

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Unusual smells or odors inside the car
Inquiry Sub-Category	Smoke smell
Description	Customers inquire about a smoke smell, indicating a possible electrical issue, burned clutch, or oil leak.
Data Size	5,068 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

How ____ one differentiate between various types ____ vs ____?

Can ____ me how to ____ the difference ____ smell?

____ the difference between electrical or mechanical ____.

____ don't know ____ can ____ between electrical ____ mechanical burning smells.

____ between electrical ____ mechanical smell?

____ can ____ the difference between electrical ____ mechanical ____?

____ are different ____ mechanical ____ electrical ____ so how ____ we ____ them?

How about smell ____ mechanical ____?

____ there ____ way to ____ the scent ____ a fire ____ electrical ____?

____ it possible to distinguish ____ and ____ burning ____?

Is it ____ separate the ____ of mechanical ____?

____ I ____ the difference between electrical ____ scents?

Is ____ discern the ____ mechanical ____ electrical in a ____?

How to ____ between electrical ____ fumes.

____ best way ____ and mechanical aromas from those ____ combustion?

How ____ between electrical ____ aromas?

How do we ____ electrical ____?

Is ____ on ____ smell of mechanics vs electricity ____ process?

I want ____ odors ____ mechanical, or which smells related ____ combustion.

____ can ____ tell between ____ and ____?

Is ____ a ____ to distinguish electrical ____ mechanical aromas ____ related ____?

How ____ tell ____ difference ____ and electrical odors.

____ to ____ it's ____ to differentiate between ____ and ____ fumes.

____ a way ____ smell of burning ____ electronics or mechanics?

Can ____ tell ____ and mechanical smells?

There's ____ regarding ____ smell associated with ____ during ____ combustive process.

____ you ____ way to ____ electrical or mechanical scent ____ to ____ fire?

Does ____ able ____ difference between electrical and ____ smells.

____ if one ____ tell ____ between electrical fumes ____ mechanical ____ aromas.

____ there a way ____ the smell associated ____ during the combustive ____?

What ____ best ____ tell electrical ____ from combustion smells?

I wonder if _____ a _____ differentiate _____ and mechanical smells _____ things.
 _____ there a _____ the smell _____ electrical or mechanical _____?
 Can I _____ electrical and _____?
 I wonder _____ there is _____ separate the _____ electrical _____ mechanical _____.
 Is _____ difference in _____ electric and mechanical _____?
 Is it _____ to _____ from _____ burning _____?
 Is _____ possible to distinguish _____ electrical and _____ of _____?
 Is _____ possible _____ know _____ the _____ electrical or _____ different _____ that _____ the combustion smell?
 _____ best _____ to discern _____ mechanical emission _____ is unknown.
 _____ can you distinguish _____ mechanical and _____?
 _____ a _____ distinguishing _____ smell of mechanics and _____ combustive process?
 _____ a way _____ differentiate _____ smell associated with mechanics _____ electricity during _____?
 How _____ between electrical _____ mechanical _____?
 _____ possible to separate _____ smells of _____ and _____?
 Is it possible to distinguish between the _____ electronics _____?
 Is there a _____ which smell is for _____?
 _____ to tell _____ mechanical _____ scent?
 What is the _____ to _____ unique _____ electric or mechanical?
 Can _____ distinguish _____ electrical and _____?
 Can we _____ between electrical _____?
 _____ we _____ mechanical and _____ smells?
 How do you detect _____ of _____ electric _____?
 I _____ there _____ way to _____ between _____ or mechanical _____.
 _____ might be _____ to _____ the difference _____ fumes _____ mechanical burning _____.
 Is there _____ way _____ from mechanical _____?
 _____ tell apart the _____ mechanical _____ electrical causes?
 _____ tell the difference between electrical _____ and _____?
 Do _____ scent _____ electrical _____ mechanical is different from the scent _____ a _____?
 _____ there _____ to _____ when electrical or mechanical _____ is _____ to _____?
 Let _____ can _____ fuel smells _____ or mechanical ones.
 Do you _____ difference _____ electrical _____ mechanical _____ aromas?
 _____ apart _____ and _____ fumes.
 Is there a _____ between the scent of _____ or _____ and _____?
 I _____ can tell _____ difference between _____ mechanical smell.
 I _____ is a way _____ tell the _____ between an electrical or _____.
 _____ to distinguish between _____ scent of _____ caused _____ electronics or _____?
 _____ you _____ on _____ of electrical or mechanical _____ is _____ the burn?
 _____ between electrical _____ mechanical odors?
 _____ do _____ between electrical _____ smells?
 _____ you _____ difference between electrical and mechanical _____?
 _____ you tell the _____ and mechanical _____?
 Do you _____ to tell _____ between electrical _____ mechanical _____?
 How _____ I tell _____ difference _____ electrical _____ mechanical _____?
 Is it possible _____ tell the _____ fumes _____ burns?
 _____ the _____ method of distinguishing _____ electrical _____ mechanical emission _____?
 _____ know, if _____ fuel _____ electrical or mechanical?
 I _____ how to tell _____ electrical _____ mechanical odors.
 _____ one _____ able to _____ burning _____ and electrical fumes?
 How _____ we differentiate _____ or _____ odors?
 How do _____ distinctions _____ and _____ scent?

How _____ person tell _____ difference _____ electrical odors?
 _____ can _____ differentiate _____ electrical odors?
 _____ do we _____ apart smells _____ mechanical and _____?
 There's _____ distinguish between electrical _____ smells _____ combustion.
 _____ a _____ know _____ electrical _____ mechanical burning smells?
 Can a _____ and _____ aromas?
 Can _____ tell when _____ mechanical _____ related to the _____?
 Is _____ a way to _____ mechanics _____ a combustive process?
 _____ to distinguish _____ electrical _____ mechanical _____.
 Is _____ way of distinguishing _____ smell associated _____ vs electricity during _____?
 What's the best _____ distinguish electrical or _____ from _____ fire?
 _____ possible _____ distinguish between _____ kinds of smells, _____ those _____ electricity _____?
 Is it _____ to _____ when _____ mechanical scent _____ to _____ something?
 How can _____ distinguish _____ electric and _____?
 _____ there a _____ for _____ smells _____ burning caused by _____ and _____?
 How do _____ tell _____ differences _____ and electrical _____?
 _____ can _____ tell the _____ the mechanical and _____?
 How do _____ or _____ scent?
 _____ apart smoky _____ such _____ mechanical and electrical?
 What is _____ best _____ electrical or mechanical _____ from _____ fire?
 _____ people tell the _____ between _____ and _____ ones?
 Let _____ know _____ you can _____ smells by _____ or _____.
 How _____ I _____ vs _____ smells?
 _____ there _____ way _____ electrical and mechanical _____ of _____ things?
 Do you _____ can _____ the difference _____ and a mechanical _____?
 _____ possible to identify the electrical _____ same combustion odors?
 There _____ different _____ for _____ electrical or mechanical, _____ be sorted.
 _____ it _____ to _____ difference _____ burning _____ and electrical fumes?
 _____ like to _____ to distinguish between _____ and mechanical combustion _____.
 What is the _____ way _____ electric and mechanical?
 _____ possible to tell the difference _____ and mechanical _____?
 _____ can I identify _____ mechanical _____?
 _____ you _____ of mechanical and electrical _____?
 Is _____ a way to differentiate _____ of burning _____ by _____?
 For _____ electrical or _____ how _____ one distinguish _____?
 _____ it possible _____ distinguish the _____ mechanics _____ electricity _____ combustive process.
 Is there a way _____ of _____ and _____ combustive process?
 _____ tell the _____ electrical and _____ odours?
 _____ to know _____ I _____ distinguish _____ and mechanical odors.
 I _____ if you _____ smells, electrical or mechanical.
 _____ you _____ apart _____ or mechanical _____?
 Is it _____ to _____ mechanical and _____?
 _____ you _____ scent of _____ or _____ is different from the smell _____ the _____?
 _____ the _____ way to distinguish electrical _____ mechanical aromas from _____?
 _____ are different smells for _____ or mechanical, _____ it's _____ way _____ tell them _____.
 Is _____ way _____ tell _____ mechanical _____ is related to the _____?
 _____ to _____ types of smells, _____ as electrical or mechanical?
 _____ way to _____ electrical _____ mechanical smells when _____ to combustion?
 _____ can I tell the _____ between _____ and _____.
 _____ you differentiate between _____ and _____?

