

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Bandwidth constraints
Description	Customers may have concerns about their bandwidth, such as slow internet speeds, inconsistent connection, or reaching data limits. They seek assistance in troubleshooting and optimizing their bandwidth for better performance.
Data Size	5,069 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

____ different ____ cables ____ ____ ____ throughput between a ____ and PC/Laptop?
 ____ the ____ transfer rates ____ modems/routers ____ ____ be affected by the ____ of ____ ____ ?
 ____ much ____ can ____ ____ ____ to a PC or laptop if ____ are different ____ cables ____ it?
 ____ an ____ on ____ and ____ to the ____ ____ fromEthernet cable type?
 Is it ____ ____ ____ cords will ____ an effect on ____ connection ____ ?
 ____ the data ____ ____ modem/routers or PCs ____ affected by ____ various ____ ____ ?
 Do Ethernet cables ____ data transfer ____ ____ ?
 DoEthernet ____ affect ____ data transfer ____ ____ modem ____ PCs?
 ____ it ____ that ____ ____ possible for ____ PC ____ may be impacted by the use ____ ____ ____ ?
 ____ differentEthernet cables ____ ____ modem-to-PC ____ .
 ____ ____ rate from ____ modem to ____ PC could be ____ ____ theEthernet ____ I use.
 ____ there ____ an impact ____ ____ and ____ ____ speeds by ____ cables?
 ____ ____ modem-to-PC ____ change with ____ use ____ cables?
 CanEthernet ____ affect ____ ____ a modem/router/PC will ____ ?
 ____ ____ modem-to-PC ____ ____ affected ____ the different Ethernet cables?
 CanEthernet ____ types ____ ____ fast modem/router/PC ____ ____ ?
 ____ transfer ____ ____ modems/routers and ____ can be ____ by ____ cables.
 ____ ____ ____ the ____ cords may affect the network ____ ?
 DoesEthernet ____ types ____ how fast ____ ____ ?
 Is it possible for the ____ ____ ____ my ____ ____ computer to be ____ by ____ types ____ Ethernet?
 ____ an ____ be made ____ modem and ____ ____ PC/Laptop ____ fromEthernet cable?
 ____ ____ impact on ____ ____ routers ____ the ____ speed ____ fromEthernet cable types?
 ____ the modem-to-PC speed ____ ____ use ____ ____ cables?
 Do ____ ____ the speeds ____ modem/routers ____ PCs?
 Can ____ be an impact ____ ____ to the ____ ____ fromEthernet cable ____ ?
 ____ data transfer rate from ____ modem/router ____ PC/Laptop ____ be affected ____ ____ ____ ____ cables.
 Different Ethernet ____ ____ ____ modem-to-PC ____ .
 Is it possible for ____ maximum speed between my ____ and ____ ____ ____ be ____ by ____ ____ ____ of ____ ?

Do Ethernet ____ affect ____ throughput of ____ and ____?

Is ____ possible that differing Ethernet ____ impact on ____ speed?

____ the ____ bandwidth possible for a PC ____ diverse Ethernet ____?

____ possible that ____ cables ____ internet speed ____?

____ to the PC can ____ by different ____ of ethernet cables.

Do various Ethernet cables ____ transfer speeds ____ PCs?

____ to laptop ____ transfer could ____ affected ____ cable ____.

____ from my modem to my computer could be ____ by ____.

____ impact on ____ and routers to ____ speed come ____?

Is ____ Ethernet ____ can affect ____ speed at your modem ____?

Is ____ possible ____ achievable ____ my ____ computer ____ be impacted ____ different types of ethernet?

____ maximum bandwidth ____ a ____ impacted ____ diverse Ethernet wires?

____ a question ____ whether different Ethernet ____ modem ____ computer speed

____ the data transfers ____ to PCs be ____ cables?

Is there an effect on ____ speed over modem ____ wire ____ used?

____ possible ____ the maximum achievable ____ between my modem ____ the ____ be ____ by different types ____.

____ it possible for ____ maximum achievable ____ between ____ modem ____ computer to ____ by different ____?

____ different Ethernet cables ____ affect internet speeds?

____ impact on ____ routers to ____ PC/Laptop speed possible ____ cable ____?

Do ____ influence the data transfer ____ and ____?

____ various Ethernet ____ have an ____ modem/router and PCs ____?

Is ____ achievable speed between my ____ and ____ be impacted ____ differing types of ____

____ various Ethernet ____ data transfer speed ____ modem ____ PCs?

Is the potential ____ of ____ to the ____ by ____ Ethernet ____?

____ have a difference ____ speed?

Data ____ speeds for PCs ____ ethernet cables.

Can the transfer ____ PCs ____ modems ____ changed ____ different ____?

Is ____ the ____ cable type ____ impact ____ to ____ PC/Laptop speed?

Is it ____ different Ethernet ____ are affecting ____?

____ it possible for various Ethernet cables ____ speeds ____ modems/routers ____?

Is ____ a difference in ____ speeds for ____ and ____ are Ethernet ____?

____ certain Ethernet ____ have ____ on ____ transfer speeds ____ modem/routers and ____?

____ an ____ modem ____ router ____ the ____ by the Ethernet cable type?

Is it ____ the maximum bandwidth attainable ____ a ____ be ____ by ____ of Ethernet ____?

If there ____ different ____ speed of a ____ affected?

____ impact ____ modem and ____ PC/Laptop speed possible ____ cable?

____ various Ethernet ____ have an ____ the ____ transfer ____ of modem/router and ____?

Do the speed ____ change with ____ use ____ cables?

____ is ____ achievable speed between ____ modem ____ computer ____ be impacted by ____ of Ethernet

Do various Ethernet cables have ____ data ____ speeds ____ modem/routers ____?

Do ____ cables have ____ on ____ data ____ speeds for ____ PCs?

____ cables affect ____ data transfer ____ of modem/routers ____?

____ Ethernet cable ____ an affect on ____ routers to the ____?

The data ____ rates ____ my ____ laptop or ____ could ____ affected ____ of Ethernet cables.

____ throughput of ____ and PC/Laptop done by ____ various ____ cables?

Is an ____ to ____ PC/ laptop ____ possible from Ethernet cable ____?

____ affect internet speeds

There ____ a ____ if diverse Ethernet wires ____ maximum ____ for ____.

Do various ____ cables ____ an effect ____ speeds for modem/routers ____?

The maximum throughput of ____ a ____ is ____ the ____ cables.

____ is ____ potential throughput ____ of ____ modem to my ____ and Laptop ____ cables?
 Can ____ on ____ and routers ____ PC/Laptop ____ be ____ by ____ the Ethernet cable ____?
 ____ transfer rate from ____ my ____ or ____ may be ____ by the choice of Ethernet ____.
 ____ kinds affect ____ modem and ____ are?
 Is it ____ speed ____ my ____ and ____ be affected by differing types ____ Ethernet?
 ____ it conceivable ____ cables ____ impacting ____ speeds?
 The data ____ my modem/router ____ PC/Laptop might ____ impacted ____ ethernet ____.
 ____ is possible ____ the ____ between ____ modem/router and ____ affected ____ the Ethernet ____.
 Data transfer ____ for ____ can ____ certain ____ cables.
 ____ of Ethernet ____ the maximum bandwidth ____ PCs?
 ____ the modem/router vs PC can ____ affected by ____ types of ____.
 ____ play a role in ____?
 Is ____ possible that ____ different Ethernet cords ____ have ____ impact ____?
 ____ is a ____ as to ____ ethernet cables ____ maximum ____ and pc
 Is ____ modem ____ routers ____ the ____ speed possible due to Ethernet ____?
 Different types ____ Ethernet ____ an influence ____ fast ____ between ____ computer and ____ internet can be.
 Can ____ impact on ____ and PCs' ____ speeds ____ result ____ ethernet ____?
 Different types ____ may ____ effect on ____ a link between ____ computer ____ the internet ____.
 Do the ____ throughput ____ modem/router ____ the use of Ethernet cables?
 Is ____ for the ____ between my modem and ____ to be ____ by ____ Ethernet?
 ____ for PC ____ can be affected by diverse ____.
 Data ____ for ____ and ____ can be affected ____ various ____.
 ____ cable ____ an effect ____ how fast PC ____ are?
 ____ types of ____ cables ____ an influence ____ a ____ my PC and internet can ____.
 ____ to ____ data transfer can ____ affected ____ the ____ cable ____.
 ____ it ____ maximum ____ attainable for a ____ be affected ____ impact of Ethernet wires?
 Do ____ an ____ on the speeds of ____ and ____?
 ____ safe to ____ that the ____ cables ____ affect the ____ computers and modems?
 Can ____ transfers ____ or PCs be ____ the ethernet cables?
 ____ various Ethernet ____ affect the ____ on modem and ____?
 Is an ____ on ____ and router to the ____ speed ____?
 ____ cable ____ make a difference in ____ work?
 ____ impact ____ modem ____ routers to the PC/Laptop speed if ____ type.
 ____ the speed ____ a ____ dependent on ____ of some Ethernet ____?
 Can ____ transfer rates of modems/routers ____ use of ____ ethernet cables?
 ____ the ____ to the PC ____ by type ____ ethernet ____ you use?
 Do ____ throughput ____ the ____ and ____ affected ____ the ____ of the ____ cables?
 Can there be ____ on ____ and PCs' transfer ____ cables?
 ____ the ____ transfer ____ of ____ and PCs be ____ by ____?
 Do various Ethernet ____ influence ____ and PCs ____?
 ____ that ____ maximum bandwidth attainable for ____ pc connection could ____ use of ____ wires?
 ____ transfer speeds ____ and ____ be impacted by ____ ethernet cables?
 Is it possible ____ PC/Laptop ____ could ____ the Ethernet cable ____?
 ____ an ____ modem ____ routers ____ PC/Laptop speed possible from ethernet ____?
 ____ throughput ____ a ____ PC may be affected ____ the different Ethernet ____.
 ____ a impact on ____ and ____ the ____ speed possible ____ using ____ type?
 ____ impact on ____ routers to PC/Laptop ____ possible by ____ the ____ cable ____?
 ____ an ____ on ____ and routers ____ PC/Laptop speed ____ you use the ____ cable ____?
 Can Ethernet cable types ____ how ____ a ____ PC ____?
 ____ the best possible throughput ____ and ____ PC ____ thanks ____ cables?

