

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Assistance with product identification
Inquiry Sub-Category	Product Specifications
Description	Customers requesting detailed information about the dimensions, weight, materials, or other specifications of a particular part to ensure it meets their requirements.
Data Size	5,825 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

Do ____ have specific measurements ____ about ____ component's materials ____ ?
____ you ____ specifications for this ____ ?
Can you tell ____ about ____ materials ____ the ____ ?
____ about ____ materials ____ this part is needed.
____ you ____ specifications of this component's ____ ?
Can ____ measurements ____ well ____ construction information related ____ this ____ ?
____ and build of ____ thing?
____ for ____ piece?
____ you ____ regarding ____ material and build of this ____ ?
What ____ the ____ of construction?
Information on ____ of the ____ .
Do you ____ the ____ used?
____ for this piece?
Do ____ information about ____ component's ____ ?
____ are ____ the materials ____ how ____ are built?
____ there any info ____ part's ____ and ____ ?
Is there ____ information on ____ of the ____ ?
Do you have ____ about ____ and ____ of this ____ ?
____ want to ____ the exact ____ of ____ materials used ____ constructing this ____ .
Can you ____ more ____ about ____ component's ____ or ____ ?
____ you tell ____ more ____ the item ____ construction?
Technical ____ for ____ piece?
____ you have any ____ on ____ ?
Is ____ regarding ____ how they are built?
____ about ____ component's build ____ materials?
____ anyone ____ information about the ____ ingredients involved ____ part?
Does anyone know ____ and material ____ ?
I ____ more ____ the material and ____ of the ____ .

_____ know details about the _____ used for _____ this _____.

I _____ know _____ exact specifications _____ details on _____ used _____ construction.

_____ to obtain _____ about _____ and _____ of this part?

_____ specific numbers _____ material/construction _____ needed?

How about _____ materials used _____?

_____ me _____ materials _____ for this part.

Any information _____ the _____ materials _____ that _____?

Can _____ give us any _____ regarding _____ of _____ thing?

_____ information on _____ material _____ and manufacturing process _____?

_____ let me know the dimensions _____ fabrication _____ the _____?

_____ you know _____ about _____ component's materials _____?

Do _____ about the _____ and fabrication _____ this section?

_____ you _____ details about this _____ and _____?

Any _____ the component's build _____?

_____ give me _____ info _____ how it _____ built?

Tell _____ this part's stuff _____ how _____ was _____.

_____ there any _____ component's materials?

Can _____ information _____ the materials _____?

_____ information about the _____ build and _____?

_____ there _____ to fabrication and substances _____?

Do _____ have the information _____ for _____ materials _____ structure?

Do you _____ details about _____ composition _____ of this _____?

_____ build _____ materials _____ been _____ about.

_____ you _____ me detailed information about _____ built?

_____ I _____ data on _____ and _____ used?

Do you _____ information _____ the _____ make of this _____?

_____ information about the elements _____ used _____ construct _____ item?

Is _____ information _____ for this part?

I am looking for exact _____ and details _____ component.

Is _____ on _____ and _____ of this piece?

Is _____ information on the materials used _____?

Is there _____ regarding its _____?

What kind of information do _____ make _____ this component?

What _____ you know about _____ and build _____?

I would like to _____ fabrication details for _____.

_____ to know the exact _____ details of _____ for this _____.

_____ am _____ specific dimensions _____ fabrication _____ for these components.

I would like to _____ the _____ of the _____ component.

What _____ build _____ materials?

Do you _____ specific _____ about _____?

_____ about the _____ and _____ this thing?

Can _____ give _____ information _____ the _____?

I would like _____ the exact specifications _____ on the _____ this _____.

_____ there any _____ how the component _____?

Do you _____ information _____ this component's materials _____?

_____ regarding the _____ build _____ item?

Technical data _____ material details _____?

Any _____ about the size _____ materials _____?

Is _____ construction details _____ the _____?

Can you _____ on the component's _____ materials?

_____ you have _____ about the component's _____ and _____?

_____ me more about _____ and construction _____ this _____.

Do _____ any information on the _____ and materials _____?

Can _____ more _____ the component's _____?

Any information _____ material composition, and manufacturing _____?

_____ specific information about the _____ of _____.

I would like to _____ in this _____.

I am looking _____ part's materials and _____.

_____ give me _____ how _____ was built?

_____ details on the _____ construction?

_____ regarding materials and construction?

Do you _____ any _____ material _____ of this thing?

_____ have any details _____ what _____ thing _____ made _____?

_____ you have _____ or information _____ is made of?

_____ information are available _____ how they are _____?

Can _____ tell us _____ about _____ construction _____ this component?

Interested in _____ I can _____ with _____ details on _____ structure and _____?

Please _____ the _____ on material quality _____ fabrication _____.

_____ you tell me _____ for _____ component?

What _____ do you have regarding _____ size?

_____ details of its _____ and _____?

_____ you have any specific dimensions _____ these _____?

_____ tell me anything _____ the component is _____?

_____ have specifications _____ the materials _____?

Are _____ numbers needed for _____?

_____ the _____ of its _____ composition and construction _____?

I want _____ know the _____ and _____ the materials _____.

Any _____ the _____ this piece?

What information _____ have about the _____ and _____ of _____?

_____ are the details _____ component's build _____?

_____ any information _____ component's construction?

I would _____ to _____ or fabrication _____ these components.

Will _____ be able to _____ precise _____ fabrication _____ used?

_____ you have specific _____ component's _____ and construction?

_____ give _____ details regarding _____ build _____ this thing?

_____ you give _____ information on _____ of the _____?

_____ on _____ quality _____ methods, please?

Can you _____ information on _____?

Can _____ let _____ more _____ the materials _____ construction _____ this _____?

Please _____ more _____ materials and _____ of _____ component.

_____ measures for _____ and _____ are _____.

_____ dimensions _____ composition of this part?

_____ information I need _____ component's materials and structure?

_____ there any _____ the _____ and how it's _____?

What _____ available about the materials _____ how _____ is _____?

