

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Assistance in understanding the tariff structure
Inquiry Sub-Category	Demand charges understanding
Description	Customers seek assistance in understanding demand charges, which relate to their peak electricity usage during specific periods, and how these charges can impact their overall bill.
Data Size	5,120 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ actions can _____ reduce _____ electricity usage _____ my demand charges?

How _____ I cut down _____ peak _____ use _____ it?

How to _____ power use _____ ?

Ways _____ both use and _____ .

_____ to _____ expenses?

Please _____ can reduce peak _____ usage.

_____ how to cut demand _____ ?

How _____ down on _____ costs?

_____ can _____ the use of _____ high demand?

What _____ the _____ I should _____ cut _____ on _____ use?

What _____ should _____ take _____ on peak power _____ ?

I want to reduce _____ peak electricity _____ demand _____ .

_____ to _____ use _____ reduce charges.

_____ high _____ consumption or lowering demand _____ is _____ .

_____ should I _____ my peak _____ ?

Can anyone tell _____ what _____ take _____ energy surge and _____ ?

How _____ electricity draw?

Is there anything _____ to _____ electric costs _____ usage?

_____ usage and _____ demand bills?

Reducing _____ times?

_____ can _____ my electricity _____ during _____ hours?

How _____ my peak electricity _____ ?

_____ decrease _____ power use?

_____ can _____ electric usage and _____ ?

_____ the _____ should _____ decrease my peak electricity usage?

Can _____ reduce _____ peak _____ ?

Is _____ to cut down on _____ use _____ electricity?

_____ options _____ reduce _____ usage during high demand hours?

How _____ ways _____ use _____ cost peaks?

____ peak energy ____ and ____ charges?
 ____ my demand charges.
 ____ actions ____ peak ____ use ____ bills?
 During busy ____ how ____ use?
 ____ I do ____ decrease ____ energy ____?
 ____ it ____ cut peak energy and ____ bills ____?
 ____ to ____ my demand ____?
 Is ____ possible ____ top electricity loads, ____ money?
 ____ you have ____ suggestions on ____ to ____ my power ____?
 ____ on ____ elevated ____ costly demands.
 ____ would like to know ____ can tell ____ how ____ surges ____ bills.
 ____ can ____ decrease usage and ____?
 ____ I lower my ____ use and ____ my ____?
 ____ possible to decrease peak energy ____ fees?
 ____ can ____ my electricity ____ I don't ____ as much?
 How ____ I ____ power ____ electricity ____?
 ____ to ____ peak energy, shrink ____?
 How ____ less power during ____?
 ____ it ____ to cut down ____ and knock out the ____?
 Can ____ me what ____ to ____ energy ____ that affect bills?
 How ____ electric usage ____ reduce ____?
 ____ usage and ____ charges?
 ____ can ____ power ____ for ____ times?
 Is there any ____ on ____ to ____ high ____ usage ____ charges?
 ____ can ____ lower ____ costs and ____?
 How ____ cut ____ use during ____?
 ____ advice on how ____ demand ____?
 ____ do I ____ peaks of ____?
 ____ to ____ usage and ____ charges.
 Ways to ____ needs and ____?
 ____ suggestions ____ usage during ____ hours?
 ____ ways ____ you curb your ____?
 What do ____ to ____ down my ____ peaks ____?
 How can I reduce ____ usage ____ charges?
 Simple ____ of ____ and ____ peaks?
 How ____ reduce ____ use?
 ____ usage in ____ peak ____?
 What ____ I ____ to do ____ peak ____ and shrink them?
 Ways to lower ____ usage ____?
 Is there ____ idea ____ reduce my ____ electricity ____?
 How can I decrease ____?
 ____ reduce ____ power ____ and lower my demand ____?
 ____ tell me ____ peak ____ consumption and ____ associated costs.
 ____ about how ____ decrease my highest ____ consumption.
 ____ on how ____ lower peak ____ bring ____ demand charges?
 ____ can ____ be ____ charges minimized?
 ____ lower top ____ costing less ____?
 How can I ____ my ____ use ____ most?
 How ____ elevated ____ and curtail ____ demands?
 ____ can ____ usage ____ demand charges?

