

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Equipment malfunction troubleshooting guidance
Inquiry Sub-Category	Power Outages
Description	Assistance with identifying and resolving issues related to sudden loss of electrical power, including checking circuit breakers, inspecting fuses, and troubleshooting power fluctuations.
Data Size	10,932 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

___ it ___ faulty ___ to cause repeated ___ sudden ___ outages?

___ a cause for ___ power ___?

Is ___ cuts a ___ fault-prone ___?

Is faulty ___ linked ___ outages?

___ malfunctioning circuit ___ cause ___ disruptions.

___ the ___ of ___ interruption ___ to incorrect ___?

___ it possible that ___ are ___ of outages ___ busted ___?

Are ___ power ___ caused by ___?

Problems ___ can ___ to frequent ___.

___ it possible that bad wiring ___ a ___?

The ___ setup ___ have ___ frequent loss ___.

___ electrical shutdowns could ___ by ___?

Is ___ electrical wiring could ___ lot of sudden ___?

___ there ___ between flawed ___ sudden power cuts?

___ it possible that ___ are causing these ___?

___ a ___ sudden electrical outages?

Is ___ for bad ___ a lot of electrical ___?

Does faulty ___ failure?

___ wiring ___ power shortages.

___ wiring cause sudden loss ___ times?

___ it possible that ___ could cause ___ outages?

___ wiring ___ cause ___ electrical ___.

___ wonder ___ bad ___ cause ___ failures.

Is messed ___ causing constant ___?

___ cause tons of ___?

Bad wiring ___ causing ___.

___ a ___ that ___ connections cause power ___?

Interruptive ___ caused by ___ wires.

___ can ___ a culprit ___ power ___.

_____ it possible _____ electricity disruptions _____ by _____ connections?
 Is it _____ for messed _____ the lights _____ randomly?
 Is _____ possible for frequent, _____ losses _____ be _____ by _____?
 Is random _____ down _____ the _____?
 Does _____ wirings contribute _____ sudden _____?
 Is it _____ power failures are _____ connections?
 Is _____ that _____ up wirings cause a lot _____?
 _____ it possible _____ outages _____ caused by _____ wiring?
 _____ faulty _____ blame _____ sudden electricity failures?
 Is it _____ wirings cause _____ power _____?
 _____ possible that faulty wiring _____ shortages?
 _____ bad electrical connections _____ blame _____ constant outages?
 _____ that _____ connections _____ blame for power problems?
 _____ it possible that _____ connections _____ for _____ issues?
 _____ electrical _____ causing these issues?
 Is _____ that faulty _____ result in power _____?
 _____ that _____ black outs are caused by _____ electrical wiring?
 Is jacked-up _____ reason for _____?
 _____ it possible _____ is what causes repetitive _____?
 Is _____ malfunctioning causes recurring _____ failures?
 _____ is _____ faulty wiring could _____ blame for _____ outages.
 _____ don't _____ faulty _____ can make _____ electricity go _____.
 _____ it _____ are _____ blame for unexpected power failures?
 _____ it _____ that faulty wiring _____ be to _____ for _____?
 _____ malfunctioning _____ make _____ electricity _____ off?
 _____ wiring situations can _____ to blame _____ frequent _____.
 _____ there _____ between _____ wiring _____ and _____ electrical failures?
 _____ likely that bad _____ failures?
 There _____ be _____ cuts _____ malfunctioning _____.
 Bad wiring _____ to blame _____ failures _____.
 Can _____ wires _____ power _____ out occasionally?
 Is _____ wiring _____ cause of _____?
 Is _____ connection _____ screwy wiring _____ outages?
 _____ faulty wiring cause _____?
 _____ prone _____ result in _____ cuts?
 _____ it possible that electrical _____ can _____ defects _____ circuitry?
 _____ suddenly lose my _____ supply _____ there _____ issues?
 _____ link between flawed _____ and frequent _____ of _____ black _____?
 _____ there _____ between _____ wiring and _____ electrical shutdowns?
 _____ disruptions connected to _____?
 Is _____ linked _____ wiring?
 _____ possible that _____ installation is _____ reason _____ frequent _____.
 _____ up cables a _____ of _____?
 _____ likely _____ faulty wiring _____ failures.
 Is _____ a _____ wires could _____ cuts?
 Does flawed wirings play a _____?
 _____ there faulty _____ behind _____ failures?
 _____ it possible _____ causes electrical _____?
 Is _____ that bad _____ cause _____ black outs?
 _____ it _____ that faulty _____ repetitive outages?

_____ there a correlation between _____ regular _____ of _____ power _____?
_____ it possible that the problem with electrical _____ of _____?
Was _____ messed up cables _____ cause _____ cut-offs?
_____ that _____ failures happen due to faulty _____?
_____ there a link _____ and _____ service interruptions?
_____ malfunctioning _____ intermittent power cuts?
_____ it true that faulty _____ outages?
_____ there _____ wires causing _____?
Is _____ stuff _____ failures?
The _____ cause _____ loss.
_____ electricity cuts _____ be due _____ faulty _____.
thinking about _____ connections _____ power _____.
_____ wiring _____ to frequent _____ losses?
Is _____ due to _____ wiring?
_____ that _____ issue is _____ wiring
Can _____ wiring _____ problems?
_____ that lousy _____ installation resulted _____ repeated _____ cuts?
Does screwy _____ power _____?
Is it possible _____ the _____ outs _____ faulty electrical _____?
_____ to blame for electric _____?
_____ bad wiring _____ the _____ to _____ off _____?
A malfunctioning _____ cause frequent _____.
_____ chance _____ bad _____ cause sudden power cuts.
_____ may _____ of _____ power cuts _____ by malfunctioning wires.
_____ it _____ electrical _____ leads _____ recurring power shortages?
Is it _____ faulty connections are _____ frequent _____?
_____ electrical _____ reason for _____ electricity shutdowns?
Is _____ a _____ between flawed _____ and _____ power _____?
I wonder _____ faulty _____ sudden _____ failures.
Does faulty _____ frequent _____ failures?
_____ wiring _____ potentially _____ power failures.
_____ cables cause power _____?
Bad _____ can _____ a _____ with _____.
_____ any _____ electric _____ disruptions and incorrect wiring?
_____ unreliable connections can _____ losses...
Do _____ think it's likely _____ faulty wiring _____?
Is _____ electrical connections are causing _____ disruptions?
Can _____ wires _____ of the _____ power losses _____ my _____?
_____ possible _____ electrical _____ to _____ of sudden power failures?
Are there _____ electric service _____ related _____?
_____ it _____ messed _____ wiring is _____ blame for _____ the power _____?
Is _____ recurring _____ caused by faulty _____?
_____ cause frequent _____ outages?
I _____ if _____ lead to _____ lot of _____?
_____ it possible _____ screwy _____ causes _____ outage?
_____ wiring _____ blame _____ intermittent power disruptions?
Does _____ cause _____ breakdowns?
_____ wiring cause frequent _____?
Is it _____ up cables _____ cause _____ power _____?
_____ may be _____ due to _____.

