certification process ____ how to source ____ energy?

____ ____ ____ ____ more about obtaining a green certification?

How can I _____ about your _____ renewable _____?

_____ to know more _____ the process of certifying _____ power, _____ as _____ stipulations for _____ renewable _____.

Do you _____ more information on your _____?

Is there _____ way to _____ your eco-friendly approval _____ and _____ resources?

How _____ I _____ about _____ must _____ order to source sustainable energy?

Where can green _____ renewables _____?

_____ you tell _____ about _____ green energy _____ process _____ source _____ renewable _____?

Can _____ let me _____ your green _____ cert process and what _____ get _____ renewable _____?

Where can _____ find _____ the _____ energy certification process _____ to _____ renewable _____?

_____ in _____ on your energy _____ process _____ source requirements.

_____ need _____ know more about _____ plus _____ rules for renewable materials.

_____ looking _____ on your energy certification _____ and _____.

I need _____ your _____ certification _____ and _____ source _____.

_____ need _____ about _____ accredited with _____ as well _____ the renewable resourcing _____?

Can you _____ more _____ about your green energy _____ specifications for procuring _____ resources _____?

I need to know more _____ procedure and how _____ resources.

Tell _____ find more information on how you certify _____.

_____ further information about your green energy certification procedure as _____ procuring renewable _____?

_____ find in-depth information _____ the certification _____ for _____ energy?

_____ me _____ I can find _____ information about _____ green energy _____ process and _____ you _____ to _____ renewable _____.

Tell _____ you find _____ data when _____ resources.

_____ can _____ get more _____ about _____ sustainable energy _____ the _____ must meet to _____ renewable energy?

Can _____ tell _____ more about the process _____ certifying _____ as the conditions _____ obtaining _____ sources?

I want _____ where I _____ information on _____ source _____.

_____ can _____ find more _____ about your methodology _____ certifying _____ well as _____ requirements _____ obtaining renewable _____?

Is _____ about green _____ and renewable reqs?

_____ details on green energy _____ renewables criteria _____.

How _____ I get more details about _____ sustainable energy and _____ need to meet _____?

_____ was wondering if _____ could _____ more _____ process of certifying eco-friendly _____ and _____ for _____ energy sources.

How can _____ more _____ your certifications _____ and the criteria _____ need _____ meet _____ order to _____ renewable _____?

_____ to know _____ the green energy certification process _____ requirements for _____.

_____ give _____ some _____ how _____ get a _____ energy cert?

_____ to _____ the green _____ cert _____ and _____ it takes _____ get some renewable _____.

_____ there any _____ on _____ awarding green certifications _____ sources?

_____ more on your eco-friendly method of _____ sustainable _____?

Where can _____ information on _____?

_____ me _____ about the green energy _____ with the _____ for _____ renewable resources?

I _____ about the green energy certification _____ for renewable sources.

_____ can you get _____?

Please give me _____ data _____ procedure _____ renewable _____ requirements.

Can _____ more information about _____ process _____ certifying _____ as well as the requirements _____ obtaining _____?

Where can I find _____ for _____ green energy and _____ renewable _____?

I _____ to _____ your green energy _____ process and _____ requirements for _____.

Tell _____ your green power _____ system and how _____ materials.

_____ details _____ your _____ for sustainable _____ and the criteria _____ need _____ meet in _____ to source _____.

_____ can I _____ out _____ about your methodology _____ certifying green _____ as well as _____ prerequisites _____?

Can _____ me how _____ get _____ green energy badges _____ source _____ renewable _____?

I need _____ green energy _____ process and _____ to source _____.

_____ like to _____ more _____ the process of certifying _____ sources.

_____ need _____ out _____ your _____ procedure and renewable _____ needs.

_____ knowing more _____ the _____ certifying eco-friendly power, as well _____ the _____ obtaining _____ energy sources.

I want to learn _____ about _____ green _____ certification process _____ source _____.

Where _____ find _____ details on _____ and renewable _____?

I'd _____ know more about _____ green _____ certification process _____ the _____ renewable _____.

_____ you _____ give _____ more information _____ your _____ procedure and the specifications _____ renewable resources?

How can _____ get more information _____ certifications _____ energy and the criteria _____ must _____ in _____ energy?

Can _____ me _____ your process _____ certifying _____ as well as the _____ obtaining renewable energy _____?

_____ can I _____ the information about your green _____ and _____ renewable _____?

Can _____ know _____ can find information on your _____ requirements?

_____ I learn _____ about _____ certification process _____ energy _____ related _____ renewable energy?

I want to know where _____ source requirements.

_____ I _____ on _____ certification process and renewable requirements?

Where can _____ find _____ on green cert _____?

_____ I get more _____ about your _____ and the criteria _____ to meet _____ order _____ source renewable _____?

Are you _____ tell _____ more _____ green certification _____ source criteria?

_____ I find _____ information _____ your eco-friendly approval _____ sustainable resources?

_____ I find _____ on the _____ for _____ energy and _____ for _____ energy?

_____ can you find details _____ and _____?

_____ can _____ more _____ on your certifications _____ energy _____ the _____ you must meet _____ source _____ energy?

I _____ to know _____ about your process _____ certifying eco-friendly power _____ the stipulations _____.

_____ you tell _____ about the _____ to source renewable energy and _____?

_____ be _____ to provide more information _____ green _____ certification process and _____ requirements _____ energy _____?

I want ____ know ____ your green ____ how to source renewable ____.

____ tell me ____ you ____ on how to certify ____ resources.

____ you ____ me more about ____ accredited with qualification as ____ renewable ____?

I need ____ know ____ your ____ certification ____ with the specifications for procuring ____.

Is ____ place where I ____ find more information ____ you ____ energy ____ well as ____ that meet ____ qualifications

____ need in-depth ____ your ____ procedure ____ renewable ____ demand.

Is ____ information ____ your ____ certification ____ and renewable source requirements?

____ you need ____ more ____ accredited with qualification as ____ the renewable resourcing ____?

How ____ find ____ green certification for renewables?

Where's ____ your ____ to source renewable energy?

