

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Assistance with mobile number portability
Inquiry Sub-Category	Service disruption
Description	Customers experiencing service disruptions during the number porting process, including difficulties in making or receiving calls, accessing mobile data, or receiving SMS messages.
Data Size	6,555 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

During _____ time might one experience _____ network _____ changing _____ through _____?
 _____ it _____ to experience _____ during _____ process of _____ portability.
 When switching numbers _____ what _____ the _____ downtime?
 Is _____ occasionally unreliable during the _____ number?
 During the _____ number portability, _____ be _____ disruptions?
 How _____ time can someone _____ network disruptions _____?
 How _____ can _____ disruptions last when transferring _____?
 There _____ be intermittent _____ coverage _____ changing _____ through _____.
 During the _____ changing _____ how much time _____ spent on _____ coverage _____?
 _____ through MNP cause _____ coverage _____?
 _____ you _____ long it _____ take _____ experience _____ signal loss _____ number transfer?
 _____ interruptions _____ MNP number changes.
 How _____ it _____ for _____ to _____ down during a number transfer _____?
 What time _____ experience _____ disruptions when _____ numbers?
 _____ interrupted _____ switch _____ MNP
 _____ long do _____ there are _____ in _____ when _____ switch _____ new number?
 Can I _____ idea _____ how long my _____ will _____ a _____ transfer?
 The _____ be disrupted _____ number _____ using MNP.
 _____ an _____ on _____ long the _____ would be _____ when changing _____?
 _____ changing _____ through MNP _____ be _____ network coverage _____?
 _____ experience sporadic network interruptions during _____ of _____?
 _____ the _____ of network coverage _____ when I _____ my _____ to _____?
 _____ interrupted _____ MNP number update _____
 I _____ I _____ experience network interruptions during a _____ transfer.
 Is it _____ find out _____ can expect to _____ disconnected from their _____ phone number _____?
 _____ swapping _____ via _____ are many _____ with no _____.
 What _____ estimated _____ network coverage _____ during a _____ transfer with _____?
 Is it possible that _____ in _____ shifting mobile _____?

_____ numbers via MNP, _____ are many _____ connection.

_____ will I face _____ when I _____ my _____?

How _____ does _____ be interrupted after a switch _____ another number _____?

_____ it _____ for someone _____ face _____ disruptions _____ numbers using MNP?

_____ possible _____ an individual _____ have _____ the number migration process?

_____ possible to _____ occasional signal disruptions _____ transfers _____ MNP?

During the _____ of _____ can _____ experience _____ interruptions?

_____ there an estimated _____ of time _____ network coverage disruptions _____?

_____ can _____ network disruptions when transferring _____?

_____ much time can one expect _____ have disruptions _____ number _____?

_____ long should _____ for _____ disruptions _____ the _____ process?

_____ take for number transfers using MNP _____ signal _____?

_____ much time might _____ face network _____ while _____?

Network disruptions _____ are moved _____ MNP.

When _____ of MNP, there _____ a chance _____ network interruptions.

Is it _____ to determine _____ can _____ to experience occasional _____ their _____ during a _____ number _____?

_____ much time _____ one _____ to _____ disruptions _____ the _____ a number _____?

Is _____ for one to _____ network disruptions _____ the _____?

_____ can one _____ occasional disruptions _____ coverage during a number _____ process?

_____ network _____ occur _____ MNP number _____.

_____ intermittent interruption _____ connection occurring _____ changing _____ phone _____?

Is intermittent _____ number changes?

Is _____ for intermittent _____ in service _____ occur _____ mobile phone _____?

_____ it _____ to experience intermittent network coverage _____ transfers?

Is _____ possible _____ network coverage _____ become _____ during _____ process _____ your _____ number?

When switch numbers with _____ the _____ downtime?

_____ expect to _____ disruptions during a number transfer _____?

_____ you tell us the duration _____ we switch _____?

Time for _____ connections _____?

_____ long does it take for _____ signal interruption _____ a _____ using _____?

How _____ time could someone _____ while _____ their _____ using _____?

_____ should I expect network _____ when _____ switch _____?

_____ occur during _____ number changes.

Is it possible _____ disruptions while changing _____ through _____?

_____ changing _____ how _____ do intermittent network crashes _____?

What _____ the _____ time _____ coverage _____ during a number _____?

_____ it possible _____ is intermittent _____ whilst shifting _____ phone accounts?

_____ there a _____ can experience _____ issues while transferring numbers?

_____ it _____ that the network coverage may _____ the _____ process?

_____ take for someone _____ face network disruptions while changing _____?

Transitioning numbers _____ MNP is _____ intermittent _____ disturbances.

_____ you give me _____ of service _____ when I _____ via _____?

During _____ what duration _____ network _____?

What's _____ usual time frame _____ signal _____ when _____ through _____?

I would like _____ know _____ network _____ during a _____ transfer.

How _____ time can _____ expect _____ face disruptions _____ a _____ transfer?

_____ you tell me how long _____ can _____ experience _____ calls on _____ phone number _____ process?

_____ there _____ coverage when _____ to a number through MNP?

_____ I _____ an _____ of _____ long my network _____ during a _____ transfer?

Is _____ possible _____ experience periodic _____ coverage _____ a _____ transfer with _____?

What ____ is ____ for ____ service ____ transitioning numbers?

____ the process ____ changing ____ will be filled ____ intermittent ____ coverage issues?

____ long ____ it take for ____ coverage to ____ disrupted ____ you ____?

How long ____ it ____ for ____ interruptions ____ transfers using ____?

When changing numbers ____ MNP, what ____ sporadic ____ downtime?

Is ____ possible ____ network ____ interruptions while ____ numbers ____ MNP?

Is network coverage occasionally ____ moving your ____ number ____ MNP?

____ might a ____ face network disruptions while changing ____?

Is it possible that I will ____ signal loss ____ number ____?

____ you ____ sporadic ____ interruptions during the ____ number ____?

____ there ____ on how long ____ will be ____ changing ____ with MNP?

____ the ____ loss of signal ____ moving numbers ____ MNP?

____ can users ____ to experience ____ connections ____ a phone number migration process involving ____?

____ changing numbers via MNP, how much ____ problems ____?

____ changing numbers ____ MNP, what ____ network disruptions?

____ intermittently ____ network service while you switch numbers?

____ MNP number changes, how ____ may ____ interruptions ____?

____ time ____ be spent on network coverage ____ during ____ changing ____?

____ numbers via MNP, are there ____ no ____?

Switching ____ MNP may cause ____.

Is there a period when you can ____ problems ____?

Do ____ how ____ I ____ have intermittent signal ____ my number?

____ phone ____ MNP, what is ____ for network disruptions?

Is ____ a ____ you ____ experience network access ____ while transferring ____?

____ long does it take for network disruptions ____?

Network ____ when changing numbers through ____.

When changing ____ with the ____ would it take ____ the network to ____?

How long ____ it take ____ network disruptions ____ you ____?

What is ____ duration of ____ interruptions ____ number ____?

____ much ____ be spent with intermittent ____ coverage ____ changing ____ with ____?

____ you ____ long ____ users can ____ to be ____ from ____ networks during ____ phone ____ migration?

MNP ____ cause ____ interruptions.

How ____ time might ____ spent ____ coverage ____ the changing ____ numbers with ____?

What is the duration ____ switch ____ phone ____ to MNP?

____ you tell ____ the length ____ intermittent ____ in number Portability ____?

____ disruptions ____ when ____ number changes.

A question regarding ____ duration ____ during ____ number ____.

____ there be ____ coverage ____ during the number ____?

When changing number via ____ do ____ outages ____?

Is it ____ to ____ disruptions ____ number portability?

Do ____ the length of ____ problems involved in ____?

____ you ____ me how long it will ____ for ____ on their ____ during ____ phone number ____ process?

____ would ____ to know ____ of ____ disruptions when ____ numbers ____ MNP.

____ can one expect to face sporadic disruptions ____ a number ____?

____ it ____ experience intermittent network ____ while transferring ____ using ____?

____ there ____ frame for spotty ____ when ____ numbers with ____?

Is ____ for ____ interruptions to ____ numbers through MNP?

