

[Demo] NLP Dataset for Customer Service Automation

Company Type	Investment Firms
Inquiry Category	Dividend and interest payment inquiries
Inquiry Sub-Category	Dividend Yield Calculations
Description	Inquiries regarding the calculation of dividend yields, including how to determine the percentage yield on a dividend-paying investment and the factors that affect the dividend yield.
Data Size	5,074 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Investment Firm" customer inquiry. (Purchased data will not be masked.)

Which metrics ____ be considered ____ assessing ____ expected ____ and their ____ on overall ____ performance ____ ?

What criteria ____ to ____ how they affect an entire ____ portfolio ____ ?

Which measures ____ of securities ____ how they affect ____ portfolio ____ ?

How ____ one assess expectedPayout ____ and their ____ on ____ .

____ evaluating securities for ____ dividends ____ influence on ____ investment ____ .

____ their ____ influence ____ long-term ____ portfolios should include specific metrics.

____ we ____ on a portfolio's performance from ____ ratios ____ securities?

What metrics should ____ assessing ____ payoff rates ____ securities, impacting ____ diversified investment's ____ as ____ ?

____ metrics do ____ are relevant to ____ expected ____ on portfolio performance over a long ____ ?

____ metrics are ____ to ____ securities' ____ payouts ____ impact ____ their ____ time

What metrics ____ consider ____ assessing ____ how will ____ affect my portfolio ____ over time?

What metrics do ____ analyze ____ ratios ____ on long-term portfolio performance?

Evaluate ____ to use ____ analyze securities'Payout ratios ____ portfolio ____ .

____ factors evaluate ____ expected ____ securities ____ they ____ portfolio performance?

How can ____ which metrics ____ use in ____ projected ____ their long-term implications on ____ performance?

What metrics are significant ____ the ____ ratios ____ securities, ____ affect the performance of ____ investment ____ ?

____ do we ____ securities' ____ and impact on their portfolios?

____ are things ____ watch for when ____ to ____ payouts ____ growth.

____ metrics should be used ____ ratio effects on ____ ?

____ helps assess securities' projected ____ and ____ investment ____ over time?

What factors ____ securities'Payout ____ affect my ____ portfolio over ____ ?

Which ____ be used to ____ securities' expected payouts ____ performance?

How will ____ use ____ assess ____ expected payouts ____ my portfolio ____ time?

____ the impact of securities' expected ____ on ____ ?

____ relevant to assessing securities' expected ____ and their effect ____ the ____ ?

____ measures assess the expected ____ of ____ portfolio performance?

What _____ to _____ out for when _____ to securities' payouts _____?

What _____ securities' _____ payouts _____ they affect an entire investment portfolio?
 _____ performance _____ may be _____ by _____ used _____ assessing securities' _____ payouts.

Which metrics are _____ for assessing the _____ ratios _____ how _____ performance of _____ investment _____

Do the metrics _____ assess securities' _____ the performance _____ the _____?
 _____ gauge Payout _____ their effect on the _____ portfolio?

_____ metrics do _____ relevant to assess _____ payouts and their _____ on _____ performance over _____?
 _____ sufficiently assess the _____ their effect on _____ portfolio performance?

What _____ impact _____ portfolio _____ the securities' expected payouts?

Which _____ relevant _____ evaluating securities' expected _____ and their _____ on _____ over _____?
 _____ do you _____ are _____ assessing securities' _____ and _____ performance over time?

_____ should be considered while _____ securities for their _____ dividends _____ influence _____ investment portfolios.

Which _____ assess _____ on long-term portfolio performance of _____ of _____?
 _____ I _____ when assessing _____ payouts and how will they _____ over time?
 _____ be used _____ analyzing securities' expected _____ and _____ on portfolio _____ time?

What metrics should _____ used to determine _____ on _____?

Which metrics should _____ consider _____ rates _____ securities, impacting a diversified _____ value _____ time _____?

Do _____ metrics used _____ assessing security's expected _____ the total _____ time?

How _____ analyze securities' expected Payout _____ effect _____ portfolio performance?
 _____ which metrics _____ analyze _____ expected payouts _____ order _____ portfolio _____ over _____.

Which measures _____ into _____ expected _____ of securities _____ effect _____ performance?
 _____ measures _____ I _____ estimated payouts _____ how _____ they affect my portfolio performance _____ time?
 _____ it take _____ assess securities' _____ affect _____ entire investment portfolio?

Given _____ significant _____ on _____ performance throughout, how do I determine _____ govern _____ expected Payout _____?

What metrics are _____ to assessing securities' expected _____ effect _____?
 _____ don't know which metrics _____ in _____ evaluate _____ projected payouts, _____ long-term implications _____ portfolio _____.

Which metrics _____ we use to _____ and _____ on _____ performance?

Which _____ expected payouts of securities and _____ affect _____?

What metrics _____ think _____ relevant _____ assessing securities' _____ payouts _____ their _____ performance over time?

What _____ are _____ to _____ long-term _____ performance of securities' _____ ratios?

What factors _____ taken into account _____ evaluating an _____ projected Payout _____ on _____.
 _____ the metrics _____ assessing _____ the performance of the portfolio?

Which _____ are relevant to _____ securities' _____ and their effect on _____?

What _____ does _____ to _____ securities' _____ payouts and how _____ affect an entire _____ over _____?
 _____ factors _____ securities' Payout _____ do _____ affect my portfolio _____ time?
 _____ assess _____ expected Payout ratios _____ securities _____ effect on Portfolio _____?
 _____ metrics _____ to assessing securities' _____ payouts _____ effect on _____ performance?

When evaluating _____ they affect my _____ performance, what measures _____ use?
 _____ use to evaluate _____ payouts and _____ on portfolio performance?

Can we quantify the _____ a security's _____ ratio _____ with _____ metrics _____ mind?
 _____ metrics are _____ assessing _____ their effect on _____ performance over a long _____?

What _____ are _____ to _____ ratios of _____ they affect _____ performance?
 _____ which _____ analyze securities' _____ in the long _____ to _____ portfolio performance.

How _____ securities' estimated Payout _____ they affect my portfolio's performance over _____?
 _____ metrics _____ considered when assessing securities' _____ ratios and _____ on _____ time?
 _____ analyze securities' _____ payouts and affect long-term _____ performance?
 _____ think metrics are relevant to _____ securities' _____ payouts _____ effect _____
 _____ metrics should be used to assess _____ and _____?

____ criteria ____ be used to ____ securities' ____ payouts ____ how ____ ____ entire investment ____?

What ____ ____ use ____ evaluate ____ estimatedPayout ____ and how ____ ____ affect ____ portfolio performance?

What criteria ____ ____ to assess projected payouts ____ how ____ ____ investment portfolio?

____ which metrics to analyze ____ expectedPayout ratios ____ affect ____ ____ the _____.

____ measures ____ I ____ evaluating ____ estimated payouts and how ____ ____ affect ____ portfolio ____ over time?

What ____ should ____ used ____ assess expected ____ ____ effects on overall ____ ____?

How ____ ____ evaluate ____ estimatedPayout ____ and how do ____ ____ portfolio performance over ____?

____ are used to gauge ____ ____ overall portfolio returns?

____ factors should ____ taken ____ account to ____ security's ____ payout ____ and effect ____ ____ growth?

____ criteria should be used ____ determine ____ impact ____ portfolio ____ of ____ ____?

What are ____ factors that should be ____ when evaluating ____ ____ effect ____ ____?

____ ____ one ____ when evaluating an entity's projectedPayout ____ ____ on portfolios.

____ metrics are ____ ____ securities'Payout ____ and ____ on portfolios.

____ ____ be ____ analyzing securities' anticipated payout ____ and ____ impact on ____ performance?

Does ____ ____ used ____ assessing securities' ____ ____ affect ____ performance ____ the ____ over time?

____ ____ relevant to the assessment of ____ expected ____ ____ effect ____ ____ performance over time?

____ measures ____ ____ use ____ assess the expected ____ of securities ____ their ____ ____ portfolio ____?

Why ____ ____ ____ needed to analyze securities' expectedPayout ratios and effect ____ ____ ____?

____ ____ ____ to ____ securities' expectedPayout ratios ____ to ____ portfolio ____ over time?

Which ____ should ____ ____ to ____ securities' expected ____ and the impact ____ ____ ____ time?

____ are ____ factors ____ watch for in ____ payouts ____ ____ growth?

When evaluating securities' estimated payouts ____ ____ they affect my ____ ____ time, ____ ____ should ____ ____?

Which ____ ____ be looked ____ to gauge a ____ ____ payouts and ____ ____ growth?

____ ____ are ____ to assessing ____ expected ____ ____ their ____ on their portfolios?

What metrics should ____ used ____ ____ expected payout ratio ____ ____ portfolio ____?

What ____ ____ ratios and how ____ affect my overall ____ ____ over ____?

____ ____ are ____ in ____ expected payouts ____ impact ____ portfolios over time?

What criteria ____ ____ ____ projected ____ and ____ they ____ an entire ____ portfolio over time?

How should I rate both ____ ____ ____ growth ____ ____?

____ the metrics ____ for assessing ____ expectedPayout ____ ____ portfolio performance ____ ____?

____ metrics ____ be ____ to gauge expectedPayout ____ effects ____ _____.

____ metrics ____ relevant to ____ ____ expected ____ ____ their ____ on ____ performance ____ a long

____ can I ____ out ____ ____ ____ to ____ securities' projected payouts ____ well ____ ____ long-term implications on
 portfolio performance

____ metrics should ____ ____ to ____ the impact ____ ____ ____ on ____ performance over time?

How can ____ ____ projected payouts ____ securities ____ ____ their influence ____ a ____?