____ giving ____ details ____ your ____ power certification system and ____ materials?

____ you ____ information ____ the green energy certification ____ as well ____ the ____ for procuring ____?

____ give me ____ information ____ requirements for green energy ____?

____ where ____ find ____ on how ____ certify for renewable ____.

Where can ____ find ____ green cert ____ renewable ____?

____ you ____ about the green ____ process, and ____ takes to get ____ power?

Please give ____ data ____ eco-certification ____ renewable resource requirements.

____ tell us ____ your ____ certification process and renewable ____?

____ to ____ more about the ____ renewable source requirements.

I'm interested in ____ about ____ green ____ certification process and ____ source ____.

Where can I ____ details ____?

____ me know where I ____ more ____ about the ____ process and ____ needed ____ source renewables.

____ you give ____ further ____ your green energy certification ____ and requirements ____?

____ more info ____ your ____ energy certification ____ or ____ for sustainable ____ supplies?

Where can I find ____ more ____ green energy?

____ I ____ information on your ____ energy as ____ as the prerequisites associated with acquiring ____?

____ information on ____ green energy ____ process ____ requirements for ____ supplies?

____ find ____ about green ____ and renewable stuff?

I ____ learn more about your ____ green ____ as well as ____ with obtaining ____ sources.

____ find ____ about ____ associated ____ green energy and ____ certification process ____ it?

____ give ____ information about ____ green energy ____ with ____ specifications for procuring renewable ____?

How ____ I ____ about your ____ renewable sources?

____ me ____ where I ____ find more ____ on the green energy certification ____ the ____ needed ____ renewable ____.

____ want ____ more about ____ for certifying ____ energy, as ____ as ____ associated with acquiring renewable ____.

____ a ____ I can find information on how you certify ____ energy ____ as ____ renewable ____ qualifications?

Tell me more ____ green power certification system as well ____.

____ about ____ me ____ about ____ green ____ certification system ____ renewable materials.

Can you ____ us more ____ renewable ____?

Let ____ where ____ can ____ information about ____ green ____ certification ____ and the criteria you ____ renewable energy.

____ me ____ obtain the green ____ badge and source more ____?

Where can ____ find more information ____ your methodology ____ as ____ the requirements ____ acquiring renewable ____?

I ____ know more about ____ green ____ certification system and the ____.

____ a ____ where I ____ get detailed information about how you certify ____ and ____ renewable generation ____?

Where can I find ____ your energy ____ renewable ____?

What ____ you ____ know about the method ____ qualification as ____ as ____ renewable ____?

____ can I ____ more ____ about the ____ approval ____ and criteria ____?

Where ____ I ____ detailed ____ on your certification process ____ green ____ with ____ energy?

How ____ obtain more information about ____ certifications ____ sustainable ____ criteria ____ meet?

____ let me ____ where I can ____ details ____ green energy ____ process ____ criteria you ____ source ____ energy.

Can ____ tell ____ about the ____ accredited with ____ well ____ the ____?

____ a ____ for further insight into ____ the ____ with ____ the renewable resourcing ____?

____ you ____ me how ____ a ____ energy ____ and ____ more ____ energy?

____ need ____ know ____ about your ____ certification ____ specifications for procuring ____ resources.

Where can we find ____ cert ____ renewables?

Let ____ where ____ information about ____ green energy certification process ____ the criteria you ____ to ____.

I ____ know ____ of certifying ____ power, as ____ as the stipulations for ____ renewable ____ sources.

Where ____ find out ____ green ____ and renewables?

I ____ to ____ about your ____ energy certification ____ and ____ I ____ get ____.

____ like to know ____ the process of ____ power, ____ well as ____ for ____ renewable ____ sources.

I ____ like to find out ____ for certifying ____ energy as well as ____ obtaining ____.

Tell me ____ you ____ about ____ you certify ____ resources.

____ I find more ____ on green ____ renewables?

____ you ____ me ____ green energy ____ and the ____ for renewable power?

I ____ searching for ____ on ____ process and renewable ____.

Can ____ give ____ how to get ____ green ____ source more renewables?

____ you ____ me further information ____ your green energy ____ and ____ procuring renewable ____?

____ can ____ learn ____ green energy ____ requirements ____ renewable energy?

Where ____ I ____ information ____ certifying green ____ well as ____ requirements associated with acquiring ____ sources?

How can ____ find ____ about ____ for renewables?

____ find an ____ guide ____ secure a certified source of ____?

____ you ____ details ____ your green ____ certification ____ and specifications for ____ renewable ____ other sources?

____ give ____ some ____ about the ____ of getting ____ green energy ____?

____ on your crazy ____ source of renewable ____?

____ know where I can ____ detailed ____ about your green energy certification ____ criteria you ____ renewables.

Do you have any ____ renewable ____ criteria?

I ____ more ____ your green ____ certification ____ and source ____ renewables.

Where can ____ get ____ energy certification ____ and renewable ____?

____ you know more about ____ criteria ____ process?

There should ____ credentials and renewables criteria.

____ let me know ____ to ____ green ____ badge and ____ more ____?

Let ____ can find details about ____ green energy ____ and ____ you ____ to source renewable ____

____ would ____ to ____ about ____ energy ____ and renewable source details.

____ me about ____ find extra data on ____ for ____ resources.

Let ____ know ____ I can find more ____ about your ____ and the criteria ____ to source ____.

____ know ____ about your ____ approval ____ and criteria for sustainable ____.

____ me know where ____ can ____ information about the ____ certification process and ____ for ____ energy ____.

I'd like to ____ green ____ badge and ____ more ____ energy.

Can ____ us more information ____ green ____ certification ____ source requirements?

How can I get more info ____ certifications ____ and the criteria ____ meet to ____?

____ it possible to give ____ information about ____ obtaining solar power ____?

Can ____ find ____ about ____ and criteria for sustainable resources?

Where ____ I find information on ____ and renewable ____?

____ want to learn more ____ securing a ____ source ____.

Can you ____ more about ____ green energy certification ____ source ____?

How can I _____ more _____ for renewable _____?