What _____ best way _____ mechanical aromas from burning gas?
 _____ you know _____ the smell _____ or _____ from _____ of the combustion?
 Does _____ know how _____ the _____ between _____ and mechanical _____?
 _____ to _____ the difference in _____ between _____ mechanical combustions?
 How _____ we _____ mechanical scents?
 Is _____ a way to _____ electrical or _____ related _____ the _____?
 I want _____ there is a _____ distinguish _____ electrical _____ smells.
 Do you know how to _____ and _____?
 Do you _____ if you _____ difference _____ mechanical burning smells?
 Is _____ a way _____ tell if _____ mechanical _____ is _____ to _____ something?
 Is there a _____ mechanical _____ and an _____ smell?
 _____ tell me _____ odors _____ electrical and _____ and _____ smell _____ to the _____?
 _____ is _____ to separate _____ mechanical _____ from those _____ to combustion?
 _____ do you _____ and _____ odors _____ one another?
 Can you tell _____ vs _____?
 Is there a way to _____ smells _____ mechanical _____?
 Can one _____ mechanical burning _____?
 Is _____ a way _____ electrical _____ emission odors?
 _____ wonder if _____ a _____ the smells of _____ mechanical fire.
 Is there a _____ distinguishing between _____ burning caused _____ electronics _____?
 Can someone _____ the _____ a _____ and _____ smell?
 There _____ mechanical and electrical _____ how do I _____ them?
 _____ there _____ way _____ distinguish _____ electrical or mechanical combustion?
 _____ can _____ tell the difference _____ electrical _____ odors.
 Can _____ are electrical or _____ and _____ is related _____ the combustion?
 _____ to _____ electrical or mechanical odors?
 _____ a way to _____ of mechanics and electricity _____ the combusive _____?
 How _____ one _____ difference between electrical and _____?
 How can _____ the difference between _____ odours?
 What _____ the best _____ smell _____ or _____ vs. _____ combusive?
 _____ you tell when electrical _____ scent _____ to _____?
 Can one _____ electrical _____ burning _____?
 _____ there _____ to tell the difference _____ electrical _____ combustion _____?
 What can I _____ to _____ out _____ smell _____ vs _____ fire?
 _____ you tell _____ difference _____ electrical _____ odors.
 _____ it _____ to separate _____ electrical and mechanical _____ things?
 _____ is _____ best way _____ electrical and _____ from burning _____?
 Is _____ possible _____ distinguish between _____ smells, _____ instance?
 I _____ to _____ is a _____ tell _____ electrical _____ mechanical smells.
 There are different smells for _____ electrical reasons, _____ do _____?
 What _____ best way to _____ electrical and mechanical _____ related _____?
 Can you _____ between a _____ smell _____ electrical smell?
 _____ me know _____ you can _____ are electrical or _____?
 What _____ the _____ to _____ mechanical and electrical _____ odors?
 Can _____ electrical from mechanical _____?
 _____ mechanical and electric _____.
 Is _____ a way _____ separate _____ smell of _____ or _____?
 _____ it possible _____ electrical _____ mechanical _____ for combustion?
 _____ smells _____ and electrical _____ how _____ differentiate them?
 How _____ electrical _____ odors?

_____ mechanical _____ electrical reasons, _____ we tell apart them?
 _____ can _____ tell apart _____ such as _____ and _____?
 How would you _____ electrical and mechanical _____?
 _____ different smells for combustion _____ so _____ useful to tell them _____.
 _____ tell the difference between electrical or _____?
 _____ can _____ tell _____ electrical odors and _____ ones?
 How _____ tell the _____ and electrical smoke?
 _____ people _____ electrical and _____ smells?
 _____ to tell the difference _____ electrical and mechanical _____?
 _____ to _____ electrical and mechanical _____.
 How _____ the differences _____ electrical _____ smoky odors?
 Is _____ possible to _____ type of electrical or _____ more _____ burn?
 There is _____ about _____ distinguish between electrical _____ smells.
 _____ do we _____ difference _____ electrical smells?
 How _____ mechanical and electrical _____?
 Can _____ tell me _____ between _____ and _____ smells?
 _____ do _____ distinguish between _____ smells?
 What _____ to differentiate mechanical and _____ emission _____?
 Can _____ tell the _____ an electrical _____ smell?
 _____ want _____ know _____ you can _____ fuel _____ or mechanical?
 _____ you tell _____ which odors _____ electrical _____ and which _____ to the _____?
 How _____ people _____ between electrical _____ odors?
 _____ can we _____ various electrical _____ mechanical _____?
 I _____ know if you _____ the _____ between _____ and mechanical _____.
 Is there _____ to _____ electrical _____ smoke smells?
 _____ like to _____ if _____ possible _____ distinguish between _____ and mechanical _____ odors.
 Is _____ to say the _____ electrical _____ and _____ burning _____?
 _____ we _____ apart mechanical _____ electrical _____.
 Let _____ know quickly _____ you can _____ of electrical or _____.
 Does one _____ electrical and mechanical burning smells?
 _____ different _____ for _____ which include electrical or _____.
 What is the _____ way _____ electrical _____ aromas from _____ ones?
 _____ there be _____ to _____ and mechanical odors?
 What is _____ way to _____ electrical _____ mechanical aromas from _____?
 _____ you _____ one _____ tell the difference _____ and mechanical _____?
 Is it possible to _____ mechanical _____ of combustion?
 _____ tell _____ which odors are electrical and mechanical _____ smells related _____?
 How can _____ distinguish between _____ electrical _____?
 Can one _____ difference between _____ vs _____?
 How can _____ electrical _____ mechanical _____?
 _____ have _____ ability _____ the difference _____ electrical and mechanical burning _____?
 _____ understand the _____ between _____ fumes and mechanical _____?
 _____ the _____ way to _____ an _____ mechanical smell _____ a _____ smell?
 Do you _____ whether the smell of _____ or _____ is different _____ the _____ combustion?
 I _____ if you _____ Sort _____ smells, electrical or _____.
 Is _____ way of telling _____ from _____ odor?
 _____ it _____ tell between _____ manifestations of combustion?
 _____ there a _____ tell the _____ mechanical burning odors?
 _____ me _____ if you _____ tell _____ difference between _____ and mechanical _____.
 _____ you know if there is _____ electrical or mechanical _____ of _____ combustion smell?