_____ there recurring instances _____ power _____ faulty wiring?
 _____ unreliable _____ to _____ losses.
 Several _____ unexpected power _____ be caused _____ malfunctioning _____.
 _____ that faulty _____ the cause of sudden electrical _____?
 Multiple _____ power _____ be caused _____ malfunctioning wires.
 There could _____ multiple _____ of power cuts _____.
 _____ it _____ leads _____ repeated episodes of sudden outages?
 Is _____ due to _____ connections?
 _____ wiring cause _____ loss _____ electricity?
 Is it _____ the reason behind _____ failures?
 Could _____ cause _____ loss _____ electricity?
 _____ junky _____ the cause of sudden _____ cuts _____ my _____?
 _____ disruptions happen _____ faulty connections?
 _____ messed _____ the cause of _____ power _____?
 Is _____ possible that _____ is the _____ sudden _____ failures?
 Is _____ wires cause _____ failures?
 _____ that _____ power failures _____ the result _____ faulty wiring?
 Bad wiring can be _____ failures.
 Are faulty wiring _____ cause _____?
 _____ wiring _____ electric outages?
 Is _____ wiring _____ lead _____ episodes of sudden power _____?
 _____ wiring cause _____ outages?
 _____ these abrupt power failures?
 Bad wiring _____ be a reason _____.
 _____ bad wiring be _____ blame _____?
 Thinking _____ connections cause _____.
 _____ fault _____ circuitry _____ blame _____ electric cuts?
 Is _____ chance that _____ wiring _____ cause _____ electrical _____?
 Is _____ the _____ of electric _____?
 Is _____ faulty wiring _____ to repetitive power _____?
 _____ it _____ wiring _____ imperfect _____ lead to periodic outages?
 _____ faulty _____ the reason for _____?
 Do _____ wiring can _____ shutdowns?
 _____ up cables _____ frequent _____ cut-offs?
 malfunctioning _____ cause power _____
 _____ there _____ indicative of faulty electrical setup?
 Will _____ cuts _____ fault-prone _____?
 _____ fault wires _____ reason _____ intermittent _____?
 Is it likely _____ faulty _____ loss?
 Is _____ tendency for faulty _____ result _____ power _____?
 _____ faulty _____ a loss of electricity?
 _____ it _____ circuitry can _____ power disruptions?
 _____ can _____ failures.
 Is there a _____ between flawed _____ disruptions _____?
 Is it _____ bad _____ causing _____ frequent outages?
 Think if unreliable _____ power _____.
 It's possible _____ are _____ to _____ wires.
 Is faulty wiring _____?
 _____ outage _____ be _____ by _____ wiring.
 _____ the _____ wires _____ recurring outages?

_____ it _____ that a _____ circuitry _____ to _____ power _____.

_____ electricity loss due to _____?

Maybe _____ are faulty _____ behind _____?

Is electrical _____ often _____ wiring?

_____ if unreliable connections _____.

I'm thinking about _____ cause _____.

_____ electrical shutdowns, can they be _____?

_____ it possible that there _____ with _____ wiring that _____ to sudden _____?

_____ it possible _____ bad _____ could _____ to lose _____ power?

_____ that _____ connections _____ in frequent power disruptions?

Is it _____ bad wiring _____ be _____ blame _____ failures?

_____ cause power cuts?

Is it _____ faulty connections _____ to blame _____ failures?

Are there wires _____ abrupt _____?

Is fault _____ culprit behind _____?

Can _____ up wiring _____ go _____?

_____ wiring _____ abrupt electricity _____.

Is _____ faulty connections cause _____?

Is it _____ the repeated occurrences _____ black _____ by _____ electrical wiring?

Is _____ fault-prone _____ the _____ electric cuts?

I _____ messed _____ cables could cause _____ power _____.

Is it _____ there are faulty _____ issues when _____ lose _____?

Is _____ wires can _____ electricity to go off?

Is _____ likely that _____ causes _____ failures?

_____ is _____ that the circuits behind the _____.

Is it _____ that _____ could be _____ frequent outages?

Is _____ electricity shutdowns _____ malfunctioning electrical circuits?

_____ the fault _____ the intermittent _____?

Is it possible _____ messed _____ might keep _____ the _____?

Can junky wires be _____ sudden _____ failures _____ house?

Could _____ blame for intermittent _____?

_____ wiring _____ sudden power failures?

Is _____ that _____ situations cause _____ failures?

