

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network speed and performance concerns
Inquiry Sub-Category	Inconsistent network performance
Description	Customers encountering variations in network performance, including fluctuating speeds or intermittent disruptions.
Data Size	5,018 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Are there _____ sudden _____ or _____ experienced when browsing _____ networks?

What are _____ the _____ changes seen _____ the _____ through _____ particular network _____?

_____ sudden _____ and surge during _____?

Is _____ a reason _____ performance _____ while you _____ surfing _____?

_____ specific factors explain _____ in _____?

Does _____ why _____ dips _____ spikes happen _____ I'm _____?

_____ a reason _____ unpredictable fluctuations _____ browsing _____ networks?

Do _____ and drops experienced _____ their _____ do with browsing _____ their _____?

Did you know _____ for the _____ changes?

_____ causes _____ browsing via _____ networks?

Can _____ rapid _____ or _____ in scrolling rates on their _____?

What are the _____ sudden _____ when _____ through _____ networks?

_____ causing the unexpected drops _____ jumps _____ network?

Network browsing _____ drops or _____.

_____ are unexplained _____ spikes _____ browsing.

What factors _____ dip _____ surge in browsing on _____?

_____ not sure _____ there _____ frequent changes in _____ web browsing _____.

_____ to _____ the _____ erratic spikes or _____ experienced during web browsing?

There is a _____ for sudden web _____.

_____ the spikes _____ drops experienced _____ on their _____ purpose?

What _____ underlying _____ for rapid variations while _____?

What _____ explain rapid _____ while _____?

_____ are _____ that lead to the quick dips _____ your _____?

What is _____ reason network _____?

_____ specific factors _____ changes _____ browsing?

What _____ circumstances _____ for _____ when you navigate _____?

_____ reason for _____ spikes or dips _____ I'm online?

_____ there _____ reason _____ or increases in connection _____ during internet browsing?

There are _____ reasons for _____ when _____ are browsing _____ networks.

_____ network-related browsing fluctuations?

What ____ a ____ surge in web browsing over ____?
 ____ on network browsing?
 ____ anyone ____ the dips or ____ when ____ online?
 ____ reason ____ sudden drops ____ spikes during browsing ____ their ____?
 Does anyone know ____ or spikes ____ online?

 Is it ____ explain ____ while ____ via their ____?
 ____ are ____ the quick dips ____ surge during browsing on ____?
 ____ on your ____ do I experience ____ and ____?
 ____ a specific ____ the ____ or ____ experienced during web browsing ____ connections?
 ____ it ____ identify the ____ of the drops or ____ experienced ____?
 ____ a specific reason for ____ spikes ____ browsing on their ____?
 Is there a ____ unpredictable ____ using ____ networks?
 Do there ____ reasons ____ the ____ while ____?
 What are ____ in network ____ when you are surfing ____?
 What is ____ cause of ____ unpredictable ____ your networks?
 ____ spikes ____ drops experienced ____ browsing ____ have a specific ____?
 What are ____ the sudden ____ network ____ while you are ____?
 sudden drops ____ spikes ____
 I'm curious ____ to ____ changes in ____ during my ____ sessions.
 What are the ____ falls in scrolling rates ____ networks?
 ____ are ____ reasons ____ sudden ____ spikes ____ browsing their networks?
 ____ and drops experienced ____ their ____ have a specific ____?
 Why ____ the dips or spikes ____ internet?
 ____ spikes and ____ when browsing on their ____ these have something ____ this?
 ____ circumstances ____ rapid fluctuations ____ online?
 Why ____ the ____ and spikes ____ on the ____?
 ____ drops ____ spikes in ____ browsing?
 During ____ what factors ____ to the quick dips ____?
 Do the spikes and drops ____ really ____ a specific ____?
 ____ the ____ for ____ drops when ____ their networks?
 ____ there ____ behind ____ drop/raise on ____ networks?
 ____ causes sudden ____ in ____ browsing over their ____?
 What ____ the ____ reasons ____ drops or ____ visit their websites?
 Do you ____ explanation for ____ decreases or ____ in connection ____ internet ____?
 ____ you ____ drop/raise while ____ networks?
 ____ changes in network ____?
 There are ____ lot ____ and ____ when ____ on their ____ these have something ____ with?
 Do ____ think ____ is a ____ for ____ unpredictable fluctuations ____ your ____?
 ____ are the ____ reasons ____ sudden drops or ____ they're ____ their ____?
 What is the cause ____?
 ____ causes ____ in ____ browsing?
 What are ____ possible ____ for sudden ____ are ____ via their ____?
 ____ there be ____ reasons for the changes ____ the ____ this network ____?
 Please ____ reasons ____ drop/raise while ____ networks.
 ____ there ____ cause behind ____ drops or spikes experienced ____?
 There ____ sudden ____ spikes ____ they browse through their networks.
 ____ curious why there are ____ in ____ my web ____ sessions.
 Is ____ for sudden ____ or ____ when they're browsing ____?
 ____ reasons ____ sudden drops when browsing networks?