What ____ should be used to ____ ____ and ____ ____?

____ ____ help ____ ____ effects ____ ratios on the whole ____?

____ tell me the metrics ____ are ____ to analyze securities' ____ ____ and ____ ____ portfolio _____.

How ____ ____ ____ entity's projectedPayout ratio and ____ ____ on ____?

What metrics ____ ____ ____ assessing securities ____ payouts ____ their effect on ____ performance?

____ ____ should ____ use ____ evaluate securities' ____ payouts and ____ do they ____ ____ portfolio's performance ____ time?

What metrics ____ ____ securities' expected ____ and their ____ ____ performance?

____ factors ____ ____ portfolio's overall ____ ____ considering anticipated ____ of securities?

____ metrics ____ evaluating ____ ____ their expected ____ and influence ____ long-term investment _____.

____ ____ ____ relevant to assessing ____ expected ____ and the effect ____ portfolio performance ____ ____ ____ period of ____?

Which ____ ____ think ____ relevant ____ ____ expected payouts ____ their effect on ____ performance?

What are ____ ____ ____ relevant ____ ____ securities' expected ____ and their effect on ____ ____ over time?

____ ____ I ____ which metrics ____ use to evaluate the projected ____ ____ securities, as ____ ____ long-term ____ on portfolio
 ____?

I ____ ____ metrics to use in ____ to evaluate ____ projected ____ ____ well as ____ ____ ____ on portfolio

____ do the ____ securities' projected payouts ____ investment portfolio over ____?
 ____ measures ____ to evaluate ____ estimated payouts and how do ____ affect ____?
 ____ metrics should ____ expected payout ratio ____ on portfolio ____?
 How can the ____ of Payout ____ securities ____ be assessed?
 ____ be used ____ payouts and ____ on portfolios?
 ____ should be ____ measure ____ impact of securities' ____ portfolios?
 ____ relevant ____ evaluating expected payouts & ____ on ____?
 ____ which metrics to ____ ratios ____ the ____ run
 How do ____ ratios ____ securities ____ overall portfolio ____?
 ____ metrics affect ____ ratios ____ portfolio ____?
 ____ assess the ____ of securities and their effect ____ long-term portfolio ____?
 What metrics ____ important in assessing ____ expected Payout ratios of securities ____ does ____ of my ____?
 ____ should ____ consider ____ evaluating ____ estimated payouts, and how do they ____ my ____ time?
 ____ metrics to use ____ expected payouts will ____ performance over ____.
 What ____ do we ____ to ____ and ____ an ____ investment portfolio over ____?
 Do ____ securities' expected Payout ratios ____ to total portfolio performance ____?
 ____ are ____ for ____ securities' ____ the effect ____ portfolio performance over time?
 ____ do ____ are ____ to ____ securities' expected payouts ____ effect on ____ performance over ____ long haul?
 How ____ I ____ securities' supposed Payout ratios and ____ they ____ performance ____?
 ____ we use to ____ the ____ ratios of securities and their ____ performance?
 ____ metrics are ____ and the effect ____ their portfolios over time?
 To gauge ____ impact ____ returns, ____ guides have been established using appropriate metrics?
 ____ metrics ____ you think are relevant ____ expected payouts ____ their ____ on ____ a long time?
 What ____ should be prioritized ____ evaluating security ____?
 ____ one ____ expected payouts ____ their ____ on long-term ____ performance through ____?
 ____ guides ____ been established ____ appropriate metrics ____ to ____ a ____ projected payout ____ impact ____ overall ____ returns?
 How ____ the metrics ____ expected Payout ratios of securities ____?
 What factors ____ the Payout ____ securities ____ they affect ____ investment ____ over ____?
 What criteria help assess ____ payouts ____ an entire investment ____ over ____?
 ____ metrics be ____ gauge ____ ratio effects ____ portfolio ____?
 Given the ____ on ____ throughout, ____ I ____ relevant metrics that govern ____ expected Payout ratios ____ to assess securities' Payout ____ and affect portfolios?
 What ____ considered when ____ for their ____ dividends and ____ long-term investment ____?
 Portfolio performance is ____ by ____ metrics ____ securities' expected Payout ____
 What ____ be ____ evaluating ____ entity's ____ payouts ____ its ____ on portfolios?
 ____ metrics ____ relevant to assessing securities' expected ____ on portfolio performance ____ time.
 What ____ help ____ assessing securities' ____ payouts ____ how ____ investment portfolio ____ time?
 What ____ should be ____ payouts and impact ____ portfolio performance over ____?
 How do ____ affect ____ impact on portfolios?
 Is it possible to quantify ____ payout ____ its ____ portfolio performance with ____ in mind?
 ____ will ____ watched ____ securities' payouts ____ portfolio growth?
 Which metrics ____ we ____ relevant ____ securities expected ____ their impact ____ their portfolios ____ time?
 What ____ should ____ to ____ securities' ____ payouts and ____ on portfolio performance ____?
 ____ factors ____ be taken ____ to gauge a security's expected ____ on ____?
 ____ criteria ____ when analyzing securities' ____ and impact on ____ performance?
 Which measures ____ assess ____ ratios of securities ____ effect on ____?
 ____ quantify a ____ payout ratio ____ influence on ____ performance ____ metrics ____ mind?
 Which metrics should be taken into ____ evaluating ____ expected payouts ____ performance ____ time?
 ____ do ____ assessing securities' Payout ratios ____ portfolios?

What _____ assess securities' _____ payouts and _____ on _____ portfolios over time?
 _____ the _____ required to analyze _____ and their _____ on long-term portfolio _____.

I want _____ securities' Payout ratios _____ how _____ my investment _____ over time.
 _____ can _____ which metrics _____ use _____ order _____ evaluate securities' _____ ratios as well _____ their _____ on Portfolio _____

_____ securities' Payout _____ how they affect my _____ portfolio over _____?
 _____ are _____ metrics _____ to assess _____ of securities related _____ portfolio _____?

How should _____ evaluate securities' estimated _____ they _____ portfolio's performance _____ time?
 _____ metrics _____ think are relevant _____ and portfolio performance?

Which _____ been _____ using appropriate _____ to gauge _____ projected Payout _____ impact _____ portfolio _____
 _____ metrics are _____ to assessing _____ payouts and their _____ portfolio _____ over _____ time?
 _____ should _____ used _____ anticipated payoff rates of securities, _____ diversified investment's value _____?
 _____ can _____ influenced by _____ metrics to _____ securities' expected Payout _____.

What are _____ factors to _____ at securities' payouts _____?
 _____ into account _____ gauge a security's Payout ratio and _____ on portfolio _____?

Which _____ determine securities' _____ affect my portfolio over _____?

Which _____ should _____ account to gauge a _____ anticipated Payout _____ and _____ growth?
 _____ that _____ to analyze securities' _____ their effect on portfolio performance
 _____ to use in _____ to evaluate _____ projected Payout _____ as well as _____ implications _____ portfolio _____ a
 _____ should _____ used to _____ payouts _____ their impact on portfolio _____?
 _____ should one _____ an _____ and effect on portfolios?

What metrics _____ significant _____ the expected payouts of securities, _____ this _____ the performance _____ investment _____?

Which _____ do we think are relevant to assessing _____ expected _____ effect _____ a _____

What metrics should we _____ payouts _____ impact on _____ portfolios _____ time?
 _____ are _____ to analyze securities' expected Payout _____ and _____ on _____ performance?
 _____ metrics used for _____ securities' _____ ratios correlate _____ the total _____ time?
 _____ should be _____ into account _____ security's expected _____ and _____ on portfolio _____?
 _____ are _____ assessing securities' _____ payouts and their _____ on portfolio _____ a _____?
 _____ metrics should _____ assessing securities' _____ and how will _____ affect my _____?
 _____ metrics to _____ the expected Payout _____ performance _____ the long run

What factors _____ assessed _____ security's anticipated _____ and _____ growth?

What _____ are used _____ securities' projected _____ and how they affect _____?

What criteria help in assessing _____ how _____ an _____ investment _____?

Which factors should be _____ dividend payments _____ influence _____ portfolio profitability?

Which _____ assess _____ payouts _____ and _____ affect a portfolio's performance?

What _____ important _____ assessing _____ of securities, and _____ this _____ the _____ of my investment portfolio?
 _____ for their _____ and _____ investment _____ should be done _____ specific metrics.
 _____ the metrics _____ assessing securities' _____ ratios affect portfolios _____?

Which metrics are relevant _____ payouts and _____ effect _____ portfolios _____?

How important _____ for assessing _____ on portfolios?

_____ criteria _____ be used _____ assess _____ payouts and _____ they affect an _____ portfolio over _____?

Which metrics are _____ assessments of _____ and their _____ performance _____ time?
 _____ evaluating _____ entity's projected _____ effect on _____ factors _____ be considered?
 _____ securities' estimated Payout ratios _____ my _____ over _____ of time?
 _____ should I _____ to _____ security _____ and _____ over time?
 _____ metrics should be _____ of securities, impacting a _____ overall value as _____ goes on?

What metrics are _____ to analyze _____ expected Payout _____ long-term _____ performance?
 _____ you _____ us how _____ to assess expected _____ securities _____ portfolio performance?
 _____ over time _____ be _____ the metrics _____ for _____ securities' expected Payout _____.

How should _____ evaluate securities' _____ ratios and _____ do _____ affect _____?

Which metrics _____ to assessing the expected payouts _____ securities _____ effect _____ performance _____?

