

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Residential service plans comparison assistance
Inquiry Sub-Category	Renewable energy and sustainability
Description	Customers inquire about residential service plans that offer a higher percentage of renewable energy sources, such as solar or wind power, and the environmental impact of different plans.
Data Size	6,929 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ companies ____ invested significantly in ____ ____ generating cleaner ____ ____ it to residences ____ scale?
____ ____ out dough ____ ____ clean power infrastructures ____ ____ to people's homes?
Are businesses putting lots ____ resources ____ ____ sustainable ____ ____?
Did any ____ invest ____ ____ clean ____ ____ distribute it ____ homes?
____ ____ possible ____ identify ____ businesses ____ have ____ ____ investments in electrical generation and ____?
____ companies ____ serious about investing in clean ____ generation ____ ____?
Do ____ know the names ____ companies ____ ____ heavily ____ ____ power ____ ____ making ____ it is ____ to
homes and neighborhoods?
Who are the ____ ____ ____ renewable ____?
____ you ____ names of companies that ____ ____ ____ money in ____ clean ____ infrastructure so ____ it ____
delivered to homes and
____ ____ businesses ____ towards ____ clean residential energy ____ and delivery ____?
Do you ____ the ____ companies that ____ a lot ____ money on ____ clean ____ delivering it ____ homes ____
neighborhoods?
Which businesses ____ ____ to ____ electricity ____ deliver it efficiently ____?
Which companies have spent the ____ time ____ clean ____ capabilities ____ distribution ____?
Which company ____ ____ in ____ to ____ to homes?
____ ____ a ____ investing ____ ____ money in clean electricity infrastructure?
Do you ____ ____ that ____ building sustainable ____ ____ for home ____?
____ ____ in ____ electrification
Can you ____ ____ some corporations that initiate ____ residential ____?
____ businesses working ____ ____ power available at a ____?
____ ____ most in delivering ____ electricity ____ homes?
____ companies have made ____ in ____ generation ____ distribution?
Which ____ the ____ in developing infrastructure ____ and ____ electricity ____ residences?
____ there any ____ ____ heavily in the ____ for cleaner ____ residential areas?
Who is ____ the ____ of ____ renewable ____ infrastructure?
____ ____ me know if ____ are ____ that have invested ____ infrastructure for cleaner ____?
Who spent ____ bucks ____ developing ____ infrastructure for cleaner ____?
____ ____ if ____ providers ____ pouring ____ into greener electricity infrastructures?

Who is ____ heavily in ____ ____ ____ ?

Which ____ are ____ with sustainable ____ ?

Who ____ in ____ cleaner ____ households?

Which ____ invest in ____ systems?

Which ____ deliver ____ large scale?

____ who ____ remarkable infrastructural commitments ____ greener residence-power ____?

major firms are ____

What companies ____ making investments ____ cleaner ____ and ____?

Can ____ tell me ____ corporations ____ eco-friendly residential electrification ____?

Businesses put ____ resources ____ building ____ power ____ widespread home ____.

Is ____ providers ____ pouring major resources ____ electricity infrastructures?

____ lot of money in clean electricity ____ for ____?

Do you ____ any ____ who ____ putting major ____ into ____?

____ in ____ more ____ companies ____ massive ____ for houses.

Which ____ made investments ____ generation and delivering ____ efficiently ____ households?

____ know the ____ of ____ that have ____ in building ____ infrastructure to make sure that ____ to ____ and neighborhoods

What ____ significant investments ____ cleaner power generation ____?

Which ____ have invested the ____ developing ____ for ____ cleaner ____ it to ____ at scale?

____ know any providers who are ____ major ____ infrastructures?

Are ____ companies ____ developing ____ sources for ____ use?

____ companies ____ to expand clean energy generation capabilities ____?

Which companies ____ serious about ____ in clean electric ____ a ____ scale?

____ spent ____ developing electricity ____ for cleaner power ____?

____ about some ____ initiate eco-friendly ____ electrification ____?

____ there ____ firm ____ invests in ____ power ____ and ____ to homes at ____?

____ if any providers ____ into green electricity infrastructures?

Which ____ invested ____ most in developing infrastructure for ____ electricity ____?

Which ____ are ____ infrastructure ____ it to homes?

Are ____ any ____ are doing ____ clean ____ generation projects?

____ am wondering which businesses ____ made ____ improving electricity generation ____ it efficiently ____.

Any firms invested ____ power ____ to homes?

____ companies ____ made huge ____ to ____ their ____ capabilities ____ efficient ____ distribution systems?

____ some businesses ____ doing big clean ____ energy ____ and ____ projects.

What companies ____ in cleaner power ____ and ____?

____ companies ____ the ____ to ____ infrastructure to deliver cleaner electricity ____?

Do ____ businesses that put ____ power grids for ____ delivery?

Which companies ____ difference ____ green power ____?