_____ can _____ my use _____ electricity?

Is _____ possible _____ peak electricity _____ and lower _____.

_____ use _____ peaks?

_____ options to _____ my _____ usage during _____ hours?

How _____ reduce _____ needs?

How to _____?

Reducing peak _____ usage _____ cutting _____ can be _____.

_____ power _____ be _____ busy times?

_____ lower _____ and minimize charges.

_____ there ways _____ minimize both _____ peaks?

_____ need to _____ on my highest _____ use _____.

How _____ I decrease demand _____ peak _____ usage?

How can _____ curb _____ & lower _____ expenses?

I need tips _____ reduce my power _____.

Reducing electricity _____ high _____?

_____ decrease power _____?

_____ usage can _____ and demand fees _____.

_____ tell _____ peak energy use.

_____ can _____ minimize peak power _____ decrease _____ charges?

I was _____ if _____ could tell _____ how to _____ surges _____.

_____ can take to decrease _____ draw?

There are ways _____

_____ to _____ power _____ peak hours?

What _____ do _____ cut down on _____ power usage?

_____ I _____ use _____ peak hours?

How can I _____?

How should _____ deal _____ power _____?

_____ I reduce my _____ usage _____ hours?

_____ anyone know _____ steps reduce _____ and peak _____?

_____ can _____ to _____ costs and peak usage?

_____ can I _____ electricity usage?

_____ can I _____ demand _____.

Is there _____ for me _____ down _____ my highest electricity _____?

_____ I save _____ my _____ use?

_____ get rid _____ elevated _____ use?

_____ reduce peak and _____ charges?

Please _____ me how _____ peak energy consumption _____.

_____ how _____ lower _____ usage during peaks?

_____ if _____ me how _____ reduce energy surge that lowers _____.

_____ steps should _____ to _____ power?

What can _____ to reduce _____ peak electricity _____?

_____ steps should _____ take to _____?

_____ minimize _____ usage, _____ should be taken?

_____ be done _____ electricity draw?

How can I _____ back _____.

_____ lower _____ power _____ or bring down demand _____?

_____ any _____ for cutting _____ on high _____ use _____?

_____ actions _____ to _____ peak _____ and _____ bills?

_____ you _____ any _____ for reducing _____ energy consumption _____ charges?

_____ to _____ my demand _____?

_____ I limit _____ usage?

_____ it _____ to minimize _____ power _____ decrease demand _____?

Reducing electricity _____ use _____?

Is _____ way to _____ less electricity _____ high-demand _____?

_____ can _____ reduce _____ peaks.

_____ to decrease electric _____ and _____?

_____ peak energy bills?

_____ as to _____ reduce _____ usage during peaks?

_____ we cut _____ and _____ bills?

What can _____ do _____ use?

How _____ I _____ my _____ use?

_____ should I _____ power use?

_____ do I _____ my electricity _____?

_____ tell me _____ to _____ energy _____.

It's _____ peak energy consumption and _____.

_____ can I _____ peak _____?

How _____ power usage?

_____ do _____ down _____ power _____ costs?

_____ I take to _____ charges?

_____ lower electricity _____ and peak _____?

_____ can we _____ during busy _____?

Maybe _____ on my highest electricity use _____.

_____ on lowering _____ usage _____ bringing down demand _____?

Ways to _____ demand _____.

How _____ I _____?

_____ peak use of power?

_____ possible _____ peak power usage _____ demand charges?

_____ reduce _____ power usage _____ peak hours?

_____ can I lower _____?

_____ can I do to reduce _____ during _____?

_____ peak demand time?

_____ the steps that should be _____ minimize _____ usage?

_____ I cut down on _____ when demand _____ high?

What _____ do to cut _____ on _____ usage?

_____ there _____ can reduce _____ peak electricity usage?

_____ electric usage be _____ and _____?

_____ can _____ electrical usage and _____?

_____ should I do _____ my _____ use?

Is it possible to _____ down _____ highest _____?

How _____ I _____ power usage and _____ demand _____?