Explain _____ metrics _____ to analyze _____ expectedPayout _____ their _____ on long-term _____ performance _____ should _____ used when assessing _____ payouts and impact _____ portfolio _____ over _____?

How should one determine _____ and _____ long-term portfolio _____?

What _____ at the expectedPayout ratios _____ on portfolio _____?

_____ metrics _____ I _____ when _____ securities' expectedPayout _____ and how will they affect _____ over _____?

What metrics _____ think are _____ to _____ securities' _____ their effect _____ performance?

What factors _____ for securities'Payout Rates _____ Portfolio _____?

Which _____ can _____ payouts _____ performance?

_____ measures _____ assess _____ of securities and _____ long-term _____ on portfolio _____?

_____ can _____ use to evaluate _____ projected payouts, _____ well as their _____ impact _____?

What metrics _____ think _____ relevant to _____ payouts _____ the _____ on _____ performance?

What measures should I _____ of _____ in my portfolio?

What metrics should I _____ order _____ projected _____ well as _____ long-term _____?

_____ should one _____ expected _____ ratios _____ their _____ portfolio performance?

_____ I watch _____ for when _____ payouts and _____ growth?

_____ metrics _____ use _____ evaluating security _____ and portfolio _____?

What criteria can be used _____ assess _____ they _____ investment portfolio _____ time?

_____ metrics are needed _____ analyze _____ ratios and _____ on portfolio performance.

_____ metrics _____ assessing securities' _____ their effect on portfolio performance?

_____ are _____ to assessing _____ and portfolio performance _____ time?

Which metrics _____ and portfolio _____?

Which _____ should be _____ to assess anticipated _____ of _____ the _____ goes _____?

_____ metrics are relevant _____ securities' _____ payouts and their impact _____ time?

What metrics _____ be _____ payout ratio _____ portfolio returns?

To effectively _____ ratio _____ overall portfolio returns, which guides _____ been established using _____?

Which guides _____ created using appropriate _____ for assessment _____ efficiently _____ security's projected _____ impact on _____?

_____ metrics _____ assessing securities' expected _____ and _____ effect on portfolio _____ over a _____?

_____ metrics should _____ to _____ the _____ ratio on portfolio returns?

How _____ the metrics _____ analyze _____ ratios _____ on portfolio performance?

_____ criteria _____ used to evaluate _____ projected _____ and _____ entire investment _____ over time?

_____ look at when _____ evaluate _____ and portfolio growth?

What _____ I _____ when _____ the estimatedPayout _____ of securities in _____?

Which measures adequately assess _____ portfolio _____ of _____ expectedPayout ratios _____?

What _____ I look at _____ evaluating security _____ portfolio _____ over _____?

How can _____ use metrics _____ securities' _____ payouts _____ well as _____ long-term _____ on _____?

_____ metrics should be used _____ assess securities' expected _____ portfolio _____.

_____ can _____ determine which _____ to use _____ to evaluate _____ projected payouts, _____ their long-term ramifications on _____

_____ should _____ when it _____ to securities' payouts and portfolio _____?

_____ factors _____ taken _____ when _____ securities' likely dividends _____ whole _____ profitability?

Which _____ effectively evaluate securities' _____ on _____ portfolio performance?

_____ metrics should be _____ gauge _____ ratio effects _____ portfolio _____?

Please tell _____ metrics _____ to analyze securities' expectedPayout _____ and their _____ portfolio _____

_____ the metrics _____ for assessing securities' _____ payouts _____ total _____ performance _____ time?

Can we _____ projectedPayout ratio _____ influence _____ portfolio performance?

What metrics _____ to _____ securities' expected payouts and how _____ they _____ my _____ over _____?

_____ are the factors _____ when _____ comes to securities _____ growth?

Which metrics are relevant _____ assessing _____ and _____ on portfolio performance _____?

Portfolio performance _____ influenced _____ which _____ to use to _____.

_____ metrics _____ relevant _____ assessing securities' expected payouts and _____ portfolio _____ a long _____?

_____ should one consider when _____ projected Payout ratio _____ effect on _____?

Which _____ relevant to assessing payouts and _____ portfolios _____?

_____ securities' expected payouts to _____ portfolio performance.

Which metrics _____ used _____ securities' Payout ratios and _____ on portfolio _____ time?

_____ the criteria used _____ assess securities' _____ affect _____ portfolio over _____?

What _____ should be used _____ securities' _____ payout ratios _____ impact _____ performance over _____?

_____ can _____ effect of expected payout _____ on _____ performance?

_____ metrics _____ assessing securities' expected payouts _____ on portfolio performance _____ a _____ "

Which _____ do _____ think are relevant _____ expected _____ their effect _____ portfolio _____?

What _____ should I _____ to evaluate securities' _____ and how do they _____ portfolio's _____?

_____ metrics _____ consider _____ anticipated payoff rates _____ securities, impacting a diversified _____ time progresses?

_____ metrics to analyze securities' _____ payouts _____ order _____ performance over _____.

What metrics _____ believe _____ relevant _____ securities' expected _____ their _____ on _____ portfolios over time?

Which metrics do _____ relevant to _____ securities' _____ on their portfolios over time?

What _____ should I _____ to assess securities' expected Payout _____ will _____ affect _____ portfolio _____ time?

What _____ used _____ analyze the _____ on portfolio performance _____ securities' _____ ratios?

_____ to analyze _____ ratios to influence _____ performance _____ the _____ run.

Which factors _____ to gauge a _____ anticipated _____ and effect on _____?

Which _____ are _____ to _____ securities' _____ payouts and _____ over time?

What factors _____ a _____ performance _____ to anticipated Payout _____ of securities?

_____ metrics are relevant to assessing securities' expected _____ and _____ on _____ a _____.

_____ do _____ assess securities' _____ and _____ affect _____ overall _____ performance _____ time?

_____ do I _____ securities' supposed Payout _____ and _____ they affect _____ portfolio _____?

_____ factors determine the anticipated _____ securities _____ how _____ a _____ performance?

_____ want _____ determine _____ metrics to _____ in order _____ evaluate _____ projected Payout _____ well _____ their _____ implications _____ portfolio

_____ should _____ used to _____ securities' _____ and portfolios?

What criteria _____ used to assess securities' _____ affect _____ investment portfolio _____?

_____ I evaluate _____ estimated _____ how do they affect _____ portfolio's _____?

_____ know _____ metrics to use in _____ evaluate securities' _____ ratios _____ their long-term implications on _____

What _____ should _____ used to _____ securities' expected payout ratios _____ impact _____?

Which metrics _____ we _____ are relevant to assessing _____ portfolios _____ time?

_____ specific _____ in _____ we quantify a _____ projected _____ and its effect _____ portfolio _____?

What _____ assess anticipated payoff rates of _____ a _____ overall value as _____ progresses?

_____ which _____ to analyze _____ expected Payout _____ to affect _____ performance.

How can _____ effect of expected Payout _____ on _____ portfolio _____?

What metrics should _____ considered to _____ effects _____ on _____?

Which _____ relevant _____ assessment of securities' expected _____ and _____ impact _____ portfolios over _____?

Do the metrics _____ to _____ expected Payout _____ portfolio _____?

_____ metrics are _____ to assessing _____ expected _____ and _____ on portfolio _____

_____ to _____ expected payouts and _____ performance over time?

_____ metrics _____ relevant to assessing _____ payouts and their effect _____ long

_____ metrics _____ we _____ are relevant to assessing securities' _____ payouts _____ portfolios _____ time?

_____ metrics _____ when evaluating securities' expected payouts _____ will they _____ performance over time?

_____ metrics _____ assess securities' Payout ratios and _____ on _____?

_____ measures _____ expected _____ of securities and the effect _____ long-term _____?

_____ securities' _____ and portfolio performance?

With their _____ impact _____ overall _____ performance _____ how do I _____ the _____ for securities' _____?

_____ ratios and how they affect _____ investment _____ time?

Given _____ overall portfolio performance throughout, _____ do _____ determine the _____ govern securities' expected _____?

What _____ we think are _____ assessing _____ expected _____ effect _____ portfolio _____ over a period?

What _____ used to gauge _____ of _____ payout _____ on _____ returns?

What _____ when _____ likely dividends _____ their influence on portfolio profitability?

How _____ we _____ expected Payout ratios and _____ portfolio performance?

How _____ affect securities' Payout _____ impact _____?

Which _____ should _____ used for assessing anticipated _____ securities, _____ diversified _____ as time progresses?

Which _____ gauge payout _____ and how _____ portfolio?

What _____ should I _____ evaluating securities' estimated payouts _____ will _____ my _____?

_____ to watch for when _____ comes to securities _____ and _____?

The _____ expected Payout ratios on _____ portfolio performance _____ be _____ through _____.

_____ should _____ to analyze _____ ratios and their impact _____ performance _____ time.

_____ should be used _____ the expected Payout ratios of _____ and _____ portfolio _____?

Please _____ the _____ metrics _____ to analyze _____ effect on _____ portfolio performance.

Which metrics do _____ think are _____ assessing securities' expected _____ and _____ portfolio _____ over _____?

_____ are metrics _____ assess _____ impact on portfolios?

Which factors _____ when it _____ securities' payouts and _____?

Does it make _____ consider _____ evaluating _____ for _____ expected _____ influence on _____ investment portfolios?

What criteria should be used _____ and impact on _____?

What metrics _____ be _____ to assess anticipated payoff _____ of _____ impacting a _____ as _____?

_____ to assessing securities' expected payouts and their _____ portfolio _____ over _____ long period _____?

_____ metrics to analyze securities' _____ influence portfolio _____ long run

Can you _____ the _____ to assess _____ and _____ they affect _____ performance?

