

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Modem or router configuration assistance
Inquiry Sub-Category	Firmware Updates for Modem/Router
Description	Customers may seek guidance on updating the firmware of their modem or router to ensure optimal performance, improved security, and compatibility with new technologies.
Data Size	6,163 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Is ____ any ____ to update ____ modem/router's ____ such ____ potential data loss or ____ downtime?
____ if ____ are ____ in ____ my modem/router's firmware.
____ that a modem/router ____ could ____ network ____ or lost data?
Updating ____ will ____ consequences, such ____ data ____ network downtime.
Do ____ of data loss ____ network ____ be considered when ____ modem/router?
____ you ____ it's dangerous ____ update ____ modem ____?
Can ____ expect ____ or downtime when ____ upgrade ____ software?
Will ____ network will ____ working with mod/router update?
Updating ____ modem/router's firmware may bring ____ as ____.
____ one take into account ____ data ____ updating modem/router ____?
____ the modem/router's ____ will ____ lose data.
Do I need ____ worry ____ loss or network downtime ____.
Will I ____ if the ____ does not ____?
____ risk of losing ____ the modem/router's firmware?
Will ____ attempt ____ in ____ up data ____ network problems?
Updating ____ can put me ____ risk ____ data or ____ network ____.
____ there a ____ that updating ____ cause network ____ or lost ____?
Will the ____ or ____ for my network?
The ____ data loss ____ network downtime ____ in updating ____ firmware.
Can modem/router ____ a ____ risk?
____ lose data or experiences ____ update my modem/router?
____ I ____ about the ____ of ____ or a brief ____ if I go ahead ____ my ____?
Is there ____ of data ____ while ____ upgrade ____ software?
____ it ____ to ____ my ____ software in the ____ of a data ____?
Any ____ my ____ down?
____ my modem/router software have ____ or network downtime?
____ that my modem/router ____ loss of data?
There is ____ possibility ____ data loss ____ the ____.

Will _____ data loss _____ downtime when _____ my _____?

_____ I update my _____ lose _____?

_____ my _____ software could _____.

Is _____ a risk of data _____ network downtime _____ update _____?

_____ chance _____ network _____ during the modem/router update?

_____ you _____ the _____ of _____ loss _____ network downtime _____ be _____ when updating _____?

_____ modem _____ cause network issues _____ of data.

_____ loss _____ are possible if my _____ firmware is _____.

Will an _____ my _____ Firmware _____ me _____ lose _____ cause network _____?

_____ I be worried about lost _____ or _____ without _____ access _____ ahead _____ the upgrade?

_____ data loss or _____ downtime _____ modem/router update?

I am _____ if _____ is _____ danger _____ a firmware _____ on _____.

Is it _____ upgrade _____ in _____ of data loss _____ network downtime?

_____ there _____ of _____ issues or _____ loss _____ I _____ the modem/router?

_____ modem/router may involve _____ loss.

Is updating my _____ to _____?

Does the modem/router update _____ a _____?

_____ modem/router _____ poses a _____ loss _____?

_____ don't know if there _____ a _____ firmware _____ the modem.

I _____ wondering _____ any dangers in _____ modem/router's firmware.

Should _____ lost _____ or a brief period without internet _____ I _____ router?

_____ my _____ risks like data _____?

_____ risk to lose data or _____ network _____ updating my _____?

_____ have _____ loss of _____ or service _____ when I _____ the modem/router?

If _____ update _____ modem/router's _____ will I _____?

_____ updating _____ put me at risk of _____?

Is _____ data if I _____ my modem/router?

_____ curious _____ there _____ any _____ associated with _____ of my modem/router's _____.

_____ modem/router _____ endanger you?

Would _____ pose a _____?

Will I lose _____ or _____ I update my modem/router?

_____ my modem/router's firmware cause _____?

_____ and network _____ considered when updating _____ firmware.

Are _____ updating _____ modem/router's Firmware?

What's the _____ network downtime during the modem/router _____?

_____ are _____ when updating _____ software

Do I risk _____ or _____ working _____ the update?

_____ it _____ will lose data _____ experience internet disruptions _____ update _____ modem?

_____ you think _____ any chance _____ data loss _____ issues _____ update the _____?

_____ there any chance of data _____ issues if _____ to _____ modem/router?

_____ there a risk that _____ will _____ loss _____ an offline _____ the _____?

Is _____ my _____ risk?

_____ my _____ be adversely affected if _____ update _____ modem _____ firmware?

_____ risk of _____ or network downtime during _____ updates.

_____ am wondering if _____ are any dangers to _____ aware _____ when _____.

When _____ my modem/router, is _____ risk _____ losing _____?

Will the data _____ the _____ affect _____?

Does _____ the modem/router's _____ come with _____ or _____ downtime?

Updating the modem/router's _____ or loss of _____.

_____ modem, _____ there any risks of _____ or _____ network issues?

Should _____ data loss be considered _____ modem/router _____?

Will _____ lose data or _____ stop _____ the _____ update?

_____ possible _____ update _____ modem/router will cause network _____ or lost _____ records?

How risky _____ my modem/router's firmware _____ the _____ of _____ loss?

_____ my modem/router's _____ problems.

Is there a _____ could cause problems, _____ network _____ lost _____ records?

Do _____ think my _____ cause _____ of data _____ downtime?

_____ any dangers associated _____ updating my modem/router's firmware.

Would _____ with _____ firmwares _____ dangerous?

_____ a risk _____ if I update _____ modem/router's firmware.

Will I _____ data _____ network _____ working with _____ update?

If I _____ ahead with _____ I _____ be _____ data or _____ brief _____ without _____ access.

_____ there a _____ modem/router's firmware?

_____ there's a _____ of data _____ network issues _____ try to update the _____?

_____ updating my modem/router's _____ bring _____ consequences such _____ lost _____ or _____?

Will _____ lose _____ my network _____ working _____ the _____ update?

Is it dangerous _____ upgrade my _____ data loss _____ network _____?

_____ my _____ or _____ if _____ update my modem and router's _____?

_____ a chance _____ loss _____ issues if I _____ the modem?

Do _____ need to worry _____ data _____ network downtime while _____?

Would _____ be _____ updated modem/router software?

I _____ know _____ modem/router _____ will cause downtime _____ of _____.

Will _____ modem/router's _____ be updated _____ cause _____?

_____ my modem software _____ with _____ and network _____?

_____ dealing with _____ firmwares _____ danger?

_____ updating _____ to cause _____ loss or network _____?

Is _____ dangerous _____ modem/router's firmware?

_____ updating modem/router _____ risk?

_____ updating my _____ come with _____ data loss?

_____ Firmware could _____ problems?

_____ modem's _____ cause some problems.

_____ a chance _____ update causes _____ data or downtime?

_____ modem/router firmware could lead _____ data _____ network _____.

Is it _____ to _____ data if I _____.

_____ modem/router _____?

Should _____ of _____ network downtime be _____ updating modem/router?

Will I _____ data loss or _____ downtime _____ firmware?

There's a chance _____ my modem/router _____ cause network disruptions _____.

Is the _____ a _____ risk?

_____ risk _____ by _____ update?

Will _____ network _____ affected _____ any _____ I update _____ and router?

I'm _____ to upgrade _____ but _____ about _____ data _____ internet _____?

_____ my modem/router, _____ a _____ to lose data?

_____ it risky to upgrade _____ modem/router's firmware in _____ downtime?

Is _____ risk _____ firmware in the event of data _____?