_____ there _____ to reduce _____ during peaks?

_____ I decrease _____?

_____ could I _____ charges?

How _____ back _____ power usage?

_____ decrease _____ use during busy _____?

How can _____ decrease _____ use during _____?

_____ I _____ cut power usage?

_____ can _____ reduce peak electricity _____ not _____ pay demand _____?

Do you _____ reduce my _____ during _____ demand hours?

How _____ I _____ charges and _____ peak electricity _____?

How _____ shrink bills now?

_____ we _____ lower electric _____ and peak usage?

Suggestions to lower _____ bills?

_____ you have any _____ on _____ to _____ my _____ bill _____?

How _____ my _____ charges?

_____ should _____ to _____ my peak _____ usage?

_____ can tell _____ how _____ reduce _____ surges that reduce bills.

Question mark, _____ steps _____ electric _____ and _____?

_____ can _____ peak use _____ electricity?

_____ lower _____ electrical needs?

I _____ a _____ how to _____ my highest _____.

_____ about _____ usage during peak _____?

_____ I go about _____ my _____ electricity _____?

Do you know how _____ and _____ usage?

How _____ usage spikes _____ demand _____?

How _____ peak usage?

_____ to cut _____ use during _____.

_____ can _____ down on electricity _____ at _____ times?

_____ save power during _____.

Is it possible _____ decrease _____ and cost _____?

What _____ I _____ reduce power _____?

What actions _____ I _____ to minimize _____?

How _____ decrease _____ electricity _____ peaks _____?

During _____ shrink my _____ usage?

_____ on _____ consumption and _____ demand _____?

_____ options to _____ my _____ usage during high-demand _____.

_____ to _____ your electric needs _____ demand _____.

_____ cut peak usage?

_____ me _____ steps I need _____ take to diminish _____ and _____ bills?

_____ can cut _____ energy _____ bills.

How _____ I reduce _____ there is _____ demand?

Idea for _____ down _____ my _____ times?

Is _____ to _____ on _____ highest electricity use times?

_____ a way _____ reduce peak _____ and shrink _____?

_____ to lower _____ peak hours?

_____ can tell me _____ diminish energy _____ will curb bills.

_____ the charges _____ demand and decreasing _____ consumption can _____ done.

_____ I _____ my peak _____?

_____ there an _____ down on my high electricity _____?

_____ want to _____ peak _____ demand fees.

_____ to _____ electric _____

_____ me _____ what I can do _____ slash _____ usage.

_____ power _____ and demand fees should be _____.

Which _____ electric _____ and _____ usage?

How do I _____?

_____ should _____ decrease _____ fees _____ reduce peak power _____?

What are _____ steps _____ should take to _____?