Is there ____ reason ____ network ____ ?

Why ____ sudden ____ your networks?

____ is the source of rapid ____ falls ____ rates ____ networks?

I'm curious to ____ why there ____ changes ____ stability ____ my ____ sessions.

Is ____ a single ____ for ____ unpredictable ____ experienced ____ your ____ ?

What ____ reasons for ____ browsing?

____ there ____ to ____ a ____ for the spikes and ____ on their networks?

Do specific factors affect ____ ?

When they're ____ their networks, what ____ for ____ drops?

Is there a ____ fluctuations?

When ____ with ____ a particular cause for the ____ ?

____ underlying ____ that ____ to rapid variations while ____ online?

____ lot ____ spikes ____ drops experienced when browsing on their networks, do ____ have ____ to ____ ?

____ certain reasons ____ the ____ fluctuations ____ browsing via ____ networks.

What underlying ____ the ____ variations when ____ ?

What underlying circumstances ____ navigating online?

____ a ____ cause ____ the ____ fluctuations ____ when browsing ____ networks?

What is ____ drops ____ they browse?

Why ____ sudden ____ and ____ through their networks?

What ____ the cause ____ sudden ____ spikes ____ browsing over their ____ ?

What ____ circumstances ____ lead to rapid variations ____ ?

What are ____ for sudden drops ____ in internet ____ ?

____ causes drops ____ in ____ on ____ internet?

While ____ your ____ is ____ something ____ drops or jumps?

____ you see ____ changes in ____ while surfing ____ ?

Why do ____ or ____ occur on ____ networks?

____ are ____ rapid variations whilst online?

Please explain the reasons ____ drop/raise ____ using ____ .

What ____ variations ____ online?

____ drops or ____ network browsing?

____ spikes and drops ____ by browsing ____ networks have ____ specific ____ ?

____ certain reasons ____ the ____ browsing?

There could ____ reason for ____ disruptions.

____ curious ____ know why there ____ changes in ____ stability ____ browsing sessions.

____ there exist spikes and ____ browsing ____ networks?

Why do ____ see drastic dips or ____ ?

Is ____ reason ____ sudden drops or ____ in internet ____ ?

What underlying ____ for rapid ____ ?

____ you see ____ browsing on their ____ ?

____ be the ____ for ____ drops ____ spikes ____ they're using ____ networks?

____ reason for ____ or spikes when ____ online?

____ reason ____ sudden ____ spikes when browsing ____ their networks?

____ specific reason ____ unexpected shifts ____ surfing the web?

Did ____ the reasons behind ____ sudden internet ____ ?

What is the ____ or spikes in ____ through ____ ?

____ do network ____ speeds ____ ?

network ____ fluctuations?

There ____ be reasons ____ unexpected shifts ____ internet.

____ spikes ____ drops that ____ browsing ____ their ____ have something ____ do ____ it?

____ browsing on your networks, ____ factors contribute ____ ?

_____ explanation _____ sudden _____ within their network's impact _____ browsing habits?

_____ or _____ when they _____ through _____ what is the _____?

_____ for the _____ that occur when browsing with _____?

_____ you see _____ or spikes when you _____ your _____?

Is _____ a _____ network browsing _____?

_____ there a _____ shifts in browsing habits _____ their _____?

What _____ drops or spikes _____ on their networks?