____ a way ____ the ____ of electrical ____ mechanical combustion.
 ____ way to distinguish between ____ mechanical ____ odors?
 ____ a way ____ of mechanics versus ____ the combustive process?
 ____ are different smells ____ and how ____ tell apart them?
 ____ you ____ electrical or mechanical ____ is ____ with a burn?
 ____ smell of mechanical vs ____ in a fire?
 What ____ the ____ way to ____ electrical ____ burning gas?
 Is there ____ way ____ the ____ versus electricity ____ the ____ process?
 Is there a way ____ the ____ of ____ mechanical ____?
 Is there ____ way ____ to ____ and mechanical odors?
 How ____ unique ____ combustion, ____ or mechanical?
 How ____ people tell the ____ between ____ and ____?
 Is ____ a ____ related to ____ caused by ____ or mechanics?
 How ____ I ____ between ____ mechanical ____?
 What ____ best ____ to tell the difference between scents ____ by electrical ____?
 ____ different smells for ____ electrical reasons, ____ I tell them ____?
 I ____ know ____ of scent during combustion ____ and ____.
 ____ you ____ of electrical or mechanical is different from ____ smell ____ a ____?
 ____ there ____ tell when electrical ____ mechanical scent is ____ odors?
 ____ tell electrical and mechanical ____?
 ____ to distinguish ____ electrical ____ scent
 ____ difference between electrical and mechanical ____?
 I ____ know ____ it's ____ to distinguish ____ electrical and mechanical ____.
 How ____ differentiate electrical ____ smell?
 ____ for ____ smell of mechanics vs electricity during the ____?
 Is it possible to ____ burning ____?
 Is ____ way to differentiate ____ and ____?
 Does ____ know how to distinguish ____ electrical ____?
 How ____ the ____ between electric ____ mechanical scent?
 ____ you tell the difference ____ mechanical ____ aromas?
 ____ it ____ to ____ the ____ associated with ____ vs ____ combustive process?
 ____ can ____ tell ____ difference between ____ and ____ odors?
 How ____ you tell the ____ mechanical ____ odors?
 How can I ____ electrical and mechanical ____?
 There ____ different smells ____ combustion ____ as ____ so Is ____ way to tell ____.
 ____ wonder ____ there ____ a way ____ the ____ combustion different ____ or mechanical.
 There ____ smells ____ such as ____ or ____ so there is ____ way to ____ them ____.
 ____ do ____ apart ____ electrical and ____ smells?
 ____ apart the electrical and ____ smells?
 I ____ to know ____ it's ____ if ____ between the smells ____ combustion.
 ____ would like to know ____ differences ____ and ____ parts of ____.
 Is there ____ smell of mechanics and ____ the ____ process?
 Can ____ differentiate ____ odors ____ odors?
 ____ between electrical and ____ scent?
 ____ it possible ____ on ____ smells associated with mechanics ____ electricity ____?
 ____ we distinguish ____ and mechanical ____?
 Is it possible to ____ electrical aromas ____?
 ____ there a ____ tell ____ electrical ____ mechanical scent ____ a combustion ____?
 How do ____ the ____ mechanical ____ electrical smells?
 ____ tell apart ____ and mechanical ____?

____ there any ____ to ____ smell ____ with ____ vs electricity ____ the ____ process?
 ____ the best way to ____ electrical ____ those ____ to combustion?
 How ____ you differentiate ____ mechanical ____?
 Do ____ know if ____ mechanical ____ electrical ____ different ____ the smell ____ combustion?
 ____ know ____ one could tell the ____ between ____ and ____.
 Can ____ tell the ____ between ____ and mechanical ____?
 Is ____ way ____ tell ____ electrical or ____ is related to ____?
 ____ can we ____ and electrical ____?
 Is it possible to tell ____ electrical ____ ____?
 Does ____ know ____ electrical and mechanical burning ____?
 Do you ____ or ____ is different from the ____ of the combustion ____?
 ____ one tell the difference ____ electrical or ____ for ____?
 I wonder ____ there ____ to ____ between electrical and ____.
 how ____ make ____ electrical ____ mechanical ____
 How ____ tell apart ____ odors ____ one another?
 There is a question ____ the ____ vs ____ during ____ combustive ____.
 ____ sure how ____ determine ____ between electrical ____ mechanical smells.
 Does ____ have ____ ability ____ tell ____ difference between electrical ____ mechanical ____?
 How do you distinguish ____?
 ____ smells of electric ____ versus mechanical schmucks?
 ____ can ____ electrical smoky odors?
 How ____ electrical and ____ smells?
 How ____ able to tell ____ electrical ____ odors?
 Is ____ a way to distinguish the ____ electronics ____ mechanics?
 Is ____ a way to ____ the ____ mechanics and ____ a ____.
 Do you ____ to ____ between ____ and electrical ____?
 How to discern ____ and ____?
 Is ____ possible to ____ the ____ electrical ____ a fire?
 ____ you aware ____ the difference between ____ scent ____ or ____ scent of ____ combustion?
 Can you ____ which odors ____ electrical or ____ smell is ____ to ____?
 What ____ I do to know ____ of ____ in a ____?
 ____ distinguish ____ electrical ____ mechanical smells?
 Is ____ way ____ electrical or ____ from ____ combustion-related aromas?
 Can I ____ electrical ____ mechanical ____?
 How can ____ distinguish ____ and ____?
 ____ can people tell ____ and ____ smokey odors?
 ____ you distinguish electrical ____ mechanical ____?
 ____ one tell ____ difference of mechanical ____ electrical ____?
 ____ can one distinguish between ____ aromas, ____ example?
 ____ know what scent ____ electrical or ____ different from that ____ combustion ____?
 Does someone know ____ difference ____ mechanical ____ and ____?
 I ____ like ____ know ____ way ____ tell between electrical ____ mechanical smells.
 Can you tell ____ mechanical ____?
 There are ____ for combustion, ____ as ____ and ____.
 ____ is ____ way to ____ and mechanical ____ from burning ____?
 I'd like ____ if it is ____ to distinguish ____ electrical ____.
 How can ____ tell the ____ electrical vs ____?
 Can you tell me ____ electrical ____ mechanical ____?
 How to differentiate ____ mechanical ____
 ____ if there is a ____ of differentiating ____ electrical or _____.

_____ if there _____ a way _____ between electrical and _____ smells _____ fuel.

How can _____ tell apart _____ such as _____?

For example, _____ electrical or mechanical aromas?

Would one _____ to _____ the difference between _____ odors?

_____ it _____ to _____ between _____ and electrical _____ smells?

_____ possible to separate the different _____ and _____ combustion?

There _____ smells _____ combustion such _____ mechanical or _____.

_____ to _____ and _____ smells.

What can I do _____ know _____ vs _____ in a _____?

_____ do _____ between _____ or _____ fumes?

_____ can _____ tell the _____ between electrical _____ mechanical _____?

How can people _____ and mechanical smoke?

_____ it possible _____ the difference _____ mechanical burning _____ fumes?

_____ one know _____ odors and electrical fumes?

Does _____ know _____ difference _____ electrical and a _____ smell?

Is it possible _____ decide _____ type _____ electrical _____ mechanical _____ is _____ the _____?

_____ tell electrical _____ mechanical _____?

_____ can people _____ between electric _____ odors?

_____ me _____ if _____ smells, electrical or mechanical.

_____ you _____ electrical and mechanical _____?

Is _____ a _____ electrical _____ smells for combustion?

I want _____ know if _____ to _____ electrical _____ mechanical smells.

_____ it possible to _____ between _____ burning _____ electrical _____.

_____ to know _____ way to differentiate between _____ and _____ odors.

What is _____ best way _____ and _____ aromas _____ related ones?

I want _____ know if it's _____ or _____ and if it's _____.

Is _____ way _____ distinguish _____ and mechanical fumes?

I wonder _____ there _____ to _____ smell _____ combustion _____ from _____ electrical or mechanical ones.

Is it possible to tell _____ mechanical _____ is _____?

_____ like to _____ if there is _____ way _____ differentiate between _____ and _____.

_____ have _____ way to tell _____ difference _____ and _____ odors?

_____ if there's a way to tell _____ electrical and _____.

How can _____ distinguish _____ electrical _____?

_____ want to know _____ is possible to _____ between _____ odors _____.

What is _____ best _____ to detect the distinct _____ mechanical?

Can you _____ which _____ and mechanical, and _____ related to _____ combustion?

