

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Technical specifications and requirements
Inquiry Sub-Category	Performance and Efficiency
Description	Inquiries about the performance metrics, energy efficiency ratings, noise levels, and water consumption of our appliances.
Data Size	5,069 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ your products ____ user manuals with ____ specifications ____ wattage ____ voltage ____?

____ possible to find detailed ____ in ____ manual: wattage, ____?

____ there ____ handbook that ____ watt and voltage ____ your products?

____ a user's ____ with more information about ____ ratings?

____ products come ____ user's ____ information about the rating ____ watt and volts?

Did your products come ____ manual with ____ details on ____?

____ is a ____ about ____ or not ____ product manuals contain ____.

____ voltage rating in the user ____ for your ____?

____ your ____ come with a user's ____ with ____ on ____ wattage?

Did ____ products ____ manual ____ more information ____ the wattage and ____ ratings?

____ your products ____ user ____ that ____ technical specifications such ____ watt count, ____?

I want ____ if ____ book contains wattage and ____.

____ details ____ your product manual about ____ and ____ readings?

____ if a user ____ has ____ details ____ wattage and ____?

____ guides should ____ specifications such as watt, ____.

____ your products come ____ a user's manual ____ detailed ____ their ____?

____ you ____ is a ____ for your products that contains in-depth ____ about ____ and ____?

Did your ____ with more ____ their power ratings?

Do ____ detailed ____ specifications such ____ watt ____ in ____ user manual?

____ products ____ user's manual ____ about Watts and Amps?

Is there a ____ information on watt ____ voltage ____?

____ the user ____ for your ____ have ____ on wattage and ____?

____ a product that has user ____ wattage ____ ratings?

____ come with ____ manual ____ had more info ____ watt andvolts?

Is ____ possible that your products ____ and ____?

Do ____ include in-depth ____ like ____ and ____ in ____ manual?

Do your products ____ detailed technical ____ and ____ the user ____?

____ you ____ that ____ user guides ____ wattage and voltage ratings?

____ product ____ with user documentation with technical ____ as ____ voltage rating?

Did ____ products ____ with ____ user's ____ with ____ information ____ the volts ____?

_____ product documents listing _____ voltages?

The _____ for your products _____ include _____ and voltage _____.

Will _____ details _____ the wattage _____ voltage requirements?

_____ you have _____ guides detailing _____?

_____ products come _____ that shows the _____ of the _____ voltage ratings?

Is _____ possible to provide _____ with detailed information _____ wattage _____?

There's a question _____ whether or _____ detailed _____ wattage/voltage _____.

_____ detailed _____ manual with _____ and voltage info?

I _____ if _____ instruction book has _____ and volt _____.

_____ user _____ detailing _____ and _____ measures?

_____ there _____ product _____ wattage and voltage ratings?

Do _____ come with _____ regarding watt _____ volts _____ Amps?

_____ products have more information about _____ watt and volts _____?

The user _____ for your _____ include _____ like watt _____.

_____ your _____ manual contain _____ like _____ and _____ ratings?

Can _____ give detailed information _____ the wattage and _____ in _____?

Is _____ user manual _____ products _____ about wattage and _____ ratings?

Did _____ products _____ with _____ user's _____ more information about _____ watt _____

_____ user manual for your _____ may _____ such _____ wattage _____ ratings.

Do _____ products _____ user _____ that provides _____ and voltage ratings?

Do _____ products _____ technical _____ such as _____ voltage?

Do you _____ guides that _____ watt _____ measures?

Do _____ documentation that gives _____ watt count, volts, and _____ on?

_____ your products include _____ specifications _____ wattage _____ user manual?

You _____ watt and volt?

Does _____ user manual _____ watt&volt?

_____ products come with _____ manual with _____ specifications, like _____ and _____?

Do _____ have user _____ that provides technical specifications such _____?

_____ your products have _____ that _____ about the ratings _____ wattage?

_____ your _____ come _____ the user's _____ more _____ about _____ or wattage?

_____ your products come with _____ to _____ specifications for _____ voltage?

Did _____ product _____ with a _____ manual _____ gave _____ information about the _____ volts and _____?

_____ you give product documents _____?

Did _____ products come with the _____ with _____ information _____ ratings?

The _____ manual for your products may _____ and _____.

_____ a user _____ for _____ products _____ in-depth details _____ wattage and _____ ratings?

Did _____ come with the user's _____ with _____ information about _____ voltage _____?

The user _____ products _____ include specifications _____ as _____ and _____ ratings.

Is _____ information in the _____ manual related _____ wattage _____?

_____ the _____ details like _____ and voltages?

Did your _____ include the _____ manual with _____ power _____?

Did your products include the _____ manual _____ information _____ of _____ voltages _____?

Is _____ manual with details _____ wattage _____ voltages?

_____ there a _____ that _____ information such as _____ and _____?

Do _____ user guide that _____ the technical deets of _____?

_____ possible _____ give product documents _____ wattages _____ voltages?

Did your _____ the _____ manual _____ had _____ Watts and Amps?

Do _____ products _____ with user documentation _____ specifications _____ wattage?

Did your products come _____ a _____ that has _____ like _____ and Amps?

Is the _____ manual _____ about the _____ and voltage _____?

_____ products _____ a user's _____ with more _____ about _____ wattage _____ the ratings?
 Do your _____ with _____ that provides technical specifications _____ count _____?
 Is there _____ comprehensive product _____ containing _____ wattage _____ ratings?
 _____ it _____ that _____ come with _____ manuals with _____ and voltage _____?
 Is there a _____ handbook _____ information _____ watt _____?
 Will _____ manual _____ clear details on the _____ requirements?
 Did _____ products _____ more information _____ manual about the _____ and _____?
 _____ you have _____ documentation _____ technical specifications _____ as _____ count _____?
 _____ a user handbook _____ provides information _____ watt and _____?
 _____ your _____ come with a user's manual _____ wattage?
 _____ your product manual for _____ elements like watt _____?
 _____ your products _____ with _____ shows watt count and _____?
 _____ a _____ handbook that gives _____ watt and _____ ratings?
 _____ your _____ come _____ user documentation with technical _____ wattage _____ ratings?
 _____ products come _____ the _____ manual _____ more details _____ the _____ the watt _____ volts?
 _____ your _____ come with user's _____ more _____ about the ratings _____ Watts _____?
 Have _____ seen _____ manual with in-depth information _____ wattage _____ your products?
 Is _____ manual _____ the products clear _____ and voltage _____?
 Is there _____ user _____ provides _____ about watt _____?
 Does _____ come _____ documentation _____ provides technical _____ for wattage?
 Did your products come _____ a user's _____ Voltage and wattage _____?
 Did _____ product _____ a _____ manual _____ more _____ about the rating _____ the _____ and _____ volts?
 _____ a comprehensive product manuals _____ details _____ and _____ ratings?
 Did _____ come _____ a user's _____ with more _____ about _____ rating _____ watt and _____?
 _____ any _____ the user manual _____ wattage and _____?
 Did your _____ a user's _____ info _____ Watts and Amps?
 _____ your products _____ about watt _____?
 _____ with a _____ manual with more info on _____ power _____?
 Did _____ with a user's manual _____ about the ratings like _____ Amps?
 _____ there _____ user _____ provide information about _____ and voltage _____?
 Is _____ you _____ product manuals _____ details like _____ voltage ratings?
 _____ products have _____ that shows the technical specifications _____ voltage _____?
 Did your _____ come _____ user's _____ that has _____ about _____ and volts?
 _____ products come with a user's _____ more _____ about _____ voltages _____?
 Do _____ own a _____ that _____ user _____ wattage and _____?
 Did _____ products _____ with _____ manual with _____ about the _____ volts and _____?
 _____ your _____ have user manual that _____ power rating?
 Do your products have _____ about _____ and power rating _____?
 _____ your _____ come with user _____ specifications _____ wattage and _____ ratings?
 _____ you give _____ that _____ the _____ and wattages?
 Could you tell _____ if _____ book has _____ volt _____?
 Did _____ products have more detailed _____ the user's _____ the _____ and _____?
 There _____ as to whether _____ the product _____ wattage/voltage info.
 _____ a user handbook _____ about watt and voltage ratings _____?
 Is it possible to give details _____ voltage _____ manuals?
 _____ there _____ that provides information about _____ and _____ ratings?
 _____ products have the _____ manual with _____ details _____ wattage and _____?
 _____ details like _____ and voltage ratings in _____ manual?
 _____ there _____ handbook _____ has information about _____ and _____ for your _____?
 _____ products _____ with _____ user manual with specifications _____ watt _____?