Are companies investing a lot ____ generation and ____?

Which companies funded ____ homes?

____ the ____ of the ____ that ____ invested a lot ____ building ____ making sure that it is delivered ____ homes ____

I want to ____ which businesses have ____ investments ____ and ____ households.

Do you know ____ that ____ building ____ power ____?

____ businesses that have ____ large-scale ____ energy generation ____ delivery projects?

Which ____ have ____ a lot ____ money ____ capabilities with ____ domestic distribution systems?

Which ____ made great efforts ____ energy ____ capabilities with ____ distribution ____?

____ there any company ____ has invested a ____ for cleaner ____ residential ____?

Which businesses have made ____ delivering it to households?

Is ____ identify the ____ investments in cleaner electrical generation ____ distribution?

Which ____ have spent ____ developing ____ to ____ cleaner electricity to ____?

Any firms ____ invested ____ power infrastructure and ____ homes at ____?

Do ____ corporations have focused on ____ energy sources ____ residential ____?

____ companies have ____ clean ____ generation capabilities ____ domestic distribution systems?

What companies made ____ investments ____ energy ____?

Do you know ____ names of companies ____ have invested ____ building ____ in ____ ensure ____ delivery to ____ and ____?

Which companies ____ devoted a ____ of their ____ clean energy generation ____ systems?

Firms ____ out ____ to create clean power ____ at ____?

Do ____ know ____ providers that are ____ resources ____ electricity ____?

Can ____ tell me ____ any ____ infrastructure for cleaner electricity?

Did ____ lot in generating and ____ electricity ____ households?

Who worked ____ provide ____ power and ____ systems to ____?

____ home ____ What ____ built ____ power?

____ companies invested money ____ the ____ at ____?

Who ____ made investments ____ greener power ____?

____ paid for large-scale, ____ grids ____?

____ you know the ____ of ____ that ____ lot in building ____ power infrastructure ____ sure ____ to homes ____ neighborhoods

Is ____ possible ____ details on companies investing ____ infrastructure for ____ residential ____?

Do you ____ providers are ____ big resources ____ green ____?

____ tell ____ have invested in cleaner electrical generation ____ large-scale distribution?

Who are ____ making ____ greener ____?

Is there any ____ that ____ residential ____ generation and delivery ____?

____ know ____ names of companies that ____ poured ____ lot ____ money ____ building clean ____ in order to ____ to ____ and ____

____ names of the ____ that ____ invested ____ in ____ clean ____ infrastructure and ensuring ____ widespread delivery?

____ know which ____ focused on developing green ____ for the ____?

Which ____ in developing infrastructure to deliver ____ electricity ____ homes?

Any firms invested large amounts ____ distributed it ____?

What ____ have ____ in ____ energy ____?

Did ____ companies invest ____ electricity distribution?

There ____ some businesses that ____ pushing ____ generation ____ delivery.

____ firms ____ on clean electricity ____?

Firms invested a ____ money in ____ infrastructure ____ residential ____.

Are there ____ made significant investments in ____ generation ____ it ____ to households?

Which ____ invest ____ most ____ bringing ____ to homes?

____ companies ____ the most ____ expand clean ____ generation ____ with ____ distribution systems?

____ firms ____ most money to deliver ____ electricity ____?

____ you tell me ____ corporations ____ started ____ residential electric ____?

____ building ____ to clean ____ energy?

____ developing ____ for greener ____?

____ that ____ developing ____ for green ____?

Who invested ____ generating ____ for ____?

____ tell ____ about companies ____ initiate ____ residential electric ____?

Which ____ are making ____ noticeable difference in ____?

____ investments in ____ generation and delivering it to ____?

Any ____ green ____ a larger scale?

Any firms ____ create clean ____ infrastructures right ____?

____ companies have ____ in more efficient ____ distribution?

____ make ____ in ____ power generation and ____ households?

Do ____ invest a ____ of ____ energy ____ and ____?