_____ updating my modem/router's _____ cause _____ such _____ data _____ network downtime?

_____ loss _____ network _____ be involved in _____ of _____ modem/router.

_____ have to worry about _____ loss _____ service _____ I _____ my modem/router?

_____ I _____ firmware, _____ I lose any _____ or experience _____ disruptions?

_____ the modem/router's software going _____ cause _____ or _____?

_____ any data if I update _____?
 _____ I update _____ modem's firmware, will _____ lose _____ or _____ disruptions?
 _____ chance that _____ my modem/router _____ cause _____ or lose data _____?
 Does the _____ update _____ data _____?
 Is it _____ modem/router firmwares _____ dangers?
 Does _____ update _____ a _____ loss _____?
 _____ take the risks of _____ network downtime _____ updating modem/router firmware?
 _____ about lost _____ a short _____ without internet if I _____ modem?
 Is _____ any risk of data loss _____?
 Do I _____ to worry about _____ downtime _____ data _____ when _____?
 What is the risk _____ loss _____ network downtimes _____ software?
 Is _____ risk _____ data _____ or _____ problems _____ my modem?
 _____ it possible that _____ could _____ loss or an _____ network _____ firmware _____.
 Is _____ a _____ data loss _____ network issues _____ update _____ modem/router?
 Is _____ risk _____ data _____ updating my _____ high?
 Is it possible to lose data _____ the _____ software?
 Will I _____ my network will _____ I _____ the mod?
 Is _____ modem/router's _____ risky?
 Will updating the _____ downtime?
 _____ or downtime is _____ update screws up.
 If I update _____ modem/router's Firmware, _____ of losing _____?
 _____ be _____ the possibility of _____ or _____ of internet _____ if _____ go ahead with _____ upgrade?
 _____ want to know _____ the _____ will _____ of data _____ downtime.
 _____ loss or network _____ during the _____ firmware update _____.
 Is _____ a _____ data loss or network _____ the modem/router _____?
 I _____ wondering if _____ are any _____ during _____ of updating _____.
 Is there _____ chance that updating _____ modem _____ cause _____ disruptions _____?
 _____ if _____ or experience internet disruptions if _____ update my modem.
 I'm _____ to upgrade _____ but what _____ or _____ downtime?
 _____ chance of the modem/router losing data _____ update it?
 If _____ ahead _____ the _____ should _____ be concerned _____ data or a brief _____ internet?
 _____ there a _____ loss _____ an _____ network during _____ Firmware update?
 _____ worth _____ of data _____ and network _____ upgrade my _____ Firmware?
 _____ will _____ as losing data or network downtime.
 Are there _____ experiencing _____ issues when updating my modem?
 Is _____ possible _____ or _____ while _____ upgrade my _____?
 Is there _____ my _____ won't _____?
 Is _____ risky to _____ modem/router in terms _____ data loss _____?
 Is _____ any _____ or downtime _____ I upgrade _____ software?
 Is _____ modem/router's _____ risk?
 Is there _____ losing _____ when updating a _____?
 Is _____ with _____ firmwares a _____?
 Is _____ a risk of _____ I _____ modem?
 Updating _____ modem/router's _____ dangerous.
 Will my data _____ network _____ affected in any _____ ahead _____ modem and router?
 _____ I _____ my _____ will I _____ stored data _____ disruptions?
 _____ data _____ network be _____ any way if I update _____ the _____ and _____?
 _____ updating the modem/router's _____?
 Is _____ my _____ in the event of _____ loss _____ network _____?
 _____ you think the risks _____ should be considered _____ updating modem/router?

I would like ____ know ____ my ____ data ____ downtime.
 ____ a ____ loss or ____ issues ____ I try to update the ____?
 Updating modem/router ____ puts ____ at ____ of ____ loss or ____.
 Will my data ____ network be affected in any ____ and ____ firmware?
 ____ modem/router update ____ data ____ risk.
 ____ I run the ____ of ____ loss or ____ offline network during ____?
 Is ____ upgrade ____ modem/router ____ the event ____ data ____ and ____ downtimes?
 Is it possible ____ updating firmware ____ or network ____?
 ____ there ____ or ____ downtime when ____ update the ____?
 ____ updating of ____ modem/router bring ____ consequences ____ as ____ network downtime?
 Is there a ____ of data ____ or ____ offline network ____ a ____?
 Will ____ mod/router update ____ my network ____ not?
 During the modem/router ____ risk of ____ loss ____?
 Do ____ think about ____ data loss ____ network interruption ____ modem/router's firmware?
 ____ it ____ risk to upgrade my ____ in ____ event of ____?
 If ____ to ____ the ____ firmware, ____ chances of network issues?
 ____ my ____ will fail and cause ____ loss or ____?
 There ____ of loss of data ____ in ____ if I ____ my ____.
 Is updating my modem's ____?
 ____ or cause network downtime ____ my ____ Firmware is ____?
 Updating modem/router ____ expose one to ____ or ____.
 There is a ____ or ____ when attempting ____ update my ____.
 Any ____ data loss ____ network downtime ____ modem/router ____?
 Will ____ data ____ network be ____ affected ____ go ____ my modem ____ router?
 ____ am ____ there are any dangers ____ the ____ my modem/router's ____.
 ____ loss ____ network ____ are possible ____ a modem/router ____.
 ____ I expect ____ data to ____ lost ____ upgrade my ____?
 ____ are drawbacks ____ the ____ my modem/router, ____ potential loss ____ disruption ____ service.
 Is ____ my modem/router ____ to cause ____ like network ____ lost ____?
 Should ____ the ____ data loss ____ network downtime when ____ modem/router ____?
 ____ a chance ____ modem/router ____ will ____?
 Will updating ____ as losing data or ____ network ____?
 ____ I worry about potential data ____ network ____ my ____?
 Is ____ will lose ____ data if I ____ modem.
 The ____ data ____ or network downtime ____ be considered when ____
 Is ____ a chance my ____ screws ____ and causes ____ downtime?
 If I go ahead ____ upgrade ____ modem, ____ I be worried ____ period ____ internet access?
 ____ or ____ downtime is a ____ my ____ is updated.
 ____ I expect data ____ or ____ while I ____?
 ____ want ____ if the modem/router update ____ cause ____ data ____ downtime.
 ____ I ____ the ____ and ____ my data or network ____ negatively ____?
 ____ modem/router's ____ could result in lost ____ downtime.
 ____ firmware will I ____ any stored data?
 Data ____ or ____ are ____ my modem/router's Firmware is ____.
 ____ you consider the risks of ____ network ____ updating ____ firmware?
 ____ modem/router's ____ consequences, such ____ losing data or network ____.
 ____ it possible I will ____ data ____ an offline ____ firmware ____?
 Do I have to ____ loss ____ I upgrade my modem/router?
 ____ there a ____ of data loss ____ update the ____?
 Is updating the ____ Firmware going ____ or ____ issues?

Should I be worried about issues _____ as _____ data _____ I go ahead _____ the _____?

Is it possible for _____ data _____ or an _____ during a _____.

Data loss _____ possibilities if _____ update _____ modem/router.

_____ the modem/router update _____ risk?

Is there _____ chance that updating _____ cause _____ network _____ or _____ data?

Is _____ chance _____ data loss _____ downtime while _____ my _____?

_____ an update of _____ firmware cause any downtime _____?

_____ my _____ will cause me _____ data _____ cause network _____?

Do _____ to _____ loss and downtime _____ upgrade my software?

Will _____ lose data or _____ stop working because _____?

Will my _____ be _____ any _____ if _____ the _____ and router's firmware?

Can the updating of _____ modem/router's _____?

_____ could be dangerous.

Will I _____ or my _____ stop _____ when _____ update _____?

_____ updating _____ modem/router software _____ to result in network _____ data _____?

Is there any risk _____ data _____ modem/router _____?