I _____ to _____ if _____ instruction book contains _____ info.
 _____ it possible to _____ manual _____ like wattage and _____?
 Is _____ detailed _____ in _____ manual _____ wattage, _____ ratings?
 Do you _____ user _____ watt and volt _____?
 _____ for wattage and voltage are _____ the user _____ products?
 _____ know _____ the user _____ include details like _____ and _____.
 Does _____ user _____ include _____ such as _____ voltage?
 _____ manual that gives details _____ as wattage _____ voltage ratings?
 _____ user documentation that provides _____ specifications, such as watt count _____?
 _____ products _____ user documentation that _____ technical _____ such _____ watt _____ volts?
 Is _____ a user _____ that _____ about watt _____.
 _____ your _____ the _____ with _____ information about the _____ of the watt _____?
 Is _____ any _____ in the user manual _____ wattage _____ voltage _____?
 Did _____ products come _____ the user's _____ with _____ about _____ rating _____?
 Technical specifications _____ and _____ included in _____ documentation _____ your products?
 _____ the _____ with a user's _____ with _____ about the rating _____ watt _____ volts?
 Do _____ have _____ with _____ wattage and voltage ratings?
 _____ a _____ handbook that gives information _____ watt _____ ratings.
 The _____ for _____ products should _____ specifications for _____ and _____.
 _____ the user _____ details about _____ and _____ requirements?
 _____ to know if _____ products include tech details, _____.
 _____ product come _____ that gives _____ specifications for the _____?
 Do your _____ technical _____ such _____ and voltage?
 Did _____ products _____ with a _____ that had more _____ about _____ volts?
 Will _____ manual for your _____ provide _____ details _____ wattage _____ voltage _____?
 Did _____ with _____ user's _____ with more _____ wattage and _____ ratings?
 _____ there _____ user manual for your products _____ in-depth _____ voltage ratings?
 _____ your products _____ user documentation that _____ specifications _____ ratings?
 _____ the user _____ for _____ clear about the _____ and _____?
 Did _____ a user's _____ gave _____ information about the _____ and wattage?
 The _____ manual for your _____ may have _____ of the volts _____.
 _____ manual for your _____ might include _____ such _____ ratings.
 _____ your product come _____ more details about ratings or _____?
 Do _____ manual with details like _____ voltage ratings?
 Do _____ a product with _____ guides _____ show _____ watt?
 _____ a _____ manual that gives _____ the wattage and _____?
 Is _____ a _____ product manual _____ like wattage _____?
 Did the _____ manual _____ products have more information _____ and _____?
 Do _____ have a _____ manual _____ details like voltage _____?
 Did your _____ include a _____ details _____ Watts _____ Amps?
 Is a user _____ gives _____ about _____ and voltage ratings _____?
 _____ user documentation for _____ and voltage rating _____ your _____?
 Will _____ include clear information _____ wattage _____ requirements?
 Do _____ come with user documentation _____ for _____ and voltage ratings?
 _____ your products _____ more information _____ user's manual about _____ wattage _____?
 Can you _____ if your _____ include tech _____ and _____?
 _____ come _____ user _____ that _____ specifications such as _____ count and voltages?
 Did your _____ a _____ with more _____ about _____ and volts?
 _____ products _____ user _____ information about power and _____?
 Is _____ information _____ user's _____ about wattage _____ voltage?

Do your _____ user _____ technical _____ as watt count, _____ and _____ list goes on?
 Will _____ user manual _____ your _____ clear _____ on _____ and _____ requirements?
 Did _____ products have _____ the user's manual _____ their _____?
 Did the product _____ with _____ about the rating _____ the watt _____?
 _____ with _____ user's _____ that had more information _____ wattage and the _____?
 Do you _____ user documentation _____ count and voltage rating?
 Is _____ user's manual for _____ detailed _____ rating _____ the _____ and volts?
 _____ your _____ have user _____ that shows _____ technical specifications _____ and _____?
 Do _____ a product _____ guides _____ wattage _____ ratings?
 Do you _____ user manual for _____ with _____ about _____ power _____?
 _____ product come with _____ manual _____ gave _____ information _____ rating of the watt _____ volts?
 _____ the _____ handbook _____ voltage ratings for your products?
 _____ with a user's _____ more details _____ wattage and ratings?
 I wonder _____ the _____ details like _____ and _____.
 Is _____ user handbook that gives _____ like _____?
 Is there a user _____ for _____ products _____ provides _____ ratings?
 Do you _____ if _____ manual contains _____ details _____ wattage _____ ratings?
 _____ you _____ your products include _____ and volts?
 Do your _____ come with user documentation that _____ specifications _____?
 _____ come with _____ documentation that _____ specifications for _____ wattage?
 The _____ in the _____ manual of your _____?
 _____ a user _____ that gives information like _____ voltage _____?
 Did _____ with _____ user's _____ that had _____ about their wattage _____ ratings?
 _____ want to know _____ you give _____ listing the _____.
 Is _____ a comprehensive product _____ that _____ voltage _____?
 _____ you _____ me if _____ instruction book _____ info?
 Did _____ products come with _____ user's _____ about ratings _____ wattage?
 Do _____ come with _____ contains _____ count _____ voltage ratings?
 Did your _____ come _____ tells _____ more about Watts and _____?
 The user manual for _____ may _____ the _____ of _____ wattage _____.
 _____ products come with _____ documentation _____ shows _____ technical _____ for _____ and _____?
 Do _____ products _____ documentation _____ gives _____ like wattage _____ ratings?
 Do _____ come _____ documentation _____ provides technical _____ as watt _____ and volts?
 The _____ manual for your products may _____.
 Do _____ provide _____ documentation with _____ watt count _____ voltage rating?
 _____ come with _____ user's manual that _____ more _____ about _____ Amps?
 _____ want _____ know if _____ give _____ and voltage systems.
 Did your _____ user's manual that _____ about their _____ ratings?
 Do _____ have user manual _____ products with information _____ power _____?
 Will _____ include clear _____ wattage and _____ requirements?
 _____ for your product _____ include the wattage _____ voltage _____.
 Is there _____ watt and voltage ratings?
 _____ have user _____ that provides technical _____ for _____ wattage _____ ratings?
 _____ the user _____ specifics like wattage and _____.
 Does _____ manual _____ products have _____ specifications _____ and voltage?
 Do _____ own _____ product _____ guides that _____ wattage and _____?
 _____ your product's user manual include _____ specifications such _____?
 _____ you _____ a _____ with _____ technical information like wattage _____ voltage _____?
 Do _____ user documentation _____ technical _____ watt _____ volts and the _____?
 _____ you _____ product with a user _____ for _____ voltage?

Is there a _____ includes wattage/voltage _____?

Technical specifications _____ and _____ ratings _____ in _____ documentation for _____ products?

_____ your products _____ the user's manual that _____ about Watts _____?

_____ product manual _____ specifics _____ and voltage ratings?

Do _____ products _____ with _____ has technical specifications _____ watt _____ volts?

Do _____ user _____ technical _____ for wattage and voltage ratings?

Do _____ have _____ user _____ with information _____ the _____ power rating?

_____ your _____ with user documentation _____ provides technical specifications _____ count _____?

_____ in-depth technical _____ like _____ and _____ ratings _____ your product offerings?

The _____ manual _____ your products _____ wattage _____ voltage ratings.

_____ your _____ come _____ user _____ that _____ technical specifications such _____?

Do your products have detailed _____ specifications like _____ ratings _____?

Do your products _____ in-depth _____ information _____ wattage _____?

_____ your _____ have the _____ manual with more _____ watt _____ volts?

Is _____ user handbook _____ information _____ and voltage?

_____ user _____ for your _____ include information about the _____ requirements?

Did your products come _____ user's _____ with more _____ about _____?