_____ to know _____ it is possible _____ distinguish between _____ and _____.

Is _____ a _____ differentiating the smell _____ during _____ combustive process?

Let _____ know if you _____ fuel _____ electrical _____?

What _____ the _____ way to _____ smells _____ those related to _____?

What _____ the difference between _____?

_____ can _____ between electrical _____ mechanical _____?

_____ there a way to _____ smells _____ and _____ combustion?

There are _____ smells for _____ electrical or _____.

_____ do _____ make _____ electrical _____ mechanical scent?

_____ can you tell _____ difference between _____ odors?

_____ the _____ to _____ and mechanical _____ from combustion ones?

Can _____ me which _____ or mechanical and which smell _____ related _____?

_____ you _____ the _____ between _____ versus mechanical _____?

I _____ to know the difference _____ electricity, mechanics _____.

There are ____ smells _____ as electrical or _____ it's _____ tell them _____.
_____ one _____ from _____ burning smells?

I _____ like to know if _____ between _____ mechanical odors.
_____ best way _____ distinguish _____ and electrical _____ odors?

There _____ smells for combustion such _____ mechanical _____ should be _____ by _____.

How _____ one tell _____ difference between _____ electrical _____?
_____ know the _____ electrical and mechanical burning _____?

How _____ determine the smell of _____ a fire?
_____ me _____ identify fuel smells that are electrical _____.
_____ to differentiate _____ or _____ scents?

_____ the best way to tell _____ from _____ to combustion?
_____ there _____ to _____ electrical and _____ combustion smells?
_____ someone _____ the _____ between electrical and mechanical _____?

What is _____ way to _____ the _____ smells of _____ mechanical?
_____ me know _____ you can sort fuel _____ by _____
_____ know how to _____ the difference _____ and mechanical _____?

What can one do _____ electrical _____ mechanical _____?

I would _____ the _____ of _____ during combustion, _____ or _____.
_____ and _____ be told apart.

_____ know _____ to tell the _____ between electrical _____ odors?

Is it possible to differentiate _____ electrical or _____?

How _____ distinguish _____ electrical and _____?

What can _____ to _____ the smell of electrical _____?

Does anyone _____ the _____ between _____ burning _____ fumes?

I _____ how _____ electrical vs mechanical odors.
_____ possible _____ difference _____ an _____ and a mechanical burning smell?

What is _____ to _____ electrical _____ mechanical aromas _____ combustion _____.

Can you _____ the difference _____ mechanical _____ related to _____?

Is _____ possible _____ tell a difference between _____ aromas?
_____ tell me how one _____ the _____ between _____ and _____ smell?

Is it possible _____ the difference between _____ odors?

How _____ between mechanical and _____.

How can _____ difference between electric or _____ odors?

Let _____ you _____ electrical or mechanical fuel _____.

I wonder if _____ is _____ between electrical and mechanical _____ fire.

How _____ tell _____ electrical _____ fumes?

_____ a way to _____ and mechanical smoke?

_____ to _____ you _____ the difference between electrical _____ mechanical smells.

Can _____ electrical and _____ smells?

_____ it possible _____ can _____ electrical and mechanical burning odors?

Do _____ know _____ scent of electrical _____ different from _____ smell _____ a _____ device?

How _____ tell between _____ fragrances?

_____ do _____ differentiate _____ mechanical fumes?

_____ it possible to _____ electrical or mechanical _____ from _____?

I want _____ between _____ and mechanical odors.

_____ there _____ to differentiate between _____ and _____ fumes?

_____ different smells for _____ such _____ this is a way to tell _____ apart.

How _____ tell _____ electrical AND mechanical odors?

How can people tell _____ or _____ odors?

Can _____ tell me _____ or mechanical is _____ that of the combustion _____?

_____ if _____ is a _____ distinguish _____ electrical or mechanical _____.
 _____ it _____ to differentiate an _____ a _____ burning _____?
 _____ one _____ the _____ between electrical _____ mechanical aromas?
 Is it possible to _____ of _____ or mechanics?
 _____ you determine between _____ and mechanical _____?
 Let me _____ can sort fuel _____ like electrical _____.
 _____ differentiate _____ mechanical smells?
 How _____ one _____ difference between _____ or mechanical _____?
 Can _____ tell _____ mechanical burning _____?
 What is _____ best way to _____ those related to the _____?
 What is the _____ to _____ electrical and _____?
 Does one really _____ between _____ and a _____ burning _____?
 Do _____ the _____ of _____ or _____ different from _____ of a combustion?
 _____ to tell electrical _____ smoke?
 _____ there _____ to tell when mechanical _____ scent is _____ fire?
 I want _____ know _____ is a _____ to _____ or mechanical _____.
 _____ of burning _____ between _____ or mechanical, how?
 _____ can we _____ the difference _____ electric _____ mechanical _____?
 _____ there _____ way to distinguish between electrical _____?
 Is there _____ tell when electrical _____ smell _____ related to _____?
 _____ people tell _____ between _____ or _____ odors?
 _____ you _____ the _____ between the _____ and mechanical _____.
 _____ separate electrical _____ mechanical smells?
 _____ know _____ scent _____ electrical or mechanical is _____ from the _____ combustion engine?
 What _____ the _____ way to distinguish an _____ smell _____ one?
 _____ a way to tell the difference _____ electrical _____ smells _____?
 What is the best _____ to _____ electrical _____ mechanical _____ burning _____?
 Can we _____ mechanical _____?
 _____ there a way _____ separate _____ smells of electrical _____?
 Tell _____ electric _____ fumes.
 _____ you _____ electrical _____ mechanical odors?
 _____ there a _____ on differentiating _____ vs electricity during the _____?
 Does _____ know _____ one can _____ difference between electrical and _____?
 Are _____ of whether the scent _____ or _____ different _____ the combustion scent?
 _____ can _____ between _____ and _____ odors?
 Is there _____ tell whether electrical or _____ to combustion?
 How could one _____ the _____ in _____ mechanical?
 _____ there _____ to _____ if _____ electrical or mechanical scent _____ a combustion _____?
 How _____ we distinguish between _____ and _____?
 Is it possible _____ difference _____ electrical and _____ mechanical burning _____?
 How can _____ between _____ electrical _____ mechanical _____?
 _____ do I _____ the smell _____ vs mechanical fire?
 There _____ different smells _____ combustion, _____ or mechanical.
 _____ the best way to _____ scent _____ electric _____ mechanical?
 _____ you _____ to distinguish between electrical and _____?
 I'd like _____ know _____ it's _____ distinguish _____ mechanical _____ electrical _____.
 How _____ electrical and _____ scents?
 How do we tell _____ between _____ and _____?
 How _____ tell _____ difference _____ electrical versus mechanical _____?
 _____ can people _____ the difference between _____ electrical _____?

