

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Reporting inaccurate meter readings
Inquiry Sub-Category	Meter reading alignment issues
Description	Customers discover inconsistencies between gas meter readings and their actual usage, requiring a review of meter alignment to rectify any disparities and ensure accurate billing.
Data Size	5,060 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ you investigate why there ____ what's ____ by ____ gauge ____ what ____ consume each month?

There are discrepancies ____ gauge ____ actual monthly ____.

Is it possible to ____ there are ____ in ____ and ____?

____ understand ____ differences between what we ____ and what is recorded ____ gauge ____ month?

____ the ____ between ____ and actual ____.

____ the ____ compared to actual consumption monthly.

____ the gauge data different than ____ we ____?

Explain ____ discrepancies between gauge ____ and ____.

Do you know ____ the ____ isn't ____?

Can ____ look ____ differences ____ what the ____ and what ____ consume?

____ numbers on ____ meter don't ____ what we consume?

____ discover the ____ what we ____ and ____ recorded on the gauge?

____ are there ____ the ____ against actual ____?

Can you ____ me why ____ data is different ____ we ____?

How about ____ the ____ observed when comparing gauge ____ usage?

Is ____ reason for ____ to ____ from gauge ____?

____ there ____ that ____ for the ____ between ____ recorded ____ from ____ gauge and our actual monthly ____?

____ do we see different ____ gauge ____ usage?

You ____ into why ____ are ____ reading against actual ____.

____ does ____ reading ____ correspond ____ actual usage?

____ me ____ the monthly ____ and gauge readings ____?

Why are ____ gauge readings and recorded ____?

Do you ____ how the ____ between ____ the ____ and what actually ____ consume ____ is ____?

I ____ to ____ why there ____ differences between recorded ____ every ____.

Why do we ____ recorded ____ and ____ use each month?

____ records ____ consumption needs to be investigated.

How ____ the differences ____ and ____ be ____?

Why is ____ readings different ____ our ____?

____ you know how ____ we ____ per ____ is ____ recorded by the ____?

_____ there _____ you _____ tell _____ the reasons behind the inconsistencies _____ comparing _____ with _____ usage?
 _____ a reason why _____ recorded _____ different _____ actual _____ a monthly basis?
 _____ there _____ reason the _____ on _____ match _____ we consume _____ month?
 Is _____ way to _____ between _____ data and the actual _____?
 _____ why _____ expenses don't _____ with the readings on _____ meter.
 _____ could be _____ deviations on the gauge _____ actual _____?
 Look into _____ discrepancies between _____ and _____ values on _____.
 _____ you _____ the _____ between _____ and consumed values _____?
 Is _____ possible _____ gauge is _____ from _____ actual _____ consumption?
 Can you _____ me _____ by the gauge and the real _____?
 _____ you tell us why _____ recorded _____ are _____ from our _____?
 _____ does our _____ gauge readings?
 Examine _____ gauge _____ and _____ consumption.
 _____ come _____ gauge _____ match our _____ consumption again?
 _____ do we _____ in the _____ gauge _____ versus _____ usage?
 Can _____ tell me _____ are _____ versus gauge readings?
 There is a _____ between _____ gauge _____ monthly _____
 _____ about the _____ between gauge _____.
 Take into account the _____ actual consumption monthly.
 There _____ a _____ between _____ gauge _____ and _____ use in _____ month.
 _____ it possible to determine why _____ is _____ actual one?
 Why did _____ not match _____ consumption _____?
 How come _____ gauge _____ to our actual _____ month?
 _____ the monthly consumption _____ the meter recordings?
 Is _____ any factor _____ account _____ variances seen when _____ recorded data _____ gauge with _____ monthly _____?
 _____ look _____ discrepancies _____ gauged data and actual consumption _____.
 Can you tell _____ our _____ our consumption?
 _____ the difference between gauge _____ monthly.
 _____ it _____ determine why _____ between recorded and _____ consumption?
 _____ be _____ consider when comparing recorded data _____ the _____ our _____ consumption.
 Can _____ tell us about the _____ what _____ by the _____ consumption?
 _____ investigate _____ between the _____ and actual monthly _____.
 _____ you _____ why our consumption doesn't _____ our _____?
 Is it possible _____ why there _____ recorded _____ versus actual _____ shown _____ our _____?
 There's _____ discrepancy between _____ readings and what _____ use _____.
 _____ that _____ account for _____ seen _____ comparing recorded _____ from the gauge _____ actual _____ consumption.
 What _____ reason _____ the difference _____ between _____ gauge _____ actual usage?
 _____ differences _____ what _____ indicated by the gauge _____ the _____ consumption?
 Do _____ know why _____ gauge is _____ from _____?
 Why _____ gauge _____ matching _____ consumption every _____?
 Is it _____ the _____ between _____ use _____ is recorded on _____ gauge?
 _____ you know _____ between the gauge _____ what _____ each month?
 Explain _____ between gauge data _____ real usage _____.
 Do _____ know the differences between _____ the _____ what we _____ per _____?
 Are _____ reasons _____ are discrepancies between _____ and actual _____?
 _____ it because _____ gauge _____ matching our _____ again?
 Why _____ there a discrepancy _____ readings and _____ use in _____ given _____?
 Is it _____ understand _____ are discrepancies in _____ consumption _____ actual _____?
 _____ reason _____ the recorded gauge readings are _____ from _____ we _____?
 _____ check out why _____ discrepancies in _____ reading against _____.

____ it ____ to investigate ____ between gauged ____ and the ____ ____ ?
 ____ ____ cause of the gauge not ____ our ____ consumption ____ ?
 ____ ____ about the reasons ____ the ____ observed when comparing gauge records ____ ____ ____ .
 Explain ____ discrepancies ____ data ____ our real ____ .
 Can ____ why the ____ gauge readings ____ different ____ actual ____ ?
 You ____ an ____ for inconsistencies between ____ and ____ .
 ____ ____ between ____ recorded by the ____ and what we consume?
 Do you ____ if ____ difference between the ____ and ____ we ____ month ____ ?
 Is ____ ____ discrepancies between gauged data ____ factual monthly ____ .
 Interested ____ know why our ____ expenses ____ readings.
 ____ is ____ on the meter ____ what is used ____ a ____ ?
 ____ you ____ the ____ is ____ what ____ recording and what ____ consume each ____ ?
 ____ there a reason ____ are discrepancies ____ our ____ and ____ ?
 Look ____ between ____ records ____ actual consumption.
 ____ differences in gauge readings ____ monthly.
 ____ it ____ that our ____ doesn't match ____ readings?
 Is ____ possible to ____ out ____ recorded ____ different from actual ____ ?
 Can ____ differences between what we ____ and what's ____ on the ____ ____ ?
 I ____ like to know more ____ don't ____ with ____ readings.
 ____ it possible ____ why there ____ in the record ____ what ____ actually ____ ?
 ____ differences ____ readings compared to actual ____ monthly.
 Why ____ we see ____ between ____ readings and what ____ use?
 Is ____ possible ____ investigate ____ there ____ the record compared to ____ we ____ a monthly ____ ?
 The ____ recorded and ____ monthly ____ be investigated.
 ____ do ____ see disparity ____ gauge ____ real usage?
 ____ a ____ discrepancy between ____ recorded ____ and ____ we use each month?
 ____ you explain the ____ is ____ by ____ what we actually eat?
 ____ investigate ____ discrepancy ____ darn gauge ____ what we consume each month?
 ____ you ____ difference is between the gauge recording ____ consume ____ month?
 Were you ____ consumption doesn't match ____ readings?
 ____ comparing ____ the ____ monthly ____ are there ____ that might account for the differences?
 ____ comparing recorded data from ____ gauge ____ our ____ monthly consumption there ____ account ____ the ____ .
 Is ____ discrepancies between gauged data and consumption ____ ?
 ____ the ____ the same ____ our ____ monthly consumption?
 ____ you ____ gauge ____ don't match monthly consumption?
 When ____ recorded data from ____ gauge ____ the actual ____ are there ____ account ____ the ____ ?
 ____ tell us ____ behind the ____ observed ____ comparing gauge records with ____ ?
 Do ____ know why ____ in the ____ consumption?
 Can you ____ the ____ between gauge ____ and ____ ?
 ____ to know why ____ recordings don't match ____ .
 ____ come ____ gauge is not ____ consumption again?
 ____ you tell me ____ gauge ____ is different ____ consume monthly?
 Why do ____ values differ from our ____ ?
 Is there ____ difference between ____ is indicated ____ the ____ actual consumption ____ ?
 Why ____ not match our gauge ____ ?
 Can ____ explain why ____ different from gauge ____ ?
 There ____ between the ____ our actual usage each ____ .
 When comparing ____ data from ____ gauge ____ our ____ monthly ____ there factors ____ account for ____ ?
 Why does ____ recorded gauge ____ actual ____ consumption?
 ____ compare recorded ____ gauge with ____ monthly ____ are there any ____ that ____ account for
 discrepancies?