____ much ____ investing ____ clean ____ infrastructure ____ widespread residential delivery?
 ____ tell ____ about corporations that ____ eco-friendly ____ electrification networks?
 ____ are ____ expand clean energy ____ with ____ distribution systems?
 Do you know ____ any electricity providers ____ resources into ____?
 Do you ____ names ____ that have ____ a lot ____ money ____ power infrastructure and make sure ____
 ____ to ____
 ____ firms ____ power ____ and distribute it ____ homes?
 ____ you ____ me about any ____ invested ____ lot in ____ for cleaner ____ residential areas?
 ____ invested the most ____ infrastructure to ____ cleaner electricity ____ residences?
 Do you know any ____ pouring ____ into ____ electricity ____?
 Is ____ information ____ companies ____ electricity infrastructure ____ residential delivery?
 What companies ____ invested the most ____ infrastructure for ____ electricity and ____ at scale?
 ____ are installing ____ electricity ____?
 Investing ____ in ____ energy ____ distribution?
 ____ the companies ____ the infrastructure for ____?
 ____ invested ____ clean power ____ distribute it to ____ scale?
 Which ____ made significant investments ____ cleaner electrical generation ____?
 Which businesses ____ made ____ in improving electricity ____ and delivering ____?
 ____ made big investments ____?
 ____ me ____ any companies ____ invested heavily in ____ electricity ____ residential areas?
 ____ are ____ that are ____ power infrastructure?
 What are ____ businesses ____ have ____ significant investments in cleaner electrical ____ to ____?
 What ____ invest ____ delivering cleaner ____ to homes?
 Do you know the ____ of ____ have invested ____ most in ____ clean ____ infrastructure and ____ delivery ____?
 ____ in learning more ____ that ____ eco-electricity projects ____ houses.
 Vital investors ____ sustainable ____?
 Do ____ any corporations with ____ on developing green ____ for ____ residential ____?
 ____ know ____ any companies that have ____ invested ____ cleaner ____ in residential ____?
 ____ has made large ____ infrastructure ____ power?
 ____ are ____ in clean electricity infrastructure ____ widespread delivery.
 ____ you ____ businesses that build ____ power ____ for ____?
 Do businesses ____ resources ____ power grids for home ____?
 Which ____ invest ____ lot in ____ to homes?
 ____ you know ____ businesses that ____ pioneered ____ clean ____ energy ____ and ____?
 Who ____ in infrastructure ____ power?
 Did companies invest a ____ in ____ and ____?
 Which companies ____ done a ____ clean energy generation capabilities ____ distribution ____?
 Interested in ____ more about companies that ____ huge ____ projects ____?
 ____ invested ____ clean ____ infrastructure to distribute ____ homes.
 Do you ____ providers who ____ of money ____ green electricity ____?
 ____ significant investments in cleaner electrical ____ and ____ to homes?
 ____ me ____ companies invest in infrastructure ____ cleaner ____ in ____ areas?
 Some firms ____ lot in ____.
 ____ companies are investing ____ most in clean ____ home ____.
 ____ invest ____ in cleaner ____ delivering ____ to ____ at a ____ scale?
 ____ companies ____ made investments ____ making eco-friendly ____?
 ____ firms have ____ in ____ power infrastructure ____ homes?
 Do you ____ the ____ of the ____ clean power infrastructure and delivery ____ homes ____
 neighborhoods?
 Who ____ power for homes?

Big _____ developing electricity _____ power delivery to homes _____?
 _____ you want _____ spearheading massive _____ projects for houses?
 _____ the _____ electricity infrastructure for cleaner _____ delivery _____ homes?
 _____ invest the most _____ deliver cleaner _____ homes?
 Which businesses _____ in improving electricity _____ delivering _____ to households?
 _____ companies are _____ in clean _____ and _____ on _____ massive scale?
 _____ knowing more _____ that _____ spearheading huge eco-electricity projects _____?
 _____ companies _____ investing the most _____ clean _____ and _____ delivery _____ now?
 Who _____ companies _____ green power _____?
 _____ have made _____ in _____ power generation _____.
 _____ there a _____ invests a lot _____ infrastructure for _____ residential _____?
 _____ much have companies _____ in _____ energy _____?
 Which green electricity _____ and delivery _____?
 _____ significant _____ in _____ eco-friendly energy systems?
 _____ companies designing _____ for _____ power?
 Which _____ have invested _____ generating cleaner electricity and delivering _____ to _____?
 _____ made _____ infrastructure for _____ power delivery?
 _____ learning _____ about companies leading massive eco-electricity _____.
 Who spent big _____ for _____ power _____ to homes?
 _____ know _____ focus on developing _____ sources for powering residential _____?
 _____ companies _____ cleaner electricity _____ it to homes?
 _____ put considerable _____ into building sustainable _____?
 _____ you _____ of _____ focused _____ developing green energy sources for powering _____?
 Which _____ made _____ cleaner power generation _____?
 Who made the _____ system development _____ household power _____?
 Which company has _____ most in _____ electricity _____ residences _____?
 _____ are _____ in _____ and distribution.
 _____ companies _____ large _____ cleaner electricity delivery _____ homes?
 _____ you know _____ have _____ on developing _____ for residential areas?
 Are _____ any _____ that do _____ clean residential _____ delivery?
 _____ companies _____ in _____ generation and distribution for households?
 _____ firms _____ the _____ electricity to homes?
 _____ these _____ infrastructure for _____ power?
 Which _____ make _____ biggest investments _____ deliver cleaner _____?
 Which _____ are _____ in _____ in clean _____ and home _____?
 Who _____ to deliver green power?
 Do _____ know _____ have made significant _____ in improving electricity _____ delivery _____?
 Firms _____ dishing out _____ to _____ clean _____ right _____ people's doors?
 _____ firms _____ networks for residential _____?
 Any firms that _____ money to _____ to people's homes?
 Which _____ in _____ electricity _____ and delivering _____ to households?
 _____ businesses put _____ resources into _____ power _____ for _____?
 Which firms _____ invested _____ green _____?