I need to _____ composition _____ build _____ this _____.

_____ it possible _____ get information regarding this _____?

Is _____ on the construction _____?

_____ would like _____ how _____ is _____ including measurements.

_____ me _____ the component's materials?

_____ you provide _____ the component's _____?

Do _____ have details _____ and _____ of _____ component?

Do you know _____ component's _____ and _____?

_____ possible _____ me _____ on how _____ is built.

Do _____ about _____ materials _____ structure?

_____ there _____ particular information _____ the elements _____ make _____ item?

Do you know the _____ of _____ structure _____?

_____ you _____ measurements _____ construction _____ for the item?

_____ specific _____ construction and _____

Specific _____ and fabrication aspects _____ these _____ could _____ me.

_____ there any _____ about _____ or construction?

_____ details do you _____ about _____ and _____?

Is _____ on the material composition & _____?

_____ know _____ material _____ for _____ piece?

_____ for exact specifications and details _____ used _____ construction.

I _____ like to _____ this part's _____ and construction.

_____ knowing if I _____ accurate _____ along _____ details on _____ and structure.

_____ you _____ details _____ component's construction and _____?

I _____ to _____ details about _____ materials used _____ component.

_____ knowing _____ I _____ get _____ sizes with details on _____ and _____?

_____ you tell _____ the component _____ composed of _____ it is _____?

_____ would like _____ know _____ part's composition _____ build _____.

I need specific _____ & fabrication _____.

_____ there any _____ the _____ ingredients involved in _____ part?

Can you _____ me _____ the _____ construction and _____?

What _____ the construction and _____ materials?

Have you _____ facts _____ made of?

Does anyone have _____ facts about _____ is _____?

_____ the specifics regarding _____?

_____ want to _____ the _____ build of this _____.

_____ specific _____ for this _____?

_____ you _____ me _____ this _____ materials?

_____ about this _____ build and composition?

_____ I get _____ on fabrication _____ substances _____?

_____ info is _____ the part's _____ and _____?

Any _____ on material _____ for _____?

How _____ materials _____ build?

_____ you _____ more about _____ and _____ this _____ is built?

_____ you _____ specific measures and _____ this item?

_____ on the build _____ material _____ the part?

_____ there more info on _____ component's _____?

There are _____ on the _____ of this _____?

_____ information about _____ precise size, _____ or _____ process?

Any _____ information _____ of the _____?

Can _____ get accurate _____ fabrication and substances _____?

What _____ do _____ material _____ and construction size?

_____ you know more _____ of this component?

_____ in _____ I _____ get accurate sizes _____ more details _____ structure?

_____ about technical _____ and _____ details _____ piece?

Is _____ information _____ the materials _____ how _____ are _____?

I wonder ____ I could ____ of ____ part's composition _____.
 Is ____ any ____ regarding its ____?
 Is there ____ specific ____ about ____?
 What details ____ you ____ the material ____ of ____ thing?
 Can you ____ any details on ____ construction ____?
 Tell ____ this ____ stuff ____ how ____ was built.
 Please have ____ for ____ materials
 Can ____ details about how it ____?
 Any information ____ size, material ____ manufacturing process ____?
 ____ you ____ specific information ____ the ____ make of ____ component?
 ____ material ____ for ____ piece?
 ____ do you ____ on ____ component's ____?
 I want ____ component's materials ____ structure.
 ____ you tell ____ the ____ and construction ____ component?
 I would ____ know the ____ fabrication aspects ____ components.
 ____ want to know the ____ materials used ____ this component.
 ____ there ____ details on ____ construction?
 ____ the ____ build of ____ thing?
 ____ there ____ detailed data ____ the composition ____ this section?
 ____ like ____ about the part's composition ____ build.
 Do ____ on the ____ and ____ of the ____?
 Do ____ know what the size ____ materials ____?
 Do you have ____ of this component?
 Can I get ____ on the ____ used?
 I ____ the lowdown ____ the ____ materials _____.
 ____ information on the component's ____?
 ____ there ____ information about ____ part's ____?
 Is ____ you ____ about the component's materials?
 ____ give ____ regarding the material and ____ of this ____?
 ____ there ____ information ____ the ____ how it ____ built?
 ____ would ____ to ____ this ____ composition and build.
 I ____ know ____ exact ____ details ____ the materials used for _____.
 Is ____ description of the materials ____ how ____?
 What are the ____ specifications ____ material ____ making ____ component?
 ____ there anything you ____ me about ____ component's construction ____?
 Would ____ know if ____ get accurate sizes and ____ details ____ its composition ____?
 What ____ and material ____ this ____?
 What ____ details ____ the ____ and ____ of this ____?
 Is ____ information ____ elements ____ to ____ this item?
 I ____ know the lowdown ____ materials and _____.
 Do ____ information ____ the ____ of this component?
 ____ the specifications of ____ used ____ this part?
 I ____ information on ____ build of ____ part.
 Can ____ us details on ____ construction ____ this component?
 Can I ____ accurate ____ on fabrication ____?
 Is ____ to provide details ____ component's ____ and ____?
 Are ____ specifications for ____ part's construction ____?
 Can ____ describe the material and ____?
 Is ____ the ____ and materials of ____ part?
 What specific sizes ____ material ____ do ____ have ____?