_____ it _____ electrical wiring _____ lead _____ periodic _____ failures?

_____ flawed _____ cause sudden _____?

_____ is _____ sudden electricity loss.

_____ the _____ interruptions the _____ jacked-up _____?

_____ crummy wiring _____ lights to go _____ and _____?

_____ electrical failures _____ be caused _____.

_____ faulty _____ result in _____ power _____?

Could electrical _____ blame _____ repeated _____ of _____ black outs?

_____ there a _____ wiring to _____ electrical outages?

_____ it possible _____ faulty connections _____ to _____ for _____ power _____?

When I lose _____ energy _____ there _____ wires _____ repetitive _____?

_____ cuts may be _____ wires.

Is it _____ wiring is to be _____ repetitive _____?

_____ electrical _____ often _____ to _____ wiring?

Is _____ fault wires _____ the _____?

Is faulty _____ for electrical _____?

_____ possible for bad _____ cause a bunch of _____?

____ faulty wiring ____ for frequent ____ ____?
 ____ it make ____ substandard wiring to ____ frequent ____ ____?
 Can ____ be ____ blame ____ sudden power cuts in ____ ____?
 Are electrical outage ____ wiring?
 ____ it possible ____ the ____ are ____ by defects ____ wiring?
 Does faulty ____ to ____?
 Is ____ a ____ for constant ____ cut-offs?
 Is ____ that ____ electrical ____ cause ____ electricity shutdowns?
 Is ____ possible that ____ be messed up ____ cause ____ ____?
 ____ lead to recurrent ____ cuts?
 ____ wiring cause power ____?
 ____ faulty wiring ____ powerouts?
 Is ____ to wrong wiring?
 ____ wiring have the ability to cause a ____ ____?
 Is ____ wiring the ____ for ____ ____?
 Is it ____ electricity ____ faulty electrical circuits?
 Did the ____ up ____ cause ____ power ____?
 ____ unexpected ____ cuts ____ be the result of ____ wires.
 Is ____ that ____ wirings ____ nonstop power failures?
 ____ there ____ for electricity disruptions ____ to faulty ____?
 Are frequent, ____ electricity ____ by ____ defects?
 ____ reason for ____ electricity failures?
 ____ bad wiring could ____ to blackouts?
 Is it ____ that ____ disruptions ____ to malfunctioning ____?
 ____ there a chance that faulty ____ are ____ ____?
 Is ____ wiring a cause ____?
 ____ it possible that ____ wiring ____ more ____ failures?
 ____ the random ____ shutdowns ____ flawed ____?
 Thinking ____ unreliable connections ____ power ____.
 ____ cuts could ____ be ____ by ____.
 ____ it possible that ____ explain sudden ____ shutdowns?
 Is it possible that ____ results in ____?
 ____ there ____ sudden ____ of electricity episodes ____ to circuitry ____?
 Is ____ wiring to blame ____ ____?
 Does ____ loss ____ electricity frequently?
 Is a malfunctioning circuitry ____ power ____?
 Is ____ a ____ of recurring ____?
 Random ____ shutdowns might ____ wiring.
 ____ possible that messed up ____ can cause ____ lights ____ off ____?
 ____ malfunctioning ____ power cuts?
 ____ broken lines going ____ a lot of ____?
 ____ that faulty connections cause the ____?
 ____ potentially be ____ blame for ____ failures.
 ____ it possible ____ faulty wires ____ my electricity ____ out?
 Is ____ possible that there are recurring ____ unexplained power ____ faulty ____?
 ____ it possible that ____ connections ____ causing ____ intermittent ____?
 ____ possible that the power failures ____ by ____ faulty ____?
 Bad ____ can be the ____.
 ____ might cause power ____.
 Does flawed ____ regular episodes of ____ ____?

Is _____ faulty _____ can cause power _____.

Is it possible _____ wiring could _____ sudden _____?

Electricity _____ be caused _____ faulty _____.

Is electrical _____ cause _____ recurring _____.

Can _____ wires _____ to _____ sudden power cuts in my _____?

There _____ chance _____ could cause sudden electrical _____.

Is _____ that there _____ of sudden _____ failures _____ to faulty electrical _____?

Was faulty stuff _____?

_____ disruptions related to _____ wiring?

Is _____ that the _____ because of faulty _____?

_____ it _____ poor wiring to _____ electrical _____?

_____ messed up cables _____ cut-offs?

_____ jacked-up wiring _____ these _____ interruptions?

Random electrical shutdowns _____ flawed wiring.

Power losses _____ caused by _____.

_____ may result _____ circuitry.

_____ it _____ be zapped by bad wiring?

_____ that faulty installation is _____ behind electricity _____.

Can _____ wires _____ the cause _____ the _____ failures?

Is it _____ wiring _____ sudden _____?

Does _____ electric accidents?

_____ loss _____ power _____ at malfunctioning _____ setup.

_____ faulty _____ cause of _____ electrical _____?

_____ it possible that faulty wiring may _____ repetitive _____?

_____ the cause of _____ outages.

_____ may _____ lost _____ to _____ wires _____ likely?

_____ it possible _____ frequent occurrences of _____ outs are _____ by problematic _____?

_____ faulty _____ cause electricity _____?

_____ there _____ that _____ results in power failures?

Is it _____ connections cause _____?

The recurring _____ of _____ electricity failures might _____ installation.

_____ lose _____ energy _____ is it _____ are faulty _____ issues?

Does bad _____ sudden _____?

_____ that _____ can cause power losses?

_____ likely _____ faulty wiring _____ more power _____?

_____ electric _____ result _____ fault prone _____?

_____ wirings affect sudden _____?

Is it _____ wiring can _____ electrical _____?

Is it possible _____ faulty _____ cause _____ electrical _____?

Is there _____ chance _____ messed-up _____ cause _____ failures?

Is _____ cause _____ recurring blackouts?

_____ it possible that _____ sudden blackouts _____ by _____ connections?

Is _____ possible _____ faulty wiring to _____ electrical _____?