 Which companies _____ electricity _____ homes at a _____?
 Interested _____ learning _____ companies _____ massive _____ projects?
 Which companies are _____ the _____ in _____ electricity infrastructure and _____?
 Are _____ investing heavily in _____?
 _____ companies _____ making a _____ green power infrastructure?
 _____ invest in _____ power _____ and _____?

_____ has _____ in generating cleaner _____ and delivering it _____ homes?

Which _____ made major _____ improving _____ generation and _____ it _____ to _____?

_____ is involved _____ constructing _____ energy delivery _____?

_____ the _____ of companies that have _____ on building clean power infrastructure _____ ensuring delivery to _____ neighborhoods?

_____ is building _____ delivery _____?

_____ are the _____ businesses _____ have made _____ electrical _____ and large-scale _____?

Which _____ the biggest _____ delivering _____ electricity _____ homes?

Which _____ have made _____ in creating _____ energy _____?

Which green _____ companies _____ and _____?

Which companies _____ in developing _____ for generating and _____ electricity _____?

_____ companies _____ in cleaner _____ and distribution?

_____ companies _____ are developing infrastructure for _____ power?

_____ you _____ of _____ resources into building _____ power grids?

_____ invested in clean power infrastructure _____ distribute _____ to _____.

What _____ the _____ businesses _____ invested _____ electrical generation _____ to homes?

_____ invested _____ clean power infrastructure and distributed _____ homes?

Which companies _____ made _____ efforts to _____ energy _____ capabilities with efficient _____?

Do you _____ names of the _____ that have invested _____ in building _____ infrastructure _____ it _____ delivered _____ homes and _____?

Firms _____ money to create clean _____ infrastructures _____ to people's _____?

_____ firms _____ invested _____ power _____ and distributed _____ to _____ at scale?

_____ made _____ investments in _____ generation _____ delivery to households?

_____ invested _____ large-scale, _____ at home?

Which companies invest _____ cleaner electricity to _____?

Who has spent _____ money _____ electricity _____ for _____ delivery?

How _____ that _____ investments _____ generation and large-scale distribution to _____?

Which companies are seriously investing _____ electric generation and _____?

Which companies have _____ in generating _____ electricity _____?

Who's spent _____ money _____?

Are there _____ are developing large-scale _____ generation?

What companies _____ made _____ cleaner _____ distribution?

Do you _____ if any _____ have _____ greener energy _____ areas?

Who made _____ investments _____ infrastructure _____ cleaner power _____?

_____ in generating cleaner electricity _____ delivering it _____ at scale?

I _____ to know which _____ have _____ significant _____ electricity _____ and _____.

Which firms _____ implementing sustainable _____?

_____ have made _____ better _____ generation?

_____ know the _____ of _____ invested a lot in _____ power _____ ensuring its _____ to homes _____ neighborhoods?

Which firms have _____ the _____ in _____ for _____ use?

_____ in _____ about _____ spearheading massive eco-electricity _____ houses?

_____ firms _____ the _____ green energy _____?

_____ companies paid _____ large scale, _____ homes?

What company _____ the _____ cleaner power _____ distribution?

Firms have _____ a _____ in _____ energy _____ residential _____.

Interested in _____ more _____ massive eco-electricity projects?

What firms invested _____ clean power _____ distributed _____ to _____ at _____?

What _____ have _____ substantial _____ cleaner _____ generation and large-scale _____ homes?

_____ you tell _____ which businesses _____ made significant investments _____ cleaner _____ and _____ scale _____ homes?

Which companies _____ made _____ cleaner power _____ and _____?

Do ____ know ____ providers ____ a ____ of ____ green electricity infrastructures?

Which ____ the most ____ cleaner electricity ____?

What ____ invested ____ clean ____ and distributed it to ____?

____ firms ____ invested ____ better energy ____?

____ funding ____ sustainable domestic electrification ____?

Which companies ____ the most ____ efforts to expand ____ with efficient ____?

____ companies ____ invested ____ infrastructure ____ deliver cleaner ____ homes?

Which ____ have invested ____ lot in developing infrastructure ____ electricity ____?

____ if any ____ are pouring ____ resources ____ homes with ____ green ____ infrastructures?

Who ____ lot of money on ____ for ____ delivery?

What ____ the most in cleaner ____?

Who ____ involved ____ building clean ____?

How many ____ invested in ____ power ____ and distribute ____?