_____ causing the _____ between what is measured by the _____ our _____?
 _____ you _____ difference between _____ recorded by _____ what _____ per month is different?
 _____ possible _____ why the recorded _____ different from _____ actual consumption?
 _____ between the _____ realusage every _____.
 _____ why the recorded _____ are different _____ what we _____ every month?
 The discrepancies _____ gauge records _____ actual consumption _____.
 _____ is our _____ from gauge _____?
 Why _____ our _____ don't _____ gauge _____?
 Can _____ give a reason _____ observed when _____ gauge _____ usage?
 _____ there _____ between gauged _____ and _____ monthly consumption _____?
 _____ might _____ deviations in _____ is _____ by _____ gauge compared _____ our actual _____?
 Take _____ at _____ inconsistencies in the actual consumption _____.
 Why _____ gauge _____ our actual _____?
 What _____ be causing _____ in the _____ compared _____ our _____?
 How come _____ on _____ gauge _____ we use monthly?
 What _____ be _____ deviations _____ is _____ by the gauge compared _____ actual _____?
 _____ you tell me why the _____ the actual usage?
 _____ any _____ differences observed _____ usage vs gauge readings?
 _____ the differences in _____ actual consumption monthly
 _____ what the _____ are _____ data _____ real _____.
 Why _____ our monthly _____ match the gauge _____?
 Is _____ determine why there _____ the _____ compared _____ what we actually consume _____ a monthly _____?
 _____ possible that the _____ not matching _____ monthly consumption _____?
 _____ you explain to _____ why _____ data _____ from what _____ monthly?
 Why is _____ gauge not _____ monthly _____.
 _____ you know _____ are differences between what's recorded _____ and _____ eat?
 _____ the _____ behind the discrepancies _____ gauge records _____ actual usage?
 Is there a _____ the differences between _____ we _____ the _____ says?
 _____ a _____ at why there _____ reading against _____.
 Is _____ a reason _____ the recorded _____ different _____ the _____ usage on _____?
 _____ be _____ between what _____ measured _____ the gauge and _____ actual consumption?
 _____ there _____ reason _____ observed _____ gauge records with _____ usage each _____ cycle?
 What _____ be _____ to _____ between the _____ and _____ usage?
 Why _____ incongruities between _____ readings _____ usage every month?
 Can you _____ gauge readings differ _____ usage?
 Is it _____ to _____ discrepancies _____ and our actual _____ levels?
 Is _____ your _____ to investigate the _____ what's _____ by _____ darn _____ we really consume each _____?
 Explain _____ discrepancies between the datagauge _____ every _____.
 _____ you know _____ difference between _____ is recorded _____ gauge _____ what we _____ month is _____?
 Is it possible to investigate _____ are _____ in _____ to _____ really _____?
 So, why is the _____ our _____ consumption _____?
 _____ match the gauge readings?
 Do _____ why our monthly _____ doesn't match _____?
 Why are recorded _____ different _____ our _____ consumption?
 _____ you know what the difference _____ gauge recording _____ month is?
 Is _____ to find discrepancies between _____ the _____ consumption levels?
 _____ investigate _____ differences _____ true monthly consumption.
 _____ find _____ why _____ are discrepancies between what _____ consume _____ what the _____ shows?
 Could you _____ between _____ readings and monthly _____?
 _____ be _____ the differences observed _____ usage versus gauge readings?

Do _____ are inconsistencies in the _____ consumption _____?
 _____ are _____ in _____ reading against actual consumption.
 _____ is _____ discrepancy _____ recorded gauge readings _____ what _____ use per _____.
 _____ why _____ monthly expenses _____ correspond _____ meter _____.
 When _____ recorded _____ with our _____ consumption, are _____ that might account for differences?
 Is it possible _____ investigate discrepancies _____ our _____ consumption?
 _____ we compare recorded _____ gauge _____ our actual monthly _____ factors that may _____ variances?
 Why _____ we _____ in the _____ gauge _____ our actual _____?
 You can _____ between _____ readings _____ actual consumption.
 _____ the _____ not _____ our _____ consumption again?
 Can you _____ inconsistencies _____ comparing _____ records with _____ usage?
 Can _____ tell me why _____ recorded gauge _____ don't _____ use?
 _____ why there _____ differences between _____ gauge shows and what we _____?
 You _____ analyze the _____ gauge _____ compared _____ consumption.
 Is it possible to determine why _____ consumption shown _____ our _____?
 _____ gauge _____ matching our _____ consumption?
 Look _____ there _____ in the reading _____ actual _____.
 Why are _____ when comparing gauge _____ usage?
 _____ monthly gauge _____ different _____ our recorded consumption?
 Is _____ reason _____ on our meter _____ match _____ we consume?
 _____ the _____ our meter don't _____ what we're actually consuming _____ month?
 _____ there a reason why monthly _____ gauge _____?
 Are you going _____ investigate _____ what's recorded _____ gauge _____ what _____ actually consume _____ month?
 How _____ gauge _____ from our _____ monthly _____?
 Are there _____ between _____ actual _____ and _____ recordings _____?
 I would _____ our monthly expenses don't _____ readings _____ meter.
 Is _____ a reason that our _____ match the _____?
 _____ there _____ explanation behind the _____ when comparing _____ with _____ usage?
 Can you tell me _____ reasons _____ the _____ usage _____ readings?
 _____ up to _____ the _____ between _____ by _____ darn gauge _____ we really consume each month.
 Can you explain why we _____ actual _____ gauge recordings _____?
 _____ the deviations between _____ by the gauge and our _____?
 Why are _____ recordings _____ matching _____ consumption?
 Can you _____ at the _____ between _____ consumption each _____?
 _____ at _____ differences _____ what _____ gauge says and what the real _____?
 Please _____ between recorded and _____ monthly _____
 Why doesn't our monthly _____ match _____ readings _____?
 Can _____ tell _____ what gauge _____ we consume monthly?
 _____ does the _____ differ _____ our _____ monthly _____?
 Can we _____ discrepancies _____ data _____ monthly consumption levels?
 Can you _____ there _____ differences _____ what is _____ by the gauge _____ what we _____?
 _____ it _____ investigate _____ discrepancies in recorded _____ actual consumption?
 _____ it because our gauge _____ our monthly _____?
 _____ it possible to investigate the _____ and _____ actual _____ levels?
 Is it _____ know why _____ different from actual _____?
 _____ should investigate the discrepancy between _____ darn _____ and what we _____ consume _____.
 There is _____ discrepancy _____ the _____ readings and _____ use _____ given month.
 Is it possible to _____ are _____ in _____ what we consume on a _____?
 Why _____ our monthly _____ the _____ readings?
 _____ differences between what's _____ and what we _____ consume each month?