_____ to separate electrical _____ smells for combustion?
 _____ it _____ to differentiate between _____ manifestations _____ say _____ mechanical?
 _____ you know _____ difference _____ the _____ electrical or _____ the smell _____ a _____?
 _____ person know _____ difference between mechanical _____ aromas _____ electrical _____?
 Do _____ know _____ the scent of _____ or mechanical _____ from _____ combustive _____?
 _____ there is a way _____ the _____ of electrical _____ mechanical _____.
 _____ possible to tell the _____ between electric _____ and _____?
 _____ know _____ determine the difference between electrical _____ mechanical _____?
 _____ way to _____ the _____ of mechanics _____ electricity during _____ combustive _____?
 Can you tell _____ difference _____ odors _____ electrical _____.
 I _____ if _____ to distinguish _____ and mechanical smells when _____ something.
 _____ you distinguish _____ electrical and _____?
 _____ difference between electrical and _____ odors, specifically those _____ versus mechanical?
 How _____ you tell _____ between _____ or _____ odors?
 Is _____ guidance on distinguishing _____ smell _____ electricity _____ combustive process?
 _____ between electrical and mechanical _____ smell?
 Do you tell _____ and _____?
 _____ you _____ and mechanical burning _____?
 _____ it _____ to separate _____ mechanical _____ it _____ to combustion?
 Is _____ to tell _____ difference between _____ and electrical _____?
 _____ it _____ to _____ between electrical and mechanical _____?
 Can _____ which odors are _____ and mechanical, _____ smells _____ to _____ combustion?
 _____ me _____ you _____ smells by electrical or mechanical _____?
 _____ can tell _____ difference between _____ mechanical _____ smells.
 Let me know if you _____ sort fuel _____?
 Can _____ out the _____ electrical and mechanical _____?
 Is _____ possible to tell _____ difference _____ versus _____?
 Can _____ the _____ between _____ electrical smells _____ mechanical _____.
 _____ can a person _____ between _____ aromas?
 _____ do _____ tell _____ electrical _____ mechanical _____?
 _____ to know _____ between electrical _____ scent?
 _____ is the _____ electrical _____ mechanical _____ from other combustion-related aromas?
 _____ for combustion such as _____ or mechanical, _____ way to tell.
 _____ there a way to _____ the _____ mechanics _____ during _____ combustive process?
 _____ there a _____ to _____ the _____ of _____ and mechanical _____?
 _____ can people tell apart smoky _____ like _____?
 _____ help _____ between _____ and mechanical fumes?
 I _____ to know if _____ can _____ difference _____ and _____ smells.
 _____ me _____ if you _____ smells, mechanical or _____?
 Could _____ the _____ electric and _____ fires?
 _____ a way _____ smell of mechanics _____ electricity during _____ processes?
 What _____ the _____ way to tell _____ mechanical aromas _____ those related _____?
 There _____ different smells for _____ or mechanical ones, _____ a way _____ them.
 Is there _____ distinguishing the smell _____ mechanics _____ electricity during _____?
 Is there _____ guide to distinguishing the smell _____ during _____ process?
 What _____ the _____ way _____ from those related to the _____?
 Can you tell me the _____ and _____?
 How to distinguish _____ or _____.
 _____ can people _____ the _____ smoky _____ like electric _____ mechanical?
 _____ there _____ to tell _____ electrical _____ mechanical fumes?

_____ there _____ guide _____ the _____ of mechanics vs electricity _____ combustive _____?
 _____ to tell the difference _____ smell.
 _____ it possible _____ differentiate electrical _____ burning _____?
 _____ you tell _____ difference _____ the electrical _____ mechanical _____.
 _____ way to _____ the _____ of burning caused by _____ and _____?
 _____ it _____ to _____ the _____ between _____ burning smells?
 _____ one _____ the difference _____ and _____ fumes?
 _____ is _____ best _____ and mechanical smells from those related to _____?
 Is it _____ distinguish between _____ related to _____ caused by _____?
 How can _____ smoky odors like electrical _____?
 Is _____ a way _____ tell _____ electrical _____ related _____ a fire?
 Is _____ separate _____ smells _____ or mechanical fire?
 Is _____ determine when electrical or mechanical _____ is _____ combustion?
 _____ to _____ between _____ or mechanical _____.
 _____ someone _____ between electrical _____ mechanical smoky odors?
 Do you _____ the _____ of mechanical or electrical _____ of _____ scent?
 _____ can tell _____ difference _____ mechanical burning aromas _____ fumes?
 _____ different smells for combustion _____ electrical _____ so it's _____ way _____ tell what they _____.
 _____ is the best _____ to _____ or _____ aromas from _____ burning fuel?
 Is it _____ determine _____ difference _____ between _____ and _____ gases?
 _____ could _____ the _____ between electrical vs mechanical _____?
 _____ we tell the _____ between electrical and _____?
 _____ tell between mechanical and _____?
 _____ is _____ best way _____ differentiate _____ and _____ aromas _____ ones _____ the fire?
 Is it _____ tell _____ mechanical burning aroma and _____?
 Could one _____ difference _____ electrical _____ mechanical _____ smells?
 How to _____ between _____ scent.
 Is there a _____ between _____ electric _____ fires?
 Is _____ a _____ to distinguish _____ smell of _____ and _____ during _____ combustive _____?
 Do _____ the _____ of electrical _____ mechanical is different _____ the combustion _____.
 _____ know _____ mechanical differs from that of the combustion smell?
 Can you _____ electrical _____ smells?
 Is it possible _____ difference _____ electrical and _____.
 _____ you _____ how _____ tell _____ electrical _____ mechanical burning smells?
 _____ can _____ tell apart _____ mechanical _____?
 Do you _____ of the electrical _____ mechanical is _____ from the _____ of _____?
 How _____ tell the _____ between electrical _____ odors?
 How _____ between electric and _____ odors?
 _____ tell _____ difference between electric and _____ odors.
 What _____ to _____ the burning _____ electric vibes versus mechanical schmucks?
 _____ there _____ to _____ between different _____ of _____ such as _____ mechanical?
 _____ one _____ difference between _____ vs mechanical aromas?
 _____ and electrical reasons, how _____ I distinguish _____?
 _____ does _____ which type of _____ or _____ with the burn?
 _____ me know _____ you can distinguish _____ or _____ fuel _____.
 How do we _____ mechanical _____?
 How would _____ between _____ and _____?
 How to _____ mechanical _____ scents?
 I _____ can _____ the _____ between _____ and mechanical burning _____.
 _____ there a _____ to _____ smells such _____ mechanical _____ electrical?

Does ____ person know the difference ____ electrical ____ mechanical ____?

How can ____ tell ____ difference ____ electrical fumes and ____?

There are ____ combustion ____ as ____ so is ____ to separate them?

How to Distinguish ____ and ____.

____ best way ____ mechanical ____ from other combustion-related aromas?

Can ____ the ____ a ____ smell and an ____ smell?

Is ____ to ____ electrical and ____ combustion odors?

____ people tell ____ there is ____ or ____ smoke?

____ there a ____ distinguish the ____ associated ____ mechanics versus ____ a ____?

____ can ____ the difference between ____ and mechanical ____?

Can ____ identify ____ and mechanical ____?

____ can one ____ between mechanical ____ electrical aromas?

How ____ distinguish ____ electrical ____ smell?

____ it possible to ____ an electrical ____ mechanical ____ smell.

____ can someone ____ difference ____ electrical and mechanical ____?

How ____ you distinguish ____ of ____ from electric or ____?

Is ____ compare stench ____ electric and ____ fires.

How can ____ odors ____ electrical or mechanical?

____ there ____ way ____ different ____ of smells such as ____ mechanical?

____ tell the difference between mechanical burning aromas ____ electrical ____?

How ____ electrical or ____ scents?

____ anyone know ____ and mechanical burning odors?

How do ____ the ____ and ____ burning smells?

Is it possible to ____ and mechanical ____?

I want ____ the differences ____ electrical ____ in ____ combustive.

Does one ____ able ____ distinguish ____ electrical ____ mechanical ____?

____ to ____ it ____ possible to ____ between electrical and mechanical ____.

____ are different smells for ____ electrical ____ do we ____ apart ____?

Is ____ to tell the ____ between ____ electrical ____ mechanical ____ smell?

What's the best way ____ or ____ aromas ____ related ____?

____ are ____ burning things, ____ as electrical or ____.

____ there ____ of ____ smell of ____ and electricity ____ the ____ process?

Is there ____ to ____ the ____ of mechanics ____ electricity ____ combustive ____?

Is there any ____ to ____ the ____ vs electricity ____ combustive ____?

Can you differentiate ____ mechanical ____?

____ is the best way ____ electrical and ____ to burning ____ fuels?

Can you ____ difference ____ versus ____ scents?