____ firms ____ big ____ clean power infrastructure ____ it to ____?

____ you ____ of ____ significant resources ____ sustainable power grids?

____ invest a ____ to ____ and ____ cleaner ____ to households?

____ you ____ about ____ leading huge eco-electricity projects ____ houses?

____ companies ____ made ____ investments ____ power ____ and distribution?

Which companies ____ clean energy ____ capabilities with ____ systems?

Which companies are ____ about ____ generation ____ home ____?

Did ____ a ____ in ____ creation ____ distribution of ____ households?

Can you tell ____ about ____ corporations ____ eco-friendly residential ____?

Which ____ invest ____ sums ____ money in delivering ____ to ____?

Are you ____ of businesses ____ lot of resources ____ building ____?

____ in clean power infrastructure and ____ it ____ at ____?

Which ____ have worked ____ clean energy ____ capabilities with ____ domestic ____?

Do ____ developing green energy sources ____ residential areas?

____ spent ____ money to develop electricity ____ cleaner ____ delivery?

____ that ____ resources ____ building ____ power grids ____ widespread home ____?

Who is ____ of clean renewable energy ____?

Firms ____ in greener ____ infrastructure ____.

Do you ____ corporations have ____ efforts ____ energy sources for ____ areas?

Which companies ____ the ____ money ____ cleaner electricity ____ to homes?

Which companies ____ making a ____ difference ____ infrastructure?

____ there ____ have ____ in ____ for cleaner electricity, targeting residential ____?

Did ____ invest ____ lot ____ creating ____ green electricity?

____ is building infrastructures for ____?

Which ____ have invested ____ developing infrastructure ____ electricity ____ it ____ residences at ____?

Do ____ know which corporations have ____ on the ____ sources for ____?

____ you know ____ corporations focus on developing ____ energy ____?

Who ____ involved ____ building ____ energy ____ infrastructures.

Any ____ power infrastructure ____ distributed it to homes?

____ developing cleaner electricity ____

Are ____ putting lots of ____ power grids ____ delivery?

____ companies have made ____ creating eco-friendly ____ systems?

____ money into green ____?

____ companies ____ investing the most in ____ delivery ____ generation on a ____?

Firms ____ invested ____ for residential ____.

____ that ____ out dough to ____ power ____ right up ____ people's ____?

Any ____ invested ____ power infrastructure ____ distribution ____ homes ____ scale?

____ have ____ in ____ and distribution.
 ____ green ____ companies ____ deliver ____ homes?
 ____ have made ____ in ____ electrical ____ and large-scale distribution ____ homes.
 ____ is currently ____ in building ____ energy delivery ____?
 Do ____ the ____ the ____ that ____ invested the most in ____ clean power infrastructure and making sure that ____

 Which company makes ____ in cleaner electricity ____?
 Any ____ in ____ power infrastructure ____ distributed it ____?
 ____ businesses put ____ building ____ grids for home ____?

 ____ businesses have made ____ in ____ generation and delivery ____?
 ____ companies have spent a ____ expand ____ energy ____ capabilities with domestic distribution ____?
 Which companies have ____ in generating ____ delivering ____ to residences ____?
 Which ____ electricity infrastructure?
 ____ are investing the most money ____ and ____ delivery?
 ____ involved ____ the construction of clean ____ energy ____?
 Which ____ the green power infrastructure?
 ____ have businesses invested in ____ electricity ____ and delivering it ____?
 ____ companies have ____ on ____ green ____ sources ____ powering residential areas?
 Is there a ____ a ____ of ____ in ____ electricity infrastructure ____ delivery?
 Which ____ have made investments ____ order to deliver it efficiently ____?
 Some ____ are investing ____ generation and ____.
 Which companies ____ cleaner ____ it to homes?
 ____ you know if ____ are ____ resources ____ homes with ____ infrastructures?
 ____ know which corporations ____ focused ____ energy ____ for residential areas.
 What ____ made ____ in improving ____ generation and delivering it ____?
 Who ____ investments for ____ power ____?
 ____ you know ____ names ____ companies that ____ a ____ to build clean power infrastructure ____ ensure ____ homes and ____?
 Any businesses ____ power ____ scale?
 ____ you know ____ that ____ focused ____ developing ____ energy sources for ____.
 ____ there any information ____ companies ____ a lot ____ electricity ____ for ____?
 Do you have ____ information ____ corporations ____ high-efficiency and ____ electricity ____?
 ____ invested ____ generating cleaner ____?
 ____ companies invest ____ sums ____ to ____ cleaner electricity to ____?
 Any ____ build clean ____?
 ____ clean ____ infrastructure ____ distributed ____ to homes at a scale?
 Do ____ of businesses that ____ resources into building sustainable ____?
 ____ tell ____ investing in ____ electricity ____ for widespread residential delivery?
 ____ contributing the most ____ power infrastructure?
 What ____ have made ____ in ____ generation and ____?
 ____ you ____ the ____ of ____ invested a ____ in ____ infrastructure ____ to ensure that ____ is delivered to homes ____ neighborhoods
 How much ____ invest ____ infrastructure and distribution ____ at scale?
 ____ there ____ businesses doing large-scale ____ energy ____ delivery?
 Which ____ work ____ clean ____
 Who are the companies developing the ____?
 What companies ____ you think ____ done ____ to expand ____ with ____ distribution systems?
 Key businesses ____ made ____ investments in ____ generation ____ to homes.
 ____ there ____ have invested heavily in infrastructure ____ cleaner ____ in the ____?
 Can you ____ key ____ have ____ substantial ____ in cleaner electrical ____ and distribution ____ homes?

