

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Meter reading and usage questions
Inquiry Sub-Category	Estimated meter reading
Description	Customers seeking clarification or expressing concerns about estimated meter readings on their bills, and the process involved in determining these estimates.
Data Size	5,062 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

____ previous ____ were manually submitted ____ did this month's ____ to being ____?
 ____ submitted previous ____ why is ____ statement back to ____?
 ____ prior readings, why is ____ month's statement now ____?
 ____ is this ____ still an estimate ____ we ____ prior ____?
 ____ to ____ why ____ estimate this month's ____ using manually entered readings ____ previous months.
 ____ last ____ we submitted was manually ____ this ____ a guess?
 How ____ our ____ has ____ back ____ being ____ when we've been ____ manual readings for a ____?
 The previous reads ____ submitted, and ____ is this ____ to ____?
 We submitted earlier meter ____ directly ____ why ____ go ____ estimates?
 ____ we ____ to estimate this month's ____ despite using manually entered ____ months.
 Why ____ back ____ this month's ____ despite manually entering old ____?
 What ____ estimated ____ we manually inputted past ____ information?
 I'm wondering why we ____ estimate ____ even ____ manually entered old ____.
 What reasons ____ there for ____ reading to estimation ____ statement?
 Why ____ this month's statement ____ an estimation ____ submitted ____ reads ____?
 Had previous ____ been manually ____ month's statement return to ____?
 ____ entered old reading information ____ we make an ____ this month?
 ____ reads ____ manually submitted ____ so why is ____ statement back ____?
 The ____ we ____ was manually so why is this month's ____?
 ____ read ____ submitted ____ manually, how come this ____ statement ____ an ____?
 ____ it return ____ being estimated ____ month ____ previous ____ submitted manually?
 Why ____ statement back to being ____ we ____ prior reads ____?
 Why ____ month's statement back an ____ previous ones ____ by ____?
 Why did we make ____ estimation ____ month's statement ____ had entered old ____?
 Why ____ month's statement ____ when we submitted ____ previously?
 Why did this ____ back an ____ previous ones ____ by ____?
 Why does this month's ____ back ____ value when we ____?
 ____ were the reasons ____ reading to estimation ____ this ____ statement?

Why did this month's statement back _____ estimated _____ was _____?
 The prior _____ were manually submitted so _____ statement _____ an _____?
 We _____ reads manually, _____ is _____ statement changing _____ an _____?
 _____ curious _____ we _____ statement _____ using manually entered readings in _____ months.
 _____ were the reasons that you _____ to estimation _____?
 What reasons _____ offer _____ changing from _____ estimation for _____ month's _____?
 _____ the month's statement return _____ being _____ if _____ were submitted _____?
 _____ the statement getting _____ being an _____ being manually submitted _____?
 _____ previous reads _____ but this _____ to being estimates.
 After _____ entering the _____ we _____ an estimated statement?
 _____ month's _____ back an estimated value when _____ ones _____ submitted _____ us?
 When the _____ were _____ by _____ why _____ this month's _____ back an _____?
 This month's statement reverting _____ an approximation, _____ previous reads _____?
 The last _____ was _____ was manually so why _____ this _____ returned _____?
 _____ is _____ reverting to being _____ submitting _____ reads manually?
 Why _____ an estimation for this _____ statement _____ manually _____ reading information?
 If we manually _____ statement return _____ being estimated _____ month?
 If _____ manually did previous reads, _____ this _____ to _____ estimated _____?
 Why did you _____ from manual _____ this month's _____?
 What _____ the reasons that _____ reading _____ estimation in this _____?
 After manually _____ old readings, _____ did _____ estimated statement?
 _____ prior read was submitted _____ so _____ is this statement _____?
 _____ this _____ reverting _____ an estimate after _____ reads were _____ submitted?
 I'm curious why _____ had _____ this month's _____ old readings.
 We _____ previous _____ why is _____ month's statement _____ to being _____ estimate?
 _____ there _____ specific _____ moving from _____ to _____ this month's statement?
 _____ not sure why we had to estimate _____ month's _____.
 Why _____ month's _____ to being _____ if _____ read _____ manually submitted?
 Why _____ to an estimated statement _____ some readings?
 Why _____ the statement _____ an estimate because _____ submitted _____?
 What reasons _____ give _____ from manual _____ estimation _____ the _____ statement?
 I'm _____ why we had _____ estimate this month's _____ using _____
 I _____ to _____ we had to estimate this _____ entering _____ readings.
 _____ did _____ from manual reading _____ estimation for _____ statement?
 _____ we _____ read _____ statements, _____ did this _____ return to _____ this _____?
 _____ statement _____ to being _____ if _____ reads _____ manually submitted.
 _____ this month's _____ back _____ a guess _____ the _____ read was _____?
 We _____ old _____ manually _____ why did _____ make an _____ this month's _____?
 Why is _____ statement still an _____ though _____ previous _____?
 I _____ we _____ to estimate _____ month's _____ since _____ manually _____ old _____.
 _____ return _____ estimated value when _____ ones were submitted _____ us?
 Why _____ the _____ back _____ an _____ despite being manually _____ before?
 _____ manual _____ of past reads affect _____ month's _____?
 _____ previous read were manually submitted this _____ the _____ estimated?
 When _____ why _____ month's statement _____ an estimated value?
 _____ previous reads _____ is _____ statement now a preliminary _____?
 If _____ prior _____ was manually _____ why is _____ current statement _____?
 _____ is _____ month's _____ to a guess when _____ was _____ submitted?
 Why _____ make an _____ of _____ month's statement since _____ entered _____ reading _____?
 Was _____ previous reads manually given _____ the _____ reverted to being _____?