Do _____ risk _____ data _____ or an offline network _____ to _____ firmware _____?

_____ network _____ can be _____ by updating _____ modem/router's firmware.

_____ modem/router update affect _____?

Do _____ risks _____ with _____ modem/router include _____ network downtime?

Is it _____ I will _____ data or _____ internet _____ if I _____.

Can _____ my modem/router's _____?

Will the mod/router _____ put _____ at _____ of _____?

If I upgrade _____ do I _____ worry about data _____?

_____ I _____ my _____ prevent potential loss of _____ service disruptions?

_____ it possible that _____ update _____ cause network disruptions or _____?

_____ updating _____ firmwares _____?

Is it risky to _____ my _____ firmware in the _____ of _____?

_____ firmware likely to _____ data loss _____ network issues?

Is there a _____ of losing _____ I _____ or router?

_____ potential loss of data _____ disruption in service when _____ upgrade my _____?

Is it dangerous _____ upgrade _____ in the event _____ data _____?

_____ of _____ data if I _____ the modem/router.

_____ it _____ to upgrade my _____ in _____ a data _____.

_____ I _____ data _____ experience Internet disruptions if _____ update _____?

Can _____ my modem/router's _____ pose _____ risk?

Data _____ or _____ downtime may _____ updating my _____.

_____ upgrade my _____ if I _____ data or have _____ downtimes?

Should _____ be worried _____ lost _____ or a _____ without internet _____ ahead _____ upgrade?

_____ my _____ firmware _____ be a _____.

_____ chance the modem update will _____ loss _____ downtime?

Is data _____ risk caused _____?

_____ loss _____ network _____ are _____ modem/router is updated.

There _____ potential _____ of _____ loss _____ the _____ update.

_____ if there _____ any dangers _____ updating _____ my _____ software.

Do _____ lose stored _____ or _____ disruptions if _____ update _____?

_____ am _____ I _____ face _____ loss _____ network _____ when updating the firmware.

_____ data safe if I _____ my _____?

_____ I _____ worry _____ loss of data or _____ if I upgrade _____ modem?

_____ I _____ or experience internet _____ if _____ upgrade my _____?

Will there ____ data ____ network downtime when I ____?

Should ____ the ____ to avoid potential ____ data or ____ in ____?

____ updating of my ____ software ____ network?

____ risky ____ my modem/router ____ the ____ data loss ____ network downtimes?

Does modem/router ____ pose ____ of ____?

____ the ____ or ____ affected in any ____ if I ____ modem ____ firmware?

If ____ modem and router's firmware, will ____ my ____ or ____?

____ a ____ fails and causes loss of ____ or downtime?

____ my modem/router update ____ cause a loss ____ data ____ downtime.

When updating my ____ there a chance ____ experiencing network ____?

____ I ____ concerned ____ possible ____ data or a brief ____ internet ____ I go ____ with the upgrade?

____ update of my modem/router ____ consequences, ____ as ____ network downtime?

____ any ____ that ____ will ____ issues if I ____ to ____ the ____ firmware?

____ my ____ software could ____

____ there be risks ____ or ____ downtime ____ updating ____ firmware?

____ it ____ face data ____ or an offline network during ____ Firmware ____?

____ the ____ firmware will ____ in ____?

____ loss ____ network issues ____ be ____ if I ____ the ____ firmware.

Is the ____ update ____ risk ____ loss?

Is ____ any ____ of ____ or ____ if ____ update the modem?

____ pose a data loss ____?

Do ____ have to ____ loss ____ or ____ in service ____ modem/router is upgraded?

Is there ____ chance ____ loss ____ issues if ____ try ____ the ____ firmware?

____ I ____ data ____ I ____ mod/router update?

____ it ____ to upgrade ____ modem/router ____ the risk of data ____ downtimes?

Does a ____ update ____ data ____?

____ know if ____ data loss or network downtime ____ updating the ____.

____ the modem's firmware ____ in ____.

Is ____ possible ____ updating my modem/router ____ to ____ disruptions ____ lost data ____?

____ my modem/router have ____ data or ____ network downtime?

____ updating ____ modem/router's ____ network ____ or lose data?

____ possibility ____ network downtime during the modem/router update.

____ don't ____ if my modem/router ____ cause a ____ of ____.

____ it possible that I ____ of data loss or ____ during ____ firmware ____?

Is ____ upgrade my modem/router in ____ of ____ loss and ____?

____ lose ____ or ____ network ____ working due ____ mod/router update?

____ will result in ____ or lost data?

____ ahead with ____ upgrade, ____ I be worried ____ lost ____ a ____ period without internet?

Would updating modem/router ____?

Should I be worried about ____ or a brief period without ____ upgrade ____?

____ modem/router's firmware cause ____?

____ updating ____ modem ____ risky?

____ an update ____ my modem/router's firmware ____?

____ risk of ____ I upgrade my modem?

If I ____ firmware ____ I lose ____ data?

____ try to update the modem/router's firmware, ____ there ____ data ____?

Any chance ____ will ____ and cause ____ loss of ____ or ____?

____ an ____ modem/router's firmware cause ____ problems?

____ modem/router's ____ cause problems.

Does the modem/router ____ a ____?

I don't _____ my data _____ be _____ if _____ the _____ and router.
 Do _____ have to _____ loss _____ issues if I _____ the modem?
 _____ the _____ of _____ modem/router's _____ cause any _____?
 _____ to know _____ updating my modem's _____ problems.
 Is _____ of data loss _____ downtime _____ attempt to update my _____?
 _____ modem/router's firmware may result _____ and lost _____.
 _____ the _____ firmware _____ lead to downtime or _____.
 Should _____ take _____ account _____ risks _____ and network _____ while _____ modem/router firmware?
 _____ have risks like data _____ or network _____?
 _____ the modem/router's _____ result _____ downtime.
 I wonder _____ upgrade _____ my network _____ or downtime.
 _____ modem's _____ could cause _____.
 Any _____ modem/router update _____ up _____ causes a loss _____ data _____?
 _____ my _____ Firmware _____ pose _____ risk.
 _____ chance of _____ loss _____ issues if I try to update _____?
 Is updating _____ of _____ like _____ or network downtime?
 Is _____ possible _____ my modem/router firmware _____ problems?
 Is it a risk for _____ to _____?
 _____ there _____ risk of data _____ offline network during a _____?
 _____ about _____ loss _____ data or service disruption _____ upgrade my modem/router?
 _____ there a chance _____ losing _____ when updating my modem?
 _____ my _____ firmware _____ in danger.
 Updating _____ firmware raises _____ risk _____ data _____ network _____.
 There is a _____ dataloss _____ downtime during _____ modem/router _____.
 Can the _____ of my _____ problems?
 _____ it dangerous _____ deal _____ updated _____?
 _____ the network _____ due to _____ mod/router _____?
 Data _____ can _____ posed _____ updates.
 Can I expect _____ data if _____ my _____?
 _____ updating _____ bring _____ as _____ data, or network downtime?
 _____ be lost if I _____ my _____?
 _____ there a chance _____ update will cause _____?
 _____ update _____ my _____ cause problems?
 Will _____ the modem/router's _____ or lost _____?
 _____ it _____ to _____ my _____ in order _____ it _____ data _____ and _____ downtimes?
 There is _____ of data _____ network _____ to _____ my modem/router's firmware.
 _____ to lose _____ or have _____ issues when _____ my _____?
 Does modem/router _____ at risk _____ data _____?
 _____ having data loss or _____ offline _____ during a firmware _____?
 _____ my _____ can cause network issues, _____ risk _____ that?
 Will _____ upgrade affect my _____ data loss _____?
 _____ one _____ the _____ and _____ downtime while updating modem/router firmware?
 Is it dangerous to _____ software _____ event _____ a _____ loss _____ downtime?
 _____ or downtime _____ possibility due _____ my modem/router _____.
 _____ modem update _____ a _____ loss _____?
 I _____ to know _____ there is _____ when attempting _____ the modem.
 Is _____ to lose data or disrupt _____ with _____ modem/router's _____?
 _____ a _____ of _____ issues when updating _____ modem?
 _____ a _____ of _____ loss or _____ the process of updating my _____?
 _____ there _____ chance _____ update _____ my _____ will cause _____ disruptions or lost _____?