_____ ideas for _____ during _____ times?

_____ can _____ these demand charges _____ use less electricity?

_____ reduce power demand?

_____ ways to _____ both use and _____ ?
 How _____ lower demand charges _____ minimize _____ power _____ ?
 How _____ I bring _____ use _____ ?
 How do _____ lower usage _____ demand _____ ?
 _____ do I _____ use during _____ ?
 Can you _____ what _____ can _____ to _____ peak electricity _____ ?
 _____ to cut my _____ .
 How do _____ my peak _____ ?
 _____ can we find _____ costs and _____ usage?
 _____ do I _____ to do _____ cut down _____ peak _____ ?
 How can _____ and minimize peak _____ use?
 _____ can I _____ down _____ electricity _____ ?
 What _____ do to cut _____ on peak _____ ?
 Is _____ any _____ for _____ down on _____ electricity _____ times?
 _____ high electricity consumption and _____ possible.
 There are _____ lowering _____ cutting _____ energy use.
 I want to _____ anyone _____ how to diminish _____ surge that _____ .
 Ways _____ lower electric usage _____ .
 Can _____ tell me what steps _____ energy surges _____ bills?
 _____ be done _____ peak _____ needs?
 _____ I reduce my _____ use?
 How _____ I _____ electricity _____ to _____ money?
 How can we _____ hours?
 _____ it possible to _____ usage _____ high-demand hours?
 _____ power during peak _____ ?
 _____ me _____ can do to _____ my _____ electricity usage?
 How can _____ lower _____ peak electricity _____ ?
 _____ to use _____ power _____ peak _____ ?
 _____ are _____ steps I _____ take _____ decrease demand _____ ?
 I'm wondering _____ anyone _____ me _____ energy surge that curb _____ .
 _____ lower _____ spikes and lower _____ bills?
 _____ can _____ on _____ electricity use costs?
 _____ do we _____ power use _____ busy times?
 _____ that can _____ top _____ loads, costing _____ ?
 _____ can you curb _____ electric _____ demand expenses?
 _____ you have _____ ideas _____ cutting _____ on _____ highest _____ times?
 _____ can _____ decrease _____ electricity draw?
 _____ suggestions _____ reduce elevated electric _____ ?
 How _____ I _____ my _____ usage _____ ?
 How _____ save _____ demand charges?
 What _____ done to _____ use?
 How _____ minimize _____ power usage and _____ charges?
 What _____ the steps _____ to _____ demand costs?
 Is it possible to _____ peak _____ usage _____ ?
 _____ to _____ electricity usage during high _____ times.
 Is _____ possible to reduce _____ use and _____ ?
 Is _____ to _____ my _____ usage during high-demand _____ .
 What _____ I _____ decrease peak _____ ?
 _____ power use _____ peak times?
 Is _____ possible _____ cut _____ electricity _____ and knock out _____ demand _____ ?

Any _____ electricity _____ during peaks?

_____ to decrease _____?

How do _____ electricity _____?

_____ electric usage _____ reducing _____?

_____ there _____ to decrease my _____?

Any suggestions _____ to how to reduce _____ _____?

_____ can _____ on peak use?

How _____ I _____ rid _____ demand _____ use less electricity?

_____ should I _____ power _____?

_____ can be _____ to _____ costs _____ peak usage?

_____ to _____ use and cost _____?

_____ can I _____ down on peak _____ use and _____ rid _____?

_____ cut down _____ electricity usage?

_____ I cut _____ usage?

_____ there any _____ on how to _____ usage _____ charges?

_____ power _____ during peak times?

_____ can _____ peak power _____?

How do _____ reduce _____?

Reducing peak _____?

_____ to diminish _____ less money?

Is there _____ to _____ costs _____ peak usage?

How _____ I _____ my _____?

_____ should _____ to _____ peak power usage to _____?

_____ I reduce _____ peaks?

_____ suggestions on _____ to _____ electric _____?

_____ option _____ reduce my electricity _____ high-demand hours?

Suggestions to lower _____ power usage and _____.

What can _____ cut _____ peak _____ usage?

I need suggestions _____ to lower _____ power _____ and _____ charges.

_____ I _____ lower _____ highest electricity use times?

How can _____ peak _____?

Any advice _____ demand _____?

Is it _____ my _____ electricity use _____ charges?

_____ a way to reduce high _____ consumption _____?

Reducing _____ during peak _____?

_____ peak usage?

What _____ to _____ peak _____ use?

_____ can _____ lower _____ amount of _____ I _____?

How to _____ lower charges?

How _____ I _____ usage _____ demand?

_____ can we _____ elevated electric _____ reduce _____ demands?

Please _____ how _____ reduce _____ energy use and _____.

How am _____ able _____ energy _____?

How do I _____ down _____?

_____ me _____ steps _____ should take to _____ surge _____ reduces bills?

_____ should I _____ power _____ demand charges?

_____ wondering if _____ can _____ how to _____ energy _____ will curb bills.

_____ steps should I take _____ my _____?

Which steps _____ I _____ peak power _____?

What _____ way to lower electric _____ peak _____?

How _____ keep peak energy _____?

Does anyone _____ what _____ will _____ costs and _____?

How _____ reduce peak electricity _____ and _____ charges?

_____ to reduce _____ and lower _____?

_____ any _____ elevated electric use and curtail _____ demands?

How can I _____ on peak electricity _____ to get _____ charges?

What _____ I do to _____ my peak electricity _____?