_____ modem _____ router to the _____ speed _____ from an Ethernet cable _____?
 _____ different _____ cables _____ the _____ transfer speeds for _____?
 Can _____ an _____ modem/routers and PCs' _____ speeds as _____ of _____ ethernet _____
 _____ any of _____ Ethernet _____ affect _____ speeds _____ the modem/routers, _____ laptops?
 Is _____ possible _____ speeds to _____ by modem and _____ Ethernet _____ type?
 Is it possible _____ types could have _____ effect _____ modem _____?
 There _____ an _____ modem/routers and PCs' _____ transfer _____ to _____ Ethernet _____.
 Is _____ possible that _____ will _____ connection speeds?
 _____ using Ethernet _____ do _____ affect the _____ throughput _____ modem/router and _____.
 _____ data _____ rate from my _____ or PC _____ affected by the _____ cable.
 Can Ethernet _____ make _____ difference to how _____ and PC _____?
 _____ maximum _____ of _____ and the PC/Laptop is _____ by the use _____.
 Do _____ Ethernet cables affect _____ speeds _____?
 Does an _____ modem and _____ PC/Laptop _____ from an Ethernet cable _____?
 There _____ a question _____ to whether _____ not different ethernet _____ throughput.
 _____ the transfer speeds _____ PC's _____ laptops be _____ cables?
 Various _____ have an _____ transfer _____ for modem/routers/ PCs.
 _____ of modems/routers, _____ laptops _____ by any of the Ethernet cables?
 _____ of _____ affected by _____ of different Ethernet cables?
 _____ speeds _____ modem, routers and _____ be affected _____ various ethernet _____?
 Can _____ modem _____ its PC be _____ by the _____ of Ethernet _____?
 There is _____ if different _____ modem- to-PC speed.
 _____ any of the _____ cables affect _____ speeds of _____?
 Can _____ transfer rates _____ PCs _____ affected _____ use of various Ethernet Cables?
 Data _____ speeds _____ PCs _____ be impacted by _____ cables.
 _____ an _____ possible _____ modem _____ routers to the _____ speed _____ cable _____?
 _____ maximum _____ a _____ affected by the type _____ wire you use?
 _____ an _____ on the data _____ speeds _____ modem/routers and _____?
 _____ possible that _____ maximum bandwidth available _____ a _____ by the use of _____ wires?
 _____ possible for _____ speed between my _____ and _____ to _____ impacted by _____ types _____ Ethernet?
 Is _____ various Ethernet cables on transfer speeds _____?
 I _____ to know _____ the _____ the _____ pc/laptop _____ affected by the _____.
 _____ the modem-to-PC speed changed with _____ of _____?
 _____ possible _____ PC/Laptop speed _____ affected by _____ cable type?
 _____ speeds _____ PCs can be impacted by _____ of _____.
 _____ the _____ bandwidth attainable _____ connection _____ be impacted by the impact of _____ wires?
 _____ possible that the maximum _____ that _____ reached _____ a _____ may _____ impacted by _____ use of Ethernet _____?
 _____ there a difference in _____ data _____ speeds _____ if there _____ cables?
 _____ maximum _____ of the modem/router _____ is _____ by _____ of the _____ cables.
 Is it possible _____ change the _____ speed of my _____ computer _____ of _____?
 The issue of _____ speeds _____ be _____ by _____.
 _____ affect maximum throughput _____ and PC/Laptop?
 _____ different data _____ for _____ and PCs _____ from certain _____ cables?
 _____ impact _____ and _____ transfer speeds caused _____ various Ethernet cables?
 Different _____ can _____ an affect _____ the _____ speed.
 Is an impact _____ and _____ to _____ PC _____ by using _____ Ethernet _____ type?
 Can _____ speeds for modem/routers or _____ be _____ cables?
 Do you _____ optimum throughput _____ a _____ and _____ is _____ by the _____?
 _____ speeds _____ modem/routers and _____ be affected by _____ number of _____.
 _____ different Ethernet _____ affect modem-to-PC _____?

_____ the change _____ Ethernet _____ the potential _____ from _____ to a PC/Laptop?
 Does _____ speed _____ to PC change with _____ some Ethernet cables?
 _____ of _____ Ethernet _____ affect _____ transfer speeds _____ PCs and laptops?
 _____ it possible _____ cable can _____ the _____ of a modem/router _____ a _____?
 Is _____ possible that _____ transfer speeds _____ modems/routers _____ PCs?
 Is an _____ on modem _____ routers to _____ PC/Laptop _____ from _____
 Can Ethernet cable types _____ fast modem and PC _____?
 _____ transfer speeds _____ modem/routers _____ PCs _____ by ethernet cables.
 Is _____ on _____ and routers _____ PC speed _____ from Ethernet _____ type?
 _____ the _____ speed _____ if there _____ some Ethernet _____?
 Data transfer _____ modem/routers and _____ be influenced _____ various Ethernet _____.
 There are different _____ can _____ modem-to-PC _____.
 Is it possible _____ the maximum _____ a _____ may be _____ by _____ of _____ wires?
 Is _____ that there are _____ cables _____ internet _____?
 _____ it _____ cables have _____ own impact _____ internet speeds?
 _____ speeds _____ modem/routers/ PCs _____ be _____ by _____ cables.
 Is it possible _____ speed _____ my _____ computer to _____ different types of Ethernet
 _____ there a difference in data _____ for _____ and PCs if _____?
 Is it possible that _____ differing _____ internet _____?
 Can _____ speeds for _____ and _____ be _____ to different Ethernet _____?
 Is _____ impact _____ modem _____ to _____ speed _____ when using an Ethernet _____?
 Is _____ for the _____ to be affected _____ types?
 Can _____ be an _____ modem/routers _____ transfer speeds due to _____?
 Is _____ that _____ bandwidth attainable for _____ PC connection _____ be affected by _____ impact _____ the _____?
 _____ transfer _____ of _____ or PCs can be _____ of _____ cables.
 _____ there _____ in _____ transfer speeds _____ and modem if _____ Ethernet cables out _____?
 Data _____ Speeds _____ modem/routers and _____ be impacted by _____.
 Is _____ cable types _____ in _____ fast _____ modem and PC are?
 _____ the _____ of _____ modem/router to PC influenced _____ the _____ of _____?
 _____ it possible _____ are affecting _____ speeds?
 The _____ throughput of _____ modem/router _____ can be impacted _____ the _____ of _____.
 _____ speed _____ by different Ethernet cables?
 Do various Ethernet _____ the data transfer speeds for modem/routers _____.
 _____ be _____ affect _____ and PCs' _____ speeds as a result _____ cables?
 Do _____ affect _____ transfer speeds of _____ PCs?
 Is an _____ on modem _____ routers _____ the _____ laptop _____ from Ethernet cable _____?
 _____ possible _____ have _____ impact on internet speeds?
 Is it possible _____ bandwidth _____ a connection _____ a PC may be _____ by the _____?
 _____ is _____ of _____ diverse Ethernet _____ any effect _____ maximum bandwidth for _____ connection.
 Is _____ maximum _____ for the pc _____ could _____ impacted by the use _____ Ethernet _____?
 Can _____ of _____ and PCs _____ by _____ of various Ethernet Cables?
 Is it possible that the _____ connection _____?
 _____ maximum bandwidth for _____ connection impacted _____ ethernet wires?
 _____ the _____ transfer speeds _____ modem/router _____ are influenced by _____?
 _____ Ethernet _____ the throughput between a modem/router and _____.
 _____ various Ethernet _____ affect transfer speeds for _____.
 _____ an impact _____ and _____ as a result of Ethernet cables?
 _____ speeds for _____ and PCs be expected _____ to _____ Ethernet _____?
 Is _____ impact _____ and _____ the _____ and Laptop speed _____ cable types?
 _____ that different Ethernet _____ can impact _____ speeds?

Does the speed of a modem-to-PC _____ cables?

The _____ transfer _____ for modem/routers _____ can _____ by _____ cables.

If there are _____ can the modem-to-PC _____?

_____ the data transfer speeds _____ and _____ influenced by _____?

Is the maximum _____ can be _____ for a PC _____ Ethernet _____?

Do various Ethernet cables affect _____ of _____ and _____

Is it possible that _____ of bandwidth _____ PC _____ may _____ affected _____ the _____ wires?

_____ cables _____ affect the _____ speed.

Is there _____ impact _____ the PC/Laptop _____ possible with Ethernet cable _____?

_____ is a question _____ Ethernet _____ modem _____ computer speed.

Does the _____ affect _____?

Can Ethernet _____ type _____ a difference _____ how _____ a _____ and _____?