I want _____ into _____ there are differences _____ consumption _____ month.
 Is there _____ reason _____ the _____ recordings don't _____ actual _____?
 You should _____ the _____ readings compared _____ consumption monthly.
 _____ you tell _____ why _____ discrepancies in _____ usage?
 Can _____ me why _____ gauge data _____ what _____ on _____ monthly basis?
 What can _____ done _____ explain the _____ and the _____ usage?
 There _____ between gauged data and _____ actual _____.
 What is causing deviations in _____ measured _____ actual consumption?
 _____ tell _____ why _____ consumption _____ not match _____ readings?
 _____ any _____ why _____ gauge is different _____ our _____?
 _____ we _____ between _____ gauge _____ and true usage?
 _____ possible to find _____ between _____ data _____ our _____ levels?
 _____ why our _____ don't _____ with meter readings.
 Can _____ figure _____ the gauge _____ differs from what _____?
 _____ there a _____ that the numbers on our _____ match _____?
 _____ are _____ discrepancies between actual usage _____ gauge _____?
 _____ light on _____ inconsistencies observed _____ comparing gauge records with actual usage?
 _____ tell me why the gauge _____ actual _____ consumption?
 Is it _____ that _____ different than _____ consume monthly?
 Did you _____ the _____ recordings _____ match our _____?
 _____ comparing _____ actual usage, can you _____ are inconsistencies?
 _____ our _____ our monthly consumption _____?
 Is there a reason for _____ comparing _____ with actual _____?
 Is it _____ investigate _____ the gauged _____ factual _____ consumption levels?
 Is _____ to determine _____ differences between _____ and _____ recorded each _____?
 _____ it possible to _____ why _____ inconsistencies _____ consumption and actual _____?
 What explanations _____ be _____ for the _____ gauge _____ true _____ every month?
 _____ is recorded _____ values different _____?
 _____ there a _____ numbers _____ the _____ don't _____ we are _____ consuming?
 _____ a reason _____ the _____ usage _____ gauge readings?
 There are _____ in what is _____ the _____ actual _____ each month.
 Is there _____ the _____ comparing the _____ records with _____ usage?
 I _____ why _____ gauge _____ from our _____ monthly consumption.
 Investigate the differences _____ and _____ consumption.
 _____ there a _____ why _____ gauge _____ different _____ real usage?
 _____ investigate _____ divergences _____ recorded _____ true _____ consumption.
 Is _____ to _____ our _____ data and _____ actual consumption levels?
 _____ explain the _____ the gauge data and what _____?
 _____ know how the _____ between _____ is and what we consume _____ month is _____?
 If _____ discrepancies between _____ consumption, _____ an explanation.
 Can _____ tell _____ discrepancy between _____ gauge readings and _____ we _____?
 Can you _____ why _____ don't _____ the actual _____?
 _____ be _____ deviations _____ what is _____ by _____ compared _____ actual consumption?
 Why _____ our _____ differ from what _____ consume _____?
 Is _____ reason _____ differences observed in monthly _____ gauge _____?
 Why _____ difference _____ recorded _____ values and _____ consumption?
 _____ it possible _____ investigate the discrepancies _____ data and _____?
 _____ we _____ the differences between _____ use _____ is recorded on the gauge _____?
 _____ a discrepancy between recorded gauge readings _____ use _____ given month?
 _____ it _____ why recorded consumption is _____ than actual _____?

_____ the _____ data _____ from what _____ eat _____?

Why are the _____ recordings different _____?

_____ you tell _____ recorded _____ readings differ from _____ actual _____?

Do you _____ why _____ are discrepancies _____ our _____ and recorded _____?

Can you _____ the _____ what _____ indicated by the _____ real _____?

_____ do our _____ readings _____ from _____ actual _____ consumption?

What can _____ done _____ the inconsistencies _____ and usage?

Is there any _____ that _____ account _____ the _____ when comparing _____ from _____ gauge _____ our _____ monthly _____?

Is _____ an explanation _____ inconsistencies _____ when _____ gauge records with _____ billing _____?

_____ me _____ behind the inconsistencies observed _____ comparing gauge records _____ actual _____?

Is _____ possible _____ the gauge recordings _____ our _____ consumption?

You _____ investigate _____ between _____ recorded by that darn gauge and _____ we actually _____.

_____ the differences between _____ by the gauge and real _____?

Is _____ reason _____ there _____ discrepancies between _____ recordings _____ usage?

Why _____ the _____ data _____ what we consume _____?

If we _____ the _____ our _____ monthly consumption, _____ there factors that _____ account for the _____?

What might _____ deviations _____ measured by the gauge _____ actual consumption _____?

I'd _____ to _____ why our monthly expenses _____ with _____.

Do you _____ the _____ between what the gauge recording _____ eat _____?

Why are _____ discrepancies between the usage _____?

_____ out why _____ in the reading against actual _____.

Why _____ recorded _____ differ from _____ we use each _____?

Do you _____ the _____ between the gauge _____ what _____ consume _____?

Is _____ possible _____ understand _____ there _____ the _____ to what _____ consume monthly?

Why _____ the _____ differ from _____ real usage?

_____ me _____ for the discrepancy _____ the _____ gauge _____ and what we use each _____?

Why _____ consumption _____ the _____ the gauge?

_____ come _____ matching _____ monthly consumption again?

Is there _____ the gauge recordings _____ our _____?

Can you tell _____ why _____ a discrepancy _____ the recorded gauge _____ what _____ use _____?

I would like _____ if _____ discrepancies _____ recorded and _____ values _____ basis.

_____ might _____ able _____ find out why monthly _____ than gauge _____.

_____ know why _____ divergences _____ monthly usage?

_____ do _____ between what's _____ by the _____ what we consume _____ month?

Can _____ examine the _____ values on a monthly basis?

Is it possible to investigate _____ what we _____ on _____ gauge?

_____ can be done to _____ the _____ the gauge _____ and _____?

_____ there _____ difference between _____ is _____ by _____ gauge _____ what _____ consume _____ month?

_____ possible _____ the gauge data differs from _____ we _____?

Can you _____ me _____ are _____ between _____ gauge _____ and _____ consumption?

Are there _____ why _____ are discrepancies between actual _____ recordings _____?

_____ between gauge _____ real usage every month.

_____ tell me the _____ why monthly usage _____ from _____?

When _____ data _____ actual monthly consumption, are _____ any factors that may account _____?

_____ interesting to know why _____ monthly expenses _____ readings.

Can _____ me why _____ a discrepancy _____ the _____ and what _____ use _____ month?

_____ you supposed to investigate the _____ between what's _____ by _____ gauge _____ what _____ actually _____?

_____ you be able _____ explain why there _____ in _____?

_____ explain why there's a _____ the recorded gauge readings _____ what _____?

What _____ causing _____ difference _____ measured _____ the gauge _____ actual consumption each _____?

_____ discrepancies _____ data _____ usage _____ month.

Can you _____ the _____ between _____ the _____ and the _____ consumption?

Do you _____ the _____ we _____ and what _____ recorded _____ the gauge is _____?

Investigate the _____ and _____ consumption.

Can _____ at the differences between _____ the _____ and what _____ consumption _____?

_____ may _____ to find _____ usage is different from _____ readings.

When comparing _____ from the _____ with _____ actual _____ consumption, are there _____ may _____ the differences?

_____ you look at the differences between _____ indicated by _____?

_____ you _____ me why _____ discrepancies _____ gauge recordings and actual _____?

Why _____ gauge _____ matching _____ consumption?

_____ there reason for _____ observed _____ gauge readings?

I'd _____ to know _____ expenses _____ correspond _____ meter readings.

I'd _____ monthly expenses don't _____ the meter readings.

I'd like to _____ our _____ expenses _____ align _____ meter _____.

Can _____ monthly gauge readings _____ from _____ recorded consumption?

_____ it _____ The gauge isn't _____ our _____ consumption.

_____ the _____ data and _____ monthly.

Why _____ the _____ data the _____ what we _____?

Is there _____ to _____ data and monthly _____ levels?

Is it possible _____ check out discrepancies _____ levels?

Why _____ differ _____ gauge _____ consumption?

Analyze _____ discrepancies _____ gauge readings and _____ monthly.

Interested _____ why our _____ match the readings on _____.

Could _____ tell us _____ match our gauge _____?

_____ know _____ are discrepancies between _____ actual usage _____ gauge _____?

How come _____ monthly _____ not _____ gauge readings?

Can _____ the differences between what _____ and _____ our real _____ is?

_____ you explain the _____ what's recorded _____ the _____ and _____ consumption?

I _____ the gauge differs _____ our actual _____.

What may be _____ what's measured _____ gauge compared _____ our _____ month?

_____ you _____ why the gauge _____ don't match our _____?

_____ readings and actual consumption monthly.

Please investigate _____ differences _____ monthly _____ consumption.

Any _____ different than our actual consumption?

Why do the gauge _____ from _____ Monthly?

When _____ recorded data from _____ with our _____ monthly consumption, _____ any factor _____ may _____ differences?

_____ is our _____ different _____ our _____ monthly consumption?

_____ you _____ about the differences between _____ indicated by _____ gauge and _____ month?

_____ does the data on the meter _____ each _____?

Why _____ gauge _____ our actual _____ consumption?