_____ there _____ place where _____ find information _____ to certify green _____ suppliers for renewable _____?

_____ me anything _____ the green _____ cert process and what it _____ some _____ power?

I need to _____ more _____ the _____ certification process and _____ requirements _____.

I would like _____ know more _____ energy certification process _____ renewable energy.

Where _____ I _____ green energy and requirements _____ energy?

There's more _____ about _____ credentials, renewables _____.

_____ more do you _____ to know _____ a _____?

Can _____ tell _____ more about _____ certification process _____ the _____ for renewable _____?

_____ tell me more _____ the _____ energy _____ process and _____ requirements for _____ of _____?

Where _____ find _____ about your eco-friendly approval _____ for _____ resources?

Can you tell me _____ about _____ green _____ certification _____ and _____ renewables?

_____ do I _____ on obtaining a green _____?

I _____ like _____ learn more _____ how _____ green energy products, as _____ as _____ that _____ generation _____.

Tell me about the green _____ certification _____ the _____?

_____ interested _____ learning more about your _____ certification _____ and the _____ for _____ resources.

_____ to know _____ your _____ energy _____ and renewable source requirements.

_____ can I find _____ more _____ for _____ energy and _____ criteria _____ you _____ meet to _____ renewable energy?

_____ would _____ to hear _____ about your green _____ the rules _____ materials.

Where _____ the _____ green energy _____ what it _____ to source _____ energy?

_____ there a _____ I can find _____ you _____ green _____ products and suppliers _____ renewable generation _____?

_____ looking for _____ on _____ energy _____ and _____ source requirements.

I need _____ about green _____ certification _____ how I can _____.

Would _____ be able _____ more _____ your green energy certification _____ and requirements _____?

_____ need to know _____ the green _____ source _____ renewable energy.

Can you _____ more _____ the _____ energy _____ process and the _____ for _____?

_____ there _____ where _____ can learn _____ how _____ certify green energy _____ and _____ meet renewable _____ qualifications?

_____ about _____ green _____ process or requirements _____ sustainable power _____?

I _____ to _____ more _____ your _____ procedure _____ renewable resource requirements.

_____ have more details on _____ criteria for _____?

Whereabouts can _____ find _____ on the _____ for green energy _____ for _____?

_____ know _____ accredited with qualification as well _____ the _____ resourcing engagements?

_____ like _____ how _____ get the green _____ source more renewables.

Can _____ details _____ the _____ power _____ and sources?

_____ tell me more about _____ energy _____ I can source _____?

I _____ more _____ process of certifying _____ power, as well _____ obtaining renewable energy sources.

How _____ get green energy certification _____ get renewable _____?

_____ more information on _____ procurement _____?

_____ tell me something about _____ cert _____ and what it _____ to _____ renewable power?

_____ know _____ can find information on your _____ requirements?

_____ need more data _____ how _____ certify _____ being used.

_____ about your green energy certification _____ and _____ to _____?

Is there a _____ where _____ can _____ to _____ green energy _____ and suppliers?

_____ there more information _____ the process of certifying _____ as _____ obtaining _____ energy sources?

I _____ like to know _____ your _____ for _____ energy and the _____ you _____ meet _____ source _____.

I need _____ information _____ your _____ resource demands.

_____ you give _____ more information about _____ energy _____ energy sources?

How _____ find _____ about obtaining _____ green certification?

_____ to know _____ both the _____ with _____ well as the _____ engagements?

Is there a _____ where _____ find _____ on _____ green _____ products, as _____ as _____ who meet _____ qualifications?

I'm _____ in learning more _____ your green _____ certification procedure _____ specifications _____.

_____ have _____ on _____ green energy _____ of renewable energy?

_____ me know _____ on _____ green energy certification _____ and the criteria _____ to source renewables.

Is _____ possible to get additional information _____ your _____ energy _____ along _____ renewable resources?

_____ you tell _____ energy cert process _____ what I need to _____ some _____ power?

_____ want _____ find out _____ how you _____ renewable _____ being used.

I need _____ information _____ of _____ eco-friendly _____ well as the _____ for _____ renewable energy _____.

I would _____ to _____ more _____ the _____ of certifying eco-friendly _____ stipulations _____ renewable _____ sources.

Can you _____ about the green _____ and what _____ takes _____ get me _____ power?

_____ interested in _____ more _____ energy certification _____ how _____ source _____ energy.

_____ want to know more _____ energy certification process _____ requirements _____ power _____.

Can _____ give _____ more _____ energy certification _____ as well as _____ for procuring renewable _____?

_____ about telling _____ power _____ and the _____ for renewable _____?

How can _____ find out more _____ your certification _____ requirements _____ renewable energy?

_____ can I _____ information _____ the _____ process for _____ energy _____ renewable energy?

Where can _____ a guide to _____ clean energy _____?

_____ need _____ on _____ method accredited with qualification as _____ as _____ engagements?

Can you _____ me more _____ energy _____ procedure _____ how to _____ renewable _____?

I _____ wondering _____ was _____ where _____ find information _____ how you certify _____ products, _____ as suppliers _____ meet renewable

I'm curious _____ the _____ of certifying _____ power, _____ requirements _____ obtaining _____ energy sources.

_____ me further information _____ the _____ certification procedure _____ to _____ renewable resources?

There is _____ need _____ further insight _____ method accredited _____ and _____ engagement.

_____ know where I can _____ information _____ energy certification _____ the _____ use to _____ renewable sources.

_____ do I learn more _____ certification _____ energy?

Where _____ I find information _____ energy certification _____ to _____ renewable energy?

_____ tell _____ more _____ your green energy certifications _____ renewable _____?

_____ I find _____ about _____ green energy and requirements associated _____ renewable _____?

_____ you _____ me _____ about _____ green energy certification _____ and _____ sustainable _____ supplies?

_____ to _____ more _____ certify green _____ products, as well _____ that meet _____ generation qualifications.

Let me _____ where _____ can _____ about _____ green energy certification _____ and the criteria _____ source _____.

_____ am _____ in _____ more _____ your _____ energy _____ procedure and _____ procure _____ resources.

Is there _____ place where I _____ find information _____ how _____ energy _____ and suppliers _____ generation _____?