_____ an impact on the _____ and _____ due to various _____ cables?

_____ the _____ modem/routers, PC's _____ affected by any of the _____?

_____ the _____ of _____ my PC and Laptop from different Ethernet _____?

_____ is an _____ on modem _____ routers to the _____ cable _____.

Is there a _____ that _____ bandwidth _____ PC _____ may _____ affected _____ the _____ of Ethernet _____?

Can _____ modem-to-PC _____ the use of _____ cables?

_____ transfer _____ of modems, routers _____ PCs _____ affected _____ various types _____ cables.

Is there a difference _____ data _____ speed for modem _____ PCs _____?

_____ a _____ about whether _____ wires _____ effect on the maximum bandwidth _____.

_____ impact on _____ modem and routers to the PC/Laptop _____ type?

_____ Ethernet cables have an impact on data _____

Can _____ that _____ cables _____ impacting _____ speeds?

_____ cables might affect _____ modem-to-PC _____.

What is _____ throughput of _____ modem _____ PC/Laptop when _____?

_____ affect the maximum throughput _____ and PC/Laptop?

_____ different Ethernet cables _____ an impact on _____ data _____ speeds _____ modem _____?

How _____ modem _____ be affected by a variety _____ cables?

_____ possible that various Ethernet cables _____ speeds?

Can Ethernet cable types _____ PC _____?

Is _____ data _____ and PCs influenced _____ cables?

Is it possible that _____ the connection _____?

_____ possible _____ different Ethernet cords will affect _____ speed?

_____ various Ethernet cables have _____ on _____ transfer speeds of modem/router _____?

Different types _____ cables can _____ Transfer _____

_____ possible that the maximum bandwidth _____ the _____ be _____ by the _____ of _____ Ethernet _____?

_____ Ethernet _____ maximum throughput between _____ modem/router and the _____?

What _____ to the maximum throughput _____ modem _____ a _____ cables?

_____ the maximum bandwidth _____ a _____ a PC _____ be affected _____ use of Ethernet wires?

_____ data transfer rates _____ modem/routers _____ PCs _____ the use of various Ethernet _____?

_____ cable _____ fast a _____ works?

_____ a _____ different Ethernet _____ capacity from the _____ the _____ and laptop

_____ possible _____ the maximum _____ speed _____ modem and _____ be impacted by _____ types _____ Ethernet.

_____ it _____ to get the best _____ a _____ and a _____ thanks to _____?

_____ esbian cables can _____ speeds

The _____ transfer _____ for modem/routers _____ PCs are _____ various Ethernet _____.

What is _____ of _____ modem and _____ because _____ the _____ cables?

_____ an impact on modem _____ the PC/Laptop speed _____ by using _____?

I _____ to know if the _____ the _____ affected by some _____ cables.

Do you think that _____ might _____ on _____ modem?

Is _____ modem/routers and _____ transfer _____ due to ethernet cables?

It _____ possible for the maximum _____ between _____ and the _____ to be _____ different types _____.

_____ cable affect modem _____ PC or _____?

Data transfer _____ PCs can _____ affected _____ various _____ cables.

Is _____ modem _____ routers _____ PC/Laptop _____ possible if Ethernet cable types _____ used?

_____ different Ethernet _____ affect modem-to-PC speed.

The maximum throughput _____ and PC/Laptop can _____ by the _____.

Can _____ of the Ethernet cables change the transfer _____?

_____ Speed affected _____ cables?

The data _____ from _____ modem _____ laptop _____ PC might _____ by _____ choice of Ethernet cables.

Is there _____ and _____ transfer speeds _____ a result _____ cables?

_____ know _____ different _____ of _____ cables help me reach _____ speed on _____ modem _____ PC.

_____ speed _____ a _____ PC connection get influenced _____ the types _____ ethernet _____?

_____ cables can affect _____ speeds for _____ and PCs.

Is _____ speed _____ the _____ by _____ types of ethernet wires?

_____ various Ethernet cables _____ data _____ modem/router and PCs?

Is _____ on modem and routers to _____ PC/Laptop _____ using _____ type?

I _____ to _____ the Ethernet _____ affect the _____ throughput.

_____ various Ethernet cables _____ data transfer _____ modem and _____?

Is _____ in _____ speeds _____ and modems if there _____ cables?

_____ speeds for _____ PCs _____ be affected by various _____.

Do ethernet _____ the _____ between the _____ PC/Laptop?

_____ is _____ question about whether _____ for a PC connection.

_____ it possible for different _____ of _____ to affect _____ speed _____ and _____?

_____ rates _____ or PCs _____ affected _____ the use of various Ethernet _____.

_____ transfer _____ be affected by the type of Ethernet cable _____.

There _____ whether diverse _____ wires _____ effect on maximum bandwidth _____ PCs.

_____ different Ethernet cables affect modem to _____ speed

_____ it _____ the amount of bandwidth available for a _____ connection may be _____ by _____?

There _____ question _____ possible for different _____ cables to _____ maximum _____ and laptop

_____ an impact _____ and routers _____ PC/Laptop _____ from Ethernet _____ types.

_____ transfer speeds _____ computers may _____ cables

Can Ethernet cable types affect _____ modem _____?

_____ cables have an _____ speeds for modem/routers and _____.

The _____ throughput _____ the _____ and _____ can _____ by the _____ of Ethernet cables.

Is _____ different Ethernet cords _____ affect _____ speeds?

Is the _____ bandwidth attainable for _____ connection _____ diverse _____?

The _____ throughput between _____ and PC/Laptop _____ affected by _____ Ethernet cable.

Do _____ Ethernet _____ transfer _____ for _____?

There is _____ modem and routers to the _____ by _____ cable _____

_____ an _____ on modem _____ to the _____ from Ethernet cable?

_____ cable _____ a _____ in _____ modem _____ PC are?

modem-to-PC _____ affected by _____ cables

Is the modem-to-PC _____ affected _____ the _____?

_____ affect data _____ speeds for _____ and PCs.

It's possible _____ the maximum speed between _____ modem and _____ to be impacted _____.

Data _____ speeds for _____ and _____ can _____ adversely affected _____ the _____.

_____ Transfer _____ for _____ PCs _____ be affected by Ethernet _____.

_____ an _____ modem and _____ to the PC/Laptop _____ possible by _____?

_____ is _____ that _____ maximum throughput _____ modem/router _____ PC/Laptop _____ be affected by _____.

Do _____ affect the _____ transfer speeds for _____ and _____?

_____ to _____ speed reduced if you _____ an Ethernet cable?

Is it possible _____ will affect _____ of connection?

Do _____ affect the _____?

_____ it _____ for different _____ Ethernet _____ to affect _____ speed of _____ modem and _____?

Is it possible _____ maximum _____ available _____ a pc _____ may _____ affected by _____ use _____?

_____ an impact _____ modem and routers to the _____ possible _____ Ethernet _____?

Can Ethernet cable types _____ a difference _____ the _____ modem _____?

_____ the impact on the PC/Laptop _____ cable _____?

The effects of _____ speeds for _____ or _____

Can Ethernet _____ types make a _____ the modem _____ are?

_____ type of Ethernet _____ matter when _____ comes to _____ from a _____?

_____ be _____ impact on modem/routers _____ PCs' _____ due to _____ ethernet _____?

Can the _____ transfer rates of modem/routers _____ affected _____ various _____?

_____ if different _____ cables _____ capacity from the _____ down _____ the _____ and laptop

Do _____ cables have an _____ modem _____ PCs _____?

Is the _____ by _____ some Ethernet _____?

_____ there _____ that _____ maximum bandwidth for _____ PC _____ be affected by the _____ Ethernet _____?

Does the modem-to-PC _____ change if _____ of _____?

Is _____ that _____ maximum bandwidth _____ for _____ connection may be impacted _____ impact of _____?

_____ a difference _____ transfer _____ between modem and _____ if there _____ cables _____?

_____ Ethernet cables _____ the maximum throughput _____ modem/router _____?

_____ there be an _____ and _____ speeds _____ various ethernet cables.

Is the _____ transfer speeds _____ and _____ influenced by _____?

_____ rates of modems/routers/ PCs _____ by _____ of various Ethernet cables?

Is it _____ to _____ best _____ between a _____ a PC _____ different _____?

_____ want to know _____ the throughput _____ pc/Laptop _____ impacted by _____ cables.

Can _____ by the presence _____ different Ethernet cables?

_____ it safe _____ say that the _____ transfer speeds _____ can _____ affected by the various Ethernet _____?

_____ wires _____ the best connection _____ your pc?

Is it possible for _____ to be _____ cable _____?

_____ mode _____ data transfer _____ be affected _____ of Ethernet cable

Do various Ethernet _____ effect _____ transfer _____ of _____ PCs?

Can _____ an impact _____ and PCs' transfer speeds as _____ result _____

Is _____ varied Ethernet _____ different impact on internet _____?

Do you think _____ throughput between _____ modem and _____ laptop _____ by _____ cables you _____?

Is _____ varied Ethernet cables _____ speed differently?

Do you think _____ cables _____ internet speeds?

The _____ from _____ to the _____ or PC may be affected by the _____.

_____ the speed _____ a _____ change with _____ use _____ cables?

Is _____ that different Ethernet _____ affect _____ speeds?

There is _____ to _____ cables can affect modem to _____.

Data transfer speeds for _____ PCs can _____ impacted _____.

_____ there _____ possibility _____ the maximum _____ attainable _____ the PC _____ be _____ by _____ use _____ Ethernet wires?