_____ specific factor explain _____ changes in browsing _____?

_____ causes _____ drops and spikes _____ through their _____?

_____ they have _____ specific _____ for _____ or spikes _____ browsing _____ networks?

_____ the unexpected _____ network performance _____ were surfing online?

_____ possible reasons for _____ or spikes when _____ their _____?

_____ are the _____ behind sudden _____ your networks?

_____ the reasons _____ spikes _____ in web browsing?

Why are there _____ when _____ networks?

_____ it _____ that specific _____ prompt the sudden _____ surge _____ using _____?

Why _____ the _____ performance change _____ you _____ surfing _____?

_____ reasons _____ drops _____ spikes when they're _____ their networks.

_____ for intermittent _____ occur when using _____ network services?

What are _____ cause rapid changes _____?

Is _____ explanation for _____ that occur _____ browsing with _____ networks?

Do _____ factors _____ cause sudden _____ browsing?

What _____ sudden _____ or _____ browsing _____ their networks?

_____ do _____ spikes occur when they're browsing _____ networks?

_____ the _____ dips _____ surge while browsing _____ your _____?

_____ lot of _____ and drops experienced _____ browsing _____ networks, _____ have _____ specific _____?

What are _____ abrupt _____ in browsing _____ networks?

What are the reasons _____ dips _____ surges _____ network?

Is it _____ specific _____ explain _____ in browsing via _____?

Do the spikes _____ drops _____ have a specific _____?

_____ for _____ drop/raise while _____ networks?

When _____ their networks, are there _____ sudden _____?

Was there _____ reason _____ speed variation?

_____ are _____ drops or _____ when browsing through _____?

_____ browsing speeds to _____?

_____ accounts _____ changes _____ internet _____ over their networks?

_____ were _____ changes _____ performance while _____ were surfing online?

How do _____ underlying circumstances _____ rapid _____ whilst _____?

_____ there be a cause _____ in _____ speed?

Do _____ explain _____ browsing?

Is _____ a reason for the unexpected _____?

What is the cause of _____ decreases _____?

_____ you tell us _____ we see _____ or dips _____ performance?

Why are sudden _____ or spikes _____ they _____ through _____?

What _____ the reason _____ drops or _____ usage?

What's _____ of sudden _____ surges during _____?

Is _____ a reason why _____ fluctuations _____ unpredictable _____ their _____?

Does anyone _____ variations _____ internet speed when _____ their _____?

_____ are _____ reasons for sudden drops _____ they _____ their _____?

Will _____ be specific reasons for unexpected _____?

_____ are _____ for drops _____ spikes _____ browsing _____ their network?

_____ are the _____ for the _____ spikes _____ browsing?

When _____ their _____ are _____ reasons behind _____ or spikes?

_____ there _____ for _____ internet _____ variation?

_____ they _____ their _____ what is _____ for sudden _____?

_____ see sudden drops when _____ your networks?

_____ factors may explain abrupt _____ their networks.

_____ rapid variations while navigating online?

_____ is the _____ browsing fluctuations?

Why _____ drops _____ occur when _____ browse _____ their networks?

_____ is _____ sudden drops or _____ when browsing on _____?

There can be _____ browsing _____.

Is it possible _____ identify the _____ erratic _____ or _____ connection?

_____ their _____ what are the possible reasons _____ or _____?

_____ reasons for _____ while on the internet.

What factors _____ the quick dips _____ browsing _____ networks?

_____ the _____ that explain _____ changes _____ browsing?

Why do _____ experience _____ or _____ browsing _____ their networks?

Is there _____ explanation _____ web _____?

_____ drops and spikes occur _____ they _____ their _____?

_____ are possible reasons for _____ drops _____ they are _____.

_____ drop/raise while using _____ networks?

_____ you explain to _____ sudden spikes or _____ network performance?

_____ the _____ sudden drops _____ spikes _____ they browse their _____?

_____ do _____ see _____ or spikes when _____ their networks?

_____ are _____ reasons for _____ unpredictable _____ on their networks.

Why _____ you _____ sudden _____ or spikes _____ browsing?

_____ it possible _____ identify the _____ of _____ spikes _____ experienced _____ browsing?

There _____ reasons for _____ or spikes when _____ networks.

Do _____ know _____ the unexpected drops _____ jumps _____ network?

_____ network browsing _____ fluctuate?

Do _____ and drops _____ when browsing _____ networks _____ to _____ with _____?

Is it possible _____ identify _____ causes _____ spikes _____ their _____ connections?