_____ faulty _____ responsible for _____ failures?

_____ wiring could _____ disruptions.

Bad _____ might cause _____.

Is _____ that _____ are caused by faulty _____?

_____ wires, _____ of recurring _____?

_____ wiring _____ to _____ frequent power failures?

Can _____ wiring _____ power _____?

_____ situations _____ cause _____ failures.

Is _____ possible that _____ could be to _____ for _____?

I _____ if _____ power _____ are _____ by jacked-up _____.

_____ are sudden _____ cuts _____ due to faulty _____.

_____ circuitry the source _____ recurrent _____?

_____ wire installation could _____ blame for repeated power failures?

Is _____ wirings to _____ sudden episodes of _____?

Is _____ faulty _____ circuits may _____ frequent electricity _____?

_____ random electrical shutdowns _____ of _____?

_____ electrical outages linked _____?

Is _____ possible that _____ wiring _____ cause _____ of _____ outages?

Is it possible _____ leads _____ electrical blackouts?

_____ malfunctioning electrical _____ cause _____ electricity _____?

_____ possible _____ faulty connections _____ power _____ more _____ once?

_____ it possible _____ the _____ occurrences _____ of faulty _____ issues?

faulty _____ be _____ cause of _____ power _____.

Is _____ between _____ of electric service interruptions _____ wiring?

Do _____ disruptions _____ because of _____?

Is it _____ for electricity _____ due _____ faulty _____?

Is _____ to _____ for electrical _____?

_____ faulty _____ able to _____ loss _____?

Is there _____ correlation _____ flawed _____ and _____ episodes _____ out?

_____ between flawed wirings and frequent _____ of sudden _____?

_____ possible for substandard _____ cause electrical _____?

There _____ of sudden power cuts _____ to _____ electrical _____.

_____ it _____ that _____ is the _____ of _____ failures?

_____ that _____ cause a lot of power _____?

Is the incidence _____ interruptions related to _____?

Is it possible that _____ up _____ frequent _____?

Thinking _____ how _____ connections _____ power _____.

_____ faulty wiring give you _____ to _____?

_____ faulty _____ to blame _____ power failures?

It's possible that _____ behind _____.

Is it possible _____ electrical shutdowns _____ be caused _____?

_____ with _____ wiring _____ be _____ repeated occurrences of _____ black outs.

Are _____ cause of a _____ outages?

_____ reason _____ home _____ experiencing _____ power _____ due to _____ functioning wiring?

Is _____ to cause _____ shutdowns _____ of substandard _____?

_____ with _____ might _____ to blame _____ the _____ of sudden black _____.

The cause _____ failures may _____ by faulty _____.

Is _____ possible _____ messed _____ cause _____ constant power _____?

I wonder _____ there _____ wires _____ the _____.

Is it _____ electricity disruptions _____ of _____ connections?

_____ it _____ wiring _____ cause electrical disruptions?

_____ that screwed-up wirings _____ nonstop _____?

Is it _____ could cause unexpected _____ cuts?

_____ might _____ to _____ instances of abrupt electricity loss.

There _____ a _____ it to happen _____ due _____ faulty _____.

There _____ failures _____ by bad _____.

_____ there a connection _____ flawed _____ and sudden _____?

Is _____ the cause of _____?

Does _____ malfunctioning _____ intermittent _____ failures?

Can _____ wires _____ power _____?

_____ shutdowns can _____ caused by _____.

_____ wiring _____ the _____ power failures?

Is _____ possible _____ faulty _____ cause sudden _____ shut _____?

Is _____ there _____ instances of sudden power _____ to faulty _____ connections?

_____ wires the _____ recurring outages?

_____ are possible _____ cuts due to _____.

Are _____ linked _____ wiring?

Are _____ instances _____ sudden electricity _____ due _____ bad _____?

_____ faulty wiring could _____ electricity?

_____ make sense that faulty _____ in power _____?

_____ wiring _____ power failures?

Is there a chance _____ could _____ cause _____?

Bad wiring _____ to _____ electricity _____.

Is there _____ link between _____ and _____ shortages?

Is _____ that _____ can cause _____ electricity to go _____?

Might _____ be _____ blame _____ repetitive _____?

_____ malfunctioning wires _____ cause _____.

_____ wiring cause the _____ to go _____ again _____?

_____ possible _____ connections result in _____ power interruptions?

Bad wiring _____ power failures.

_____ wiring may _____ blame for power _____.

Does _____ wiring _____ loss _____ power?

Is _____ possible _____ malfunctioning electrical _____ frequent electricity _____?

Power losses can _____ unreliable _____.

Is _____ lousy _____ installation _____ repeated power failures?

Does faulty _____ sudden _____ electricity?

_____ likely _____ connections cause _____ failures?

Does malfunctioning _____ cause _____?

_____ wires _____ unexpected _____ cuts?

_____ it possible _____ electrical _____ lead _____ multiple episodes of _____?

Is _____ repeated occurrences of sudden black outs are _____ electrical _____?

_____ be _____ for some abrupt electricity losses.

_____ it possible _____ the electrical _____ be _____ for _____ repeated _____ sudden black outs?

Is it possible _____ imperfect _____ could _____ of _____ outages?

Is it _____ that _____ in wiring _____ power _____?

Is _____ poor electrical connections are _____ outages?

Is _____ possible _____ faulty _____ is _____ recurrent outages?

_____ wiring can _____ sudden _____.

_____ it _____ faulty connections _____ unexpected power _____?

Is it _____ can _____ sudden power losses?

_____ due to faulty connections.

_____ for faulty _____ to _____ more frequent electrical _____?

_____ related to incorrect _____?

Repeated occurrences _____ sudden _____ outs _____ to electrical wiring _____.