____ it ____ to ____ my ____ the ____ data loss ____ network downtimes?
 There is ____ chance of ____ downtime ____ modem/router firmware update.
 Will ____ data or ____ network ____ working with the ____?
 Do ____ have to ____ about ____ or data ____ I ____ to ____ modem?
 Is my ____ firmware update ____ internet ____?
 ____ expect ____ data ____ when I upgrade my software?
 ____ the ____ my modem/router be ____ I ____ it?
 Will there ____ any ____ loss ____ while I upgrade ____?
 Should I ____ about ____ or a ____ period without ____ if I go ____ with the ____?
 Is there ____ chance I'll lose ____ modem?
 If I update my ____ it cause ____?
 ____ software pose ____ risks, like data loss ____ downtime?
 ____ chance ____ my ____ update screws ____?
 ____ it possible ____ modem/router ____ could ____ disruptions or ____ data records?
 ____ are ____ any ____ like potential loss of ____ or disrupted service?
 Do I have to ____ about potential ____ disruption ____ service ____ I upgrade ____?
 ____ network ____ to be ____ when ____ the firmware?
 ____ the ____ firmware might ____ in ____.
 ____ loss or network ____ possible if ____ modem/router.
 Data loss ____ update
 Will ____ or ____ be ____ if ____ ahead and update both my modem ____?
 Updating the ____ could ____ downtime or ____.
 Is it risky ____ modem/router in ____ of ____ network downtime.
 There is a chance ____ to my modem/router ____ disruptions ____ lost ____ records.
 Does modem/router ____ loss?
 Is there ____ chance of ____ or ____ data ____ as ____ result ____ my ____?
 ____ any ____ experience Internet disruptions if ____ update my ____?
 ____ issues are ____ if I try ____ the modem/router's firmware.
 ____ need to know if there is ____ when ____ on the ____.
 ____ update to ____ firmware ____ any problems?
 ____ need ____ worry ____ or network downtime after updating ____ modem/router?
 Is it ____ upgrade ____ modem/router's firmware ____ there is ____ loss and network ____?
 Is ____ modem/router's ____ to cause network ____?
 Is it ____ a ____ update could lead ____ disruptions ____ data ____?
 ____ chance ____ the modem/router update will ____ loss ____ data ____ downtime?
 Is there any risk ____ if I ____ to update ____ software?
 I don't know if I ____ lose stored ____.
 ____ there ____ facing data loss ____ an offline ____ during a ____?
 Do ____ there ____ data ____ or network ____ during the modem/router update?
 Will ____ or network be ____ by ____ and router's firmware?
 ____ curious if there are ____ dangers associated ____ my ____.
 Updating modem/router ____ a ____.
 I ____ if ____ can expect ____ loss ____ downtime ____ I upgrade ____.
 Will I lose ____ if ____?
 ____ update may pose a ____.
 ____ the ____ of data ____ be ____ account while updating ____?
 Is there ____ chance ____ my modem/router ____ cause ____?
 ____ risks of data ____ and network ____ when ____ modem/router firmware?
 ____ network ____ is a risk ____ the modem/router ____.
 Is ____ chance ____ loss or network ____ I update the ____?

Data loss _____ possible during _____ modem/router firmware _____.

I _____ if updating the modem/router's firmware will _____ data _____.

_____ I run _____ risk of _____ loss _____ offline network _____ update?

Should I be _____ a _____ period _____ internet if _____ upgrade _____ routers?

_____ to know _____ any _____ during _____ updating _____ my modem/router's software.

Will _____ a data loss _____?

Updating my _____ trouble.

Is there _____ risk _____ network issues _____ to _____ the modem/router's firmware?

If I try to _____ there _____ any network _____?

Can _____ expect data _____ when _____ my router _____?

Updating _____ modem/router's firmware _____ downtime.

_____ a _____ that updating my modem/router _____ cause network _____ or _____?

Should _____ concerned _____ messing things up _____ I update _____?

_____ updated _____ firmwares _____ dangerous?

Is there _____ risk of losing _____ when _____.

_____ my _____ firmware pose _____ risks?

_____ I _____ risk _____ data loss _____ an offline network during _____?

_____ my _____ bring consequences, such as _____ network downtime.

_____ updating _____ modem/router's firmware _____?

If _____ the modem _____ software, will _____ affect _____ or _____ any way?

_____ is _____ chance _____ an _____ modem/router _____ cause network disruptions _____ data records.

_____ update _____ my _____ firmware cause me _____ or _____ network downtime?

Is _____ of _____ loss or network _____ during _____ modem/router _____?

_____ there any risk _____ data _____ or _____ downtime if _____ to _____ modem?

Do _____ know _____ risk _____ data loss or network _____ the _____?

How risky is it _____ my modem/router _____ possible _____ and network _____?

_____ don't _____ the _____ will _____ data loss or network _____.

_____ modem/router _____ potentially dangerous?

_____ I be concerned _____ issues _____ or lack _____ access if I _____ ahead with the _____?

_____ modem/router's _____ may _____ risks.

Do I _____ worry _____ or network downtime when _____ software?

Is _____ will lose data _____ I _____ my modem.

I am _____ if there _____ update of my modem/router's _____.

Will _____ modem's firmware cause me _____ network downtime?

There's _____ that _____ modem/router update could _____ network disruptions or _____.

If I _____ modem _____ router's _____ network be _____ affected?

Updating my modem/router's _____ will have _____ data.

_____ updating _____ really a risk?

_____ update might _____ data _____ risk.

Updating my modem/router's firmware _____ have _____ such _____ causing network _____.

Updating _____ modem/router's _____ pose _____ to my network.

Updating my modem/router's _____ might _____.

I wonder _____ there is _____ of losing _____ the modem.

What is _____ my modem/router _____?

_____ to _____ about _____ loss or _____ downtime when updating _____ modem/router _____?

Would _____ modem/router Firmwares _____?

Will _____ network be affected if _____ and _____ my modem and _____?

_____ my modem/router's firmware _____?

Updating _____ modem/router's _____ result in _____.

_____ I _____ to worry _____ loss _____ data or _____ disruptions _____ upgrade _____ modem/router?

Is _____ firmware a real _____?

Will I _____ my _____ stop working _____ the _____?

Is _____ risky _____ upgrade my _____ the _____ of _____ loss and network _____?

_____ my modem/router update will _____ a _____ of _____ or _____?

_____ chance of _____ network issues _____ I _____ to _____ the modem/router's Firmware?

Do _____ have _____ about _____ loss of data _____ disrupted _____ I _____ the _____?

Will _____ my modem/router's _____ cause _____ issues?

Does modem updating _____ risk?

Updating _____ can expose one to _____ risk _____ loss _____ network _____.

If _____ go _____ upgrade, should _____ be concerned _____ the loss _____ a _____ without internet access?

There _____ a _____ of _____ loss _____ I _____ the _____.

Will the _____ of my _____ bring _____ such _____ data?

_____ a _____ data loss or network downtime because _____ modem/router _____?

Will updating _____ modem/router's firmware _____ such _____ data or _____?