The _____ were _____ manually, _____ the _____ back to an _____?
 _____ we manually did _____ did _____ back _____ being estimated _____ month?
 _____ submitted previous _____ is this _____ statement _____ to an _____
 I'm wondering why we _____ statement, despite using _____ entered readings _____.
 Since _____ were _____ submitted, why _____ this statement _____ to _____ an _____?
 Why did we change _____ estimate _____ entering _____?
 Why _____ this _____ back _____ being estimates _____ previous _____ were _____ manually?
 Why did _____ return to the _____ state _____ read it _____?
 _____ previous reads _____ why _____ month's _____ back to estimates?
 _____ the statement getting _____ being an _____ being _____ uploaded _____ us?
 Why _____ month's statement back to _____ estimates, _____ submitted _____?
 What _____ the _____ manual reading _____ in the monthly statement?
 What are _____ for transitioning _____ manual _____ this _____ statement?
 It was _____ manually, _____ month's _____ reverting to _____ estimate?
 _____ don't _____ had to estimate this month's _____ manually entered _____ in _____ months.
 Were the previous reads given manually by us _____ reason _____?
 We _____ our _____ readings _____ previously, why did this _____ billing _____?
 _____ was _____ statement returned to _____ state if we _____ reads?
 _____ read was _____ why _____ month's statement returned to _____ guess?
 _____ prompted us _____ to _____ projected values _____ inputted readings?
 _____ this _____ statement reverting _____ being _____ previous reads manually.
 _____ this _____ statement reverting _____ when previous reads were _____ manually?
 Why _____ the statement _____ back to _____ an estimation _____ manually _____?
 _____ entered reading _____ manually so why did _____ this month's statement?
 This _____ statement is _____ being estimates, _____ did we _____ previous _____?
 Why _____ estimating the month's _____ manually _____ old readings?
 We _____ previous reads, _____ is _____ month's _____ estimate?
 _____ statement is back _____ a preliminary estimate, why _____ we _____ previous _____?
 Why is the statement _____ an _____ being _____ submitted before?
 Was there any _____ transition from manual _____ month's statement?
 What are _____ reasons _____ moving from _____ reading _____ for _____?
 We manually _____ previous reads _____ is _____ statement _____ estimate?
 We submitted previous reads, why _____ statement _____ an _____?
 _____ triggered a _____ to estimated _____ we manually inputted the _____?
 _____ month's statement back _____ estimated _____ there were previous _____ by us?
 We don't _____ month's statement _____ estimated _____ of manually read.
 Why is _____ month's statement _____ estimate when _____ previous _____?
 _____ the reasons _____ transitioning _____ manual to _____ in this _____?
 _____ did the _____ being estimated _____ read was _____ submitted?
 _____ is this _____ to _____ we _____ previous reads manually?
 _____ this month's _____ back to _____ estimated _____ reads _____ manually _____?
 Why _____ this month's statement now _____ estimate _____ we _____ readings?
 _____ entered the _____ reading information manually _____ why did _____ make _____ estimation _____ month's _____?
 Why did the _____ statement return _____ being _____ previous reads _____ submitted _____?
 _____ was _____ statement back an estimated _____ previous ones were submitted _____?
 If previous _____ manually _____ by _____ why _____ they _____ to being estimated _____?
 _____ back to _____ an estimate, when _____ was _____ manually before?
 If we manually did _____ why _____ statement _____ to be _____ month?
 Is there a _____ readings went _____ in _____ month's _____?
 _____ previous _____ manually submitted so why is this _____ back _____?

