

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Auto Repair and Maintenance Shops |
| Inquiry Category | Problems with the alternator |
| Inquiry Sub-Category | Alternator belt slipping or breaking |
| Description | Customers may experience issues with the alternator belt slipping or breaking, leading to a loss of power in the vehicle's electrical system. The shop will inspect and replace worn-out or damaged belts to ensure the alternator functions properly and restores electrical power. |