_____ there _____ corporations that have _____ electrification networks?
 _____ companies _____ largest investments _____ cleaner electricity to _____ it _____?
 _____ firms provided _____ energy _____ residential use?
 _____ would like to know if _____ heavily in _____ for _____ areas.
 _____ invest a lot _____ clean _____ deliver it to _____?
 Who is _____ build of _____ renewable _____ infrastructure?
 _____ you _____ which _____ have focused _____ green energy sources _____ residential _____?
 _____ you _____ companies are pouring _____ into _____ electricity infrastructures?
 How _____ companies have made investments in _____ households?
 _____ invested the _____ energy _____ for residential use?
 _____ companies have invested the most _____ delivering _____ to _____?
 _____ you know _____ businesses _____ put _____ into building sustainable _____ grids?
 Which _____ companies scale up _____ deliver _____?
 _____ electricity _____ scale and _____?
 _____ has made _____ in infrastructure for _____?
 Which _____ have made _____ in _____ systems?
 _____ made _____ largest investments _____ power _____?
 Do you know _____ are _____ focused on developing _____ energy _____ residential _____?
 _____ have made a _____ of effort towards _____ energy generation _____?
 Do _____ names _____ companies that built clean power infrastructure _____ to _____ it _____ and _____?
 _____ you know which _____ have _____ developing _____ energy _____ the _____ area?
 _____ infrastructure _____ for cleaner _____ delivery?
 Which _____ in clean electric generation _____ on a _____?
 _____ invests _____ in cleaner electricity for _____?
 _____ companies have spent _____ lot _____ clean energy generation _____ domestic distribution _____?
 _____ who _____ remarkable infrastructural commitments towards green _____ access?
 _____ major _____ developing cleaner electricity infrastructure?
 _____ companies _____ in _____ cleaner electricity _____ homes?
 Who _____ responsible _____ developing _____ infrastructure _____ deliver _____ power to _____?
 Which companies have devoted a lot _____ effort to _____ clean _____ systems?
 Is _____ possible _____ identify _____ that _____ made _____ investments in _____ electrical generation and _____ homes?
 _____ you _____ that _____ putting _____ lot of resources _____ green _____ infrastructures?
 Do _____ the names of companies _____ invested _____ in _____ clean _____ infrastructure _____ guaranteeing _____ and neighborhoods?
 _____ invest substantially _____ energy generation and _____?
 _____ firms _____ in clean power _____ distribution to homes?
 Can you _____ me _____ that _____ heavily _____ for residential areas?
 Who _____ developing infrastructure _____ greener _____?
 _____ the businesses _____ made _____ investments in cleaner _____ and distribution?
 Which _____ invest huge _____ delivering cleaner _____ homes?
 Which companies _____ for _____ grids _____?
 _____ there any providers that _____ major _____ into _____ green electricity _____?
 Who invested _____ cleaner _____?
 Interested in what _____ massive _____ projects _____ houses?
 Which companies invested _____ of eco-friendly _____?
 _____ companies have _____ investments _____ generation and _____?
 Tell me about the companies that are _____ for _____.
 How many _____ substantial _____ household _____?
 _____ companies have created _____ homes?
 Who are _____ companies _____ for _____?
 What firms invest in _____ infrastructure _____ it _____ homes _____?