_____ products come _____ a _____ manual _____ more information about _____ power _____?

Did _____ products come with a user's _____ on the _____?

_____ there a _____ product manual _____ information about _____ and _____?

_____ user _____ detailing watt and _____?

_____ there any _____ the user manual _____ voltage _____ values?

_____ you have _____ detailed _____ manual about _____ readings?

_____ products _____ a _____ with _____ information about _____ Watts and Amps?

Is it _____ provide product manual _____ details _____ wattage _____ ratings?

Do _____ documentation for the technical specifications _____ ratings?

_____ your products _____ with _____ user's manual that _____ more _____ and the _____?

_____ find _____ watt, voltage ratings in _____ manual?

_____ your _____ a _____ information about the ratings of _____ voltages and Watts?

_____ products contain user _____ information about _____ power rating?

Do your _____ documentation _____ provides _____ specifications for wattage _____ ratings?

Does the _____ manual _____ in-depth technical _____ such _____ wattage _____?

_____ user documentation that provides _____ specifications for _____ voltage?

_____ your products have _____ specifications _____ watt _____?

_____ products come with _____ user's _____ with more _____ and _____ ratings?

Did _____ products include _____ details _____ the _____ about _____ power _____?

_____ you _____ product _____ user guides _____ show _____ and wattage?

_____ come with _____ user's manual _____ gives _____ about their _____ ratings?

_____ have technical specifications of _____ voltage?

Did _____ products _____ with the _____ more information _____ the _____ Watts _____ Amps?

_____ there _____ manual with wattage and voltage _____?

Is there _____ user _____ information _____ and power _____ for your _____?

_____ you give _____ listing _____ wattages _____ voltages?

The _____ manual for your _____ technical specifications _____ voltage.

_____ products _____ with _____ manual _____ more information about _____ voltage and wattage?

_____ a _____ handbook _____ gives information _____ watt and voltage _____?

_____ like watt and _____ the user manual _____ your products.

_____ user manual for _____ information _____ wattage and _____ requirements?

_____ the _____ for _____ include _____ on wattage and _____ requirements?

Do _____ manual _____ your products which contains in-depth _____ like _____ and _____?

The user's _____ may _____ more information about the _____.
 _____ products come with a _____ has more _____ about the _____ and the _____?
 _____ there a _____ that gives information _____ watt _____ Voltage _____?
 Did _____ products _____ details _____ user's _____ about the _____ the _____ and volts?
 Do your products come _____ that _____ like wattage?
 _____ your products _____ manual that _____ the power _____ power rating?
 Do _____ user documentation include _____ wattage _____ voltage?
 Does _____ product _____ in-depth _____ information _____ wattage _____ voltage ratings?
 Did _____ come _____ a _____ manual _____ has _____ about the power _____?
 _____ your _____ have _____ user's _____ with _____ information about _____ wattage _____ ratings?
 _____ manual for your _____ has _____ information about _____ ratings of _____
 _____ your products come _____ a user's manual with _____ details on _____ and _____?
 Can _____ confirm _____ the _____ for your _____ has _____ and _____ ratings?
 Is _____ a comprehensive _____ manual _____ products with _____ details like _____?
 _____ contain _____ specifications like watt _____ voltage?
 Do you _____ there _____ a user manual for _____ that _____ in-depth wattage _____?
 Have your _____ with _____ such as watt and rating?
 _____ is the _____ detail in _____ product manual _____ voltage _____ watt _____?
 _____ have _____ watt and volts?
 Does _____ come with user documentation that _____ more?
 Did _____ offer comprehensive _____ manuals _____ like _____ and _____ ratings?
 Is there _____ document _____ voltages _____ of _____ product?
 _____ possible _____ your products include _____ details, _____ and _____?
 Is there _____ manual: _____ voltage ratings?
 _____ there be clear _____ the _____ manual _____ wattage _____ requirements?
 Is _____ a _____ that _____ and voltage ratings?
 _____ your products have _____ user's manual _____ more information _____ like _____ and _____?
 Do _____ products come with _____ specifications for _____ voltage ratings?
 _____ your products _____ with a user's manual _____ has _____ and wattage?
 _____ give detailed _____ about _____ wattage and voltage ratings in the _____?
 _____ a user _____ your products _____ details on wattage _____ voltage ratings?
 _____ your _____ with _____ documentation _____ gives technical _____ for wattage?
 Did _____ products _____ in the user's manual about _____ and _____?
 Do your _____ have user manual _____ power _____ power _____?
 Did _____ come with a user's manual _____ more _____ about _____ wattage _____?
 _____ with user documentation _____ includes _____ count, volts, and _____ specifications?
 _____ you _____ there _____ user manual _____ the products _____ wattage and voltage _____?
 _____ user's manual _____ products clear on _____ voltage requirements?
 _____ technical information _____ wattage _____ ratings in _____ user manual?
 _____ products _____ with a user's _____ more _____ about their _____ ratings?
 _____ your products _____ with _____ documentation _____ specifications like watt _____ voltage _____?
 Is _____ to _____ with _____ details _____ wattage and voltage?
 _____ your _____ come with _____ more details _____ wattage and voltage _____?
 Are there _____ that _____ information like _____ and _____?
 _____ your products might have _____ and _____ ratings.
 _____ products come _____ user documentation _____ technical specifications _____ wattage and _____?
 _____ your _____ come with user _____ gives technical specifications _____ and _____?
 Do _____ technical information, like _____ and voltage ratings, _____ manual?
 _____ manual _____ your _____ may have _____ and voltage ratings.
 Do _____ products include _____ documentation _____ specifications such _____ count _____ volts?

Is _____ a user _____ gives _____ watt and _____ ratings?
 _____ there a _____ handbook _____ information _____ watt and voltage _____?
 Is _____ possible to _____ giving details such _____ and voltage _____?
 Did _____ have the _____ with more _____ Watts and _____?
 Do user _____ the _____ wattage?
 _____ your products come _____ user _____ wattage and _____?
 I _____ know _____ instruction book _____ wattage and _____ information.
 Is there _____ handbook that gives _____ watt _____ voltage ratings _____?
 _____ you _____ to _____ in-depth technical _____ like wattage _____ ratings with your _____?
 _____ you have user guides _____?
 _____ there _____ handbook _____ your _____ explains _____ and voltage ratings?
 Is _____ in your _____ voltage ratings?
 Does _____ product _____ documentation _____ technical specifications for _____ and voltage?
 Did _____ products _____ a user's manual with more _____ and volts?
 _____ your products have _____ with technical specifications _____ as _____ and _____?
 Do your _____ have _____ technical specifications _____ as _____?
 _____ you have _____ user guides _____ breakdown _____ technical details _____ and _____?
 Do _____ offer _____ complete product _____ details on _____ ratings?
 _____ your products _____ such _____ and voltage _____ their user manual?
 _____ user _____ for your _____ detailed _____ and voltage ratings?
 _____ your _____ have _____ documentation that _____ technical _____ as wattage _____ ratings?
 _____ you have any _____ guide that _____ the technical _____ voltage _____?
 Did _____ products _____ with a _____ that gives more information _____ the _____ and watt?
 _____ you have user _____ with details _____ and _____?
 _____ the _____ manual include clear details on the _____?
 _____ there a user manual for your _____ in-depth _____ and _____ ratings?
 Do _____ have _____ user _____ watt or volt _____?
 Do _____ comprehensive _____ with details such as wattage and _____?
 Do _____ products contain _____ documentation that provides _____ specifications _____ as _____ volts, _____?
 _____ user _____ for _____ products may _____ wattage and voltage _____.
 _____ your _____ have technical specifications _____ watt and _____?
 The _____ products _____ have technical _____ such as _____ and voltage _____.
 _____ your _____ come _____ a _____ manual that _____ more _____ power ratings?
 _____ the _____ with _____ user's manual with more _____ about the _____?
 _____ product come with _____ manual with _____ about _____ voltage and _____?
 Is _____ user _____ for _____ that _____ details about wattage _____ voltage?
 Do _____ products _____ a _____ about _____ power _____ power rating?
 Are you _____ comprehensive product manuals _____ like wattage and _____?
 _____ your _____ a user _____ like watt and rating?
 Did your _____ come _____ user's _____ that had _____ information _____ watt _____ volts?
 _____ wonder _____ your _____ include _____ details, _____ and voltage.
 Do _____ documentation _____ technical _____ like watt and voltage _____?
 _____ have a _____ with information about _____ ratings?
 Did the products _____ with _____ user's _____ with _____ information about _____?
 _____ come _____ a user's _____ information about the _____ and voltage?
 I want _____ know if _____ watt and voltage _____.
 Is _____ user handbook that _____ watt _____ voltage?
 Is _____ information in _____ on wattage, _____ ratings?
 _____ your _____ with information about _____ and power rating?
 Do _____ come _____ user documentation that _____ count and _____?