The length ____ for network ____ during ____ is unknown.

If ____ numbers ____ MNP can ____ coverage disruptions ____?

When you ____ with MNP, what is ____ network ____?

Is there _____ time when you _____ access _____ transferring numbers?
_____ is _____ period _____ and _____ network disruptions when you _____ numbers _____ MNP?
Can there _____ network _____ you switch _____ a new _____?
_____ there _____ estimate _____ how _____ a _____ interruption will be _____ changing _____?
Is _____ to _____ intermittent network coverage during number _____?
During _____ exchanging of _____ many _____ no connection?
_____ moving numbers _____ is the usual _____ for _____ loss?
_____ coverage disruptions during the number _____ process.
_____ there any instances _____ coverage might become unreliable _____ migration of _____?
_____ network coverage a problem during the _____?
What time can _____ expect _____ disruptions in network _____ transfer?
Can _____ tell _____ of _____ network _____ interruptions when _____ numbers?
When _____ experience intermittent network _____ number transfers?
_____ disruptions are possible _____ through MNP.
Do I _____ endure network _____ crap _____ through MNP?
_____ you tell _____ duration _____ service interruptions _____ switch numbers?
_____ it take _____ my _____ disrupted when I _____ numbers via MNP?
When shifting _____ how _____ will _____ take _____ spotty coverage?
Is there _____ period when _____ experience network _____ problems _____ transferring _____?
_____ it possible _____ I _____ experience intermittent _____ during the _____ MNP?
_____ time frame _____ when _____ numbers with MNP.
_____ long are network disruptions _____?
When _____ what is the _____ frame _____ network disruptions?
There will be _____ service _____ caused by _____ switch _____ MNP.
_____ long _____ expected _____ intermittent _____ disruptions while _____ numbers?
_____ there _____ period for _____ disruptions while _____ numbers _____ MNP?
_____ intermittent service _____ while transitioning _____ under _____.
What is the _____ of _____ I transfer my _____?
How _____ time _____ have _____ with _____ disruptions while using MNP?
How long can _____ expect _____ network _____ a _____ transfer _____ MNP?
When changing numbers _____ the _____ for spotty communication?
_____ via MNP _____ intermittent issues.
_____ time frame for intermittent _____ coverage _____ during _____ via _____?
_____ figure out how long _____ to _____ occasional _____ during a phone number migration _____?
_____ might _____ network interruptions during _____.
What is the _____ service _____ to _____ number under MNP?
Is _____ a specific period when you can _____ transferring _____?
Is _____ period when _____ may experience _____ while transferring _____ MNP?
_____ it _____ someone to experience _____ while changing numbers using _____?
The _____ of _____ interruptions _____ a number _____ with MNP is _____.
_____ it take _____ person _____ face network disruptions while _____ numbers _____?
_____ time _____ is _____ for intermittent service _____ numbers?
When shifting _____ with MNP, _____ does _____ spotty connections to _____?
Is _____ possible _____ determine _____ long _____ can expect to _____ a _____ number migration _____ an operator?
How _____ can _____ to _____ disruptions in the _____ during a _____?
_____ will it take for _____ during _____ transfers using _____?
Can I find _____ how long _____ take me _____ network _____ during _____ through MNP?
Can you _____ long _____ disruptions last _____ number changes?
_____ it _____ interruptions to occur _____ MNP _____ changes?
_____ might occur _____ MNP number _____.

____ MNP number changes, ____ network disruptions ____?

____ it possible for ____ experience intermittent ____ coverage ____ during ____ migration?

____ take for someone ____ face network disruptions ____ numbers?

____ you ____ via ____ how long ____ network disruptions last?

During exchanging ____ many times there ____ no ____?

____ there a particular ____ can ____ network ____ issues ____ transferring ____ using MNP?

____ transitioning ____ under MNP what is ____ expected ____ intermittent ____?

____ switch using ____ may cause ____.

____ long ____ it ____ coverage to be ____ during ____ number transfer ____ MNP ____?

____ can one experience intermittent ____ when transferring ____?

____ there ____ estimate ____ how long ____ disruptions could ____ numbers?

____ changes are ____ network disruptions ____?

What is ____ time ____ intermittent signal ____ during number ____?

I am ____ learning the ____ service ____ when transferring ____ via ____.

How ____ you think ____ will ____ occasional signal interruptions ____ number ____?

Can you experience network ____ portability ____?

____ much time ____ someone face network disruptions ____?

I would like ____ know ____ duration of ____ transferring ____ with ____.

During ____ change, ____ discontinuous coverage?

When ____ switches ____ with ____ is the duration of ____?

____ the usual time for the ____ of ____ transferring ____ through ____?

____ numbers through ____ cause ____ disruptions.

How long ____ there breaks in ____ coverage ____ a ____ to ____?

Can intermittent network ____ numbers through MNP?

____ changing ____ MNP ____ long do ____ network ____ last?

____ changing ____ with ____ long does it take ____ communications?

Do you ____ if network coverage will occasionally ____ your phone ____?

A ____ duration of ____ number ____ coverage.

Network disruptions ____ occur ____ one ____ MNP.

____ network interruptions occur during MNP number ____?

When ____ through ____ what is ____ usual ____ for ____ signal?

____ how much time do intermittent ____ last?

____ I want ____ numbers with ____ MNP thing, how ____ interruption?

When ____ with ____ help of MNP, how long ____?

____ you know how long ____ take ____ me ____ intermittent signal ____ the ____ transfer?

A time frame ____ connections when ____ with ____?

When I want to ____ using ____ the ____ be?

____ users will ____ occasional ____ on their networks during ____ phone number migration?

How ____ time ____ someone have ____ with ____ and changing ____ using ____?

How long ____ disruptions when changing numbers ____?

____ coverage issues ____ process of ____ migration with MNP.

Network ____ and changing numbers ____ MNP ____ of time.

____ it possible ____ network coverage to ____ the ____ moving your ____ number?

Network ____ could occur ____ are ____.

During ____ migration ____ there ____ network coverage issues?

Changing ____ can cause network ____.

How ____ will ____ take ____ the network to ____ disrupted when ____ MNP?

____ it possible ____ an ____ to ____ network ____ issues during number ____?

____ long should ____ anticipate ____ coverage ____ a number ____?

____ to ____ how long ____ would ____ network disruptions during a ____ MNP.

_____ disruptions likely _____ number _____?

During the _____ of number _____ can you _____?

_____ long _____ it take for my _____ interrupted _____ numbers via MNP?

Is _____ network coverage a _____ the _____ of number _____?

_____ to know how long it will _____ to _____ during a number transfer _____.

Network signal _____ during an _____ process.

Is there _____ estimate _____ a _____ interruption _____ be _____ changing numbers with _____?

_____ disruptions can occur when numbers _____.

_____ coverage disruptions possible when _____ numbers _____?

_____ tell me _____ long the service interruptions are _____ MNP?

_____ is _____ to take _____ experience network coverage _____ a _____ transfer?

When _____ with MNP, _____ much time will _____ devoted _____ intermittent _____?

When _____ help _____ MNP, _____ can the network be disrupted?

During number _____ using MNP, _____ is _____ time _____ for _____?

Is _____ connection occur _____ shifting mobile phone accounts?

Is _____ possible _____ face occasional disruptions _____ network _____ during _____ process?

There _____ be _____ of network coverage _____ numbers with _____.

When changing _____ with _____ exact time frame _____ network _____?

How _____ intermittent network coverage interruptions while changing _____ MNP?

Does _____ individual experience _____ network coverage issues _____ number _____?

_____ to _____ how _____ can expect my network _____ be interrupted _____ a _____.

Network interruptions could _____.

_____ might occur _____ MNP _____ changes.

Do you know _____ long _____ occasional disconnections on their _____ during _____ migration process?

Is _____ to _____ network coverage interruptions _____ through MNP.

Do _____ long the sporadic network _____ last during _____ number _____?

How _____ take to experience _____ number transfers using MNP?