_____ can I _____ a _____ guide to _____ source _____ clean energy?

_____ out more about _____ certification process for green energy _____ energy.

Where _____ I find _____ of green _____ and _____?

Where _____ I find _____ on _____ methodology _____ certifying _____ and _____ requirements for obtaining _____?

Where _____ find details _____ green _____ and _____?

_____ more _____ green _____ certification process _____ how to get renewable _____.

_____ want to _____ out more about _____ eco-certification _____ and _____.

I _____ like _____ information _____ your eco-certification procedure and renewable _____.

_____ possible _____ more information about your green _____ and requirements for _____?

Is _____ more info _____ green energy _____ source requirements?

Can I _____ information about _____ eco-friendly approval method _____?

_____ where I can find _____ information on your _____ energy _____ process and _____ use to source _____.

Where _____ on green cert and _____ energy?

_____ to know _____ get a _____ energy _____ and _____ more renewable _____.

I _____ trying _____ find _____ eco-friendly approval method _____ criteria _____ sustainable resources.

I _____ know how _____ green _____ and source more renewable _____.

Can you _____ me _____ to get the green _____ renewables?

Where _____ information _____ the _____ process for _____ and requirements for _____ energy?

_____ that _____ into your _____ energy certification _____ standards _____ obtaining renewable energy

_____ about _____ power certification _____ rules for renewable materials?

_____ you tell me more about the process _____ certifying eco-friendly power _____ requirements _____?

_____ find details on green cert _____?

_____ for information about how you certify green _____ products _____ generation _____.

Can I get _____ information _____?

Where _____ get an expanded _____ to _____ a certified _____ of _____?

Where _____ I _____ specifics on green _____ renewables?

How _____ I _____ out _____ for sustainable energy _____ the _____ have _____ meet to _____ renewable energy?

Information _____ energy _____ criteria is needed.

Where _____ I find _____ detailed _____ on _____ process _____ green _____?

_____ I find out more about _____ energy _____ you must _____ if I _____ to source _____ energy?

_____ know more about the _____ of _____ renewable _____ requirements _____ green energy _____.

Can _____ let _____ about _____ green energy cert process and what _____ takes to _____?

_____ you _____ me _____ about _____ green _____ certification _____ and how to _____ resources?

Please _____ know where I _____ find details _____ your _____ certification _____ the _____ use to _____ renewable energy.

Is _____ your renewable _____ requirements?

_____ me _____ on green energy certification and how to _____ renewable _____?

Where can we _____ information on _____ and _____?

I _____ to know _____ about _____ procedure and _____.

I _____ to _____ green energy cert process and _____ takes to get _____ power.

How _____ get more information about _____ certifications _____ sustainable _____ and _____ criteria _____ looking _____ source renewable energy?

_____ give me information about your green _____ procedure _____ for _____ resources?

Let me know _____ can _____ details about your green _____ certification process _____ the criteria _____.

_____ me how you find new data _____ certify _____.

_____ me know _____ power certification system _____ the rules for renewable _____?

Can I find _____ information _____ eco-friendly _____ for _____ resources?

_____ process _____ awarding green certifications for renewable _____?

_____ looking for _____ your _____ and criteria _____ sustainable resources.

_____ know more _____ your methodology for _____ green energy _____ the _____ renewable sources.

Tell me _____ find extra _____ how _____ certify _____ renewable _____.

_____ possible to _____ more specific _____ about your _____ energy certification _____ the requirements _____ renewable _____?

I would _____ know _____ your methodology for certifying green _____ well _____ the _____ obtaining renewable _____.

Where can _____ out _____ about _____ and the certification process _____ it?

Where can _____ an expanded guide _____ obtaining _____ certified _____ energy?

_____ would _____ to _____ more about _____ for sustainable energy _____ the _____ you need _____ to _____ energy.

_____ find out more _____ the _____ certifying _____ as well as _____ prerequisites associated with acquiring _____?

_____ you _____ me about _____ green energy cert process _____ I _____ to _____ get some _____?

Can _____ tell me more _____ green energy certification _____ the _____ for procuring _____?

I want to _____ more _____ the _____ of _____ source _____ and _____ energy _____.

_____ it possible _____ specific information _____ energy _____ process and requirements for sources _____ renewable _____?

Can you _____ green energy certifications _____ requirements?

I _____ out _____ procedure and renewable resource demand.

Is _____ your _____ process _____ requirements for sustainable power supplies?

How about _____ the green power _____ system _____ rules _____ renewable materials?

_____ find _____ your methodology for certifying _____ energy as well _____ the prerequisites _____ with acquiring _____?

I _____ know more _____ certification process and _____ for renewable _____.

_____ am _____ an _____ guide _____ secure a _____ source _____ clean energy.

_____ energy certification process _____ requirements _____ sustainable _____?

_____ on the _____ energy _____ process _____ requirements _____ source _____ be provided.

I _____ to _____ about your certifications for sustainable _____ and the _____ to source renewable _____.

I want to know more about _____ power _____ system, _____.

I need to know _____ about _____ and renewable _____.

Please tell _____ about the _____ with _____ as well _____ resourcing _____.

_____ information about your green _____ and specifications _____ resources can _____ by other sources.

Are there _____ the process of _____ green _____ renewable _____?

_____ can I find _____ regarding your _____ for _____ well as _____ prerequisites _____ acquiring renewable sources?

_____ need of further _____ accredited with qualification and _____ resourcing engagements?

_____ out _____ about your eco-friendly _____ criteria for sustainable resources?

_____ you give me more _____ renewable _____ regulations and _____ energy _____?

_____ I find out _____ about _____ energy and requirements _____ renewable sources?

Can _____ more information on the _____ energy _____ procedure and the _____ resources?

Where _____ I _____ out _____ about _____ for _____ green energy _____ process _____ acquiring renewable sources?

_____ able to _____ me more _____ your green _____ certification process and the _____ energy?

_____ would _____ know _____ about _____ process of certifying _____ as _____ as the guidelines _____ renewable energy _____.

_____ can I find _____ details of your _____ energy _____ process _____ it _____ to _____?

_____ like _____ know more about the _____ your _____ energy _____ green _____ certifications.

_____ you _____ me more information _____ your _____ energy _____ procedure _____ well _____ the specifications for _____?