_____ there a correlation _____ and _____ sudden black out?

Is _____ possible _____ faulty connections cause _____?

_____ are possible sudden _____ due _____ bad _____.

_____ faulty wiring causes a sudden _____ of _____?

_____ it possible that _____ are _____ instances of sudden power cuts _____?

_____ there a chance _____ bad wiring could _____?

Is there a correlation between _____ wiring _____?

Random electrical shutdowns _____ linked _____.

Can _____ be the _____ these sudden _____ cuts?

Is there a _____ wiring and _____ of _____ outs?

Is _____ circuitry _____ blame for abrupt _____?

_____ be to _____ for _____ electricity failures?

Could wires malfunctioning _____?

_____ can bad wiring _____ failures?

_____ there _____ problem _____ faulty _____ that _____ power outages?

_____ disruptions _____ to faulty connections.

Can my _____ off because _____ faulty _____?

_____ be faulted _____ behind _____ frequent _____.

_____ that faulty wiring can _____ random _____ shutdowns?

Is there _____ chance _____ could _____ sudden _____?

Looking _____ connections can cause _____.

_____ possible _____ to _____ lost abruptly because _____ defects _____ the circuitry?

Is _____ caused by _____?

_____ chance _____ faulty wiring _____ responsible for _____ outages?

_____ possible _____ will _____ my electricity go kaput?

_____ screwy _____ frequent electric outages?

_____ electrical connections _____ blame for _____ intermittent power _____?

Electricity disruptions happen _____?

Could _____ up _____ constant power _____?

Is _____ true _____ causes _____ outages?

Is it _____ for _____ wiring to _____ sudden _____?

_____ electric _____ result from _____ prone _____?

_____ chance _____ cause power failures?

_____ instances of power _____ can be _____ wiring.

Does _____ wiring affect _____ sudden _____ cuts?

Is it _____ wiring _____ interrupt _____ electrical supply?

Is _____ the fault _____ installation _____ electricity failures?

Could _____ cables _____ constant _____ cuts?

_____ there _____ abrupt _____ of electricity _____ circuitry defects?

_____ it _____ faulty wiring to _____ intermittent _____ failures?

Electric _____ fault-prone circuitry.

Is _____ wiring to _____ blips?

_____ it _____ that messed up _____ causes _____ power _____?

Is _____ possible _____ bad electrical connections _____ issues?

Is it _____ that _____ lead _____ episodes of _____ outages?

_____ possible that faulty _____ blame for power _____?

_____ bad wiring _____ blame for _____?

Is _____ installation _____ reason _____ the _____ failures?

Is it possible _____ faulty _____ cause _____ disruptions?

Does _____ lead _____ electrical problems?

It is _____ that _____ to _____ episodes _____ sudden outages.

_____ the recurring _____ related _____ incorrect wiring?

The _____ loss _____ a bad _____ setup.

____ it possible for frequent, ____ of ____ episodes to ____ defects?
 ____ wiring cause my power ____?
 Is ____ possible that a ____ repetitive ____ disruptions?
 ____ wire connections may be ____ to ____.
 Is frequent, ____ electricity ____ defects in the ____ possible?
 ____ cause ____ sudden power outages?
 Is faulty ____ of loss ____?
 Is ____ due to ____ frequent?
 Is ____ circuitry ____ to ____ disruptions?
 Some ____ sudden ____ loss may be ____ to ____.
 ____ it likely ____ causes ____ failures?
 ____ be that ____ is ____ of sudden electricity failures.
 ____ a ____ that ____ wiring ____ cause a ____ of electricity?
 Does ____ electric problems?
 ____ that ____ power cuts are due ____ electrical connections.
 ____ wirings ____ for regular episodes of sudden ____?
 Is it ____ faulty connections ____ to ____ for ____ power ____?
 Is it ____ that a malfunctioning circuitry ____ repetitive ____?
 Can ____ power ____ by bad ____?
 Is ____ messed up cables ____ power ____?
 ____ wiring ____ be ____ unforeseen power failures.
 Is ____ frequently ____ to electrical ____?
 Is frequent ____ failure caused ____?
 ____ there a possibility of random ____ shutdowns ____?
 ____ screwy wiring ____ electric ____?
 ____ it possible that ____ are ____ by faulty wire ____?
 Are ____ frequent ____ disruptions ____ faulty ____?
 ____ failures ____ by faulty ____?
 ____ that ____ instances ____ black ____ are due ____ faulty electrical connections?
 ____ my ____ being zapped by ____?
 ____ the culprit ____ the ____ wires?
 ____ screwy wiring ____ to ____ electric ____?
 ____ can ____ a ____ failure.
 ____ up cables ____ constant ____ cuts?
 Are the ____ power failures ____?
 ____ it possible ____ there are recurring ____ sudden ____ because ____ electrical wiring?
 ____ bad ____ cause ____ failures.
 ____ possible that a ____ to frequent power disruptions?
 ____ the ____ electricity ____ due to ____?
 ____ a ____ flawed wirings and sudden ____?
 Multiple instances of ____ could ____ result of malfunctioning ____.
 ____ malfunctioning ____ cause ____ power ____?
 ____ it possible that ____ cuts could ____ wires?
 Is it ____ repeated occurrences ____ black ____ caused ____ electrical wiring?
 ____ possible ____ wiring ____ the cause of ____ outages?
 ____ are ____ to faulty connections.
 ____ that problematic ____ wiring is ____ blame for repeated ____ sudden black ____?
 ____ connections ____ to blame for ____ constant ____ failures?
 Is ____ correlation between flawed ____ and random ____?
 ____ it ____ that bad ____ be to blame?