_____ there _____ chance _____ disruptions or _____ data _____ update my modem/router?

Is it _____ to be _____ I upgrade _____ software?

Is it _____ to update _____?

Is _____ danger _____ lose _____ or have _____ issues when _____ my _____?

There is _____ of data _____ network downtime during the _____.

_____ a chance that a modem/router update could cause _____?

_____ my _____ be adversely affected if I go ahead and _____ router?

Possible risk _____ data loss _____ modem/router firmware _____?

The risks of data _____ downtime while updating _____ be _____.

Do the _____ include data _____ or network downtime?

_____ it _____ that _____ will _____ data loss _____ network downtime when I _____?

_____ there a _____ my _____ update _____ cause _____ loss of _____ or _____?

Will _____ lose _____ stored _____ if I _____ my _____?

_____ the _____ update result _____ or _____ data?

_____ there a risk _____ loss _____ in _____ modem/router update?

_____ risk _____ loss _____ downtime when the _____ is updated?

Will updating my _____ have consequences _____ or network _____?

_____ data or _____ be _____ if _____ go ahead and update the _____?

Will the upgrade _____ with data _____ downtime?

_____ my modem/router's _____ possible to _____?

Will I _____ stored data _____ if I _____ my _____?

Is _____ that _____ my modem/router can _____ problems?

_____ my _____ network _____ affected _____ I _____ the modem and router?

If I go _____ with _____ upgrade, should _____ about possible issues, like _____ or _____ without _____ access?

Are there _____ risks of _____ data if _____?

_____ affect _____ with data loss or downtime?

_____ an _____ modem/router's firmware _____ any consequences?

_____ could be a _____ data _____ network _____ during _____ modem/router update.

_____ a risk _____ loss if I _____ the _____ software?

Will updating _____ cause any consequences, _____ data _____ causing network _____?

Do _____ have _____ worry about potential loss _____ in service _____ I upgrade _____?

_____ updating my _____ firmware expose _____ risks like _____ or network _____?

Will _____ any data loss or _____ when I _____?

Is _____ Firmwares _____ dangerous?

_____ there _____ chance _____ my _____ causes loss of _____ downtime?

_____ there _____ of losing _____ if _____ change _____ modem/router's firmware?

Will my _____ be adversely affected _____ I _____ with updating the _____?

Is _____ a chance _____ an update _____ my _____ cause _____?

_____ I have to _____ data or disrupting service if _____?

While _____ modem/router firmware _____ one _____ the _____ of _____ loss _____ downtime?

Will _____ my _____ problems, _____ as losing data?

_____ anyone tell me if _____ is any _____ when _____ on _____ modem?

Is there _____ risk _____ data when _____ the _____?

_____ don't know _____ lose any _____ if I _____ modem.

Is _____ any chance _____ data loss or _____ downtime during _____?

_____ run _____ risk of _____ loss _____ an _____ if I update _____ firmware?

Should _____ about potential _____ interruption when _____ my modem/router's firmware?

Risky _____ modem/router _____?

_____ there _____ that my _____ update will not _____?

_____ there be risks _____ firmware?

Is _____ to upgrade my modem/router _____ the event _____?

_____ my _____ have consequences such _____ lost data or _____?

I _____ modem/router update will _____ data or _____.

Is _____ chance _____ will screw up?

_____ lose _____ or the _____ stop _____ the update?

Updating _____ cause downtime or lost _____.

I _____ know if I _____ data _____ downtime _____ updating _____ firmware.

_____ my _____ firmware can have _____ data loss _____ network _____.

_____ I _____ modem/router, will _____ lose _____ data _____ experience _____ disruptions?

There is _____ risk _____ losing _____ I _____ modem/router.

Does modem/router _____ have a _____?

_____ my _____ network be affected if I go _____ modem and _____?

I want _____ know if there _____ any dangers _____ software.

Does the modem/router _____ pose _____?

Is _____ to the upgrade _____ the modem/router's _____?

Will my network _____ affected _____ the modem and router's firmware?

Updating my modem/router _____ result _____ lost _____ or _____.

I am _____ there are dangers _____ of updating my _____.

Is _____ modem/router's firmware going _____ downtime?

_____ a _____ that updating _____ modem/router firmware _____ network _____ or lost _____ records?

_____ my _____ may cause _____ issues, is _____ a risk _____?

There is _____ issues _____ data _____ if I _____ to _____ the modem.

_____ be concerned about _____ of _____ data _____ brief _____ internet if I _____ my _____ and modem?

_____ I lose _____ data or _____ disruptions if _____ my _____?

Will I _____ network downtime if my _____ updated?

I _____ updating my _____ will _____ problems?

Will I lose data or _____ stop _____?

Should the _____ of data loss and _____ downtime _____ taken _____ modem/router _____?

Possible risks _____ software?

Do _____ have to _____ about _____ data _____ disruption _____ I upgrade _____ modem?

_____ loss _____ downtime _____ a _____ the modem/router update.

Is _____ a _____ modem/router update will fail and _____?

Could updated _____ software _____?

_____ my modem/router's _____ problems?

_____ any _____ of _____ or network _____ if _____ the modem/router's Firmware?

_____ I change _____ firmware, _____ I lose any _____?

_____ does _____ update pose?

Is there _____ of _____ loss/network downtime when _____?

_____ my modem/router's firmware _____ pose _____?

Updating my modem/router's _____ risk to _____ network.

Will my network _____ if _____ lose _____ with _____ mod _____?

_____ my data or network be _____ by updating _____ and _____?

Should _____ risks _____ loss _____ network downtime while _____ modem/router?

Will the data _____ network be _____ affected _____ updating the _____?

_____ network be _____ in any way if I update _____ and _____?

_____ my _____ expose _____ to dangers.

Updating _____ firmware could cause _____ like network _____ lost _____.

_____ software carry _____ dangers?

Is _____ possible _____ will cause data _____ or network _____?

_____ chance my modem/router _____ will cause _____ loss of _____?

Will _____ my modem/router's _____ cause _____ consequences, _____ data?

_____ know if _____ my modem/router's _____ has _____ risks.

Can updating _____ risks?

_____ my _____ network _____ update the modem and routers?

_____ modem/router _____ data loss risk.

Updating _____ firmware may expose _____ to the _____.

Data _____ and _____ are _____ when _____ modem/router is _____.

_____ modem/router's _____ might _____ in a _____ of data.

There is a _____ issues _____ I try to _____ the modem/router.

_____ there a _____ that _____ will _____ data _____ update _____ modem.

Is it _____ risk _____ my modem/router _____ event of _____ loss _____ downtime?

Is _____ any _____ of _____ or _____ loss _____ I _____ update the _____ firmware?

_____ data loss and _____ downtime occur _____ update _____?

What _____ the _____ of _____ and network downtime _____ modem/router's Firmware?

Updating _____ firmware _____ expose _____ network downtime and _____.

_____ I _____ data _____ stop _____ with the mod/router _____?

_____ it _____ to lose _____ or _____ service _____ I upgrade the _____?

Do I _____ about the _____ or service disruptions if _____ the _____?

Is Updating my modem/router's _____ going _____?

Updating _____ modem/router's _____ pose _____ danger.

_____ data _____ network be _____ in _____ way if _____ update the modem _____?

_____ lose data when updating my _____?

_____ I have to _____ about _____ loss or _____ downtime in _____?

_____ have to worry about _____ data _____ I update my modem/router _____?

Updating _____ firmware can _____ data loss _____.

_____ is a chance _____ the modem/router update.

Do I _____ or an offline _____ a _____ update?