How do I get _____ and _____ renewable energy?

Tell _____ how _____ find _____ on _____ you _____ renewable resources.

I'd _____ to learn _____ about _____ of _____ eco-friendly _____ as the _____ for _____ renewable energy sources.

How can I obtain more _____ about _____ certifications _____ sustainable _____ the _____ must meet _____ sources?

I am _____ learning more about the _____ of _____ regulations _____ certification.

_____ me _____ info on how _____ source _____ energy?

How about _____ me _____ the green power certification _____ rules _____?

_____ you show me _____ get the green _____ and _____ renewable _____?

Where _____ find _____ on the energy certification _____ source _____?

Is _____ information on green _____ and renewable _____?

Let _____ where _____ can find _____ information about your _____ energy certification _____ use to _____ renewables.

Can _____ me how _____ get _____ energy _____ and _____ more _____ energy?

_____ would _____ to know _____ about your green _____ rules for _____ materials.

Is _____ necessary _____ further understand _____ well as the renewable _____ engagements?

_____ me how you find extra _____ on _____ resources.

I want to _____ more about _____ of _____ power, as _____ as the stipulations _____ obtaining _____.

_____ it possible to get additional _____ about your _____ certification procedure _____ for _____ resources _____ sources?

Please let _____ where I _____ about your green _____ certification process _____ the criteria _____ renewable sources.

Where _____ info on _____ and renewable stuff?

Detailed information about your green energy _____ specifications _____ renewable _____ be provided _____ additional _____.

Want _____ know more _____ your green _____ certification and _____?

Do _____ more about _____ eco-certification _____ renewable _____ criteria?

I _____ to _____ more about the _____ certifying eco-friendly _____ the stipulations _____ energy sources.

_____ more _____ your methodology for certifying green energy as _____ the _____ for acquiring _____ sources.
 _____ info about _____ process and _____ requirements for renewable energy.
 Where can I _____ for _____ energy _____ well as _____ requirements for _____ renewable sources?
 _____ you give me more information about _____ certification and _____?
 _____ on _____ green energy certified and _____ energy _____ be provided.
 Is there _____ place where _____ can find _____ how _____ certify green energy _____?
 _____ it possible _____ about _____ green energy certification process _____ to source _____?
 I need _____ about _____ green energy cert _____ and what it _____ renewable _____.
 Where can I _____ green _____ and renewable _____?
 _____ I find _____ details _____ green _____ and renewables?
 _____ more _____ regarding _____ green energy certification _____ renewable source _____?
 _____ need more information on _____ and how to _____ sources.
 Where _____ I _____ getting a _____ clean energy source?
 In _____ of _____ insight into _____ qualification as _____ as the _____ engagements?
 I _____ to find _____ about your _____ approval _____ for _____ resources.
 What _____ process _____ procurement criteria?
 _____ to _____ where I can find _____ on _____ renewable _____ requirements.
 How _____ telling me about _____ certification system and rules _____?
 Can _____ on _____ to source renewable energy?
 Where can I find _____ on _____ for green _____ related _____ energy?
 _____ can I find out _____ methodology _____ green energy and _____ associated with _____ renewable _____?
 _____ tell _____ Green _____ Certification and obtaining _____ power sources sustainable?
 Can _____ me further information about _____ of certifying _____ and _____ for obtaining renewable _____?
 _____ tell more _____ your _____ energy certification _____ and _____ source _____?
 Can _____ give me further _____ your green _____ certification procedure _____ with _____ renewable _____?
 I _____ looking _____ more _____ on how _____ for renewable _____.
 _____ about _____ requirements for green energy certification?
 Can you tell us _____ your _____ requirements for renewable _____ sources?
 _____ can I find _____ about green _____ and _____ to sourcerenewables?
 _____ know _____ about _____ certification and renewable source regulations.
 Can _____ please tell _____ get _____ green _____ and source more _____?
 _____ to learn _____ about your _____ for _____ green energy _____ well _____ the _____ associated with obtaining _____.
 _____ want _____ learn _____ program and renewables requirements.
 Can _____ tell us _____ green energy certification _____ and _____ to _____ renewable _____?
 Let _____ know where I can find detailed information _____ your green _____ the _____ to _____ renewable _____.
 _____ more to _____ about green _____ renewables criteria.
 _____ I _____ more _____ about _____ green _____ certification process _____ how to _____ renewables?
 How do I _____ more about _____ a _____ for _____?
 How _____ get _____ energy _____ and _____ I sourcerenewables?
 I need to know _____ eco-certification _____ requirements.
 _____ could _____ me _____ of certifying eco-friendly _____ as well _____ the _____ for obtaining renewable energy _____.
 _____ want to learn more about your _____ for _____ as _____ the requirements _____ obtaining renewable _____.
 Where _____ learn _____ about the certification process _____ energy _____ requirements _____ energy?
 Can _____ give me _____ information _____ green _____ requirements?
 How _____ your _____ process and renewable _____?
 Would _____ to _____ more _____ about the green energy _____ process _____ the requirements _____ renewable _____?
 Can _____ details about _____ green _____ procedure and _____ for procuring renewable _____?
 Where _____ I find _____ about _____ for certifying _____ energy _____ the _____ with _____ renewable sources?
 In _____ more _____ about the _____ accredited _____ as well _____ resourcing engagements?
 I need _____ where I _____ about _____ energy certification process _____ source _____.

_____ would like _____ know _____ about _____ process of _____ eco-friendly _____ as well _____ the requirements _____ _____ renewable _____.

_____ you _____ me about _____ green energy _____ process and requirements _____.

I'm interested _____ more about _____ certification _____ how you procure renewable _____.

_____ info about _____ green power _____ system, plus _____ renewable _____?

Tell _____ your _____ power certification system, as _____ as _____ for _____ materials.

Is _____ find information _____ how you certify green energy _____ well as _____ renewable generation qualifications?

_____ your green _____ certification system, plus _____ for _____?

I want _____ know more about how _____ green _____ suppliers _____ meet renewable _____ qualifications.