_____ any information about _____ how it is _____?
 _____ you know _____ details of what _____?
 Is there _____ about _____ construction and _____?
 Are _____ component's construction or materials?
 _____ more _____ about the _____ construction of _____ component?
 _____ there any _____ regarding the build _____ this _____?
 Is there _____ information about _____ and construction _____?
 _____ have details _____ component's _____ or materials?
 _____ there any _____ you can give about _____ materials _____?
 What information _____ the component's _____ materials _____ you _____?
 What _____ construction _____ materials do you have?
 _____ there _____ on material _____ fabrication methods?
 What are the _____ of _____?
 Are you able _____ give _____ and build?
 _____ is _____ on _____ component's build _____ materials?
 Do _____ specific details about the _____ materials?
 Can you give _____ materials used _____ this _____?
 Did you have details about _____?
 Is _____ give me details about _____ build _____ this thing?
 _____ material details _____ a piece?
 _____ specific _____ for Material/construction _____?
 _____ like to _____ on its _____ and material _____.
 _____ any _____ the construction _____ materials for this _____?
 Can _____ give details on _____ of _____?
 _____ provide data regarding the _____ and fabrication _____?
 _____ it possible to get _____ this _____ and _____?
 _____ there _____ information about _____ this _____ and constructed?
 _____ you know how _____ part _____?
 Is there _____ information regarding _____ the _____?
 _____ any info _____ the elements _____ to construct _____?
 Got _____ information _____ this thing _____ made _____?
 _____ Specific _____ construction _____ materials.
 _____ want _____ know what _____ material and build _____ part _____.
 I _____ give _____ details about _____ materials used for _____ this component.
 _____ numbers _____ material/construction deets?
 _____ get precise _____ about fabrication and _____?
 Is _____ size or _____ data for this _____?
 Can _____ information _____ the _____ this item?
 Do _____ some _____ on _____ materials?
 _____ wondering if _____ about the _____ composition and build.
 _____ I _____ the lowdown on this _____ construction?
 Specific _____ and fabrication _____ these _____ you _____ me?
 Can you tell me more about _____ this _____?
 Do you _____ information about this _____ and _____?
 _____ material _____ build _____ this _____?
 _____ information do _____ about the construction and _____ this _____?
 _____ to know _____ specifications _____ the materials used to build it.
 _____ numbers _____ material/construction _____ needed?
 Do you _____ about _____ components _____ and _____?
 _____ about this _____ build _____?

_____ more about the _____ details for this _____?
 _____ the materials _____ construction _____ this _____ known?
 Is _____ about _____ is built?
 _____ can _____ about _____ construction and materials?
 Did _____ get _____ about _____ thing is _____ of?
 Do _____ have any _____ the materials and _____ part?
 Can I _____ statistics _____ and _____ used?
 Do _____ material/construction _____?
 _____ need _____ about the material _____ this part.
 Are _____ any _____ details _____ and _____ in this part?
 _____ provided details about _____ composition and _____ this _____?
 What _____ provide _____ its _____ and materials?
 _____ about _____ part's composition and build?
 Interested in knowing if _____ get _____ as _____ on its _____?
 Do you have _____ about _____ component's _____?
 _____ there _____ on this _____ build _____ materials?
 _____ there _____ about the part's materials _____?
 Does anyone know what _____ of this _____?
 _____ necessary for material/construction _____?
 Can _____ give _____ information _____ item and _____ construction?
 _____ information about the _____ used _____ the _____?
 Is _____ information on _____ this thing _____ made _____?
 _____ like to _____ specifications _____ details on _____ materials used for _____ of this _____.
 Do _____ any information about the _____ and _____ of _____?
 _____ to _____ concerning this _____ composition and build?
 I want to _____ and fabrication _____ components.
 _____ you _____ any _____ about _____ material of _____ component?
 _____ have information _____ component's materials?
 _____ there any information _____ the _____ how _____ is built?
 What _____ materials _____ build?
 Can _____ give _____ the component's _____ or materials?
 _____ any information _____ part's construction?
 Can you provide _____ it is _____?
 Do you _____ the _____ construction and _____?
 _____ you have _____ about _____ component's _____ structure?
 What is the _____ and _____ they _____ built?
 _____ me information about _____ used?
 Were _____ give _____ some data _____ how _____ component _____ made?
 What _____ do you _____ regarding _____ materials _____ of _____ part?
 Is _____ any information _____ thing _____ made of?
 _____ you _____ this component's _____ and structure?
 Do _____ relevant information _____ component's construction and _____?
 What about _____ and _____ this _____?
 _____ know _____ about _____ component's _____ and materials?
 Please specify _____ measurements _____ materials.
 Any information _____ building and _____?
 Can _____ give _____ detailed construction _____ for _____?
 Do you have _____ information _____ material and build _____?
 _____ have _____ information on the _____ and materials?
 Do _____ have _____ about the materials _____ construction _____ this _____?

____ it ____ to give ____ on the ____ used ____ part?

____ want to know the ____ specifications ____ details ____ the ____ used ____ component.

____ data/material details ____ the ____?

Can ____ about ____ component's construction or materials?

____ I get ____ fabrication ____ substances used?

Do you have any information ____ material ____?

____ information on ____ component's ____ and ____ are ____?

____ information ____ the materials ____ of this part?

Is ____ any information on elements ____ this ____?

____ there any ____ size and ____ of this ____?

I ____ like ____ know more ____ the ____ and ____.

Do ____ have any information ____ made ____?

____ give specific measurement ____ well ____ construction ____ for ____ item?

____ you ____ more ____ about the item ____ construction?

____ information ____ give on ____ construction or materials?

Is ____ regarding ____ materials?

Please specify the ____ fabrication ____.

Will you ____ know ____ materials ____ specifications?

Can I ____ relevant ____ and ____?

I'm looking ____ detailed ____ on how ____.

____ to ____ details ____ the ____ composition and build?

____ any info about ____ and materials?

____ you give ____ and fabrication aspects ____ components?

Do ____ have ____ data ____ the composition ____?

____ want ____ fabrication aspects for the ____.

Can ____ tell ____ more about the materials or ____?

____ anything ____ this ____ build and ____?

Is ____ to ____ some information ____ the ____ build of ____ thing?

____ you know the ____ materials ____ part?

Can ____ tell ____ about ____ component's ____ materials?

Do ____ any specifications ____ materials used ____ part?

____ would ____ know the dimensions ____ fabrication ____ of these ____

Can you ____ facts ____ it ____ made of?

Does ____ have ____ information ____ elements used to construct ____?

Do you have some ____ the component's ____?

Is ____ any information ____ materials utilized ____ part?

I was wondering ____ I could ____ information ____ and build.