Why is this _____ estimates, when _____ reads were _____ manually?
 _____ had _____ manually so _____ did we make a _____ of this _____?
 I'm wondering _____ have to estimate _____ statement _____ readings in the _____.
 We _____ why does this month's statement _____ an _____?
 _____ reads _____ manually _____ by us, why did _____ month's _____ to _____ again?
 If _____ read _____ did this month's _____ to being estimated?
 _____ reads _____ submitted _____ is the statement back to being _____?
 Why _____ the statement back _____ after we _____ reads _____?
 _____ did this _____ come back _____ if _____ manually read previous reads?
 Why is _____ back to being _____ we _____ reads manually?
 The statement _____ submitted manually before, _____ to being an _____?
 _____ had to _____ statement, despite manually entering readings.
 What reasons did _____ for _____ reading _____ estimation _____ this _____ statement?
 _____ previous reads were submitted _____ why did _____ this month?
 Why is _____ back to being _____ estimate _____ prior _____ were _____?
 _____ for transitioning from manual reading _____ in _____ month's statement?
 If _____ did _____ why did the _____ to be _____ this _____?
 _____ submitted previous reads manually, _____ this _____ statement back _____ a _____?
 _____ did this statement _____ to _____ estimated _____ month, _____ manually did the _____?
 We don't _____ why _____ went _____ rather than manually given.
 _____ last _____ submitted _____ why _____ month's _____ returned to a guess?
 _____ month's statement was reverted back _____ being _____ if _____ reads _____ us.
 _____ previous read _____ submitted _____ why did this month's _____ return to _____?
 _____ did _____ go _____ manual _____ to _____ in _____ month's statement?
 I'm _____ we _____ manually _____ readings in previous months _____ had _____ estimate _____.
 If previous _____ were manually submissions, _____ this _____ statement _____ estimated?
 We _____ reads, _____ is _____ month's statement _____ to _____ estimates?
 I am _____ why we _____ statement _____ using manually _____ readings
 Why is this _____ back _____ estimates _____ we _____ previous reads _____?
 I _____ why _____ this _____ statement after using manually _____ readings in _____.
 _____ previous _____ manually and _____ statement _____ to an estimate
 We submitted previous _____ is _____ now an _____?
 If _____ manually inputted _____ caused us to _____ to _____?
 _____ wondering _____ we _____ month's statement _____ using manually entered readings _____ months
 _____ submitted prior reads, _____ month's _____ still an estimation?
 I'm _____ why we needed to _____ month's _____ using _____ entered _____.
 _____ submitted _____ previous _____ so _____ is this month's statement _____ an _____?
 Why did this month's _____ back _____ previously submitted readings _____ us?
 Were the previous reads manually given _____ us _____ reason _____ current _____
 _____ did _____ to an _____ statement _____ manually _____ the readings?
 Why _____ an estimation _____ this _____ statement since _____ entered old reading _____?
 _____ reading _____ manually, _____ did we make _____ estimation of this month's _____?
 What _____ reasons _____ from _____ to estimation _____ this month's statement?
 I _____ wondering why we _____ estimate this _____ statement _____ entering _____.
 _____ did this _____ to being estimated if _____ was _____ submitted by _____?
 Why is the _____ estimate after _____ submitted manually _____?
 If _____ reads _____ by us, _____ was it returned _____ estimated this _____?
 _____ submitted _____ does this _____ statement change to an _____?
 We _____ old reading information manually, so _____ we _____ estimation _____ this _____.
 Why _____ it _____ be _____ this _____ previous reads were manually submitted _____?

____ the ____ read was ____ why ____ this month's ____ an ____?
 ____ did this statement return ____ being ____ month ____ read before?
 After the prior read was ____ current ____ a guess ____?
 ____ month's statement ____ to ____ after we submitted previous ____ manually?
 Why did ____ month's ____ back ____ estimated ____ previous ____ manually ____ by us?
 ____ previous reads manually given ____ us, and ____ that ____ statement ____ estimated ____?
 Why ____ the statement ____ to an ____ the ____ manually submitted?
 ____ were the ____ for changing ____ reading to ____ for ____?
 This ____ reverting ____ estimate, why was it ____ manually?
 ____ understand why ____ month's ____ went back to ____ estimated ____ manually given.
 ____ to being estimated this ____ if ____ did the ____ reads.
 The last read we ____ what happened to ____ an ____?
 "If ____ manually did previous ____ the ____ return to ____ this month? ____
 What ____ did you ____ changing ____ reading to estimation ____ statement?
 Was there ____ reason for changing ____ estimation ____ month's statement?
 The prior ____ were ____ manually, ____ is this statement ____?
 Why is ____ month's ____ reverting to ____ estimate ____ submitted ____ reads manually?
 Why ____ this month's statement ____ if ____ were manually submissions?
 ____ read ____ submitted ____ us, why did ____ month's statement back ____ estimated?
 ____ old reading information manually ____ we ____ an estimation ____ this month's ____?
 ____ this ____ back to being ____ estimate ____ previous ____ were ____ submitted?
 ____ wondering ____ had to estimate ____ month's ____ using ____ entered ____ the past.
 Why is the statement ____ guess ____ the last ____?
 Why does ____ statement ____ estimated ____ when we ____ readings?
 ____ is this ____ estimates when ____ previous reads were manually ____?
 Why ____ we ____ to ____ month's statement ____ manually ____ readings?
 ____ do we ____ to an ____ statement after ____ readings?
 It was ____ manually, why ____ this ____ back ____ estimate?
 ____ old ____ manually, ____ why ____ we make ____ estimation ____ the month?
 ____ readings were ____ submitted, ____ this month's statement now ____?
 Why ____ this ____ value when ____ previous ____ were submitted by us?
 ____ previous reads ____ by us then why did ____ being estimated?
 I'm wondering why ____ had ____ month's statement ____ old readings.
 Did the manual ____ past reads ____ for this ____?
 We manually ____ so ____ this ____ statement now an estimate?
 ____ this ____ to an estimate ____ we submitted ____ reads manually?
 ____ reads manually, ____ does this ____ have an estimate?
 Why ____ this month's ____ back ____ an estimation, ____ submitted ____ manually.
 ____ did previous reads, ____ did ____ to being estimated this ____ "
 We submitted ____ reads manually ____ why ____ this month's ____ being ____?
 Why is ____ an estimate if the ____ was ____?
 ____ entered ____ reading ____ manually, why did we ____ an estimation ____?
 The prior ____ so why ____ this statement back ____ being ____?
 ____ why ____ transitioned ____ manual ____ to estimation ____ this month's statement?
 Why is ____ to an approximation, ____ we ____ previous ____ manually?
 The previous ____ manually, ____ this ____ back to estimates?
 In ____ for ____ month, ____ there ____ specific reasons ____ transitioning ____ to estimation?
 ____ previous ____ us and why was ____ current statement estimated?
 What are ____ you transition from ____ reading ____ in ____ statement?
 ____ previous reads ____ the current ____ to an estimate?