____ you ____ guides for watt ____ ?
 ____ products ____ user documentation that gives ____ specifications ____ and power?
 ____ user manual for ____ include ratings ____ and voltage.
 Did your products come with ____ user's ____ about ____ voltage and ____ ?
 ____ your product come with user ____ that ____ wattage ____ ratings?
 Do your ____ manual ____ information ____ the power ____ power rating?
 Does ____ product come with ____ user's ____ the ____ or wattage?
 The ____ manual ____ products might include ____ wattage ____ ratings.
 ____ manual for your products should ____ clear details ____ and ____ .
 ____ products ____ with the user's ____ more info ____ the watt and volts?
 Do ____ products come with ____ documentation ____ wattage?
 ____ know if ____ is ____ for ____ contains in-depth details like wattage ____ voltage ratings?
 Do ____ products ____ documentation that ____ specifications for ____ and power?
 Is ____ manual that gives ____ information ____ wattage and ____ ?
 ____ you ____ comprehensive ____ manual ____ details ____ wattage and voltage ____ ?
 Do ____ give ____ watt ____ voltage ____ ?
 ____ if you provide manual ____ watt ____ voltage ____ .
 Do your ____ user documentation ____ technical specifications ____ as ____ and ____ forth?
 The ____ manual ____ might ____ technical specifications ____ watt ____ voltage.
 Do you have ____ guides ____ you ____ andvoltage ____ ?
 ____ you own ____ product ____ has ____ guides with ____ for ____ and ____ ?
 Do you ____ a user guide ____ ?
 ____ user manual for your ____ include ____ for ____ watt ____ .
 Do ____ give ____ for ____ systems?
 Do ____ technical information ____ and voltage ratings ____ manual?
 ____ is a question ____ manual contains wattage/voltage info.
 Do you own a ____ that have the ____ ?
 ____ a user handbook ____ you ____ watt ____ voltage ratings?
 ____ user ____ that detail ____ andvoltage measures?
 ____ your ____ have ____ more information about ____ ratings of the voltages ____ ?
 The user's ____ your ____ can include the ____ ratings.
 Do ____ a product with ____ guides that ____ the ____ ?
 ____ products come ____ a ____ manual ____ more detailed information ____ and voltage ____ ?
 ____ you ____ if you ____ user ____ detailing ____ measures?
 ____ products have ____ user's ____ with more ____ the wattage and ____ ?
 ____ your products ____ documentation that shows ____ count ____ ratings?
 Is it ____ to provide product manuals ____ details ____ ?
 Do ____ a product ____ that state the ____ and ____ ?
 ____ you ____ product with user ____ wattage and volts?
 ____ wattage ____ voltage ratings are included in ____ user ____ your ____ .
 ____ have user documentation that ____ technical specifications for ____ voltage?
 Did ____ a user's ____ information on the ratings ____ wattage?
 Do ____ products ____ documentation ____ provides technical ____ watt count and voltage ____ ?
 Is there a user ____ that ____ andvoltage ____ ?
 Do ____ products ____ user ____ that includes ____ count and ____ ?
 Did the user's ____ for your ____ more information ____ ratings of ____ ?
 Do ____ and ____ technical specifications?
 Did ____ products come ____ a user's ____ with ____ about ____ wattage and ____ ?
 Does ____ products ____ gives technical specifications for ____ voltage ratings?
 The user's manual ____ products ____ and voltage ratings.

_____ a _____ that _____ watt and voltage ratings?

_____ your products _____ user manual with information _____ and _____?

Do _____ for _____ products include technical _____ for _____ and voltage _____?

_____ there a user handbook that _____ information _____ and voltage _____?

_____ user _____ covering _____ and _____?

Do your _____ have user documentation _____ technical specifications _____ as _____ volts, _____?

_____ user's _____ for your products _____ have more _____ and the voltage _____.

_____ your products include _____ with more information _____ the _____ the _____ and _____?

_____ a _____ manual _____ your products _____ technical _____ watt and voltage?

Do you _____ if _____ manual _____ in-depth details about _____ ratings _____ your _____?

Is there _____ product _____ gives specific _____ like watt _____?

_____ the product manuals _____ voltage?

_____ own _____ product that _____ guides _____ the _____ and voltage?

Do you include _____ documents?

Is _____ manual _____ product _____ in-depth _____ about wattage and voltage ratings?

_____ a product _____ user guides for _____ rating?

Do your _____ contain _____ documentation _____ technical _____ count _____ voltage rating?

_____ user _____ for your _____ technical specifications like watt _____?

_____ products have user Manual _____ information _____ power rating?

_____ you say _____ your _____ tech details, wattage _____?

Do your _____ come with user _____ technical _____ such _____ and volts?

_____ you found _____ user manual _____ products _____ details _____ wattage and voltage _____?

_____ come with _____ documentation _____ provides technical specifications for wattage _____?

Do your products come _____ that _____ voltage rating?

_____ products _____ manual that has _____ watt and voltage?

_____ a user _____ for _____ power _____ power _____ of your _____?

Did your products include information _____ the _____ manual _____ of the _____?

_____ products _____ watt and volts in the user's manual?

Does _____ product _____ with _____ manual _____ technical specifications like watt _____?

Do _____ have _____ manual with information on power _____?

_____ user manual _____ your products may _____ specifications such _____ ratings.

Do your products _____ that contains _____ count, _____ other technical _____?

Did your products have information _____ the _____ voltages and Watts?

_____ include a user's _____ had more _____ about the _____ and volts?

_____ you _____ in-depth technical information _____ wattage _____ ratings in _____ user _____?

Did _____ products come _____ that had more _____ the rating of _____ volts _____ watt?

_____ products provide user documentation that shows watt _____?

Have you included _____ in-depth technical information like _____ ratings?

Do you think _____ user manual _____ will _____ details _____ wattage _____ requirements?

_____ your products come with user _____ that provides _____ like _____ voltage _____?

The user's manual for _____ about _____ of the _____ and Watts.

_____ products have user instructions _____ the power _____?

Do _____ documentation for _____ wattage and voltage _____?

Do _____ come _____ user _____ that provides technical _____ for _____ and voltage _____?

_____ there a user _____ watt _____ voltage ratings _____ products?

Do _____ have user _____ that _____ specifications such _____ wattage and _____?

_____ come _____ user's manual with _____ info about _____ of the _____ and volts?

Do your products have _____ information _____ power rating?

_____ you have _____ user _____ that breaks _____ the technical _____ and _____?

Did _____ products _____ user's _____ with _____ information about their _____ and voltage _____?

Do you _____ user guide that _____ the technical _____ voltage _____?

Do _____ guides with details of _____ and volt _____?

Is _____ user _____ for _____ about voltage and wattage _____?

_____ product may include _____ for wattage and voltage.

_____ watt and voltage ratings for your products?

_____ your _____ have more _____ ratings like Watts _____ in _____ manual?

Is _____ find detailed _____ voltage _____ your manual?

_____ user manual for your products may include _____ voltage _____.

_____ question _____ whether or _____ manual includes wattage/voltage info.

_____ product have _____ in the _____ about the _____ of the _____ and _____?

_____ your _____ technical specifications _____ and voltage?

_____ products _____ information in the user's manual about _____ of _____ and Watts?

_____ the _____ handbook give information like _____ ratings?

_____ your products feature technical specifications _____?

_____ your _____ come _____ user's manual that _____ about Watts _____ Amps?

_____ your products have _____ in the _____ about the _____ the _____?

_____ your products come _____ user's _____ about the wattage _____ voltage _____?

Did your _____ with _____ manual with more _____ about _____ wattage _____?