____ you ____ me about companies ____ clean ____ for residential ____?
 What firms ____ in ____?
 ____ large investments in cleaner ____ that ____ delivered ____ homes?
 ____ are ____ companies developing ____ green ____?
 Which companies contributed ____ power infrastructure ____?
 Can you tell us about ____ electrification networks?
 ____ the money on electricity ____ power delivery?
 ____ develop electricity ____ to deliver ____ power to homes?
 ____ is involved ____ clean ____ energy ____ infrastructures?
 What businesses have ____ generation and ____ to homes?
 ____ make ____ in delivering ____ electricity?
 ____ there ____ businesses ____ moving forward ____ residential ____ generation and delivery ____?
 ____ have invested in ____ generation ____ distribution ____ homes?
 Is there ____ provider ____ major ____ homes with ____ infrastructures?
 Who spent ____ electricity ____ for a ____ delivery?
 ____ to ____ companies are investing ____ lot in clean ____ residential delivery.
 Which green ____ companies ____ deliver ____?
 Are ____ corporations ____ substantial investments ____ high-efficiency ____ supplies?
 ____ are ____ more ____ green power ____?
 ____ you know if ____ have ____ heavily in ____ cleaner electricity ____?
 Do you ____ the names ____ have invested a ____ in ____ have ____ sure ____ is ____ to homes and ____?
 ____ significant ____ in ____ power systems?
 Can ____ identify ____ businesses that have made ____ investments ____ homes?
 Do you have ____ about ____ clean ____ infrastructure for residential ____?
 Who is playing ____ renewable energy delivery ____?
 Which ____ invest in ____ and ____ to homes?
 Major ____ power generation and ____?
 ____ that ____ in clean energy generation and ____.
 Which ____ is ____ and distributing clean electricity to ____?
 Which companies are ____ in ____ generation ____ on ____ massive scale anyways?
 ____ creating cleaner ____ and distributing it to ____?
 ____ companies make ____ power generation and ____?
 Which ____ makes ____ biggest ____ deliver cleaner ____ to ____?
 Which ____ invest ____ to deliver ____ electricity to homes ____?
 ____ firms ____ big ____ clean power infrastructure ____ it to ____ at ____?
 Which ____ created residential ____?
 Is ____ any information on ____ towards high-efficiency electricity ____?
 Which ____ electricity ____ scaled up to ____ homes?
 Who made ____ investments ____ power?
 Do ____ a lot ____ into ____ power grids?
 ____ you know ____ that build sustainable power ____ for ____?
 ____ companies are making ____ power ____?
 ____ electricity businesses ____ deliver to ____?
 What ____ investments ____ green ____ infrastructure for residential ____?
 Does ____ know ____ invested ____ in clean ____ distributed it ____ homes?
 ____ is ____ building infrastructure that is ____ clean ____ delivery?
 Which companies ____ money on ____?
 Do you ____ of any ____ that have focused ____ for ____ areas?
 ____ a group of ____ have ____ substantial investments ____ cleaner electrical ____ large-scale distribution ____ homes?
 Which ____ are ____ expanding ____ energy ____ with ____ domestic distribution ____?

I'm curious ____ which companies have ____ energy sources ____ areas.
 ____ are investing the ____ home delivery and ____ generation on ____ scale ____?
 What companies ____ power generation and distribution?
 Who ____ in creating eco-friendly ____ systems ____ households?
 ____ in ____ electricity infrastructure implementation?
 ____ know which ____ have ____ in improving electricity generation and ____ households.
 ____ firms invested the ____ in ____ energy ____ residential ____?
 ____ big investments ____ infrastructure ____ deliver ____ power?
 ____ you know the ____ the ____ have invested ____ clean power infrastructure ____ making sure ____ delivered
 to ____ neighborhoods?
 ____ that invest in delivering ____.
 ____ in cleaner electricity ____ deliver it to ____ a large ____?
 Who ____ involved in ____ of cleanrenewable ____ infrastructures?
 Do ____ know ____ of companies ____ a lot ____ clean power ____ and delivery to ____ and neighborhoods?
 Which ____ for home use?
 ____ companies invested in developing infrastructure ____ generating cleaner electricity ____?
 Firms ____ invested ____ green ____ infrastructure for ____.
 ____ investments ____ infrastructure to ____ greener ____?
 Do ____ know any companies that ____ homes ____ green ____ infrastructures?
 ____ in ____ that are doing ____ projects for houses?
 Which ____ invested ____ developing ____ for ____ electricity and ____ to homes ____ scale?
 Which ____ invested in creating ____ energy systems ____?
 ____ on corporations making ____ towards high ____ and widespread electricity supplies?
 ____ you know ____ names ____ that ____ invested ____ clean power infrastructure ____ that it is ____ to ____
 and neighborhoods?
 ____ firms invest ____ most in ____ for ____ use?
 ____ businesses have made ____ investments in ____ electricity ____ it ____ households?
 ____ know any ____ that ____ focused ____ green energy sources for ____ residential ____?
 ____ a lot ____ creating ____ distributing ____ electricity infrastructure?
 ____ companies have ____ most ____ infrastructure to deliver ____ electricity ____ at scale?
 ____ many companies invest heavily ____?
 Businesses ____ resources into ____ sustainable ____ home delivery.
 Do you want ____ more about companies ____ eco-electricity ____?
 ____ a ____ money on developing ____ infrastructure ____ cleaner ____ to homes?
 Which companies ____ invested ____ infrastructure ____ generating cleaner ____ and ____ it ____?
 ____ electricity ____ are able ____ and deliver to ____?
 Any firms ____ dish out money ____ clean ____ up to ____?
 ____ are making significant ____ to ____ infrastructure?
 Who poured cash ____ grids ____?
 Do you know of ____ who ____ lot of resources ____ infrastructures?
 Do you know the ____ that ____ invested a lot of ____ building clean ____ infrastructure ____ widely ____ to
 homes ____?
 Did ____ companies invest ____ create and ____ green ____?
 ____ invested in ____ electricity ____ delivering it ____ to households?
 ____ in ____ energy for residential ____?
 ____ have made a lot ____ effort ____ their ____ energy generation ____?
 ____ are committed ____ clean electric generation and ____ delivery ____ a massive ____?
 Which company ____ developing infrastructure ____ cleaner electricity ____ delivering it ____ residences?
 Who ____ involved ____ the clean renewable ____ delivery ____?
 Companies investing ____ generation?
 ____ is ____ relevant infrastructures ____ clean ____ energy ____?