_____ I have _____ losing _____ or _____ network issues _____ updating my _____?

_____ my _____ firmware _____ any _____ as lost data or network _____?

_____ I _____ ahead _____ update _____ modem and _____ it affect _____ or network?

_____ update _____ data?

If I go _____ with the _____ should _____ concerned _____ of lost data or _____ period without _____

_____ updated modem/router _____ danger?

Does modem/router _____ present a _____?

Is _____ a _____ of _____ data when _____ modem _____?

_____ updating _____ firmware cause _____?

_____ data when _____ update is done?

_____ there _____ chance that _____ to my modem/router _____ network disruptions or _____ records?

Is updating _____ Firmware _____?

Do I risk _____ if _____ modem/router's Firmware?

_____ my modem _____ risk of _____?

Is _____ chance my _____ update _____?

Data _____ risk _____ modem/router _____

_____ the _____ of data loss _____ into _____ modem/router firmware?

_____ there a risk of _____ an offline _____ I _____ firmware?

_____ update of the _____ firmware _____?

_____ modem/router's firmware have risks like data _____ and _____?

_____ modem/router _____ any risk _____ data _____ or network _____?

_____ be concerned _____ the possibility _____ lost _____ brief period _____ internet if _____ upgrade my _____?

Updating my modem/router's firmware _____ risk to _____.

Should I _____ possibility of _____ data, or a brief period without _____ ahead _____ upgrade?

_____ my modem/router's _____ going _____ any problems?

_____ my _____ cause _____ like _____ or network downtime?

_____ updating my modem/router's _____ risks?

_____ there be _____ downtime or data _____ update _____ firmware?

Is there a _____ an _____ to _____ network disruptions or lost data records?

Is _____ that _____ my _____ could cause _____ or _____ data records?

_____ be _____ about a _____ period _____ internet access _____ upgrade _____ modem?

I'm wondering _____ will _____ a loss _____ or downtime.

_____ updating my modem/router, _____ risk _____ or have network issues?

_____ and network be affected _____ any way if I update _____?

Does updating my modem/router's _____ loss?

Do I _____ data loss _____ network downtime if _____ update my _____?

_____ it _____ that my modem/router update _____ cause loss _____?

_____ any _____ of the _____ if I _____ it?

_____ update affect the _____ with data loss _____?

_____ my _____ software _____ trouble.

Do I have _____ worry _____ of data or _____ when I _____ the _____?

_____ risks _____ loss and network downtime should _____ updating modem/router _____.

If _____ try _____ update _____ firmware, _____ any _____ of data loss _____ network _____?

_____ don't _____ I _____ face _____ loss or network _____ update the firmware.

_____ I have any _____ of _____ network issues or _____ if I _____ the _____?

_____ it possible that _____ will _____ and _____ loss when _____ firmware?

Should I _____ about the _____ data loss or _____ modem/router?

Is updating the _____ firmware likely to _____ network _____?

_____ router's Firmware going to affect my data or _____ any _____?

_____ I go _____ with _____ upgrade, _____ I _____ worried about issues like _____ or a _____ internet?

Do _____ worry about _____ of data or service interruption _____ I _____?

If _____ the upgrade, should I be worried _____ lack of internet _____?

_____ chance _____ updating my _____ would _____ network disruptions or lost _____?

_____ to _____ firmware result in any downtime?

_____ to lose data or experience _____ issues _____ my _____?

Updating the modem's _____ in _____.

_____ risks _____ data _____ or _____ issues _____ I _____ to update the modem?

Updating the _____ will result _____?

_____ updating the _____ and _____ going _____ my data?

_____ my modem/router's _____ result _____ problems.

I don't _____ if updating _____ modem's _____ problems.

Is _____ chance that updating my modem/router could _____ network _____ lost _____?

Is it _____ to upgrade _____ risk of data _____?

_____ modem/router's firmware have _____ like _____ loss?

Does _____ the data?

A _____ while I _____ modem/router?

If I _____ ahead _____ the _____ I _____ about _____ issues such as _____ a brief period _____ internet?

_____ possible my modem/router update _____ cause _____ of _____?

Will _____ be _____ affected if I _____ modem?

_____ updating _____ modem/router's software _____ or _____ loss?

Do _____ losing _____ or _____ network _____ when updating my _____?

Does the _____ of the _____ a data _____?

_____ run _____ data _____ an offline _____ due to a firmware update?

There are _____ data _____ or network _____ when _____ firmware.

_____ to _____ the modem/router's software?

_____ it possible that _____ the firmware _____ loss?

Will _____ or my _____ working due to _____ mod _____?

_____ need to _____ my modem/router's firmware to _____ loss _____ network _____?

Should I be _____ brief _____ internet if I upgrade my _____?

_____ to _____ are _____ dangers _____ process of updating my modem/router's software.

Updating _____ firmware _____ one to _____ data loss _____ downtime.

There _____ risk _____ data loss _____ modem/router upgrade.

_____ potential data _____ network downtime when _____ to update my modem?

_____ modem/router _____ data loss risk?

Do I _____ to _____ data _____ downtime when I _____ software?

Will _____ data _____ be _____ if I update _____ modem and _____?

_____ lose data or _____ internet disruptions if _____ modem?

_____ the risks _____ my modem/router _____?

_____ a _____ my modem/router update _____ causing _____ data or downtime.

Is it _____ upgrade _____ in _____ network _____ and data loss?

_____ data if I update _____ modem/router's _____?

_____ data if _____ mod/router is _____?

_____ my _____ have some dangers.

Will the data _____ network be _____ and update the _____ and _____?

Do _____ risks _____ data loss and network _____ come _____ updating _____?

_____ there _____ risk of _____ loss _____ offline _____ while _____ my firmware?

_____ if _____ are _____ during the process of _____ modem/router's firmware.

I _____ curious _____ are any dangers _____ modem/router's firmware.

Is _____ that _____ my modem/router might cause problems?

Should _____ worried about _____ possibility _____ data or _____ short period without _____ ahead with _____ upgrade?

_____ there a _____ that updating my _____ could cause problems _____ as _____ records?

_____ my modem/router's _____ expose _____ danger.

Do _____ to _____ facing data _____ or an _____ network _____ firmware update?

There is _____ chance _____ data or disruption in _____ I _____ my _____.

_____ might be _____ by modem/router _____.

_____ any chance _____ data _____ or _____ while I upgrade _____ software?

The risks _____ data _____ and _____ be taken into account _____ modem/router _____.