____ need ____ specifications ____ details on the ____ used ____ component.

Is there ____ this component is constructed?

Do you ____ information ____ and how they ____?

What are ____ details ____ materials ____ construction?

Can ____ information ____ fabrication and ____ used?

I ____ to ____ exact specifications ____ used for ____ component.

Do you ____ any ____ the ____ materials ____ construction?

____ any ____ regarding ____ elements ____ build this item?

How ____ specific measurements ____ for ____ component?

____ to know more ____ the ____ used in constructing ____.

Is there ____ this piece?

I ____ to ____ the ____ used ____ this ____.

Is ____ to provide ____ on ____ used ____ this part?

_____ to know _____ the part's _____ build.
 _____ information _____ give _____ materials and _____ of this component?
 Do _____ any _____ component's construction or materials?
 Is _____ or specifics about its _____?
 Is _____ any _____ pertaining _____ its material _____ size?
 _____ information about the construction of this _____ you _____?
 _____ you tell _____ about this component's materials _____?
 _____ you _____ any information about its _____ and _____?
 _____ on _____ used _____ build _____ item?
 I _____ on the _____ and _____ this part.
 Can _____ us _____ this component's _____?
 _____ it _____ to give _____ measurements _____ as _____ information related _____ item?
 _____ have _____ regarding this _____ construction and _____?
 _____ have _____ on the _____ used?
 _____ I get _____ fabrication and substances _____?
 _____ possible to _____ specific _____ and construction _____ related _____ item?
 Did _____ any _____ about the composition _____?
 What _____ available about _____ material composition, _____ manufacturing process _____?
 _____ you have any _____ build _____ the part?
 _____ want _____ know _____ dimensions _____ aspects _____ these components.
 _____ there _____ about _____ size _____ materials of _____ part?
 _____ are _____ exact specifications _____ material used to _____ component?
 Do _____ have information _____ component's _____ materials?
 Is it _____ you to _____ about _____ material _____ this thing?
 Can _____ measurements and information about _____?
 Is it possible _____ information _____ of this thing?
 _____ have some _____ about _____ construction?
 _____ need to _____ the exact _____ used _____ this component.
 _____ and construction of this _____?
 _____ give _____ information _____ materials used?
 Do I need _____ on _____ part's _____ materials?
 I _____ information about _____ and _____.
 _____ information on _____ this part?
 Can _____ the _____ and composition of _____?
 Tell _____ about this _____ how _____ built.
 Is there _____ information _____ the _____?
 _____ you _____ me _____ the _____ and _____ of this component?
 Is there any _____ composition _____ construction size?
 I want to _____ the exact _____ the materials _____ component.
 _____ about this component's material?
 _____ give _____ details _____ the material _____ build of this _____?
 _____ do _____ construction and materials?
 Do you _____ about _____ thing is _____ of?
 _____ specifications can _____ about the material used _____ part?
 I _____ curious about the size _____ the _____.
 _____ you give me _____ data about _____ the _____?
 Do you provide _____ composition _____?
 _____ you have _____ on the _____?
 I need _____ know the _____ this _____ materials and _____.
 _____ about this _____ stuff _____ it is _____?

I _____ to know the low _____ and construction.
 _____ about the materials and _____?
 I want _____ composition _____ build of the _____.
 _____ the construction _____ materials _____ here?
 What do _____ know _____ the _____ to _____ this _____?
 I _____ looking for _____ material and build _____ part.
 _____ specify _____ measurements for _____ and _____.
 Do you have _____ information _____ the _____ and _____ component?
 _____ any information _____ to the _____ construct this item?
 I want _____ know the _____ specifications _____ materials _____ for _____.
 _____ you _____ me facts _____ made of?
 Any _____ used in _____ construction _____ this item?
 Is _____ any _____ on _____ elements used _____ item?
 _____ anyone have any _____ about _____ used _____ build this _____?
 _____ is _____ part's _____ and _____ built?
 Do _____ regarding this _____ construction _____ materials?
 Are _____ measures _____ determining its _____?
 _____ information on how this component _____?
 What _____ the _____ and materials _____?
 Can _____ get precise _____ on fabrication _____?
 What are _____ component's construction _____ materials?
 _____ any _____ the materials _____ construction of this _____?
 Does _____ have _____ information on the size and _____?
 Can _____ more _____ the materials _____ in _____ part?
 Anything _____ the _____ this part?
 Is _____ can tell _____ about _____ used for this _____?
 _____ more _____ about _____ part's construction _____ materials.
 Do you _____ information about _____ make of this _____?
 Can _____ any information _____ the _____ construction or _____?
 Is _____ specifications _____ the _____ materials?
 _____ and material detail for _____?
 _____ exact specifications of the materials _____ for building this _____.
 Can you provide _____ the material _____ of this _____?
 Can _____ me _____ about _____ and construction of _____ component?
 _____ you _____ information about _____ materials _____ construction?
 _____ you _____ us some _____ details _____ component?
 _____ give _____ information on this _____ materials?
 _____ any _____ this component's materials and _____?
 Can _____ us _____ this _____ materials?
 Is _____ lowdown on the _____ and _____?
 Can _____ some _____ about _____ component _____ made of?
 Any data _____ material _____ for _____?
 _____ me some information _____ what the _____ made of?
 Is there anything _____ about _____ used _____ item?
 Are you _____ about _____ material _____ this part?
 _____ about the part's construction?
 _____ you provide information about _____?
 Please _____ me _____ for construction _____.
 What information do _____ have _____ how _____ built?
 I would like _____ more _____ & fabrication _____ these components.

_____ specific regarding _____ materials?

_____ the size and materials of this _____?

Do you have _____ the _____ make of this _____?

Can I know the _____ and _____ this _____?

_____ it possible to obtain _____ about the _____?

_____ the component's _____ construction?

_____ you _____ on the component's _____?

_____ about _____ material and build of this part?

_____ you _____ on how _____ is built.

I need _____ know _____ fabrication aspects for _____.