_____ about whether diverse Ethernet wires _____ maximum _____ for _____ connections.

_____ Ethernet cables may _____ effect _____ a link _____ my PC/laptop and routers is.

_____ speeds of _____ and laptops be _____ by any _____ cables?

Various Ethernet _____ impact on data transfer _____ for _____.

Is there an _____ on maximum achievable _____ to PC connection _____ of Ethernet _____ used?

Do _____ cables _____ modem/router _____ PC _____ transfer _____?

Is _____ that different Ethernet cords _____ affect _____ the internet?

_____ various Ethernet cables influence _____ data transfer _____ PCs?

The _____ for modems/routers _____ can be _____ various ethernet _____.

_____ possible that the _____ for _____ PC _____ might _____ impacted _____ the use of _____ wires?

_____ possible _____ the PC/Laptop speed to _____ use of the _____ type?

_____ an _____ on _____ and Router _____ PC/Laptop speed _____ from Ethernet _____ type?

Can _____ impact _____ modem and _____ be made from Ethernet cable _____?

_____ laptop data transfer _____ type of Ethernet cable being used

Do various Ethernet _____ have _____ on modem/router _____ PCs data _____?

Is Ethernet _____ affecting _____ to _____?

_____ it possible _____ the _____ speed _____ my _____ and the _____ be impacted _____ types of _____?

There is a _____ of whether _____ computer speed

_____ the _____ on transfer speeds for _____ or modems?

Data _____ modem/routers and PCs _____ by _____ cables.

_____ is possible _____ maximum speed _____ my modem and the _____ to _____ impacted _____ types _____.

Is it _____ that Ethernet _____ affect _____ fast modem/router/PC will _____?

Do _____ have _____ data transfer speeds _____ modem/routers and PCs?

Different _____ can _____ speeds

_____ the maximum throughput of _____ and _____ depend _____ the Ethernet _____?

Is it _____ types can _____ an _____ modem and PC _____?

_____ an _____ on _____ speed over modem _____ PC connection _____ there is a _____?

_____ speed of _____ can change _____ the use of _____.

_____ Ethernet cables _____ affect _____ modem-to-PC _____.

The maximum throughput between _____ modem/router _____ can _____ of Ethernet cables.

_____ maximum _____ by a _____ and PC/Laptop _____ influenced _____ Ethernet _____.

_____ Ethernet cables _____ speeds?

_____ issue _____ modem-to-PC _____ can be _____ by _____ cables

Do _____ an effect _____ data _____ speeds of _____ and PCs?

Is it possible _____ the maximum _____ connection may be _____ use _____ Ethernet wires?

The maximum _____ of _____ PC can _____ affected _____ the different Ethernet _____.

Is _____ an _____ on modem/routers and _____ data _____ speeds _____ to _____?

The throughput _____ PC/Laptop _____ be affected by the differences _____.

Is _____ modem and routers to the _____ caused by _____ cable _____?

Is _____ possible _____ cords could _____ internet connection _____?

Can Ethernet cable _____ a _____ modem and PC are?

_____ possible _____ for _____ PC connection may _____ affected by the impact of _____ wires?

Do Various Ethernet _____ have an influence _____ the _____ modem/routers and _____?

Do various Ethernet _____ play _____ role _____ the data _____ speeds of _____?

_____ the _____ a _____ to _____ PC affected _____ the types of _____ you use?

_____ it possible that _____ available _____ connection may be _____ by _____ presence _____ Ethernet wires?

_____ types of Ethernet _____ have an affect _____ between my PC/laptop _____ routers is.

_____ the maximum speed over modem _____ PC connection _____ of Ethernet _____?

Can _____ modem _____ PC _____ be affected _____ you _____ an Ethernet cable?

_____ transfer _____ for _____ and _____ can _____ by Ethernet cables.

_____ is _____ impact _____ modem/routers _____ PCs' transfer speeds as _____ result _____ cables.

It _____ possible _____ speed between _____ modem and the computer to _____ by differing types _____.

Is it _____ that _____ a _____ may _____ by the use of Ethernet wires?

Is _____ impact on modem _____ routers _____ PC/Laptop _____ from Ethernet _____?

Is _____ on _____ to _____ PC/Laptop _____ possible from Ethernet _____ types?

_____ transfer _____ computers _____ affected by _____ impacts of different Ethernet _____
 Is _____ possible that _____ maximum _____ the PC _____ might be _____ by _____ of Ethernet _____?
 Is _____ cords will impact the speed of _____?
 _____ cable _____ to the speed of _____ and PC?
 Is the _____ modem _____ to the _____ possible by _____ Ethernet _____ type?
 Is _____ impact on modem _____ the PC/Laptop _____ the Ethernet cable _____?
 _____ cables _____ affect _____ speeds.
 Data _____ modem/routers _____ PCs can be _____ different _____ of _____ cables
 Data _____ modems/routers _____ can be affected by _____ use _____ various _____ Cables.
 _____ maximum _____ of the _____ the PC may _____ affected _____ different _____ cables.
 _____ cables _____ speeds of PCs, modem and routers?
 Does _____ to _____ laptop _____ change if _____ a Ethernet cable?
 _____ do they _____ the maximum throughput _____ the modem/router and _____?
 Is _____ and router to PC/Laptop speed possible _____?
 _____ a question _____ whether different _____ cables affect _____ computer _____.
 _____ possible that the _____ bandwidth _____ can be _____ by _____ pc connection may _____ impacted by _____ of _____?
 _____ speed between _____ modem and _____ to _____ impacted by the different types of ethernet.
 _____ can be an _____ and _____ speeds _____ of _____ ethernet cables.
 Is an impact _____ routers _____ PC/Laptop _____ through Ethernet cable?
 _____ data transfer speeds of _____ and _____ be affected _____?
 _____ Ethernet _____ affect _____ fast a link between _____ and Router is.
 The _____ of a _____ use of some Ethernet cables.
 Is _____ that _____ maximum bandwidth for _____ connection may _____ the use of Ethernet _____?
 Is it possible that the _____ bandwidth attainable _____ be affected by the _____?
 There _____ a question if _____ different ethernet _____ to _____ throughput of _____ and pc
 Can _____ be an _____ modem/routers _____ transfer speeds _____ result _____ various _____ cables.
 _____ cables may affect _____ speeds _____.
 _____ is _____ maximum _____ of the modem _____ different Ethernet cables?
 _____ for _____ maximum speed between _____ modem and _____ to _____ by different types of _____
 _____ there a _____ data _____ for modems and _____ if _____ are Ethernet _____ involved?
 _____ possible _____ the maximum _____ for _____ may _____ impacted by the _____ of Ethernet wires?
 Is it _____ that _____ cords _____ network _____?
 _____ to laptop data transfer _____ be impacted _____ type _____.
 Is _____ on _____ and routers _____ the PC/Laptop speeds _____ cable _____.
 Is there _____ on modem and _____ the _____ with _____ type?
 _____ on _____ and PCs' data transfer speeds because of _____?
 _____ transfer _____ for modem/routers _____ PCs be _____ by various _____?
 Data transfer _____ for computers _____ can _____ by the _____ cables
 Is _____ and routers to _____ PC/Laptop _____ possible by using _____ Ethernet cable _____?
 _____ you _____ optimum _____ between the modem _____ is determined by _____ cables?
 Is there _____ speeds for _____ if the _____ cables are different?
 Can _____ data transfer _____ be _____ the use of various _____ Cables?
 _____ various _____ cables _____ transfer speeds for PCs, _____?
 _____ transfer speeds _____ computers _____ modems be _____ by _____ various Ethernet cables?
 _____ an impact on _____ and _____ to _____ from the Ethernet cable _____?
 _____ there _____ an _____ on _____ and _____ data transfer speeds because _____ cables?
 _____ Ethernet cables _____ transfer _____ PCs?
 Can Ethernet _____ make _____ difference _____ fast _____ modem/router/PC works?
 Data _____ PCs _____ be impacted by the use _____ various Ethernet _____.
 Can the _____ of modem/routers _____ PCs _____ affected _____ the use of _____?

_____ of a modem _____ connection _____ the different _____ of ethernet wire?

_____ is _____ question _____ whether or _____ the maximum throughput between _____ modem/router _____ PC/Laptop _____ the _____ cables

Data transfer _____ for _____ and _____ be _____ by _____ cables.

What happens _____ throughput _____ and PCs _____ different Ethernet cables?

Modes _____ transfer _____ by the type of Ethernet cable _____.

_____ different Ethernet cables affect _____ speeds _____ modem/routers _____?

Is _____ of various Ethernet _____ on _____ for modem/routers or _____?

_____ on _____ routers to _____ PC speed possible from Ethernet _____ types?

_____ speed affected by _____

Is it _____ that Ethernet _____ types _____ have _____ effect _____ speeds?

Data transfer _____ of modems, routers _____ may be _____ types of _____.

_____ the impact on _____ routers _____ possible _____ using the _____ cable type?

_____ the _____ of a _____ to-PC _____ you use some Ethernet _____?

There may be an _____ PCs' transfer _____ result _____ various Ethernet cables.

Is _____ impact on _____ PCs' _____ because of _____ cables?

Is a _____ routers to the _____ by using the Ethernet _____ type?

There _____ impact on modem/routers and PCs' data _____ caused _____ cables.

Is it _____ that _____ have _____ internet speed?

There _____ an _____ on modem/routers _____ transfer speeds _____ of various _____ cables.

Is _____ possible _____ the _____ speeds between _____ the _____ to be _____ different _____ of Ethernet?

Can _____ transfer rates _____ PCs _____ by _____ use of _____ of the Ethernet?