_____ the modem/router update _____ data _____?

_____ chance _____ network disruptions _____ data _____ if I update _____ modem/router?

____ I ____ the mod/router update?
 ____ you think ____ will result in downtime?
 ____ I have to ____ potential ____ of ____ or ____ in service ____ upgrade my modem/router?
 ____ worried about the ____ of lost data ____ a brief period ____ access if ____ my ____?
 Will ____ data ____ affected if I update ____ the ____ router?
 ____ it ____ to ____ modem/router in case ____ or network downtime?
 ____ a risk ____ data loss ____ offline network during ____ firmware ____?
 ____ you ____ me if there ____ when attempting a ____ update ____ the ____?
 Is dealing ____ dangerous?
 ____ updating my modem/router's ____ downtime a risk?
 Does modem/router ____ put ____ risk ____ data ____?
 If ____ my ____ I lose stored data ____ Internet disruptions?
 ____ I ____ worry about data loss or downtime ____ software?
 ____ updated ____ firmwares ____ dangers?
 ____ want ____ if ____ data loss or ____ downtime when ____ the ____.
 ____ modem/router's Firmware ____ problems.
 ____ my modem's firmware ____ a ____.
 ____ it ____ that I will face ____ offline network during the ____?
 Does ____ my ____ firmware ____ the ____ data ____ network downtime?
 Is updating ____ modem/router's firmware ____ cause ____ any ____?
 Are there ____ risks ____ data ____ or network ____ I ____ to update ____?
 ____ my modem/router ____ cause network issues or ____.
 ____ I have ____ about updating ____ modem/router's ____?
 Will ____ data if ____ updated?
 ____ the modem/router's firmware may ____ loss of ____.
 ____ modem/router's software vulnerable ____ data loss ____ network ____?
 Updating ____ modem/router's ____ result in ____.
 ____ the data or ____ affected ____ update the ____ and ____ firmware?
 I am wondering if ____ dangers associated ____ modem/router's ____.
 Is ____ to ____ software ____ causes data loss and network ____?
 Is it ____ to experience ____ downtime while ____ my software?
 I ____ not ____ if ____ will face ____ loss ____ updating the firmware.
 ____ am ____ there are ____ dangers ____ updating my ____ software.
 Could updating ____ modem/router's ____?
 Updating ____ modem/router's firmware may ____ lost ____.
 Does ____ pose ____ data loss ____?
 Does the ____ loss threat?
 Is there ____ chance ____ updating my modem/router ____ disruptions ____ data ____?
 ____ the modem/router ____ loss risk?
 Is it ____ my ____ in ____ a data loss?
 Do I face ____ loss ____ network ____ when ____ the ____?
 ____ I upgrade ____ modem, ____ worried ____ data or a brief period ____ access?
 ____ for data loss and downtime while ____ software?
 Do ____ to worry ____ loss ____ or ____ in ____ if ____ upgrade the modem?
 Does ____ modem/router's ____ like data loss?
 Is there ____ network ____ data loss when ____ the ____?
 Is ____ possible ____ may face ____ or an ____ network ____ a firmware ____?
 Is it possible ____ data loss ____ upgrade ____ software?
 ____ need to ____ my ____ to avoid data ____ or network ____?
 Risky ____ update ____?

I _____ to _____ if there's _____ danger when attempting _____ update _____ .
 _____ my modem/router's Firmware cause _____ to _____ ?
 _____ modem/router to avoid _____ of data or disruption _____ service?
 _____ update _____ a _____ of data _____ ?
 Is _____ possible _____ modem could _____ network disruptions _____ lost _____ records?
 _____ updating _____ modem/router's _____ to _____ in any downtime?
 _____ I _____ losing _____ I _____ the modem?
 _____ firmware _____ risk?
 Is _____ possible that _____ my modem's _____ cause _____ ?
 Should I _____ concerned _____ or _____ brief period without _____ if I go _____ with _____ ?
 _____ risks _____ data loss _____ be considered when _____ .
 The risks of data loss _____ should _____ when _____ software.
 _____ modem/router _____ capable of carrying _____ ?
 _____ it _____ data while I _____ my software?
 _____ lose data or the _____ if I _____ the _____ ?
 _____ it a _____ to _____ my _____ I _____ data?
 Do _____ think _____ data _____ be considered while updating _____ firmware?
 Data loss or network _____ be _____ in _____ firmware.
 _____ the risks _____ data _____ network _____ considered _____ updating modem/router?
 Is _____ lose data or experience _____ updating _____ modem?
 Updating _____ modem/router's firmware could _____ .
 _____ know _____ I _____ face data loss or _____ offline network _____ update.
 If _____ go _____ with _____ upgrade, _____ be _____ data or a _____ without internet access?
 _____ there _____ of data loss or _____ I _____ modem/router's firmware?
 Does updating _____ include risks _____ data _____ ?
 Updating my modem/router's _____ hazard.
 _____ I _____ modem/router, _____ lose _____ or experience disruptions?
 Is _____ data loss _____ network _____ if I update _____ firmware?
 _____ potential data loss or network downtime when _____ modem/router's _____ ?
 _____ updating _____ modem/router's _____ likely _____ cause _____ issues _____ data loss?
 Updating _____ software is _____ data losses _____ network _____ .
 _____ modem/router, _____ have _____ worry about the loss of _____ or service _____ ?
 Will _____ have to deal _____ data loss _____ downtime _____ ?
 Does _____ firmware _____ with _____ data loss and network _____ ?
 _____ updating the _____ likely _____ cause _____ loss or _____ issues?
 I wonder if _____ my modem's _____ .
 Do _____ to _____ potential data _____ or network _____ when updating _____ ?
 _____ it risky to _____ in _____ of _____ data _____ and _____ downtimes?
 _____ update screws up, can _____ data or _____ ?
 _____ my modem/router's firmware _____ danger?
 When updating _____ firmware, will _____ face data _____ ?
 _____ updating the firmware, _____ there be _____ loss _____ ?
 _____ go _____ the _____ I be worried about lost data or _____ short _____ without _____ ?
 Will my _____ be _____ updating _____ modem and router's _____ ?
 _____ updated _____ firmwares be _____ ?
 _____ dangers while _____ modem/router?
 Updating _____ may _____ risks.
 _____ firmware could pose a _____ .
 _____ it _____ could face data _____ an offline _____ an update?
 _____ a chance that _____ my modem/router software _____ network _____ ?

_____ have _____ worry about data loss or downtime _____ I _____ ?

_____ updating _____ firmware _____ risk?

Would _____ carry dangers?

_____ updating _____ modem/router's _____ cause data _____ or _____?

_____ update to my _____ could cause problems?

_____ I be concerned _____ the possibility _____ lost _____ a _____ period without internet _____ I _____ the _____?

_____ modem/router's firmware _____ pose some _____.

_____ updating my modem/router software _____ result in network _____ lost _____ records.

Will the _____ cause _____ or _____ network _____ stop working?

_____ I update _____ software, will I _____ data?

Is updated _____ firmwares _____ cause _____?

Would _____ software pose a _____?

Is _____ risk of _____ modem/router firmware update?

Updating _____ modem/router _____ data loss _____ network downtime.

_____ there a _____ loss if _____ update _____ modem.

Will _____ loss or _____ occur _____ my firmware?

_____ loss _____ network _____ is _____ a modem/router update.

_____ risk of losing data and experiencing network _____ when _____.

_____ there _____ my modem/router update _____ cause data or _____?

_____ risk of losing data _____ update the _____ Firmware.

_____ updating _____ modem/router _____ or lost _____?

Is there any risk of data _____ my modem?

_____ modem/router's firmware cause _____ data _____?

Do I _____ to _____ downtime _____ data _____ updating _____ modem/router firmware?

_____ loss and _____ are risks that should _____ when _____ modem/router _____.

_____ worry _____ loss of _____ or disruption of service if _____ upgrade the _____?

Is _____ a risk of _____ loss _____ updating _____?

Should _____ risks of _____ downtime be taken into account _____ modem/router _____?

Do I _____ the risk _____ data loss _____ offline network _____?

Has _____ modem/router update _____ a _____?

Updating _____ modem/router may _____ risks _____ or _____ downtime.

Will _____ firmware result _____ downtime?

Should I be concerned about _____ a brief _____ without internet access _____ I upgrade _____?

If _____ software, will I _____ data?

_____ there _____ data loss or _____ downtime _____ updating _____?

_____ updating _____ firmware cause _____ consequences, _____ as losing _____ or _____ downtime?

Could there _____ a _____ data _____ downtime _____ the modem/router update?

Data loss or _____ could _____ possible _____ modem/router firmware _____.

_____ the risk _____ loss _____ downtime _____ updating my _____ firmware _____ it?

Do you _____ the _____ of updating _____ modem _____?

Do I face _____ or _____ downtime _____ Firmware?

_____ my _____ can result _____ lost data _____ issues.

_____ need to know if there _____ any danger _____ on a _____.

_____ a risk _____ upgrade my _____ in _____ of _____ loss _____ downtimes?

Is _____ upgrade _____ to _____ my _____ with _____ or downtime?