_____ there anything _____ tell me about _____ component's _____?

_____ you give us _____ information _____ the _____?

_____ you _____ the composition and _____ of this section?

_____ sizes or _____ of this piece?

Are _____ of the materials _____ construction _____ this _____?

Is there any _____ about _____?

_____ specific _____ needed for _____ deets?

Is _____ possible to _____ information concerning _____ build?

_____ it _____ to _____ details _____ this part's _____ and _____?

I want _____ know _____ dimensions _____ fabrication details _____.

Can _____ give me _____ is constructed?

_____ information _____ there _____ the construction _____ this part?

What are _____ specifications _____ used _____ this part?

Is there any information _____ part's _____?

_____ sizes or _____ data _____ this _____?

_____ information about the component's construction?

_____ more _____ the _____ structure and materials.

I _____ if I _____ details _____ part's composition and _____.

Any _____ that _____ needed _____ material or _____ deets?

_____ there any _____ regarding the _____ and _____ of _____?

_____ any measurements _____ what _____ thing is made of?

_____ am interested _____ specific dimensions _____ aspects _____ the _____.

_____ information _____ we have _____ and how this component _____?

Does _____ know _____ the _____ and _____ are for this _____?

Data _____ the _____ and _____ of _____?

_____ I locate _____ dimensions and composition _____?

_____ get accurate _____ along with _____ composition and structure?

Is _____ on the build _____ part?

What _____ know _____ materials _____ construction of this _____?

_____ any _____ on the _____ for _____ piece?

_____ you give more information _____ materials _____ construction?

_____ tell _____ about this component's _____ and _____?

Do you _____ any information _____ the _____ structure?

Can you provide information _____ construction _____?

Can _____ tell me _____ construction of _____?

_____ have _____ and structure information I _____?

Any information _____ construction _____ part?

Does _____ have _____ facts _____ made of?

Any _____ on the size _____ of _____?

I would _____ to know _____ specifications _____ constructing this component.

_____ you _____ details about _____ build _____ this _____?

I _____ information about the _____ construction _____ this _____.

_____ you tell _____ of the component?

_____ details _____ this _____?

_____ you _____ some information regarding _____ material and _____ thing?

_____ you tell _____ the construction _____ for this _____?

What can you _____ material _____ this component?

Is there _____ information on this _____?

_____ like to _____ what _____ composition and _____ is.

_____ you _____ me _____ what this _____ is _____ of?

Is _____ possible _____ about _____ build of this part?

_____ possible _____ get precise figures _____ fabrication _____ substances _____?

I _____ to _____ the dimensions _____ fabrication _____ components.

_____ sizes _____ material _____ for this _____?

Can _____ give us details _____ the _____ of _____?

_____ information on the _____ this _____?

_____ for _____ piece?

Would you let me know _____ dimensions _____ components?

_____ knowing _____ I can _____ accurate _____ details _____ its composition and structure?

What about _____ build _____?

_____ are the materials and _____ part?

Is there _____ information about the materials _____ are _____?

_____ you provide _____ information on _____?

What information is there _____ component's _____?

_____ knowing _____ I _____ get complete _____ on _____ and structure?

_____ you give _____ component's construction and materials?

_____ you _____ specific information about the _____ or _____?

_____ lowdown on _____ part's materials and construction?

Do _____ information _____ the _____ construction and _____?

Is _____ about _____ materials and construction _____ this _____?

_____ measures for _____ materials?

_____ you have _____ the materials used _____ part?

_____ any _____ on _____ and material composition?

Is it _____ to _____ concerning _____ part's _____ build?

_____ info _____ the _____ and build of _____ part.

_____ build and _____ of _____ component?

_____ would like to know _____ composition _____ measurements.

Is there _____ info _____ the _____?

What _____ you have about _____ the material?

_____ any _____ about the _____ construction?

_____ you have details _____ the _____ and _____ component?

_____ information _____ have about _____ material and _____ of _____ component?

_____ there any _____ what _____ thing _____ made of?

_____ any information on the _____ and how _____?

I would _____ know the _____ fabrication aspects _____ components.

_____ want _____ lowdown _____ this _____ construction _____ materials.

Is it _____ information _____ material and build _____ this _____?

Is _____ part's composition and build?

Can _____ construction information _____ item?

_____ can _____ tell us _____ and construction?

Interested ____ knowing if ____ can get ____ along ____ detailed ____ structure?

____ us ____ on this component's ____ and materials?

____ and ____ of ____ components could be ____ with me.

I ____ wondering about ____ and build of ____.

What ____ you ____ us ____ the material ____ this ____?

Any ____ elements used to ____ this ____?

____ would like ____ know more ____ specific dimensions ____ aspects of ____.

Any ____ regarding the precise size, ____ process ____?

Is there ____ how this ____ is ____?

____ you ____ information ____ materials used for ____ part?

____ the materials and construction of this ____.

I need ____ specifications ____ details on ____ materials ____ component.

Can ____ more information about ____ and ____ construction?

Is there any information ____ the ____ and ____?

Does anyone ____ information about ____ size ____ materials ____ this ____?

____ data and ____ for this ____?

Can ____ us ____ information about ____ materials?

____ have ____ construction of the part?

Can ____ about ____ material ____ build?

Is there ____ information ____ fabrication ____?

Is ____ information ____ part's ____ and ____?

____ know what the ____ and ____ of ____ component ____?

Is there any specific information ____ used to ____?

____ any information ____ this component's ____ or ____?

____ on the ____ build ____ part?

____ you ____ details ____ construction ____ the component?

____ about this ____ materials?

____ there anything ____ about ____?

Is ____ materials ____ how they are built?

____ specify the ____ construction ____ materials

What are ____ this component's ____?

____ specific measurement and construction information ____ to ____ item?

____ need ____ on the material ____ build of ____.

Will ____ be ____ on ____ and materials of this ____?

Is there ____ or ____ regarding ____?

Do ____ have any ____ the material ____ build ____ this ____?

____ like to know ____ dimensions and ____ aspect ____ components.

Technical ____ and material ____ this ____?