_____ user's manual _____ your _____ has more details _____ ratings of the _____.

Do your _____ have user documentation _____ technical specifications _____ watt count, _____?

The user manual _____ your products _____ the ratings _____ voltage.

Did your _____ contain _____ manual _____ more information _____ and _____?

Is _____ information in the _____ about _____ and _____?

Is there _____ information in the _____ watt _____?

_____ products have _____ documentation that _____ specifications for wattage _____ voltage _____?

_____ include in-depth technical _____ like _____ and voltage _____ with _____ product _____?

_____ it possible _____ give _____ information _____ wattage and _____ ratings _____ product _____?

_____ there _____ user _____ the _____ that have _____ on wattage and _____ ratings?

The user _____ for your _____ have _____ such _____ watt _____ voltage.

Do _____ products have _____ documentation _____ watt _____ and other _____ specifications?

_____ possible that _____ include _____ details, _____ and voltage.

_____ with the _____ with more _____ about _____ ratings of the watt _____ volts?

_____ products _____ with user's manual _____ had _____ about their power _____?

Did your _____ a _____ manual _____ more _____ about ratings _____ wattage?

_____ include _____ specifications, like watt _____ voltage?

Do _____ with user documentation _____ provides technical specifications such _____ and _____.

Did your products come _____ with _____ information about _____ rating _____ the voltage _____?

Does your products include _____ documentation _____ provides technical _____?

_____ your _____ user's manual with more details _____ the _____ and _____ rating?

_____ your _____ come _____ a user's _____ had _____ information _____ Watts and _____?

_____ your products come with _____ user manual _____ about _____ rating?

_____ such as wattage _____ ratings _____ the user manual?

User _____ detailing _____ such _____ and voltage _____ are included with _____.

Did your _____ come _____ user's manual with _____ on the _____?

_____ with a user's manual that _____ more _____ about _____ ratings of the _____?

Did your products _____ with _____ with more _____ on _____ wattage and _____?

_____ your products _____ more details _____ ratings like _____ Amps in the _____?

Do _____ include in-depth _____ wattage _____ voltage _____ in the _____ manual?

_____ products come with _____ documentation _____ gives _____ specifications _____ and Voltage?

Did _____ products come _____ manual _____ had more _____ about power _____?

Is your _____ by user _____ detailing technical _____ as wattage _____?

Is _____ that breaks _____ the technical _____ like _____ and wattage?

_____ you able to provide _____ like _____ and voltage _____ your _____?

Did _____ products _____ with _____ user's manual _____ information _____ ratings _____ the _____ and Watts

Do _____ user _____ with voltage _____?

Is _____ a user _____ gives _____ watt _____ voltage?

Do _____ offer _____ complete product manual with _____ like _____?

_____ your products have user _____ and _____ ratings?

Is _____ products accompanied by _____ manual detailing _____ such _____ wattage _____?

Do _____ own _____ user _____ feature wattage _____ voltage ratings?

_____ a document listing the _____ and _____ the _____?

_____ your products include _____ such as watt _____?

Do you _____ product manuals _____ wattage and _____ ratings?

Did your _____ come with the _____ more information _____ the rating _____?

I want _____ know if you _____ stating _____ and _____.

_____ there a user _____ gives _____ about watt _____?

Is it _____ provide product documents with _____?

Do your _____ come _____ documentation _____ technical specifications _____ wattage and _____?

Is the _____ covering _____ and _____?

Did your _____ a _____ information about _____ ratings and wattage?

_____ your products have a _____ that gave _____ information about _____?

The user manual for _____ may _____ in-depth _____ wattage _____ voltage _____.

_____ user's _____ your _____ include wattage _____ voltage ratings.

Did your products _____ with _____ manual _____ about _____ wattage?

Is it _____ for _____ voltage ratings in your _____?

_____ products come with _____ that provides _____ specifications _____ wattage?

Is _____ a user handbook _____ gives _____ regarding _____?

_____ user _____ detailing _____ and volt measures?

Is _____ any _____ product _____ details _____ and voltage ratings?

Did your products come _____ the _____ had more _____ ratings?

Do you _____ user _____ the power and rating?

_____ user manual include _____ like watt _____ rating?

The _____ for _____ products should _____ details _____ voltage requirements.

_____ you tell me _____ instruction _____ wattage _____ volt information?

_____ there a _____ user _____ your products that has _____ details _____ and _____?

Is there a _____ handbook _____ and voltage ratings?

Did _____ come _____ user's manual _____ more details _____ watt _____?

_____ user manuals _____ your _____ the power and power rating?

_____ the _____ have information in the _____ about the _____?

Does your product _____ with user _____ that _____ for _____ and _____ ratings?

_____ your products include detailed _____ such _____ wattage _____ voltages in _____?

_____ your products _____ user documentation that _____ specifications _____ as wattage _____?

Does _____ come _____ user documentation _____ technical specifications such as _____ voltage _____?

_____ user _____ products _____ have technical specifications _____ and voltage.

_____ your _____ come with user _____ that gives _____ specifications _____ voltage?

_____ there any information _____ user _____ the wattage _____ voltage?

_____ there _____ user _____ your products with _____ information like _____ ratings?

Can _____ give _____ wattage and voltage _____ product manual?

Do you _____ for _____ and voltage _____?

_____ product offerings _____ technical information like _____ voltage ratings?

Do your _____ with user _____ technical specifications _____ watt count, _____?
 Do your _____ come _____ user documentation that _____ like watt _____ Amps?
 _____ there _____ handbook that has watt _____?
 _____ get _____ voltage ratings in _____ user _____ your products?
 _____ have user _____ for _____ specifications _____ wattage and voltage _____?
 _____ your _____ come with _____ with _____ info _____ the _____ of the _____ and watt?
 _____ your _____ with _____ with more _____ about power ratings?
 _____ manual specify _____ and volts?
 Do _____ have user _____ for _____ volt _____?
 _____ any information in _____ manual _____ wattage _____ voltage?
 Did the _____ come _____ a _____ that _____ more information _____ the _____?
 _____ you know _____ a user _____ has _____ details _____ for your products?
 Is _____ possible _____ manuals _____ give details like _____ voltage _____?
 _____ user _____ for _____ products _____ has technical details like _____ and _____?
 _____ manual _____ your _____ might _____ the voltage and _____ ratings.
 Will _____ information _____ wattage and voltage requirements?
 _____ your _____ come _____ user documentation _____ provides technical specifications _____ voltage?
 _____ a user _____ for your products _____ and power rating?
 Do you know _____ products _____ tech _____ voltages?
 Can _____ that _____ user manuals that include wattage _____ voltage _____?
 Do _____ products _____ user _____ specifications _____ as _____ count, volts _____ the like?
 _____ a user _____ for your products _____ includes _____ information about _____ and _____?
 Do _____ with a _____ manual with _____ about the wattage _____ ratings?
 _____ your products have _____ user's _____ information _____ and Amps ratings?
 _____ products _____ user _____ gives _____ specifications such as _____ and voltage ratings?
 _____ question _____ not the _____ product manuals include wattage/voltage _____.
 _____ user documentation for wattage and ratings?
 _____ user manual for your _____ clear _____ details on _____ and _____?
 Is there a user _____ information about watt _____ ratings?
 The _____ for your _____ may _____ ratings _____ and voltage
 _____ your _____ come with a _____ with _____ information _____ Watts and _____?
 _____ there _____ information in the _____ about _____ watt values?
 Do user _____ voltage?
 There _____ a _____ whether the product manual _____.
 The _____ for your products _____ include _____ watt and voltage _____.
 Did your products have _____ in _____ about the _____ of _____ watt _____?
 _____ your _____ come _____ the user's manual with _____ on the _____ and _____?
 Did your _____ user's _____ that has _____ information about _____ watt _____?
 Do _____ have a user _____ about _____ power and power _____?
 _____ there a _____ handbook _____ provides information about watt _____?
 I want to _____ you provide _____ wattages _____ voltages.
 _____ it possible _____ you give product _____ the _____ and _____?
 The user's manual _____ products _____ have _____ information _____ the voltages and Watts.
 Do _____ products _____ watt and voltage?
 Is the user _____ for your _____ wattage _____ requirements.
 _____ user manual for _____ products _____ include _____ voltage _____.
 _____ it possible to _____ manual _____ specific details _____ and voltage _____?
 _____ you provide in-depth technical information _____ and _____ ratings _____ manual?
 Is there a user _____ gives _____?
 _____ products come _____ user _____ gives _____ specifications like watt _____ volts?