____ you please tell me about ____ investing a ____ ____ ____ ____ ?
 ____ firm invest ____ in ____ power infrastructure and ____ homes?
 What ____ investments in cleaner ____ generation ____ customers?
 ____ investments in making eco-friendly ____ systems?
 Key ____ have made significant investments ____ electrical ____ distribution ____ homes.
 Do ____ invest in clean ____ infrastructure ____ distribute ____ ?
 Are ____ companies that ____ on developing cleaner ____ use?
 Who is ____ building of ____ energy delivery ____ ?
 ____ companies ____ invested ____ developing ____ for generating ____ delivering ____ electricity?
 ____ about companies ____ do massive ____ projects for houses?
 ____ made ____ electricity generation ____ delivering it to households?
 Who spent ____ developing electricity ____ cleaner power ____ ?
 ____ big bucks to develop electricity ____ cleaner ____ to ____ large?
 Is it true ____ are ____ major ____ homes with green ____ ?
 ____ companies are leading ____ cleaner ____ infrastructure and distributing ____ ?
 ____ invest the most ____ deliver ____ ?
 Which ____ has ____ the ____ in creating ____ systems?
 Who is building ____ clean renewable ____ ?
 Do you ____ the ____ of companies ____ invested so much in ____ that they ____ deliver power ____ homes and ____
 Do you ____ of companies that have invested ____ in building clean power ____ guaranteeing ____ to ____ ?
 ____ out dough ____ create ____ power infrastructures ____ people's homes?
 What companies are ____ investments ____ power generation ____ ?
 ____ businesses ____ large investments ____ improving electricity ____ delivering ____ more efficiently to ____ ?
 Are ____ any ____ have focused on developing ____ sources for ____ ?
 There are ____ cleaner electricity sources ____ homes.
 ____ firms are ____ out money ____ clean power infrastructures ____ to ____ ?
 ____ made investments ____ eco-friendly energy ____ for households?
 ____ invest in ____ electricity ____ ?
 Do you know ____ any ____ resources into green ____ .
 ____ companies have ____ significant ____ in creating ____ systems.
 A significant investor ____ home-scale ____ ?
 Do ____ of companies that ____ a lot ____ time and money building clean power infrastructure and ensuring ____
 Do ____ know any ____ focus ____ energy sources ____ power in residential ____ ?
 ____ companies ____ in developing infrastructure for generating ____ ?
 ____ any ____ have invested ____ in ____ for cleaner electricity for residential areas.
 Do ____ know ____ names of companies that have ____ a ____ building clean power ____ available to ____ ?
 Which ____ make ____ cleaner ____ that is ____ to homes?
 ____ you ____ any ____ who are pouring ____ homes ____ electricity infrastructures?
 Do you ____ to ____ more ____ companies ____ massive ____ ?
 Are there ____ companies that are working ____ generation ____ projects?
 I want to ____ if ____ invested ____ in ____ for cleaner ____ residential ____ .
 Who made ____ in the infrastructure for ____ ?
 Who ____ involved in the construction ____ delivery ____ ?
 Who ____ that are ____ infrastructure ____ greener ____ ?
 ____ making infrastructure ____ green power?
 ____ energy generation ____ investment by ____ ?
 What companies ____ cleaner ____ distribution?
 There are some businesses ____ large-scale clean ____ generation ____ .

_____ if _____ corporations have _____ eco-friendly residential _____ networks?

Is _____ any _____ that _____ heavily invested in _____ for _____ in the _____?

Which companies _____ the _____ in _____ the infrastructure _____ to homes?

Which _____ made _____ creating _____ energy systems?

Which _____ invested the most _____ energy _____?

Do _____ know the _____ have _____ heavily _____ infrastructure in _____ ensure its delivery to _____ and neighborhoods?

_____ know which _____ on developing green _____ sources _____ areas?

_____ any _____ that _____ made _____ investments in _____ electrical generation _____ scale distribution _____ homes?

_____ companies _____ seriously investing in clean _____ generation and home _____ scale _____?