____ can a ____ tell the difference between ____?

____ compare the ____ from mechanical and ____?

How could ____ tell the ____ between ____ odors?

____ can ____ difference between ____ and mechanical ____ odors?

____ best ____ to distinguish electrical ____ mechanical ____ from combustion ____?

____ it possible ____ when ____ mechanical scent is ____ combustion ____?

____ a way to ____ smell of ____ electricity during ____ combustive ____?

____ it ____ tell the ____ between ____ fumes and ____ aroma?

____ it ____ to ____ between ____ of ____ say electrical and ____.

____ it ____ to distinguish ____ and electrically-driven ____?

____ it possible ____ tell the difference ____ the electrical ____ smells?

Can ____ tell ____ mechanical scents?

How could we ____ mechanical ____?

_____ a better _____ to _____ electrical or mechanical _____ related ones?

Is there a _____ to distinguish _____ and _____?

_____ know a _____ to tell the _____ mechanical odors?

_____ do _____ electrical or mechanical _____?

_____ can _____ tell _____ mechanical fumes?

Does _____ ever be able _____ tell the _____ electrical _____ smells?

_____ can _____ of _____ odors, such as _____ and electrical?

There _____ different smells for _____ such as _____ is there _____ to differentiate _____?

Can you _____ difference between _____ and _____ burning _____?

_____ one be _____ distinguish between _____ electrical _____ mechanical smell?

There _____ different smells for _____ as electrical _____.

Let me _____ can _____ fuel _____ from _____ to electrical.

_____ is _____ best _____ to distinguish electrical _____ those _____ to the fire?

Is _____ a _____ to separate _____ and _____ combustion?

Does _____ how _____ tell _____ difference between _____ and mechanical _____.

_____ tell the difference _____ smells and mechanical _____.

_____ can _____ distinguish _____ electrical _____ smells?

How _____ difference between electrical or _____ odors?

Is _____ a _____ mechanical _____ is related to burning something?

Can one tell the _____ fumes _____ fumes?

_____ can _____ differentiate between electrical and mechanical _____?

_____ you tell _____ difference _____ mechanical or electrical _____?

How _____ discern between _____ odors _____ mechanical _____?

Can someone _____ electrical _____ mechanical _____?

_____ I tell between electrical _____?

_____ to know the distinction _____ combustion, _____ and electricity.

_____ a _____ people to differentiate between _____ and mechanical _____?

I would like _____ is _____ to distinguish between _____ or _____ smells.

Is _____ possible _____ distinguish _____ electrical and mechanically-generated _____?

_____ make distinctions _____ and mechanical _____.

Is _____ way _____ distinguish _____ smell _____ with _____ electricity _____ the combustive process.

How do _____ decide _____ type _____ electrical or _____ is _____ the _____?

_____ do you differentiate the _____ between electric or _____?

I _____ there _____ a _____ to _____ smell of electrical _____ mechanical _____.

_____ want _____ if there _____ way _____ electrical and mechanical odors.

What's the _____ to _____ aromas _____ those related to _____ gas?

How _____ between electrical _____ mechanical _____?

Does _____ how one can tell _____ between electrical _____?

How _____ tell _____ and _____ odors?

Is there _____ way _____ distinguish _____ the _____ mechanical _____?

Has one _____ able to _____ between _____ aromas _____ electrical fumes?

Is _____ a way _____ differentiate the smells _____ electrical _____?

There _____ smells _____ such as _____ or mechanical, _____ is it _____ differentiate _____?

_____ there _____ way _____ scent of _____ by electronics or mechanics.

How to _____ or _____?

Is _____ to tell _____ electrical _____ mechanical _____ odors?

_____ one _____ difference _____ mechanical burning aromas and _____ fumes?

Do you know how to _____ between _____ smells?

Can you _____ odors are electrical _____ is _____ to the burn?

Is _____ possible to _____ apart _____ mechanical burning _____?

____ it possible ____ the ____ of ____ electrical in a ____?
 ____ to tell ____ difference between mechanical burning aromas and ____?
 How to ____ the difference ____ electrical ____?
 Let ____ know ____ separate fuel smells, electrical ____.
 I ____ know ____ to determine the ____ mechanical ____ in a ____.
 ____ a ____ distinguish the smell associated with mechanics ____ electricity ____ process.
 What ____ between ____ aromas and electrical fumes?
 ____ is ____ best ____ tell electrical and ____ smells from ____ to ____?
 Is it possible ____ the ____ electrical ____ burning odors?
 ____ someone ____ difference ____ electrical and ____ burning smell?
 What ____ the ____ electrical ____ mechanical burning smell?
 ____ the best ____ or mechanical odors from those ____ combustion?
 What ____ to tell apart electrical ____ mechanical emission ____?
 ____ do ____ tell ____ mechanical and electrical smoke?
 Is ____ a ____ to differentiating the ____ with ____ vs electricity during ____?
 There are ____ for combustion ____ or mechanical ____ it's ____ way to tell what ____.
 Is there a way ____ the smell ____ electricity ____ the ____.
 Can I ____ between ____ and ____ smells?
 ____ is the difference ____ a mechanical ____ and ____ electrical ____?
 ____ wonder if there ____ way to distinguish between ____ and ____ the ____.
 How can ____ between ____ and mechanical ____?
 ____ tell the ____ between mechanical and electrical ____ smell?
 ____ one ____ electrical and ____ smells?
 ____ best way ____ tell electrical ____ aromas ____ related to combustion?
 I want ____ know ____ possible ____ distinguish electrical and ____ odors.
 ____ me know ____ you ____ fuel smells ____ electrical ____ mechanical.
 ____ is the best way ____ detect unique ____ combustion, ____?
 ____ the best ____ distinguish electrical ____ odors from those ____ to ____?
 Let ____ if you ____ sort fuel smells of ____ or ____.
 ____ way to differentiate ____ smells of electrical or ____?
 ____ there a way ____ if electrical ____ smell ____ related to ____?
 ____ can ____ differentiate between ____ vs ____?
 How ____ between ____ and ____ aromas?
 ____ it ____ to ____ electrical ____ mechanical fumes?
 ____ a way ____ of mechanical and electrical fire?
 What ____ the best ____ to tell the difference between ____ caused ____ issues ____?
 Can I ____ apart ____ odors?
 Do ____ know ____ the ____ is different from the ____ of the ____ substance?
 How can ____ the ____ between electric ____ scent?
 Is there a ____ between odors ____ electrical and ____?
 ____ it possible ____ mechanical ____ electrical smells for ____?
 Can you ____ between electrical and ____ scents?
 How to ____ electrical ____ scent?
 ____ it possible to ____ difference ____ mechanical burning ____ fumes?
 What is the best way ____ tell electrical ____ from ____?
 ____ it possible to ____ the smell ____ electricity ____ combustive process?
 How ____ you ____ between ____ and ____?
 How to ____ between ____ mechanical ____.
 ____ people distinguish between ____ mechanical ____?
 Can ____ tell the difference ____ and ____?

Is there ____ way to separate ____ electrical ____ mechanical ____?

____ the difference between electrical and mechanical ____?

Is it ____ me ____ the scent ____ mechanics or electricity ____ associated ____?

____ can ____ tell between ____ or mechanical ____?

____ wonder ____ there is ____ way of ____ and mechanical ____ for ____.

____ know ____ the difference between electrical and ____ smell.

____ can ____ the difference between ____ vs ____ smells?

Is there a ____ when electrical or ____ scent ____ a ____?

____ you know if the ____ is ____ from ____ of ____ combustion scent?

Can ____ tell ____ between electrical ____ mechanical burning ____.

There are different ____ combustion such as ____.

Is it possible ____ tell ____ electrical ____ and ____ burning ____?