Is it possible _____ messed _____ will _____ cut-offs?
 _____ wonder _____ bad _____ connections _____ causing these constant _____.
 _____ faulty _____ cause _____ electrical outages?
 _____ electrical _____ to _____ wiring?
 _____ wonder _____ wiring _____ blame for these _____ disruptions.
 Is _____ that _____ circuits may explain _____ shutdowns?
 Is _____ chance that bad _____ cause _____ failure?
 _____ it possible that faulty _____ in _____ losses?
 _____ wiring _____ to _____ for _____ failures.
 _____ it possible that _____ wirings causes _____ failures?
 _____ away my power?
 Is _____ a correlation between flawed _____ regular _____ powerlessness?
 Multiple instances of _____ cuts _____ the result _____.
 _____ malfunctioning _____ a cause of _____ power _____?
 _____ faulty _____ cause of _____ electric _____?
 _____ it _____ the _____ connections _____ losses?
 Is _____ possible _____ wire _____ cause blackouts?
 _____ it because _____ that there _____ frequent electric _____?
 _____ cuts _____ be _____ faulty wires.
 _____ bad wiring be _____ sudden electricity _____?
 _____ it _____ that screwed-up _____ power to go off?
 _____ malfunctioning circuit _____ power disruptions?
 _____ the _____ service interruptions _____ to _____?
 Did messing _____ constant _____ cut-offs?
 Multiple _____ be caused _____ malfunctioning _____.
 _____ it because unreliable _____ cause _____?
 Bad wiring _____ failures.
 _____ bad connections _____ to power disruptions?
 _____ wire connections _____ power _____?
 _____ faulty _____ cause _____ sudden loss _____ electricity _____ times?
 Is it possible _____ are causing these _____?
 _____ electrical failures _____ be _____ wiring situations.
 Electricity disruptions _____ due _____ connections.
 Is it _____ sudden power _____?
 _____ a _____ for faulty wiring to _____ electrical _____?
 Is _____ wiring _____ in _____ power _____?
 _____ faulty wiring a _____ power _____?
 _____ could be fault _____ outages.
 Bad _____ cause _____ sudden electricity _____.
 _____ the electric _____ to faulty _____?
 _____ loss _____ electricity _____ defects in the _____ possible?
 _____ it _____ that _____ causes _____ failures?
 _____ I _____ my _____ are there faulty _____ to blame?
 Isn't _____ possible _____ malfunctioning wires _____ cuts?
 _____ possible _____ faulty connections _____ cause _____ power interruptions?
 Is _____ circuits _____ constant outages?
 _____ wires be to _____ for the _____ issues _____ my _____?
 _____ could be _____ by bad _____.
 _____ electricity _____ faulty connections?
 wires malfunctioning _____ cuts

Is there _____ and repeated _____ disruptions _____ to _____?

_____ a chance _____ random _____ shutdowns _____ by flawed _____?

Is _____ stuff _____ of _____ failures?

_____ it likely that _____ failures _____ a result _____?

_____ faulty _____ causes _____ failures?

Will faulty _____ sudden loss _____?

Is _____ possible that _____ these constant power _____?

_____ it _____ for bad _____ cause sudden electrical _____?

_____ electrical _____ cause _____ failures?

Is _____ bad wire _____ leads _____ power failures?

_____ downtime _____ to the wiring?

_____ wiring _____ electricity issues?

Are _____ frequent _____ due to _____?

It's _____ that _____ cause power _____.

_____ wiring could be to _____ some _____ electricity _____.

_____ possible that screwed-up wirings _____ outs?

_____ it possible _____ cause power _____?

_____ electrical _____ caused by faulty _____.

The _____ failures _____ by wires.

_____ random _____ caused by flawed _____?

_____ electrical _____ cause of _____ Blackouts?

Is it _____ can _____ my electricity _____ out?

Can _____ up _____ the lights _____?

_____ if messing _____ cause power cut-offs.

Is _____ electric _____ related _____ wiring?

Will _____ electrical shutdowns _____ caused _____?

_____ messed _____ of power cut-offs?

Is _____ recurrent electric cuts?

Is _____ that faulty electrical _____ to sudden _____?

Is _____ faulty connections are _____ for power _____?

Bad wiring _____ frequent black _____.

Is it _____ to cause _____ go off?

_____ it _____ bad wiring _____ to blame for instances of _____?

Is non-functional _____ reason _____ home _____ power cuts?

Can _____ be to _____ the _____ power failures?

Is _____ installation _____ reason _____ electricity failures?

Is the power _____ up _____?

_____ disruptions happen due _____ faulty _____?

_____ it _____ that imperfect electrical _____ can _____ power failures?

There _____ power failures in _____ house, can _____ culprit?

_____ it _____ that electrical _____ can cause _____?

Referring _____ that _____ cause power losses.

Can _____ cause _____ cuts?

_____ it _____ electrical shutdowns are _____ flawed wiring?

_____ possible for substandard wiring to _____?

_____ the _____ wires that _____ the _____ outages?

Is _____ a link between imperfect _____ outages?

Is _____ a _____ loss _____ from faulty wiring?

Is _____ that _____ causing power failures?

Frequent _____ failures _____ caused by _____ wiring _____.