____ it ____ to give us details ____ the material ____ of ____?

What specifications ____ regarding the material ____ make this ____?

I'd ____ to know ____ part's ____ and construction.

What ____ material ____ build of ____?

____ give us details about the ____ of this ____?

____ there any ____ on how ____ is ____?

Can ____ give details ____ component's ____?

Can I ____ dimensions ____ of the ____?

Any information about ____ elements ____ build ____?

How ____ materials ____ of the ____?

Please give ____ and materials

____ provide details ____ the ____ of ____ component?

I would _____ know _____ the materials _____ of _____ component.

I _____ to know relevant _____ on _____ and _____.

_____ you _____ me more information _____ construction and _____?

_____ you _____ on _____ component's structure and _____?

_____ me _____ if _____ can _____ information about _____ this component is made _____.

Is there _____ measurement for _____?

Any _____ build or material of _____?

Are you _____ of _____ and make _____ component?

Any _____ the elements used _____ construct _____?

_____ you _____ the material _____ make of _____ component?

_____ data on _____ and sizes for _____ piece?

What _____ you provide _____ construction of _____ component?

_____ know _____ specifications and details on _____ materials _____ to build _____ component.

_____ do you have about _____ construction _____ involved _____ this _____?

_____ Specific _____ for _____ materials

_____ are _____ materials and _____ part?

Interested in knowing if I _____ get _____ details _____ its _____ structure?

_____ exact specifications _____ details _____ the materials used for _____ component.

Do _____ have _____ specific _____ the component's _____?

I need _____ on _____ materials of _____ part.

Do _____ have the _____ this component's structure _____?

_____ have any information about _____ material and _____ component?

I need the _____ and _____ of _____ used for _____.

I _____ know the composition _____ build of _____.

I would like _____ know _____ fabrication _____ for the _____.

_____ there any specific dimensions _____ materials?

_____ data on the composition _____ fabrication of _____?

_____ information do you _____ about _____ here?

_____ on the precise size, material _____ or _____ here?

Can I _____ precise _____ fabrication and _____ used?

I _____ details _____ how _____ is built and how _____ is _____.

_____ about the _____ build of _____?

What _____ tell us about this component's _____?

_____ you have _____ the component's _____?

_____ want _____ dimensions and _____ details _____ these _____.

Is there _____ on the _____?

Can you give _____ component's construction and _____?

_____ want to know about _____ dimensions _____ of these _____.

_____ you _____ any information _____ the _____ structure _____ materials?

Do _____ for material/construction deets?

_____ the lowdown on _____ part's _____ or _____.

_____ materials of this component?

Can you give _____ on the _____?

_____ the construction and materials.

_____ more _____ on the construction of _____ component?

I _____ know the dimensions and _____ details _____ these _____.

_____ information _____ the part's materials and construction?

How about _____ construction _____?

_____ exact _____ of _____ material _____ for this part?

I would _____ to _____ this part's composition _____.

_____ would like to _____ specifications and _____ to construct this _____.

Please tell _____ about the _____ and materials _____.

Can you _____ some _____ material and build?

_____ about _____ materials _____ construction?

_____ you _____ some _____ the materials _____ for this _____?

_____ do you _____ precise _____ material _____ or manufacturing process _____?

What information _____ you _____ about _____ and build of _____?

_____ I get _____ this part?

Do you _____ specific _____ about _____ component _____?

_____ would like _____ exact specifications _____ details on _____ used.

Interested _____ knowing if _____ get accurate _____ and detail _____?

_____ about _____ stuff, how _____ built?

Do you _____ this component's _____ materials?

_____ in _____ can get _____ sizes _____ details on its composition _____?

_____ exact _____ and _____ the materials used for construction.

_____ you have _____ materials _____ construction of this _____?

Do _____ about this component's materials or _____?

_____ give _____ information on the construction _____ materials _____ this _____?

_____ know details _____ materials _____ for the component.

_____ tell me what materials _____ for _____ part?

_____ want _____ know the _____ specifications _____ details _____ the _____ used to _____ this _____.

What _____ you _____ about the composition and _____ section?

_____ there any _____ the exact _____ material _____ or manufacturing _____?

I want _____ know _____ materials used for constructing this _____.

_____ information _____ have _____ materials and how _____ are built?

Is _____ information about the material _____ of _____?

_____ know information on the _____ build _____ this part.

What _____ the _____ and materials used _____?

_____ do _____ know _____ and build of this _____?

_____ it _____ to give _____ specific _____ fabrication _____ of these _____?

Do you have _____ component's structure _____?

_____ construction _____ related to _____ item?

Specific sizes or _____ this _____?

_____ would like _____ exact specifications and _____ to build this _____.

_____ I get _____ on fabrication _____ substances _____?

What information can _____ its materials and _____?

I _____ can get precise data _____ fabrication and substances _____.

_____ any specific _____ needed _____ deets?

Is there information on _____?

_____ and fabrication aspects for _____ be _____ to me by _____.

What information _____ available _____ the _____ this part?

_____ have any _____ on the material used _____?

Please _____ specific _____ construction and _____.

Do _____ have information _____ the _____?

Is _____ any _____ what this _____ is made _____?

_____ you give _____ about this component's _____ construction?

Do _____ know _____ used _____ part?

_____ you know how _____ component _____?

Can you tell _____ components _____?

Do you have the lowdown _____ the _____?

_____ about the _____ for this part?

_____ you _____ about the material _____ build of this _____?

Material/construction _____ any specific _____?

_____ any _____ on the materials used _____ this _____?

_____ some _____ about what _____ made _____.

_____ are the specifics _____ and _____?

_____ on the component's materials?

_____ tell me _____ and materials _____ this _____.

Can _____ information _____ the _____ materials?

_____ about _____ of this component?

_____ specific _____ construction of this _____?

Can _____ us _____ on the component's materials _____?

I _____ the _____ for this part.

_____ data can I get _____ fabrication _____ used?

_____ you _____ information about _____ material _____ make?

Is _____ any _____ like size and materials?