Why is this month's _____ reverting _____ being _____ after previous _____?

The _____ we _____ was _____ why _____ this month's _____ to guess?

_____ is this month's statement _____ manually submitted the _____ reads?

_____ read _____ manually submitted, so why is this statement _____?

Why did _____ statement return _____ being estimated _____ if _____ read it _____?

Why is it getting back _____ estimate after _____ by _____?

Why _____ the _____ to _____ estimated _____ previous reads were manually _____?

_____ were _____ from manual reading to _____ for this _____?

_____ previous reads _____ is the statement _____ estimates?

Why is it _____ back to _____ an _____ manually _____?

_____ the statement _____ before, why is _____ back to being _____ estimate?

We _____ before, so _____ made this _____ statement go back _____ being _____?

The previous read _____ manually, why _____ back to _____ estimate?

We submit _____ manually, why is _____ month's statement _____ estimation?

_____ did this _____ statement _____ estimated _____ the previous reads had been _____?

_____ we _____ did previous _____ this _____ come back to an _____?

_____ manually submitted the prior _____ this month's _____ now an _____?

Why did _____ return _____ estimated _____ previous reads were _____?

_____ this month's statement, _____ reasons for transitioning _____ manual _____ to _____?

Why _____ this _____ to an estimate when _____ reads _____ manually?

Why _____ this _____ to the _____ if _____ manually _____ previous reads?

_____ not _____ why we _____ to _____ statement despite manually _____ readings.

_____ a reason _____ the _____ readings to _____ to _____ this _____ statement?

_____ was _____ manually, _____ why _____ statement _____ to being an estimate?

Were the _____ manually given _____ why _____ is _____ this month?

We _____ reads manually, _____ why is the statement _____ estimate?

I _____ we _____ to estimate _____ despite using manually entered _____.

_____ reads were manually submissions, _____ did _____ statement _____ estimated this _____?

Was _____ manually given _____ us _____ the current _____ reverting to being _____?

_____ submitted prior reads _____ is _____ statement an estimate?

_____ previous read were manually submitted, _____ to being estimated?

Why is _____ now an _____ because we manually _____ previous _____?

_____ prior reads, _____ is this month's _____ changing to _____ estimate?

_____ did this month's _____ return _____ be estimated if _____ previous _____?

If _____ were _____ by us, _____ did _____ to be estimated this _____?

Why _____ the month's statement _____ an _____ previously submitted _____?

The _____ manually _____ is this statement back _____ being _____ estimation?

If _____ reads _____ did this month's _____ return _____ being estimated?

_____ why we had _____ estimate _____ statement despite previously using _____.

Were _____ previous _____ manually _____ reason _____ the current statement reverted _____ estimated?

The _____ manually submitted, so _____ was _____ statement _____ being estimates?

We _____ manually and why _____ this _____ back to _____ an _____?

Why _____ this month's statement back _____ estimate when _____ submitted _____?

Why is this _____ back _____ being _____ estimate _____ prior reads _____?

_____ is this month's statement _____ an estimate _____ prior _____ manually?

_____ does this month's _____ estimated _____ there were _____ readings by us?

_____ understand _____ this _____ statement went back _____ being _____ instead _____ read.

Why _____ the _____ estimated state if _____ read before?

Why _____ switch _____ reading to estimation _____ the monthly statement?

I'm wondering why _____ estimate this _____ statement after _____ entering _____.

_____ triggered a _____ to estimated _____ if we _____ past _____?

Why is _____ estimate, because we manually _____ readings?

If _____ were manually _____ this month's statement return _____ being _____?

We submitted the _____ why is _____ month's _____ an _____?

_____ prior _____ why _____ this month's statement changed _____ estimate?

_____ were offered for transitioning from _____ estimation _____ month?

_____ reason the manual _____ to estimation this _____?

Why _____ the statement returned to a _____ since _____ submitted _____?

Why did this month's statement _____ to _____ previous _____ manually _____?

_____ is _____ month's statement _____ an estimate _____ reads _____ submitted manually?

Is there a _____ the manual _____ estimation this _____?

_____ previous _____ submitted _____ us, _____ this month's statement _____ an estimated _____?

_____ is the _____ getting back _____ being an estimate _____ it has been _____?

We _____ reading _____ manually _____ did _____ an estimation for _____ month's statement?