_____ the _____ data not _____ what _____ using each _____?

_____ any _____ the _____ differs from what we _____ monthly?

_____ can't _____ monthly consumption match _____?

Is it possible _____ between gauged data _____ actual _____ levels?

_____ reason the _____ recordings don't match _____ actual _____?

_____ possible to _____ out why _____ are discrepancies in the _____ to _____ actually _____?

_____ would _____ to _____ discrepancies in _____ record compared to _____ we _____ monthly.

_____ there a _____ monthly usage versus gauge _____?

_____ you _____ the _____ between what _____ indicated by _____ and _____ consumption?

_____ tell me _____ there is _____ discrepancy between _____ gauge readings _____ we _____ month.

____ it possible ____ why ____ discrepancies ____ the records compared ____ what we ____?
 There ____ recorded ____ values ____ our actual monthly consumption.
 Is ____ possible to ____ out ____ in recorded ____ actual consumption?
 Interested ____ why ____ monthly expenses don't correspond with the _____.
 What ____ causing ____ difference in what ____ measured by ____ compared ____ consumption?
 Is ____ why the monthly ____ readings differ?
 Are ____ and actual consumption levels?
 ____ investigate the ____ recorded by that darn gauge and ____ we truly _____.
 Can you ____ us ____ recorded gauge ____ are ____ from ____ we ____?
 ____ come our numbers ____ meter don't match ____ consume?
 Is ____ possible to ____ between what we use ____ is ____ on ____?
 ____ you ____ the discrepancy ____ and what we ____ in a ____?
 Why are ____ readings ____ from ____?
 When comparing ____ data ____ gauge ____ our actual monthly ____ are ____ any ____ that ____ for ____?
 ____ any reason why ____ usage ____ gauge ____ differ?
 Can you explain why the gauge ____ with ____?
 ____ way to know why there ____ discrepancies in ____ versus ____?
 Why is the ____ failing ____ match ____ consumption ____?
 ____ our monthly consumption doesn't ____ the ____ readings?
 ____ not sure ____ the gauge ____ from our actual _____.
 ____ be causing the ____ what's measured ____ the gauge ____ the actual ____?
 ____ isn't the recorded ____ readings ____ what we ____ month?
 Why are there ____ between what ____ and ____ actually ____?
 ____ would like to know ____ monthly expenses ____ meter readings.
 Can ____ tell ____ why the gauge recordings ____ usage?
 ____ is different from what we ____ monthly?
 ____ why our ____ match gauge readings?
 ____ tell me ____ why monthly ____ than gauge readings?
 ____ there any reason for ____ and gauge ____?
 ____ possible to determine the ____ between ____ we ____ and what's ____ on the ____?
 ____ possible to find discrepancies ____ our ____ data ____ actual ____ levels?
 Why do our monthly ____ readings ____ readings?
 Why ____ recorded ____ readings ____ from ____ we ____ in ____ month?
 There ____ a discrepancy ____ and what we ____ on a _____.
 ____ you ____ me why our ____ doesn't ____ gauge ____?
 Why ____ differ ____ gauge readings?
 ____ know why there ____ what's ____ gauge and what we consume ____ month?
 ____ you ____ the difference between ____ recording and what ____ month?
 Can you ____ me ____ there ____ by the gauge and ____ we actually consume?
 Why ____ gauge ____ from ____ actual ____?
 ____ gauge reading does not ____ to ____ usage?
 ____ you ____ why ____ a discrepancy ____ recorded ____ readings ____ what ____ use each ____?
 ____ the ____ in gauge readings ____ to consumption _____.
 I am interested in ____ our ____ don't ____ with _____.
 ____ to investigate discrepancies between ____ and our factual ____ levels?
 ____ would like to ____ why there ____ the recorded gauge readings ____ what _____.
 Can you ____ behind ____ when comparing gauge ____ to actual usage?
 ____ why there ____ in ____ reading against actual consumption?
 Is it possible ____ out why ____ than ____ actual one?
 I ____ an investigation to ____ out ____ there ____ recorded and _____.

____ it possible to ____ recorded consumption ____ from actual consumption ____ by ____ ?
 Can ____ tell me ____ between ____ the ____ me ____ what my ____ consumption ____ ?
 ____ it possible to ____ discrepancies ____ our consumption levels?
 How come ____ are discrepancies ____ recordings ____ usage?
 ____ there any reason ____ monthly ____ gauge readings ____ ?
 ____ you ____ the differences ____ the ____ tells me and ____ our ____ is?
 Is ____ possible to figure ____ there are ____ actual consumption?
 Is ____ possible to look ____ gauged data ____ levels?
 Are you ____ between what's recorded by that ____ gauge ____ what ____ really consume ____ ?
 Are ____ of the differences ____ gauge ____ and ____ we ____ month?
 There ____ inconsistencies ____ the gauge ____ our ____ every month.
 Is it possible that there ____ by the gauge ____ consume ____ month?
 ____ recorded data from the ____ with our ____ monthly consumption, are there factors ____ ?
 ____ investigate ____ and monthly consumption.
 ____ are the gauge readings ____ our actual ____ .
 ____ are ____ readings for ____ actual monthly consumption?
 ____ you ____ the discrepancy ____ what's ____ darn ____ what we actually ____ each month?
 Is ____ why there are ____ record ____ to ____ we actually eat?
 You should look ____ differences ____ gauge records ____ .
 ____ to ____ why ____ are discrepancies between ____ actual consumption?
 Can you explain the ____ the ____ when comparing ____ usage?
 ____ reason our consumption ____ gauge readings?
 Is ____ any reason ____ monthly ____ versus gauge readings?
 Is ____ possible ____ find ____ between ____ gauged data and ____ consumption ____ ?
 ____ data ____ gauge with our actual ____ there factors ____ might ____ for the differences?
 ____ the gauge ____ what ____ eat monthly?
 ____ to know why our ____ with meter readings.
 Is there a ____ monthly usage ____ readings?
 ____ you know ____ difference between what ____ by ____ gauge and what ____ different?
 Why ____ our monthly consumption?
 ____ to ____ out why ____ are ____ in ____ and actual consumption?
 Can you explain ____ observed when ____ records with ____ are ____ ?
 ____ would like to ____ differences ____ indicated by ____ gauge ____ real consumption.
 How can ____ why our ____ doesn't match ____ ?
 Why ____ we ____ readings and our usage?
 ____ interested to know ____ our monthly expenses ____ match ____ .
 ____ to find ____ there are ____ recorded consumption and ____ consumption?
 When ____ recorded ____ the gauge ____ actual ____ consumption, may there ____ that account ____ differences?
 ____ possible to ____ there are ____ in ____ actual consumption?
 ____ deviations in what ____ measured ____ the ____ our actual consumption ____ month.
 Why do ____ see ____ gauge ____ versus our ____ usage?
 ____ supposed to investigate ____ discrepancy ____ recorded ____ that darn gauge ____ what ____ each month?
 ____ you ____ the discrepancies between ____ and ____ on ____ monthly basis?
 ____ why there are ____ monthly gauge readings and our ____ ?
 ____ to explain ____ there ____ discrepancies in recorded consumption versus ____ ?
 We ____ curious ____ differences in consumption when compared to ____
 Is it possible to ____ why ____ monthly ____ versus ____ readings?
 When ____ from the ____ with our actual ____ consumption ____ there ____ factors ____ for the ____ ?
 Interested to ____ our ____ expenses don't ____ the ____ meters.
 ____ differences between ____ the gauge ____ what we consume ____ month is ____ ?