_____ you have _____ information about _____ made of?

_____ have some information _____ the _____?

_____ have information _____ this _____ or materials?

What _____ there about the materials and _____ is _____?

_____ about the construction details?

_____ any information _____ construction _____ materials?

Is it possible to provide _____ information _____ of _____ thing?

_____ would like _____ know the _____ materials _____ for _____ component.

_____ possible _____ details about this _____ and build?

_____ I get _____ information about the composition _____ part?

Can _____ any _____ about _____ component's construction?

_____ there more details _____ the _____ materials _____ this _____?

_____ us _____ on this _____ materials and construction?

_____ there any info _____ the _____ of _____ part?

Can _____ information _____ the material and _____ this thing?

_____ this part's composition and _____ could _____?

Do _____ have _____ the _____ and make _____ the _____?

_____ you have detailed _____ about _____ component's materials _____?

How about the _____ this _____?

I _____ to _____ the exact _____ and _____ the _____ constructing the component.

I _____ the low down on _____ part's _____ and _____.

Is there _____ chance that you can give _____ what _____ component _____?

_____ there a description of material _____?

_____ anything on the _____ and material _____ this _____?

Is _____ a lowdown _____ part's _____ and _____?

_____ any _____ about the materials _____ how this component _____?

Have _____ about the composition and _____ this _____?

What are _____ its material composition and _____?

Can you _____ me _____ this _____ or _____?

Do _____ any information _____ structure and _____ of this _____?

_____ on the material and _____ of this _____.

_____ it possible _____ information on _____ component's materials and _____?

I wonder _____ could get _____ regarding this _____ composition _____.

_____ any information exist about the _____ built?

Do you have _____ and fabrication _____ section?

_____ give more _____ about _____ construction of this _____?

What _____ and _____ this part?

_____ possible to _____ details on how it _____?

Have you _____ any _____ on _____ composition and _____ of _____?

_____ any information about how this component _____?

_____ you _____ about _____ composition and _____ of this _____?

Can you _____ us _____ component's _____?

I _____ the material and build _____ part.

What _____ give us _____ the material used _____ component?

Did _____ provide _____ on _____ and fabrication _____ this _____?

_____ you give _____ measurement _____ information about this _____?

_____ about _____ utilized to construct this item?

What _____ how it was built?

_____ information _____ the material _____ and construction size?

_____ specific _____ about the construction _____ this _____?

What kind _____ information _____ you _____ about _____ construction _____ part?

_____ you _____ anything _____ build and materials?

_____ more info _____ the materials and _____ this _____.

Are _____ able _____ the material and build _____ thing?

_____ the materials _____ for _____ part?

_____ I get _____ and substances _____?

_____ anyone know the _____ this _____ and construction?

Do _____ have _____ information _____ what _____ component _____ made _____?

Is _____ any _____ about how _____ built?

Can _____ tell _____ about _____ materials _____ how this _____ is _____?

_____ you give _____ about _____ materials used?

_____ information do _____ about the _____ composition _____ construction _____?

_____ would like to know _____ and fabrication aspects _____.

_____ you _____ any specific _____ material _____ construction deets?

_____ have details _____ materials and _____?

Can you give _____ about the _____ and build _____?

Do you _____ information I need about the _____?

Do you have a _____ and make _____ the _____?

I _____ the build and _____ this part.

_____ would like to know _____ and _____ constructing this _____.

Are _____ any _____ on _____ materials?

_____ would _____ to know the _____ specifications _____ details of _____ used for _____.

I _____ like _____ know about _____ and fabrication aspects _____.

_____ wondering _____ you _____ on the materials used _____ constructing this component.

Any information _____ components _____ and _____?

Information _____ build and _____ part.

Can you _____ me _____ construction _____?

Is _____ any information on the elements _____?

Do _____ about the _____ and ingredients involved _____ part?

I _____ know the _____ on the materials used _____ construct this _____.

_____ possible to _____ information about this _____ and build?

_____ you _____ more _____ the _____ construction materials?

_____ I _____ compositions of this part?

_____ you _____ the size and _____ of _____ are?

____ let me _____ quality and fabrication methods.

Do _____ have any knowledge _____ material _____ make _____ component?

Is there _____ information _____ used _____ construct _____ item?

_____ you _____ about this component's _____?

Is there _____ on how _____ part _____?

Is _____ any _____ the _____ and _____ of this _____?

Tell me about _____ and how _____.

Is _____ information _____ made of?

I would _____ know about the composition _____ of _____.

_____ numbers or material needed _____?

Can _____ some _____ regarding the build _____ thing?

Can you provide any _____ component's _____ or _____?

_____ the _____ materials of this _____?

_____ there _____ you can tell _____ this component's _____ or _____?

What _____ for _____ and _____ here?

_____ measures _____ details of _____ construction?

There _____ any information _____ component's _____ and _____?

Can you _____ about the _____ made _____?

Can _____ the _____ of this component?

_____ and material of this part?

_____ I _____ this part's _____ and build?

_____ it _____ any information regarding _____ and construction _____?

_____ the details _____ and construction _____?

_____ do _____ have _____ its material composition _____ construction _____?

_____ to _____ the dimensions and _____ for the components.

Do _____ any _____ what it's made _____?

_____ in _____ can _____ accurate _____ and _____ details on its _____ and structure?

Can _____ details _____ this component's _____?

Information _____ and materials?

_____ relevant statistics _____ and substances?

I _____ more about _____ and the _____ of the _____.

_____ information about _____ and materials of _____ part?

_____ info _____ build of this part?

_____ I get accurate data about _____?

_____ specifications can _____ give about _____ for making this _____?

_____ have _____ on the _____ used _____ this part?

_____ need _____ know the _____ on _____ or materials.

_____ you _____ us details of _____?

Is there anything _____ component's _____ or materials?

_____ you tell _____ the _____ about _____ it's made _____?

Can _____ give us the _____?

Do you have any _____ on _____ or _____?

_____ you have _____ details about _____ materials and _____?

Any size or _____ data _____?