Why did _____ the _____ from _____ reading to _____ in the _____?

_____ manually _____ the readings _____ why _____ this _____ statement _____ estimate?

If previous _____ are manually submitted, _____ did this _____ to _____?

Why is the statement _____ an _____ manually?

_____ previous _____ manually _____ is this statement back _____ an estimate?

Is there _____ why _____ readings transitioned _____ estimation _____?

_____ puzzled _____ why we _____ to _____ this month's _____ manually entered readings.

The statement has been submitted manually _____ but _____ it _____ to _____?

Why did _____ month's statement return _____ being _____ when _____ read _____?

If _____ were _____ did this month's statement _____ to _____ estimated?

I'm curious why _____ to _____ statement _____ using manually entered _____.

_____ has been submitted _____ before _____ why is _____ an estimate _____?

_____ old reading _____ was _____ manually, so why did we _____ month's _____?

The _____ reads _____ why is this _____ back to _____ estimate?

We _____ so _____ did they change _____ to estimates?

_____ is this month's statement _____ being _____ estimation _____ previous reads _____?

_____ did _____ of _____ month's statement, after _____ old reading _____ manually?

Was there _____ for moving from manual _____ estimation _____ statement?

Why did _____ month's statement have _____ again _____ previous reads _____?

Why did you shift _____ manual _____ the monthly _____?

We submitted previous _____ manually _____ statement _____ to being _____ preliminary _____?

I'm wondering _____ had to _____ this _____ manually entered readings _____ the _____.

What is the reason for _____ from _____ to _____ this _____?

_____ triggered a return _____ if we _____ inputted _____ data?

We submitted previous reads _____ why _____ month's _____ to being _____.

We submitted previous reads _____ statement being _____ preliminary _____?

_____ did _____ to an estimated statement _____ entering _____?

_____ this month's _____ reasons for _____ readings to estimation?

_____ did this _____ statement return _____ an estimated _____ previous _____ were submitted by _____ any _____?

_____ this _____ statement back an estimated _____ previously _____ readings?

I'm not _____ we had _____ month's _____ despite _____ entering old _____.

_____ is the _____ a guess when the _____ read _____ manually?

Why _____ this month's _____ estimated value when there _____ us?

Why is _____ month's _____ We _____ submitted the _____ reads.

Why _____ the statement go back _____ if _____ reads _____ manually submitted _____?

_____ submitted previous reads _____ is _____ statement still an _____?

So _____ reads were _____ submitted, _____ to _____ estimated this month?
 _____ wondering _____ have to estimate this _____ manually entering _____.
 _____ were manually submitted, _____ is _____ statement back _____ being estimates?
 _____ previous _____ why was this month's statement _____ to being _____?
 _____ reads _____ submitted manually, why _____ month's statement _____ to _____ estimated?
 _____ is this _____ back _____ being estimates if _____ prior _____ submitted?
 _____ submitted previous _____ why is _____ to an estimate?
 This statement came _____ to _____ month _____ we _____ did _____ reads.
 _____ previous _____ why _____ month's statement back to an estimate?
 _____ did it _____ being estimated _____ month, if _____ reads _____ manually _____ us?
 Why did this month's _____ come _____ after _____ reads were _____ manually?
 _____ is this month's _____ estimate even _____ submitted prior reads manually?
 After the _____ was _____ why _____ current statement still a _____?
 We _____ understand why this _____ went back to _____ by us.
 The previous _____ statement back to an estimate?
 _____ month's statement back _____ a preliminary estimate, _____ previous reads _____.
 _____ entered old reading _____ manually, why _____ of the _____ statement?
 I'm _____ why we had to _____ month's statement _____ in previous _____.
 The prior _____ manually submitted, _____ why _____ this _____ still _____?
 Why _____ this _____ back to being _____ after we manually _____?
 _____ you give _____ converting _____ manual reading to estimation in _____?
 _____ am wondering _____ estimate the month's statement despite _____ readings.
 How did _____ statement return _____ being estimated _____ reads _____ submitted?
 _____ prior reads, so _____ this month's _____ still _____ estimate?
 The _____ were manually _____ did this _____ being an estimate?
 _____ we sent _____ reads, why is _____ statement still _____?
 I am _____ to estimate this _____ despite manually entering _____.
 Why _____ statement _____ to an _____ when previous reads _____ manually?
 _____ we _____ to _____ month's statement because we used _____ entered _____ before.
 _____ reads manually, _____ is _____ month's _____ returning to _____ an estimate?
 _____ previous reads manually, why is _____ an estimation?
 _____ submitted previous reads _____ and _____ statement back _____ being a _____?
 After the _____ read was _____ current _____ still a guess?
 The previous reads were submitted manually, _____ the _____ statement _____?
 Why _____ statement _____ to _____ even though _____ prior reads _____ manually _____?
 Why _____ statement _____ to _____ an _____ after _____ submitted manually _____?
 I'm wondering _____ to estimate this _____ statement after _____ previous _____.
 _____ did the statement _____ when _____ ones _____ submitted by us?
 With _____ reads manually submitted, _____ is this statement _____ estimate?
 _____ prior _____ so why _____ this _____ statement _____ to _____ an estimate?
 I'm not _____ we _____ to estimate _____ month's _____ despite using manually _____.
 We _____ the _____ reads, why _____ the _____ now _____ estimate?
 The old reading information was entered manually, so _____ for _____?
 Why is _____ statement back _____ being _____ the _____ were manually _____?
 "Why did this month's statement back _____ if _____ by us? _____
 _____ this month's _____ any _____ for _____ from _____ readings to estimation?
 We submitted _____ reads _____ so _____ statement _____ being an estimate?
 _____ submitted previous reads _____ month's _____ returned to estimates?
 "Why is the current statement _____ guess again _____ read _____
 _____ previous _____ was _____ why did _____ month's statement come _____ estimated?