How long _____ for your _____ act _____ during _____ number transfer?

_____ MNP, how long does it _____ spotty connection?

_____ is a _____ about the duration _____ coverage _____ number _____.

Changing numbers _____ can lead _____ network _____ disruptions.

_____ possible to have _____ network disruptions while _____ using _____?

How long would it _____ my _____ to _____ I _____ numbers _____ MNP?

_____ changing _____ causes _____ network coverage disruptions?

Can _____ person _____ during the process _____ number portability?

Will network coverage _____ unreliable _____ of moving _____ phone number _____?

Can _____ network interruptions during _____ number Portability?

_____ you _____ how long _____ might experience _____ signal loss _____ number _____ with _____?

_____ it possible _____ an individual _____ encounter spotty _____ during _____ number _____?

Is _____ coverage gonna _____ bad if I _____?

How _____ one be _____ coverage disruptions _____ number change?

How long can one _____ face occasional _____ a number _____?

Do you _____ may _____ during _____ process of _____ phone _____ using MNP?

How _____ might _____ take someone to face _____ numbers?

There _____ sporadic _____ when you transfer _____ via _____.

Can _____ know _____ long my network will _____ number _____?

There _____ be _____ coverage disconnections _____ people switch _____.

How much _____ I _____ intermittent signal _____ going _____ number _____ with _____?

How _____ can you _____ to _____ signal interruptions during _____ MNP?

_____ it _____ have _____ network _____ issues during number _____ MNP?

How _____ I experience _____ loss during _____ transfer with _____?

I _____ like to _____ how _____ might _____ disruptions _____ a number transfer.

_____ number _____ process, can there be sporadic _____?

_____ a MNP _____ change, how long _____ the _____?

Is there an _____ how _____ network _____ when _____ numbers?

_____ tell me how long _____ expect to _____ disconnected from their _____ a phone _____?

How long can one _____ when _____ through _____?

What is the time _____ off network disruptions _____ you _____?

MNP _____ changes may _____ interruptions.

How _____ does _____ for _____ network to _____ service when you swap _____ with _____?

Is _____ possible to _____ how _____ users _____ to be disconnected _____ a _____ migration process?

How _____ it take for _____ to face network _____ while _____ using _____?

Is _____ to be bad _____ I switch _____ MNP?

_____ time could _____ network _____ while changing numbers _____ MNP?

There _____ gaps _____ during Number Portability.

What is the estimated _____ for _____ issues _____ engage in _____?

_____ intermittent _____ interruptions _____ a switch _____ another number under _____.

_____ number _____ may _____ network _____ occur?

Is there _____ may _____ intermittent network _____ while transferring numbers?

During _____ MNP number change _____ of _____.

How much _____ devoted to _____ network _____ the _____ of numbers?

_____ intermittent _____ occur _____ shift your mobile phone accounts?

How _____ will it take for _____ with MNP?

_____ spotty _____ changing numbers _____ MNP.

_____ through _____ there be network disruptions?

_____ will your network service _____ interrupted _____ switch?

_____ disruptions _____ transferring numbers using MNP.

Is _____ a _____ you _____ network _____ while transferring _____ using MNP?

_____ intermittent breaks _____ coverage _____ you switch _____ a new number _____.

_____ interested _____ knowing _____ duration _____ service disruptions when _____ numbers _____.

Can _____ figure out _____ users can _____ to be _____ from their _____ phone _____ migration _____?

Is there _____ estimate _____ of network _____ occur when _____ with MNP?

During MNP _____ how _____ will _____ coverage _____?

How _____ would _____ face network _____ while _____ their number?

_____ are _____ issues _____ numbers _____ transferred via MNP.

_____ be intermittent network coverage _____ migration process.

Is _____ possible _____ intermittent network _____ interruptions _____ number _____ MNP?

What _____ the _____ of network _____ you switch _____?

What is the duration of network _____ with _____?

Network interruptions may occur _____ through _____.

_____ long _____ network disruptions last during _____?

How _____ will _____ take for _____ to occur during a _____?

Is _____ sometimes _____ migrating your phone number using MNP?

_____ experience _____ network _____ during the _____ of _____ portability?

How much _____ to _____ network coverage issues during the _____ numbers?

_____ the duration of service _____ when _____ numbers through _____.

Can _____ tell _____ of network coverage interruptions when _____?

Is _____ possible to _____ network disruptions when _____ MNP _____?

_____ much _____ spent on _____ coverage issues _____ the changing of _____?

Can intermittent _____ during the _____ of number _____?

____ may ____ sporadic network disruptions ____ one _____.
 ____ changing numbers ____ can intermittent ____ coverage disruptions ____?
 What is ____ for ____ network ____ you swap numbers with ____?
 How ____ it ____ the network coverage ____ down ____ a ____ transfer?
 ____ time period for on-and-off ____ when you ____ with MNP?
 ____ time for spotty ____ numbers ____ MNP.
 There might be ____ coverage disconnections ____ switch ____ MNP.
 ____ is the time for ____ downtime ____ numbers ____ MNP?
 How much ____ network disruptions while ____ numbers ____ MNP?
 ____ to ____ intermittent network ____ during the process ____ number ____?
 ____ long are ____ breaks in network ____ while ____?
 ____ switch to ____ number under MNP ____ service ____.
 Is ____ experience sporadic network disruptions during ____ Portability ____?
 How long might it ____ for ____ face ____ MNP?
 ____ there any chance ____ coverage ____ unreliable ____ the process of migrating ____?
 Network ____ during ____ update process?
 How ____ can you expect to ____ disruptions ____ number ____?
 How ____ time might it ____ disruptions while changing ____?
 ____ much time ____ one ____ to face ____ network disruptions ____ process?
 Transferring ____ via ____ intermittent network ____.
 ____ intermittent network ____ problem during ____ migration?
 ____ person experience ____ coverage during ____ of number migration?
 When I ____ to switch numbers ____ interruption going to ____?
 Is ____ one to ____ network disruptions during ____ process ____ portability?
 ____ changing ____ with ____ may there be sporadic ____ outages?
 ____ occur when transferring ____ through ____.
 Is ____ experience ____ access ____ when transferring numbers using MNP?
 What is the timescale for ____ disruptions ____ you ____?
 Can ____ network interruptions ____ process of ____ Portability?
 ____ long ____ take for ____ to ____ network coverage ____ while ____ numbers?
 ____ there an ____ duration of network disruptions ____ changing ____?
 Can you tell ____ long ____ can ____ to ____ without service ____ a ____ involving an operator?
 What are ____ on-and-off network ____ when ____ swap ____ with ____?
 ____ number transfers ____ MNP, ____ the time ____ occasional signal ____?
 ____ period for a ____ loss of signal ____ transferring ____ through ____?
 ____ it ____ intermittent interruption in service ____ happen ____ mobile phone ____?
 Is ____ time ____ you can experience ____ access difficulties while ____?
 ____ it ____ that one ____ intermittent connectivity issues when changing ____?
 ____ chance ____ disruptions during MNP number changes?
 Network ____ issues ____ MNP ____ update ____.
 ____ the ____ network disruptions when I switch numbers?
 I ____ to know the ____ of ____ when ____ my ____ via ____.
 Can ____ the ____ of network ____ when ____ switch my ____ number?
 ____ it ____ network ____ may become ____ as a ____ of ____ migration ____ your phone ____?
 ____ one experience sporadic ____ during the ____ of ____?
 Is it possible ____ intermittent network ____ during ____ number portability ____?
 ____ number ____ how long would network ____?
 ____ via MNP, how ____ does intermittent ____ disruptions ____?
 ____ time ____ be ____ to ____ coverage issues during the ____ numbers ____ MNP?
 How ____ does ____ take for ____ transfers using MNP?

When changing numbers with _____ how _____ for _____?

I might _____ intermittent _____ loss _____ with MNP.

_____ to know _____ long it will take _____ experience network _____ a number _____ through _____.

_____ is _____ length _____ time _____ network coverage _____ during _____ number transfer?

_____ number switch _____ MNP?

_____ numbers _____ MNP, how long _____ for spotty connections?

Is it _____ network disruptions when you _____ numbers _____?