____ fault prone ____ the recurrent ____ cuts?
 Is it ____ the wirings are messed up ____ all ____?
 ____ bad wire installation ____ for repeated power failures.
 ____ it ____ that messed up wirings ____ going off?
 Can faulty ____ cause ____?
 Is ____ a ____ of ____ failures?
 ____ faulty ____ cause power ____?
 It's ____ messed up ____ power cut-offs.
 Is the ____ jacked-up wiring?
 ____ electric cuts result ____?
 Is there frequent, ____ of electricity episodes ____?
 ____ screwy ____ cause electric outages?
 ____ the ____ service ____ related ____ incorrect ____?
 ____ that faulty ____ is ____ to repetitive outages?
 ____ a chance ____ screwed-up wirings ____ nonstop ____ cuts?
 Can faulty ____ the loss ____?
 Is fault-prone ____ blame for ____?
 Do electricity disruptions ____ of ____ connections?
 ____ wiring ____ potential to cause ____ sudden ____ of electricity?
 ____ could ____ cause of power ____.
 ____ plausible that faulty wiring ____ repetitive ____?
 Do ____ cause ____ of ____ black outs?
 ____ bad ____ continue ____ cause ____ failures?
 Is it ____ faulty wiring ____ in ____ failures?
 ____ wiring ____ to blame for frequent ____.
 Faulty ____ outages?
 Bad ____ be to ____ electricity loss.
 It's possible ____ of sudden power cuts ____ electrical connections.
 Could ____ lead ____ frequent power ____?
 Are ____ service ____ related ____ wiring?
 ____ abrupt loss of electricity caused ____?
 ____ possible ____ unreliable ____ cause recurrent ____ losses?
 ____ broken ____ cause ____ outages?
 ____ there ____ recurrent ____ of power ____ faulty wiring?
 Is there ____ between malfunctioning ____ and ____ power ____?
 Is it ____ that ____ cause more ____?
 Can a malfunctioning ____ power ____?
 It's ____ faulty ____ is the cause ____ power ____.
 Is it ____ that ____ wire installation ____ for repeated ____?
 Bad wiring may ____ loss.
 ____ it ____ that faulty electrical circuits ____ sudden ____?
 I wonder if ____ the ____ sudden ____ failures?
 ____ it ____ that electrical ____ leads to ____?
 Bad wiring ____ power ____.
 ____ it possible ____ there are faulty ____ that ____?
 ____ be ____ blame for ____ power.
 Is ____ a ____ faulty connections ____ blame for power ____?
 Is ____ possible for imperfect ____ to sudden ____?
 Is ____ possible ____ faulty connections ____ interruption?
 Is ____ that ____ wiring can cause ____ power ____?

____ faulty ____ be ____ ____ for electricity ____?
 ____ it possible that ____ ____ responsible ____ repeated disruptions?
 ____ ____ for ____ wiring ____ make me ____ without electrical power?
 Is it ____ for faulty ____ ____ cause intermittent ____?
 Is ____ ____ the ____ failures are caused ____ wiring?
 Is ____ likely ____ faulty ____ frequent ____ failures?
 ____ possible ____ bad wiring to leave ____ without ____?
 ____ electrical cuts ____ result from ____.
 ____ electrical ____ be ____ blame for ____ constant ____ cuts?
 Are electricity ____ ____ faulty ____?
 Can bad ____ my power ____ ____?
 ____ screwy wiring cause ____?
 Is it ____ ____ to ____ for intermittent outages?
 Is ____ ____ faulty connections cause power ____?
 ____ ____ cause power failure?
 How come ____ power ____ ____ by wires?
 ____ possible ____ faulty wiring ____ to ____ recurring outages?
 Is ____ that bad electrical ____ ____ blame ____ the ____ outages?
 ____ is ____ that ____ ____ reason for recurring electricity failures.
 ____ it ____ causes frequent and unexpected ____ shutdowns?
 ____ it ____ installation is the ____ of ____ electricity failures?
 ____ connections are ____ blackouts?
 Is ____ that ____ in ____ cause ____ failures?
 Could malfunctioning ____ circuits ____ to blame ____ abrupt ____?
 Is electrical malfunctioning ____ ____ problems?
 ____ wiring cut my ____?
 ____ wiring ____ abrupt electricity loss.
 ____ situations cause ____ failures?
 ____ it ____ that ____ connections causes more ____?
 ____ possible that ____ cause frequent ____ failures?
 ____ possible that faulty ____ will ____ power interruptions?
 Bad ____ could be ____ for ____.
 ____ ____ lead ____ power problems?
 Is ____ any ____ between incorrect ____ and electric ____?
 Does ____ can cause ____ electricity.
 ____ frequent electric ____ disruptions ____ to incorrect ____?
 When I ____ my ____ are ____ wire ____ behind ____ repetitive occurrences?
 Is ____ electrical ____ interrupted ____ wiring?
 ____ it possible ____ be to ____ for repetitive disruptions?
 faulty connections can ____.
 Is ____ wiring ____ causing ____?
 ____ electricity ____ down to the ____?
 Is it a problem ____ keeps experiencing ____ cuts?
 ____ if ____ are ____ by unreliable ____.
 Bad wiring ____ blamed for ____.
 ____ ____ that ____ wiring ____ cause sudden electrical problems.
 Electric ____ interruptions ____ incorrect wiring.

 ____ possible ____ faulty wire ____ behind the ____ occurrences ____ suddenly ____ all energy supply?
 Is ____ of ____ service interrupted ____ to ____ wiring?
 ____ chance that ____ wiring could cause ____ failures.
 Is ____ stuff to ____ electric ____?
 ____ electric cuts ____ fault-prone circuitry?

Is there a correlation between _____ wiring _____ ?

_____ it _____ that electrical wiring could _____ of _____ outages?

_____ electrical wiring could _____ blame for a lot _____ black _____.

_____ faulty wiring contribute _____ failures?

_____ can _____ constant _____ failures.

Is _____ the _____ recurring _____ emergencies?

_____ wiring _____ to blame for unexpected _____.

Is _____ problem with _____ frequents _____ due to _____?

_____ possible _____ wiring could _____ to sudden _____.

Bad wiring _____ be _____ power failures.

Can bad _____ cause _____ ?

_____ it possible _____ shutdowns _____ be _____ by _____ wiring?

Will _____ wires _____ to _____ off?

_____ there a _____ between _____ wiring _____ repeated episodes _____ sudden _____?

Random _____ be caused _____ wiring.

_____ a _____ factor in _____ power disruptions?

Bad wiring can _____.

Is it true _____ faulty _____ to _____ interruptions?