There are _____ data and _____ real usage _____.
 _____ is _____ values different _____ the actual _____ consumption?
 _____ going to investigate the _____ between what's _____ the gauge and what we _____?
 _____ it possible to _____ discrepancies between _____ our actual consumption _____?
 Interested _____ know _____ our _____ expenses _____ readings on the _____.
 Do _____ the recorded gauge _____ are different _____ usage?
 Is _____ possible _____ understand the _____ between what _____ recorded _____ the gauge?
 _____ you _____ the gauge recordings _____ not match _____ actual _____?
 _____ the _____ gauge reading different from what _____ each _____?
 What _____ be causing _____ deviations _____ shows us compared to _____ consumption?
 Is _____ a _____ why the _____ gauge _____ with actual usage?
 Wondering why _____ consumption _____ the _____ readings?
 Is _____ why _____ are _____ in recorded consumption vs actual _____?
 _____ to understand _____ the _____ consumption _____ different _____ the actual consumption?
 What may be _____ what's measured _____ the gauge _____ our _____ consumption?
 _____ want to _____ if the gauge _____ from our _____.
 _____ it possible _____ are _____ in recorded consumption _____ actual consumption.
 You can _____ about the _____ between recorded _____ on _____ monthly _____.
 Why _____ our gauge _____ our _____?
 How come the _____ don't _____ consumption?
 _____ does _____ show our actual usage?
 Is it possible _____ investigate _____ discrepancies between gauged _____ levels?
 _____ it possible that _____ consumption _____ readings?
 _____ the _____ on _____ gauge don't match our _____ usage _____ month?
 _____ you look at the _____ by _____ gauge and real _____?
 Is there _____ reason _____ on our meter don't match what _____?
 _____ readings don't match actual consumption _____ something that _____.
 _____ the _____ data differs _____ what we _____ monthly?
 I _____ know why _____ gauge _____ our _____ consumption.
 There are deviations _____ what the _____ our _____ consumption _____ month.
 Can you _____ our consumption _____ gauge readings?
 They should analyze _____ differences _____ compared _____ consumption.
 _____ are the _____ on _____ gauge different from what _____?
 Please _____ the _____ between _____ real monthly _____.
 When _____ recorded _____ from the gauge _____ actual _____ consumption _____ factors that might _____ differences?
 Is there _____ the inconsistencies observed _____ records with actual _____?
 _____ does the recorded _____ from what _____ use in _____?
 Can you _____ the _____ for the _____ monthly _____ gauge readings?
 _____ to _____ monthly expenses _____ align with the readings _____ meter.
 Why _____ the _____ from _____ actual _____ consumption?
 _____ what _____ are _____ between gauge data and _____.
 _____ differences _____ gauge and consumption _____?
 Why _____ the _____ different _____ our actual _____.
 _____ a reason _____ the recorded _____ different than what _____ use?
 _____ want an _____ why there are _____ and actual _____ every _____.
 Why _____ our _____ not _____ consumption?
 _____ isn't the _____ the _____ consumption?
 Is _____ possible _____ the _____ recorded _____ and actual consumption shown by _____?
 How come the _____ different _____ we _____ monthly?
 _____ are _____ recordings different _____ monthly consumption?

Will _____ investigate _____ discrepancy between what's recorded by _____ and _____ we _____?

Is _____ possible to find _____ are discrepancies in the _____ what _____ consume on a _____?

_____ tell _____ consumption doesn't match the readings?

_____ possible to investigate _____ discrepancies _____ the gauged data and _____?

_____ the differences _____ gauge readings _____ consumption _____.

How _____ the _____ differ from _____ we _____ monthly?

Would _____ explain the _____ in monthly _____ versus gauge _____?

Can you check _____ between _____ and _____ monthly basis?

You should analyze the _____ compared to _____.

Is _____ possible to _____ why there are _____ in _____ consumption?

What _____ causing the deviations _____ by _____ compared _____ our actual _____ each month?

_____ to find out why _____ are _____ actual consumptions?

Do you know the _____ when comparing gauge records _____?

When comparing recorded _____ from the gauge _____ monthly consumption are _____ for _____ variances?

Can _____ me _____ differences between _____ the gauge _____ and what _____ is?

Why _____ the gauge _____ from _____?

_____ the gauge the same _____ actual _____ consumption?

_____ there reasons why _____ gauge readings _____ from the _____?

_____ you explain _____ our monthly _____ the readings?

_____ there _____ for _____ between _____ gauge readings and _____ use each month?

_____ for the _____ comparing gauge records _____ actual usage each billing _____?

Why _____ the _____ correspond to _____ usage?

_____ are _____ the gauge _____ and our _____ usage every _____?

Please _____ between monthly consumption _____ recorded _____.

Please _____ at the _____ and _____ monthly consumption.

Do you know the difference _____ the _____ what _____ consume _____ month?

_____ have _____ investigate _____ between what's recorded by that _____ gauge _____ we _____ month.

_____ you explain _____ we have discrepancies _____ gauge _____ usage?

_____ to _____ the _____ between _____ is recorded _____ the gauge _____ what _____ actually consume _____ month.

_____ doesn't _____ match our monthly _____?

_____ how _____ between gauge data _____ real usage.

How can there be _____ values _____ actual consumption?

Is _____ way _____ explain the discrepancies _____ readings and _____ every month?

Look at _____ there _____ inconsistencies _____ against actual _____.

Is there a reason _____ usage _____ gauge _____?

_____ the discrepancies between gauge _____ usage every _____.

_____ the discrepancies between _____ consumption.

Can you tell us _____ gauge _____ different than _____ usage?

_____ come the gauge _____ don't _____ actual _____ consumption?

Why _____ there discrepancies between _____ monthly _____ readings _____ consumption?

_____ there a way to understand why _____ discrepancies _____ the _____ consume?

Why does the gauge _____ don't _____?

Please investigate the differences _____ monthly _____ actual _____.

_____ do _____ gauge data _____ what we consume _____?

_____ a look _____ there are _____ readings against _____ consumption.

_____ reason the gauge _____ different from _____ actual monthly _____?

_____ would _____ to know _____ monthly _____ don't align with the _____ meter.

_____ our monthly _____ doesn't match our _____ readings?

Is there _____ reason for the _____ gauge _____ different?

When comparing _____ data from _____ with _____ monthly _____ are _____ factors _____ might _____ for the _____?

What ____ the ____ the numbers on my ____ use?

Consider the differences ____ the ____ consumption monthly.

____ chance ____ why ____ differs from the gauge data?

____ you ____ discrepancies ____ recorded ____ consumed ____ on ____ monthly basis?

Think about ____ differences in gauge ____ compared ____.

Can you ____ there ____ between ____ by the gauge ____ we consume?

What ____ differences ____ compared ____ actual consumption monthly?

Is ____ a ____ why ____ is ____ gauge readings?

____ gauge not ____ the monthly ____?

What's ____ deviations in ____ measured ____ compared to ____ consumption?

I am ____ our ____ expenses don't ____ with ____ readings.

____ you tell me ____ the differences ____ real consumption?

____ you explain ____ discrepancy ____ our ____ usage and ____?

Why ____ the ____ not matching ____?

____ there ____ why we observe ____ in recorded gauge ____ versus ____?

____ we ____ our ____ usage and gauge recordings ____ month?

____ you tell ____ recorded gauge readings differ ____ use?

Can ____ between what is recorded ____ the gauge and what ____ consume?

Is ____ a ____ inconsistencies ____ when comparing gauge ____ with ____ each ____ cycle?

Do you ____ explanations for the inconsistencies ____ records ____ actual ____?

____ are ____ between the ____ and our ____ each month.

Why do the numbers on ____ match ____ we ____?

____ you know ____ what ____ and ____ actually we consume each ____?

____ it possible to ____ the ____ between what ____ use and ____ is ____?

____ investigate the differences between consumption ____ true ____.

Can you ____ we ____ in recorded ____ readings ____ actual usage?

Is there ____ discrepancies in recorded ____ and actual consumption?

Why ____ the gauge recordings ____ from ____ consumption?

Can you ____ me ____ is ____ discrepancy ____ the ____ readings and what ____ monthly?

____ in ____ why our ____ don't ____ up with ____ readings.

Can you ____ me ____ gauge ____ does ____ correspond to what ____?

Is ____ way ____ the gauged data and ____ monthly consumption ____?

____ can ____ to explain the discrepancies ____ our actual ____ every month?

Hey, why is the ____ matching ____ monthly ____?

____ to determine why there ____ recorded consumption and actual ____?

____ it ____ to know ____ is different ____ actual consumption?

____ does the ____ gauge ____ the ____ monthly consumption?

____ on my gauge ____ line ____ what we use?

____ me about ____ differences ____ indicated by ____ gauge and our actual consumption each ____?

____ learning ____ our ____ expenses don't align with ____.

What ____ the reason ____ recorded gauge ____ what we use each ____?

____ would ____ our monthly expenses don't match the ____.

Why does the ____ we use?

What ____ causing ____ the ____ compared ____ our ____ consumption?

Are ____ differences ____ what ____ recording and what ____ consume ____ month?

Why ____ consumption ____ our ____ readings?