_____ long _____ to face disruption in _____ coverage _____ a _____ transfer?

_____ you tell me _____ long users _____ expect to _____ occasional _____ number _____ process?

How _____ can _____ to experience _____ disconnections on _____ phone number migration _____?

_____ long _____ to _____ interruptions during number transfers using MNP?

_____ an estimate _____ long network disruptions will last _____ with _____?

When changing numbers through MNP, _____ last?

Network signal _____ disrupted during the _____.

Can I _____ long it _____ for _____ to _____ during _____ number transfer?

_____ under MNP can _____ in service interruption.

_____ you tell _____ how long the _____ during a number _____?

How _____ have intermittent _____ disruptions _____ I _____ numbers?

_____ long will _____ to be _____ when you _____ numbers with MNP?

_____ long should _____ coverage disruptions during _____ number _____ process?

When _____ with MNP, _____ long does _____ take _____ connections?

When _____ numbers _____ MNP, _____ may one experience _____ network _____?

_____ changing numbers with _____ MNP, how _____ does it _____ the network to _____?

_____ might _____ episodes _____ coverage disconnections when you switch _____.

Can you tell me _____ intermittent _____ issues are _____ portability?

_____ to experience _____ network _____ when _____ numbers via MNP?

Is there an _____ how _____ disruptions could last _____ changing _____?

_____ it possible _____ network _____ the number migration process?

_____ it take for a network _____ be _____ when _____ numbers with _____?

Is _____ a _____ interruption _____ number _____ MNP?

_____ much time _____ someone _____ network disruptions while _____ using MNP?

_____ with MNP, what _____ may _____ be _____ downtime?

_____ long will network _____ disrupted _____ I switch _____ MNP?

Is there _____ period _____ you _____ experience _____ network _____ while _____?

_____ is _____ estimated duration of _____ interruptions during a _____?

_____ transferring _____ through _____ the usual time for _____ signal?

I _____ like to _____ long _____ network disruptions _____ a _____ transfer _____ MNP.

When shifting _____ with MNP _____ there a _____ spotty _____?

When changing _____ MNP may there _____ intermittent _____?

How _____ can someone face _____ disruptions while _____ using _____?

Is there _____ network access problems _____ transferring numbers?

I need _____ know _____ I _____ experience _____ during a _____ transfer.

How _____ will it _____ for _____ network _____ cover _____ during _____ number _____ services?

_____ much _____ be _____ intermittent _____ coverage issues when changing numbers _____ MNP?

What's the _____ for _____ sporadic _____ of _____ when _____ numbers through _____?

How _____ can _____ expect _____ face _____ coverage during _____ number transfer process?

One can _____ face occasional disruptions _____ coverage _____ a _____.

During _____ MNP number _____ did _____ signal go _____?

_____ the usual time period _____ sporadic _____ loss _____ numbers through _____?

How long will _____ for service _____ to _____ encountered while _____?

____ coverage ____ occur ____ changing numbers using ____.
 ____ long ____ expect network ____ switch my numbers?
 Network ____ can ____ experienced ____ numbers via ____
 ____ want ____ know ____ much time I'll ____ network disruptions ____ number ____.
 During ____ MNP, many ____ no connection?
 How ____ will ____ for ____ coverage interruptions during a number ____?
 Is ____ possible ____ an ____ encounter intermittent network ____ issues during ____ MNP?
 What ____ loss of ____ when transferring numbers through MNP.
 Is ____ possible ____ an ____ experience ____ network ____ during the process ____ number ____?
 ____ tell the ____ a MNP number change?
 What's ____ time ____ signal ____ transferring numbers through MNP?
 ____ interrupted ____ MNP ____ update
 Is ____ an estimate ____ how long network ____ numbers?
 How much ____ be ____ for ____ coverage ____ during ____ change?
 Is it ____ to ____ sporadic ____ during the ____ change ____?
 ____ MNP ____ cause intermittent ____ coverage interruption.
 There ____ period ____ disrupted network signal ____ MNP ____ update ____.
 ____ number ____ via ____ will the sporadic network ____ last?
 ____ changing numbers with MNP, ____ be sporadic ____ downtime?
 What is ____ lost signal ____ transferring numbers ____ MNP?
 Is it possible ____ will ____ network ____ crap if ____ through ____?
 When ____ numbers ____ MNP, time ____ spotty ____?
 During ____ transfers ____ MNP, what is the ____ for ____ coverage ____?
 ____ periods ____ you may experience network ____ issues ____ numbers.
 Can ____ tell me ____ expected time ____ disruptions ____ using MNP?
 There ____ a ____ a ____ to another number under MNP.
 How long ____ it take ____ to ____ a number ____?
 I want to ____ experience network interruptions ____ number transfer.
 Network ____ are a thing ____ via ____.
 Is ____ network ____ possible ____ the process ____ migration with ____?
 How long ____ shabby network ____ take to ____ during my ____ MNP?
 ____ for spotty connection when ____ with ____?
 Can ____ experience network ____ during the ____?
 ____ me how long ____ can expect ____ occasional disconnected ____ during a ____ migration process?
 ____ switch ____ with MNP, there may ____ sporadic ____.
 ____ a number ____ MNP, ____ the network interruptions last?
 ____ shifting numbers with MNP ____ there a time ____?
 ____ there any ____ which ____ coverage ____ become ____ during ____ of your phone ____?
 ____ long ____ expect the network to ____ I ____ numbers?
 ____ much ____ will ____ network coverage to act up during my ____?
 Can ____ know how ____ it will take ____ network ____ be disrupted ____ through MNP?
 I ____ how ____ it will ____ for a ____ a number transfer through MNP.
 ____ like ____ the ____ of ____ disruptions ____ moving numbers via MNP.
 ____ long can ____ to be ____ their ____ a ____ number migration process ____ a operator?
 Is it possible ____ interruptions ____ last for ____ long ____ changing ____ MNP?
 Are ____ instances where ____ coverage may ____ phone number migration?
 Changing ____ via MNP ____ to ____ issues.
 What's ____ usual ____ for ____ when ____ numbers ____ MNP?
 How ____ signal gaps ____ a ____ number ____?
 ____ I going ____ crap if I switch ____ MNP?

_____ numbers through _____ can _____ coverage disruptions _____?
 _____ possible _____ network coverage may _____ unreliable _____ migrate _____ phone _____ using MNP?
 _____ long _____ intermittent _____ last _____ changing numbers _____ MNP?
 I would _____ to _____ it _____ take _____ experience _____ disruptions _____ a number transfer _____ MNP.
 How long might _____ take _____ network _____ changing their numbers _____?
 Is _____ coverage a problem _____ during a number _____?
 _____ an estimate _____ how long _____ network will _____ disrupted _____ numbers?
 How _____ are _____ breaks _____ coverage _____ you switch _____ new number?
 There was a _____ of _____ network _____ the _____ update _____.
 How _____ time _____ face _____ disruptions _____ changing numbers?
 Changing numbers _____ MNP _____ cause _____ coverage _____.
 _____ long would it take _____ network coverage _____ be _____ during _____?
 _____ it _____ for network _____ to _____ during _____ number migration?
 _____ long _____ it take _____ network _____ be _____ a number _____ with _____ services?
 Is it possible _____ interruptions _____ the number Portability _____.
 How _____ it take _____ connection issues _____ occur while _____ porting?
 _____ can occur _____ number changes.
 _____ interruptions during _____ MNP.
 _____ during a number _____ MNP
 _____ long will it take to _____ via MNP?
 Can _____ person be _____ by _____ during _____ process of _____ migration?
 Network _____ occur while _____ are _____.
 How _____ someone _____ network disruptions while _____ numbers using _____?
 Can _____ duration of network coverage _____ switch my numbers?
 There are _____ disruptions _____ transferring _____.
 During the process of moving your phone _____ become _____?
 _____ number transfers using MNP, _____ is _____ for _____?
 How _____ take _____ experience _____ coverage _____ changing numbers through MNP?
 _____ possible _____ an _____ to _____ network coverage during number _____?
 _____ network disruptions last when you _____?
 Is it possible _____ experience _____ interruptions _____ of number _____?
 Can you _____ me _____ duration _____ service _____ switch to _____?
 _____ using MNP, _____ there an estimate on _____ long _____ network will _____?
 _____ tell _____ the duration _____ intermittent _____ coverage _____ when I _____ numbers?
 What _____ usual time _____ sporadic loss _____ when moving numbers _____?
 _____ disruptions _____ switch using _____.
 _____ I want _____ swap _____ with _____ long is the _____?
 _____ much _____ might _____ face _____ disruptions _____ their _____ using MNP?
 When _____ with _____ how long is it _____?
 How _____ will it _____ be disrupted during a _____ transfer?
 Is _____ possible _____ disruptions during _____ number portability process.
 During number _____ network disruptions _____?
 _____ network _____ disrupted _____ changing _____ MNP
 There are intermittent network coverage _____ when _____.
 _____ much time can _____ have _____ network coverage _____ number transfer?
 _____ network coverage sometimes _____ the process _____ phone number?
 If you _____ to _____ number _____ MNP, there _____ be _____.
 _____ a _____ when _____ can experience _____ access _____ transferring numbers?
 Is _____ one might _____ intermittent problems _____ via MNP?
 _____ are _____ in network coverage while _____ switch _____ new number?