_____ drops or _____ when you use their _____?

_____ drop/raise _____ using your _____?

I'm _____ why _____ sometimes abrupt _____ in network stability during _____ sessions.

There _____ drops experienced when browsing _____ have _____ specific reason?

_____ certain factors _____ changes _____ browsing?

_____ reasons for sudden drops when _____ on _____?

What _____ the causes _____ sudden _____ or _____ internet _____?

There are _____ of _____ drops experienced when _____ their networks, _____ these have _____ to _____?

Why do network _____?

_____ there _____ sudden drop/raise while using _____?

_____ as to why _____ sometimes abrupt changes in network stability during _____.

_____ the reason for _____ or spikes _____ browse _____ networks?

Is _____ a specific reason _____ drops _____ spikes when _____ networks?

What are _____ the quick _____ and _____ in browsing?

Do _____ there _____ a _____ for _____ unpredictable fluctuations _____ when _____?

_____ there reason _____ abrupt drop/raise _____ networks?

____ there ____ reason for ____ speed changes?
 ____ are the possible ____ for ____ browsing via their ____?
 Is ____ drops or spikes occur when browsing ____ their ____?
 ____ are ____ reasons ____ and ____ in browsing?
 ____ underlying circumstances ____ for rapid variations while ____?
 Why are ____ drops ____ they ____ browsing on ____ networks?
 ____ spikes and drops experienced when ____ networks have ____ specific ____?
 Is ____ something behind ____ unexpected ____ or ____ network?
 ____ spikes and sudden ____ network browsing.
 What ____ surges during browsing?
 There are ____ drop/raise ____ using ____ networks.
 ____ are ____ reasons ____ sudden ____ spikes encountered when ____ networks.
 ____ contribute ____ the quick ____ on your networks?
 ____ anyone know ____ network-related browsing ____?
 Do ____ explain sudden ____ browsing?
 Why are ____ dips ____ spikes ____ I ____?
 Why ____ or ____ in internet ____?
 When I'm online, ____ reason ____ spike?
 What ____ possible reasons ____ drops ____ spikes ____ they're ____ their networks?
 Do ____ of the ____ fluctuations experienced ____ browsing with your ____?
 What explains ____ and ____ browsing?
 Do ____ reasons for sudden ____ spikes when ____ through ____ networks?
 There ____ drops experienced ____ on their ____ do ____ anything to do ____ that?
 ____ think there ____ cause for ____ fluctuations ____ browsing ____ your networks?
 Do sudden ____ surge ____ explanations on ____ network?
 ____ spikes in network ____?
 There are sudden ____ or spikes ____.
 ____ be rapid ____ whilst navigating ____?
 Something ____ unexpected drops or ____ browsing your ____.
 ____ specific ____ for ____ spikes and drops experienced ____ their network?
 What ____ for ____ decrease or ____ in web ____ their ____?
 What are ____ browsers on ____ networks?
 Is ____ reason ____ fluctuations happen ____ browsing ____ networks?
 What accounts for sudden ____ web ____ networks?
 ____ the reasons for ____ browsers ____ networks?
 When they're ____ their networks, ____ are ____ possible ____ sudden ____?
 ____ the reasons behind abrupt drop/raise while ____?
 Why ____ they see sudden drops or ____?
 What ____ the possible reasons ____ when they ____ using ____ networks?
 ____ are the causes ____ drops ____ spikes ____ use?
 ____ an ____ for sudden web ____ disruptions.
 There ____ be ____ for ____ variations in internet ____.
 ____ of ____ decreases or surges in web ____?
 ____ spikes ____ drops ____ browsing on ____ do these have something ____ with it.
 Did ____ factors ____ the ____ surge ____ using your services?
 ____ circumstances ____ the rapid changes ____?
 Why sudden ____ or ____ their networks?
 ____ there a ____ reason ____ shifts on ____ internet?
 When ____ are browsing via ____ the possible ____ for ____ drops or ____?
 ____ the reason for sudden ____ spikes ____ on your ____?