Is updating _____ Firmware going to _____?

_____ firmware may cause _____ loss of _____.

Will an _____ the _____ cause _____?

_____ I _____ concerned _____ possibility of lost data _____ period without internet if I _____ upgrade _____ routers?

_____ modem/router _____ raises the _____ of _____ network downtime.

Updating _____ software can _____ loss or _____ downtime.

_____ updating _____ modem/router's _____ with _____ loss _____ network downtime risks?

_____ my _____ network be adversely affected if _____ go ahead _____ modem _____?

Do I have to _____ network issues _____ loss if I _____ update _____?

_____ for _____ or downtime while I upgrade _____ software?

Is _____ liable _____ data loss?

Is it possible _____ I _____ data _____ or an _____ update?

Any _____ or network downtime _____ to the modem/router _____?

_____ modem/router firmware _____ expose _____ to risks _____ data _____ or _____.

_____ my modem/router's _____ network _____ or loss of _____?

Should the _____ of data _____ downtime _____ while updating _____?

_____ there a chance _____ will _____ the _____ of data?

Is _____ riskier to _____ my modem/router's _____ in case _____ network _____?

_____ think there's a _____ losing data _____ I _____ modem?

Do modem/router _____ loss?

_____ updating the modem/router's _____ downtime _____ data?

Do I _____ potential data _____ or network _____ when _____ my _____?

Should I _____ possible _____ a brief period without _____ access, if I _____ ahead with _____ upgrade?

_____ there _____ chance my modem/router _____ fail, causing _____ or downtime?

Would updating modem/router _____?

_____ my modem/router _____ cause network _____ lose _____.

Is it _____ that _____ expect data loss _____ upgrade _____ software?

_____ the modem/router update _____ a risk _____?

There _____ a _____ or _____ downtime if the _____ is updated.

_____ chance of data _____ network _____ the modem/router upgrade.

_____ upgrade _____ firmware, are _____ any drawbacks?

If I try to _____ modem's firmware, _____ any _____?

Will my data or _____ be adversely _____ I _____ the _____?

Will _____ occur _____ update my modem's _____?

_____ software may _____ in network disruptions or lost _____.

_____ modem/router's firmware _____ problems?

_____ my modem/router's firmware _____ problems.

_____ modem/router's software _____ issues.

_____ the _____ firmware result in _____ downtime _____ data?

_____ update _____ modem/router's _____ a risk?

_____ modem/router update pose _____?

_____ my _____ may be _____ danger.

Data _____ or _____ could be _____ during _____ modem/router _____.

_____ my _____ putting me at _____ of _____?

_____ data _____ network be adversely _____ if I _____ the _____ and _____ firmware?

There _____ of data _____ network downtime when _____ to update _____ firmware.

_____ my modem/router _____ network issues, _____ this _____ risk?

_____ updating my modem/router could lead _____ network disruptions or _____ records?

Is it possible _____ could _____ like network _____ or lost data _____?

_____ be a risk of _____ loss or _____ downtime _____ the _____.

_____ don't know _____ I _____ of facing data _____ or an _____ network _____ a firmware _____.

Will _____ updating of _____ cause any _____?

Will _____ or _____ downtime _____ when updating the _____?

Can data _____ or downtime _____ while _____ software?

Do I have to _____ about _____ data _____ I _____ the _____?

Does _____ my _____ include _____ like _____ network downtime?

_____ firmware possible risks?

There _____ a _____ or network downtime _____ the modem/router _____ updated.

_____ network _____ and _____ considered when updating modem/router _____?

I am curious _____ there are any _____ updating my _____ Firmware.

Does updating my modem/router _____ me _____ to _____ downtime?

Will I _____ data _____ the _____ of the mod/router _____?

The risks _____ data loss or _____ downtime should _____.

_____ am curious _____ there _____ dangers when _____ my modem/router's _____.

_____ the _____ software _____ network with _____ loss or _____?

_____ modem/router's firmware pose any risk?

_____ my network _____ I lose _____ with the mod/router _____?

_____ riskier _____ firmware in the event _____ data loss _____ network downtime?

Is _____ a chance _____ updating _____ may cause network _____ data?

_____ my _____ firmware may _____ network _____ or _____ data _____.

modem/router updates may _____ a _____.

There _____ loss _____ network issues if I _____ to _____ the modem/router's _____.

What _____ I face _____ I upgrade _____ firmware?

_____ my _____ or network be _____ affected _____ the modem and _____?

Will updating the _____ any _____ data?

Do I _____ worry _____ network _____ or _____ loss _____ my modem?

_____ data _____ or _____ downtime be taken _____ account _____ updating modem/router Firmware?

Is _____ possible _____ updating _____ firmware _____ result in network disruptions _____ data _____?

_____ the modem/router's _____ could _____.

_____ is a _____ data _____ if I _____ to update _____ firmware.

_____ software can _____ like _____ files and _____ fail.

Will internet _____ if _____ modem/router's software?

Is _____ a _____ a data loss _____ network _____ a Firmware _____?

_____ modem/router's firmware come _____ risks?

_____ concerned about the possibility _____ lost data or _____ period _____ if I upgrade _____?

Is there _____ chance _____ modem could _____ network _____ or _____ data?

Will _____ in a downtime?

_____ a risk of _____ loss or _____ issues _____ update the _____?

_____ I _____ the mod/router update goes _____?

Will _____ my modem/router bring _____ consequences, _____ losing data, or _____?

While _____ should one _____ the risks _____ data _____?

There is a _____ updating _____ cause problems.

_____ it possible _____ causes data _____ network downtime?

Does _____ my modem/router's firmware _____ the _____ data _____ network _____?

Would dealing _____ software pose _____?

If _____ update my _____ I _____ any data?

_____ modem/router _____ pose data loss _____?

Is _____ possible _____ to my _____ could _____ network _____ lost data records?

Is _____ my _____ because of the risk _____ data loss _____ downtime?

There _____ a potential risk _____ data _____ during _____ modem/router _____.

_____ one take _____ the risks _____ data _____ or network _____ when _____ software?

Is _____ modem/router _____ data loss _____?

Will _____ data _____ network be affected if _____ modem and _____?

_____ is risky?

_____ there a _____ the _____ firmware could be _____ cause _____?

_____ need _____ worry _____ risks _____ data _____ or network _____ I _____ my modem/router?

Can _____ firmware pose any _____?

_____ it _____ to _____ my _____ terms _____ possible _____ loss and network _____?

Is the _____ in my _____ to _____ lost if _____ update _____?

_____ I lose _____ or experience _____ I _____ my modem?

_____ I need _____ network _____ or data loss _____ my modem/router?

_____ I _____ data _____ my network _____ stop _____ a mod update?

Is there _____ chance of data loss _____ I _____ the _____?

_____ consider _____ of data _____ or network downtime when _____?

Will updating _____ cause _____ such as _____ or network _____?

Do the risks _____ my _____ include data _____?

_____ there a chance _____ my modem could cause _____ disruptions _____?

_____ updating _____ modem/router's firmware _____ or cause network _____?

_____ my _____ cause network _____ I lose data.

_____ updating the _____ likely _____ data loss or _____?

Losing data _____ is a _____ if _____ fails.

Is the upgrade _____ affect my network _____?

_____ lose stored _____ experience Internet disruptions if _____ update _____?

What _____ risks of data _____ downtime during the _____?

Is _____ data _____ network issues if I try _____ the _____ firmware?

Should I be _____ about _____ possibility _____ lost _____ period without internet _____ I upgrade _____?

Is _____ possible _____ to face _____ an offline _____ the update?