How ____ time ____ it take ____ to ____ network disruptions ____ their ____?

Can ____ get an ____ of ____ long the ____ down ____ number transfer?

Is ____ network signal during ____ MNP ____ update ____?

Is there ____ numbers ____ MNP?

Changing numbers through ____ can ____ network ____ interruption.

Can ____ tell ____ it will take ____ to ____ occasional ____ on their ____ phone number ____ process?

Network ____ could occur ____ changes.

What ____ duration ____ network ____ interruptions during a ____ MNP?

During ____ number ____ how ____ should ____ anticipate ____ network coverage disruptions?

I'd ____ to ____ long ____ would ____ experience network interruptions ____ number transfer.

____ long does it ____ networks ____ when ____ numbers with MNP?

I would ____ to ____ long my ____ will ____ disrupted during ____ through ____.

When ____ numbers with MNP, ____ the duration ____ outages?

How ____ for ____ network ____ interrupted when I ____ numbers via MNP?

____ change ____ MNP, how long does ____ disruptions last?

____ to ____ under MNP can cause ____ interruptions.

I would like to ____ the ____ service ____ when I ____.

What is ____ network coverage disruptions ____ number transfer?

Is ____ an estimate on ____ will be ____ with MNP?

Is ____ for an ____ to have ____ network coverage ____ migration?

There can ____ intermittent network ____ transferring numbers ____.

Is there ____ expected ____ for ____ service ____ under MNP?

Is ____ an estimate ____ interruptions will take when changing ____?

When ____ MNP, how ____ might ____ face intermittent issues?

____ long for ____ gaps ____ last with ____ number ____?

____ long ____ you experience ____ network service ____ switch ____?

How ____ intermittent ____ downtime ____ when changing ____?

____ it ____ face intermittent ____ when ____ numbers through MNP?

____ you tell ____ about the ____ network coverage ____ when ____ numbers?

I want to ____ how long it ____ take ____ disruptions ____ a ____ transfer.

There could ____ of network coverage disconnections ____ changing ____.

Is ____ possible that ____ might ____ signal ____ while going ____ transfer with ____?

____ do you ____ take ____ number transfer to experience network ____ disruptions?

____ like to ____ time I would experience ____ interruptions during ____ number ____ through ____.

When ____ numbers ____ much ____ do intermittent network issues ____?

____ time can one ____ to face occasional ____ the network ____ transfer ____?

When ____ with MNP, how ____ for ____ connections?

____ is the ____ network coverage ____ during ____ number transfer?

Transitioning numbers ____ MNP ____ cause ____.

Network ____ during number ____.

There ____ occasional ____ interruptions when ____ transfers ____.

Is ____ long ____ network ____ could occur when changing numbers?

When shifting mobile ____ accounts, does ____ connection ____?

Is network ____ when ____ in ____?

____ I switch ____ MNP ____ network ____ be bad?

____ the ____ time ____ loss ____ transferring numbers through MNP?

Is ____ to experience ____ coverage issues during ____ through ____?

____ long should one ____ coverage disruptions ____ a ____ change?

____ there a specific time ____ experience network ____ issues while ____?

____ would ____ know how long ____ will ____ interruptions during a ____ transfer ____.

How _____ experience network disruptions when _____ numbers _____?

How _____ you _____ service _____ while you switch?

_____ might be devoted to intermittent _____ during _____ process of changing _____?

_____ might _____ experience _____ coverage _____ while changing _____ numbers through MNP?

Can _____ how _____ people can expect _____ disconnected from their _____ during a _____ migration?

_____ number change using _____?

Can _____ intermittent _____ process of number portability?

Is _____ intermittent network disruptions when I _____ my numbers _____?

_____ one anticipate _____ network coverage disruptions _____ number change _____?

There _____ be _____ network _____ when changing _____ with _____.

Is it possible to experience _____ the _____ process?

Is _____ possible for one to _____ interruptions _____ through MNP?

Is it _____ intermittent _____ occur during MNP number _____?

Does anyone _____ an _____ on how _____ network _____ occur _____ changing _____ MNP?

Network coverage _____ during the _____ of _____ migration.

_____ long _____ expect _____ to be disrupted _____ switch numbers?

_____ number _____ can _____ interruptions occur?

_____ of irregular _____ coverage disconnections while _____ switch _____ MNP.

What duration _____ there _____ network _____ transferring numbers?

_____ intermittent network interruptions _____ while _____ through _____?

_____ in _____ through MNP can cause _____ coverage _____.

When _____ numbers through _____ the _____ for _____ sporadic loss _____ signal?

Is _____ a _____ when I might experience _____ signal _____ going _____?

How long will _____ for _____ interruptions during _____ MNP services?

It _____ possible that I will _____ intermittent _____ while _____ through _____ transfer _____.

Can _____ individual _____ intermittent network _____ during _____ number _____?

During the process _____ number _____ can _____ individual _____ intermittent _____?

MNP _____ changes _____ intermittent network _____.

Network _____ may _____ during _____ change.

_____ you tell _____ how _____ users can expect _____ without _____ a phone _____ process?

_____ time _____ experience network _____ interruptions while _____ numbers?

Is it _____ interruption in service _____ phone accounts?

There _____ disruptions _____ number portability.

_____ much time _____ someone to _____ disruptions while changing _____?

_____ network interruptions during number _____?

_____ there _____ when _____ may experience _____ access problems _____ numbers?

_____ do you think it _____ take _____ interruptions during number transfers _____?

When _____ numbers _____ MNP, _____ long _____ incidents last?

Is _____ that there _____ be _____ disruptions during _____?

A _____ to _____ number _____ can _____ service interruptions.

What is _____ typical _____ for _____ signal _____ when transferring _____?

When one transfers _____ MNP _____ there _____ disruptions?

How _____ can _____ expect _____ network disruptions during _____ number transfer _____?

Do you know how _____ the _____ in number _____?

When _____ switches _____ what _____ may there _____ disruptions?

_____ long _____ network _____ last when _____ switch _____?

How long are _____ breaks _____ while _____ switch _____ MNP?

How long do you think it _____ take for a _____ go _____ you _____?

Do you _____ how long _____ will _____ me to _____ intermittent _____ transfer?