____ to ____ electrical and mechanical ____ smells?

____ various smells ____ combustion, ____ electrical ____ mechanical ones.

Tell ____ electric ____ fumes.

____ way to ____ electrical and mechanical ____ from burning ____?

____ been able to ____ between ____ burning aromas and electrical ____?

The ____ way ____ discern ____ mechanical emission ____ is ____ known.

Is there ____ to ____ the ____ associated ____ mechanics from electricity during ____?

Can you ____ mechanical ____?

____ can one ____ which ____ of electrical ____ smell ____ with ____ burn?

What ____ to ____ electrical or ____ aromas from burning ____?

____ I tell mechanical vs ____?

____ you ____ from mechanical burning ____?

What is ____ best way to distinguish ____ or mechanical aromas ____ related ____ the ____?

____ do ____ tell ____ mechanical smells?

____ are different ____ for ____ such as electrical or mechanical, so it ____ good ____.

How can anyone tell ____ between ____ aromas?

____ to tell the difference ____ smoke?

____ help ____ between ____ and mechanical aromas?

What ____ the best way ____ electrical and ____ aromas ____ to ____?

____ tell me ____ to distinguish ____ and ____ odors?

There ____ smells ____ burning ____ as ____ or mechanical ones.

____ how ____ electrical and mechanical smells?

____ know ____ to tell the ____ between electrical ____ mechanical ____?

____ it ____ to distinguish the ____ of burning ____ mechanics?

Does anyone know how ____ and mechanical ____?

____ you know if ____ scent of ____ or ____ different ____ smell ____ burning?

Do you ____ the difference ____ aromas and electrical ____?

There ____ different odors for ____ and ____ reasons, ____ do ____ them?

____ one ____ the ____ and mechanical burning smells?

____ distinguish electrical ____ scents?

The ____ between electrical ____ burning ____?

____ there a way to ____ or ____ scent ____ related to ____?

Is ____ possible ____ distinguish electrical or mechanical ____?

____ a way to distinguish between ____ and ____ smells ____.

____ to tell the ____ between electrical ____ mechanical ____?

Let ____ you can ____ such as electrical or ____.

How do you ____ between electrical ____?

How can ____ tell the ____ electric versus ____?

Is there a way _____ and mechanical smells _____?

_____ you tell the _____ between an electrical _____ a _____?

Can we _____ between _____ and _____?

_____ a _____ distinguishing between _____ smells of burning _____ or mechanics?

_____ there a way to _____ of _____ mechanical combustion?

I _____ know if _____ possible to _____ electrical _____ mechanical odors.

_____ to distinguish scents related to burning caused _____ mechanics?

_____ to know _____ is _____ to differentiate between electrical _____ mechanical _____.

_____ is _____ question about _____ a way _____ distinguish between _____ mechanical smells.

_____ if _____ is a _____ to distinguish the smell of _____.

Is there _____ the smells of mechanical and _____?

_____ electrical and mechanical _____?

_____ smells for burning _____ such as electrical _____ mechanical _____.

_____ difference _____ electric or mechanical smokey odors?

Can a person _____ between mechanical burning _____ fumes?

How _____ one decide if _____ or _____ smell _____ a burn?

_____ apart electrical _____ and _____.

How would _____ tell _____ difference _____ versus _____ scent?

_____ you know how to _____ and _____ odors?

_____ is _____ to distinguish electrical and mechanical _____ from _____ to _____ of fossil fuels?

_____ anyone know what _____ is between _____ mechanical _____ odors?

_____ distinguish between _____ of combustion, say mechanically-driven or _____?

I _____ to _____ of _____ during electricity, mechanics _____ combustion.

_____ possible _____ distinguish electrical _____ mechanical smells _____ combustion?

_____ tell _____ between electrical and mechanical scent?

What is _____ to _____ mechanical smells from those _____ to the _____?

Any _____ the difference between mechanical smoke _____?

There _____ question about _____ of mechanics and _____ during _____ combustive _____.

_____ the _____ between electric or mechanical _____ odors?

What is the _____ way _____ detect the _____ scent _____ combustion, _____?

How _____ tell between _____ mechanical _____?

_____ there _____ tell apart different types of _____ such _____ and _____?

_____ I _____ electrical _____ mechanical odors.

_____ can _____ mechanical vs electrical _____?

I _____ to _____ difference _____ electricity, mechanics and combustion.

_____ tell the difference between _____ or _____?

Would one _____ the difference between electrical fumes and _____?

Do you _____ whether _____ scent _____ or mechanical is _____ the _____ the _____ smell?

_____ know how one can _____ between electrical _____ smell.

Can _____ distinguish electrical _____ odors?

_____ way to separate the smells of _____ electrical _____?

I _____ to know the _____ of _____ and electricity.

_____ are different _____ for combustion such _____ electrical or _____ it _____ to Distinguish _____ them.

_____ is _____ to differentiate electrical _____ mechanical smells _____ those related to _____?

_____ should _____ do to determine _____ smell _____ mechanical _____ a fire?

_____ best way _____ tell _____ or _____ aromas from _____ combustion-related aromas?

I want to know if _____ distinguish _____ electrical _____ odors.

How _____ and mechanical smell?

_____ tell the difference between _____ and _____ smell?

_____ wonder _____ there is _____ way to differentiate _____ the _____ mechanical combustion.

How can ____ tell the ____ between ____ mechanical ____ sources?
 ____ there ____ the ____ and mechanical odors of ____ same fire?
 How ____ tell ____ and mechanical ____?
 ____ differentiate between electrical and mechanical smells ____ combustion?
 Do you know ____ smell ____ mechanical is different ____ a burning object?
 How can ____ electrical ____ odors?
 Can you tell ____ between ____ electrical ____ smells?
 Is ____ a ____ or mechanical scent ____ a scent ____ the fire?
 ____ do ____ differentiate ____ electrical ____ smell?
 Will you ____ between electrical and ____?
 Can you discern ____ from ____?
 I ____ if there ____ way to ____ the ____ electrical and ____.
 Can ____ tell ____ between electrical ____ mechanical ____?
 Is ____ way ____ of burning caused by ____ or mechanics?
 ____ you distinguish the scent ____ fuel, electric ____?
 How ____ tell the ____ between electrical ____ mechanical ____?
 ____ there ____ way ____ telling ____ from mechanical smoke ____?
 How can ____ between ____ from ____ and ____ sources?
 How ____ person distinguish ____ mechanical ____ electrical ____?
 ____ one discern ____ burning odors?
 ____ best ____ tell electrical ____ mechanical ____ from ____ related to burning gas?
 ____ one ____ tell ____ difference between an ____ and a ____?
 What ____ people tell apart between ____ smoky ____?
 ____ you ____ me ____ odors are ____ and mechanical and which ____ to ____?
 How can ____ tell ____ odors such ____ mechanical?
 How ____ one ____ electrical ____ mechanical ____?
 I ____ like ____ know ____ electrical and ____ are the different ____.
 Does ____ know ____ the difference between ____ and ____ fumes?
 ____ one ____ the ____ between electrical ____ scent types?
 Is ____ possible to distinguish ____ mechanical and ____?
 ____ if the ____ mechanical is different from the ____ of a ____ object?
 ____ you know the difference ____ electrical ____ mechanical ____?
 How ____ you distinguish ____ and ____?
 ____ tell ____ electrical ____ mechanical scents?
 ____ possible ____ tell the difference between electrical ____ smells?
 Is it ____ burning ____ and electrical fumes?
 ____ a guide on distinguishing the smell associated ____ and electricity ____?
 How ____ distinguish ____ and ____ smells?
 ____ does one distinguish ____ electrical ____?
 There is a question ____ how ____ between ____ mechanical ____.
 Is there a ____ identify ____ mechanical odors ____ the same ____?
 How can people ____ between electric ____ odors?
 How ____ tell the difference ____ mechanical ____?
 ____ to know how ____ make ____ between electrical and ____.
 Is ____ to ____ between ____ of burning caused ____ or mechanics?
 ____ there ____ way to ____ when electrical or mechanical ____ related ____?
 How can ____ determine the ____ between ____ mechanical ____?
 I'm wondering ____ there ____ to distinguish between ____ mechanical ____.
 What ____ the best ____ to distinguish between ____ related ____ burning ____?
 Is there ____ way to ____ when ____ scent ____ really ____ scent?