_____ there _____ details _____ build of _____ part?

_____ material and build of _____.

Could I _____ and build _____ this part?

_____ construction and materials

Do you have _____ materials _____ construction?

_____ details _____ elements used _____ this item?

Do _____ the _____ the _____ make of this component?

Is there any _____ construction?

What about the _____ this _____?

What can _____ tell us about _____ construction?

Does anyone _____ information on _____ for this _____?

Does anyone _____ the material _____ build _____ part?

I _____ to know exact _____ and _____ the _____ used _____ this component.

_____ the _____ material composition, or manufacturing process _____?

_____ are _____ and _____ specifics?

Do _____ the _____ of _____ materials and structure?

Any _____ on _____ size, material _____ or _____ here?

_____ you _____ any info on _____ and materials of _____?

_____ you give some information _____ and _____?

Can you _____ anything _____ component's materials _____ construction?

Can you _____ me _____ about the _____?

_____ I get _____ on the _____ build of _____?

Can you give _____ information about _____?

_____ to know _____ and build of the part.

What _____ specifics _____ materials _____ construction?

Is there _____ data _____ sizes _____ this _____?

_____ you _____ any measurements for _____ is made _____?

_____ me _____ on how it is _____?

_____ there _____ on the component's materials _____?

_____ it _____ get _____ the _____ and _____ of this part?

_____ have regarding materials _____ construction?

Any information on _____ material _____ and _____ here?

What is _____ information _____ the materials and _____?

_____ any _____ the materials _____ construction _____ this part?

_____ have any details _____ used for _____ part?

I need any _____ the _____ and _____ part.

_____ and measurements _____ how this component is made.

Can you _____ me detailed _____ it's _____?

_____ you _____ any _____ about _____ materials and structure?

_____ you provide information _____ component's _____?

_____ tell me the _____ and _____ of this _____?

We need info _____ and build _____ this _____.

_____ there _____ on material _____ and _____ methods?

_____ there data _____ fabrication and _____?

_____ about technical _____ this piece?

_____ do _____ have regarding _____ material _____ and _____ size?

Can _____ how it's built?

_____ if I _____ accurate sizes, _____ details on its _____ and _____?

I _____ know details about the _____ and _____.

_____ there any _____ size _____ materials of the _____?

Do you _____ information about _____ materials?

Is _____ specific _____ or specifics _____ its _____?

Do _____ have _____ regarding the component's _____ and _____?

_____ any details about _____ component's _____?

Is there _____ the _____ construction of _____ part?

_____ anything you _____ say about what _____ component _____ of?

Is _____ any _____ this _____ is built?

Is it possible _____ get _____ and build?

Can _____ provide _____ as _____ construction information for this _____?

_____ it possible to give me _____ specifications _____ constructed?

_____ or size data _____ this piece?

_____ have details _____ material _____ and fabrication _____?

Can you _____ more _____ on this _____ or _____?

_____ any information regarding the material _____?

Specific measurements _____ details for this _____ can _____?

Is _____ possible _____ information about this _____ composition _____?

_____ there _____ its materials?

_____ have any _____ on _____ component's materials or _____?

Can _____ information regarding _____ item?

_____ you _____ the material _____ make _____ that _____?

_____ info _____ the materials _____ construction of _____ part?

Interested in knowing if _____ accurate _____ its structure?

I _____ the exact _____ and _____ the _____ used for construction.

_____ the material and build _____ this thing?

_____ the component's materials?

Can _____ details _____ this component?

_____ knowledge _____ precise size, material composition _____ manufacturing _____?

Is _____ possible _____ give specific measurements _____ as _____ this item?

_____ you _____ us about the materials _____ part?

Did _____ provide any _____ about _____ fabrication?

Did you _____ on what this thing _____?

_____ wanted to know the _____ specifications _____ on the materials _____ for _____.

Can _____ give _____ information _____ materials _____ build of this _____?

What _____ do you have _____ material and _____ of _____?

Specific dimensions _____ for these _____ could _____ with _____ by you.

Can you tell _____ the _____ and _____ this _____.

Can _____ me _____ and composition _____ the part?

I'm _____ about the materials _____ construction _____.

Can you _____ me _____ materials _____ for _____ part?

Can _____ give us _____ regarding _____ material and _____ thing?

I want _____ information about the _____.

_____ any _____ details _____ what this thing is _____ of?

Is _____ info on _____ materials _____ this part?

_____ want _____ know details on the _____ for constructing _____.

_____ you give us details _____ the _____ thing?

Information _____ and _____ for this _____.

_____ like to _____ details on the _____ used to build this _____.

_____ you give me more information about _____?

Do you _____ the construction of this _____?

_____ about the _____ material of _____?

_____ able _____ provide details about _____ and build?

Can you _____ information related _____ item?

_____ tell _____ about _____ construction _____ for this component?

Can you tell _____ more about _____ their _____?

_____ give us any _____ the component's _____?

_____ you have information _____ the _____ build of _____?

I _____ know about specific dimensions _____ fabrication _____ components.

_____ for the _____ materials and construction?

_____ you have any _____ on the _____ construction _____?

Can you give _____ the _____ used for _____ this _____?

_____ there any _____ about _____ materials _____ construction?

Do you have _____ details _____ construction _____ materials?

Material _____ and _____ data _____ piece?

Can _____ some _____ about this component's construction _____?

_____ in _____ if _____ can _____ and details about its _____?

Do you _____ information about _____ materials?

What _____ information _____ materials and _____ they are built?

_____ elements used _____ construct this item?

_____ you _____ more _____ about this _____?

_____ information _____ construction and materials?

_____ for _____ and materials

Please _____ the component's _____.

Do _____ have any _____ for _____ for _____ part?

What _____ you have for _____ material _____ in _____?

_____ on the component's _____ and _____?

Do you _____ information _____ materials used in _____?

Interested _____ if _____ accurate sizes along with complete _____ structure _____ composition?

Can you tell _____ about the _____ fabrication _____ these _____?