There's ____ between recorded ____ readings ____ what we ____ each ____

____ you ____ us why recorded gauge readings ____ different ____?

____ want to ____ why there ____ between ____ actual ____ every month.

Explain ____ and realusage ____ month.

_____ consumption doesn't _____ gauge readings?
 _____ there are _____ between actual usage _____ gauge _____ every _____?
 I want _____ know why _____ are differences between _____ consumption _____.
 _____ that the _____ recordings _____ the monthly consumption?
 Is _____ from what we _____ a monthly basis?
 _____ between _____ and consumed values _____ monthly _____ could be _____ into.
 Is _____ possible to examine _____ discrepancies between _____ data _____?
 _____ is _____ the gauge reading doesn't _____ to _____?
 Why _____ gauge _____ the actual consumption?
 Why _____ recorded gauge _____ so _____ from _____ consumption?
 _____ what the _____ between _____ gauge records _____ what _____ consume _____ month is?
 Do you _____ the _____ between _____ what we consume monthly?
 What is causing _____ deviations between _____ is measured _____ the _____?
 _____ in gauge _____ compared to actual _____.
 Are _____ the one to _____ discrepancy between what's _____ gauge _____ what _____ actually consume _____ month?
 _____ have a _____ to investigate the discrepancy between _____ by _____ we actually consume _____ month.
 _____ be causing the differences _____ what is _____ by _____ gauge _____ consumption?
 Why is the _____ of consumption again?
 _____ the _____ between recorded _____ true monthly _____.
 _____ records and consumption should be _____.
 I _____ interested _____ monthly expenses don't correspond _____ readings.
 Why _____ we see a discrepancy _____ readings and _____ use _____ month?
 _____ idea why the _____ meter _____ match what _____ consuming?
 _____ your job _____ the discrepancy _____ what's _____ by _____ gauge _____ what we actually consume _____.
 How _____ different gauge _____ and actual _____?
 _____ it _____ the discrepancies between gauged _____ and our _____ levels?
 Why _____ gauge vary _____ our actual _____?
 _____ know _____ between _____ recorded by the gauge _____ what we _____ each _____?
 Please _____ difference _____ gauge _____ actual consumption monthly.
 _____ you tell me why _____ are _____ what's _____ the gauge and _____ consume?
 _____ reason _____ the _____ when comparing gauge _____ with _____ each billing cycle?
 Can _____ why _____ data differs from what _____ consume _____.
 Is _____ possible _____ what we use and what _____ on the gauge each _____?
 Is _____ a _____ to find out _____ consumption _____ actual consumption?
 How come my _____ don't _____ what _____ every _____?
 Why _____ in recorded _____ readings _____ our actual usage?
 Are there reasons _____ inconsistencies _____ when _____ with actual _____ each _____ cycle?
 _____ be done to _____ inconsistencies between the gauge _____ and _____?
 Can _____ the discrepancies between _____ and consumed _____ basis?
 _____ it possible to _____ discrepancies _____ the _____ consumption levels?
 Is it _____ discrepancies between gauged data _____ consumption _____.
 _____ you _____ an explanation _____ inconsistencies _____ comparing _____ records _____ actual usage?
 Could _____ why our _____ our readings?
 What are _____ for the _____ monthly usage _____ gauge _____?
 Is _____ reason for the _____ gauge _____ difference?
 How are _____ from _____ monthly consumption?
 Is there _____ the gauge _____ match _____ monthly consumption?
 _____ explain why the recorded _____ than what we _____ each _____?
 What _____ causing _____ deviations from what's measured by _____ actual _____?
 _____ do we see discrepancies _____ the gauge readings _____?

_____ be causing _____ deviations _____ the _____ compared to _____ actual consumption _____ ?
 _____ should analyze _____ compared to actual consumption monthly.
 _____ to know _____ our monthly _____ don't _____ the _____ readings.
 Is it _____ look at _____ use and what is recorded on _____ ?
 Is _____ possible _____ understand _____ recorded vs actual consumption?
 Can you tell _____ why _____ differs from _____ monthly?
 Can _____ reasons for _____ comparing gauge records with _____ use?
 Please investigate _____ discrepancies _____ recorded and consumed values _____ .
 Is _____ to explain _____ inconsistencies _____ when _____ records _____ usage every billing _____ ?
 Is there _____ for monthly _____ readings difference?
 _____ tell _____ there are differences _____ recorded _____ readings versus _____ usage?
 Could you explain why _____ doesn't _____ readings _____ the _____ ?
 Is there _____ the _____ on _____ meter _____ match _____ consumption?
 _____ you _____ why our monthly _____ the _____ readings?
 _____ to _____ the discrepancies between _____ and our actual _____ levels?
 Do you have the duty to _____ recorded by _____ darn _____ we _____ consume _____ month?
 _____ we investigate _____ between _____ gauged _____ the _____ monthly consumption _____ ?
 _____ you _____ the difference _____ what the _____ what we consume _____ month _____ related?
 Is there _____ the differences in gauge readings _____ ?
 Do _____ know the _____ between _____ the _____ recording is _____ what _____ consume _____ ?
 _____ not sure why _____ don't _____ what we use every _____ .
 _____ to know _____ gauge recordings don't _____ our actual _____ .
 Why are _____ in _____ and _____ readings?
 _____ there _____ reason _____ recorded gauge _____ differ _____ usage?
 You should ask _____ the _____ gauge readings _____ consumption.
 _____ like to know why _____ monthly _____ meter readings.
 _____ causing _____ from _____ measured by the gauge _____ to our actual _____ each _____ ?
 Is it possible _____ recordings _____ correspond _____ our _____ monthly _____ ?
 Is _____ reason why _____ monthly consumption _____ readings?
 _____ learning _____ our monthly expenses don't align _____ readings.
 _____ do we _____ differences _____ consumption?
 _____ to investigate _____ the _____ data _____ our factual _____ consumption levels?
 I would _____ to _____ why our _____ expenses _____ correspond _____ the _____ the _____ .
 Is there _____ reason _____ the gauge records _____ when _____ actual _____ ?
 _____ there a reason _____ inconsistencies observed when _____ actual usage?
 _____ you tell _____ consumption does _____ match the _____ ?
 Why does gauge _____ differ _____ we _____ ?
 Explain _____ discrepancies _____ data _____ everymonth.
 When _____ gauge _____ with actual _____ can _____ explain _____ observed?
 _____ you _____ why _____ monthly consumption doesn't match _____ ?
 Is there _____ factor that _____ for _____ seen when _____ recorded _____ from the _____ with our _____ ?
 _____ you know _____ the difference _____ by the gauge _____ we eat _____ month _____ different?
 _____ is _____ the deviations in _____ is _____ by the _____ actual _____ ?
 Do you know _____ difference _____ the gauge and _____ is consumed _____ is different?
 _____ to know _____ is _____ matching our consumption again.
 Is _____ possible _____ investigate _____ recorded _____ is different _____ the actual _____ ?
 What are _____ for differences observed _____ versus gauge _____ ?
 Can _____ tell me why _____ from what _____ consume _____ ?
 Is _____ reason _____ there's a _____ recorded gauge _____ we use each month?
 _____ you explain _____ there are _____ between _____ every month?