_____ can be influenced by _____ metrics that _____ analyze _____ ratios.

Which _____ to assessing securities' expected payouts _____ portfolios over time?

_____ do you _____ securities' Payout ratios _____ portfolios?

_____ metrics can _____ used _____ securities' expected _____ their portfolios over time?

Portfolio _____ over _____ is _____ by _____ for assessing _____ ratios.

How _____ the _____ ratios _____ affect _____ performance of _____ portfolio?

_____ should I evaluate _____ expected Payout ratios _____ will _____ affect _____ over time?

How can you assess _____ ratios _____ their _____ performance?

What metrics should _____ used to _____ effects _____ returns?

_____ the metrics used for _____ expected payout _____ correspond _____ performance _____ time?

Which _____ securities' expected Payout _____ and _____ on portfolio _____?

Which metrics should be _____ assess _____ expected _____ impact _____ time?

What _____ should be _____ to _____ securities' _____ and _____ on _____ performance?

_____ do I determine the _____ that _____ given _____ impact _____ overall _____ performance?

_____ have been _____ to efficiently _____ a security's projected Payout _____ on _____ portfolio _____?

_____ that are _____ to assessing _____ payouts _____ effect on portfolio performance.

_____ are the _____ to consider when _____ security payouts _____ portfolio _____?

What _____ should I _____ securities' _____ and how will they _____ my _____ performance _____ time?

What _____ measure the impact _____ ratios _____ portfolio _____?

What criteria aid _____ assessing _____ payouts _____ affect _____ entire _____ over time?

_____ metrics should be used for _____ ratios _____ impact _____?

Which metrics _____ used _____ and _____ effect on portfolio performance over a _____ time?

What are _____ that _____ relevant _____ assessing _____ their effect on portfolio performance over _____?

Do the _____ assessing securities' predicted payouts _____?

_____ metrics to _____ in _____ projected Payout _____ as _____ long-term implications on portfolio performance is a _____ I

_____ can we figure _____ how _____ securities will affect _____ performance over _____?
 _____ you _____ me _____ metrics used to _____ securities _____ they affect portfolio performance?
 _____ factors _____ one _____ when _____ entity's _____ ratio and effect _____ portfolios?
 How _____ gauge a security's projected Payout _____ overall portfolio _____?
 _____ criteria _____ to _____ securities' projected payouts _____ on an entire _____ over _____?
 What factors _____ watched for _____ payouts _____ portfolio _____?
 _____ do you use to evaluate _____ payouts _____ portfolio _____?
 _____ should be used to analyse _____ payouts _____ on portfolio _____?
 Evaluate metrics to analyze _____ payouts in order _____.
 _____ should be _____ securities' _____ payouts _____ their _____ on portfolio performance over _____?
 Which metrics _____ be _____ to _____ expected _____ rates _____ impacting _____ investment's _____ as time progresses?
 What _____ factors _____ for _____ securities payouts and portfolio _____?
 _____ metrics _____ relevant to determining _____ expected payouts _____ on _____ over _____?
 _____ can be used to _____ securities' payouts _____ affect _____ portfolio _____ time?
 _____ should be used when _____ expected Payout ratios and _____ portfolio _____ over _____?
 Which _____ adequately _____ the expected Payout _____ securities and _____ on portfolio _____
 What _____ used to _____ anticipated payouts and their overall _____ performance?
 _____ we measure _____ security's projected Payout ratio and influence _____ metrics _____ mind?
 Which factors _____ be assessed to _____ anticipated payout ratio _____ on _____?
 Which measures adequately assess _____ the _____ on long-term portfolio _____?
 _____ metrics _____ securities' expected Payout ratios affect portfolio _____?
 Which _____ payouts of securities and _____ affect the _____ the portfolio?
 _____ are the _____ to _____ for _____ to securities' payouts and _____?
 Does _____ metrics used _____ expected Payout ratios of _____ performance?
 I _____ know which metrics _____ use _____ evaluate securities' _____ ratios as well _____ implications _____ portfolio
 How do _____ relevant metrics that _____ expected Payout ratios, _____ on overall portfolio _____ throughout?
 What _____ do we think _____ to assessing securities' _____ and _____ effect _____ portfolio _____ a _____.
 _____ for _____ securities' expected Payout ratios affect portfolio _____ over _____?
 What _____ assess _____ payouts _____ they affect an _____ over time?
 How do _____ ratios affect _____ portfolio performance _____ the _____?
 Please _____ metrics _____ needed _____ analyze securities' expected Payout ratios and _____ performance.
 Which guides _____ using _____ metrics for assessment to _____ gauge _____ ratio impact on _____ returns.
 What _____ determine securities' Payout ratios _____ my _____ portfolio over the _____?
 _____ it make sense to consider metrics when evaluating _____ and influence _____ investment _____?
 With _____ we _____ a security's projected payouts _____ impact on _____ performance?
 _____ the _____ used for _____ expected Payout ratios correspond to _____ over _____?
 Do the _____ used _____ evaluate securities' _____ correspond _____ the total _____ time?
 What _____ should _____ to see expected Payout _____ on _____ returns?
 _____ measures thoroughly _____ expected payouts of _____ their _____ on _____ portfolio _____?
 _____ used _____ determine _____ ratios _____ how _____ my investment portfolio over time?
 Portfolio _____ can be influenced _____ metrics _____ securities' expected Payout _____.
 _____ are _____ evaluate securities' _____ ratios and their impact on _____?
 Please _____ what _____ are _____ to _____ securities' _____ ratios _____ their effect on _____ performance.
 _____ securities' expected payouts _____ and _____ on long-term _____ performance?
 What criteria _____ use to _____ asset-based _____ as _____ as _____ they _____ long-run returns?
 What _____ securities' Payout _____ how they affect _____ over time?
 What _____ the impact of securities' _____ on _____?
 Evaluate _____ securities' _____ payouts in _____ affect portfolio performance in the _____.
 What metrics are used _____ evaluate securities' _____ performance?
 Which metrics should be used _____ payoff rates _____ a diversified _____ time _____ on?

What criteria should be used to analyze _____ payouts?
 _____ should we _____ securities' expected payouts and _____ on _____ over _____?
 _____ think are _____ to _____ expected payouts _____ their _____ on portfolio performance over long?
 Which _____ use _____ to evaluate _____ projectedPayout _____ as well as their _____ implications on _____
 How do factors that _____ securities'Payout ratios affect _____?
 _____ impact on overall portfolio _____ I _____ the relevant _____ that govern securities' _____?
 How _____ I _____ securities' _____ ratios and how do _____ my _____ time?
 _____ metrics should be _____ to assess _____ expected _____ and their _____ time?
 How should _____ effect _____ expected payouts _____ portfolio performance?
 Which _____ be taken _____ account _____ measuring securities' likely _____ and _____?
 _____ metrics _____ significant for assessing the expected payouts of _____ how _____ the _____ of my _____?
 How _____ I _____ securities' _____ how _____ they influence my _____ performance _____ time?
 _____ used _____ expected _____ affect portfolio performance over time?
 _____ the factors _____ my investment portfolio over time?
 Evaluate which _____ securities' _____ ratios to _____ performance.
 _____ are _____ assessing securities' _____ and the impact _____ portfolio performance?
 _____ evaluate securities' _____ payouts _____ as their long-term implications _____ performance, I _____ metrics to use.
 Is _____ possible to _____ a security's _____ payouts _____ portfolio _____ with specific metrics _____?
 _____ metrics should _____ used to gauge the _____ ratio _____
 How should one evaluate _____ expectedPayout _____ portfolio performance?
 _____ criteria should _____ considered when analyzing _____ anticipated _____ and their impact _____?
 _____ assess expectedPayout ratios and their _____ on portfolio performance.
 _____ quantify a security's _____ ratio _____ its _____ on portfolio _____?
 What _____ are _____ the _____ of securities' expected _____ portfolio performance?
 How can I _____ out _____ metrics to use _____ order _____ projectedPayout ratios _____ as their long-term _____
 Which _____ are relevant to assessing _____ and _____ on portfolio _____ over _____ period?
 _____ metrics _____ and portfolios?
 Which _____ to assessing _____ expected _____ their effect on _____ performance _____ time?
 Is _____ worth considering _____ when _____ dividends and _____ on _____ investment portfolios?
 How do the anticipated payout _____ of _____ affect _____?
 There are _____ to _____ when it _____ securities' payouts _____ overall _____.
 _____ explain the metrics that _____ to analyze _____ expectedPayout _____ effect on _____.
 _____ the _____ to assess securities' _____ affect portfolio _____?
 _____ one consider in evaluating an entity's _____ ratio _____ effect _____?
 _____ metrics _____ be _____ assessing anticipated payoff _____ of _____ as _____ progresses?
 What metrics should be _____ to _____ ratio _____?
 _____ metrics should be used _____ payouts _____ impact _____ portfolios?
 What _____ determine the _____ ratios and how _____ my _____?
 With _____ metrics in _____ can _____ quantify _____ projected payout _____ its _____ on _____ performance?
 _____ factors should be _____ when _____ an entity's _____ affect _____?
 _____ should _____ to _____ expectedPayout ratio effects on portfolio _____.
 _____ should _____ securities' _____ ratios _____ impact on overall portfolio performance?
 What _____ considered for assessing _____ rates _____ securities, impacting a diversified _____ overall _____ progresses?
 _____ me the _____ analyze _____ expected payouts _____ effect on portfolio performance.
 _____ factors _____ be _____ to gauge a security's expected _____ and _____ portfolio _____?
 What _____ should I _____ when evaluating _____ expectedPayout _____ they _____ my portfolio's performance over _____?
 _____ do _____ assessing _____ payouts affect _____ portfolio over time?
 _____ the metrics we use _____ assess _____ and _____ their portfolios over _____?
 _____ can't _____ which _____ to _____ order to _____ securities' projected payouts, as _____ as _____ long-term _____ portfolio

Do _____ used _____ securities' _____ ratios affect _____ performance?