_____ the _____ of changing numbers, _____ time might _____ network coverage issues?

How long can one _____ network coverage _____ a _____ transfer?
 _____ a time _____ experience _____ access _____ transferring numbers using MNP?
 _____ there _____ how _____ a _____ interruption could last _____ changing numbers with _____?
 Can _____ how long _____ to be disconnected from _____ networks during _____ phone number _____?
 _____ there _____ particular _____ may experience intermittent network access _____ transferring _____?
 Is it _____ during the _____ portability process?
 _____ disrupted _____ MNP number update.
 Network _____ could occur _____ moved.
 _____ that network coverage _____ become _____ the migration _____ phone number.
 Is _____ possible _____ intermittent network downtime _____ numbers?
 _____ interruption in service when shifting _____ phone accounts?
 How long will _____ disruptions while _____ their _____ MNP?
 I don't _____ long _____ will take _____ to _____ during a _____ transfer through _____.
 Can you _____ me how long users can expect to _____ occasional disconnected _____ networks _____?
 When changing _____ the _____ period for network _____?
 During the _____ of _____ can there _____ network _____?
 _____ to _____ MNP can _____ to service disruptions.
 When I _____ number to _____ what _____ the _____ network coverage _____?
 Is there _____ interruption _____ changing mobile _____ accounts?
 _____ much time _____ be _____ intermittent network _____ the change of _____ with _____?
 _____ there _____ network disruptions during number _____?
 _____ numbers with _____ long _____ it take for spotty _____?
 How much time might I experience _____ signal _____ going _____?
 Can you tell _____ will _____ occasional connections on their _____ the _____ number _____ process?
 What is _____ duration of _____ coverage issues _____ a MNP _____?
 _____ changing _____ MNP will the time _____ spotty?
 _____ exchanging numbers with _____ is _____ on-and-off network disruptions?
 _____ long _____ someone _____ network disruptions while _____ using MNP?
 There may be occasional _____ in _____ coverage _____ switch _____.
 Can _____ endure network _____ switch _____ through MNP?
 Can you tell _____ how _____ users _____ be _____ from _____ phones during the _____ migration _____?
 Is intermittent _____ coverage _____ during _____?
 _____ transferring numbers through _____ usual time _____ sporadic _____ of _____?
 If _____ through MNP, _____ there _____ network _____ issues?
 When _____ switch my _____ with MNP, how _____ interruption be?
 There are _____ breaks _____ network coverage _____ you switch to _____.
 _____ there an _____ how long _____ disruptions can _____ when _____ numbers with _____ MNP?
 During swapping numbers _____ many moments _____ no _____?
 _____ numbers _____ MNP, _____ duration can there _____ network _____?
 _____ changing numbers with _____ long will _____ to be down?
 _____ experience sporadic _____ during the _____ of number migration?
 I would _____ know _____ of _____ if I _____ via MNP.
 _____ there an _____ on how _____ network _____ take _____ changing _____ with _____?
 Is _____ going _____ be _____ if I _____ numbers with _____?
 _____ want _____ know how _____ would take _____ to experience network _____ number transfer _____ MNP.
 During _____ process of number _____ can _____ experience _____ coverage _____?
 MNP _____ have intermittent _____ interruptions.
 _____ an _____ of how _____ network disruptions _____ changing numbers _____ MNP?
 Is there an _____ how long network _____ last _____ the help of _____?
 When _____ switch from _____ is the _____ of network disruptions?

_____ network hoochoos take when _____ numbers _____ MNP?
 _____ long will _____ be _____ breaks _____ network coverage _____ switch to a _____?
 _____ you tell me _____ of _____ disruptions _____ I transfer _____?
 Is _____ for intermittent interruption _____ to _____ whilst _____ mobile _____ accounts?
 What is the _____ time _____ signal _____ when _____ MNP?
 What is the estimated _____ network _____ number _____ MNP services?
 _____ a person _____ during the _____ of number migration?
 How long _____ plan _____ coverage _____ during _____ number change _____?
 _____ long _____ intermittent network _____ MNP number changes?
 _____ do _____ problems last when _____ numbers _____ MNP?
 How long can _____ network disruptions when transferring _____?
 There _____ be _____ network _____ you switch _____ MNP.
 Can _____ tell me _____ users can expect _____ experience disconnected _____ a _____ migration _____?
 _____ long can network _____ when transferring _____ MNP?
 _____ you switch _____ MNP, what _____ the duration of _____?
 When changing numbers _____ there _____ time _____ spotty connection?
 _____ be an _____ to the network _____ number _____.
 _____ I _____ with bad connection _____ and _____ numbers _____ MNP?
 _____ time _____ be _____ to _____ network _____ issues during _____ of _____ numbers with MNP?
 How _____ one _____ issues when changing _____ through MNP?
 _____ changing numbers _____ MNP what _____ time frame _____ disruptions?
 How long _____ someone _____ to endure network _____ numbers _____ MNP?
 Can _____ tell _____ the _____ of _____ disruptions _____ switch numbers _____ MNP?
 _____ what is the _____ of network outages?
 Can _____ tell _____ the _____ when I _____ my number _____ MNP?
 When changing numbers _____ of MNP, how _____ could _____ disrupted?
 How much time will _____ deal _____ network _____ using MNP?
 When shifting numbers _____ MNP, _____ it _____ for _____ connections?
 How much _____ be devoted to _____ coverage _____ during _____ of _____ with MNP?
 _____ connection when _____ numbers with _____?
 When _____ MNP, _____ the _____ for _____ and off network disruptions?
 Is _____ time _____ someone to _____ disruptions _____ changing numbers _____ MNP?
 Is it _____ one _____ have intermittent _____ changing _____ MNP?
 Is _____ coverage _____ be _____ I switch numbers _____ MNP?
 _____ period of disrupted network signal during _____ update _____?
 How much _____ person face network _____ changing _____ MNP?
 Is there _____ when you might _____ problems _____ numbers?
 Do _____ coverage may become _____ during the _____ of _____ your _____ number?
 _____ there _____ estimate of how _____ could be disrupted when _____?
 _____ one to _____ coverage disruptions while changing numbers _____ MNP?
 When changing numbers _____ what _____ period for network _____?
 network _____ transferring _____ via _____
 _____ long does _____ take for a network to be _____ with _____?
 _____ long _____ it _____ signal _____ occur during MNP _____ transfers?
 Is _____ specific _____ may _____ intermittent network _____ while transferring numbers?
 Is it _____ someone might _____ disruptions _____ changing _____ numbers using _____?
 How _____ will there _____ network disruptions _____ numbers via _____?
 _____ numbers _____ MNP, _____ long can _____ be network _____?
 _____ there any instances where _____ coverage _____ become _____ during _____ migration?
 How _____ will _____ be _____ you _____ intermittent network _____ number transfers?

_____ the duration of network _____ when I _____ MNP?
 One _____ experience _____ disruptions _____ transferring _____ via MNP.
 _____ switch my numbers _____ MNP, _____ I expect network _____?
 _____ long will a _____ interruption last _____ to _____ under MNP?
 _____ you know _____ I can _____ signal loss while _____ my _____?
 _____ it possible _____ network _____ during the _____ of _____ portability?
 _____ it _____ experience _____ during the number portability process?
 _____ the typical time for intermittent _____ when _____ numbers through _____?
 Is there _____ on _____ number of network _____ occur _____ changing _____ MNP?
 _____ interruption may _____ MNP number _____.
 Is _____ numbers _____ MNP _____ intermittent network coverage _____?
 I _____ if _____ will _____ interruptions _____ number transfer through MNP.
 _____ is a _____ frame _____ spotty connections when changing _____.
 _____ to know _____ duration of service _____ when _____ MNP to _____.
 Can you _____ me _____ long _____ can _____ disconnected from _____ networks _____ a phone _____ migration?
 _____ long _____ it take for people _____ network _____ while _____ using _____?
 Is it possible to _____ the process _____ number _____?
 Will _____ be service _____ when _____ numbers _____ MNP?
 _____ coverage disruptions can happen _____ changing _____ MNP
 There are _____ transferring numbers _____ MNP.
 _____ tell _____ long users can _____ to experience intermittent _____ a _____ number migration _____?
 _____ the _____ changing _____ phone number, _____ any _____ where _____ coverage may become _____?
 _____ you _____ if _____ coverage _____ become _____ migration of your phone _____?
 _____ there any chance of network _____ process _____ number _____?
 When changing _____ via _____ how long _____ the _____ last?
 What _____ estimated _____ network coverage _____ a _____ transfer _____ MNP services?
 _____ there an _____ length of network _____ when _____ with _____ of MNP?
 _____ it possible _____ intermittent network disruptions _____ numbers _____ MNP?
 _____ time period should we _____ signal _____ during _____?
 _____ long _____ users expect to experience occasional disconnected from _____ number _____?
 _____ a person experience _____ network interruptions during _____ number _____?
 _____ an individual _____ intermittent _____ during _____ number migration?
 Isn't _____ experience sporadic network _____ during _____ of _____ portability?
 A switch to _____ number _____ MNP _____ result _____ sporadic _____.
 How much _____ expect _____ sporadic _____ the _____ during a number transfer?
 Can you _____ me _____ long _____ network disruptions _____ when _____ my _____?
 _____ MNP number _____ long can _____ disruptions occur?
 _____ tell _____ how _____ the users can expect to _____ from _____ networks _____ the phone _____ process?
 _____ it _____ intermittent network disruptions during _____ of numbers _____?
 How long _____ take _____ network _____ disruptions _____ happen _____ switch?
 When changing numbers _____ MNP _____ much _____ last?
 Is intermittent _____ occurring _____ shifting _____ phone accounts?
 Network _____ happen during _____ changes.
 _____ should one expect _____ network _____ during _____ number _____ process?
 _____ the _____ of _____ portability, _____ be intermittent _____ disruptions?
 _____ is _____ duration _____ disruptions when _____ transfer numbers?
 _____ there interruption in _____ when _____ mobile _____?
 How _____ are there _____ coverage _____ you _____ to a _____ number?
 How _____ can _____ expect _____ face network disruptions _____ a _____?
 When changing _____ network coverage _____?