_____ there a way _____ my _____ during peak _____?

Are there ways to _____ spikes _____ demand _____?

There are ways _____ energy use _____ costs.

_____ want to _____ if _____ me _____ steps _____ diminish _____ surge _____ will curb bills.

Is _____ any way _____ lower my _____ hours?

_____ reduce demand and _____ use?

What _____ about my peak _____?

_____ are options _____ reduce _____ during high demand _____.

How _____ demand and power _____?

How can I _____?

How _____ lower peak _____ use _____ that utility _____ pound of flesh?

_____ for _____ high _____ consumption _____ demand costs?

_____ way to decrease _____ and _____ peak power usage?

Reducing _____ peaks?

How do _____ my _____ use _____?

_____ cut back on _____ electricity _____?

How _____ I _____ power usage _____ down _____ charges?

How do _____ reduce _____ cost?

There _____ peak energy _____ and decrease costs.

How _____ we decrease usage spikes _____?

How can _____ save _____ peak _____?

_____ do to reduce power _____ peak hours?

How do you _____ save _____?

_____ can I _____ electricity _____ reduce the charges?

Is _____ a way _____ shrink my _____ usage during _____?

What _____ done _____ peak _____ usage?

Ways to _____ and _____ demand _____?

_____ are _____ to reduce _____ electricity usage _____ demand _____.

I'm _____ anyone can _____ that _____ energy surge _____ curb bills.

Ways _____ electric _____?

How _____ usage during _____?

_____ do I _____ demand _____?

How should _____ peak _____ bills?

_____ do _____ curb _____ electric _____?

_____ can we _____ power _____ during _____?

_____ I cut _____ on _____ consumption?

_____ advice _____ to _____ demand charges?

What _____ I _____ about _____ peak _____?

_____ decrease power use _____ times?

Is there a _____ for _____ lower my _____?

How _____ lower peak _____ bring _____ demand charges?

_____ electricity _____ during _____ of high _____?

There _____ ways _____ lower electric _____ and _____.

Reducing _____ during _____ times?

To _____ consumption, what _____ I _____?

_____ should _____ do _____ cut _____ on peak _____?

_____ can _____ peak energy _____.

It _____ possible _____ reduce my _____ usage _____ high-demand _____.

What _____ I do to _____ usage _____ peak _____?

How do _____ lower _____ and _____ bills?

_____ can I do _____ back _____ peak power _____?

_____ can I _____ electricity _____ it's _____ demand?

Reducing _____ during _____ hours, any _____?

_____ curb electric needs _____ demand _____.

Suggestions on _____ high _____ use _____ costs?

_____ steps _____ to lower my demand _____?

_____ about _____ electricity usage _____ peak _____?

How can _____ reduce _____?

_____ decreasing peak _____ needs?

_____ demand _____ & curb your electric needs?

_____ suggestions on how _____ cut _____ energy consumption and _____.

_____ can _____ decrease _____ reduce bill?

_____ do _____ on _____ electricity _____ costs?

_____ the use _____ peaks?

_____ can _____ reduce my _____ usage?

_____ could I _____ power _____?

_____ to _____ electricity usage during _____?

There _____ options _____ my electricity _____ during _____ hours.

_____ can _____ do to _____ peak _____?

How _____ trim peak _____?

_____ electricity _____ cut down and _____ charges _____ be _____ down.

_____ suggestions _____ to _____ my _____ bill spikes?

_____ for cutting peak _____ and lowering charges.

_____ be done to _____ electric costs and _____?

Reducing electric _____ and _____ could _____.

_____ I _____ money on _____ usage?

_____ do I _____ on electricity _____?

Is _____ to _____ down _____ my highest _____ use _____.

_____ can you _____ electric _____?

_____ can _____ back on _____ use?

_____ on _____ to lower _____ electricity use times?

_____ possible _____ decrease electricity _____ and _____ charges.

How _____ I _____ my electricity _____ save _____?

_____ it possible to cut _____ usage and _____?

_____ are ways to reduce peak _____ decrease _____.

Reducing the charges _____ high _____ can _____ achieved by _____ my _____.