Can you tell us how _____ metrics used _____ assess _____?

_____ criteria _____ when analyzing securities' anticipated _____ ratios _____ their impact _____ portfolio _____ over _____?

What _____ check _____ of _____ on portfolio performance?

Which _____ are _____ expected payouts _____ the _____ on _____ performance over time?

_____ metrics _____ one _____ assessing _____ rates of securities, _____ a diversified investment's _____ as time goes _____?

What metrics _____ payouts and _____ on _____ performance?

How do you assess _____ securities _____ on portfolio performance?

_____ should _____ the effect _____ portfolio performance _____ expectedPayout ratios?

What _____ should _____ looked at _____ gauge a _____ and _____ on _____ growth?

_____ metrics used to _____ ratios affect _____ performance _____ time?

Which metrics are _____ to assessing securities' expected _____ on _____?

_____ metrics _____ evaluating _____ for _____ payouts _____ influence on long-term investment _____.

_____ be _____ account _____ analyzing securities' anticipatedPayout ratios and their impact _____ portfolio _____ over _____?

metrics are _____ expected payouts and _____ performance _____ a long time

_____ measures _____ we use to _____ the _____ and _____ effect _____ portfolio performance?

_____ are relevant _____ securities' _____ payouts and impact on _____ time?

Will _____ metrics _____ to _____ ratios _____ affect portfolio performance?

_____ measures should I _____ to evaluate _____ estimated _____ and _____ affect my portfolio's _____ time?

_____ the metrics _____ in assessing _____ payouts _____ portfolio _____ time?

_____ do we think _____ relevant to assessing securities' expected payouts _____ effect _____ portfolio _____ for _____?

How should _____ and _____ will they _____ my portfolio's performance?

What _____ do _____ use _____ evaluate securities' _____ affect an entire _____ time?

What criteria _____ in _____ projected payouts _____ how _____ affect an _____ portfolio _____?

_____ criteria _____ be used _____ the impact _____ securities' _____ on _____ over time?

What criteria _____ to analyze _____ and their impact _____ over time?

_____ metrics _____ securities' expectedPayout ratios correspond _____ the total _____ over time?

_____ evaluating security _____ portfolio _____ should I use?

_____ should _____ measure _____ ratios to see their _____ long-term _____?

_____ indicators can you use _____ evaluate _____ expected _____ on portfolio _____?

Which _____ be _____ account _____ assess _____ of securities, _____ a _____ investment's overall value as _____ progresses?

_____ criteria are _____ to _____ how they _____ entire investment portfolio _____ time?

What metrics are _____ for _____ the expectedPayout _____ of _____ does _____ affect my _____?

_____ criteria _____ we use to assess _____ and _____ an _____ portfolio over _____?

_____ should _____ used to judge securities' payouts _____?

What _____ should I use when evaluating _____ ratios _____ should they _____ over time?

_____ securities' estimatedPayout ratios be _____ when _____ my _____ time?

_____ criteria _____ securities' _____ payouts _____ how they _____ an entire investment _____ over _____?

What metrics _____ used to gauge expectedPayout _____ effects _____

What _____ should _____ used _____ analyze _____ ratios and their impact _____ time?

With _____ significant impact _____ overall portfolio performance _____ how do _____ the _____ metrics _____ payouts?

How _____ one _____ expected _____ their _____ on long-term portfolio _____?

What _____ when evaluating _____ payouts _____ how should they _____ my _____ performance over time?

How _____ be _____ and _____ on long-term portfolio performance?

Evaluate _____ metrics _____ analyze _____ expectedPayout ratios _____ portfolio performance in _____.

_____ to assess expected _____ securities _____ the performance of the portfolio?

_____ indicators _____ ratios and _____ impact on portfolio performance?

_____ indicators _____ use _____ expected payouts and long-term _____ performance?

_____ are _____ factors that _____ ratios _____ they affect my _____ over time?

Which _____ have _____ using _____ metrics to _____ the impact _____ a security's _____ payout ratio?
 _____ the _____ I _____ to _____ expected Payout ratios impact _____ over time?

How _____ the metrics used _____ assessing securities' _____ ratios _____?
 _____ factors should be used to _____ effect on _____ growth?

Which _____ assess _____ ratios _____ securities _____ how _____ affect portfolio performance?
 What metrics are _____ securities' Payout ratios _____ their _____ on _____?
 What _____ do we _____ to _____ securities' _____ payouts _____ on _____ time?
 _____ metrics used _____ to the total _____ performance over time?

What _____ be _____ when evaluating an entity's projected Payout _____ and _____?
 What metrics _____ be _____ effects on overall portfolio _____?
 _____ be _____ for _____ security payouts _____ portfolio growth?
 _____ should _____ taken into account _____ assess a security's _____ and _____ portfolio _____?
 _____ do _____ assess securities' Payout _____ and _____?
 _____ should I use _____ and how do they affect _____ over time?

Which metrics are important for _____ ratios _____ how _____ this affect _____ performance _____ my _____ portfolio?
 _____ should be _____ to _____ payoff _____ of securities, impacting a diversified investment's _____ as _____?
 _____ metrics should _____ used to assess securities' _____ and impact _____?
 Portfolio performance _____ impacted by _____ securities

What _____ be used _____ effects of the _____ payouts _____ returns?
 _____ the impact _____ portfolio _____ of securities' _____ ratios?

What _____ are _____ to assess the _____ of securities, _____ does this _____ my _____?
 _____ a security's projected _____ portfolio returns, which guides have been _____ using _____?
 _____ adequately assess the _____ ratios _____ their effect _____ Portfolio performance

Which _____ be considered _____ payoff rates of securities, impacting _____ diversified _____ overall _____ progresses?
 _____ should be considered _____ determining _____ entity's _____ ratio _____ on portfolios?
 _____ used to assess _____ and their _____ on portfolios?
 _____ metrics _____ be taken into account when _____ securities' _____ their _____ on _____ performance over _____?

What _____ is used _____ projected _____ how they _____ entire _____ portfolio _____ time?
 What factors determine _____ and how they _____ time?
 _____ used to _____ and their effect on _____ portfolio performance

How should one _____ ratios _____ effect _____ long-term _____ performance
 What criteria _____ be _____ when _____ securities' anticipated _____ their impact _____ performance _____?
 Which _____ of securities _____ how _____ affect a portfolio's performance?
 _____ securities' expected Payout ratios _____ their effect _____ long-term portfolio performance.

How _____ determine which _____ to _____ securities' _____ payouts, as well as _____ long-term implications _____ portfolio _____?
 _____ metrics are relevant to assessing _____ expected _____ effect _____ over a long _____?

Which factors affect a _____ overall _____ it comes _____ predicted _____?
 _____ the _____ to _____ securities' _____ payouts in _____ influence _____ performance _____ time.
 _____ can _____ assess projected _____ of _____ determine _____ on a _____ performance _____ time?
 _____ can _____ determine _____ on _____ performance over _____ by assessing projected _____ of _____?

How _____ ratios affect _____ portfolio's _____ over the _____ term?
 _____ factors _____ gauge _____ security's expected Payout ratio _____ effect on portfolio _____
 _____ criteria should be used _____ analyzing _____ ratios _____ portfolio performance over _____?

What metrics are _____ assessing _____ expected Payout ratios of _____ and how _____ the _____ of my _____?
 How do _____ securities' _____ ratios and how _____ my overall _____ performance _____?
 _____ criteria _____ be _____ when _____ securities' _____ and impact _____ portfolio performance _____ time?
 metrics _____ we _____ relevant _____ assessing _____ expected payouts and their _____ on _____ a period

Which _____ we think _____ expected payouts _____ their _____ on portfolio performance _____ time?
 _____ metrics should be _____ at _____ ratio effects _____ portfolio _____?
 What metrics should be _____ gauge _____ expected payout _____ returns?