Have ____ look ____ why ____ actual consumption ____ different.
 ____ can ____ observed when comparing gauge records ____ actual ____?
 ____ come ____ gauge ____ doesn't correspond ____ usage each ____?
 ____ me why ____ is different than ____ readings?
 You're supposed to investigate ____ what's ____ by that darn ____ what ____ actually consume ____?
 Why ____ we see different recorded gauge ____ to ____?
 Is ____ observe ____ recorded gauge readings versus real ____?
 ____ tell ____ why ____ monthly consumption ____ not match the ____?
 Will it ____ possible to investigate ____ are discrepancies between ____?
 Why ____ consumption ____ gauge readings?
 Why do ____ different recorded ____ our actual ____?
 ____ should seek an explanation ____ the discrepancies between ____.
 ____ you know why the ____ is ____ we consume ____?
 Are there reasons behind the ____ when ____ to ____?
 When comparing ____ data from ____ gauge with our ____ consumption, are ____ may ____ different results?
 There is ____ discrepancy ____ readings ____ we use ____ month.
 ____ you ____ us why ____ recordings ____ match our ____?
 ____ there any reason ____ the ____ monthly ____ gauge readings?
 Is ____ to ____ differences ____ what ____ use ____ what ____ recorded on ____ gauge?
 Is ____ possible to ____ the ____ what ____ use ____ what the ____?
 Hey, ____ why the gauge ____ different ____ consumption?
 Interested ____ know ____ correspond with the readings ____ the ____.
 Investigate the differences ____ consumption ____.
 ____ there a reason why ____ consumption ____ gauge readings?
 Did ____ notice the gauge ____ consumption again?
 Examine ____ differences in ____ readings ____ actual ____.
 ____ doesn't the ____ what we ____ monthly?
 Is ____ that might explain ____ differences between recorded data from the ____ consumption?
 Was ____ reason ____ the ____ and gauge ____ differences?
 ____ be ____ the ____ by ____ gauge ____ our actual consumption?
 ____ to ____ monthly expenses ____ correlate with meter readings.
 Can ____ why there are differences ____ what ____ gauge ____ we consume?
 Is it possible ____ out ____ there ____ recorded ____ versus ____ consumption?
 What causes ____ gauge ____ our ____ monthly consumption?
 Is it possible ____ are ____ recorded consumption ____ actual consumption?
 Is ____ reason ____ difference in monthly ____ versus ____?
 ____ tell ____ why the gauge ____ what we ____ monthly?
 Do you ____ there are ____ the ____ against ____ consumption.
 ____ discrepancies between gauge ____ our ____ month.
 Why ____ different?
 Is it ____ differences between what we ____ what's on the ____?
 Is it possible ____ why there are ____ in ____ records ____ we ____ consume?
 ____ it ____ gauge ____ don't ____ monthly consumption?
 I ____ to understand ____ there ____ between ____ and real consumption.
 ____ possible ____ look ____ the ____ between ____ we use ____ the gauge tells ____?
 What is ____ deviations ____ what's ____ the gauge ____ to ____ actual ____ month?
 I ____ know ____ there ____ differences ____ recorded ____ and real ____ month.
 Can ____ a reason for ____ observed ____ gauge records with ____ usage ____ billing ____?
 Can you explain ____ gauge records ____ actual ____?
 Can ____ why there are ____ between ____ usage ____ gauge ____?

Please _____ the _____ recorded _____ monthly consumption.

There are discrepancies _____ recorded _____ the gauge and _____ consume _____.

Could _____ explain why _____ match our _____ readings?

_____ do we _____ recorded gauge readings versus _____?

How _____ recorded _____ readings are _____ from _____ use _____ month?

_____ could ask _____ monthly _____ doesn't _____ the gauge _____.

_____ a _____ to _____ the discrepancies _____ gauged data and _____ levels?

_____ should _____ between _____ recorded by _____ we actually consume each month.

Is _____ to _____ discrepancies between gauged data and _____?

_____ there a _____ inconsistencies observed _____ records to actual usage?

Why is _____ recorded _____ values _____ real consumption?

Is it _____ there _____ discrepancies in the _____ compared to what _____?

_____ possible to _____ why _____ are _____ recorded _____ actual consumption?

Could you explain _____ consumption _____ match _____ readings?

Fix _____ The gauge _____ our monthly consumption again.

We have a _____ gauge readings _____ we use _____ month.

_____ discrepancy between the _____ readings _____ what _____ each month.

_____ the _____ different from _____ actual monthly consumption?

_____ you _____ why _____ data differs _____ what _____ eat monthly?

_____ be _____ to _____ the differences between what we use _____ what _____ on _____?

Why are _____ gauge readings different _____?

I'm _____ in learning why _____ expenses _____ align _____ readings.

_____ know how _____ difference _____ what _____ recorded by the _____ what _____ eat per month _____?

I'm curious to _____ why our _____ with _____.

_____ it _____ to figure _____ recorded _____ than actual consumption?

Is it possible _____ there's a discrepancy _____ gauge _____ and _____?

_____ you _____ what _____ between _____ the _____ recording _____ and what we _____ each month?

Is _____ a _____ to _____ there _____ discrepancies in the record _____ we consume?

_____ between _____ gauge _____ and what we consume _____ related?

_____ why the gauge recordings don't match _____ actual _____?

_____ is the gauge _____ our actual _____?

There _____ differences between _____ gauge readings and _____ actual _____.

_____ it _____ to determine _____ between gauged data _____ consumption _____?

_____ the recorded _____ values differ from _____ actual _____?

What is _____ in _____ measured by _____ compared _____ consumption?

_____ it possible _____ there are _____ between _____ and _____ consumption levels?

_____ comparing _____ data _____ the gauge _____ consumption, are _____ any _____ that _____ account for the variances?

Why _____ data differ _____ what _____ consume monthly.

When comparing recorded data _____ the _____ our _____ consumption, _____ there any _____ that may _____?

_____ could be _____ the deviations _____ what's _____ gauge _____ actual consumption _____ month?

Is _____ to look _____ the _____ what we use and _____ the gauge?

_____ you _____ me why _____ gauge data _____ from _____ we _____?

_____ you tell me _____ the gauge recordings _____ match _____?

_____ possible _____ are discrepancies between _____ recordings and _____ usage?

_____ be possible _____ the differences _____ we use and what is _____ the _____?

_____ there's _____ discrepancy _____ the _____ readings and _____ we _____ each month?

Is _____ a reason _____ monthly _____ readings differ?

Why _____ the gauge _____ correspond to what _____?

_____ it that _____ and consumption _____?

_____ you _____ me _____ the _____ gauge _____ different than real _____?

____ are ____ discrepancies ____ gauge readings ____ our actual ____?
 ____ tell me ____ don't ____ the actual monthly consumption?
 ____ me ____ monthly consumption ____ match ____ gauge readings.
 ____ it possible ____ the ____ is different from ____ consumption?
 Is ____ possible ____ the ____ observed when ____ gauge ____ to ____ usage ____ billing ____?
 ____ is the ____ different from ____ we ____ monthly.
 Can you tell ____ why there ____ between ____ records ____?
 ____ it possible to look at discrepancies ____ data ____?
 ____ tell ____ for the inconsistencies ____ gauge records with actual usage?
 Why ____ the ____ not ____ our ____ again?
 What could ____ causing ____ deviations ____ what's ____ the ____ actual consumption?
 ____ can ____ the discrepancies between the gauge readings ____ actual ____?
 Investigate ____ differences ____ recorded ____ monthly ____.
 On a ____ basis, ____ please look into the ____ recorded ____?
 ____ possible ____ inconsistencies observed ____ comparing ____ records with ____ use each ____ cycle?
 Can you ____ why ____ recordings ____ the ____ consumption?
 Can you explain ____ what ____ gauge and ____ we actually consume?
 ____ be causing the deviations in the ____ actual ____?
 I ____ the ____ matching ____ monthly consumption again.
 ____ know the ____ the ____ recorded by ____ and what ____ consume per ____?
 How can ____ incongruities ____ readings ____ our true usage?
 ____ the ____ don't ____ our consumption?
 ____ there are different gauge readings ____ our ____?
 ____ it ____ to ____ at ____ differences ____ gauge ____ real consumption each ____?
 Is there ____ reason ____ monthly ____ gauge ____ are ____?
 Why ____ gauge ____ different than ____ actual ____?
 What could ____ causing deviations ____ by ____ our actual consumption?
 ____ it ____ to find discrepancies ____ the gauged ____ monthly consumption ____?
 ____ explain ____ discrepancy between recorded gauge ____ and ____ use?
 You can find ____ is ____ gauge readings.
 ____ about why ____ our actual monthly consumption.
 ____ the discrepancies we see between gauge ____.
 There's ____ recorded gauge readings and ____ we use ____.
 Is it ____ there are ____ consumption and actual consumption?
 ____ come there ____ different meter ____ consumption?
 ____ comparing recorded ____ from the ____ with ____ actual monthly ____ are ____ factors ____ may ____ deviations?
 Is it ____ determine ____ between what ____ what is recorded ____ the ____ each month?
 Is it possible ____ determine ____ are ____ between ____ consumption ____ actual ____.
 ____ are ____ the discrepancy between ____ recorded by ____ gauge and ____ actually ____ each month?
 You're ____ to investigate ____ between what's ____ that darn gauge and what ____.
 Look ____ why there are ____ against actual ____.
 Do ____ know ____ what the gauge records ____ we ____ per ____?
 I ____ curious ____ gauge is different ____ our ____ monthly ____.
 ____ the ____ observed ____ comparing the ____ with actual usage?
 ____ isn't ____ gauge matching ____ again?
 Do you ____ why our ____ the ____ readings?
 Is ____ to find discrepancies between ____ and actual ____?
 ____ the deviations between ____ measured by the ____ the actual ____?
 ____ the recorded ____ readings ____ match what ____ use ____ month?
 ____ tell me why the monthly usage is ____?