_____ me know where I can find _____ information _____ certification process _____ need _____ source renewable sources.

Is _____ a need for further insight _____ the _____ accredited with _____?

_____ you give me more information _____ the process _____ power, as _____ for obtaining _____ energy _____?

_____ any _____ on green energy certification _____ the _____ I _____ to do _____ renewing electricity _____?

_____ I _____ information _____ green _____ certifications and requirements?

I _____ to know _____ get _____ on your energy certification _____ source _____.

I need additional _____ about your green _____ process _____ for _____.

I _____ in learning _____ your _____ certification process _____ renewable _____ requirements.

_____ can I find further _____ on your _____ and criteria _____?

_____ some information _____ takes to get some renewable power?

Can you _____ your renewable _____ requirements?

_____ you _____ me more _____ energy _____ renewable source requirements?

How can I _____ out more about _____ and _____?

How _____ telling _____ more _____ green _____ certification system _____ the rules for _____?

_____ you _____ me _____ the _____ certification process _____ renewable _____ requirements?

How can I _____ more about _____ certifications _____ energy and _____ must _____ when seeking _____ source renewable _____?

Where can _____ information _____ for certifying green energy _____ well as the _____ associated _____ obtaining _____?

_____ you _____ us _____ on your _____ source requirements?

_____ let me _____ to get the green _____ source _____ renewables?

_____ you give me _____ energy _____ process and what _____ takes to get _____ power?

_____ you tell me _____ your _____ energy _____ process and source _____?

Can _____ me about _____ accredited with qualification _____ as _____ renewable resourcing _____?

Is it possible _____ you _____ me more _____ about _____ green _____ certifications _____?

How can _____ get _____ certifications for sustainable _____ and _____ criteria one must _____ in _____ to source _____?

Can _____ details about your green _____ certification procedure _____ how to _____?

_____ you have any information _____ process _____ renewable source _____?

_____ me _____ I _____ find the details _____ your green _____ process _____ the _____ you need _____ source renewable _____.

Is _____ possible to _____ more information _____ your _____ certification procedure _____ specifications _____ procuring renewable _____?

Where can _____ learn more _____ the _____ certification process and _____ renewable _____?

Tell _____ about the green _____ system _____ rules _____ renewable _____.

_____ want to know more about your green _____ what _____ some renewable power.

_____ can _____ learn _____ about your _____ for _____ energy and the _____ must meet in _____ energy?

_____ me _____ can _____ more _____ your green energy _____ process and the criteria you _____ source renewable _____.

Can you _____ cert process _____ what it _____ to get some renewable power?

Is _____ possible to find _____ about _____ you certify _____ energy _____ as suppliers _____ renewable generation _____?

_____ would like _____ more _____ the requirements _____ green energy _____ sources of _____ energy.

Where can I find _____ your certification process _____ renewable energy?

Where can I find _____ green cert _____?

_____ can _____ information on _____ process for _____ and requirements associated _____ renewable _____?

I would like to _____ more _____ the process _____ and _____ for _____ energy sources.

_____ there a place _____ can get _____ information _____ how _____ green _____ and _____ that _____ renewable generation qualifications?

Where can I _____ more about your _____ energy _____ and _____ of _____?

_____ me how _____ on _____ you certify for _____ resources.

How _____ find out more about your _____ criteria for _____?

_____ you tell _____ about the _____ to _____ renewable _____?

Can you _____ on _____ to get a _____ energy Badge _____ renewables?

Is there _____ I can _____ on how to certify _____ energy _____ suppliers _____ generation?

Can _____ an _____ securing _____ certified source of clean _____?

_____ me _____ the green _____ system, _____ well as rules _____ materials.

_____ I get more _____ about your certifications _____ energy and the criteria _____ must _____ source _____?

Where can _____ find _____ on _____ energy _____ what _____ takes to source _____?

_____ need to _____ more _____ your eco-certification procedure _____ demands.

_____ to know _____ about _____ approval _____ and criteria _____ sustainable resources.

I need _____ more _____ on _____ certification and _____ renewable energy.

_____ find information _____ methodology for _____ green energy and the _____ for _____ renewable _____?

Where can _____ learn _____ about _____ energy certification _____ takes _____ renewable energy?

_____ can _____ find out _____ about the methodology _____ energy _____ as the requirements _____ renewable sources?

Can you tell _____ more _____ certification procedure and _____ for procuring renewable resources _____?

_____ you _____ me more _____ on the _____ of _____ energy _____?

Can _____ tell _____ specifics of _____ regulations _____ renewable energy?

_____ you _____ me additional information about _____ green energy _____ the specifications for _____ renewable _____?

_____ me _____ I _____ find _____ your green energy certification process and _____ criteria _____ source _____ energy.

_____ me _____ where I can find _____ about the _____ energy certification _____ criteria _____ renewable _____ sources.

I want to find _____ about _____ procedure and _____ resource _____.

I _____ information _____ the process of _____ as _____ as _____ requirements for obtaining renewable _____.

How about telling me about _____ power _____ renewable materials.

Tell me _____ you find _____ on _____ for renewable _____.

_____ would _____ about _____ specifics of your green _____ and _____ source regulations.

_____ there _____ where _____ find information about _____ certify green _____ products, _____ suppliers who _____ renewable generation qualifications?

_____ you tell _____ the _____ cert process and _____ for me to _____ renewable power?

I want _____ know _____ your _____ and _____ source rules.

_____ you let me _____ more about the _____ of _____ as well _____ the stipulations _____ renewable _____?

I _____ to know _____ about your _____ certification stuff and _____ for renewing _____ sources.

_____ need to locate _____ data _____ procedure _____ resource requirements.

_____ me _____ green power certification system and _____ materials rules?

I need _____ more _____ your _____ procedure and _____ sources.

I _____ to _____ more about how you _____ green energy _____ and _____ renewable _____ qualifications.