_____ you _____ the _____ from manual reading _____ this month?
 _____ would _____ to know why _____ had _____ this _____ despite _____ entering old _____.
 If previous _____ was submitted manually, why _____ back to _____?
 _____ submitted prior _____ so _____ is _____ statement still _____?
 _____ previous reads manually, why _____ this _____ an estimate?
 _____ our _____ submission _____ affect _____ estimated _____ this month again?
 _____ previous _____ manually, why did this _____ statement reverting _____ to _____?
 I'm wondering _____ had _____ estimate this month's statement _____ using _____ in _____ months.
 _____ this _____ statement still an _____ after _____ submitted _____ prior _____?
 _____ is _____ statement back _____ an _____ the _____ reads _____ manually submitted?
 Why _____ this _____ reverting to _____ when we submitted _____ manually?
 Is there any specific reason _____ moving from _____ this _____?
 _____ reads manually, _____ this month's _____ back to being a _____?
 _____ we inputted past _____ what triggered the _____ values?
 Why _____ this month's _____ reverting _____ being _____ approximation, if _____ previous _____?
 Why is _____ month's _____ reverting _____ an estimate after _____?
 _____ statement back _____ estimated value _____ they previously _____ readings?
 _____ did it return _____ state _____ manually did _____ reads?
 We _____ old reading data manually _____ an estimation _____ this month's _____?
 _____ submitted previous _____ why _____ statement now being _____ preliminary estimate?
 If _____ manually _____ previous _____ why did _____ statement _____ being _____ month?
 _____ month's statement, were _____ specific _____ from manual readings to _____?
 Were the _____ given _____ the current statement reverting _____ being _____?
 _____ month's statement _____ to being _____ approximation when _____ submitted the previous _____?
 If previous _____ was manually submitted _____ did _____ month's statement have _____?
 Because we manually _____ readings, why is this _____ statement _____?
 _____ previous _____ manually and this month's _____ is _____ to _____?
 _____ previous reads _____ submitted manually, how come _____ reverted _____ estimated?
 _____ the statement _____ to an _____ previous reads manually?
 _____ did _____ propose _____ from _____ reading _____ estimation in the monthly _____?
 What _____ to this _____ statement being _____ estimates, _____ submitted _____ manually.
 Why did this month's _____ previous reads were _____ submitted _____ us?
 Why _____ come _____ to being estimated this _____ if we _____ previous _____?
 If _____ read _____ manually, _____ did _____ month's statement _____ be estimated?
 Why is the statement getting _____ estimate _____ being _____ submitted _____ us _____?
 Why _____ month's _____ back _____ value when we _____ previous _____?
 Why is _____ back to _____ an _____ reads were manually _____?
 Why did _____ month's statement back _____ estimated value _____ by _____?
 The previous _____ were _____ manually, _____ is _____ reverting to an _____?
 _____ did the month's statement return _____ once the _____ reads _____?
 We manually _____ previous readings _____ why _____ statement _____ an _____?
 _____ am confused _____ to _____ we had to estimate _____ using _____ entered readings _____ months.
 _____ it _____ back _____ an estimate _____ being submitted manually _____?
 Why _____ month's _____ to _____ estimation after we _____ previous _____ manually?
 _____ previous reads were _____ submitted _____ did _____ to being _____ this month
 _____ read the _____ why did it come back to _____?
 We _____ previous _____ does this month's statement _____ to _____ estimation?
 _____ statement still an estimate, _____ we submitted _____ reads?
 If previous _____ why did this _____ need to be _____?
 Why _____ the _____ back _____ estimate after being _____ manually?

_____ submitted previous reads _____ why is _____ back to being _____ ?

What were _____ from _____ estimation _____ this month's statement?

_____ previous reads were _____ submitted, why _____ estimated _____ ?

If previous _____ submitted, why _____ month's _____ have an estimated _____ ?

_____ old reading information _____ and why did _____ an _____ for _____ month's _____ ?

If we manually did previous reads, why _____ this _____ ?

I am _____ we had to _____ this _____ readings before.

Why _____ estimated if previous _____ were manually submitted?

_____ wondering _____ we had to estimate this _____ despite using _____

_____ was _____ reason _____ transitioning _____ to estimation this month?

Why _____ statement return to _____ if _____ manually read it?

What _____ us to return to _____ if _____ readings?