Did your _____ with more information about _____ power _____ manual?
 _____ your products include user documentation _____ for _____ and _____?
 _____ it _____ product handbooks with details _____ wattage and _____?
 Is there _____ user _____ your products _____ you watt and _____?
 _____ you have user guides _____ measures?
 _____ there _____ manual for _____ that _____ details about _____ and _____ ratings?
 _____ your products come with _____ documentation _____ technical _____ and _____ ratings?
 _____ your _____ come with _____ manual that explains _____ and _____?
 Do _____ have a _____ manual _____ provides in-depth _____ like _____ voltage ratings?
 _____ have _____ guides for _____ and _____?
 Does _____ products _____ with _____ documentation that _____ technical _____ for wattage _____?
 Does _____ manual include _____ voltage _____ watt?
 Do _____ products have _____ documentation _____ specifications _____ as watt _____ and _____?
 _____ your products come _____ a _____ manual _____ on the _____ of _____ and volts?
 Do _____ products have _____ and _____ in _____ manual?
 _____ documentation for _____ may _____ technical specifications for _____ and _____ ratings.
 _____ is _____ question _____ whether _____ not _____ detailed product _____ include _____ info.
 _____ your products come _____ that had _____ information about _____ Amps?
 _____ there _____ manual containing specifics _____ as _____ and voltage _____?
 _____ that _____ your products _____ tech details, _____ and _____?
 Does the _____ manual give _____?
 Did your products come with _____ user's _____ more information _____ the ratings _____?
 _____ find wattage, _____ ratings in your manuals?
 _____ user manual that _____ technical _____ like wattage and _____ ratings?
 Do _____ user manual that provides _____ like _____ and _____ ratings?
 Is there _____ user _____ that _____ watt _____ voltage _____?
 Do you provide _____ wattage and _____ your user manuals?
 _____ user manual _____ products that contain wattage _____ voltage _____?
 Did your _____ have _____ user's _____ more _____ about the _____ of _____ and _____?
 There is _____ about _____ not the detailed product manual _____.
 Do your _____ user _____ the power and _____?
 _____ your _____ have user documentation _____ offers _____ specifications _____ and _____ ratings?
 Do _____ products come with _____ documentation _____ the wattage _____ voltage?
 Do you own _____ with _____ include _____ and voltage?
 Did your products _____ with a _____ had _____ information about _____ rating _____ the _____ and _____?
 _____ know _____ your products come _____ user _____ wattage and _____?
 _____ your products _____ user's manual that _____ about Watts _____ Amps?
 _____ your _____ the user's manual that _____ more information _____ the _____ wattage?
 Have _____ specifications in _____ user manual for your _____?
 _____ product manual _____ watt and _____?
 _____ your product _____ documentation that _____ technical _____ like watt _____ and voltage _____?
 Is _____ user _____ tells what _____ and _____ ratings are?
 The _____ products may include _____ watt and _____ ratings.
 Did _____ products come with a _____ manual _____ details _____ the _____?
 _____ products contain _____ documentation _____ technical specifications _____ as watt count, volts _____?
 Do _____ products _____ gives _____ specifications like watt count, _____ and Amps?
 Do _____ products _____ with technical _____ like watt _____ rating?
 _____ products come with user documentation _____ specifications, such as _____ and _____?
 _____ products include _____ documentation _____ like watt _____ and voltage rating?
 _____ products _____ technical _____ for _____ and voltage ratings?

Does _____ come with _____ user manual that _____ watt _____?

Did _____ products _____ user's _____ more information on the _____ of _____ voltages _____?

Is there a _____ handbook _____ your products _____ information _____ watt _____?

Did _____ product _____ detailed _____ info?

_____ there a user's _____ for _____ products that _____ in-depth _____ and _____ ratings?

Do your products have _____ and _____ rating?

Did _____ user's manual _____ more information about _____ rating of _____ and volts?

_____ you provide _____ manual for watt and voltage _____.

_____ come _____ user documentation that gives technical _____ such as _____ volts _____ the _____?

Will the _____ manual _____ on _____ and _____?

Does _____ with _____ that _____ technical specifications, like wattage _____ ratings?

_____ your _____ come with a _____ manual with _____ about _____ ratings _____ and Watts?

Can _____ manual give details _____ wattage _____ voltage _____?

Do _____ own a _____ with user _____ wattage _____ voltage _____?

_____ you _____ a user manual for _____ products that _____ in-depth details _____?

_____ products come _____ a user's manual that provided more _____?

_____ your products _____ user _____ includes watt and rating?

_____ your _____ have _____ user _____ with technical specifications like _____?

Did your products _____ a user's manual _____ has _____ and voltage _____?

_____ the _____ include _____ info?

Do you _____ a product with _____ that _____ watt _____?

_____ user _____ for _____ specifications like watt _____ and voltage rating?

Do _____ products _____ user documentation _____ provides _____ specifications, like _____ and _____?

_____ product manuals _____ details _____ wattage _____ voltage ratings?

Did your _____ come _____ information about _____ like Watts and Amps?

Is _____ complete _____ details like wattage _____ voltage ratings?

_____ the _____ manual for _____ more information _____ the _____ and volts?

_____ the user manual _____ information like _____ and _____?

_____ have user _____ detailing watt _____?

Did _____ products come _____ user's _____ with more _____ the rating of the _____?

Did _____ products come with _____ with more _____ about _____ and Amps?

Did _____ products _____ a _____ manual with _____ information _____ the _____ the voltages _____?

_____ know if the user manual contains in-depth _____ voltage _____?

_____ wattage and voltage ratings in the user _____?

_____ it possible _____ get _____ manual with wattage/voltage _____ included?

_____ the _____ manual give _____ about the _____ power ratings _____ your _____?

_____ include technical specifications like _____ Voltage?

Is there _____ for the products _____ in-depth _____ like _____ ratings?

Do your _____ user documentation _____ gives technical _____ watt _____ volts?

Did _____ products _____ with _____ gave _____ information about Watts _____ Amps?

Is there _____ comprehensive _____ details _____ and wattage?

Is _____ manual with specific information like wattage _____?

Did your _____ manual _____ more _____ about _____ rating _____ and volts?

Does your products _____ technical _____ such as _____?

Did _____ come with a user's manual _____ more _____ the _____?

_____ your products come with _____ manual _____ more _____ on _____ and _____?

Do _____ have _____ complete _____ manual with _____ on wattage _____?

Did your _____ have _____ information about the rating _____ user's manual?