_____ the spikes _____ drops experienced _____ browsing _____ have _____ do _____ something?
 Why _____ drops _____ spikes when _____ use their _____?
 Is _____ for unexpected shifts on _____?
 Will _____ changes _____ when accessing the internet through _____ network provider?
 _____ the spikes and drops _____ network _____ a specific cause?
 Is _____ a _____ cause _____ the unpredictable _____ browsing with your _____?
 Do _____ that cause sudden _____ in browsing?
 _____ are sudden _____ or _____ through their network?
 What is _____ cause _____ drops _____ they browse through their _____?
 There _____ or jumps while _____ network.
 _____ certain reasons explain _____ in _____?
 Do _____ experienced when browsing _____ their networks _____ a specific _____?
 Why do _____ drops or _____ occur _____ browsing _____ their _____?
 _____ you give _____ information about _____ we _____ sudden _____ in network _____?
 What are _____ reasons _____ dips and surges _____?
 Why do unexpected changes in _____ performance _____ surfing _____?
 _____ and drops _____ network browsing?
 _____ have specific reasons _____ changes _____ browsing?
 _____ sudden drops _____ spikes _____ network browsing.
 _____ is the _____ for the sudden _____ in _____?
 _____ specific _____ explain _____ in browsing?
 What _____ for the unexpected _____ the _____ through _____ network provider?
 What causes _____ or spikes _____ networks?
 _____ there _____ for the _____ dips _____ when I'm online?
 There is a _____ spikes and _____ when _____ on _____ networks, do _____ have a _____?
 What are the factors that _____ dips _____ networks?
 There is a _____ a _____ for _____ fluctuations experienced when _____ your _____.
 _____ on their networks can we _____ of _____ rises _____ falls?
 _____ reason for _____ spikes in browsing _____ networks?
 _____ are _____ reasons _____ when accessing the internet through this _____?
 Reasons _____ sudden _____ your network?
 _____ rapid variations while navigating _____?
 _____ specific _____ explain sudden _____ browsing?
 _____ do you _____ when navigating online?
 _____ curious as to _____ periodic changes _____ my web browsing sessions.
 _____ accounts for unexpected spikes or _____?
 Is _____ to _____ causes _____ or drops _____ during web browsing?
 What are the possible _____ drops _____ they're _____ internet?
 _____ identify the causes of _____ spikes on _____ internet?
 Did _____ reasons behind sudden _____ speed _____?
 _____ the sources _____ rises or _____ in scrolling rates on _____?
 Why do you _____ sudden _____ browse through _____ network?
 Is there any _____ drops or spikes when _____ via _____?
 What _____ the _____ or surge _____ internet browsing?
 What causes _____ spikes when _____ browse _____?
 _____ reason _____ the spikes _____ dips when I _____ online?
 _____ the possibilities _____ sudden drops _____ they are _____ via their _____?
 Why _____ sudden drops _____ happen _____ they _____ browsing _____ networks?
 _____ reason _____ the _____ dips or spikes _____ I'm online?
 _____ it possible _____ identify the _____ of _____ while browsing _____ internet?

Is _____ possible _____ factors explain _____ in _____ on their _____?

Is _____ a reason for drops _____?

_____ there _____ the unpredictable _____ occur when using your _____?

_____ are the _____ for sudden _____ they _____ on their networks?

Is _____ cause of _____ unpredictable _____ browsing with your _____?

_____ drops _____ they browse their _____?

_____ you know _____ quick _____ and surge _____ on your networks?

_____ specific _____ for _____ spikes _____ drops experienced when browsing _____ networks?

_____ be _____ for sudden drops _____ spikes _____ browsing _____ their _____.

What _____ the _____ dips and _____ on your _____?

Do certain _____ the unpredictable fluctuations when _____?

Is there a _____ behind the _____ the internet?

_____ or spikes in _____.

What _____ the underlying _____ for rapid _____ while _____?

Is _____ reason _____ the spikes _____ drops _____ browsing on their _____?

_____ causes sudden _____ or _____ browsing?

_____ sudden decreases _____ spikes _____ internet browsing over _____ networks?

_____ it _____ to identify _____ of spikes or _____ during web browsing _____?

_____ intermittent disruptions _____ for _____ their network services?

_____ the _____ and _____ experienced when browsing on _____ have _____ specific _____?

_____ are the drops or _____ in _____ networks?

_____ the _____ for sudden drops when _____ are _____ networks?

Is _____ cause _____ the sudden _____ internet speed?

_____ sudden _____ and _____ while _____ your networks?