_____ me why there _____ discrepancies _____ gauge _____ and _____ consumption?
 I want _____ know why the _____ my _____ match _____ use every _____.
 Is it _____ discrepancies in recorded consumption versus actual _____.
 Why have _____ gauge _____?
 _____ wonder why _____ gauge _____ not matching _____ monthly _____.
 _____ there a _____ is different from _____ actual _____ consumption?
 Can _____ give a _____ for _____ inconsistencies _____ records with _____ use?
 I _____ to know _____ there are _____ and actual _____ each _____.
 _____ is monthly usage different _____?
 Could _____ me why _____ consumption does not _____ gauge _____?
 _____ discrepancies _____ gauge records _____ consumption should _____ explored.
 Are there discrepancies _____ data _____ consumption levels?
 _____ monthly basis, _____ you look into the discrepancies _____ and _____?
 Why do we _____ readings for _____ consumption?
 _____ disparity _____ and actual consumption monthly.
 Please check out _____ recorded measurement _____
 Is it _____ check the differences _____ what we use and _____ the _____ month?
 What could _____ the _____ compared to our _____ consumption?
 _____ you tell _____ the monthly _____ doesn't match _____ gauge _____?
 _____ the gauge _____ matching _____ monthly _____?
 _____ a reason for _____ inconsistencies seen when comparing gauge _____?
 _____ data _____ meter different from _____ used each month?
 _____ differences between what's _____ by _____ gauge and actual _____?
 _____ might be _____ what's _____ by the _____ compared to consumption?
 Could _____ tell me why our _____ readings?
 I _____ know if there are _____ and _____ values monthly.
 Why does the _____ match _____ are using _____ month?
 Is there _____ that may account _____ differences between _____ data _____ gauge _____ our actual _____?
 Is it _____ figure out why there _____ consumption _____ actual _____?
 _____ to _____ why the _____ isn't matching our _____.
 _____ there _____ reason _____ usage _____ gauge readings differing?
 Is there a _____ monthly expenses _____ meter readings?
 Why do we _____ differences in the _____ usage?
 _____ it make sense _____ recordings _____ match _____ monthly consumption?
 _____ there _____ that _____ for _____ variances _____ comparing recorded _____ from _____ gauge with our actual _____ consumption?
 _____ you _____ to investigate _____ differences _____ recorded _____ true _____ consumption?
 _____ you tell _____ why the gauge _____ our _____?
 In order _____ investigate the _____ recorded _____ true monthly _____.
 _____ there _____ between _____ the _____ records and what _____ each month?
 Can _____ reasons for _____ inconsistencies observed when _____ records _____ actual usage?
 analyze the _____ between _____ and actual consumption _____
 _____ a _____ why the recorded _____ are _____ the real usage?
 _____ a _____ why the gauge is _____ from our _____?
 _____ there any explanation _____ inconsistencies observed when _____ records with _____ cycle?
 _____ come _____ numbers on _____ gauge _____ not _____ with what we _____?
 _____ you _____ monthly usage and gauge _____?
 _____ is the gauge _____ to month _____?
 Why do _____ our _____ and gauge _____ every month?
 _____ you responsible _____ investigating the _____ what's recorded by that darn _____ and _____ we _____?
 _____ supposed _____ investigate the _____ what's recorded by _____ gauge _____ what _____ consume each _____?

_____ know why there's a _____ recorded _____ and _____ we use each month.

Is there _____ discrepancies between _____ gauged data and our _____?

I'm curious _____ know _____ our _____ don't _____ with meter _____.

_____ is _____ consumption _____ from _____ recorded gauge values?

Can _____ me why the _____ records _____ when _____ them _____ actual _____?

_____ me _____ the _____ data differs _____ what we consume _____ month?

Is there a reason _____ difference _____ gauge _____?

Is _____ possible to _____ the _____ what _____ and what is recorded _____ the _____ each _____?

_____ it related to _____ the _____ recording _____ what we _____ each _____?

_____ the differences in _____ compared to _____.

_____ come _____ gauge doesn't match _____?

Is _____ possible _____ investigate _____ differences _____ what _____ use and what is _____ the _____ every _____?

_____ is _____ gauge not _____ our monthly _____ again?

_____ are _____ gauge _____ different than the _____?

_____ are incongruities observed between the _____ our actual _____.

Is _____ possible _____ why the _____ is _____ what we consume _____ monthly _____?

Do _____ know _____ gauge is _____ matching our _____ again?

_____ might be _____ in what _____ the gauge compared to _____ consumption?

When _____ data _____ the gauge with our _____ consumption, are _____ any factors _____ account _____?

Why do we have differences between _____ recorded by _____ gauge _____?

I _____ know why there _____ between _____ actual consumption every _____.

Please _____ out _____ recorded _____ don't _____ actual _____

Do you know _____ difference between what the _____ and _____ month?

What is _____ reason the numbers _____ meter _____ we're _____?

_____ discrepancies between gauge records _____ consumption.

_____ there a _____ the _____ different from what we _____ monthly?

_____ our gauge is _____ matching _____ consumption _____?

_____ are _____ between _____ monthly gauge _____ our recorded consumption?

_____ explain _____ between monthly usage and _____ readings?

Is _____ to investigate _____ gauged data _____ reported _____ levels?

_____ be causing deviations from what _____ measured _____ compared to _____ actual _____?

_____ recorded gauge readings _____ what _____ use each _____?

_____ you know _____ recorded _____ readings are different _____ we _____ each _____?

There _____ a discrepancy between _____ recorded _____ readings _____ what we _____ monthly _____.

Is _____ the _____ on our _____ don't match what _____ are _____?

I want to _____ the gauge _____ from _____ we _____.

_____ to know _____ our monthly expenses _____ correspond with _____ readings _____.

_____ observed when comparing gauge records with _____?

Can you _____ about the _____ what _____ by the gauge and _____?

I am _____ know _____ our monthly expenses _____ not _____ readings.

_____ are _____ between the _____ data _____ actual monthly consumption _____.

_____ are the differences between _____ we _____ by _____ gauge different?

What could _____ the _____ in _____ by the _____ to consumption?

Can you tell _____ why _____ from gauge _____?

Can _____ the _____ between the gauge _____ the real _____?

_____ it _____ the _____ on my gauge _____ match _____ use _____ month?

_____ reason for _____ inconsistencies observed when comparing _____ records _____ billing cycle?

_____ the numbers on our meter _____ we _____ actually consuming?

Are _____ supposed to investigate the _____ recorded by that _____ gauge and _____ consume _____?

What may _____ causing _____ between _____ measured _____ the _____ and _____ consumption?

_____ do _____ see discrepancies in _____ gauge readings _____ usage?

Is _____ a _____ why there are discrepancies _____ the _____ what _____ consume monthly?

_____ our _____ fail to _____ the gauge readings?

_____ you _____ there _____ a discrepancy between _____ gauge _____ what we use _____ month?

Why _____ differences different than _____?

Can you explain _____ between _____ by the gauge and _____?

Why are _____ our gauge _____ our recorded _____?

Analyze _____ in gauge _____ to _____ monthly.

Is _____ possible to investigate _____ consumption levels?

What are _____ behind _____ comparing gauge records _____ actual usage _____ cycle?

Can _____ tell _____ between what the gauge _____ and _____ consumption?

_____ a way _____ are discrepancies between recorded and _____ consumption?

Is _____ any _____ for _____ monthly _____ versus _____ readings?

_____ reason _____ numbers on _____ gauge _____ not _____ what we use?

Can _____ explain _____ behind _____ when comparing _____ with actual usage each billing _____?

_____ are _____ the monthly usage vs gauge _____?

Can _____ explain why the gauge records _____ actual _____?

_____ you explain the _____ what's recorded _____ the _____ what _____ eat?

_____ you _____ there is _____ between recorded _____ readings _____ what we use _____?

Explanation of _____ between gauge data _____.

How come the gauge _____ match _____ usage _____?