_____ how you find extra _____ certify for renewable _____.

_____ should _____ on green cert and _____?

_____ you _____ to me about _____ cert process _____ what _____ takes to get _____ power?

_____ I find more _____ eco-friendly method _____ for _____ resources?

_____ about _____ green power certification _____ and how to use _____ materials?

_____ I learn _____ your _____ energy _____ process and what it _____ renewables?

_____ can I _____ out more _____ the renewable _____?

Where _____ I _____ out more _____ your _____ certifying _____ well _____ the requirements for getting _____ sources?

_____ like _____ more _____ methodology for certifying _____ energy, _____ as the requirements _____ with obtaining

renewable ____.

____ can I get more information about your methodology for ____ green ____ with ____?

I want ____ more ____ your green energy ____ sources.

____ information ____ the green energy ____ process and how ____ can source ____.

I want to ____ products and ____ suppliers meet renewable ____ qualifications.

Where could ____ find ____ securing a ____ source of clean ____?

Can you tell ____ more about ____ green energy cert ____ I need ____ do ____ some ____?

____ there ____ to learn about your eco-friendly ____ method ____ resources?

Where can ____ details ____ your ____ process ____ green energy ____ with renewable ____?

____ how you find ____ data ____ how ____ certify for ____.

____ about telling me more ____ certification ____ and ____ renewable materials.

Your ____ of ____ power, as well ____ stipulations ____ obtaining renewable energy ____ further explained.

____ want ____ more about ____ of certifying eco-friendly power and the requirements ____ sources.

Where ____ I find more about ____ green ____ it ____ to source ____?

What ____ about ____ energy certification method and standards ____ energy?

____ need ____ about how you ____ for ____ resources ____ used.

____ like ____ know ____ your methodology ____ certifying green energy, ____ well ____ requirements associated ____ acquiring ____ sources.

Where can ____ more ____ about the green energy ____ how ____ renewable ____?

____ more information ____ your ____ energy and the ____ you must ____ get a source ____ renewable energy?

Let ____ where ____ can find detailed ____ your green ____ certification process and ____ you use ____ energy.

I ____ information about your green ____ certification procedure ____ the ____ for procuring ____.

I'm curious about ____ and ____ can source renewable ____.

What sources provide information ____ method ____ standards ____ renewable energy?

Can you give ____ about ____ green ____ procedure ____ for procuring renewable resources?

Is there ____ could ____ regarding green ____ certifications and ____?

____ can ____ find information ____ cert and ____ energy?

I ____ like to ____ how to ____ green energy ____ source ____ renewable ____.

How can ____ more detail ____ sustainable energy and ____ must meet to source ____ energy?

Is ____ where ____ can ____ detailed ____ how ____ green energy ____ as ____ suppliers that meet renewable generation qualifications

____ a place where I can ____ to ____ energy ____ well as ____ who meet renewable ____ qualifications?

How can I ____ your ____ for ____ energy and ____ criteria you ____ in order ____ renewable energy?

____ about ____ certification process for green energy ____ requirements associated ____ renewable ____?

I ____ to ____ energy cert process ____ what ____ takes to ____ power.

____ can I ____ about your certification ____ green ____ with renewable energy?

Where ____ I ____ out ____ about the ____ certification process ____ to source ____?

Is there more ____ about ____ energy certification ____ the requirements for ____?

Where ____ I find the ____ green ____ certification ____ and ____ source renewables?

____ do ____ know about ____ energy cert ____ what it ____ get ____ renewable power?

Where can ____ information ____ the ____ for ____ and requirements ____ of renewable energy?

Where ____ an expanded guide to ____ certified source ____ clean ____?

Get information on ____ green ____ the requirements ____ energy.

Can ____ tell ____ more about ____ Energy ____ solar ____ sources sustainable?

____ you give ____ energy certification ____ and specifications for procuring ____ resources?

____ can ____ find ____ on ____ cert + ____?

____ give ____ more ____ about ____ eco-friendly ____ method and ____ for ____ resources?

Is there a ____ where I ____ how ____ energy products, ____ suppliers who ____ generation qualifications?

____ I ____ information on the ____ process for green energy ____ renewables?
 ____ to know ____ about ____ process of certifying ____ well as ____ requirements ____ getting renewable ____
 sources.
 Is it ____ find ____ information on ____ eco-friendly approval ____ and ____ sustainable ____?
 ____ about telling me about green ____ rules for ____?
 Whereabouts can ____ out ____ about your ____ for ____ energy ____ requirements ____ sources?
 Where ____ I find details ____ renewables stuff?
 The ____ of certifying ____ well ____ the ____ obtaining renewable energy sources could be ____.
 ____ sources have ____ about your green ____ method ____ renewable energy?
 Can you give ____ information ____ green energy certification ____ renewable energy ____?
 ____ you give me ____ about ____ energy certification ____ as well ____ procuring renewable resources?
 ____ sources ____ standards for obtaining renewable ____?
 ____ need ____ on ____ green energy certification process ____ how I ____ source ____.
 ____ I ____ information ____ green energy ____ process ____ how to source ____ energy?
 ____ you ____ me ____ information ____ green energy certification ____ as specifications ____ procuring renewable
 resources?
 ____ can ____ tell me about ____ green ____ process ____ what it takes ____ get ____ renewable ____?
 ____ I can ____ the details of your green energy ____ the ____ needed ____ source renewables.
 Where can ____ more ____ green cert ____ renewables?
 What do ____ to know ____ your certifications for ____ and the criteria ____ renewable energy?
 Where ____ I ____ information about securing ____ source ____ clean ____?
 ____ I find ____ your green ____ process ____ how to source ____ energy?
 Can I find ____ your eco-friendly approval method and ____?
 How ____ find ____ more ____ green certification ____ renewable ____?
 ____ process ____ eco-friendly power, as well as ____ stipulations for obtaining renewable ____ explained
 ____ you.
 ____ get an ____ to securing a certified ____ energy ____?
 ____ give ____ more information ____ of your ____ energy regulations?
 ____ I ____ about ____ certifications for sustainable ____ and the ____ meet when looking to source
 renewable ____?
 I need ____ more about ____ and ____ resource source ____.
 ____ on how you certify ____ renewable resources.
 What should ____ know about the ____ energy ____ what ____ takes to get ____?
 ____ there ____ place where ____ get ____ how ____ certify ____ energy products and ____ meet renewable ____
 qualifications?
 Where ____ I get more information ____ your methodology ____ certifying ____ energy as ____ as ____ associated ____?
 Is there more to ____ certification process ____ source ____?
 Is there a ____ where ____ learn ____ about how you certify ____ suppliers ____ meet ____ qualifications?
 ____ to ____ more about ____ certification ____ how to source ____ energy.
 ____ there ____ know about your green certification ____ and ____?
 ____ to learn ____ about your eco-friendly ____ method and ____ getting ____.
 ____ tell me more about ____ the method ____ qualification ____ well as ____ resourcing ____?
 Can ____ give me further ____ about your ____ well as ____ specifications ____ procuring ____ resources?
 ____ about ____ me ____ green power ____ and rules ____ renewable materials?
 Where can I ____ more ____ green cert ____?
 Can you ____ on ____ get the green energy ____ and source ____?
 I ____ wondering if you could give me ____ and green ____ certification.
 ____ interested ____ the ____ of ____ power, as ____ the ____ obtaining renewable energy sources.
 I ____ to know ____ energy certification ____ the ____ requirements for renewables.
 ____ how to get ____ green ____ and source more renewables?
 I ____ you ____ point me to ____ the process of certifying ____ power and obtaining renewable _____.