Is ____ possible ____ distinguish between ____ and ____ odors ____?

Is ____ a guide ____ of mechanics versus ____ during the ____?

____ there ____ guide for distinguishing ____ smell of ____ combustive process?

____ the electrical vs mechanical ____?

What is the best ____ between ____ odors?

Can anyone ____ me ____ the ____ between electrical and mechanical ____?

____ would one tell ____ and electrical fumes?

How ____ between ____ mechanical smells?

____ would you ____ the difference between ____ mechanical ____?

____ people tell the difference ____ mechanical ____ odors?

____ one can tell the difference ____ mechanical ____?

____ distinguish ____ and electrical smells?

There are ____ smells ____ or mechanical, so ____ way to ____ between ____.

Is ____ possible ____ electrical ____ from mechanical burning ____?

Is it possible to tell ____ an ____ scent ____ a ____?

____ a way ____ between ____ aromas of ____ caused ____ or mechanics?

Does one ____ able ____ the ____ between electrical and ____?

How ____ people ____ between ____ odors, ____ mechanical and electrical?

____ to ____ the difference ____ and ____ odors.

Can you help ____ and mechanical ____?

Can ____ me ____ are ____ and electrical, ____ smell ____ related to the ____?

Can you tell the difference between ____ or ____?

____ of telling ____ and mechanical smoke odors?

____ do ____ distinguish ____ and mechanical ____?

What ____ the ____ tell electrical ____ from ones related ____ the fire?

____ there a guide to differentiating ____ of ____ electricity ____ process?

____ there ____ tell electrical or mechanical aromas from ____?

____ I find ____ between electrical ____ odors?

____ different smells ____ combustion ____ electrical or mechanical, ____ is a ____ to distinguish ____.

____ smells for combustion like ____ mechanical, ____ is a way to ____.

____ can ____ apart the ____ vs ____ odors?

____ the best way to ____ smells ____ combustion, electric ____?

How ____ people tell apart ____ and ____ odors?

____ can ____ tell ____ mechanical and ____ smoky ____?

Does ____ know ____ between an electrical ____ mechanical ____?

____ you ____ versus ____ smells?

____ to tell ____ difference ____ electrical and mechanical burning ____?

____ there a way to tell if ____ or ____ is ____?

Is there ____ to separate ____ of ____ and ____ car ____?

____ it possible ____ when electrical ____ is related to burning ____?

Is ____ a way to tell if ____ scent is a ____?

Does anyone ____ differentiate ____ electrical ____ mechanical odors?

What's the ____ way to ____ aromas from ____ related to ____?

Can anyone ____ me how ____ could ____ between electrical ____ mechanical ____?

Is ____ possible to tell ____ of ____ mechanical burning ____?

____ know if you can sort ____ or ____ smell.

____ help ____ tell ____ difference between ____ and electrical ____?

____ it possible to tell the ____ between ____ and ____?

____ one ____ the ability to tell the ____ electrical ____ a ____ burning ____?

What ____ the best ____ distinguish electrical and ____ aromas ____ to ____ gas?

_____ tell the _____ between _____ electrical smell and a _____ smell?

Does anyone _____ distinguish _____ electrical _____ mechanical odors?

_____ there _____ of _____ smell associated with _____ electricity during _____ combustive process?

Is one able to tell the difference _____?

It's _____ to distinguish between _____ smells for _____.

_____ mechanical and electrical smells?

When _____ odoriferous manifestations _____ combustion, _____ differentiate _____ electrical and _____ ones?

_____ can _____ differentiate _____ electrical _____ mechanical _____?

_____ to _____ mechanical emission odors?

_____ between electrical and mechanical _____?

_____ can _____ tell _____ between mechanical and electrical _____?

Is there _____ to _____ electrical and mechanical _____ in _____ area?

_____ possible to _____ the _____ smell between _____ and _____ combustions?

_____ one _____ electrical and _____ smells?

_____ me _____ difference between electrical _____ mechanical fumes?

_____ can _____ tell if there _____ mechanical _____ electrical _____?

How _____ between electrical and mechanical smells?

_____ wonder if there _____ a way _____ the difference _____ electrical and _____ in _____.

How do _____ tell _____ the _____ and mechanical _____?

Can anyone tell me _____ can tell _____ difference _____ mechanical _____?

_____ a way to distinguish the smells of _____?

How _____ the difference between electrical _____ scents?

The _____ way to _____ and mechanical _____?

_____ way _____ of mechanics _____ electricity during the combustive process?

Would _____ able to _____ difference between _____ burning smells?

Is a way _____ separate _____ of _____ fire possible?

_____ can I tell _____ between electrical _____ odors?

_____ a _____ to _____ the smells of _____ or _____ possible?

There _____ different _____ for combustion like _____ way to differentiate them?

_____ it possible to _____ the _____ and mechanical burning _____?

_____ are _____ smells _____ combustion such as electrical _____ mechanical, so _____ if _____ is a _____ to _____.

_____ to tell _____ electrical or _____ scent is related _____ fuel?

_____ there _____ to _____ the _____ with mechanics _____ electricity during the _____ process?

There _____ different smells _____ combustion such _____ electrical or _____ so _____ a way _____ tell _____.

Are you _____ tell _____ difference between _____ burning smell?

Is _____ possible to discern _____ fumes?

Can _____ tell the _____ between _____ AND _____?

_____ can people _____ difference between electrical _____ odors?

I want to know the difference of _____.

Can you tell _____ electrical and _____?

Is there a guide _____ distinguishing the _____ electricity during the _____?

_____ able to tell _____ difference between electrical _____ burning _____.

_____ if _____ is a way _____ differentiate _____ or mechanical smoke.

How _____ tell the _____ between electrical and _____?

Is _____ to distinguish between different types _____ smells, _____ electricity _____ machinery?

_____ would like _____ if there is a _____ tell apart _____ or _____.

_____ one _____ the _____ burning odors _____ electrical fumes?

Can _____ tell the _____ or mechanical _____?

How _____ one _____ between _____ and _____?

_____ we differentiate electric _____ mechanical _____?

Is _____ a way to _____ apart smells such _____ _____ _____ ?

_____ people _____ the _____ between electrical and _____ odors?

Is it _____ of smells, _____ electrical or mechanical?

How _____ electrical or _____ smell?

How _____ from _____ smell?

How to distinguish _____ ?

How _____ difference _____ mechanical and _____ smoke odors?

How _____ electrical _____ mechanical scents?

_____ a _____ tell if _____ or mechanical _____ a _____ of fire?

_____ are _____ smells for mechanical _____ electrical _____ can we _____ them?

_____ between electrical and _____ smells?

_____ know _____ to tell the difference between electrical _____ .

_____ there a _____ to separate _____ mechanical smells _____ the _____ ?

_____ know if _____ sort fuel _____ electrical _____ mechanical...

How _____ between _____ mechanical fumes?

How could _____ the _____ between electrical and _____ ?

Is _____ a _____ separate the smells of _____ burns?

_____ there _____ method _____ distinguishing between the _____ by electronics _____ mechanics?

I don't _____ how to _____ difference _____ and mechanical _____ .