_____ your _____ come with _____ user's _____ more information on Watts _____?

_____ a _____ with user guides that _____ you the _____ and _____?

____ your products have ____ documentation ____ technical ____ wattage ____ rating?
 Is ____ to ____ manuals giving specific details like ____ voltage ____?
 Do your ____ technical specifications ____ as watt ____?
 The user ____ for ____ should ____ the ____ and voltage ____.
 ____ your ____ the user's ____ more ____ the ratings and wattage?
 ____ your products have ____ details ____ the ____ manual ____ of the ____ and ____?
 Did your ____ come with ____ User's ____ with more ____ and volts?
 The ____ manual ____ your ____ can include the ____ wattage ____.
 Did your ____ user's manual ____ more ____ about ____ the voltages and ____?
 ____ a comprehensive ____ for your products ____ like watt and ____?
 Do your products ____ documentation ____ technical ____ wattage and ____?
 Do ____ products include user documentation ____ technical specifications ____ and ____?
 ____ possible ____ list wattages and ____ in product ____?
 ____ with a ____ manual ____ information about the wattage and ____ ratings?
 ____ more ____ in the ____ about the ratings ____ the volts ____ watt?
 ____ product come with user documentation ____ offers ____ wattage ____ voltage?
 Do you ____ if ____ is a ____ contains in-depth details ____ and ____?
 Is ____ possible ____ detailed power and ____ in your ____?
 User manuals ____ such ____ and voltage ____ are ____ your products.
 Is ____ possible to give ____ like voltage ____ and ____?
 Do you offer ____ comprehensive product ____ details ____ voltage ____?
 Do ____ have comprehensive ____ manuals with ____ wattage ____ voltage ____?
 ____ products include wattage ____ voltage ____ in the ____?
 ____ your products ____ technical specifications such ____ voltage?
 What are ____ technical ____ and ____ the product ____?
 ____ your products ____ with ____ manual ____ information ____ and voltage ratings?
 Did ____ products have the ____ manual with more ____ voltages and ____?
 ____ there a detailed ____ information ____ the voltage and ____?
 Do you have ____ technical ____ like ____ and voltage ____?
 ____ your products ____ user ____ with information about ____ and ____?
 Is it possible ____ give ____ manuals ____ details ____ wattage and ____?
 ____ there a product manual ____ details ____ voltage?
 Is ____ manual including specifics ____ wattage ____?
 ____ your ____ with ____ documentation that ____ specifications of wattage and ____?
 Is ____ for your ____ clear ____ wattage and ____?
 ____ your products ____ that gives technical ____ wattage and ____?
 Is ____ a user ____ that explains ____ technical ____ and ____?
 ____ user ____ can include ____ for the ____ and voltage.
 Did your products ____ the user's ____ information about ____ voltage ratings?
 Is there ____ user handbooks ____ gives ____ like ____ voltage ____?
 Did ____ products come ____ manual ____ about their wattage and voltage ____?
 Do your ____ include ____ watt ____ voltage?
 ____ there a user ____ for ____ products that includes ____ details ____?
 ____ your product ____ with ____ with ____ specifications for wattage ____ ratings?
 The ____ documentation for your products may include ____.
 Do ____ a ____ with ____ guides ____ wattage and ____?
 ____ there ____ for watt and ____ ratings?
 Did ____ products ____ with ____ manual ____ information ____ the wattage ____ the voltages?
 ____ products come with ____ with more ____ the power ratings?
 Do your ____ include ____ specifications ____ in their user's ____?

Do you ____ user ____ watt ____ measures?
 ____ come with ____ documentation ____ provides ____ specifications, ____ wattage and voltage ratings?
 ____ products ____ that had more ____ about their ____ and voltage ratings?
 ____ you ____ manual with details ____ wattage and voltage?
 ____ a ____ handbook ____ like watt and ____ ratings ____ for your ____?
 Do ____ include ____ that ____ specifications such ____ watt count, ____ and so ____?
 Did your ____ come ____ manual that ____ details about ____ rating ____ the watt and ____?
 Does ____ product come ____ user ____ that ____ specifications for ____ voltage?
 ____ come ____ user's manual with more ____ about ____ and ratings?
 Is there ____ detailed product ____ with wattage ____?
 ____ your products come ____ a ____ gave ____ info about ____ and volts?
 The user ____ for your products may ____ wattage ____ voltage.
 ____ your ____ include technical specifications ____ and ____?
 ____ product documents include ____ and ____?
 Do your ____ user documentation that ____ technical specifications like ____?
 Did your products come with the ____ more information ____ wattage ____?
 ____ handbook that gives information about watt and voltages ____?
 ____ products ____ user's ____ provided more information ____ wattage and voltage ratings?
 Is there ____ product ____ that ____ technical ____ and ____?
 Did your ____ details about ____ power ____ in ____ user's ____?
 Does your ____ with ____ that provides ____ specifications for ____ wattage ____ voltage ____?
 ____ your ____ with a user's manual ____ and Amps?
 ____ a user handbook that ____ watt and voltage ____.
 ____ products include ____ specifications such ____ wattage and ____ ratings?
 Is ____ that ____ information ____ watt ____ voltage ____ for your products?
 ____ you ____ if your ____ come ____ that contain ____ and ____ ratings?
 ____ the wattage ____ ratings included ____ user manual ____ your ____?
 Did ____ products have ____ user's manual ____ details ____ the voltages and Watts?
 ____ your ____ documentation that provides technical ____ for ____ wattage?
 ____ your products ____ with ____ shows technical specifications ____ as watt count ____?
 What are ____ details ____ your product ____ about ____ voltage ____?
 Is ____ user handbook that has ____ about ____ and ____?
 ____ possible that your ____ tech details, ____ voltage?
 ____ user manual for ____ clear on ____ voltage requirements?
 Are the ____ and rating ____ in the ____ for ____?
 ____ you ____ manual for your products ____ details ____ wattage and ratings?
 Is there a user ____ gives information ____?
 I ____ to know if ____ provide ____ watt ____ systems.
 Is ____ possible your ____ include ____ and voltage?
 Did ____ information ____ the user's manual ____ the rating ____ and volts?
 ____ product ____ have detailed ____ info?
 Have ____ user ____ for your ____ that ____ details about wattage ____ ratings?
 ____ come with ____ user's ____ gave ____ information about power ratings?
 Do ____ have ____ for ____ volts?
 ____ include ____ documentation that ____ technical ____ such ____ watt count, volts ____ the ____ goes on?
 Do your ____ detailed technical specifications ____ as ____?
 ____ have the ____ manual ____ technical specifications like watt ____?
 Can ____ me if the ____ manual ____ wattage ____ voltage ____?
 ____ your products ____ with ____ manual ____ more information on the ____ of ____ voltages ____?
 ____ your ____ come with user ____ gives technical ____ watt count and ____?

Do you _____ documentation _____ specifications _____ watt count _____ volts?

I want to _____ with wattages and voltages.

Did _____ a _____ manual _____ had more _____ the watt and volts?

_____ product documents with wattages _____?

_____ a detailed product manual _____ wattage/voltage _____?

_____ user manual of _____ products _____ technical specifications _____ watt _____.

_____ you offer a complete product _____ with _____ voltage?

Technical _____ for _____ and _____ are _____ in user _____ products?

Is there _____ user handbook _____ and _____ ratings?

Is _____ user _____ your products _____ details _____ wattage and voltage?

I _____ know _____ instruction book contains _____ and volts.

Do your products _____ with user _____ count, _____ and _____ on?

Did _____ products _____ with _____ user's manual with more _____ about _____?

Does the _____ your _____ have _____ specifications _____ watt and _____?

Did your products _____ with a _____ more _____ wattage and the _____?

Did your products come _____ manual _____ about power _____?

Do your products _____ with _____ that gives technical _____ and _____?

_____ products _____ the _____ more information on _____ watt and volts?

_____ product come _____ user's manual that had _____ about _____ rating _____ watt and volts?

Can you confirm _____ has _____ and volt _____?

Is _____ a _____ guide that _____ the _____ such _____ wattage _____ voltage?

_____ the _____ wattage and voltage?

Do your _____ a _____ manual _____ about _____ and rating?

Do _____ products _____ user _____ technical specifications for _____ voltage _____ wattage?

Do you _____ if your _____ tech details, _____?

_____ you give product _____ that list _____?

Do _____ products have _____ manuals with information _____?

_____ products _____ with user _____ that states watt count _____?

Do _____ if _____ products _____ details, watt and _____?

_____ user manual specify _____?

_____ your products _____ user's _____ with more information _____ ratings?

Do _____ have a _____ product manual _____ like _____ and _____?

Did _____ products _____ with _____ information _____ the ratings _____ the voltages and Watts?

_____ the power and _____ rating information _____ your products?

Does _____ product _____ have _____ like wattage _____ ratings?

_____ have user _____ with _____ watt and volt measures?

Is _____ of technical watt and _____ in the _____?

Is _____ a _____ your products _____ in-depth details like _____ voltage _____?

The _____ may _____ the watt and voltage ratings.

Is there a _____ of _____ wattage, _____ your _____?

Does _____ manual include specifics _____ voltage?

_____ manual for your _____ may _____ voltage and watt.

_____ wattage _____ voltage ratings may be _____ user manual of _____.

Did the products _____ user's manual _____ on _____ of the _____ and Watts?

_____ products _____ with _____ user's manual _____ more _____ the ratings _____ the watt and _____?

Do _____ include user manual _____ information _____ power and _____?

