

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Brake pedal feels soft or spongy
Inquiry Sub-Category	Brake fluid leakage
Description	Customers are concerned about fluid leaks as this can lead to a spongy brake pedal feel. This inquiry typically involves checking for signs of fluid leaks, such as drips or puddles under the vehicle, and identifying the source to determine the necessary repairs.
Data Size	5,063 paraphrases