How do you cut peak _____?

What _____ be _____ to _____ peak's _____ draw?

_____ can _____ electricity?

How _____ reduce _____ fees _____ minimize _____ power consumption?

Reducing _____ electricity consumption and _____ are _____ tips.

_____ use be decreased during _____?

_____ it _____ decrease _____ electricity use and reduce _____ charges?

How can we _____ times?

How _____ your _____ needs?

Reducing top electricity _____?

_____ you decrease _____ use _____ hours?

_____ to decrease _____ charges and _____ power usage.

How can _____ usage _____ decreased?

_____ energy peaks.

_____ on how _____ high electricity consumption and _____?

_____ we _____ usage spikes or _____ demand _____?

Reducing _____ peak hours?

_____ cut peak energy _____ and lower _____?

There _____ things I _____ to decrease _____ usage.

_____ can actions _____ energy bills?

How can I _____ on _____.

_____ do _____ peak electricity _____?

How _____ power use during _____?

There _____ to _____ usage _____ and _____ demand bills.

Is _____ way to _____ down _____ electricity use _____?

How _____ power usage and _____ demand charges?

_____ suggestions to bring _____?

I'm _____ if anyone can _____ me _____ energy _____ that _____ bills.

Do you know how to _____ energy _____?

How _____ control _____ needs and _____ expenses?

How _____ we _____ and _____ usage?

_____ bring down demand _____?

_____ reduce _____ use during busy _____?

_____ can _____ the _____ demand for _____?

_____ high electricity consumption _____ costs, any _____?

Any _____ on how to reduce _____ peak _____?

_____ usage _____ and _____ demand bills?

_____ I _____ electricity _____ during high-demand hours?

What ways _____ electric needs?

How can _____ my _____

Is it possible _____ reduce _____ and save _____?

Are there _____ tame your _____?

_____ for cutting _____ energy use?

Can _____ cutting demand charges?

_____ electricity usage and demand charges?

_____ can _____ during busy times?

I want _____ down on peak power usage.

How _____ cut peak _____?

Is _____ way _____ electricity usage _____ high-demand hours?

_____ can we _____ high _____ and _____ demand costs?

Can _____ me what steps I should take _____ reduce bills?

How _____ peak _____ use _____ reduce _____?

_____ can _____ less peak _____?

_____ do _____ my peak _____ usage?

I'm looking for _____ peak _____.

How do _____ down _____ charges?

Suggestions on how _____ fight _____ electric use _____?

_____ take _____ cut back on my power _____?

_____ do I cut _____ usage?

Do you _____ any tricks _____ spikes and _____ demand _____?

_____ I save _____ use?

What _____ I _____ electric usage?

There are suggestions _____ how _____ combat elevated _____ demands.

_____ do you _____ your _____ needs or _____ expenses?

_____ do _____ cut my _____ costs?

_____ should I _____ demand _____ power _____?

_____ can _____ cut demand _____?

Is it possible _____ reduce my _____ charges?

What can _____ done _____ demand _____?

_____ can _____ done to cut _____ on my _____ electricity _____?

How can I cut _____ peak _____ use _____ is _____?

How _____ you _____ use _____ busy _____?

Is _____ idea _____ down my highest _____ times?

_____ to reduce _____ minimize charges?

_____ there a way to _____ electric _____ charges?

What _____ I do _____ decrease peak _____?

Can _____ tell me about _____ can _____ to _____ surge and _____?

Is it possible _____ electricity _____ decrease demand _____?

Reducing _____ high _____ times?

_____ my _____ usage _____ peak hours?

_____ a way _____ lower my demands _____ electricity _____?

_____ can _____ reduce my _____ high demand?

_____ electricity _____ at peak _____?

_____ cutting peak _____ consumption?

_____ we _____ usage _____ and lower _____?

_____ I bring down electricity _____?

_____ do I lower my _____?

How can _____ reduce _____ use _____ still _____ demand _____?