_____ product offerings _____ in-depth technical _____ such _____ and _____ ratings?

_____ own _____ product with user _____ wattage and voltage?

_____ have more _____ in the _____ the ratings of the _____ and Watts?

_____ your _____ come with user _____ that _____ specifications such _____ watt _____ and _____?

Did your _____ with user's _____ with _____ information _____ and voltage _____?
 _____ your _____ with a _____ manual with more _____ the rating _____ watt and _____?
 I want _____ know _____ the _____ product manuals _____.
 _____ a _____ with technical _____ like watt and voltage?
 _____ products _____ with user _____ that _____ technical specifications _____ voltage _____ wattage?
 Do you have a comprehensive _____ specifics _____ voltage _____?
 _____ your products _____ with _____ documentation _____ shows _____ volts, and _____ like?
 _____ for your _____ that has _____ wattage and voltage ratings?
 There is a _____ as to _____ manuals are supplied _____.
 Did _____ a user's _____ information on the _____ or wattage?
 _____ your products have a user's _____ more _____ ratings of Watts _____?
 _____ manual for _____ products may _____ the _____ and _____ ratings _____.
 Do your _____ that provides _____ as watt count, volts and _____?
 _____ there _____ user handbook _____ gives _____ related _____ watt _____ voltage _____?
 _____ your products _____ about _____ Amps in _____ user's manual?
 Do you _____ a user manual _____ with _____ about power _____?
 Do _____ know if your _____ came _____ user's _____ with more _____ watt and _____?
 Is there a _____ handbook with _____ and _____?
 _____ it _____ to provide _____ specific _____ like wattage _____ voltage ratings?
 _____ your _____ come with _____ documentation _____ provides technical specifications _____ count, _____ and _____?
 _____ product may _____ technical specifications _____ as wattage and _____ ratings.
 _____ products come with _____ user's manual with _____ about _____ and _____?
 _____ your products include _____ in the _____ manual about _____ of _____ Watts?
 _____ your products _____ with _____ manual that provided _____ about _____ ratings?
 _____ you _____ guide _____ explains the _____ deets _____ voltage and wattage?
 _____ your _____ carry _____ manuals with _____ about _____ and _____ rating?
 Do you _____ that _____ watt _____ measures?
 _____ your products have _____ that provides _____ specifications such _____ and so _____?
 _____ products have user documentation _____ provides _____ count _____ voltage _____?
 _____ there _____ user _____ that gives _____ about _____ voltages?
 _____ documentation _____ provides technical specifications _____ the wattage _____ voltage?
 Did _____ have _____ information _____ the rating of the _____ the _____ manual?
 _____ come with user _____ that _____ technical specifications, for example _____ volts?
 Is it possible your _____ include tech _____?
 Do you have a comprehensive _____ manual _____ voltage _____?
 _____ products include more _____ about the _____ like _____ Amps in the _____?
 _____ products _____ with user _____ that _____ specifications, _____ wattage and voltage _____?
 Is _____ a _____ manual _____ your products _____ more in-depth _____ about _____ ratings?
 Do your products _____ with user documentation _____ watt _____ rating?
 Did the products _____ with _____ the watt and volts?
 Is the _____ your _____ clear _____ and voltages?
 _____ a user manual for _____ gives in-depth details about wattage _____?
 _____ there _____ manual with details like voltage _____?
 _____ there _____ that list the wattages and _____?
 Do your _____ come _____ specifications for watt and volts?
 _____ your products _____ with _____ documentation that shows watt _____ and _____?
 Did _____ with the user's _____ with more _____ about _____ and wattage?
 _____ product _____ documentation that includes technical _____ for _____ and _____ ratings?
 Do _____ a user _____ for your products _____ has in-depth details _____?
 _____ the _____ contain _____ wattage and voltage ratings?

Is there _____ comprehensive _____ manual that _____ specifics _____ ratings?
 _____ a _____ product _____ contains _____ like _____ and voltage ratings?
 _____ there _____ that shows _____ watt and _____ of your products?
 I _____ like to _____ if _____ include tech _____ voltage.
 _____ products come _____ a user's _____ that provides more information about _____ and watt?
 Does _____ user manual _____ watt&volt?
 Did your _____ a user's _____ with _____ information _____ wattage and voltage _____?
 I want to know _____ contains _____ volt info.
 _____ a user's _____ for your products _____ wattage and voltage _____?
 _____ know _____ your _____ include tech details, _____ and _____?
 _____ your _____ with _____ manual that had more details about _____?
 Do _____ products _____ with user documentation that contains technical _____ or _____?
 Did _____ products include _____ manual _____ more _____ the rating of the _____?
 _____ products have _____ documentation _____ technical _____ wattage and voltage?
 If your _____ with user _____ can you confirm _____ ratings?
 _____ your _____ a user's _____ that had _____ information about _____ and _____?
 Did your _____ information in _____ user's _____ the _____ and the _____?
 _____ a user's manual with more _____ about their power _____?
 _____ it possible that _____ product manuals _____ wattage and voltage _____?
 Was the _____ that came _____ your products _____ the watt _____?
 _____ come with the _____ manual _____ information about power ratings?
 Is _____ to give product _____ details _____ and voltage ratings?
 Is _____ a _____ containing details _____ wattage _____ voltage _____?
 Did your products _____ a _____ that _____ information _____ the _____ and ratings?
 _____ there a _____ manual for your products _____ and voltage ratings?
 Did your _____ manual that had _____ information _____ ratings like _____ and _____?
 Is _____ a _____ manual that includes _____ info?
 Did your _____ with the user's _____ more info _____ andvolts?
 _____ your products come _____ documentation _____ such as _____ volts, and _____ list goes on?
 _____ it _____ for you _____ give _____ voltage ratings in the _____ manual?
 The _____ products should include _____ on the _____ and voltage _____.
 Do _____ products _____ user documentation that shows _____ count _____?
 _____ products _____ documentation that gives _____ watt _____ and voltage rating?
 _____ your products come _____ user's manual with _____ the wattage _____ the _____?
 Is _____ user _____ detailing _____ measures?
 Did _____ products have _____ information _____ manual _____ Watts and _____?
 _____ a user handbook that gives _____ Voltage _____?
 _____ for your products _____ contain information _____ and _____ ratings.
 Is it _____ to _____ specific details _____ voltage ratings _____ product _____?
 Is _____ manual written _____ specifics _____ wattage and _____?
 The _____ manual _____ products _____ include the _____ voltage ratings.
 _____ your _____ with _____ explains the rating _____ the watt andvolts?
 Do _____ technical information like _____ ratings in _____ user guides?
 _____ know _____ you _____ a manual about _____ and voltage _____.
 _____ there a user handbook _____ watt and _____ your products?
 _____ there _____ user _____ for your _____ that gives in-depth _____ and _____ ratings?
 Do user guides _____ voltage?
 Did _____ have _____ details _____ manual _____ the _____ and the ratings?
 _____ there _____ user manual _____ your _____ that _____ and voltage _____?
 _____ there a _____ manual for _____ that _____ information _____ wattage _____ voltage ratings?

____ your _____ specifications such as watt and rating?
____ products come ____ a _____ detailing the ____ of ____ watt and volts?
____ come with _____ user's manual _____ details about the power ____?
____ you _____ product with _____ explain the ____ and voltage?
____ there a comprehensive _____ containing _____ watt and voltage ____?
____ possible for the _____ product _____ wattage/voltage info?
Did _____ with _____ user's _____ with more _____ the ____ and voltages?
____ products have _____ in the user's _____ about the ____ and ____?
____ products _____ user _____ that has technical specifications _____ wattage and ____?
Do _____ watt and ____?
____ manual _____ information about the power and rating?
____ the _____ for _____ details on wattage _____ voltage requirements?
____ that _____ include tech _____ wattage and Voltage?
Did your _____ with a _____ more _____ about _____ like Watts _____ Amps?
Did your _____ come with a _____ with more _____ about _____ and volts?
____ your _____ come with user documentation that tells _____ count _____?
Do _____ in-depth _____ like _____ and voltage ratings _____ your user ____?
____ user documentation that includes _____ and voltage rating?
Technical specifications _____ as wattage _____ are _____ your user ____?
Did _____ products come _____ user's manual _____ and Amps?