____ criteria are ____ securities' projected payouts ____ affect ____ portfolio ____ time?
 ____ may ____ affected by the ____ used for assessing ____
 What criteria should be ____ analyzing ____ expected payouts and ____ performance?
 How ____ ratios ____ securities ____ a ____ overall performance?
 ____ be used to ____ securities' Payout ratios and ____ on ____?
 ____ can ____ influenced ____ metrics ____ analyze securities' expected Payout ratios
 What metrics should ____ take ____ expected payouts and how ____ they ____ my ____ performance ____?
 Do ____ metrics ____ expected Payout ratio affect ____ over time?
 ____ time can be affected ____ metrics ____ assessing ____ expected payouts.
 What metrics should ____ when ____ ratios and ____ they ____ my ____ performance?
 Does ____ make ____ while ____ securities for their ____ influence on long-term investment ____?
 Which ____ to ____ a ____ ratio ____ its effect on portfolio growth?
 What ____ be taken ____ to ____ anticipated payouts and ____ on portfolio growth?
 metrics ____ relevant to ____ securities' expected payouts ____ their ____ portfolio ____ a ____
 ____ of securities' expected Payout ratios ____ performance should be ____.
 What metrics ____ used for ____ of ____ impacting a diversified investment's overall value ____ on?
 Which ____ be ____ the ____ of securities' dividends ____ portfolio profitability?
 ____ should ____ to judge securities payouts ____ portfolios?
 ____ do we think ____ relevant ____ payouts and impact on ____ over ____?
 What ____ should ____ evaluating securities' ____ ratios ____ should they affect my ____?
 To efficiently gauge ____ security's ____ payouts ____ returns, ____ guides ____ using ____ metrics for
 assessment?
 Evaluating metrics ____ securities' ____ payouts ____ in the long run.
 ____ metrics ____ securities' expected Payout ____ and ____ on long-term portfolio performance?
 What metrics ____ the ____ performance of securities' ____?
 Which numbers ____ gauge the effect ____ ratios ____?
 ____ metrics ____ required ____ securities' expected Payout ____ and ____ effect on ____ portfolio ____
 ____ should ____ determine expected Payout ratios and ____ performance?
 ____ metrics should be used ____ the ____ payout ____ on ____ returns?
 ____ the ____ for assessing securities' expected Payout ____ correspond ____ performance over time?
 Which metrics should ____ when assessing anticipated payoff ____ securities, impacting ____ investment's overall ____
 time ____?
 ____ should ____ assess ____ and ____ on long ____ portfolio performance?
 ____ criteria ____ we use to ____ securities' projected ____ affect an ____ over ____?
 ____ do we think ____ relevant to assessing securities' expected ____ and ____ portfolio performance ____ a ____?
 Does ____ for evaluating ____ expected Payout ____ affect portfolio ____ time?
 Can we quantify ____ payout ____ on portfolio ____ with specific metrics ____ mind?
 Evaluate ____ to ____ in the ____ run ____ influence portfolio performance.
 Which ____ can ____ securities' expected payouts and their ____ on portfolio ____?
 ____ can we ____ the ____ of ____ of securities ____ a portfolio's performance ____?
 Can we ____ a security's ____ payout ratio and ____ on portfolio performance ____ mind?
 Do ____ used ____ securities' payout ratios ____ over time?
 How do the ____ aid ____ assessing securities' ____ affect an ____ portfolio ____?
 What metrics ____ important ____ expected ____ ratios ____ securities, and ____ does this affect my ____?
 ____ metrics ____ relevant ____ expected payouts ____ their ____ on portfolios?
 ____ are ____ factors to monitor ____ securities' ____ and ____?
 What metrics ____ needed to ____ securities' expected Payout ____ portfolio ____?
 What measures ____ when evaluating ____ and how ____ they ____ my ____ performance?
 Which metrics ____ be ____ to ____ anticipated payoff rates ____ a ____ investment's overall ____ time ____ on?
 What ____ securities' ____ and ____ performance?
 Which measures adequately ____ the ____ securities and ____ portfolio performance?

What factors _____ be watch for _____ comes to _____ payouts _____ ?

Which _____ relevant _____ securities' expected payouts _____ their effect on _____ ?

What _____ should be taken _____ expectedPayout _____ on portfolio performance over time?

What metrics do _____ think _____ relevant _____ securities' _____ payouts and _____ time?

_____ I _____ to evaluate _____ estimated _____ and _____ do they affect _____ performance?

What criteria _____ to assess the _____ securities _____ an entire investment portfolio over time?

What _____ at _____ expected payouts and _____ performance?

What metrics should be _____ to _____ impact on portfolio _____ over _____ ?

What metrics do _____ relevant _____ securities' expected payouts _____ their impact on _____ over _____ ?

What metrics _____ be _____ when assessing securities' _____ performance over time?

What _____ we _____ are relevant _____ assessing _____ payouts _____ effect _____ portfolio performance?

What _____ are used _____ expected payouts _____ on _____ performance?

_____ the impact of securities' expectedPayout _____ on _____ ?

_____ be _____ at to gauge a _____ payouts _____ its _____ portfolio growth?

_____ metrics are _____ assessing the _____ ratios _____ and how does this _____ the _____ my _____ portfolio?

_____ ought to _____ watched for securities' _____ portfolio _____ ?

Which _____ should be _____ to evaluate _____ expectedPayout _____ portfolio performance over _____ ?

_____ relevant to assessing _____ expected payouts _____ performance _____ time?

What _____ evaluate _____ of securities' expected payouts _____ ?

What _____ do _____ expectedPayout _____ securities and _____ they affect portfolio performance?

What criteria _____ be _____ anticipatedPayout ratios and _____ overall _____ on _____ over time?

What criteria should _____ into _____ securities' anticipated payouts and _____ portfolio performance _____ ?

_____ to _____ in order _____ evaluate securities' projectedPayout _____ as well as their long-term _____ on _____

_____ do _____ ratios _____ affect a portfolio's _____ performance?

_____ can _____ use to _____ expected payouts _____ effect _____ portfolio performance?

What _____ I use to assess _____ will they _____ my portfolio's performance over _____ ?

_____ the metrics used _____ ratios correspond tototal _____ over time?

_____ metrics _____ to _____ expected _____ of securities _____ they affect _____ performance.

When _____ securities' estimatedPayout ratios _____ they _____ portfolio _____ what _____ should I consider?

_____ can I _____ which metrics _____ to evaluate securities' projectedPayout _____ well _____ long-term _____ portfolio performance

_____ adequately assess _____ expectedPayout _____ of securities _____ long-term portfolio performance

_____ metrics should be taken _____ when _____ securities' expectedPayout _____ and their _____ overall _____ performance _____ ?

How _____ assess _____ payouts _____ their effect _____ a portfolio's _____ ?

_____ to _____ the expectedPayout ratios to influence _____ .

Which _____ are _____ to _____ securities' expected payouts and _____ performance over _____ ?

_____ metrics do we _____ relevant _____ assess securities' _____ and _____ over time?

_____ used _____ securities' expectedPayout ratios can affect _____ .

Evaluate metrics _____ analyze securities' expectedPayout _____ influence overall _____ performance _____

What metrics _____ expectedPayout _____ and impact _____ performance?

_____ should be _____ analyze _____ of securities' anticipated _____ ratios on _____ performance over _____ ?

_____ I determine _____ relevant metrics _____ securities' expected _____ given _____ significant impact on _____ ?

_____ adequately assess _____ ratios of _____ and their impact _____ performance?

Which metrics do we _____ are relevant _____ assessing securities' _____ on _____ ?

_____ metrics used to _____ ratios _____ portfolio performance over _____ ?

What measures should _____ evaluating securities' estimated payouts and _____ they _____ ?

_____ metrics should be _____ payoff rates _____ securities, impacting a diversified _____ overall _____ as _____ ?

What _____ be considered when _____ ratio and its effect _____ ?

Do _____ metrics _____ for assessing _____ ratiosaffect _____ performance over _____ ?

_____ factors should be considered _____ securities' _____ portfolio _____ ?

Given the _____ overall _____ performance throughout, how do _____ the _____ metrics for _____ payout _____?

The _____ of _____ payout _____ performance _____ be assessed through _____ measures.

_____ guides _____ been established _____ appropriate _____ to efficiently gauge _____ ratio _____ on _____ portfolio returns

_____ metrics have an _____ on _____ payouts _____?

_____ factors should one _____ while _____ an _____ projectedPayout _____ effect _____ portfolios?

_____ measures should _____ consider when evaluating _____ estimated _____ how _____ they affect _____ portfolio performance _____?

Which metrics do _____ are _____ when _____ securities' expected payouts _____ portfolios over _____?

_____ metrics _____ be considered when determining _____ on _____ returns?

How _____ ratios and their _____ on _____ portfolio performance?

How _____ securities' _____ and _____ do they affect _____ portfolio performance _____ time?

Which _____ thePayout _____ and _____ effect on _____ portfolio?

_____ to analyze securities' expected payouts and the effect _____?

_____ should metrics _____ used _____ judge securities _____ and _____ on _____?

Given _____ on _____ performance, how do I determine the _____ metrics _____ govern _____ payouts?

Please _____ me _____ metrics needed _____ analyze securities' _____ ratios and their _____.

Which _____ have _____ using _____ to gauge a security's projectedPayout _____ returns?

_____ metrics _____ should _____ considered while _____ securities _____ their _____ dividends and influence _____ long-term investment _____.

_____ be assessed _____ gauge a _____ anticipated _____ and effect _____ portfolio _____?

We _____ that certain _____ relevant _____ assessing securities' _____ their effect _____ portfolio _____.

_____ metrics _____ to determine _____ ratio effects _____ overall portfolio _____?

How _____ determine the _____ portfolio's _____ over time by assessing projected _____ securities?

_____ should _____ use _____ determine security payouts _____ growth?

What criteria do _____ and affect _____ entire _____ portfolio over time?

_____ metrics do we _____ to assessing securities' expected _____ and _____ portfolio performance _____ long period?

_____ can I use to _____ securities' projectedPayout _____ as _____ on portfolio performance?

Which _____ we think _____ to _____ securities' expected payouts and _____ effect _____ their portfolios _____?

What _____ should _____ when evaluating _____ payouts _____ do they _____ my portfolio _____ time?

What _____ security payouts _____ portfolio growth over time?

Which measures _____ expectedPayout _____ of _____ and _____ effect _____ long term portfolio _____

How _____ we determine how the _____ payouts of _____ will _____ portfolio's _____?

What metrics _____ be used to _____ effects _____ returns

_____ should _____ the _____ expected payout ratios on _____ portfolio _____?

Evaluate _____ to _____ securities' _____ influence _____ performance over time.

How do anticipatedPayout _____ of _____ affect _____?

What metrics _____ for _____ expected _____ their effect on portfolio _____?

_____ securities'Payout _____ and how they impact my investment _____?

Does _____ metrics used _____ assessing _____ expected _____ performance _____ time?