____ you know ____ may become unreliable during the process ____ moving ____ phone ____ ?
 ____ is the ____ of ____ interruptions ____ a number transfer ____ services?
 ____ can ____ expect ____ face ____ network disruptions ____ a ____ transfer process?
 ____ know how long ____ users ____ experience occasional ____ during ____ phone number migration ____ ?
 ____ want to ____ the ____ problems are involved ____ number portability.
 ____ numbers ____ there many moments ____ no connections?
 How ____ time ____ one ____ intermittent ____ coverage ____ while changing numbers ____ ?
 I ____ if ____ network ____ if I switch numbers through ____ .
 There ____ irregular ____ coverage disconnections ____ you switch numbers.
 When ____ numbers via ____ long ____ network disruptions ____ ?
 ____ it possible for intermittent interruption ____ cellular ____ when ____ phone ____ ?
 ____ time can ____ face disruptions in network coverage during ____ ?
 Do ____ endure network coverage ____ if ____ switch ____ through ____ ?
 The process of ____ with MNP ____ intermittent network ____ .
 Changing ____ could cause intermittent ____ .
 How long ____ in network ____ when you switch to ____ ?
 ____ changing ____ MNP cause ____ disruptions?
 Is ____ on the length of network ____ changing ____ the ____ MNP?
 ____ it possible that ____ interruption in ____ occur ____ shifting ____ accounts?
 ____ to ____ sporadic network ____ process of number transfers?
 When ____ much ____ do ____ network outages last?
 ____ number ____ does the duration of ____ ?
 Is ____ network ____ disruption ____ through MNP?
 Is ____ you ____ experience ____ access problems ____ transferring numbers ____ MNP?
 ____ any instances where ____ coverage ____ during the ____ transferring your ____ number?
 ____ possible ____ could experience ____ coverage ____ changing numbers through MNP?
 ____ during ____ switch ____ MNP.
 ____ process ____ changing your phone number, are ____ any instances ____ be ____ ?
 ____ it ____ for service ____ to occur while transitioning ____ ?
 What is the ____ for ____ while ____ numbers using ____ ?
 ____ an individual have ____ network ____ the number migration ____ ?
 ____ transfers via MNP ____ the time frame ____ network coverage ____ ?
 ____ possibility of network ____ during number ____ .
 ____ changing numbers ____ MNP, what duration will you ____ ?
 I ____ to know how ____ me ____ network interruptions ____ a number transfer.
 I need to know ____ it ____ me ____ experience network interruptions ____ a ____ MNP.
 ____ is ____ duration ____ network ____ changing numbers with ____ ?
 How ____ it ____ signal ____ number transfers using MNP?
 ____ you ____ how ____ users can expect ____ experience ____ during ____ number migration?
 There ____ intermittent network interruptions during ____ .
 ____ are occasional signal ____ during ____ with ____ .
 ____ is ____ duration ____ network coverage issues while I ____ ?
 ____ MNP ____ changes, how long might ____ happen?
 ____ an ____ in network during number ____ .
 Is there ____ how ____ it will ____ for the ____ to be ____ when ____ MNP?
 Can ____ figure out ____ will experience network disruptions ____ a ____ ?
 ____ long does it ____ to ____ interrupted ____ you switch numbers?
 ____ process of number migration ____ MNP ____ intermittent network coverage?
 Is ____ time ____ can experience network access difficulties ____ ?
 Is it ____ interruptions in the ____ number portability?

Are _____ any _____ in which _____ become unreliable during the _____ phone number?
 _____ long _____ take for a network to be _____ you swap _____?

Is intermittent network _____ possible when changing _____?
 _____ interruptions _____ numbers are transferred through _____.

_____ possible _____ the network coverage may _____ the process _____ your _____ number?

How _____ someone _____ network _____ while changing _____?

How much _____ could be _____ on _____ network _____ changing _____ with _____?
 _____ might _____ someone to experience _____ while changing numbers?

_____ network _____ sometimes _____ the process of _____ your _____ number to _____?

_____ intermittent network failures last _____ changing _____ MNP?

_____ time can _____ to _____ network _____ during _____ process of changing numbers with _____?
 _____ might _____ intermittent network coverage interruptions _____ changing numbers _____ MNP?

_____ amount _____ time _____ expect to _____ network _____ during _____ transfer process?
 _____ you know how _____ users _____ to be _____ from _____ during a phone _____ migration _____?

How _____ it take for _____ coverage to _____ during _____ transfer?
 _____ it possible that _____ intermittent _____ coverage _____ changing numbers through _____?

_____ is _____ frame for service _____ after _____ switch _____ number under _____?
 _____ much _____ experience _____ coverage _____ while changing numbers through MNP?

_____ am _____ going _____ coverage crap if I switch numbers _____?

_____ is _____ period for _____ loss _____ signal when _____ numbers through _____?

How _____ lags _____ number swap under MNP?

Is it possible _____ individual _____ network coverage during the _____ of _____?

Network _____ while _____ are moved.

How _____ does it take for _____ number _____ using _____?

Is it possible _____ individual _____ coverage _____ during _____ process of number _____?

Can you tell _____ long _____ be _____ their networks during a phone _____ process?

How long _____ in network _____ during _____ to a new _____?
 _____ tell me how _____ users _____ experience occasional disconnections during _____ process?

_____ does the _____ interruptions _____ when a number _____ via MNP?

_____ an _____ to have network _____ issues during the _____ of _____ migration?
 _____ numbers via _____ how long might _____ issues?

Is there _____ expected time for _____ using MNP?

Is _____ for an _____ to have _____ during _____ number migration?
 _____ MNP may cause intermittent _____.

_____ would _____ to _____ the _____ service _____ when moving numbers through _____.

How long do I _____ to endure _____ hoodoos _____ numbers _____?
 _____ long _____ users expect to _____ without _____ during _____ phone number _____?

_____ can cause _____ coverage disruptions.
 _____ like _____ the duration of potential service disruptions _____ transferring _____.

_____ long _____ number transfer with MNP services _____ experience network _____ interruptions?

_____ long do network _____ last _____ number _____ MNP?

_____ an _____ time _____ for intermittent service disruptions while _____ MNP?

_____ long would _____ to _____ network _____ while changing numbers?

Network disruptions may _____ MNP _____.

_____ changing numbers via _____ how _____ intermittent _____ outages _____?

How long do _____ changing _____ via MNP?

What _____ the duration _____ network coverage _____ my number _____ MNP?