Do Ethernet cables affect the _____ speeds _____ PCs?

_____ any of the Ethernet _____ affect _____ speeds of _____ and _____?

It's _____ for the _____ achievable speed _____ my _____ and the computer _____ of Ethernet _____ be _____ impact on modem/routers and PCs' _____ because _____ different _____.

There is a _____ as to if _____ for different _____ maximum throughput between _____ and _____ can _____ modem-to-PC speeds.

_____ for _____ maximum _____ speed between my _____ the computer to _____ impacted by _____ Ethernet.

Is it possible that _____ of _____ computer can be affected _____?

Is _____ possible that _____ have a _____ on internet _____?

Is it possible that _____ have an effect _____?

_____ a modem- to-PC change with _____ use _____ some Ethernet _____?

Can data _____ a _____ to a _____ be affected _____ ethernet cables?

Is the maximum _____ of _____ caused _____ the various _____ cables?

_____ there _____ an _____ modem/routers and PCs' transfer _____ various Ethernet _____?

_____ there a difference in _____ speeds _____ and PCs _____ a Ethernet _____ involved?

_____ much throughput can _____ from _____ to a PC _____ laptop _____ are different ethernet _____?

Does _____ speed _____ a modem _____ connection _____ types of ethernet wire?

_____ various Ethernet cables have an _____ data _____ of modem/routers and _____?

_____ to PC and laptop _____ if the type _____ you _____ is Ethernet _____?

Can _____ of the ethernet _____ affect _____ transfers _____ PCs?

_____ various Ethernet cables _____ an effect _____ data transfer _____ PCs?

It is possible _____ speed between my _____ the computer _____ by different types _____

Do _____ affect data transfer _____ for modem/routers _____.

Data _____ modems/routers _____ PCs can be _____ by _____ of some Ethernet

Is an impact _____ and routers _____ speed possible _____ cable _____?

Is _____ impact on _____ from the Ethernet cable _____?

_____ is a question _____ different Ethernet cables affect capacity _____ a _____

Data _____ for modem/routers _____ can _____ by various _____ cables.

_____ of Ethernet _____ have _____ effect on _____ fast _____ link _____ my computer _____ the internet _____ be.

Do _____ Ethernet _____ transfer speeds _____ and modem?

_____ it _____ the maximum _____ could be affected by _____ impact of the Ethernet _____?

_____ data _____ rate from _____ modem _____ laptop _____ PC _____ be affected _____ choice of Ethernet _____.

The data transfers _____ modems/routers _____ be _____ by _____ ethernet cables.

Different _____ can cause _____ issue of _____.

_____ possible _____ speed _____ my _____ computer _____ be affected _____ the different types of Ethernet?

_____ a question as to _____ it is possible for _____ affect _____ throughput _____ PC _____ laptop

_____ a bearing _____ transfer speeds _____ modem/routers _____ certain Ethernet cables?

Is an impact _____ modem _____ the PC/Laptop _____ with using _____ type?

_____ is _____ question _____ different _____ cables _____ to the computer and laptop.

_____ an _____ modem and routers to _____ PC and Laptop _____ the Ethernet _____?

Is _____ and routers _____ PC/Laptop speed _____ from Ethernet cable?

_____ an _____ on _____ routers _____ the PC/Laptop _____ possible from Ethernet _____ types.

Can the data _____ modems/routers to _____ affected _____ cables?

Is _____ possible for _____ speed between _____ modem and _____ impacted by _____ types of _____

_____ is _____ that the different Ethernet cords _____ an _____ the _____ speeds.

Does _____ when it comes to _____ to laptop _____?

Is _____ possible that the maximum bandwidth _____ the PC _____ could _____ by _____ use _____?

_____ the _____ various Ethernet _____ affect transfer speeds _____ modem/routers or _____?

Can Ethernet _____ make _____ difference to _____?

_____ the speed _____ a modem-to-PC _____ the usage _____ cables?

_____ on modem _____ routers _____ PC/Laptop speed possible from _____?

_____ possible _____ different Ethernet cords could _____ the _____ connection _____?

Do ethernet _____ affect _____ transfer _____ modem/routers _____ PCs?

Is _____ possible for _____ speed between _____ modem _____ computer _____ be impacted _____ types _____

_____ certain Ethernet _____ have a _____ transfer _____ and PCs?

_____ on modem/routers and _____ transfer speeds due _____ Ethernet cables?

_____ the _____ of a modem-to-PC change _____ some Ethernet _____?

_____ is _____ for _____ maximum achievable _____ between _____ modem _____ the _____ to _____ impacted by _____ types _____ ethernet.

Is _____ that Ethernet cable _____ affect the _____ a modem/router _____ PC?

Data Transfer _____ modem/routers and _____ can _____ Ethernet cables.

Do _____ cables _____ modem-to-PC _____?

_____ an _____ modem and routers _____ PC/Laptop _____ possible with Ethernet _____?

Do _____ an affect on data _____ for _____ PCs?

_____ an _____ modem and _____ to _____ PC/Laptop _____ from Ethernet cable

Different Ethernet cables can _____.

_____ cables have _____ on _____ speed.

Can _____ wires affect _____ connection for your _____?

_____ possible for _____ PC/Laptop speed to _____ impacted _____ cable _____?

_____ the data transfer _____ modem/router and _____ influenced _____ various Ethernet _____?

_____ transfer speeds _____ modems/routers, PC's and laptops be _____ of _____ ethernet _____?

Can _____ cable types make _____ in _____ modem _____ PC are?

Is it possible for _____ cables _____ have a _____ the transfer _____ PCs?

_____ is an _____ on modem _____ the _____ speed _____ cable types.

Is _____ an effect on _____ PCs' _____ speeds because _____ cables?

The transfer speeds _____ PC's and _____ affected by _____ cables.

The presence of _____ cables _____ speed.

_____ different Ethernet cables have _____ the data _____ speeds _____ and PCs?

There is _____ on modem/routers and PCs' transfer speeds _____ different _____

Is _____ possible _____ the maximum bandwidth for a pc connection could _____ the _____?

Is _____ an _____ modem/routers _____ PCs' _____ transfer speeds _____ various _____ cables?
 _____ is a _____ whether diverse Ethernet _____ have _____ on _____ for PC connections.
 Can _____ data _____ rates of _____ be _____ by _____ various Ethernet Cables?
 _____ types _____ how _____ modem/router/PC can _____?
 _____ there an _____ the _____ speed from _____ type?
 _____ various Ethernet cables affect the _____ transfer speeds _____ .
 Do various _____ data _____ speeds for modem/routers _____?
 Is it possible _____ PC/Laptop speeds _____ by _____ using _____ cable?
 _____ types _____ how _____ will function?
 _____ there be _____ effect _____ and _____ transfer _____ from various Ethernet _____?
 Can the data _____ speeds _____ and PCs be _____ various _____?
 Mode _____ laptop data _____ be _____ by _____ cable used
 _____ there _____ on modem and _____ to _____ PC/Laptop _____ an Ethernet cable _____?
 Is an _____ on _____ PC speed _____ from Ethernet cable?
 What _____ the maximum throughput _____ the modem and _____ due _____?
 Can _____ speeds of _____ PC's and _____ affected by _____ use _____ cables?
 _____ be an _____ modem/routers _____ PCs transfer _____ because of various _____?
 _____ cables affect _____ speeds of modem/routers, PC's _____ laptops?
 _____ it _____ Ethernet cables _____ modem-to-PC speed?
 Is _____ for the _____ speed _____ modem _____ the computer to _____ by _____ types of _____?
 Do various Ethernet _____ have _____ effect on _____ PCs _____ speeds?
 _____ it possible _____ the _____ affect _____ internet's speed?
 Data Transfer _____ for modem/routers _____ impacted by _____ cables.
 Is _____ possible that the _____ possible _____ a PC connection could be _____ wires?
 Can the data _____ of modem, routers _____ be _____ various types _____ Ethernet _____?
 _____ maximum _____ the _____ and PC/Laptop affected _____ the _____ Ethernet cables?
 _____ impact _____ to the PC/Laptop speed possible from ether _____?
 There _____ be an _____ on _____ PCs' data _____ speeds _____ to _____ cables.
 _____ of _____ modem/router to the PC _____ be _____ different _____ of Ethernet cables.
 _____ speed may be _____ the _____ .
 Can the data transfer _____ and PCs _____ by _____?
 The maximum _____ a modem/router _____ can _____ influenced by Ethernet _____
 _____ the _____ transfer _____ by the use of different Ethernet Cables?
 _____ impact _____ modem _____ routers _____ the _____ Speed possible from Ethernet cable _____?
 _____ an _____ on _____ and _____ the PC/Laptop speed _____ cable types?
 _____ impact on _____ and routers _____ the _____ speed _____ using the Ethernet cable _____ .
 _____ is a _____ the _____ throughput _____ modem/router _____ PC/Laptop is affected by Ethernet cables.
 Do you _____ different ethernet _____ impact internet _____?
 It's possible _____ the maximum achievable _____ between my _____ and _____ computer _____ different _____ Ethernet
 Do _____ affect the _____ transfer _____ PCs _____ modem?
 Can Ethernet _____ types affect the speed _____?
 _____ speed _____ affected by _____
 I _____ to _____ if _____ affect the throughput _____ the _____ laptop.
 Is a _____ impact on modem and routers to _____ the _____ cable _____?
 Does the _____ change _____ use of _____ cables
 Can Ethernet cable _____ an impact _____ fast _____ modem _____ are?
 _____ it _____ the different Ethernet cords _____ affect _____?
 Various esbian _____ affect _____ transfer speeds for _____ .
 Can Ethernet cable _____ modem/router/PC will _____?
 _____ is _____ of whether it _____ possible _____ ethernet cables _____ affect maximum _____ modem and _____

Is it possible _____ maximum bandwidth _____ for _____ may be affected _____ the _____ of _____?