_____ factors should be _____ to _____ a _____ anticipatedPayout _____ its effect on _____?

_____ the impact _____ performance throughout, _____ do I _____ relevant _____ that _____ securities' expected payouts?

_____ do metrics _____ securities' _____ and _____ performance?

_____ should _____ assess _____ payout ratios and _____ effect on long-term portfolio _____?

Which _____ are _____ to _____ the expected _____ impact _____ portfolios?

What measures should _____ use when evaluating _____ should they _____ my portfolio performance _____?

_____ are _____ for assessing the expectedPayout ratios of securities, and _____ this _____ investment _____?

What _____ should be _____ a _____ payouts and effect _____ growth?

What metrics _____ I use _____ and _____ growth?

_____ factors _____ anticipatedPayout _____ securities and how they _____ portfolio's performance?

_____ are the _____ evaluate security payouts and _____ over _____?

_____ should I evaluate both _____ and _____ growth _____?

What metrics _____ securities' Payout _____ and _____ on portfolios?

How _____ I determine _____ metrics to use in _____ securities' _____ payouts, as _____ the _____ implications _____ performance

_____ assess securities' _____ their impact on portfolio _____?

_____ metrics _____ be _____ ratio effect on overall _____ returns?

_____ the metrics _____ assessing securities' expected Payout _____ Performance _____ Time?

How _____ use _____ assessing securities' _____ payouts impact _____ portfolio _____ time?

Which metrics are _____ assessing _____ expected Payout ratios of _____ how _____ performance of _____ investment _____?

What _____ should _____ when evaluating an _____ projected Payout ratio and _____ on _____?

_____ metrics _____ important for determining _____ expected _____ of securities, and _____ this affect the _____ portfolio?

_____ assess projected Payout ratios _____ securities and determine _____ on portfolio _____ time?

_____ should be _____ assess _____ expected payouts of _____ and their effect _____?

What _____ to analyze _____ payouts _____ effect on long-term portfolio _____?

_____ used _____ projected payouts and _____ an _____ investment _____ over time?

What metrics should _____ use _____ evaluating securities' _____ payouts _____ my portfolio's performance _____ time?

I _____ what factors _____ securities' _____ ratios and _____ affect _____ investment portfolio over _____.

How can I determine which metrics to _____ in _____ evaluate _____ in _____?

_____ metrics _____ we _____ are relevant to _____ expected payouts and their effect _____ a long _____?

_____ criteria should _____ and their effect on portfolio performance _____ time?

_____ taken into account _____ securities' _____ ratios _____ on portfolio performance over time?

How do _____ determine _____ ratios and _____ do they _____ over _____?

_____ assess _____ projected Payout ratios of _____ determine their _____ on portfolio performance _____?

_____ metrics _____ used _____ assess _____ payoff rates of securities, _____ a _____ overall value _____ time _____ by?

_____ are relevant to _____ expected payouts and _____ effect _____ performance _____?

What metrics are _____ securities' _____ payouts _____ their effect _____ performance _____ a _____?

Which _____ should _____ gauge _____ payouts and impact _____ portfolio growth?

Which metrics _____ be used _____ the impact _____ portfolio performance _____ time?

Which _____ assess the _____ securities _____ their _____ term portfolio performance?

_____ do I _____ the relevant metrics _____ govern securities' _____ payouts, given _____ overall _____ performance _____?

Portfolio _____ used for assessing securities' expected Payout ratios.

_____ relevant metrics _____ analyze _____ expected payouts _____ effect on _____ portfolio performance.

_____ gauge _____ security's _____ ratio _____ returns, which _____ been established _____ appropriate metrics for assessment?

What _____ securities' expected payouts _____ long-term portfolio _____?

What metrics _____ we _____ relevant to assessing _____ expected payouts and effect _____?

To evaluate _____ projected payouts, _____ to _____ metrics to use, _____ well _____ their _____ implications _____ portfolio _____.

What _____ should _____ used _____ analyze _____ anticipated Payout ratios and _____ on portfolio _____?

_____ metrics _____ to _____ payouts _____ portfolio growth over time?

Evaluating _____ for _____ respective _____ influence _____ long-term _____ portfolios _____ include specific _____.

_____ metrics _____ to analyze securities' _____ ratios and _____ effect _____ performance.

Which factors should be looked _____ security's expected _____ its _____ on _____?

_____ metrics should be _____ for _____ expected _____ and influence _____ long-term _____ portfolios.

_____ metrics look _____ the impact _____ securities' _____ ratios _____ portfolio _____?

Which _____ should be _____ assess _____ payoff _____ of securities, _____ time _____?

What metrics _____ I use _____ assessing securities' _____ how will they _____ performance _____ time?

_____ measures should I use _____ evaluating securities' Payout ratios _____ do _____ affect _____ performance _____?

_____ metrics _____ used to gauge the effect on _____ of _____?

_____ are relevant _____ assessing _____ payouts and their _____ on portfolio _____?

What metrics _____ to evaluate _____ ratio effects _____ portfolio _____

What metrics do you _____ expected _____ of securities _____ affect performance?

Which _____ relevant to assessing _____ payouts _____ on portfolio performance over _____?

_____ metrics _____ analyze _____ expected _____ to influence _____ over time.

What _____ should be taken _____ to gauge a _____ payouts _____ portfolio _____?

_____ metrics should I _____ when assessing _____ ratios _____ how will _____ portfolio?

Does it make _____ consider _____ securities for _____ influence on long-term investment portfolios?

Which metrics _____ to _____ expected _____ the _____ on _____ performance _____ time?

_____ measures assess _____ ratios of securities and _____ on _____?

How _____ securities' estimated Payout _____ and influence my _____ time?

The _____ used _____ assessing securities' _____ ratios _____ portfolio _____.

Can we quantify a _____ ratio _____ its _____ on _____ with specific metrics _____?

_____ can I determine which _____ use in _____ evaluate _____ projected payout _____ securities in _____?

What _____ be _____ when _____ an _____ and effects on portfolios?

What criteria can we _____ to _____ how they affect an _____ portfolio _____ time?

_____ metrics _____ we _____ to _____ securities' _____ payouts _____ on portfolio _____ over a period?

_____ one _____ at _____ payouts _____ long-term portfolio performance?

_____ should I consider when evaluating _____ ratios _____ how _____ they _____ my _____ performance over _____?

Which _____ be used _____ assess _____ rates of _____ diversified _____ overall _____ as time progresses?

What criteria can you use _____ assess securities' _____ and _____ they _____ an entire _____?

Which _____ think are relevant _____ assessing _____ and _____ portfolio performance over a period?

_____ we _____ to _____ projected payouts and affect an _____ portfolio?

Which factors should _____ gauge _____ expected payouts _____ on portfolio growth?

_____ factors _____ a portfolio's _____ to anticipated _____ ratios of securities?

_____ metrics _____ for determining securities' expected Payout _____ affect _____?

_____ to _____ securities' expected payouts in _____ influence _____ in the long _____.

What _____ use to assess securities' _____ and _____ investment portfolio?

What metrics should _____ assess expected Payout _____ on _____ returns

What metrics _____ expected payouts _____ on portfolio _____?

_____ the significant _____ overall portfolio performance throughout, _____ I determine _____ govern _____ expected payouts?

_____ do _____ ratio and _____ factors affect _____ investment portfolio _____?

Do the metrics used _____ payouts _____ the total _____ over time?

Please _____ metrics that _____ to _____ securities' _____ ratios _____ their effect _____ portfolio performance.

Which indicators _____ used to _____ securities' _____ and _____ portfolio _____?

_____ I _____ metrics _____ use in _____ to evaluate _____ projected payouts, as _____ long-term _____ on portfolio _____?

How do I _____ and _____ affect _____ portfolio performance _____ time?

What metrics _____ to gauge the _____ of _____ on portfolio _____?

_____ factors to watch _____ when _____ comes _____ securities' payouts and _____.

Which _____ payout ratios _____ effect on the _____?

_____ I choose _____ evaluating security payouts and _____?

_____ criteria _____ projected payouts and how they affect an investment _____?

What criteria _____ be _____ to analyze the _____ of _____ anticipated Payout _____?

How _____ we _____ the _____ performance of _____ expected Payout ratios?

_____ I _____ when _____ estimated _____ and how will _____ affect my portfolio _____?

_____ metrics should _____ gauge expected Payout _____ effect _____ portfolio returns

What _____ are used _____ assess securities' projected payouts _____ they affect the _____?

_____ have _____ established using _____ metrics _____ of a security's _____ ratio on portfolio returns

_____ that certain metrics are relevant _____ assessing securities' _____ on portfolio _____.

_____ we assess securities' projected payouts and _____ they _____ entire _____ time?

_____ affect my _____ over the long run?

Which _____ should be _____ measuring securities' likely dividends _____ on _____ ?

_____ which metrics to _____ in _____ evaluate _____ payout ratios _____ as their long-term implications on _____ performance _____

_____ metrics _____ relevant to assessing _____ payouts and _____ their portfolio _____ time?

_____ use _____ determine _____ payoff rates _____ impacting a _____ investment's overall value as time _____?

_____ measures _____ the effect _____ portfolio _____ expected Payout ratios of securities?

Which metrics are important _____ assessing _____ ratios _____ and _____ does this affect _____ investment portfolio?

_____ should _____ used to gauge the expected _____ effects on _____ ?

What _____ should _____ in _____ evaluation of security _____ and _____ ?

_____ be used in _____ expected payouts and _____ impact _____ portfolio _____ ?

What metrics are _____ for assessing _____ expected Payout ratios _____ and how does this impact _____ ?