_____ actions _____ energy _____ bill?

_____ can I do _____ decrease my _____?

_____ possible _____ reduce peak _____ and decrease _____ charges.

_____ possible _____ electricity usage and demand _____?

_____ can _____ demand _____ peak _____ usage?

How can _____ cut down _____ peak _____ there _____ so _____ charges?

Are _____ electric usage and reduce _____?

_____ I do to _____ peak _____?

How _____ I _____ power _____ peak _____?

_____ do I _____ electricity _____ peaks?

_____ I _____ to _____ down my _____ use peaks _____?

_____ can _____ reduce high _____ consumption _____ lower demand _____?

Is _____ possible to _____ peak _____ bills?

Suggestions on how to _____ costly demands?

_____ how to lower demand _____ electricity consumption?

What can _____ peak _____ consumption?

_____ do _____ demand charges?

_____ should I _____ to lower _____?

_____ I keep _____ charges low?

Is _____ way to _____ highest electricity _____ times?

How can _____ reduce peak electricity _____ in order _____ of _____?

_____ energy consumption _____ charges?

_____ on _____ higher electric use and curtail _____ demands?

_____ ideas _____ how to _____ demand _____?

_____ I _____ electricity usage and _____?

_____ save _____ my electricity use?

_____ we minimize power use _____?

_____ reduce _____ electric usage?

How can _____ lower _____ use _____ reduce _____ charges?

_____ do _____ trim power _____?

_____ reduce my power _____?

Is it _____ cut _____ peak _____ and get _____ of _____ charges?

_____ electricity _____ usage times?

Should I be _____ my _____ usage during _____?

Is _____ possible _____ cut peak _____ consumption _____ charges?

Suggestions _____ to _____ elevated _____ use and curtail _____ demands?

How do _____ power _____?

_____ I _____ peak _____ consumption and lower _____?

What steps should I _____ back on _____?

_____ there any way to _____ costs _____ peak _____?

_____ do _____ lower _____ usage and _____?

_____ can _____ my demand _____?

_____ can I lower _____?

How _____ lower _____ during _____ times?

_____ should be _____ and _____ charges should _____ reduced.

I'm _____ if _____ can tell me about _____ energy _____ bills.

_____ cutting _____ peaks?

How can _____ energy use?

_____ it _____ reduce _____ highest _____ use times?

Is _____ idea _____ on my highest electricity _____ times?

Are there _____ costs and peak _____?

How can I _____?

_____ high _____ and lowering demand costs _____ tips.

_____ to _____ peak _____?

_____ decrease peak use?

What steps should _____ take to _____ on _____.

_____ steps _____ I _____ my demand costs?

How can _____ electric usage _____ charges?

_____ can _____ lower _____ spikes and _____?

"What _____ lower electric _____ peak _____

 Is there ____ way ____ my ____ electricity ____ times?
 ____ I ____ do to reduce my ____ usage?
 Is there anything I ____ to cut ____ highest electricity ____?
 How ____ get ____ use ____ go down?
 ____ you ____ demand expenses ____ your electric needs?
 ____ I ____ peak power consumption.
 Ways to reduce ____ demand ____.
 ____ ways ____ electricity consumption and lower ____ costs.
 ____ back on ____ power usage?
 What can ____ do ____ my ____ use ____ hours?
 How can ____ use ____ bill?

_____ can _____ do _____ decrease my _____ electricity _____?

_____ decrease power use _____ busy _____?

Ways to _____.

What should _____ power use?

_____ keep peak costs _____?

How can I reduce _____ use when _____.

_____ do _____ do _____ cut down _____ electricity _____?

How _____ back _____ electricity usage?

_____ there a way _____ reduce electricity loads _____?

How _____ cut _____ electricity use during _____ hours?

_____ I lower the _____ electricity?

_____ can I _____ less _____ during _____?

_____ use in _____ hours?

_____ can I _____ on _____?

What should I _____ cut _____?

How can I _____ on _____?

_____ to decrease _____?

_____ should lower _____ decrease _____ bills.

_____ steps _____ I take to _____ on _____ use?

How can _____ electricity _____ I _____ it the _____?

How _____ peak power _____ and _____ demand charges?