_____ cable _____ affect how _____ the _____ the PC _____?

_____ the effects of various Ethernet cables _____ transfer _____?

Differences in _____ the throughput between _____ modem/router _____ PC/Laptop

_____ possible that the _____ bandwidth _____ pc connection can be _____ of Ethernet wires?

There is an _____ on maximum _____ modem _____ PC connection _____ the type _____ wire _____

_____ it _____ that _____ cables are impacting _____ speeds?

Differences in _____ throughput between _____ and PC/Laptop.

Is there _____ impact on _____ to _____ PC/Laptop speed _____ types?

_____ the data transfer _____ modem/routers or PCs be _____ different _____ Ethernet _____?

_____ an impact _____ modem and _____ to PC/Laptop _____ cable _____?

Is _____ possible that the _____ bandwidth attainable for _____ pc _____ of Ethernet wires?

Is _____ impact _____ and router to _____ from an Ethernet cable?

There _____ to _____ or _____ ethernet cables can affect _____ throughput of modem _____ pc

Is it possible that _____ can affect _____?

There is _____ impact on _____ and _____ as a _____ of _____ cables

_____ speed of the modem/router to _____ be _____ by _____ kinds _____ cables.

Is there an effect _____ over _____ PC _____ if there is _____ of Ethernet _____?

_____ a question _____ to whether the _____ throughput between _____ and PC/Laptop _____ the Ethernet _____.

_____ be _____ effect on modem/routers and _____ transfer _____ ethernet cables?

There _____ it _____ possible _____ ethernet cables _____ maximum throughput for modem and laptop

_____ on _____ and routers to the _____ a Ethernet cable type?

_____ the impact _____ routers to the PC/Laptop _____ from Ethernet cable _____?

_____ transfer _____ and PCs _____ be impacted by various _____ cables.

_____ various Ethernet cables _____ an _____ and PCs data _____ speeds?

Can _____ data transfer _____ modem, routers _____ PCs be _____ by _____ ethernet _____?

Is there a difference in _____ speeds _____ elects cables?

The data _____ my _____ to _____ laptop _____ be _____ by the _____ of Ethernet _____.

Different Ethernet cables _____.

_____ cable types affect _____ and PC is?

_____ it possible _____ the maximum _____ the modem/router _____ PC/Laptop _____ the _____ cables?

Is _____ and _____ speeds possible with the _____ of Ethernet cable?

The _____ my modem/router to my computer _____ by _____ choice _____ cables.

Do _____ cables _____ on _____ data _____ speeds of modem/routers and _____?

_____ is a _____ whether _____ have any effect _____ bandwidth for _____ connections.

_____ it _____ the maximum _____ the PC _____ may _____ by Ethernet wires?

Is the _____ of a _____ the use _____ cables?

Is _____ the _____ bandwidth _____ pc connection _____ impacted by the impact of _____ wires?

Is _____ impact _____ modem _____ to the speed of _____ PC/Laptop _____ by using _____ cable _____?

I _____ know if some of _____ cables _____ of the _____ and _____.

Data transfers _____ modems/routers to _____ be _____ some _____ ethernet cables

_____ the effect _____ and _____ to the _____ possible from Ethernet _____ type?

Does _____ modem-to-PC _____ with use _____ some Ethernet _____?

Does modem _____ and _____ speed _____ you use _____ cable?

The _____ transfer _____ of modems/routers or _____ be _____ the _____ Ethernet cables.

_____ various Ethernet cables have _____ data _____ of modem and PCs.

Is _____ for different data transfer _____ and _____ certain ethernet cables?

There is a _____ if _____ impact _____ from _____ to _____ computer and _____

_____ is an impact on modem _____ to _____ by using _____ type.

I want to know _____ the Ethernet _____ affect _____ throughput.

_____ various Ethernet _____ make _____ difference on the data _____ speeds of _____ ?
 _____ much throughput can I _____ from _____ modem _____ computer or _____ there are _____ cables?
 Can Ethernet _____ how fast _____ PC can be?
 _____ much _____ variety _____ Ethernet cables have _____ modem to _____ speed?
 Is an impact on _____ and _____ to _____ possible _____ type.
 _____ types have a noticeable _____ speed?
 _____ is an _____ on _____ routers _____ the _____ speed possible if you use _____ type.
 _____ the _____ for PC _____ impacted by _____ different _____ wires?
 Is _____ safe _____ say that _____ data transfer _____ of _____ can _____ by the various Ethernet _____ ?
 Can Ethernet _____ a _____ in how _____ a _____ and PC will _____ ?
 Is _____ and _____ to the _____ speed _____ by _____ the Ethernet cable type?
 Do various Ethernet _____ speeds for PCs?
 _____ data transfer _____ laptop _____ could be _____ by the choice of Ethernet _____.
 Different Ethernet _____ speed of _____ communication.
 Do _____ cables _____ speeds _____ modem and PCs
 The maximum _____ PC _____ by diverse ethernet wires
 _____ a _____ the effect diverse Ethernet _____ have _____ bandwidth _____ a _____ connection.
 _____ is _____ question about whether _____ wires affect _____ bandwidth _____.
 _____ there _____ an _____ modem/routers _____ transfer _____ because of certain Ethernet cables?
 _____ it _____ for certain Ethernet _____ a bearing on the _____ modem/routers _____ PCs?
 There is a _____ to whether _____ not different _____ cables _____ throughput _____ PC _____ laptop
 _____ an _____ on modem _____ routers to the _____ speed _____ through _____ use of _____ Ethernet _____ ?
 Is _____ difference in data transfer _____ modem _____ if they _____ ?
 _____ modem _____ PC _____ laptop _____ affected if you use _____ ?
 modem-to-PC _____ by _____ Ethernet cables
 Is it _____ the different Ethernet _____ affect the _____ ?
 _____ various Ethernet _____ the _____ transfer speeds for modem/routers _____ ?
 What is _____ maximum _____ the modem _____ PC/Laptop _____ the different Ethernet _____ ?
 There can be an impact _____ and _____ of _____ Ethernet cables.
 _____ it possible _____ might _____ network speeds?
 Is _____ varied Ethernet _____ impact _____ speed _____ different ways?
 There _____ modem to PC speed because _____ Ethernet _____.
 _____ can _____ Ethernet cables _____ modem to PC speed?
 Do Ethernet cable types _____ difference _____ modem/router/PC _____ work?
 Does the _____ modem-to-PC _____ with _____ use _____ some Ethernet Cables?
 _____ modem _____ the PC/Laptop _____ possible from an Ethernet cable _____ ?
 _____ there _____ data _____ speeds _____ modem _____ PCs if there _____ elects cables?
 _____ effects of _____ cables on _____ for PCs and _____ ?
 _____ impact _____ to the PC/Laptop _____ possible by using the Ethernet _____ type?
 Is _____ possible for _____ achievable speed between my modem _____ the computer _____ different types _____.
 _____ on modem _____ routers to _____ speeds possible _____ cable types?
 _____ from _____ to PCs be adversely impacted by _____ cables?
 _____ kinds _____ Ethernet _____ have _____ effect _____ speed of the modem/router to _____ PC
 Different Ethernet _____ can _____ speed
 Is _____ potential _____ from my modem to _____ affected _____ different _____ ?
 Data transfer _____ modem/routers/ PCs _____ impacted by _____.
 _____ transfer rates of modems/routers _____ PCs _____ impacted by _____ of various _____.
 Is it _____ for the maximum speed _____ computer _____ be affected _____ of Ethernet
 _____ speeds of _____ and _____ be _____ various _____ of Ethernet cables.
 _____ to _____ data _____ be _____ by _____ cable used.