_____ guides have _____ appropriate metrics for _____ to _____ security's projected Payout ratio _____ on _____ returns?

What _____ can be _____ projected payouts _____ an _____ investment portfolio?

Which metrics _____ securities' expected Payout ratios and _____ portfolio performance over _____ ?

_____ metrics are relevant to _____ expected _____ and _____ on _____ over _____ .

Which metrics should be used _____ rates of _____ time _____ on?

What _____ be _____ securities' _____ and _____ impact _____ portfolio performance over time?

_____ to assessing _____ payouts and their effect _____ portfolio performance over _____

_____ are _____ assessing _____ and _____ effect on _____ performance over time?

_____ criteria should _____ when analyzing _____ anticipated payouts _____ their _____ on portfolio performance over _____ ?

_____ over _____ affected by _____ metrics used for _____ securities' _____ ratios.

_____ guides _____ to _____ security's _____ ratio _____ on portfolio returns?

Which metrics _____ we _____ relevant to _____ expected payouts _____ effect on _____ ?

_____ are used _____ assess _____ payouts of securities _____ they _____ performance?

_____ which metrics _____ securities' expected Payout _____ overall portfolio performance.

Which _____ for evaluating _____ expected Payout _____ and how _____ this affect my investment _____ ?

How can I _____ which metrics _____ use _____ order _____ projected _____ as well _____ their _____ implications _____ ?

Which metrics should one _____ assess _____ payoff rates _____ a diversified _____ ?

Which metrics _____ relevant _____ assessing securities' predicted _____ their effect _____ time?

I _____ in _____ to evaluate _____ payouts, _____ well _____ their long-term implications on portfolio performance.

_____ determine _____ metrics that govern securities' _____ ratios, given their significant _____ portfolio performance _____ ?

What criteria _____ be _____ analyze securities' _____ impact _____ portfolio performance?

What _____ needed _____ analyze securities' _____ effect on portfolio performance?

What _____ should _____ securities' _____ and _____ should they affect my portfolio _____ time?

Do _____ for assessing _____ expected Payout ratios correspond to _____ total portfolio performance _____ of _____ ?

Which metrics _____ expected _____ impact on portfolio performance _____ a period?

What _____ securities' expected Payout ratios _____ portfolio performance?

_____ use _____ securities' projected payouts and affect _____ investment _____ over time?

_____ do I determine _____ metrics that govern _____ payouts _____ their _____ impact _____ portfolio performance?

How _____ to _____ payouts and how they _____ entire investment portfolio over time?

_____ metrics used for assessing _____ expected Payout _____ portfolio _____ ?

Which factors _____ be taken _____ at securities' _____ whole portfolio profitability?

Is the _____ for _____ securities' _____ ratios affecting portfolio _____ time?

_____ metrics _____ be _____ anticipated payoff rates of _____ impacting a diversified _____ as _____ progresses?

_____ factors determine the _____ of securities and how _____ a _____ ?

_____ metrics _____ important for _____ the expected payout _____ securities, and _____ does _____ the _____ of _____ investment _____ ?

_____ should _____ considered _____ evaluating an entity's projected Payout ratio _____ effect _____ .

_____ the _____ impact on portfolio performance _____ do _____ the _____ that _____ securities' expected Payout ratios?

_____ factors _____ watch for _____ comes to _____ portfolio growth?

Given _____ impact on _____ performance throughout, _____ do _____ determine _____ relevant _____ that _____ securities' _____ payouts?

What are _____ metrics _____ to _____ expectedPayout _____ how do _____ affect _____ performance?

Will the _____ to assess _____ payouts of _____ portfolio _____?

Which _____ have been _____ that use appropriate metrics _____ to _____ projectedPayout _____ impact _____ overall _____ returns

_____ metrics _____ evaluate security payouts and portfolio _____?

What _____ do we _____ relevant _____ assessing securities' _____ their _____ portfolio performance?

Can _____ quantify _____ projected payout ratio and _____ performance with specific _____ mind?

Evaluate the _____ analyze _____ expectedPayout _____ portfolio performance in _____ run.

_____ metrics _____ assessing securities' expected _____ their _____ on portfolio _____ over time?

_____ can I determine _____ use to evaluate _____ payouts as _____ as _____ implications?

How should _____ be used _____ assess _____ and _____ on _____?

What _____ you _____ to _____ projected payouts and _____ they affect an _____ over _____?

_____ assess _____ payouts and their effect on _____?

To _____ gauge a _____ impact on _____ portfolio _____ which guides have been _____ appropriate _____?

How _____ I _____ payouts _____ influence my portfolio performance _____?

What _____ asset-based dividend _____ along with assessing _____ they affect _____ returns?

_____ guides _____ appropriate _____ in _____ to _____ gauge a security's _____ payout ratio _____ overall portfolio returns?

What _____ use when evaluating securities' _____ payouts and _____ do _____ affect my _____ time?

_____ explain the _____ needed to _____ their effect on _____ portfolio performance

_____ criteria _____ to analyze _____ payouts and _____ impact on _____ portfolio?

How _____ determine _____ ratios and _____ my _____ portfolio _____ time?

What _____ things to _____ assessing projected dividends _____ to _____ portfolio _____?

_____ should be _____ expected payouts and _____ impact on portfolio _____ over _____?

_____ factors _____ when _____ an entity's projected payout _____ on portfolios?

_____ anticipated dividends and influence on _____ investment portfolios _____ metrics.

_____ can _____ determine which _____ to use _____ to _____ securities' projected _____ as _____ long-term implications on _____ performance?

What _____ use when _____ estimated payouts and how _____ they affect _____ performance over _____?

_____ which metrics _____ expectedPayout ratios _____ influence portfolio _____ in _____ long _____

_____ the _____ used _____ assessing _____ to the total _____ performance over time?

_____ guides _____ established using appropriate _____ gauge a security's projectedPayout ratio _____ on _____

What metrics _____ used _____ determine _____ of securities, _____ investment's _____ value as time progresses?

How can _____ which metrics _____ use _____ securities' projectedPayout _____ as well _____ implications on _____ performance?

What _____ used to estimate _____ expectedPayout _____ portfolio returns?

_____ metrics should be _____ determining _____ effects on portfolio _____?

Do the _____ used _____ determining securities' expectedPayout _____ performance _____?

There _____ that _____ considered _____ evaluating securities for their respective dividends and _____ investment _____.

_____ factors _____ ratios and how _____ affect _____ over the course _____ time?

What _____ affect _____ how they _____ investment _____ over time?

_____ important for assessing _____ expectedPayout ratios of securities _____ they affect _____ performance _____ investment portfolio?

What metrics _____ for assessing securities' _____ payouts _____ effect _____ portfolio performance?

What _____ one do with expectedPayout _____ portfolio performance?

What _____ should be used to _____ ratio _____ portfolio _____?

What metrics _____ payouts _____ portfolio performance over _____?

Which _____ should _____ used to _____ a security's _____ and _____ portfolio _____?

Explain _____ metrics that are needed _____ expectedPayout _____ effect on _____ portfolio _____

_____ be used to _____ the effects _____ ratio _____ returns?

_____ explain _____ expected Payout ratios _____ effect on long-term portfolio performance

When evaluating securities' _____ and _____ they affect _____ portfolio _____ measures should _____?

_____ metrics should I use _____ evaluating _____ and _____ affect my portfolio over _____?

_____ metrics should be considered _____ assessing anticipated _____ securities, _____ a _____ overall value _____ time _____ on?

Do _____ expected _____ ratios correspond to _____ total _____ performance over time?

_____ can _____ on a portfolio's _____ over time _____ assessing projected _____ securities?

Which _____ adequately assess _____ expected Payout _____ and _____ affect _____ portfolio performance?

What factors _____ be considered to _____ and _____ on portfolios?

_____ the metrics _____ assessing securities' Payout _____ the total portfolio _____ time?

Which _____ are _____ securities _____ and their effect on _____ performance?

To _____ gauge _____ impact on _____ returns, which guides _____ established using appropriate _____?

Evaluate which _____ to _____ ratios _____ affect portfolio performance.

What metrics should I _____ security payouts _____ over time?

_____ metrics do _____ think _____ to _____ the expected payouts of _____ their _____ portfolio performance?

Can _____ quantify a security's _____ ratio _____ portfolio performance with _____ mind?

_____ look _____ securities' expected payouts and _____ the portfolio?

_____ can one _____ evaluate asset-based dividend _____ as well _____ how _____ affect _____ returns?

_____ metrics _____ relevant _____ assessing _____ expected payouts _____ their _____ on portfolio performance _____?

Portfolio performance _____ time is affected _____ metrics used for _____.

How _____ estimated Payout ratios _____ do they _____ my portfolio's _____ over time?

_____ metrics used _____ assessing _____ expected Payout ratios _____ portfolio _____ over _____.

What _____ are relevant _____ securities' expected _____ effect on portfolio _____ long period?

What are _____ metrics to _____ payouts _____ on portfolio performance _____ time?

_____ metrics should _____ used to evaluate the security _____ portfolio _____?

Specific metrics _____ be _____ when _____ their respective _____ influence on _____ portfolios.

_____ can _____ figure _____ which metrics to _____ in _____ to _____ as well _____ their long-term implications on _____ to _____ to _____ in order _____ securities' projected _____ as well as their long-term _____ portfolio performance.

Which _____ one use _____ payoff rates _____ securities, impacting a _____ investment's _____ as time _____?

_____ criteria _____ use _____ assess _____ projected _____ and _____ entire investment portfolio _____ time?

_____ the impact _____ portfolio performance _____ how _____ I determine the relevant _____ securities' _____?

_____ are the factors _____ keep _____ for securities' payouts _____ growth?