_____ did we change _____ estimated _____ after _____ entering _____ old _____ ?

_____ were _____ but why is _____ statement back _____ being estimates?

It returned to being _____ this _____ if previous _____ us.

_____ because _____ reads _____ by us, that the current _____ to being estimated?

If previous _____ us, _____ did this _____ back to being estimated?

_____ is this statement _____ an _____ the prior _____ manually submitted?

_____ manually submitted the _____ readings, why _____ statement _____ estimate?

Why did _____ statement _____ being _____ month if we _____ readings?

I'm _____ as _____ we _____ to _____ this month's _____ despite using _____ entered _____ in previous _____.

If previous reads _____ submitted _____ why did it _____ to _____ this _____ ?

what triggered a _____ to _____ we _____ past _____ data?

Why _____ to being _____ even _____ the _____ were manually submitted?

_____ did you _____ from _____ estimation for this _____ statement?

_____ this statement return to _____ month, _____ we _____ previous reads?

_____ come our latest bill _____ being a _____ we've _____ doing manual _____ ?

We _____ reads _____ is _____ statement reverting to _____ an estimate?

_____ previous read _____ us, why did _____ statement come back to being _____ ?

_____ we _____ did earlier reads, why did _____ statement _____ to _____ ?

We submitted the _____ why is _____ month's statement _____ ?

Why did _____ statement _____ estimated _____ if _____ previous _____ manually?

_____ submitted _____ reads _____ so why _____ statement reverting to _____ ?

The previous reads were _____ this month's _____ an _____ ?

_____ is _____ being an estimate, after _____ previous reads manually?

We _____ so _____ is this month's statement _____ to an _____ ?

_____ we had _____ old reading _____ did _____ an estimation _____ month's statement?

What reasons did _____ have for _____ manual _____ estimation _____ ?

_____ is _____ month's _____ the last read was manual?

_____ this _____ statement back an _____ we submitted _____ previously?

We _____ prior reads, why _____ month's statement now _____ ?

"Why _____ this _____ statement _____ estimated if previous _____ submitted by us? _____

_____ did _____ statement return to _____ estimated _____ we _____ previous reads?

Why is _____ statement getting back _____ being _____ manually before?

Why is _____ month's statement _____ manually submitted prior _____ ?

_____ read _____ manually submitted, why _____ this month's statement return _____ .

If _____ did previous reads, why _____ to the _____ state?

_____ submitted _____ this month's statement is _____ an estimate?

I _____ wondering _____ we had _____ estimate _____ month's statement despite _____ readings in _____ previous _____.

_____ the _____ getting _____ being an estimate _____ it has _____ manually _____ ?

_____ had entered old _____ information _____ so _____ make an _____ month's statement.

If _____ read was manually _____ did this month's _____ estimated?

_____ month's statement _____ being estimated _____ previous read _____ manually submitted _____?

_____ submitted _____ manually, _____ the _____ back to being an _____?

If _____ submissions, why did _____ statement _____ to being estimated?

How _____ our _____ bill _____ back to _____ a _____ we've _____ manual _____ along?

_____ had entered _____ reading _____ why _____ we make an _____ of _____ month's _____

_____ has _____ submitted manually before so _____ is it getting _____ estimation?

_____ submitted _____ reads _____ statement _____ reverting to being an approximation.

_____ did you transition _____ read _____ estimation _____ month?

Why _____ this month's statement _____ why we submitted previous _____?

_____ is the statement back _____ an estimation _____ previous reads _____?

I am wondering _____ we _____ estimate _____ month's _____ despite _____ entering _____.

_____ there _____ specific reason _____ from manual readings _____ month?

Why _____ this statement return _____ state _____ had manually done _____?

_____ submitted _____ why is this _____ statement _____ an _____?

We submitted previous _____ this month's statement _____?

Why is _____ statement still an estimate, even _____?

Why _____ this _____ an estimate, _____ submitted previous reads _____?

_____ submitted previous reads manually, why _____ statement _____ an _____.

Why _____ statement return to _____ were submitted by us?

The previous _____ were submitted _____ so why _____ month's _____ to being _____?

_____ reads were uploaded _____ but why _____ statement return _____ estimated?

_____ manually submitted _____ prior _____ why _____ this month's _____ now _____?

_____ we manually _____ did the _____ come back _____ being estimated _____ month?

_____ did _____ statement _____ being _____ month if we _____ read it?

Why _____ statement _____ an estimate, _____ submitted the _____ reads?

We _____ reads _____ statement now being an estimation?

If _____ manually did previous reads, _____ statement _____ the _____ state?

We manually submitted the prior reads, _____ is this _____?

If we manually _____ past reading _____ triggered _____ return _____?

_____ any reason that _____ readings _____ to _____ month?

Why _____ this _____ statement return to _____ if previous _____ was _____?

_____ we had _____ this month's statement _____ manually entering _____ readings

_____ reasons _____ you _____ from manual reading to _____ in this _____?

Why _____ this month's statement _____ previously submitted readings?

_____ submitted previous _____ why is _____ month's statement back to _____?

This month's _____ reasons _____ you offer for transitioning _____ reading _____?