_____ to lower electric _____ minimize charges.

How _____ my _____ costs and reduce peak _____?

How _____ lower electric usage _____?

_____ usage _____ times of high _____?

_____ be _____ usage spikes _____ decrease demand bills.

_____ I _____ peak use?

_____ question _____ how I _____ cut down _____ electricity use.

Can _____ reduce my _____ high demand _____?

Is it _____ I _____ cut _____ peak _____ use.

Ways _____ reduce both _____ and _____?

_____ want _____ cut down on _____ highest _____ times.

What can I do _____?

_____ I shrink _____ usage during high _____?

_____ should _____ demand _____ minimize peak power _____?

How _____ I cut _____ high electricity use _____?

_____ should _____ to minimize peak _____ usage?

I _____ electricity usage _____ demand charges.

Suggestions on how to _____ costly demands.

_____ can _____ my _____ usage _____ a minimum?

How about _____ usage _____ bringing _____ demand charges?

Can _____ tell _____ what _____ I _____ diminish energy surge _____ affects my _____?

How _____ I _____ electricity _____?

_____ want _____ cut down on _____ usage.

_____ I do _____ cut down _____ peak _____ usage.

Any _____ on how _____ slash _____?

What can _____ to bring down _____ electricity _____?

How can I _____ electricity _____?

How _____ I reduce _____ high demand?

_____ to bring demand _____?

_____ on _____ to _____ and tame costly demands.
 _____ lower energy use _____?
 How _____ I lower _____ use?
 _____ me how I _____ reduce peak _____.
 What _____ I take _____ my peak electricity ____?
 How _____ decrease _____ and _____ peak power use?
 How _____ reduce _____ electricity _____ peak hours?
 _____ I _____ peak _____ usage?
 _____ can I _____ down _____ peak _____ of _____?
 _____ can I _____ back _____ electricity use _____ money?
 _____ I save _____ on power _____?
 _____ anyone _____ I _____ reduce energy surge that curbs bills.
 Any _____ reducing _____ usage _____ peak _____?
 What can be done _____?
 What can _____ do to lower electric _____.
 _____ to _____ during peak times.
 How _____ lower peak _____ usage?
 How _____ peak _____ electricity costs?
 _____ can _____ reduce _____ and demand expenses?
 _____ it _____ to cut _____ energy _____ bill?
 _____ I reduce _____ peak _____ usage?
 How _____ and save money?
 What _____ do _____ cut down on _____ highest _____ times?
 _____ reduce power _____ in _____ periods?
 How _____ during busy times?
 What _____ I do _____ power _____?
 _____ can I cut _____ on electricity _____ is _____?
 _____ there anything you _____ lower electric costs and _____?
 How _____ lower _____ electricity usage when _____?
 _____ do you _____ busy times?
 Ways _____ electric use _____ charges?
 What _____ do _____ demand charges?
 How _____ peak _____ consumption _____ reduce charges?
 _____ to cut peak energy _____ cut _____?
 _____ possible to reduce my electricity _____ high demand _____?
 How do _____ use _____?
 The _____ and decrease demand bills?
 _____ I reduce peak _____.
 _____ are the _____ should _____ to minimize _____ power _____?
 How _____ I lower _____?
 _____ tell _____ how _____ decrease _____ bills?
 How can _____ peak _____ usage _____?
 Can _____ reduce _____ use times to _____ my _____?
 _____ energy _____ and demand fees _____.
 How can I _____.
 _____ reduce power use during _____?
 What _____ to _____ peak _____ usage?
 I was _____ anyone _____ tell _____ about _____ that diminish _____ that curb _____.
 _____ to _____ power _____ during _____ times?
 _____ there _____ ideas for _____ my electricity _____?

____ to ____ peak ____?
 ____ on how to ____ and curtail costly demands?
 Is ____ a way to ____ usage and ____?
 ____ can I ____ consumption and lower my ____?
 ____ reduce power ____ during ____ times?
 What ____ be done to lower ____ and ____.
 ____ cut peak energy ____ money?
 There are ____ do to ____ rid ____ my ____ bill ____.
 Reducing ____ usage in ____?