Is _____ a difference _____ data _____ speeds _____ and _____ if there are _____ ?
 _____ impact on modem and routers _____ speed _____ possible _____ types?
 Is _____ in _____ fast modem/router/PC will _____ cable types?
 I want _____ know if the throughput _____ the modem _____ is _____ .
 _____ is _____ question _____ to _____ different Ethernet cables _____ speed
 Is _____ for _____ maximum possible _____ between the _____ and _____ computer to _____ impacted _____ of Ethernet?
 Is it possible _____ different Ethernet cords _____ an _____ on _____ internet _____ ?
 Is _____ possible _____ the maximum _____ between _____ and the computer _____ impacted _____ kinds of Ethernet?
 Different Ethernet _____ speed.
 _____ possible _____ the _____ achievable speed between _____ modem _____ the computer to _____ impacted _____ types of _____ ?
 _____ data transfer _____ of _____ or PCs _____ by the use of _____ ?
 _____ it possible _____ the _____ bandwidth for _____ connection _____ a PC can _____ presence _____ Ethernet wires?
 Can _____ on modem/routers and _____ transfer speeds because _____ ethernet _____ ?
 There is an impact _____ transfer speeds from _____ .
 _____ maximum throughput of _____ modem _____ PC/Laptop _____ be caused by _____ .
 _____ cables influence the data transfer speeds _____ ?
 Do _____ of _____ affect data _____ for modem/routers _____ PCs?
 _____ ethernet cables affect modem/routers _____ speeds?
 _____ an impact on modem _____ PC/Laptop speed possible _____ cable _____ ?
 _____ an impact _____ the PC/Laptop speed _____ by _____ ethernet cable type.
 Is _____ speed _____ the different Ethernet _____ ?
 There _____ a question if different _____ impact _____ to _____ .
 Is the _____ and routers _____ the _____ speed caused _____ cable _____ ?
 Does _____ modem-to-PC speed _____ of some Ethernet cables?
 Is _____ the amount of _____ for a PC connection is _____ the _____ of _____ ?
 _____ transfer speeds _____ PCs can be _____ variety _____ cables
 Can _____ data _____ rates of modems/routers and _____ by the _____ different _____ ?
 _____ cables can _____ speed _____ modem-to-PC communication
 Can any _____ the Ethernet _____ speeds _____ modems/routers, PC's _____ laptops?
 _____ an impact on _____ routers _____ PC/Laptop _____ possible using the Ethernet _____ ?
 The _____ from _____ to laptop _____ PC _____ be _____ by the choice _____ .
 Can _____ an _____ on modem/routers and _____ speeds caused _____ various Ethernet _____ ?
 The _____ of _____ modem/router _____ PC/Laptop _____ by Ethernet cables.
 Is an impact _____ and routers _____ the PC/Laptop _____ from _____ ?
 Is it _____ the amount _____ bandwidth available _____ connection may _____ the amount of _____ wires?
 Is _____ possible _____ cable _____ how _____ modem/router/PC will _____ ?
 Is the _____ routers to _____ PC/Laptop _____ by using _____ Ethernet _____ type?
 Does an _____ modem and routers to _____ from _____ type?
 _____ the _____ modem/routers and PCs _____ the _____ of various Ethernet cables?
 The data _____ and _____ impacted by _____ use of _____ Ethernet cables.
 _____ rates of modems/routers _____ PCs can _____ by _____ use _____ various _____ Cables.
 There is a _____ Ethernet _____ impact _____ from _____ a PC
 What happens to the _____ throughput between _____ and PC _____ cables?
 Do various Ethernet cables _____ any _____ the _____ speeds of modem _____ ?
 Do Ethernet cables _____ transfer _____ for modem/routers and _____ ?
 _____ transfer rates of modems/routers _____ impacted _____ the use of _____ Ethernet _____ .
 Can _____ be _____ by the presence _____ cables?
 Different _____ Ethernet cables might _____ an _____ a link _____ my _____ and Router is.
 The _____ transfer _____ my modem _____ laptop _____ PC could _____ impacted by _____ choice _____ .
 Is there _____ difference _____ the _____ speeds for _____ and _____ there _____ cables?

_____ possible that Ethernet cable _____ affect _____ speed of a _____ PC?

_____ have _____ affect on _____ transfer speeds of modem/routers and _____?

_____ possible that _____ wires may have _____ on _____ bandwidth _____ PC connection?

It is possible for _____ achievable _____ computer _____ be affected by _____ of Ethernet.

The _____ throughput _____ PC/Laptop could be affected by _____ Ethernet cables.

Is the _____ on _____ routers to PC/Laptop _____ the Ethernet cable _____?

Is _____ for the _____ speed _____ modem _____ the _____ be impacted _____ the different types _____ ethernet?

Modem-to-PC _____ can _____ Ethernet cables.

Is it _____ maximum _____ obtainable _____ a _____ may be _____ the use of _____ wires?

Is Ethernet _____ types _____ factor in _____ modem/router/PC will _____?

The can Ethernet cable _____ a _____ PC _____?

_____ cables affect the transfer _____ for _____?

_____ have a bearing on _____ speeds for _____ and _____?

There can _____ modem/routers _____ PCs' _____ speeds _____ a result _____ various _____ cables.

Can the data _____ modem/routers and _____ affected _____ use _____ various Ethernet cables?

Is it _____ different Ethernet cables _____ an _____ internet _____?

Is there an effect _____ routers to _____ cable types?

_____ the maximum _____ between my modem and _____ to be _____ by differing types _____ Ethernet.

_____ data transfer _____ from _____ modem to _____ or PC could _____ affected by _____.

Do the _____ throughput between _____ modem/router _____ by the use of _____?

Data _____ speeds _____ modem/routers _____ PCs _____ by _____ Ethernet cables.

_____ there _____ on modem/routers and PCs' _____ speeds _____ various Ethernet cables?

_____ transfer _____ of _____ or _____ be impacted _____ the use of _____ Cables?

Is _____ modem-to-PC _____ the _____ cables?

The _____ transfer _____ from my _____ to PC/Laptop _____ be _____ cables.

Is _____ potential _____ my modem/router _____ the _____ impacted _____ Ethernet cables?

Is the maximum _____ of a modem _____ the _____ type of _____ wire _____?

_____ on some Ethernet cables, the _____ PC _____ are different.

_____ there be _____ on the _____ speeds _____ and _____ as a result _____ various Ethernet _____?

Can _____ be _____ speeds as a consequence of various _____ cables?

_____ maximum throughput between _____ and _____ PC/Laptop can _____ use of Ethernet cables.

There is _____ on _____ PCs' data transfer speeds _____ result _____ various _____.

_____ type _____ affect modem to laptop _____ transfer?

Is it _____ for the maximum achievable _____ modem _____ to _____ impacted by the different _____?

How much _____ PC speed _____ affected by _____ Ethernet cables?

_____ the _____ speed affected _____ cables?

_____ various Ethernet cables _____ data _____ speeds _____ and PCs?

_____ to _____ the Ethernet cables _____ the throughput of _____ modem _____ pc/Laptop.

Can _____ impact on _____ and PCs' _____ speeds _____ cables?

_____ the modem-to-PC _____ affected by the _____ cables?

_____ question regarding the effect _____ diverse _____ maximum bandwidth _____ PC connections.

There _____ a _____ whether _____ possible _____ ethernet cables _____ maximum throughput between PC and _____.

_____ a question _____ different _____ cables affect modem _____ speed.

_____ transfer rates _____ modems/routers _____ affected _____ use of various Ethernet cables?

Data transfer speeds for modem/routers/ _____ affected _____ various _____.

_____ question as to _____ cables _____ modem to computer _____

_____ is a possibility _____ speed between my modem and the _____ impacted by _____ of _____

Is _____ possible that the _____ have _____ impact _____ internet _____?

I _____ wondering _____ the _____ the _____ and _____ is affected by _____.

Is the _____ bandwidth that can _____ for the _____ the _____ Ethernet _____?

_____ cables _____ an impact on _____ speeds for _____?

Is a _____ on transfer _____ for _____ and _____ with certain _____?

Do various Ethernet _____ data _____ for _____ and PCs?

Data _____ for _____ PCs can be impacted _____ Ethernet _____.

Can the transfer _____ modem/routers, _____ laptops _____ affected by _____ Ethernet _____?

Does the _____ of _____ changing with the _____ some Ethernet _____?

_____ question _____ whether different _____ cables _____ affect _____ maximum throughput _____ modem _____ pc.

The _____ a _____ and PC/Laptop could _____ by _____ Ethernet _____.

Do _____ cables change the _____ _____?

Is an _____ on _____ routers _____ the PC/Laptop speed possible _____?

_____ data transfer _____ of modem/routers _____ PCs _____ the use of different _____?

_____ it _____ be affected by Ethernet cable types?

_____ throughput between _____ is affected by the use of Ethernet _____.

_____ is _____ question _____ whether different _____ affect modem-to-PC speed.

There _____ be _____ impact _____ modem _____ routers _____ the PC/Laptop _____ cable _____.

Is _____ impact on modem _____ the _____ possible _____ cable type?

Is _____ impact _____ modem and _____ to _____ speed possible _____ types?

_____ rates of modems/routers and PCs _____ by the _____ of Ethernet _____?

Is _____ possible _____ the _____ can be reached _____ a pc _____ the use of Ethernet wires?

Do _____ cables affect _____ for _____?

_____ transfer speeds _____ modem and PCs _____ various Ethernet cables?

Do _____ believe _____ different _____ cables _____ impact _____ on the _____?

Can _____ transfer _____ modems/routers, _____ laptops _____ affected _____ the use _____ the Ethernet _____?

Does _____ modem _____ PC connection _____ influenced by _____ of ethernet wires?

Do Ethernet cables _____ the _____ speeds of _____ and _____?

Is _____ impact on _____ and _____ to _____ PC/Laptop speed _____ from Ethernet _____?

There _____ question _____ to _____ Ethernet _____ affect the _____ to PC _____.

Can _____ transfers from _____ to the _____ be _____ by _____ different Ethernet _____?

_____ an impact _____ to the PC/Laptop _____ from Ethernet cable types?

Do _____ data transfer speeds _____ and PCs.

Is it _____ the _____ speed _____ and the computer _____ be affected _____ different _____ of Ethernet

There is _____ modem/routers _____ transfer speeds by various Ethernet _____.

Does _____ speed _____ a modem _____ connection get influenced _____ type _____ wire?

_____ much _____ modem _____ speed be impacted _____ a variety _____?

_____ be an _____ on modem/routers _____ PCs' _____ transfer _____ caused by _____ ethernet _____?

_____ variety _____ cables can affect modem _____ PC _____.

Is the _____ a modem-to-PC affected _____ different Ethernet _____?

How much _____ can I potentially _____ to _____ PC _____ laptop _____ there _____ different Ethernet _____?

_____ there be an impact _____ modem/routers _____ PCs _____ speeds _____ a result _____

_____ and PCs be expected due to _____ Ethernet cables?

Do various ethernet cables _____ an _____ transfer _____ for _____ PCs?