_____ that electricity disruptions _____ to faulty connections?

_____ it _____ that _____ wiring _____ to sudden _____ outs?

_____ the _____ with _____ frequents black outs _____ to _____?

_____ likely that faulty _____ are _____ for power _____?

Couldn't _____ up _____ constant _____ cut-offs?

_____ it possible _____ faulty _____ to _____ outages?

_____ that bad _____ can cause me _____ lose _____?

_____ it _____ substandard _____ to cause electrical _____.

Is _____ sudden _____ due to _____?

Bad _____ may _____ the cause _____ losses.

Is _____ fault _____ that cause _____?

Is _____ possible for faulty _____ to _____?

_____ faulty wiring be _____ for _____?

Bad wiring _____ blame _____ constant _____ failures.

_____ occurrence of service _____ related _____ wiring?

There _____ chance the bad wiring could _____.

_____ junky wires be _____ cause _____ sudden _____ outs _____ house?

Is _____ faulty connections _____ electricity disruptions?

Is there _____ correlation _____ electrical _____ and recurring _____ sudden black _____?

_____ losses can _____ by unreliable _____.

_____ bad wiring _____ frequent _____?

_____ flawed wiring _____ sudden _____?

Can there _____ of _____ losses because of _____?

The _____ power _____ be caused _____ wires.

Can _____ junky wires _____ to blame for _____ sudden _____ my _____?

Is _____ with electric service interruption _____ incorrect _____?

_____ if busted lines _____ lots _____ outages.

Random _____ be _____ by _____ wiring.

Are _____ power _____ to _____ wiring?

_____ possible that messed up _____ keep flipping _____ lights _____?

Is _____ for electrical shutdowns to _____ wiring?

Is it true _____ busted _____ to _____ lot _____ outages?

Is _____ a faulty _____ in _____ power interruption?
 _____ it possible that _____ could lead _____ frequent _____ power _____?
 _____ it faulty _____ electric _____?
 Is it possible that faulty _____ power _____?
 Bad _____ can _____ unexpected power failures.
 Can _____ bad wiring _____ to _____?
 Do electrical _____ of faulty _____?
 _____ possible _____ sudden electricity cuts _____ caused _____ bad _____.
 Is it possible _____ cuts _____ prone circuitry?
 Can bad _____ me to _____?
 _____ faulty wiring causes repetitive power _____.
 _____ a _____ circuit _____ abrupt _____ disruptions?
 Is _____ any chance _____ faulty _____ can _____ losses?
 _____ correlation between faulty _____ and regular _____ sudden _____ out?
 Bad wiring _____ to _____ power failures.
 Is _____ there are _____ sudden _____ outs due _____ faulty electrical connections?
 _____ electrical troubles linked _____?
 _____ correlation between flawed _____ and _____ sudden power failures?
 Is it possible _____ repetitive occurrences when _____ lose _____ energy _____?
 _____ it _____ that _____ connections are _____ blame _____ power failures?
 _____ faulty _____ the cause _____ electrical _____?
 There could _____ link between _____ and repeated _____ failures.
 _____ outages caused by faulty _____?
 _____ wiring cause _____ of _____?
 Does _____ cause my _____ out?
 Is _____ possible _____ are _____ for power outages?

 _____ be faulted _____ behind _____ disruptions.
 Is flawed _____ responsible _____ episodes _____ sudden power _____?
 _____ wiring _____ cause the _____.
 Is _____ possible that faulty _____ could cause _____?
 _____ it _____ faulty wiring _____ repeated power failures?
 _____ a _____ electrical malfunctioning and _____ blackouts?
 _____ be caused _____ faulty installation.

Is it possible _____ outages because of busted _____?

Can _____ cause _____ problems?

_____ non _____ wiring _____ my _____ experience _____ power cuts?

_____ it _____ to cause more electrical outages?

Is _____ electrical outages?

Can _____ sudden electrical _____?

_____ be to _____ sudden power loss.

_____ a _____ with _____ causes sudden electricity shutdowns?

_____ substandard wiring _____ unexpected electrical shutdowns?

_____ wiring _____ the power interruptions?

Is _____ possible that lousy _____ installation _____ to _____ for repeated _____?

Is the _____ being disrupted _____ wiring?

Is _____ electrical _____ can lead _____ sudden outages?

_____ wiring _____ sudden _____ failure.

Is it _____ connections cause the _____?

Can a _____ wiring _____ the lights to _____?

Are _____ recurring instances _____ sudden _____ to faulty electrical _____?

Is _____ possible that lousy _____ result _____ repeated power _____?

Is _____ cause _____ recurring black-outs?

Is it _____ that there are frequent _____ sudden _____ of faulty _____?

_____ frequent power losses.

Was faulty _____ failures?

_____ logical that _____ cause power _____?

_____ power _____ caused _____ jacked-up wiring?

_____ unreliable _____ cause _____ power loss?

_____ cause power cuts.

Is _____ cause of frequent _____?

_____ frequent _____ interruptions related _____ incorrect wiring?

_____ wiring cause _____ outs?

The _____ might _____ from _____ circuitry.

_____ behind the _____ failures?

_____ faulty connections _____ to blame for _____ outages.

_____ link _____ flawed wiring and sudden _____?

_____ possible _____ electricity loss is due to _____?

Is _____ likely that _____ power failures?

Is _____ possible _____ are frequent instances of _____ outs _____ faulty electrical _____?

_____ wiring _____ may cause _____.

_____ it _____ that _____ wires _____ messed up and cause _____ to _____?

Is _____ substandard wiring to _____ unexpected electrical _____?

It is possible that bad _____ be _____ repeated _____ failures.

_____ is _____ chance _____ connections result _____ power interruptions.

Is _____ going _____ be _____ crappy wiring?

_____ interruption _____ to wrong wiring?

Is _____ faulty _____ power breaks?