____ can ____ find ____ methodology for ____ green ____ as well ____ requirements for ____ renewable sources?
 Where ____ find ____ on the green ____ certifications and ____?
 ____ can ____ find ____ about ____ green ____ certification process and ____ of renewable ____?
 ____ wanted to ____ the process of certifying ____ as ____ as the requirements ____ renewable ____ sources.
 I'd like to know ____ about the process of ____ and ____ obtaining ____ energy ____.
 ____ can I find ____ the green energy certification ____ and ____ to ____?
 ____ am ____ in ____ about ____ green ____ as the specifications for procuring renewable resources.
 ____ like to ____ the ____ green energy as well as ____ associated with acquiring ____ sources.
 ____ there more information on the green energy ____ process ____ power ____?
 ____ place where I can ____ more ____ green ____ as well as suppliers ____ meet ____ generation qualifications?
 ____ me know where I can find more information on your ____ and ____ use ____ renewable ____.
 Explain ____ find ____ data on how ____ for renewable ____.
 ____ to ____ how to ____ the ____ energy badge ____ source more ____.
 Where can ____ regarding your eco-cert ____ renewable ____ rules?
 ____ give ____ information about ____ green ____ process and what ____ takes ____ get some ____ power?
 ____ would ____ to learn more ____ energy certification ____ it ____ to source ____.
 Does anyone ____ information on ____ certification ____ requirements ____ sustainable power supplies?
 I ____ more ____ your methodology ____ certifying ____ energy and the ____ associated ____ obtaining renewable ____.
 ____ can I find out ____ about your ____ sustainable energy ____ the ____ meet ____ order ____ renewable resources?
 I'd like to ____ more ____ the ____ your ____ certification.
 Where can ____ your ____ energy and ____ with renewable energy?
 ____ can I ____ your requirements ____ renewable sources?
 Can I ____ about ____ eco-friendly approval methods ____ criteria ____?
 Can ____ me about ____ energy regulations and ____ certification?
 Let me know ____ can find ____ information on the green ____ certification ____ criteria ____ to ____.
 ____ into the method accredited ____ as ____ as the ____ resourcing engagements.
 Where can I find information ____ your methodology for ____ prerequisites ____ with obtaining ____?
 ____ there more ____ regarding ____ process and renewable ____ criteria?
 ____ I find out ____ about your ____ method and the ____?
 Are there any ____ find ____ your energy certification process ____ renewable ____?
 Tell ____ I ____ extra data ____ how you ____ for renewable ____.
 Where ____ information ____ methodology ____ certifying ____ energy, ____ well as ____ requirements for obtaining ____ sources?
 I ____ more information on green energy ____ can ____ energy.
 ____ more ____ the ____ energy certification ____ and ____ associated with renewable energy?
 Is it ____ information ____ your green energy certification process ____ requirements ____ energy?
 ____ learn more ____ energy ____ process and renewable source ____.
 I'd ____ to ____ certification system, plus rules for ____ materials.
 ____ information ____ green ____ and the specifications for procuring renewable resources.
 ____ you ____ information on your ____ energy ____ process ____ source requirements?
 I ____ more ____ green ____ certification ____ the rules for renewable materials.
 I need to ____ about your eco-certification ____ renewable ____ demands.
 Can ____ information ____ energy certification requirements?
 ____ to know ____ about green ____ certification ____ how ____ source ____ sources.
 ____ tell me ____ about the ____ for ____ renewable ____ the process of certifying eco-friendly ____?
 I need ____ find more ____ on ____ for ____ resources.
 ____ do ____ more ____ your ____ sustainable energy and the criteria ____ must meet ____ source renewable ____?
 ____ do ____ out more ____ a certification for renewable ____?
 I would ____ to ____ about your ____ requirements and ____ details.

_____ more to know about _____ the method _____ with qualification _____ renewable _____?

_____ you tell _____ more _____ the requirements _____ obtaining _____ sources _____ as _____ of certifying eco-friendly power?

I am interested _____ certification process and the _____ for renewables.

Can I find _____ about _____ method _____ approving _____ resources?

Tell me _____ I _____ find more _____ how _____ renewable resources.

I _____ wondering if you could _____ about _____ process of certifying _____ power _____ as _____ renewable energy sources

_____ can I _____ about _____ green _____ cert _____ renewables requirements?

Please let me _____ where I _____ find _____ information _____ energy _____ process and _____ to source renewables.

_____ there more information about _____ with _____ as _____ renewable resourcing engagements?

Can _____ me about _____ process and renewable _____ requirements?

_____ you tell _____ more _____ for green _____ certification?

_____ you tell _____ green _____ certification _____ and requirements for renewables?

I _____ like _____ know _____ about _____ of certifying eco-friendly power _____ well _____ for obtaining _____ sources.

_____ can I find _____ guide _____ securing _____ energy?

_____ can _____ find _____ the energy certification process _____ renewable _____?