There _____ a _____ if _____ affect capacity _____ modem _____ a PC/Laptop.

_____ the transfer speeds _____ the _____ PC's and _____ by any _____ Ethernet _____?

Is it _____ that _____ maximum bandwidth for _____ pc connection _____ use of Ethernet _____?

Can _____ be an impact on modem/routers and _____ as a _____.

_____ it possible that _____ different Ethernet cords _____ affect _____?

_____ cable types make _____ difference _____ how fast _____ are?

Can Ethernet _____ make _____ in how _____ modem _____ PC _____?

Do ethernet cables _____ data transfer _____ for _____?

_____ cables have _____ influence _____ the _____ speeds of _____ and _____

_____ data transfer rates _____ affected by _____ of various Ethernet cables?

Can the speed _____ a _____ affected if _____ are _____?

There is a question _____ is possible for _____ maximum throughput _____ and laptop.
_____ by different Ethernet cables

_____ speed of _____ vs _____ can _____ by different kinds of Ethernet _____.

Is it _____ that _____ different _____ on _____ speeds?

Is _____ on modem _____ to the _____ speeds _____ cable?

_____ cables _____ the data transfer _____ modem/router and _____
_____ the _____ speed _____ by _____ cable?

_____ is possible that the _____ have an impact _____ internet _____.

_____ the data _____ modems/routers to _____ affected _____ various Ethernet cables?

_____ it _____ the _____ throughput between _____ and _____ is affected by the _____?
_____ of Ethernet cable could _____ laptop data transfer.

Different _____ of _____ cables can _____ a _____ between my _____ and _____ be.

Can Ethernet _____ types _____ difference _____ and modem speeds?

Is there _____ between data _____ for modem _____ PCs if _____ cables?

Is it possible _____ affect _____ speed of _____ in _____ with a _____
_____ the _____ speed _____ when using _____?

There is _____ question as _____ whether _____ possible _____ have different Ethernet _____ affect _____ to _____.
_____ it _____ that the PC/Laptop speed _____ impacted by Ethernet _____?

Is _____ to say _____ transfer speeds for computers _____ modems _____ be adversely affected by _____?
_____ there be an _____ on _____ PCs' _____ speeds _____ various Ethernet cables?

Can _____ types affect how _____ modem/router/PC _____?

_____ choice _____ might _____ transfer rate _____ my modem to laptop or _____.

I _____ if _____ of the ethernet _____ affect _____ modem and pc/Laptop.

Is _____ impact on modem _____ the PC/Laptop _____ possible by using _____?

Is it _____ varied Ethernet _____ have _____ effect on _____?

The various Ethernet _____ can affect data _____.

_____ on modem and _____ the _____ speeds possible with Ethernet _____?

Can different data _____ speeds for modem/routers _____ expected _____ result _____ cables?

_____ possible _____ the _____ available for a PC _____ may _____ affected by _____ use _____ Ethernet _____?

_____ an _____ on _____ to the _____ speeds possible with _____ cable?

The maximum _____ between _____ and _____ or _____ that, may be _____ Ethernet _____.

_____ a _____ of whether diverse Ethernet wires have any _____ PC connections.

Is _____ possible the _____ cords will _____ internet _____?

Different Ethernet cables _____ modem-to-PC _____

_____ different Ethernet cables influence the data _____ speeds _____?

Is it possible _____ cable _____ the _____ modem _____ a PC?

Data _____ and PCs may be _____ various Ethernet cables.

Is an _____ on modem _____ routers to _____ PC/Laptop _____ possible _____ Ethernet _____?

_____ data _____ rate _____ my modem to _____ be altered by _____ cables

Is it possible that _____ cords _____ network _____?

Is _____ Speed _____ by _____ cables?

_____ impact _____ modem/routers _____ speeds be attributed to _____ ethernet cables?

_____ that _____ cords will _____ an influence _____ speed of connection?

The data transfer rates _____ PCs _____ use of _____ of the Ethernet.

_____ maximum throughput between the _____ PC/Laptop _____ by _____ of Ethernet cables.

Is _____ possible _____ bandwidth for _____ pc _____ be _____ by the _____ of the _____ wires?

_____ cables _____ an influence on _____ data _____ for _____ and PCs?

Data _____ speeds _____ PCs are _____ by _____ types of Ethernet _____.

Is _____ that _____ cable types _____ an effect on _____ speeds?
 _____ for a _____ connection possible because of _____ wires?

There is a _____ about whether _____ wires _____ maximum bandwidth _____.

Is it possible that the different Ethernet _____?

Is _____ possible that the _____ cords _____ speeds?

There _____ an _____ modem/routers _____ PCs' transfer speeds as _____ result _____ various ethernet cables.

Do Ethernet _____ affect the _____ the modem/router _____ something?
 _____ transfer speeds _____ PC's, _____ laptops be affected _____ any _____ the Ethernet _____?
 _____ it possible that _____ different Ethernet cords _____ have _____ on _____ network _____?
 _____ it possible that _____ maximum _____ a connection on a _____ be _____ use of _____ wires?
 _____ is the _____ throughput of the _____ and _____ that is _____ by _____?

Data _____ Speeds _____ modem/routers _____ PCs _____ be _____ ethernet cables.

Can Ethernet _____ make _____ in _____ fast _____ and PC are?
 _____ there _____ impact on _____ the PC speed from _____ cable _____?

Is _____ that _____ cords could affect _____ internet _____?

What is _____ maximum throughput of _____ computer _____ by _____ cables?
 _____ the _____ transfers _____ modems/routers to _____ PCs be _____ ethernet cables?

Do any _____ Ethernet cables affect _____ of modem/routers, _____ laptops?
 _____ possible _____ the different Ethernet _____ have _____ effect _____ the _____ speed?
 _____ the potential throughput from my _____ computer _____ by the _____?

Can the effects of various Ethernet _____ for _____ modems?

It's _____ for the maximum _____ and the computer _____ be _____ by _____ of Ethernet.

_____ much can _____ to _____ affected by a _____ of Ethernet _____?

Is there a difference _____ for modem and PCs _____ there _____?

Is _____ possible that the maximum _____ for _____ connection _____ be affected _____ the impact _____?

Can the data _____ modem/routers _____ be _____ by the use of _____?

Data transfer speeds for modem/routers _____ PCs can _____.

Do various Ethernet _____ affect _____ of modem/router _____ PCs?
 _____ there _____ speeds for _____ and PCs _____ there _____ cables out there?

Do _____ an effect on _____ of modem _____ PCs?
 _____ maximum throughput between the modem/router and PC/Laptop, or something _____.

Is it possible _____ the different Ethernet _____ speeds?
 _____ the different Ethernet cords will affect the _____?

Is it _____ that Ethernet _____ types affect _____?
 _____ transfer _____ of modem/router and _____ may be influenced _____.

There is a question _____ to whether different _____ maximum throughput _____ and _____

Do Ethernet cables _____ on the _____ speeds for modem/routers _____?

Can there be an impact _____ and _____ from _____ cables?
 _____ on modem/routers _____ PCs' _____ speeds _____ of various Ethernet cables.
 _____ Ethernet cables _____ modem/routers and _____ data transfer _____?

Different _____ can _____ speed

Can _____ an _____ modem/routers and _____ speeds because of _____ various _____ cables?

Different _____ cables _____ affect _____ speeds.
 _____ be an impact _____ data transfer speeds caused _____ ethernet _____?
 _____ data _____ from my modem to PC/Laptop _____ be _____ the choice _____.

Do various Ethernet _____ have _____ data _____ speeds for _____?
 _____ that the different Ethernet _____ affect _____ speed of _____ internet?
 _____ different Ethernet cables _____ data transfer _____ of _____ PCs?

Is it _____ that _____ of _____ available _____ PC _____ is affected by _____ Ethernet wires?

There is _____ as _____ whether _____ possible _____ cables to effect maximum _____ between _____ and _____.

_____ there be _____ on _____ and PCs' _____ speeds _____ a _____ ethernet cables?
_____ an impact on modem/routers _____ transfer speeds _____ result of various _____
_____ the maximum _____ of the modem/router _____ be _____ by _____ use of _____?
The data transfer _____ modem/router to _____ computer may _____ the _____ of Ethernet _____.
There _____ an _____ and _____ data transfer speeds caused _____ ethernet _____.
_____ a difference _____ a modem or PC is?
_____ the speed _____ a modem to _____ connection _____ the _____ of _____?
Is _____ and routers _____ PC/Laptop speeds _____ with Ethernet cable?
Is _____ possible that _____ having an impact _____ speeds?
_____ throughput by a modem/router _____ can _____ influenced _____ cables
_____ an impact on modem _____ routers to _____ speed _____ from Ethernet _____.
Does _____ speeds of _____ modem-to-PC _____ with the use _____?
The data transfer _____ are _____ by various Ethernet cables.
Does the _____ of various Ethernet cables _____ transfer _____ modems?
_____ data _____ speeds _____ modem/routers and PCs be expected _____ cables?
_____ of ethernet _____ can affect data _____ for modem _____.
_____ cables _____ impact _____ modem/routers and PCs' transfer _____?
_____ maximum _____ the _____ PC/Laptop can _____ affected _____ the use of Ethernet _____.
_____ the _____ speeds of _____ and _____ be affected by _____ cables?
_____ is _____ of _____ it _____ possible _____ ethernet cables to affect maximum throughput for _____.
_____ there an impact on modem _____ to the _____ cable _____?
_____ the _____ reduced by the _____ different Ethernet cables?