_____ did you _____ for _____ from _____ reading _____ estimation _____ month's statement?

Why does the statement _____ when the previous _____ by _____?

_____ previous reads were manually submitted, _____ they return to _____?

We _____ understand why this month's statement _____ back _____ estimated _____ than _____.

_____ is _____ statement back _____ estimates after _____ reads were _____ submitted?

_____ we _____ estimate _____ month's statement when _____ entered old readings.

After _____ prior read _____ manually submitted, _____ the current _____ a _____?

What _____ return _____ estimated values _____ manually _____ past data?

_____ submitted _____ is this _____ statement back _____ estimates?

_____ previous _____ manually so why _____ the _____ back to _____?

We _____ previous _____ manually, so why _____ this month's _____?

Why did the statement _____ to _____ the _____ reads were _____ by _____?

____ previous ____ was ____ by us ____ this ____ statement return to ____ estimated?
 When ____ prior ____ was ____ submitted, ____ is the current statement ____?
 The month's ____ back ____ being estimated ____ given by ____.
 ____ this ____ to being estimated this ____ if we ____ manually ____?
 ____ prior ____ were submitted ____ why is ____ statement back ____ estimates?
 The last read ____ so why ____ the month's ____ a guess?
 Why is ____ current ____ guess again ____ the prior ____ was ____?
 ____ did ____ a change ____ an estimated statement ____ manually ____ readings?
 We ____ manually, why ____ this month's statement ____?
 ____ the previous reads ____ given ____ us ____ the current statement ____?
 ____ month's ____ back to ____ estimated ____ reads were manually ____.
 If ____ reads were ____ submissions ____ us, why ____ this month's ____?
 ____ why ____ readings transitioned to estimation in ____ statement?
 ____ is the current ____ a guess ____ again ____ prior ____ was ____?
 We manually submitted the ____ so ____ is this ____?
 ____ did the ____ to being ____ previous read ____ manually submitted?
 We ____ why this ____ statement ____ estimated ____ of ____ given by ____.
 ____ submitted previous reads ____ is ____ statement estimated?
 What are the ____ changing from manual reading ____ estimation ____?
 ____ is this month's statement returned ____ the ____ read was ____?
 Why has this ____ statement ____ an ____ if ____ were ____ readings?
 ____ submitted previous reads ____ why ____ month's statement ____ estimation?
 ____ is ____ month's ____ since the last read we ____ was ____?
 Why is this ____ back to ____ prior ____ were submitted ____?
 ____ current ____ a ____ again, even though ____ read was ____ submitted?
 ____ confused why ____ to ____ statement ____ manually entering old readings.
 I ____ as ____ why ____ had to estimate ____ despite using manually entered ____ in ____.
 We ____ earlier ____ readings ____ ourselves, so why ____ return ____ estimates?
 Why ____ we ____ statement ____ manually entering the ____ readings??
 ____ is ____ statement ____ to being estimates, after ____ prior ____ manually ____?
 We manually ____ the ____ reads, ____ month's statement ____ estimate?
 Why ____ statement ____ to ____ once the previous reads were uploaded ____?
 ____ this statement ____ to the ____ if we manually did ____?
 ____ had entered ____ manually so ____ make ____ estimation for ____ month's statement.
 ____ we manually did prior reads, ____ this ____ return to ____?
 ____ is the statement ____ being ____ has been submitted manually?
 I'm questioning ____ we ____ to estimate ____ despite ____ entered readings.
 Our ____ reads were ____ manually, so ____ game ____ month?
 ____ month's statement reverting ____ estimates after ____ submitted previous reads ____?
 I ____ had to estimate this ____ using manually entered readings ____.
 Why ____ this ____ return ____ the ____ after ____ manually did previous ____?
 Why is ____ statement now an ____ previous ____ manually?
 If ____ were manually submitted, ____ did ____ month's ____ being estimated ____?
 ____ month's ____ returned to ____ estimated ____ previous read were ____.
 ____ prior reads were manually ____ this ____ now estimated?
 ____ this statement come ____ estimated this ____ we manually ____ it?
 ____ been ____ submissions, why ____ this month's ____ return to being ____?
 ____ why ____ estimate this ____ statement after ____ manually entered readings.
 If ____ manually ____ us, why ____ this month's ____ return to being ____?
 ____ previous reads had been ____ why ____ back to ____ estimated?

____ am ____ to ____ we ____ to estimate ____ month's ____ using ____ entered readings.
 ____ is ____ back to being ____ estimate when ____ reads ____ submitted?
 Why ____ manual reading to estimation for ____?
 ____ did this ____ return ____ the ____ if ____ did it before?
 Why is ____ current ____ a guess ____ the ____ was done ____?
 ____ submitted prior reads so why ____ still ____?
 ____ entered ____ information ____ so ____ did ____ make an estimation ____ the statement ____?
 ____ prompted us to return to ____ if ____ inputted ____?
 ____ statement ____ being estimated this month if we had ____ read ____?
 We ____ reads manually, why ____ reverting to an ____?
 ____ previous ____ but why ____ month's statement now an ____?
 If ____ read were manually submitted, why did ____ to ____?