Do _____ know _____ network _____ may _____ unreliable during the _____ process?
 _____ would _____ take _____ someone to _____ network _____ while _____ numbers using _____?

What _____ the _____ service _____ after _____ switch to _____ number under _____?

When changing _____ long should _____ take _____ spotty connection?

How _____ does _____ for _____ disruptions _____ happen when you _____ numbers?

_____ it _____ to experience _____ outages _____ switch numbers?

_____ will _____ take for service disruptions _____ under MNP?

_____ long _____ the intermittent network interruptions last _____ number _____ MNP?

Network _____ occur _____ numbers _____ transferred through _____.

How _____ would _____ take _____ the _____ to _____ number transfer with MNP services?

_____ the _____ potential service disruptions when _____ numbers via MNP.

_____ instances when network coverage may become _____ the _____ of _____ phone _____?

_____ expect to face sporadic disruptions _____ coverage _____ a number _____ process?

_____ be _____ when changing numbers through MNP.

_____ am curious _____ the _____ of service disruptions _____ via _____.

What's the usual _____ loss _____ when transferring numbers _____?

_____ numbers _____ shifted with _____ how long _____ it for _____?

During _____ portability _____ there be sporadic _____ interruptions?

Is _____ experience _____ network _____ problems during _____ transfers?

Is there any _____ of _____ interruptions _____ number _____?

_____ experience _____ coverage problems _____ process of number migration?

Is _____ possible _____ network coverage _____ during _____ of moving your _____ number _____ MNP?

_____ possible for _____ individual to have _____ network _____ during _____ migration?

Is _____ a specific length of intermittent _____ number _____ through _____?

_____ long might _____ for _____ to _____ network disruptions while _____ numbers?

There may _____ sporadic _____ while _____ switch to _____ new number.

_____ there _____ time _____ experience network issues while _____ numbers?

How _____ should _____ expect _____ disruptions during the number _____?

Is it possible _____ disruptions to _____ when _____ numbers _____?

_____ numbers with MNP, how _____ does _____ spotty communication?

What is _____ duration _____ network disruptions _____ transferring _____?

During the _____ number _____ process, _____ signal _____ disrupted.

How _____ will it take _____ network _____ issues to _____ number _____?

When changing _____ with _____ there _____ sporadic _____ disruptions?

intermittent _____ during _____ number changes

Network _____ MNP _____ update process

I _____ like _____ know _____ of _____ disruptions when transferring numbers _____.

_____ changing _____ what duration can _____ expect network _____?

Can a _____ have _____ network coverage _____ migration?

_____ much time _____ be devoted _____ intermittent _____ the changing of numbers _____?

How _____ be _____ on _____ issues during the _____ numbers with MNP?

When _____ numbers with _____ what _____ time _____ network downtime?

Is _____ possible _____ figure _____ might _____ network disruptions _____ a number transfer?

_____ long _____ it _____ face issues when changing _____ MNP?

_____ long _____ it take _____ the network to _____ during _____ transfer with _____?

_____ the _____ of _____ coverage disruptions _____ a _____ transfer with _____ services?

What's _____ usual time frame _____ signal _____ numbers through MNP?

When _____ numbers through _____ time frame _____ signal loss?

Is it _____ to experience _____ interruptions when _____ with _____?

_____ long can one _____ disruptions _____ network coverage during _____ number _____?

_____ changing _____ help _____ MNP, _____ long _____ the network interrupted?

_____ does it take to _____ network _____ interruptions _____ a _____?

I don't _____ I will experience _____ interruptions _____ a number _____.

Is there ____ estimate ____ last when changing numbers ____ MNP?

There may ____ breaks in ____ coverage ____ switch ____ new number.

____ there a ____ network coverage ____ the ____ number migration process?

Is ____ possible for ____ experience intermittent network ____ during ____ process?

Changing ____ with MNP may ____.

____ network signal disrupted in ____ number update ____?

____ I ____ idea of how ____ it ____ for ____ network ____ interrupted during a number ____?

____ long ____ it take for network ____ to occur ____ numbers ____?

____ it possible for ____ to ____ coverage problems during the process ____?

Do ____ will endure ____ crap if I ____ through MNP?

____ long ____ it take for the ____ to be ____ service when ____ MNP?

When changing numbers ____ MNP, ____ does ____ take for ____ to ____?

Is there a period ____ experience network ____ when ____?

How much ____ would ____ for ____ network disruptions while ____ MNP?

How ____ can ____ you switch numbers?

____ it possible to ____ how long ____ can ____ to ____ a phone number ____?

How ____ will network ____ be affected ____ numbers ____ MNP?

____ there an estimate on how long the ____ would ____ with ____?

What ____ time ____ network coverage ____ during a number ____ with ____?

Does ____ interruption in ____ occur ____ you ____ your ____ account?

What ____ the timescale ____ disruptions when ____ swap ____ with ____?

When I want to switch ____ this interruption?

When ____ through MNP ____ usual ____ sporadic loss of ____?

What is the ____ time ____ losing ____ when ____ MNP?

____ to ____ long I will ____ network interruptions ____ a ____ transfer.

There ____ in network ____ when you ____ a new ____.

I ____ to know ____ duration of ____ disruptions ____ numbers ____.

Is ____ possible to ____ network ____ when ____ numbers ____ MNP?

____ you tell ____ how long ____ have ____ during a phone ____ migration process?

____ to determine ____ users can ____ to be without ____ during a ____ number ____?

Can ____ to ____ in ____ coverage during ____ number transfer?

There ____ signal ____ during MNP ____.

I ____ to ____ my network to be disrupted ____ a number transfer ____ MNP.

When ____ numbers with MNP, ____ long ____ for ____ connections ____ return?

What ____ the ____ network ____ when ____ swap numbers with ____?

____ there an estimate on how ____ the ____ when changing ____ with ____?

____ there ____ estimate ____ how ____ a network interruption ____ occur when ____?

____ will it take ____ coverage ____ to occur during ____ MNP services?

____ number ____ by ____ how much ____ can ____ issues last?

There ____ be ____ coverage disconnections ____ switched ____ MNP.

____ sporadic service ____ to a switch ____ another number ____.

____ the ____ for intermittent ____ disruptions while transitioning ____?

Is ____ a specific ____ when you ____ access problems ____ numbers?

During the ____ via MNP, ____ many moments ____ no ____?

____ swapping ____ with ____ what ____ time frame for network ____?

____ long ____ it ____ for the ____ to be ____ when ____ switch numbers ____?

____ is the ____ for on-and-off ____ when ____ numbers?

How long would ____ for a signal interruption during ____?

What's the ____ time frame ____ a ____ loss ____ signal ____ numbers ____?

How ____ would ____ to ____ disruptions while changing their numbers?

_____ MNP _____ update _____ might _____ a _____ network signal.

Is _____ intermittent _____ service occurs when _____ phone accounts?

_____ the expected time _____ service _____ when _____ numbers _____ MNP?

_____ it _____ to _____ network interruptions _____ number portability process.

_____ like _____ know _____ duration of service disruptions _____ using _____.

There might _____ of _____ coverage disconnections _____ switch to _____.

Is it _____ intermittent _____ in service _____ whilst changing _____?

I would like _____ know _____ much time _____ network interruptions _____ a _____.

_____ long _____ network _____ happen when transferring _____ via _____?

_____ it _____ to get occasional _____ when transferring _____?

_____ might _____ face network _____ while changing numbers _____ MNP?

_____ time for _____ signal when you transfer _____ through MNP?

Is _____ to experience _____ coverage interruptions _____ changing _____ through _____?

_____ intermittent _____ downtimes _____ when changing _____ via MNP?

How _____ should _____ expect _____ network coverage disruptions _____ number _____?

_____ process _____ is it possible that network _____ may become unreliable?

_____ numbers via MNP _____ have _____.

_____ the process of number _____ network disruptions?

_____ switch numbers via MNP, _____ disruptions last?

How _____ one expect _____ face _____ network disruptions _____ number _____ process?

How _____ can you _____ coverage issues _____ number _____?

How long _____ for service to be _____ after a switch _____?
